Management report

Volkswagen International Finance N.V. ('VIF' or 'the company') is one of the funding vehicles of Volkswagen AG, Wolfsburg (VWAG) and its subsidiaries. VIF raises funds from the capital markets by issuing notes and lends the proceeds on to group and joint venture companies. Basis for the issuing activities are the EUR 30 billion Debt Issuance Programme (DIP) that adheres to the European Prospective Directive Standards and a EUR 10 billion Multi-Currency Commercial Paper Programme (CP Programme). All issues are guaranteed by VWAG. According to Moody's, VWAG's rating is set to P-1 (short-term) and A2 (long-term) with a stable outlook. Standard & Poor's assessed VWAG's creditworthiness as A-1 (short-term) and A (long-term) with a stable outlook.

Within the first six months of 2015 under the DIP, VIF placed a total equivalent of EUR 3 billion consisting of one triple tranche issue. In March 2015 VIF issued undated subordinated notes in two tranches of EUR 1,1 billion and EUR 1,4 billion.

The proceeds of all issues mentioned above were granted to Volkswagen group companies.

In the same period VIF redeemed multiple bonds with an equivalent of EUR 4,67 billion.

The main business risks of VIF are interest rate risk, currency risk, liquidity risk and credit risk. The financing activities are carried out in different currencies and interest terms. To avoid currency and interest rate risks, the company concludes interest rate and currency swaps. The Supervisory Board has set limits to restrict those risks. VIF uses adequate tools to assess and to monitor them.

European Union regulations transformed into Dutch Law require the presentation of half year balance sheet figures in comparison to year-end figures of the previous year. Income statement figures compare the half year result with the corresponding half year result of the previous year.

Within the first half year 2015 VIF realized earnings of EUR 20,2 million after taxes against EUR 398,2 million in the first half of 2014. The company generates income mainly from the group financing business and dividends. The interest income from group financing activities amounts to EUR 15,7 million (2014: EUR 13,5 million). Income from participations adds up to EUR 9,7 million compared to EUR 389,9 million in 2014.

For the second half of the 2015 we expect business volume and interest result to be on a similar level as in the first half.

VWAG has restructured its holding activities in the first half of 2014 by transferring its shareholding in VIF to Volkswagen Finance Luxembourg S.A. (VFL), a 100% subsidiary of VWAG. VIF has transferred the majority of its shareholdings in various subsidiaries also to VFL and will concentrate on capital market issuances and the financing of Group companies.

The Management Board declares that to the best of their knowledge:

1. the financial statements for the first half year of 2015 give a true and fair view of the assets, the liabilities, the financial position and the results of the company; and
2. the management report gives a true and fair view of the company's situation as at the balance sheet date, the events that occurred during the first half year and the risks to which the company is exposed.
