INTRODUCTION

This document comprises two parts. Part One is a summary of the Registration Document and Securities Note (the “**Summary**”) and Part Two is a securities note (the “**Securities Note**”), both prepared for the purposes of Article 5.3 of Directive 2003/71/EC, as amended from time to time (the “**Prospectus Directive**”). The Summary and Securities Note have been prepared in connection with the admission to trading of the Notes on NASDAQ OMX by ING Bank N.V. (the “**Issuer**”) of SEK 60,000,000 Express Certificates linked to SWEDA BOL ATCOA ERICB due September 2018 (the “**Notes**”). The Notes have been issued by the Issuer under its €50,000,000,000 Global Issuance Programme (the “**Programme**”).

On 28 June 2012, the Issuer published a base prospectus (the “**Original Base Prospectus**”) in respect of the Programme. On 10 August 2012, 4 September 2012, 11 October 2012, 13 November 2012, 22 November 2012, 19 February 2013, 25 February 2013 and 13 May 2013 respectively, the Issuer published a supplement to the Original Base Prospectus (the “**BP Supplements**” and, together with the Original Base Prospectus, the “**Base Prospectus**”). On 13 May 2013, the Issuer published a registration document (the “**Registration Document**”).

This Securities Note and Summary should be read and construed in conjunction with the Registration Document, each of the sections headed “Summary of the Programme”, “Risk Factors” (Parts 1 and 2), “Taxation”, “Subscription and Sale” and “General Information” of Chapter 1 of the Base Prospectus, “General Terms and Conditions of the Notes” of Chapter 2 of the Base Prospectus, “Terms and Conditions of Notes Linked to a Basket of Shares” of Chapter 3 Part 1(B) of the Base Prospectus and the details of relevant parties to the Programme on the last four pages of the Base Prospectus (the “**List of Parties**”) (all of which are incorporated by reference in the Securities Note as described below), in each case where and to the extent such section refers to “Global Issuer” and to Notes (as defined in the Base Prospectus). Together, the Registration Document and this Securities Note and Summary comprise a “prospectus” (the “**Prospectus**”) for the Notes, prepared for the purposes of Article 5.1 of the Prospectus Directive.

The Issuer accepts responsibility for the information contained in the Prospectus. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained in the Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Copies of this Securities Note and Summary, the Base Prospectus, the Registration Document and/or any document incorporated by reference in the Securities Note as specified in the paragraph below may be obtained free of charge from the Issuer at Bijlmerplein 888, 1102 MG Amsterdam Zuid-Oost, The Netherlands, and/or on the website of the Issuer www.ingmarkets.com under the section “Products” and “Downloads”, respectively.

This Securities Note and Summary and the Registration Document have each been filed with, and approved by, the Netherlands Authority for the Financial Markets (*Autoriteit Financiële Markten*) (the “**AFM**”) in its capacity as competent authority under the *Wet op het financieel toezicht* (Dutch Financial Supervision Act). The Original Base Prospectus was filed with the AFM and approved by it on 28 June 2012. The BP Supplements were filed with the AFM and approved by it on 10 August 2012, 4 September 2012, 11 October 2012, 13 November 2012, 22 November 2012, 19 February 2013, 25 February 2013 and 13 May 2013 respectively. The Registration Document was filed with the AFM and approved by it on 13 May 2013. The Prospectus should be read and construed in conjunction with the following documents (or part thereof) as listed in (a) to (e) below, which (a) have previously been published (or are published simultaneously with the Prospectus) and (b) have been approved by the AFM or filed with it, and shall be deemed to be incorporated in, and to form part of, the Prospectus:

- (a) the following parts of the Base Prospectus:
 - (i) the List of Parties;
 - (ii) the section headed “Summary of the Programme” in Chapter 1 of the Base Prospectus;
 - (iii) Parts 1 and 2 of the section headed “Risk Factors” in Chapter 1 of the Base Prospectus;
 - (iv) the section headed “Form of Notes” in Chapter 1 of the Base Prospectus;
 - (v) the section headed “Use of Proceeds” in Chapter 1 of the Base Prospectus;

 - (vi) the section headed “Taxation” in Chapter 1 of the Base Prospectus;
 - (vii) the section headed “Subscription and Sale” in Chapter 1 of the Base Prospectus;
 - (viii) the section headed “General Information” in Chapter 1 of the Base Prospectus;
 - (ix) Part 1 headed “General Terms and Conditions of the Notes” of Chapter 2 of the Base Prospectus; and
 - (x) Part 1(B) headed “Terms and Conditions of Notes Linked to a Basket of Shares” of Chapter 3 of the Base Prospectus;
- (b) the Articles of Association (*statuten*) of the Issuer;
- (c) the publicly available annual reports of the Issuer in respect of the years ended 31 December 2010, 2011 and 2012, including the audited financial statements and auditors' reports in respect of such years;
- (d) the press release published by ING on 19 November 2012 titled “ING reaches agreement on amended EC Restructuring Plan”; and
- (e) pages 11 and 13 to 28 (inclusive) of the unaudited ING Group 2013 quarterly report for the first quarter of 2013, as published by ING Group on 8 May 2013 (the “**Q1 Report**”). The Q1 Report contains, among other things, the consolidated unaudited interim results of ING Group as at, and for the three month period ended, 31 March 2013, as well as information about recent developments during this period in the banking business of ING Group, which is conducted substantially through the Issuer and its consolidated group, in each case where and to the extent such document refers to the Issuer and to Notes (as defined in the Base Prospectus). Terms used but not defined herein shall have the meanings given to them in the Base Prospectus. References in the Base Prospectus to “Final Terms” shall be deemed to be references to the Terms and Conditions of the Notes as set out in this Securities Note and Summary.

The non-incorporated parts of the Base Prospectus and the Q1 Report are not relevant for investors in the Notes.

With respect to the Q1 Report, prospective investors should note that the Issuer’s consolidated operations, while materially the same, are not identical with the reported financial and statistical information on a segment basis for the banking business of ING Group as described in the Q1 Report. ING Group is not responsible for the preparation of this Prospectus.

The Issuer has requested the AFM to provide Finansinspektionen (*Swedish Financial Supervisory Authority*) in Sweden in its capacity as competent authority in Sweden as host Member State for the purposes of the

Prospectus Directive, with a certificate of approval in accordance with Article 18 of the Prospectus Directive attesting that the Prospectus has been drawn up in accordance with the Prospectus Directive.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Securities Note and Summary, the Registration Document and the relevant sections of the Base Prospectus and the List of Parties incorporated by reference into the Prospectus as described above, and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer.

This document (i) is not intended to provide the basis of any evaluation of the financial condition, creditworthiness or affairs of the Issuer and (ii) should not be considered as a recommendation by the Issuer that any recipient of this Securities Note and Summary or the Registration Document should purchase the Notes. Each investor contemplating purchasing the Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. This document does not constitute an offer or invitation by or on behalf of the Issuer to any person to subscribe for or to purchase the Notes.

Structured securities such as the Notes involve a high degree of risk and are intended for sale only to those investors capable of understanding the risk entailed in such instruments. Prospective purchasers of the Notes should ensure that they understand the nature of the Notes and the extent of their exposure to risk, and that they understand the nature of the Notes as an investment in the light of their own circumstances and financial condition. Prospective purchasers of the Notes should conduct their own investigations and, in deciding whether or not to purchase Notes, should form their own views of the merits of an investment related to the Notes based upon such investigations and not in reliance upon any information given in the Prospectus. If in doubt potential investors are strongly recommended to consult with their financial advisers before making any investment decision.

The delivery of this document shall not in any circumstances imply that the information contained herein concerning the Issuer or the Notes is correct at any time subsequent to the date hereof. Potential investors should carefully review and evaluate, inter alia, the most recent financial statements of the Issuer when deciding whether or not to purchase the Notes.

The Issuer does not represent that the Prospectus may be lawfully distributed, or that the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer which would permit a public offering of the Notes or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither the Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction where such offer, sale, distribution and/or publication would be prohibited.

The distribution of the Prospectus and the offer or sale of the Notes may be restricted by law in certain jurisdictions. Persons into whose possession the Prospectus or the Notes come must inform themselves about, and observe, any such restrictions. In particular, the restrictions set out in the “Subscription and Sale” section of Chapter 1 of the Base Prospectus (incorporated by reference into the Prospectus) on the distribution of the Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area, the United Kingdom, Austria, The Netherlands, France, Italy, Ireland, Australia, India, Mexico, People’s Republic of China, Brazil, Chile, Switzerland, Japan, Hong Kong, Korea, Norway and Singapore also apply to the Securities Note and the Notes.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of

the United States. Accordingly, the Notes may not be offered, sold, pledged or otherwise transferred within the United States or to or for the account or benefit of U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act and any applicable state securities laws.

The Notes have not been approved or disapproved by the U.S. Securities and Exchange Commission, any state securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Notes or the accuracy or the adequacy of the Prospectus. Any representation to the contrary is a criminal offence in the United States.

PART ONE: SUMMARY

The summary is comprised of disclosure requirements known as “Elements”. These Elements are numbered in Sections A – E (A.1 – E.7). This Summary includes all the Elements required to be included for the Notes and the Issuer. As some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in this summary because of the nature of the Notes and the Issuer, it is possible that no relevant information can be given regarding each Element. In this case, a short description of the Element is included in the summary and marked as “Not Applicable”.

Section A – Introduction and warnings		
A.1	Warning:	<p>This Summary must be read as an introduction to the Prospectus and any decision to invest in the Notes should be based on a consideration of the Prospectus as a whole by the investor, including the documents incorporated by reference.</p> <p>Civil liability in respect of this Summary, including any translation thereof, will attach to the Issuer in any Member State of the EEA in which the relevant provisions of the Prospectus Directive have been implemented, but only if this Summary is misleading, inaccurate or inconsistent when read together with the other parts of the Prospectus or it does not provide, when read together with the other parts of the Prospectus, key information in order to aid investors when considering to invest in the Notes.</p> <p>Where a claim relating to the information contained in the Prospectus is brought before a court in such Member State, the plaintiff investor may, under the national legislation of that Member State, have to bear the costs of translating the Prospectus before the legal proceedings are initiated.</p>
A.2	Consent to use the Prospectus for subsequent resales or final placement of the Notes by financial intermediaries	The Issuer has not expressed its consent to the use of the Prospectus for subsequent resales or placements of the Notes.
Section B – Issuer		
B.1	The legal and commercial name of the Issuer:	ING Bank N.V. (the “ Issuer ”)
B.2	The domicile and legal form of the Issuer, the legislation under which the Issuer operates and its country of incorporation:	The Issuer is a company with limited liability (<i>naamloze vennootschap</i>) incorporated under the laws of the Netherlands with its corporate seat in Amsterdam, The Netherlands. The Issuer is registered at the Chamber of Commerce of Amsterdam under no. 33031431.
B.4b	A description of any known trends affecting the Issuer and the industries in which it	<p>The information provided under this item which refers to ING (as defined under item B.5) applies equally to the Issuer.</p> <p>The results of operations of the Issuer are affected by demographics and by a variety of market conditions, including economic cycles, banking industry cycles and fluctuations in stock markets, interest and foreign exchange rates.</p>

	operates:	<p>In 2012 the external environment continued to have an impact on the Issuer as the euro sovereign debt crisis in the Eurozone maintained a challenging economic and financial market environment for a major part of the year. This led to international capital and money markets not functioning in the manner they would in more normal circumstances. This had repercussions (for the Issuer, its industry and the broader economy) especially in Europe where funding for governments and financial institutions continues to be difficult in certain markets.</p> <p>The operations of the Issuer are exposed to fluctuations in equity markets. The Issuer maintains an internationally diversified and mainly client-related trading portfolio. Accordingly, market downturns are likely to lead to declines in securities trading and brokerage activities which it executes for customers and therefore to a decline in related commissions and trading results. In addition to this, the Issuer also maintains equity investments in its own non-trading books. Fluctuations in equity markets may affect the value of these investments.</p> <p>The operations of the Issuer are exposed to fluctuations in interest rates. The Issuer's management of interest rate sensitivity affects the results of its operations. Interest rate sensitivity refers to the relationship between changes in market interest rates on the one hand and future interest earnings and economic value of its underlying banking portfolios on the other hand. Both the composition of the Issuer's assets and liabilities and the fact that interest rate changes may affect client behaviour in a different way than assumed in the Issuer's internal models may result in a mismatch which causes the banking longer term operations' net interest income and trading results to be affected by changes in interest rates.</p> <p>The Issuer is exposed to fluctuations in exchange rates. The Issuer's management of exchange rate sensitivity affects the results of its operations through the trading activities for its own account and because ING prepares and publishes its consolidated financial statements in euros. Because a substantial portion of the Issuer's income and expenses is denominated in currencies other than euros, fluctuations in the exchange rates used to translate foreign currencies into euros will impact its reported results of operations and cash flows from year to year. This exposure is mitigated by the fact that realised results in non-euro currencies are translated into euros by monthly hedging.</p>																																
B.5	Description of the Group and the Issuer's position within the Group:	The Issuer is part of ING Groep N.V. (" ING Group "). ING Group is the holding company for a broad spectrum of companies (together, " ING "), offering banking, investments, life insurance and retirement services to meet the needs of a broad customer base. The Issuer is a wholly-owned, non-listed subsidiary of ING Group and is a large international player with an extensive global network in over 40 countries. Since 2011, the Issuer has been operating as a stand-alone business under the umbrella of ING Group.																																
B.9	Profit forecast or estimate:	Not Applicable; no profit forecasts or estimates have been made by the Issuer.																																
B.10	Qualifications in the auditors' report:	Not Applicable; Ernst & Young Accountants LLP has issued an unqualified auditors' report on the financial statements for each of the financial years ended 31 December 2012, 31 December 2011 and 31 December 2010.

C.16	Expiration date or maturity date – the exercise date or final reference date:	<p>Expiration Date:</p> <p>The last observation date of the Shares falls on the Expiration Date (27 August 2018).</p> <p>Maturity date:</p> <p>Unless redeemed early, the Notes will be redeemed on the Maturity Date (10 September 2018).</p>
C.17	A description of the settlement procedures of the derivative securities:	<p>Settlement procedures:</p> <p>The Notes will be redeemed on the Maturity Date unless redeemed early as described below or as specified in C.18.</p> <p>Settlement procedures in case an early redemption event has occurred:</p> <p>The Notes may be redeemed early in the following circumstances:</p> <ul style="list-style-type: none"> (i) an event of default by the Issuer; (ii) if 90 per cent. or more in nominal amount of the Notes issued have already been redeemed or purchased and cancelled (at the discretion of the Issuer); and (iii) a change in the tax treatment of payments due under the Notes. <p>If the Notes are to be redeemed in the circumstances described in (i), (ii) or (iii) above, the Issuer shall redeem each Note at an amount equal to the fair market value of a Note determined by the Calculation Agent in its sole and absolute discretion.</p> <p>Specific information for Swedish Notes:</p> <p>The Notes qualify as “Swedish Notes” and will therefore be issued in uncertificated and dematerialised book-entry form in accordance with the Swedish Financial Instruments Accounts Act (<i>Sw. lag (1998:1479) om kontoföring av finansiella instrument</i>) and all other applicable Swedish laws, regulations and operating procedures applicable to and/or issued by the Swedish central securities depository (<i>Sw. central värdepappersförvarare</i>) from time to time (the “Swedish CSD Rules”) which is Euroclear Sweden AB (the “Swedish CSD”). No physical</p>

		<p>global or definitive Notes or certificates will be issued in respect of Swedish Notes and the provisions relating to presentation, surrender or replacement of such physical bearer instruments shall not apply. Payments of principal, interest (if any) or any other amounts on any Swedish Note will be made through the Swedish CSD in accordance with the Swedish CSD Rules.</p>
C.18	<p>A description of how the return on derivative securities takes place:</p>	<p>Variable linked interest:</p> <p>The Notes have a variable interest rate, which is determined as follows.</p> <p>Memory interest feature</p> <p>The Notes have a “memory” interest feature pursuant to which the rate of interest payable by the Issuer on the Notes will be determined. In respect of the first interest period the rate of interest will be either:</p> <p>(i) if the price of each Share in the basket on the relevant observation date is greater than or equal to the price specified as the “Barrier Level” for each Share in the basket, the rate specified as “Coupon” in this Prospectus ($5.35\% \times \text{SEK } 10,000$); or</p> <p>(ii) otherwise, zero.</p> <p>In respect of all subsequent interest periods, the rate of interest payable by the Issuer on the Notes will be either:</p> <p>(i) if the price of each Share in the basket on the relevant observation date is greater than or equal to the Barrier Level, a rate of interest per annum calculated as (x) product of “Coupon” ($5.35\% \times \text{SEK } 10,000$) and the number of interest payment dates up to and including the current interest payment date minus (y) the sum of all previously paid interest amounts, except for the first interest period for which the interest amount shall be deemed zero. This is called the “Memory Coupon”; or</p> <p>(ii) otherwise, zero.</p> <p>By way of example, if on the first Observation Date (24 February 2014) the price of each Share in the basket is equal to or higher than its relevant “Barrier Level”, an interest amount will be paid for the first interest period. In this case, the interest amount payable on 10 March 2014 will be SEK 535 ($\text{SEK } 10,000 \times 5.35\%$). If on the first Observation Date (24 February 2014) the price of one of the Shares in the basket was lower than its relevant “Barrier Level”, no interest amount will be paid for the first interest period.</p> <p>By way of example, if on the second Observation Date (25 August 2014) the Price of each Share in the basket is equal to or higher than its relevant “Barrier Level” and on the first Observation Date the Price of at least one of the Shares in the basket was lower than the “Barrier Level”, an interest amount will be paid for the second interest period. In this case, the interest amount payable for the second interest period will be SEK 1,070 ($\text{SEK } 10,000 \times (5.35\% \times 2)$).</p> <p>By way of example, if on the second Observation Date (25 August 2014) the price of at least one of the Shares in the basket is lower than its relevant “Barrier Level”, no interest amount will be paid for the second interest period.</p> <p>By way of example, if on the third Observation Date (23 February 2015) the price of each Share in the basket is equal to or higher than its relevant “Barrier Level” and on the first Observation Date the price of at least one of the Shares in the basket was lower than the “Barrier Level” (so no interest amount was paid for the first interest period) and on the second Observation Date the price of each Share in the basket was equal to or higher than the “Barrier Level” (so an interest amount was paid for the second interest period), an interest amount will be paid for the third interest period. In this case, the interest amount payable for the third interest period will be SEK 1,070 being the sum of the interest amounts for all three interest periods minus interest amount that was paid for the second interest period ($(\text{SEK } 10,000 \times (5.35\% \times 3) - (\text{SEK } 10,000 \times 5.35\% \times 1))$).</p> <p>Final Redemption Amount</p> <p>The Final Redemption Amount payable by the Issuer on the Notes will be either:</p>

An Automatic Early Redemption Event will have occurred if on an Automatic Early Redemption Valuation Date the price of each Share in the basket was equal to or higher than its Initial Share Price (i.e. the price of the Share on 24 June 2013). The ongoing turbulence and volatility of such factors have adversely affected, and may continue to adversely affect the profitability and solvency of the Issuer. • Adverse capital and credit market conditions may impact the Issuer’s ability to access liquidity and capital, as well as the cost of credit and capital. • The default of a major market participant could disrupt the markets. • Because the Issuer’s businesses are subject to losses from unforeseeable and/or catastrophic events, which are inherently unpredictable, the Issuer may experience an abrupt interruption of activities, which could have an adverse effect on its financial condition. • The Issuer operates in highly regulated industries. There could be an adverse change or increase in the financial services laws and/or regulations governing the Issuer’s business. • Continued turbulence and volatility in the financial markets and the economy generally have adversely affected the Issuer, and may continue to affect its business and results of operations. • Because the Issuer operates in highly competitive markets, including its home market, it may not be able to increase or maintain its market share, which may have an adverse effect on its results of operations. • Because the Issuer does business with many counterparties, the inability of these counterparties to meet their financial obligations could have a material adverse effect on the Issuer’s results of operations. • Market conditions observed over the past few years may increase the risk of loans being impaired. The Issuer is exposed to declining property values on the collateral supporting residential and commercial real estate lending. • Interest rate volatility and other interest rate changes may adversely affect the Issuer’s profitability. • The Issuer may incur losses due to failures of banks falling under the scope of state compensation schemes. • The Issuer may be unable to manage its risks successfully through derivatives. • The Issuer may be unable to retain key personnel. • The Issuer may not be able to protect its intellectual property and may be subject to infringement claims. • Because the Issuer uses assumptions to model client behaviour for the purpose of its market risk calculations, the difference between the realisation and the assumptions may have an adverse impact on the risk figures and future results. • The Issuer may incur further liabilities in respect of its defined benefit retirement plans if the value of plan assets is not sufficient to cover potential obligations, including as a result of differences between results and underlying actuarial assumptions and models. • The Issuer’s risk management policies and guidelines may prove inadequate for the risks its faces. • The Issuer is subject to a variety of regulatory risks as a result of its operations in certain countries. • Because the Issuer is continually developing new financial products, it might be faced with claims that could have an adverse effect on its operations and net results if clients’

PART TWO: SECURITIES NOTE

RISK FACTORS

Investing in the Notes involves risks. The Notes are not principal protected (see paragraph below “No principal protection”) and the market value of the Notes may fluctuate during their term. Prospective investors risk losing their entire investment or part of it. See Parts 1 and 2 of the “Risk Factors” section of Chapter 1 of the Base Prospectus (incorporated by reference into this Securities Note) and, in addition, the risk factors below for information on the risk factors to be taken into account when considering an investment in the Notes. Potential investors are strongly recommended to consult with their independent financial advisers before making any investment decision.

Risk Factor in relation to a basket of Shares Linkage

Terms used but not defined below are as defined in the Terms and Conditions of the Notes linked to a Basket of Shares, as set out in Chapter 2, Part 1 and Chapter 3, Part 1(B) of the Base Prospectus.

The return on the Notes is linked to the performance of the underlying Shares. The prices of the Shares may go down as well as up throughout the life of the Notes. Fluctuations in the prices of the Shares will affect the value of and return on the Notes.

A credit rating reduction may result in a reduction in the trading value of the Notes

The value of the Notes may be expected to be affected, in part, by Noteholders’ general appraisal of the creditworthiness of the Issuer and/or the ING Group. Such perceptions are generally influenced by the ratings accorded to the outstanding securities of the Issuer by standard statistical rating services, such as Moody’s, Standard & Poor’s and Fitch. A reduction in the rating, if any, accorded to outstanding debt securities of the Issuer by one of these or other rating agencies could result in a reduction in the trading value of the Notes.

No principal protection

The Notes are not capital protected and investors may therefore lose their investment in the Notes. The Interest Amount and the Final Redemption Amount of the Notes will depend on the performance of the underlying Shares.

Conflicts of Interest

The Issuer and its affiliates may engage in trading activities (including hedging activities) related to the Shares underlying the Notes (the “**Securities**”) and other instruments or derivative products based on or related to the Securities for their proprietary accounts or for other accounts under their management. The Issuer and its affiliates may also issue other derivative instruments in respect of the Securities. The Issuer and its affiliates may also act as underwriter in connection with future offerings of the Securities or may act as financial adviser to companies whose Securities impact the return on Notes. Such activities could present certain conflicts of interest, could influence the prices of such Securities and could adversely affect the value of such Notes.

The Issuer and its affiliates may have acquired, or during the term of Notes may acquire, non-public information with respect to Securities (or their issuers) which will not be provided to holders of such Notes. The Issuer make no representation or warranty about, give no guarantee of, the performance of the Shares underlying the Notes. Past performance of the Shares cannot be considered to be a guarantee of, or guide to, future performance.

Limited Liquidity and Restrictions on Transfer

Though Application will be made for the Notes to be admitted to trading on the NASDAQ OMX and to be listed on the Official List of the NASDAQ OMX, there may not be any market for the Notes and, as a result, a purchaser must be prepared to hold such Notes for an indefinite period of time or until the maturity thereof. It is unlikely that an active secondary market for the Notes will develop and purchasers of the Notes may find it difficult or uneconomic to liquidate their investment at any particular time. The Notes may be subject to certain transfer

restrictions and may only be transferable to certain transferees and in limited circumstances. Such transfer restrictions may further limit the liquidity of the Notes. The Issuer make no representation or warranty about, give no guarantee of, the performance of the Shares underlying the Notes. Past performance of the Shares cannot be considered to be a guarantee of, or guide to, future performance.

Early Redemption

The Notes may redeem prior to their Maturity Date due to certain events set forth in the conditions applicable to the Notes, which events include events of default in respect of the Issuer. In such instances, amounts payable to the Noteholders will be dependent, among other factors, the prevailing fair market value of the notes, taking into account (without limitation) the cost or gain to the Issuer in amending or liquidating any related hedging or trading position(s) and any additional costs, fees or taxes relating thereto. It should be understood that in such circumstances, it is likely that the amount due to holders of the Notes may be less than the outstanding principal amount of the Notes.

Automatic Early Redemption

The Notes will be automatically early redeemed at SEK 10,000 per note (based on a Specified Denomination of SEK 10,000) if an Automatic Early Redemption Event occurs. An Automatic Early Redemption Event will have occurred if on an Automatic Early Redemption Valuation Date the price of each Share in the basket was equal to or higher than its Initial Share Price (i.e. the price of the Share on 24 June 2013). In case the Notes are redeemed upon an Automatic Early Redemption Event investors, given that the Notes will be redeemed, will not receive any coupon payments for any subsequent interests periods that would have followed the Automatic Early Redemption Event.

Taxation and no gross-up

Each investor in the Notes will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority including, without limitation, any state or local taxes or other similar assessment or charges that may be applicable to any payment to such holder in respect of the Notes. In the event that any withholding tax or deduction for tax is imposed on payments on the Notes by the Issuer to the Noteholders, it should be understood that such Noteholders will not be entitled to receive amounts to compensate for such withholding tax.

All payments made by the Issuer in respect of the Notes shall be made subject to any tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. Noteholders will not be entitled to receive grossed-up amounts to compensate for any such tax, duty, withholding or other payment.

DOCUMENTS INCORPORATED BY REFERENCE

The Prospectus should be read and construed in conjunction with the following documents (or part thereof) as listed in (a) to (e) below, which (a) have previously been published (or are published simultaneously with the Prospectus) and (b) have been approved by the AFM or filed with it, and shall be deemed to be incorporated in, and to form part of, the Prospectus:

 - Chapter 2 Part 1 headed “General Terms and Conditions of the Notes” of the Base Prospectus; and
 - Chapter 3 Part 1(B) headed “Terms and Conditions of Notes Linked to a Basket of Shares” of the Base Prospectus;
- (b) the Articles of Association (*statuten*) of the Issuer;
- (c) the publicly available annual reports of the Issuer in respect of the years ended 31 December 2010, 2011 and 2012, including the audited financial statements and auditors' reports in respect of such years;
- (d) the press release published by ING on 19 November 2012 entitled “ING reaches agreement on amended EC Restructuring Plan”; and
- (e) pages 11 and 13 to 28 (inclusive) of the unaudited ING Group 2013 quarterly report for the first quarter of 2013, as published by ING Group on 8 May 2013 (the “**Q1 Report**”). The Q1 Report contains, among other things, the consolidated unaudited interim results of ING Group as at, and for the three month period ended, 31 March 2013, as well as information about recent developments during this period in the banking business of ING Group, which is conducted substantially through the Issuer and its consolidated group, in each case where and to the extent such document refers to the Issuer and to Notes (as defined in the Base Prospectus). Terms used but not defined herein shall have the meanings given to them in the Base Prospectus. References in the Base Prospectus to “Final Terms” shall be deemed to be references to the Terms and Conditions of the Notes as set out in this Securities Note and Summary.

With respect to the Q1 Report, prospective investors should note that the Issuer’s consolidated operations, while materially the same, are not identical with the reported financial and statistical information on a segment basis for the banking business of ING Group as described in the Q1 Report. ING Group is not responsible for the preparation of this Prospectus.

The non-incorporated parts of the Base Prospectus and the Q1 Report are not relevant for investors in the Notes.

TERMS AND CONDITIONS OF THE NOTES

PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the general terms and conditions of the Notes set forth in Chapter 2, Part 1 (the “General Conditions”) and the terms and conditions of credit linked notes set forth in Chapter 3, Part 1(B) (the “Terms and Conditions of Notes Linked to a Basket of Shares”) of the Base Prospectus.

References in the Base Prospectus to “Final Terms” shall be deemed to be references to the Terms and Conditions of the Notes as set out in this Securities Note.

Prospective investors should carefully consider the section “Risk Factors” in the Base Prospectus.

6 INFORMATION CONCERNING THE UNDERLYING

The return on the Notes is linked to the performance of the underlying Shares. The levels of the Shares may go down as well as up throughout the life of the Notes. Fluctuations in the levels of the Shares will affect the value of and return on the Notes. A negative performance of any of the Shares might have an adverse effect on the value of and the return on the Notes.

Details of the past and future performance of the Shares in the Basket and their volatility can be obtained from:

- In respect of Share₁; www.swedbank.com and Bloomberg page: SWEDA SS <Equity>;
- In respect of Share₂; www.boliden.se and Bloomberg page: BOL SS <Equity>;
- In respect of Share₃; www.atlascopco.com and Bloomberg page: ATCOA SS <Equity>;and
- In respect of Share₄; www.ericsson.com and Bloomberg page: ERICB SS<Equity>.

7 DETAILS OF UNDERLYING SHARES

Examples of the return on the Notes:

The examples set out below are no indication, prediction or guarantee of future performance of the Notes. No rights may be derived from these examples.

The return on the Notes will depend on the Performance of the underlying Shares.

The Notes are not principal protected and investors may therefore lose their investment in the Notes.

If on any Observation Date, the Price of each and every Share in the Basket is equal to or higher than its relevant Initial Share Price, than an Automatic Early Redemption Event will have occurred (“**Automatic Early Redemption Event**”).

Variable linked Interest:

Memory interest feature

The Notes have a “memory” interest feature pursuant to which the rate of interest payable by the Issuer on the Notes will be determined. In respect of the **first** interest period the rate of interest will be either:

(i) if the price of each Share in the basket on the relevant observation date is greater than or equal to the price specified as the “Barrier Level” for each Share in the basket, the rate specified as “Coupon” in this Prospectus ($5.35\% \times \text{SEK } 10,000$); or

(ii) otherwise, zero.

In respect of all **subsequent** interest periods, the rate of interest payable by the Issuer on the Notes will be either:

(i) if the price of each Share in the basket on the relevant observation date is greater than or equal to the Barrier Level, a rate of interest per annum calculated as (x) product of “Coupon” ($5.35\% \times \text{SEK } 10,000$) and the number of interest payment dates up to and including the current interest payment date minus (y) the sum of all previously paid interest amounts, except for the first interest period for which the interest amount shall be deemed zero. This is called the “Memory Coupon”; or

(ii) otherwise, zero.

By way of **example**, if on the first Observation Date (24 February 2014) the price of each Share in the basket is equal to or higher than its relevant “Barrier Level”, an interest amount will be paid for the first interest period. In this case, the interest amount payable on 10 March 2014 will be SEK 535,00 ($\text{SEK } 10,000 \times 5.35\%$). If on the first Observation Date (24 February 2014) the price of one of the Shares in the basket was lower than its relevant “Barrier Level”, no interest amount will be paid for the first interest period.

By way of **example**, if on the second Observation Date (25 August 2014) the Price of each Share in the basket is equal to or higher than its relevant “Barrier Level” and on the first Observation Date the Price of at least one of the Shares in the basket was lower than the “Barrier Level”, an interest amount will be paid for the second interest period. In this case, the interest amount payable for the second interest period will be SEK 1,070 ($\text{SEK } 10,000 \times (5.35\% \times 2)$).

By way of **example**, if on the second Observation Date (25 August 2014) the price of at least one of the Shares in the basket is lower than its relevant “Barrier Level”, no interest amount will be paid for the second interest period.

By way of **example**, if on the third Observation Date (23 February 2015) the price of each Share in the basket is equal to or higher than its relevant “Barrier Level” and on the first Observation Date the price of at least one of the Shares in the basket was lower than the “Barrier Level” (so no interest amount was paid for the first interest period) and on the second Observation Date the price of each Share in the basket was equal to or higher than the “Barrier Level” (so an interest amount was paid for the second interest period), an interest amount will be paid for the third interest period. In this case, the interest amount payable for the third interest period will be SEK 1,070, being the sum of the interest amounts for all three interest periods minus interest amount that was paid for the second interest period ($(\text{SEK } 10,000 \times (5.35\% \times 3)) - (\text{SEK } 10,000 \times 5.35\% \times 1)$).

Final Redemption Amount

The Final Redemption Amount payable by the Issuer on the Notes will be either:

(1) if on the Expiration Date the price of each Share in the basket is greater than or equal to its relevant “Barrier Level”, an amount per Note equal to SEK 10,000;

(2) if on the Expiration Date the price of at least one of the Shares in the basket is lower than its relevant “Barrier Level”, an amount per Note equal to the performance of the Share that has the worst performance compared to the other Shares in the basket during the period from 24 June 2013 until 27 August 2018.

By way of **example**, if on the Expiration Date (27 August 2018) the price of each share in the basket was higher than the “Barrier Level”, the Final Redemption Amount of each Note will be SEK 10,000 (based on a Specified Denomination of SEK 10,000).

By way of **example**, if on the Expiration Date the Price of at least one of the Shares in the basket is lower than the “Barrier Level” and the worst performing Share is trading at 45% of its Initial Share Price, the Final Redemption Amount of each Note will be SEK 4,500 (based on a Specified Denomination of SEK 10,000).

The return on the Notes in case an Automatic Early Redemption Event has occurred:

The Notes will be automatically early redeemed at SEK 10,000 per note (based on a Specified Denomination of SEK 10,000) if an Automatic Early Redemption Event occurs. If an Automatic Early Redemption Event occurs the Issuer’s obligation to redeem each Note at its Final Redemption Amount shall cease and will be replaced by an obligation to redeem each Note in whole on the Automatic Early Redemption Date for the Automatic Early Redemption Amount. An Automatic Early Redemption Event will have occurred if on an Automatic Early Redemption Valuation Date the price of each Share in the basket was equal to or higher than its Initial Share Price (i.e. the price of the Share on 24 June 2013). The first Automatic Early Redemption Valuation Date falls on 25 August 2014 following which there will be an Automatic Early Redemption Valuation Date each six months.

By way of **example**, if on one of the Automatic Early Redemption Valuation Dates the price of each Share in the basket is higher than the price of such Share on the Strike Date (24 June 2013) an Automatic Early Redemption Event will have occurred. In this case, the Automatic Early Redemption Amount will be SEK 10,000 (based on a Specified Denomination of SEK 10,000).

By way of **example**, if on one of the Automatic Early Redemption Valuation Dates the price of at least one of the shares in the basket is lower than the price of such Share on the Strike Date an Automatic Early Redemption Event will not have occurred and the Note will not be redeemed early.

8 RESULTS OF THE OFFER

Results of the offer will be published by the Issuer on www.ingmarkets.com following the close of the subscription period (results of the offer are expected to be published on or about the Strike Date, although the Issuer reserves the right to close the subscription period earlier).

9 POST-ISSUANCE INFORMATION

Post-issuance information in relation to the Notes will be made available on www.ingmarkets.com. There is no assurance that the Issuer will continue to provide such information for the life of the Notes.

11 SWEDISH TAXATION

The following summary of certain tax issues that may arise as a result of holding Notes is based on current Swedish tax legislation and is intended only as general information for holders of Notes who are resident in Sweden for tax purposes, unless otherwise indicated. This description does not deal comprehensively with all tax consequences that may occur for holders of Notes, nor does it cover the specific rules where Notes are held by a partnership or as current assets in a business operation. Special tax consequences that are not described below may also apply for certain categories of taxpayers, including investment companies and mutual funds. Prospective applicants for Notes should consult their own tax advisers for information with respect to the special tax consequences that may arise as a result of holding Notes, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

Taxation of Individuals Resident in Sweden

Capital Gains and Losses

Individuals who sell their Notes, or have their Notes redeemed or bought back, are subject to capital gains tax. The tax rate is 30%.

The capital gain or loss is calculated as the difference between the sales (or redemption) proceeds, after deduction of sales costs, and the Notes' acquisition cost for tax purposes. The acquisition cost is determined according to the "average method". This means that the costs of acquiring all Notes of the same type and class as the sold Notes are added together and the average acquisition cost is calculated collectively, with respect to changes to the holding.

Gains or losses on currency exchange rate fluctuations may arise in relation to Notes where the sales proceeds received are in a foreign currency. However, no special calculations are required if the sales proceeds are exchanged into SEK within 30 days from the time of disposal. In such case, the exchange rate on the date of exchange shall be used when calculating the value of the sales proceeds. The exchange rate on the date of acquisition is generally used when determining the acquisition cost for tax purposes.

The Notes could be defined as;

- (a) receivables (*Sw. fordringsrätt*);
- (b) listed shares and other listed securities that are taxed in the same manner as shares (*Sw. delägar rätt*); or

(c) non-financial items (*Sw. andra tillgångar*).

As a general rule, 70% of a capital loss is deductible against any other taxable income from capital. However, capital losses on listed Swedish receivables are fully deductible in the income from capital category. According to Swedish case law, full deductibility also applies to capital losses on listed foreign receivables.

Capital losses on listed shares and other listed securities that are taxed in the same manner as shares (except for listed shares in mutual funds containing only Swedish receivables), are fully deductible against taxable gains on such assets and on non-listed shares in Swedish limited liability companies and foreign legal entities. On non-listed shares in Swedish limited liability companies and foreign legal entities only five sixths of capital losses are deductible. If capital losses pertain to both listed and non-listed shares, the losses pertaining to the listed shares are deductible prior to the losses on the non-listed shares. 70% of any excess amount is deductible according to the general rule or five sixths of 70% is deductible if the capital loss relates to non-listed shares. Capital losses on listed shares in mutual funds containing only Swedish receivables are fully deductible in the income from capital category.

If a deductible deficit arises in the income from capital category, a reduction of the tax on income from employment and from business operations, as well as the tax on real estate and the municipal real estate fee, is allowed. The tax reduction is 30% of any part of the deficit not exceeding SEK 100,000 and 21% of any part of the deficit in excess of SEK 100,000. Deficits may not be carried forward to a subsequent fiscal year.

Interest/Dividends

Any interest income received by an individual holder during the life of a financial instrument is subject to Swedish tax at a tax rate of 30% in the income from capital category. Interest is taxable when the income can be disposed of. The same applies to dividends.

There are no specific Swedish tax rules defining what constitutes debt or equity, nor is there a definition of interest. However, where a payment during the life of the instrument is made at the discretion of the Issuer, such payment should generally be considered a dividend. It is further generally held, that where the terms and conditions of the instrument provide for payments to be made under predetermined circumstances established by the terms and conditions and no shareholder meeting is required to determine the payment, such payment should be considered interest.

Taxation of Swedish Legal Entities

Limited liability companies and other legal entities (except partnerships and estates of deceased persons) are normally taxed on all income (including income from the sale, redemption or repayment of the Notes) as income from business operations at a flat rate of 22% (the tax rate is 26.3% for fiscal years commencing prior to 1 January 2013).

Regarding the calculation of capital gains or losses, see section “Taxation of Individuals Resident in Sweden” above. However, for legal entities, interest income and currency exchange fluctuations are normally taxable, or deductible, as the case may be, on an accrual basis. Note that capital losses on non-financial items (*Sw. annan tillgång*) are fully deductible for tax purposes when the holder is a legal entity.

Tax deductible capital losses on receivables incurred by a limited liability companies and certain other legal entities are normally fully deductible against any taxable income.

Specific rules may apply to Notes held as a hedge for foreign currency exposure.

Taxation of holders of Notes residing outside of Sweden

Payments of any principal amount or any amount that is considered to be interest or dividends for Swedish tax purposes to holders of Notes who are not fiscally resident in Sweden and who are not engaged in trade or business in Sweden through permanent establishments are not subject to Swedish income tax. A person is resident in Sweden for Swedish tax purposes if it (a) is domiciled in Sweden; (b) has its habitual abode in Sweden; or (c) has been domiciled earlier in Sweden and, after having moved abroad, continues to have an essential connection with Sweden.

Swedish withholding tax, or Swedish tax deduction, is not imposed on payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes to a non-resident holder of Notes.

Unless an exemption applies, Swedish dividend withholding tax (*Sw. kupongskatt*) at a rate of 30% is payable on dividends paid by companies incorporated and duly registered in Sweden under the Swedish Companies Act to non-resident shareholders who are entitled to receive the dividends. Depending on the shareholder's circumstances and residency, it may be possible to reduce the withholding tax rate or exempt dividends from withholding tax under Swedish domestic law or the applicable tax treaty.

Holders of Notes who are not fiscally resident in Sweden and who are not carrying on business operations from a permanent establishment in Sweden are generally not liable for Swedish capital gains taxation on the disposal of Notes. The holders may be subject to tax in their country of residence.

As far as non-resident individuals are concerned, capital gains on the sale of certain securities may in some cases be subject to Swedish tax if the individual has been resident or permanently lived in Sweden at any time during the calendar year of the sale or any of the ten preceding calendar years. The application of this tax rule is, in many cases, limited by tax treaties for the avoidance of double taxation, which Sweden has concluded with other countries.

Other

Sweden does not levy any net wealth tax and there are no transfer taxes on transfers of financial instruments.
