# DIRECTOR'S REPORT

The Board of Managing Directors of Linde Finance B.V. hereby presents the financial statements for the year ended 31 December 2016. These statements are prepared according to generally accepted accounting principles in the Netherlands and in conformity with the provisions Part 9, Book 2 of the Netherlands Civil code. All financial information is presented in Euro and has been rounded to the nearest million, unless otherwise stated.

## General

Linde Finance B.V. is registered in Amsterdam, Buitenveldertselaan 106, the Netherlands, and was incorporated on 12 May 1999 under Dutch law. Linde Finance B.V. acts as a finance company for the benefit of The Linde Group companies. The ultimate parent of Linde Finance B.V. is Linde AG, Munich, which is listed on the German stock exchange.

## Objectives

The objectives of Linde Finance B.V., in accordance with article 2 of the Articles of Association, are to incorporate, to participate, to manage and finance other group companies. Furthermore, to borrow and lend moneys, to place public and private debt and in general to engage in financial and commercial activities which may be conducive to the foregoing.

## Tasks and responsibilities

The Board of Managing Directors is in charge of the management of Linde Finance B.V. This means that the Board of Managing Director's responsibilities include the policy and business progress within Linde Finance B.V. and with this the achievement of the goals, strategy, profit development and the social aspects of doing business that are relevant for Linde Finance B.V. The Board of Managing Director's is also responsible for the compliance with legislation and regulations and the management of the risks coupled with the activities and the financing of Linde Finance B.V.

The Board of Managing Directors discusses the internal risk management and control systems with the Supervisory Board. These controls were set up to identify and manage foreign exchange, interest, liquidity, counterparty and credit risks. As to these risks, Linde Finance B.V. has a conservative approach.

For example, it is the objective of Linde Finance B.V. to eliminate foreign currency risks. With the exception of margins generated by foreign-currency-denominated back-to-back loans, Linde Finance B.V. enters into currency contracts and cross-currency swaps in order to hedge Linde Finance B.V.'s currency exposure. The underlying assets and liabilities are translated into Euro at the balance sheet date. The derivatives used to hedge the currency risk exposure are included in the balance sheet in accordance with the cost price hedging model. The positions are regularly checked as part of the risk management procedures.

It is Linde Finance B.V. policy that interest rate exposures with duration longer than one year are hedged if no back-to-back funding is in place by entering into interest rate swaps and/or cross-currency swaps.

The liquidity risk is actively managed and covered by a EUR 2.5 bn five-year syndicated revolving credit facility, with a final maturity of 2020.

Intercompany credit exposure has been insured with Linde AG, Munich, through a Credit Assurance Agreement. The associated expenses are charged on to the companies through an additional risk premium on top of the base rate. For further information we refer to ► [NOTE \[30\] PAGE 18.](#)

In discharging its duties the Board of Managing Directors is led by the interests of Linde Finance B.V. and its affiliated enterprises. The Board of Managing Directors is accountable to the Supervisory Board and the General Meeting of Shareholders for the execution of its policy.

## Appointment

The members of the Board of Managing Directors are appointed by the Supervisory Board for an indefinite period. The basis for non-compliance with the recommendation of the Dutch Corporate Governance Code (appointment for a maximum term of four years Principle II.1.1 of the Code) rests in the principles of Linde Finance B.V. being oriented towards the long term. The Supervisory Board notifies the General Meeting of Shareholders of an intended appointment and does not dismiss members of the Board of Managing Directors until after the General Meeting of Shareholders has expressed its opinion.

## Responsibility statement

The Board of Managing Directors of Linde Finance B.V. wish to state:

- that the annual financial statements 2016 give a true and fair view of the assets, liabilities, financial position and profit and loss of Linde Finance B.V.;
- that the annual report gives a true and fair view of the position as per balance sheet date, the development during the financial period of Linde Finance B.V. in the financial statements and a description of principle risks it faces.

## Corporate Governance Statement

The Board of Managing Directors of Linde Finance B.V. is responsible for the maintenance and development of an accurate framework for risk management and control and also the active management of the strategic, technological, operational, financial and compliance risks that Linde Finance B.V. faces.

We declare that the substantial risks with which Linde Finance B.V. is confronted are described in these financial statements. These financial statements provide insight into the extent to which risks are prevented and controlled. Linde Finance B.V. takes due consideration of the findings of the external auditor, KPMG Accountants N.V., which audits the financial statements. Based on the above our own observations and experiences from the past, the Board of Managing Directors declares, with reference to best practice provision II.1.5 of the Dutch Corporate Governance Code, that the framework for risk management and control, as described above and in the Corporate Governance section of the Board of Supervisory Directors' report, provides a reasonable assurance that the financial reporting does not contain any errors of material importance and that this framework worked properly in the 2016 reporting year. The true effectiveness of the Dutch Corporate Governance code can only be evaluated based on the results over a longer period and/or based on specific checks of the design, the existence and the function of the internal management controls.

# BOARD OF SUPERVISORY DIRECTORS' REPORT

The Board of Supervisory Directors hereby submits the report of the financial statements for the book year ended 31 December 2016. The financial statements have been audited by KPMG Accountants N.V. and were provided with an unqualified audit opinion on 24 March 2017. The audit report can be found on [▶ PAGE 20](#) of the financial statements.

## Corporate Governance

### *Corporate governance rules for the Supervisory Board*

The Supervisory Board supervises the policy of the Board of Managing Directors and the general business progress of Linde Finance B.V., and advises the Board of Managing Directors. The Supervisory Board monitors and supervises the Board of Managing Directors with respect to the results of the strategy, the main risks related to the operations of Linde Finance B.V., as well as the functioning of the organisation. Furthermore any significant changes to the risk management and control systems will be discussed and monitored.

The Supervisory Board of Linde Finance B.V. also has the authority to approve certain decisions of the Board of Managing Directors as stipulated in the Articles of Association. The Supervisory Board consists of two members.

In the performance of its duties the members of the Supervisory Board are led by the interests of Linde Finance B.V. and taking into account the interests of all Linde Finance B.V. stakeholders and all the aspects of social responsibility relevant to Linde Finance B.V.

The Supervisory Board also has the authorities and powers specified in the provisions of Book 2 of the Dutch Civil Code. These powers include, in particular, the appointment of the member of the Board of Managing Directors, the determination of the number of members of the Board of Managing Directors and the approval of a number of other decisions of the Board of Managing Directors as specified in legislation.

The Board of Supervisory Directors met two times in 2016. Besides these meetings there are ongoing contacts between the Board of Supervisory Directors and the Board of Managing Directors.

Based on the number of Supervisory Board members, the Supervisory Board of Linde Finance B.V. can operate without separate committees. This means that the Board of Supervisory Directors as a whole acts as Audit Committee as well.

In connection with the listing of Bonds at the Luxembourg Stock Exchange, Linde Finance B.V. is regarded as an "Organisation of Public Interest" (Organisatie van Openbaar Belang).

Georg Denoke stepped down from the Supervisory Board of Directors of Linde Finance B.V. per 14 September 2016.

The current composition of the Board of Supervisory Directors is:

- Björn Schneider (1971, German nationality), member of the Board of Supervisory Directors since 24 August 2004.
- Dr Sven Schneider (1966, German nationality), member of the Board of Supervisory Directors since 22 April 2011.

AMSTERDAM, 24 MARCH 2017

ON BEHALF OF THE BOARD  
OF SUPERVISORY DIRECTORS,

DR SVEN SCHNEIDER  
[CHAIRMAN]

### ***Corporate governance general***

The Dutch corporate governance principles ("the code") followed by Linde Finance B.V. are laid down in various regulations of Linde Finance B.V.

The Code is not applicable to Linde Finance B.V. because by law it only governs stock-exchange-listed companies; Linde Finance B.V. voluntarily applies the principles and best practice provisions of the Code that are compatible with its control structure and the nature of Linde Finance B.V. The provisions that are not applied and the reasons why are listed in the overview below.

There were no changes in the governance structure during the reporting year of 2016.

### ***Corporate governance conflict of interests***

Linde Finance B.V. as part of the Linde Group has strict rules to prevent every form and appearance of a conflict of interest between Linde Finance B.V. on the one hand and the members of the Board of Managing Directors and the members of the Supervisory Board on the other hand. Decisions to enter into transactions involving conflicting interests of Board of Managing Directors or Supervisory Board members of a material significance for Linde Finance B.V. and/or for the relevant individual must, in accordance with these rules, be approved by the Supervisory Board. During the year under review no conflicts of interests were reported.

### ***Corporate governance, the General Meeting of Shareholders***

Linde Finance B.V. General Meeting of Shareholders has the authority to approve certain Board of Managing Directors' decisions. These decisions, which are stipulated in the Articles of Association, are major decisions relating to the operations, legal structure and financial structure of Linde Finance B.V. (and the companies in which it holds shares) as well as decisions related to major investments.

The most important other authorities of the General Meeting of Shareholders are:

- adoption of the financial statements and profit appropriation of Linde Finance B.V.;
- discharging the members of the Board of Managing Director's from their management and the members of the Supervisory Board from their supervision of the Board of Managing Directors;
- adoption of the dividend;
- appointment and dismissal of the external auditor;
- amendments to the Articles of Association; and
- issuing of shares, exclusion of the application right, authorisation to repurchase own shares, reduction of the paid-up capital, dissolution, application for bankruptcy of Linde Finance B.V.

### ***Best practice provisions of the Code not applied by Linde Finance B.V.***

Linde Finance B.V. endorses the Code by applying the principles and best practice provisions or by explaining why Linde Finance B.V. deviates from the Code. The principles listed below are not applied for the reason indicated in the foregoing text or below:

#### **Principle II.1.1: Appointment**

The members of the Board of Managing Directors are appointed by the Supervisory Board for an indefinite period. The basis for noncompliance with the recommendation of the Code (appointment for a maximum term of four years) rests in the fact that Linde Finance B.V. is oriented towards the long term. The Supervisory Board notifies the General Meeting of Shareholders of an intended appointment and does not dismiss members of the Board of Managing Directors until after the General Meeting of Shareholders has expressed its opinion.

#### **Principle II.2.1-15: Remuneration**

Publishing the remuneration report, most important components of employment conditions or severance payment of Board of Managing Directors members: Linde Finance B.V. utilises the statutory exception as understood in Art. 2:383b of the Dutch Civil Code for so-called "private public liability companies".

#### **Principle III.2.1: Independence**

All Supervisory Board members, with the exception of one, are independent. The reason for this is that this Supervisory Board member is also a director of the shareholder of Linde Finance B.V. Here we are not compliant with the code. As stated before there has not been any conflict of interest during the year under review.

#### **Principle III.5.10-14: Composition and role of two key committees of the Supervisory Board**

As the board of Supervisory Directors consists of two members this principle is not applied. In respect to the audit committee we refer to the Report of the Supervisory Directors.

#### **Principle III.7.1-3: Remuneration**

The Members of the Supervisory Board receive no remuneration.

#### **Principle III.8.1-4: One Tier Management Structure**

This is not applied as there is no one tier management structure.

# GENERAL ACCOUNTING PRINCIPLES

## General

Linde Finance B.V. is registered in Amsterdam, Buitenveldertselaan 106, the Netherlands, and was incorporated on 12 May 1999 under Dutch law. Linde Finance B.V. acts as a finance company for the benefit of The Linde Group companies. The ultimate parent of Linde Finance B.V. is Linde AG, Munich, which is listed on the German stock exchange.

## Basis of presentation

The accompanying accounts have been prepared under the historical cost convention, unless otherwise mentioned, in accordance with generally accepted accounting principles in the Netherlands and in conformity with the provisions of Part 9, Book 2 of the Netherlands Civil code. All financial information is presented in Euro and has been rounded to the nearest million, unless otherwise stated. The financial statements are prepared on a going-concern basis.

## Accounting policies

The initial measurement of all financial assets and liabilities is fair value. The subsequent measurement of all financial assets and liabilities is amortised cost unless a different valuation principle is indicated in the accompanying notes. Financial assets are shown net of impairments where necessary. Income and expenses are attributed to the financial year to which they relate.

## Recognition of assets and liabilities

Assets and liabilities are measured at nominal value, unless otherwise stated in the further principles. An asset is recognised in the balance sheet when it is probable that the expected future economic benefits

that are attributable to the asset will flow to the entity and the cost of the asset can be measured reliably. A liability is recognised in the balance sheet when it is expected to result in an outflow of resources embodying economic benefits and the amount of the obligation can be measured reliably. An asset or liability that is recognised in the balance sheet remains on the balance sheet if a transaction (with respect to the asset or liability) does not lead to a major change in the economic reality with respect to the asset or liability. An asset or liability is no longer recognised in the balance sheet when a transaction results in all or substantially all rights to economic benefits and all or substantially all of the risks related to the asset or liability being transferred to a third party.

## Recognition of Profit and Loss Account

Income is recognised in the profit and loss account when an increase in future economic potential related to an increase in an asset or a decrease of a liability has arisen, the size of which can be measured reliably. Expenses are recognised when a decrease in the economic potential related to a decrease in an asset or an increase of a liability has arisen, the size of which can be measured with sufficient reliability. Revenues and expenses are allocated to the period to which they relate.

Cash and cash equivalents are stated at nominal value. If cash and cash equivalents are not readily available, this is taken into account in the measurement.

## Cost price hedge accounting

Linde Finance B.V. applies the cost price hedging model to hedge interest rate risk and foreign currency risk. Cost price hedging means that derivative financial instruments follow the valuation principle of the hedged item (i.e. cost price). Linde Finance B.V. documents the hedge relationships in hedge documentation and periodically assesses the effectiveness of the hedge relationships by verifying that no over- or under-hedges exist based on the critical terms check. When a derivative expires or is sold, the accumulated profit or loss that has not yet been recognised in the profit and loss account prior to that time is included as a deferral in the balance sheet until the hedged transactions take place. If the transactions are no longer expected to take place, then the accumulated profit or loss is transferred to the profit and loss account. If a derivative no longer meets the conditions for hedge accounting, but the financial instrument is not sold, then the hedge accounting is also terminated. Subsequent measurement of the derivative instrument is then at the lower of cost or market value.

## Fair Value Accounting

Forward starting swaps contracted with third parties and with group companies are accounted for at fair value.

The fair value of the financial instruments is determined as follows, the derivative financial instruments are measured by discounting expected future cash flows using the net present value method. As far as possible, the entry parameters used in these models are relevant observable market prices and interest rates at the balance sheet date, obtained from recognised external sources.

The fair value of non-listed financial instruments is determined by discounting the expected cash flows to their present value, applying a discount rate that is equal to the current risk-free market interest rate for the remaining term, plus credit and liquidity surcharges.

## Cash flow statement

The cash flow statement is based on the indirect method for the operating cash flow and based on the direct method for the cash flow from financing activities. The figures relating to the operational cash flows are derived from the delta in the balance sheet position.

## Foreign currencies

Assets and liabilities denominated in foreign currencies are translated into Euro at rates of exchange at the balance sheet date.

Long-term and current liabilities and other financial commitments are subsequently measured at amortised cost based on the effective interest rate method. Redemption payments regarding long-term liabilities that are due next year are presented under current liabilities.

## Financial fixed assets

Financial fixed assets include the amortised costs of loans, of a long-term nature, issued to group companies, as well as prepaid expenses.

## Other Financial Fixed assets

Bonds, listed and unlisted recognised under financial fixed assets, that are not held as part of a trading portfolio and which will be held to maturity, are valued at their amortised cost.

## Net Profit

The net profit has been calculated on the basis of the accrual and matching principles.

## Interest income

Interest income is recognised in the period to which it belongs, taking into account the effective interest of the related asset. Interest expenses and similar expenses are recognised in the period to which they belong.

## Taxation

Taxation is calculated on the basis of profit before tax adjusted for available fiscal facilities.

An amount of EUR 2.0 bn (31.12.2015: EUR 2.0 bn) of the principal portions outstanding have a remaining maturity of more than five years.

Long-term loans to group companies for a total amount of EUR 1.3 bn (31.12.2015: EUR 1.3 bn) are denominated in a currency other than Euro. If no natural hedge is in place Linde Finance B.V. has entered into various foreign exchange contracts to hedge foreign currency risks. The valuation of the loans and foreign exchange contracts is based on the prevailing rate of exchange of the respective reporting dates. The average interest rate on long-term non-euro-denominated loans to group companies on 31 December 2016 was 4.02 percent (31.12.2015: 4.40 percent).

### [2] Deferred derivatives results

Deferred derivatives results are proceeds of unwound derivatives to be amortised, which were previously in a hedge relationship with group companies, of EUR 14.3 m (31.12.2015: EUR 25.8 m). The unwinding of derivatives has been executed on a risk-neutral basis.

A remaining amount of EUR 1.6 m (31.12.2015: EUR 2.6 m) will be amortised over the remaining tenor of the settled swaps.

### [3] Prepaid expenses

Linde AG, Munich, and Linde Finance B.V. have a EUR 2.5 bn syndicated credit line at their disposal with a final maturity of 2020.

Linde Finance B.V. paid an upfront premium of EUR 4.5 m at the initiation of the facility in 2013. The outstanding value per 31 December 2016 of EUR 2.0 m (31.12.2015: EUR 2.5 m) will be amortised over the remaining tenor of the facility.

### [4] Loans to group companies

Linde Finance B.V. holds short-term loans to group companies for EUR 2.6 bn (31.12.2015: EUR 4.4 bn) of which the principal portions are due and payable within one year. Interest rates are determined based on the at arm's length principle. The average interest rate on these loans as at 31 December 2016 is 2.59 percent (31.12.2015: 2.50 percent).

Short-term loans to group companies for a total amount of EUR 266.8 m (31.12.2015: EUR 1.3 bn) are denominated in a currency other than the euro at 31 December 2016. If no natural hedge is in place Linde Finance B.V. has entered into foreign exchange contracts to hedge foreign currency risks. The valuation

of the loans and foreign exchange contracts is based on the prevailing rate of exchange on the respective reporting dates.

#### [5] Interest receivables from group companies

Interest receivables from group companies include accrued interest on loans of EUR 94.8 m (31.12.2015: EUR 151.5 m), EUR 3.9 m (31.12.2015: EUR 1.9 m) accrued interest on derivatives with group companies and EUR 23.8 m (31.12.2015: EUR 0.02 m) of upfront premium on derivatives with group companies, which will be amortised over the remaining tenor.

#### [6] Interest receivables from third parties

Other receivables from third parties include accrued interest of EUR 8.8 m (31.12.2015: EUR 28.3 m) from interest rate swaps and cross-currency swaps.

#### [7] Forward exchange contracts

All forward exchange contracts are in a hedging relationship for which Linde Finance B.V. applies cost price hedge accounting.

Cost price hedging means that both the forward exchange contract as hedging instrument and the hedged item are recognised at cost. If the hedged item is a foreign currency monetary item recognized

in the balance sheet, the forward exchange contract is measured at the difference between the spot rate of the balance sheet date and the contract rate of the forward exchange contract. The position also includes the interest accrual on interest rate differentials of forward exchange contracts (forward points), which is amortised to the profit and loss account.

#### [8] Derivatives at fair value

The derivatives at fair value only consist of forward starting interest rate swaps of EUR 222.5 m (31.12.2015: 184.2 m), which are measured at fair value. Those transactions are executed on a risk-neutral basis for which hedge accounting is not applied.

#### [9] Tax receivable

As per 31 December 2016 Linde Finance B.V. has a tax receivable of EUR 4.5 m (31.12.2015: EUR 3.8 m) related to corporate income tax and withholding tax.

#### [10] Collateral deposits

Since 2010 Linde Finance B.V. has Credit Support Annexes (CSAs) in place with its major financial market participants to mitigate the counterparty risk. The outstanding value of the cash collateral deposited by Linde Finance B.V. at banks per 31 December 2016 is EUR 172.2 m (31.12.2015: EUR 131.2 m).

## SUPPLEMENTARY INFORMATION ON THE NOTES

### **[23] Auditor's fees and services**

The auditor's remuneration has been included in the consolidated accounts of The Linde Group, Munich.

### **[24] Directors**

Linde Finance B.V. has one Managing Director (31.12.2015: one) and two Supervisory Board Members (31.12.2015: three). The members of the Supervisory Board did not receive any remuneration during 2016. Furthermore, Linde Finance B.V. avails itself of the stipulations laid down in article 2:383, section 1, of the Dutch Civil Code with regard to the remuneration of the Managing Director. The Managing Director participates in the share option scheme at Linde AG, Munich, and in conformity with RJ 275 it is opted for accounting this in the financial statements of Linde AG, Munich.

### **[25] Employees**

During 2016 Linde Finance B.V. had an average of 3.0 full time equivalents (31.12.2015: 3.0).

The wages and salaries ► [NOTE \[21\] PAGE 15](#) includes social security charges and pension premium costs of EUR 45.9 k (31.12.2015: 50.4 k). The employees participate in the Industry-wide "Stichting Pensioen Fonds voor de Grafische Bedrijven" fund. All accrued rights, build-up in the "Stichting Pensioenfonds N.V. Linde Gas Benelux" up to 2014, were transferred to "Stichting Pensioen Fonds voor de Grafische Bedrijven" on 1 April 2015.

The pension scheme of this fund is a Collective Defined Contribution plan. The contribution to the pension fund is fixed annually by the pension board as a percentage of the total sum of participants' salary costs, less the AOW deductible. The employer will settle the contribution with the pension fund on a monthly basis. In case of a shortfall in funding within the pension fund this will result in a reduction of pensions and build-up pension rights for all participants. A shortfall of funding within the pension fund cannot result in any claim towards the employer.

### **[26] Off-balance-sheet commitments and facilities**

Linde Finance B.V. has limited rental, back office and IT commitments with third parties. Total expenses are approximately EUR 50.0 k per annum. The rental agreement for the offices was signed in September 2012 for a period of five years.

Linde AG, Munich, and Linde Finance B.V. have a EUR 2.5 bn syndicated credit line at their disposal. The credit line was initially due to expire in 2018 but had two options to extend the facility, in each case by one year.

After extending the line in 2014 and 2015, the maturity of the facility is 2020.

The syndicated revolving credit facility has not been drawn down and also serves as backup for the EUR 2.0 bn Commercial Paper Programme.

### **[27] Derivative contracts**

Linde Finance B.V. has entered into a number of interest rate swap agreements, with a principal amount of EUR 9.3 bn (31.12.2015: EUR 10.1 bn) and a number of cross-currency swap agreements, with a principal amount of EUR 512.4 m (31.12.2015: EUR 377.5 m). Due to the application of cost price hedging to derivative financial instruments a principle amount of EUR 5.7 bn (31.12.2015: EUR 5.5 bn) are following the valuation principle of the hedged items (i.e. cost price). The principal amount includes forward starting interest rate swaps of EUR 3.6 bn (31.12.2015: EUR 4.6 bn), recognised at fair value

### **[28] Fair value of financial instruments**

The fair value of financial instruments is determined using measurement methods customary in the market, based on market parameters specific to the instrument.

The fair value of derivative financial instruments is measured by discounting expected future cash flows using the net present value method. The entry parameters used in these models are relevant observable market prices and interest rates on the balance sheet date, obtained from recognised external sources.

The table below shows the fair value of financial assets and liabilities.

**[30] Risk management**
**Foreign currency risk**

It is the objective of Linde Finance B.V. to eliminate foreign currency risks. With the exception of margins generated by foreign-currency-denominated back-to-back loans, Linde Finance B.V. enters into currency contracts and cross-currency swaps in order to hedge Linde Finance B.V.'s currency exposure. The underlying assets and liabilities are translated into Euro at the balance sheet date. The derivatives used to hedge the currency risk exposure are included in the balance sheet in accordance with the cost price hedging model. The positions are regularly checked as part of the risk management procedures.

The table below provides the net foreign exchange cash flow positions per 31 December 2016. The totals are all unhedged margins on loans and corresponding deposits. As stipulated in the foreign currency risk management approach these margins are not hedged.

# INDEPENDENT AUDITOR'S REPORT

To: the General Meeting of Shareholders and the Supervisory Board of Linde Finance B.V.

## Report on the accompanying financial statements 2016

### *Our opinion*

In our opinion the accompanying financial statements give a true and fair view of the financial position of Linde Finance B.V. as at 31 December 2016 and of its result for the financial year 2016 in accordance with Part 9 of Book 2 of the Netherlands Civil Code.

### *What we have audited*

We have audited the financial statements 2016 of Linde Finance B.V., based in Amsterdam.

The financial statements comprise:

- 1 the company balance sheet as at 31 December 2016;
- 2 the company profit and loss account for the financial year 2016 and
- 3 the notes comprising a summary of the accounting policies and other explanatory information.

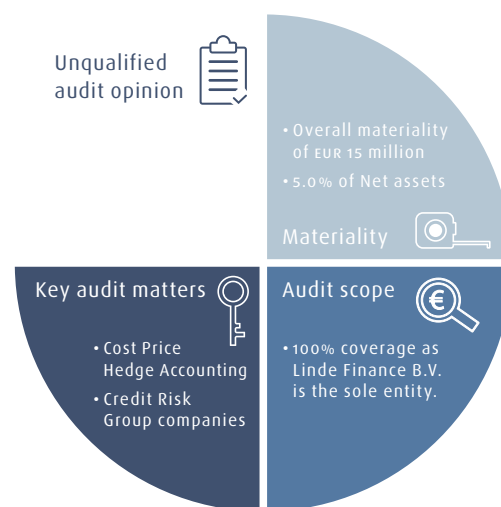

### *Basis for our opinion*

We conducted our audit in accordance with Dutch law, including the Dutch Standards on Auditing. Our responsibilities under those standards are further described in the 'Our responsibilities for the audit of the financial statements' section of our report.

We are independent of Linde Finance B.V. in accordance with the Verordening inzake de onafhankelijkheid van accountants bij assurance-opdrachten (ViO, Code of Ethics for Professional Accountants, a regulation with respect to independence) and other relevant independence regulations in the Netherlands. Furthermore, we have complied with the Verordening gedrags- en beroepsregels accountants (VGBA, Dutch Code of Ethics).

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Audit approach Summary*

### **Materiality**

Based on our professional judgment we determined the materiality for the financial statements as a whole at EUR 15,000,000 (2015: EUR 20,000,000). The materiality is determined with reference to net assets (equity) (5%). We consider net assets as the most appropriate benchmark as the attention of the users of the financial statements tends to be focused on net assets as the entity is a financing company.

We have also taken into account misstatements and/or possible misstatements that in our opinion are material for qualitative reasons for the users of the financial statements.

We agreed with the Supervisory Board that misstatements in excess of EUR 600,000, which are identified during the audit, would be reported to them, as well as smaller misstatements that in our view must be reported on qualitative grounds.

### **Our key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements. We have communicated the key audit matters to the Supervisory Board. The key audit matters are not a comprehensive reflection of all matters discussed.

These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**COMPLEXITY IN RESPECT OF THE APPLICATION OF COST PRICE HEDGE ACCOUNTING****Description**

The Company manages its exposure to interest rate and foreign currency risk by means of derivative financial instruments. The company applies cost price hedge accounting to a significant part of its derivatives portfolio to match results on the derivatives and related hedged positions.

The accounting treatment of derivatives is dependent on whether the hedge relationship qualifies for hedge accounting or not and is disclosed on ► [PAGE 10](#). An overview of the Company's hedging activities is included in ► [NOTE \[29\]](#).

Given the significance of the application of cost price hedge accounting for the financial position as a whole and the inherent complexity we have paid specific attention during our audit to the application of cost price hedge accounting.

**Our response**

We have evaluated the Company's hedge documentation and identification process for hedge relationships. Our procedures amongst others included assessing the calculation method of the defined hedged risk. We evaluated the Company's hedge effectiveness testing and assessed whether the accounting requirements of the Dutch Accounting Standard RJ 290 were met for each hedge relationship. We also assessed whether the disclosure requirements were met in the financial statements.

**Our observation**

Based on our procedures we determined that hedge accounting has been applied in accordance with the accounting requirements of the Dutch Accounting Standard RJ 290 and that the disclosure ► [NOTE \[29\]](#) is adequate.

**ESTIMATION UNCERTAINTY IN RESPECT OF THE CREDIT RISK RELATED TO LOANS TO GROUP COMPANIES****Description**

The Company is a financing entity entering into financing arrangements with The Linde Group companies. The Company has no substantial assets other than the loans to Group companies. The Company is therefore interrelated and dependent on the performance of the Group for repayment of its debt instruments and meeting its financial obligations. This is highlighted in ► [NOTE \[29\]](#) of the financial statements. Given this pervasive impact on the financial statements of the Company, we considered this a key audit matter.

**Our response**

Our audit procedures amongst others included an assessment of the financial robustness of the financial position and liquidity of the Group to assess whether the respective Group entities are able to meet their contractual obligations, or whether in case of non-performance Linde AG will be able to meet its obligations under the Credit Assurance Agreement. We have performed, amongst others, the following procedures with respect to the exposure on Group entities:

- Inspect the audited 2016 financial statements of Linde AG;
- Inquire and discuss with the Group auditor KPMG Germany recent developments in the financial position and cash flows of the Group and whether any conditions existing as at, or subsequent to the reporting date that may lead to the Group's inability to meet its contractual obligations;
- Inspect the terms and conditions of the Credit Assurance Agreement between Linde AG and Linde Finance B.V.
- Verify whether the loans to Linde Group companies have been adequately disclosed in ► [NOTE \[29\]](#) of the financial statements.

**Our observation**

Based on our audit procedures we found that the credit risk related to loans to Linde Group companies has been appropriately taken into account and disclosed in the financial statements.

## Report on the other information included in the annual report

In addition to the financial statements and our auditor's report thereon, the annual report contains other information that consists of:

- the Director's report;
- the Financial Highlights;
- the Board of Supervisory Director's report
- other information pursuant to Part 9 of Book 2 of the Netherlands Civil Code;

Based on the below procedures performed, we conclude that the other information:

- is consistent with the financial statements and does not contain material misstatements;
- contains the information as required by Part 9 of Book 2 of the Netherlands Civil Code.

We have read the other information. Based on our knowledge and understanding obtained through our audit of the financial statements or otherwise, we have considered whether the other information contains material misstatements.

By performing these procedures, we comply with the requirements of Part 9 of Book 2 of the Netherlands Civil Code and the Dutch Standard 720. The scope of the procedures performed is substantially less than the scope of those performed in our audit of the financial statements.

Management is responsible for the preparation of the other information, including the management board's report in accordance with Part 9 of Book 2 of the Netherlands Civil Code and other Information pursuant to Part 9 of Book 2 of the Netherlands Civil Code.

## Report on other legal and regulatory requirements

### *Engagement*

We were engaged by the Board of Managing Directors as auditor of Linde Finance B.V. in 1999 for the audit for year 1999 and have operated as statutory auditor since then.

## Description of the responsibilities for the financial statements

### *Responsibilities of management and Supervisory Board for the financial statements*

Management of Linde Finance B.V. is responsible for the preparation and fair presentation of the financial statements in accordance with Part 9 of Book 2 of the Netherlands Civil Code. Furthermore, management of Linde Finance B.V. is responsible for such internal control as management of Linde Finance B.V. determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to errors or fraud.

As part of the preparation of the financial statements, management of Linde Finance B.V. is responsible for assessing the company's ability to continue as a going concern. Based on the financial reporting framework mentioned, management of Linde Finance B.V. should prepare the financial statements using the going concern basis of accounting unless management

of Linde Finance B.V. either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so. Management of Linde Finance B.V. should disclose events and circumstances that may cast significant doubt on the company's ability to continue as a going concern in the financial statements.

The Supervisory Board is responsible for overseeing the company's financial reporting process.

### *Our responsibilities for the audit of financial statements*

Our objective is to plan and perform the audit to obtain sufficient and appropriate audit evidence for our opinion. Our audit has been performed with a high, but not absolute, level of assurance, which means we may not have detected all material errors and fraud during the audit.

Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. The materiality affects the nature, timing and extent of our audit procedures and the evaluation of the effect of identified misstatements on our opinion.

For a further description of our responsibilities in respect of an audit of financial statements we refer to the website of the professional body for accountants in the Netherlands (NBA) ► [HTTPS://WWW.NBA.NL/DOCUMENTS/TOOLS%20VAKTECHNIEK/STANDAARDPASSAGES/STANDAARDPASSAGE\\_NIEUWE\\_CONTROLETEKST\\_OOB\\_VARIANT%20ENGELS.DOCX](https://www.nba.nl/documents/tools%20vaktechniek/standaardpassages/standaardpassage_nieuwe_controletekst_oob_variant%20engels.docx)
