NOT FOR DISTRIBUTION TO ANY U.S. PERSON OR TO ANY PERSON OR ADDRESS IN THE U.S.

IMPORTANT: You must read the following before continuing. The following applies to the base prospectus following this page, and you are therefore advised to read this carefully before reading, accessing or making any other use of the base prospectus. In accessing the base prospectus, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY SECURITIES OF THE ISSUER IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS OF ANY STATE OF THE U.S. OR OTHER JURISDICTION OF THE U.S. AND THE SECURITIES MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE U.S. OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS, EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

THE FOLLOWING BASE PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

Prohibition of sales to EEA retail investors: The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive 2016/97/EU ("**IDD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the "**Prospectus Directive**"). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MiFID II product governance / target market: The Final Terms in respect of any Covered Bonds will include a legend entitled "*MiFID II Product Governance*" which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), the Arranger and/or any Dealer subscribing for any Covered Bonds is a manufacturer in respect of such Covered Bonds, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

Benchmark Regulation: Interest and/or other amounts payable under the Covered Bonds may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark under the Benchmark Regulation. If any such reference rate does constitute such a benchmark, the relevant Final Terms will indicate whether or not the administrator thereof is included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (Register of administrators and benchmarks) of the Benchmark Regulation. Not every reference rate will fall within the scope of the Benchmark Regulation. Furthermore,

transitional provisions in the Benchmark Regulation may have the result that an administrator and/or a benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Final Terms. The registration status of any administrator or benchmark under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update any Final Terms to reflect any change in the registration status of the administrator.

This document constitutes a base prospectus within the meaning of the Prospectus Directive. This Base Prospectus has been approved by the AFM, which is the Dutch competent authority for the purpose of the Prospectus Directive and relevant implementing measures in the Netherlands, as a Base Prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in the Netherlands for the purpose of giving information with regard to the issue of Covered Bonds under the Programme during the period of twelve (12) months after the date hereof. This Base Prospectus will be published in electronic form on www.achmeabank.nl. This Base Prospectus is issued in replacement of a base prospectus dated 2 November 2017 as amended and supplemented, and accordingly supersedes such earlier base prospectus as amended and supplemented.

Under its EUR 5,000,000,000 Conditional Pass-Through Covered Bond Programme the Issuer may from time to time issue Covered Bonds denominated in euro or any other currency agreed between the Issuer and the relevant Dealer, if any. Subject as set out herein, the maximum aggregate nominal amount of the Covered Bonds from time to time outstanding under the Programme will not exceed EUR 5,000,000,000 (or its equivalent in other currencies calculated as described herein) subject to any increase as described herein.

Achmea Conditional Pass-Through Covered Bond Company B.V. as CBC will guarantee the payment of scheduled interest and principal payable under the Covered Bonds pursuant to a guarantee issued under the Trust Deed. The Covered Bonds will further be (indirectly) secured by a right of pledge (or such other security right as may be applicable) over the Transferred Assets vested by the CBC in favour of the Security Trustee and a right of pledge vested by the CBC in favour of the Security Trustee over all rights of the CBC under or in connection with the CBC Transaction Documents. Recourse against the CBC under its guarantee will be limited to the Security.

The Covered Bonds may be issued on a continuing basis to one or more of the Dealers and to investors directly. Covered Bonds may be distributed by way of a public offer or private placements and, in each case, on a syndicated or non-syndicated basis. The method of distribution of each relevant Series (or Tranche thereof) will be stated in the relevant Final Terms. Notice of the aggregate nominal amount of Covered Bonds, interest (if any) payable in respect of Covered Bonds, the issue price of Covered Bonds and any other terms and conditions not contained herein which are applicable to the Covered Bonds will be set forth in the applicable Final Terms which, in respect to Covered Bonds to be listed on Euronext Amsterdam will be filed and delivered to Euronext Amsterdam on or before the date of each issue of such Covered Bonds.

Application has been made for the Covered Bonds to be listed on the official list of Euronext Amsterdam during the period of twelve (12) months from the date of this Base Prospectus and which listing will apply if so indicated in the Final Terms. In addition, Covered Bonds issued under the Programme may be listed or admitted to trading, as the case may be, on any other stock exchange or regulated market specified in the applicable Final Terms. The Issuer may also issue unlisted Covered Bonds under the Programme. The applicable Final Terms will state whether or not the relevant Covered Bonds are to be listed, quoted and/or traded and, if so, on or by which competent listing authority(ies) or stock exchange(s) and/or quotation system(s).

The Issuer and the CBC may agree with the Security Trustee that Covered Bonds may be issued in a form not contemplated by the Terms and Conditions of the Covered Bonds set out herein, in which event a supplement to the Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Covered Bonds.

It is expected that each issue of a Series of Covered Bonds will, on issue, be assigned an "Aaa" rating by Moody's and an 'AAA' rating by Fitch, unless otherwise specified in the applicable Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning Rating Agency. Whether or not each credit rating applied for in relation to a relevant Series of Covered Bonds will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. For a discussion of the risks associated with an investment in the Covered Bonds, see the Risk Factors section herein. The Rating Agencies have been registered by the European Securities and Markets Authority as credit rating agencies in accordance with the CRA Regulation.

The Covered Bonds and the Guarantee have not been and will not be registered under the U.S. Securities Act, or the securities laws of any state of the U.S. or other jurisdiction of the U.S. The Covered Bonds may not be offered, sold or delivered within the U.S. or to, or for the account or benefit of, U.S. persons, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Covered Bonds are being offered, sold or delivered only to non-U.S. persons outside the U.S. in reliance on Regulation S.

The Covered Bonds of each Tranche are in bearer form or in registered form. Bearer Covered Bonds will (unless otherwise specified in the applicable Final Terms) initially be represented by a Global Covered Bond. Global Covered Bonds will be deposited on or about the Issue Date thereof either (i) with a common safekeeper or common depositary for Euroclear and Clearstream, Luxembourg or (ii) with Euroclear Nederland and/or (iii) any other agreed clearance system. Registered Covered Bonds will be issued to each relevant holder by a registered covered bonds deed. See '*Form of Conditional Pass-Through Covered Bonds*'.

The Covered Bonds may be issued in NGN-form, which will allow Eurosystem eligibility. This means that the Covered Bonds in NGN-form are intended upon issue to be deposited with the ICSDs as common safekeeper and does not necessarily mean that the Covered Bonds will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria from time to time.

Capitalised terms used herein have the meaning ascribed thereto in section 21 (*Glossary of Defined Terms*).

The date of this Base Prospectus is 16 January 2019.

See '*Subscription and Sale*' below.

**SECURITY FOR THE
COVERED BONDS**

Guarantee, Security, CBC:

Pursuant to the Guarantee issued under the Trust Deed, the CBC will guarantee the payment of interest and principal payable under the Covered Bonds. The obligations of the CBC under the Guarantee will constitute unsubordinated and unguaranteed obligations of the CBC, secured indirectly, through the Security Trustee, by (i) a first ranking undisclosed pledge (or such other security right as may be applicable) granted by the CBC to the Security Trustee over the Transferred Assets and (ii) a first ranking disclosed pledge by the CBC to the Security Trustee over the CBC's rights under or in connection with the CBC Transaction Documents.

Payments made by the CBC under the Guarantee (after the service of an Issuer Acceleration Notice or a CBC Acceleration Notice) will be made subject to, and in accordance with, the CBC Priority of Payments or the Post CBC Acceleration Notice Priority of Payments, as applicable.

Parallel Debt Agreement:

On the Programme Date, the CBC and the Security Trustee have entered into the Parallel Debt Agreement for the benefit of the Covered Bondholders and the other Secured Creditors under which the CBC, by way of parallel debt, undertakes to pay to the Security Trustee amounts equal to the amounts due by it to the Secured Creditors, in order to create claims of the Security Trustee thereunder which can be validly secured by the rights of pledge created by any Security Trustee Receivables Pledge Agreement and any Security Trustee Rights Pledge Agreement.

Security over Collection Foundation Account balances:

The Collection Foundation has granted (i) a first ranking right of pledge on the balances standing to the credit of the Collection Foundation Accounts in favour of the Security Trustee and the Previous Outstanding Transaction Security Trustees jointly and (ii) a second ranking right of pledge to the CBC and the Previous Outstanding Transaction SPVs jointly, in each case under the condition that future issuers (and any security trustees) in subsequent securitisation transactions or covered bonds transactions and future vehicles in conduit transactions or similar transactions (and any security trustees relating thereto) initiated by the Transferor will also have the benefit of such first ranking right of pledge, or second ranking right of pledge, respectively. Such rights of pledge have been notified to the Foundation Accounts Providers.

Guaranteed Amount:

If the CBC is obliged to pay under the Guarantee, the CBC is obliged to pay any Guaranteed Amount (other than the Guaranteed Final Redemption Amount, see below) when Due for Payment.

Extendable Obligations:

An Extended Due for Payment Date will apply in relation to each Series of Covered Bonds. In respect of each Series, if the CBC is obliged under the Guarantee to pay a Guaranteed Final Redemption Amount, in which case:

- (a) the obligation of the CBC to pay the Guaranteed Final Redemption Amount shall be deferred to, and shall under the Guarantee be due on the Extended Due for Payment Date, provided that if on any CBC Payment Date which falls prior to the Extended Due for Payment Date, and after the CBC shall under the relevant Priority of Payments have paid or provided for all higher ranking amounts, any amounts are available to the CBC for payment of (or to be reserved for payment of) principal on a Series of Covered Bonds, such available amounts will be applied on the relevant CBC Payment Date towards payment of all Pass-Through Covered Bonds; and
- (b) the CBC shall under the Guarantee owe interest over the unpaid portion of the Guaranteed Final Redemption Amount.

Pass-Through Covered Bonds:

If a Covered Bond has not been repaid in full on its Maturity Date, such Covered Bond becomes a Pass-Through Covered Bond. If an Issuer Event of Default has occurred and a Notice to Pay and a Breach of Amortisation Test Notice have been served, all Covered Bonds become Pass-Through Covered Bonds.

Pass-Through Structure:

The pass-through structure will particularly become relevant after the service of a Notice to Pay on the CBC. The CBC will be obliged to pass any available

funds through and apply such funds towards redemption of all Pass-Through Covered Bonds and the CBC will also be obliged to use its best efforts to sell or refinance the Selected Transferred Assets on each Refinance Date to enable it to redeem all Pass-Through Covered Bonds prior to the Extended Due for Payment Date, provided that it can sell or refinance the Selected Transferred Assets and consequently redeem the Pass-Through Covered Bonds without negatively impacting the Amortisation Test. Failure by the CBC to sell or refinance Selected Transferred Assets in accordance with the Asset Monitoring Agreement (as described below) will not constitute a CBC Event of Default.

GUARANTEE SUPPORT AND THE MORTGAGE RECEIVABLES

Guarantee Support Agreement:

As consideration for the CBC issuing the Guarantee, and so as to enable the CBC to meet its obligations under the Guarantee, the Transferor may transfer Eligible Assets to the CBC in accordance with the Guarantee Support Agreement. At the option of the Issuer, subject always to Rating Agency Confirmation, New Transferors may accede to the Guarantee Support Agreement.

The Issuer will use its best efforts, and the CBC will use reasonable efforts, to ensure, amongst other things, that the Asset Cover Test is satisfied as at the end of each calendar month, as calculated on the immediately succeeding Calculation Date and the Issuer shall use its best efforts to transfer or procure the transfer of sufficient Eligible Receivables directly or indirectly by the Issuer, upon instruction of the Issuer, by the other Transferors (if any) to the CBC. See section 10 (*Guarantee Support*).

As part of the Asset Cover Test the Issuer will use its best efforts to ensure that:

- (i) the Adjusted Aggregate Asset Amount shall be an amount at least equal to the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item B as defined in section 16 (*Asset Monitoring*) under '*Asset Cover Test*'), up to the date specified in item (B)), all as calculated on the immediately succeeding Calculation Date;
- (ii) the First Regulatory Current Balance Amount shall be at least equal to 105% (or such other percentage as may be required from time to time under the CB Regulations) of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item (B) as defined in section 16 (*Asset Monitoring*) under '*Asset Cover Test*'), up to the date specified in item (B)) all as calculated on the immediately succeeding Calculation Date; and
- (iii) the Second Regulatory Current Balance Amount shall be at least equal to 100% (or such other percentage as may be required from time to time under the CB Regulations) of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item (B) as defined in section 16 (*Asset Monitoring*) under '*Asset Cover Test*'), up to the date specified in item (B)) all as calculated on the immediately succeeding Calculation Date.

Mortgage Receivables:

Under the Guarantee Support Agreement, the Transferor may assign Mortgage Receivables and the Beneficiary Rights of the Transferor to the CBC, subject to the fulfilment of certain conditions. See '*Guarantee Support*

Agreement above.

The Mortgage Loans have the characteristics that demonstrate the capacity to produce funds to service payments by the CBC under the Guarantee and each of the Mortgage Receivables will meet the Eligibility Criteria.

In the Insurance Savings Participation Agreement the Insurance Savings Participant has undertaken to pay to the CBC amounts equal to all amounts received as Savings Premium on the Savings Insurance Policies and the Life Insurance Policies with the possibility of a Savings Alternative. In return, the Insurance Savings Participant is entitled to receive the Insurance Savings Participation Redemption Available Amount from the CBC. Servicing Agreement:

The CBC, the Servicer and the Security Trustee have entered into the Servicing Agreement on the Programme Date, under which the Servicer agrees (i) to provide administration and management services in relation to the relevant Mortgage Loans on a day-to-day basis, including, without limitation, the collection of payments of principal, interest and all other amounts in respect of the relevant Mortgage Loans and the implementation of arrears procedures including, if applicable, the enforcement of mortgages, any other related security and other collateral, if applicable; (ii) to communicate with the Borrowers and (iii) to investigate payment

delinquencies. The Servicer is permitted to sub-contract its servicing role to an affiliate of the Issuer or any third party subject to Rating Agency Confirmation and provided that the Servicer shall continue to be liable as if no such delegation had taken place.

In accordance with the Servicing Agreement, the Servicer will initially appoint Quion Services B.V. as the Sub-servicer to provide certain of the Mortgage Loan Services in respect of the Mortgage Loans.

Custodian:	If Substitution Assets and/or other collateral are transferred to the CBC, the CBC will appoint a custodian to provide custody services in relation to such Substitution Assets or other collateral in the form of securities transferred to the CBC.
CBC Account Agreement:	The CBC, the CBC Account Bank and the Security Trustee have entered into the CBC Account Agreement on the Programme Date, under which the CBC Account Bank agrees to pay a rate of interest on the CBC Transaction Accounts Funds. In the event that the interest rate in respect of any of the CBC Transaction Accounts is less than zero, interest amounts will be payable by the CBC to the CBC Account Bank.
CBC Account:	The CBC shall maintain with the CBC Account Bank the CBC Account (and any additional or replacement accounts) to which all amounts to be received in respect of the Transferred Asset and other amounts by the CBC are to be paid.
CBC Back-Up Account Agreement:	The CBC, the CBC Back-Up Account Bank and the Security Trustee have entered into the CBC Back-Up Account Agreement on the Programme Date, under which the CBC Back-Up Account Bank agrees to pay a rate of interest on the balance standing to the credit of the CBC Back-Up Account from time to time. In the event that the interest rate accruing on the balances standing to the credit of the CBC Back-Up Account is less than zero, interest amounts will be payable by the CBC to the CBC Back-Up Account Bank.
CBC Back-Up Account	The CBC shall maintain with the CBC Back-Up Account Bank the CBC Back-Up Account (and any additional or replacement accounts) to which the CBC may, upon request of the Issuer, transfer amounts standing to the credit of the CBC Transaction Accounts subject to and in accordance with the CBC Back-Up Account Agreement.
Swap Collateral Accounts:	If an Interest Swap Agreement and/or Structured Swap Agreement and/or a Portfolio Swap Agreement has been entered into and swap collateral is to be posted, the CBC will open a Swap Cash Collateral Account to hold swap collateral in the form of cash and/or, to the extent applicable, will open a custody account to hold swap collateral in the form of securities.
Reserve Account:	The CBC shall maintain with the CBC Account Bank the Reserve Account to which the higher of (i) the Reserve Account Required Amount and (ii) the Liquidity Reserve Required Amount will be credited.

agreement when a new spv is incorporated.

Receivables Proceeds Distribution Agreement:	The receivables proceeds distribution agreement between, amongst others, the Issuer, the Security Trustee, the Collection Foundation, the Previous Outstanding Transaction SPVs, the Previous Outstanding Transaction Security Trustees originally dated 28 May 2010, as amended from time to time.

Previous Outstanding Transaction Security Trustees:	Stichting Security Trustee DMPL XI, Stichting Security Trustee DMPL XII, Stichting Security Trustee DRMP I, Stichting Security Trustee DRMP II, Stichting Trustee Achmea Bank and Stichting Security Trustee SRMP I.
Portfolio Swap Agreement:	There may be certain mismatches between the interest to be received on the Transferred Assets and the CBC Transaction Accounts and/or the CBC Back-Up Account and the amounts payable under the Covered Bonds. In order to mitigate certain mismatches, the CBC may enter into appropriate hedging arrangements subject to Rating Agency Confirmation with respect to one or more Series or all Series of Covered Bonds whereby revenue scheduled to be received on all Transferred Assets and the CBC Transaction Accounts multiplied by the Portfolio Swap Fraction is exchanged for a fixed or floating rate of interest on a specific Covered Bond or a rate payable under the Structured Swap Agreement and/or the Interest Swap Agreement in respect of a specific Covered Bond. The Portfolio Swap Fraction is calculated by dividing the euro equivalent notional amount of such specific Covered Bond by the euro equivalent notional amount of all outstanding Covered Bonds.
Interest Swap Agreement:	In addition to Portfolio Swap Agreements and in order to mitigate certain mismatches, the CBC may enter into appropriate hedging arrangements subject to Rating Agency Confirmation whereby a certain fixed or floating interest rate is exchanged for a specific interest rate on one or more Series or all Series of Covered Bonds.
Structured Swap Agreement:	To enable the CBC to hedge its exposure arising from any Series denominated in a currency other than euro, the CBC shall enter into appropriate hedging arrangements subject to Rating Agency Confirmation whereby (i) any (fixed or floating) interest basis as determined by the Issuer is exchanged for the rate of interest payable under any non-euro denominated Series and/or (ii) euro denominated Principal Receipts are exchanged for amounts of principal payable under any non-euro denominated Series. As an alternative, the CBC may enter into a Portfolio Swap Agreement which also includes a hedge for such currency exposure.
Management Agreements:	Each of the CBC, the Security Trustee and the Stichting Holding have entered into a Management Agreement with the relevant Director, under which the relevant Director has undertaken to act as director of the CBC, the Security Trustee or the Stichting Holding, respectively, and to perform certain services in connection therewith.
Deposit Agreement:	The CBC, the Security Trustee, the Issuer, the Transferor and the Agent have entered into the Deposit Agreement, pursuant to which the Issuer will deposit personal data with respect to Borrowers with the Agent who may only release such information to the CBC and/or the Security Trustee upon the

occurrence of an Assignment Notification Event.

**Sale or Refinancing of
Transferred Assets:**

If an Issuer Event of Default occurs and a Notice to Pay has been served on the CBC, then upon the earliest to occur on or after such Issuer Event of Default of (i) any amount remaining unpaid in respect of a Series on the Maturity Date, (ii) any Maturity Date of a Series of Covered Bonds falling within a period of six (6) calendar months of such date and (iii) the service of a Breach of Amortisation Test Notice, the CBC shall use its best efforts to sell or refinance as soon as possible after the occurrence of such event (the date of such sale or refinancing, the first Refinance Date) the Selected Transferred Assets, provided that the proceeds of the sale of the Selected Transferred Assets are at least sufficient to redeem the relevant Series in full (or a proportional part thereof if only a part of the Selected Transferred Assets have been sold or refinanced) on their Maturity Date.

The CBC shall first offer all the Selected Transferred Assets for sale to the Transferor after the occurrence of an Issuer Event of Default. If, for whatever reason, the Transferor informs the CBC, within a period of twenty (20) Business Days after such event has occurred, that it will not repurchase the Selected Transferred Assets, the CBC shall offer the Selected Transferred Assets to a third party or third parties.

If, after the non-exercise of the right of the Transferor to repurchase the Selected Transferred Assets, the CBC receives an offer from a third party to purchase the Selected Transferred Assets, the CBC will notify the Transferor of such offer and, within five (5) Business Days after such notice, the Transferor has the right to match the offer to purchase the Selected Transferred Assets on the same terms and conditions as the offer of such third party and, if the Transferor offers to purchase the Selected Transferred Assets on the same terms and conditions as the offer of such third party, the CBC shall accept such offer of the Transferor.

Any sale or refinance and subsequent redemption of the respective Covered Bonds in the circumstances described above must not result in a deterioration of the quotient of (i) the Amortisation Test Aggregate Asset Amount; and (ii) the Principal Amount Outstanding of all Series outstanding after redemption of the respective Covered Bonds.

If the expected proceeds of such sale or refinance are insufficient to redeem the relevant Series of Covered Bonds in full, the CBC shall repeat its attempt to sell or refinance the Selected Transferred Assets every six (6) calendar months after the first Refinance Date until the proceeds of the sale or refinancing are sufficient to redeem the relevant Series in full.

If, on the Refinance Date immediately preceding the first Extended Due for Payment Date of any Series outstanding, such sale or refinance is insufficient to redeem the relevant Series of Covered Bonds in full, then each month up to and including such Extended Due for Payment Date the CBC will (i) offer the Selected Transferred Assets for sale on the best terms available at that time considering the then current market circumstances, including but not limited to the best price reasonably available, or (ii) seek to refinance the Selected Transferred Assets on the best terms available at that time considering the then current market circumstances, both (i) and (ii) subject to the consent of the Security Trustee, notwithstanding that such amount may be less than the amount to redeem the relevant Series of Covered Bonds in full.

See further section 16 (*Asset Monitoring*).

Risk Factors:	<p>There are certain factors which may affect the ability of the Issuer and/or the CBC to fulfil its obligations under the Covered Bonds issued under the Programme or the Guarantee, respectively. Prospective Covered Bondholders should take into account the fact that the liabilities of the CBC under the Guarantee are limited recourse obligations and that the ability of the Issuer and/or the CBC to meet such and/or their obligations will be affected by certain factors. These include the fact that the Issuer's and/or the CBC's results can be adversely affected by (i) general economic conditions, (ii) competition, (iii) regulatory change, (iv) changes in fiscal laws, (v) standard banking risks including changes in interest and foreign exchange rates, (vi) operational, credit, market, liquidity, legal risk and (vii) certain factors which are material for the purpose of assessing the market risks associated with Covered Bonds issued under the Programme. In addition, there are certain factors which are material for the purpose of assessing the market risks and other risks associated with Covered Bonds issued under the Programme.</p> <p>See further section 3 (<i>Risk Factors</i>).</p>
Business Day:	A reference to a day on which banks are generally open for business in Amsterdam and London, provided that such day is also a day on which TARGET 2 or any successor thereto is operating credit or transfer instructions in respect of payments in euro, or, if used in or by reference to Condition 5 (<i>Interest</i>), such day as determined in accordance with Condition 5 (<i>Interest</i>) and the applicable Final Terms.

The primary cover assets (<i>primaire dekkingsactiva</i>) of this Programme comprise of receivables backed by residential real estate as referred to in article 129(1)(d)(i) CRR. Each Borrower is a resident of the Netherlands and the Mortgage Receivables are governed by Dutch law.

3. RISK FACTORS

The Issuer and the CBC believe that the following factors may affect their ability to fulfil their obligations under the Covered Bonds and the Guarantee. Most of these factors are contingencies which may or may not occur and the Issuer and the CBC are not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risk associated with the Covered Bonds are also described below. The Issuer and the CBC believe that the factors described below represent the material risks inherent in investing in the Covered Bonds, but the inability of the Issuer or the CBC to pay interest, principal or other amounts on or in connection with the Covered Bonds may occur for other reasons not known to the Issuer nor the CBC or not deemed to be material enough. Neither the Issuer nor the CBC represents that the statements below regarding the risks of investing in any Covered Bonds are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Prospective investors should carefully review the entire Base Prospectus, and should form their own views before making an investment decision with respect to the Covered Bonds. Before making an investment decision with respect to any Covered Bonds, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Covered Bonds and consider such an investment decision in the light of the prospective investor's personal circumstances. The sequence in which the risk factors are presented below, and any quantitative historical impacts and sensitivities included, are not indicative of their likelihood of occurrence or the potential magnitude of their financial consequences in the future.

RISK FACTORS REGARDING THE ISSUER

The Issuer faces substantial competitive pressures which could adversely affect the Issuer's results of operations

There is substantial competition in the Netherlands for the issue of mortgage loans to private individuals and the other products and services that the Issuer provides. Competition in the financial services industry is furthered by the high level of consolidation in the Netherlands in the markets where the Issuer operates. Consolidation may create additional or stronger competitors and may intensify competition. The Issuer faces competition from companies such as ING Bank N.V., Rabobank, ABN AMRO Bank N.V., de Volksbank N.V. and many others. If the Issuer is unable to offer competing attractive products and services that are profitable or is unable to innovate and provide new and competitively priced products and services to remain competitive, the Issuer may lose market share or incur losses on some or all of its activities. Consumer demand, technological changes, regulatory actions and other factors also affect competition. Competitive pressure could result in increased pricing pressure, particularly as competitors seek to gain market share, and may harm the Issuer's ability to maintain or increase profitability.

Market and economic conditions can adversely affect the results of the Issuer

The Issuer's business segment is affected by market conditions, which can cause results to fluctuate from year to year as well as on a long-term basis. These market conditions include, without limitation, fluctuations in interest rates, monetary policy, consumer and business spending and demographics. In addition, despite recent improvements in the financial position of many European countries, the peripheral European financial system continues to be weak and could deteriorate further and there remains a risk that financial difficulties may result in certain European countries exiting the Eurozone.

The United Kingdom (UK) leaving the European Union (Brexit), potentially followed by more countries, may affect the Issuer's results of operations, cash flows or financial condition

The outcome of the UK's referendum on membership in the European Union, held on 23 June 2016, was that the UK public voted by a majority in favour of the British government taking the necessary action for the UK to leave the European Union. On 29 March 2017, the United Kingdom has formally served the notice to the European Council of its desire to withdraw. Subsequently, initiation of the legal process pursuant to Article 50 of the Lisbon Treaty has commenced and will end in March 2019 with the United Kingdom exiting the European Union. On 19 March 2018, it was announced that a transition period was agreed that will last from 29 March 2019 to 31 December 2020. During this period EU laws shall generally still be applicable to and in the UK.

At this time, it is not certain what arrangements (if any) will define the future relationship between the European

Union and the UK, or the length of time that this may take. The chances that there will be a 'hard' Brexit are increasing as time is passing. Furthermore, the UK's decision to leave the European Union has caused, and is anticipated to continue to cause, significant new uncertainties and instability in the financial markets, which may affect the Issuer and the trading price of the Covered Bonds. If there will be a 'hard' Brexit, the uncertainties are even bigger. These uncertainties could have a material adverse effect on the business, results of operations, financial condition and prospects of the Issuer and its counterparties. In addition, it is unclear at this stage what the consequences of the UK's departure from the European Union will ultimately be for the Issuer or the trading price of the Covered Bonds.

Mortgage loans are subject to credit, liquidity and interest rate risks

Mortgage loans constitute a significant portion of the Issuer's total loan portfolio. As of 31 December 2017, mortgage loans accounted for 77% of the Issuer's total loan portfolio. Mortgage loans are subject to credit, liquidity and interest rate risks. Increased interest rates, a significant downturn in the economy, a stagnation or a drop in property values and/or changes in or abolition of the tax deductibility of interest payments on residential mortgage loans, could lead, next to a decrease in mortgage loans, to increased default rates on these loans. Other factors such as loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies and bankruptcy filings by borrowers and could ultimately have an adverse impact on the ability of borrowers to repay mortgage loans. The above may have an adverse effect on the Issuer's financial condition and/or results of operations and the ability of the CBC to perform its obligations under the Guarantee (see also below).

The Issuer faces refinancing risks in the capital markets and liquidity risks

The Issuer faces liquidity risk. Liquidity risk refers to the risk that funding and liquid assets will not be (sufficiently) available as a result of which the Issuer may not be able to meet short-term financial obligations. The sensitivity of the Issuer to this risk is substantial. The amount of mortgage loans on the Issuer's balance sheet exceeds the amount of savings money attracted. This has resulted in a dependency on wholesale funding including the use of securitisation of the mortgage portfolios and the issue of covered bonds and secured euro medium term notes. The gap between mortgage loans granted and savings and deposits entrusted is funded in the money and capital markets. Good access to these markets may be necessary to finance the growth of the mortgage loan portfolio and to refinance all outstanding loans with a shorter maturity than the mortgage loans in which the money is invested. The access to the money and capital markets may be affected by concerns about the credit strength of the Issuer, but may also be influenced by concerns about the market segments in which the Issuer is active, or by a general market disruption. Access to these markets may be further affected by a deterioration of the credit rating of the Issuer.

On the other hand the Issuer faces a liquidity risk in relation to the savings deposits held by it. A substantial part of the savings deposits held by the Issuer, generated under the Centraal Beheer and FBTO labels, is used to fund the Issuer's long term assets such as its mortgage portfolios. As at 31 December 2017, the Issuer held EUR 5.9 billion of savings (2016: EUR 5.9 billion). As most savings deposits are directly due and payable (*direct opeisbaar*), it may adversely affect the Issuer's liquidity position in case a large amount of such funds are withdrawn and no other means are readily available to attract liquidity.

The Issuer may not have sufficient assets available to meet its obligations under the Covered Bonds as a result of asset encumbrance

The use of securitisation of the mortgage portfolios, the issue of covered bonds and secured euro medium term notes and similar transactions has resulted in the transfer of a substantial part of the assets on the Issuer's balance sheet in connection with such transactions (see section 5 (*Achmea Bank N.V.*) under '*Funding and Collateral*'). The assets transferred in connection with these transactions will not form part of the estate of the Issuer in case of the Issuer's insolvency, as these are encumbered assets. These assets will first be used to pay amounts due on or in connection with the securities issued in these transactions (including by the CBC under this Programme) and only amounts left (if any) after such amounts have been paid in full may form part of the estate of the Issuer and possibly be available to pay amounts due to the Covered Bondholder.

As set out above, the Issuer has entered into securitisation transactions in respect of its mortgage portfolios and a secured euro medium term notes programme and similar transactions. The Issuer has assumed various rights and obligations under such transactions and may be exposed to risks in relation thereto, including, but not limited to the risk that: (i) it must transfer, *inter alia*, swap collateral or substantial new assets in connection with such transactions, (ii) it has to repurchase some or all of the mortgage portfolios transferred in relation to such

transactions and (iii) it must pay substantial fees in relation thereto. The above may have a negative effect on the amount of assets available for Covered Bondholders to take recourse on the Issuer's assets.

The Issuer forms part of a group

The Issuer forms part of the Achmea Group (as defined in section 6 (*Achmea Group*)) and its operations are interdependent on and may be affected by developments concerning Achmea B.V. and Achmea Group, such as, but not limited to, (i) capital contributions (*kaptiaalstorting*) and dividend payments, (ii) credit ratings of Achmea B.V. or entities within the Achmea Group and/or (iii) passing on of costs incurred or set-off by Achmea B.V. or within the Achmea Group. These interdependencies result in the fact that the Issuer may be affected by the realisation of certain risks of Achmea Group, which may have a material effect on the financial position or result from operations of the Issuer. See for a description of Achmea B.V. section 5 (*Achmea Bank N.V.*) and for a description of Achmea Group section 6 (*Achmea Group*).

Volatility in interest rates may negatively affect the Issuer's financial position or result from operations

The results of the operations of the Issuer are affected by its management of interest rates sensitivity. The composition of the Issuer's assets and liabilities, and any gap position resulting from that composition, causes the operations' net interest income to vary with changes in interest rates. There can be no assurance that the Issuer will be able to successfully manage interest rate spreads or the potential negative impact of risks associated with sustained low interest rate changes. A mismatch of interest-earning assets and interest bearing liabilities in any given period may, in the event of changes in interest rates, have a material effect on the financial position or result from operations of the Issuer.

While the Issuer manages its operational risks, these risks remain an inherent part of all of the Issuer's businesses

The operational risks that the Issuer faces include the possibility of inadequate or failed internal or external processes or systems, human error, regulatory breaches, employee misconduct or external events such as fraud and changes in the regulatory framework. These events may result in financial loss and may harm the Issuer's reputation. Additionally, the loss of key personnel or inability to attract and retain staff could adversely affect the Issuer's operations and results.

The Issuer attempts to keep operational risks at appropriate levels by maintaining a well-controlled environment in light of the characteristics of its business, the markets and the regulatory environments in which it operates. While these control measures mitigate operational risks they may not be fully effective and cannot eliminate them completely.

The Issuer has significant counterparty risk exposure and exposure to systemic risk

The Issuer's business is subject to general credit risks, including credit risks of borrowers and other counterparties. Risks arising from changes in credit quality and the recoverability of loans and amounts due from counterparties are inherent in the Issuer's business activities. Third parties that owe the Issuer money, securities or other assets may not pay or perform under their obligations. These parties include borrowers (under loans), the issuers whose securities the Issuer holds, customers, trading counterparties, counterparties under swaps and credit and other derivative contracts, clearing agents, exchanges, clearing houses and other financial intermediaries. These parties may default on their obligations to the Issuer due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons. In view of the current global economic outlook, the Issuer may continue to see adverse changes in the credit quality of its borrowers and counterparties, for example, as a result of their inability to refinance their indebtedness, with increasing delinquencies, defaults and insolvencies across a range of sectors (such as the personal and banking and financial institution sectors) and in a number of geographies. This trend has led to and may continue to lead to further impairment charges, higher costs, additional write-downs and losses for the Issuer.

In addition, certain of the Issuer's financial products and services are distributed through third parties or form part of broader products and services sold by third parties. Any negative publicity in respect of such third parties or such broader products and services could result in significant damage to the Issuer's reputation, which could in turn greatly hinder the Issuer's ability to retain clients or compete for new business.

Furthermore, in the past, the general credit environment has been at times adversely affected by significant instances of fraud. Concerns about, or a default by, one institution could lead to significant liquidity problems, losses or defaults by other institutions because the commercial soundness of many financial institutions may be

closely related as a result of their credit, trading, clearing or other relationships. This risk is sometimes referred to as "systemic risk" and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges with whom the Issuer interacts on a daily basis, and could have an adverse effect on the Issuer's business.

Risks related to the Issuer's portfolio

On 7 July 2015, the Issuer acquired a substantial part of the loan activities from Staalbankiers N.V. ("**Staalbankiers**"), the private banking entity within Achmea Group. As part of this acquisition, the following assets and/or activities have been transferred:

- a loan portfolio with a net book value of EUR 1.1 billion at the moment of transfer;
- an existing CHF 200 million loan granted by Achmea B.V. to Staalbankiers and related hedges; and
- Staalbankiers' entire loan department, procedures, policies and servicing contracts.

The loan portfolio differs in characteristics from the Issuer's typical mortgage loans. At the moment of the acquisition of the portfolio, the majority, EUR 693 million, consisted of residential real estate mortgage loans secured by mainly Dutch real estate. EUR 324 million was secured by commercial real estate, of which EUR 72 million in loans to real estate management companies. EUR 40 million was secured by other types of collateral or is unsecured. A majority of the loan volume, EUR 1.0 billion, has a floating interest rate. Part of the loans was denominated in Swiss Francs, with a value of CHF 0.4 billion. At 30 June 2017 the net book value of the portfolio was EUR 885 million.

On 15 December 2016 the Issuer reached an agreement with Staalbankiers to acquire the remainder of the Staalbankiers loan portfolio. The Issuer received the necessary declaration of no objection from the Dutch Central Bank on 5 December 2016. The carrying amount of the acquired portfolio is EUR 245 million. In addition to these loans, the Issuer will be acquiring linked savings accounts for an amount of EUR 57 million. The purchase price is equal to the carrying amount.

As a result of the acquisition of a large number of loans with a floating interest rate, the Issuer may have become more exposed to changes in interest rates, which could have an adverse impact on its financial position until all loans in the loan portfolio have reached their maturity date.

The mortgage loans included in the loan portfolio which result from private banking activities may differ from mortgage loans advanced to regular retail clients. The principal amount of these loans can be significantly higher than average mortgage loans in the Netherlands, making the exposure on a single client higher. Also, the mortgages securing the mortgage loans may be vested on residential and/or commercial properties with higher values and/or properties that may be more price sensitive and less marketable. In addition, the level of information provided to the borrowers and the acceptance criteria, may have differed from the standards otherwise applied by the Issuer. The risks of the Issuer on this loan portfolio, including the credit risk, may therefore be substantially higher than on the remainder of its loan portfolio. This may therefore result in higher losses and may impact the overall performance of the Issuer's loan portfolio. The historic performance of the Issuer's loan portfolio may therefore no longer be accurate as indication of future yield and losses. This may have a negative impact on the performance of the Issuer and could have an adverse impact on its financial position.

A substantial part of the loans are mortgage loans denominated in Swiss Francs, making the Issuer exposed to currency risks. The Issuer may to a certain extent mitigate this risk by entering into a Swiss Franc loan and hedging arrangements in relation to the currency exposure, but there is no assurance that this will cover all risks. In addition, these Swiss Franc mortgage loans have generally been advanced to private individuals which benefit from high level of duty of care (*zorgplicht*) by the lender, including the obligation to provide sufficient information. In case of Swiss Franc mortgage loans, the legal obligations of the lender, including its duty of care, may be more strict than in other cases as a result of the currency risk in relation to the loans. If Staalbankiers has not complied with its legal obligations in relation to the loans to private individuals, including its duty of care, this may result in claims of borrowers of the Issuer. Such claims could be significant and may involve high costs and require substantial resources on the part of the Issuer, whereas the Issuer's rights of recourse against Staalbankiers are negligible. This may have a negative impact on the performance of the Issuer and could have an adverse impact on its financial position.

A part of the increased risks as set out above may have been mitigated through a capital injection of EUR 170.5

million to the Issuer by Achmea B.V. for the acquisition of the loan portfolio of Staalbankiers in July 2015 and an additional capital injection of EUR 33.5 million for the remainder of the Staalbankiers loan portfolio acquisition in December 2016 and the capped guarantee issued by Achmea B.V. to the Issuer to cover specific risks, including credit risk and currency risk, related to this loan portfolio. However there can be no guarantee that the capital injection and/or the guarantee will cover all risks, nor that Achmea B.V. will always be able to comply with its obligations under the guarantee.

In connection with the acquisition of the loan portfolio from Staalbankiers, the administration and servicing of these loans has been outsourced to Stater N.V., a third party mortgage loan servicer. The servicing and reporting may differ from the standards the Issuer applies and this could affect the performance of the portfolio and could result in the Issuer receiving insufficient information on the loan portfolio, *inter alia*, in relation to its reporting obligations and management of the portfolio. In addition, there could be a risk that Stater is no longer able to perform part or all of its services.

In addition, due to the outsourcing of the servicing by the Issuer of its mortgage administration (which is not serviced by Stater N.V.) to Quion Services B.V. in the first quarter of 2017 the receipt of funds in respect of the Mortgage Receivables serviced by Quion Services B.V. may be subject to operational risks, which may result in the Issuer not being able to meet its obligations under the Covered Bonds, including any payments under the Covered Bonds.

At the date of this Base Prospectus, the mortgage loans acquired by the Issuer from Staalbankiers do not meet the Eligibility Criteria and, consequently, will not be transferred to the CBC.

Catastrophic events, terrorist attacks and similar events could have a negative impact on the business and results of the Issuer

Catastrophic events, terrorist attacks and similar events, as well as the responses thereto, may create economic and political uncertainties, which could have a negative impact on economic conditions in the regions in which the Issuer operates and, more specifically, on the business and results of the Issuer in ways that cannot be predicted.

The Issuer's results of operations can be affected by significant adverse regulatory developments including changes in regulatory capital and liquidity requirements

The Issuer conducts its businesses subject to ongoing regulatory and associated risks, including the effects of changes in law, regulations, and policies in the Netherlands. The timing and form of future changes in regulations are unpredictable and beyond the control of the Issuer, and changes made could materially adversely affect the Issuer's business.

The Issuer is required to hold a license for its operations and is subject to regulation and supervision by authorities in The Netherlands such as DNB, the AFM and in all other jurisdictions in which it operates. Extensive regulations are already in place and new regulations and guidelines are introduced relatively frequently. Regulators and supervisory authorities seem to be taking an increasingly strict approach to regulation and the enforcement thereof that may not be to the Issuer's benefit. A breach of any regulations by the Issuer could lead to intervention by supervisory authorities and the Issuer could come under investigation and surveillance, and be involved in judicial or administrative proceedings. The Issuer may also become subject to new regulations and guidelines that may require additional investments in systems and people and compliance with which may place additional burdens, costs or restrictions on the Issuer.

In light of the responses to the global economic and financial crisis, financial institutions have been confronted with a succession of new legislation and regulations, including, in particular, rules and regulations regarding capital adequacy, liquidity, leverage, accounting and other factors affecting banks (as discussed further below). Other recent and future prudential, conduct of business and more general regulatory initiatives that may affect the Issuer include, but are not limited to: (i) the European Market Infrastructure Regulation ("**EMIR**"), which imposes mandatory central clearing, certain risk mitigation requirements, as well as reporting obligations, in respect of (OTC) derivative transactions, (ii) the Mortgage Credit Directive (2014/17/EU), which, as implemented in Dutch law, introduced new requirements aiming to increase consumer protection relating to mortgage credit agreements, for instance with respect to pre-contractual information, the way of calculating the annual percentage rate of charge, early repayment and arrears, and foreclosure, (iii) the PRIIPS Regulation, which provides that manufacturers and distributors of certain investment products have to produce and/or provide a

'Key Information Document', (iv) MiFID II and the accompanying regulation (MiFIR), which give more extensive powers to supervisory authorities, increases market infrastructure, reporting and transparency requirements, introduces more robust investor protection, a harmonised position-limits regime for commodity derivatives and the possibility to impose higher fines in case of infringement of its requirements and, finally, (v) the fourth Anti Money Laundering Directive (2015/849/EU) and accompanying regulation which will provide, among others, for refined rules on customer due diligence requirements.

Basel III/Basel IV/CRD IV

As regards the recent and future capital adequacy, liquidity and leverage requirements relevant for the Issuer, in December 2010 the Basel Committee on Banking Supervision (the "**Basel Committee**") published its final standards on the revised capital adequacy framework known as "**Basel III**". These standards are significantly more stringent than the previous requirements. In order to facilitate the implementation of the Basel III capital and liquidity standards for banks and investment firms, CRD IV has been adopted. CRD IV consists of the CRD IV Directive and the CRR and aims to create a sounder and safer financial system. The CRD IV Directive governs among other things the permissibility of deposit-taking activities while the CRR establishes the majority of prudential requirements institutions need to respect.

The CRR entered into effect on 1 January 2014 and has direct effect in the Netherlands. The CRD IV Directive was implemented in Dutch law on 1 August 2014. A number of the requirements introduced under CRD IV will be phased in over a period of time or further supplemented through the Regulatory and Implementing Technical Standards produced by the European Banking Authority (the "**EBA**").

CRD IV, in implementing Basel III, is intended to increase the quality and quantity of capital, requires increased capital against derivative positions and introduces a capital conservation buffer, a counter-cyclical buffer, a systemic risk buffer, a new liquidity framework (liquidity coverage ratio and net stable funding ratio) as well as a leverage ratio. The leverage ratio is defined as Tier 1 capital divided by a measure of non-risk weighted assets. The leverage ratio requirement will be phased in gradually and is expected to become a binding harmonised requirement (as part of the EU Banking Reforms, as defined below). If Basel III is followed under CRD IV, the leverage ratio may not fall below 3%. Although there is still uncertainty as to the exact percentage and the scope of the leverage ratio under CRD IV, the European Commission has proposed a binding leverage ratio of 3% pursuant to the EU Banking Reforms (as further described below). According to the proposal, competent authorities remain responsible for monitoring leverage policies and processes of individual institutions and may impose additional measures to address risk of excessive leverage, if warranted. Prior to the announcement of the EU Banking Reforms, the Dutch government announced that it wishes to implement a leverage ratio of at least 4% for significant Dutch banks. However, the Issuer is currently no such significant bank. Also, international discussions are ongoing regarding a possible leverage ratio surcharge for global systematically important banks ("**G-SIBs**"). The Issuer does not qualify as such on the date of this Base Prospectus.

The Issuer cannot fully predict what impact the new rules and regulations will have on its business until the final rules and regulations are adopted and implemented and what the scope of these rules and regulations will be. Any new or changed regulations may adversely affect the Issuer's business and/or results of operations. If - for example - the Issuer is unable to raise the requisite Tier 1 and Tier 2 capital, it may be required to further reduce the amount of its risk-weighted assets on its balance sheet and engage in the disposition of core and other non-core businesses, which may not occur on a timely basis or achieve prices which would otherwise be attractive to the Issuer. Any change that limits the Issuer's ability to manage effectively its balance sheet and capital resources going forward (including, for example, reductions in profits and retained earnings as a result of write-downs or otherwise, increases in risk-weighted assets, delays in the disposal of certain assets or the inability to syndicate loans as a result of market conditions, a growth in unfunded pension exposures or otherwise) or to access funding sources, could have a material adverse impact on its financial condition, regulatory capital position and liquidity provision.

Following certain proposals of the Basel Committee and the Financial Stability Board, the European Commission ("**EC**") proposed on 23 November 2016 a comprehensive package of banking reforms to CRD IV, CRR, the BRRD (as defined below) and the SRM (as defined below) (the "**EU Banking Reforms**"), including measures to increase the resilience of EU institutions and enhance financial stability. The EU Banking Reforms are wide-ranging and cover multiple areas, including: (a) a binding 3 per cent. leverage ratio, (b) a binding detailed net stable funding ratio, (c) a requirement to have more risk-sensitive own funds for banks trading in certain instruments (further to Basel Committee's fundamental review of the trading book), (d) a new category of 'non-

preferred' senior debt, (e) the introduction of the new total loss-absorbing capacity ("**TLAC**") standard for G-SIBs, (f) an amendment of the minimum requirement for own funds and eligible liabilities ("**MREL**") framework to integrate the TLAC standard and (g) a revised calculation method for derivatives exposures. Except for certain elements, such as the application of TLAC as of 1 January 2019 and the required implementation in the Member States of the 'non-preferred' senior debt on 14 December 2018, the timing for the entry into force of these reforms is, however, unclear at the date of this Base Prospectus. The EU Banking Reforms are still subject to debate and approval at the EU Level as well as implementation and entry into force in the Member States.

On 7 December 2017, the Basel Committee published the finalised Basel III reforms as improvements to the global regulatory framework ("**Basel III Reforms**") (informally referred to as Basel IV). Basel III Reforms seek to restore credibility in the calculation of risk weighted assets ("**RWA**") and to improve the comparability of banks' capital ratio. The most important changes involve stricter rules for internal models and a capital floor. The Basel III Reforms, however, also include revisions to the standardised approaches for credit risk, operational risk and the credit valuation adjustment specified at a counterparty level (CVA). Given that the Basel III Reforms will have to be transposed by the EU legislature, the precise impact of the Basel III Reforms on the Issuer remains uncertain. Furthermore, the Basel Committee may from time to time continue to amend and/or supplement Basel III or the Basel III Reforms.

In addition, at the end of 2015, the ECB started a targeted review of internal models (TRIM) to assess whether the internal models currently used by banks comply with regulatory requirements, and whether they are reliable and comparable. Banks may use internal models to determine their Pillar 1 own funds requirements. The ECB will initially check all banks that fall under its direct supervision and that use approved Pillar 1 internal models. The ECB has indicated that TRIM could result in increases in capital needs for individual banks. Although the Issuer, which is not under the direct supervision of the ECB, is not expected to be in scope of the project, it remains uncertain if, and to what extent TRIM's findings may directly or indirectly affect the Issuer in the future. TRIM is expected to be finalised in 2019.

Any of the above factors may materially adversely affect the Issuer's financial position and results of operations and therefore its ability to make payments on the Covered Bonds. Potential investors should consult their own advisers as to the consequences to and effect on them of the application of (any amendments to) Basel III and the EU Banking Reforms, as implemented by their own regulator (as applicable) to their holding of any Covered Bonds. Neither the Issuer, the Arranger, the Dealers, the CBC nor the Security Trustee are responsible for informing Covered Bondholders of the effects on the changes to risk-weighting of regulatory capital which amongst others may result for investors from the adoption by their own regulator of (any amendments to) Basel III (whether or not implemented by them in its current form or otherwise).

IASB

The Issuer's consolidated financial statements are prepared in accordance with the International Financial Reporting Standards (IFRS)- including International Accounting Standards (IAS) and Interpretations - as adopted by the European Union (hereafter EU and EU-IFRS). The IFRS guidelines are periodically revised or expanded. It is possible that future accounting standards which the Issuer is required to adopt, or as a result of choices made by the Issuer, could change the current accounting treatment that applies to its consolidated financial statements and that such changes could have a material adverse effect on the Issuer's reported results of operations and financial condition and may have a corresponding impact on its capital ratios.

For example, IAS 39 Financial Instruments: Recognition and Measurement was replaced by IFRS 9 with effect from 1 January 2018. IFRS 9 changed the requirements for classification and measurement, impairments and hedge accounting. The new classification model is driven by cash flow characteristics and the business model in which an asset is held. The new model for impairment results in a single impairment methodology being applied to all financial instruments. IFRS 9 introduces an expected-loss impairment model that will require entities to account for expected credit losses from when financial instruments are first recognised and to recognise full lifetime expected losses in case of a significant credit deterioration. IFRS 9 also introduces a model for hedge accounting that aligns the accounting treatment with risk management activities. The standard is effective for reporting periods beginning on or after 1 January 2018, with early application permitted. The estimated impact of IFRS 9 is a decrease of the CET 1 ratio with approximately 30 basis points, mainly related to a change in the classification and measurement of a small part of the mortgage portfolio

Risk related to the Dutch Intervention Act, BRRD, SRM and Revised State Aid Guidelines

In 2012, the Dutch government adopted banking legislation dealing with ailing banks (Special Measures Financial Institutions Act, *Wet bijzondere maatregelen financiële ondernemingen*, the "**Dutch Intervention Act**"). Pursuant to the Dutch Intervention Act, substantial new powers were granted to DNB and the Dutch Minister of Finance enabling them to deal with, *inter alia*, ailing Dutch banks prior to insolvency.

The national framework for intervention by DNB with respect to banks has been replaced by the SRM (see below) and the law implementing the resolution framework set out in the BRRD (see below).

On 12 June 2014, a directive providing for the establishment of a European-wide framework for the recovery and resolution of credit institutions and investment firms ("**BRRD**") was published in the Official Journal of the European Union. The BRRD is currently in force and EU Member States were required to adopt and publish the laws, regulations and administrative provisions necessary to comply with the BRRD by 31 December 2014. The measures set out in the BRRD (including the Bail-in Tool, as defined below) have been implemented in national law with effect from 26 November 2015.

The BRRD sets out a common European recovery and resolution framework which is composed of three pillars: preparation (by requiring banks to draw up recovery plans and resolution authorities to draw up resolution plans), early intervention powers and resolution powers. In addition, BRRD provides preferential ranking on insolvency for certain deposits that are eligible for protection by deposit guarantee schemes (including the uninsured element of such deposits and, in certain circumstances, deposits made in non-EEA branches of EEA credit institutions). The stated aim of BRRD is, similar to the Dutch Intervention Act, to provide relevant authorities with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimize taxpayers' exposure to losses.

For banks established in a Member State participating in the Single Supervisory Mechanism, such as the Issuer, the BRRD is implemented by the directly binding regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (the "**SRM**"). The SRM establishes a single European resolution board (the "**Resolution Board**") having resolution powers over the institutions that are subject to the SRM, in particular institutions which are deemed significant under the Single Supervisory Mechanism, thus replacing or exceeding the powers of the national resolution authorities within the euro area. Currently, DNB in its capacity of national resolution authority ("**NRA**") shall perform resolution tasks and responsibilities under the SRM with respect to the Issuer (as a less significant institution under the Single Supervisory Mechanism). In other words, the NRA will in principle be responsible for setting the level of the MREL, writing down or converting relevant capital instruments, adopting resolution decisions and applying resolution tools in accordance with the resolution principles and in order to meet the resolution objectives. However, the Resolution Board may take over the role of the NRA with respect to the Issuer in certain circumstances set out in the SRM. In such case, the Resolution Board has the authority to exercise the specific resolution powers pursuant to the SRM which are similar to those of the NRA under the BRRD and SRM. The resolution tools available for the Resolution Board include the sale of business tool, the bridge institution tool, the asset separation tool and the Bail-in Tool as further specified in the SRM.

The SRM and BRRD apply not only to banks, but may also apply to certain investment firms, group entities (including financial institutions subject to consolidated supervision) and (to a limited extent) branches of equivalent non-EEA banks and investment firms. In connection therewith, the SRM and BRRD recognize and enable the application of the recovery and resolution framework both on the level of an individual entity as well as on a group level. The below should be read in the understanding that the Issuer or any entity belonging to the group may become subject to requirements and measures under the SRM and BRRD not only with a view to or as a result of its individual financial situation, but also, in certain circumstances, with a view to or as a result of the financial situation of the group that it forms part of. Moreover, for the avoidance of doubt, the below requirements and measures may also apply to any such group entity of the Issuer, which may include the CBC.

The Resolution Board may apply interpretations of BRRD or recovery and resolution strategies that differ from those applied by the relevant NRA. Any change in the interpretation or strategy may affect the resolution plans for the Issuer, as prepared by the relevant NRA.

If the Issuer would infringe or, due to a rapidly deteriorating financial condition, would be likely to infringe capital

or liquidity requirements in the near future, the supervisory authorities will have the power to impose early intervention measures. A rapidly deteriorating financial condition could, for example, occur in case of a deterioration of the Issuer's liquidity situation, an increasing level of leverage and non-performing loans. Intervention measures include the power to require changes to the legal or operational structure of the institution, changes to the institutions' business strategy, the Issuer's managing board to convene a general meeting of shareholders, set the agenda and require certain decisions to be considered for adoption by the general meeting. Furthermore, if these early intervention measures are not considered sufficient, DNB may replace management or install a temporary administrator. A special manager may also be appointed who will be granted management authority over the Issuer instead of its existing board members, in order to implement the measures decided on by DNB.

If the Issuer were to reach a point of non-viability, the relevant resolution authority could take pre-resolution measures. These measures include the write down and cancellation of shares, and the write down of capital instruments or conversion of capital instruments, including Common Equity Tier 1, Additional Tier 1 and Tier 2 instruments, in principle in a certain order. A write down or conversion into shares of capital instruments could adversely affect the market value of their Covered Bonds could be negatively affected.

The BRRD and SRM provide resolution authorities with powers to implement resolution measures with respect to banks which meet the conditions for resolution, which may include (without limitation) the sale of the bank's business to a third-party or a bridge institution, the separation of assets, a bail-in tool, the replacement or substitution of the bank as obligor in respect of debt instruments, modifications to the terms of debt instruments and discontinuing the listing and admission to trading of financial instruments. The bail-in tool comprises a more general power for resolution authorities to write down the claims of unsecured creditors of a failing bank and to convert unsecured debt claims into equity (the "**Bail-in Tool**").

Subject to certain exceptions, as soon as any of these proposed proceedings have been initiated by the relevant resolution authority, as applicable, the relevant counterparties of such bank would not be entitled to invoke events of default or set off their claims against the bank for this purpose. The application of resolution measures may lead to additional measures. For example, in connection with the nationalisation of SNS Reaal N.V. pursuant to the Dutch Intervention Act, a one-off resolution levy for all banks was proposed by the Dutch Minister of Finance. When applying the resolution tools and exercising the resolution powers, including the preparation and implementation thereof, the resolution authorities are not subject to (i) requirements to obtain approval or consent from any person either public or private, including but not limited to the holders of shares or debt instruments, or from any other creditors, and (ii) procedural requirements to notify any person including any requirement to publish any notice or prospectus or to file or register any document with any other authority, that would otherwise apply by virtue of applicable law, contract, or otherwise. In particular, the resolution authorities can exercise their powers irrespective of any restriction on, or requirement for consent for, transfer of the financial instruments, rights, assets or liabilities in question that might otherwise apply.

An exemption applies to covered bonds pursuant to which covered bonds should normally be exempted from the applicability of the write-down and conversion powers described above, however this exemption does not apply if and to the extent the aggregate Principal Amount Outstanding of the Covered Bonds would exceed the value of the collateral available to secure such Covered Bonds. In addition, it is uncertain whether the Guarantee constitutes such collateral and therefore to what extent such exception applies to the obligations of the Issuer under the Covered Bonds. The resolution framework as described above provides for certain safeguards against a partial transfer and the exercise of certain resolution powers in respect of covered bonds, which aims to ensure that rights arising out of covered bonds will not be affected by such partial transfer or exercise of such resolution power.

Resolution Fund

The SRM provides for a single resolution fund ("**Resolution Fund**") that will be financed by banking groups included in the SRM. The Issuer will only be eligible for contribution to loss absorption by the Resolution Fund after a resolution action is taken if shareholders, the holders of relevant capital instruments and other eligible liabilities have made a contribution (by means of a write down, conversion or otherwise) to loss absorption and recapitalization equal to an amount not less than 8% of the total liabilities (including own funds and measured at the time of the resolution action). This means that the Issuer must hold on to sufficient own funds and liabilities eligible for write down and conversion in order to have such access to the single resolution fund in case of a resolution. This may have an impact on the Issuer's capital and funding costs.

State Aid

On 10 July 2013, the European Commission announced the adoption of its temporary state aid rules for assessing public support to financial institutions during the crisis (the "**Revised State Aid Guidelines**"). The Revised State Aid Guidelines impose stricter burden-sharing requirements, which require banks with capital needs to obtain additional contributions from equity holders and capital instrument holders before resorting to public recapitalizations or asset protection measures. The European Commission has applied the principles set out in the Revised State Aid Guidelines from 1 August 2013. The European Commission has made it clear that any burden sharing imposed on subordinated debt holders will be made in line with principles and rules set out in BRRD.

The Dutch Intervention Act, BRRD, SRM, the EU Banking Reforms and the Revised State Aid Guidelines may have direct or indirect impact on the Issuer, its group entities and/or the Programme. It may for instance increase the Issuer's cost of funding and thereby have an adverse impact on the Issuer's funding ability, financial position and results of operations. In case of a capital shortfall, the Issuer would first be required to carry out all possible capital raising measures by private means, including the conversion of junior debt into equity, before one is eligible for any kind of restructuring State aid. Also, it could negatively affect the position of Covered Bondholders and the credit rating attached to Covered Bonds then outstanding, in particular if and when any of the above proceedings would be commenced against the Issuer and/or any group entities. The rights and effective remedies of the Covered Bondholders, as well as their market value, may be affected by any such proceedings.

FSB Standard for Total Loss-Absorbing Capacity

In November 2015, the Financial Stability Board (the "**FSB**") published the final total loss-absorbing capacity ("**TLAC**") standard intended to enhance the loss-absorbing capacity of global systemically important banks ("**G-SIBs**") in resolution. The TLAC standard seeks to ensure that G-SIBs will have sufficient loss absorbing capacity available in a resolution of such an entity, in order to minimise any impact on financial stability, ensure the continuity of critical functions and avoid exposing taxpayers to loss. The TLAC standard also includes a specific termsheet for TLAC which attempts to define an internationally agreed standard.

The TLAC standard requires all G-SIBs to maintain a minimum Pillar 1 level of TLAC eligible capital of 16% of risk exposure amount (in addition to minimum regulatory capital requirements and buffer requirements), and at a minimum of 6% Basel III leverage ratio denomination, with effect from 1 January 2019 (18% respectively 6.75% with effect from 1 January 2022). The TLAC standard states that G-SIBs will be required to pre-position such loss-absorbing capacity amongst "material sub-groups" on an intra-group basis. The FSB has also proposed that the minimum TLAC requirement should be satisfied before any surplus common equity is available to satisfy CRD IV buffers and the TLAC standard provides the possibility for local regulators to impose a Pillar II TLAC requirement over and above the Pillar 1 minimum. Based on the most recently updated FSB list of G-SIBs published in November 2017, the Issuer does not currently constitute a G-SIB. However, the EU or Dutch legislator could impose similar requirements on non-G-SIBs.

According to TLAC standard, TLAC may comprise Tier 1 and Tier 2 capital (for the purposes of CRD IV), along with other TLAC-eligible liabilities which can be effectively written down or converted into equity during the resolution of the G-SIB. All TLAC is required to be subordinated to "excluded liabilities", which includes insured deposits and any other liabilities that cannot be effectively written down or converted to equity by the relevant resolution authority. Similar requirements are also reflected in the EU Banking Reforms (see the risk factor '*The Issuer's results of operations can be affected by significant adverse regulatory developments including changes in regulatory capital and liquidity requirements*' above).

RTS on the minimum requirement for own funds and eligible liabilities under BRRD and SRM

Pursuant to the SRM and BRRD, banks are required to meet at all times a minimum amount of own funds and eligible liabilities ("**MREL**") expressed as a percentage of the total liabilities and own funds to ensure that the Bail-in Tool and other resolution tools are effective. The competent resolution authority shall establish a level of minimum MREL on a bank-by-bank basis based on assessment criteria to be set out in technical regulatory standards. On 23 May 2016 the European Commission adopted the regulatory technical standards ("**MREL RTS**") on the criteria for determining the MREL under BRRD (Commission Delegated Regulation (EU) 2016/1450 with regard to regulatory technical standards specifying the criteria relating to the methodology for setting MREL). The MREL RTS provide for resolution authorities to allow institutions a transitional period to reach the applicable MREL requirements.

Unlike the FSB's standard, the MREL RTS do not set a minimum EU-wide level of MREL, and the MREL requirement applies to all credit institutions, not just to those identified as being of a particular size or of systemic importance. Each resolution authority is required to make a separate determination of the appropriate MREL requirement for each resolution group within its jurisdiction, depending on the resolvability, risk profile, systemic importance and other characteristics of each institution.

The MREL requirement for each institution will be comprised of a number of key elements, including the required loss absorbing capacity of the institution (which will, as a minimum, equate to the institution's capital requirements under CRD IV, including applicable buffers), and the level of recapitalisation needed to implement the preferred resolution strategy identified during the resolution planning process. Other factors to be taken into consideration by resolution authorities when setting the MREL requirement include: the extent to which an institution has liabilities in issue which are excluded from contributing to loss absorption or recapitalisation; the risk profile of the institution; the systemic importance of the institution; and the contribution to any resolution that may be made by deposit guarantee schemes and resolution financing arrangements.

Items eligible for inclusion in MREL will include an institution's own funds (within the meaning of CRD IV), along with "eligible liabilities", meaning liabilities which, *inter alia*, are issued and fully paid up, have a maturity of at least one year (or do not give the investor a right to repayment within one year), and do not arise from derivatives.

Whilst there are a number of similarities between the MREL requirement and the FSB's TLAC standard, there are also certain differences, including the timescales for implementation. The MREL RTS suggests that the MREL requirements can nevertheless be implemented for G-SIBs in a manner that is "consistent with" the international framework, and contemplates a possible increase in the MREL requirement over time in order to provide for an adequate transition to compliance with the TLAC requirements (which are currently projected to apply from January 2019). Further convergence in the detailed requirements of the two regimes is expected, as proposed by EBA in its final report on the implementation and design of the MREL framework of 14 December 2016 (the "**EBA Final MREL Report**") and by the European Commission in its EU Banking Reforms. However, it is still uncertain to what extent the regimes will converge and what the final requirements will look like.

Intended TLAC and MREL alignment

The EBA Final MREL Report contains a number of recommendations to amend the current MREL framework. The EU Banking Reforms contain the legislative proposal of the European Commission for the amendment of the MREL framework and the implementation of the TLAC standards. The EU Banking Reforms propose the amendment of a number of aspects of the MREL framework to align it, *inter alia*, with the TLAC standard. To maintain coherence between the MREL rules (which apply to both G-SIBs and non-G-SIBs) and the TLAC standards, the EU Banking Reforms also propose a number of changes to the MREL rules applicable to non-G-SIBs, such as the Issuer, including (without limitation) the criteria for the eligibility of liabilities for MREL. While the EU Banking Reforms propose for a minimum harmonised or "Pillar 1" MREL requirement for G-SIBs, in the case of non-G-SIBs it is proposed that MREL requirements will be imposed on a bank-specific basis. The EU Banking Reforms further provide for the resolution authorities to give guidance to an institution to have own funds and eligible liabilities in excess of the requisite levels for certain purposes. Furthermore, the EU Banking Reforms also include a directive which entered into force on 28 December 2017 amending the BRRD (the "**BRRD Amendment Directive**"). The BRRD Amendment Directive provides for an EU-harmonised approach on bank creditors' insolvency ranking that would enable banks to issue debt in a new statutory category of unsecured debt, ranking just below the most senior debt and other senior liabilities for the purposes of resolution, while still being part of the senior unsecured debt category. The EU Banking Reforms also propose a moratorium tool allowing for the suspension of certain contractual obligations for a short period of time in resolution as well as in the early intervention phase. As such, the EU Banking Reforms may affect the Issuer (including with regard to the MREL it must maintain) and the Covered Bonds (including with regard to their ranking in insolvency and their being at risk of being bailed-in). The implementation of the BRRD Amendment Directive entered into force in the Netherlands on 14 December 2018. The timing for the final implementation and applicability of the other reforms that form part of the EU Banking Reforms remains unclear as at the date of this Base Prospectus. Furthermore, until the EU Banking Reforms are in final form, it is uncertain how the proposals will affect the Issuer or Covered Bondholders.

In addition to the SRM and the BRRD, the Dutch Intervention Act contains far-reaching intervention powers for the Dutch Minister of Finance with regard to banks or their parent undertakings established in the Netherlands,

such as the Issuer, if the Minister of Finance deems that the stability of the financial system is in serious and immediate danger due to the situation that bank is in. The Wft empowers the Dutch Minister of Finance to (i) commence proceedings leading to ownership by the Dutch State (nationalisation) of the relevant financial institution, or also its parent company and expropriation of assets and liabilities, claims against it and/or securities, and (ii) take immediate measures which may deviate from statutory provisions or from the articles of association of the relevant financial institution.

Finally, on 28 November 2017, a legislative proposal for the recovery and resolution of insurers (*Wet herstel en afwikkeling van verzekeraars*) was published and submitted to the Dutch parliament. In short, the proposal includes a revised framework for the recovery and resolution of insurers and groups including an insurer, which is intended to replace the Special Measures Financial Institutions Act (other than the expropriation and immediate measures of the Minister of Finance discussed above). The legislative proposal has entered into force on 1 January 2019.

Risks relating to the FSB standard, MREL RTS, the EU Banking Reforms and the Wft

Both the FSB standard and the MREL RTS may be subject to change and further implementation. On 23 November 2016, the European Commission announced the EU Banking Reforms which intend to implement TLAC and clarify its interaction with MREL. However, the EU Banking Reforms are to be considered by the European Parliament and the Council of the European Union and therefore remain subject to change. As a result, it is not possible to give any assurances as to the ultimate scope, nature, timing and of any resulting obligations, or the impact that they will have on the Issuer, its group entities, its operations and/or its financial position or the Covered Bonds and/or the Programme once implemented. If the EU Banking Reforms are implemented in their current form however, it is possible that the Issuer may have to issue a significant amount of additional MREL eligible liabilities in order to meet the new requirements within the required timeframes. If the Issuer were to experience difficulties in raising MREL eligible liabilities, it may have to reduce its lending or investments in other operations which would have a material adverse effect on the Issuer's business, financial position and results of operations.

The Issuer is unable to predict what effects, if any, the BRRD, the BRRD Implementation Act, the SRM, the EU Banking Reforms and the special resolution powers under the Wft may have on the financial system generally, the Issuer's counterparties, or on the Issuer, its group entities, its operations and/or its financial position or the Covered Bonds and/or the Programme.

Changes in Dutch tax law may impact the Issuer's financial position

The Dutch government aims to introduce a 'thin capitalization rule' for banks and insurers as of 2020. This new rule would limit the deduction of interest on debt exceeding 92% of the Issuer's commercial balance sheet total. This policy intention stems from the coalition agreement (*regeerakkoord*) 2017-2021 of the Dutch government as published on 10 October 2017 and the 2019 Dutch Tax Bill (*Belastingplan 2019*) as published on 18 September 2018. At the date of this Base Prospectus, no legislative proposal regarding the thin capitalization rule has been made publicly available yet and therefore many aspects of this policy intention remain unclear. A legislative proposal for the proposed thin capitalization rule is expected to be published in 2019. If the new thin capitalization rule will be implemented in Dutch tax law, it may have an adverse impact on the amount of interest the Issuer may deduct for Dutch corporate income tax purposes and thus may increase the Issuer's Dutch corporate income tax liability.

As per 1 January 2019, the Dutch corporate income rates will be gradually reduced. The Dutch corporate income tax rate applicable to taxable profits in excess of €200,000 will be gradually reduced from currently 25% to 22.55% in 2020 and 20.5% in 2021 and the corporate income tax rate applicable to taxable profits up to €200,000 will be gradually reduced from currently 19% to 16.5% in 2020 and 15% in 2021.

At the date of this Base Prospectus, the impact of this proposed tax measures on the Issuer's financial position cannot be assessed. Prospective investors are advised to seek their own professional advice in relation to the proposed tax measures in the Netherlands.

MIFID II/MiFIR

On 3 January 2018, MiFID II entered into force. Furthermore, MiFID II was accompanied by Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments ("**MiFIR**"). MiFID II/MiFIR, *inter alia*, aim to strengthen investor protection and improve the functioning of the

financial markets. New reporting requirements increased the amount of information available, and reduce the use of dark pools and OTC trading. The protection of investors is strengthened through the introduction of new requirements on product governance and independent investment advice, the extension of existing rules to structured deposits, and the improvement of requirements in several areas, including on the responsibility of management bodies, inducements, information and reporting to clients, cross-selling, remuneration of staff, and best execution. The new rules have been implemented in most jurisdictions, however for some EU member states the local implementation rules are not finalised yet and will continue to require attention.

Benchmark Regulation

On 1 January 2018, the Benchmark Regulation became applicable, subject to certain transitional provisions. The Benchmark Regulation will contribute to the accuracy and integrity of benchmarks used in financial instruments and financial contracts or to measure the performance of investment funds by, among others, (i) ensuring that benchmark administrators are subject to prior authorisation and supervision depending on the type of benchmark, requiring greater transparency on how a benchmark is produced; (ii) ensuring the appropriate supervision of critical benchmarks, such as LIBOR/EURIBOR, the failure of which might create risks for market participants and for the functioning and integrity of markets and (iii) requiring EU supervised entities to only use benchmarks of administrators that are duly authorised/registered. As user of benchmarks for, amongst others, the debt securities it issues, the Issuer may only use benchmarks, which are in compliance with the Benchmark Regulation. See also the risk factor *'Future discontinuance of EURIBOR and/or LIBOR or other interest rate benchmark may affect the value or payment of interest under the Covered Bonds'*.

A downgrade of any of the Issuer's credit ratings may impact the Issuer's funding ability and have an adverse effect on the Issuer's financial condition

As of the date hereof, Standard & Poor's Credit Market Services Europe Limited's ("S&P") long-term counterparty credit rating of the Issuer is 'A-', with a negative outlook and its short-term counterparty credit rating of the Issuer is 'A-1'. Fitch Ratings Ltd. ("Fitch") has assigned a long-term counterparty credit rating of 'A', with a stable outlook and a short-term counterparty credit rating of 'F1' in respect of the Issuer. The counterparty credit rating of Achmea B.V. (the holding company of the Achmea Group of which the Issuer forms part) by S&P is as of 25 July 2016 'BBB+' with a negative outlook as of 21 February 2017. A downgrade of any of the Issuer's ratings (for whatever reason) would result in higher funding and refinancing costs for the Issuer in the capital markets. In addition, a downgrade of any of the Issuer's ratings may limit the Issuer's opportunities to extend mortgage loans and may have a particularly adverse effect on the Issuer's image as a participant in the capital markets, as well as in the eyes of its clients. These factors may have an adverse effect on the Issuer's financial condition and/or results of operations. A downgrade of Achmea B.V.'s rating may have a similar adverse effect on the Issuer's financial condition and/or results of operations.

In addition, other rating agencies may seek to rate the Issuer or the Covered Bonds on an unsolicited basis and if such unsolicited ratings are lower than comparable ratings granted, such unsolicited ratings could have a material adverse effect on the Issuer's results of operations, financial condition and liquidity and may negatively affect the market value of the Covered Bonds. The decision to withdraw a rating or continue with an unsolicited rating remains with the relevant rating agency.

An interruption, failure or breach of the Issuer's operational systems may result in lost business or other losses

The Issuer aims to limit its operational risks as far as possible by means of an internal control system based on a single set of procedures and instructions which apply throughout Achmea Group. Back-up and contingency facilities are in place for the relevant information and data processing and storage systems. In particular, as with most other banks, the Issuer relies heavily on communication and information systems to conduct its business. Any failure or interruption or breach in security of these systems could result in errors in the Issuer's management information and information reported to supervisory authorities and failures or interruptions in client relationship management, general ledger, deposit, servicing and/or loan organisation systems.

The Issuer's risk management policies and procedures may not be fully effective

The Issuer's policies and procedures to identify, monitor and manage risks may not be fully effective. Some of the actions taken to address various risks include but are not limited to entering into hedging transactions, prescribing limits on the amount of rate risk, liquidity risk and credit risk per counterparty that the Issuer may incur in its lending activities and fully securing loans. Some of these and other methods of managing risks employed by the Issuer are based upon the Issuer's use of observed historical market behaviour. As a result, these methods

may not predict future risk exposures, which could be significantly greater than historical measures indicate. Other risk management methods depend upon evaluation of information regarding markets, clients or other matters that are publicly available or otherwise accessible to the Issuer. This information may not in all cases be accurate, up-to-date or properly evaluated. Management of operational, legal and regulatory risk requires, amongst other things, policies and procedures to properly record and verify a large number of transactions and events, and these policies and procedures may not be fully effective.

The Issuer may be required to make additional pension contributions

Achmea Interne Diensten N.V. determines the pension cost under the International Financial Reporting Standards ("IFRS") (i.e. the International Accounting Standard 19 ("IAS 19")) for all Achmea Group (as defined in section 6 (*Achmea Group*)) employees, including employees of the Issuer, on an annual basis. The pensions for Achmea Group employees are insured within Stichting Pensioenfonds Achmea. Achmea Interne Diensten N.V. pays the premiums to the insurer and, in turn, charges the IFRS pension cost to the various Achmea Group business units. In this system, all Achmea Group business units, including the Issuer, contribute a premium equal, in aggregate, to the IFRS pension cost. All IAS 19 liabilities are recognised on the balance sheet of Achmea Interne Diensten N.V.

Pension costs are determined under several economic and geographical assumptions. Changes in these assumptions will change the pension cost and consequently may increase the contribution by the Issuer to Achmea Interne Diensten N.V.

License Requirements

The Dutch Financial Markets Supervision Act (*Wet op het financieel toezicht*, the "**Wft**") imposes amongst other things a license requirement on entities that extend (consumer) mortgage credit. This applies to the Issuer, and if the Issuer's license to carry out this activity were to be revoked or suspended, or if other regulatory action is taken against the Issuer, this could severely affect the business and results of operations of the Issuer and its ability to fulfil its obligations under the Covered Bonds.

RISK FACTORS REGARDING THE CONDITIONAL PASS-THROUGH COVERED BONDS

The Covered Bonds will be solely the obligations of the Issuer

The Covered Bonds will be solely the obligations of the Issuer. The Covered Bonds will not be obligations or responsibilities of, or guaranteed by (other than pursuant to the Guarantee), any other entity or person, in whatever capacity acting (other than as Issuer), including, without limitation, the Transferor, any Swap Counterparty, the Servicer, the Administrator, the Back-up Administrator, the Directors, any Paying Agents, the Registrar, any Calculation Agent, the Arranger, any Dealer, the CBC Account Bank, the CBC Back-Up Account Bank, the Security Trustee, the Insurance Savings Participant, the Bank Savings Participant and the Rating Agencies. Furthermore, none of the Swap Counterparties, the Servicer, the Administrator, the Back-up Administrator, the Directors, the Paying Agents, the Registrar, the Calculation Agent, the Arranger, the Dealers, the CBC Account Bank, the CBC Back-Up Account Bank, the Security Trustee, the Insurance Savings Participant, the Bank Savings Participant and the Rating Agencies, nor any other person in whatever capacity acting (other than the Issuer), will accept any liability whatsoever to Covered Bondholders in respect of any failure by the Issuer to pay any amounts due under the Covered Bonds.

Factors which might affect an investor's ability to make an informed assessment of the risks associated with Covered Bonds issued under the Programme

Investors in the Covered Bonds must be able to make an informed assessment of the Covered Bonds, based upon full knowledge and understanding of the facts and risks. Investors must determine the suitability of that investment in light of their own circumstances. The following factors might affect an investor's ability to appreciate the risk factors outlined above or below, placing such investor at a greater risk of receiving a lesser return on his investment:

- (i) if such an investor does not have sufficient knowledge and experience to make a meaningful evaluation of the Covered Bonds and the merits of investing in the Covered Bonds in light of the risk factors outlined above or below;
- (ii) if such an investor does not have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of his particular financial situation, the significance of these risk factors and the impact the Covered Bonds will have on his overall investment portfolio;

- (iii) if such an investor does not have sufficient financial resources and liquidity to bear all of the risks of an investment in the Covered Bonds, including, but not limited to, where the currency for principal or interest payments is different from the investor's base currency;
- (iv) if such an investor does not understand thoroughly the terms of the Covered Bonds and is not familiar with the behaviour of any relevant indices in the financial markets (including the risks associated therewith) such investor is more vulnerable to any fluctuations in the financial markets generally; and
- (v) if such an investor is not able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect his investment and his ability to bear the applicable risks.

A wide range of Covered Bonds may be issued under the Programme. A number of these Covered Bonds may have features which contain particular risks for investors. Covered Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments but as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. Investors should not invest in Covered Bonds unless they have the expertise (either alone or with a financial adviser) to evaluate how the Covered Bonds will perform under changing conditions, the resulting effects on the value of the Covered Bonds and the impact this investment will have on the investor's overall investment portfolio.

Risks related to the structure of a particular issue of Covered Bonds

Covered Bonds issued under the Programme will either be fungible with an existing Series or have different terms to an existing Series (in which case it will constitute a new Series). All Covered Bonds issued from time to time will rank *pari passu* with each other in all respects and will share equally in the Guarantee granted by the CBC. If an Issuer Event of Default or a CBC Event of Default occurs and results in acceleration (in respect of the CBC only in case of a CBC Event of Default), all Covered Bonds of all Series will accelerate at the same time. Set out below is a description of the most common features of Covered Bonds:

Covered Bonds subject to optional redemption by the Issuer

An optional redemption feature of Covered Bonds is likely to limit their market value. During any period when the Issuer may elect to redeem Covered Bonds, the market value of those Covered Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be the case prior to any optional redemption period.

The Issuer may be expected to redeem Covered Bonds when its cost of borrowing is lower than the interest rate on the Covered Bonds. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Covered Bonds being redeemed and may only be able to do so at a (significantly) lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Issuer is specified as having the option to redeem the Covered Bonds in the applicable Final Terms prior to the Maturity Date and the Issuer cannot exercise its option because an Issuer Event of Default has occurred and is continuing, then the CBC will have the right to declare that all of the Covered Bonds then outstanding will mature on an Optional Redemption Date specified in the applicable Final Terms and that the Maturity Date will be such Optional Redemption Date. If the CBC exercises its right, the Maturity Date will be the relevant Optional Redemption Date and the Extended Due for Payment Date will continue to be the date falling thirty-two (32) years after such Optional Redemption Date (or if indicated otherwise in the applicable Final Terms, such date).

If the Covered Bonds become subject to withholding tax on interest in the Netherlands, the Covered Bonds may be redeemed prior to their stated maturity

In a letter sent to Dutch parliament on 15 October 2018, the Dutch government announced its new 'Business Climate Package' (*Brief 'Heroverweging pakket vestigingsklimaat'*). As part of this 'Business Climate Package' the Dutch government announced that it aims to introduce a withholding tax on interest payments as of 1 January 2021. Based on the limited information publicly available on the date of this Base Prospectus, it is expected that the withholding tax would apply to interest payments directly or indirectly made by a Dutch entity to affiliated entities in low-tax jurisdictions designated as such and included in the list as published by the Ministry of Finance under the ministerial regulation of 31 December 2018 on the designation of low-tax jurisdictions and jurisdictions that are included in the EU list of non-cooperative jurisdictions (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*) (the **Dutch Black List**). The legislative proposal

regarding the introduction of a withholding tax on interest payments has not been made publicly available yet, but is expected in 2019.

Currently, the Netherlands considers a jurisdiction as a low-tax jurisdiction if such jurisdiction either has no corporation tax or has a corporation tax with a general statutory rate on business profits that is lower than 9%. As of 1 January 2019, the following 21 jurisdictions have been designated as low-tax jurisdictions by the Netherlands and are included in the Dutch Black List: American Samoa, Anguilla, the Bahamas, Bahrain, Belize, Bermuda, the British Virgin Islands, Guernsey, Guam, the Isle of Man, Jersey, the Cayman Islands, Kuwait, Qatar, Samoa, Saudi Arabia, Trinidad and Tobago, the Turks and Caicos Islands, Vanuatu, the United Arab Emirates and the U.S. Virgin Islands. The Dutch Black List will be updated each year. However, if during the relevant year, jurisdictions are added to the EU list of non-cooperative jurisdictions that are not included in the Dutch Black List, such jurisdiction will be deemed to be included in the Dutch Black List as of the date of inclusion in the EU list of non-cooperative jurisdictions.

Since the legislative proposal for the introduction of a withholding tax on interest payments has not been made publicly available yet, at the date of this Base Prospectus it is not clear what the exact scope and impact of the proposed measure will be. Based on the limited information made publicly available at the date of this Base Prospectus, it seems unlikely that the proposed measure will apply to interest on debt instruments that are issued to holders unrelated to the Issuer. However, it cannot be ruled out that it will have a wider application and, as such, it could potentially be applicable to interest payments on the Covered Bonds. If the proposed withholding tax on interest is implemented in such a way that the Issuer will become obliged to pay additional amounts as provided for in Condition 8 (*Taxation*) of the Terms and Conditions of the Covered Bonds, the Issuer may redeem the Covered Bonds, in whole but not in part, at its option under Condition 7(b) (*Redemption for tax reasons*) of the Terms and Conditions of the Covered Bonds.

Prospective investors are advised to seek their own professional advice in relation to the introduction of a withholding tax on interest payments in the Netherlands as of 1 January 2021.

Covered Bonds issued at a substantial discount or premium

The market values of Covered Bonds issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than to prices for conventional interest-bearing Covered Bonds. Generally, the longer the remaining term of the Covered Bonds, the greater the price volatility as compared to conventional interest-bearing Covered Bonds with comparable maturities.

Risks related to Covered Bonds generally

Set out below is a brief description of certain risks relating to the Covered Bonds generally.

Certain decisions of Covered Bondholders taken at Programme level

Any Programme Resolution to direct the Security Trustee to serve an Issuer Acceleration Notice, a Notice to Pay or a CBC Acceleration Notice, and any direction to the Security Trustee to take any enforcement action must be passed at a single meeting of the holders of all Covered Bonds of all Series then outstanding as set out in more detail in Condition 15 (*Meetings of Covered Bondholders, Modification and Waiver*) and cannot be decided upon at a meeting of Covered Bondholders of a single Series. A Programme Resolution will be binding on all Covered Bondholders including Covered Bondholders who did not attend and vote at the relevant meeting and Covered Bondholders who voted in a manner contrary to the majority.

Risk related to conflict of interest

If the Transferor or any other member of the Achmea Group holds Covered Bonds, it will be able to exercise its voting rights in respect of such Covered Bonds, except as described in Condition 15 (*Meetings of Covered Bondholders, Modification and Waiver*) and, in so doing, may take into account factors specific to it. In case the Transferor holds Covered Bonds it may, *inter alia*, take into account its different roles in the transaction, including its role as Transferor, when exercising its voting rights with respect to such Covered Bonds. In case a member of the Achmea Group other than the Transferor holds Covered Bonds such member may, *inter alia*, take into account its relationship with the Transferor when exercising its voting rights with respect to such Covered Bonds.

Risk related to enforcement

Subject to the provisions of the Trust Deed, only the Security Trustee may enforce the provisions of the Covered Bonds and the Transaction Documents. Neither the Covered Bondholders nor any other person shall be entitled

to proceed directly against the Issuer or the CBC to enforce any provision of the Covered Bonds and/or the Transaction Documents, unless the Security Trustee fails to take any steps to enforce the Security in accordance with the Trust Deed within a reasonable time and such failure is continuing. All limitations and restrictions imposed under or by virtue of the Trust Deed, the Covered Bonds or any other Transaction Document on the Security Trustee in relation to the enforcement of rights and the availability of remedies, shall *mutatis mutandis* also fully apply to such Secured Creditors.

The Security Trustee may agree to modifications to or waivers under the Covered Bonds and/or the Transaction Documents without the Covered Bondholders' or other Secured Creditors' prior consent

Pursuant to the terms of the Trust Deed, the Security Trustee may, without the consent or sanction of any of the Covered Bondholders or any of the other Secured Creditors (other than the Secured Creditors that are a party to such Transaction Documents (where applicable)), concur with any person in making or sanctioning any modifications to or waivers or authorisations (e.g. in respect of any breach or proposed breach of any of the provisions of the Covered Bonds of any Series or the Transaction Documents, or determination, without any such consent as aforesaid, that any Issuer Event of Default or CBC Event of Default shall not be treated as such) under the Covered Bonds of any Series, the related Coupons or any Transaction Documents (including without limitation designating further creditors as Secured Creditors):

- (i) provided that (i) in the opinion of the Security Trustee such modification is not materially prejudicial to the interests of any of the Covered Bondholders of any Series or any of the other Secured Creditors (in which respect the Security Trustee may rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor), (ii) it has not been informed in writing by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid) and (iii) it has received Rating Agency Confirmation in respect of such modification; or
- (ii) which is of a formal, minor or technical nature or is made to correct a manifest error or an error established as such to the satisfaction of the Security Trustee;
- (iii) which is required or necessary in connection with any change, after the relevant Issue Date, of mandatory provisions of law or any laws or regulation (including but not limited to the laws and regulations of the Netherlands and the European Union) applicable or relevant with respect to covered bonds (*gedekte obligaties*) to ensure that the Issuer, the CBC and/or Covered Bondholders enjoy the full benefits of such legislation, provided that in the sole opinion of the Security Trustee such modification is not materially prejudicial to interest of any of the Covered Bondholders or any of the other Secured Creditors; or
- (iv) which is required or necessary to comply with its EMIR obligations;
- (v) which are in the opinion of the Issuer and the Security Trustee necessary in order to transfer title (and if applicable obligations) in respect of Eligible Assets to the CBC and/or to create security in respect thereof in favour of the Security Trustee, provided that (i) in the opinion of the Security Trustee such modification is not materially prejudicial to the interests of any of the Covered Bondholders of any Series or any of the other Secured Creditors (in which respect the Security Trustee may rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor), (ii) it has not been informed in writing by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid) and (iii) the Security Trustee has received Rating Agency Confirmation in respect of such modification; or
- (vi) any modification to the Eligibility Criteria which is in the opinion of the Security Trustee not materially prejudicial to the existing Covered Bondholders of any Series and after having notified the Rating Agencies.

Changes may therefore be made to the Programme to which one or more, or all Covered Bondholders did not agree or would have disapproved of if proposed to them. See Condition 15 (*Meetings of Covered Bondholders, Modification and Waiver*).

No consent from Covered Bondholders required for different Covered Bonds

This Base Prospectus only describes Covered Bonds to be issued as part of the Programme under this Base Prospectus. In the future, the Issuer may issue Covered Bonds under the Programme (whether or not under this Base Prospectus) in different markets and/or with different features, which have not been described herein, and different risks associated with them, such as index or equity linked and dual currency Covered Bonds. It is not expected that the consent of Covered Bondholders will be obtained in order to provide for the inclusion of such Covered Bonds in the Programme. However, new Covered Bonds issued under this Programme will always be conditional pass-through covered bonds.

The Covered Bonds are subject to substitution

The Issuer may, subject to Rating Agency Confirmation and without the consent of the Covered Bondholders or Couponholders in respect of each Series of Covered Bonds on which no payment of principal of or interest on any of the Covered Bonds is in default and after written approval of DNB, be replaced and substituted by any Substituted Debtor as principal debtor in respect of the Covered Bonds and the relative Coupons, as set out in more detail in Condition 17 (*Substitution of the Issuer*). Following such a substitution, the original issuer entity will be released from all of its obligations as principal debtor in respect of the Covered Bonds. Accordingly, a substitution of the Issuer may affect the interests of Covered Bondholders or Couponholders generally.

Tax consequences of holding the Covered Bonds

This Base Prospectus includes a general summary of certain material Dutch tax considerations relating to an investment in the Covered Bonds issued by the Issuer. Such summary may not apply to a particular holder of Covered Bonds or to a particular issue and does not cover all possible tax considerations. Potential investors and holders of Covered Bonds should be aware that they may be required to pay stamp taxes or other documentary or fiscal charges in accordance with the laws and practices of the country where the Covered Bonds are transferred, including but not limited to the financial transaction tax (see 'Financial Transaction Tax' below).

Potential investors and holders of Covered Bonds should consider the tax consequences of investing in the Covered Bonds and should consult their own independent tax adviser about their tax position. In addition, potential investors and holders of Covered Bonds should be aware that tax regulations and their application by the relevant taxation authorities may change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

U.S. Foreign Account Tax Compliance Act

FATCA imposes a new reporting regime and, potentially, a 30% withholding tax with respect to certain payments made to persons that fail to meet certain certification of reporting requirement, including (i) any FFI that does not become a Participating FFI by entering into an agreement with the IRS to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) certain Recalcitrant Holders of the FFI.

Under FATCA, withholding is required with respect to withholdable payments to persons that are not compliant with FATCA or that do not provide the necessary information, consents or documentation made on or after (i) 1 July 2014 in respect of certain U.S. source payments, (ii) 1 January 2019, in respect of payments of gross proceeds (including principal repayments) on certain assets that produce U.S. source interest or dividends and (iii) in respect of "foreign pass thru-payments" (a term not yet defined), the date on which the final regulations defining the term "foreign pass thru-payments" are filed with the federal register. This withholding would potentially apply to Covered Bonds issued by the Issuer after the date that is six (6) months after the date on which the final regulations defining the term "foreign pass-thru payment" are filed with the federal register (the "Grandfathering Date"), or that are issued before the Grandfathering Date and materially modified after such date. If Covered Bonds are issued on or before the Grandfathering Date, and additional Covered Bonds of the same series are issued after that date, the additional Covered Bonds may not be treated as grandfathered.

The application of FATCA to interest, principal or other amounts paid with respect to the Covered Bonds and the information reporting obligations of the Issuer and other entities in the payment chain is still developing. In particular, the Netherlands entered into the U.S.-Netherlands IGA, which modifies the way in which FATCA applies to certain entities organized in the Netherlands. The U.S.-Netherlands IGA is based on the "Model 1" IGA. Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "Reporting FI" not subject to withholding under FATCA on any payments

it receives. Further, an FFI in a Model 1 IGA jurisdiction would generally not be required to FATCA withholding from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the Internal Revenue Service, as applicable.

If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Covered Bonds as a result of FATCA, none of the Issuer, any paying agent or any other person would, pursuant to the Terms and Conditions of the Covered Bonds be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

Whilst the Covered Bonds are held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Covered Bonds by the Issuer, the Guarantor, any paying agent or the common depositary or common safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under the U.S.-Netherlands IGA will be unlikely to affect the Covered Bonds. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. The Issuer's obligations under the Covered Bonds are discharged once it has made payment to, or to the order of, the clearing systems, and the Issuer has therefore no responsibility for any amount thereafter transmitted through the clearing systems and custodians or intermediaries. In addition, the documentation expressly contemplates the possibility that the Covered Bonds may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to withholding under FATCA. However, Definitive Covered Bonds will only be printed in limited circumstances.

The application of FATCA to Covered Bonds issued or materially modified after Grandfathering Date may be addressed in the relevant Final Terms or a supplement to this Base Prospectus, as applicable.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Covered Bonds.

Financial Transactions Tax

On 14 February 2013, the European Commission has published a proposal (the "**Commission's Proposal**") for a directive for a common financial transaction tax ("**FTT**") in Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain (the "**participating Member States**"). However, Estonia has since stated it will not participate.

The Commission's Proposal has a very broad scope and could, if introduced in its current form, apply to certain dealings in covered bonds (including secondary market transactions) in certain circumstances. The issuance and subscription of covered bonds should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the covered bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

Given the lack of certainty surrounding the Commission's Proposal, it is not possible to predict what effect the proposed FTT might have. Prospective investors are advised to seek their own professional advice in relation to the FTT.

Conflicts of Interest

Where the Issuer acts as Calculation Agent or the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and Covered Bondholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Conditions that may influence the amount receivable upon redemption of the Covered Bonds.

Different capacities

Achmea Bank acts in different capacities under the Transaction Documents, such as Transferor, Issuer, Servicer, Bank Savings Participant and Administrator. The Issuer has been advised that, as a matter of Dutch law, a party is not capable of contracting with itself. However, this general principle does not apply where such party (like Achmea Bank) is acting with other parties (such as the Security Trustee and the CBC).

Dealers transacting with the Issuer

Certain of the Dealers and their affiliates may have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Covered Bonds issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Covered Bonds issued under the Programme. Any such positions could adversely affect future trading prices of Covered Bonds issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Covered Bonds held in global form

The Bearer Covered Bonds which are in NGN form (as specified in the applicable Final Terms), will be held by a common safekeeper for Euroclear and/or Clearstream, Luxembourg and the Bearer Covered Bonds which are not in NGN form (as specified in the applicable Final Terms), will initially be held by a common depositary for Euroclear and/or Clearstream, Luxembourg, or Euroclear Nederland, or in either case any other agreed clearing system, and in each case in the form of a Global Covered Bond which will be exchangeable for Definitive Covered Bonds only in the limited circumstances as more fully described in 'Form of Conditional Pass-Through Covered Bonds' below. For as long as a Covered Bond is represented by a Global Covered Bond held by the common safekeeper or common depositary on behalf of Euroclear and/or Clearstream, Luxembourg or by Euroclear Nederland, payments of principal, interest (if any) and any other amounts on a Global Covered Bond will be made through Euroclear and/or Clearstream, Luxembourg and/or Euroclear Nederland (as the case may be) against presentation or surrender (as the case may be) of the relevant Global Covered Bond and, in the case of a Temporary Global Covered Bond, certification as to non-U.S. beneficial ownership. The holder of the relevant Global Covered Bond, being the common depositary or common safekeeper for Euroclear and/or Clearstream, Luxembourg or Euroclear Nederland, or any other agreed clearing system, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Covered Bonds represented by such Global Covered Bond with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Covered Bonds.

Covered Bonds which are represented by a Global Covered Bond will be transferable only in accordance with the

rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg or Euroclear Nederland (and in the latter case, the Wge), as the case may be.

Integral multiples of less than EUR 100,000 in case of Definitive Covered Bonds

In relation to any issue of Covered Bonds which have a denomination of EUR 100,000 (or higher or its equivalent in another currency) plus a higher integral multiple of another smaller amount, it is possible that the Covered Bonds be traded in amounts in excess of EUR 100,000 or its equivalent that are not integral multiples of EUR 100,000 (or its equivalent in another currency) (for the purpose of this paragraph, the "**Stub Amount**"). In such a case a Covered Bondholder who, as a result of trading such amounts, holds a Stub Amount may not receive a Definitive Covered Bond in respect of such holding (should Definitive Covered Bonds be printed) and would need to purchase a principal amount of Covered Bonds such that its holding amounts up to at least EUR 100,000. As long as the Stub Amount is held in the relevant clearing system, the Covered Bondholder will be unable to transfer this Stub Amount.

Registered Covered Bonds

Payments of principal, interest (if any) and any other amounts in respect of Registered Covered Bonds will be made to the person shown on the Register as being entitled to the relevant amount of principal or interest or other amount, or part thereof, as the case may be, at the Record Date. If any Registered Covered Bondholder transfers any Registered Covered Bonds in accordance with Condition 20.3 (*Terms and Conditions of the Registered Covered Bonds*) and the Trust Deed and such transfer is notified to the Issuer, the CBC, the Principal Paying Agent and the Registrar three (3) Business Days prior to the close of business on the Record Date, the Issuer, the CBC and the Security Trustee will in respect of the Registered Covered Bond so transferred, be discharged from their respective payment obligations on and after the Record Date only by payment to or to the order of the transferee. If the notification of transfer of the relevant Registered Covered Bond is made after such time and date, (i) the risk that the transfer is not timely recorded in the Register is borne by the transferee and (ii) the Issuer, the CBC, the Security Trustee, the Registrar and the relevant Paying Agent shall not be liable as a result of any payment being made to the person shown in the Register in accordance with Condition 20 (*Terms and Conditions of the Registered Covered Bonds*). The Principal Paying Agent shall fulfil certain obligations in relation to payments in respect of the Registered Covered Bonds.

To the extent that Dutch law is applicable, one of the requirements for a valid transfer of a Registered Covered Bond, is a valid delivery (*levering*). Investors should be aware that delivery of a Registered Covered Bond requires the execution of a deed of assignment (*akte van cessie*) between the assignor and the assignee and notification thereof by the assignor or the assignee to the Issuer and the CBC.

Eurosystem eligibility - Covered Bonds in NGN form

The NGN form has been introduced to allow for the possibility of Covered Bonds being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the Eurosystem and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time and there can be no assurance that such Covered Bonds will be recognised as such or will remain to be recognised as such.

Base Prospectus to be read together with applicable Final Terms

The Terms and Conditions of the Covered Bonds included in this Base Prospectus apply to the different types of Covered Bonds which may be issued under this Base Prospectus. The full terms and conditions applicable to each Tranche of Covered Bonds can be reviewed by reading the Terms and Conditions as set out in full in this Base Prospectus, which constitute the basis of all Covered Bonds to be offered under this Base Prospectus, together with the applicable Final Terms which applies and/or disappplies, supplements and/or amends the Conditions in the manner required to reflect the particular terms and conditions applicable to the relevant Series of Covered Bonds (or Tranche thereof).

Change of law and jurisdiction

The Terms and Conditions of the Covered Bonds are governed by Dutch law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to Dutch law or administrative practice after the date of this Base Prospectus.

Prospective investors should note that the courts of the Netherlands shall have exclusive jurisdiction in respect of

any disputes involving any Series or Tranche of Covered Bonds. Dutch law may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Covered Bonds.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk.

Secondary market

There can be no assurance as to how any Covered Bonds will trade in the secondary market or whether such market will be liquid or illiquid. Application may or may not be made to list the Covered Bonds on a stock exchange, as indicated in the applicable Final Terms. The fact that Covered Bonds may be listed does not necessarily lead to greater liquidity. No assurance can be given that there will be a market for any Covered Bonds. If any Covered Bonds are not traded on any stock exchange, pricing information for such Covered Bonds may be more difficult to obtain, and the liquidity and market prices of such Covered Bonds may be adversely affected. The liquidity of the Covered Bonds may also be affected by restriction on offers and sales of the Covered Bonds in some jurisdictions. Lack of liquidity may result in investors suffering losses on the Covered Bonds in secondary resales even if there is no decline in the performance of the assets of the Issuer. The Issuer cannot predict if and when conditions of general market illiquidity for such Covered Bonds and instruments similar to such Covered Bonds will occur in the future.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Covered Bonds in the Specified Currency. This presents certain risks relating to currency conversions, for example if the Investor's Currency is not the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Covered Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Covered Bonds and (iii) the Investor's Currency-equivalent market value of the Covered Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Covered Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Covered Bonds.

Credit ratings may not reflect all risks

The ratings assigned to the Covered Bonds address:

- the likelihood of full and timely payment to holders of the Covered Bonds of all payments of interest on each Interest Payment Date; and
- the likelihood of ultimate payment of principal in relation to Covered Bonds on the Extended Due for Payment Date thereof.

The expected ratings of the Covered Bonds are set out in the relevant Final Terms for each Series of each Tranche of Covered Bonds. Any Rating Agency may lower its rating or withdraw its rating if, in the sole judgement of the Rating Agency, the credit quality of the Covered Bonds has declined or is in question. If any rating assigned to the Covered Bonds is lowered or withdrawn by any Rating Agency, the market value of the Covered Bonds may be reduced. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time without prior notice. A credit rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Covered Bonds.

Return on an investment in Covered Bonds will be affected by charges incurred by investors

An investor's total return on an investment in any Covered Bonds will be affected by the level of fees charged by the nominee service provider and/or clearing system used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Covered Bonds, custody

services and on payments of interest, principal and other amounts. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Covered Bonds.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Covered Bonds are legally permitted investments for it, (2) Covered Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Covered Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Covered Bonds under any applicable risk-based capital or similar rules.

Solvency II/CRR

Financial institutions, to which Solvency II, CRR or other prudential regulations apply, might be less interested in investing in instruments such as Covered Bonds. Potential investors should consult their own advisers as to the consequences to and effect on them of Solvency II, CRR or other prudential requirements (as applicable), as a result of their holding of any Covered Bonds. Neither the Issuer, the Arranger, the Dealers, the CBC nor the Security Trustee is responsible for informing Covered Bondholders of the effects on the changes to risk-weighting of regulatory capital which, amongst others, may affect investors as a result of the implementation of Solvency II, CRR or other prudential requirements in their own jurisdiction (whether or not implemented in its current form or otherwise).

Compliance of Covered Bonds with Dutch legislation, the UCITS Directive and/or CRR

The Issuer has under the CB Regulations applied for the Programme and the Covered Bonds issued thereunder to obtain the status of being compliant with the requirements for the legal covered bonds as set out therein (the "**Regulated Status**"), which includes compliance of article 52(4) of the UCITS Directive and article 129 of the CRR and has obtained the Regulated Status for the Programme and the Covered Bonds issued. The Issuer will only issue Covered Bonds under this Base Prospectus that obtain the Regulated Status. In the Trust Deed the Issuer has undertaken to use its best efforts to procure that the Covered Bonds that have obtained the Regulated Status, will keep the Regulated Status until their Maturity Date or any earlier date on which such Covered Bonds have been redeemed in full.

The "best efforts" undertaking set out in the preceding paragraph will no longer apply if, as a result of a change of law or regulations, Dutch residential mortgage receivables are no longer eligible for collateralisation of the Covered Bonds to keep the Regulated Status or are no longer eligible to collateralise covered bonds under CRR.

Covered Bondholders should note that the CB Regulations impose ongoing obligations on the Issuer, including ongoing administration and reporting obligations towards DNB, mandatory review by an auditor and stress tests.

DNB will perform certain supervision and enforcement related tasks in respect of the Covered Bonds, including monitoring compliance with the ongoing requirements set out in the CB Regulations. If a Covered Bond no longer meets the requirements prescribed by the CB Regulations, or if the Issuer would no longer comply with its ongoing administration and/or reporting obligations towards DNB, DNB can take several measures, which include, without limitation, imposing an issuance-stop on the Issuer. This may be disclosed by DNB in the relevant register, DNB also has the authority to terminate the registration of the Issuer, but not of the Covered Bonds that have already been issued.

In addition, DNB has the authority to include in the register that the Covered Bonds are no longer or are not compliant with article 129 CRR as a result of which the Covered Bonds would no longer maintain the status of being compliant with the requirements set out in article 129 of the CRR. Although under the CB Regulations Covered Bonds will always continue to be registered as legal covered bonds and continue to keep the Regulated Status (except for the CRR Status) there is a risk that the CRR Status will not be maintained until redemption in full of the relevant Series. If at any time the CRR Status is withdrawn or otherwise lost, a Covered Bondholder may experience adverse consequences (i.e. an adverse effect on the market value or on the regulatory treatment), depending on the reasons for making the investment in such Covered Bonds. Covered Bondholders should, amongst other things, from time to time conduct their own thorough analysis, and consult their legal advisers or the appropriate regulators to determine the appropriate status of Covered Bonds under any applicable risk-based capital or similar rules, including, without limitation, the UCITS Directive and/or CRD IV.

In addition, on 12 March 2018 the European Commission adopted a legislative proposal for an EU-framework consisting of a directive on the issue of covered bonds and covered bond public supervision and a regulation on amending Regulation (EU) No 575/2013 as regards exposures in the form of covered bonds, as part of the EU Capital Markets Union project. The legislative proposal aims to foster the development of covered bonds across the European Union. The proposed directive (i) provides a common definition of covered bonds, which will represent a consistent reference for prudential regulation purposes, (ii) defines the structural features of covered bonds, (iii) defines the tasks and responsibilities for the supervision of covered bonds and (iv) sets out the rules allowing the use of the 'European Covered Bonds' label. The legislative proposals build on the analysis and the advice of the European Banking Authority. Following the publication of the legislative proposals, the EU legislative process will need to be followed. On 17 August 2018, the European Parliament published a draft report on the proposed directive and regulation. Until the EU legislative process has been finalised and the proposals are available in their final form, it is uncertain if or how the proposals will affect the Issuer, the CBC, the market for covered bonds in general and/or the Covered Bonds.

ECB asset purchase programme

In September 2014, the ECB initiated an asset purchase programme whereby it envisages to bring inflation back to levels in line with the ECB's objective to maintain the price stability in the euro area and, also, to help enterprises across Europe to enjoy better access to credit, boost investments, create jobs and thus support the overall economic growth. The asset purchase programme also encompasses the covered bond purchase programme. On 14 June 2018, the ECB announced that net purchases under these programmes will continue at its current monthly pace of EUR 30 billion until the end of September 2018. Thereafter, it is envisaged that the monthly pace of the net purchases will be reduced to EUR 15 billion until the end of December 2018 and, subsequently, will end. As of 2019, the ECB will, however, maintain its policy to reinvest the principal payments from maturing securities under the programmes as long as deemed necessary. Conditional pass-through covered bonds are however excluded from the purchase programmes. It remains to be seen what the effect of these purchase programmes, and the termination thereof, ultimately will be on the volatility in the financial markets and economy generally. In addition, the termination of these asset purchase programmes or the exclusion of conditional pass-through covered bonds could have an adverse effect on the secondary market value of the Covered Bonds and the liquidity in the secondary market for Covered Bonds.

Risks in relation to negative interest rates on the CBC Transaction Accounts and the CBC Back-Up Account

Pursuant to the CBC Account Agreement and the CBC Back-Up Account Agreement the interest rate accruing on the balances standing to the credit of any of the CBC Transaction Accounts and the CBC Back-Up Account, respectively, could be less than zero in case EONIA is below, equal to or just above zero. Any negative interest will be payable by the CBC to the CBC Account Bank or the CBC Back-Up Account Bank, as the case may be. If the CBC has the obligation to pay interest accruing on the balances standing to the credit of any of the CBC Transaction Accounts to the CBC Account Bank or the CBC Back-Up Account to the CBC Back-Up Account Bank instead of receiving interest thereon, this will reduce the income of the CBC and its possibility to generate further income on the assets held in the form of cash in the CBC Transaction Accounts and/or the CBC Back-Up Account. This risk increases if the amount deposited on the CBC Transaction Accounts and/or CBC Back-Up Account becomes (more) substantial. Ultimately such negative interest rate and/or an enduring obligation of the CBC to make such payments in respect thereof to the CBC Account Bank and/or the CBC Back-Up Account Bank could result in the CBC having insufficient funds to pay any amounts due under the Guarantee to Covered Bondholders.

Future discontinuance of EURIBOR and/or LIBOR or other interest rate benchmarks may affect the value or payment of interest under the Covered Bonds

Various interest rate benchmarks (including the EURIBOR and LIBOR) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective, including the Benchmark Regulation, whilst others are still to be implemented. Under the Programme, the interest payable on the Covered Bonds can be determined by reference to such benchmarks. The Issuer closely monitors these national and international guidance and other proposals for reform, which are in constant development. Given the uncertainty in relation to the timing and manner of implementation of such reforms and in the absence of clear market consensus at this time, the Issuer is not yet in a position to determine the reforms that will apply.

Investors should be aware that, if the Reference Rate has been discontinued or another Benchmark Event (as defined in Condition 5(B)(ii)(c)) has occurred, the rate of interest on Covered Bonds will be determined for the relevant period by the fallback provisions set out in Condition 5(B)(ii)(c) applicable to such Covered Bonds. If the Principal Paying Agent or the Issuer determines at any time prior to, on or following any Interest Determination Date, that a Benchmark Event has occurred, the Rate Determination Agent (which may be the Issuer or a third party appointed by the Issuer) (as defined in Condition 5(B)(ii)(c)) which may, after using reasonable endeavours to appoint and consult with an Independent Adviser (as defined in 5(B)(ii)(c)), in its sole discretion, acting in good faith and in a commercially reasonable manner, determine a Replacement Reference Rate, as well as any necessary changes to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the Replacement Reference Rate, including any Adjustment Spread (as defined in 5(B)(ii)(c)).

The use of the Replacement Reference Rate may result in the Covered Bonds that referenced the Reference Rate performing differently (including potentially paying a lower Interest Rate) than they would do if the Reference Rate were to continue to apply in its current form.

Furthermore, the Conditions provide that the Rate Determination Agent (which may be the Issuer) may vary the Conditions, as necessary to ensure the proper operation of the Replacement Reference Rate, without any requirement for consent or approval of the Covered Bondholders.

The Conditions also provide that an Adjustment Spread may be determined by the Rate Determination Agent to be applied to the Replacement Reference Rate. The aim of the Adjustment Spread is to reduce or eliminate, so far as practicable, any economic prejudice or benefit (as the case may be) to Covered Bondholders as a result of the replacement of the Reference Rate with the Replacement Reference Rate. However there is no guarantee that such an Adjustment Spread will be determined or applied, or that the application of the Adjustment Spread will either reduce or eliminate economic prejudice to Covered Bondholders. If no Adjustment Spread is determined, the Replacement Reference Rate may nonetheless be used to determine the Interest Rate.

In addition, if a Benchmark Event has occurred, and the Rate Determination Agent for any reason, is unable to determine the Replacement Reference Rate, the Interest Rate may revert to the Interest Rate applicable as at the last preceding Interest Determination Date before the Benchmark Event occurred, and such Interest Rate will continue to apply until maturity or whenever the Rate Determination Agent is able to determine the Replacement

Reference Rate.

The Replacement Reference Rate and other matters referred to under Condition 5(B)(ii)(c) will be final and binding, and will apply to the relevant Covered Bonds without any requirement that the Issuer obtains consent of any Covered Bondholders. If it is not possible to determine a Replacement Reference Rate under Condition 5(B)(ii)(c) or any of the other matters referred to under Condition 5(B)(ii)(c), this could ultimately result in the application of a fixed rate to what was previously a Floating Rate Covered Bond.

In addition, due to the uncertainty concerning the availability of a Replacement Reference Rate, the relevant fallback provisions may not operate as intended at the relevant time. In addition, the Replacement Reference Rate may perform differently from the Reference Rate. For example, several risk free rates are currently being developed, which are overnight rates, while the Reference Rate generally has a certain maturity, for example a term of one, three or six months. Similarly, these risk free rates generally do not carry an implicit element of credit risk of the banking sector, which does form part of the Reference Rate. The differences between the Replacement Reference Rate and the Reference Rate could have a material adverse effect on the value of and return on any such Covered Bonds. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Covered Bonds or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Covered Bonds.

There is a risk that the Rate Determination Agent may be considered an 'administrator' under the Benchmark Regulation

The Rate Determination Agent may be considered an 'administrator' under the Benchmark Regulation. This is the case if it is considered to be in control over the provision of the Replacement Reference Rate and/or the determined rate of interest on the basis of the Replacement Reference Rate and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fallback scenario. This would mean that the Rate Determination Agent (i) administers the arrangements for determining such rate, (ii) collects, analyses, or processes input data for the purposes of determining such rate and (iii) determines such rate through the application of a method of calculation or by an assessment of input data for that purpose. Furthermore, for the Rate Determination Agent to be considered an 'administrator' under the Benchmark Regulation, the Replacement Reference Rate and/or the determined rate of interest on the basis of the Replacement Reference Rate and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fallback scenario should be a benchmark (index) within the meaning of the Benchmark Regulation. This may be the case if the Replacement Reference Rate and/or the determined rate of interest on the basis of the Replacement Reference Rate and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fallback scenario, is published or made available to the public and regularly determined by the application of a method of calculation or by an assessment, and on the basis of certain values or surveys.

The Benchmark Regulation stipulates that each administrator of a benchmark regulated thereunder or the benchmark itself must be registered, authorised, recognised or endorsed, as applicable, in accordance with the Benchmark Regulation. There is a risk that administrators (which may include the Rate Determination Agent in the circumstances as described above) of certain benchmarks will fail to obtain such registration, authorisation, recognition or endorsement, preventing them from continuing to provide such benchmarks, or may otherwise choose to discontinue or no longer provide such benchmark. In such case, this will also affect the possibility for the Rate Determination Agent to apply the fallback provision of Condition 5(B)(ii)(c) meaning that the Reference Rate will remain unchanged (but subject to the other provisions of Condition 5(B)).

RISK FACTORS REGARDING THE ASSET-BACKED GUARANTEE

The Guarantee will be solely the obligation of the CBC

The Guarantee will be solely the obligation of the CBC. The Guarantee will not be an obligation or responsibility of, any other entity or person, in whatever capacity acting, including, without limitation, the Issuer, the Transferor, any Swap Counterparty, the Servicer, the Administrator, the Back-up Administrator, the Directors, the Paying Agents, the Registrar, the Calculation Agent, the Arranger, the Dealers, the CBC Account Bank, the CBC Back-Up Account Bank, the Insurance Savings Participant, the Bank Savings Participant and the Security Trustee. Furthermore, none of the Issuer, the Transferor, the Swap Counterparties, the Servicer, the Administrator, the

Back-up Administrator, the Directors, the Paying Agents, the Registrar, the Calculation Agent, the Arranger, the Dealers, the CBC Account Bank, the CBC Back-Up Account Bank, the Insurance Savings Participant, the Bank Savings Participant and the Security Trustee, nor any other person in whatever capacity acting, will accept any liability whatsoever to Covered Bondholders in respect of any failure by the CBC to pay any amounts due under the Guarantee.

None of the Issuer, the Transferor, the Swap Counterparties, the Servicer, the Administrator, the Back-up Administrator, the Directors, the Paying Agents, the Registrar, the Calculation Agent, the Arranger, the Dealers, the CBC Account Bank, the CBC Back-Up Account Bank, the Insurance Savings Participant, the Bank Savings Participant and the Security Trustee will be under any obligation whatsoever to provide additional funds to the CBC (save in limited circumstances pursuant to the Transaction Documents).

The CBC is only obliged to pay Guaranteed Amounts when the same are Due for Payment

The CBC has no obligation to pay the Guaranteed Amounts payable under the Guarantee until service by the Security Trustee on the Issuer of an Issuer Acceleration Notice and on the CBC of a Notice to Pay, or, if earlier, on the Issuer and the CBC of a CBC Acceleration Notice.

The CBC will not be obliged to pay any other amounts than the Guaranteed Amounts to the Covered Bondholders. Payments by the CBC will be made subject to any applicable withholding or deduction for or on account for tax and the CBC will not be obliged to pay any additional amounts as a consequence.

A Notice to Pay can only be served if an Issuer Event of Default occurs and results in the service by the Security Trustee of an Issuer Acceleration Notice on the Issuer. A CBC Acceleration Notice can only be served if a CBC Event of Default occurs.

Following the service of an Issuer Acceleration Notice on the Issuer, a Notice to Pay shall be served by the Security Trustee on the CBC. However, a failure by the Issuer to make a payment in respect of one or more Series will not automatically result in the service of an Issuer Acceleration Notice. The Security Trustee may, but is not obliged to, serve an Issuer Acceleration Notice unless and until requested or directed by Covered Bondholders of all Series then outstanding.

If a Breach of Asset Cover Test Notice is served by the Security Trustee on the CBC following a Breach of Asset Cover Test, the CBC will not be obliged to make payments under the Guarantee until (a) an Issuer Event of Default has occurred and a Notice to Pay have been served or (b) a CBC Event of Default has occurred and a CBC Acceleration Notice has been served.

Following service of a Notice to Pay on the CBC (provided no CBC Acceleration Notice has been served) under the terms of the Guarantee the CBC will be obliged to pay Guaranteed Amounts as and when the same are Due for Payment. Such payments will be subject to and will be made in accordance with the CBC Priority of Payments. In these circumstances, other than the Guaranteed Amounts the CBC will not be obliged to pay any amount, for example in respect of broken funding indemnities, penalties, premiums, default interest or interest on interest which may accrue on or in respect of the Covered Bonds.

Subject to applicable grace periods, if the CBC fails to make a payment when Due for Payment under the Guarantee or any other CBC Event of Default occurs then the Security Trustee may accelerate the Covered Bonds (to the extent not yet accelerated) by service of a CBC Acceleration Notice, whereupon the CBC will under the Guarantee owe the Early Redemption Amount of each Covered Bond, together with accrued interest and certain other amounts then due under the Covered Bonds. Following service of a CBC Acceleration Notice, the Security Trustee may enforce the Security. The proceeds of enforcement of the Security shall be applied by the Security Trustee in accordance with the Post CBC Acceleration Notice Priority of Payments, and Covered Bondholders will receive amounts from the CBC on an accelerated basis. Without limitation, if a CBC Acceleration Notice is served on the CBC, then the Covered Bonds may be repaid sooner or later than expected or not at all.

Extendable obligations under the Guarantee

If the CBC is obliged under the Guarantee to pay a Guaranteed Final Redemption Amount and has insufficient funds available under the relevant Priority of Payments to pay such Guaranteed Final Redemption Amount in full, then the obligation of the CBC to pay such Guaranteed Amounts shall automatically be deferred to the relevant

Extended Due for Payment Date. However, to the extent the CBC has sufficient moneys available to pay in part the Guaranteed Final Redemption Amount in respect of the relevant Series of Covered Bonds, the CBC shall make such partial payment in accordance with the relevant Priority of Payments, as described in Condition 3 (*The Guarantee*), on each CBC Payment Date falling prior to the relevant Extended Due for Payment Date. Payment of the unpaid amount shall be deferred automatically up to the applicable Extended Due for Payment Date. An Extended Due for Payment Date will fall thirty-two (32) years after the relevant Maturity Date (or after the Optional Redemption Date if the CBC has declared that the relevant Covered Bonds then outstanding will mature on such Optional Redemption Date). Interest will continue to accrue and be payable on the unpaid Guaranteed Final Redemption Amount on the basis set out in the applicable Final Terms or, if not set out therein, Condition 5 (*Interest*), applies *mutatis mutandis*. Except where the CBC has failed to apply amounts in accordance with the relevant Priority of Payments in accordance with Condition 3 (*The Guarantee*), failure by the CBC to pay the relevant Guaranteed Final Redemption Amount on the relevant CBC Payment Date or any subsequent CBC Payment Date falling prior to the relevant Extended Due for Payment Date (or the relevant later date in case of an applicable grace period) shall not constitute a CBC Event of Default. However, failure by the CBC to pay any Guaranteed Final Redemption Amount or the balance thereof, as the case may be, on the relevant Extended Due for Payment Date and/or pay any other amount due under the Guarantee will (subject to any applicable grace period) constitute a CBC Event of Default.

Risks relating to Covered Bonds becoming Pass-Through Covered Bonds

If any amount of principal on a Series of Covered Bonds remains unpaid on its Maturity Date, such Series of Covered Bonds will become Pass-Through Covered Bonds. Under the Guarantee the CBC will on each CBC Payment Date be required to utilise all amounts available for such purpose to redeem all Pass-Through Covered Bonds on a *pro rata* basis. If an Issuer Event of Default has occurred and a Breach of Amortisation Test Notice has been served, all Covered Bonds will become Pass-Through Covered Bonds. If as a result of the occurrence of such events all Covered Bonds become Pass-Through Covered Bonds, there is a risk that Covered Bondholders of Covered Bonds with a Maturity Date after such date, receive principal repayments prior to their Maturity Date and therefore earlier than expected, which may result in a lower yield on such Covered Bondholders' investment than expected.

With respect to Pass-Through Covered Bonds in respect of which any amount of principal has remained unpaid on the Maturity Date, there is a risk that, as a consequence of all Covered Bonds becoming Pass-Through Covered Bonds, the speed of repayment of such Pass-Through Covered Bonds will be reduced, because the available funds for repayment will be divided *pro rata* with respect to all Covered Bonds and not only those that have matured. In such case, it is likely that the repayment of such Covered Bonds will take longer.

No Gross-up for Taxes

As provided in Condition 8 (*Taxation*), if withholding of, or deduction for, or on account of any present or future taxes, duties, assessments or changes of whatever nature are imposed or levied by or on behalf of any Tax Jurisdiction (as defined in Condition 8 (*Taxation*)) on any payments made by the CBC under the Guarantee, the CBC will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Covered Bondholders, as the case may be, and shall not be obliged to pay any additional amounts to the Covered Bondholders.

Limited resources available to the CBC

The ability of the CBC to meet its obligations under the Guarantee will depend on the receipt by it of funds under the Transferred Assets, the proceeds of the sale of any Transferred Assets, the timing thereof, the receipt by it of payments under the Swap Agreements, if any, and the receipt by it of interest in respect of the balance standing to the credit of the CBC Transaction Accounts and the CBC Back-Up Account. The CBC does not have any other resources available to it to meet its obligations under the Guarantee.

If a CBC Event of Default occurs and the Security is enforced, the proceeds may not be sufficient to meet the claims of all the Secured Creditors, including the Covered Bondholders. If, following enforcement of the Security, the Secured Creditors have not received the full amount due to them pursuant to the terms of the Transaction Documents, the Secured Creditors will no longer have a claim against the CBC after enforcement of the Security. The Secured Creditors may however still have an unsecured claim against the Issuer for the shortfall.

Covered Bondholders should note that the Asset Cover Test and, after a Notice to Pay, the Amortisation Test has been structured to ensure that (i) the Adjusted Aggregate Asset Amount shall be an amount at least equal to the

euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds, (ii) the First Regulatory Current Balance Amount shall be at least equal to 105% (or such other percentage as may be required from time to time under the CB Regulations) of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds, and (iii) the Second Regulatory Current Balance Amount shall be at least equal to 100% (or such other percentage as may be required from time to time under the CB Regulations) of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds, which should reduce the risk of there being a shortfall. However there is no assurance that there will not be a shortfall.

Reliance of the CBC on third parties

Counterparties to the CBC may not perform their obligations under the Transaction Documents, which may result in the CBC not being able to meet its obligations under the Guarantee.

If a termination event occurs pursuant to the terms of the Servicing Agreement, then the CBC and/or the Security Trustee will be entitled to terminate the appointment of the Servicer and appoint a new servicer in its place. There can be no assurance that a substitute servicer with sufficient experience of administering residential mortgage loans can be found who would be willing and able to service the Mortgage Receivables on the terms of the Servicing Agreement. Any delay or inability to appoint a substitute servicer may affect the realisable value of the Mortgage Receivables or any part thereof, and/or the ability of the CBC to make payments under the Guarantee.

Neither the Servicer nor other third parties have any obligation themselves to advance payments that Borrowers fail to make in a timely fashion. Covered Bondholders will have no right to consent to or approve of any actions taken by the Servicer under the Servicing Agreement.

Effectiveness of the rights of pledge to the Security Trustee in case of insolvency of the CBC

Under or pursuant to the Pledge Agreements, various rights of pledge will be granted by the CBC to the Security Trustee. On the basis of these pledges the Security Trustee can exercise the rights afforded by Dutch law to pledgees notwithstanding bankruptcy or suspension of payments of the CBC. The CBC is a special purpose vehicle and is therefore unlikely to become insolvent. However, any bankruptcy or suspension of payments involving the CBC would affect the position of the Security Trustee as pledgee and, subsequently, the Covered Bondholders, in some respects, the most important of which are: (i) payments made by the Borrowers to the CBC prior to notification of the relevant pledge but after bankruptcy or suspension of payments granted in respect of the CBC the amounts so paid will be part of the estate of the CBC, although the Security Trustee has the right to receive such amounts by preference after deduction of certain costs, (ii) a mandatory 'cool-off' period of up to four (4) months may apply in case of bankruptcy and in case of suspension of payments involving the CBC, which, if applicable, would delay the exercise of the right of pledge on the Transferred Assets and other assets pledged to the Security Trustee and (iii) the Security Trustee may be obliged to enforce its right of pledge within a reasonable period following bankruptcy if so requested by the liquidator and as determined by the judge-commissioner (*rechter-commissaris*) appointed by the court in case of bankruptcy of the CBC. Similar or different restrictions may apply in case of insolvency proceedings other than Dutch insolvency proceedings.

To the extent the receivables pledged by the CBC to the Security Trustee are future receivables, the right of pledge on such future receivables cannot be invoked against the estate of the CBC if such future receivable comes into existence after 00:00 hours on the date on which the CBC has been declared bankrupt or has been granted a suspension of payments. The CBC has been advised that some of the assets pledged to the Security Trustee under the Security Trustee Rights Pledge Agreement should probably be regarded as future receivables. This would for example apply to amounts paid to the CBC Transaction Accounts following the CBC's bankruptcy or suspension of payments. With respect to Beneficiary Rights, reference is made to the section '*Risks related to Beneficiary Rights under the Insurance Policies*' below.

Risks related to the creation of pledges on the basis of the Parallel Debt

Under Dutch law it is uncertain whether a security right can be validly created in favour of a party which is not the creditor of the claim which the security right purports to secure. Consequently, in order to secure the valid creation of the pledges under the Pledge Agreements in favour of the Security Trustee, the CBC has in the Parallel Debt Agreement, as a separate and independent obligation, by way of parallel debt, undertaken to pay to the Security Trustee amounts equal to the amounts due by it to the Secured Creditors. There is no statutory law or case law available on the concept of parallel debts such as the Parallel Debt and the question arises whether a parallel debt constitutes a valid basis for the creation of security rights, such as rights of pledge (see also '*Description of Security*' below). However, the CBC has been advised that a parallel debt, such as the Parallel

Debt, creates a claim of the Security Trustee thereunder which can be validly secured by a right of pledge such as the rights of pledge created by the Pledge Agreements.

The Security Trustee is a special purpose vehicle and is therefore unlikely to become insolvent. The Security Trustee acts solely as security trustee for the purpose of this Programme. Any payments in respect of the Parallel Debt and any proceeds received by the Security Trustee are, in the case of an insolvency of the Security Trustee, not separated from the Security Trustee's other assets and as such will form part of the Security Trustee's estate. The Secured Creditors therefore have a credit risk on the Security Trustee, which could lead to losses under the Covered Bonds.

Transfer of Guarantee

Under Dutch law an independent guarantee like the Guarantee is normally regarded as an independent claim and not an accessory right (*afhankelijk recht*) and is unlikely to be an ancillary right (*nevenrecht*) that by operation of law follows the receivables it secures upon transfer thereof. The Issuer and the CBC have been advised that, in the case of Bearer Covered Bonds, such a transfer of the Guarantee can be accomplished by ensuring that the Guarantee forms an integral part of the Covered Bonds. For this reason the Guarantee and the Covered Bonds will provide that the rights under the Guarantee (a) form an integral part of the Covered Bonds, (b) are of interest to a Covered Bondholder only if, to the extent that, and for so long as, it holds Covered Bonds and (c) can only be transferred together with all other rights under the relevant Covered Bond. The Issuer and the CBC have been advised that as a result, in case of a transfer of a Covered Bond to a transferee by way of book-entry transfer (*girale overboeking*) or physical transfer of a Bearer Covered Bond, such transfer includes the corresponding rights under the Guarantee. For Registered Covered Bonds, the rights under the Guarantee are to be separately assigned, together with the corresponding rights under the relevant Registered Covered Bonds.

RISK FACTORS REGARDING THE MORTGAGE RECEIVABLES AND OTHER ASSETS

In case the CBC is required to pay under the Guarantee, the ability to comply with such obligations will depend predominantly on the proceeds of the Transferred Assets. Payments on the Mortgage Receivables and other assets are subject to certain risks described in more detail below.

Risk related to payments received by the Transferor prior to notification to the Borrowers of the assignment to the CBC

Under Dutch law, assignment of legal title to claims, such as the Eligible Receivables, can be effectuated by means of a notarial deed of assignment or a deed of assignment and registration thereof with the appropriate tax authorities, without notification of the assignment to the debtors being required (*stille cessie*). The legal title of the Mortgage Receivables will be assigned by the Transferor to the CBC through a deed of assignment and registration thereof with the appropriate tax authorities. The Guarantee Support Agreement will provide that the assignment of the Mortgage Receivables by the Transferor to the CBC will not be notified by the Transferor or, as the case may be, the CBC to the Borrowers except if certain events occur.

Until notification of the assignment has been made to the Borrowers, the Borrowers under the Mortgage Receivables can only validly pay to the Transferor in order to fully discharge their payment obligations (*bevrjndend betalen*) in respect thereof.

Payments made by Borrowers to the Transferor prior to notification of the assignment to the CBC but after bankruptcy or (preliminary) suspension of payments in respect of the Transferor having been declared will be part of the Transferor's estate. In respect of these payments, the CBC will be a creditor of the estate (*boedelschuldeiser*) and will receive payment prior to (unsecured) creditors with ordinary claims, but after preferred creditors of the estate and after deduction of the general bankruptcy costs (*algemene faillissementskosten*), which may be material.

Collection Foundation

The risks set out in the preceding two paragraphs are mitigated by the following. Each Borrower has given a power of attorney to the Transferor or any sub agent of the Transferor respectively to collect amounts from his account due under the Mortgage Loan by direct debit. Under the Receivables Proceeds Distribution Agreement the Transferor undertakes to direct all amounts of principal and interest to the Collection Foundation Accounts maintained by the Collection Foundation (in its own name). The Collection Foundation Accounts are held with ABN AMRO Bank N.V. and ING Bank N.V. as foundation accounts providers. As a consequence, the Collection

Foundation has a claim against ABN AMRO Bank N.V. and/or ING Bank N.V. in respect of the balances standing to credit of the Collection Foundation Accounts.

The CBC has been advised that in the event of a bankruptcy of the Transferor any amounts standing to the credit of the Collection Foundation Accounts relating to the Mortgage Receivables will not form part of the bankruptcy estate of the Transferor. The Collection Foundation is set up as a special purpose bankruptcy remote foundation (*stichting*). The objectives clause of the Collection Foundation is limited to collecting, managing and distributing amounts received on the Collection Foundation Accounts to the persons who are entitled to receive such amounts pursuant to the Receivables Proceeds Distribution Agreement.

Upon receipt of such amounts, the Collection Foundation will distribute to the CBC or, after the Enforcement Date, to the Security Trustee any and all amounts relating to the Mortgage Receivables received by it on the Collection Foundation Accounts, in accordance with the relevant provisions of the Receivables Proceeds Distribution Agreement. Pursuant to the Receivables Proceeds Distribution Agreement, the Transferor and after an insolvency event relating to the Transferor, a new administrator appointed for such purpose, will perform such payment transaction services on behalf of the Collection Foundation.

There is a risk that the Transferor (prior to notification of the assignment) or its liquidator (following bankruptcy or suspension of payments but prior to notification) instructs the Borrowers to pay to another bank account. Any such payments by a Borrower would be valid (*bevrjidend*). However, the Transferor has under the Receivables Proceeds Distribution Agreement undertaken towards the CBC and the Security Trustee not to amend the payment instructions and not to redirect cash flows to the Collection Foundation Accounts in respect of the Mortgage Receivables to another account, without prior approval of the CBC and the Security Trustee. In addition, Achmea Bank in its capacity as administrator for the Collection Foundation has undertaken in the Receivables Proceeds Distribution Agreement to disregard any instructions or orders from the Transferor to cause the transfer of amounts in respect of the Mortgage Receivables to be made to another account than the Collection Foundation Accounts without prior approval of each of the Collection Foundation, the CBC and the Security Trustee. Notwithstanding the above, the Transferor is obliged to pay to the CBC any amounts which were not paid on the Collection Foundation Accounts but to the Transferor directly.

The balance standing to the credit of the Collection Foundation Accounts will be pledged to the Security Trustee, the CBC, the Previous Outstanding Transaction SPVs and the Previous Outstanding Transaction Security Trustees by the Collection Foundation as security for, *inter alia*, any and all liabilities of the Collection Foundation to, respectively, the Security Trustee, the CBC, the Previous Outstanding Transaction SPVs and the Previous Outstanding Transaction Security Trustees in view of the (remote) bankruptcy risk of the Collection Foundation. The pledge is shared with between the Security Trustee and the Previous Outstanding Transaction Security Trustees and the CBC and the Previous Outstanding Transaction SPVs, most of which are set up as bankruptcy remote securitisation special purpose vehicles. Each Previous Outstanding Transaction Security Trustee and the Security Trustee will have a certain *pari passu* ranking undivided interest, or "share" (*aandeel*) in the co-owned pledge, entitling it to part of the foreclosure proceeds of the pledge over the Collection Foundation Accounts. As a consequence, the rules applicable to co-ownership (*gemeenschap*) apply to the joint right of pledge. The share of the Security Trustee will be determined on the basis of the amounts in the Collection Foundation Accounts relating to the Mortgage Receivables owned by the CBC. Section 3:166 of the Dutch Civil Code provides that co-owners will have equal shares, unless a different arrangement follows from their legal relationship. The co-pledgees have agreed that each pledgee's share within the meaning of section 3:166 of the Dutch Civil Code (*aandeel*) in respect of the balances of the Collection Foundation Accounts from time to time is equal to their entitlement in respect of the amounts standing to the credit of the Collection Foundation Accounts which relate to the mortgage receivables owned and/or pledged to them from time to time. In case of foreclosure of the co-owned right of pledge on the Collection Foundation Accounts (i.e. if the Collection Foundation defaults in forwarding or transferring the amounts received by it; as agreed), the proceeds will be divided according to each Previous Outstanding Transaction Security Trustee's and the Security Trustee share. It is uncertain whether this sharing arrangement constitutes a sharing arrangement within the meaning of section 3:166 of the Dutch Civil Code and thus whether it is enforceable in the event of bankruptcy or suspension of payments of one of the pledgees. The same applies to the pledge for the CBC and the Previous Outstanding Transaction SPVs. However, the CBC has been advised that the insolvency of the Collection Foundation would not affect this arrangement. In this respect it has been agreed that in case of a breach by a party of its obligations under the abovementioned pledge agreements or if such agreements are dissolved, void, nullified or ineffective for any reason in respect of such party, such party shall compensate the other parties forthwith for any and all loss,

costs, claim, damage and expense whatsoever which such party incurs as a result hereof. The Collection Foundation Accounts Pledge Agreement provides that future SPVs (and any security trustees) in securitisation transactions and future vehicles in conduit transactions or similar transactions (and any security trustees relating thereto) initiated by the Transferor will also have the benefit of the right of pledge on the balance standing to the credit of the Collection Foundation Accounts.

Set-off by Borrowers may affect the proceeds under the Mortgage Receivables

Under Dutch law and unless such right has been validly waived a debtor has a right of set-off if it has a claim that is due and payable which corresponds to its debt owed to the same counterparty and it is entitled to pay its debt as well as to enforce payment of its claim.

Subject to these requirements being met, each Borrower will be entitled to set off amounts due by the Transferor to it (if any) with amounts it owes in respect of the Mortgage Receivable prior to notification of the assignment of the Mortgage Receivable to the CBC having been made. Such amounts due and payable by the Transferor to a Borrower could, *inter alia*, result from current account balances or deposits made with the Transferor by a Borrower. Also such claim of a Borrower could, *inter alia*, result from (investment) services rendered by the Transferor or for which it is held liable. As a result of the set-off of amounts due and payable by the Transferor to the Borrower with amounts the Borrower owes in respect of the Mortgage Receivable, the Mortgage Receivable will, partially or fully, be extinguished (*gaat teniet*). Set-off by Borrowers could thus affect the proceeds under the Mortgage Receivables and as a result lead to losses under the Covered Bonds.

The Transferor shall pursuant to the Guarantee Support Agreement represent and warrant that according to the conditions applicable to the Mortgage Loans originated by (i) Avéro Hypotheken B.V. and FBTO Hypotheken B.V. and (ii) the Transferor after 1 January 2003, payments by the Borrowers should be made without set-off. Considering the wording of this provision, it is uncertain whether this clause is intended as a waiver by the relevant Borrowers of their set-off rights *vis-à-vis* the Transferor. In addition, under Dutch law it is uncertain whether such waiver will be valid. A provision in general conditions is voidable (*vernietigbaar*) if the provision is deemed to be unreasonably onerous (*onredelijk bezwarend*) for the party against whom the general conditions are used. A clause containing a waiver of set-off rights is, subject to proof to the contrary, assumed to be unreasonably onerous if the party, against which the general conditions are used, does not act in the conduct of its profession or trade (i.e. a consumer). Should the waiver be invalid and in respect of any of the other Mortgage Loans which do not contain such waiver, the Borrowers will have the set-off rights described in the previous paragraphs.

After assignment of the Mortgage Receivables to the CBC and notification thereof to a Borrower, such Borrower will also have set-off rights *vis-à-vis* the CBC, provided that the legal requirements for set-off are met (see above) and further provided that (i) the counterclaim of the Borrower against the Transferor results from the same legal relationship as the Mortgage Receivable, or (ii) the counterclaim of the Borrower has been originated (*opgekomen*) and become due and payable (*opeisbaar*) prior to the assignment of the Mortgage Receivable and notification thereof to the relevant Borrower. The question whether a court will come to the conclusion that the Mortgage Receivable and the claim of the relevant Borrower against the Transferor result from the same legal relationship will depend on all relevant facts and circumstances involved. But even if these would be held to be different legal relationships, set-off will be possible if the counterclaim of the Borrower has originated (*opgekomen*) and become due and payable (*opeisbaar*) prior to notification of the assignment, provided that all other requirements for set-off have been met (see above). A balance on a current account is due and payable at any time and, therefore, this requirement will be met. With respect to deposits it will depend on the terms of the deposit whether the balance thereof will be due and payable (*opeisbaar*) at the moment of notification of the assignment. The Transferor may have a savings relationship, current accounts or other account relationships with the Borrower or may have such relationship in the future.

In respect of Mortgage Loans granted by the Transferor to any employees within the group within the meaning of article 2:24b of the Dutch Civil Code of Achmea B.V. ("**Employee Mortgage Loans**"), whereby the Borrower is also an employee of the Transferor, such Borrower has set-off rights *vis-à-vis* the CBC for claims resulting from its employment relationship, provided that the conditions for set-off after notification of assignment, set out above, are met. Consequently, counterclaims resulting from the employment relationship which have become due prior to notification, can be set-off against the Mortgage Receivable. For counterclaims which are not due at the time of notification, the question is whether the counterclaim results from the same legal relationship as the Employee Mortgage Loan. The CBC has been informed by the Transferor that the employees within the Achmea Group

have the right to a reduced interest rate on a mortgage loan taken out with the Transferor as part of their employment conditions. On this basis it could be argued that the Employee Mortgage Loan is part of the employment relationship and could on this basis be regarded as resulting from the same legal relationship. However, the CBC has been advised that the better view is that the Employee Mortgage Loan and the employment relationship should not be regarded as the same legal relationship, since the CBC has been informed by the Transferor that (i) the only connection between the Employee Mortgage Loan and the employment relationship is the right to reduced interest on the Employee Mortgage Loan and (ii) no actual set-off of amounts due under the Employee Mortgage Loan with salary payments is agreed or actually effectuated. There is however no case law or literature supporting this view. If an Employee Mortgage Loan is granted by the Transferor to a Borrower which is also an employee of an entity within the Achmea Group, other than the Transferor, the requirement for set-off that the debtor has a claim and a corresponding debt to the same counterparty is not met. There may be circumstances, however, which could lead to set-off or other defences being successful in such circumstances.

In relation to the savings mortgage loans at least one consumer organisation has argued that the risk premium included in the mortgage loan interest rates for these mortgage loans should not have been charged and/or should have taken into account the built-up savings premiums and, therefore, the interest rates charged are too high. In view of these organisations, borrowers should be compensated for such overpaid interest amounts. At the date of this Base Prospectus, it is not clear if or when claims actually will be made by such consumer organisations and/or borrowers and whether these claims might be successful. However, if such claim is upheld in court and the Transferor is required to pay to a Borrower any interest that is deemed to be overpaid and the Transferor does not pay such amount, such Borrower would be allowed to set-off such claim with amounts it owes in respect of the Mortgage Receivable subject to the conditions for set-off (as set out above) are met.

If notification of the assignment of the Mortgage Receivables is made after the bankruptcy of the Transferor having become effective, it is defended in legal literature that the Borrower will, irrespective of the notification of the assignment, continue to have the broader set-off rights afforded to it in the Dutch Bankruptcy Code. Under the Dutch Bankruptcy Code a person who was, prior to notification of the assignment, both debtor and creditor of the bankrupt entity can set off its debt with its claims, if each claim (i) came into existence prior to the moment at which the bankruptcy became effective or (ii) resulted from transactions with the bankrupt entity concluded prior to the bankruptcy becoming effective.

The Guarantee Support Agreement provides that if, following the occurrence of an Assignment Notification Event or the service of a Notice to Pay or a CBC Acceleration Notice, (i) a Borrower invokes a right to set-off amounts due by the Transferor to it with the relevant Mortgage Receivable and (ii) as a consequence thereof the CBC or, as the case may be, the Security Trustee does not receive the full amount due in respect of such Mortgage Receivable, the Transferor shall forthwith pay to the CBC or, as the case may be, the Security Trustee, an amount equal to the difference between the amount which the CBC or, as the case may be, the Security Trustee, would have received in respect of the relevant Mortgage Receivable if no set-off had taken place and the amount actually received by the CBC or, as the case may be, the Security Trustee, in respect of such relevant Mortgage Receivable. Receipt of such amounts by the CBC or, as the case may be, the Security Trustee, is subject to the ability of the Transferor to actually make such payments. If the Transferor would not meet its obligations under the Guarantee Support Agreement, set-off by Borrowers could lead to losses under the Covered Bonds.

In addition, certain deductions in view of the set-off risks described above are provided for in the Asset Cover Test.

For specific set-off issues relating to the Life Mortgage Loans, Savings Mortgage Loans and/or, as the case may be, Bank Savings Mortgage Loans, reference is made to *'Risk of set-off or defences by Borrowers in the event of an insolvency of Insurance Companies'* and *'Risks related to offering of Life Insurance Policies and Investment Mortgage Loans'*.

Risk that the All Moneys Security Rights will not follow the Mortgage Receivables upon assignment to the CBC

The Mortgage Deeds relating to the Mortgage Receivables to be sold to the CBC may provide for All Moneys Mortgages, meaning that the mortgage rights created pursuant to such Mortgage Deeds, not only secure the loan granted by the Transferor to the Borrower for the purpose of acquiring the relevant Mortgaged Asset, but also other liabilities and moneys that the Borrower, now or in the future, may owe to the Transferor. Such Mortgage Loans also provide for rights of pledge granted in favour of the Transferor, which are All Moneys Pledges or fixed pledges.

Under Dutch law a mortgage right is an accessory right (*afhankelijk recht*) which follows by operation of law the receivable with which it is connected. Furthermore, a mortgage right is an ancillary right (*nevenrecht*) and the assignee of a receivable secured by an ancillary right will have the benefit of such right, unless the ancillary right by its nature is, or has been construed as, a purely personal right of the assignor or such transfer is prohibited by law.

The prevailing view of Dutch legal commentators has been for a long time that upon the assignment of a receivable secured by an all moneys security right, such security right does not pass to the assignee as an accessory and ancillary right in view of its non-accessory or personal nature. It was assumed that an all moneys security right only follows a receivable which it secures, if the relationship between the bank and the borrower has been terminated in such a manner that following the assignment the bank cannot create or obtain further receivables from the relevant borrower secured by the security right. These commentators claim that this view is supported by case law.

There is a trend in legal literature to dispute the view set out in the preceding paragraph. Legal commentators following such trend argue that in case of assignment of a receivable secured by an all moneys security right, the security right will in principle (partially) pass to the assignee as an accessory right. In this argument the transfer does not conflict with the nature of an all moneys security right, which is -in this argument- supported by the same case law as mentioned above. Any further claims of the assignor will also continue to be secured and as a consequence the all moneys security right will be jointly-held by the assignor and the assignee after the assignment. In this view an all moneys security right only continues to secure exclusively claims of the original holder of the security right and will not pass to the assignee, if this has been explicitly stipulated in the deed creating the security right.

Although the view prevailing in the past, to the effect that given its nature an all moneys security right will as a general rule not follow as an accessory right upon assignment of a receivable which it secures, is still defended, the CBC has been advised that the better view is that as a general rule an all moneys security right in view of its nature follows the receivable as an accessory right upon its assignment. Whether in the particular circumstances involved the all moneys security right will remain with the original holder of the security right, will be a matter of interpretation of the relevant deed creating the security right.

The Transferor shall represent and warrant and each further Transferor will be required to represent and warrant that all Mortgage Loans secured by All Moneys Security Rights (i) provide that in case of assignment or pledge of the Mortgage Receivable the assignee or pledgee will have the benefit of the Mortgage, or (ii) do not contain any specific wording to the extent that the Mortgage of Borrower Pledge will not follow the receivable if it is assigned or pledged to a third party and as a consequence thereof there is either no clear indication of the intention of the parties or a clear indication of the intention of the parties in this respect. The CBC has been advised that, not only in case a clear indication is provided that the security transfers but also in the absence of circumstances giving an indication to the contrary, the All Moneys Security Right should (partially) follow the receivable as an accessory and ancillary right upon its assignment, but that there is no case law explicitly supporting this advice and that, consequently, it is not certain what the Netherlands courts would decide if this matter were to be submitted to them, particularly taking into account the prevailing view of Dutch commentators on all moneys security rights in the past, which view continues to be defended by some legal authors.

If an All Moneys Mortgage has not (partially) followed the Mortgage Receivable upon its assignment, the CBC and/or the Security Trustee will not have the benefit of such security right. This will materially affect the ability of the CBC to take recourse on the Mortgaged Asset and the Borrower in case the Borrower defaults under the Mortgage Loans and may affect the ability of the CBC to meet its payment obligations under the Covered Bonds.

The preceding paragraph applies *mutatis mutandis* with respect to the pledge of the Mortgage Receivables by the CBC to the Security Trustee under the Security Trustee Receivables Pledge Agreement.

Risk related to jointly-held All Moneys Security Rights by the Transferor, the CBC and the Security Trustee

If the All Moneys Security Rights have (partially) followed the Mortgage Receivables upon their assignment by the Transferor to the CBC, the All Moneys Security Rights will be jointly-held by the CBC (or the Security Trustee, as pledgee) and the Transferor and will secure both the Mortgage Receivables held by the CBC (or the Security Trustee, as pledgee) and any Other Claims.

Where All Moneys Security Rights are jointly-held by both the CBC or the Security Trustee and the Transferor and/or a third party, the rules applicable to joint estate (*gemeenschap*) apply. The Dutch Civil Code provides for various mandatory rules applying to such jointly-held rights. In the Guarantee Support Agreement the Transferor, the CBC and/or the Security Trustee (as applicable) have agreed that in case of an Other Claim the CBC and/or the Security Trustee (as applicable) will manage and administer such jointly-held rights. Certain acts, including acts concerning the day-to-day management (*beheer*) of the jointly-held rights, may under Dutch law be transacted by each of the participants (*deelgenoten*) in the jointly-held rights. All other acts must be transacted by all of the participants acting together in order to bind the jointly held rights. It is uncertain whether the foreclosure of All Moneys Security Rights will be considered as day-to-day management, and consequently it is uncertain whether the consent of the Transferor, or the Transferor's bankruptcy trustee (*curator*) may be required for such foreclosure.

The Transferor, the CBC and the Security Trustee have agreed in the Guarantee Support Agreement that in the event of a foreclosure in respect of the Mortgage Receivables, the share (*aandeel*) in each jointly-held All Moneys Security Right of the Security Trustee and/or the CBC will be equal to the lesser of (i) the Net Foreclosure Proceeds and (ii) the Outstanding Principal Amount of the Mortgage Receivable increased with interest and costs, if any, and the Transferor's share will be equal to the Net Foreclosure Proceeds less the Outstanding Principal Amount of the Mortgage Receivable, increased with interest and costs, if any.

It is not certain that this arrangement will be enforceable against the Transferor in the event of its bankruptcy, its bankruptcy trustee (*curator*) and in such case the cooperation of the Transferor or its bankruptcy trustee might be required to enforce and the proceeds might be shared *pro rata*. Furthermore it is noted that these arrangements may not be effective against the Borrower.

If (a bankruptcy trustee or administrator of) the Transferor would, notwithstanding the arrangement set out above, enforce the jointly-held All Moneys Security Rights securing the Mortgage Receivables, the CBC and/or the Security Trustee would have a claim against the Transferor (or, as the case may be, its bankruptcy estate) for any damages as a result of a breach of the contractual arrangements, but such claim would be unsecured and non-preferred.

Risk that the Mortgages on long leases cease to exist

The Mortgages securing the Mortgage Loans may be vested on a long lease (*erfpacht*). A long lease will, *inter alia*, end as a result of expiration of the long lease term (in respect of a lease for a fixed period), or termination of the long lease by the leaseholder or the landowner. The landowner can terminate the long lease in the event the leaseholder has not paid the remuneration (*canon*) due for a period exceeding two (2) consecutive years or seriously breaches (*in ernstige mate tekortschieten*) other obligations under the long lease. If the long lease ends, the landowner will have the obligation to compensate the leaseholder. In such event the mortgage right will, by operation of law, be replaced by a right of pledge on the claim of the (former) leaseholder on the landowner for such compensation. The amount of the compensation will, *inter alia*, be determined by the conditions of the long lease and may be less than the market value of the long lease.

When underwriting a Mortgage Loan to be secured by a mortgage right on a long lease, the Transferor (and each of its legal predecessors) has taken into consideration the conditions, including the term of the long lease. The Transferor shall represent and warrant in the Guarantee Support Agreement that with respect to each of the Mortgage Receivables secured by Mortgage or a long lease, the Mortgage Loan (a) has a maturity that is equal to or shorter than the term of the long lease (or, if the maturity date of the Mortgage Loan falls after the maturity date of the long lease, the acceptance conditions used by the Transferor provide that certain provisions should be met as would in such case be required by a reasonable lender) and (b) becomes due if the long lease

terminates for whatever reason.

Accordingly, certain Mortgage Loans may become due and payable prematurely as a result of early termination of a long lease due to a leaseholder's default or for other reasons. In such event there is a risk that the Transferor or the CBC will upon enforcement receive less than the market value of the long lease, which could lead to losses under the Covered Bonds

Risks relating to Insurance Policies

The Mortgage Loans may consist of a Life Mortgage Loan or Life Mortgage Loan with a Savings Element which have the benefit of a Life Insurance Policy or a Life Insurance Policy with a Savings Alternative, respectively. All other Mortgage Loans may have the benefit of a risk insurance policy or, in case of NHG Mortgage Loans only, will have the benefit of a risk insurance policy if so required by the NHG Conditions. In the following paragraphs, certain legal issues relating to the effects of the assignment of the Mortgage Receivables on the Insurance Policies are set out. Investors should be aware that it is possible that (i) the CBC will not benefit from the Insurance Policies and/or (ii) the CBC may not be able to recover any amounts from the relevant Borrower if the Insurance Company defaults on its obligations as further described in this risk factor. As a consequence thereof, the CBC may not have a claim on the Borrower and the rights of the Security Trustee may be similarly affected.

Risk that the Borrower Insurance Pledge will not be effective

All rights of a Borrower under the Insurance Policies have been pledged to the Transferor under a Borrower Insurance Pledge. The CBC has been advised that it is probable that the right to receive payment, including the commutation payment (*afkoopsum*), under the Insurance Policies will be regarded by a Netherlands court as a future right. The pledge of a future right is, under Netherlands law, not effective if the pledgor is declared bankrupt, granted a suspension of payments or a debt restructuring scheme pursuant to the Dutch Bankruptcy Code, prior to the moment such right comes into existence. This means that it is uncertain whether such pledge will be effective. Furthermore, as the Borrower Insurance Pledges qualify as All Moneys Security Rights Pledges, reference is made to '*Risk that the All Moneys Security Rights will not follow the Mortgage Receivables upon assignment to the CBC*' above.

Risks related to Beneficiary Rights under the Insurance Policies

With respect to each Mortgage Loan the Transferor has appointed itself as beneficiary of the proceeds under the Insurance Policies either (i) for all amounts owed by the Borrower to the Transferor or (ii) up to the amount provided for in the mortgage deed, except where any other beneficiary is appointed ranking ahead of the Transferor, provided that, *inter alia*, the relevant Insurance Company is irrevocably authorised by such beneficiary to pay the proceeds of the Insurance Policy to the Transferor. The Transferor will only have a claim on the relevant Insurance Company as beneficiary if it accepts the appointment as beneficiary by delivering a statement to this effect to the Insurance Company. The Transferor can only accept such appointment as beneficiary by written notification to the relevant Insurance Company of (i) the acceptance and (ii) the written consent by the insured, unless the appointment as beneficiary has become irrevocable. The CBC has been advised that it is unlikely that a valid appointment of the Transferor as beneficiary will be regarded as an ancillary right which will follow the Mortgage Receivables upon assignment or pledge thereof to the CBC or the Security Trustee. Therefore, the Transferor will separately assign, and the CBC will accept the assignment of, the Beneficiary Rights, to the extent necessary and legally possible. In addition, the CBC will grant a first-ranking undisclosed right of pledge over these Beneficiary Rights to the Security Trustee. The assignment and pledge of the Beneficiary Rights must be notified to the Insurance Company before becoming effective, which is not expected to occur prior to the occurrence of an Assignment Notification Event. However, the CBC has been advised that it is uncertain whether this assignment and subsequent pledge will be effective.

If the CBC or the Security Trustee, as the case may be, has not become beneficiary of the Insurance Policies or the assignment and pledge of the Beneficiary Rights is not effective, any proceeds under the Insurance Policies will be payable to the Transferor or to another beneficiary rather than to the CBC or the Security Trustee, as the case may be. If the proceeds are paid to the Transferor, it will pursuant to the Guarantee Support Agreement be obliged to pay the amount involved to the CBC or the Security Trustee, as the case may be. If the proceeds are paid to the Transferor and the Transferor does not pay such amount to the CBC or the Security Trustee, as the case may be, e.g. in the event of a bankruptcy of applicable to the Transferor, or if the proceeds are paid to another beneficiary instead of the CBC or the Security Trustee, as the case may be, this may result in the amount paid under the Insurance Policies not being applied in reduction of the Mortgage Receivables. This may lead to the Borrower invoking set-off or defences against the CBC or, as the case may be, the Security Trustee for the

amounts so received by the Transferor or another beneficiary, as the case may be.

Risk of set-off or defences by Borrowers in the event of an insolvency of Insurance Companies

The Savings Mortgage Loans have the benefit of Saving Insurance Policies with the Insurance Savings Participant, the Life Mortgage Loans with the possibility of a Savings Element have the benefit of a Life Insurance Policy with a Savings Alternative with the Insurance Savings Participant and the Life Mortgage Loans have the benefit of Life Insurance Policies with any of the Insurance Companies. If any of the Insurance Companies is no longer able to meet its obligations under the Insurance Policies, for example as a result of bankruptcy, this could result in amounts payable under the Insurance Policies not or only partly being available for payment of the relevant Mortgage Receivables. This may lead to the Borrower trying to invoke set-off rights and defences as further discussed below which may have the result that the Mortgage Receivables will be, fully or partially, extinguished (*tenietgaan*) or cannot be recovered for other reasons which could lead to losses under the Covered Bonds.

If the amounts payable under the Insurance Policy are not applied towards redemption of the Mortgage Receivable, the Borrower may try to invoke a right of set-off of the amount due under the Mortgage Receivable with amounts payable under or in connection with the relevant Insurance Policy. As set out in '*Set-off by Borrowers may affect the proceeds under the Mortgage Receivables*' above some of the Borrowers have waived their set-off rights, but it is uncertain whether such waiver is effective. If the waiver is not effective or the relevant Borrower has not waived its set-off rights, the Borrowers will need to comply with the applicable legal requirements for set-off. One of these requirements is that the Borrower should have a claim which corresponds to his debt to the same counterparty. The Insurance Policies are contracts between the relevant Insurance Company and the Borrowers and the Mortgage Loans are contracts between the Transferor and the Borrowers. Therefore, in order to invoke a right of set-off, Borrowers would have to establish that the Transferor and the relevant Insurance Company should be regarded as one legal entity or that possibly set-off is allowed, despite the Transferor and the Insurance Company not forming a single legal entity, since, based upon interpretation of case law, the Insurance Policies and the Mortgage Loans are to be regarded as one inter-related relationship or one legal relationship.

Another requirement is that the Borrowers should have a counterclaim that is due and payable. If the relevant Insurance Company is declared bankrupt, the Borrower will have the right to unilaterally terminate the Insurance Policy and to receive a commutation payment (*afkoopsom*). These rights are subject to the Borrower Pledge, subject, however, to what is stated above under '*Risk that the Borrower Insurance Pledge will not be effective*'. In principle, if a receivable is pledged, the pledgor will not be entitled to invoke a right of set-off of a debt to the same counterparty with such receivable. However, despite this pledge it may be argued that the Borrower will be entitled to invoke a right of set-off for the commutation payment. Apart from the right to terminate the Insurance Policies, the Borrowers are also likely to have the right to dissolve the Insurance Policies and to claim restitution of premiums paid, deposits made and/or supplementary damages. It is uncertain whether such claim is subject to the Borrower Pledge. If not, the Borrower Pledge would not obstruct a right of set-off with such claim by Borrowers.

Set-off *vis-à-vis* the CBC and/or the Security Trustee after notification of the assignment would be subject to the additional requirements for set-off after assignment being met (see risk factor '*Set-off by Borrowers may affect the proceeds under the Mortgage Receivables*' above).

With respect to the Savings Mortgage Loans and the Life Mortgage Loans with the possibility of a Savings Element (one of) these additional requirements is likely to be met, since it is likely that the Savings Mortgage Loans and the Savings Insurance Policies, the Life Mortgage Loans with the possibility of a Savings Element and the Life Insurance Policies with a Savings Alternative are to be regarded as one legal relationship. If the Savings Mortgage Loans and the Savings Insurance Policies, the Life Mortgage Loans with the possibility of a Savings Element and the Life Insurance Policies with a Savings Alternative are regarded as one legal relationship, the assignment will not obstruct the set-off.

Even if the Borrowers cannot invoke a right of set-off, they may invoke defences *vis-à-vis* the Transferor, the CBC and/or the Security Trustee, as the case may be. The Borrowers will naturally have all defences afforded by Dutch law to debtors in general. A specific defence one could think of would be based upon interpretation of the terms and conditions applicable to the Mortgage Loan, as set forth in the Mortgage Deed and/or in any loan document, offer document or any other document and/or in any applicable general terms and conditions for

mortgages of the Transferor as from time to time in effect and the promotional materials relating to the Mortgage Loans. Borrowers could argue that the Mortgage Loans and the Insurance Policies are to be regarded as one inter-related legal relationship and could on this basis claim a right of annulment or rescission of the Mortgage Loans or possibly suspension of their obligations thereunder. The Borrowers could also argue that it was the intention of the Borrower, the Transferor and the relevant Insurance Company, at least they could rightfully interpret the Mortgage Conditions and the promotional materials in such a manner, that the Mortgage Receivable would be (fully or partially) repaid by means of the proceeds of the relevant Insurance Policy and that, failing such proceeds being so applied, the Borrower is not obliged to repay the (corresponding) part of the Mortgage Receivable. Also, a defence could be based upon principles of reasonableness and fairness (*redelijkheid en billijkheid*) in general, i.e. that it is contrary to principles of reasonableness and fairness for the Borrower to be obliged to repay the Mortgage Receivable to the extent that he has failed to receive the proceeds of the Insurance Policy. The Borrowers could also base a defence on "error" (*dwalig*), i.e. that the Mortgage Loans and the Insurance Policy were entered into as a result of "error". If this defence were successful, this could lead to annulment of the Mortgage Loan, which would result in the CBC no longer holding a Mortgage Receivable.

Life Mortgage Loans with Life Insurance Policies with any of the Insurance Companies (other than the Insurance Savings Participant) connected thereto, other than Life Mortgage Loans with Life Insurance Policies with N.V. Interpolis BTL connected thereto originated by Interpolis Schade Hypotheken B.V. or Interpolis BTL Hypotheken B.V.

In respect of the risk of such set-off or defence being successful, as described above, if in the event of a bankruptcy of any of the Life Insurance Companies, the Borrower/insured will not be able to recover their claims under Life Insurance Policies taken out by any of the Life Insurance Companies, the CBC has been advised that, taking into account that the Transferor will represent that with respect to such Life Mortgage Loans other than Life Mortgage Loans originated by Interpolis Schade Hypotheken B.V. or Interpolis BLT Hypotheken B.V. with Life Insurance Policies with N.V. Interpolis BTL connected thereto (i) there is no connection, whether from a legal or a commercial point of view, between the Life Mortgage Loan and the relevant Life Insurance Policy other than the relevant Borrower Insurance Pledge and the relevant Beneficiary Rights, (ii) such Life Mortgage Loans and the Life Insurance Policies are not marketed as one product or under one name, (iii) the Borrowers were free to choose the relevant Insurance Company and (iv) the Insurance Company is not a group company of the Transferor, it is unlikely that a court would honour set-off or defences of the Borrowers, as described above.

Life Mortgage Loans with Life Insurance Policies with the Insurance Savings Participant connected thereto, other than Life Mortgage Loans with the possibility of a Savings Element

In respect of Life Mortgage Loans between the Transferor and a Borrower with a Life Insurance Policy between the Insurance Savings Participant and such Borrower, the CBC has been advised that the possibility cannot be disregarded (*kan niet worden uitgesloten*) that the Netherlands courts will honour set-off or defences of Borrowers. This advice is based on the preceding paragraphs and the factual circumstances involved, *inter alia*, that both the Transferor and the Insurance Savings Participant have carried Achmea in their legal names (but different promotional names) since September 2000 and that both the Transferor and the Insurance Savings Participant belong to the same group of companies and notwithstanding the representation of the Transferor that, besides the fact that an insurance policy is a condition precedent for granting a Life Mortgage Loan, (i) there is no connection, whether from a legal or a commercial point of view, between the relevant Life Mortgage Loan and any Life Insurance Policy, other than (a) the right of pledge securing the Life Mortgage Receivable and (b) the Beneficiary Rights, (ii) the Life Mortgage Loan and the relevant Life Insurance Policies were not marketed as one product and (iii) the Borrower was free to choose the relevant Insurance Company.

An arrangement as is provided for in the Participation Agreements as described below under 'Savings Mortgage Loans, Life Mortgage Loans with the possibility of a Savings Element' and 'Bank Savings Mortgage Loans' or any similar arrangement does not apply to Life Mortgage Loans other than Life Mortgage Loans with the possibility of a Savings Element.

Life Mortgage Loans originated by Interpolis Schade Hypotheken B.V. or Interpolis BTL Hypotheken B.V. with Life Insurance Policies with N.V. Interpolis BTL connected thereto

In respect of Life Mortgage Loans originated by Interpolis Schade Hypotheken B.V. or Interpolis BTL Hypotheken B.V. to a Borrower with a Life Insurance Policy between N.V. Interpolis BTL and such Borrower, the CBC has been advised that, given the close link of these Life Mortgage Loans and Life Insurance Policies, there is a considerable risk (*een aannemelijk risico*) that in the event that the Borrowers cannot recover their claims under the associated Life Insurance Policies from the relevant Life Insurance Companies, the courts will honour set-off

or defences invoked by the Borrowers, as described above.

An arrangement as is provided for in the Participation Agreements as described below under '*Savings Mortgage Loans, Life Mortgage Loans with the possibility of a Savings Element*' and '*Bank Savings Mortgage Loans*' or any similar arrangement does not apply to Life Mortgage Loans originated by Interpolis Schade Hypotheken B.V. or Interpolis BTL Hypotheken B.V. with Life Insurance Policies with N.V. Interpolis BTL connected thereto.

Savings Mortgage Loans, Life Mortgage Loans with the possibility of a Savings Element

In respect of Savings Mortgage Loans and Life Mortgage Loans with the possibility of a Savings Element, the CBC has been advised that there is a considerable risk (*een aanmerkelijk risico*) that such a set-off or defence would be successful in view, *inter alia*, of the close connection between (i)(a) the Savings Mortgage Loan and the Savings Insurance Policy and (b) the Life Mortgage Loan with the possibility of a Savings Element and the Life Insurance Policy with the possibility of a Savings Alternative and (ii) the wording of the mortgage documentation used by the Transferor.

The Insurance Savings Participation Agreement, *inter alia*, provides that if a Borrower invokes a defence, including but not limited to a right of set-off or counterclaim in respect of such Savings Mortgage Loan or Life Mortgage Loan with the possibility of a Savings Element, as the case may be, based upon a default in the performance, in whole or in part, by the Insurance Savings Participant or if, for whatever reason, the Insurance Savings Participant does not pay the insurance proceeds, when due and payable, whether in full or in part, under the relevant Savings Insurance Policy or the Life Insurance Policy with a Savings Alternative or, as the case may be, and, as a consequence thereof, the CBC will not have received any amount outstanding prior to such event, the Insurance Savings Participation of the Insurance Savings Participant, as the case may be, in respect of such Savings Mortgage Receivable or Life Mortgage Receivable with a Savings Element, as the case may be, will be reduced by an amount equal to the amount which the CBC has failed to receive.

The amount of the Insurance Savings Participation is equal to the amount of Savings Premium received by the CBC plus the accrued yield on such amount (see further section '*Sub-Participation*') provided that the Insurance Savings Participant will have paid (at least) an amount equal to all Savings Premium received from the relevant Borrower to the CBC. Therefore, normally the CBC would not suffer any damages if the Borrower would invoke any such right of set-off or defence, if and to the extent that the amount for which the Borrower would invoke set-off or defences does not exceed the amount of the Insurance Savings Participation. However, the amount for which the Borrower can invoke set-off or defences may, depending on the circumstances, exceed the amount of the Insurance Savings Participation. The remaining risk will be that if and to the extent that the amount for which a Borrower successfully invokes set-off or defences would exceed the relevant Insurance Savings Participation, such set-off or defences could reduce the amount due by the Borrower with such amount and could lead to losses under the Covered Bonds.

An arrangement as is provided for in the Insurance Savings Participation Agreements as described above or any similar arrangement does not apply to Life Mortgage Loans (other than Life Mortgage Loans with a Savings Element) including Life Mortgage Loans with an Investment Alternative.

Risk of set-off or defences in case of Bank Savings Mortgage Loans

The Bank Savings Mortgage Loans have the benefit of the amounts standing to the credit of the Bank Savings Accounts held with the Bank Savings Participant (being the same legal entity as the Transferor). If the Bank Savings Participant is no longer able to meet its obligations in respect of the Bank Savings Accounts, for example as a result of bankruptcy, this could result in amounts payable in connection with the Bank Savings Accounts not or only partly being available for payment of the relevant Mortgage Receivables. This may again lead to the Borrower trying to invoke set-off rights and defences as further discussed below which may have the result that the Mortgage Receivables will be, fully or partially, extinguished (*tenietgaan*) or cannot be recovered for other reasons which could lead to losses under the Covered Bonds.

In respect of Bank Savings Mortgage Loans it is noted that from 1 January 2014 a Bank Savings Deposit will, by operation of law, be set-off against the Bank Savings Mortgage Loan, irrespective of any rights of third parties, such as Achmea Bank or the CBC, with respect to the Bank Savings Mortgage Loan, if (i) DNB has put into effect the deposit guarantee scheme (*depositogarantieregeling*) in respect of the entity which holds the Bank Savings Deposit or (ii) such entity has been declared bankrupt (*faillissement*).

If the automatic set-off as described in the previous paragraph does not apply and the amounts payable in connection with Bank Savings Accounts are not applied towards redemption of the Mortgage Receivable, the Borrower may try to invoke a right of set-off of the amount due under the Mortgage Receivable with amounts payable under or in connection with the relevant Bank Savings Account. As set out in '*Set-off by Borrowers may affect the proceeds under the Mortgage Receivables*' above some of the Borrowers have waived their set-off rights, but it is uncertain whether such waiver is effective. If the waiver is not effective or the relevant Borrower has not waived its set-off rights, the Borrowers will need to comply with the applicable legal requirements for set-off. The CBC has been advised that as the Transferor and the Bank Savings Participant are one legal entity, the first condition for set-off that the counterclaim of the Borrower must result from the same legal relationship as the relevant Mortgage Receivable will in any case be met and that, provided that all other conditions for set-off by Borrowers have been met, the Borrower will be entitled to set off amounts due by the Transferor under the Bank Savings Deposit with the relevant Bank Savings Mortgage Receivable.

The Bank Savings Participation Agreement will, *inter alia*, provide that if a Borrower invokes a defence, including but not limited to a right of set-off or counterclaim in respect of a Bank Savings Mortgage Loan, based upon a default in the performance, in whole or in part, by the Bank Savings Participant or if, for whatever reason, the Bank Savings Participant does not pay the balance on the Bank Savings Account (as a result of set-off or otherwise), when due and payable, whether in full or in part, under the relevant Bank Savings Mortgage Loan and, as a consequence thereof, the CBC will not have received any amount outstanding prior to such event, the Bank Savings Participation of the Bank Savings Participant in respect of such Bank Savings Mortgage Receivable will be reduced by an amount equal to the amount which the CBC has failed to receive as a result of such defence or failure to pay accordingly.

The amount of the Bank Savings Participation is equal to the amount of Bank Savings Deposit Instalments received by the CBC plus the accrued yield on such amount (see further section '*Sub-Participation*') provided that the Bank Savings Participant will have paid (at least) an amount equal to all Bank Savings Deposit Instalments received from the relevant Borrower to the CBC. Therefore, normally the CBC would not suffer any damages if the Borrower would invoke any such right of set-off or defence, if and to the extent that the amount for which the Borrower would invoke set-off or defences does not exceed the amount of the Bank Savings Participation. However, the amount for which the Borrower can invoke set-off or defences may, depending on the circumstances, exceed the amount of the Bank Savings Participation.

Risks in respect of interest rate reset rights

The interest rate of each of the Mortgage Loans is to be reset from time to time. The CBC has been advised that a good argument can be made that the right to reset the interest rate on the Mortgage Loans should be considered as an ancillary right and follows the Mortgage Receivables upon their assignment to the CBC and the pledge to the Security Trustee, but that in the absence of case law or legal literature this is not certain. If the interest reset right remains with the Transferor, the co-operation of the bankruptcy trustee would be required to reset the interest rates who will be bound by the contractual provisions relating to the reset of interest rates and any applicable law (including, without limitation, applicable principles of reasonableness and fairness) and regulations. To the extent that the interest rate reset right passes upon the assignment of the Mortgage Receivables to the CBC or upon the pledge of the Mortgage Receivables to the Security Trustee, such assignee or pledgee will also be bound by the contractual provisions relating to the reset of interest rates and any applicable law (including, without limitation, applicable principles of reasonableness and fairness) and regulations.

Furthermore, in the Mortgage Conditions of Avéro Hypotheken B.V., relating to Mortgage Loans originated prior to 1 January 2003 it is provided that, depending on the applicable terms, three (3) months or one (1) month prior to the interest rate reset date the Mortgage Loan (the Mortgage Conditions refer to the mortgage, but probably the Mortgage Loan is meant and not the mortgage right) will be terminated. This wording could be interpreted to mean that at the interest rate reset date the Mortgage Loan is novated (*schuldvernieuwing*), although a more likely interpretation is that the Mortgage Loan will terminate, unless extended by the Transferor and the Borrower. If novation would take place, this would mean that a new receivable would be created and the Mortgage Loan should be considered to be prepaid, but the relevant All Moneys Mortgage would then secure the new receivable (which, for the avoidance of doubt, is not held by the CBC). The Transferor has advised the CBC that the approach adopted by the Transferor in practice when administering these Mortgage Loans is (i) to treat each Mortgage Loan (and related mortgage security) as being extended (and not novated or terminated) on an interest rate reset date and to only treat a Mortgage Loan (but not the related mortgage security) as being terminated on

an interest reset date where a Borrower has not agreed to the rate offered by the Transferor and (ii) to require each Borrower to accept the new interest rate and period in writing prior to the interest rate reset date. The Transferor has been advised by its internal legal counsel that this approach is consistent with the proper and reasonable interpretation of the Mortgage Conditions of the Transferor (including Avéro Hypotheken B.V. as its legal predecessor). In addition, the Transferor has advised the CBC that in practice the Transferor has not encountered any claim by any Borrower which conflicts with the approach described above. Furthermore, in the Guarantee Support Agreement the Transferor has undertaken to request a retransfer of (i) all Mortgage Receivables resulting from Mortgage Loans originated by Avéro Hypotheken B.V. on the Mortgage Collection Payment Date immediately following the date on which a Netherlands court has ruled in respect of such a Mortgage Receivable that, upon an interest rate reset thereof, the Mortgage Loan is novated and/or (ii) a Mortgage Receivable in case the relevant Borrower takes the position that the Mortgage Loan has been novated on the immediately succeeding Mortgage Collection Payment Date, or if the Mortgage Loan is considered to be prepaid, pay to the CBC an amount equal to the Outstanding Principal Amount of the relevant Mortgage Receivable which was outstanding immediately prior to such prepayment.

Pursuant to the Guarantee Support Agreement the Transferor will determine and set the interest rates of the Mortgage Loans in accordance with the Mortgage Conditions. The CBC, the Security Trustee and the Servicer have agreed in the Servicing Agreement that in case the appointment of the Transferor to determine and set the interest rates is terminated, the Servicer will determine and set the interest rates of the Mortgage Loans in accordance with the Mortgage Conditions.

Risk of set-off or defences in respect of investments under Investment Mortgage Loans

The Transferor has represented that with respect to Investment Mortgage Loans, the relevant investments in the name of the relevant Borrower have been validly pledged to the Transferor and the securities are purchased for investment on behalf of the relevant Borrower by an investment firm (*beleggingsonderneming*) in the meaning ascribed thereto in the Wft, such as a securities broker or a portfolio manager, or by a bank, each of which is by law obliged to make adequate arrangements to safeguard the clients' rights to such securities. The CBC has been advised that on the basis of this representation the relevant investments should be effectuated on a bankruptcy remote basis and that, in respect of these investments, the risk of set-off or defences by the Borrowers should not be relevant in this respect. However, if the securities are not held in such manner and the investments were to be lost, this may lead to the Borrowers trying to invoke set-off rights or defences against the CBC on similar grounds as discussed under '*Risk of set-off or defences by Borrowers in the event of an insolvency of Insurance Companies*'.

In addition, in relation to Investment Mortgage Loans, the Transferor may provide for certain services, for example for investment advice to the Borrowers. A Borrower may hold the Transferor liable for any damages if it does not meet its obligations towards such Borrower, including its services as investment adviser. In particular liability could arise if the value of the investments held in connection with the Investment Mortgage Loans is not sufficient to repay the Investment Mortgage Loan at maturity. This may lead to set-off by the Borrower under the Mortgage Receivable, provided that the legal requirements for set-off are met.

Reduced value of investments may affect the proceeds under certain types of Mortgage Loans

The value of investments made under the Investment Mortgage Loans or by the Insurance Companies in connection with the Life Insurance Policies may not be sufficient for the Borrower to fully redeem the related Mortgage Receivables at its maturity, which could lead, depending on the value of the Mortgage Assets and other financial assets of such Borrower, if any, to a loss in respect of such Mortgage Receivables and/or the CBC having insufficient funds to pay its liabilities in full.

Risks related to offering of Life Insurance Policies and Investment Mortgage Loans

Apart from the general obligation of contracting parties to provide information, there are several provisions of Dutch law applicable to offerors of financial products, such as Mortgage Loans to which Life Insurance Policies are connected and the Investment Mortgage Loans. In addition, several codes of conduct apply on a voluntary basis. On the basis of these provisions, offerors of these products (and intermediaries) have a duty, *inter alia*, to provide the customers with accurate, complete and non-misleading information about the product, the costs and the risks involved. These requirements have become more strict over time. A breach of these requirements may lead to a claim for damages from the customer on the basis of breach of contract or tort or the relevant contract may be dissolved (*ontbonden*) or nullified or a Borrower may claim set-off or defences against the Transferor or the CBC (or the Security Trustee). The merits of such claims will, to a large extent, depend on the manner in

which the product was marketed and the promotional materials provided to the Borrower. Also, depending on the relationship between the offeror and any intermediary involved in the marketing and sale of the product, the offeror may be liable for actions of the intermediaries which have led to a claim. The risk of such claims being made increases if the value of investments made under the Investment Mortgage Loans or Life Insurance Policies is not sufficient to redeem the Mortgage Loans.

After market downturn in 2001, in many cases the development of value in investment-linked insurances (*beleggingsverzekeringen*), such as Life Insurance Policies, was less than customers had hoped for and less than the value forecast at the time the investment-linked insurances were concluded. This had led to a public attention of these products, particularly since 2006, commonly known as the *woekerpolisaffaire* (usury insurance policy affair). There was a particular focus by the general public on the lack of information provided in some cases on investment-linked insurances regarding costs, and/or risk premiums and/or investment risks. Public attention was further triggered by (i) a finding by the AFM in 2006 that insurers were in some cases providing customers with incomplete and incorrect information about such insurances, and (ii) reports published by the AFM in 2008. In 2008, the Kifid ombudsman of the Complaint Institute for Financial Services (*Klachteninstituut Financiële Dienstverlening*) issued a recommendation in which he proposes to limit the cost level of investment-linked insurances and to compensate customers of investment-linked insurances for costs exceeding a certain level.

On the base of this recommendation, consumer organisations representing policyholders have engaged with various large insurers to come to a farther-reaching settlement with each of these insurers. For all large insurance companies, this led to the conclusion of a compensation agreement with some of these consumer organisations regarding a refund of costs above a certain percentage specified in the compensation agreement and a refund for the leverage risk and the capital consumption risk if materialised. Compensation was not only provided to policyholders who were specifically represented, but to all holders of such policies of such insurance company. Other smaller insurers offer similar compensation. The compensation agreements are not conclusive as the agreements were entered into with consumer organisations and not with individual policyholders and the agreements do not provide for discharge (*kwijting*) of the insurers. It is, therefore, open to policyholders to claim additional or other compensation. A number of individual policyholders are actively pursuing claims, some of whom are assisted by a number of claim organisations. Rulings of courts, including the Netherlands Supreme Court (*Hoge Raad der Nederlanden*), and the Complaint Institute for Financial Services have been published, some of which are still subject to appeal, which were generally favourable for consumers. On 29 April 2015, a decision of the Court of Justice EU was rendered on this subject. The exact meaning and consequences of this decision are subject to further decisions to be given by the courts in the Netherlands.

In March 2014, a class action organisation has stated in the media that it will start a lawsuit against (certain predecessors of) Achmea Pensioen- en Levensverzekeringen N.V. based on a ruling of the Financial Services Complaints Tribunal (*KiFiD*) in an individual case. Recently class action organisations initiated legal procedures against Achmea Pensioen- en Levensverzekeringen N.V.

If Life Mortgage Loans to which Life Insurance Policies are connected would for the reasons described in this paragraph be dissolved or nullified, this will affect the collateral granted to secure these Mortgage Loans (e.g. the Borrower Insurance Pledge and the Beneficiary Rights would cease to exist). The CBC has been advised that in such case the Mortgage Loans connected thereto can possibly also be dissolved or nullified, but that this will be different depending on the particular circumstances involved. Even if the Mortgage Loan is not affected, the Borrower/insured may invoke set-off or other defences against the CBC. The analysis in that situation is similar to the situation in the event of an insolvency of the insurer (see risk factor '*Risk of set-off or defences by Borrowers in the event of an insolvency of Insurance Companies*'), except if the Transferor itself is liable, whether jointly with the insurer or separately, *vis-à-vis* the Borrower/insured. In this situation, which may depend on the involvement of the Transferor in the marketing and sale of the insurance policy, set-off or defences against the CBC may be invoked, which will probably only become relevant if the insurer and/or the Transferor will not indemnify the Borrower. Any such set-off or defences may lead to losses under the Covered Bonds.

No investigations in relation to the Mortgage Loans and the Mortgaged Assets

None of the CBC, the Security Trustee, the Arranger, the Dealers or any other person has undertaken or will undertake an independent investigation, searches or other actions to verify the statements of the Transferor concerning itself, the Mortgage Loans, the Mortgage Receivables and the Mortgaged Assets. The CBC and the Security Trustee will rely solely on the Transferor Warranties.

Prior to service of a Notice to Pay and provided that the Asset Cover Test shall not be breached upon such retransfer, the Transferor may request the retransfer of a Mortgage Receivable from the CBC if a breach of the Mortgage Receivables Warranties occurs on or appears after the relevant Transfer Date in respect of such Mortgage Receivable (see section 10 (*Guarantee Support*) under '*Retransfers*'). A failure of the Transferor to take the appropriate action may have an adverse effect on the ability of the Issuer to make payments under the Covered Bonds.

Risk related to prepayment and interest rate averaging

The rate of prepayment of Mortgage Loans is influenced by a wide variety of economic, social and other factors, including prevailing market interest rates, changes in tax laws (including but not limited to amendments to mortgage interest tax deductibility), local and regional economic conditions and changes in Borrower's behaviour (including but not limited to home owner mobility). Currently the market interest rates are low compared to the historic average mortgage interest rates, this may lead to an increase in the rate of prepayments of the Mortgage Loans. No assurance can be given as to the level of prepayment that the Mortgage Loans granted may experience, and variation in the rate of prepayments of principal on the Mortgage Loans may affect the timing of the payments of the CBC under the Guarantee. A prepayment penalty may also be charged in case the borrower applies for interest rate averaging (*rentemiddeling*), as further described below.

Pursuant to the entry into force of the Mortgage Credit Directive on 14 July 2016, prepayment penalties may not exceed the financial loss incurred by the provider of the mortgage loan. In view of the new regulation the AFM investigated the calculation method for, and the prepayment penalties charged by different providers of mortgage loans. As a result, the AFM published guidelines on 20 March 2017 with principles for calculating the prepayment penalty that may be charged in case of a prepayment of a mortgage loan (*Leidraad Vergoeding voor vervroegde aflossing van de hypotheek*).

According to these AFM guidelines, the AFM expects providers of mortgage loans to review whether the prepayment penalties charged since then were calculated in accordance with the principles of the guidelines. If, after recalculation, the prepayment penalty is deemed too high, the difference must be repaid to the borrower of the mortgage loan. If the recalculation shows that the charge was correct or too low, the previous calculation will stand and the prepayment penalty will remain unchanged. The Issuer intends to notify any affected borrower of mortgage loans and repay such borrowers the difference. The Issuer expects that the repayment obligations in line with the guidelines will have a limited impact on its financial position.

It can however not be ruled out that also prepayment penalties charged before 14 July 2016 are also considered to be unfair and/or deemed too high on the basis of the same reasoning or on the basis of other legal requirements. In such case also prepayment penalties charged before 14 July 2016 have to be repaid. In press releases some consumer organisations have argued that a recalculation of prepayment penalties charged over the past five (5) years should be investigated and potentially be repaid to the borrowers. Should prepayment penalties charged before 14 July 2016 need to be repaid by the Issuer, the financial impact on its financial position will increase and could affect its ability to fulfil its obligations under the Covered Bonds.

The Transferor allows borrowers to apply for interest rate averaging (*rentemiddeling*). In case of interest rate averaging (*rentemiddeling*) a borrower of a mortgage loan is offered a new fixed interest rate whereby the (agreed-upon) fixed interest will be reduced taking into account the current interest rate offered by such offeror for the relevant period, the risk profile and the prepayment penalty for the fixed interest period. It should be noted that interest rate averaging (*rentemiddeling*) may have a downward effect on mortgage interest rates received by the Transferor and/or the CBC.

Although the aforementioned AFM guidelines do not directly apply to interest rate averaging, the AFM expects providers of mortgage loans to act in the best interest of the borrower. Furthermore, the AFM announced that it will investigate whether providers of mortgage loans always act in accordance with the borrowers' interest. In this respect, the AFM could decide to argue for adjustment of the legislation concerning interest rate averaging.

Payments on the Mortgage Receivables are subject to credit, liquidity and interest rate risks

Payments on the Mortgage Receivables are subject to credit, liquidity and interest rate risks and will generally vary in response to, among other things, market interest rates, general economic conditions, the financial standing of Borrowers and other similar factors. Other factors such as loss of earnings, illness, divorce and other

similar factors may lead to an increase in delinquencies and bankruptcy filings by Borrowers and could ultimately have an adverse impact on the ability of Borrowers to repay their Mortgage Receivables.

Risk that the valuations may not accurately reflect the value of Mortgaged Assets

There is a risk that the value of a Mortgaged Asset, as determined by external valuers, does not accurately reflect the value of such Mortgaged Asset, either at the time of origination or at any time thereafter. The actual market or foreclosure values realised in respect of a Mortgage Asset may be lower than those reflected in the valuations.

In general, valuations represent the analysis and opinion of the person performing the valuation at the time the valuation is prepared and are not guarantees of, and may not be indicative of, present or future value. There can be no assurance that another person would have arrived at the same valuation, even if such person used the same general approach to and same method of valuing the property.

Each valuation obtained in connection with the origination of the Mortgage Loans sought to establish the amount a typically motivated buyer would pay a typically motivated seller at the relevant time they were prepared. Such amount could be significantly higher than the amount obtained from the sale of a Mortgaged Asset under a distressed or liquidation sale. In addition, in many real estate markets, including in the Netherlands, property values may have varied since the time the valuations were obtained, and therefore the valuations may not be an accurate reflection of the current market value of the Mortgaged Assets. The current market value of the Mortgaged Assets could be lower than the values indicated in the appraisals obtained at the origination of the Mortgage Loans. In addition, differences exist between valuations due to the subjective nature of valuations and appraisals, particularly between different appraisers performing valuations at different points in time. For the avoidance of doubt, no revaluation of the Mortgaged Assets has been made for the purpose of this Programme.

Risks of weaker economic conditions in certain geographic regions in the Netherlands may ultimately result in losses to the Covered Bondholders

To the extent that specific geographic regions within the Netherlands have experienced or may in the future experience weaker economic conditions and housing markets than other regions, a concentration of the loans in such a region may be expected to exacerbate all of the risks relating to the Mortgage Loans. The economy of each geographic region within the Netherlands is dependent on different mixtures of industries. Any downturn in a local economy or particular industry may adversely affect the regional employment levels and consequently the repayment ability of the borrowers in that region or the region that relies most heavily on that industry. Any natural disasters in a particular region may reduce the value of affected mortgaged properties. This may result in a loss being incurred upon the sale of the Mortgaged Assets. These circumstances could affect receipts on the Mortgage Loans and ultimately result in losses on the Covered Bonds.

Limited recourse to the Transferor

The CBC will not, and the Security Trustee will not, undertake any investigations, searches or other actions on any Mortgage Receivable and will rely instead on the Mortgage Receivables Warranties given in the Guarantee Support Agreement by the Transferor in respect of the relevant Mortgage Receivables.

If any Mortgage Receivable does not materially comply with any of the Eligibility Criteria as at the Transfer Date of that Mortgage Receivable or is or becomes a Defaulted Receivable, then such Mortgage Receivables will be excluded from the Asset Cover Test and the Amortisation Test.

Risks of losses associated with declining values of Mortgaged Assets

No assurance can be given that values of the Mortgaged Assets have remained or will remain at the level at which they were on the date of origination of the related Mortgage Loans. A decline in value may result in losses to the Covered Bondholders if the relevant security rights on the Mortgaged Assets are required to be enforced. A decline in value can be caused by many different circumstances, including but not limited to individual circumstance relating to the Borrower (e.g. neglect of the property) or events that affect all Borrowers, such as catastrophic events, or a general or regional decline in value. Investors should be aware that Dutch house prices have declined significantly between 2008 and 2013 and increased substantially in the recent years, although there are regional differences, see the risk factor *'Risks of weaker economic conditions in certain geographic regions in the Netherlands may ultimately result in losses to the Covered Bondholders'* above.

In addition, as of 1 January 2013 in the Dutch housing market only the market value (*marktwaaarde*) is reported and the Foreclosure Value is no longer reported in the valuation report of the mortgaged assets. As a result

thereof Mortgaged Assets had to be calculated to the market value in cases where the market value was missing, which calculation has been based on the Foreclosure Value reported prior to 1 January 2013 in respect of such Mortgaged Assets. Consequently, a deviation from the valuation report might have occurred in respect of such Mortgaged Assets.

Risks related to NHG Guarantee

Mortgage Loans may have the benefit of an NHG Guarantee issued by Stichting WEW. Pursuant to the terms and conditions (*voorwaarden en normen*) applicable to the NHG Guarantee, Stichting WEW has no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the terms and conditions of the NHG Guarantee. The Transferor will in the Guarantee Support Agreement represent and warrant that (i) each NHG Guarantee, connected to the NHG Mortgage Loan was granted for the full Outstanding Principal Amount of the NHG Mortgage Loan at origination and constitutes legal, valid and binding obligations of Stichting WEW, enforceable in accordance with their terms, (ii) all terms and conditions (*voorwaarden en normen*) applicable to the NHG Guarantee at the time of origination of the NHG Mortgage Loans were complied with and (iii) it is not aware of any reason why any claim made in accordance with the requirements pertaining thereto under any NHG Guarantee in respect of the NHG Mortgage Loan should not be met in full and in a timely manner, provided that in respect of NHG Mortgage Loan Receivables originated after 1 January 2014, the Transferor is obliged to participate for 10 per cent. in any loss claims made under the NHG Guarantee.

Furthermore, the terms and conditions of the NHG Guarantee stipulate that the NHG Guarantee will terminate upon expiry of a period of thirty (30) years after the issue of the relevant NHG Guarantee. Mortgage Loans may have a maturity date which falls after the expiry date of the relevant NHG Guarantee. This will result in the Transferor, CBC or Security Trustee, as the case may be, not being able to claim for payment with Stichting WEW of a loss incurred after the term of the NHG Guarantee has expired.

Finally, the terms and conditions of the NHG Guarantee stipulate that each NHG Guarantee (irrespective of the type of redemption of the mortgage loan) is reduced on a monthly basis by an amount which is equal to the amount of the monthly repayments plus interest as if the Mortgage Loan were to be repaid on a thirty (30) year annuity basis. The actual redemption structure of a Mortgage Loan can be different. This may result in the Transferor, CBC or Security Trustee, as the case may be, not being able to fully recover a loss incurred with Stichting WEW. Mortgage loans taken out for houses purchased after 1 January 2013 have to be repaid in full in thirty (30) years and at least on an annuity basis in order to be eligible for mortgage interest relief (*hypotheekrenteaftrek*).

For a description of the NHG Guarantees, see section 12 (*NHG Guarantee Programme*).

Changes to Dutch tax treatment of interest on Mortgage Loans may impose various risks

The Dutch tax system allows borrowers to deduct, subject to certain limitations, mortgage interest payments for owner-occupied residences from their taxable income. The deduction period allowed is restricted to a term of thirty (30) years and it only applies to mortgage loans secured by owner occupied properties. Since 2004, the tax deductibility of mortgage interest payments has been restricted under the so-called additional borrowing regulation (*Bijleenregeling*). On the basis of this regulation, if a home owner acquires a new home and realises a surplus value on the sale of his old home in respect of which interest payments were deducted from taxable income, the interest deductibility is limited to the interest that relates to an amount equal to the purchase price of the new home less the net surplus value realised in the sale of the old home. Special rules apply to moving home owners that do not (immediately) sell their previous home.

As of 1 January 2013, interest deductibility in respect of newly originated mortgage loans originated after 1 January 2013 is restricted and is only available in respect of mortgage loans which amortise over thirty (30) years or less and are repaid on at least an annuity basis. In addition to these changes further restrictions on interest deductibility have entered into force from 1 January 2014. The tax rate against which the mortgage interest may be deducted will be gradually reduced as of 1 January 2014. For taxpayers currently deducting mortgage interest at the highest income tax rate the interest deductibility has been reduced with 0.5 per cent. per year to 49 per cent. in 2019. As per 1 January 2020, the maximum deduction of mortgage interest will be decreased more quickly than the current decrease of 0.5 per cent. per annum. From 2020 onwards, the maximum deduction will be lowered with 3 per cent. per annum down to 37.05 per cent. in 2023.

These changes and any other or further changes in the tax treatment of mortgage interest could ultimately have an adverse impact on the ability of Borrowers to pay interest and principal on their Mortgage Loans. In addition, changes in tax treatment of mortgage interest may lead to different prepayment behaviour by Borrowers on their Mortgage Loans resulting in higher or lower prepayment rates of such Mortgage Loans. Finally, changes in tax treatment of mortgage interest may have an adverse effect on the value of the Mortgaged Assets. See '*Risks of losses associated with declining values of Mortgaged Assets*'.

New Transferors

The Issuer may propose that any affiliate to the Issuer may become a New Transferor and that such New Transferor may transfer Eligible Assets to the CBC. However, such New Transferor will only be permitted to become a New Transferor if the conditions precedent set out in the Programme Agreement relating to New Transferors acceding to the Programme are met including, but not limited to, Rating Agency Confirmation.

Any Mortgage Receivables originated by a New Transferor will have been originated in accordance with the underwriting criteria of the New Transferor, which may differ from the underwriting criteria of Mortgage Receivables originated by the other Transferors. If the underwriting criteria differ in a way that affects the creditworthiness of the Borrowers under the Mortgage Receivables, that may lead to increased defaults by Borrowers and may affect the realisable value of the relevant Mortgage Receivables or any part thereof and/or the ability of the CBC to make payments under the Guarantee. This risk is mitigated to a certain extent by the fact that Defaulted Receivables will be excluded in the calculation of the Asset Cover Test and the Amortisation Test.

RISK FACTORS REGARDING ASSET MONITORING AND SERVICING

Maintenance of Transferred Assets

If the collateral value of the Transferred Assets has not been maintained in accordance with the terms of the Asset Cover Test or the Amortisation Test, then that may affect the realisable value of the Transferred Assets or any part thereof (both before and after the occurrence of a CBC Event of Default) and/or the ability of the CBC to make payments under the Guarantee.

Unless a Breach of Asset Cover Test has occurred, the Asset Monitor will test the arithmetic of the calculations performed by the Administrator in respect of the Asset Cover Test once each year on the Calculation Date immediately preceding each anniversary of the Programme Date and more frequently in certain circumstances. Following the service of a Breach of Asset Cover Test Notice (until remedied), the Asset Monitor will be required to test the calculations performed by the Administrator in respect of the Amortisation Test on each Calculation Date.

The Security Trustee shall not be responsible for monitoring compliance with, nor the monitoring of, the Asset Cover Test or the Amortisation Test or any other test, or supervising the performance by any other party of its obligations under any Transaction Document.

Sale or refinancing of Selected Mortgage Receivables

If the CBC is required to pay under the Guarantee, the CBC will undertake its best efforts to sell or refinance Selected Mortgage Receivables (selected on a random basis) in order to make funds available to the CBC to make payments to the CBC's creditors including to make payments under the Guarantee.

There is no guarantee that a buyer will be found for the Selected Mortgage Receivables nor assurance as to the price which may be obtained, which may affect payments under the Guarantee. In addition, the CBC will not be permitted to give warranties or indemnities in respect of Selected Mortgage Receivables (unless expressly permitted to do so by the Security Trustee). There is no assurance that the Transferor would give any warranties or representations in respect of the Selected Mortgage Receivables. Any Representations or Warranties previously given by the Transferor in respect of the relevant Mortgage Receivables may not have value for a third party purchaser if the Transferor is then subject to any insolvency proceedings. Accordingly, there is a risk that the realisable value of the Selected Mortgage Receivables could be adversely affected by the lack of representations and warranties which in turn could adversely affect the ability of the CBC to meet its best efforts undertaking under the Guarantee.

License requirement under the Wft

An entity which services (*beheert*) and administers (*uitvoert*) loans granted to consumers, such as the CBC, must

have a license under the Wft. An exemption from the license requirement is available if such entity outsources the servicing of the loans and the administration thereof to an entity holding a license under the Wft. The CBC has outsourced the servicing and administration of the Mortgage Loans to the Servicer. The Servicer is a licensed bank and is therefore licensed to act as intermediary (*bemiddelaar*) and offeror of credit (*aanbieder van krediet*) under the Wft and the CBC thus benefits from the exemption. However, if the Servicing Agreement is terminated, the CBC will need to outsource the servicing and administration of the Mortgage Loans to another licensed entity or it needs to apply for and hold a license itself. If the Servicing Agreement is terminated and the CBC has not outsourced the servicing and administration of the Mortgage Loans to a licensed entity and, in such case, it will not hold a license itself, the CBC will have to terminate its activities and settle (*afwikkelen*) its existing agreements.

Not all risks are deducted from the Asset Cover Test and/or the Amortisation Test

The tests included in the Asset Cover Test and the Amortisation Test are composed of multiple tests, however, not all of these tests provide for deduction of the risks as described in this Base Prospectus. In particular certain set-off risks and other risks which are deducted from the Adjusted Aggregate Asset Amount are not deducted for the purpose of the calculation of the First Regulatory Current Balance Amount and the Second Regulatory Balance Amount. Therefore, the First Regulatory Current Balance Amount and the Second Regulatory Balance Amount do not include a deduction in respect of these risks. Therefore, where in the risk factors it is stated that such risks are to be deducted from the Asset Cover Test and/or the Amortisation Test, this means that these will be deducted from the Adjusted Aggregate Asset Amount and/or Amortisation Test Aggregate Asset Amount and does not mean that these are deducted from the First Regulatory Current Balance Amount and the Second Regulatory Balance Amount. Furthermore, not all risks in relation to the Transferred Assets are provided for in the Asset Cover Test and/or the Amortisation Test (see section 16 (*Asset Monitoring*)).

RISK FACTORS REGARDING SWAPS

Risk related to the mismatches between income and liabilities and termination of a Swap Agreement

Variances are possible in (i) the rates of interest payable on the Mortgage Receivables (which may, for instance, include variable rates of interest, fixed rates of interest or rates of interest which track a base rate), the other Transferred Assets and the CBC Transaction Accounts and/or the CBC Back-Up Account and (ii) the amounts payable on the outstanding Covered Bonds. The CBC may hedge against these variances by entering into one or more Swap Agreements and will in case of an issue of Covered Bonds in a currency other than euro, be required to enter into a Structured Swap (which may also be included in a Portfolio Swap).

A Swap Counterparty will usually be obliged to make payments under the relevant Swap Agreement without any withholding or deduction of taxes unless required by law. If any such withholding or deduction is required by law, the relevant Swap Counterparty will be required to pay such additional amount necessary to ensure that the net amount actually received by the CBC will equal the full amount that the CBC would have received had no such withholding or deduction been required. The relevant Swap Agreement may provide, however, that if due to a Tax Event, the relevant Swap Counterparty may (with the consent of the CBC and subject to Rating Agency Confirmation) transfer its rights and obligations to another of its offices, branches or affiliates to avoid the relevant Tax Event. If the relevant Swap Counterparty is unable to transfer its rights and obligations under the relevant Swap Agreement to another office, branch or affiliate, it will in such case have the right to terminate the relevant Swap Agreement. Upon such termination, the CBC or the relevant Swap Counterparty may be liable to make a termination payment to the other party.

A Swap Agreement will usually be terminable by one party if, *inter alia*, (i) an Event of Default (as defined therein) occurs in relation to the other party, (ii) it becomes unlawful for either party to perform its obligations under the relevant Swap Agreement, (iii) a CBC Acceleration Notice is served, (iv) a Tax Event occurs as described in the paragraph above or (v) an additional termination event (as defined in the relevant Swap Agreement) occurs. Events of Default under the Swap Agreements in relation to the CBC will in principle be limited to (i) non-payment under the relevant Swap Agreement and (ii) insolvency events. If the relevant Swap Agreement terminates, the CBC will be exposed to changes in the relevant rates of interest. As a result, unless a replacement swap agreement is entered into, the CBC may have insufficient funds to make payments under the Guarantee, if it is required to pay thereunder.

Termination payments under Swap Agreements

If a Swap Agreement terminates, then the CBC may be obliged to make a termination payment to the relevant

Swap Counterparty. There can be no assurance that the CBC will have sufficient funds available to make such a termination payment, nor can there be any assurance that the CBC will be able to enter into a replacement swap agreement, or if one is entered into, that the credit rating of the replacement swap counterparty will be sufficiently high to prevent a downgrade of the then current ratings of the Covered Bonds by the Rating Agencies.

If the CBC is obliged to make a termination payment under any Swap Agreement, such termination payment will in most cases (see the applicable priority of payments) rank ahead of amounts due on the Covered Bonds except where default by, or downgrade of, the relevant Swap Counterparty has caused the relevant Swap Agreement to terminate. The obligation to make a termination payment other than arising from default by, or downgrading of, the Swap Counterparty, may therefore adversely affect the ability of the CBC to meet its obligations under the Guarantee.

Differences in timing of obligations of the CBC and Swap Counterparties

With respect to the Swap Agreements, the CBC (or the Issuer on its behalf) may be obliged to make monthly payments to the relevant Swap Counterparty, whereas the relevant Swap Counterparty may not be obliged to make corresponding swap payments for up to twelve (12) months. If the relevant Swap Counterparty does not meet its payment obligations to the CBC, the CBC may have a larger shortfall than it would have had if the relevant Swap Counterparty's payment obligations had coincided with CBC's payment obligations under the relevant Swap. Hence, the difference in timing between the obligations of the CBC and the relevant Swap Counterparty may affect the CBC's ability to make payments under the Guarantee.

Payments with respect to Covered Bonds and Swap Agreements during a CBC Payment Period (other than on the CBC Payment Date on which the CBC Payment Period commences)

Following the service of an Issuer Acceleration Notice and a Notice to Pay (but prior to a CBC Acceleration Notice), pursuant to the Trust Deed, the Available Revenue Funds and the Available Principal Funds (less any amounts payable to third parties incurred by the CBC in its ordinary course of business, which may be paid on each day by the CBC) will be applied in accordance with the CBC Priority of Payments on each CBC Payment Date, which date will occur monthly. Payments in respect of interest and principal on a Series of Covered Bonds and in respect of Swap Agreements may however become due and payable on other days than on the relevant CBC Payment Date during a CBC Payment Period. Such amounts will be payable by the CBC on the date on which such payments become due and payable as follows:

- (i) in respect of a Series of Covered Bonds, to the extent that the CBC has entered into a Swap Agreement with respect to such Series of Covered Bonds, from the amounts received under the relevant Swap Agreement connected to such Series after the CBC Payment Date on which the relevant CBC Payment Period commenced;
- (ii) from the amounts reserved in respect of such Series of Covered Bonds or such Swap Agreement pursuant to items (e) and (f) of the CBC Priority of Payments on the CBC Payment Date on which the relevant CBC Payment Period commenced; and
- (iii) in respect of a Series of Covered Bonds, to the extent not so paid in full following application of the funds available in accordance with (i) and (ii) above, from the amounts as were credited to the CBC Transaction Accounts and/or the CBC Back-Up Account in accordance with item (i) of the CBC Priority of Payments on the CBC Payment Date on which the relevant CBC Payment Period commenced.

To the extent that the amounts under (i), (ii) and (iii) are insufficient to pay the amounts due, the CBC will be unable to meet its obligations with respect to such Series of Covered Bonds.

It is noted that, consequently, should a Swap Counterparty default in its obligation to pay the CBC under a Swap Agreement, and despite the relevant mitigants described above there are insufficient funds available pursuant to item (f) of the CBC Priority of Payments, one or more Series which are subject to a Swap Agreement may not be paid, or not be paid in full during the relevant CBC Payment Period, whereas one or more other Series may be paid in full during that same CBC Payment Period.

European Market Infrastructure Regulation (EMIR)

EMIR establishes certain requirements for over-the-counter ("OTC") derivative contracts, including a mandatory clearing obligation, risk-mitigation techniques for OTC derivative contracts not cleared by a central counterparty and reporting requirements.

Under EMIR, (i) financial counterparties ("**FC**") and (ii) non-financial counterparties whose positions in OTC derivatives (including the positions of other non-financial entities in its group, but excluding any hedging positions) exceed a specified clearing threshold ("**NFC+**") must clear OTC derivative contracts that are entered into on or after the effective date for the clearing obligation, provided that such class of OTC derivative contract has been declared subject to the clearing obligation. OTC derivative contracts that are not cleared by a central counterparty are subject to certain other risk-mitigation requirements. These include arrangements for timely confirmation of OTC derivative contracts, portfolio reconciliation, dispute resolution, arrangements for monitoring the value of outstanding OTC derivative contracts and the mandatory margining of non-cleared OTC derivatives contracts. Certain of these risk mitigation requirements may impose obligations on the CBC in relation to the Swap Agreements (if entered into). In addition, under EMIR, any counterparty must timely report the conclusion, modification and termination of their OTC and exchange traded derivative contracts to a trade repository.

The Issuer is of the view that the CBC does not qualify as an NFC+ because its positions in OTC derivatives are below the specified clearing threshold. This is, because the CBC's only positions in OTC derivatives would be the positions under the Swap Agreement (if any), which in its view would qualify as hedging positions under EMIR. In addition, to the Issuer's knowledge, no other non-financial entity in the CBC's or the Issuer's group exceeds the clearing threshold. If the CBC does not qualify as an NFC+, the CBC has no clearing obligation nor is subject to certain other risk mitigation requirements under EMIR, such as the mandatory margining of non-cleared OTC derivative contracts, under any Swap Agreement (if entered into). If, however, the CBC would qualify as an NFC+, certain exemptions could apply under EMIR for OTC contracts concluded with covered bond issuers or with cover pools for covered bonds. These include an exemption from the clearing obligation for OTC derivatives, provided certain conditions are met, and an exemption from the mandatory margining of non-cleared OTC derivative contracts which allows for the risk management procedures for derivatives concluded in connection with covered bonds to provide that variation margin is not posted by the covered bond issuer or cover pool and that initial margin is not posted or not collected, provided certain other conditions are met.

If the CBC is required to comply with certain obligations under EMIR which may give rise to more administrative burdens, additional costs and expenses for the CBC, this may in turn reduce amounts available to make payments to the Covered Bondholders. The CBC may also need to appoint a third party and/or incur costs and expenses to enable it to comply with the regulatory requirements imposed by EMIR. Pursuant to Article 12 (3) of EMIR any failure by a party to comply with the rules under Title II of EMIR shall not make an OTC derivative contract invalid or unenforceable.

If any party fails to comply with the rules under EMIR it may be liable for an incremental penalty payment or fine. If such a penalty or fine is imposed on the Issuer and/or the CBC, the Issuer and/or the CBC may have insufficient funds to pay its liabilities in full.

On 4 May 2017, the European Commission published a proposal for a regulation amending EMIR (the "**Amending Regulation**"). It includes, amongst others, changes to the reporting requirements and the application of the clearing thresholds for non-financial counterparties, and the introduction of a clearing threshold for FCs. The EMIR Amending Regulation is currently going through the EU legislative process and until it is in final form, it is uncertain if and how the proposals will affect the Issuer and/or the CBC. Finally, the timing for the implementation of the Amending Regulation as at the date of this Base Prospectus is unclear.

Prospective investors in the Covered Bonds should be aware that the regulatory changes arising from the Amending Regulation may in due course significantly increase the cost of entering into and/or maintaining derivative contracts and may adversely affect the ability of the Issuer and/or the CBC to engage in and/or maintain derivative contracts.

RISKS FACTOR REGARDING CASHFLOWS

For as long as no Assignment Notification Event has occurred and no Breach of Asset Cover Test Notice (which is not remedied), Notice to Pay or CBC Acceleration Notice has been served on the CBC, the Transferor will be entitled to receive and retain the proceeds from the Transferred Assets for its own benefit. In addition, the Issuer will, as consideration for the CBC issuing the Guarantee, pay all costs and expenses of the CBC and make and receive all payments to be made or received by the CBC under any Swap Agreement, the Insurance Savings Participation Agreement, the Bank Savings Participation Agreement and certain other obligations of the CBC. Upon the earlier to occur of an Assignment Notification Event and service of a Breach of Asset Cover Test Notice

(which is not remedied) or a Notice to Pay or CBC Acceleration Notice on the CBC, these rights of the Transferor will terminate and the amounts received by the CBC will be applied in accordance with the relevant Priority of Payments (except that any collateral to be provided by a Swap Counterparty following its downgrade will be delivered to the CBC irrespective of whether any Assignment Notification Event has occurred or any Breach of Asset Cover Test Notice (which is not remedied) or Notice to Pay or CBC Acceleration Notice has been served at such time) (see further section 18 (*Cashflows*)).

THE COVERED BONDS MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR TO UNITED STATES PERSONS, EXCEPT IN CERTAIN TRANSACTIONS PERMITTED BY US TAX REGULATIONS AND THE SECURITIES ACT. SEE SECTION 7 (*CONDITIONAL PASS-THROUGH COVERED BONDS*) UNDER '*SUBSCRIPTION AND SALE*' BELOW.

The credit ratings included or referred to in this Base Prospectus will be treated for the purposes of the CRA Regulation as having been issued by Fitch and Moody's upon registration pursuant to the CRA Regulation. The entities of each of Fitch and Moody's established in the European Union have been registered by the European Securities and Markets Authority as credit rating agencies in accordance with the CRA Regulation.

Whether or not a rating in relation to any Series of Covered Bonds will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms.

If a Stabilising Manager is appointed for a Series or Tranche of Covered Bonds, the relevant Stabilising Manager will be set out in the applicable Final Terms. The Stabilising Manager or any duly appointed person acting for the Stabilising Manager may over-allot or effect transactions with a view to supporting the market price of the relevant Series of Covered Bonds at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Series or Tranche of Covered Bonds is made and, if begun, may cease at any time, but it must end no later than the earlier of thirty (30) days after the issue date and sixty (60) days after the date of the allotment of the relevant Series or Tranche of Covered Bonds. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager (or any persons acting on behalf of the Stabilising Manager) in accordance with all applicable laws and rules as amended from time to time.

All references in this document to '€', 'EUR' and 'euro' refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the EU Treaty on the functioning of the European Union, as amended, references to 'sterling' and '£' refer to pounds sterling and references to 'CHF' and 'Sfr' refer to Swiss Franc.

The Arranger, the Dealers and/or their affiliates may have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Arranger, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their clients. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. The Arranger, the Dealers and/or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, the Arranger, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Covered Bonds issued under the Programme. Any such short positions could adversely affect future trading prices of Covered Bonds issued under the Programme. The Arranger, the Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

ABN AMRO Bank N.V. has been engaged by the Issuer as Paying Agent for the Covered Bonds and in such capacity is acting for the Issuer only and will not regard any other person as its client in relation to the offering of the Covered Bonds.

MiFID II product governance / target market: The Final Terms in respect of any Covered Bonds will include a legend entitled "*MiFID II Product Governance*" which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the

target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), the Arranger and/or any Dealer subscribing for any Covered Bonds is a manufacturer in respect of such Covered Bonds, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

Benchmark Regulation: Interest and/or other amounts payable under the Covered Bonds may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark under the Benchmark Regulation. If any such reference rate does constitute such a benchmark, the relevant Final Terms will indicate whether or not the administrator thereof is included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (Register of administrators and benchmarks) of the Benchmark Regulation. Not every reference rate will fall within the scope of the Benchmark Regulation. Furthermore, transitional provisions in the Benchmark Regulation may have the result that an administrator and/or a benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Final Terms. The registration status of any administrator or benchmark under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update any Final Terms to reflect any change in the registration status of the administrator.

Amounts payable under the Covered Bonds may be calculated by reference to Euribor or Libor, which is provided by European Money Markets Institute (EMMI) or ICE Benchmark Administration (IBA), respectively. As at the date of this Base Prospectus, European Money Markets Institute (EMMI) does not appear on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (ESMA) pursuant to article 36 of the Benchmark Regulation (Regulation (EU) 2016/1011). As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmark Regulation (Regulation (EU) 2016/1011) apply, such that European Money Markets Institute (EMMI) and ICE Benchmark Administration (IBA), respectively, are not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence).

Profile

Achmea Bank was incorporated with the purpose of collectively attracting funding on the capital and money markets to fund the mortgage portfolios of its subsidiary mortgage companies, each of which granted mortgage loans to private individuals in the Netherlands under its own name.

Since the legal merger of the mortgage companies with Achmea Bank in 2000 (and 2004 in relation to Woonfonds Holland B.V.) and the acquisition of Interpolis Schade Hypotheken B.V. and Interpolis BTL Hypotheken B.V. in 2006, mortgage loans are granted directly by Achmea Bank, under different brand names used earlier by the mortgage companies.

Mortgage lending market approach

Two methods of market approach are used: (i) direct writing (Centraal Beheer) and (ii) through an intermediary (Woonfonds Hypotheken). The mortgage business of Achmea Bank contributes to the other activities of the Achmea Group, especially the life insurance business. In principle, mortgage loans are provided for residential property only.

The total regular Achmea Bank portfolio equals EUR 10.2 billion nominal value as at 30 June 2018 (2017: 10.4 billion). The total portfolio includes EUR 2.6 billion of mortgage loans which have the benefit of a mortgage guarantee (*Nationale Hypotheek Garantie, NHG*). Apart from that, the portfolio consists of (i) EUR 4.1 billion of mortgage loans with a principal amount less than or equal to 75% of the foreclosure value of the property, indexed from origination of the mortgage loan and (ii) EUR 3.5 billion of other mortgage loans.

Funding, financing and collateral

Achmea Bank funds its lending business partly by raising loans in euros and other global currencies on the international money and capital markets. As at 30 June 2018 an amount of EUR 5.5 billion (2017: 4.9 billion) of the total mortgage portfolio has been legally transferred to another legal entity or pledged in connection with funding programmes.

Stichting Trustee Achmea Bank

Stichting Trustee Achmea Bank was formed on 18 December 1995, at its incorporation, Stichting Trustee Achmea Bank was named "Stichting Trustee Achmea Hypotheekbank". This first collateral structure set up by Achmea Bank was defined in a trust agreement, under which Achmea Bank periodically pledges the mortgage receivables to Stichting Trustee Achmea Bank as security for Achmea Bank's liabilities under financing contracts such as to private loans, derivative exposures and the secured Euro Medium Term Notes Programme (see 'Secured EMTN Programme' below). In the event of default by Achmea Bank, investors can recover their investments from the pledged mortgage receivables. It has been agreed with Stichting Trustee Achmea Bank that the value of the mortgage receivables will at all times be at least 5% more than the nominal value of the secured loans.

Conditional pass-through covered bond programme

Achmea Bank has set up this EUR 5 billion conditional pass-through covered bond ("CPTCB") programme (as further set-out herein) in November 2017 to replace its existing soft bullet covered bond programme which has been terminated in October 2017. This programme is UCITS eligible and registered with DNB. Issuances under this programme are compliant with article 129 of CRR. The outstanding covered bonds are rated Aaa/AAA (Moody's/Fitch) and are listed on Euronext Amsterdam.

Securitisations

Achmea Bank uses securitisation as a funding source. In January 2018 Achmea Bank redeemed the notes of a securitisation transaction called Securitised Guaranteed Mortgage Loans II (**SGML II**) (EUR 0.3 billion). In June 2018 Achmea Bank issued EUR 1.1 billion of retained notes under a new transaction, called Securitised Residential Mortgage Portfolio I (**SRMP I**). As of 30 June 2018 Achmea Bank has five outstanding securitisation transactions, with a total outstanding amount of EUR 2.0 billion (2017: EUR 2.2 billion), excluding retained notes for an amount of EUR 1.4 billion (2017: EUR 2.2 billion). EUR 0.9 billion of the residential mortgage backed securities ("**RMBS**") notes have been placed within Achmea Group (2017: EUR 0.9 billion).

For RMBS transactions Achmea Bank assigns a portfolio of mortgage receivables to a special-purpose vehicle ("**SPV**") which issues notes. The SPV uses the proceeds of the notes to finance the assigned mortgage receivables and uses the interest from the mortgage receivables to pay the interest on the notes. The director of these SPVs is Intertrust Management B.V.

Achmea Bank manages the assigned portfolio of mortgage receivables. Securitisation does not only provide funding to Achmea Bank but may also reduce its capital requirements.

Secured EMTN Programme

The secured EMTN programme, launched in 1996, was used to fund a substantial portion of the mortgage portfolio. As at 30 June 2018, a total of EUR 10 million was outstanding (2017: EUR 61 million). In 2018 EUR 51 million was redeemed and the remaining amounts are to be redeemed in 2024.

Unsecured EMTN Programme

In October 2012 Achmea Bank set up an unsecured EMTN programme. The total outstanding amount under the unsecured EMTN programme was EUR 3.1 billion as at 30 June 2018 (2017: EUR 3.1 billion), of which EUR 0.7 billion was in private placements (2017: EUR 0.7 billion) and includes CHF loans for an amount of CHF 0.3 billion.

French commercial paper programme

In 2013 Achmea Bank set up a French commercial paper programme of EUR 1.5 billion. With this programme Achmea Bank is able to access the international money markets to further diversify its funding mix. In 2018 the ongoing programme resulted in a total outstanding amount of EUR 320 million as at 30 June 2018 (2016: EUR 257 million).

Other funding

In March 2017 Achmea Bank participated in the 4 year TLTRO-II facility for an amount of EUR 52.4 million.

Savings

A substantial part of the savings deposits held by Achmea Bank, generated under the Centraal Beheer and FBTO labels, is used to fund Achmea Bank's long term assets such as its mortgage portfolio. As at 30 June 2018, EUR 5.9 billion of savings was provided as funding of the mortgage loans (2017: EUR 5.9 billion).

As a consequence of the legal merger with Achmea Retail Bank N.V., Achmea Bank assumed the savings portfolio of Achmea Retail Bank N.V. Savings activities remain a substantial part of Achmea Bank's banking activities.

Huub Arendse was Chief Financial Officer in the executive board of Achmea B.V in the period April 2013 until March 2017. Per 1 October 2017 Jan Molenaar has been reappointed as member of the Supervisory Board. Per 1 January 2018 Petri Hofsté stepped down as Chairman of the Supervisory Board. She has been succeeded in that role by Huub Arendse.

In January 2018 Achmea Bank implemented EuroPort+ as a new system for the administration of savings products and payments. The new system will enable Achmea Bank to further improve customer service levels and achieve structural cost reductions. Able is the developer and supplier of EuroPort+, an online service (SaaS).

As a result of the successful completion of the operational transformation Achmea Bank discontinued the position of Director of Operations as of 1 April 2018.

Outlook

In the current low interest environment, pressure on interest margin is expected to continue. Operating expenses, excluding regulatory levies, are expected to stabilise in 2019. Achmea Bank expects the number of defaults in the regular portfolio to continue to be low in 2019. Given the specific character and macro-economic uncertainty Achmea Bank does not make any predictions regarding loan impairments in the Acier portfolio and fair value effects.

Business

Overview

Achmea is a financial services provider whose core business is insurance. Through its subsidiaries, which comprises amongst others Achmea Pensioen- en Levensverzekeringen N.V., Achmea Schadeverzekeringen N.V., Achmea Zorgverzekeringen N.V., Zilveren Kruis Health Services N.V., Syntrus Achmea Vermogensbeheer B.V., Achmea Pensioenservices N.V., Achmea Reinsurance Company N.V., Achmea Bank N.V., Syntrus Achmea Real Estate & Finance B.V., InShared Holding B.V., Independer.NL N.V., Achmea Investment Management B.V., Interamerican Hellenic Life Insurance Company SA, Union Zdravotna Poistovna AS, Union Poistovna AS and Eureko Sigorta A.S. (collectively, the "**Achmea Group**"), Achmea offers a full range of insurance products and related financial products through the banking, direct and brokerage distribution channels. In the Netherlands, main products are property & casualty insurance, income protection insurance, health insurance, term life insurance, asset management and retirement services and retail annuity products. Outside the Netherlands, Achmea operates in Turkey, Greece, Slovakia, Australia and Canada (See "*Business Lines - International*" below).

Achmea Group's primary goal is to develop products and services that meet the needs of its customers – private individuals, companies and other organisations. The Achmea Group employs a multi-brand, multi-channel strategy to distribute its products among clients. It has a broad product offering and a full range of distribution channels in order to position itself advantageously within different customer and pricing segments. Within the Netherlands, the Achmea Group primarily uses its brands Interpolis in the banking distribution channel, FBTO, Centraal Beheer, Zilveren Kruis, Inshared in the direct distribution channel and Avéro Achmea in the broker

distribution channel. De Friesland Zorgverzekeraar (health) previously had a relatively independent position within Achmea Group as a separate division and was also responsible for the operational management of FBTO's health portfolio. It is currently being integrated into Zilveren Kruis Health Services N.V.

Business Lines

Achmea organises its operations according to five market-oriented chains: Non-Life, Health, Retirement Services, Pension & Life and International. These five chains are outlined below:

Non-life Netherlands

Achmea is the market leader in the Netherlands in non-life insurance, holding an estimated market share of more than 20%, offering brands such as Centraal Beheer, Interpolis and FBTO. Through the direct, banking and brokerage channels, Achmea provides its private and commercial customers with car insurance, home insurance, home contents insurance, liability insurance, travel insurance. In addition, Achmea offers various types of sickness insurance and individual and group disability insurance. Around 17% of total gross written premiums ("GWP") are generated by Non-Life Netherlands.

Health Netherlands

Achmea is the market leader in the Netherlands in health insurance.¹ Achmea provides health insurance for over five (5) million people in the Netherlands. Health gross written premiums represent a significant share of 68%² of total GWP, mainly as a result of the mandatory basic health insurance. Achmea offers basic and supplementary health insurance and health services in the Netherlands.

Retirement Services Netherlands

With the launch of the new strategy for Retirement Services, Achmea is focusing on the changing needs of customers, changes in society and further modifications in the pension system. These changes are resulting in new ways to save for retirement. As part of these efforts, Achmea established the Centraal Beheer Algemeen Pensioenfonds ("CB APF") in 2016 as an alternative to pension insurance. Through additional products and services provided by Achmea Investment Management and Achmea Bank for the third and fourth pillars of the pension system, Achmea provides a comprehensive solution. As of 31 December 2017, Achmea Investment Management has EUR 120 billion assets under management for institutional and retail clients. Achmea has been engaged through Achmea Pensioenservices to carry out pension management activities for the CB APF. Achmea Pensioenservices also provides pension management activities to company and voluntary industry pensionfunds. Achmea has all the skills required within its ranks to carry out this initiative, and is managing this as part of an integrated strategy.

Pension & life Netherlands

With the launch of the new Retirement Services strategy and the establishment of the CB APF, Achmea has taken the strategic decision to stop offering pension insurance products and to focus its pension strategy completely towards providing services to the APF. With its Retirement Services solutions Achmea keeps a competitive offer to the pension market. It has created a closed-book Pensions which it integrated with the existing closed-book Life. The closed book organisation focuses on further cost management and on optimising free cash flows while maintaining the current high customer satisfaction scores. When it comes to new business, Achmea is focusing exclusively on term life insurance policies (ORV) and on immediately effective annuities and pensions. These insurance solutions are part of Achmea's proposition for retirement services. Gross written premiums from Achmea's Pension & Life activities represent 8% of total GWP.³

International

Achmea operates in six (6) markets outside the Netherlands: Greece, Turkey, Slovakia, Cyprus, Australia and Canada. In Greece, Interamerican Greece offers non-life, life and health products and services as well as an integrated roadside assistance service. Moreover, Interamerican Greece also offers online car insurances in Cyprus. Wholly-owned Eureko Sigorta in Turkey offers a full range of non-life and health products through the banking channel. Achmea also has a minority share in the Turkish pension services provider Garanti Emeklilik. Union Slovakia provides a product portfolio of non-life, health and life products in Slovakia. Achmea was granted

a licence at the end of 2013 to sell insurances in Australia. Under the brand name Achmea Australia, Achmea sells non-life insurance products and services to amongst others Rabobank's agricultural customers in Australia. Achmea is in the process of expanding its activities into Canada where it launched its digital insurance company Onlia in 2018. Furthermore, Hagelunie is a Dutch insurance company specialising in glass horticultural insurance for growing agricultural products in Europe and the world. Gross written premiums from Achmea's International business line represent 6% of total GWP.⁴

7. CONDITIONAL PASS-THROUGH COVERED BONDS

CHARACTERISTICS OF CONDITIONAL PASS-THROUGH COVERED BONDS

Conditional pass-through covered bonds

This Programme is a Dutch conditional pass-through covered bonds programme. Two of the main differences of the conditional pass-through covered bond structure compared with Dutch non conditional pass-through covered bond programmes existing at the date of this Base Prospectus are set out below under '*Extension period*' and '*Sale of selected assets*'. Investors should be aware that there are more differences compared to existing Dutch non conditional pass-through covered bond programmes, but these are not further described in this section.

Extension period

Achmea Conditional Pass-Through Covered Bond Programme

The conditional pass-through structure will become particularly relevant after an Issuer Event of Default and the service of a Notice to Pay on the CBC. In this Programme the CBC will under the Guarantee be required to redeem each Series of Covered Bonds on the Extended Due for Payment Date that falls thirty-two (32) years after the Maturity Date of the relevant Series, unless it has funds available to redeem the relevant Series of Covered Bonds on an earlier CBC Payment Date. The Extended Due for Payment Date will therefore fall after the date on which the latest maturing Mortgage Loan must be repaid (Mortgage Loans have a maximum maturity of thirty (30) years). After the service of a Breach of Amortisation Test Notice, which does not result in a CBC Acceleration Notice, the CBC will be required to use all funds available to redeem all Series on a *pro rata* basis. Interest will continue to accrue on the unpaid part of the Covered Bonds (see section 8 (*Asset Backed Guarantee*) under '*Guarantee*').

Comparison with other existing Dutch covered bond programmes

In some, but not all, Dutch non conditional pass-through covered bond programmes (in case of soft bullet covered bonds) the obligations under the guarantee to pay principal on the covered bonds will after the maturity date of the relevant series also be deferred to the extended due for payment date, but for a maximum period of 1.5 years. A breach of amortisation test in all Dutch non conditional pass-through covered bond programmes will result in the security trustee being entitled to serve a CBC acceleration notice. All other existing Dutch non conditional pass-through covered bond programmes that contain a deferral of principal provide that interest will continue to accrue on the unpaid part of the covered bonds.

Sale of selected assets

Achmea Conditional Pass-Through Covered Bond Programme

In this Programme the CBC will after the service of a Notice to Pay only be required to sell Transferred Assets if the sale proceeds are sufficient to redeem the relevant Series of Covered Bonds with respect to which a sale is undertaken (which can be all Series in case all Series have become Pass-Through Covered Bonds). If the CBC is not able to sell the Transferred Assets for the amount required the relevant Series will not be redeemed in full on the succeeding CBC Payment Date, but will be redeemed to the extent funds are available for such purpose in accordance with the CBC Priority of Payments. The CBC will undertake its best efforts to sell or refinance Selected Transferred Assets on every Refinance Date (see section 16 (*Asset Monitoring*) under '*Sale or refinancing of selected assets*').

Comparison with other existing Dutch covered bond programmes

In Dutch non conditional pass-through covered bond programmes the CBC will either before (after certain tests have been failed) or, in case of soft bullet covered bonds, shortly after the maturity date be required (to use its best efforts) to sell selected transferred assets for a price at least equal to redeem the relevant series of covered bonds in full and thereafter if such sale is not successful, for the best price available if it has insufficient funds to redeem the covered bonds on the maturity date or, in case of soft bullet covered bonds, on the extended due for payment date.

DNB

Below is included a general description of differences between covered bonds and conditional pass-through covered bonds taken from and published on the website of DNB (<http://www.toezicht.dnb.nl/en/3/51-227147.jsp>):

"DNB draws a distinction between covered bonds and conditional pass-through covered bonds. What are the implications of this?"

A conditional pass-through covered bond is a covered bond with an extension period of more than 24 months. The extension period is the maximum term by which the covered bond company can defer its contractual payment obligations. This means that covered bonds must be redeemed by the end of this period.

When assessing a covered bond programme, DNB looks at aspects such as the risks faced by the buyer of a covered bond issued under a covered bond programme. It is important that the relevant covered bond documentation clearly states these risks. Therefore, DNB believes it necessary to make a clear distinction between covered bonds and conditional pass-through covered bonds. Consequently, only covered bonds or only conditional pass-through covered bonds may be issued under a regulated programme. In other words, it is not possible to issue both standard and conditional pass-through covered bonds under a single covered bond programme.

DNB makes a distinction between standard and conditional pass-through covered bonds because they have different risk characteristics. A pass-through structure involves a higher extension risk to investors because the bond's maturity may be extended in specific circumstances to the end of the maturity of the underlying assets. At the same time, the market risk that standard covered bonds pose owing to potential fire sales of the underlying assets is lower in the case of a pass-through covered bond. Given the different risk characteristics, a registration application must specify whether the redemption date can be extended by more than 24 months, making it possible to distinguish between standard covered bonds and conditional pass-through covered bonds. Both types can be issued under the supervision of DNB, but not under the same covered bond programme. This creates transparency for covered bond investors regarding the risks that they are exposed to. Consequently, DNB considers it important that the issuer is transparent in its covered bond programme documentation on at least (and not limited to) the characteristics of a conditional pass-through covered bond as follows.

- The circumstances that lead or can lead to activation of the pass-through mechanism or deferral of the payment obligations (i.e. the start of the extension period).*
- The payments that can come under the pass-through mechanism or the extension [1].*
- The rights of the covered bondholder if the contractual payments are deferred, in particular any rights to additional interest on bonds if the contractual payment date of the principal amount is deferred.*

[1] For example, it should be clear whether deferral of the contractual obligations only applies to redemption of the principal (the bond) or also to the interest payable during the covered bond's maturity."

This Programme qualifies as a conditional pass-through covered bond programme which has an extension period that is longer than twenty-four (24) months and DNB has decided to register the Programme in the public register of DNB.

FORM OF CONDITIONAL PASS-THROUGH COVERED BONDS

Each Tranche of Covered Bonds will (as specified in the applicable Final Terms) be in bearer or in registered form. Bearer Covered Bonds will initially be issued in the form of a Temporary Global Covered Bond (unless otherwise indicated in the Final Terms). Each Global Covered Bond which is intended to be issued in NGN form, as specified in the applicable Final Terms, will be deposited on or prior to the issue date of a Tranche with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. Each Global Covered Bond which is not intended to be issued in NGN form, as specified in the applicable Final Terms, will on or prior to the original issue date of the Tranche be deposited with (i) the *Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V.* ("**Euroclear Nederland**"), or with (ii) a common depository for Euroclear and/or Clearstream, Luxembourg or with (iii) (a depository for) any other agreed clearing system. Registered Covered Bonds will be issued to each holder by a Registered Covered Bonds Deed. Registered Covered Bonds will either be issued by means of a Registered Covered Bonds Deed for all Covered Bonds issued (global) or for one or more Covered Bonds (individual). Registered Covered Bonds in global form may also be held with a common safekeeper for Euroclear and/or Clearstream, Luxembourg (and registered in the name of a nominee of the common safekeeper) and may also be registered in the name of (i) Euroclear Nederland or of (ii) a common depository for Euroclear and/or Clearstream, Luxembourg or of (iii) (a depository for) any other agreed clearing system. Registered Covered Bonds will be issued to each holder by a Registered Covered Bonds Deed.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Security Trustee, but shall not include Euroclear Nederland.

Whilst any Covered Bond is represented by a Temporary Global Covered Bond payments of principal, interest (if any) and any other amount payable in respect of the Covered Bonds due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Covered Bond only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Covered Bond are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and/or Euroclear Nederland and Euroclear and/or Clearstream, Luxembourg and/or Euroclear Nederland, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the Exchange Date which is not less than forty (40) days (nor (if the Temporary Global Covered Bond has been deposited with Euroclear Nederland) more than ninety (90) days) after the date on which the Temporary Global Covered Bond is issued (or the "restricted period" within the meaning of U.S. Treasury Regulations section 1.163-5(c)(2)(i)(D)(7)) or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010, interests in such Temporary Global Covered Bond, interests in the Temporary Global Covered Bond will be exchangeable (free of charge) upon a request as described therein for interests in a Permanent Global Covered Bond of the same Series, against certification of non-US beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Covered Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Covered Bond for an interest in a Permanent Global Covered Bond is improperly withheld or refused. Payments of principal, interest (if any) and any other amounts on a Permanent Global Covered Bond will be made without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Covered Bond will only be exchangeable (free of charge), in whole but not in part, for Definitive Covered Bonds with, where applicable, receipts, interest coupons and talons attached only upon the occurrence of an Exchange Event or, in case such Permanent Global Covered Bond is deposited with Euroclear Nederland, only upon the occurrence of a Delivery Event and in a form to then be determined, subject to mandatory provisions of applicable laws and regulations. The Issuer will promptly give notice to Covered Bondholders of each Series in accordance with Condition 14 (*Notices*) if an Exchange Event or a Delivery Event occurs. In such events, Euroclear and/or Clearstream, Luxembourg and/or, if applicable, Euroclear Nederland (acting on the instructions of any holder of an interest in such Permanent Global Covered Bond) or the Security Trustee may give notice to the Principal Paying Agent requesting exchange or delivery, as the case may be, and, in the event of the occurrence of an Exchange Event as described in (iii) of the definition,

the Issuer or the CBC may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than forty-five (45) days after the date of receipt of the first relevant notice by the Principal Paying Agent.

If Definitive Covered Bonds have not been duly delivered by 6.00 p.m. (Amsterdam time) on the forty-fifth (45th) day after which the preconditions to such exchange are first satisfied then as from the start of the first day on which the banks in Amsterdam are open for business following such event (the "**Relevant Exchange Time**") each relevant account holder shall be able to enforce against the Issuer and the CBC all rights ("**Direct Rights**") which the relevant account holder in question would have had if, immediately before the Relevant Exchange Time, it had been the holder of Definitive Covered Bonds issued on the issue date of the Permanent Global Covered Bond in an aggregate principal amount equal to the principal amount of the relevant entry including, without limitation, the right to receive all payments due at any time in respect of such Definitive Covered Bonds other than payments corresponding to any already made under the Permanent Global Covered Bond, and the rights under the Guarantee. No further action shall be required on the part of any person in order to be able to enforce Direct Rights as contemplated herein before and for each relevant account holder to have the benefit of, and to enforce, rights corresponding to all the provisions of the terms and conditions of the relevant Definitive Covered Bonds as if they had been specifically incorporated in the Permanent Global Covered Bond other than the right to receive payments corresponding to any already made under the Permanent Global Covered Bond. As from the Relevant Exchange Time, the bearer of the Permanent Global Covered Bond shall not be entitled to receive payments or enforce any other rights hereunder (including the rights under the Guarantee).

Definitive Covered Bonds will be in the standard euromarket form (unless otherwise indicated in the applicable Final Terms). Definitive Covered Bonds and Global Covered Bonds will be in bearer form. The Global Covered Bonds are held in book-entry form.

Global Covered Bonds, Definitive Covered Bonds and Registered Covered Bonds will be issued in accordance with and subject to the terms of the Agency Agreement and the Trust Deed.

The following legend will appear on all Bearer Covered Bonds and each Registered Covered Bonds Deed relating to Registered Covered Bonds which have an original maturity of more than one (1) year and on all receipts and interest coupons relating to such Covered Bonds:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Covered Bonds, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Covered Bonds, receipts or interest coupons.

The following legend will appear on all Global Covered Bonds held through Euroclear Nederland:

"NOTICE: THIS COVERED BOND IS ISSUED FOR DEPOSIT WITH NEDERLANDS CENTRAAL INSTITUUT VOOR GIRAAL EFFECTENVERKEER B.V. ("EUROCLEAR NEDERLAND") AT AMSTERDAM, THE NETHERLANDS. ANY PERSON BEING OFFERED THIS COVERED BOND FOR TRANSFER OR ANY OTHER PURPOSE SHOULD BE AWARE THAT THEFT OR FRAUD IS ALMOST CERTAIN TO BE INVOLVED."

The Covered Bonds and the Guarantee have not been and will not be registered under the Securities Act, or the securities laws of any state or other jurisdiction of the United States. The Covered Bonds may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Covered Bonds are being offered, sold or delivered only to non-U.S. persons outside the United States in reliance on Regulation S.

Covered Bonds which are represented by a Global Covered Bond and are held through Euroclear or Clearstream, Luxembourg, will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be. In case of a Global Covered Bond deposited with Euroclear Nederland, the rights of Covered Bondholders will be exercised in accordance with and are subject to the Dutch Securities Giro Transfer Act (*Wet Giraal Effectenverkeer*).

Pursuant to the Agency Agreement, the Principal Paying Agent shall arrange that, where a further Tranche of Covered Bonds is issued which is intended to form a single Series with an existing Tranche of Covered Bonds, the Covered Bonds of such further Tranche shall be assigned a temporary common code and ISIN Code by Euroclear and Clearstream, Luxembourg and/or any other relevant security code which are different from the common code, ISIN Code and other relevant security code assigned to Covered Bonds of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Covered Bonds of such Tranche.

If a Series of Covered Bonds is held through Euroclear and Clearstream, Luxembourg and if such Series of Covered Bonds will be redeemed on the Maturity Date, the Issuer shall (to ensure that such Series of Covered Bonds will be redeemed on the Maturity Date) provide or procure that the Principal Paying Agent shall on its behalf provide a formal notice (in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg) at least two (2) Business Days prior to the relevant Maturity Date to Euroclear and Clearstream, Luxembourg that such Series of Covered Bonds will be redeemed on the Maturity Date, with a copy of such notice to the CBC and the Security Trustee.

No Covered Bondholder or Couponholder shall be entitled to proceed directly against the Issuer or the CBC unless the Security Trustee, having become bound so to proceed, fails to do so within a reasonable period and the failure shall be continuing.

Copies of the Final Terms will be provided upon request by the Issuer. [In addition, in case of Covered Bonds listed on Euronext Amsterdam, the Final Terms will be displayed on the website of Euronext Amsterdam (_____).]

Set out below is the form of Final Terms which will be completed for each Tranche of Covered Bonds issued under the Programme.

Any person subsequently offering, selling or recommending the Covered Bonds (a "distributor") should take into consideration the manufacturer[s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the manufacturer[s/s'] target market assessment) and determining appropriate distribution channels.

The Covered Bonds and the Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any state or other jurisdiction of the United States. Capitalised terms not defined herein have the same meaning as in the Terms and Conditions. Certain capitalised terms in the Conditions which are not defined therein have the meaning set forth in a master definitions agreement (the "**Master Definitions Agreement**") dated 2 November 2017 as the same may be further amended, supplemented, restated or otherwise modified from time to time and signed by the Issuer, the CBC, the Security Trustee, the Transferor and certain other parties. All references to numbered Conditions and sections are to Conditions and sections of the Terms and Conditions set forth in section 7 (*Conditional Pass-Through Covered Bonds*) of the Base Prospectus.

[Include whichever of the following apply or specify as "Not Applicable" (N/A). Note that the numbering should remain as set out below, even if "Not Applicable" is indicated for individual paragraphs (in which case the sub-paragraphs of the paragraphs which are not applicable can be deleted). Italics denote directions for completing the Final Terms.]

[Consider whether a drawdown prospectus is necessary in order to issue fungible Covered Bonds where the first Tranche was issued pursuant to a previous base prospectus. This could arise in circumstances where, for example, the Final Terms for the original tranche included information which is no longer permitted to be included in Final Terms under the Prospectus Directive (as amended) or pursuant to guidance issued by ESMA.]

The Issuer, the CBC, the Paying Agents and the Security Trustee may (except as otherwise required by law) deem and treat the holder of any Bearer Covered Bond or Coupon as the absolute owner thereof, whether or not any payment is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof and no person shall be liable for so treating such bearer for all purposes but, in the case of any Global Covered Bond, without prejudice to the provisions set out in the first succeeding paragraph. The signatures on this Covered Bond or the relevant Registered Covered Bonds Deed, as applicable, are manual and/or in facsimile.

For so long as any of the Covered Bonds are represented by a Global Covered Bond held on behalf of Euroclear and/or Clearstream, Luxembourg by a common safekeeper, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Covered Bonds (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to such nominal amount of such Covered Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the CBC, the Paying Agents and the Security Trustee as the holder of such nominal amount of such Covered Bonds for all purposes other than with respect to the payment of principal or interest or other amounts on such nominal amount of such Covered Bonds, for which purpose the bearer of the relevant Global Covered Bond shall be treated by the Issuer, the CBC, any Paying Agent and the Security Trustee as the holder of such nominal amount of such Covered Bonds in accordance with and subject to the terms of the relevant Global Covered Bond and the expressions "Covered Bondholder" and "holder of Covered Bonds" and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular nominal amount of Covered Bonds as aforesaid, the Security Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error or an error established as such to the satisfaction of the Security Trustee, be conclusive and binding on all concerned. Covered Bonds which are represented by a Global Covered Bond will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg, and/or Euroclear Nederland, as the case may be.

Where Covered Bonds represented by a Permanent Global Covered Bond are deposited with Euroclear Nederland, a Covered Bondholder shall not have the right to request delivery (*utitlevering*) of his Covered Bonds under the Wge other than as set out in accordance with the rules and procedures of Euroclear Nederland and the Wge and not in bearer form.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Security Trustee but shall not include Euroclear Nederland.

2. STATUS OF THE COVERED BONDS

The Covered Bonds and any relative Coupons constitute unsubordinated and unsecured obligations of the Issuer, guaranteed by the Guarantee and rank *pari passu* without any preference amongst themselves and at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, present and future, other than any obligations preferred by mandatory provisions of applicable law.

3. THE GUARANTEE

Pursuant to the Guarantee, the CBC has as an independent obligation irrevocably undertaken to pay the Guaranteed Amounts when the same shall become Due for Payment. However, the CBC shall have no such obligation under the Guarantee until (i) the occurrence of an Issuer Event of Default, the service by the Security Trustee on the Issuer of an Issuer Acceleration Notice and the service by the Security Trustee on the CBC of a Notice to Pay or (ii) the occurrence of a CBC Event of Default and the service by the Security Trustee of a CBC Acceleration Notice on the Issuer and the CBC. In addition, in respect of each Series of Covered Bonds, if the CBC is obliged to pay, on each CBC Payment Date the Guaranteed Final Redemption Amount, then:

- (a) the obligation of the CBC to pay the Guaranteed Final Redemption Amount shall be deferred to, and shall under the Guarantee be due on, the Extended Due for Payment Date, provided that if on any CBC Payment Date which falls prior to the Extended Due for Payment Date, any moneys are available to the CBC to be paid (or reserved for payment of principal on any Series of Covered Bonds), after the CBC shall under the relevant Priority of Payments have paid or provided for (on the relevant CBC Payment Date) all higher ranking amounts, then the CBC shall (a) give notice thereof to the relevant holders of the Pass-Through Covered Bonds (in accordance with Condition 14 (*Notices*)), the Rating Agencies, the Security Trustee, the Principal Paying Agent and the Registrar (in the case of Registered Covered

Bonds) as soon as reasonably practicable and in any event at least two (2) Business Days prior to such CBC Payment Date (whereby such notice shall be deemed to have been given on the first Business Day following the date on which such notice was given by the CBC to the relevant clearing system, if any, and otherwise in accordance with Condition 14 (*Notices*)), and (b) apply such remaining available moneys in payment, in whole or in part, of the Guaranteed Final Redemption Amount pertaining to all Pass-Through Covered Bonds, if applicable *pro rata* by reference to the Principal Amount Outstanding of such Covered Bonds (and to such extent the Guaranteed Final Redemption Amount shall for the purpose of the relevant Priority of Payments and all other purposes be due) on such CBC Payment Date; and

- (b) the CBC shall under the Guarantee owe interest over the unpaid portion of the Guaranteed Final Redemption Amount, which shall accrue and be payable on the basis set out in the applicable Final Terms or, if not set out therein, Condition 5 (*Interest*), all without prejudice to the CBC's obligation to pay any other Guaranteed Amount (i.e. other than the Guaranteed Final Redemption Amount) when Due for Payment.

The rights under the Guarantee (a) form an integral part of the Covered Bonds, (b) are of interest to a Covered Bondholder only if, to the extent that, and for so long as, it holds Covered Bonds and (c) can only be transferred together with all other rights under the relevant Covered Bond. The obligations of the CBC under the Guarantee are unsubordinated and unguaranteed obligations of the CBC, which are secured (indirectly, through a parallel debt) as set out below.

As security for a parallel debt corresponding to the CBC's obligations under the Guarantee and the other Transaction Documents to which it is a party, the CBC has granted the following security rights to the Security Trustee:

- (i) a first ranking right of pledge (or such other security right as may be applicable) over the Transferred Assets; and
- (ii) a first ranking right of pledge over the CBC's rights under or in connection with the CBC Transaction Documents, the CBC Transaction Accounts and the CBC Back-Up Account.

The holders of the Covered Bonds of each Series will, through the Security Trustee, benefit from the security rights and are deemed to have acknowledged, and are bound by the Parallel Debt Agreement and Trust Deed.

For the purposes of these Terms and Conditions:

"Extended Due for Payment Date" means, subject to Condition 7(c) (*Redemption at the option if the Issuer (Issuer Call)*), the date falling thirty-two (32) years after the Maturity Date, as specified as such in the applicable Final Terms; and

"Pass-Through Covered Bonds" means (i) each Covered Bond of a Series in respect of which any amount has remained unpaid on the relevant Maturity Date or (ii) after the service of a Notice to Pay and a Breach of Amortisation Test Notice, all Series of Covered Bonds.

4. REDENOMINATION

The Issuer may, without the consent of the Covered Bondholders and the Couponholders, on giving prior notice to the Principal Paying Agent, Euroclear, Clearstream, Luxembourg and, if applicable, Euroclear Nederland and at least thirty (30) days' prior notice to the Covered Bondholders in accordance with Condition 14 (*Notices*), elect that, with effect from the Redenomination Date (as defined below) specified in the notice, the Covered Bonds and the Coupons denominated in the Specified Currency (or Specified Currencies) (each for the purpose of this Condition the **"Old Currency"**) shall be redenominated in another currency (for the purpose of this Condition the **"New Currency"**) being either euro, or, in the event of redenomination upon the occurrence of a Convertibility Event, a currency other than euro, as the case may be.

The election will have effect as follows:

- (i) the Covered Bonds and the Coupons shall be deemed to be redenominated into the New Currency in the denomination of the equivalent of euro 0.01, or its equivalent in another currency, with a principal amount for each Covered Bond equal to the principal amount of that Covered Bond in the Specified Currency, converted into the New Currency at the rate for the conversion of the Old Currency into the New Currency as fixed by the government of the Netherlands, provided that, if the Issuer determines, with the agreement of the Security Trustee, that the market practice at the time of redenomination in respect of the redenomination into the New Currency of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Covered Bondholders, the stock exchange (if any) on which the Covered Bonds may be listed and the Paying Agents of such deemed amendments;
- (ii) save to the extent that an Exchange Notice (as defined below) has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Covered Bonds will be calculated by reference to the aggregate principal amount of Covered Bonds presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest equivalent of euro 0.01 or its equivalent in another currency;
- (iii) if Definitive Covered Bonds are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 100,000 or such other amount as may be allowed or required pursuant to the relevant laws which are applicable to (the offering of) such Covered Bonds and notified to the Covered Bondholders;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Covered Bonds) will become void with effect from the date on which the Issuer gives notice (for the purpose of this Condition the "**Exchange Notice**") to the Covered Bondholders in accordance with Condition 14 (*Notices*) that replacement of Old Currency denominated Covered Bonds and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Covered Bonds and Coupons so issued will also become void on that date although those Covered Bonds and Coupons will continue to constitute valid exchange obligations of the Issuer. New Currency denominated Covered Bonds and Coupons will be issued in exchange for Covered Bonds and Coupons denominated in the Specified Currency in such manner as the Issuer may specify and as shall be notified to the Covered Bondholders in the Exchange Notice. No Exchange Notice may be given less than fifteen (15) days prior to any date for payment of principal or interest on the Covered Bonds;
- (v) on or after the Redenomination Date, all payments in respect of the Covered Bonds and the Coupons, with a possible exception of payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in the New Currency as though references in the Covered Bonds to the Specified Currency were to the New Currency. Payments will be made in the New Currency by credit or transfer to a New Currency account (or any other account to which the New Currency may be credited or transferred) specified by the payee or, at the option of the payee, by a New Currency cheque;
- (vi) if the Covered Bonds are Fixed Rate Covered Bonds and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated by applying the Rate of Interest to each Calculation Amount, multiplying such sum by the applicable Fixed Day Count Fraction (as defined in Condition 5(a) (*Interest on Fixed Rate Covered Bond (up to but excluding the Maturity Date or, if earlier, the date on which a Breach of Amortisation Test Notice is served on the CBC)*)), and rounding the resultant figure to the nearest sub-unit of the relevant New Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. The amount of interest payable in respect of such Fixed Rate Covered Bonds shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding;
- (vii) if the Covered Bonds are Floating Rate Covered Bonds, the applicable Final Terms will specify any relevant changes to the provisions relating to interest; and

- (viii) the applicable Final Terms will specify the exact date on which the redenomination will occur in case the Covered Bonds were issued in a currency other than euro and in a country in which TARGET2 does not apply.

For the purpose of this Condition "**Redenomination Date**" means any date for payment of interest or redemption under the Covered Bonds, specified by the Issuer in the notice given to the Covered Bondholders pursuant to paragraph (a) above and which in case of (i) the New Currency being euro, falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union and in case of (ii) the New Currency being a currency other than euro, shall be the date the relevant government of the New Currency accepts payment in the New Currency as legal tender.

5. INTEREST

A. Interest on Fixed Rate Covered Bond (up to but excluding the Maturity Date or, if earlier, the date on which a Breach of Amortisation Test Notice is served on the CBC)

Each Fixed Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the interest commencement date as specified in the applicable Final Terms (or, if not specified in the applicable Final Terms, the Issue Date) (an "**Interest Commencement Date**") at the rate(s) per annum equal to the Fixed Rate(s) of Interest. Interest will be payable in arrears on the Interest Payment Date(s) in each year (i) up to (and including) the Maturity Date (if that date does not fall on an Interest Payment Date), or, (ii) if earlier, up to, but excluding the date on which a Breach of Amortisation Test Notice is served on the CBC.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount except if a Breach of Amortisation Test Notice is served on the CBC in which case the interest will be calculated as set out below. Payments of interest on any Interest Payment Date or the Maturity Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) the Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (2) the Modified Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (3) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (4) No Adjustment, such Interest Payment Date (or other date) shall not be adjusted in accordance with any Business Day Convention.

If "**Unadjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If "**Adjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date is subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If interest is required to be calculated for a period starting or ending other than on an Interest Payment Date (the "**Interest Calculation Period**"), such interest shall be calculated by applying the Fixed Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Fixed Day Count Fraction, and rounding the resultant

figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention and multiplying such rounded up figure by a fraction equal to the Specified Denomination of such Covered Bond divided by the Calculation Amount.

For the purposes of these Terms and Conditions (unless defined otherwise in the relevant section or subsection);

"Fixed Day Count Fraction" means:

if "Actual/Actual (ICMA)" is specified in the applicable Final Terms for the relevant period, it means:

- (a) where the Interest Calculation Period is equal to or shorter than the Determination Period during which it falls, the actual number of days in the Interest Calculation Period divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
- (b) where the Interest Calculation Period is longer than one Determination Period, the sum of:
 - (A) the actual number of days in such Interest Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
 - (B) the actual number of days in such Interest Calculation Period falling in the next Determination Period divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year;

where:

"Determination Period" means the period from and including an Interest Payment Date in any year up to but excluding the next Interest Payment Date;

if "**30/360**" is specified in the applicable Final Terms for the relevant period, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) (unless (i) the last day of the Fixed Interest Period is the 31st day of a month but the first day of the Fixed Interest Period is a day other than the 30th or the 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month or (ii) the last day of the Fixed Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month) divided by 360;

"sub-unit" means one cent;

"Calculation Amount" has the meaning ascribed to it in the applicable Final Terms or if no such amount is specified in the applicable Final Terms, the Specified Denomination;

"Fixed Interest Period" means the period from and including an Interest Payment Date (or in the case of a first interest period, the Interest Commencement Date, or if such is not specified in the applicable Final Terms, the Issue Date) to but excluding the next or first Interest Payment Date;

"Maturity Date" means, subject to Condition 7(c) (*Redemption at the option of the Issuer (Issuer Call)*) and Condition 7(d) (*Redemption at the option of the Covered Bondholders (Investor Put)*), in respect of a Series of Covered Bonds, the relevant Interest Payment Date which falls no more than thirty (30) years after the Issue Date of such Series and on which the Covered Bonds of such Series are expected to be redeemed at their Principal Amount Outstanding in accordance with these Conditions, as specified in the relevant Final Terms; and

"Principal Amount Outstanding" means, on any date, the principal amount of a Covered Bond on the relevant Issue Date, less the aggregate amount of any principal payments in respect of such Covered Bond which have been paid to the relevant Covered Bondholder on or prior to that date.

The applicable Final Terms shall contain provisions (if necessary) relating to the calculation of interest in respect of Interest Payment Dates that fall in the interval between the Issue Date and the First Interest Payment Date or the interval between the Maturity Date and the immediately preceding Interest Payment Date.

B. Interest on Floating Rate Covered Bonds (up to, but excluding, the Maturity Date or, if earlier, the date on which a Breach of Amortisation Test Notice is served on the CBC)

(i) Interest Payment Dates

Each Floating Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the interest commencement date (or, if not specified in the applicable Final Terms, the Issue Date) (an **"Interest Commencement Date"**) at the rate equal to the Rate of Interest payable in arrear on either:

- (a) the Specified Interest Payment Date(s) in each year; or
- (b) if no express Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an **"Interest Payment Date"**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. **"Interest Period"** shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention is specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5 (B)(i)(b) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (5) No Adjustment, such Interest Payment Date (or other date) shall not be adjusted in accordance with any Business Day Convention.

If **"Unadjusted"** is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If **"Adjusted"** is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date is subject to adjustment in accordance with the Business Day

Convention specified in the applicable Final Terms.

In this Condition 5 (*Interest*), "**Business Day**" means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
- (b) a day on which the TARGET2 is open. In these Terms and Conditions, "TARGET2" means the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007 or any successor thereof.

(ii) *Rate of Interest*

The Rate of Interest will be determined in the manner specified further in subparagraph (a) or subparagraph (b) below and as determined in the applicable Final Terms.

(a) *ISDA Determination for Floating Rate Covered Bonds*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (a), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as amended and updated as at the Issue Date of the first Tranche of the Covered Bonds, published by the International Swaps and Derivatives Association, Inc. (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is the period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on LIBOR or on EURIBOR, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (a), (i) "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions, (ii) the definition of "**Banking Day**" in the ISDA Definitions shall be amended to insert after the words "are open for" in the second line before the word "general" and (iii) "**Euro-zone**" means the region comprised of Member States of the European Union that adopt the single currency in accordance with the EU Treaty.

When this sub-paragraph (a) applies, in respect of each relevant Interest Period the Principal Paying Agent will be deemed to have discharged its obligations under Condition 5(B)(iv) (*Determination of Rate of Interest and Calculation of Floating Interest Amounts*) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this subparagraph (a).

(b) *Screen Rate Determination for Floating Rate Covered Bonds*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or, if the relevant Screen Rate is EURIBOR, to the third decimal place, with 0.0005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the

Reference Rates which appears or appear, as the case may be, on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations,

plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent.

The Agency Agreement contains provisions for determining the Rate of Interest pursuant to this subparagraph (b) in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Covered Bonds is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Covered Bonds will be determined as provided in the applicable Final Terms.

(c) *Replacement Reference Rate*

Notwithstanding the provisions above in this Condition 5(B)(ii), if the Principal Paying Agent or the Issuer determines at any time prior to, on or following any Interest Determination Date, that a Benchmark Event has occurred, the Issuer or the CBC if an Issuer Acceleration Notice and a Notice to Pay are served, will, as soon as reasonably practicable (and in any event prior to the next relevant Interest Determination Date), appoint a Rate Determination Agent, which may, after using reasonable endeavours to appoint and consult with an Independent Adviser, determine in its sole discretion, acting in good faith and in a commercially reasonable manner, a substitute, alternative or successor rate for purposes of determining the relevant Reference Rate (as specified in the applicable Final Terms) on each Interest Determination Date falling on such date or thereafter that is substantially comparable to the Reference Rate or that has been recommended or selected by the monetary authority or similar authority (or working group thereof) in the jurisdiction of the applicable currency. If the Rate Determination Agent has determined a substitute, alternative or successor rate in accordance with the foregoing (such rate, the "**Replacement Reference Rate**") for purposes of determining the Reference Rate on the relevant Interest Determination Date falling on or after such determination, (A) the Rate Determination Agent will, following consultation with the Independent Adviser (if appointed), also determine changes (if any) to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the Replacement Reference Rate, including any Adjustment Spread, in each case in a manner that is consistent with any industry-accepted practices for such Replacement Reference Rate; (B) references to the Reference Rate in these Conditions applicable to the relevant Floating Rate Covered Bonds will be deemed to be references to the relevant Replacement Reference Rate, including any alternative method for determining such rate as described in (A) above (including the Adjustment Spread); and (C) the Rate Determination Agent will give notice of the foregoing as soon as reasonably practicable to the Covered Bondholders (in accordance with Condition 13), the Issuer, the Security Trustee, the CBC and the Principal Paying Agent specifying the Replacement Reference Rate, as well as the details described in (A) above. The party responsible for calculating the Interest Rate pursuant to Condition 5(B) will remain the party responsible for calculating the Interest Rate by making use of the Replacement Reference Rate and the other matters referred to above.

The determination of the Replacement Reference Rate and the other matters referred to above by the Rate Determination Agent will be final and binding on the Issuer, the Security Trustee, the Principal Paying Agent and the Covered Bondholders. If the Rate Determination Agent is unable to or otherwise does not determine a Replacement Reference Rate or any of the other matters referred to above, then the Reference Rate will remain unchanged (but subject to the other provisions of Condition 5(B)(ii)).

As used in this Condition 5(B)(ii)(c):

"Adjustment Spread" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Rate Determination Agent, following consultation with the Independent Adviser (if appointed) and acting in good faith, determines is required to be applied to the Replacement Reference Rate to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to the Covered Bondholders as a result of the replacement of the Reference Rate with the Replacement Reference Rate and is the spread, formula or methodology which:

- (a) is formally recommended in relation to the replacement of the Reference Rate with the Replacement Reference Rate by any competent authority; or (if no such recommendation has been made)
- (b) the Rate Determination Agent determines, following consultation with the Independent Adviser (if appointed) and acting in good faith, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Reference Rate, where such rate has been replaced by the Replacement Reference Rate; or (if the Rate Determination Agent determines that no such industry accepted standard is recognised or acknowledged)
- (c) the Rate Determination Agent, in its discretion, following consultation with the Independent Adviser (if appointed) and acting in good faith, determines to be appropriate.

"Benchmark Event" means:

- (a) the Reference Rate ceases to be an industry accepted rate for debt market instruments (as determined by the Principal Paying Agent, following consultation with the Independent Adviser (if appointed) and acting in good faith) such as, or comparable to, the Covered Bonds; or
- (b) it has become unlawful or otherwise prohibited (including, without limitation, for the Principal Paying Agent) pursuant to any law, regulation or instruction from a competent authority, to calculate any payments due to be made to any Covered Bondholder using the Reference Rate or otherwise make use of the Reference Rate with respect to the Covered Bonds; or
- (c) the Reference Rate ceasing to be published for a period of at least five (5) Business Days or ceasing to exist; or
- (d) a public statement by the administrator of the Reference Rate that it will, by a specified date within the following six (6) months, cease to publish the Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed hat will continue the publication of the Reference Rate); or
- (e) a public statement by the administrator of the Reference Rate that the Reference Rate has been or will, by a specified date within the following six (6) months, be permanently or indefinitely discontinued; or
- (f) a public statement by the supervisor of the administrator of the Reference Rate that the Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six (6) months.

"Independent Adviser" means an independent financial institution of international repute or an independent financial adviser with appropriate expertise as reasonably determined by the Rate Determination Agent in its sole discretion.

"Rate Determination Agent" means (i) a third party appointed by the Issuer, using commercially best efforts, (ii) if it is not reasonably practicable to appoint such third party, the Issuer, or (ii) or if an Issuer Acceleration Notice and a Notice to Pay are served, the CBC, to determine the Replacement Reference Rate in accordance with this Condition.

(iii) Minimum and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such

Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and Calculation of Floating Interest Amounts*

The Principal Paying Agent, in the case of Floating Rate Covered Bonds will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent will calculate the amount of interest (the "**Floating Interest Amount**") payable on the Floating Rate Covered Bonds, in respect of each Calculation Amount for the relevant Interest Period. Each Floating Interest Amount shall be calculated by applying the Rate of Interest to each Calculation Amount, multiplying such sum by the applicable Floating Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Covered Bond in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Floating Rate Covered Bond shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

In this Condition "**Floating Day Count Fraction**" means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if "**Actual/365**" or "**Actual/Actual ISDA**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (iv) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:
"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (v) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the

Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30;

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30; and

- (vi) if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in

which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

- (v) *Notification of Rate of Interest and Floating Interest Amounts*

The Principal Paying Agent will cause the Rate of Interest and each Floating Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and notice thereof to be published in accordance with Condition 14 (*Notices*) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Floating Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and to the Covered Bondholders in accordance with Condition 14 (*Notices*). If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Floating Interest Amount but instead may publish only the Calculation Amount and the Floating Interest Amount in respect of the Covered Bond having the minimum Specified Denomination. For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

- (vi) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(B) (*Interest on Floating Rate Covered Bonds (up to, but excluding, the Maturity Date or, if earlier, the date on which a Breach of Amortisation Test Notice is served on the CBC)*), whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Principal Paying Agent, the Calculation Agent, if applicable, the other Paying Agents and all Covered Bondholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Covered Bondholders or the Couponholders shall attach to the Principal Paying Agent or the Calculation Agent, if applicable, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

C. Interest on Fixed Rate Covered Bonds from the Maturity Date or, if earlier, the date a Breach of Amortisation Test Notice has been served on the CBC

As from the Maturity Date or, if earlier, the date on which a Breach of Amortisation Test Notice is served on the CBC, each Fixed Rate Covered Bond will bear interest on its Principal Amount Outstanding from (and including) the date as specified in the applicable Final Terms as Interest Commencement Date (or, if not specified in the applicable Final Terms, the earlier to occur of (i) the Maturity Date and (ii) the date on which a Breach of Amortisation Test Notice is served on the CBC) ("**Interest Commencement Date**") at the rate(s) per annum equal to the Fixed Rate(s) of Interest. Interest will be payable in arrears on the Interest Payment Dates in each year up to (and including) the Extended Due for Payment Date (if that date does not fall on an Interest Payment Date).

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will be calculated in respect of each Calculation Amount by applying the fixed Rate of Interest to each Principal Amount Outstanding, multiplying such sum by the applicable Fixed Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the euro, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention and multiplying such rounded up figure by a fraction equal to the Specified Denomination of such Covered Bond divided by the Calculation Amount.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) the Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (2) the Modified Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (3) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (4) No Adjustment, such Interest Payment Date (or other date) shall not be adjusted in accordance with any Business Day Convention.

If "**Unadjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If "**Adjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date is subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

For the purposes of this Condition 5(C) (*Interest from the Maturity Date or, if earlier, the date a Breach of Amortisation Test Notice has been served on the CBC*):

"**Fixed Day Count Fraction**" means:

if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms for the relevant period, it means:

- (a) where the Interest Calculation Period is equal to or shorter than the Determination Period during which it falls, the actual number of days in the Interest Calculation Period divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
- (b) where the Interest Calculation Period is longer than one Determination Period, the sum of:

(A) the actual number of days in such Interest Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and

(B) the actual number of days in such Interest Calculation Period falling in the next Determination Period divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year;

where:

"Determination Period" means the period from and including an Interest Payment Date in any year up to but excluding the next Interest Payment Date;

if **"30/360"** is specified in the applicable Final Terms for the relevant period, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) (unless (i) the last day of the Fixed Interest Period is the 31st day of a month but the first day of the Fixed Interest Period is a day other than the 30th or the 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month or (ii) the last day of the Fixed Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month) divided by 360;

"sub-unit" means one cent; and

"Fixed Interest Period" means the period from and including an Interest Payment Date (or in the case of a first interest period, the Interest Commencement Date) to but excluding the next or first Interest Payment Date.

D. Interest on Floating Rate Covered Bonds from the Maturity Date or, if earlier, the date a Breach of Amortisation Test Notice has been served on the CBC

(i) Interest Payment Dates

As from the Maturity Date or, if earlier, the date on which a Breach of Amortisation Test Notice is served on the CBC, each Floating Rate Covered Bond will bear interest on its Principal Amount Outstanding from (and including) the date as specified in the applicable Final Terms as Interest Commencement Date (or, if not specified in the applicable Final Terms, the earlier to occur of (i) the Maturity Date and (ii) the date on which a Breach of Amortisation Test Notice is served on the CBC) (**"Interest Commencement Date"**) at the rate equal to the Rate of Interest payable in arrear on either:

- (a) the Specified Interest Payment Date(s) in each year; or
- (b) if no express Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an **"Interest Payment Date"**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. **"Interest Period"** shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention is specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5 (D)(i)(b) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day

that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (2) the Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (5) No Adjustment, such Interest Payment Date (or other date) shall not be adjusted in accordance with any Business Day Convention.

If "**Unadjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If "**Adjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date is subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

(ii) *Rate of Interest*

The Rate of Interest will be determined in the manner specified further in subparagraph (a) or subparagraph (b) below and as determined in the applicable Final Terms.

(a) *ISDA Determination for Floating Rate Covered Bonds*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (a), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as amended and updated as at the Maturity Date or, if earlier, the date on which a Breach of Amortisation Test Notice is served on the CBC, published by the International Swaps and Derivatives Association, Inc. (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is the period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on LIBOR or on EURIBOR, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (a), (i) "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions, (ii) the definition of "**Banking Day**" in the ISDA Definitions shall be amended to insert after the words "are open for" in the second line before the word "general" and (iii) "**Euro-zone**" means the region comprised of Member States of

the European Union that adopt the single currency in accordance with the EU Treaty.

When this sub-paragraph (a) applies, in respect of each relevant Interest Period the Principal Paying Agent will be deemed to have discharged its obligations under Condition 5(D)(iv) (*Determination of Rate of Interest and Calculation of Floating Interest Amounts*) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this subparagraph (a).

(b) *Screen Rate Determination for Floating Rate Covered Bonds*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or, if the relevant Screen Rate is EURIBOR, to the third decimal place, with 0.0005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rates which appears or appear, as the case may be, on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations,

plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent.

The Agency Agreement contains provisions for determining the Rate of Interest pursuant to this subparagraph (b) in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Covered Bonds is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Covered Bonds will be determined as provided in the applicable Final Terms.

(c) *Replacement Reference Rate*

Notwithstanding the provisions above in this Condition 5(D)(ii), if the Principal Paying Agent or the Issuer determines at any time prior to, on or following any Interest Determination Date, that a Benchmark Event (as defined in Condition 5(B)(ii)) has occurred, the Interest Rate will be determined in accordance with Condition 5(B)(ii).

(iii) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and Calculation of Floating Interest Amounts*

The Principal Paying Agent, in the case of Floating Rate Covered Bonds will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent will calculate the amount of interest (the "**Floating Interest Amount**") payable on the Floating Rate Covered Bonds, in respect of each Calculation Amount for the relevant Interest Period. Each Floating Interest Amount shall be calculated by applying the Rate of Interest to each Calculation Amount, multiplying such sum by the applicable Floating Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Covered Bond in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Floating Rate Covered Bond shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

In this Condition "**Floating Day Count Fraction**" means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if "**Actual/365**" or "**Actual/Actual ISDA**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (iv) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (v) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30;

"D2" is the calendar day, expressed as a number, immediately following the last day included in the

- (vi) Interest Period, unless such number would be 31, in which case D2 will be 30; and if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Extended Due for Payment Date or (ii) such number would be 31, in which case D2 will be 30.

- (v) *Notification of Rate of Interest and Floating Interest Amounts*

The Principal Paying Agent will cause the Rate of Interest and each Floating Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and notice thereof to be published in accordance with Condition 14 (*Notices*) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Floating Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and to the Covered Bondholders in accordance with Condition 14 (*Notices*). If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Floating Interest Amount but instead may publish only the Calculation Amount and the Floating Interest Amount in respect of the Covered Bond having the minimum Specified Denomination. For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

- (vi) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(D) (*Interest on Floating Rate Covered Bonds from the Maturity Date or, if earlier, the date a Breach of Amortisation Test Notice has been served on the CBC*), whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Principal Paying Agent, the Calculation Agent, if applicable, the other Paying Agents and all Covered Bondholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Covered Bondholders or the Couponholders shall attach to the Principal Paying Agent or the Calculation Agent, if applicable, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

E. Accrual of interest

Each Covered Bond (or in the case of the redemption of part only of a Covered Bond, that part only of such Covered Bond) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

6. PAYMENTS

A. *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro and U.S. Dollars will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively);
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
- (iii) payments in U.S. Dollars will be made by transfer to a U.S. Dollar account maintained by the payee with a bank outside of the United States (which expression, as used in this Condition 6, means the United States of America, including the State and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction), or by cheque drawn on a United States bank.

In no event will payment be made by a cheque mailed to an address in the United States. Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment in these Terms and Conditions, the Trust Deed, the Agency Agreement and the Final Terms, but without prejudice to the provisions of Condition 8 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in section 1471(b) of the US IR Code or otherwise imposed pursuant to sections 1471 through 1474 of the US IR Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental agreement thereto. References to Specified Currency will include any successor currency under the applicable law.

B. *Presentation of Definitive Covered Bonds and Coupons*

Payments of principal in respect of Definitive Covered Bonds will (subject as provided below) be made in the manner provided in paragraph (A) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Definitive Covered Bonds, and payments of interest in respect of Definitive Covered Bonds will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States.

Fixed Rate Covered Bonds in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five (5) years after the Relevant Date (as defined in Condition 8 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9 (*Prescription*)) or, if later, five (5) years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Covered Bond in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Covered Bond in definitive form becomes due and repayable in whole, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in

respect thereof. Where any such Covered Bond is presented for redemption without all unmatured Coupons or Talons relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

If the due date for redemption of any Definitive Covered Bond is not an Interest Payment Date, interest (if any) accrued in respect of such Covered Bond from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Covered Bond.

C. *Payments in respect of Global Covered Bonds*

Payments of principal and interest (if any) in respect of Covered Bonds represented by any Global Covered Bond will (subject as provided below) be made in the manner specified above in relation to Definitive Covered Bonds and otherwise in the manner specified in the relevant Global Covered Bond against presentation or surrender (as the case may be) of such Global Covered Bond at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Covered Bond, distinguishing between any payment of principal and any payment of interest, will be made on such Global Covered Bond by the Paying Agent to which it was presented and such record shall be prima facie evidence that the payment in question has been made and in respect of a Global Covered Bond in NGN-form the payment is entered *pro rata* in the record of Euroclear and Clearstream, Luxembourg.

D. *General provisions applicable to payments*

The holder of a Global Covered Bond shall be the only person entitled to receive payments in respect of Covered Bonds represented by such Global Covered Bond and the Issuer or the CBC and the Security Trustee will be discharged by payment to, or to the order of, the holder of such Global Covered Bond in respect of each amount so paid.

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or Euroclear Nederland as the beneficial holder of a particular nominal amount of Covered Bonds represented by a Global Covered Bond must look solely to Euroclear, Clearstream, Luxembourg or Euroclear Nederland, as the case may be, for his share of each payment so made by the Issuer or the CBC or the Security Trustee to, or to the order of, the holder of such Global Covered Bond.

E. *Payment Day*

If the date for payment of any amount in respect of any Covered Bond or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which (subject to Condition 9 (*Prescription*)) is a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

- a) the relevant place of presentation; and
- b) any Additional Financial Centre specified in the applicable Final Terms.

F. *Interpretation of principal and interest*

Any reference in these Terms and Conditions to principal in respect of the Covered Bonds shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Covered Bonds;
- (iii) the Early Redemption Amount of the Covered Bonds;
- (iv) the Optional Redemption Amount;

- (v) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Covered Bonds; and
- (vi) any Excess Proceeds which may be payable by the Security Trustee to either the CBC or the Covered Bondholders under or in respect of the Covered Bond.

Any reference in these Terms and Conditions to interest in respect of the Covered Bonds shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

G. *Set-off*

- (i) Any payments under or pursuant to the Covered Bonds shall be made by the Issuer free of set-off and withholding if and to the extent so specified in the applicable Final Terms.
- (ii) If in the Final Terms "German Insurers" are indicated Applicable, each of the Issuer and the CBC hereby waives, for the benefit of all present and future holders of the Registered Covered Bonds issued in such Final Terms, any right to set-off (*verrekenen*, in German: *aufrechnen*) any amount against, any right to retain (*inhouden*, in German: *zurückbehalten*) any amount from, and any right of pledge (*pandrecht*, in German: *Pfandrecht*), including but not limited to any right of pledge created under the Issuer's general banking conditions with regard to, any amount it owes under or in respect of the Registered Covered Bonds and any similar right which may adversely affect the rights under or in respect of Registered Covered Bonds.

If this waiver under (G)(ii) is applicable it (i) applies as far as and as long as the Registered Covered Bonds are part of the committed assets (*Sicherungsvermögen*) of an insurer within the meaning of section 125 of the German Insurance Supervisory Act (*Versicherungsaufsichtsgesetz*) as amended from time to time also in case of an insolvency and (ii) prevails over any present or future agreement with a conflicting content, save in the case of future agreements only, where such future agreement has a conflicting content which explicitly refers to this specific waiver.

7. REDEMPTION AND PURCHASE

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below and subject to Condition 3 (*The Guarantee*), each Covered Bond will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date (the "**Final Redemption Amount**").

(b) *Redemption for tax reasons*

The Covered Bonds may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Covered Bond is not a Floating Rate Covered Bond) or on any Interest Payment Date (if this Covered Bond is a Floating Rate Covered Bond), on giving not less than thirty (30) nor more than sixty (60) days' notice to the Security Trustee and the Principal Paying Agent and, in accordance with Condition 14 (*Notices*), the Covered Bondholders (which notice shall be irrevocable), if the Issuer satisfies the Security Trustee immediately before the giving of such notice that:

- (i) on the occasion of the next payment due under the Covered Bonds, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8 (*Taxation*)) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Covered Bonds of this Series; and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than sixty (60) days prior to the earliest

date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Covered Bonds then due.

Prior to the publication of any notice of redemption pursuant to this Condition 7(b) (*Redemption for tax reasons*), the Issuer shall deliver to the Security Trustee a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Security Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Covered Bondholders and the Couponholders. Covered Bonds redeemed pursuant to this Condition 7(b) (*Redemption for tax reasons*) will be redeemed at their Early Redemption Amount referred to in Condition 7(e) (*Early Redemption Amounts*) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the option of the Issuer (Issuer Call)*

If the Issuer is specified as having the option to redeem the Covered Bonds in the applicable Final Terms, the Issuer may, subject as provided in paragraph (e) below and having given:

- (i) not less than fifteen (15) nor more than thirty (30) days' notice to the Covered Bondholders in accordance with Condition 14 (*Notices*); and
- (ii) not less than fifteen (15) days before the giving of the notice referred to in (i), notice to the Security Trustee, the Principal Paying Agent, the CBC and the Registrar;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Covered Bonds then outstanding on any optional redemption date as specified in the applicable Final Terms ("**Optional Redemption Date**") and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date, provided that no Issuer Event of Default has occurred and is continuing.

If the Issuer is specified as having the option to redeem the Covered Bonds in the applicable Final Terms and it cannot exercise its option because an Issuer Event of Default has occurred and is continuing, then the CBC may declare with:

- (i) not less than five (5) (or if the notice period of the Issuer has been shortened to five (5) days or less, the notice period will be one (1) day less than the minimum notice period for the Issuer) nor more than thirty (30) days' notice to the Covered Bondholders in accordance with Condition 14 (*Notices*); and
- (ii) not less than five (5) days (or if the notice period of the Issuer has been shortened to five (5) days or less, the notice period will be one (1) day less than the minimum notice period for the Issuer) before the giving of the notice referred to in (i), notice to the Security Trustee, the Principal Paying Agent, the Issuer and the Registrar;

that all of the Covered Bonds then outstanding of such Series will mature on the Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms, and that the Maturity Date will be such Optional Redemption Date.

Any redemption pursuant to this Condition 7(c) (*Redemption at the option of the Issuer (Issuer Call)*) must be of a nominal amount not less than the minimum redemption amount ("**Minimum Redemption Amount**") and not more than the maximum redemption amount ("**Maximum Redemption Amount**"), in each case as may be specified in the applicable Final Terms (and subject to Condition 3 (*The Guarantee*)). In the case of a partial redemption of Covered Bonds, the Covered Bonds to be redeemed (the "**Redeemed Covered Bonds**") will be selected individually by lot, in the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, and where applicable in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or Euroclear Nederland, in the case of Redeemed Covered Bonds represented by a Global Covered

Bond, in each case, not more than thirty (30) days prior to the date fixed for redemption (such date of selection being hereinafter called for the purposes of this paragraph the "Selection Date"). In the case of Redeemed Covered Bonds (i) represented by Definitive Covered Bonds, a list of the serial numbers and (ii) in the case of Registered Covered Bonds, the nominal amount drawn and the holders thereof, of such Redeemed Covered Bonds will be published in accordance with Condition 14 (*Notices*) not less than fifteen (15) days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Covered Bonds represented by Definitive Covered Bonds shall bear the same proportion to the aggregate nominal amount of all Redeemed Covered Bonds as the aggregate nominal amount of Definitive Covered Bonds outstanding bears to the aggregate nominal amount of the Covered Bonds outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Covered Bonds represented by a Global Covered Bond shall be equal to the balance of the Redeemed Covered Bonds. No exchange of the relevant Global Covered Bond will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Covered Bondholders in accordance with Condition 14 (*Notices*) at least five (5) days prior to the Selection Date.

If the option to redeem the Covered Bonds is exercised by the Issuer or the CBC has given a declaration that the Covered Bonds will mature on the Optional Redemption Date (each in accordance with this Condition 7(c) (*Redemption at the option of the Issuer (Issuer Call)*)), then the Optional Redemption Date will for all purposes in all Transaction Documents be deemed to be the Maturity Date in respect of the Covered Bonds to which it applies instead of the Maturity Date specified as such in the applicable Final Terms to the extent of the amount redeemed or to be redeemed, as the case may be, on such date. The Extended Due for Payment Date in respect of such Covered Bonds will for all purposes in all Transaction Documents be deemed to be thirty-two (32) years after such new Maturity Date instead of the date included in the applicable Final Terms (unless in the section Issuer Call in the applicable Final Terms a specific date is included, in which case such date will apply).

If in the applicable Final Terms it is specified that the manner of determining the interest on some or all Covered Bonds of a Series switches to another manner of determining the interest as of the Maturity Date, such switch will occur on the Maturity Date as determined pursuant to the previous paragraph to the extent of the amount redeemed or to be redeemed, as the case may be, on such date.

(d) *Redemption at the option of the Covered Bondholders (Investor Put)*

Subject as provided in paragraph (e) below, if the Covered Bondholders are specified in the applicable Final Terms as having an option to redeem, upon the holder of any Covered Bond giving to the Issuer in accordance with Condition 14 (*Notices*) not less than fifteen (15) nor more than thirty (30) days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Covered Bond on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

If this Covered Bond is in definitive form, to exercise the right to require redemption of this Covered Bond its holder must deliver such Covered Bond at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition.

If the option to redeem the Covered Bonds is exercised by any Covered Bondholder, then the Optional Redemption Date will for all purposes in all Transaction Documents be deemed to be the Maturity Date in respect of the Covered Bonds to which it applies instead of the Maturity Date specified as such in the applicable Final Terms to the extent of the amount redeemed or to be redeemed, as the case may be, on such date. The Extended Due for Payment Date in respect of such Covered Bonds will for all

purposes in all Transaction Documents be deemed to be thirty-two (32) years after such new Maturity Date instead of the date included in the applicable Final Terms (unless in the section Issuer Call in the applicable Final Terms a specific date is included, in which case such date will apply).

If in the applicable Final Terms it is specified that the manner of determining the interest on some or all Covered Bonds of a Series switches to another manner of determining the interest as of the Maturity Date, such switch will occur on the Maturity Date as determined pursuant to the previous paragraph to the extent of the amount redeemed or to be redeemed, as the case may be, on such date.

(e) *Early Redemption Amounts*

For the purpose of paragraph (b) and (d) above and Condition 10 (*Events of Default and Enforcement*), each Covered Bond will be redeemed at its Early Redemption Amount calculated as follows (each, the relevant "**Early Redemption Amount**");

- (i) in the case of a Covered Bond with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of a Covered Bond with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Covered Bond is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount.

(f) *Purchases*

The Issuer, the CBC and/or any member of the Achmea Group may at any time purchase Covered Bonds (provided that, in the case of Definitive Covered Bonds, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Covered Bondholders alike. Covered Bonds purchased in accordance with this Condition 7(f) (*Purchases*) may be held, reissued, resold or, at the option of the Issuer or the CBC and/or such member of the Achmea Group, surrendered to any Paying Agent for cancellation.

(g) *Cancellation*

All Bearer Covered Bonds which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption).

(h) *Redemption due to illegality*

The Covered Bonds of all Series may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than thirty (30) nor more than sixty (60) days' notice to the Security Trustee and the Principal Paying Agent and, in accordance with Condition 14 (*Notices*), all Covered Bondholders (which notice shall be irrevocable), if the Issuer satisfies the Security Trustee immediately before the giving of such notice that it has, or will, before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Issuer to make any payments under the Covered Bonds as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date.

Covered Bonds redeemed pursuant to this Condition 7(h) (*Redemption due to illegality*) will be redeemed at their Early Redemption Amount referred to in Condition 7(e) (*Redemption and Purchase - Early Redemption Amounts*) above together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(i) *Certificate*

Prior to the publication of any notice of redemption pursuant to this Condition 7 (*Redemption and Purchase*), the Issuer shall deliver to the Security Trustee a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Security Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on all Covered Bondholders.

8. TAXATION

(a) General

All payments of, or in respect of, interest and principal in respect of the Covered Bonds by the Issuer or the CBC, as the case may be, will be made free and clear of, and without withholding or deduction for or account of any present or future taxes or duties, assessments or charges of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction, unless such withholding or deduction is required by law. In the event of a withholding or deduction being made by the Issuer in respect of a payment made by it under the Covered Bonds, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Covered Bonds after such withholding or deduction shall equal the respective amounts of interest and principal which would otherwise have been receivable in respect of the Covered Bonds, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable by the Issuer with respect to any Covered Bond presented for payment:

- a) outside the Netherlands;
- b) by, or by a third party on behalf of, a holder of a Bearer Covered Bond who is liable to such taxes or duties in respect of such Covered Bond by reason of his having some connection with the Netherlands other than the mere holding of such Bearer Covered Bond; or
- c) more than thirty (30) days after the Relevant Date, except to the extent that the relevant holder would have been entitled to such additional amounts on presenting the same for payment on the expiry of such period of thirty (30) days.

Should any payments made by the CBC under the Guarantee be made subject to any withholding or deduction on account of taxes or duties of whatever nature imposed or levied by or on account of any Tax Jurisdiction the CBC will not be obliged to pay any additional amounts as a consequence.

As used herein:

"Relevant Date" in relation to a payment means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Security Trustee or the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Covered Bondholders in accordance with Condition 14 (*Notices*); and

"Tax Jurisdiction" means the European part of the Kingdom of the Netherlands or any political subdivision or any authority thereof or therein having power to tax.

(b) FATCA Withholding

Payments in respect of the Covered Bonds may be subject to FATCA Withholding. Any such amounts withheld or deducted will be treated as paid for all purposes under the Covered Bonds, and no additional amounts will be paid by the Issuer or the CBC on the Covered Bonds with respect to any such withholding or deduction.

9. PRESCRIPTION

The Covered Bonds and Coupons will become void unless presented for payment within a period of five (5) years after the Relevant Date therefore.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 9 (*Prescription*) or Condition 6(B) (*Presentation of Definitive Covered Bonds and Coupons*) or any Talon which would be void pursuant to Condition 6(B) (*Presentation of Definitive Covered Bonds and Coupons*).

10. EVENTS OF DEFAULT AND ENFORCEMENT

(a) *Issuer Events of Default*

Pursuant to the Trust Deed the Security Trustee at its discretion may, and in relation to the defaults set out in subparagraphs (i) and (v) below, if so directed by a Programme Resolution of the Covered Bonds shall, give an Issuer Acceleration Notice (subject in each case to being indemnified and/or secured to its satisfaction), if any of the following events (each an "**Issuer Event of Default**") shall occur and be continuing:

- (i) default is made by the Issuer for a period of seven (7) calendar days or more in the payment of any principal or redemption amount of the Covered Bonds of any Series when due, or for a period of fourteen (14) calendar days or more in the payment of any interest of the Covered Bonds of any Series when due; or
 - (ii) a default is made in the performance by the Issuer of any material obligation (other than any obligation for the payment of principal, redemption amount or interest in respect of the Covered Bonds of any Series) under the provisions of the Covered Bonds of any Series or the Trust Deed or any other Transaction Document to which the Issuer is a party which (unless certified by the Security Trustee, in its opinion, to be incapable of remedy) shall continue for more than thirty (30) calendar days after written notification requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied, shall have been given to the Issuer by the Security Trustee in accordance with the Trust Deed; or
 - (iii) an order is made or an effective resolution passed for the dissolution or winding up of the Issuer (except a dissolution or winding up for the purpose of a reconstruction, amalgamation, merger or following the transfer of all or substantially all of the assets of the Issuer, the terms of which have previously been approved by an Extraordinary Resolution (as defined below) of the holders of the Covered Bonds or which has been effected in compliance with the terms of Condition 15 (*Meetings of Covered Bondholders, Modification and Waiver*)); or
 - (iv) a liquidator, receiver or other similar officer is appointed in relation to the Issuer or in relation to the whole of its assets; or the Issuer initiates or consents to judicial proceedings relating to its bankruptcy (*faillissement*) or equivalent or analogous proceedings under any applicable law, or shall make a conveyance, assignment or assignation for the benefit of, or shall enter into any composition (*akkoord*) with, its creditors generally; or
 - (v) the Issuer is adjudged or found bankrupt (*failliet*) in the interest of all creditors, or equivalent or analogous judgments or measures under any applicable law, are imposed on the Issuer,
- provided that in case an event described in paragraph (ii) above shall occur, the Security Trustee shall only deliver an Issuer Acceleration Notice if it shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series.

Upon delivery of an Issuer Acceleration Notice pursuant to this Condition 10(a) (*Issuer Events of Default*), the Security Trustee shall forthwith serve a Notice to Pay on the CBC pursuant to the Guarantee and the CBC shall be required to make payments of Guaranteed Amounts when the same shall become Due for Payment in accordance with the terms of the Guarantee.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Security Trustee may or shall take such proceedings against the Issuer in accordance with the first paragraph of Condition 10(c) (*Events of Default and Enforcement*).

Following an Issuer Event of Default the Security Trustee shall, within three (3) months, convene a meeting for each Series to discuss the possibility to sell Selected Transferred Assets in the following six (6) months after such meeting. The voting rights for such meeting for Covered Bonds held by any member of the Achmea Group shall be excluded, as set out in Condition 15 (*Meeting of Covered Bondholders, Modification and Waiver*).

The Trust Deed provides that the Excess Proceeds may be paid by the Security Trustee to the CBC and shall be held by the CBC in the CBC Account and/or the CBC Back-Up Account, as the case may be, and shall be used by the CBC in the same manner as all other moneys from time to time standing to the credit of the CBC Account and/or the CBC Back-Up Account, as the case may be. Any Excess

Proceeds received by the Security Trustee shall discharge the obligations of the Issuer in respect of the Covered Bonds and Coupons for an amount equal to such Excess Proceeds. The Security Trustee shall not be required to pay such amounts to the CBC. However, the receipt by the Security Trustee of any Excess Proceeds shall not reduce or discharge any of the obligations of the CBC under the Guarantee.

(b) *CBC Events of Default*

The Security Trustee at its discretion may, and, if so directed by a Programme Resolution, shall give a CBC Acceleration Notice (subject in each case to being indemnified and/or secured to its satisfaction), if any of the following events (each a "**CBC Event of Default**") shall occur and be continuing:

- (i) default is made by the CBC under the Guarantee for a period of seven (7) calendar days or more in the payment of any principal or redemption amount, or for a period of fourteen (14) calendar days or more in the payment of any interest when due; or
- (ii) a default is made in the performance or observance by the CBC of any material obligation binding upon it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series) under the Trust Deed, the Pledge Agreements or any other Transaction Document to which the CBC is a party which (unless certified by the Security Trustee, in its opinion, to be incapable of remedy) shall continue for more than thirty (30) calendar days after written notification requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied shall have been given to the CBC by the Security Trustee in accordance with the Trust Deed; or
- (iii) an order is made or an effective resolution passed for the dissolution or winding up of the CBC; or
- (iv) the CBC ceases to carry on its business or substantially all its business; or
- (v) a liquidator, receiver or other similar officer is appointed in relation to the CBC or in relation to the whole or any major part of its assets or a conservatory attachment (*conservatoir beslag*) or an executory attachment (*executoriaal beslag*) or other process is levied or enforced upon or sued out against the whole or any major part of its assets or the CBC initiates or consents to judicial proceedings relating to its bankruptcy (*faillissement*) or suspension of payments (*surseance van betaling*), or equivalent or analogous proceedings under any applicable law, or makes a conveyance, assignment or equivalent or assignation for the benefit of, or shall enter into any composition (*akkoord*) with, its creditors generally; or
- (vi) the CBC is adjudged or found bankrupt (*failliet*) or equivalent or analogous judgments or measures under any applicable law are imposed on the CBC; or
- (vii) the Guarantee is not, or is claimed by the CBC not to be, in full force and effect,

provided that in case an event described in paragraph (ii) above shall occur, the Security Trustee shall only deliver a CBC Acceleration Notice if it shall have certified in writing to the CBC that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series.

Following the occurrence of a CBC Event of Default which is continuing and service of a CBC Acceleration Notice, the Security shall become enforceable and the Security Trustee may or shall take proceedings or steps against the Issuer and the CBC in accordance with Condition 10(c) (*Events of Default and Enforcement - Enforcement*) and the Covered Bondholders shall have a claim against the CBC, under the Guarantee, for the Early Redemption Amount together with accrued interest as provided in the Trust Deed in respect of each Covered Bond.

In these Terms and Conditions:

"Calculation Date" means the date falling two (2) Business Days before each CBC Payment Date. The "relevant" Calculation Date in respect of any Calculation Period will be the first Calculation Date falling after the end of that period and the "relevant" Calculation Date in respect of any CBC Payment Date will be the last Calculation Date prior to that CBC Payment Date.

"Calculation Period" means the period from the Programme Date to the last day of November 2017 and thereafter, each period from (and including) the first day of each month to the last day of that same month.

"CBC Payment Date" means the 28th calendar day of each calendar month, or, if such day is not a Business Day, the next following Business Day unless it would thereby fall into the next month, in which event such CBC Payment Date shall be brought forward to the immediately preceding Business Day.

"Distribution Compliance Period" has the meaning given to that term in Regulation S under the Securities Act.

(c) *Enforcement*

The Security Trustee may at any time after service of an Issuer Acceleration Notice (in the case of the Issuer) or a CBC Acceleration Notice (in the case of both the Issuer and the CBC), at its discretion and without further notice, take such proceedings in accordance with the relevant provisions under Dutch law against the Issuer and/or the CBC, as the case may be, to enforce the Security, but it shall not be bound to take any such enforcement proceedings in relation to the Trust Deed, the Covered Bonds or the Coupons, the Security or any other Transaction Document unless (i) it shall have been so directed by a Programme Resolution and (ii) it shall have been indemnified and/or secured to its satisfaction.

(d) *No action by Covered Bondholders or Couponholders*

Subject to the provisions of the Trust Deed, only the Security Trustee may enforce the provisions of the Covered Bonds and the Transaction Documents. Neither the Covered Bondholders nor any other person shall be entitled to proceed directly against the Issuer or the CBC to enforce any provision of the Covered Bonds and/or the Transaction Documents, unless the Security Trustee fails to take any steps to enforce the Security in accordance with the Trust Deed within a reasonable time and such failure is continuing. All limitations and restrictions imposed under or by virtue of the Trust Deed, the Covered Bonds or any other Transaction Document on the Security Trustee in relation to the enforcement of rights and the availability of remedies, shall *mutatis mutandis* also fully apply to such Secured Creditors.

Neither the Covered Bondholders nor the Security Trustee may institute against, or join any person in instituting any bankruptcy, winding-up, reorganisation, arrangement, insolvency or liquidation proceeding against the CBC until the expiry of a period of at least one (1) year after the latest maturing Covered Bond is paid in full. The only remedy of the Security Trustee against the CBC after a CBC Acceleration Notice has been given pursuant to this Condition 10 (*Events of Default and Enforcement*) is to enforce the Security.

(e) *Limited Recourse*

The recourse of the Covered Bondholders and the Couponholders against the CBC pursuant to the Guarantee is limited. Covered Bondholder will have a right of recourse (*verhaalsrecht*) only in respect of the Security and will not have any claim, by operation of law or otherwise, against, or recourse to any of the CBC's other assets.

No amounts under the Covered Bonds and the Transaction Documents shall be due and payable by the CBC or, as the case may be, the Security Trustee, except (i) in accordance with the Trust Deed and (ii) unless and until all amounts thereby required to be paid in priority thereto have been paid or discharged in full.

In the event that the Security has been fully enforced and the proceeds of such enforcement and any other amounts received by the Security Trustee, after payment of all claims ranking in priority to any Covered Bonds or Coupons of any Series in accordance with the Trust Deed, are insufficient to pay in full all amounts outstanding in respect of the Covered Bonds or Coupons, then the Covered Bondholders or Couponholders shall have no further claim against the CBC or the Security Trustee in respect of such unpaid amount.

11. REPLACEMENT OF COVERED BONDS, COUPONS AND TALONS

Should any Covered Bond, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Covered Bonds, Coupons or Talons must be surrendered before replacements will be issued.

12. PAYING AGENTS AND REGISTRAR

The names of the initial Paying Agents and the Registrar and their initial specified offices are set out in the Base Prospectus.

The Issuer or the CBC, as the case may be, is entitled, with the prior written approval of the Security Trustee (such approval not to be unreasonably withheld or delayed), to vary or terminate the appointment of any Paying Agent and the Registrar and/or appoint additional or other Paying Agents or Registrars and/or approve any change in the specified office through which any Paying Agent or Registrar acts, provided that:

- (a) there will at all times be a Principal Paying Agent;
- (b) as long as any Registered Covered Bonds are outstanding, there will at all times be a Registrar; and
- (c) so long as the Covered Bonds are listed, quoted and/or traded on or by any competent listing authority, on any stock exchange or quotation system, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant competent authority or stock exchange.

Any variation, termination, appointment or change shall only take effect (other than in the case of a bankruptcy, an insolvency or any equivalent or analogous proceeding, when it shall be of immediate effect) after not less than thirty (30) nor more than forty-five (45) days' prior notice thereof shall have been given to the Covered Bondholders in accordance with Condition 14 (*Notices*).

In acting under the Agency Agreement, the Paying Agents and the Registrar act solely as agents of the Issuer and the CBC and, in certain circumstances specified therein, of the Security Trustee and do not assume any obligation to, or relationship of agency with, any Covered Bondholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent or the Registrar is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent or registrar.

13. EXCHANGE OF TALONS

On and after the Interest Payment Date or the Specified Interest Payment Date or the Specified Period, as the case may be, on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Covered Bond to which it appertains) a further Talon, subject to the provisions of Condition 9 (*Prescription*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date or the Specified Interest Payment Date or for the Specified Period (as the case may be) on which the final Coupon comprised in the relative Coupon sheet matures.

14. NOTICES

All notices regarding the Covered Bonds will be deemed to be validly given if published in a daily newspaper of wide circulation in a leading English language newspaper of general circulation (which is expected to be the Financial Times). As long as the Covered Bonds are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system, such notice shall be published in such place as may be required by the rules and regulations of such competent authority, stock exchange and/or quotation

system.

Until any Definitive Covered Bonds are issued and as long as the Global Covered Bond(s) is or are held in its or their entirety with a depository or a common depository or a common safekeeper on behalf of Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system or with Euroclear Nederland, the requirements of publishing any notices set out in the previous paragraph may be substituted for publication of any notice via such depository or such common depository or such common safekeeper on behalf of Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system and/or with Euroclear Nederland (provided that, in the case of any publication required by a stock exchange, the rules of the stock exchange so permit). Any such notice shall be deemed to have been given to the holders of the Covered Bonds on the second day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg and/or Euroclear Nederland and/or any other relevant clearing system.

Notices to be given by any Covered Bondholder shall be in writing and given by lodging the same, together (in the case of any Definitive Covered Bonds or Registered Covered Bonds) with the relative Covered Bond or Covered Bonds, with the Principal Paying Agent and/or Registrar. Whilst any of the Covered Bonds are represented by a Global Covered Bond, such notice may be given by any Covered Bondholder to the Principal Paying Agent through Euroclear, Clearstream, Luxembourg and/or Euroclear Nederland, as the case may be, in such manner as the Principal Paying Agent and Euroclear, Clearstream, Luxembourg and/or Euroclear Nederland, as the case may be, may approve for this purpose.

15. MEETINGS OF COVERED BONDHOLDERS, MODIFICATION AND WAIVER

The Trust Deed contains provisions for convening meetings of the Covered Bondholders of any Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Covered Bonds of such Series or the related Coupons or of any of the Transaction Documents (subject as provided below and in the Trust Deed). Such a meeting may be convened by the Issuer, the CBC or the Security Trustee and shall be convened by the Issuer if required in writing by Covered Bondholders of a Series holding not less than fifteen (15) per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being remaining outstanding. The quorum at any such meeting in respect of any Series for passing an Extraordinary Resolution (other than a Programme Resolution to be taken by an Extraordinary Resolution) is: one or more persons holding or representing not less than seventy-five (75) per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons being or representing Covered Bondholders of such Series whatever the Principal Amount Outstanding of the Covered Bonds of such Series so held or represented.

Any modification of the Covered Bonds of a Series, which the Security Trustee deems to be materially prejudicial to the interest of Covered Bondholders of other Series or any of the other Secured Creditors, may not become effective, unless the Covered Bondholders of such other Series of Covered Bonds have agreed thereto.

An Extraordinary Resolution passed at any meeting of the Covered Bondholders of a Series shall, subject as provided below, be binding on all the Covered Bondholders of such Series, whether or not they are present at the meeting, and on all Couponholders in respect of such Series. Pursuant to the Trust Deed, the Security Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of the Security Trustee there is no conflict between the holders of such Covered Bonds, in which event the provisions of this paragraph shall apply thereto *mutatis mutandis*.

In a meeting convened by the Security Trustee for Covered Bondholders of each Series to discuss the possibility to sell Selected Transferred Assets as set out in Condition 10(a) (*Issuer Events of Default*) any member of the Achmea Group holding Covered Bonds shall not have any voting rights on its Covered Bonds in respect of a resolution to sell Selected Transferred Assets and such Covered Bonds held by a member of the Achmea Group shall not be taken into account for the quorum.

Notwithstanding the preceding paragraphs of this Condition 15 (*Meetings of Covered Bondholders, Modification and Waiver*), any resolution to direct the Security Trustee (i) to accelerate the Covered Bonds pursuant to Condition 10 (*Events of Default and Enforcement*); (ii) to take any enforcement action, or (iii) to remove or replace the Security Trustee's Director shall only be capable of being passed by a Programme Resolution. Any

such meeting to consider a Programme Resolution may be convened by the Issuer, the CBC or the Security Trustee or by Covered Bondholders of any Series. The quorum at any such meeting for passing a Programme Resolution (including by means of an Extraordinary Resolution) is one or more persons holding or representing more than 50 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the Principal Amount Outstanding of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the Covered Bondholders of all Series shall be binding on all Covered Bondholders of all Series, whether or not they are present at the meeting, and on all related Couponholders in respect of such Series.

In connection with any meeting of the holders of Covered Bonds of more than one Series where such Covered Bonds are not denominated in euro, the aggregate Principal Amount Outstanding of the Covered Bonds of any Series not denominated in euro shall be converted into euro at the relevant Structured Swap Rate. In case a *pro rata* allocation of amounts to one or more Series is required, or for determining the maximum amount outstanding under the Programme, any Series not denominated in euro shall also be converted into euro at the relevant Structured Swap Rate.

The Security Trustee, the Issuer and the CBC may also agree, without the consent of the Covered Bondholders or Couponholders of any Series, to:

- (a) any modification of the Covered Bonds of one or more Series, the related Coupons or any Transaction Document, provided that (i) in the opinion of the Security Trustee such modification is not materially prejudicial to the interests of any of the Covered Bondholders of any Series or any of the other Secured Creditors (in which respect the Security Trustee may rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor), (ii) it has not been informed in writing by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid) and (iii) it has received Rating Agency Confirmation in respect of such modification; or
- (b) any modification of the Covered Bonds of any one or more Series, the related Coupons or any Transaction Document which is of a formal, minor or technical nature or is made to correct a manifest error or an error established as such to the satisfaction of the Security Trustee; or
- (c) any modification of the Covered Bonds of one or more Series, the related Coupons, and or any Transaction Documents, required or necessary in connection with any change, after the relevant Issue Date, of mandatory provisions of law or any laws or regulation (including but not limited to the laws and regulations of the Netherlands and the European Union) applicable or relevant with respect to covered bonds (*gedekte obligaties*) to ensure that the Issuer, the CBC and/or Covered Bondholders enjoy the full benefits of such legislation, provided that in the sole opinion of the Security Trustee such modification is not materially prejudicial to interest of any of the Covered Bondholders or any of the other Secured Creditors; or
- (d) any modification of the Covered Bonds of one or more Series, the related Coupons, and or any Transaction Documents, required or necessary to comply with its EMIR obligations;
- (e) any modification to the Transaction Documents which are in the opinion of the Issuer and the Security Trustee necessary in order to transfer title (and if applicable obligations) in respect of Eligible Assets to the CBC and/or to create security in respect thereof in favour of the Security Trustee, provided that (i) in the opinion of the Security Trustee such modification is not materially prejudicial to the interests of any of the Covered Bondholders of any Series or any of the other Secured Creditors (in which respect the Security Trustee may rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor), (ii) it has not been informed in writing by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid) and (iii) the Security Trustee has received Rating Agency Confirmation in respect of such modification; or
- (f) any modification to the Eligibility Criteria which is in the opinion of the Security Trustee not materially prejudicial to the existing Covered Bondholders of any Series and after having notified the Rating Agencies.

The Security Trustee may also agree, without the consent of the Covered Bondholders of any Series, and/or Couponholders or any other Secured Creditor, to the waiver or authorisation of any breach or proposed breach of any of the provisions of the Covered Bonds of any Series or the Transaction Documents, or determine, without any such consent as aforesaid, that any Issuer Event of Default or CBC Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Security Trustee, materially prejudicial to the interests of any of the Secured Creditors (in which respect the Security Trustee may (without further enquiry) rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor) provided that (i) the Security Trustee has not been informed by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid) and (ii) the Security Trustee has received Rating Agency Confirmation in respect of such waiver, authorisation or determination.

Any such modification, waiver, authorisation or determination shall be binding on all Covered Bondholders of all Series for the time being outstanding, the related Couponholders and the other Secured Creditors, and unless the Security Trustee otherwise agrees, any such modification, waiver, authorisation or determination will be notified by the Issuer to the Covered Bondholders of all Series for the time being outstanding, the other Secured Creditors and the Rating Agencies in accordance with the relevant terms and conditions as soon as practicable thereafter.

The Security Trustee shall not waive, modify or amend, or consent to any waiver, modification or amendment of, any Condition of any Covered Bonds of any Series or any Transaction Documents which (a) would have the effect of altering the amount, timing or the priority of any payments due to or from a Swap Provider, or (b) otherwise materially affects the position of a Swap Provider under its Swap Agreement, unless such Swap Provider has agreed thereto.

In connection with the exercise by it of any of its powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution), the Security Trustee shall have regard to the general interests of the Covered Bondholders of each Series as a class (but shall not have regard to any interests arising from circumstances particular to individual Covered Bondholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Covered Bondholders, the related Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Security Trustee shall not be entitled to require, nor shall any Covered Bondholder or Couponholder be entitled to claim, from the Issuer, the CBC, the Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders or Couponholders, except to the extent already provided for in Condition 8 (*Taxation*) and/or in any undertaking or covenant given in addition to, or in substitution for, Condition 8 (*Taxation*) pursuant to the Trust Deed.

The Security Trustee shall, as regards all the powers, authorities, duties and discretions vested in it by the Covered Bonds or the other Transaction Documents or, except where expressly provided otherwise, have regard to the interests of both the Covered Bondholders and the other Secured Creditors, but if, in the Security Trustee's sole opinion, there is a conflict between their interests, it will have regard solely to the interests of each Secured Creditor, including, but not limited to, the Covered Bondholders, in accordance with the relevant Priority of Payments.

The Issuer may, without the consent of the holders of the Covered Bonds of any Series or any Coupons relating thereto, or any other Secured Creditor consolidate with, merge or amalgamate into or transfer their respective assets substantially as an entirety to, any corporation organised under Dutch law, or any political subdivision thereof, provided that (i) a certificate of two authorised signatories of the Issuer and the CBC is delivered to the Security Trustee to the effect that immediately after giving effect to such transaction no Issuer Event of Default and no CBC Event of Default, respectively, will have happened and be continuing and (ii) unless the Issuer is the surviving entity, the Issuer shall procure that the surviving or transferee company assumes its obligations as Issuer under the Trust Deed, each other Transaction Document and all of the outstanding Covered Bonds of all Series, in place of the Issuer and (iii) in the case of an assumption of the obligations of the Issuer by a successor or transferee company, the Guarantee of the CBC is fully

effective on the same basis in relation to the obligations of such successor or transferee company and (iv) certain other conditions set out in the Trust Deed are met. Upon the assumption of the obligations of the Issuer by such surviving or transferee company, the predecessor Issuer shall (subject to the provisions of the Trust Deed) have no further liabilities under or in respect of the Trust Deed or the outstanding Covered Bonds of each Series then outstanding or any Coupons appertaining thereto and the other Transaction Documents. Any such assumption shall be subject to the relevant provisions of the Trust Deed. The Trust Deed provides that any such assumption shall be notified to the holders of all Series in accordance with the relevant terms and conditions of such Covered Bonds and the other Secured Creditors.

For the purposes hereof:

"Extraordinary Resolution" means a resolution at a meeting duly convened and held in accordance with the provisions for meetings of covered bondholders as set out in the Trust Deed, by not less than two-thirds of the votes cast.

"Programme Resolution" means either:

- (a) a written resolution of the holders of not less than fifty (50) per cent. of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding as if they were a single Series; or
- (b) an Extraordinary Resolution (with the Covered Bonds of all Series taken together as a single Series).

16. SECURITY TRUSTEE

The Trust Deed contains provisions for the indemnification of the Security Trustee and for the Security Trustee's relief from responsibility, including provisions relieving it from taking any action unless indemnified and/or secured to its satisfaction.

The Security Trustee will not be responsible for any loss, expense or liability, which may be suffered as a result of any Transferred Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Security Trustee. The Security Trustee will not be responsible for (i) supervising the performance by the Issuer or any other party to the Transaction Documents of their respective obligations under the Transaction Documents and will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Transaction Documents under the Transaction Documents; (iii) monitoring the Transferred Assets, including, without limitation, whether the Transferred Assets are in compliance with the Asset Cover Test or the Amortisation Test; or (iv) monitoring whether Mortgage Receivables (and any other Transferred Assets) satisfy the applicable Eligibility Criteria or such other criteria as may be agreed with the CBC and subject to Rating Agency Confirmation in relation to other Transferred Assets. The Security Trustee will not be liable to any Covered Bondholder or other Secured Creditor for any failure to make or to cause to be made on their behalf the searches, investigations and enquiries which would normally be made by a prudent chargee in relation to the security rights and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the security rights it holds and the Transaction Documents.

17. SUBSTITUTION OF THE ISSUER

- (a) The Issuer may, subject to Rating Agency Confirmation and without the consent of the Covered Bondholders or Couponholders in respect of each Series of Covered Bonds on which no payment of principal or interest on any of the Covered Bonds is in default and after written approval of DNB, be replaced and substituted by any Substituted Debtor as principal debtor in respect of the Covered Bonds and the relative Coupons provided that:
 - (i) such documents shall be executed by the Substituted Debtor and the Issuer as may be necessary to give full effect to the substitution (for the purposes of this Condition the **"Documents"**) and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall

undertake in favour of each Covered Bondholder and Couponholder to be bound by the Terms and Conditions of the Covered Bonds and the provisions of the Transaction Documents as fully as if the Substituted Debtor had been named in the Covered Bonds, and the relative Coupons and the Transaction Documents as the principal debtor in respect of the Covered Bonds and the relative Coupons in place of the Issuer and pursuant to which the Issuer shall guarantee, which guarantee shall be unconditional and irrevocable, (for the purposes of this Condition the "**Substituted Debtors Guarantee**") in favour of each Covered Bondholder and each holder of the relative Coupons the payment of all sums (including any additional amounts payable pursuant to Condition 8 (*Taxation*)) payable in respect of the Covered Bonds and the relative Coupons;

- (ii) where the Substituted Debtor is incorporated, domiciled or resident for taxation purposes in a territory other than the Netherlands, the Documents shall contain a covenant and/or such other provisions as may be necessary to ensure that each Covered Bondholder has the benefit of a covenant in terms corresponding to the provisions of Condition 8 (*Taxation*) with the substitution for the references to the Netherlands of references to the territory in which the Substituted Debtor is incorporated, domiciled and/or resident for taxation purposes. The Documents shall also contain a covenant by the Substituted Debtor and the Issuer to indemnify and hold harmless each Covered Bondholder and Couponholder against all liabilities, costs, charges and expenses, which may be incurred by or levied against such holder as a result of any substitution pursuant to this Condition and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Covered Bondholder or Couponholder by any political sub-division or taxing authority of any country in which such Covered Bondholder or Couponholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);
 - (iii) the Documents shall contain a warranty and representation by the Substituted Debtor and the Issuer (a) that each of the Substituted Debtor and the Issuer has obtained all necessary governmental and regulatory approvals and consents for such substitution and the performance of its obligations under the Documents, and that all such approvals and consents are in full force and effect and (b) that the obligations assumed by each of the Substituted Debtor and the Issuer under the Documents are all valid and binding in accordance with their respective terms and enforceable by each Covered Bondholder;
 - (iv) each stock exchange which has Covered Bonds listed thereon shall have confirmed that following the proposed substitution of the Substituted Debtor such Covered Bonds would continue to be listed on such stock exchange;
 - (v) the Substituted Debtor shall have delivered to the Security Trustee or procured the delivery to the Security Trustee of a legal opinion from a leading law firm in the jurisdiction in which the Substituted Debtor is situated to the effect that the Documents and the Substituted Debtor's obligations under the Covered Bonds and Coupons will constitute legal, valid and binding obligations of the Substituted Debtor, such opinion to be dated not more than three (3) days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Covered Bondholders and Couponholders at the specified office of the Principal Paying Agent; and
 - (vi) the Issuer shall have delivered to the Security Trustee or procured the delivery to the Security Trustee of a legal opinion from a leading law firm in the Netherlands to the effect that the Documents (including the Substituted Debtors Guarantee) will constitute legal, valid and binding obligations of the Substituted Debtor and the Issuer, as the case may be, such opinion to be dated not more than three (3) days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Covered Bondholders and Couponholders at the specified office of the Principal Paying Agent.
- (b) In connection with any substitution effected pursuant to this Condition, neither the Issuer nor the Substituted Debtor need have any regard to the consequences of any such substitution for individual Covered Bondholders or Couponholders resulting from their being for any purpose domiciled or resident

in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no Covered Bondholder or Couponholder, except as provided in Condition 17(a)(ii), shall be entitled to claim from the Issuer or any Substituted Debtor under the Covered Bonds and the relative Coupons any indemnification or payment in respect of any tax or other consequences arising from such substitution.

- (c) Upon the execution of the Documents as referred to in paragraph (a) above, the Substituted Debtor shall be deemed to be named in the Covered Bonds and the relative Coupons as the principal debtor in place of the Issuer and the Covered Bonds and the relative Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall operate to release the Issuer as issuer from all of its obligations as principal debtor in respect of the Covered Bonds and the relative Coupons save that any claims under the Covered Bonds and the relative Coupons prior to release shall ensure for the benefit of Covered Bondholders and Couponholders.
- (d) The Documents shall be deposited with and held by the Principal Paying Agent for so long as any Covered Bonds or Coupons remain outstanding and for so long as any claim made against the Substituted Debtor by any Covered Bondholder or Couponholder in relation to the Covered Bonds or the relative Coupons or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Issuer shall acknowledge in the Documents the right of every Covered Bondholder and Couponholder to the production of the Documents for the enforcement of any of the Covered Bonds or the relative Coupons or the Documents.
- (e) As soon as reasonably practicable and not later than ten (10) Business Days after the execution of the Documents, the Substituted Debtor shall give notice thereof to the Covered Bondholders in accordance with Condition 14 (*Notices*).

18. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Covered Bondholders or the Couponholders to create and issue further bonds having terms and conditions the same as the Covered Bonds of any Series or the same in all respects save for the amount and date of the first payment of interest thereon, issue date and/or purchase price and so that the same shall be consolidated and form a single Series with the outstanding Covered Bonds of such Series.

19. GOVERNING LAW AND SUBMISSION TO JURISDICTION

The Covered Bonds and the Transaction Documents (except for the Swap Agreements) are governed by, and shall be construed in accordance with, Dutch law.

Any disputes arising out of or in connection with the Covered Bonds, including any disputes relating to any non-contractual obligations arising out of or in connection with the Covered Bonds shall be submitted to the exclusive jurisdiction of the competent courts of Amsterdam, the Netherlands.

20. TERMS AND CONDITIONS OF REGISTERED COVERED BONDS

- 20.1 If the applicable Final Terms specify that Registered Covered Bonds are issued, then the following terms and conditions shall apply in addition to the terms and conditions set out in Conditions 1 to and including 19 above. In the event of any inconsistency between Conditions 1 to and including 19 and this Condition 20 (*Terms and Conditions of Registered Covered Bonds*), this Condition 20 (*Terms and Conditions of Registered Covered Bonds*) will prevail with regard to Registered Covered Bonds.
- 20.2 Registered Covered Bonds are registered claims (*vorderingen op naam*) which will be issued to each holder by a Registered Covered Bonds Deed. The holder of a Registered Covered Bond is the creditor of the relevant registered claim and "**Covered Bondholder**" shall be construed accordingly, provided that if the provision at the end of Condition 20.3 applies, the transferee shall, from the moment the transfer takes effect be treated as a Covered Bondholder for all purposes, without prejudice to any entitlement of the transferor pursuant to Condition 20.5.

- 20.3 Under Dutch law, the valid transfer of Covered Bonds requires, amongst other things, delivery (*levering*) thereof, which in the case of Registered Covered Bonds is effected by assignment (*cessie*) of both the rights under the Registered Covered Bonds and the corresponding rights under the Guarantee by execution of a deed of assignment (*akte*) between the transferor and the transferee and notification (*mededeling*) thereof to the Issuer, the CBC and the Registrar. A form of deed of assignment and notification is attached to each Registered Covered Bonds Deed. Registered Covered Bonds may be transferred in whole, but not in part, provided that the transferor and transferee may otherwise agree in the relevant assignment deed in respect of amounts that have accrued but not yet been paid in respect of the period up to the relevant transfer.
- 20.4 The Issuer shall procure that a register be kept by the Registrar in accordance with the provisions of the Agency Agreement (the "**Register**"). The Registrar shall register details of any holder of Registered Covered Bonds in the Register and amend the Register to reflect any transfer and/or redemption of Registered Covered Bonds.
- 20.5 Payments of principal, interest (if any) and any other amounts in respect of Registered Covered Bonds will be made to the person shown on the Register as being entitled to the relevant amount of principal or interest or other amount at the close of business of the Business Day prior to the due date of such payments (the "**Record Date**"). If any Registered Covered Bondholder transfers any Registered Covered Bonds in accordance with Condition 20.3 and the Trust Deed and such transfer is notified to the Issuer, the CBC, the Registrar and the Principal Paying Agent three (3) Business Days prior to the Record Date, the Issuer, the CBC and the Security Trustee will in respect of the Registered Covered Bond so transferred, be discharged from their respective payment obligations only by payment to or to the order of the transferee. If the notification of transfer of the relevant Registered Covered Bond is made after the Record Date, (i) the risk that the transfer is not timely recorded in the Register is borne by the transferee and (ii) the Issuer, the CBC, the Security Trustee, the Registrar and the relevant Paying Agent shall not be liable as a result of any payment being made to the person shown in the Register in accordance with this Condition.
- 20.6 Notices to holders of Registered Covered Bonds shall be mailed or faxed to them at their respective addresses as recorded in the Register and shall be deemed to have been given on the fourth Business Day (being a day other than a Saturday or a Sunday) following the date of mailing or faxing.

COVERED BOND LEGISLATION AND COMPLIANCE WITH UCITS AND/OR CAPITAL REQUIREMENTS DIRECTIVE

Description of the Dutch Covered Bond Regulations

In 2008, the Netherlands introduced a legal framework for regulated covered bonds which was replaced as of 1 January 2015 by a new framework. The CB Regulations aim to provide more safeguards to covered bondholders, while respecting other interests that are connected with the issuance of covered bonds, such as avoiding an undesirable degree of asset encumbrance. The Old CB Regulations consisted of a limited, principle based framework that gave issuers a large amount of flexibility. While a considerable amount of flexibility is retained, the new framework contains more detailed provisions to increase transparency and protection for investors.

The CB Regulations apply to the issuance of DNB-registered covered bonds, which are bonds included in the list made publicly available pursuant to article 52(4) of the UCITS Directive or, where such registration has not yet occurred, a covered bond which is registered by DNB in accordance with the CB Regulations. Therefore, like any other issuance of debt instruments and legal transfers of assets made in accordance with Dutch law, the issuance of a DNB-registered covered bond and the legal transfer of cover assets are subject to the provisions of the Dutch Civil Code and the Dutch Bankruptcy Code.

Whereas the Old CB Regulations were part of a government and ministerial decree, the CB Regulations include rules on the level of parliamentary law and form a collection of rules forming part of three layers of legislation: the Wft, the Wft Prudential Rules Decree (*Besluit prudentiële regels Wft*) and the Wft Implementing Regulation (*Uitvoeringsregeling Wft*). The inclusion of rules on parliamentary law level enables a more extensive and proportional sanctions regime, such as fines. Under the Old CB Regulations, the DNB could only eliminate the registration of a covered bond and the issuer if the issuer does not meet the requirements and can order an issuance stop. It had no other sanctioning powers. Under the CB Regulations the first sanction has been eliminated, the registration of a covered bonds issued under a programme cannot be cancelled anymore. DNB could however still eliminate the registration of the issuer and order an issuance stop, after which the issuing bank will not be allowed to issue more covered bonds.

The CB Regulations include various requirements relating to issuers, owners of the asset pool, eligible assets and the contractual arrangements made in respect of such assets. The CB Regulations also require a valid safeguarding or sufficient cover assets for holders of DNB-registered covered bonds. Furthermore, the issuer must be a licensed bank with its registered address in the Netherlands.

As a main principle the CB Regulations require that DNB-registered covered bonds will have to comply with the conditions for preferential treatment of article 52(4) UCITS Directive. In addition the CB Regulations also includes mandatory compliance with article 129 CRR.

The CB Regulations introduce a minimum level of overcollateralisation of 5 per cent. This means that the nominal value of the cover assets must be 105 per cent. of the nominal value of the outstanding covered bonds under the relevant programme (or such other percentage as may be required from time to time under the CB Regulations). An additional collateralisation requirement, which is calculated separately, is that the nominal size of the cover assets taking into account the cut-off rules for collateralised assets of article 129 CRR is at least equal to the nominal value of the outstanding covered bonds. The Issuer as part of the programme undertakes as part of the Asset Cover Test that it will meet the requirements pursuant to the Wft in respect of the collateralisation of the Covered Bonds, including, that (i) the First Regulatory Current Balance Amount will always be at least equal to 105 per cent. (or such other percentage as may be required from time to time under the CB Regulations) of the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding and (ii) the Second Regulatory Current Balance will always be at least equal to 100 per cent. (or such other percentage as may be required from time to time under the CB Regulations) of the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding (see section 16 (*Asset Monitoring*)).

An issuer is required to ensure that the owner of the asset pool maintains a liquidity buffer that covers interest payments, principal payments and senior costs that will be due in the coming six (6) months. If an extension period of at least six (6) months is included, (as in this Programme), no liquidity buffer needs to be held for principal payments. Liquid assets are public sector loans and exposures to institutions as defined in article 129 CRR.

There are strict criteria as to which assets may be included in an asset pool for the purposes of a DNB-registered covered bond and are limited to the assets listed in article 129 (1) CRR under (a), (b), (d) sub (i), (e), (f) sub (i) and (g), i.e. public sector loans, residential real estate loans, commercial real estate loans, and shipping loans, subject to certain limitations. The issuer must choose which asset class it primarily includes in the programme. In addition, up to 20 per cent. of the outstanding covered bonds under a program may be covered by substitution assets. These are the liquid assets that are allowed under CRR: public sector exposures and exposures to institutions. Residential mortgage backed securities and commercial mortgage backed securities are excluded as cover assets. The Eligibility Criteria require that the Issuer only includes residential real estate loans as primary assets and the definition of Substitution Assets complies with the CB Regulations.

The CB Regulations include rules on valuation of cover assets. As a main rule, cover assets will be valued at their nominal value. Substitution assets will have to be valued at market value according to an internationally accepted accountancy standard. Several categories of assets will be awarded no value when applying the overcollateralisation and liquidity requirements are met:

- defaulted loans, as defined by article 178 CRR;
- assets which are the subject of a sub-participation or similar arrangement up to an amount to which a third party has an entitlement to (part of) such assets; and
- assets that consist of exposures of the CBC on the issuer or entities of the same group.

Issuers will be required to appoint an external accountant as asset monitor which will have to perform an annual check of certain aspects of the administration and valuation process on the cover assets. More specifically, the external accountant has to:

- perform a check on the calculation of the legal overcollateralisation requirements; and
- perform a check on the calculation of the legal liquidity buffer requirement;

In addition the issuer must ensure that an external accountant performs a yearly check on a sample of the files related to the cover assets.

The issuer must maintain a healthy ratio between the outstanding covered bonds and the balance sheet of the issuer (the latter to protect other stakeholders). As a new element, the issuer will be required to perform an annual stress tests to assess whether the healthy ratio will be maintained in adverse scenarios. Risks to be taken into account include credit risk, interest rate risk, currency risk and liquidity risk.

The issuer will also need to have solid and effective strategies and procedures for verifying and procuring the sufficiency of the cover assets, taking into account the composition of the cover assets, the over-collateralisation and the applicable risks and stress tests.

Also, the CB Regulations continue to provide for ongoing administration and reporting obligations towards DNB and include new reporting obligations towards the covered bondholders.

Under the CB Regulations the covered bonds no longer need to have a (minimum) credit rating as was obligatory under the Old CB Regulations.

On 12 March 2018 the European Commission adopted a legislative proposal for an EU-framework consisting of a directive on the issue of covered bonds and covered bond public supervision and a regulation on amending Regulation (EU) No 575/2013 as regards exposures in the form of covered bonds, as part of the EU Capital Markets Union project. The legislative proposal aims to foster the development of covered bonds across the European Union. The proposed directive (i) provides a common definition of covered bonds, which will represent a consistent reference for prudential regulation purposes, (ii) defines the structural features of covered bonds, (iii) defines the tasks and responsibilities for the supervision of covered bonds and (iv) sets out the rules allowing the use of the 'European Covered Bonds' label. The legislative proposals build on the analysis and the advice of the European Banking Authority. Following the publication of the legislative proposals, the EU legislative process will need to be followed. On 17 August 2018, the European Parliament published a draft report on the proposed directive and regulation.

Compliance with UCITS- and/or Capital Requirements Directive

The Issuer has applied to DNB for admission of its covered bonds issued under the Programme to the register of

DNB in accordance with the CB Regulations and has obtained the Regulated Status. The Issuer will only issue Covered Bonds under this Base Prospectus that obtain the Regulated Status. See also '*Compliance of Covered Bonds with the UCITS Directive and/or CRD IV*' above.

In the Trust Deed the Issuer has undertaken to use its best efforts to procure that the Covered Bonds that have obtained the Regulated Status, will keep the Regulated Status until their Maturity Date or any earlier date on which such Covered Bonds have been redeemed in full.

The "best efforts" undertakings set out in this section will no longer apply if, as a result of a change of law or regulations, Dutch residential mortgage receivables are insufficient for collateralisation of the Covered Bonds to keep the Regulated Status or are no longer eligible to collateralise covered bonds under the CRR.

TAXATION IN THE NETHERLANDS

General

The following summary describes certain material Netherlands tax consequences of the acquisition, holding, redemption and disposal of Covered Bonds, which term, for the purpose of this summary, includes Coupons and Talons. This summary does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant to a Covered Bondholder or prospective Covered Bondholder and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as trusts or similar arrangements) may be subject to special rules. In view of its general nature, this general summary should be treated with corresponding caution.

This summary is based on the tax laws of the Netherlands, published regulations thereunder and published authoritative case law, all as in effect on the date hereof, and all of which are subject to change, possibly with retroactive effect. Where the summary refers to "the Netherlands" it refers only to the part of the Kingdom of the Netherlands located in Europe.

This discussion is for general information purposes only and is not tax advice or a complete description of all tax consequences relating to the acquisition, holding, redemption and disposal of the Covered Bonds. Holders or prospective holders of Covered Bonds should consult their own tax advisers regarding the tax consequences relating to the acquisition, holding, redemption and disposal of the Covered Bonds in light of their particular circumstances.

Withholding tax

All payments made by the Issuer under the Covered Bonds may be made free of withholding or deduction of, for or on account of any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Taxes on income and capital gains

Please note that the summary in this section does not describe the Netherlands tax consequences for:

- (i) Covered Bondholders if such holders, and in the case of individuals, such holder's partner or certain of their relatives by blood or marriage in the direct line (including foster children), have a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer under the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*). Generally speaking, a holder of securities in a company is considered to hold a substantial interest in such company, if such holder alone or, in the case of individuals, together with such holder's partner (as defined in the Netherlands Income Tax Act 2001), directly or indirectly, holds (i) an interest of 5% or more of the total issued and outstanding capital of that company or of 5% or more of the issued and outstanding capital of a certain class of shares of that company; or (ii) rights to acquire, directly or indirectly, such interest; or (iii) certain profit sharing rights in that company that relate to 5% or more of the company's annual profits or to 5% or more of the company's liquidation proceeds. A deemed substantial interest may arise if a substantial interest (or part thereof) in a company has been disposed of, or is deemed to have been disposed of, on a non-recognition basis;
- (ii) pension funds, investment institutions (*fiscale beleggingsinstellingen*), exempt investment institutions (*vrijgestelde beleggingsinstellingen*) (as defined in the Netherlands Corporate Income Tax Act 1969; *Wet op de vennootschapsbelasting 1969*) and other entities that are, in whole or in part, not subject to or exempt from Netherlands corporate income tax; and
- (iii) Covered Bondholders who are individuals for whom the Covered Bonds or any benefit derived from the Covered Bonds are a remuneration or deemed to be a remuneration for activities performed by such holders or certain individuals related to such holders (as defined in the Netherlands Income Tax Act 2001).

Netherlands Resident Entities

Generally speaking, if the Covered Bondholder is an entity that is a resident or deemed to be resident of the Netherlands for Netherlands corporate income tax purposes (a "Netherlands Resident Entity"), any payment under the Covered Bonds or any gain or loss realized on the disposal or deemed disposal of the Covered Bonds is subject to Netherlands corporate income tax at a rate of 19% with respect to taxable profits up to €200,000 and 25% with respect to taxable profits in excess of that amount (tax rates and brackets as applicable for 2019).

Netherlands Resident Individuals

If a Covered Bondholder is an individual, resident or deemed to be resident of the Netherlands for Netherlands income tax purposes (a "Netherlands Resident Individual"), any payment under the Covered Bonds or any gain or loss realized on the disposal or deemed disposal of the Covered Bonds is taxable at the progressive income tax rates (with a maximum of 51.75% in 2019), if:

- (a) the Covered Bonds are attributable to an enterprise from which the Covered Bondholder derives a share of the profit, whether as an entrepreneur (*ondernemer*) or as a person who has a co-entitlement to the net worth (*medegerechtigd tot het vermogen*) of such enterprise without being a shareholder (as defined in the Netherlands Income Tax Act 2001); or
- (b) the Covered Bondholder is considered to perform activities with respect to the Covered Bonds that go beyond ordinary asset management (*normaal, actief vermogensbeheer*) or derives benefits from the Covered Bonds that are taxable as benefits from other activities (*resultaat uit overige werkzaamheden*).

Income from savings and investments. If the above-mentioned conditions (a) and (b) do not apply to the individual Covered Bondholder, such holder will be taxed annually on a deemed return (with a maximum of 5.60% in 2019) on the individual's net investment assets (*rendementsgrondslag*) for the year, insofar the individual's net investment assets for the year exceed a statutory threshold. The deemed return on the individual's net investment assets for the year is taxed at a rate of 30%. Actual income, gains or losses in respect of the Covered Bonds are as such not subject to Netherlands income tax.

The net investment assets for the year are the fair market value of the investment assets less the allowable liabilities on 1 January of the relevant calendar year. The Covered Bonds are included as investment assets. For the net investment assets on 1 January 2019, the deemed return ranges from 1.94% up to 5.60% (depending on the aggregate amount of the net investment assets on 1 January 2019). The deemed return will be adjusted annually on the basis of historic market yields.

Non-residents of the Netherlands

A Covered Bondholder that is neither a Netherlands Resident Entity nor a Netherlands Resident Individual will not be subject to Netherlands taxes on income or capital gains in respect of any payment under the Covered Bonds or in respect of any gain or loss realized on the disposal or deemed disposal of the Covered Bonds, provided that:

- (a) such holder does not have an interest in an enterprise or deemed enterprise (as defined in the Netherlands Income Tax Act 2001 and the Netherlands Corporate Income Tax Act 1969) which, in whole or in part, is either effectively managed in the Netherlands or carried on through a permanent establishment, a deemed permanent establishment or a permanent representative in the Netherlands and to which enterprise or part of an enterprise the Covered Bonds are attributable; and
- (b) in the event the holder is an individual, such holder does not carry out any activities in the Netherlands with respect to the Covered Bonds that go beyond ordinary asset management and does not derive benefits from the Covered Bonds that are taxable as benefits from other activities in the Netherlands.

Gift and inheritance taxes

Residents of the Netherlands

Gift or inheritance taxes will arise in the Netherlands with respect to a transfer of the Covered Bonds by way of a gift by, or on the death of, a holder of such Covered Bonds who is resident or deemed resident of the Netherlands at the time of the gift or his/her death.

Non-residents of the Netherlands

No Netherlands gift or inheritance taxes will arise on the transfer of Covered Bonds by way of gift by, or on the death of, a Covered Bondholder who is neither resident nor deemed to be resident in the Netherlands, unless:

- (a) in the case of a gift of a Covered Bond by an individual who at the date of the gift was neither resident nor deemed to be resident in the Netherlands, such individual dies within 180 calendar days after the date of

the gift, while being resident or deemed to be resident in the Netherlands; or

- (b) the transfer is otherwise construed as a gift or inheritance made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in the Netherlands.

For purposes of Netherlands gift and inheritance taxes, amongst others, a person that holds the Netherlands nationality will be deemed to be resident in the Netherlands if such person has been resident in the Netherlands at any time during the ten (10) years preceding the date of the gift or such person's death. Additionally, for purposes of Netherlands gift tax, amongst others, a person not holding the Netherlands nationality will be deemed to be resident in the Netherlands if such person has been resident in the Netherlands at any time during the twelve (12) months preceding the date of the gift. Applicable tax treaties may override deemed residency.

Value added tax (VAT)

No Netherlands VAT will be payable by a holder of Covered Bonds on (i) any payment in consideration for the issue of the Covered Bonds or (ii) the payment of interest or principal by the Issuer under the Covered Bonds.

Other taxes and duties

No Netherlands registration tax, stamp duty or any other similar documentary tax or duty will be payable by a holder of Covered Bonds in respect of (i) the issue of the Covered Bonds or (ii) the payment of interest or principal by the Issuer under the Covered Bonds.

SUBSCRIPTION AND SALE

The Dealers have, in a Programme Agreement, agreed with the Issuer and the CBC a basis upon which such Dealers or any of them may from time to time agree to purchase Covered Bonds. Any such agreement will extend to those matters stated in the Terms and Conditions and under Form of Conditional Pass-Through Covered Bonds. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Covered Bonds under the Programme.

Prohibition of Sales to EEA Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area.  - (ii) a customer within the meaning of Directive 2016/97/EU ("**IDD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Directive; and
- (b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Covered Bonds.

France

Each of the Dealers and the Issuer has represented and agreed that it has not offered or sold and will not offer or sell, directly or indirectly, Covered Bonds to the public in France, and has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Base Prospectus, the relevant Final Terms or any other offering material relating to the Covered Bonds, and that such offers, sales and distributions have been and will be made in France only to (a) providers of investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers*), and/or (b) qualified investors (*investisseurs qualifiés*), other than individuals acting for their own account all as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 of the French Code *monétaire et financier*.

Italy

The offering of the Covered Bonds has not been registered with the *Commissione Nazionale per le Società e la Borsa* ("**CONSOB**") pursuant to Italian securities legislation and accordingly, the Dealers have represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that save as set out below, it has not offered or sold and will not offer or sell any Covered Bonds in the Republic of Italy in an offer to the public and that sales of the Covered Bonds in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulations.

Accordingly, each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver any Covered Bonds or distribute copies of this Base Prospectus and any other document relating to the Covered Bonds in the Republic of Italy other than:

- (i) to "qualified investors", as referred to in Article 100 of Legislative Decree No. 58 of 24 February 1998, as amended (the "Decree No. 58") and defined in Article 34-ter, paragraph 1, let. b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended ("Regulation No. 11971"); or
- (ii) that it may offer, sell or deliver Covered Bonds or distribute copies of any prospectus relating to such Covered Bonds in an offer to the public in the period commencing on the date of publication of such prospectus, provided that such prospectus has been approved in another Relevant Member State and notified to CONSOB, all in accordance with the Prospectus Directive, as implemented in Italy under Decree No. 58 and Regulation No. 11971, and ending on the date which is 12 months after the date of approval of such prospectus; or

- (iii) in any other circumstances where an express exemption from compliance with the offer restrictions applies, as provided under Decree No. 58 or Regulation No. 11971.

Any such offer, sale or delivery of the Covered Bonds or distribution of copies of this Base Prospectus or any other document relating to the Covered Bonds in the Republic of Italy must be:

- (a) made by investment firms, banks or financial intermediaries permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 385 of 1 September 1993 as amended, Decree No. 58 CONSOB Regulation No. 20307 of 15 February 2018, as amended and any other applicable laws and regulations;
- (b) in compliance with Article 129 of Legislative Decree No. 385 of 1 September 1993, as amended (pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy) and the relevant implementing guidelines of the Bank of Italy issued on 25 August 2015 (as amended on 10 August 2016); and
- (c) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or the Bank of Italy.

Provisions relating to the secondary market in the Republic of Italy

Investors should also note that, in any subsequent distribution of the Covered Bonds in the Republic of Italy, Article 100-bis of Decree No. 58 may require compliance with the law relating to public offers of securities. Furthermore, where the Covered Bonds are placed solely with "qualified investors" and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Covered Bonds who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Covered Bonds were purchased, unless an exemption provided for under Decree No. 58 applies.

United Kingdom

Each Dealer has represented and agreed and each further Dealer appointed will be required to represent and agree that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Covered Bonds in circumstances in which section 21(1) of the FSMA does not or, would not, if it was not an authorised person, apply to the Issuer or the CBC; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Covered Bonds in, from or otherwise involving the United Kingdom.

United States

The Covered Bonds and the Guarantee have not been and will not be registered under the Securities Act, or the securities laws of any state or other jurisdiction of the United States. The Covered Bonds may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Covered Bonds are being offered and sold only to non-U.S. persons outside the United States in reliance on Regulation S. Terms in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Covered Bonds are in bearer form and are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to, or for the account or benefit of, a U.S. person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the US IR Code and U.S. Treasury regulations promulgated thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed will be required to represent and agree, that it will offer, sell or deliver the Covered Bonds (i) as part of its distribution at any time and (ii) otherwise until forty (40) days after the later of the commencement of the offering and the closing date within the United States or to, or from the account or benefit of, U.S. persons only in accordance with Rule 903 of the Securities Act. Each Dealer has also represented and agreed that it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Covered Bonds during the distribution

compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Covered Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering, an offer or sale of Covered Bonds within the United States by a dealer that is not participating in the offering may violate the registration requirements of the Securities Act.

Japan

The Covered Bonds have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the FIEA) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Covered Bonds in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)) or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

The Netherlands/All issues

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that as long as it does not have the benefit of a licence or exemption as an investment firm of the relevant type pursuant to the Wft, it shall not offer any Covered Bonds or distribute this Base Prospectus or any circulars, offer documents or information relating to the Issuer or the Covered Bonds in the Netherlands.

General

Each Dealer has agreed and each further Dealer appointed will be required to agree, that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers or sells Covered Bonds or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Covered Bonds under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any other Dealer shall have any responsibility therefor.

Neither the Issuer nor any Dealer shall represent, nor any further Dealer appointed will be required to represent, that Covered Bonds may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer will be required to comply with any additional restrictions set out in the applicable Final Terms.

8. ASSET BACKED GUARANTEE

GUARANTEE

Pursuant to the Guarantee, if (i) an Issuer Acceleration Notice and a Notice to Pay are served or (ii) a CBC Acceleration Notice is served, the CBC will be obliged to pay Guaranteed Amounts when the same become Due for Payment.

The pass-through structure will become relevant after the service of a Notice to Pay on the CBC. The CBC will be obliged to pass any available funds through and apply such funds towards redemption of all Pass-Through Covered Bonds and the CBC will also be obliged to use its best efforts to sell or refinance Selected Transferred Assets on each Refinance Date to enable it to redeem all Pass-Through Covered Bonds prior to the Extended Due for Payment Date, provided that it can sell the Transferred Assets and consequently redeem the Pass-Through Covered Bonds without negatively impacting the Amortisation Test. Failure by the CBC to sell or refinance Selected Mortgage Receivables in the portfolio in accordance with the Asset Monitoring Agreement will not constitute a CBC Event of Default (see further section 16 (*Asset Monitoring*)).

All payments of Guaranteed Amounts by or on behalf of the CBC will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or other governmental charges of whatever nature, unless such withholding or deduction is required by law. In such event, the CBC will pay the Guaranteed Amounts net of such withholding or deduction and shall account to the appropriate tax authority for the amount required to be withheld or deducted. The CBC will not be obliged to pay any additional amount to the Security Trustee or any Covered Bondholder in respect of the amount of such withholding or deduction.

Payments in respect of the Covered Bonds might be subject to FATCA Withholding. Any FATCA Withholding will be treated as paid for all purposes under the Covered Bonds, and no additional amounts will be paid on the Covered Bonds with respect to any such withholding or deduction.

An Extended Due for Payment Date will apply to each Series of Covered Bonds to be issued under the Programme.

In respect of each Series, if the CBC is obliged under the Guarantee to pay a Guaranteed Final Redemption Amount, then:

- a) the obligation of the CBC to pay the Guaranteed Final Redemption Amount shall be deferred to, and shall under the Guarantee be due on, the Extended Due for Payment Date, provided that if on any CBC Payment Date which falls prior to the Extended Due for Payment Date, any moneys are available to the CBC to be paid (or reserved for payment of principal on any Series of Covered Bonds) after the CBC shall under the relevant Priority of Payments have paid or provided for (on the relevant CBC Payment Date) all higher ranking amounts, then the CBC shall (a) give notice thereof to the relevant holders of the Pass-Through Covered Bonds (in accordance with Condition 14 (*Notices*)), the Rating Agencies, the Security Trustee, the Principal Paying Agent and the Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event at least two (2) Business Days prior to such CBC Payment Date (whereby such notice shall be deemed to have been given on the first Business Day following the date on which the notice was given by the CBC to the relevant clearing system, if any, and otherwise in accordance with Condition 14 (*Notices*)) and (b) apply such remaining available moneys in payment, in whole or in part, of the Guaranteed Final Redemption Amount pertaining to all Pass-Through Covered Bonds, if applicable *pro rata* by reference to the Principal Amount Outstanding of such Covered Bonds (and to such extent the Guaranteed Final Redemption Amount shall for the purpose of the relevant Priority of Payments and all other purposes be due) on such CBC Payment Date. If any amount of principal on a Covered Bond remains unpaid on its Maturity Date, such Covered Bond will become a Pass-Through Covered Bond and if a Notice to Pay and a Breach of Amortisation Test Notice have been served, all Covered Bonds will become Pass-Through Covered Bonds; and
- b) the CBC shall under the Guarantee owe interest over the unpaid portion of the Guaranteed Final Redemption Amount, which shall accrue and be payable on the basis set out in the applicable Final Terms or, if not set out therein, Condition 5 (*Interest*),

all without prejudice to the CBC's obligation to pay any other Guaranteed Amount (i.e. other than the Guaranteed Final Redemption Amount) when Due for Payment.

Failure by the CBC to pay Guaranteed Final Redemption Amounts or the balance thereof, as the case may be, on the Extended Due for Payment Date and/or pay the other Guaranteed Amounts on any Scheduled Payment Date or the Extended Due for Payment Date will (subject to any applicable grace period) be a CBC Event of Default.

SECURITY

Parallel Debt

In the Parallel Debt Agreement the CBC has irrevocably and unconditionally undertaken to pay to the Security Trustee (the "**Parallel Debt**") an amount equal to the aggregate amount due (*verschuldigd*) by it (i) to the Covered Bondholders under the Covered Bonds, (ii) as fees, costs or other remuneration to the Directors under the Management Agreements, (iii) as fees, costs and expenses to the Servicer under the Servicing Agreement, (iv) as fees, costs and expenses to the Administrator under the Administration Agreement, (v) as fees and expenses to the Paying Agents and the Registrar under the Agency Agreement, (vi) as fees and expenses to the Calculation Agent under the Calculation Agency Agreement, (vii) to the Swap Counterparties under the Swap Agreements (if any), (viii) as fees, costs and expenses to the Asset Monitor under the Asset Monitor Appointment Agreement, (ix) to the CBC Account Bank under the CBC Account Agreement, (x) to the CBC Back-Up Account Bank under the CBC Back-Up Account Agreement, (xi) to the Transferor under the Transaction Documents, (xii) to the Insurance Savings Participant under the Insurance Savings Participation Agreement, (xiii) to the Bank Savings Participant under the Bank Savings Participation Agreement, (xiv) to any custodian appointed in accordance with the Transaction Documents and (xv) to the Back-up Administrator under the Back-up Administration Agreement and (xvi) to such other party designated by the Security Trustee to become a secured creditor. The Parallel Debt constitutes a separate and independent obligation of the CBC and constitutes the Security Trustee's own separate and independent claims (*eigen en zelfstandige vordering*) to receive payment of the Parallel Debt from the CBC. Upon receipt by the Security Trustee of any amount in payment of the Parallel Debt, the payment obligations of the CBC to the Secured Creditors shall be reduced by an amount equal to the amount so received.

Security Documents - distribution of proceeds

The Parallel Debt is secured by the first ranking security rights created under the Security Documents.

To the extent that the Security Trustee irrevocably and unconditionally receives any amount in payment of the Parallel Debt, the Security Trustee shall distribute such amount amongst the Secured Creditors in accordance with the Post CBC Acceleration Notice Priority of Payments, save for amounts due to the Insurance Savings Participant and the Bank Savings Participant in connection with, in respect of each Savings Mortgage Receivable and Life Mortgage Receivable with a Savings Element, the Insurance Savings Participation and in respect of each Bank Savings Mortgage Receivable, the Bank Savings Participation. The amounts due to the Secured Creditors, other than the Insurance Savings Participant and the Bank Savings Participant, will, broadly, be equal to amounts recovered (*verhaald*) by the Security Trustee (i) on the Mortgage Receivables (other than the Savings Mortgage Receivables, the Life Mortgage Receivables with a Savings Element and the Bank Savings Mortgage Receivables) and other assets pledged to the Security Trustee under any Security Trustee Receivables Pledge Agreement, any Security Trustee Rights Pledge Agreement and any other Pledge Agreements and (ii) (A) on each of the Savings Mortgage Receivables or on each of the Life Mortgage Receivables with a Savings Element which are subject to an Insurance Savings Participation to the extent the amount recovered exceeds the Insurance Savings Participation in the relevant Savings Mortgage Receivable or Life Mortgage Receivable with a Savings Element, respectively, and (B) on each of the Bank Savings Mortgage Receivables which is subject to a Bank Savings Participation to the extent the amount recovered exceeds the Bank Savings Participation in the relevant Bank Savings Mortgage Receivables.

The amounts due to the Insurance Savings Participant will be equal to the Insurance Savings Participation in each of the Savings Mortgage Receivables or Life Mortgage Receivables with a Savings Element or, if the amount recovered is less than the Insurance Savings Participation in such Savings Mortgage Receivable or Life Mortgage Receivable with a Savings Element, an amount equal to the amount actually recovered. The amounts due to the Bank Savings Participant will be equal to the Bank Savings Participation in each of the Bank Savings Mortgage Receivables or, if the amount recovered is less than the Bank Savings Participation in such Bank Savings Mortgage Receivable, an amount equal to the amount actually recovered.

Security in favour of the Security Trustee in respect of the Mortgage Receivables

Pursuant to the Security Trustee Receivables Pledge Agreement the CBC has undertaken to grant a right of pledge in favour of the Security Trustee on the Mortgage Receivables and the Beneficiary Rights immediately following the transfer thereof to the CBC, which will secure the payment obligations of the CBC to the Security Trustee under the Parallel Debt Agreement and any other Transaction Documents. The pledge on the Mortgage

Receivables will not be notified to the Borrowers and the Insurance Company, respectively, except in the event that certain notification events occur relating to the CBC, including the occurrence of a CBC Event of Default, by the Security Trustee. Prior to notification of the pledge to the Borrowers or the Insurance Company, the pledge will be an "undisclosed" right of pledge (*stil pandrecht*) within the meaning of section 3:239 of the Dutch Civil Code.

Security in favour of the Security Trustee over other Transferred Assets

The CBC has also undertaken to vest a first ranking right of pledge or such other appropriate first ranking security interest in favour of the Security Trustee on any other Transferred Assets transferred to the CBC on the relevant Transfer Date.

Security in favour of the Security Trustee over CBC Transaction Documents

In addition, under the Security Trustee Rights Pledge Agreement a first ranking right of pledge was vested by the CBC in favour of the Security Trustee on the Programme Date over all rights of the CBC under or in connection with the CBC Transaction Documents and in respect of the CBC Transaction Accounts and the CBC Back-Up Account. This right of pledge has been notified to the relevant obligors and will, therefore, be a disclosed right of pledge (*openbaar pandrecht*).

The objects of the Security Trustee are (a) to act as security trustee for the benefit of the creditors of the CBC, including the holders of covered bonds to be issued by the CBC, beneficiaries of guarantees issued by the CBC for covered bonds issued by the Issuer and holders of covered bonds issued by the Issuer in whose favour the CBC has issued guarantees, (b) to acquire, hold and administer security rights in its own name, and if necessary to enforce such security rights, for the benefit of the creditors of the CBC, including the holders of covered bonds issued by the CBC and holders of covered bonds issued by the Issuer in whose favour the CBC has issued guarantees, and to perform acts and legal acts, including the acceptance of a parallel debt obligation from the CBC, which is conducive to the holding of the above mentioned security rights, (c) to borrow money, (d) to make donations and (e) to do anything which, in the widest sense of the words, is connected with and/or may be conducive to the attainment of the above. The Security Trustee does not have the intent to make profits.

The sole director of the Security Trustee is SGG Securitisation Services B.V., having its registered office at Hoogoorddreef 15, 1101 BA Amsterdam, the Netherlands.

The Security Trustee has agreed to act as security trustee for the holders of the Covered Bonds and to pay any amounts received from the Issuer or the CBC or amounts collected by the Security Trustee under the Security to the Covered Bondholders subject to and pursuant to the Parallel Debt Agreement and the Trust Deed.

In addition, the Security Trustee has agreed to act as security trustee *vis-à-vis* the other Secured Creditors and to pay to such Secured Creditors any amounts received from the Issuer or the CBC or amounts collected by the Security Trustee under the Security subject to and pursuant to the Parallel Debt Agreement and the Trust Deed.

The Security Trustee shall not be liable for any action taken or not taken by it or for any breach of its obligations under or in connection with the Trust Deed or any other Transaction Document to which it is a party, except in the event of its wilful misconduct (*opzet*) or gross negligence (*grove nalatigheid*), and it shall not be responsible for any act or negligence of persons or institutions selected by it in good faith and with due care.

Without prejudice to the right of indemnity by law given to it, the Security Trustee and every attorney, manager, agent, delegate or other person appointed by it under the Trust Deed shall be indemnified by the Issuer against and shall on first demand be reimbursed in respect of all liabilities and expenses properly incurred by it in the execution or purported execution of the powers of the Trust Deed or of any powers, authorities or discretions vested in it or him pursuant to the Trust Deed and against all actions, proceedings, costs, claims and demands in respect of any matter or thing done or omitted in any way relating to the Trust Deed or otherwise.

However, the Covered Bondholders can resolve to dismiss the Director of the Security Trustee as the director of the Security Trustee by a Programme Resolution, pursuant to the Trust Deed. The Director of the Security Trustee shall only resign from its position as director of the Security Trustee as soon as a suitable person, trust or administration office, reasonably acceptable to the Issuer and the CBC, after having consulted the Secured Creditors, other than the Covered Bondholders, and subject to Rating Agency Confirmation, has been contracted to act as director of the Security Trustee.

10. GUARANTEE SUPPORT

TRANSFERS

As consideration for the CBC issuing the Guarantee, and so as to enable the CBC to meet its obligations under the Guarantee, the Issuer agreed in the Guarantee Support Agreement that it will use its best efforts to transfer or procure the transfer of sufficient Eligible Assets, either directly or indirectly, to the CBC. The transfers are effectuated as follows:

- (a) in the case of Eligible Receivables, by way of undisclosed assignment (*stille cessie*). This takes place through due execution by the Transferor and the CBC of a deed of assignment in the form attached to the Guarantee Support Agreement and offering the same for registration to the Dutch tax authorities (*Belastingdienst*) or by way of a notarial deed incorporating such deed of assignment. Notification (*mededeling*) of the assignment to the Borrowers will only take place if an Assignment Notification Event occurs in respect of the Transferor. Following receipt of notification by the relevant Borrowers, only payment to the CBC will be capable of discharging a Borrower's obligations under the relevant Mortgage Receivable; and/or
- (b) in the case of Eligible Collateral, by way of book-entry transfer (*girale overboeking*) and such further deed shall be executed as required and customary to effect the transfer of such Eligible Collateral.

On the first Transfer Date, the Transferor will transfer to the CBC the respective Eligible Assets. Thereafter:

- (i) the Issuer and the Transferor may at any time offer for transfer further Eligible Assets to the CBC;
- (ii) the Issuer will use its best efforts, upon request of the CBC, to offer to transfer or to procure the transfer of further Eligible Assets to the CBC. The CBC will only make such a request if it (or the Administrator on its behalf) determines that the Asset Cover Test has been breached (or would be breached when at that moment the Asset Cover Test would be performed) under the Asset Monitoring Agreement; and
- (iii) the CBC shall accept each such offer if the relevant conditions precedent set out in the Guarantee Support Agreement have been met, including in the case of the transfer of Mortgage Receivables receipt of a confirmation that the Mortgage Receivables Warranties are true and correct in all material respects and not misleading in any material respect as at the relevant Transfer Date.

If an Assignment Notification Event has occurred, unless the Security Trustee instructs it otherwise, the Transferor shall notify or ensure that the relevant Borrowers and, solely in relation to the Beneficiary Rights, the Insurance Companies are forthwith notified of the assignment of the relevant Mortgage Receivables and the Beneficiary Rights relating thereto.

Each of the CBC and the Security Trustee has the right to make these notifications itself.

The Transferor will undertake that it will use its best efforts upon the occurrence of an Assignment Notification Event to terminate its appointment or the appointment of the relevant originator as beneficiary under the Insurance Policies and to appoint the CBC or the Security Trustee, as the case may be, as first beneficiary under the Insurance Policies.

For as long as no Assignment Notification Event has occurred and no Breach of Asset Cover Test Notice (which is not remedied), no Notice to Pay and no CBC Acceleration Notice has been served, pursuant to the Guarantee Support Agreement, the CBC is not entitled to receive or retain any proceeds from the Transferred Assets; such proceeds will all be received and retained by the Transferor for its own benefit. If an Assignment Notification Event occurs or a Breach of Asset Cover Test Notice (which is not remedied), a Notice to Pay or CBC Acceleration Notice is served on the CBC, pursuant to the Guarantee Support Agreement, the CBC shall, subject to the rights of the Security Trustee as pledgee, be entitled to receive for its own benefit all proceeds of the Transferred Assets to the extent relating to the period following such Assignment Notification Event (unless remedied) or service of such Notice to Pay or CBC Acceleration Notice.

In the Guarantee Support Agreement the Transferor covenants, amongst other things, that if (i) it makes any Further Advance under any mortgage loan agreement, (ii) such Further Advance is secured by the same Mortgage that secures the Mortgage Receivable and (iii) (a) such Further Advance results in an Eligible Receivable, then it will offer to transfer such further Eligible Receivable to the CBC as soon as reasonably

practicable and, if possible, prior to the following Calculation Date, or (b) such Further Advance does not result in an Eligible Receivable, then it will request the retransfer of the relevant Mortgage Receivable in accordance with the Guarantee Support Agreement and so long as the Asset Cover Test is not breached upon such retransfer.

In the Guarantee Support Agreement the Transferor furthermore covenants, amongst other things, that the Transferor may amend the terms and conditions of the Mortgage Loans, provided that (i) after such amendment the Mortgage Loan or, as the case may be, the Mortgage Receivable meets the Eligibility Criteria and (ii) such amendment does not adversely affect the enforceability of the Mortgage Loan or, as the case may be, the Mortgage Receivable and the security rights granted in connection therewith. Therefore, if the Transferor wishes to amend the terms and conditions of the Mortgage Loans in such manner that such Mortgage Loan or, as the case may be, the Mortgage Receivable will no longer meet the Eligibility Criteria, such Mortgage Receivables should first be retransferred to the Transferor prior to such amendment.

Neither the CBC, nor the Security Trustee has made or has caused to be made on its behalf any enquiries, searches or investigations in respect of the Transferred Assets. Instead, each is relying entirely on the Transferor Warranties by the Transferor contained in the Guarantee Support Agreement. The parties to the Guarantee Support Agreement may, with the prior written consent of the Security Trustee, and after having notified the Rating Agencies, amend the Transferor Warranties and the Mortgage Receivables Warranties, including the Eligibility Criteria. The mortgage receivables warranties (the "**Mortgage Receivables Warranties**") are as follows and are given on the relevant Transfer Date by the Transferor in respect of the Eligible Receivables and the Mortgage Receivables to be transferred by it to the CBC:

- (i) each Mortgage Receivable is an Eligible Receivable; and
- (ii) the particulars of the Eligible Receivables set out in Annex 1 to the relevant deed of assignment and pledge, are true, complete and accurate in all material respects and the Outstanding Principal Amount in respect of each Eligible Receivable as at the relevant Transfer Date and the aggregate Outstanding Principal Amount of the Eligible Receivables is correctly stated in the relevant deed of assignment and pledge.

The Programme Agreement provides a mechanism for at the option of the Issuer, members of the Achmea Group wishing to transfer Eligible Assets to the CBC, to accede to the Transaction Documents as a New Transferor, subject always to Rating Agency Confirmation. New Transferors will be required to provide the same covenants, representations and warranties described herein as the initial Transferor. However, New Transferors will, contrary to the Issuer, not have a best efforts undertaking to transfer Eligible Assets if requested by the CBC.

In the Trust Deed, the Security Trustee agrees to, upon receipt of each Asset Cover Report, verify whether such Asset Cover Report states that an Assignment Notification Event or a Breach of Asset Cover Test has occurred.

For the purpose hereof:

"Assignment Notification Event" means the earliest to occur of the following events:

- (i) a default is made by the Transferor in the payment on the due date of any amount due and payable by it under any Transaction Document to which it is a party and such failure is not remedied within ten (10) Business Days after notice thereof has been given by the CBC or the Security Trustee to the Transferor;
- (ii) the Transferor fails to duly perform or comply with any of its obligations under any Transaction Document to which it is a party and, if such failure is capable of being remedied, such failure is not remedied within ten (10) Business Days after notice thereof has been given by the CBC or the Security Trustee to the Transferor;
- (iii) the Transferor takes any corporate action or other steps are taken or legal proceedings are started or threatened against it (unless as a consequence of a merger) for its dissolution (*ontbinding*), liquidation (*vereffening*) or legal demerger (*juridische splitsing*) involving the Transferor or for its being converted in a foreign entity, or its assets are placed under administration (*onder bewind gesteld*);
- (iv) the Transferor takes any corporate action, or other steps are taken or legal proceedings are started or threatened against it, for (i) its suspension of payments (*surseance van betaling*), (ii) its bankruptcy (*faillissement*), (iii) any analogous insolvency proceedings under any applicable law or (iv) the appointment of a liquidator, administrator or a similar officer of it or of any or all of its assets;
- (v) a Notice to Pay is served on the CBC;

- (vi) an Issuer Acceleration Notice is served on the Issuer;
- (vii) a CBC Event of Default occurs; or
- (viii) a Security Trustee Pledge Notification Event occurs.

RETRANSFERS

Pursuant to the Guarantee Support Agreement:

1. Prior to the occurrence of a CBC Event of Default or the service of a Notice to Pay, the Transferor may from time to time request a retransfer from the CBC to it of any Transferred Asset.
2. Prior to the occurrence of a CBC Event of Default, the Issuer shall request a retransfer of the relevant Mortgage Receivable from the CBC to the Transferor if it has an Other Claim, including a Further Advance, such Other Claim or Further Advance, respectively, is secured by the same security rights that secure such Mortgage Receivable and such Other Claim or Further Advance, respectively, does not result in an Eligible Receivable.

The CBC shall in each case comply with such request so long as the Asset Cover Test is not breached upon such retransfer.

If the CBC intends to sell Transferred Assets on terms permitted or required by the Asset Monitoring Agreement, it shall first offer such Transferred Assets for sale on the same terms to the Transferor (or any party appointed by the Transferor) in accordance with the Guarantee Support Agreement.

A retransfer of a Mortgage Receivable will take place in accordance with the Guarantee Support Agreement. A retransfer by the CBC as abovementioned will be effectuated in substantially the same manner as the transfers to the CBC described above. If the retransfer concerns Mortgage Receivables which are transferred to the Transferor further to the Transferor's right of first refusal or the Transferor's right to match (*voorkeursrecht*), the underlying transfer will be concluded through execution and registration of a deed of assignment.

11. OVERVIEW OF THE DUTCH RESIDENTIAL MORTGAGE MARKET

This section 11 (*Overview of the Dutch Residential Mortgage Market*) is derived from the overview which is available at the website of the Dutch Securitisation Association (<https://www.dutchsecuritisation.nl>) regarding the Dutch residential mortgage market over the period until November 2018. The Issuer confirms that this information has been accurately reproduced and believes that this source is reliable and as far as the Issuer is aware and is able to ascertain from the Dutch Securitisation Association, no facts have been omitted which would render the information in this section 11 (*Overview of the Dutch Residential Mortgage Market*) inaccurate or misleading.

Dutch residential mortgage market

The Dutch residential mortgage debt stock is relatively sizeable, especially when compared to other European countries. Since the 1990s, the mortgage debt stock of Dutch households has grown considerably, mainly on the back of mortgage lending on the basis of two incomes in a household, the introduction of tax-efficient product structures such as mortgage loans with deferred principal repayment vehicles and interest-only mortgage loans, financial deregulation and increased competition among originators. Moreover, Loan-to-Value (LTV) ratios have been relatively high, as the Dutch tax system implicitly discouraged amortisation, due to the tax deductibility of mortgage interest payments. After a brief decline between 2012 and 2015, mortgage debt reached a new peak of EUR 701 billion in Q2 2018⁶. This represents a rise of EUR 9.3 billion compared to Q2 2017.

Tax system

The Dutch tax system plays an important role in the Dutch mortgage market, as it allows for almost full deductibility of mortgage interest payments from taxable income. This tax system has been around for a very long time, but financial innovation has resulted in a greater leverage of this tax benefit. From the 1990s onwards until 2001, this tax deductibility was unconditional. In 2001 and 2004, several conditions have been introduced to limit the usage of tax deductibility, including a restriction of tax deductibility to (mortgage interest payments for) the borrower's primary residence and a limited duration of the deductibility of 30 years.

A further reform of the tax system was enforced on 1 January 2013. Since this date, all new mortgage loans have to be repaid in full in 30 years, at least on an annuity basis, in order to be eligible for tax relief (linear mortgage loans are also eligible). The tax benefits on mortgage loans, of which the underlying property was bought before 1 January 2013, have remained unchanged and are grandfathered, even in case of refinancing and relocation. As such, new mortgage originations still include older loan products, including interest-only. However, any additional loan on top of the borrower's grandfathered product structure, has to meet the mandatory full redemption standards to allow for tax deductibility.

Another reform imposed in 2014 to reduce the tax deductibility is to lower the maximum deduction percentage. This used to be equal to the highest marginal tax bracket, but since 2014 the maximum deduction is lowered by 0.5% per annum (2019: 49%). As per 1 January 2020, the maximum deduction of mortgage interest will be decreased more quickly than the current decrease of 0.5% per annum. From 2020 onwards, the maximum deduction will be lowered with 3% per annum down to 37.05% in 2023.

There are several housing-related taxes which are linked to the fiscal appraisal value ("WOZ") of the house, both imposed on national and local level. Moreover, a real estate transfer tax (*overdrachtsbelasting*) of 2% is applied when a house changes hands. Although these taxes partially unwind the benefits of tax deductibility of interest payments, and several restrictions to this tax deductibility have been applied, tax relief on mortgage loans is still substantial.

Loan products

The Dutch residential mortgage market is characterised by a wide range of mortgage loan products. In general, three types of mortgage loans can be distinguished.

Firstly, the "classical" Dutch mortgage product is an annuity loan. Annuity mortgage loans used to be the norm until the beginning of the 1990s, but they have returned as the most popular mortgage product in recent years. Reason for this return of annuity mortgage loans is the tax system. Since 2013, tax deductibility of interest

payments on new loans is conditional on full amortisation of the loan within 30 years, for which only (full) annuity and linear mortgage loans qualify.

Secondly, there is a relatively big presence of interest-only mortgage loans in the Dutch market. Full interest-only mortgage loans were popular in the late nineties and in the early years of this century. Mortgage loans including an interest-only loan part were the norm until 2013, and even today, grandfathering of older tax benefits still results in a considerable amount of interest-only loan origination.

Thirdly, there is still a big stock of mortgage products including deferred principal repayment vehicles. In such products, capital is accumulated over time (in a tax-friendly manner) in a linked account in order to take care of a bullet principal repayment at maturity of the loan. The principal repayment vehicle is either an insurance product or a bank savings account. The latter structure has been allowed from 2008 and was very popular until 2013. Mortgage loan products with insurance-linked principal repayment vehicles used to be the norm prior to 2008 and there is a wide range of products present in this segment of the market. Most structures combine a life-insurance product with capital accumulation and can be relatively complex. In general, however, the capital accumulation either occurs through a savings-like product (with guaranteed returns), or an investment-based product (with non-guaranteed returns).

A typical Dutch mortgage loan consists of multiple loan parts, e.g. a bank savings loan part that is combined with an interest-only loan part. Newer mortgage loans, in particular those for first-time buyers after 2013, are full annuity and often consists of only one loan part. Nonetheless, tax grandfathering of older mortgage loan product structures still results in the origination of mortgage loans including multiple loan parts.

Most interest rates on Dutch mortgage loans are not fixed for the full duration of the loan, but they are typically fixed for a period between 5 and 15 years. Rate term fixings differ by vintage, however. More recently, there has been a bias to longer term fixings (10-20 years). Most borrowers remain subject to interest rate risk, but compared to countries in which floating rates are the norm, Dutch mortgage borrowers are relatively well-insulated against interest rate fluctuations.

Underwriting criteria

Most of the Dutch underwriting standards follow from special underwriting legislation (*“Tijdelijke regeling hypothecair krediet”*). This law has been present since 2013 and strictly regulates maximum LTV and Loan-to-Income (LTI) ratios. The current maximum LTV is 100% (including all costs such as stamp duties). The new government coalition has indicated not to lower the maximum LTV further beyond 2018. LTI limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. This table is updated annually by the consumer budget advisory organisation “NIBUD” and ensures that income after (gross) mortgage servicing costs is still sufficient to cover normal costs of living.

Prior to the underwriting legislation, the underwriting criteria followed from the Code of Conduct for Mortgage Lending, which is the industry standard. This code, which limits the risk of over crediting, has been tightened several times in the past decade. The 2007 version of the code included a major overhaul and resulted in tighter lending standards, but deviation in this version was still possible under the “explain” clause⁷. In 2011, another revised and stricter version of the Code of Conduct was introduced. Moreover, adherence to the “comply” option was increasingly mandated by the Financial Markets Authority (AFM). Although the Code of Conduct is currently largely overruled by the underwriting legislation, it is still in force. The major restriction it currently regulates, in addition to the criteria in the underwriting legislation, is the cap of interest-only loan parts to 50% of the market value of the residence. This cap was introduced in 2011 and is in principle applicable to all new mortgage contracts. A mortgage lender may however diverge from the cap limitation if certain conditions have been met.

Recent developments in the Dutch housing market

The Dutch housing market has shown clear signs of recovery since the second half of 2013. Important factors are among others the economic recovery, high consumer confidence and low mortgage rates.

Existing house prices (PBK-index) in Q3 2018 rose by 2.7% compared to Q2 2018. Compared to Q2 2012 this

⁷ Under the “explain” clause it is in exceptional cases possible to deviate from the loan-to-income and loan-to-value rules set forth in the Code of Conduct.

increase was 9.3%. A new peak was reached this quarter. The average house average price level was 4% above the previous peak of 2008. The continued increase in house prices is mostly caused by an increasing supply scarcity in the market. Indeed, existing homes sales are trending down. Compared to a year ago, sales numbers declined by 7.3% in Q3 2018. The twelve month total of existing home sales now stands at 228,144, which is still well above pre-crisis levels.

Forced sales

Compared to other jurisdictions, performance statistics of Dutch mortgage loans show relatively low arrears and loss rates⁸. The most important reason for default is relationship termination, although the increase in unemployment following the economic downturn in recent years is increasingly also a reason for payment problems. The ultimate attempt to loss recovery to a defaulted mortgage borrower is the forced sale of the underlying property.

For a long time, mortgage servicers opted to perform this forced sale by an auction process. The advantage of this auction process is the high speed of execution, but the drawback is a discount on the selling price. In Q3 2018, only 133 sales were forced, which is 0.42% of the total number of sales in this period.

12. NHG GUARANTEE PROGRAMME

NHG Guarantee

In 1960, the Netherlands government introduced the 'municipal government participation scheme', an open ended scheme in which both the Dutch State and the municipalities guaranteed, according to a set of defined criteria, residential mortgage loans made by authorised lenders to eligible borrowers to purchase a primary family residence. The municipalities and the Dutch State shared the risk on a 50/50 basis. If a municipality was unable to meet its obligations under the municipality guarantee, the Dutch State would make an interest free loan to the municipality to cover its obligations. The aim was to promote home ownership among the lower income groups.

Since 1 January 1995 Stichting WEW (a central privatised entity) is responsible for the administration and granting of the NHG Guarantee (*Nationale Hypotheek Garantie*), under a set of uniform rules. The NHG Guarantee covers the outstanding principal, accrued unpaid interest and disposal costs. Irrespective of scheduled repayments or prepayments made on the mortgage loans, the NHG Guarantee is reduced on a monthly basis by an amount which is equal to principal repayment part of the monthly instalment as if the mortgage loan were to be repaid on a thirty year annuity basis. In respect of each mortgage loan, the NHG Guarantee decreases further to take account of scheduled repayments and prepayments under such mortgage loan. Also, amounts paid as savings or investment premium under savings insurance policies or life insurance policies, respectively, are deducted from the amount outstanding on such mortgage loans for purposes of the calculation of the amount guaranteed under the NHG Guarantee (see section 3 (*Risk Factors*)).

Financing of Stichting WEW

Stichting WEW finances itself, *inter alia*, by a one-off charge to the borrower of 0.90 per cent. of the principal amount of the mortgage loan at origination. Besides this, the scheme provides for liquidity support to Stichting WEW from the Dutch State and the participating municipalities. Should Stichting WEW not be able to meet its obligations under guarantees issued, (i) in respect of all loans issued before 1 January 2011, the Dutch State will provide subordinated interest free loans to Stichting WEW of up to 50 per cent. of the difference between Stichting WEW's own funds and a pre-determined average loss level and municipalities participating in the NHG Guarantee scheme will provide subordinated interest free loans to Stichting WEW of the other 50 per cent. of the difference and (ii) in respect of all loans issued on or after 1 January 2011, the Dutch State will provide subordinated interest free loans to Stichting WEW of up to 100 per cent. of the difference between Stichting WEW's own funds and a pre-determined average loss level. Both the keep well agreement between the Dutch State and Stichting WEW and the keep well agreements between the municipalities and Stichting WEW contain general 'keep well' undertakings of the Dutch State and the municipalities to enable Stichting WEW at all times (including in the event of bankruptcy (*faillissement*), suspension of payments (*surseance van betaling*) or liquidation (*ontbinding*) of Stichting WEW) to meet its obligations under guarantees issued.

Terms and conditions of the NHG Guarantees

Under the NHG scheme, the lender is responsible for ensuring that the guarantee application and the binding offer (*bindend aanbod*) meet the NHG Conditions. If the application qualifies, various reports are produced that are used in the processing of the application, including the form that will eventually be signed by the relevant lender and forwarded to the NHG to register the mortgage and establish the guarantee. Stichting WEW has, however, no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the NHG Conditions, which were applicable at the date of origination of the mortgage loan, unless such non-payment is unreasonable towards the lender.

The specific terms and conditions for the granting of NHG Guarantees, such as eligible income, purchasing or building costs etc., are set forth in published documents by Stichting WEW.

The NHG has specific rules for the level of credit risk that will be accepted. The credit worthiness of the applicant must be verified with the BKR, a central credit agency used by all financial institutions in the Netherlands. All financial commitments over the past five (5) years that prospective borrowers have entered into with financial institutions are recorded in this register. In addition, as of 1 January 2008 the applicant itself must be verified with the Foundation for Fraud Prevention of Mortgages (*Stichting Fraudepreventie Hypotheken*, "SFH"). If the applicant has been recorded in the SFH system, no NHG Guarantee will be granted.

To qualify for an NHG Guarantee various conditions relating to valuation of the property must be met. In addition, the mortgage loan must be secured by a first ranking mortgage right (or a second ranking mortgage right in case

of a further advance). Furthermore, the borrower is required to take out insurance in respect of the mortgaged property against risk of fire, flood and other accidental damage for the full restitution value thereof. The borrower is also required to create a right of pledge in favour of the lender on the rights of the relevant borrower against the insurance company under the relevant life insurance policy connected to the mortgage loan or to create a right of pledge in favour of the lender on the proceeds of the investment funds. The terms and conditions also require a risk insurance policy which pays out upon the death of the borrower/insured for the period that the amount of the mortgage loan exceeds 80 per cent. of the value of the property.

The mortgage conditions applicable to each mortgage loan should include certain provisions, among which the provision that any proceeds of foreclosure on the mortgage right and the right of pledge on the life insurance policy or the investment funds shall be applied firstly towards repayment of the mortgage loan guaranteed under the NHG scheme.

Claiming under the NHG Guarantee

When a borrower is in arrears with payments under the mortgage loan for a period of three (3) months, a lender informs Stichting WEW. When the borrower is in arrears Stichting WEW may approach the lender and/or the borrower to attempt to solve the problem and make the borrower aware of the consequences. If an agreement cannot be reached, Stichting WEW reviews the situation with the lender to endeavour to generate the highest possible proceeds from the property. The situation is reviewed to see whether a private sale of the property, rather than a public auction, would generate proceeds sufficient to cover the outstanding mortgage loan. In case of a private sale permission of Stichting WEW is required unless the property is sold for an amount higher than 95 per cent. of the market value. In case of a forced private sale and an execution sale permission of Stichting WEW is in any case required.

Within one month after receipt of the proceeds of the private or forced sale of the mortgaged property, the lender must make a formal request to Stichting WEW for payment, using standard forms, which request must include all of the necessary documents relating to the original mortgage loan and the NHG Guarantee. After receipt of the claim and all the supporting details, Stichting WEW must make payment within two (2) months. If the payment is late, provided the request is valid, Stichting WEW must pay interest for the late payment period.

In the event that a borrower fails to meet its obligation to repay the mortgage loan and no or no full payment is made to the lender under the NHG Guarantee by Stichting WEW because of the lender's culpable negligence (*verwijtbaar handelen of nalaten*), the lender must act vis-à-vis the borrower as if Stichting WEW were still guaranteeing the repayment of the mortgage loan during the remainder of the term of the mortgage loan. In addition, the lender is not entitled to recover any amounts due under the mortgage loan from the borrower in such case. This is only different if the borrower did not act in good faith with respect to his inability to repay the mortgage loan and has failed to render his full cooperation in trying to have the mortgage loan repaid to the lender.

For mortgage loans originated after 1 January 2014, the mortgage lender will participate for 10 per cent. in any loss claims made under the NHG Guarantee. The lender is not entitled to recover this amount from the borrower.

Additional loans

Furthermore, on 1 July 2005 provisions were added to the NHG Conditions pursuant to which a borrower who is or threatens to be in arrears with payments under the existing mortgage loan may have the right to request Stichting WEW for a second guarantee to be granted by it in respect of an additional mortgage loan to be granted by the relevant lender. The moneys drawn down under the additional loan have to be placed on deposit with the relevant lender and may, up to a maximum period of two years, be used for, *inter alia*, payment of the amounts which are due and payable under the existing mortgage loan, interest due and payable under the additional mortgage loan and the costs made with respect to the granting of the additional mortgage loan. The relevant borrower needs to meet certain conditions, including, *inter alia*, the fact that the financial difficulties are caused by a divorce, unemployment, disability or death of the partner of the borrower.

Main NHG underwriting criteria (*Normen*) as of 1 January 2019 (*Normen 2019-1*)

With respect to a borrower, the underwriting criteria include, but are not limited to, the following:

- The lender has to perform a BKR check. Only under certain circumstances are registrations allowed.

- As a valid source of income the following qualifies: indefinite contract of employment, temporary contract of employment if the employer states that the employee will be provided an indefinite contract of employment in case of equal performance of the employee and equal business circumstances, a three (3) year history of income statements for workers with flexible working arrangements or during a probational period (*proeftijd*), or three (3) year (annual) statements for self-employed persons.
- The maximum loan based on the income of the borrowers is based on the '*financieringslast acceptatiecriteria*' tables and an annuity style redemption (even if the actual loan is (partially) interest only). The mortgage lender shall calculate the borrowing capacity of a borrower of a mortgage loan with a fixed interest term of less than ten (10) years on the basis of a percentage determined and published by the AFM, or, in case of a mortgage loan with a fixed interest term of ten (10) years or longer or if the mortgage loan is redeemed within the fixed interest term of less than ten (10) years, on the basis of the binding offer.

With respect to the mortgage loan, the underwriting criteria include, but are not limited to, the following:

- As of 1 January 2013, for new borrowers the redemption types are limited to Annuity Mortgage Loans and Linear Mortgage Loans with a maximal term of thirty (30) years.
- As of 1 January 2018, the maximum amount of the mortgage loan is dependent on the average house price level in the Netherlands (based on the information available from the Land Registry (*Kadaster*)) multiplied with the statutory loan to value, which is 100 per cent. if there are no energy saving improvements and 106 per cent. if there are energy saving improvements. As a consequence, there are two maximum loan amounts:
 - (i) EUR 290,000 for loans without energy saving improvements; and
 - (ii) EUR 307,400 for loans with energy saving improvements.

The loan amount is also limited by the amount of income and the market value of the property. With respect to the latter:

- For the purchase of existing properties, the loan amount is broadly based on the sum of (i) the lower of the purchase price and the market value based on a valuation report, (ii) the costs of improvements and (iii) an amount up to 6 per cent. of the amount under (i) plus (ii). In case an existing property can be bought without paying transfer taxes (*vrij op naam*), the purchase amount under (i) is multiplied by 97 per cent.
- For the purchase of new-build properties, the maximum loan amount is broadly based on the purchase price or amount contracted for, increased with a number of costs such as the cost of construction interest or loss of interest during the construction period (to the extent not already included in the purchase or construction cost).

13. ORIGINATION & SERVICING OF THE MORTGAGE LOANS

This section describes the generic origination and servicing procedures applied by Achmea Bank. Where the Mortgage Loans and Loan Parts have the benefit of an NHG Guarantee, the origination procedures prescribed by Stichting WEW are adhered to by Achmea Bank. For further information about such origination procedures, see section 12 (NHG Guarantee Programme) above.

Origination

General

The Mortgage Loans were each originated by one of the Originators.

The Mortgage Loans were originated either through direct marketing (under the names Centraal Beheer and Zilveren Kruis) and through independent intermediaries (under the name Woonfonds Hypotheken).

Procedure of Origination

The origination procedure starts as soon as Achmea Bank receives a loan application form (HDN)) from either the prospective borrower (execution only) or from an intermediary, such as a mortgage adviser, insurance agent, or real estate broker. The data from the form is entered into the respective automated offering-program system. This system evaluates whether the application meets the requirements for a mortgage loan. These requirements cover income, property valuation, borrower information and some general criteria.

When granting mortgage loans, Achmea Bank applies the Ministerial Decree (*Ministeriële Regeling*) and in addition the Code of Conduct on Mortgage Credit (*Gedragscode Hypothecaire Financieringen*) which form the industry body for mortgage lenders.

Ministerial Decree (Tijdelijke regeling hypothecair krediet)

The Ministerial Decree is applicable to all Dutch financial institutions offering mortgage loans for the purchase, reconstruction or refinancing of the Borrower's property since December 2012. The Ministerial Decree strictly regulates maximum LTV and Loan-to-Income (LTI) ratios. The current maximum LTV is 100 per cent. in 2018 (including all costs such as stamp duties). LTI limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. This table is updated annually by the National Institute for Budget guidance (Nibud) and ensures that income after (gross) mortgage servicing costs is still sufficient to cover normal costs of living.

In establishing the loan levels related to income, these tables are used by Achmea Bank. Furthermore, Achmea Bank tests a Borrower's income by modelling the mortgage loan on an annuity base and a thirty (30) year maturity date. Due to implemented changes, this test is performed with an approach on loan part level, instead of on loan level. With this approach, calculations are made based on actual burdens. The total sum is not allowed to be higher than the pre-defined maximum amount. Only under this circumstance, the mortgage loan will be granted.

Code of Conduct on Mortgage Credit (Gedragscode Hypothecaire Financieringen)

The Code of Conduct has been a guideline since January 2007 for all Dutch financial institutions offering mortgage loans for the purchase, construction, refurbishment or refinancing of the borrower's property. Since 2011 the Code of Conduct has become obligatory. The Code of Conduct stipulates how to determine the maximum loan capacity of the borrower, and operates on a 'comply or explain' basis. This means that each mortgage loan provided needs to comply with the Code of Conduct or an appropriate explanation needs to be provided. The calculation of the maximum loan capacity is based on an annuity calculation (assuming an amortising notional schedule), an interest rate determined quarterly by the 'Contactorgaan Hypothecair Financiers' (Dutch Association of Banks, NVB) and the maximum debt-to-income ratios (housing ratios), which depends on the income of the borrower. Currently, a minimum interest rate of 5 per cent applies to mortgage loans with a fixed rate of interest of up to a term of (ten) 10 years. For mortgage loans with longer fixed rate terms, the actual mortgage loan rates are to be used. Based on this interest rate and the duration of the loan a monthly payment is calculated. The total payments per year should be less than the maximum housing ratio.

National Credit Register (BKR)

A check is completed on every Borrower with the BKR, which check provides positive and negative credit information on all Borrowers with credit histories at financial institutions in the Netherlands. A loan is only granted if the Borrower has no outstanding negative credit history.

Moreover, from a regulatory perspective the Dutch Ministry of Finance has developed certain regulations regarding the maximum mortgage amount a Borrower can borrow. The maximum amount of the mortgage is restricted by the income of the Borrower and by the value of the underlying property. The origination process takes these regulations into account.

Valuation

To determine the foreclosure / market value of the property securing the mortgage loan either a valuation report by an independent registered valuer is used. In case of an increase of an existing loan and under strict circumstances, a WOZ value statement is used. In case of new-build property the value is based on a construction or purchase contract.

Acceptance

Once in case the application meets all criteria, a loan proposal is sent to the applicant or to his intermediary/mortgage broker. The proposal remains valid for acceptance for a period of two (2) or three (3) weeks. If the Borrower accepts the proposal, then after receipt of other relevant documents (such as proof of income and insurance policies) and after successful valuation of the underlying property, the loan will be granted.

The Borrower will then be informed that the loan has been granted and a civil law notary will be advised of the exact terms and conditions of the loan and asked to draft a notarial deed for the mortgage loan. The original deed is kept by the civil law notary, but a digitalised copy of the deed and of all other relevant original documents are stored by Achmea Bank. The civil law notary is also responsible for registering the mortgage with the Land Registry (*Kadaster*).

Servicing

Mortgage Administration

Once a Mortgage Loan has been granted and is registered by the civil law notary, the regular administration of the Mortgage Loan commences. Administration of the Mortgage Loan refers to those activities that occur during the regular transit time of the mortgage, such as changes in interest, making payments out of the construction depot as the construction of the building progresses, administration of (partial) redemption payments, subsequent recalculation of the new interest payments or even termination of the loan if full repayment has been made. The administration of the Mortgage Loans is outsourced to Quion Services B.V.

Interest Collections

Payments are typically scheduled to be received by Achmea Bank on the first business day of each month. The percentage of Borrowers paying by way of direct debit is ninety eight and a half (98.5) per cent. This automated process has a fail rate of approximately one (1.0) per cent. This can be caused by a change in the bank account details of the Borrower of which Achmea Bank may not have been notified or if the account has insufficient funds. The Borrower will receive a first reminder on the eight (8th) business day after non-payment. Payment information is monitored daily by personnel in the Arrears Management department (*Debiteuren Beheer*).

Arrears management

The Arrears Management department handles all contact with the Borrower in terms of payments and arrears. Arrears Management reminder letters are automatically generated by the system and sent out to the Borrower first on the third (3rd) day after non-payment (when the client is also contacted by phone) and second within fifteen (15) days after the first reminder. If the internal analysis reveals significant Borrower's payment problems (including a check at BKR revealing that the borrower has significant problems elsewhere), the file will be transferred immediately to Default Management (*Bijzonder Beheer*). Otherwise, contact with the Borrower will be made by Arrears Management and the account is given active treatment status. Arrears Management works with the Borrower to ascertain whether a solution with regard to his/her payment problem can then be reached. This is mostly done by telephone. In most cases, the borrower makes full payment shortly after this contact or signs a settlement plan. Settlement plans, which must be signed by the Borrower, typically have a three (3) month horizon with exceptional cases allowing for up to eighteen (18) months. To make this plan, detailed information is

collected on the Borrower's current job status, actual income, and monthly outflows. Subsequently the agreed plan is closely monitored and deviation leads to the file being transferred to Default Management. Throughout the Arrears Management process, the aim is to come to a solution with the borrower and to continue the relationship with the client. Restructuring the loan-conditions will be looked into and if necessary the Borrower will get free advice from a financial advisor. If the Arrears Management department is unable to contact the client, a third party will approach the client. Furthermore, if the client has financial problems a "budget coach" will be offered to the client by Achmea Bank.

Default management

If no contact can be made a third reminder is sent forty-five (45) days after non-payment. If Arrears Management is unsuccessful in its attempts to get the Borrower out of the arrears situation for more than three (3) months after the first missed payment, the file will also be transferred to Default Management. Whereas Arrears Management tries to get payment but also to keep customer satisfaction in mind, Default Management will use all legal means to receive payment. This can include obtaining a letter of lien of salary (the employer will deduct the agreed amount from the Borrower's salary before salary payment is made, and this deduction is paid directly to the Lender) and/or getting a third party guarantor to assist in payment and guaranteeing future payment.

A joint effort to sell the property is often made. The Borrower can choose to sell his/her house at this stage, which will be accepted by Achmea Bank if revenues from a voluntary sale cover the outstanding debt in full, or if it is expected that foreclosure will realise a lower recovery value. Also at this stage Achmea Bank obtains a notarial power of attorney to sell the house.

If all the above measures are unsuccessful the last step is foreclosure. Default Management will try to minimize foreclosures as much as possible (because of a lower return compared to other means of sale of the property) by extending the period of obtaining private sales and by other means to accomplish a successful private sale, amongst others via a real estate broker.

Foreclosure process

If a workout plan cannot be negotiated with the Borrower or the Borrower fails to comply with the settlement, the foreclosure process starts. A civil law notary is appointed to initiate the foreclosure process. In general, the decision to foreclose will be taken six (6) to twelve (12) months following the transfer to Default Management. Default Management calculates the best method of maximising the sale value of the property. This could mean that the property is sold either as a private sale or by public auction. A private sale can, and often does, precede a public auction. When the decision is made to foreclose, the head of the department gives formal instruction to the civil law notary. The date of the sale will be set by the civil law notary within three weeks of this instruction and, usually, will be four to ten weeks after the decision to foreclose (depending on the region and the number of other foreclosures currently being handled). Throughout the foreclosure process, Achmea Bank's management team works according to guidelines set down by Dutch law, the lender and the BKR.

Past case laws in the Netherlands have emphasized that if the outstanding loan is higher than the expected proceeds of the foreclosure of the property, a foreclosure procedure may only be executed if such foreclosure is the final remedy after the bank has exhaustively taken all other possible measures and actions to recover outstanding arrears, in order to minimize the risk that the Borrower will be left with a remaining debt after foreclosure (which might be considered as unreasonable and unlawful).

Debt after sale or foreclosure

If amounts are still outstanding after the foreclosure process has been completed, Default Management continues to manage the remaining receivables indirectly. The entire file is handed over to a bailiff who will continue to seek payment from the Borrower through all available means, except when there is an agreement with the client about the payment of the outstanding amounts, in which case Default Management will retain the file.

Pre-emptive arrears management

Arrears Management and Default Management have recently developed pre-emptive arrears management. This should lead to lower arrears and lower losses at default.

Pre-emptive arrears management consists of a check on early warning signals of arrears, for example when:

- a client is getting a divorce;

- a client expects to lose his job;
- a client expects to sell his house with a loss;
- a client having a high loan-to-value.

Borrowers have a possibility to contact Achmea Bank for expected pre-emptive arrears issues. Furthermore, with an analysis of the total mortgage portfolio, Arrears Management and Default management aim to identify certain groups of clients with a potentially higher credit risk. Detailed working process descriptions of all the above steps are available and used by the Servicer.

14. SERVICING AND ADMINISTRATION

Servicing

In the Servicing Agreement Achmea Bank agrees to act as the Servicer in respect of the relevant Mortgage Receivables. The Servicer will agree (i) to provide administration and management services to the CBC on a day-to-day basis in relation to the relevant Mortgage Loans and the relevant Mortgage Receivables, including, without limitation, the collection and recording of payments of principal, interest and other amounts in respect of the relevant Mortgage Receivables and the implementation of arrears procedures including the enforcement of relevant Mortgages, (ii) to communicate with the Borrowers and (iii) to investigate payment delinquencies.

The Servicer will be obliged to service the relevant Mortgage Loans and the relevant Mortgage Receivables with the same level of skill, care and diligence as mortgage loans in its own portfolio.

The Servicer will, in accordance with the terms of the Servicing Agreement, initially appoint Quion Services B.V., as its sub-agent to carry out (part of) the servicing on its behalf. Any sub-contracting in accordance with the Servicing Agreement shall not in any way relieve the Servicer from its obligations under the Servicing Agreement which it shall continue to be liable as if no such appointment had been made and as if the acts and omissions of the sub-agent or sub-servicer were the acts and omissions of the Servicer.

Administration

In the Administration Agreement the Administrator will agree to provide certain administration, calculation and cash management services to the CBC on a day-to-day basis, including (i) all calculations to be made in respect of the Covered Bonds and the Transaction Documents and (ii) to prepare monthly Asset Cover Reports for the CBC including the relevant calculations in respect of the Asset Cover Test.

Back-up Administration

In the Back-up Administration Agreement the Back-up Administrator is appointed as substitute administrator to perform certain administration, calculation and cash management services for the CBC on a day-to-day basis, in accordance with and subject to the provisions of the Administration Agreement and the provisions of the Back-up Administration Agreement, under the condition precedent (*opschortende voorwaarde*) that the appointment of Achmea Bank as Administrator under the Administration Agreement has been terminated.

Termination

The Servicing Agreement and the Administration Agreement may be terminated by the Security Trustee or the CBC (with the consent of the Security Trustee) in certain circumstances (in respect of the relevant party only), including (a) a default by the Servicer and/or the Administrator in the payment on the due date of any payment due and payable by it under the Servicing Agreement or, as the case may be, Administration Agreement, (b) a default is made by the Servicer and/or the Administrator in the performance or observance of any of its other covenants and obligations under the Servicing Agreement or, as the case may be, Administration Agreement, (c) the Servicer and/or the Administrator has taken any corporate action or any steps have been taken or legal proceedings have been instituted or threatened against it for its suspension of payments, or for any analogous insolvency proceedings under any applicable law or for bankruptcy or for the appointment of a receiver or a similar officer of its or any or all of its assets or (d) the Servicer is no longer licensed to act as intermediary (*bemiddelaar*) and offeror (*aanbieder*) under the Wft.

Upon termination of the Servicing Agreement or, as the case may be, the Administration Agreement in respect of the Administrator or the Servicer, the Security Trustee and the CBC undertake to appoint a substitute servicer and/or substitute administrator, as the case may be, and such substitute servicer and/or substitute administrator, as the case may be, shall enter into an agreement with the CBC and the Security Trustee substantially on the terms of the Servicing Agreement or, as the case may be, Administration Agreement, provided that such substitute servicer and/or substitute administrator shall have the benefit of a servicing fee and an administration fee at a level to be then determined. Any such substitute servicer must (i) have experience of administering mortgage loans and mortgages of residential property in the Netherlands and (ii) hold a licence under the Wft. The CBC shall, promptly following the execution of such agreement, pledge its interest in such agreement in favour of the Security Trustee on the terms of the Security Trustee Rights Pledge Agreement, *mutatis mutandis*, to the satisfaction of the Security Trustee.

The Servicing Agreement and the Administration Agreement may be terminated by the CBC or the Servicer or, as the case may be, the Administrator upon the expiry of not less than twelve (12) months' notice of termination given by the Servicer or, as the case may be, the Administrator to each of the CBC and the Security Trustee or by the CBC to the Servicer or Administrator and the Security Trustee provided that, *inter alia*, (a) the Security Trustee consents in writing to such termination and (b) a substitute servicer or administrator, as the case may be, shall be appointed, such appointment to be effective not later than the date of termination of the Servicing Agreement or, as the case may be, the Administration Agreement and the Servicer or Administrator shall not be released from its obligations under the Servicing Agreement or, as the case may be, the Administration Agreement until such substitute servicer or administrator has entered into such new agreement.

15. PARTICIPATION AGREEMENTS

General

For as long as no Notice to Pay or CBC Acceleration Notice has been served, pursuant to the Trust Deed, all amounts to be paid and received, respectively by the CBC under the Insurance Savings Participation Agreement and the Bank Savings Participation Agreement will be settled on behalf of the CBC by the Issuer (see further section 18 (*Cashflows*)).

A. Insurance Savings Participation

Under the Insurance Savings Participation Agreement entered into between the CBC, the Insurance Savings Participant and the Security Trustee, the CBC grants the Insurance Savings Participant a sub-participation in the Savings Mortgage Receivables and the Life Mortgage Receivables with a Savings Element, originated by Transferor.

Participations

In an Insurance Savings Participation Agreement the Insurance Savings Participant has undertaken to pay to the CBC:

- (i) (a) in respect of Savings Mortgage Receivables and Life Mortgage Receivables with a Savings Element on the Transfer Date on which a Savings Mortgage Receivable or a Life Mortgage Receivables with a Savings Element is transferred to the CBC or (b) in respect of a Savings Switch from any type of Mortgage Loan into a Savings Mortgage Receivable or Life Mortgage Receivable with a Savings Element, on the CBC Payment Date succeeding such Savings Switch, an amount equal to the sum of the Savings Premium in respect of Savings Insurance Policies or a Life Insurance Policy with a Savings Alternative received by the Insurance Savings Participant in relation to such Savings Mortgage Loan or Life Mortgage Loan with a Savings Element with accrued interest up to the first day of the month in which such Transfer Date or CBC Payment Date, as applicable, falls (the "**Initial Insurance Savings Participation**") in relation to each of the Savings Mortgage Receivables and each of the Life Mortgage Receivables with a Savings Element; and
- (ii) on each CBC Payment Date thereafter an amount equal to the amount received by the Insurance Savings Participant as Savings Premium and Savings Investment Premium during the previous month in respect of the relevant Savings Insurance Policies and the Life Insurance Policy with a Savings Alternative, respectively,

provided that in respect of the relevant Savings Mortgage Receivable and the relevant Life Mortgage Receivable with a Savings Element which is subject to an Insurance Savings Participation, no amounts will be paid to the extent that, as a result thereof, the Insurance Savings Participation in the relevant Savings Mortgage Receivable and the relevant Life Mortgage Receivable with a Savings Element would exceed the Outstanding Principal Amount of the relevant Savings Mortgage Receivable or the relevant Life Mortgage Receivable with a Savings Element, respectively.

If and when such payment has been made, as a consequence of such payments the Insurance Savings Participant will acquire the Initial Insurance Savings Participation in each of the relevant Savings Mortgage Receivables or each of the relevant Life Mortgage Receivable with a Savings Element, which is equal to the Initial Insurance Savings Participation in respect of the relevant Savings Mortgage Receivables or Life Mortgage Receivable with a Savings Element increased during each month on the basis of the following formula (the "**Insurance Savings Participation Increase**"):

$(P/H \times R) + S$, whereby:

- P = the Insurance Savings Participation on the first day of the relevant month in the relevant Savings Mortgage Receivable or the relevant Life Mortgage Receivable with a Savings Element;
- S = the amount received by the CBC from or on behalf of the Insurance Savings Participant in such month in respect of the relevant Savings Mortgage Receivable or the relevant Life Mortgage Receivable with a Savings Element pursuant to the Insurance Savings Participation Agreement;

- H = the Outstanding Principal Amount of the relevant Savings Mortgage Receivable or the relevant Life Mortgage Receivable with a Savings Element on the first day of the relevant month;
- R = the amount of interest, due by the Borrower on the relevant Savings Mortgage Receivable or the relevant Life Mortgage Receivable with a Savings Element and actually received by the CBC in such month.

In consideration for the undertakings of the Insurance Savings Participant described above, the CBC has undertaken to pay to the Insurance Savings Participant on each CBC Payment Date, in respect of each Savings Mortgage Receivable and each Life Mortgage Receivable with a Savings Element, which is subject to an Insurance Savings Participation for an amount equal to the amounts received during the relevant month or, in the case of a transfer during a month, which falls in the period which commences on the Transfer Date or the date the Life Mortgage Loans are switched from the Investment Alternative to investments in the Savings Alternative and ends on the last day of such month up to the amount received (i) by means of repayment and prepayment under the relevant Savings Mortgage Receivable or the relevant Life Mortgage Receivable with a Savings Element which is subject to an Insurance Savings Participation but excluding any prepayment penalties and interest penalties, if any, and, furthermore, excluding amounts paid as partial prepayments on the relevant Savings Mortgage Receivable or the relevant Life Mortgage Receivable with a Savings Element which is subject to an Insurance Savings Participation, (ii) in connection with the retransfer of a Savings Mortgage Receivable or a Life Mortgage Receivable with a Savings Element which is subject to an Insurance Savings Participation pursuant to the Guarantee Support Agreement to the extent such amounts relate to principal, (iii) in connection with the transfer of a Savings Mortgage Receivable or a Life Mortgage Receivable with a Savings Element which is subject to an Insurance Savings Participation to the extent such amounts relate to principal and (iv) as Net Proceeds on any Savings Mortgage Receivable or any Life Mortgage Receivable with a Savings Element which is subject to an Insurance Savings Participation to the extent such amounts relate to principal, in each case with a maximum of the Insurance Savings Participation (the "**Insurance Savings Participation Redemption Available Amount**").

Reduction of Insurance Savings Participation

If a Borrower invokes a defence, including but not limited to a right of set-off or counterclaim against any person, in respect of a Savings Mortgage Receivable or a Life Mortgage Receivable with a Savings Element, which is subject to an Insurance Savings Participation or if, for whatever reason, the Insurance Savings Participant does not pay the insurance proceeds when due and payable, whether in full or in part, under the relevant Savings Insurance Policy or the relevant Life Insurance Policy with a Savings Alternative, and, as a consequence thereof, the CBC will not have received any amount outstanding prior to such event in respect of such Savings Mortgage Receivable or such Life Mortgage Receivable with a Savings Element, the Insurance Savings Participation of the Insurance Savings Participant in respect of such Savings Mortgage Receivable or Life Mortgage Receivable with a Savings Element will be reduced by an amount equal to the amount which the CBC has failed to so receive. The calculation of the Insurance Savings Participation Redemption Available Amount shall be adjusted accordingly.

Enforcement

If a CBC Acceleration Notice is served by the Security Trustee to the CBC, then and at any time thereafter the Security Trustee on behalf of the Insurance Savings Participant may, and if so directed by the Insurance Savings Participant shall, by notice to the CBC:

- (i) declare that the obligations of the Insurance Savings Participant under the Insurance Savings Participation Agreement are terminated; and
- (ii) declare the Insurance Savings Participation to be immediately due and payable, whereupon it shall become so due and payable, but such payment obligations shall be limited to the Insurance Savings Participation Redemption Available Amount received or collected by the CBC or, in case of enforcement, the Security Trustee under the Savings Mortgage Receivables and the Life Mortgage Receivables with a Savings Element, which are subject to an Insurance Savings Participation.

Termination

If one or more of the Savings Mortgage Receivables or the Life Mortgage Receivables with a Savings Element which are subject to an Insurance Savings Participation are sold by the CBC to a third party or the Transferor pursuant to the Asset Monitoring Agreement or are retransferred to the Transferor, the Insurance Savings

Participation in such Savings Mortgage Receivables or such Life Mortgage Receivables with a Savings Element will terminate and the Insurance Savings Participation Redemption Available Amount in respect of such Savings Mortgage Receivables or such Life Mortgage Receivables with a Savings Element will be paid by the CBC to the Insurance Savings Participant. If so requested by the Insurance Savings Participant, the CBC will use its best efforts to ensure that the acquirer of the Savings Mortgage Receivables and/or the Life Mortgage Receivables with a Savings Element which are subject to an Insurance Savings Participation will enter into an insurance savings participation agreement with the Insurance Savings Participant in a form similar to the Insurance Savings Participation Agreement. Furthermore, the Insurance Savings Participation envisaged in the Insurance Savings Participation Agreement shall terminate if at the close of business of any CBC Payment Date the Insurance Savings Participant has received the Insurance Savings Participation in respect of the relevant Savings Mortgage Receivable and/or the relevant Life Mortgage Receivable with a Savings Element.

If, in case of an Life Mortgage Loan with a Savings Element, all or part of the premia accumulated in the relevant Life Insurance Policy with a Savings Alternative are switched to the Investment Alternative, the sub-participation envisaged in the Insurance Savings Participation Agreement shall terminate, in whole or in part, and the Insurance Savings Participation Redemption Available Amount (or part thereof, if applicable) in respect of such Savings Mortgage Receivable or such Life Mortgage Receivable with a Savings Element will be paid by the CBC to the Insurance Savings Participant, but only if and to the extent that on the relevant CBC Payment Date or any later CBC Payment Date the amounts received by the CBC under the Insurance Savings Participation Agreement are sufficient for this purpose on such date.

B. Bank Savings Participation

Under the Bank Savings Participation Agreement the CBC will grant to each Bank Savings Participant a Bank Savings Participation in the relevant Bank Savings Mortgage Receivables.

Bank Savings Accounts

The conditions applicable to the Bank Savings Mortgage Loans stipulate that amounts paid by the Borrowers will be deposited by the Bank Savings Participant on the relevant Bank Savings Account held with Achmea Bank.

Bank Savings Participation

In the Bank Savings Participation Agreement the Bank Savings Participant has undertaken to pay to the CBC:

- (i) on the Transfer Date on which a Bank Savings Mortgage Receivable is transferred to the CBC, an amount equal to the sum of the Bank Savings Deposits received by the Bank Savings Participant in relation to such Bank Savings Mortgage Receivable with accrued interest up to the first day of the month in which such Transfer Date falls (the "**Initial Bank Savings Participation**"); and
- (ii) on each CBC Payment Date thereafter an amount equal to the amount received by the Bank Savings Participant on the relevant Bank Savings Account in relation to the relevant Bank Savings Mortgage Receivables during the Calculation Period immediately preceding such CBC Payment Date,

provided that no amounts will be paid to the extent that, as a result thereof, the Bank Savings Participation in the relevant Bank Savings Mortgage Receivable would exceed the Outstanding Principal Amount of the relevant Bank Savings Mortgage Receivable.

If and when such payment has been made, as a consequence of such payments the Bank Savings Participant will acquire the Bank Savings Participation in each of the relevant Bank Savings Mortgage Receivables, which is equal to the Initial Bank Savings Participation in respect of the relevant Bank Savings Mortgage Receivables increased during each month on the basis of the following formula (the "**Bank Savings Participation Increase**"):

$(P/H \times R) + S$, whereby:

P = Bank Savings Participation on the first day of the relevant month;

S = the amount received by the CBC pursuant to the Bank Savings Participation Agreement on the CBC Payment Date immediately succeeding the relevant Calculation Date in respect of the relevant Bank Savings Mortgage Receivable from the Bank Savings Participant;

- H = the Outstanding Principal Amount of the relevant Bank Savings Mortgage Receivable on the first day of the relevant month;
- R = the amount of interest due by the Borrower on the relevant Bank Savings Mortgage Receivable and actually received by the CBC in respect of such Calculation Period;

In consideration for the undertakings of the Bank Savings Participant described above, the CBC has undertaken to pay to the Bank Savings Participant on each CBC Payment Date in respect of the Bank Savings Mortgage Receivables which are subject to a Bank Savings Participation an amount equal to the amounts received during the relevant month or, in the case of a transfer during a month, which falls in the period which commences on the date on which the condition precedent is fulfilled or if later, the Transfer Date and ends on the last day of such month (i) by means of repayment and prepayment under the relevant Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation but excluding any prepayment penalties and interest penalties, if any, and, furthermore, excluding amounts paid as partial prepayments on the relevant Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation (ii) in connection with the retransfer of a Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation pursuant to the Guarantee Support Agreement to the extent such amounts relate to principal, (iii) in connection with the transfer of a Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation to the extent such amounts relate to principal and (iv) as Net Proceeds on any Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation to the extent such amounts relate to principal, in each case with a maximum of the relevant Bank Savings Participation (the "**Bank Savings Participation Redemption Available Amount**").

Reduction of Bank Savings Participation

If a Bank Savings Deposit is automatically set-off with the relevant Bank Savings Mortgage to which it is connected, or a Borrower invokes a defence, including but not limited to a right of set-off or counterclaim against any person in respect of a relevant Bank Savings Mortgage Receivable and if, for whatever reason, the Bank Savings Participant does not pay the amounts due under the relevant Bank Savings Mortgage Receivable, whether in full or in part, and, as a consequence thereof, the CBC will not have received any amount outstanding prior to such event in respect of such relevant Bank Savings Mortgage Receivable, the Bank Savings Participation of the Bank Savings Participant in respect of such relevant Bank Savings Mortgage Receivable, will be reduced by an amount equal to the amount which the CBC has failed to so receive and the calculation of the Bank Savings Participation Redemption Available Amount shall be adjusted accordingly.

Enforcement Notice

If a CBC Acceleration Notice is served by the Security Trustee to the CBC, then and at any time thereafter the Security Trustee on behalf of any Bank Savings Participant may, and if so directed by the Bank Savings Participant shall, by notice to the CBC:

- (i) declare that the obligations of the Bank Savings Participant under the Bank Savings Participation Agreement are terminated; and
- (ii) declare the Bank Savings Participation in relation to the relevant Bank Savings Mortgage Receivables to be immediately due and payable, whereupon it shall become so due and payable, but such payment obligations shall be limited to the Bank Savings Participation Redemption Available Amount received or collected by the CBC or, in case of enforcement, the Security Trustee under the relevant Bank Savings Mortgage Receivables.

Termination

If one or more of the relevant Bank Savings Mortgage Receivables are sold by the CBC to a third party or the Transferor pursuant to the Asset Monitoring Agreement or are otherwise retransferred to the Transferor, the Bank Savings Participation in such relevant Bank Savings Mortgage Receivables will terminate and the Bank Savings Participation Redemption Available Amount in respect of the relevant Bank Savings Mortgage Receivables will be paid by the CBC to the Bank Savings Participant. If so requested by the Bank Savings Participant, the CBC will use its best efforts to ensure that the acquirer of the relevant Bank Savings Mortgage Receivables will enter into a bank savings participation agreement with the Bank Savings Participant in a form similar to the Bank Savings Participation Agreement. Furthermore, the Bank Savings Participation envisaged in the Bank Savings Participation Agreement shall terminate if at the close of business of any CBC Payment Date the Bank Savings Participant has received the Bank Savings Participation in respect of the relevant Bank Savings Mortgage Receivables.

16. ASSET MONITORING

ASSET COVER TEST

Under the Asset Monitoring Agreement and the Guarantee Support Agreement, the CBC and the Issuer have undertaken on a reasonable efforts and best efforts basis, respectively, that as at the end of each calendar month *until* the service of a Notice to Pay or CBC Acceleration Notice:

- (i) the Adjusted Aggregate Asset Amount shall be an amount at least equal to the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item B as defined below under '*Adjusted Aggregate Asset Amount*', up to the date specified in such item (B)), all as calculated on the immediately succeeding Calculation Date;
- (ii) the First Regulatory Current Balance Amount shall be at least equal to 105% (or such other percentage as may be required from time to time under the CB Regulations) of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item B as defined below under '*Adjusted Aggregate Asset Amount*', up to the date specified in such item (B)) all as calculated on the immediately succeeding Calculation Date; and
- (iii) the Second Regulatory Current Balance Amount shall be at least equal to 100% (or such other percentage as may be required from time to time under the CB Regulations) of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item B as defined below under '*Adjusted Aggregate Asset Amount*', up to the date specified in such item (B)) all as calculated on the immediately succeeding Calculation Date, (item (i) up to and including item (iii), the "**Asset Cover Test**").

Pursuant to the Administration Agreement the Administrator will calculate the Asset Cover Test on each Calculation Date. If at the end of a calendar month (or with respect to item (B) as defined below under '*Adjusted Aggregate Asset Amount*', up to the date specified in item (B)) the Asset Cover Test has not been met, then the Administrator will promptly notify the CBC thereof under the Asset Monitoring Agreement, and the CBC will promptly notify the Issuer thereof pursuant to the Asset Monitoring Agreement, and the Issuer will undertake its best efforts to transfer or procure the transfer of sufficient further Eligible Receivables to the CBC in accordance with the Guarantee Support Agreement to ensure that the Asset Cover Test is met promptly and in any event at the end of the next succeeding calendar month.

Such a breach of the Asset Cover Test will not constitute an Issuer Event of Default. However, it will prevent the Issuer from issuing any further Series after such Calculation Date, until remedied and, if it is not remedied on the next Calculation Date (such failure to remedy the Asset Cover Test as calculated on the next succeeding Calculation Date being a "**Breach of Asset Cover Test**") the Security Trustee will be entitled to serve a Breach of Asset Cover Test Notice on the Issuer and the CBC. Upon receipt of such a Breach of Asset Cover Test Notice, the Issuer will (continue to) use its best efforts to transfer or procure the transfer of sufficient Eligible Assets to the CBC, either directly or indirectly by it. A Breach of Asset Cover Test may be remedied and after being remedied the Issuer may issue new Series subject to other conditions being met. After the service of a Breach of Asset Cover Test Notice and provided that the Breach of Asset Cover Test has not been remedied, the CBC shall be allowed to retain the proceeds received on the Transferred Assets until the Breach of Asset Cover test is remedied.

As at the date of this Base Prospectus, the Asset Percentage is 93.5%. The Issuer may request the CBC to increase or decrease the Asset Percentage. The CBC will accept any request for a decrease of the Asset Percentage and the Asset Percentage will be adjusted accordingly. The CBC will only accept any request for an increase of the Asset Percentage and the Asset Percentage will only be adjusted accordingly if (i) Fitch has been notified thereof and by the third calendar day after such notification, Fitch has not communicated that such increase of the Asset Percentage will have a negative effect on the then current ratings assigned by it on the Covered Bonds and (ii) in respect of other Rating Agencies, subject to Rating Agency Confirmation from such Rating Agency.

The most recent Asset Percentage will be included in the Investor Report.

In the Administration Agreement, the Administrator agrees to prepare the Asset Cover Reports and to provide certain administration, calculation and cash management services for the CBC on a day-to-day basis, including without limitation, all calculations to be made pursuant to the Conditions in connection with the Covered Bonds,

subject to and in accordance with the Administration Agreement. Each Asset Cover Report will be included in the Investor Report. In the Trust Deed, the Security Trustee agrees to, upon receipt of each Asset Cover Report, verify whether such Asset Cover Report states that the Asset Cover Test has been passed or failed and, if failed, whether the following Asset Cover Report states that the Asset Cover Test has been failed for the second time, meaning that a Breach of Asset Cover Test shall have occurred.

For the purposes hereof:

"Adjusted Aggregate Asset Amount" means $A + B + C - Z$.

"A" means the lower of:

- (a) the sum of all Adjusted Current Balances of all Mortgage Receivables. The "Adjusted Current Balance" of a Mortgage Receivable is the lower of:
 - (i) the Current Balance of such Mortgage Receivable minus α ; and
 - (ii) the LTV Cut-Off Percentage of the Adjusted Valuation relating to such Mortgage Receivable, minus β ; and
- (b) the Asset Percentage of the Current Balance minus α of all Mortgage Receivables.

" α " means for each Mortgage Receivable the lower of (i) its Current Balance and (ii) the sum of the following elements, to the extent applicable to it:

- (i) if it is a Savings Mortgage Receivable, Life Mortgage Receivable with a Savings Element or a Bank Savings Mortgage Receivable an amount calculated on the basis of a method proposed to the Rating Agencies, related to the built-up of savings, provided that no amount will be deducted for as long as the Insurance Savings Participation Agreement or the Bank Savings Participation Agreement, respectively, is in place;
- (ii) if it was in breach of the Mortgage Receivable Warranties as of the relevant Transfer Date: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero;
- (iii) if it is three (3) months or more in arrears or it is a Defaulted Receivable: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero;
- (iv) if the Issuer's rating from Fitch falls below 'A' (long term) or 'F1' (short term), an additional amount in connection with the possible set-off risk pertaining to deposits maintained by Borrowers with the Issuer for mortgage loans issued by the Issuer being equal to (i) the amount deposited with the Issuer by the relevant Borrower minus any amounts which are guaranteed under the Deposit Guarantee Scheme (*depositgarantiestelsel*) from time to time or (ii) such lower amount as long as this will not adversely affect the rating of any Series; and
- (v) if it corresponds to a Construction Deposit: the amount of the Construction Deposit.

"Construction Deposit" means in relation to a Mortgage Loan, that part of the Mortgage Loan which the relevant Borrower requested to be disbursed into a blocked account held in his name with the relevant Transferor, the proceeds of which can only be applied towards construction of, or improvements to, the relevant Mortgaged Asset.

" β " means for each Mortgage Receivable the lower of (i) the LTV Cut-Off Percentage of its Adjusted Valuation and (ii) α minus L.

"Asset Percentage" means 93.5% or such other percentage figure as is determined from time to time in accordance with the Asset Monitoring Agreement as described above.

"Current Balance" means in relation to an Eligible Receivable at any date, the aggregate (without double counting) of the Net Outstanding Principal Amount, Accrued Interest (unless it concerns calculations for either the Asset Cover Test or the Amortisation Test Aggregate Asset Amount, in which case Accrued Interest will not be included) and Arrears of Interest as at that date.

"LTV Cut-Off Percentage" means 80% for all Mortgage Receivables or such other percentage as may be notified to the Rating Agencies from time to time in respect of the relevant Mortgage Receivables, or such lower percentage as is (a) required from time to time for Covered Bonds to qualify as 'covered bonds' as defined in the CRD IV or (b) otherwise determined from time to time in accordance with the Asset Monitoring Agreement.

"B" means the amount of any cash standing to the credit of the CBC Transaction Accounts and the CBC Back-Up Account (other than any collateral provided in the form of cash by a Swap Counterparty but including any amounts on the Reserve Account) including on the relevant Calculation Date on which the Asset Cover Test is calculated any Principal Receipts and Interest Receipts (to the extent not required to be paid to a Swap Counterparty) related to the calendar month preceding such Calculation Date paid by the relevant Borrowers and received by the CBC on its CBC Accounts and the CBC Back-Up Account up to the Business Day immediately preceding such Calculation Date.

"C" means the aggregate outstanding principal amount of all Transferred Collateral in Substitution Assets and accrued interest thereon which has not been applied in accordance with the Trust Deed. Substitution Assets will be valued on a monthly basis and be taken into account for their mark-to-market value at a discount based on a methodology notified to the Rating Agencies.

"Z" means an amount equal to the Interest Reserve Required Amount.

"Interest Reserve Required Amount" means on the date with respect to which the Asset Cover Test is calculated (i.e. the end of each calendar month), the higher of zero and (i) U plus V minus W on such date; or (ii) such lower amount as long as this will not adversely affect the rating of any Series; whereas

"U" means the sum of the aggregate amount of interest payable in respect of all Series of Covered Bonds from the relevant date up to and including the relevant Maturity Date minus any amount of interest to be received under a Portfolio Swap Agreement in connection with a Series of Covered Bonds.

"V" means the product of:

- (i) the higher of (a) zero; and (b) the difference between (i) the Portfolio Weighted Average Life and (ii) the Series Weighted Average Life,

"Estimated Portfolio Interest Income" means on the date with respect to which the Asset Cover Test is determined (i.e. the end of each calendar month), the aggregate amount, as determined by the CBC (or the Administrator on its behalf) (and such estimation, absent manifest error, being final and binding), of future interest receipts on the Mortgage Receivables and future interest income derived from Substitution Assets on such date, and such estimation to be calculated as the sum of:

- (i) all Fixed Interest Loan Payment Amounts;
- (ii) all Variable Interest Loan Payment Amounts; and
- (iii) all Substitution Assets Payment Amounts.

"Fixed Interest Loan Payment Amount" means (as determined by the CBC (or the Administrator on its behalf)

and such determination, absent manifest error, being final and binding), with respect to each outstanding Mortgage Receivable with a fixed interest rate, the product of (x) the expected weighted average life (expressed in years) of all Mortgage Receivables with a fixed interest rate; and (y) the weighted average interest rate (expressed as a percentage) of all Mortgage Receivables (where upon the interest reset date of such Mortgage Receivable the interest rate is assumed to be reset at the Assumed Mortgage Interest Rate); and (z) the aggregate Outstanding Principal Amount of such Mortgage Receivable.

"Variable Interest Loan Payment Amount" means (as determined by the CBC (or the Administrator on its behalf) and such determination, absent manifest error, being final and binding), with respect to each outstanding Mortgage Receivable with a variable interest rate, the product of (x) the expected weighted average life (expressed in years) of all Mortgage Loans with a variable interest rate, (y) the Assumed Mortgage Interest Rate; and (z) the aggregate Outstanding Principal Amount of such outstanding Mortgage Receivable.

"Substitution Assets Payment Amount" means (as determined by the CBC (or the Administrator on its behalf) and such determination, absent manifest error, being final and binding), with respect to each Substitution Asset the sum of the aggregate interest expected to be received up to and including the maturity date of the respective Substitution Asset.

"Original Market Value" in relation to any Mortgaged Asset the foreclosure value (*executiewaarde*) given to that Mortgaged Asset by the most recent valuation addressed to the Transferor that transferred the relevant Mortgage Receivable to the CBC, divided by 0.90 or such other factor as required from time to time by the applicable rules and regulations or any internal requirement of the Transferor in relation thereto or, as applicable, the market value (*marktwaaarde*) given to that Mortgaged Asset by the most recent valuation addressed to the Transferor that transferred the relevant Mortgage Receivable to the CBC.

"Adjusted Valuation" in relation to any Mortgaged Asset at any date means:

- (a) where the Original Market Value of that Mortgaged Asset is equal to or greater than the Adjusted Market Value as at that date, the Adjusted Market Value; or
- (b) where the Original Market Value of that Mortgaged Asset is less than the Adjusted Market Value as at that date, the Original Market Value plus 90% (or, if a different percentage is required or sufficient from time to time for the Covered Bonds to qualify as "covered bonds" as defined in the CRR and the Issuer wishes to apply such different percentage, then such different percentage) of the difference between the Adjusted Market Value and the Original Market Value.

"Adjusted Market Value" in relation to any property at any date means the Original Market Value of that property increased or decreased as appropriate by the increase or decrease in the Automated Valuation Adjustment since the date of the Original Market Value.

"Second Regulatory Current Balance Amount" means an amount equal to the sum of (A) the aggregate balance of all Mortgage Receivables, excluding any Defaulted Receivables, whereby the balance is determined for each such Mortgage Receivable as the lower of (i) the Current Balance of the Mortgage Receivable, and (ii) the Regulatory Cut-Off Percentage of the Adjusted Valuation relating to such Mortgage Receivable and (B) Substitution Assets Amount, or in each case such other amount as must be calculated in accordance with the CB Regulations.

AMORTISATION TEST

Under the Asset Monitoring Agreement and the Guarantee Support Agreement, the CBC must ensure that as at the end of each calendar month following service of a Notice to Pay (but prior to service of a CBC Acceleration Notice),

- (i) the Amortisation Test Aggregate Asset Amount shall be an amount at least equal to the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as at the end of such calendar month (or with respect to item B as defined below under '*Amortisation Test Aggregate Asset Amount*', up to the date specified in such item B), all as calculated on the immediately succeeding Calculation Date;
- (ii) the First Regulatory Current Balance Amount shall be at least equal to 105% (or such other percentage as may be required from time to time under the CB Regulations) of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item B as defined below under '*Amortisation Test Aggregate Asset Amount*', up to the date specified in such item B) all as calculated on the immediately succeeding Calculation Date; and
- (iii) the Second Regulatory Current Balance Amount shall be at least equal to 100% (or such other percentage as may be required from time to time under the CB Regulations) of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item B as defined below under '*Amortisation Test Aggregate Asset Amount*', up to the date specified in such item B) all as calculated on the immediately succeeding Calculation Date, (item (i) up to and including item (iii), the "**Amortisation Test**").

If on any Calculation Date following the service of a Notice to Pay the Amortisation Test is not met per the end of the previous month, then that shall constitute a "**Breach of the Amortisation Test**" and the CBC (or the Administrator on its behalf) shall immediately notify the Security Trustee thereof, and the Security Trustee shall be entitled to serve a Breach of Amortisation Test Notice on the Issuer and the CBC.

For this purpose:

"Amortisation Test Aggregate Asset Amount" means $A + B + C - Z$.

"A" means the sum of all Amortisation Test Current Balances of all Mortgage Receivables. The **"Amortisation Test Current Balance"** of a Mortgage Receivable is the lower of:

- (i) the Current Balance of such Mortgage Receivable minus α ; and
- (ii) the LTV Cut-Off Percentage (relating to such Mortgage Receivable) times the Adjusted Valuation, minus β .

" α " means for each Mortgage Receivable the lower of (i) its Current Balance and (ii) the sum of the following elements, to the extent applicable to it:

- (i) if it is a Savings Mortgage Receivable, Life Mortgage Receivable with a Savings Element or a Bank Savings Mortgage Receivable an amount calculated on the basis of a method proposed to the Rating Agencies, related to the built-up of savings in connection with such Savings Mortgage Receivable, Life Mortgage Receivable with a Savings Element or Bank Savings Mortgage Receivable, provided that no amount will be deducted for as long as the Insurance Savings Participation Agreement or the Bank Savings Participation Agreement, respectively, is in place in relation to the Savings Mortgage Receivable, Life Mortgage Receivable with a Savings Element or Bank Savings Mortgage Receivable, respectively;
- (ii) if it was in breach of the Mortgage Receivable Warranties as of the relevant Transfer Date: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero; and
- (iii) if it is 3 months or more in arrears or it is a Defaulted Receivable: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero.

" β " means for each Mortgage Receivable the lower of (i) the LTV Cut-Off Percentage of its Adjusted Valuation and (ii) α minus L.

"**L**" means for each Mortgage Receivable its Current Balance minus the LTV Cut-Off Percentage of its Adjusted Valuation provided that if the result is negative, L shall be zero and if the result exceeds α , L shall equal α .

"**B**" means the amount of any cash standing to the credit of the CBC Transaction Accounts and the CBC Back-Up Account (other than any collateral provided in the form of cash by a Swap Counterparty but including any amounts on the Reserve Account) including on the relevant Calculation Date on which the Amortisation Test is calculated any Principal Receipts and Interest Receipts (to the extent not required to be paid to a Swap Counterparty) related to the calendar month preceding such Calculation Date paid by the relevant Borrowers and received by the CBC on its CBC Accounts and the CBC Back-Up Account up to the Business Day immediately preceding such Calculation Date.

"**C**" means the aggregate outstanding principal amount of all Transferred Collateral in Substitution Assets and accrued interest thereon which has not been applied in accordance with the Trust Deed (to the extent not included in B). Substitution Assets will be valued on a monthly basis and be taken into account for their mark-to-market value at a discount based on a methodology notified to the Rating Agencies.

"**Z**" means an amount equal to the Interest Reserve Required Amount.

"**Interest Reserve Required Amount**" means on the date on which the Amortisation Test is calculated, the higher of zero and (i) U plus V minus W; or (ii) such lower amount as long as this will not adversely affect the rating of any Series; whereas

"**U**" means the sum of the aggregate amount of interest payable in respect of all Series of Covered Bonds from the date of the relevant calculation up to and including the relevant Maturity Date.

"**V**" means the product of:

- (i) the higher of (a) zero; and (b) the difference between (i) the Portfolio Weighted Average Life and (ii) the Series Weighted Average Life,
- (ii) the aggregate Principal Amount Outstanding of all Series on the last day of the previous calendar month, and
- (iii) the Weighted Average Series of Post Maturity Interest Rate.

"**W**" means the Estimated Portfolio Interest Income.

"**First Regulatory Current Balance Amount**" means an amount equal to sum of (i) the aggregate amount of the Current Balance of the Mortgage Receivables, excluding any Defaulted Receivables, and (ii) the Substitution Assets Amount, or in each case such other amount as must be calculated in accordance with the CB Regulations.

"**Substitution Assets Amount**" means an amount equal to the sum of (i) B (as defined above) and (ii) C (as defined above), less any cash standing to the credit of the CBC Transaction Accounts and the CBC Back-Up Account held with an entity within the Achmea Group, which amount will be limited to a maximum of 20%, or such other percentage as required under the Wft, of the euro equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds.

"**Second Regulatory Current Balance Amount**" means an amount equal to the sum of (A) the aggregate balance of all Mortgage Receivables, excluding any Defaulted Receivables, whereby the balance is determined for each such Mortgage Receivable as the lower of (i) the Current Balance of the Mortgage Receivable and (ii) the Regulatory Cut-Off Percentage of the Adjusted Valuation relating to such Mortgage Receivable and (B) Substitution Assets Amount, or in each case such other amount as must be calculated in accordance with the CB Regulations.

"**Regulatory Cut-Off Percentage**" means 80% for all Mortgage Receivables (or such other percentage as may be required from time to time under the CB Regulations).

SALE OR REFINANCING OF SELECTED ASSETS

The Asset Monitoring Agreement provides that, if an Issuer Event of Default occurs and a Notice to Pay has been served on the CBC, the CBC shall undertake its best efforts to sell or refinance Selected Transferred Assets as soon as possible upon the earliest to occur on or after such Issuer Event of Default of (i) any amount remaining unpaid in respect of a Series on the Maturity Date, (ii) any Maturity Date of a Series of Covered Bonds falling within a period of six (6) calendar months of such date and (iii) the service of a Breach of Amortisation Test Notice. If an Issuer Event of Default has occurred and a Notice to Pay and a Breach of Amortisation Test Notice have been served, all Covered Bonds become Pass-Through Covered Bonds.

The CBC shall first offer all the Selected Transferred Assets for sale to the Transferor after the occurrence of an Issuer Event of Default. If, for whatever reason, the Transferor informs the CBC, within a period of twenty (20) Business Days after such event has occurred, that it will not repurchase the Selected Transferred Assets, the CBC shall offer the Selected Transferred Assets to a third party or third parties.

If, after the non-exercise of the right of first refusal of the Transferor, the CBC receives an offer from a third party to purchase the Selected Transferred Assets, the CBC will notify the Transferor of such offer and, within five (5) business days after such notice, the Transferor has the right to match the offer to purchase the Selected Transferred Assets on the same terms and conditions as the offer of such third party and, if the Transferor offers to purchase the Selected Transferred Assets on the same terms and conditions as the offer of such third party, the CBC shall accept such offer of the Transferor.

The CBC will undertake its best efforts to sell or refinance Selected Mortgage Receivables in the portfolio in accordance with the Asset Monitoring Agreement (as described below) on (or directly after) every sixth (6th) CBC Payment Date after the first Refinance Date, subject to the rights of first refusal and the right to match enjoyed by the Transferor to purchase the Selected Transferred Assets pursuant to the Guarantee Support Agreement. Failure by the CBC to sell or refinance Selected Mortgage Receivables in the portfolio in accordance with the Asset Monitoring Agreement (as described below) will not constitute a CBC Event of Default. The proceeds from any such sale or refinancing will, in the case of each Mortgage Receivable, and in respect of a Savings Mortgage Receivable or a Life Mortgage Receivable with a Savings Element to which an Insurance Savings Participation applies or a Bank Savings Mortgage Receivable to which a Bank Savings Participation applies, after deduction of an amount equal to such Insurance Savings Participation or Bank Savings Participation, respectively, form part of the Available Principal Funds.

If the CBC undertakes to sell or refinance Selected Mortgage Receivables as abovementioned, the Asset Monitoring Agreement provides that the CBC shall ensure that Selected Mortgage Receivables will be selected on a random basis as described in the Asset Monitoring Agreement, provided that no more Selected Mortgage Receivables will be selected than are necessary for the estimated sale or refinancing proceeds to equal the Adjusted Required Redemption Amount as reduced by or increased with, as the case may be, any swap termination payment due by the CBC to the relevant Swap Counterparty, or by the relevant Swap Counterparty to the CBC, in connection with the termination of the Swap Agreement related to the relevant Series or a relevant part thereof (if any), and the aggregate Current Balance of such Selected Mortgage Receivables shall never exceed the Adjusted Required Redemption Amount multiplied by A/B,

where:

"Adjusted Required Redemption Amount" means an amount equal to the Required Redemption Amount of all Pass-Through Covered Bonds less amounts standing to the credit of the CBC Account and the CBC Back-Up Account and the principal amount of any Substitution Assets (excluding all amounts to be applied on the following CBC Payment Date to repay higher ranking amounts in the CBC Priority of Payments).

"Required Redemption Amount" means in respect of a Series, the aggregate Principal Amount Outstanding of such Series.

"A" means an amount equal to the aggregate of the Current Balance of all Mortgage Receivables and the market value of all other Transferred Assets.

"B" means the euro equivalent of the Required Redemption Amount in respect of all Series then outstanding less

the euro equivalent of the Required Redemption Amount in respect of all Series outstanding which has been provided for in cash.

Any sale or refinance and subsequent redemption of the respective bonds in the circumstances described above must not result in a deterioration of the quotient of (i) the Amortisation Test Aggregate Asset Amount; and (ii) the Principal Amount Outstanding of all Series outstanding.

If the CBC undertakes to sell or refinance Selected Mortgage Receivables, the CBC will offer the Selected Mortgage Receivables for sale to purchasers for the best terms available at that time considering the then current market circumstances, but in any event for an amount not less than the Adjusted Required Redemption Amount as reduced by or increased with, as the case may be, any swap termination payment due by the CBC to the relevant Swap Counterparty, or by the relevant Swap Counterparty to the CBC, in connection with the termination of the Swap Agreement related to the relevant Series or a relevant part thereof (if any), plus, in the case of Savings Mortgage Receivables, Life Mortgage Receivables with a Savings Element and Bank Savings Mortgage Receivables which are subject to an Insurance Savings Participation or a Bank Savings Participation, respectively, an amount equal to the aggregate Insurance Savings Participations and the Bank Savings Participations.

If, up to and including the Refinance Date immediately preceding the first Extended Due for Payment Date of any Series outstanding, the Selected Mortgage Receivables have not been sold or refinanced (in whole or in part) for an amount equal to the Adjusted Required Redemption Amount (as reduced by or increased with, as the case may be, any swap termination payment due by the CBC to the relevant Swap Counterparty, or by the relevant Swap Counterparty to the CBC, in connection with the termination of the Swap Agreement related to the relevant Series or a relevant part thereof (if any)), plus, in the case of Savings Mortgage Receivables, Life Mortgage Receivables with a Savings Element and Bank Savings Mortgage Receivables which are subject to an Insurance Savings Participation or a Bank Savings Participation, respectively, an amount equal to the aggregate Insurance Savings Participations and the Bank Savings Participations, the CBC will undertake its best efforts to sell or refinance Selected Mortgage Receivables on the next Refinance Date.

If, on the Refinance Date immediately preceding to the first Extended Due for Payment Date of any Series outstanding, the Selected Mortgage Receivables have not been sold or refinanced (in whole or in part) for an amount equal to the Adjusted Required Redemption Amount (as reduced by or increased with, as the case may be, any swap termination payment due by the CBC to the relevant Swap Counterparty, or by the relevant Swap Counterparty to the CBC, in connection with the termination of the Swap Agreement related to the relevant Series or a relevant part thereof (if any)), plus, in the case of Savings Mortgage Receivables, Life Mortgage Receivables with a Savings Element and Bank Savings Mortgage Receivables which are subject to an Insurance Savings Participation or a Bank Savings Participation, respectively, an amount equal to the aggregate Insurance Savings Participations and the Bank Savings Participations, then each month up to and including such Extended Due for Payment Date the CBC will (i) offer the Selected Mortgage Receivables for sale for the best terms available at that time considering the then current market circumstances, including but not limited to the best price reasonably available, or (ii) seek to refinance the Selected Mortgage Receivables on the best terms available at that time considering the then current market circumstances, both (i) and (ii) subject to the consent of the Security Trustee, notwithstanding that such amount may be less than the Adjusted Required Redemption Amount (plus, in the case of (a) each Savings Mortgage Receivable or Life Mortgage Receivable with a Savings Element to which an Insurance Savings Participation applies, an amount equal to the relevant Insurance Savings Participation and (b) each Bank Savings Mortgage Receivable to which a Bank Savings Participation applies, an amount equal to the relevant Bank Savings Participation).

The CBC is permitted or required to sell to the third party or the Transferor a random part of any portfolio of Selected Mortgage Receivables. The sale price of such part of the portfolio (as a proportion of the Adjusted Required Redemption Amount) shall be at least equal to the proportion that such part of the portfolio bears to the relevant portfolio of Selected Mortgage Receivables.

If the CBC intends to sell Selected Mortgage Receivables to a third party, it may appoint a Portfolio Manager. The CBC shall pay to the Portfolio Manager a success fee, which may consist of a percentage of the portfolio as agreed between the CBC and the Portfolio Manager and which shall only be payable upon sale of such portfolio.

In respect of any sale or refinancing of Selected Mortgage Receivables following the service of an Issuer

Acceleration Notice, but prior to the service of a CBC Acceleration Notice, or upon the service of a Breach of Amortisation Test Notice, the CBC will instruct the Portfolio Manager to use all best efforts to procure that Selected Mortgage Receivables are sold as quickly as reasonably practicable (in accordance with the recommendations of the Portfolio Manager) taking into account the market conditions at that time and the scheduled repayment dates of the Covered Bonds and the terms of the Guarantee Support Agreement and the Asset Monitoring Agreement.

General Sales Requirements

The CBC shall ensure that the purchaser to which it sells the Selected Mortgage Receivables shall on or before the date of such purchase represent that it has not been granted a suspension of payments (*surseance van betaling verleend*), been declared bankrupt (*failliet verklaard*) or become subject to analogous insolvency proceedings under applicable law or otherwise be limited in its rights to dispose of its assets.

The terms of any sale and purchase agreement with respect to the sale of Selected Mortgage Receivables or the terms of any refinancing will be subject to the prior written approval of the Security Trustee.

If purchasers accept the offer or offers from the CBC, the CBC will, subject to the foregoing paragraph, enter into a sale and purchase agreement with the relevant purchasers which will require, amongst other things, a cash payment from the relevant purchasers.

Any such sale or any refinancing will not include any representations or warranties from the CBC in respect of the Selected Mortgage Receivables unless expressly agreed by the Security Trustee.

After a CBC Acceleration Notice has been served on the CBC, the Security Trustee may institute such proceedings or take such action as it thinks fit against the Issuer and the CBC to enforce its rights under the Trust Deed and the Security in accordance with the terms of the Trust Deed.

Sale of Substitution Assets

The Asset Monitoring Agreement provides that the CBC (or the Administrator on its behalf) shall sell all Substitution Assets as quickly as reasonably practicable, subject to the pre-emption rights enjoyed by the Transferor pursuant to the Guarantee Support Agreement, following service of an Issuer Acceleration Notice, a Notice to Pay or a Breach of Amortisation Test Notice.

Such sale or refinance of Substitution Assets and subsequent redemption of the respective bonds shall not result in a deterioration of the quotient of (i) the Amortisation Test Aggregate Asset Amount; and (ii) the Principal Amount Outstanding of all Series outstanding.

ASSET MONITOR

Under the terms of the Asset Monitor Appointment Agreement, the Asset Monitor has been appointed as an independent auditor to perform the role as Asset Monitor. The Asset Monitor has agreed, subject to due receipt of the information to be provided by the Administrator to the Asset Monitor, to conduct agreed upon procedures on the arithmetic accuracy of certain calculations performed by the Administrator in respect of the Asset Cover Test, the Amortisation Test and the Liquidity Reserve Required Amount with a view to confirmation of the accuracy of such calculations as required by and in accordance with the Wft.

The Asset Monitor will conduct such agreed upon procedures (i) prior to the service of a Notice to Pay or a CBC Acceleration Notice, in respect of the Asset Cover Test conducted by the Administrator on or before the Calculation Date immediately preceding each anniversary of the Programme Date; (ii) following the service of a Notice to Pay, in respect of the Amortisation Test conducted by the Administrator on or before each Calculation Date; and (iii) in respect of the Liquidity Reserve Required Amount calculated by the Administrator on or before the Calculation Date immediately preceding each anniversary of the Programme Date.

Following a determination by the Asset Monitor of any material errors in the arithmetic accuracy of the calculations performed by the Administrator such that (a) the Asset Cover Test has been failed on the applicable Calculation Date (in respect of the previous month's end) (where the Administrator had recorded it as being satisfied) or (b) the Adjusted Aggregate Asset Amount or the Amortisation Test Aggregate Asset Amount is misstated by an amount exceeding 1% of the Adjusted Aggregate Asset Amount or the Amortisation Test Aggregate Asset Amount, as applicable, the Asset Monitor will be required to conduct such agreed upon procedures for each of the four consecutive Calculation Dates thereafter. If the agreed upon procedures in relation to the Liquidity Reserve Required Amount reveals errors in the relevant calculations and consequently, such test has failed, then the Asset Monitor shall promptly notify the CBC, the Administrator, the Security Trustee and the Issuer thereof.

The Asset Monitor is entitled, in the absence of manifest error, to assume that all information provided to it by the Administrator for the purpose of conducting such agreed upon procedures is true and correct and is complete and not misleading, and is not required to conduct an audit or other similar examination in respect of such information or otherwise take steps to verify the accuracy or completeness of such information. The Asset Monitor Report will be delivered by the Asset Monitor to, *inter alia*, the Administrator, the CBC, the Issuer and the Security Trustee in accordance with the Asset Monitor Appointment Agreement. If the calculations performed by the Administrator have not been performed correctly, the Asset Monitor Report shall set out the correct calculation of the Asset Cover Test, the Amortisation Test or the Liquidity Reserve Required Amount, as applicable.

Under the terms of the Asset Monitor Appointment Agreement the CBC will pay to the Asset Monitor a fee per test for the agreed upon procedures to be performed by the Asset Monitor.

The Asset Monitor may, at any time, resign from its appointment under the Asset Monitor Appointment Agreement upon providing the CBC, the Security Trustee and the Issuer with sixty (60) days' prior written notice. If a replacement asset monitor has not been found by the CBC within sixty (60) days of notice of resignation by the Asset Monitor, the Asset Monitor shall immediately use its best endeavours to seek a replacement (such replacement to be approved by the Security Trustee, such approval not to be unreasonably withheld) which agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Appointment Agreement. Any replacement asset monitor should in any event be an accountancy firm of international standing. The resignation of the Asset Monitor shall not be effective unless a replacement asset monitor has been found.

The CBC may, at any time, but subject to the prior written consent of the Security Trustee, terminate the appointment of the Asset Monitor by providing at least thirty (30) days' prior written notice to the Asset Monitor, provided that such termination may not be effected unless and until a replacement asset monitor has been found by the CBC which agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Appointment Agreement.

If a replacement asset monitor has not been found by the CBC within thirty (30) days of the giving of notice of termination by the CBC, the Asset Monitor may identify a replacement approved by the Security Trustee (such

approval not to be unreasonably withheld) which agrees to perform the duties of the Asset Monitor set out in the Asset Monitor Appointment Agreement.

In the Trust Deed the Security Trustee agrees to, upon receipt of each Asset Cover Report, verify whether it states that the Asset Cover Test or Amortisation Test, as the case may be, has been passed or failed.

Annual agreed upon procedures in relation to the cover pool

Under the terms of the Trust Deed and pursuant to the Wft, the Issuer has undertaken to request, at least once a year, an independent auditor to perform a selected agreed upon procedure on a sample of randomly selected mortgage files.

17. SWAPS

General

The CBC is only permitted to enter into swap agreements with (a) Achmea Bank (with appropriate collateralisation requirements if at such time Achmea Bank is no longer an Eligible Swap Counterparty) or (b) third party Eligible Swap Counterparties, as the case may be. The Security Trustee shall be a party to such Swap Agreements only for the purposes of taking certain benefits and assuming certain obligations with respect to making determinations on behalf of the CBC. An Issuer Event of Default will not constitute an event of default or a termination event under any Swap Agreement.

Rating downgrade language acceptable to the Rating Agencies will be included in the Swap Agreements in relation to the Swap Counterparties.

Upon the termination of a Swap Agreement, the CBC or any Swap Counterparty may be liable to make a termination payment to the other party in accordance with the provisions of the relevant Swap Agreement. The amount of this early termination payment will be calculated and made in euro or such other currency as may be agreed. In the event that such a termination payment is payable by the CBC following the service of an Issuer Acceleration Notice, such amount in respect of Swap Agreements will in most cases (see the applicable priority of payments below) rank ahead of any principal amounts due on the Covered Bonds except where default by, or downgrade of, the relevant Swap Counterparty has caused the relevant Swap Agreement to terminate.

Portfolio Swap Agreements

There may be differences between the amounts of interest (i) received in respect of the Mortgage Receivables (the rates applicable to which may, for instance, include variable rates of interest, discounted rates of interest, fixed rates of interest or rates of interest which track a base rate), the other Transferred Assets and the CBC Transaction Accounts and the CBC Back-Up Account and (ii) payable in respect of the outstanding Covered Bonds or a rate payable under any Structured Swap Agreement and/or any Interest Swap Agreement. The CBC may at the instruction of the Issuer elect to enter into Portfolio Swap Agreements in order to hedge certain mismatches in respect of one or more Series or all Series of Covered Bonds, whereby the revenue scheduled to be received on all Transferred Assets and the CBC Transaction Accounts and the CBC Back-Up Account multiplied by the Portfolio Swap Fraction is exchanged for a fixed or floating rate of interest on the relevant Series of Covered Bonds or a rate payable under any Structured Swap Agreement and/or any Interest Swap Agreement.

Interest Swap Agreements

There may be differences between the amounts of interest (fixed or floating) (i) received in respect of the Mortgage Receivables (the rates applicable to which may, for instance, include variable rates of interest, discounted rates of interest, fixed rates of interest or rates of interest which track a base rate), the other Transferred Assets and the CBC Transaction Accounts and the CBC Back-Up Account and (ii) payable in respect of the outstanding Covered Bonds. The CBC may at the instruction of the Issuer elect to enter into Interest Swap Agreements in order to hedge certain mismatches in respect of one or more Series.

Structured Swap Agreements

If a Series is issued in a currency other than euro there is a mismatch between (i) the interest and principal received in respect of the Mortgage Receivables, the other Transferred Assets and the CBC Transaction Accounts and the CBC Back-Up Account and (ii) the interest and principal payable in respect of the outstanding Covered Bonds and the CBC will be required to enter into a Structured Swap to provide a hedge against the variance between:

- | | | |
|-----|------|---|
| (a) | (i) | any (fixed or floating) interest basis as determined by the Issuer; and |
| | (ii) | euro; and |
| (b) | (i) | the rate of interest payable by the CBC in respect of a Series; and |
| | (ii) | the currency of a Series. |

The CBC may opt to include a currency hedge in a Portfolio Swap Agreement instead of entering into a Structured Swap for a Series.

18. CASHFLOWS

- A. For as long as no Assignment Notification Event has occurred or a Breach of Asset Cover Test Notice is served (which is not remedied) and no Notice to Pay or CBC Acceleration Notice has been served, pursuant to the Guarantee Support Agreement, the CBC is not entitled to receive or retain any proceeds from the Transferred Assets; such proceeds will all be received and retained by the Transferor for its own benefit. Pursuant to the Trust Deed, the following will then apply:
- (i) all costs and expenses of the CBC, including but not limited to any costs and expenses of the Security Trustee and the Stichting Holding and other amounts due listed under item (a) up to and including (d) of the CBC Priority of Payments, but excluding any negative interest amounts and expenses already paid in accordance with the CBC Account Agreement and the CBC Back-Up Account Agreement, will be paid on behalf of the CBC by the Issuer for its own account as consideration for the CBC issuing the Guarantee;
 - (ii) all amounts to be paid and received, respectively by the CBC under the Insurance Savings Participation Agreement, the Bank Savings Participation Agreement and/or any Swap Agreement will be paid and received, respectively on behalf of the CBC by the Issuer for its own account, except that any Swap Collateral Amounts will be delivered directly by the relevant Swap Counterparty to the CBC irrespective of whether any Assignment Notification Event has occurred or any Breach of Asset Cover Test Notice is served (which is not remedied) or Notice to Pay or CBC Acceleration Notice has been served at such time and, accordingly, any payments or deliveries to be made in respect of the Collateral Return Payments shall be made directly by the CBC to the relevant Swap Counterparty; and
 - (iii) on each CBC Payment Date the CBC (or the Administrator on its behalf) will distribute all amounts (if any) then standing to the credit of the CBC Transaction Accounts (except for any collateral provided by a Swap Counterparty and the balance standing to the credit of the Reserve Account) and the CBC Back-Up Account to the Issuer to the extent such will not result in a breach of the Asset Cover Test.
- B. If an Assignment Notification Event occurs or a Breach of Asset Cover Test Notice (which is not remedied) or a Notice to Pay or CBC Acceleration Notice is served on the CBC, pursuant to the Guarantee Support Agreement, the CBC shall, subject to the rights of the Security Trustee as pledgee, be entitled to receive for its own benefit all proceeds of the Transferred Assets to the extent relating to the period following such Assignment Notification Event or service of a Breach of Asset Cover Test Notice (which is not remedied) or a Notice to Pay or a CBC Acceleration Notice. Pursuant to the Trust Deed, the following will apply:
- (i) if an Assignment Notification Event has occurred or a Breach of Asset Cover Test Notice has been served (which is not remedied) (but no Notice to Pay or Issuer Acceleration Notice or CBC Acceleration Notice has been served), all costs, expenses and all amounts to be paid and received under the Swap Agreements, the Insurance Savings Participation Agreements and/or the Bank Savings Participation Agreement will continue to be settled on behalf of the CBC by the Issuer (except that Collateral Return Payments shall be made directly to the relevant Swap Provider) and all amounts standing to the credit of the CBC Transaction Accounts (except for Swap Collateral Amounts and the Reserve Account) and the CBC Back-Up Account will after payment of costs be distributed as set out abovementioned, provided that after a Breach of Asset Cover Test Notice is served no amounts will be distributed until such breach is remedied;
 - (ii) if an Issuer Acceleration Notice and a Notice to Pay have, but no CBC Acceleration Notice has, been served, the CBC (or the Administrator on its behalf) will apply the Available Revenue Funds and the Available Principal Funds in accordance with the CBC Priority of Payments and pay the Insurance Savings Participation Redemption Available Amounts to the Insurance Savings Participant and the Bank Savings Participation Redemption Available Amount to the Bank Savings Participant; and
 - (iii) if a CBC Acceleration Notice has been served, all moneys received or recovered by the Security Trustee or any other Secured Creditor and all moneys held by or on behalf of the CBC will be applied in accordance with the Post CBC Acceleration Notice Priority of Payments except for any Insurance Participation Redemption Available Amounts which will be paid to the Savings Participant and except for any Bank Savings Participation Available Amount which will be paid to

the Bank Savings Participant and except for any collateral to be provided by a Swap Counterparty which shall first be subject to the provisions set out in the relevant Swap Agreement.

Reserve Account

Pursuant to the Trust Deed, on the Programme Date and on each date thereafter the Issuer will be required to credit to the Reserve Account an amount equal to the higher of (i) the Reserve Account Required Amount and (ii) Liquidity Reserve Required Amount.

Payments with respect to Covered Bonds and Swap Agreements during a CBC Payment Period (other than on the CBC Payment Date on which the CBC Payment Period commences)

Following the service of an Issuer Acceleration Notice and a Notice to Pay, pursuant to the Trust Deed, the Available Revenue Funds and the Available Principal Funds (less any amounts payable to third parties incurred by the CBC in its ordinary course of its business, which may be paid on each day by the CBC) will be applied in accordance with the CBC Priority of Payments on each CBC Payment Date, which dates will occur monthly. Payments in respect of interest and principal on a Series of Covered Bonds and, in respect of Swap Agreements, may however become due and payable on other days than on the relevant CBC Payment Date during a CBC Payment Period. Such amounts will be payable by the CBC on the date on which such payments become due and payable as follows:

- (i) in respect of a Series of Covered Bonds to the extent that the CBC has entered into a Swap Agreement with respect to such Series of Covered Bonds, from the amounts received under the relevant Swap Agreement connected to such Series after the CBC Payment Date on which the relevant CBC Payment Period commenced;
- (ii) from the amounts reserved for such Series of Covered Bonds or such Swap Agreement pursuant to item (e) or (f) of the CBC Priority of Payments (as applicable) on the CBC Payment Date on which the relevant CBC Payment Period commenced; and
- (iii) in respect of a Series of Covered Bonds to the extent not so paid in full following application of the funds available in accordance with (i) and (ii) above, from the amounts as were credited to the CBC Transaction Accounts and the CBC Back-Up Account in accordance with item (i) of the CBC Priority of Payments on the CBC Payment Date on which the relevant CBC Payment Period commenced.

Cash Collection Arrangements

Payments by the Borrowers under the Mortgage Loans are due on the first day of each calendar month, interest being payable in arrear. All payments made by the Borrowers in respect of Mortgage Receivables must be paid into the Collection Foundation Accounts maintained by the Collection Foundation with the Foundation Accounts Providers. The Collection Foundation Accounts are also used for the collection of moneys paid in respect of mortgage loans other than the Mortgage Loans and in respect of other moneys belonging to entities of the Achmea Group and other Previous Outstanding Transaction SPVs and Previous Outstanding Security Trustees *vis-à-vis* the relevant Collection Foundation.

If at any time the unsecured, unsubordinated and unguaranteed debt obligations of the relevant Foundation Accounts Provider are assigned a rating of less than the Collection Bank Required Ratings (as defined below), the Collection Foundations, will as soon as reasonably possible, but at least within 30 calendar days either (i) transfer the relevant Collection Foundation Accounts to an alternative bank with at least the Collection Bank Required Ratings or (ii) ensure that payments to be made by the relevant Foundation Accounts Provider in respect of amounts received on a Collection Foundation Account relating to Mortgage Receivables will be guaranteed by a third party with at least the Collection Bank Required Ratings, or (iii) implement any other actions agreed at that time with the relevant credit rating agency.

"Collection Bank Required Rating" means the rating of (i) 'Prime-1' (short-term) by Moody's, (ii) 'F1' (short-term issuer default rating) and 'A' (long-term issuer default rating) by Fitch Ratings Ltd.

In the event of a transfer to an alternative bank as referred to under (i) above, the Collection Foundation shall enter into a pledge agreement – and create a right of pledge over such bank account in favour of the Issuer and the Previous Outstanding Transaction SPVs and the Security Trustee and the Previous Outstanding Transaction Security Trustees separately – upon terms substantially the same as the Collection Foundation Account Pledge Agreement.

For the purposes hereof:

"Available Principal Funds" means on a Calculation Date an amount equal to the aggregate of (without double counting):

- (i) the amount of Principal Receipts received during the previous calendar month;
- (ii) any amounts of principal received from any Substitution Asset (not forming part of the Available Revenue Funds);
- (iii) the principal amount of any Transferred Collateral in the form of cash (other than pursuant to a Swap Agreement) received during the previous calendar month;
- (iv) any amount required to be transferred to the CBC Account and/or the CBC Back-Up Account in accordance with item (i) of the CBC Priority of Payments (for the purpose of determining such amount this item (iv) will not be included in the Available Principal Funds for determining the amount available for application to such item (i));
- (v) all amounts in respect of principal (if any) received or to be received by the CBC under the Transaction Documents (other than the Insurance Savings Participation Agreement and the Bank Savings Participation Agreement, and other than any Swap Collateral Amounts posted under the Swap Agreements) on the relevant CBC Payment Date (or in the CBC Payment Period immediately preceding the relevant CBC Payment Date but excluding the preceding CBC Payment Date), except for any payments in respect of principal received under the Structured Swap Agreements that have been (or will be) applied towards payment of a Series of Covered Bonds;
- (vi) any amounts received in the preceding calendar month as Excess Proceeds to the extent such proceeds do not relate to interest; and
- (vii) any amounts reserved on the immediately preceding CBC Payment Date to the extent not applied towards payment of the relevant Series of Covered Bonds or the relevant Swap Agreement or a higher ranking item than payment of the relevant Series of Covered Bonds or the relevant Swap Agreement in the CBC Priority of Payments prior to the relevant CBC Payment Date to the extent relating to principal.

"Available Revenue Funds" means on a Calculation Date an amount equal to the aggregate of (without double counting):

- (i) the amount of Interest Receipts received during the previous calendar month;
- (ii) other net income of the CBC including all amounts of interest received on the CBC Transaction Accounts (excluding the Swap Cash Collateral Account) and the CBC Back-Up Account and the Substitution Assets in the preceding calendar month;
- (iii) all amounts in respect of interest received or to be received by the CBC under the Swap Agreements on the relevant CBC Payment Date (or in the CBC Payment Period immediately preceding the relevant CBC Payment Date but excluding the preceding CBC Payment Date), except for any payments in respect of interest received under the Swap Agreements (other than the Portfolio Swap Agreements) that have been (or will be) applied towards payment of a Series of Covered Bonds and, for the avoidance of doubt, excluding Swap Collateral Amounts;
- (iv) any amounts on the Reserve Account released in accordance with the Trust Deed;
- (v) any amounts received as Excess Proceeds in the CBC Payment Period immediately preceding the relevant CBC Payment Date to the extent such proceeds do not relate to principal;
- (vi) any amounts to the extent not relating to principal, reserved on the immediately preceding CBC Payment Date to the extent not applied towards payment of the relevant Series of Covered Bonds or the relevant Swap Agreement or a higher ranking item than payment of the relevant Series of Covered Bonds or the relevant Swap Agreement in the CBC Priority of Payments prior to the relevant CBC Payment Date;
- (vii) any Excess Swap Replacement Amounts as shall be standing to the credit of the Swap Replacement Ledger on the relevant CBC Payment Date; and
- (viii) any other amounts standing to the credit of the CBC Account and/or the CBC Back-Up Account, to the extent not relating to principal, not excluded by virtue of (i) to (vii) above;

less

- (ix) on the first CBC Payment Date of each year, an amount equal to 10 per cent. of the annual fixed operational expenses of the CBC, with a minimum of euro 2,500.

"Liquidity Reserve Required Amount" means, on any date, such amount as required for registered covered bonds pursuant to the CB Regulations to meet the interest payment obligations under the Covered Bonds for the following six (6) months or such other amount as required as liquidity pursuant to the CB Regulations.

"Reserve Account Required Amount" means the sum of:

(i) the higher of:

(a) the aggregate of the expected interest payments for each Series for the immediately succeeding three (3) months, as calculated as:

(A) if no Swap Agreement has been entered into or if such Swap Agreement has been terminated in relation to a Series (or part thereof), the aggregate amount of the Scheduled Interest due falling in the next following three CBC Payment Periods, or
