### **Independent Auditors' Report to the Shareholder**

We have audited the accompanying financial statements of Edam Funding One Limited (the "Company"), which comprise the balance sheets as at December 31, 2008 and 2007, and the income statements, statements of changes in shareholder's equity and cash flows for the years then ended, and a summary of significant accounting policies and other explanatory notes.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with International Standards on Auditing. Those standards require that we comply with relevant ethical requirements and plan and perform the audits to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

(continued)

**Independent Auditors' Report to the Shareholder (continued)**

*Opinion*

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2008 and 2007, and its financial performance and its cash flows for the years then ended in accordance with International Financial Reporting Standards.

*Emphasis of Matter*

Without qualifying our opinion, we draw attention to Notes 4(d) and Note 5 to the financial statements. The financial statements include limited recourse notes valued at €117,006,835 (2007: €301,644,864) and derivative financial instruments valued at €155,501,755 net liability (2007: €5,373,327 net asset) whose values are estimated using the valuation method discussed in Notes 2(d)(iv) and Note 11 in the absence of readily ascertainable market values. However, because of the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for these financial instruments existed or another valuation method been adopted, and the differences could be material.

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements

December 31, 2008 and 2007  
(stated in Euro)

---

#### 1. Incorporation and background information

Edam Funding One Limited ("the Company") was incorporated on April 30, 1999 as an exempted company with limited liability under the laws of the Cayman Islands. The Ordinary Shares were issued to Maples Finance Limited under the terms of a Declaration of Trust on June 3, 1999.

The objectives for which the Company has been established are unlimited as set out in its Memorandum of Association. At December 31, 2008 and 2007 the principal activity of the Company is limited to the issuance of limited recourse instruments and the investment of the proceeds thereof as described below.

The Company issues various types of limited recourse notes (the "Notes") in accordance with the terms of a US\$10,000,000,000 Limited Recourse Secured Note Programme (the "Programme"). The Programme involves substantial risks and is suitable only for sophisticated investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Notes. The Programme permits the Company and any other company which accedes to the Programme as an "Additional Issuer" to issue Notes denominated in any currency subject to a maximum aggregate principal amount of all Notes outstanding to the value of US\$10,000,000,000 (or its equivalent in other currencies at the time of agreement to issue).

Whilst the Programme is not rated, the Notes may or may not be rated, with respect to principal and coupon by rating agencies such as Standard & Poors Rating Services ("S&P").

The performance of each series of Notes outstanding at December 31, 2008 and 2007 is linked to a reference portfolio by way of the Company entering into credit derivative transactions (usually credit default swaps). The reference portfolio usually comprises a basket of reference corporate names, asset backed securities or collateralised debt obligations, synthetically created collateralised debt obligations or a combination of such instruments.

The amount of principal and coupon that holders of any Notes outstanding at December 31, 2008 and 2007 shall receive on the maturity date (through out the term of the Note) depends in part on whether credit events occur in relation to a reference portfolio. The Notes are not principal protected. Noteholders may lose, in part or in whole, amounts invested in the Notes as the result of a credit event occurring with respect to one or more reference entities/obligations within the reference portfolio.

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

#### 1. Incorporation and background information (continued)

The proceeds from the Note issues outstanding at December 31, 2008 and 2007 are placed into a deposit pursuant to the terms of a Guaranteed Investment Contract ("the GIC") for Series 04-01, 04-02 and 04-03 Notes, Credit-Linked Deposit (the "CLD") for Series 05-03, 06-01, 06-02, 06-03 and 07-01 Notes or equivalent instruments, entered into between the Company and Cooperatieve Centrale Raiffeisen-Boerenleenbank B.A. (the "GIC Counterparty", the "Deposit Bank", the "Bank").

The GIC Counterparty pays the Company interest calculated at a predetermined rate of interest on the notional amount of funds standing to the credit of the GIC Account or an equivalent instrument. The amounts deposited pursuant to the GIC or equivalent instrument may be depleted by amounts withdrawn to meet Cash Settlements Amounts determined in accordance with the terms of the credit derivative transactions.

The proceeds from the issuance of Series 05-01 and 05-02 Notes were utilised by the Company to acquire Subordinated Notes of Prospero CLO I B.V. as a charged asset.

The proceeds from the issuance of Series 06-04, 06-05, 06-06, 06-07, 06-08 and 06-09 Notes were utilised by the Company to acquire Subordinated Notes of Prospero CLO II B.V. as a charged asset.

The Company has the capacity to issue new series of Notes for which the Charged Asset may be a financial instrument other than a GIC or a CLD and the Charged Agreements may be agreements other than Credit Default Swaps. As referred to above, in order to gain exposure to a reference portfolio, the Company enters into portfolio credit default swaps (the "CDSs") with Cooperatieve Centrale Raiffeisen-Boerenleenbank B.A. (the "Swap Counterparty") in an amount equal to the notional amount of the Notes for Series 04-01, 04-02, 04-03 Notes. Pursuant to the CDSs, the Company effectively sells to the Swap Counterparty protection on a reference portfolio. The ultimate repayment of principal of the Notes and returns on investment in the form of interest payments to the Noteholders are linked to the credit worthiness of the reference entities/obligations within the reference portfolio specified in the Swap Agreements. The occurrence of credit events in the reference portfolio may ultimately lead to a reduction in both the principal amount of the Notes and scheduled interest payments on the Notes. See note 4(a) for additional information regarding credit risk.

Although the secured creditors of each series of Notes are in general secured pursuant to a Supplemental Trust Deed to certain assets and rights of the Company including Charged Assets and Swap Agreements, the secured creditors of all series of Notes issued by the Company are also secured pursuant to the Master Trust Deed by a floating charge over the assets of the Company not otherwise charged by any other Charging Document.

---

## **EDAM FUNDING ONE LIMITED**

### **Notes to Financial Statements (continued)**

December 31, 2008 and 2007

*(stated in Euro)*

---

#### **1. Incorporation and background information (continued)**

As at December 31, 2008 and 2007, the Company has no employees. The administration of the Company is delegated to Maples Finance Limited. The Company's registered office is located at Queensgate House, P.O. Box 1093, South Church Street, Grand Cayman KY1-1102, Cayman Islands. The operations of the Company are conducted primarily in Euro. Consequently the functional and presentation currency of the financial statements is Euro and not the local currency of the Cayman Islands.

The financial statements are presented in Euro.

Please refer to Note 14 for considerations related to current market conditions. Note holders and other stakeholders should be aware that reduced liquidity and increased volatility have continued to be features of the market since the year end and show no imminent signs of easing.

In preparing the debt instruments fair value estimates the Company has taken account of recent events in financial markets. Current market conditions in the debt security market include restricted trading and greater price volatility, which have given rise to difficulties in pricing the portfolio of such instruments.

#### **2. Significant accounting policies**

These financial statements are prepared in accordance with International Financial Reporting Standards ("IFRS"). The accounting policies have been consistently applied by the Company. The significant accounting policies adopted by the Company and their effect on the financial statements are as follows:

##### *(a) Use of estimates*

The preparation of financial statements in accordance with IFRS requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of income and expenses during the years. Actual results could differ from those estimates. Judgements made by management in the application of IFRS that have a significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 11.

##### *(b) Basis of preparation*

These financial statements are prepared on a fair value basis for financial assets and financial liabilities at fair value through profit and loss. Other financial assets and liabilities and non-financial assets are stated at amortized cost.

---

## EDAM FUNDING ONE LIMITED

Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

### 2. Significant accounting policies (continued)

#### (c) Foreign exchange

Assets and liabilities denominated in foreign currencies are translated to Euro at rates of exchange prevailing at the balance sheet dates. Issued share capital is translated to Euro using historical exchange rates. Income and expense items are translated at exchange rates prevailing on the transaction date. Exchange differences arising from such transactions are included in the income statements.

#### (d) Financial instruments

##### (i) Classification

A financial asset is any asset that is cash, a contractual right to receive cash or another financial asset, or to exchange financial instruments with another enterprise under conditions that are potentially favourable or an equity instrument of another enterprise. Financial assets comprise cash and cash equivalents, investments, derivative financial instruments and interest receivable.

A financial liability is any liability that is a contractual obligation to deliver cash or another financial asset or to exchange financial instruments with another enterprise under conditions that are potentially unfavourable. Financial liabilities comprise limited recourse notes, derivative financial instruments and interest payable.

The Company classifies all derivative financial instruments, investments in the Subordinated Notes of Prospero CLO I B.V. and Prospero CLO II B.V., ("Prospero Notes") and limited recourse notes as financial assets and financial liabilities at fair value through profit or loss.

The Company classifies its investments in GICs, the host component of the CLDs, cash and cash equivalents and interest receivable (see below) as loans and receivables.

The Company's investments include a deposit of proceeds from the issuance of the Series 05-03, 06-01, 06-02, 06-03 and 07-01 Notes into a credit-linked deposit (the "CLD"). The CLD comprises a host contract financial instrument and an embedded credit derivative. In accordance with relevant accounting standards the host financial instrument and embedded derivative component of the CLD are separated and valued independently. The host instrument being the deposit ("investment") is classified as loans and receivables and the embedded credit derivative in the form of a CDS is classified as a derivative financial instrument ("CDS") at fair value through profit or loss.

---

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

## 2. Significant accounting policies (continued)

### (d) Financial instruments (continued)

#### (i) Classification (continued)

Investments for Series 05-01, 05-02, 06-04, 06-05, 06-06, 06-07, 06-08 and 06-09 include investments in Prospero Notes (note 4(d)(iii)). Prospero Notes comprise a host debt instrument and an embedded credit derivative in the form of a CDS. The combined instrument is valued at fair value through profit or loss.

#### (ii) Recognition

The Company recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument.

#### (iii) Measurement

Financial instruments are measured initially at cost, being the fair value of the consideration given for assets and consideration received for liabilities.

Subsequent to initial recognition all financial assets classified as loans and receivables are measured at their amortised cost less impairment losses, if any.

Subsequent to initial recognition, all financial instruments at fair value through profit and loss are measured at fair value. Realised and unrealised gains and losses arising from a change in the fair value of the financial instruments at fair value through profit or loss are recognised in the income statements.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost.

#### (iv) Fair value measurement principles

The fair value of the Prospero Notes is estimated using the present value of realised subsequent cash flows from distributions.

The fair value of derivatives that are not traded on an exchange are available from the Swap Counterparty and are estimated as the amount that the Company would have to receive or pay to terminate the contract at the balance sheet dates taking into account current market conditions and the current credit worthiness of the counterparties.

The fair value of stand-alone CDSs is estimated as a value implied from the fair value of the Notes. The Notes are limited recourse hybrid instruments comprising a host debt instrument and embedded derivatives, whereby the cash flows on the Notes are replicated by the cash flows on the stand-alone CDSs and the investments.

Standard pricing models are not available for such CDSs, a component of the CDO squared market; in addition an active secondary market does not exist for these CDSs. As such, the fair value of the stand-alone CDSs was estimated as the difference between the fair values of the Notes and the investments.

---

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

#### 2. Significant accounting policies (continued)

##### (d) Financial instruments (continued)

###### (iv) Fair value measurement principles (continued)

The fair value of the Notes is estimated using quotes obtained from the Swap Counterparty. The quotes are based on reference to over-the-counter transaction prices, market credit and revaluation spreads, a review of instruments with similar characteristics and a review and consideration of the credit quality of the relevant reference portfolios.

###### (v) Specific instruments

###### *Cash and cash equivalents*

Cash and cash equivalents include balances held on a current account which is considered to be highly liquid with maturities of three months or less.

###### *Investments*

Investments comprise deposits in the form of GICs and other deposits, the host contracts of CLDs and investments in Prospero Notes.

The GICs are subsequently recognised and measured at amortized cost, being the value at initial measurement of the contract less any principal repayments less any write-downs for impairment, being the Cash Settlement Amounts on the CDSs (see note 4).

Investments in CLDs are required to be separated into two components:

- A host contract; and
- An embedded CDS that affects the cash flows from the CLDs, as a result of credit events in the underlying reference portfolio.

The host contract is classified as loans and receivables and is measured at amortised cost being the value at initial measurement of the contract less any principal repayments less any write-downs for impairment, if any.

The embedded CDSs are separated and accounted for as derivative financial instruments measured at fair value through profit or loss.

Prospero Notes comprise a host debt instrument and an embedded credit derivative in the form of a CDS. The combined instrument is valued at fair value through profit or loss.

---

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

## 2. Significant accounting policies (continued)

### (d) Financial instruments (continued)

#### (v) Specific instruments (continued)

##### *Derivative financial instruments*

As part of the Company's investment objective which includes gaining an exposure to credit risks on reference portfolios (see note 4), the Company enters into CDSs, which are recognised on the balance sheets at fair value. At December 31, 2008 and 2007, there were no derivatives that qualified for hedge accounting.

For each of the Series 05-01, 05-02, 06-04, 06-05, 06-06, 06-07, 06-08 and 06-09 Notes, the Company entered into a Swap agreement with the Swap Counterparty.

The Swap Agreements comprise of two components:

- (1) Swap of initial exchange amount provided by the Company on the effective date for a final exchange amount provided by the Swap Counterparty on the maturity/termination date;
- (2) If applicable, the swap of distributions received from the Prospero Notes and installment amounts calculated in the currency of the investment into the Prospero Notes for the equivalent amounts in the currency denomination of the relevant Notes issued by the Company.

The first component of the Swap Agreements relating to exchange amounts is designed to provide an element of principal protection to the Company's Noteholders on the basis that the Notes and Prospero Notes are held to maturity.

The Swap Agreements are recorded at fair value through profit or loss.

##### *Limited recourse notes*

The Notes are recorded at fair value through profit or loss in the balance sheets. Interest on the Notes is recognised as interest expense in the income statements.

### (e) Derecognition

A financial asset is derecognised when the contractual rights to the cash flows from the financial asset expire, are transferred or are surrendered.

A financial liability, including derivatives, is derecognised when the obligation specified in the contract is discharged, cancelled or expired.

### (f) Offsetting

Financial assets and liabilities are offset and the net amount is reported in the balance sheets when the Company has a legally enforceable right to set off the recognised amounts and the transactions are intended to be settled on a net basis.

Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

### **2. Significant accounting policies (continued)**

#### *(g) Impairment*

Financial assets are reviewed at each balance sheet date to determine whether there is objective evidence of impairment. Given the specific nature of the Company's principal activities, objective evidence of impairment would typically comprise the occurrence of one or more credit events which would lead to a reduction in the carrying value of the investment. Such credit events are recognised in the financial statements as the Cash Settlement Amounts or the Deposit Amount Reductions if (i) a credit event notice is delivered to the Company by the Determination Agent, and (ii) an estimated loss arising from a credit event is higher than various threshold amounts.

#### *(h) Interest income and expense*

Interest income and expense is recognised in the income statements as it accrues.

### **3. Cash and cash equivalents**

Current account balances amounting to €15,424 (2007: €14,717) are held at Queensgate Bank & Trust Co Ltd. (Cayman Islands).

### **4. Financial instruments and associated risks**

The Company's investment activities expose the Noteholders to various types of risk that are associated with the financial instruments and markets in which it invests. The most significant types of financial risk to which the Company is typically exposed include credit risk, liquidity risk and market risk. Market risk includes interest rate risk and foreign exchange risk. The nature and extent of the financial instruments outstanding at the balance sheet dates and the risk management policies employed by the Company are discussed below:

#### *(a) Credit risk*

The most significant risk to the Company and Noteholders is credit risk. The Noteholders are exposed to the credit risk of the reference portfolios specified in each stand-alone or embedded CDS.

As at December 31, 2008 and 2007, the principal amounts outstanding and scheduled interest payments for the Company's Notes are exposed to the credit risk associated with the asset classes within the reference portfolios referenced to in the underlying CDS contracts.

To appreciate the level of credit risk associated with the relevant CDS contracts, it is necessary to consider various factors including the notional amounts, reference portfolio sizes, potential for correlated credit events within reference portfolios, actual degrees of overlap and threshold amounts (subordination) of the synthetic CDOs, one of the protection asset classes within the CDSs, as well as the notional amount reference portfolio size and threshold amount of the CDS contract as a whole entered into between the Company and the Swap Counterparty.

---

## Notes to Financial Statements (continued)

#### 4. Financial instruments and associated risks (continued)

The CDSs entered into between the Company and the Swap Counterparty and that remain in effect as at December 31, 2008 and 2007, expose the principal repayment on the Company's Notes to the following credit risk limits:

[illegible]

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007

(stated in Euro)

#### 4. Financial instruments and associated risks (continued)

##### (a) Credit risk (continued)

<sup>1)</sup>  $(1 - \text{Actual Recovery Rate}) * \text{"Reference Obligation Notional Amount"}$

<sup>2)</sup>  $(1 - \text{Actual Recovery Rate}) * \text{"Reference Entity Notional Amount"} * \text{"Actual Degree of Overlap"}$

Note: "Reference Obligation Notional Amount" refers to the notional amount of the relevant reference obligation subject to a credit event.

Note: "Reference Entity Notional Amount" refers to the notional amount of the reference entity in the synthetic CDO subject to a credit event.

Note: "Actual Degree of Overlap" refers to, on average the amount of times a reference entity may appear within each of the synthetic CDOs within the reference portfolio.

Note: "Rating of Asset Class" applies to investment grade of securities within the reference portfolios at the purchase date of the CDS which coincides with the issue date of the relevant Notes. This investment grade may not be retained for the duration of the CDS contract.

During the year ended December 31, 2008 Series 03-01 Limited Recourse Note matured and therefore the corresponding CDS expired and settled.

The synthetic CDOs contained within each of the reference portfolios referred to above present the following credit risk limits which impact upon the principal repayment of the Company's Notes at December 31, 2008 and 2007:

Notes	Protection Asset Class	EUR Initial Tranche Notional Amount*	EUR Reference Portfolio Size*	EUR Notional Amount of each Reference Entity in each Synthetic CDO	EUR Threshold Amount*
Series 04-02	6 Synthetic CDOs	116,550,000	11,655,000,000	145,687,500	Various
Series 04-03	10 Synthetic CDOs	33,750,000	1,687,500,000	21,093,750	84,375,000

\* Amount per synthetic CDO

Note: The loss amount per reference entity is determined by applying the following formula:  $(1 - \text{Actual Recovery Rate}) * \text{"Reference Entity Notional Amount"} * \text{"Actual Degree of Overlap"}$ .

The principal will be repaid in full as long as the aggregate losses as a result of credit events in the reference portfolio remain below the pre-determined threshold limits. Unlike other reference obligations/protection asset classes, losses arising as a result of credit events impacting reference entities within the synthetic CDOs, will not impact upon the threshold capacity of the CDS as a whole unless such losses breach the threshold limits specific to the relevant CDOs.

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

#### 4. Financial instruments and associated risks (continued)

##### (a) Credit risk (continued)

Taking into account historical data, average recovery rates, threshold limits set and an estimated degree of overlap (number of times on average a reference entity is included in more than one synthetic CDO), at the time of issue, S&P provide a rating for the Notes. The rating is based ultimately on the estimated number of credit events that the reference portfolio can absorb prior to a principal reduction for the Notes, a measure of credit risk associated with each series of Notes.

##### *Credit Events and Concentration risk*

The Noteholders are at risk that payments on the Notes could be adversely affected by credit events in the reference portfolios. This probability is likely to be increased to the extent that the reference entities are concentrated in any one industry, region or country which provides an increased potential for correlated credit events in respect of a single entity, industry, region or country as a result of an economic downturn.

As referred to in detail in the respective Information Memorandums, a credit event applicable to one reference entity may impact more than one synthetic CDO given a degree of overlap i.e reference entities may be included in more than one of the synthetic CDO portfolios. The Information Memorandums for each Note series contain estimates of the number of credit events the synthetic CDO portfolio could withstand and the reference portfolios in their entirety before principal repayments are reduced to zero. Such estimates are based on the "Actual Degree of Overlap", investment grade of reference entities at the date of Note issuance, average recovery rates and historical data all of which are referred to in additional detail in the Information Memorandums.

The Company is required, subject to a specific threshold amount specified in the CDS contracts to compensate the Swap Counterparty for certain credit events occurring in the reference portfolios. These events usually include a failure to pay principal, a failure to pay interest, restructuring of the reference obligation issuer, bankruptcy of the reference obligation issuer, principal write down and in the case of reference obligations comprising CDSs, a notional write down. Credit events will create a loss that will be determined in each case by the Determination Agent (also the Swap Counterparty). The loss will be the difference by which the par value of the reference entity or obligation exceeds its recoverable value or a contractually agreed loss amount.

During the year ending December 31, 2008 and 2007, no credit events impacting principal of the Notes occurred in the reference portfolios. As a result, 100% of the principal value of the Notes and investments remained outstanding at December 31, 2008 and 2007 (see note 5).

---

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

#### 4. Financial instruments and associated risks (continued)

##### (a) Credit risk (continued)

###### *Counterparty risk*

The Company enters into substantially all of its GIC, CLD and CDS contracts with the Bank, the primary counterparty to the Company's transactions. The Company is subject to counterparty credit risk to the extent that this institution may be unable to fulfil its obligations either to return the Company's securities or repay amounts owed. The Company does not anticipate any material losses as a result of this concentration. CDS, GIC and CLD contracts contain provisions providing for, amongst other remedies, the replacement of the Bank as the Swap Counterparty if, its short-term issuer credit rating by S&P falls below A-1+.

##### (b) Market risk

Market risk is the risk that changes in interest rates, foreign exchange rates or commodity prices will make an instrument less valuable or more onerous.

Although the majority of the Company's financial assets and liabilities are interest bearing, this risk is minimised by the nearly perfect match (in terms of nominal/notional value, interest amounts and maturity) between the interest bearing assets and liabilities.

At December 31, 2008 and 2007, the Company is not exposed to any significant interest rate risk arising from an exposure to an open interest rate gap position and mismatch of fixed and floating interest rate bearing assets and liabilities.

At December 31, 2008 and 2007, the Company is not exposed to any significant foreign currency risk arising from exposure to fluctuations in foreign exchange rates. As at December 31, 2005 the Company has issued Notes outstanding denominated in EUR, USD, GBP and invested the proceeds in EUR and USD denominated financial instruments. Realised and unrealised foreign currency gains and losses arise on translation of associated transactions to the reporting currency and are recorded in the income statements.

##### (c) Liquidity risk

There is not at present an active and liquid secondary market for the Notes. There can be no assurance that a secondary market for any of the Notes will develop, or, if a secondary market does develop, that it will provide the holders of the Notes with liquidity or that it will continue for the entire life of the Notes. This may leave Noteholders with an illiquid investment. The Noteholder may not be able to realise its anticipated yield. Illiquidity can have an adverse effect on the market value of the Notes. Consequently, any purchaser of Notes must be prepared to hold such Notes until final redemption or maturity of the Notes.

#### (i) Guaranteed investment contracts

Pursuant to the terms of the GICs between the Company and the GIC Counterparty, the Company deposits the proceeds received from the issue of the Notes with the GIC Counterparty. The amount deposited is held in a segregated account ("the GIC Account") with the GIC Counterparty.

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

#### 4. Financial instruments and associated risks (continued)

##### (d) Specific instruments (continued)

##### (i) Guaranteed investment contracts (continued)

The GIC Counterparty is obliged to pay the Company interest calculated at a predetermined rate of interest on the nominal amount of funds standing to the credit of the GIC Account, such interest to be paid on each interest payment date to and including the scheduled maturity date. If the scheduled maturity date is extended, the interest will be paid in accordance with certain provisions contained in the GIC contract. On the maturity date, the GIC Counterparty is obliged to repay any deposited funds standing to the credit of the GIC Account back to the Company.

During the year ended December 31, 2008, the Company recorded interest income on GIC contracts of €6,764,271 (2007: €5,989,686), of which €164,729 (2007: €287,333) is accrued at year end.

The GICs contain provisions whereby, in the event that there is a credit event under the CDSs, amounts standing to the credit of the GIC Account may be withdrawn to pay any Cash Settlement Amounts payable to the Swap Counterparty in accordance with the terms of the CDSs. The principal amount repaid at maturity of the GICs depends on the extent the GIC Account may have been depleted by the value of Cash Settlement Amounts due on the CDSs.

The following is a summary of the GIC investments at December 31, 2008 and 2007:

Associated Note Series	Maturity	Interest Rate	Principal Value at Inception	Cash Settlement Amounts	Principal Value at Dec 31, 2008	Principal Value at Dec 31, 2007
03-01	26/11/2008	3.5%	20,000,000	(0)	0	20,000,000
04-01	21/09/2009	3M Euribor-5bsp	33,000,000	(0)	30,000,000	30,000,000
04-02	16/09/2011	3M Euribor-7bsp	70,000,000	(0)	70,000,000	70,000,000
04-03	22/12/2009	3M Euribor-7bsp	27,000,000	(0)	27,000,000	27,000,000
€			150,000,000	(0)	127,000,000	147,000,000

Effective June 17, 2005 a resolution was passed to enable the Company to repurchase €3,000,000 of the Series 04-01 Notes subject to a Deed of Release and Partial Repurchase Agreement. The repurchase was funded by a release and delivery of €3,000,000 from the associated GIC investment. The principal value of this GIC has depleted as a result of an associated Note repurchase as opposed to a Cash Settlement Amount due on the relevant CDS.

(stated in Euro)

---

#### 4. Financial instruments and associated risks (continued)

##### (d) Specific instruments (continued)

##### (ii) Credit-linked deposits ("CLDs")

Pursuant to the terms of the CLD for the Series 05-03, 06-01, 06-02, 06-03 and 07-01 Notes made between the Company and the Deposit Bank, (being the same entity as GIC Counterparty) the Company deposited the proceeds received from the issue of the Notes with the Deposit Bank in a segregated account ("the Deposit Account"). The Deposit Bank is obliged to pay the Company interest calculated at a pre-determined rate on the notional amount of funds standing to the credit of the Deposit Account, such interest to be paid on each interest payment date to and including the scheduled maturity date. If the scheduled maturity date is extended, the interest will be paid in accordance with certain provisions contained in the agreement. On the maturity date, the Deposit Bank is obliged to repay any deposited funds standing to the credit of the Deposit Account back to the Company.

During the year ended December 31, 2008, the Company recorded interest income on CLD's of €8,789,603 (2007: €8,057,810), of which €1,867,190 (2007: €1,325,143) is payable at year end.

The CLD agreements contain provisions whereby, in the event that there is a credit event in the specified reference asset, amounts standing to the credit of the Deposit Account will be withdrawn to pay any Deposit Amount Reductions payable to the Deposit Bank under this agreement. As referred to in note 2(d)(v) the CLD contains an embedded credit derivative and the credit risk of the CLD is linked to the credit risk of a reference asset. As such the embedded derivative is separated from its host contract and presented separately on the balance sheets under derivative financial instruments. See note 4(d)(iv) for details pertaining to the embedded credit derivatives.

The following is a summary of the CLD host contract at December 31, 2008:

CLD	Maturity	Rate	Opening Deposit Amount	Deposit Amount Reductions	Deposit Amount at year end
Series 05-03 Notes	27/3/2012	Euribor + 1.4%	30,000,000	(0)	30,000,000

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007

(stated in Euro)

#### 4. Financial instruments and associated risks (continued)

##### (d) Specific instruments (continued)

##### (iv) Derivative financial instruments (continued)

The following is a summary of the embedded credit derivatives separated from the host at December 31, 2008:

CDS	Maturity	Initial CDS Notional	Cash Settlement Amounts	Fair value
05-03 Notes	1 to 5 years – liability	30,000,000	(0)	(24,918,217)
06-01 Notes	1 to 5 years – liability	50,000,000	(0)	(42,445,162)
06-02 Notes	1 to 5 years – liability	25,000,000	(0)	(20,384,627)
06-03 Notes	1 to 5 years – liability	20,000,000	(0)	(16,077,878)
07-01 Notes	1 to 5 years – liability	20,000,000	(0)	(15,555,799)
€		145,000,000	(0)	(119,381,683)

The following is a summary of the embedded credit derivatives separated from the host at December 31, 2007:

CDS	Maturity	Initial CDS Notional	Cash Settlement Amounts	Fair value
05-03 Notes	1 to 5 years – liability	30,000,000	(0)	(4,377,199)
06-01 Notes	1 to 5 years – liability	50,000,000	(0)	(5,607,194)
06-02 Notes	1 to 5 years – liability	25,000,000	(0)	(3,253,582)
06-03 Notes	1 to 5 years – liability	20,000,000	(0)	(2,312,299)
07-01 Notes	1 to 5 years – liability	20,000,000	(0)	(2,075,661)
€		145,000,000	(0)	(17,625,935)

The income streams in the form of interest earned on the CDS premiums received from the Swap Counterparty have been structured in such a way to ensure that such interests cover/compensate for the scheduled interest payments on the Notes and CDS expense payments due to the Swap Counterparty.

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

#### 4. Financial instruments and associated risks (continued)

##### (d) Specific instruments (continued)

##### (iv) Derivative financial instruments (continued)

The following is a summary of the stand-alone CDSs as at December 31, 2008 and 2007 for which the Company acts as a credit protection seller:

Associated Note Series	EUR CDS Initial Payment	EUR CDS Initial Notional	EUR CDS Threshold Amount	EUR Maximum Loss Amount	EUR CDS Reference Portfolio Size	Net CDS Coupon Rate
04-01	0	30,000,000	221,100,000	254,100,000	3,300,000,000	1.25%
04-02	0	70,000,000	210,000,000	280,000,000	3,500,000,000	1)
04-03	135,000	27,000,000	67,500,000	94,500,000	1,350,000,000	2)

1) Net of outflow of 3 months Euribor plus 0.07% p.a. and inflow of 3% p.a. plus an inflation margin based on the performance of the Harmonised Index of Consumer Prices (HICP) excluding Tobacco.

2) Net of outflow of 3 months Euribor plus 0.07% p.a. and inflow of the lesser of (i) 6.3%; and (ii) 3.6% + Max {A-B,0}. "A" means the 10-year Swap rate on the relevant Coupon Fixing Date and "B" means the 10-year Swap rate two Business Days prior to the Effective Date.

A stand-alone CDS associated with Note Series 03-01 expired and settled during the year ended December 31, 2008.

In addition to the scheduled quarterly payments, the Company is obliged to pay the Swap Counterparty, subject to the relevant threshold limits, a Cash Settlement Amount upon the occurrence of a credit event provided that the conditions of settlement have been satisfied under the terms of each respective CDS contract.

As described in note 2(d)(v), Swap agreements related to the Series 05-01, 05-02, 06-04, 06-05, 06-06, 06-07, 06-08 and 06-09 Notes are used to facilitate a principle protection for the respective Series Notes in case Prospero Notes are impaired.

The Company receives distributions and instalments from the Swap counterparty as determined by the Calculation Agent.

Even though Series 05-01, 05-02, 06-04, 06-05, 06-06, 06-07, 06-08 and 06-09 Notes have a principle protection feature in the note structure, the principle protection is not guaranteed to investors under certain scenarios, for example, in case the Notes are redeemed prior to maturity.

## **EDAM FUNDING ONE LIMITED**

### **Notes to Financial Statements (continued)**

December 31, 2008 and 2007  
(stated in Euro)

---

#### **5. Limited recourse notes (continued)**

##### *(a) Principal of the Notes*

The amount of principal that Noteholders shall receive on the maturity date depends in part on whether credit events have occurred in relation to the reference portfolios (note 4(a)) that the Notes are credit linked to. The Notes are not principal protected and investors in the Notes may lose, in part or in whole, amounts invested in the Notes as the result of a credit event occurring with respect to one or more reference entities or obligations within a specified reference portfolio. The principal will be repaid in full as long as the aggregate losses as a result of credit events in the reference portfolio remain below the pre-determined threshold. If cumulative losses in the reference portfolio exceed the threshold of the Notes, repayment will be partial or even zero.

See note 4(a) for further detail regarding the credit risk impacting each series of Notes via the relevant CDS contracts.

During the year ended December 31, 2008 and 2007, no credit events occurred in the reference portfolios relevant to the principal CDSs that impacted the notional of the Notes. As a result 100% of the principal value of the Notes remained outstanding at December 31, 2008 and 2007.

The Company invested the principal proceeds from the Notes into the investments as discussed in Note 2(d)(v). Any premium over par received on the issue of specific Note series was paid to the Swap Counterparty as premium for entrance into specific CDSs.

The net gain on revaluation of the Notes of €153,298,665 (2007: €20,522,016) and the fair value of the Notes of €117,006,835 (2007: €301,644,864) were estimated using the valuation technique discussed in note 11.

Unless previously redeemed or purchased and cancelled earlier, the Company is obliged to redeem the Notes on the scheduled maturity date.

##### *(b) Limited recourse*

All payments to be made by the Company in respect of the Notes and the Swap Agreement will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Company in respect of the Charged Assets.

To the extent that such sums are less than the amount which the holders of the Notes and the Swap Counterparty may have expected to receive if paragraph (a) above did not apply (the difference being referred to as a shortfall), such shortfall will be borne by the Note holders and by the Swap Counterparty in accordance with the conditions of the Notes.

Each holder of the Notes, by subscribing for or purchasing such Notes, is deemed to accept and acknowledge that it is fully aware that:

---

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

#### 5. Limited recourse notes (continued)

##### (b) Limited recourse (continued)

- (i) the holders of the Notes can look solely to the sums referred to in paragraph (a), as applied in accordance with paragraph (b) above, (the “relevant sums”) for payments to be made by the Company in respect of the Notes and the other assets (if any) of the Company will not be available after payments of the relevant sums;
- (ii) the obligations of the Company to make payments in respect of the Notes will be limited to the relevant sums and the holders of the Notes and coupons and the Swap Counterparty shall have no further recourse to the Company in respect of the Notes;
- (iii) any right of the holders of the Notes to claim payment of any amount exceeding the relevant sums shall be automatically extinguished; and
- (iv) the holders of the Notes shall not be able to petition for the winding up of the Company as a consequence of any such shortfall.

##### (c) Interest on the Notes

The interest terms for the Notes comprise:

Notes	Fixed Interest or Margin rate	Frequency of Interest Payments	Base Rate	Inflation Rate
Series 04-01	1.5%	Quarterly	3M Euribor	n/a
Series 04-02 <sup>(1)</sup>	3%	Quarterly	n/a	HICP ex Tobacco
Series 04-03 <sup>(2)</sup>	Variable	Quarterly	n/a	n/a
Series 05-01	n/a	Instalments <sup>(3)</sup>	n/a	n/a
Series 05-02	n/a	Instalments <sup>(3)</sup>	n/a	n/a
Series 05-03	1.4%	Quarterly	3M Euribor	n/a
Series 06-01	1.6%	Quarterly	3M Euribor	n/a
Series 06-02	5.3%	Annually	n/a	n/a
Series 06-03	5.7%	Annually	n/a	n/a
Series 06-04	n/a	Instalments <sup>(3)</sup>	n/a	n/a
Series 06-05	n/a	Instalments <sup>(3)</sup>	n/a	n/a
Series 06-06	n/a	Instalments <sup>(3)</sup>	n/a	n/a
Series 06-07	n/a	Instalments <sup>(3)</sup>	n/a	n/a
Series 06-08	n/a	Instalments <sup>(3)</sup>	n/a	n/a
Series 06-09	n/a	Instalments <sup>(3)</sup>	n/a	n/a
Series 07-01	5%	Annually	n/a	n/a

<sup>(1)</sup> Interest payments are based on a fixed annualised rate of 3% subject to an inflation margin based on the performance of the Harmonised Index of Consumer Prices (HICP) excluding Tobacco.

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

#### 5. Limited recourse notes (continued)

##### (c) Interest on the Notes (continued)

<sup>(2)</sup> Interest calculated as applied to outstanding notional principal amounts of Notes:

The lesser of 6.3% and  $(3.6\% + \max \{A-B, 0\})$  where

“A” represents the 10 year Euro swap rate on the relevant interest payment date

“B” represents the 10 year Euro swap rate two business days prior to the effective date of the Note issue.

<sup>(3)</sup> The notional of the notes is reduced during the life of the note by instalment amounts, as determined by the Calculation Agent in its sole and absolute discretion equal to the lesser of (i) the principle amount outstanding less EUR 10,000; and (ii) (Distribution Calculation amounts as defined per Swap Agreement)/(1-Notional Zero Coupon Deposit Price) less related Hedge Undwind Costs, provided that in no event shall the instalment amount be less than zero.

The final redemption amount shall be the current nominal amount of the note at maturity date, and will be equal to the sum of all the final exchange amounts paid by the Swap counterparty to the Issuer. The final proceeds from Prospero Notes will be passed to the note holders after conversion into EUR and deduction of all costs, expenses and taxes as determined by the redemption agent.

Interest expense on the Notes for the year ended December 31, 2008 amounted to €16,967,402 (2007: €15,263,433), of which €2,073,074 is payable at December 31, 2008 (2007: €1,684,331).

##### (d) Security

Pursuant to a Master Trust Deed Dated December 18, 1998, as amended from time to time, between the Company and Deutsche Trustee Company Limited (the “Trustee”), and the relevant Supplemental Trust Deeds specific to each series of Notes, the Company has created security interests in favor of the Trustee for its secured creditors. In addition to security in the form of assignment of all of the Company’s rights, title and interest to specific Charged Assets and Swap Agreements, the secured creditors are secured pursuant to a floating charge over the assets of the Company not otherwise charged.

#### 6. Operating expenses

The Company entered into an Expenses Agreement dated April 30, 1999 with Rabobank International, London branch, whereby any and all operating expenses incurred by the Company are assumed by Rabobank International, London branch.

#### 11. Fair value information

For certain of the Company's financial instruments not carried at fair value including cash and cash equivalents, investments, interest receivable and interest payable, the carrying amount approximates fair value due to the immediate or short term nature of these financial instruments. The carrying amounts of all the Company's financial assets and financial liabilities at the balance sheet dates approximated their fair values.

##### *Estimation of fair values*

The major methods and assumptions used in estimating the fair values of financial instruments are disclosed in note 2(d)(v).

At 31 December 2008, the carrying amounts of limited recourse notes for which fair values were determined directly, in full or in part, by reference to published price quotations amounted to €Nil (2007: €Nil). The carrying amounts of limited recourse notes for which fair values were determined using valuation techniques or were determined by reference to published price quotations with a limited liquidity amounted to €117,006,835 (2007: €301,644,864).

At 31 December 2008, the carrying amounts of derivative financial instruments for which fair values were determined directly, in full or in part, by reference to published price quotations amounted to €Nil (2007: €Nil). The carrying amounts of derivative financial instruments for which fair values were determined using valuation techniques or were determined indirectly by reference to published price quotations amounted to €18,790,399 (2007: €25,218,335) for assets and €174,292,154 (2007: 19,845,008) for liabilities.

The Notes and the CDSs are fair valued using valuation techniques discussed in note 2(d)(iv) including reference to the current fair values of other comparable instruments (subject to appropriate adjustments). Management deems that this valuation method is more appropriate for the Company than estimating a range of fair values using a proprietary model of Rabobank International, London Branch, the Swap Counterparty. Should such an alternative valuation method be used, the fair value estimates of the CDSs and the Notes could be significantly different to those presented in the financial statements.

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

## EDAM FUNDING ONE LIMITED

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

#### 11. Fair value information (continued)

At December 31, 2007, the following year end price quote estimates (quoted "clean") for the Notes were used in determining fair values for the Notes and consequently the CDSs.

Notes	Maturity	Principal	Issue Price	Year End Revaluation Price ("clean" price)	Fair Value of the Notes ("clean" price)
Series 03-01	26/11/2008	20,000,000	100.5%	98.51%	19,702,174
Series 04-01	21/09/2009	30,000,000	100.0%	100.42%	30,126,740
Series 04-02	16/09/2011	70,000,000	100.0%	98.74%	69,120,764
Series 04-03	22/12/2009	27,000,000	100.5%	95.92%	25,898,635
Series 05-01	31/3/2017	11,184,298	100.0%	65.05%	7,275,108
Series 05-02	20/3/2017	6,308,376	100.0%	60.77%	3,833,690
Series 05-03	7/3/2012	30,000,000	100.0%	85.41%	25,622,801
Series 06-01	9/9/2011	50,000,000	100.0%	88.79%	44,392,805
Series 06-02	9/9/2011	25,000,000	100.0%	86.99%	21,746,418
Series 06-03	9/9/2011	20,000,000	101.0%	88.44%	17,687,703
Series 06-04	25/10/2022	2,236,774	100.0%	55.70%	1,245,789
Series 06-05	25/10/2022	2,074,703	100.0%	61.65%	1,279,032
Series 06-06	25/10/2022	498,858	100.0%	57.93%	288,977
Series 06-07	25/10/2022	5,438,132	100.0%	63.83%	3,471,091
Series 06-08	25/10/2022	6,410,386	100.0%	57.93%	3,713,740
Series 06-09	25/10/2022	11,962,391	100.0%	69.51%	8,315,059
Series 07-01	05/03/2012	20,000,000	100.0%	89.62%	17,924,338
		€ 338,113,918			301,644,864

Fair value estimates are made at a specific point in time, based on market conditions and information about the financial instruments. These estimates are subjective in nature and involve uncertainties and matters of significant judgement and therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

#### 12. Taxation

There are no taxes on income or gains in the Cayman Islands and the Company has received an undertaking from the Governor in Cabinet of the Cayman Islands exempting it from all local income, profits and capital taxes until 2024 should such taxes be enacted. Accordingly, no provision for income taxes is included in these financial statements.

## **EDAM FUNDING ONE LIMITED**

### **Notes to Financial Statements (continued)**

December 31, 2008 and 2007  
(stated in Euro)

---

#### **13. Commitments and contingencies**

Under the terms of an Amended and Restated Put Option Agreement dated February 28, 2003 entered into between, inter alios, the Company and the Dealers, each Dealer has an option at any time to require the Company by notice to the Company to redeem Notes held by such Dealer. Upon receipt of any notice pursuant to the Put Option Agreement, the Company shall promptly, and in any event within three Business Days, give notice of such optional redemption to the Trustee, the Redemption Agent (if applicable), the Swap Counterparty (if any) and the Credit Support Provider (if any). The Redemption Agent shall, if applicable, as soon as reasonably practicable arrange for and administer the sale and/or, as the case may be, delivery of the Charged Assets. Upon any redemption pursuant to the Put Option Agreement, the Charged Agreements will be terminated and the security constituted by the Trust Deed and/or any Charging Document will be released against receipt by or to the order of the Trustee of such Charged Assets and/or the net proceeds of realization of any of such Charged Assets for application by or to the order of the Trustee.

#### **14. Subsequent events**

As described in Note 2(d)(iv) and Note 11, the Company uses various methods to estimate fair value of its instruments. Current market conditions have introduced uncertainty into debt security markets with restricted trading and greater price volatility giving rise to difficulties in determining the fair value of the debt instruments held or issued by the Company.

As a consequence of these conditions, the markets in 2008 and subsequently were less active than historic trends for the type of debt instruments held or issued by the Company. Reduced availability of market data raise significant uncertainties over the counterparty quotes used as fair value estimates for such positions. In such circumstances, IFRS can require appropriate valuation models to be used in order to estimate fair values.

In these circumstances, the Company, upon due advice from the Calculation & Determination Agent, is of the view that the most appropriate estimate of the fair value of these debt instruments remains the independent counterparty quotes sourced for these positions. Consequently the Company has opted to use the counterparty quotes provided. Due to the inherent uncertainty of valuation and a low level of trading activity in such debt instruments, if any, these counterparty values may differ from the values that would have been used had a more active market for these instruments existed and the differences could be material.

As described in Note 11, the clean fair value prices of Series 05-01, 05-02, 06-04, 06-05, 06-06, 06-07, 06-08 and 06-09 Notes were 55.28%, 36.28%, 39.27%, 53.22%, 41.17%, 56.34%, 40.46% and 71.54%, respectively at year end. Such fair value estimates were derived from their reference asset components. One of such reference asset components being the Company's investments in Prospero Notes (note 4(d)(iii)), essentially equity-linked instruments issued by Prospero CLO I B.V. and Prospero CLO II B.V.

### Notes to Financial Statements (continued)

December 31, 2008 and 2007  
(stated in Euro)

---

#### 14. Subsequent events (continued)

At year end, the fair values of Prospero Notes were ascertained by reference to cash flows received by the Company from 1 January 2009 until the date of the audit opinion. However considering current market conditions, the estimation of future cash flows for Prospero Notes as of the audit opinion date would be impracticable. As such, for the purpose of valuation analysis as at the audit opinion date the Company is of the view that it would be prudent to write down Prospero Notes to zero for the purposes of financial statement presentation. As a result, should the fair values of Series 05-01, 05-02, 06-04, 06-05, 06-06, 06-07, 06-08 and 06-09 Notes be determined as of the date of the audit opinion, such values would be significantly less than 55.28%, 36.28%, 39.27%, 53.22%, 41.17%, 56.34%, 40.46% and 71.54%, respectively and would be determined with reference to Company's swap agreements only (Note 4d)(iv)).

Subsequent to the year end, the credit rating reflects a different assessment to that assigned on issuance of each of the notes when initial due diligence was performed. The following is a summary of the S&P rating at issuance date and at April 10, 2009 for each Note Series:

Notes	S&P rating at issuance date	S&P rating at April 10, 2009
Series 04-01	AA	AA
Series 04-02	AAA	BBB-
Series 04-03	AAA	AAA
Series 05-01	AAA	AAAp
Series 05-02	AAA	AAAp
Series 05-03	AAA	BBB-
Series 06-01	AAA	A+
Series 06-02	AAA	AAA
Series 06-03	AAA	AAA
Series 06-04	AAA	AAApNRi
Series 06-05	AAA	AAApNRi
Series 06-06	AAA	AAAp
Series 06-07	AAA	AAApNRi
Series 06-08	AAA	AAApNRi
Series 06-09	AAA	AAA
Series 07-01	AAA	AAA

## Management's Statement of Responsibility for Financial Reporting

The financial statements of EDAM Funding One Limited (the Company), have been prepared by the management. The management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### Statement on true and fair view

The Directors of the Company state that, to the best of their knowledge:

- the Financial Statements as at December 31, 2008 and 2007, give a true and fair view of the assets, liabilities, financial position and profit of the Company
- the Management Report gives a true and fair view of the state of affairs as at the balance sheet date and of the course of affairs during the financial year of the Company together with a description of the principal risks the issuer faces.

## Management Report

The business of the Company is principally limited to the issuance of limited recourse notes linked to a reference portfolio and the investment of the proceeds thereof.

The Company has not issued any such notes during the financial year ending 31 December, 2008. Current market conditions have had a negative impact on the credit ratings and prices of notes issued by the Company to the extent that it is not expected that the Company will make any further note issues. It is not intended that the business of the Company will diversify. The Company does not engage in the field of research and development.

The principal risks the Company faces include (i) credit risk within the various reference portfolios as well as counterparty risk; (ii) liquidity risk because an illiquid secondary market could have an adverse effect on the value of the reference portfolios and the notes and (iii) market risk including changes in interest rates and foreign exchange rates.

The Company does not have any employees. Its administration is delegated to Maples Finance Limited which also provides the Company with the services of directors who are paid an annual fixed fee.

For and on behalf of the Board of Directors of Edam Funding One Limited on 23 April, 2009

Dianne Scott, Director

Andrew Dean, Director
