MANAGING DIRECTORS' REPORT

EM.TV FINANCE B.V., RIJSWIJK**MANAGING DIRECTORS' REPORT**

The management herewith submits the Financial Statements for the year ended December 31, 2006.

Company profile

The main activity of EM.TV Finance B.V., Rijswijk, (the "Company") is to provide financing services to the parent company.

On May 8, 2006, the Company issued a convertible bond on the capital market for an amount of EUR 87,750,000. The Bond bears a fixed interest of 5.25% per annum and will be redeemed at its principal amount at May 8, 2013.

Organisation

The Company has its seat in Rijswijk and is managed by two directors. The Dutch managing director has been granted a power of attorney enabling him to represent the company singly in transactions regarding day to day management. The Company makes use of the personnel of a group company located in Rijswijk.

Financial risk management

As the proceeds of the convertible loan are one on one lent to EM.Sport Media AG (the "parent company", formerly known as EM.TV AG), the ability of the company to meet its obligations under the loan depends upon the payment of principal and interest due from the parent company. Therefore the liquidity risk is limited to the equity of the company.

The interest rate on the loans to the parent company is 0.1411% higher than the interest rate on the convertible loan. We furthermore refer to the paragraph financial instruments as specified in the notes to the balance sheet as at December 31, 2006 on page 12 of this report.

Result

During the period under review, the Company recorded a net loss of EUR 98,400 which is set out in detail in the attached Profit and Loss account.

Subsequent events

No material subsequent events, affecting these financial statements, have occurred to date.

Future developments

The company intends to continue its operations as an inter group finance company for the foreseeable future. No substantial changes in the field of capital expenditures and financing are foreseen.

The financial statements are prepared in accordance with the statutory provisions of Part 9, Book 2, of the Netherlands Civil Code and the firm pronouncements in the Guidelines for Annual Reporting in the Netherlands as issued by the Dutch Accounting Standards Board.

I.I Organisation

EM.TV Finance B.V. seated in Rijswijk, the Netherlands was incorporated on March 14, 2006 as a private company with limited liability (Besloten Vennootschap).

As a 100% subsidiary of EM.Sport Media AG (formerly known as EM.TV AG), the figures of EM.TV Finance B.V. are included in the consolidated financial statements of EM.Sport Media AG.

Transactions with related parties are appointed as such in the notes to the financial statements as at December 31, 2006.

I.II Objectives of the company

According to article 3 of the Articles of Association of the company, the objects of the company are:

- to borrow, to lend and to raise funds, including the issue of bonds, promissory notes or other securities or evidence of indebtedness as well as to enter into agreements in connection with the aforementioned;
- to render guarantees, to bind the company and to pledge its assets for obligations of the companies and enterprises with which it forms a group and on behalf of third parties;
- to finance businesses and companies; and
- to trade in currencies, securities and items of property in general, as well as everything pertaining the foregoing, relating thereto or conductive thereto, all in the widest sense of the word.

II Principles for the valuation of assets and liabilities**II.I General**

The financial statements are prepared in accordance with the statutory provisions of Part 9, Book 2, of the Netherlands Civil Code and the firm pronouncements in the Guidelines for Annual Reporting in the Netherlands as issued by the Dutch Accounting Standards Board.

Insofar as not stated otherwise, assets and liabilities are shown at nominal value.

The income and expenses are accounted for in the period to which they relate.

II.II Translation of foreign currencies

The reporting currency in the financial statements of EM.TV Finance B.V. is the euro (EUR; €).

Assets and liabilities expressed in foreign currencies have been translated into Euros at the exchange rate prevailing at the balance sheet date. Foreign currency transactions have been converted at exchange rates approximating those at the time of the transactions. The resulting exchange differences have been recognised in the Profit and Loss account.

D - Notes to the balance sheet and profit and loss account**II.III Notes to the cash flow statement**

The cash flow statement has been prepared applying the direct method. The cash and cash equivalents in the cash flow statement comprise the balance sheet item cash at banks.

Receipts and payments of interest and corporate income tax are included in the cash flow from operating activities. Dividends paid have been included in the cash flow from financing activities.

II.IV Financial instruments

Management has the option to apply fair value accounting on financial instruments or to perform certain disclosures on the fair value of financial instruments. The management board has chosen not to apply fair value accounting on financial instruments. Therefore the applicable fair value disclosures have been included in the notes to the balance sheet and profit and loss account.

II.V Receivables and other assets

If there are doubts concerning the collectibility of outstanding receivables, the receivables in question are stated at their lower realisable value.

III Principles for the determination of the result**III.I Revenue accounting**

The annual income has been calculated by reducing the turnover with the operational charges over the same period of time.

Income and charges relating to the financial year have been included in the annual accounts, irrespective of whether they have led to receipts or expenditure in that year.

Profits are only shown to the extent they have been realised on the balance sheet date.

Losses and risks originating prior to the end of the financial year are taken into account if they became known prior to the drawing up of the annual accounts.

III.II Taxation on result

Taxes are calculated on the result, taking into account the tax facilities.

D - Notes to the balance sheet and profit and loss account**IV Financial instruments****IV.I Market risk***Currency risk*

A currency risk exists on particular wherever there are claims or liabilities in a currency other than that applied in the annual financial statements. Foreign exchange fluctuations may change the value in the Euro currency used in the financial statements. In the view of the fact that the development of other currencies in terms of the Euro can not be predicted, additional earnings effects may also arise from the aforesaid in future.

Price risk

The Company's price risk is limited as the convertible loan issued by the Company has been one on one used to finance the loan to group companies. As a result a natural hedge has been obtained.

IV.II Interest rate risk

The Company's exposure to interest rate risk on interest-bearing receivables (mainly taken up in financial fixed assets and receivables) and interest-bearing long-term and current liabilities is limited as the convertible loan issued has a fixed interest rate, which have been one on one used for financing the loan to group companies. It has been agreed that the interest rate cannot be fixed below the rate of the convertible bonds. As a result a natural hedge has been obtained.

IV.III Credit risk

EM.Sport Media AG issued a guarantee to the bond creditors both for the relevant interest payments and also for the ultimate repayment. In the event of a conversion taking place, the repayment claim in connection with the loan lapsed in the amount of the bonds converted into shares EM.Sport Media AG.

We furthermore refer to the paragraph financial instruments as specified in the notes to the balance sheet as at December 31, 2006 on page 12 of this report.
