2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the

specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or any Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event”, in relation to an Index, means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

“Market Disruption Event”, in relation to an Inflation Index, means the Index Sponsor fails to calculate and announce the level of the Inflation Index.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
 - (i) If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the **“Successor Sponsor”**) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed

to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (ii) If (A) on or prior to the Valuation Date, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish a relevant Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a

time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (c) Adjustments to the Inflation Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2) or (3) below.
- (1) If the Inflation Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but in a way acceptable to the Calculation Agent; or (B) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the Inflation Index so calculated and announced by that successor index, as the case may be.
- (2) If (A) on or prior to any calculation of the level of the Inflation Index there is a material change in the formula for or the method of calculating the Inflation Index or the Index Sponsor, in any other way, materially modifies the Inflation Index (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (a) determine the Inflation Index level using, in lieu of a published level for the Inflation Index, the level for the Inflation Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (b) shall deem such modified Inflation Index to be the Inflation Index so calculated and announced or (c) shall terminate the Securities by giving notice in accordance with General Condition 4.

- (d) (1) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.
- (2) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
