Nederlandse Financierings-Maatschappij voor Ontwikkelingslanden N.V.

(Incorporated under the laws of the Netherlands with limited liability and having its statutory domicile in The Hague)

EUR 4,000,000,000

Debt Issuance Programme

Under this EUR 4,000,000,000 Debt Issuance Programme (the "**Programme**"), Nederlandse Financierings-Maatschappij voor Ontwikkelingslanden N.V. ("**FMO**" or the "**Issuer**") may from time to time issue notes (the "**Notes**") denominated in any currency agreed between the Issuer and the Relevant Dealer (as defined below).

Subject as set out herein, the maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 4,000,000,000 (or its equivalent in other currencies calculated as described herein).

The Notes will be issued on a continuing basis to one or more of the dealers specified below and any additional dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a "**Dealer**" and together the "**Dealers**"). The Dealer or Dealers with whom the Issuer agrees or proposes to agree an issue of any Notes is or are referred to as the "**Relevant Dealer(s)**" in respect of those Notes.

An investment in Notes issued under the Programme entails certain risks. For a discussion of these risks see "Risk Factors". This Base Prospectus only describes the material risks of an investment in the Notes.

The Notes of each Series or Tranche (as defined below) will initially be represented by a global note. Each global note which is not intended to be issued in new global note form (a "**Classic Global Note**" or "**CGN**") as specified in the relevant Final Terms (as defined below) will be deposited on the issue date thereof either (i) with a common depository on behalf of Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**") and/or any other agreed clearing system specified in the applicable Final Terms or (ii) with Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V., formerly known as NECIGEF ("**Euroclear Netherlands**"). Each global note which is intended to be issued in a new global note form (a "**New Global Note**" or "**NGN**"), as specified in the relevant Final Terms, will be deposited on or around the relevant issue date with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. See 'Form of the Notes' as set out herein.

This base prospectus (the "**Base Prospectus**") constitutes a base prospectus within the meaning of Directive 2003/71/EC as amended by Directive 2010/73/EC (the "**Prospectus Directive**"). This Base Prospectus has been approved by the Netherlands Authority for the Financial Markets (*Stichting Autoriteit Financiële Markten*, the "**AFM**") as the competent authority in the Issuer's home Member State pursuant to the Prospectus Directive. This Base Prospectus is valid for one year from the date of approval by the AFM.

The Issuer may request the AFM to provide the Luxembourg *Commission de Surveillance du Secteur Financier* ("**CSSF**") and the and the UK *Financial Conduct Authority* (the "**FCA**") in its capacity as competent authority ("**UK Listing Authority**") under the UK Financial Services and Market Act 2000 with a certificate of approval so that Notes may be offered to the public and application may be made for Notes issued under the Programme to be listed and admitted to trading on the Official List of the Luxembourg Stock Exchange (the "**Luxembourg Stock Exchange**") and the regulated market of London Stock Exchange plc (the "**London Stock Exchange**"). Notes will be issued in such denominations as may be specified in the applicable Final Terms save that the minimum denomination of each Note will be EUR 100,000 (or its equivalent in another other currency as at the date of issue of the Notes).

Notes issued under the Programme may be listed and admitted to trading on NYSE Euronext Amsterdam ("**Euronext Amsterdam**"), the Luxembourg Stock Exchange and the London Stock Exchange as specified in the applicable Final Terms. Euronext Amsterdam, the Luxembourg Stock Exchange and the London Stock Exchange are regulated markets for the purposes of Directive 2004/39/EC (the "**Markets in Financial Instruments Directive**").

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes as set out herein, in which case a supplement to the Base Prospectus for Notes listed on a stock exchange and/or offered to the public in a Relevant Member State, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), and certain of the Notes are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to or for the account or benefit of U.S. persons (see 'Subscription and Sale' below).

Series or Tranches of Notes issued under the Programme may be rated or unrated. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. The rating of a certain Series or Tranche of Notes to be issued under the Programme may be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to a relevant Series or Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 of 16 September 2009 on credit rating agencies, as amended (the "**CRA Regulation**") will be disclosed clearly and prominently in the Final Terms. In general, credit institutions as defined in Directive 2006/48/EC of the European Parliament and of the Council of 14 June 2006 relating to the taking up and pursuit of the business of credit institutions, such as the Issuer, are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

RISK FACTORS

FMO believes that the factors described below represent the material risks inherent in investing in Notes issued under the Programme, but the inability of FMO to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons. The risks described below are not the only risks FMO faces. Additional risks and uncertainties not presently known to FMO or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus including any documents incorporated by reference herein and form their own opinion prior to making any investment decision. Prospective investors should read the entire Base Prospectus. Words and expressions defined in the 'Terms and Conditions of the Notes' below or elsewhere in this Base Prospectus have the same meanings in this section.

Risks relating to FMO

Should the risks stated below materialise, this could cause losses for FMO and could have an adverse effect on its liquidity position. As a result FMO may not be able to fulfil its obligations under the Notes independently.

The material risks FMO faces in its operations include:

Credit risk

The most important risk to FMO is credit risk, particularly as a result of it having to take risks that commercial market parties are usually not prepared to take. Credit risk is the risk of loss of principal or loss of a financial reward stemming from a borrower's failure to repay a loan or otherwise meet a contractual obligation. This primarily involves risks connected to providing long term financing to companies in developing countries. In addition to financing in developing countries, FMO has credit risks in connection with the liquid assets maintained by it, its investment portfolio and its hedging contracts. FMO can incur losses on loans that are not repaid by its clients, or when its counterparties in respect of its liquid assets, derivatives or other transactions fail to meet their contractual obligations. If a substantial number of the clients in FMO's loan portfolio fail to repay their loans in full, or if a substantial number of such other counterparties fail to meet their contractual obligations, FMO could experience an operational loss, which could reduce its profitability and lower its equity base.

Market risk

FMO's market risk consists of currency and interest rate risks. FMO's lending activity (debt placements) is denominated mostly in US Dollars (about 75% of its lending capacity) and in emerging market currencies, while the majority of borrowings in the capital markets are in US Dollars supplemented by currencies such as Japanese Yen and Swiss Francs and Euro. FMO also offers certain debt products for which the interest rates are fixed. FMO's equity portfolio is denominated mostly in US Dollars and to a lesser extent in emerging market currencies. Changes in the level of currency exchange rates, interest rates, credit spreads included in interest rates (caused by the market perception of credit risk, liquidity risk or other risks) and changes between different types of interest rates may negatively affect FMO's business by decreasing its interest income. In a period of changing interest rates (and higher and more volatile credit spreads), interest expense may increase at different rates than the interest earned on assets. Accordingly, changes in interest rates could decrease interest result of FMO. FMO enters into derivatives to manage the currency and basic interest rate risks associated with the products described above across its portfolio as a whole. Especially in its equity activities FMO runs currency risks that cannot be covered, as the future cash flow is unknown. This currency risk is due to a sensitivity of its equity portfolio to the exchange rate Euro versus US Dollar as an increase or decrease of the US Dollar by 10% results in substantial

movement in the value of the equity portfolio expressed in Euro. If FMO is unable to hedge these currency and interest rate exposures, either on account of the investment being an equity investment or because FMO is unable to identify or obtain a suitable hedging instrument, or if FMO for any reason elects not to enter into a currency or interest rate hedging instrument, FMO will be exposed to market risk which could affect FMO's profitability.

Liquidity risk

The present treasury policy on investment provides for the need to maintain cash holdings, among other things to cover the liquidity risk. FMO has been rated 'AAA/Negative/A-1+' by Standard & Poor's Credit Market Services Europe Ltd. ("**Standard & Poor's**"). As of the date of this Base Prospectus, Standard & Poor's is established in the European Union and registered under the CRA Regulation. If FMO's 'AAA/Negative/A-1+' rating is lowered FMO may experience an increase in its cost of accessing capital markets as its main source of funding, and encounter increased liquidity risks. FMO retains a sizeable portfolio of liquid investments to generate liquidity if required. The agreement between the State of the Netherlands (the "**State**") and FMO (the "**State Agreement**") addresses liquidity risk in article 8 (see 'Nederlandse Financieringsmaatschappij voor Ontwikkelingslanden N.V. - State Agreement'). If FMO's access to the capital were to decline or the cost of accessing such markets should increase significantly or if FMO is unable to attract other sources of financing, these developments could have an adverse effect on FMO's financial condition and results of operations and could, in turn, impair FMO's access to liquidity. Under the State Agreement, the State has undertaken to provide support to FMO to the extent necessary to fulfil its obligations in respect of, among other things, all loans raised on the capital markets and all short-term funds raised on the money market with maturities of two years or less. If and to the extent that the State were to fail to fulfil its obligations under the State Agreement in a timely manner or at all, FMO could be unable to fulfil these obligations in a timely manner or at all when due.

Operational risk

Operational risks can arise from inadequate procedures, regulatory breaches, including inadequate compliance with internal and external laws and/or wilful or negligent actions or omissions by employees, advisors or contractors of FMO. Examples are fraud, unreported risk positions and other events of an operational nature that can have a negative outcome for FMO. Negative effects from FMO's procedures, information systems and/or employees, advisors or contractors can increase costs and/or other liabilities for FMO, and can negatively affect FMO's profitability and reputation.

No reliance upon the State

Although (i) the State is a majority shareholder in FMO and (ii) FMO has an agreement with the State which provides FMO with financial support (see 'Nederlandse Financieringsmaatschappij voor Ontwikkelingslanden N.V. - State Agreement'), the State's involvement and/or financial support may over time be decreased substantially or terminated altogether and alter FMO's risk profile, financial position or future prospects. As a consequence, any such decrease or termination may have an adverse effect on FMO's financial position, credit rating and results of operations, which could have a negative impact on the risk profile of FMO.

Due to the economic crisis, the following risks may arise:

- It may be more difficult to obtain funds and it may be more expensive to fund FMO. Due to the global economic crisis, it is difficult, and could become more difficult, to obtain liquidity and term funding on favourable terms. Any increase of costs of funding may have an adverse effect on the financial position and results of operations of FMO.

- It may be more difficult to hedge risks. FMO enters into hedging arrangements in order to mitigate the market risks that are inherent to FMO's business and operations. It may become more difficult to maintain this hedging strategy as a consequence of which the hedging arrangements may not have the desired beneficial impact on FMO's financial position or results of operations and may result in losses.
- The risk that counterparties default on their obligations might increase. Counterparties may not be able to pay or perform under their obligations to FMO due to e.g. bankruptcy, lack of liquidity downturns in the economy, operational failure or for other reasons. Any such defaults could lead to losses for FMO which could have a material adverse effect on FMO's business, results of operations and financial position.
- Investments might lose value. The fair value of investments made by FMO may change. Any such change may adversely affect the financial position of FMO.
- The solvency of FMO might suffer. FMO may not be able to meet its payments obligations due to insufficient financial resources or may only be able to secure such financial resources at high costs.
- Assets/investments might be less liquid. FMO requires liquidity in its day-to-day business activities primarily to pay its operating expenses and interests on its debt and other liabilities. The principal source of liquidity for FMO is the wholesale lending market, but further liquidity is also available through cash flow from its assets and investment portfolio. Any change in such liquidity may have a negative effect on FMO's financial position.

Impairment losses may occur on certain balance sheet items

The carrying amount of assets, save for deferred tax assets, is reviewed for impairment every time events or changes in circumstances indicate that the carrying amount might not be realised. An impairment loss is recognised whenever the carrying amount of an asset is higher than its realisable value. An impairment loss is charged directly to the income statement and/or debited directly to equity to the extent of any credit balance existing in the revaluation surplus in respect of that asset. Any related deferred tax assets or liabilities are determined by comparing the revised carrying amount of the asset with its tax base.

Ratings downgrades and other ratings actions could have an adverse impact on FMO's operations and financial condition

FMO has been rated 'AAA/Negative/A-1+' by Standard & Poor's. FMO's 'AAA/Negative/A-1+' rating is important to FMO's business for a number of reasons, including its continued access to the capital markets and cost of funds. As of the date of this Base Prospectus, Standard & Poor's is established in the European Union and registered under the CRA Regulation. Standard & Poor's reviews its ratings and rating methodologies on a recurring basis and may decide on a downgrade at any time. FMO currently shares the same Standard & Poor's credit rating as the State, primarily as a result of the undertakings provided to FMO by the State in the State Agreement (see 'Nederlandse Financieringsmaatschappij voor Ontwikkelingslanden N.V. - State Agreement'). Accordingly, any change in the credit rating of the State could result in a corresponding change to FMO's credit rating. In the event of a downgrade or negative outlook with respect to FMO or if FMO is put on credit watch, FMO's cost of issuing debt instruments will increase, having an adverse effect on net profit and potentially impacting FMO's competitive position with its clients in the public sector and its financial condition.

Changes in the financial services laws and/or regulations governing FMO's business may adversely affect its operations or profitability

In December 2010 the Basel Committee on Banking Supervision published its final standards on the revised capital adequacy framework known as "**Basel III**". These standards are significantly more stringent than the existing requirements. In order to facilitate the implementation of the Basel III capital and liquidity standards for banks and investment firms, on 20 July 2011 the European Commission proposed a legislative package to strengthen the regulation of the banking sector. On 26 March 2013 the Council and the European Parliament reached agreement on a package known as "**CRD IV**". CRD IV will replace the current Capital Requirements Directives (2006/48 and 2006/49) with a directive ("**CRD IV Directive**") and a regulation ("**CRD Regulation**") which aims to create a sounder and safer financial system. On 16 April 2013, the European Parliament approved the proposed CRD IV. The CRD IV Directive governs amongst other things the access to deposit-taking activities while the CRD IV-regulation establishes the majority of prudential requirements institutions need to respect. It is expected that the CRD IV Regulation will begin to apply from 1 January 2014 and that the application in full of all measures under CRD IV (including any national implementation thereof in the Netherlands) will have to be completed before 1 January 2019.

CRD IV, in implementing Basel III, is intended to increase the quality and quantity of capital, to require increased capital against derivative positions and to introduce a capital conservation buffer, a counter-cyclical buffer, a new liquidity framework as well as a leverage ratio and a liquidity coverage ratio. The leverage ratio is defined as Tier-1 capital divided by a measure of non-risk weighed assets. If Basel III is followed under CRD IV, the leverage ratio may not fall below 3%, though there is still uncertainty as to the exact implementation of the leverage ratio under CRD IV. The ultimate aim of Basel III/CRD IV is to reduce leverage in order to bring institutions' assets more in line with their capital. The liquidity coverage ratio (LCR) addresses the sufficiency of high quality liquid assets to meet short-term liquidity needs under a specified acute stress scenario which may not fall below 100% of the estimated net cash outflows for the following 30 days.

On 24 April 2013 the Dutch Ministry of Finance published the consultation version for the legislative proposal for the Act implementing the CRD IV Directive for public consultation. In addition to the capital requirements, CRD IV also deals with the market access and license requirements for banks. The definition of bank is laid down in the CRR, the regulation which will have direct effect in the Netherlands. As a consequence thereof, the Dutch consultation proposal includes a definition of bank and banking license requirement that merely refers to the definition in the CRR, which means that the notion of a bank and the question whether an entity falls within the scope of the banking license requirement is primarily decided at EU level. However the Consultation proposal maintains, although in a different provision with a slightly different wording, the possibility and regime of the voluntary banking license in the Netherlands for entities that attract repayable funds from parties other than the general public and which, for their own account, provide credit to clients. It can therefore be expected that the voluntary banking license of FMO can be maintained under the new Dutch legislation implementing CRD IV.

FMO cannot fully predict what impact the new rules and regulations will have on its business until the final rules and regulations are adopted and implemented and what the scope of these rules and regulations will be. Any new or changed regulations may adversely affect FMO's business and/or results of operations.

Risks relating to the Notes

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus and any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes;
- understand thoroughly the terms of the Notes and be familiar with the behaviour of financial markets;
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investments and its ability to bear the applicable risks; and
- be aware that it may receive no interest, that in case of Dual Currency Notes payment of principal or interest may occur at a different time or in a different currency than expected, or that it may lose all or a substantial portion of its principal.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common of such features:

A potential investor should not invest in Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

There is no active trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Series or Tranche, such Series or Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of FMO. Although applications may be made for the Notes issued under the Programme to be listed and admitted to trading on Euronext Amsterdam, the Luxembourg Stock Exchange or the London Stock Exchange as specified in the applicable Final Terms, there is no assurance that such applications will be accepted, that any particular Series or Tranche of Notes

will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Series or Tranche of Notes.

The Notes may be redeemed prior to maturity

Unless specified otherwise in the applicable Final Terms, in the event that FMO would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Netherlands or any political subdivision thereof or any authority therein or thereof having power to tax, FMO may redeem all outstanding Notes in accordance with the Conditions.

In addition, if in the case of any particular Series or Tranche of Notes the relevant Final Terms specify that the Notes are redeemable at FMO's option in certain other circumstances FMO may choose to redeem the Notes at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

Credit rating risk

Credit or corporate ratings may not reflect all risks. One or more independent rating agencies may assign ratings to the Notes and/or FMO. The ratings may not reflect the potential impact of all risks related to structure, market, and other factors that may affect the value of the Notes or the standing of FMO. A credit rating and/or a corporate rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. In the event a rating assigned to the Notes and/or FMO is lowered for any reason, the market value of the Notes may be adversely affected, but no person or entity is obliged to provide any additional support or credit enhancement with respect to the Notes.

Because the Global Notes (as defined below) are held by or on behalf of Euroclear, Clearstream, Luxembourg and/or Euroclear Netherlands, investors will have to rely on their procedures for transfer, payment and communication with FMO

Notes issued under the Programme may be represented by one or more Global Notes (as defined below). Such Global Notes will in the case of a CGN be deposited with (i) a common depositary for Euroclear and Clearstream, Luxembourg and/or any other agreed clearing system specified in the applicable Final Terms or (ii) with Euroclear Netherlands, and, in the case of an NGN, be deposited with a common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Because the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through Euroclear Netherlands, Euroclear and Clearstream, Luxembourg (as applicable).

While the Notes are represented by a Global Note FMO will discharge its payment obligations under (a) CGNs by making payments via the Paying Agent (as defined herein) to Euroclear Netherlands or to the common depositary for Euroclear and Clearstream, Luxembourg; and (b) NGNs by making payments via the Paying Agent to or to the order of the common safekeeper for Euroclear and Clearstream, Luxembourg, for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear Netherlands, Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. FMO has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear Netherlands, Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Change of law and jurisdiction

The conditions of the Notes are governed by either Dutch law or English law as in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to Dutch law, English law or administrative practice after the date of this Base Prospectus, including but not limited to, the introduction of, and changes to, taxes, levies or fees applicable to FMO's operations (such as the imposition of a financial transaction tax, as to which see further 'The Proposed Financial Transactions Tax'). Prospective investors should note that either the courts of the Netherlands or England shall have jurisdiction in respect of any disputes involving any Series of Notes. Noteholders may take any suit, action or proceedings arising out of or in connection with the Notes against FMO in any court of competent jurisdiction. The laws of the Netherlands or England may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Notes.

U.S. Foreign Account Tax Compliance Withholding

Whilst the Notes are in global form and held within the clearing systems, in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the clearing systems (see "Foreign Account Tax Compliance Act"). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA), provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. FMO's obligations under the Notes are discharged once it has paid the common depository or common safekeeper for the clearing systems (as bearer holder of the Notes) and FMO has therefore no responsibility for any amount thereafter transmitted through hands of the clearing systems and custodians or intermediaries.

Implemented and proposed banking legislation for ailing banks give regulators powers to write down debt

An act on special measures regarding financial undertakings (*Wet bijzondere maatregelen financiële ondernemingen* or *Interventiewet*, hereinafter the "**Special Measures Financial Institutions Act**") entered into force on 13 June 2012 (with the exception of some provisions which have entered into or will enter into force on a later date).

Under the Special Measures Financial Institutions Act, substantial new powers are granted to the Dutch Central Bank (*De Nederlandsche Bank*) ("**DNB**") and the Dutch Minister of Finance enabling them to deal with, *inter alia*, ailing Dutch banks with the aim to avoid their insolvency. The Special Measures Financial Institutions Act aims to empower DNB or the Minister of Finance, as applicable, to commence proceedings leading to: (i) the transfer of all or part of the business (including deposits) of the relevant

bank to a private sector purchaser; (ii) the transfer of all or part of the business of the relevant bank to a 'bridge bank'; (iii) the transfer of the shares of the relevant bank to a 'bridge bank'; and (iv) public ownership (nationalization) of all or part of the relevant bank or of all or part of the shares of or other securities issued by the relevant bank. Subject to certain exceptions, as soon as any of these proposed proceedings have been initiated by DNB or the Minister of Finance, as applicable, the relevant counterparties of such bank would not be entitled to invoke events of default or set off their claims against the bank.

The Minister of Finance may, after consultation with DNB, take immediate measures which may deviate from statutory provisions or from the articles of association of the institution concerned. Within the context of the resolution tools provided by the Special Measures Financial Institutions Act, holders of debt securities of a bank (including Noteholders) subject to resolution could be affected by issuer substitution or replacement, transfer of debt, expropriation, modification of terms and/or suspension or termination of listing of the Notes. The Special Measures Financial Institutions Act has retroactive effect as of 20 January 2012.

On 6 June 2012 the European Commission published a proposal for a new directive on crisis management in the financial sector (the "**Crisis Management Directive**") which contains a number of legislative proposals similar to the Special Measures Financial Institutions Act. The Crisis Management Directive includes proposals to give regulators resolution powers to, *inter alia*, write down debt (which may also include the Notes) of failing banks and certain investment firms (or to convert such debt into equity) to strengthen their financial position and allow such undertakings to continue as a going concern subject to appropriate restructuring measures being taken. It is currently unclear whether measures ultimately adopted in this area will apply to any debt currently in issue, or whether grandfathering rules will apply. At this stage it is uncertain if the Crisis Management Directive will be adopted and if so, when and in what form and whether it will apply to institutions with a voluntary banking license such as FMO. As used in these risk factors, "Crisis Management Directive" means any relevant laws and regulations applicable to FMO at the relevant time pursuant to, or which implement, or are enacted with the context of, a directive and/or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms, a draft of which was published on 14 February 2013.

It is possible that, given the entering into force of the Special Measures Financial Institutions Act and/or upon the entering into force of the Crisis Management Directive in its current form or other resolution or recovery rules which may be applicable to FMO in the future (including, but not limited to, CRD IV), the relevant regulator may use its powers under the new regime in a way that could result in subordinated and/or senior debt instruments of FMO, such as Notes, absorbing losses. Pursuant to the exercise of any statutory loss absorption measures, the Notes could, in certain circumstances, become subject to a determination by the relevant authority or FMO that all or part of the principal amount of the Notes, including accrued but unpaid interest in respect thereof, must be written off, converted into regulatory capital or otherwise be applied to absorb losses. The rules and regulations giving effect to such statutory loss absorption are likely to provide that such determination shall not constitute an event of default and Noteholders will have no further claims in respect of any amount so written-off or otherwise as a result of such statutory loss absorption. Any determination that all or part of the principal amount of the Notes will be subject to statutory loss absorption may be inherently unpredictable and may depend on a number of factors which may be outside FMO's control. Accordingly, trading behaviour in respect of Notes which are subject to statutory loss absorption is not necessarily expected to follow trading behaviour associated with other types of securities. Any indication that Notes will become subject to statutory loss absorption could have an adverse effect on the market price of the relevant Notes. Potential investors should consider the risk that a Noteholder may lose all of its investment in such Notes, including the principal amount plus any accrued but unpaid interest, if those statutory loss absorption measures were to be taken.

The Special Measures Financial Institutions Act and/or the entering into force of the Crisis Management Directive could also in other ways negatively affect the position of the Noteholders and the credit rating attached to the Notes, in particular if and when any of the above rescue proceedings would be commenced against FMO, since the application of any such new legislation may affect the rights and effective remedies of the Noteholders as well as the market value of the Notes. The rescue measures could increase FMO's cost of funding and thereby have an adverse impact on FMO's financial position and results of operation.

OVERVIEW

The following overview does not purport to be complete and is taken from, and is qualified by, the remainder of this Base Prospectus and, in relation to the terms and conditions of any particular Series or Tranche of Notes, the applicable Final Terms. Words and expressions defined in 'Terms and Conditions of the Notes' below or elsewhere in this Base Prospectus have the same meanings in this overview.

The Issuer was established by the State, several Dutch companies and several Dutch trade unions in accordance with and pursuant to the Law of 1 May 1970 on Nederlandse Financierings Maatschappij voor Ontwikkelingslanden N.V. FMO is authorized by the DNB, pursuant to Article 3:4 subsection 1 of the Netherlands Financial Markets Supervision Act (*Wet op het financieel toezicht*, the "**Wft**"), to pursue the business of a voluntary bank in the Netherlands. FMO is submitted to the formal supervision of the DNB, and complies with the internationally accepted standards of the BIS (Bank for International Settlements) and other banking requirements. The Issuer is a large company (*structuurvennootschap*) as set forth in article 2:153 of the Dutch Civil Code.

Business overview

The Issuer is a development finance institution based in the Netherlands. The Issuer's core business comprises providing long term financing to private companies and financial institutions in Asia, Latin America, Africa, Eastern Europe and other developing country regions. The Issuer makes use of financial products such as loans and equity investments as well as a non-financial product, knowledge transfer. The Issuer's lending and guarantee operations include project finance, corporate loans and lines of credit to financial institutions. The Issuer invests, *inter alia*, both directly and through managed investment funds, in common and preference shares, subordinated loans with equity options or other sweeteners, and other quasi-equity instruments such as mezzanine financing, whether redeemable or not and whether covered by put-options or not.

Other activities of the Issuer include financing small-scale enterprises, providing seed capital to newly formed companies mainly in Africa, financing infrastructure projects in least developed countries, encouraging foreign direct investments and financial investment promotion and capacity development of private sector companies in developing countries. Such other activities are performed by the issuer for the account of the State and are based on agreements with the State.

The Issuer continues to pursue increasingly effective approaches that strengthen partnerships with key stakeholders.

State Agreement

The long term commitment of the State to the Issuer and the State's strong financial backing of the Issuer is set out in the Agreement dated 16 November 1998 between the State and the Issuer (the "**State Agreement**"). On 9 October 2009 an addendum to the State Agreement was signed, mainly relating to the information flow to the State in their role as counterparty to the State Agreement. The State Agreement was entered into for an indefinite period and may be cancelled by either party with effect from 1 January in any year, but subject to a twelve-year notice period. During such notice period the State Agreement remains in full force and effect. The Issuer states that neither the Issuer nor the State has cancelled the State Agreement and that it does not expect cancellation of the State Agreement in the foreseeable future. The purpose of the State Agreement is to ensure that FMO will be able to conduct its business which is described in more detail in the State Agreement and FMO's articles of association and in the chapter "Nederlandse Financierings-Maatschappij voor Ontwikkelingslanden N.V." in this Base Prospectus.

Management

The Management Board of the Issuer consists of the Chief Executive Officer Drs. N.D. Kleiterp, the Chief Investment Officer Drs. J. Rigterink and the Chief Risk & Finance Officer Drs. N.K.G. Pijl. The Supervisory Board of the Issuer currently consists of six members, who are listed in the chapter "Nederlandse Financierings-Maatschappij voor Ontwikkelingslanden N.V." in this Base Prospectus.

Financial Reporting

FMO reports on the basis of the International Financial Reporting Standards (IFRS) as of 1 January 2005. The publically available audited financial statements of the Issuer for the years ended 31 December 2011 and 31 December 2012 are incorporated into this Base Prospectus by reference.

Essential characteristics of the Notes and the Programme

The characteristics of the Notes and the Programme are set out in more detail in the sections "Key Features of the Programme", "Form of the Notes" and "Terms and Conditions of the Notes".

The Issuer may, subject to compliance with all relevant laws, regulations and directives, from time to time issue Notes under the Programme denominated in any currency (including Euro) agreed between the Issuer and the Relevant Dealer. The aggregate principal amount of the Notes outstanding under the Programme will not at any time exceed EUR 4,000,000,000, subject to any duly authorised increase. The aggregate principal amount, any interest rate, the issue price and certain other terms and conditions not contained herein with respect to each series of Notes will be established at the time of issuance and set forth in the applicable Final Terms.

The Notes may be offered for sale only outside the United States to non-U.S. persons in reliance on and in accordance with Regulation S under the Securities Act ("**Regulation S**") and in accordance with all applicable laws and regulations.

Application may be made for the Notes issued under the Programme to be listed and admitted to trading on Euronext Amsterdam, the Luxembourg Stock Exchange or the London Stock Exchange. The Final Terms applicable to a series of Notes will specify whether or not such series of Notes have been listed and admitted to trading on a regulated market.

The Notes under the Programme will constitute direct and unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer. Notes may be redeemable as may be specified in the Final Terms. Early redemption will be permitted for tax reasons as set out in the section “Terms and Conditions of the Notes”.

Risk Factors

Investing in Notes issued under the Programme involves certain risks. The risk factors that may affect the ability of FMO to fulfil its obligations under the Notes are set out in the section “Risk Factors” and include:

Risks relating to FMO:

- Credit risk;
- Market risk;
- Liquidity risk;
- Operational risk;
- No reliance upon the State;
- Due to the economic crisis, certain risks may arise;
- Impairment losses may occur on certain balance sheet items;
- Ratings downgrades and other ratings actions could have an adverse impact on FMO's operations and financial condition; and
- Changes in the financial services laws and/or regulations governing FMO's business may adversely affect its operations or profitability.

Risks relating to the Notes:

- Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme;
- Risks related to the structure of a particular issue of Notes;
- There is no active trading market for the Notes;
- The Notes may be redeemed prior to maturity;
- Credit rating risk;
- Because the Global Notes are held by or on behalf of Euroclear, Clearstream, Luxembourg and/or Euroclear Netherlands, investors will have to rely on their procedures for transfer, payment and communication with FMO;

- Change of law and jurisdiction;
- U.S. Foreign Account Tax Compliance Withholding; and
- Implemented and proposed banking legislation for ailing banks give regulators powers to write down debt.

Rating

Series or Tranches of Notes issued under the Programme may be rated or unrated. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. The rating of a certain Series or Tranche of Notes to be issued under the Programme may be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to a relevant Series or Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed clearly and prominently in the Final Terms. In general, credit institutions as defined in Directive 2006/48/EC of the European Parliament and of the Council of 14 June 2006 relating to the taking up and pursuit of the business of credit institutions, such as the Issuer, are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

FORM OF THE NOTES

Each Series or Tranche of Notes will be governed by, and shall be construed in accordance with, either the laws of the Netherlands or England as specified in the applicable Final Terms. In this Base Prospectus Notes expressed to be governed by Dutch law are referred to as "**Dutch Law Notes**" and Notes expressed to be governed by English law are referred to as "**English Law Notes**".

Each Series or Tranche of Notes will (unless otherwise indicated in the applicable Final Terms) be initially represented by a temporary global Note (a "**Temporary Global Note**") (or, if so specified in the applicable Final Terms, a permanent global Note (a "**Permanent Global Note**") and together with the Temporary Global Note, the "**Global Notes**" and each a "**Global Note**"), without Receipts, Coupons or Talons. Each Global Note which is not intended to be issued as an NGN (a CGN), as specified in the relevant Final Terms, will be deposited on the relevant Issue Date either (i) with a common depositary for Euroclear and Clearstream, Luxembourg or (ii) with Euroclear Netherlands. Each Global Note which is intended to be issued as a NGN as specified in the relevant Final Terms, will be deposited on or around the relevant Issue Date with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. Whilst any Note is represented by a Temporary Global Note and subject to TEFRA D selling restrictions (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010), payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant clearing system(s) and the relevant clearing system(s) have given a like certification (based on the certifications they have received) to the Agent. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

Exchangeability Temporary Global Notes

In respect of each Series or Tranche of Notes for which a Temporary Global Note will be issued, a date on which this Temporary Global Note will become exchangeable (the "**Exchange Date**") will be determined. Interests in a Temporary Global Note will be exchangeable (free of charge), upon request as described therein, either for interests in a Permanent Global Note without Receipts, Coupons or Talons or for definitive Notes (as indicated in the applicable Final Terms) in each case (if the Notes are subject to TEFRA D selling restrictions or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) against certification of beneficial ownership as described above unless such certification has already been given, on and after the Exchange Date which is the later of:

1. 40 days after the date on which the Temporary Global Note is issued; and

2. 40 days after the completion of the distribution of the relevant Series or Tranche, as certified by the Relevant Dealer (in the case of a non-syndicated issue) or the relevant lead manager (in the case of a syndicated issue) (the "**Distribution Compliance Period**").

The holder of a Temporary Global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Pursuant to the Agency Agreement (as defined under 'Terms and Conditions of the Notes' below) the Agent shall arrange that, where a Temporary Global Note representing a Series or Tranche of Notes is issued, the Notes of such Series or Tranche shall be assigned an ISIN and a common code by Euroclear and Clearstream, Luxembourg which are different from the ISIN and common code assigned to Notes of any other Tranche of the same Series.

Definitive Notes that are English Law Notes will be in the standard euromarket form. Definitive Notes that are Dutch Law Notes will be in the standard euromarket form. Definitive Notes and Global Notes will be in bearer form.

Payments of principal and interest (if any) on Permanent Global Notes

A Permanent Global Note will be exchangeable (free of charge), in whole in accordance with the applicable Final Terms for security printed definitive Notes with, where applicable, Receipts, Coupons or Coupon sheets and Talons attached. Such exchange may be made, as specified in the applicable Final Terms, either (i) upon not less than 30 days' written notice being given to the Agent by Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system (acting on the instructions of any of its participants) as described therein or (ii) only upon the occurrence of any Exchange Event. An "**Exchange Event**" means (1) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative clearing system is available or (2) the Issuer has or will become obliged to pay additional amounts as provided for or referred to in Condition 6 which would not be required were the Notes represented by the Permanent Global Note in definitive form or (3) upon the occurrence of any of the circumstances described in Condition 8. The Issuer will promptly give notice to Noteholders in accordance with Condition 12 upon the occurrence of an Exchange Event as described in (1) or (2) above. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg, acting on the instructions of any holder of an interest in such Permanent Global Note, may give notice to the Agent requesting exchange and in the event of the occurrence of an Exchange Event as described in (2) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur no later than 30 days after the date of receipt of the relevant notice by the Agent. Global Notes and definitive Notes will be issued pursuant to the Agency Agreement. At the date hereof, neither Euroclear nor Clearstream, Luxembourg regard Notes in global form as fungible with Notes in definitive form.

In case of Notes represented by a Global Note deposited with Euroclear Netherlands, exchange of such Global Notes for security printed definitive Notes is limited to the circumstances described in Articles 26 and 45 in connection with delivery (*uitlevering*) under the Dutch Securities Giro Transfer Act 1977 (*Wet giraal effectenverkeer*) as amended from time to time.

Applicable legends

The following legend will appear on all Global Notes, definitive Notes, Receipts and Coupons (including Talons) with a maturity of more than 1 year which are subject to TEFRA D selling restrictions (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010):

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE."

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg or Euroclear Netherlands as the case may be.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The following legend will appear on all Global Notes held in Euroclear Netherlands:

"Notice: This Note is issued for deposit with Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V. ("**Euroclear Netherlands**") at Amsterdam, the Netherlands. Any person being offered this Note for transfer or any other purpose should be aware that theft or fraud is almost certain to be involved."

Acceleration

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 8 of the Notes. In such circumstances: (a) where any Dutch Law Note is still represented by a Global Note and a holder of such Note so represented and credited to his account with the relevant clearing system(s) (other than Euroclear Netherlands) gives notice that it wishes to accelerate such Note, holders of interests in such Global Note credited to their accounts with the relevant clearing system(s) (other than Euroclear Netherlands) will become entitled to proceed directly against the Issuer on the basis of statements of account provided by the relevant clearing system(s) (other than Euroclear Netherlands) on and subject to the terms of the relevant Global Note; (b) where any English Law Note is still represented by a Global Note, the holder of such Note so represented may give notice that it wishes the Global Note to be exchanged for Notes in definitive form.

Conditions upon exchangeability

Whenever a Global Note is to be exchanged for Notes in definitive form, the Issuer shall procure the prompt delivery (free of charge) of such Notes in definitive form, duly authenticated and with Receipts, Coupons and Talons attached (if so specified in the applicable Final Terms), in an aggregate principal amount equal to the principal amount of the Global Note to the bearer of the Global Note against the surrender of the Global Note to or to the order of the Agent within 30 days of the bearer requesting such exchange. If:

- (i) Notes in definitive form have not been delivered by 5.00 p.m. (Luxembourg time) on the thirtieth day after the bearer of a Global Note has duly requested exchange of the Global Note for Notes in definitive form; or

- (ii) a Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Global Note in accordance with the terms of the Global Note on the due date for payment,

then the Global Note (including the obligation to deliver Notes in definitive form) will become void at 5.00 p.m. (Luxembourg time) on such thirtieth day (in the case of (i) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of (ii) above) and the bearer of the Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Global Note or others may have under a deed of covenant dated on or about 3 July 2013 (the "**Deed of Covenant**") executed by the Issuer.

Under the Deed of Covenant, persons shown in the records of the relevant clearing system(s) (other than Euroclear Netherlands) as being entitled to an interest in a Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Note became void, they had been the holders of Notes in definitive form in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of the relevant clearing system(s) (other than Euroclear Netherlands).

In the case of a Global Note deposited with Euroclear Netherlands, the rights of Noteholders will be exercised in accordance with the Securities Giro Transfer Act 1977 (*Wet giraal effectenverkeer*) as amended from time to time.

 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year;

- (A) the Specified Interest Payment Date(s) in each year; or
- (B) if no express Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an "**Interest Payment Date**") which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 3(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the

month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (4) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions:

"Business Day" means a day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the relevant place of presentation and any Additional Business Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars shall be Sydney) or (2) in relation to any sum payable in Euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007 ("**TARGET2**") is open.

(c) Rate of Interest

The Rate of Interest payable from time to time in respect of the Floating Rate Notes will be determined in the manner specified in the applicable Final Terms on the following basis:

(A) *ISDA Determination For Floating Rate Notes*

Where ISDA Determination is specified as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (A), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an ISDA Master Agreement incorporating the 2000 or 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Series or Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is the period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter bank offered rate ("**LIBOR**") or on the Euro zone inter bank offered rate ("**EURIBOR**"), the first day of that Interest Period.

For the purposes of this subparagraph (c)(A):

"**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

When this subparagraph (A) applies, in respect of each relevant Interest Period the Agent will be deemed to have discharged its obligations under Condition 3(e) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this subparagraph (A).

In these Terms and Conditions:

"**Margin**" means the margin applicable to the Notes specified as such in the applicable Final Terms.

Market disruption events will be dealt with under the terms set out in the applicable ISDA Definitions.

(B) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation for the Reference Rate (if there is only one quotation on the Relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rates which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of (1) above, no such offered quotation appears, or in each case of (2) above fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph, the Agent shall request each of the Reference Banks to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for the relevant Interest Period by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent with such offered rates, the offered rate for deposits in the Specified Currency for the relevant Interest Period, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for the relevant Interest Period, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

For the purposes of this subparagraph (c)(B)(2):

"Interest Determination Date" means the interest determination date as specified in the applicable Final Terms;

"Reference Banks" means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Agent;

"Reference Rate" means the rate specified as such in the applicable Final Terms, being either LIBOR or EURIBOR;

"Relevant Screen Page" means such page, section, caption or column or other part of a particular information service as may be specified in the applicable Final Terms; and

"Specified Time" means 11.00 a.m. (London time, in the case of a determination of LIBOR, or Brussels Time, in the case of a determination of EURIBOR).

(d) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period is determined in accordance with the provisions of paragraph (c) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specify a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period is determined in accordance with the provisions of paragraph (c) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

For the purposes of this paragraph (d):

"Maximum Rate of Interest" means the maximum rate of interest specified as such in the applicable Final Terms; and

"Minimum Rate of Interest" means the minimum rate of interest specified as such in the applicable Final Terms or if no such rate is state the minimum rate of interest shall be deemed zero.

(e) Determination of Rate of Interest and Calculation of Interest Amounts

The Agent, in the case of Floating Rate Notes will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the **"Interest Amount"**) payable on the Floating Rate Notes in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Floating Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

"Floating Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period in accordance with Condition 3(e):

- (i) if 'Actual/365' or 'Actual/Actual' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non leap year divided by 365);
- (ii) if 'Actual/365 (Fixed)' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

- (iii) if 'Actual/365 (GBP)' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if 'Actual/360' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if '30/360', '360/360' or 'Bond Basis' is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30 day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30 day month or (b) the last day of the Interest Period is the last day of the month of February in which case the month of February shall not be considered to be lengthened to a 30 day month)); and
- (vi) if '30E/360' or 'Eurobond Basis' is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30 day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of an Interest Period ending on the Maturity Date the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30 day month).

(f) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and admitted to trading and notice thereof to be published in accordance with Condition 12 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Rate of Interest, Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and admitted to trading and to the Noteholders in accordance with Condition 12.

For the purposes of this paragraph (f):

"London Business Day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(g) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 3, whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent, if applicable, the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the

Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Calculation Agent, if applicable, in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

(h) Interest on Dual Currency Interest Notes

In the case of Dual Currency Notes payments (whether in of principal or interest and whether at maturity or otherwise) will be made in such currencies, and based on such rates of exchange, as may be specified in the applicable Final Terms.

(i) Interest on Partly Paid Notes

In the case of Partly Paid Notes and absent failure to pay any Instalment Amount due on any Partly Paid Note, interest will accrue as aforesaid on the paid up nominal amount of such Notes.

(j) Accrual of Interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date of its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 12 or individually.

(k) Change of Interest Basis Option

If "**Change of Interest Basis Option**" is specified as applicable in the applicable Final Terms, the Issuer may, subject to notification Euronext Amsterdam, the Luxembourg Stock Exchange or the London Stock Exchange (if the Notes are being listed on such stock exchange) and having given:

- (1) notice to the Noteholders in accordance with Condition 12; and
- (2) notice to the Agent,

not less than the number of Business Days equal to the Interest Basis Option Period (as specified in the applicable Final Terms) prior to the date on which the Change of Interest Basis Option shall be effective (both of which notices shall be irrevocable) exercising the Change of Interest Basis Option upon which the Interest Basis of the Notes shall change from the Initial Interest Basis (which shall cease to apply) to the Subsequent Interest Basis (which shall commence to apply), effective as of the Change of Interest Basis Option Date (as specified in the applicable Final Terms) immediately following the date on which the notice referred to above is given.

For the purposes of this paragraph (k):

"**Initial Interest Basis**" means the initial interest basis applicable on the Issue Date as specified in the applicable Final Terms; and

"**Subsequent Interest Basis**" means the interest basis indicated as such in the applicable Final Terms that shall commence to apply from and including the Change of Interest Basis Option Date (as specified in the applicable Final Terms).

4. **Payments**

(a) Method of Payment

Subject as provided below:

- (i) payments in a Specified Currency other than Euro will be made by transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney provided, however, that no payment will be made by transfer to an account in, or by cheque mailed to an address in, the United States or any of its possessions); and
- (ii) payments in Euro will be made by credit or transfer to a Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or, at the option of the payee, by a Euro cheque provided, however, that no payment will be made by transfer to an account in, or by cheque mailed to an address in, the United States or any of its possessions.

Payments will be subject in all cases to (i) fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 6, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Revenue Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Revenue Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 6) any law implementing an intergovernmental approach thereto.

(b) Presentation of Notes, Receipts and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against surrender of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against surrender of Coupons, in each case at the specified office of any Paying Agent (in the case of any payments to be made in U.S. Dollars, outside the United States).

Payments of instalments of principal (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above against surrender of the relevant Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes and Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five years after the date on which such principal first became due (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due. Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Receipts and Talons (if any) appertaining thereto will become void and no payments in respect of any such Receipts and no further Coupons in respect of any such Talons will be made or issued, as the case may be. Upon the date on which any Floating Rate Note, Dual Currency Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Receipts, Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. Where any such Note is presented for redemption without all unmatured Receipts, Coupons or Talons relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon **provided that** such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note to or to the order of any Paying Agent. A record of each payment made against presentation or surrender of such Global Note, distinguishing between any payment of principal and any payment of interest, will in case of a CGN be made on such Global Note by such Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made and in case of an NGN *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of

such Global Note. No person other than the holder of such Global Note shall have any claim against the Issuer in respect of any payments due on that Global Note.

In the case of Global Notes held by Euroclear Netherlands, payment of interest or principal or any other payments on or in respect of the Notes to the Noteholders will be effected through admitted institutions (*aangesloten instellingen*) of Euroclear Netherlands. The Issuer shall deposit or cause to be deposited the funds intended for payment on the Notes in an account of Euroclear Netherlands. The Issuer will by such deposit be discharged of its obligations towards the Noteholders. No person other than the holder of the Global Note shall have any claim against the Issuer in respect of any payments due on that Global Note. Euroclear Netherlands will be discharged of its obligation to pay by paying the relevant funds to the admitted institutions of Euroclear Netherlands which according to Euroclear Netherlands' record hold a share in the *girodepot* with respect to such Notes, the relevant payment to be made in proportion to the share in such *girodepot* held by each of such admitted institution of Euroclear Netherlands. Euroclear Netherlands shall not be obliged to make any payment in excess of funds it actually received as funds free of charges of any kind whatsoever.

Notwithstanding the foregoing, U.S. Dollar payments of principal and interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. Dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. Dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(c) Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

For these purposes, "**Payment Day**" means any day (subject to Condition 7) which is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in (1) in case of Notes in definitive form only, the relevant place of presentation and (2) any Additional Financial Centre; and

- (ii) either (1) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney) or (2) in relation to any sum payable in Euro, a day on which the TARGET2 is open.

For the purposes of this paragraph (c):

"Additional Financial Centre" means any financial centre specified as such in the applicable Final Terms.

(d) Interpretation of Principal and Interest

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 6;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Instalment Notes, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount; and
- (vii) any premium and any other amounts which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 6.

In these Terms and Conditions:

"Amortised Face Amount" has the meaning specified in Condition 5(e)(iii);

"Instalment Amount" means the amount specified as such in the applicable Final Term; and

"Optional Redemption Amount(s)" means an amount specified as such in the applicable Final Terms, and if no such amount is specified, the nominal amount of such Note.

5. **Redemption and Purchase**

(a) At Maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date (in the case of a Note other than a Floating Rate Note) or on the Interest Payment Date falling in the month of redemption (in the case of a Floating Rate Note) or by instalments in the Instalment Amount(s) and on the Instalment Date(s) specified in the applicable Final Terms (in the case of a Note redeemable in instalments).

In these Terms and Conditions:

"**Instalment Date(s)**" means the date(s) specified as such in the applicable Final Terms.

(b) Redemption for Tax Reasons

If this Condition 5(b) is applicable, Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes), on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 12 (which notice shall be irrevocable) if, on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 6 as a result of any change in, or amendment to, the laws or regulations of the Netherlands or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Series or Tranche of the Notes. Each Note redeemed pursuant to this Condition 5(b) will be redeemed at its Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) Redemption at the Option of the Issuer (Issuer Call)

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 12; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent,

(both of which notices shall be irrevocable), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or greater than the Maximum Redemption Amount, both as indicated in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the

case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear, Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion) and/or Euroclear Netherlands, in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 12 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, **provided that** such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant Global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this sub paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 12 at least 5 days prior to the Selection Date.

In these Terms and Conditions:

"**Optional Redemption Date(s)**" means, if specified as applicable in the applicable Final Terms, the date(s) designated and notified by the Issuer to the Noteholders (in the event an Issuer Call is applicable) or by the Noteholders to the Issuer (in the event an Investor Put is applicable).

(d) Redemption at the Option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 12 not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

If this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, to exercise the right to require redemption of this Note its holder must deliver at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, to exercise the right to require redemption of this Note the holder of this Note must, within

the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg, or, if applicable, Euroclear Netherlands (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depository for them or, if applicable, Euroclear Netherlands, to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, from time to time and, if this Note is represented by a Global Note which is a CGN, at the same time present or procure the presentation of the relevant Global Note to the Agent for notation accordingly. If this Note is represented by a Global Note which is a NGN, upon the exercise of an Investor Put, the Agent shall instruct Euroclear and Clearstream, Luxembourg or any common safekeeper for them to update their records as applicable.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 8.

(e) Early Redemption Amounts

For the purpose of paragraph (b) above and Condition 8, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (i) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note and Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at its nominal amount; or
- (iii) in the case of a Zero Coupon Note, at an amount (the "**Amortised Face Amount**") calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{Reference Price} * (1 + \text{AY})y$$

where:

"**Reference Price**" means the reference price as specified in the applicable Final Terms;

"**AY**" means the Accrual Yield expressed as a decimal; and

"**y**" is a fraction the numerator of which is equal to the number of days (calculated on the basis of the Day Count Fraction specified in the applicable Final Terms, or if none is specified in the applicable Final Terms, a 360 day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Series or Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is calculated on the basis of the Day Count Fraction specified in the applicable Final Terms, or if none is specified in the applicable Final Terms, 360.

(f) Instalments

Instalment Notes will be repaid in the Instalment Amount and on the Instalment Date(s). In case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 5(e) above.

(g) Partly Paid Notes

If the Notes are Partly Paid Notes, they will be redeemed, whether at Maturity, early redemption or otherwise at the paid-up nominal amount of such Notes.

(h) Purchases

The Issuer or any of its subsidiaries may at any time purchase Notes (**provided that**, in the case of definitive Notes, all unmaturing Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, re-issued, resold or, at the option of the purchaser, surrendered to any Paying Agent for cancellation.

(i) Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmaturing Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph (h) above (together with all unmaturing Receipts and Coupons cancelled therewith) shall be forwarded to the Agent and cannot be re-issued or resold.

(j) Late Payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 8 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders, in accordance with Condition 12.

6. **Taxation**

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Netherlands or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will depending on which provision is specified in the applicable Final Terms either:

- (a) make the required withholding or deduction of such taxes, duties, assessments or governmental charges for the account of the holders of the Notes, Receipts or Coupons, as the case may be, and shall not pay any additional amounts to the holders of the Notes, Receipts or Coupons; or

 - (v) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

"**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 12.

7. **Prescription**

Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

10. **Agent and Paying Agents**

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out in this Base Prospectus.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, **provided that:**

- (i) so long as the Notes are listed and admitted to trading on any stock exchange or by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange (or any other relevant authority);
- (ii) there will at all times be a Paying Agent with a specified office in a city in continental Europe other than the jurisdiction in which the Issuer is incorporated;
- (iii) there will at all times be an Agent; and

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the final paragraph of Condition 4(b). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 12.

11. **Exchange of Talons**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon matures, the Talon (if any) forming part of such Coupon may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon including (if such further Coupon does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 7. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Fixed Interest Date or the Interest Payment Date (as the case may be) on which the final Coupon comprised in the relative Coupon matures.

12. Notices

All notices regarding the Notes shall be published (i) by way of press release issued in the Netherlands and each Member State where the Notes have been listed and admitted to trading on a regulated market, (ii) on the website of the Issuer and (iii) if so specified in the applicable Final Terms, in a leading English language daily newspaper of general circulation in London. It is expected that such publication will be made in the Financial Times in London (in the case of (iii) above). Any such notice will be deemed to have been given on the date of the first publication.

Until such time as any definitive Notes are issued, there may (**provided that**, in the case of any publication required by virtue of the Notes being admitted to trading and listing by any competent authority and/or stock exchange, such requirements so permit), so long as the Global Note(s) is or are held in its or their entirety on behalf of Euroclear and Clearstream, Luxembourg, be substituted for publication in some or all of the newspapers referred to above, the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the Noteholders. Any such notice shall be deemed to have been given to the Noteholders on the seventh day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

Where the identity of all the Noteholders is known to the Issuer, the Issuer may (after consultation with the relevant stock exchange (where relevant)) give notice individually to such holders in lieu of publication as provided above.

Notices to be given by any holder of the Notes shall be in writing and given by lodging such notice, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

13. Meetings of Noteholders, Modification and Waiver

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or certain provisions of the Agency Agreement. Such a meeting may be convened by the Issuer or Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, Receipts or Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, Receipts or Coupons), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than two thirds, or at any adjourned such meeting not less than one third, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification (except as mentioned above) of the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons, or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the laws of the Netherlands or the laws of the United Kingdom.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 12 as soon as practicable thereafter.

For the purposes of these Terms and Conditions:

"Extraordinary Resolution" means a resolution passed at a meeting of the Noteholders duly convened and held in accordance with the provisions in the Agency Agreement contained by a majority consisting of not less than 75% of the persons voting thereat upon a show of hands or if a poll be duly demanded then by a majority consisting of not less than 75% of the votes given on such poll.

14. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

15. **Governing Law and Submission to Jurisdiction**

(a) *Dutch Law*

This Condition 15(a) shall be applicable to the Notes if the governing law of the Notes is specified in the applicable Final Terms as the laws of the Netherlands.

The Notes, the Receipts, the Coupons and any non-contractual obligations arising out of or in connection with the Notes, the Receipts and the Coupons are governed by, and shall be construed in accordance with, the laws of the Netherlands.

The Issuer submits for the exclusive benefit of the Noteholders, the Receiptholders and the Couponholders to the jurisdiction of the court of first instance (*rechtbank*) of The Hague, the Netherlands, judging in first instance, and its appellate courts. Without prejudice to the foregoing, the Issuer further irrevocably agrees that any suit, action or proceedings arising out of or in connection with the Agency Agreement, the Notes, the Receipts and the Coupons may be brought in any other court of competent jurisdiction.

(b) *English law*

This Condition 15(b) shall be applicable to the Notes if the governing law of the Notes is specified in the applicable Final Terms as English law.

The Notes, the Receipts and the Coupons and any non-contractual obligations arising out of or in connection with the Notes, the Receipts and the Coupons are governed by, and shall be construed in accordance with, English law.

The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising from or connected with the Notes, the Receipts and the Coupons.

The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

Condition 15(b) is for the benefit of the Noteholders, the Receiptholders and the Couponholders only. As a result, nothing in this Condition 15(b) prevents any Noteholder, Receiptholder or Couponholder from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, Noteholders, the Receiptholders and the Couponholders may take concurrent Proceedings in any number of jurisdictions.

The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to the Royal Netherlands Embassy (attn. Economics Department), 38, Hyde Park Gate, London SW7 5DP, United Kingdom or, if different, its registered office for the time being or at any address of the Issuer in Great Britain at which process may be served on it in accordance with Part XXIII of the Companies Act 1985. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of any Noteholder, Receiptholder or Couponholder addressed and delivered to the Issuer or to the specified office of the Agent appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Noteholder, Receiptholder or Couponholder shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the specified office of the Agent. Nothing in this paragraph shall affect the right of any Noteholder, Receiptholder or Couponholder to serve process in any other manner permitted by law. This Condition 15(b) applies to Proceedings in England and to Proceedings elsewhere.

16. **Third Party Rights**

No person shall have any right to enforce any term or condition of the Notes, if the governing law of the Notes is specified in the applicable Final Terms as English law, under the Contracts (Rights of Third Parties) Act 1999.

**FORM OF FINAL TERMS FOR ISSUES WITH A DENOMINATION OF AT LEAST EUR

PART A — CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated 3 July 2013, which constitutes a base prospectus (the "**Base Prospectus**") for the purposes of the Prospectus Directive (Directive 2003/71/EC as amended by Directive 2010/73/EC) (the "**Prospectus Directive**"). This document contains the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus [as supplemented by the supplement to the Base Prospectus dated [insert date]].

[The following alternative language applies if the first Series or Tranche of an issue which is being increased was issued under a Base Prospectus with an earlier date. Please note that if the relevant prospectus has not been previously approved by the Netherlands Authority for the Financial Markets, this will trigger the requirement to publish a supplement to the Base Prospectus.]

[Terms used herein shall be deemed to be defined as such, to the extent they apply to Fixed Rate Notes and/or Floating Rate Notes, in [the terms and conditions as referred to on pages 43 up to and including 70 of the base prospectus of the Issuer relating to the Programme, dated 18 September 2008 (the "**2008 Terms and Conditions**") [the terms and conditions as referred to on pages 26 up to and including 50 of the base prospectus of the Issuer relating to the Programme, dated 14 September 2009 (the "**2009 Terms and Conditions**") [the terms and conditions as referred to on pages 27 up to and including 50 of the base prospectus of the Issuer relating to the Programme, dated 12 May 2010 (the "**2010 Terms and Conditions**") [the terms and conditions as referred to on pages 28 up to and including 52 of the base prospectus of the Issuer relating to the Programme, dated 14 June 2011 (the "**2011 Terms and Conditions**") [the terms and conditions as referred to on pages 31 up to and including 55 of the base prospectus of the Issuer relating to the Programme, dated 28 June 2012 (the "**2012 Terms and Conditions**")] each of which have been incorporated by reference in, and form part of the Base Prospectus

dated 3 July 2013. These Final Terms contain the final terms of the Notes and must be read in conjunction with the Base Prospectus dated 3 July 2013, save in respect of the 2008/2009/2010/2011/2012 Terms and Conditions incorporated by reference therein which are attached hereto. Together, the Base Prospectus and these Final Terms constitute a base prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC as amended by Directive 2010/73/EU) (the “**Prospectus Directive**”). This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with such Base Prospectus.]

Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms, the Base Prospectus dated 3 July 2013 and the Conditions. The Base Prospectus is available for viewing at the website www.fmo.nl/investorrelations, and copies may be obtained at the specified office of the Issuer and the Agent.

[Include whichever of the following apply or specify as 'Not Applicable' (N/A). Note that the numbering should remain as set out below, even if 'Not Applicable' is indicated for individual paragraphs or sub paragraphs. Italics denote directions for completing the Final Terms.]

[When completing Final Terms or adding any other final terms or information consideration should be given as to whether such terms or information constitute 'significant new factors' and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.]

[When adding any other final terms or information, consideration should be given as to whether such terms or information constitute category "B" information as indicated in Annex XX of the Prospectus Regulation and consequently trigger the need for an individual drawdown prospectus]

[Consider whether a drawdown prospectus is necessary in order to issue fungible Notes where the first Series or Tranche was issued pursuant to a previous base prospectus. This could arise in circumstances where, for example, the Final Terms for the original Series or Tranche included information which is no longer permitted to be included in Final Terms under the Prospectus Directive (as amended) or pursuant to guidance issued by ESMA.]

[If the Notes must be redeemed before first anniversary of their date of issue, the minimum denomination may need to be £100,000 or its equivalent in any other currency.]

If in respect of any particular issue of Notes, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

NEDERLANDSE FINANCIERINGS-MAATSCHAPPIJ VOOR ONTWIKKELINGSLANDEN N.V.

Nederlandse Financierings-Maatschappij voor Ontwikkelingslanden N.V. (the "**Issuer**" or "**FMO**") was incorporated with limited liability under the laws of the Netherlands on 8 July 1970. The Issuer's registered office is at Anna van Saksenlaan 71, 2593 HW The Hague, the Netherlands. The Issuer was established by the State of the Netherlands (the "**State**"), several Dutch companies and several Dutch trade unions in accordance with and pursuant to the Law of 1 May 1970 on Nederlandse Financierings Maatschappij voor Ontwikkelingslanden N.V. (*Staatsblad* 237, 1970).

FMO's mission

FMO finances entrepreneurs from developing countries because we believe a thriving private sector fuels economic and social progress. We invest in companies, financial institutions and projects with capital and knowledge, and we do it with the ultimate goal of empowering people to employ their skills and improve their own quality of life. Our business is fuelled by a vision that we share with the World Business Council for Sustainable Development: a world in 2050 in which nine billion people live well and within the limits of the planet's resources. Within this vision, FMO's mission is to empower entrepreneurs to build a better world.

Objects

The principal object of the Issuer, as set forth in Clause 3 in its articles of association is to make a contribution to the advancement of productive enterprise in developing countries in order to stimulate their economic and social progress, in accordance with the aims pursued by their governments and with the policy of the Dutch government in regard to development aid.

The Issuer has the corporate power and capacity to issue Notes under the Programme and to enter into the agreements referred to in this Base Prospectus in connection with the Programme.

Ownership and corporate structure

As at the date of this Base Prospectus, the Issuer's shares are held as set out below:

Shareholder	Share %
The State	51
Commercial Dutch banks (such as ABN Amro, Rabobank, ING, etc)	42
Others (incl. a Dutch union, representatives of the private sector and certain private individuals)	7

The Issuer is a large company (*structuurvennootschap*) as set forth in article 2:153 of the Dutch Civil Code, which, *inter alia*, implies that the Issuer's managing directors (*bestuurders*) are appointed by its Supervisory Board. The Supervisory Board of the Issuer consists of six members. Pursuant to the articles of association all members of the Supervisory Board are appointed by the Annual General Meeting of Shareholders.

Activities

The Issuer is a development finance institution based in the Netherlands with total assets of EUR 5,561,330,000 as of 31 December 2012, and operates through its office in The Hague. As of 31 December 2012 the Issuer employed 306 people (full time equivalent).

The Issuer's core business comprises providing long term financing to private companies and financial institutions in Asia, Latin America, Africa and other developing country regions. The Issuer makes use of financial products such as loans and equity investments as well as a non-financial product, knowledge

transfer. The Issuer's lending and guarantee operations include project finance, corporate loans and lines of credit to financial institutions.

The Issuer invests, *inter alia*, both directly and through managed investment funds, in common and preference shares, subordinated loans with equity options or other sweeteners, and other quasi-equity instruments such as mezzanine financing, whether redeemable or not and whether covered by put-options or not. On average over the financial years 2010, 2011 and 2012, FMO has contracted about EUR 1,100,000,000 in new commitments, in addition to commitments of State funds, with an average committed amount of approximately EUR 11 million per investment. The majority of these deals are in our specialization sectors.

Other activities of the Issuer include financing small-scale enterprises, providing seed capital to newly formed companies mainly in Africa, financing infrastructure projects in least developed countries, encouraging foreign direct investments and financial investment promotion and capacity development of private sector companies in developing countries. Such other activities are performed by the issuer for the account of the State and are based on agreements with the State.

These activities enable the Issuer to take on additional portfolio and sector-level risk in some cases. In others, such as in relation to capacity development activities, company-level risks are reduced by coupling institution building to the Issuer's core business clients. The client is better served by the Issuer's ability to apply synergetic combinations of these State-supported and the Issuer's primary activities. The capacity development-programme enables targeted access to know-how, bundled to meet a company's full organizational needs. The program is FMO-managed and financed by the Dutch Ministry for Development Cooperation. The Issuer is in the process of establishing itself as an investment advisor to a debt fund that will finance financial institutions serving small and medium sized enterprises in developing countries. The Issuer, along with a joint venture partner, is also currently preparing for the establishment of a fund manager entity for fund of funds activities in Africa.

Through its syndicated loan- or B loan-program the Issuer pools financial resources from multiple partners to attract the required funding on a non-recourse basis. Under this program, other financial institutions provide part of the funds for a loan and bear their *pro rata* share of the risks, but the Issuer serves as a lender of record for the entire loan. The participating banks can benefit from the political protection and fiscal benefits arising from the Issuer's status as a bilateral international financing institution.

FMO continues to pursue increasingly effective approaches that strengthen partnerships with key stakeholders by offering innovative solutions for our clients and create worldwide partnerships to serve clients with local knowledge combined with FMO's entrepreneurial spirit.

Markets

FMO's main markets are: Financial institutions, Energy, and Agribusiness, food & water.

Financial Institutions

Accessible finance is a cornerstone for viable economies and strong private sectors. A healthy financial sector can bolster entrepreneurs and individuals alike.

FMO focuses on financial institutions with long-term goals that can bolster their developing markets and communities. FMO tailors its products to its clients' needs – financing all forms of financial institutions at all stages of development. FMO's products and services cover the long as well as short-term, incorporating local-currencies when possible to avoid mismatches.

FMO also supports financial institutions in reaching international best practices, for example, in asset liability management, risk management, product development, environmental risk management and implementation of client protection principles.

Energy

Financing energy projects is a major priority of our strategy. FMO focuses on the full chain from exploration and transportation to generation and distribution, with a strong emphasis on renewable energy. In middle-income countries, FMO invests in sustainable energy. In low-income countries, FMO invests in energy projects that enable new access to energy, with a preference for sustainable solutions. For developing countries, access to reliable and affordable energy is essential for economic and social progress.

Energy is crucial for running businesses, institutions and households alike. Without alternatives, fragile fossil fuels such as oil, coal and gas continue to be depleted. And natural disasters from climate change are more frequent and devastating – putting even more pressure on resources.

FMO finances long-term projects that can fuel economies, open gateways to access, clear the way for low-carbon systems and safeguard energy supplies.

Agribusiness, food & water

In 2012 FMO has started the focus sector Agribusiness, food & water. Achieving long term sustainability in global agribusiness production requires large investments targeted at improving farming practices, increasing yields and reducing waste. Food security and access to affordable nourishment are crucial in developing countries.

A surging global population demands long-term accessibility to affordable food. FMO finances sustainable agribusiness companies throughout the value chain, including farming, processing and distribution operations.

State Agreement

The long term commitment of the State to the Issuer and the State's strong financial backing of the Issuer is set out in the Agreement dated 16 November 1998 between the State and the Issuer (the "**State Agreement**"). On 9 October 2009 an addendum to the State Agreement was signed, mainly relating to the information flow to the government in their role as counterparty to the State Agreement.

The State Agreement was entered into for an indefinite period and may be cancelled by either party with effect from 1 January in any year, but subject to a twelve-year notice period. During such notice period the State Agreement remains in full force and effect. The Issuer states that neither the Issuer nor the State has cancelled the State Agreement and that it does not expect cancellation of the State Agreement in the foreseeable future.

Pursuant to the State Agreement, the State has agreed to provide financial support to the Issuer, including yearly contributions to the Issuer's development fund of EUR 37,260,000. The yearly contributions of the State were made available by the State as holder of the A Shares and were added to the Issuer's equity.

The development fund reached a total capital of EUR 657,981,000 on 1 January 2005. The State Agreement does not provide for further budget allocation after 2005 and hence no contributions have been made after 2005.

The purpose of the State Agreement is to ensure that FMO will be able to conduct its business which is described in more detail in the State Agreement and FMO's articles of association. To this extent, article 4 of the State Agreement provides, translated into English, that:

"To enable FMO to conduct its business in accordance with Article 1 of this Agreement and its objects as set forth in article 2 of its Articles of Association, the State agrees to provide FMO with funds as hereinafter specified in articles 5-8."

To this extent, the State Agreement is also aimed at providing financial support so that no situations arise in which FMO is unable to meet certain of its commitments on time. The State's undertaking to provide financial support and the types of commitments are described in more detail in article 8 of the State Agreement, which is translated into English as follows:

"Without prejudice to other provisions in this Agreement, the State shall prevent situations arising in which FMO is unable to meet the following (comprehensively enumerated) commitments on time. FMO's commitments in respect of

- (i) loans raised in the capital markets;*
- (ii) short term funds raised on the money market with maturities of two years or less;*
- (iii) swap agreements involving the exchange of principal and interest;*
- (iv) swap agreements not involving the exchange of principal, but with interest payments;*
- (v) foreign exchange forward contracts and Forward Rate Agreements (FRAs);*
- (vi) options and futures contracts;*
- (vii) combinations of the products referred to under (i) to (vi);*
- (viii) guarantees given by FMO to third parties in respect of the financing of private companies in developing countries; and*
- (ix) commitments relating to the maintenance of an adequate organization."*

Notes issued under the Programme fall within the scope of the above mentioned article of the State Agreement.

In connection with the said undertaking of the State, it is agreed that the Issuer will provide the Minister of Finance with information necessary to exercise effective supervision of the Issuer's activities and financial position. Pursuant to article 10 of the State Agreement, the State cannot suspend its obligations under article 8.

The State Agreement provides for an evaluation of the State Agreement every five years from the date of the State Agreement. Translated into English, article 11 provides that:

"The State and FMO shall evaluate this Agreement or cause it to be evaluated each time with the lapse of five years from the date of signature of this Agreement. Any proposed changes to parts of this Agreement which may arise from such evaluations shall be taken into consideration by the State and FMO, but they shall be under no obligation to consent to them."

Under Dutch law, the Issuer has no obligation to accept any proposal or offer form amendments to the State Agreement following an evaluation. The most recent evaluation was commenced in 2008 and was completed in 2009. Thereafter, the next evaluation is expected to take place in 2013.

On 9 October 2009 an addendum to the 1998 State Agreement was signed, mainly relating to the information flow to the government in their role as counterparty to the State Agreement.

Bank Status

FMO voluntarily applied for a licence referred to in article 3:4 subsection 1 of the Netherlands Financial Markets Supervision Act (*Wet op het financieel toezicht*, "**Wft**") and obtained this licence on 14 March 2008. This implies that FMO is authorized by DNB to pursue the business of a bank in the Netherlands and that it must ensure that its processes comply with applicable regulatory requirements. FMO is submitted to the formal supervision of DNB, and complies with the internationally accepted standards of the BIS (Bank for International Settlements) and other banking requirements.

As FMO obtained a licence pursuant to article 3.4 subsection 1 of the Wft, paragraph 3.5.5 of the Wft (*noodregeling*), dealing with emergency measures with respect to liquidity and solvency, is not applicable to FMO.

The members of the Management Board avoid any form and semblance of conflicting interests in the performance of their duties. The regulations of the Management Board contain a provision that each member of the Management Board who is confronted with a (potential) conflict of interest that is of material importance to FMO must report any such instance to the Chairman of the Supervisory Board and the other members of the Management Board. A member of the Management Board who is involved in a conflict of interest provides the Chairman of the Supervisory Board and the other members of the Management Board with all the relevant information. The question whether or not there is a conflict of interest or not will be decided by the Supervisory Board in the absence of the Management Board member in question. The relevant member of the Management Board will not take part in the deliberations or the decision-making regarding that matter. Decisions to enter into transactions involving (potential) conflicts of interest of members of the Management Board require the approval of the Supervisory Board. In case of a potential conflict of interest the relevant transactions will be disclosed in the annual report.

Potential Conflicts of interest Supervisory Board

Prof. Dr. Ir. A. Bruggink is also the CFO of Rabobank Nederland, which owns 8.8% of the outstanding shares of FMO. Before she was appointed as member of the Supervisory Board of FMO, Mrs. Drs.

A.E.J.M. Schaapveld MA had already invested in a client of FMO and she is member of the Investment Committee and Board of Directors of this client. As a condition of her appointment to the Supervisory Board, the DNB has set certain requirements to mitigate the risk of any conflict of interest arising in respect of this client. FMO complies fully with these requirements. Other than this, there are no potential conflicting interests between any of the duties of the members of the Supervisory Board to the Issuer and their respective private interests or other duties.

The Dutch corporate governance code (commonly referred to as the *Code Frijns* after its chairman), to which the Issuer voluntarily adheres, requires that any conflict of interest or apparent conflict of interest between a company and the Supervisory Board members shall be avoided. Decisions to enter into transactions involving conflicts of interest of Supervisory Board members that are of material significance to the Issuer and/or the relevant Supervisory Board members require the approval of the Supervisory Board. Transactions involving a conflict of interest that are of material significance to the Issuer and/or the relevant Supervisory Board members will be disclosed in the annual report.

The regulations of the Supervisory Board contain a provision that a Supervisory Board member who is confronted with a potential conflict of interest must report any such instance immediately to the Chairman of the Supervisory Board and provide the Chairman of the Supervisory Board with all the relevant information. It is stipulated that the Supervisory Board member in question will not take part in the deliberations or decision-making regarding the matter. In 2010, Prof. Dr. Ir. A. Bruggink did not participate in the discussion and decision-making process in respect of a contemplated transaction with Rabobank Nederland. The contemplated transaction did not materialize.

Audit & Risk Committee

As of May 2012, the Audit & Risk Committee comprises Bert Bruggink (Chairman), Jean Frijns, Alexandra Schaapveld and Pier Vellinga.

The Audit & Risk Committee monitors economic capital issues, in line with Basel II guidelines. It reviews and advises on FMO's financial position, operational risks and reporting, corporate governance relating to financials and processes, including compliance, internal and external control, and audit reports.

General Meeting of Shareholders

The annual general meeting is held within six months after the end of the financial year. The General Meeting is notified by the Supervisory Board of any proposed appointment to the Management Board, adopts the financial statements, determines the allocation of profits, grants discharge to the members of the Management Board and Supervisory Board, fills vacancies and appoints the auditors of the Issuer. Insofar as the Articles of Association do not prescribe a larger majority, resolutions of the General Meeting will be adopted by an absolute majority of the votes cast.

Dividend

The provision and the appropriation of the net profit is based upon the Articles of Association and the State Agreement.

The General Meeting will determine which portion of the result of a financial year is reserved or in which way a loss will be incorporated, as well as the appropriation of the remaining profit, with regard to which the Supervisory Board and the Management Board can make a non-binding proposal in accordance with the provision and dividend policy adopted by the General Meeting, taking into account the relevant provisions in the State Agreement.

Structure, Policy and Compliance

FMO is a company with a two-tier board consisting of the Management Board and the Supervisory Board, within the meaning of article 2:153 of the Netherlands Civil Code. Among other implications, this means that members of the Supervisory Board will in future be appointed by the General Meeting of Shareholders at the nomination of the Supervisory Board. With respect to a third of the members of the Board, the Supervisory Board is in principle required to nominate the individual recommended by the Works Council. The aforementioned Act also means that the financial statements will in future be adopted by the General Meeting of Shareholders.

Dutch Corporate Governance Code

On 9 December 2003, the Dutch Corporate Governance Committee released the Dutch Corporate Governance Code which was subsequently updated effective as per 1 January 2009 (the “Code”). The Code contains 22 principles and 128 best practice provisions for a managing board, supervisory boards, shareholders and general meetings of shareholders, financial reporting, auditing, disclosure, compliance with and enforcement of the Code.

Dutch companies admitted to trading on a registered stock exchange or, under certain circumstances, registered on a multilateral trading facility, whether in the Netherlands or elsewhere, are required under Dutch law to disclose in their annual reports whether or not they apply the provisions of the Code and, if and to the extent they do not apply, to explain the reasons why.

Although it is not a listed company, FMO voluntarily adheres to the Code (as amended per 1 January 2009) and has reported on corporate governance in the financial annual report from 2004 onwards in accordance with the Code. FMO acknowledges the importance of good corporate governance. FMO supports the Code and applies the relevant provisions of the Code subject to the exceptions set out below:

- BPP II.1.9 - II.1.11: stipulations on the response time of the Management Board in case of shareholder activism and the hostile takeover stipulations are not implemented, given our stable majority shareholder, the State of the Netherlands.
- BPP II.2.3: FMO complies with this article, except for the fact that the share price is not taken into account when determining the remuneration of the Management Board, as FMO is not a listed company.
- BPP II.2.4 - II.2.7 and II.2.13 c. and d.: these provisions relate to the granting of options and shares that are awarded to Management Board members. No options and shares are granted at FMO.
- BPP III.8.1 - III.8.4: these do not apply, since FMO does not have a one tier board.
- BPP IV.1.1: this does not apply, since this provision refers to a legal entity that does not apply a so called ‘*structuurregime*’. FMO is a large company (*structuurvennootschap*) as set forth in article 2:153 of the Dutch Civil Code.
- BPP IV.1.2: this does not apply, since this provision refers to financing preference shares, which FMO does not use in its share capital structure.
- BPP IV.1.7: FMO does not comply with the provision that the company determines a registration date to exercise voting rights and rights to attend the AGM. Since FMO has registered shares only and the identity of all shareholders is known, there is no need for separate registration.

- BPP IV.2.1 - IV.2.8: these concern the issuing of depositary receipts for shares. There is no such requirement at FMO, apart from the Articles of Association which lay down that the company is not permitted to cooperate in issuing depositary receipts of shares.
- BPP IV.3.1 - IV.3.4: these provisions relate to analysts' meetings and presentations to institutional investors. These provisions are of no practical significance for FMO and therefore do not apply.
- BPP IV.3.8: the explanation of the agenda of the AGM is not published on FMO's website, since this document is sent to all shareholders of FMO.
- BPP IV.3.11: this Best Practice Provision requires the Management Board to provide a survey in the annual report of all the anti-takeover measures to prevent control from being relinquished. FMO did not incorporate any anti-takeover measures in its Articles of Association, which has to do with the fact that FMO has a stable majority shareholder, the State of the Netherlands. Therefore, an overview as meant in this provision is not incorporated in this Annual Report.
- BPP IV.4.1 - IV.4.3: institutional investors annually publish their policy with respect to the exercise of voting rights on shares in listed companies, report annually on the implementation of the aforementioned policy and report at least once a quarter on the voting behavior at general meetings of shareholders. The vast majority of companies FMO invests in are non-listed companies and the few exceptions concern very small stakes listed on stock exchanges abroad. FMO's mission states that FMO behaves as an active investor with regard to environmental, social and corporate governance issues, among other things. Where FMO has voting rights (with regard to its equity investments), FMO will always exercise these rights to ensure FMO's mission and interests are carried out and protected in the best possible way.
- BPP V3.3: this provision only applies when the company does not have an internal auditor. FMO has an internal auditor.

Dutch Banking Code (2010)

On 9 September 2009 the Board of the Dutch Banking Association adopted and presented the Dutch Banking Code (2010) (*Code Banken*). The Dutch Banking Code (2010) has been given a legislative basis by means of a decree (*Algemene Maatregel van Bestuur*), in the same way as was done previously for the Dutch Corporate Governance Code. The Dutch Banking Code (2010) applies to all banks holding a banking license and formulates principles for banks relating to, for instance, remuneration, internal supervision, risk management and audits. Under this decree banks are obliged to report in their annual report on their compliance with the principles of the Dutch Banking Code (2010). Banks are required to state in their annual report how they have applied the principles of the Dutch Banking Code (2010) in the previous year and, if they have not applied a principle or not done so in full, to provide a reasoned explanation for this. FMO has implemented the Code Banken and has drawn up an extensive document in which FMO explains per article how it complies (*'FMO and the Dutch Banking Code'*), which is published on FMO's website as is FMO's Annual Report.

Special Measures Financial Institutions Act (2012)

Under the Special Measures Financial Institutions Act, substantial new powers are granted to DNB and the Dutch Minister of Finance enabling them to deal with, *inter alia*, ailing Dutch banks with the aim to avoid their insolvency. The Special Measures Financial Institutions Act aims to empower DNB or the Minister of Finance, as applicable, to commence proceedings leading to: (i) the transfer of all or part of

the business (including deposits) of the relevant bank to a private sector purchaser; (ii) the transfer of all or part of the business of the relevant bank to a 'bridge bank'; (iii) the transfer of the shares of the relevant bank to a 'bridge bank'; and (iv) public ownership (nationalization) of all or part of the relevant bank or of all or part of the shares of or other securities issued by the relevant bank. Subject to certain exceptions, as soon as any of these proposed proceedings have been initiated by DNB or the Minister of Finance, as applicable, the relevant counterparties of such bank would not be entitled to invoke events of default or set off their claims against the bank. The Minister of Finance may, after consultation with DNB, take immediate measures which may deviate from statutory provisions or from the articles of association of the institution concerned. Within the context of the resolution tools provided by the Special Measures Financial Institutions Act, holders of debt securities of a bank (including Noteholders) subject to resolution could be affected by issuer substitution or replacement, transfer of debt, expropriation, modification of terms and/or suspension or termination of listing of the Notes. The Special Measures Financial Institutions Act has retroactive effect as of 20 January 2012.

Within the context of the resolution tools provided in the Special Measures Financial Institutions Act, holders of debt securities of a bank, including Noteholders, subject to resolution could be affected by issuer substitution or replacement, transfer of debt, expropriation, modification of terms and/or suspension or termination of listings. If any of the above bank rescue proceedings were for any reason to be commenced in respect of the Issuer, and if the State were for any reason to fail to comply in full with its obligations as currently set forth in the State Agreement (see "Risks Relating to the Issuer – No reliance upon the State"), some or all of the Issuer's Noteholders could be materially adversely affected.

The European draft Crisis Management Directive includes regulatory measures attributed to the European and national regulatory authorities which are to a certain extent similar to those included in the Special Measures Financial Institutions Act (Please also see "Risk Factors - Implemented and proposed banking legislation for ailing banks give regulators powers to write down debt") in which the draft Crisis Management Directive is discussed.

Basel III and Capital Requirements Directive

In December 2010 the Basel Committee on Banking Supervision published its final standards on the revised capital adequacy framework known as "**Basel III**". These standards are significantly more stringent than the existing requirements. In order to facilitate the implementation of the Basel III capital and liquidity standards for banks and investment firms, on 20 July 2011 the European Commission proposed a legislative package to strengthen the regulation of the banking sector. On 26 March 2013 the Council and the European Parliament reached agreement on a package known as "**CRD IV**". CRD IV will replace the current Capital Requirements Directives (2006/48 and 2006/49) with a directive ("**CRD IV Directive**") and a regulation ("**CRD Regulation**") and aims to create a sounder and safer financial system. On 16 April 2013, the European Parliament approved the proposed CRD IV. The CRD IV Directive governs amongst other things the access to deposit-taking activities while the CRD IV Regulation establishes the majority of prudential requirements institutions need to respect. It is expected that the CRD Regulation will begin to apply from 1 January 2014 and that the application in full of all measures under CRD IV (including any national implementation thereof in the Netherlands) will have to be completed before 1 January 2019.

CRD IV, in implementing Basel III, is intended to increase the quality and quantity of capital, to require increased capital against derivative positions and to introduce a capital conservation buffer, a counter-cyclical buffer, a new liquidity framework as well as a leverage ratio and a liquidity coverage ratio. The leverage ratio is defined as Tier-1 capital divided by a measure of non-risk weighed assets. If Basel III is followed under CRD IV, the leverage ratio may not fall below 3%, though there is still uncertainty as to the exact implementation of the leverage ratio under CRD IV. The ultimate aim of Basel III/CRD IV is to reduce leverage in order to bring institutions' assets more in line with their capital. The liquidity coverage

ratio (LCR) addresses the sufficiency of high quality liquid assets to meet short-term liquidity needs under a specified acute stress scenario which may not fall below 100% of the estimated net cash outflows for the following 30 days.

On 24 April 2013 the Dutch Ministry of Finance published the consultation version for the legislative proposal for the Act implementing the CRD IV Directive for public consultation. In addition to the capital requirements, CRD IV also deals with the market access and license requirements for banks. The definition of bank is laid down in the CRR, the regulation which will have direct effect in the Netherlands. As a consequence thereof, the Dutch consultation proposal includes a definition of bank and banking license requirement that merely refers to the definition in the CRR, which means that the notion of a bank and the question whether an entity falls within the scope of the banking license requirement is primarily decided at EU level. However the Consultation proposal maintains, although in a different provision with a slightly different wording, the possibility and regime of the voluntary banking license in the Netherlands for entities that attract repayable funds from parties other than the general public and which, for their own account, provide credit to clients. It can therefore be expected that the voluntary license of FMO can be maintained under the new Dutch legislation implementing CRD IV.

International Financial Reporting Standards

FMO reports on the basis of the International Financial Reporting Standards (IFRS) as of 1 January 2005.

Outlook 2013

2013 is the first year of our new four year strategic period. We expect to invest substantially in the new strategic initiatives we have set. One initiative that stems directly from our new strategy is our Strategic Horizon for Impact and Footprint Transition (SHIFT) project. Launched in the third quarter of 2012, the SHIFT project team is responsible for defining draft targets, indicators, deliverables and methodologies in line with our commitment to double our impact and halve our footprint by 2020, as well as kicking off their implementation throughout FMO. This work will pick up pace in 2013, when we plan to draft a

baseline measurement for impact and footprint, which in time will form the basis of individual targets for the bank, sectors and/or departments.

Another important strategic initiative is a drive to increase efficiency. This will help FMO to serve clients better, remain competitive, to be prepared for growth and to be an attractive catalyser of commercial and impact investors.

The year ahead holds potential and uncertainty in equal part. Although it began with signs of an upswing, the Eurozone remains fragile and economic growth in Western Europe is set to remain sluggish. As Western European commercial banks remain under regulatory and capital pressure, they are unlikely to invest more in developing countries. Within this global economic environment FMO will have an increasingly important role to play. We enter 2013 with a strong investment portfolio, a healthy pipeline, a well-diversified funding base and a solid capital position; these place us in an excellent position to continue pursuing greater sustainable and inclusive development impact.

TAX TREATMENT IN THE NETHERLANDS

General

The following is a general summary of certain Netherlands tax consequences of the acquisition, holding and disposal of the Notes, Coupons, Talons or Receipts. This summary does not purport to describe all possible tax considerations or consequences that may be relevant to a holder or prospective holder of Notes, Coupons, Talons or Receipts and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as holders that are subject to taxation in Bonaire, Sint Eustatius and Saba or trusts or similar arrangements) may be subject to special rules. In view of its general nature, it should be treated with corresponding caution. Noteholders or prospective noteholders should consult with their tax advisors with regard to the tax consequences of investing in the Notes, Coupons, Talons or Receipts in their particular circumstances. The discussion below is included for general information purposes only.

Except as otherwise indicated, this summary only addresses Netherlands national tax legislation and published regulations, as in effect on the date hereof, and as interpreted in published case law until this date, without prejudice to any amendment introduced at a later date and implemented with or without retroactive effect.

Withholding tax

All payments made by the Issuer under the Notes, Coupons, Talons or Receipts may be made free of withholding or deduction of, for or on account of any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, unless the Notes, Coupons, Talons or Receipts are treated as equity of the Issuer for Netherlands tax purposes.

Legislation stipulates that debt will be treated as equity, if the debt is created under such conditions that it in effect functions as equity. Pursuant to Dutch case law, debt will in any event function as equity if the debt (i) carries a profit dependent interest (ii) is perpetual (whereby debt with a maturity in excess of 50 years is considered to be perpetual) as such that the outstanding amount can only be claimed upon liquidation or bankruptcy of the debtor; and (iii) the debt is subordinated to all other debt. A consequence of equity treatment is, *inter alia*, withholding tax (at a general rate of 15%) in respect of interest payments (please also refer to Condition 6 on pages 51 and 52 and further of this Prospectus).

Taxes on income and capital gains

Please note that the summary in this section does not describe the Netherlands tax consequences for:

(i) holders of Notes, Coupons, Talons or Receipts if such holders, and in the case of individuals, his/her partner or certain of their relatives by blood or marriage in the direct line (including foster children) have a substantial interest or deemed substantial interest in the Issuer under the Netherlands Income Tax Act 2001 (in Dutch: "*Wet inkomstenbelasting 2001*"). Generally speaking, a holder of securities in a company is considered to hold a substantial interest in such company, if such holder, alone or, in case of individuals, together with his /her partner (as defined in the Netherlands Income Tax Act 2001), directly or indirectly, holds (i) an interest of 5% or more of the total issued and outstanding capital of that company or of 5% or more of the issued and outstanding capital of a certain class of shares of that company; or (ii) holds rights to acquire, directly or indirectly, such interest; or (iii) holds certain profit sharing rights in that company that relate to 5% or more of the company's annual profits and/or to 5% or more of the company's liquidation proceeds. A deemed substantial interest arises if a substantial interest (or part thereof) in a company has been disposed of, or is deemed to have been disposed of, on a non-recognition basis;

(ii) pension funds, investment institutions (in Dutch: "*fiscale beleggingsinstellingen*"), exempt investment institutions (in Dutch: "*vrijgestelde beleggingsinstellingen*") (as defined in the Netherlands Corporate Income Tax Act 1969; in Dutch: "*Wet op de Vennootschapsbelasting 1969*") and other entities that are exempt from Netherlands corporate income tax; and

(iii) holders of Notes, Coupons, Talons or Receipts who receive or have received the Notes, Coupons, Talons or Receipts as employment income, deemed employment income or receive benefits from the Notes, Coupons, Talons or Receipts as a remuneration or deemed remuneration for activities performed by such holders or certain individuals related to such holders (as defined in the Netherlands Income Tax Act 2001).

Residents of the Netherlands

Generally speaking, if the holder of the Notes, Coupons, Talons or Receipts is an entity that is a resident or deemed to be resident of the Netherlands for Netherlands corporate income tax purposes, any payment under the Notes, Coupons, Talons or Receipts or any gain or loss realised on the disposal or deemed disposal of the Notes, Coupons, Talons or Receipts is subject to Netherlands corporate income tax at a rate of 25% (a corporate income tax rate of 20% applies with respect to taxable profits up to €200,000, the bracket for 2013).

If a holder of the Notes, Coupons, Talons or Receipts is an individual, resident or deemed to be resident of the Netherlands for Netherlands income tax purposes (including the non-resident individual holder who has made an election for the application of the rules of the Netherlands Income Tax Act 2001 as they apply to residents of the Netherlands), any payment under the Notes, Coupons, Talons or Receipts or any gain realised on the disposal or deemed disposal of the Notes, Coupons, Talons or Receipts is taxable at the progressive income tax rates (with a maximum of 52%), if:

(i) the Notes, Coupons, Talons or Receipts are attributable to an enterprise from which the holder of the Notes, Coupons, Talons or Receipts derives a share of the profit, whether as an entrepreneur or as a person who has a co-entitlement to the net worth of such enterprise, without being a shareholder, as defined in the Netherlands Income Tax Act 2001; or

(ii) the holder of the Notes, Coupons, Talons or Receipts is considered to perform activities with respect to the Notes, Coupons, Talons or Receipts that go beyond ordinary asset management (in Dutch: "*normaal, actief vermogensbeheer*") or derives benefits from the Notes, Coupons, Talons or Receipts that are (otherwise) taxable as benefits from other activities (in Dutch: "*resultaat uit overige werkzaamheden*").

If the above-mentioned conditions (i) and (ii) do not apply to the individual holder of the Notes, Coupons, Talons or Receipts, such holder will be taxed annually on a deemed income of 4% of his/her net investment assets for the year at an income tax rate of 30%. The net investment assets for the year is the fair market value of the investment assets less the allowable liabilities on 1 January of the relevant calendar year. The Notes, Coupons, Talons or Receipts are included as investment assets. A tax free allowance may be available. An actual gain or loss in respect of the Notes, Coupons, Talons or Receipts is as such not subject to Netherlands income tax.

Non-residents of the Netherlands

A holder of the Notes, Coupons, Talons or Receipts that is neither a resident nor deemed to be a resident of the Netherlands (and, if such holder is an individual, such holder has not made an election for the application of the rules of the Netherlands Income Tax Act 2001 as they apply to residents of the Netherlands) will not be subject to Netherlands taxes on income or capital gains in respect of any payment under the Notes, Coupons, Talons or Receipts or in respect of any gain or loss realised on the disposal or deemed disposal of the Notes, Coupons, Talons or Receipts, provided that:

(i) such holder does not have an interest in an enterprise or deemed enterprise (as defined in the Netherlands Income Tax Act 2001 and the Netherlands Corporate Income Tax Act 1969) which, in whole or in part, is either effectively managed in the Netherlands or carried on through a permanent establishment, a deemed permanent establishment or a permanent representative in the Netherlands and to which enterprise or part of an enterprise the Notes, Coupons, Talons or Receipts are attributable; and

(ii) in the event the holder is an individual, such holder does not carry out any activities in the Netherlands with respect to the Notes, Coupons, Talons or Receipts that go beyond ordinary asset management and does not derive benefits from the Notes, Coupons, Talons or Receipts that are (otherwise) taxable as benefits from other activities in the Netherlands.

Gift and inheritance taxes

Residents of the Netherlands

Gift or inheritance taxes will arise in the Netherlands with respect to a transfer of the Notes, Coupons, Talons or Receipts by way of a gift by, or on the death of, a holder of such Notes, Coupons, Talons or Receipts who is resident or deemed resident of the Netherlands at the time of the gift or his/her death.

Non-residents of the Netherlands

No Netherlands gift or inheritance taxes will arise on the transfer of Notes, Coupons, Talons or Receipts by way of gift by, or on the death of, a holder of Notes, Coupons, Talons or Receipts who is neither resident nor deemed to be resident in the Netherlands, unless:

- (i) in the case of a gift of a Note, Coupon, Talon or Receipt by an individual who at the date of the gift was neither resident nor deemed to be resident in the Netherlands, such individual dies within 180 days after the date of the gift, while being resident or deemed to be resident in the Netherlands; or
- (ii) the transfer is otherwise construed as a gift or inheritance made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be a resident in the Netherlands

For purposes of the above, a gift of Notes made under a condition precedent (in Dutch: "*opschortende voorwaarde*") is deemed to be made at the time the condition precedent is satisfied.

For purposes of Netherlands gift and inheritance taxes, amongst others, a person that holds the Netherlands nationality will be deemed to be resident in the Netherlands if such person has been resident in the Netherlands at any time during the ten years preceding the date of the gift or his/her death. Additionally, for purposes of Netherlands gift tax, amongst others, a person not holding the Netherlands nationality will be deemed to be resident in the Netherlands if such person has been resident in the Netherlands at any time during the twelve months preceding the date of the gift. Applicable tax treaties may override deemed residency.

Other taxes and duties

No Netherlands registration tax, customs duty, stamp duty or any other similar documentary tax or duty, other than court fees, will be payable by the holders of the Notes, Coupons, Talons or Receipts in respect or in connection with the issue of the Notes, Coupons, Talons or Receipts or with respect to the payment of interest or principal by the Issuer under the Notes, Coupons, Talons or Receipts.

EUROPEAN UNION DIRECTIVE ON TAXATION OF SAVINGS INCOME

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. In April 2013, the Luxembourg government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic information exchange under the Directive. The final form of the measure is still unknown.

A number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information arrangements or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such person for, an individual resident in one of those territories.

THE PROPOSED FINANCIAL TRANSACTION TAX

In September 2011, the EU Commission attempted to introduce an EU-wide financial transactions tax. However not all the Member States were in favour of such a tax and so the tax could not be implemented in all Member States. Subsequently, 11 Member States of the EU requested that the Commission develop a proposal for the introduction of a common financial transactions tax ("FTT") for each of those Member States. The Commission developed such a proposal under the EU's enhanced cooperation procedure which allows 9 or more Member States to implement common legislation. In January 2013 the EU Council of Ministers authorised the Commission to proceed with enhanced cooperation for a common FTT and the Commission has now published a draft Directive containing proposals for the FTT. This FTT is intended to be introduced only in the 11 participating Member States (Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia).

The proposed FTT imposes a charge on financial transactions including purchases and sales of financial instruments; this charge will be levied at not less than 0.1% of the sale price. The FTT also imposes a charge on the conclusion of, and a purchase and sale of a derivative contract; this charge will be levied at not less than 0.01% of the nominal amount of the derivative.

A charge to FTT will arise if at least one party to a financial transaction is established in a participating Member State and a financial institution established in (or is treated as established in) a participating Member State is a party to the transaction, for its own account, for the account of another person, or if the financial institution is acting in the name of a party to the transaction.

It is important to be aware that a financial institution will be treated as established in a participating Member State if its seat is there, it is authorised there (as regards authorised transactions) or it is acting via a branch in that Member State (as regards branch transactions), or for a particular transaction, merely because it is entering into the financial transaction with another person who is established in that Member State.

Furthermore, a financial institution will be treated as established in a participating Member State in respect of a financial transaction if it is a party (for its own account or for the account of another person) or is acting in the name of a party, to a financial transaction in respect of a financial instrument issued within that Member State. The other party to such a transaction will also be treated as established in that Member State.

There are limited exemptions to the proposed FTT; one important exemption is the "primary market transactions" exemption which should cover the issuing, allotting, underwriting or subscribing for shares, bonds and securitised debt, but not derivative contracts.

Even though the FTT is to be introduced only in the participating Member States, it can be seen from what is said above that it could impact financial institutions operating inside and outside the 11 participating Member States, and the FTT could be payable in relation to Notes issued under this Base Prospectus if the FTT is introduced and the conditions for a charge to arise are satisfied.

The proposed FTT is still under review and it may therefore change before it is implemented. In particular, in April 2013, the UK Government announced that it is to challenge the legality of the way in which the proposed FTT will apply to financial institutions located in non-participating Member States. This challenge may lead to changes in the scope of the FTT.

It is currently proposed that the FTT should be introduced in the participating Member States on 1st January, 2014. Prospective holders of Notes are strongly advised to seek their own professional advice in relation to the FTT.

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Sections 1471 through 1474 of the U.S. Internal Revenue Code ("**FATCA**") impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA)) that does not become a "**Participating FFI**" by entering into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States Account" of the Issuer (a "**Recalcitrant Holder**"). The Issuer is classified as an FFI.

The new withholding regime will be phased in beginning 1 January 2014 for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the "**grandfathering date**", which is the later of (a) 1 January 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued before the grandfathering date, and additional Notes of the same series are issued on or after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes (unless it has agreed to do so under the U.S. "qualified intermediary," "withholding foreign partnership," or "withholding foreign trust" regimes). The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and the Netherlands have expressed the intention to enter into an agreement which is expected to be based largely on the Model 1 IGA.

If the Issuer becomes a Participating FFI under FATCA, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

If an amount in respect of FATCA Withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any

paying agent and the Common Depository, given that each of the entities in the payment chain beginning with the Issuer and ending with the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated programme agreement dated on or about 3 July 2013 (the "**Programme Agreement**") agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "Form of the Notes", "Form of Final Terms" and "Terms and Conditions of the Notes" above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme.

General

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any other Dealer shall have any responsibility therefore.

With regard to each Series or Tranche, the Relevant Dealer will be required to comply with any additional restrictions set out in the relevant Syndication Agreement or Dealer Accession Letter.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the Relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression "**an offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant

implementing measure in the Relevant Member State and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EC.

United States

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the Relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Series or Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

United Kingdom

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that:

- (a) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000 (the "**FSMA**") by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No. 25 of 1948, as amended; the "FIEL") and each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan), or to others for re offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEL and any other applicable laws and regulations of Japan.

The Netherlands

Any Notes (including rights representing an interest in a Global Note) issued under the Programme that are offered anywhere in the world shall only be offered in accordance with the paragraph below.

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that unless the relevant Final Terms specify that this provision does not apply because the standard exemption wording required by Article 5:20(5) of the Netherlands Act on Financial Supervision (*Wet op het financieel toezicht*, "FSA") is not applicable, it will not make an offer of Notes to the public in the Netherlands in reliance on Article 3(2) of the Prospectus Directive unless (i) such offer is made exclusively to persons or entities which are qualified investors as defined in the Prospectus Directive or (ii) standard exemption wording is disclosed as required by Article 5:20(5) FSA, provided that no such offer of Notes shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each Dealer has represented and agreed that Zero Coupon Notes (as defined below) in definitive form may only be transferred and accepted, directly or indirectly, within, from or into the Netherlands through the mediation of either the Issuer or a member of Euronext Amsterdam with due observance of the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) of 21 May 1985 (as amended) and its implementing regulations.

No such mediation is required in respect of (a) the transfer and acceptance of rights representing an interest in a Zero Coupon Note in global form, or (b) in respect of the initial issue of Zero Coupon Notes in definitive form to the first holders thereof, or (c) the transfer and acceptance of Zero Coupon Notes in definitive form between individuals not acting in the conduct of a business or profession, or (d) the transfer and acceptance of such Zero Coupon Notes within, from or into the Netherlands if all Zero Coupon Notes (either in definitive form or as rights representing an interest in the Zero Coupon Note in global form) of any particular Series or Tranches are issued outside the Netherlands and are not distributed within the Netherlands in the course of their initial distribution or immediately thereafter.

In the event that the Dutch Savings Certificates Act applies, certain identification requirements in relation to the issue and transfer of, and payments on, Zero Coupon Notes have to be complied with and, in addition thereto, if such Zero Coupon Notes in definitive form do not qualify as commercial paper traded between professional borrowers and lenders within the meaning of the agreement of 2 February 1987, attached to the Royal Decree of 11 March 1987, (*Staatsblad 129*) (as amended), each transfer and acceptance should be recorded in a transaction note, including the name and address of each party to the transaction, the nature of the transaction and the details and serial numbers of such Notes. For purposes of this paragraph "**Zero Coupon Notes**" means notes that are in bearer form and that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.
