

RENTE PLUS COMPANY LIMITED
ANNUAL REPORT AND AUDITED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30TH APRIL 2009

RENTE PLUS COMPANY LIMITED

REPORT OF THE DIRECTORS

The Directors present their report and the audited financial statements for the year ended 30th April 2009.

INCORPORATION

The Company was incorporated in Jersey, Channel Islands.

ACTIVITIES

The principal activity of Rente Plus Company Limited (the "Company") is the issue of Rente Plus Notes in series under the terms of the Rente Plus Company Limited Recourse Secured Debt Issuance programme. The proceeds from the issue of the Notes have initially been placed on deposit with ABN Amro Bank N.V., London Branch ("ABN Amro London" or the "Swap Counterparty"). At any time, ABN Amro London may deliver collateral assets to the Company in place of the deposit and may substitute such collateral assets with other collateral assets. In addition, the Company has entered into Collateral Swaps and Portfolio Credit Default Swaps with ABN Amro London. The risk factors relevant to the Note holders have been disclosed in the Offering Circular, which describes how the amount payable to the Note holders upon maturity may be less than the original principal amount subscribed on the issue date, or may even be zero. The Notes issued are listed on the Euronext Amsterdam N.V. stock exchange.

RESULTS AND DIVIDENDS

The profit for the year after taxation amounted to € 769 (2008: € 967).

The Directors did not recommend a dividend for the year (2008: € Nil).

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

The Directors are responsible for preparing the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board. The financial statements are required by law to be properly prepared in accordance with the Companies (Jersey) Law 1991.

International Accounting Standard 1 requires that financial statements present fairly for each financial year the Company's financial position, financial performance and cash flows. This requires the faithful representation of the effects of transactions, other events and conditions in accordance with the definitions and recognition criteria for assets, liabilities, income and expenses set out in the International Accounting Standards Board's 'Framework for the preparation and presentation of financial statements'. In virtually all circumstances, a fair presentation will be achieved by compliance with all applicable IFRSs. However, Directors are also required to:

- * properly select and apply accounting policies;
- * present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- * provide additional disclosures when compliance with the specific requirements in IFRSs are insufficient to enable users to understand the impact of particular transactions, other events and conditions on the entity's financial position and financial performance; and
- * make an assessment of the company's ability to continue as a going concern.

The Directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies (Jersey) Law 1991. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT OF PERSONS RESPONSIBLE WITHIN THE ISSUER

With regard to Regulation 2004/109/EC of the European Union (the "EU Transparency Directive"), the Directors of the Company whose names appear on page 1 confirm to the best of their knowledge that the Financial Statements for the year to 30th April 2009 give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company as required by the applicable accounting standards. The Report of the Directors gives a fair review of the development of the Company's business, financial position and the important events that have occurred during the financial year and their impact on the Financial Statements. The principal risks and uncertainties faced by the Company are disclosed in Note 14 of these financial statements.

Signed on behalf of the Board of Directors

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF RENTE PLUS COMPANY LIMITED

We have audited the financial statements of Rente Plus Company Limited for the year ended 30th April 2009 which comprise the balance sheet, the income statement, the statement of changes in equity, the cash flow statement and the related notes 1 to 15. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Article 110 of the Companies (Jersey) Law 1991. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the financial statements in accordance with applicable law and International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies (Jersey) law 1991. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the company has not kept proper accounting records or if we have not received all the information and explanations we require for our audit.

We read the Directors' Report for the above year and consider the implications for our report if we become aware of any apparent misstatement or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with IFRSs as issued by the International Accounting Standards Board, of the state of the Company's affairs as at 30th April 2009 and of its result for the year then ended; and
- the financial statements have been properly prepared in accordance with the Companies (Jersey) Law 1991.

RENTE PLUS COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30TH APRIL 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") and interpretations issued by the International Financial Reporting Interpretations Committee. The more significant accounting policies used are set out below.

Basis of preparation

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets, and financial liabilities and derivative financial instruments at fair value through profit or loss.

Applicable new standards and interpretations not yet effective

In the opinion of the Directors only the standard set out below, which has been issued but is not yet effective, will impact the Company's accounts.

In November 2006, the IASB issued IFRS 8 – "Operating Segments" which is effective for annual periods beginning on or after 1 January 2009. The standard requires segment disclosure based on the components of the entity that management monitors in making decisions about operating matters. This "management approach" differs from IAS 14, which currently requires the disclosure of two sets of segments, business and geographical segments, based on a disaggregation of information contained in the financial statements. Under IFRS 8 operating segments become reportable based on threshold tests related to revenues, results and assets. The Company will apply IFRS 8 for its accounting period commencing 1 May 2009.

In the opinion of the Directors, adoption of the above standard will not have a significant impact on the Company's financial statements.

New standards adopted

The following new standard and amendments to an existing standard are effective for the year ended 30th April 2008, and have been applied in preparing these financial statements:

- IFRS 7: "Financial Instruments: Disclosures"; and
- the Amendments to IAS 1: "Presentation of Financial Statements: Capital Disclosures".

These standards require disclosures about the significance of financial instruments for an entity's financial position and performance, and qualitative and quantitative disclosures on the nature and extent of risks.

Use of estimates

The preparation of financial statements in accordance with International Financial Reporting Standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the year. Actual results could differ from those estimates.

Financial assets and financial liabilities at fair value through profit or loss

Financial assets and financial liabilities are designated by management at fair value through profit or loss at inception. Purchases and sales of financial assets are recognised on the trade date, the date on which the Company commits to purchase or sell the financial asset. Financial instruments are initially recognised at fair value, and transaction costs for all financial assets and financial liabilities carried at fair value through profit or loss are expensed as incurred. Investments are derecognised when the rights to receive cash flows from the financial assets have expired or the Company has transferred substantially all risks and rewards of ownership.

Gains and losses arising from changes in the fair value of the financial assets and financial liabilities at fair value through profit or loss categories are included in the income statement in the period in which they arise.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Derivative financial instruments

The derivative financial instruments are stated at fair value. Realised and unrealised gains and losses on Collateral Swaps and Portfolio Credit Default Swaps are recognised within the Income Statement. Derivative financial instruments are derecognised when the rights to receive cash flows from them have expired or the Company has substantially transferred all the risks and rewards of ownership.

Fair value estimation

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. The quoted market price used for the investments held by the Company is the current bid price.

The Company may invest in financial instruments that are not traded in an active market. The fair value of such instruments is determined by using valuation techniques. The Company uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date. Valuation techniques used include the use of comparable recent arm's length transactions, discounted cash flow analysis and other valuation techniques commonly used by market participants. The fair value of the deposits with ABN Amro London are valued using discounted cash flow techniques.

Derivatives, such as the Collateral Swap and Portfolio Credit Default Swap, are recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at their fair value. Fair values are obtained from quoted market prices in active markets, including recent market transactions. All derivatives are carried as assets when the fair value is positive, and as liabilities when the fair value is negative. The Collateral Swap is valued using discounted cash flow techniques. The Portfolio Credit Default Swap is valued using a standardised market credit default swap model in combination with a Guassian Copula valuation model.

As explained in note 8, financial liabilities consist of limited recourse notes in separate series, and each such series is separately secured by a charge on assets acquired and other agreements entered into such as the Portfolio Credit Default Swap and Collateral Swap agreements (together the "Collateral"), to fund the Company's payment obligations on each series. The fair value for each separate series of Notes is equal to the net fair value of the Collateral.

Trade and settlement date accounting

All purchases and sales of financial instruments are recognised on 'trade date', i.e. the date that the company commits to the purchase or sale of the financial instrument, and are within the timeframe generally established by convention.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less, unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the balance sheet date.

Foreign currency translation

a) Currency of domicile, functional currency and presentation currency

The currency of domicile is GBP (pounds sterling). Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates, the Company's "Functional Currency". The financial statements are presented in Euros which is deemed to be the Company's Functional and Presentational Currency.

b) Transactions and balances

Foreign currency transactions are translated into Euros using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

Transaction fees receivable

The Company under the terms of the fees and expenses letter is entitled to receive an annual transaction fee of £1,000 receivable quarterly in arrears.

Share capital

Ordinary shares are classified as equity.

Revenue recognition

Financial assets and financial liabilities held at fair value through profit or loss are marked to fair value. As a result, both realised and unrealised gains and losses resulting from changes in fair value are taken to the Income Statement. These fair values do not include accruals for interest. Therefore, interest income and expense disclosed in the Income Statement is recognised on an effective interest rate basis to include this element.

Dividend distributions

Dividend distributions to the Company's shareholders are recognised as a liability in the Company's financial statements in the period in which the dividends are approved by the Company's shareholders.

Segmental reporting

In the Directors' opinion there are no reportable business segments or geographical segments as the Company's activities are limited to one main business and geographic segment.

Administration expenses

Administration expenses incurred are paid by ABN Amro Bank N.V. on behalf of the Company and are therefore not recognised within these financial statements.

3. The Company has entered into three Portfolio Credit Default Swaps with ABN Amro Bank N.V., London Branch (the "Portfolio Credit Default Swap Counterparty"). Under the terms of the Portfolio Credit Default Swaps, the Company will be exposed to credit risk on the companies in the underlying reference portfolio relating to each agreement. The Company receives nil premium under the terms of the Portfolio Credit Default Swaps. However, this nil premium was taken into account when pricing the Collateral Swap Agreements, which were entered into on the same date and with the same Swap Counterparty.

The amounts payable by the Company on the maturity of the Notes to the Noteholders will be significantly reduced and may even be zero if: thirteen or more credit related events occur in relation to the Reference Portfolio in respect of the Rente Plus Notes 2. In respect of the first twelve credit events the cash settlement amount shall be zero. In respect of the thirteenth, fourteenth, and fifteenth credit events the cash settlement amount shall be EUR 23,333,800, EUR 23,333,100, and EUR 23,333,100 respectively.

The Series 3 Notes may be reduced from time to time during the term of the Notes following the occurrence of a number of credit related events specified in the relevant portfolio credit default swap transaction. In respect of the first thirteen credit events the cash settlement amount shall be zero. In respect of the fourteenth, fifteenth, and sixteenth credit events the cash settlement amount shall be EUR 45,000,900, EUR 44,999,550, and EUR 44,999,550 respectively.

The Series 4 Notes may also be reduced from time to time during the term of the Notes following the occurrence of a number of credit related events specified in the relevant portfolio credit default swap transaction as further described in Note 8.

As at the balance sheet date there had been 5 credit events in each Reference Portfolio. The credit events in respect of the Rente Plus Notes 2 and Rente Plus Notes 3 relate to Delphi Corporation, Quebecor World Inc., Federal National Mortgage Association, Federal Home Loan Mortgage Association and Washington Mutual Inc. The credit events in respect of the Rente Plus Notes 4 relate to Dana Corporation, Quebecor World Inc., Federal National Mortgage Association, Federal Home Loan Mortgage Association and Washington Mutual Inc.

On the 19th December 2008 Standard & Poor's lowered its long and short-term counterparty credit ratings on ABN AMRO Bank N.V. (the "Downgrade")

8. NOTES - (CONTINUED)

The Company has issued EUR 135,000,000 Rente Plus Notes 3 due 2015 (the "Series 3 Notes"). The Series 3 Notes are in bearer form and in the denomination of EUR 1,000 per Note. The Series 3 Notes are credit linked Notes and the principal amount of the Notes may be reduced from time to time during the term of the Notes following the occurrence of a number of credit related events specified in the relevant portfolio credit default swap transaction. In respect of the first thirteen credit events the cash settlement amount shall be zero. In respect of the fourteenth, fifteenth, and sixteenth credit events the cash settlement amount shall be EUR 45,000,900, EUR 44,999,550, and EUR 44,999,550 respectively.

The Company has issued EUR 60,000,000 Rente Plus Notes 4 due 2015 (the "Series 4 Notes"). The Series 4 Notes are in bearer form and in the denomination of EUR 1,000 per Note. The Notes are credit linked Notes and the principal amount of the Notes may be reduced from time to time during the term of the Notes following the occurrence of a number of credit related events specified in the relevant portfolio credit default swap transaction. Each Notional Cash Settlement Amount is calculated as: the greater of (a) zero and (b) the product of (i) the relevant reference entity notional amount and (ii) the result of (A) the reference price minus (B) the weighted average final price. Cash Settlement Amounts will occur should the aggregate Notional Cash Settlement Amounts exceed the Threshold Amount of EUR 274,285,714.29, the Cash Settlement Amount being calculated as the excess of the aggregate Notional Cash Settlement Amounts over the Threshold Amount. The maximum aggregate Cash Settlement Amount is EUR 60,000,000.00.

As at the balance sheet date, there had been 5 credit events in each Reference Portfolio.

The Series 2 Notes are debt securities with a term of 8 years, bearing a fixed coupon of 4% p.a. for the first three years and a floating rate coupon thereafter. The floating rate coupon will be determined by reference to the 5 year interpolated Dutch State Loan yield, subject to a minimum rate of 4% and a maximum rate of 8%. The floating rate coupon will be set at the beginning of each coupon period and paid in arrears.

The Series 3 Notes are debt securities with a term of 10 years, bearing a fixed coupon of 4.3% p.a. for the first three years and a floating rate coupon thereafter. The floating rate coupon will be determined by reference to the 5 year interpolated Dutch State Loan yield, subject to a minimum rate of 4.3% and a maximum rate of 8%. The floating rate coupon will be set at the beginning of each coupon period and paid in arrears.

The Series 4 Notes are debt securities with a term of 10 years, bearing a fixed coupon of 4.3% p.a. for the first three years and a floating rate coupon thereafter. The floating rate coupon will be determined by reference to the 5 year Euribor Swap Rate, subject to a minimum rate of 4.3% and a maximum rate of 8%. The floating rate coupon will be set at the beginning of each coupon period and paid in arrears.

As at the balance sheet date there had been 5 credit events in respect of each series of Notes.

On the scheduled final maturity dates, the final maturity amounts shall be determined as follows:

- (i) if a withheld amount has not been determined under the conditions of the Notes, an amount equal to the principal amount outstanding of the Notes on the final exchange date, subject to any reduction thereto on such date: or
- (ii) if a withheld amount has been determined under the conditions of the Notes, an amount equal to the principal amount outstanding of the Notes on the final exchange date minus an amount equal to the withheld amount.

10. TAXATION

With effect from the 2009 year of assessment Jersey abolished the exempt company regime for existing companies. Profits arising in the company for the 2009 year of assessment and future periods will be subject to tax at the rate of 0%. In the prior year the Company was exempt from taxation under the provisions of Article 123A of the Income Tax (Jersey) Law 1961.

11. COMPANY EXPENSES

All of the Company's administration expenses, including audit fees are met by a third party and are therefore not reflected within these financial statements.

12. CONTROLLING PARTY

The Company is owned by Mourant & Co. Trustees Limited as Trustee of the Rente Plus Company Trust, which is a charitable trust constituted under the laws of Jersey, Channel Islands. Control may be exercised by several parties, including the Trustee of the Rente Plus Company Trust and the Note holders. In addition, the Notes have been issued in bearer form. Therefore in the opinion of the Directors, there is no identifiable single ultimate controlling party.

13. RELATED PARTIES

J.A.J. Chapman is a supervisory board member and shareholder of Mourant Limited. G.P. Essex-Cater is a shareholder of Mourant Limited. Each of J.A.J. Chapman, D.J. Le Blancq, G.P. Essex-Cater, H.C. Grant, S. Vardon and C. Ruark is an employee of a subsidiary of Mourant Limited. Affiliates of Mourant Limited provide ongoing administrative services to the Company at commercial rates. J.A.J. Chapman is also a partner of Mourant du Feu & Jeune and should be regarded as interested in any contract in relation to the provision of legal services by Mourant du Feu & Jeune. These expenses are borne by ABN Amro Bank N.V. and are therefore not recognised within these financial statements.

14. FINANCIAL INSTRUMENTS

Strategy in using financial instruments

As stated in the Report of the Directors, the principal activity of the Company is limited to the issue of Notes in series under the terms of the Rente Plus Company Limited Recourse Secured Debt Issuance programme. The proceeds from the issue of the Notes have been used to acquire collateral and to enter into collateral swap and portfolio credit default swap transactions with ABN Amro Bank N.V., London Branch. Therefore the role of financial assets and financial liabilities is central to the activities of the Company. The financial liabilities provided the funding to purchase the Company's financial assets. Financial assets and liabilities provide the majority of the assets and liabilities of the Company along with all of the income.

The collateral assets serve as collateral under the swap transactions that the Company has entered into with ABN Amro Bank N.V., and also generate the income required to fund the Note coupons payable. All income and principal amounts receivable on the collateral assets are payable to the Swap Counterparty under the terms of the collateral swaps.

The strategies used by the Company in achieving its objectives regarding the use of its financial assets and liabilities were set when the Company entered into the transactions. The Company has attempted to match the properties of its financial liabilities to its assets to avoid significant elements of risk generated by mismatches of investment performance against its obligations, together with any maturity or interest rate risk.

Credit risk

Credit risk is the risk of default by the Swap Counterparty, ABN Amro London. It is also the risk that the Collateral will fail to perform to meet the Company's obligations to the Noteholders. The Notes are rated by a rating agency. The rating agencies procedures include a review of the collateral held by the Company on a regular basis, hence providing the Company with an effective means of monitoring credit risk via this assessment.

As mentioned in Note 4, despite the downgrade of ABN Amro London subsequent to the balance sheet date, ABN Amro London was able to post sufficient collateral according to the terms of the Swap Agreements to allow the credit ratings of the Notes to remain unchanged. Due to the limited recourse nature of the Notes issued by the Company, it is the Noteholders that ultimately bear the credit risk that the Collateral will fail to perform.

Interest rate risk

The Company primarily finances its operations through the issue of Notes upon which interest is payable. Under the collateral swaps amounts equal to the coupons received from the collateral are paid to the swap counterparty. In turn, the Swap Counterparty pays to the Company amounts equal to its obligations to pay interest due on the Notes. Accordingly, the Directors believe that there is no net interest rate risk to the Company.

Fair values - sensitivity analysis

As disclosed above, in the Director's opinion, there is no significant difference between the fair value of the Notes and the fair value of the Financial Instruments and derivative contracts. From the perspective of the Company, any change in the fair value of the Notes would be matched by an almost equal and opposite change in the fair value of the Financial Instruments and derivative contracts. Consequently the Company is not exposed to any significant net market price risk. Also as disclosed above, in the Director's opinion, there is no significant net interest rate risk to the Company, nor is there any significant currency rate risk to the Company.

IFRS 7 requires disclosure of "a sensitivity analysis for each type of market risk to which the entity is exposed at the reporting date, showing how profit or loss and equity would have been affected by changes in the relevant risk variable that were reasonably possible at that date."

As stated, whilst the financial instruments held by the Company are separately exposed to interest rate risk and market price risk, the profit or loss and equity of the Company is not exposed to any significant net interest rate or market price risk. Therefore, in the Director's opinion, no sensitivity analysis is required to be disclosed.

RENTE PLUS COMPANY LIMITED**NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)****FOR THE YEAR ENDED 30TH APRIL 2009****14. FINANCIAL INSTRUMENTS - (CONTINUED)****Interest rate risk (continued)**

The interest rate profile of the Company's financial assets and liabilities is as follows:

			<u>2009</u>		<u>2008</u>	
	Interest charging basis	Effective interest rate %	Amount	Effective interest rate %	Amount	
Financial assets						
Collateral assets	Fixed and Floating	see below	269,247,274	see below	265,956,146	
Derivative instruments	Non-interest bearing	n/a	3,418,321	see below	4,665,923	
			<u>€ 272,665,595</u>		<u>€ 270,622,069</u>	
Financial liabilities						
Notes	Fixed and Floating	4.38%	103,674,122	4.22%	201,244,139	
Derivative instruments	Non-interest bearing	see below	168,991,473	see below	69,377,930	
			<u>€ 272,665,595</u>		<u>€ 270,622,069</u>	

The effective interest rate disclosed above has been presented as the effective coupon rate payable on the Notes as at the balance sheet date. In the Directors' opinion, it is not feasible to present a relevant interest rate attributable to the derivative transactions as these transactions must be considered together with the collateral assets to form the collateral. Therefore the effective interest rate for the Collateral (being the aggregate of the deposit, Collateral Swap and Portfolio Credit Default Swap) is estimated to be equal to the effective coupon rate payable on the Notes as at the balance sheet date. Accordingly, in the Directors' opinion, it is not relevant to include other trade receivables and trade payables in the above disclosure.

Currency risk

All of the Company's significant assets and liabilities are denominated in Euros. Consequently, the Directors believe that there is no material currency risk to the Group.
