“**Valuation Date**” means, unless otherwise specified in the definition of the relevant Series in the applicable Final Terms, the last Trading Day of March in each year, commencing at least one year after the Issue Date unless, in the determination of the Calculation Agent, a Market Disruption Event has occurred on that day in which case, the Valuation Date shall be the first succeeding Trading Day on which the Calculation Agent determines that there is no Market Disruption Event, unless the Calculation Agent determines that there is a Market Disruption Event occurring on each of the Relevant Number of Trading Days immediately following the original date which (but for the Market Disruption Event) would have been a Valuation Date. In that case (a) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (b) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported price of the Reference Asset Spread Level and such other factors as the Calculation Agent determines to be relevant;

“**Valuation Time**” means, unless otherwise specified in the definition of the relevant Series, (i) in respect of an Index, the time with reference to which the Index Sponsor calculates and publishes the closing level of the Index, or (ii) in respect of a Share or Commodity, the close of trading on the Exchange, or (iii) in respect of a Fund, the time with reference to which the fund manager publishes the net asset value, or in relation to (i), (ii) or (iii) such other time as the Issuer may select in its absolute discretion and notify to Holders in accordance with General Condition 4; and

“**Weighting**” means, in respect of each Reference Asset and each Calculation Period, unless otherwise specified in the definition of the relevant Series in the applicable Final Terms, the weighting of the Reference Asset specified as such in the definition of Spread in the relevant Series in the applicable Final Terms or, if weighting is not specified as such an amount determined by the Calculation Agent at the Valuation Time on the relevant Rebalancing Day in accordance with the following formula:

(a) in respect of the Long Reference Asset:

$$\frac{((\text{Rebalancing Reference Price} + \text{Daily Cash Amount}) \times \text{Entitlement})}{\text{Rebalancing Reference Price}};$$

and

(b) in respect of the Short Reference Asset:

((Rebalancing Reference Price + Daily Cash Amount) x Entitlement) / Rebalancing
Reference Price,

subject to adjustment in accordance with Product Condition 4.

Terms in capitals which are not defined in these Product Conditions shall have the meanings ascribed to them in the General Conditions.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities are represented by a global security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “Holder” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Exercise. Provided no Stop Loss Event or Issuer Automatic Call Event has occurred, and notwithstanding notice of an Issuer Call, the Securities are exercisable by delivery of a Notice prior to the Exercise Time on an Exercise Date.

- (b) Stop Loss Event. Following a Stop Loss Event, the Securities will terminate automatically in whole but not in part and the Issuer will give notice to the Holders in accordance with General Condition 4. A Stop Loss Event will override an Issuer Call, Issuer Automatic Call and/or due Exercise if the Stop Loss Event occurs prior to or on an Issuer Call Date, Issuer Automatic Call Date or Valuation Date, as the case may be.
- (c) Issuer Call. The Issuer may terminate, subject to a valid Exercise, an Issuer Automatic Call or a Stop Loss Event, the Securities, in whole but not in part on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (d) Issuer Automatic Call. Following an Issuer Automatic Call Event, the Securities will terminate automatically in whole but not in part and the Issuer will give notice to the Holders in accordance with General Condition 4. An Issuer Automatic Call Event will override an Issuer Call, and/or due Exercise if the Issuer Automatic Call Event occurs prior to an Issuer Call Date or Valuation Date as the case may be.
- (e) Cash Settlement. Each Security upon due Exercise, termination pursuant to an Issuer Call or following a Stop Loss Event or Issuer Automatic Call Event and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date either:
 - (i) The Exercise Cash Amount, following a valid Exercise; or
 - (ii) The Issuer Call Cash Amount, following a valid Issuer Call; or
 - (iii) The Issuer Automatic Call Cash Amount, following Issuer Automatic Call; or
 - (iv) The Stop Loss Cash Amount, following a Stop Loss Event.
- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.

- (h) The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Reference Assets.
- (i) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with the Cash Amount (if any) for such Securities;
- (v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means:
 - (a) any person who is a U.S. person as defined in Regulation S under the Securities Act;
 - (b) any person or entity other than one of the following:
 - (1) a natural person who is not a resident of the United States;
 - (2) a partnership, corporation or other entity, other than an entity organised principally for passive investment, organised under the laws of a jurisdiction other than the United States and which has its principal place of business in a jurisdiction other than the United States;
 - (3) an estate or trust, the income of which is not subject to United States income tax regardless of source;
 - (4) an entity organised principally for passive investment such as a pool, investment company or other similar entity, provided that units of participation in the entity held by U.S. persons represent in the aggregate less than 10 per cent. of the

beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by U.S. persons; or

- (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States; and
- (vi) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or willful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.

- (n) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In respect of a Share, “**Market Disruption Event**” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) the Reference Assets on the Exchange or any other exchange on which the Reference Assets are listed; or (B) any options contracts or futures contracts or other derivatives contracts relating to the Reference Assets on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

In respect of an Index, “**Market Disruption Event**” means:

- (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located; or

- (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index (as determined by the Calculation Agent) if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

In respect of a Commodity, “**Market Disruption Event**” means:

- (i) Price Source Disruption. The failure by the Exchange to announce or publish the price of the Commodity (or the information necessary for determining such price) or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of the Commodity, on the Exchange; or

- (iv) Material Change in nature of or pricing method. The occurrence, since the Launch Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of, calculating the price of the Commodity; or
- (v) Material Change in Content. The occurrence, since the Launch Date, of a material change in the content or composition of the Commodity; or
- (vi) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or a material reduction in, trading in the Commodity on the Exchange; or
- (vii) Tax Disruption. The imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Valuation Date or Issuer Call Date and/or on each of the three Trading Days following the Valuation Date or Issuer Call Date and/or any other relevant date following the occurrence of a Stop Loss Event or Issuer Automatic Call Event from what it would have been without that imposition, change or removal; or
- (viii) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect to it on any exchange or principal trading market; or
- (ix) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located; or
- (x) Other Events. Any other event similar to any of the above which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

In respect of a Fund, “**Market Disruption Event**” means:

- (i) the Reference Asset and/or its fund manager ceases for any reason whatsoever to provide, publish or make available its NAV for a day which the fund manager normally provides, publishes or makes available the NAV; or

- (ii) the failure of trading to commence, or the permanent discontinuation of trading, of the Reference Asset; or
 - (iii) the material limitation imposed on trading in the Reference Asset with respect to it or any contract with respect to it on any principal trading market; or
 - (iv) any other event similar to any of the above which could make it impracticable or impossible for the Calculation Agent to perform its obligations in relation to the Securities.
- (b) Adjustment Events.

In respect of a Share:

Following a declaration by a Reference Asset Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Reference Asset Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per

annum of the then current market value of the Shares; (v) a call by the Reference Asset Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Reference Asset Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

In respect of an Index:

- (iii) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (iv) If (A) on any day the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on any day the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index then (in either case) the Calculation Agent shall determine the Reference Asset Price using, in lieu of a published level for the Index on such day, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Index Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.
- (v) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not, in the opinion

of the Calculation Agent, made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Index Shares of: (aa) Index Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Index Shares equally or proportionately with such payments to holders of Index Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Index Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Index Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date; (G) a distribution of cash dividends on the Index Shares equal to or greater than 8 per cent. per annum of the then current market value of the Index Shares; or (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Index Shares.

- (vi) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual

circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

In respect of a Fund:

An adjustment may include but is not limited to the postponement of the calculation of the Reference Asset Price or the exclusion or replacement of the Fund to account for such event and determine the effective date of that adjustment.

“Fund Adjustment Event” means:

- (i) a Fund’s investment objectives and/or investment restrictions (including without limitation a change to the days on which transactions in the Fund can take place) as set out in the Fund’s constitutive documents which are in force as at the Issue Date are, in the determination of the Calculation Agent, materially changed, not complied with or the method of calculating the NAV of a share of the Fund is materially changed; or
- (ii) the withdrawal, suspension, cancellation or modification of any license, consent, permit, authorisation or clearance required for the Fund or its fund manager to carry-out their activities as they are or should be carried out in accordance with the constitutive documents for such Fund as of the Issue Date; or
- (iii) the failure by the Fund or the fund manager to comply with any rule, law regulation, guideline or other document (whether internal or external to the Fund) governing the investment by the Fund of its assets; or
- (iv) a Fund is liquidated, dissolved or otherwise ceases to exist or it or its fund manager is subject to a proceeding under any applicable bankruptcy, insolvency or other similar law or the Fund is subject to any fraud; or
- (v) the change of control or of management of a Fund or of the fund manager; or
- (vi) any dealing restrictions (and/or amendments to relevant documentation) related to a Fund and/or transactions by its relevant fund manager, affiliate, agent or intermediary platform through which the Calculation Agent may contract (via a trading agreement or other ancillary document) in order to carry out such transactions; or
- (vii) the imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or

measured by reference to, the Fund (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Fund on any Trading Day used for calculating the Reference Asset Price and/or on each of the three Trading Days following such date from what it would have been without that imposition, change or removal; or

- (viii) any event (including, but not limited to, a split in the shares of the Fund, the creation of one or more categories of shares, a re-denomination of the shares, a change in the method of calculation of the NAV, any change in the rights and/or obligations in respect of any shares) affecting the shares and which, in the reasonable determination of the Calculation Agent, will or would have an adverse effect on determination or calculation of the Reference Asset Price; or
 - (ix) any litigation, judicial or other action commenced or threatening to be commenced against the Fund or the fund manager which, in the reasonable determination of the Calculation Agent, would have an adverse material effect on the Fund or would lead the fund manager to be in breach of its obligations under the Fund or make it impossible or impracticable for the fund manager to perform its obligations in respect of the Fund; or
 - (x) any other event, whether similar or not to any of the above: (A) which could make it impracticable or impossible for the Calculation Agent to perform its obligations in relation to the Securities and/or hedge its obligations hereunder or unwind a hedge of its obligations hereunder and/or carry out any and all transactions in respect of the Fund for the purpose of the Securities; (B) where the Calculation Agent is unable to acquire or dispose of shares of a Fund; (C) where there is any default in payment(s) for any amounts owing to the Calculation Agent for the redemption of shares of a Fund by the fund manager or any party responsible for making payments in respect of redemptions.
- (c) De-listing, Merger Event, Nationalisation and Insolvency in respect of a Share. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Reference Asset Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation

or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to fully account for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an

adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the date upon which all holders of the Shares of a Reference Asset Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“Merger Event” means any (i) reclassification or change to the Shares of a Reference Asset Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Reference Asset Company; (ii) consolidation, amalgamation or merger of a Reference Asset Company with or into another entity (other than a consolidation, amalgamation or merger in which such Reference Asset Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Reference Asset Company); or (iii) other take-over offer for the Shares of a Reference Asset Company that results in a transfer of or an irrevocable commitment to transfer the Shares of a Reference Asset Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date, Issuer Call Date, Issuer Automatic Call Date or Stop Loss Termination Date.

“Nationalisation” means that all the Shares of a Reference Asset Company or all the assets or substantially all the assets of a Reference Asset Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Reference Asset Company, (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Reference Asset Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make such adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
