(as provider of the 403 declaration) to gross-up any amounts payable thereunder in the event of any withholding or deduction for or on account of taxes levied in any jurisdiction.

The Notes and Warrants will be issued on a continuing basis by the relevant Issuer to purchasers thereof, which, in respect of the Notes, may include any Dealers appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a “Dealer” and together the “Dealers”). This Base Prospectus was approved in respect of its English language content by the Netherlands Authority for the Financial Markets (the “AFM”) for the purposes of the Prospectus Directive (Directive 2003/71/EC) (the “Prospectus Directive”) on 19 August 2009. Other Tranches of Notes and Warrants issued under the Programme may be rated or unrated. Where a Tranche of Notes or Warrants is rated, such rating will not necessarily be the same as the ratings assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The Issuers may decide to issue Notes or Warrants in a form not contemplated by the various terms and conditions of the Notes or Warrants, as the case may be, herein. In any such case a supplement to this Base Prospectus, if appropriate, will be made available which will describe the form of such Notes or Warrants.

General Risk Factors

- There are certain factors which are material for the purpose of assessing the risks associated with an investment in Notes and Warrants issued under the Programme. If a prospective investor does not have sufficient knowledge and experience in financial, business and investment matters to permit it to make such an assessment, the investor should consult with its independent financial adviser prior to investing in a particular issue of Notes or Warrants. Notes and Warrants may not be a suitable investment for all investors. Each Issuer, including its branches and any group company, is acting solely in the capacity of an arm’s length contractual counterparty and not as a purchaser’s financial adviser or fiduciary in any transaction unless such Issuer has agreed to do so in writing. Investors risk losing their entire investment or part of it if the value of the Notes or Warrants does not move in the direction which they anticipate. Notes and/or Warrants are generally complex financial instruments. A potential investor should not invest in Notes and/or Warrants which are complex financial instruments unless it has the expertise (either alone or with an independent financial adviser) to evaluate how the Notes and/or Warrants will perform under changing conditions, the resulting effects on the value of the Notes and/or Warrants and the impact this investment will have on the potential investor’s overall investment portfolio.
- If application is made to list Notes or Warrants on a stock exchange, there can be no assurance that a secondary market for such Notes or Warrants will develop or, if it does, that it will provide holders with liquidity for the life of the Notes or Warrants.
- Prospective purchasers intending to purchase Notes or Warrants to hedge against the market risk associated with investing in a security, index, currency, commodity or other asset or basis of reference, should recognise the complexities of utilising Notes and Warrants in this manner. For example, the value of the Notes and Warrants may not exactly correlate with the value of the security, index, currency, commodity or other asset or basis.
- The Calculation Agent for an issue of Notes and Warrants is the agent of the relevant Issuer and not the agent of the holders of the Notes or Warrants. It is possible that the

relevant Issuer will itself be the Calculation Agent for certain issues of Notes and Warrants. In making determinations and adjustments, the Calculation Agent will be entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion.

- An investor's total return on an investment in Notes or Warrants will be affected by the level of fees charged to the investor, including fees charged to the investor as a result of the Notes or Warrants being held in a clearing system. Investors should carefully investigate these fees before making their investment decision.
- Each Issuer and its affiliates may engage in trading activities related to interests underlying any Notes or Warrants, may act as underwriter in connection with future offerings of shares or other securities related to an issue of Notes or Warrants, or may act as financial adviser to certain companies whose securities impact the return on Notes or Warrants. Such activities could present certain conflicts of interest and could adversely affect the value of such Notes or Warrants.

For more details on the general risk factors affecting Notes and Warrants to be issued under the Programme, see Part 1 of the "Risk Factors" section of Chapter 1.

Risk Factors Relating to the Issuers

- Because the Issuers are part of an integrated financial services group conducting business on a global basis, the financial performance of the relevant Issuer is affected by the volatility and strength of the economic, business and capital markets environments specific to the geographic regions in which it conducts business. The ongoing turbulence and volatility of such factors have adversely affected, and may continue to adversely affect the financial condition of the relevant Issuer.
- Adverse capital and credit market conditions may impact an Issuer's ability to access liquidity and capital, as well as the cost of credit and capital.
- Because the Issuers' businesses are subject to losses from unforeseeable and/or catastrophic events, which are inherently unpredictable, the relevant Issuer may experience an abrupt interruption of activities, which could have an adverse effect on its financial condition.
- Because the Issuers operate in a highly regulated industry, laws, regulations and regulatory policies or the enforcement thereof that govern activities in their various business lines could have an effect on the relevant Issuer's

reputations, operations and net results.

- Ongoing turbulence and volatility in the financial markets have adversely affected the Issuers, and may continue to do so. The Issuers currently do not expect these conditions to improve in the short term.
- Because each Issuer operates in highly competitive markets, including in its home market, it may not be able to increase or maintain its market share, which may have an adverse effect on its financial performance.
- Because the Issuers do business with many counterparties, the inability of these counterparties to meet their financial obligations could have an adverse effect on the relevant Issuer's financial condition.
- Because the Issuers use assumptions to model client behaviour for the purpose of their market risk calculations, the difference between the realisation and the assumptions may have an adverse impact on the risk figures and future financial performance.
- Because the Issuers also operate in markets with less developed judiciary and dispute resolution systems, in the event of disputes in these markets, the quality and the effectiveness of such systems could have an adverse effect on the relevant Issuer's operations and financial performance.
- Because the Issuers are financial services companies and are continually developing new financial products, they might be faced with claims that could have an adverse effect on the relevant Issuer's operations and financial performance if clients' expectations are not met.
- The Issuers' businesses may be negatively affected by a sustained increase in inflation.
- Operational risks are inherent in the Issuers' businesses.
- The Issuers' businesses may be negatively affected by adverse publicity, regulatory actions or litigation with respect to an Issuer, other well-known companies or the financial services industry in general.
- The Global Issuer's agreements with the Dutch State impose certain restrictions regarding the compensation of certain senior management positions.
- Future increases of capital or other ownership changes may result in limitations to the future use of tax loss carry forwards as well as certain so-called built-in-losses which may in turn adversely effect net result and equity of the

Global Issuer.

- The European Commission may impose conditions and/or obligations in the context of applying the EC State aid rules to the transactions entered into by the Dutch State and ING which impact the Global Issuer.

For more details on the risk factors relating to the Issuers, see the section headed “Risk Factors” in the relevant Registration Document or, with respect to the Canadian Issuer, the relevant supplementary prospectus.

Risk Factors relating to Notes

- The relevant Issuer will pay principal and interest on the Notes in a specified currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency other than the specified currency.
- All payments to be made by the relevant Issuer in respect of the Notes, by the Guarantor in respect of the guarantee of the Australian Notes issued by ING Australia, the guarantee of the Guaranteed Canadian Notes, the guarantee of the Guaranteed U.S. Notes and the guarantee of the Guaranteed Americas Notes and by ING Bank N.V. pursuant to its 403 declaration as it relates to issues of Notes by ING Groenbank will be made subject to any tax, duty, withholding or other payment which may be required. Noteholders will not receive grossed-up amounts to compensate for any such required reduction.
- An optional redemption feature in any Notes may negatively impact their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. Noteholders subject to optional redemption likely will not be able to invest their proceeds of redemption at such an attractive rate of interest.
- The Global Issuer, ING Groenbank and the Americas Issuer may issue Notes with principal or interest determined by reference to a particular share, index, fund, security, inflation index, formula, commodity, commodity index, currency exchange rate or other factor (each a “Relevant Factor”). In addition, the Issuers may issue Dual Currency Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:
 - (i) the market price of such Notes may be very volatile. The market price of the Notes at any time is likely to be affected primarily by changes in the

level of the Relevant Factor to which the Notes are linked. It is impossible to predict how the level of the Relevant Factor will vary over time;

- (ii) such Notes may involve interest rate risk, including the risk of Noteholders receiving no interest;
 - (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
 - (iv) they may lose all or a substantial portion of their principal;
 - (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies, securities, indices or funds;
 - (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified;
 - (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield;
 - (viii) with respect to Share Linked Notes, if the Notes may be redeemed by delivery of the underlying shares, there is no assurance that the value of the shares received will not be less than the principal amount of the Notes;
 - (ix) Notes are of limited maturity and, unlike direct investments in a share, index, fund, security, inflation index, commodity or other asset, investors are not able to hold them beyond the Maturity Date in the expectation of a recovery in the price of the underlying; and;
 - (x) the price at which an investor will be able to sell Notes prior to the Maturity Date may be at a substantial discount to the market value of the Notes at the time they are issued depending on the performance of the Relevant Factor.
- The Issuers may issue fixed rate Notes. Investment in fixed rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of

fixed rate Notes.

- The Issuers may issue partly-paid Notes, where an investor pays part of the purchase price for the Notes on the issue date, and the remainder on one or more subsequent dates. Potential purchasers of such Notes should understand that a failure by a Noteholder to pay any portion of the purchase price when due may trigger a redemption of all of the Notes by the relevant Issuer and may cause such purchaser to lose all or part of its investment.
- The Global Issuer may issue Notes with principal or interest determined by reference to the performance of an underlying fund or a basket of underlying funds. Potential investors in such Notes should understand that:
 - (i) there are market risks associated with an actual investment in the underlying fund(s), and though the Notes do not create an actual interest in the underlying fund(s), the return on the Notes generally involves the same associated risks as an actual investment in the underlying fund(s);
 - (ii) third parties may subscribe for and redeem underlying fund interests, which may affect the performance and volatility of such fund's net asset value and the return on the Notes;
 - (iii) any performance of the underlying fund(s) necessary for the Notes to yield a specific return is not assured;
 - (iv) the value of units in the underlying fund(s) and the income from them may fluctuate significantly, and may be materially affected by, among other things, market trends, exchange rate fluctuations and political and economic developments in the countries in which such fund invests;
 - (v) trading and other costs incurred by funds affect their net asset value; and
 - (vi) the underlying fund(s) may have investment strategies and guidelines that are very broad. They may also be free to engage in additional or alternative strategies without reference to any person.
- The Global Issuer may issue Dynamic and Static Portfolio Notes, which are securities with principal and interest determined by reference to the performance of a dynamic or static portfolio. Potential investors in Dynamic and

Static Portfolio Notes should understand that:

- (i) the master portfolio is a notional investment with no separate legal personality. Potential investors will not have an interest in, or recourse to, the issuer or obligor of the underlying assets, nor will they be able to control its actions;
 - (ii) in the case of Dynamic and Static Portfolio Notes comprising a leverage portfolio, added exposure to the underlying assets gained by the notional borrowing under the leverage portfolio will magnify the effects of the underlying assets' performance on the return of the Notes;
 - (iii) in the case of Dynamic and Static Portfolio Notes comprising a deposit portfolio, should the underlying assets' performance improve following an increased notional allocation to the deposit portfolio, it will not be possible for investors to benefit from a corresponding advantage unless and until there is a subsequent allocation adjustment between the reference portfolio and the deposit portfolio, which may only happen at prescribed intervals;
 - (iv) in the case of Dynamic Portfolio Notes, allocation adjustment provisions mean that the return on any investment in the Notes is extremely dependent on the timing of allocations between portfolios. Potential investors should also understand that if 100 per cent. of the assets of the master portfolio are allocated to the deposit portfolio, the master portfolio will no longer benefit from any upside in the value of the underlying assets; and
 - (v) an investment in Notes linked to the underlying assets brings with it market risk associated with an actual investment in the underlying assets themselves. Potential investors should consult the risk factors relating to the relevant underlying assets included elsewhere in the "Risk Factors" section of this Chapter 1.
- The Global Issuer may issue Exchangeable Notes. Exchangeable Notes involve complex risks which include equity market risks and may include interest rate, foreign exchange and/or political risks. Fluctuations in the prices of shares underlying Exchangeable Notes will affect the value of the Exchangeable Notes, as well as a number of other factors, including the volatility of such shares, the

dividend rate of the shares, the financial results and prospects of the relevant share issuer, market interest yield and the time remaining to any redemption date.

- The Global Issuer and the Americas Issuer may issue Credit Linked Notes, which are securities linked to the performance of a reference entity and obligations of the reference entity. Investors should note that Credit Linked Notes differ from ordinary debt securities issued by the Global Issuer and the Americas Issuer in that the amount of principal and interest payable by the Global Issuer or the Americas Issuer (as the case may be) is dependent on whether a “Credit Event” (as defined in Chapter 5, Part 1 and Chapter 20, Part 1) in respect of the reference entity has occurred. In certain circumstances the Notes will cease to bear interest (if they carried interest in the first place) and the value paid to Noteholders on redemption may be less than their original investment and may in certain circumstances be zero.
- The Global Issuer may issue Notes under the Programme which are subordinated to the extent described in Condition 3 of Chapter 2, Part 1 of the Base Prospectus. In the event of the dissolution of the Global Issuer or if the Global Issuer is declared bankrupt or if a moratorium is declared in respect of the Global Issuer, the claims of the holders of the Subordinated Notes issued by the Global Issuer against the Global Issuer will be subordinated to all other claims in respect of any other indebtedness of the Global Issuer except for other Subordinated Indebtedness (as defined in Condition 3 in Chapter 2, Part 1) of the Global Issuer. By virtue of such subordination, payments to a holder of Subordinated Notes issued by the Global Issuer will, in the event of the dissolution or bankruptcy of the Global Issuer or in the event of a moratorium with respect to the Global Issuer, only be made after, and any set-off by a holder of Subordinated Notes issued by the Global Issuer shall be excluded until, all obligations of the Netherlands Issuer resulting from deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied. A holder of Notes issued by the Global Issuer may therefore recover less than the holders of deposit liabilities or the holders of other unsubordinated liabilities of the Global Issuer.
- Section 13A of the Banking Act 1959 of Australia (the “Australian Banking Act”) provides that the assets of an authorised deposit-taking institution (an “Australian ADI”), which includes ING Australia (but not ING

Sydney Branch), in Australia would, in the event of the Australian ADI becoming unable to meet its obligations or suspending payment, be available to meet that Australian ADI's deposit liabilities in Australia in priority to all other liabilities of that Australian ADI. Under Section 16 of the Australian Banking Act, certain debts due to the Australian Prudential Regulation Authority ("APRA") shall in a winding-up of an Australian ADI have, subject to Section 13A of the Australian Banking Act, priority over all other unsecured debts of that Australian ADI.

Australian Domestic Instruments issued by ING Sydney Branch are not covered by the depositor protection provisions contained in Division 2 of the Australian Banking Act (including, without limitation, Section 13A). However, claims against ING Sydney Branch are subject to Section 11F of the Australian Banking Act which provides that if ING Sydney Branch (whether in or outside Australia) suspends payment or is unable to meet its obligations, the assets of ING Sydney Branch in Australia are to be available to meet ING Sydney Branch's liabilities in Australia in priority to all other liabilities of ING Sydney Branch. ING Sydney Branch and ING Australia are, together, "ADIs".

Further, under Section 86 of the Reserve Bank Act 1959 (the "RBA Act") of Australia, debts due by a bank to the Reserve Bank of Australia ("RBA") shall in a winding-up of that bank have, subject to Section 13A of the Australian Banking Act, priority over all other debts, other than debts due to the Commonwealth of Australia.

There can be no assurance as to whether the Australian Domestic Transferable Deposits or any other Australian Notes constitute deposit liabilities in Australia under such statutory provisions.

- The Canadian Issuer may issue Notes under the Programme which are subordinated to the extent described in Condition 3 of Chapter 15, Part 1 of this Base Prospectus. If the Canadian Issuer becomes insolvent, the Bank Act (Canada) provides that priorities among payments of its deposit liabilities and payments of all of its other liabilities (including payments in respect of the Guaranteed Canadian Subordinated Notes issued by the Canadian Issuer) are to be determined in accordance with the laws governing priorities and, where applicable, by the terms of the indebtedness and liabilities. The Trust Indenture (as defined herein) provides that, if the Canadian Issuer becomes insolvent or is wound-up, subordinated indebtedness issued and outstanding under

the Trust Indenture will rank at least equally and rateably with all other subordinated indebtedness and subordinate in right of payment to the prior payment in full of the Canadian Issuer's indebtedness then outstanding, other than subordinated indebtedness of the Canadian Issuer that by its terms is subordinate to subordinated indebtedness issued and outstanding under the Trust Indenture.

- The Guaranteed Canadian Subordinated Notes will not constitute deposits that are insured under the Canada Deposit Insurance Corporation Act. The applicable Final Terms (as defined in Part 1 of the section headed "Overview" in Chapter 1) will indicate if a particular Series of Guaranteed Canadian Deposit Notes will also not constitute deposits that are insured under the Canada Deposit Insurance Corporation Act.
- Holders of certain social investments (*maatschappelijke beleggingen*) that are individuals benefit from a favourable tax treatment for Dutch income tax purposes, subject to certain limits. Social investments consist of, among others, green investments (*groene beleggingen*). ING Groenbank has been designated as a green bank (*groenbank*). Notes issued by ING Groenbank therefore qualify as social investments unless the designation of ING Groenbank as a green bank is withdrawn. Its designation as a green bank can be withdrawn by the Dutch tax authorities at the request of ING Groenbank or if ING Groenbank no longer meets the description of a green bank or the requirements for qualification as a green bank. If the designation of ING Groenbank as a green bank is withdrawn, holders of Notes issued by ING Groenbank will no longer be entitled to the favourable tax treatment for Dutch income tax purposes in respect of such Notes. In addition, if there is a more general change to the Dutch fiscal regime as it relates to entities such as ING Groenbank, holders of Notes issued by ING Groenbank may no longer be entitled to the favourable tax treatment for Dutch income tax purposes in respect of such Notes. In any such circumstances, holders of Notes issued by ING Groenbank would not be entitled to any remedy, and the value of the Notes held by them would likely be negatively affected.

For more details on the risk factors relating to the Notes that the Issuers may issue under the Programme, see Part 2 of the section headed "Risk Factors" in Chapter 1.

**Risk Factors relating to Warrants
issued by the Global Issuer**

Terms used but not defined previously in this Base Prospectus or below are as defined in (i) the Terms and Conditions of the

Warrants, as set out in Chapter 12, Part 1 with respect to Warrants other than in the form of Sprinter Certificates and (ii) the Terms and Conditions of the Sprinter Certificates as set out in Chapter 22, Part 1 with respect to Warrants in the form of Sprinter Certificates.

- Investment in Warrants involves a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks. Prospective investors should recognise that their Warrants, other than any Warrants having a minimum expiration value, may expire worthless. Investors should therefore, subject to any minimum expiration value attributable to such Warrants, be prepared to sustain a total loss of the purchase price of their Warrants. Prospective purchasers of Warrants should be experienced with respect to options and option transactions, should understand the risks of transactions involving the relevant Warrants and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Warrants in light of their particular financial circumstances.
- Fluctuations in the value of the relevant index or basket of indices will affect the value of Index Warrants or Index Sprinter Certificates, as the case may be. Fluctuations in the price of the relevant share or value of the basket of shares will affect the value of Share Warrants or Share Sprinter Certificates, as the case may be. Fluctuations in the price or yield of the relevant debt instrument (including the relevant government bond) or value of the basket of debt instruments (including the basket of government bonds) will affect the value of Debt Warrants or Government Bond Sprinter Certificates, as the case may be. Fluctuations in the value of the relevant commodity or basket of commodities will affect the value of Commodity Warrants or Commodity Sprinter Certificates, as the case may be. Fluctuations in the value of the relevant fund will affect the value of the Fund Sprinter Certificates. Purchasers of Warrants risk losing their entire investment if the value of the relevant underlying basis of reference does not move in the direction which they anticipate.
- There are certain factors which affect the value and trading price of Warrants. The Cash Settlement Amount (in the case of Cash Settled Warrants and Sprinter Certificates) or the difference between the value of the Entitlement and the Exercise Price (the “Physical Settlement Value”) (in the case of Physical Delivery

Warrants) at any time prior to expiration of the Warrants is typically expected to be less than the trading price of such Warrants at that time. The interim value of Warrants varies with, among other things, the price level of the reference security, index, currency, commodity or other basis of reference (as specified in the applicable Final Terms).

- If so indicated in the Final Terms, the Global Issuer will have the option to limit the number of Warrants exercisable on any date. A Warrantholder may not be able to exercise on such date all Warrants that such holder desires to exercise.
- The Final Terms may indicate that a Warrantholder must tender a specified minimum number of Warrants at any one time in order to exercise. Thus, Warrantholders with fewer than the specified minimum number of Warrants will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment.
- There may be a time lag between the time a Warrantholder gives instructions to exercise and the time the applicable Cash Settlement Amount (in the case of Cash Settled Warrants and Sprinter Certificates) relating to such exercise is determined. The applicable Cash Settlement Amount may change significantly during any such period, and such movement or movements could decrease the Cash Settlement Amount of the Warrants being exercised and may result in such Cash Settlement Amount being zero.

For more details on the risk factors relating to Warrants, see Part 3 of the section headed “Risk Factors”.

Other Tranches of Notes and Warrants issued under the Programme may be rated or unrated. Where a Tranche of Notes or Warrants is rated, such rating will be specified in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Selling and Transfer Restrictions

There are selling and transfer restrictions in relation to issues of Notes and Warrants as described in “Chapter 1 – Subscription and Sale” below. Further restrictions may be specified in the applicable Final Terms.

Listing and public offers

Application has been made for the Notes and Warrants to be issued by the Global Issuer, the Notes to be issued by ING Groenbank, the Notes (other than Australian Domestic Instruments) to be issued by the Australian Issuers under the Programme, the Notes to be issued by the U.S. Issuer and the Notes to be issued by the Americas Issuer (upon approval by the AFM of a registration document relating to it prepared in accordance with Article 5 of the Prospectus Directive) (i) to be listed on Euronext Amsterdam and (with respect to the Global Issuer, the Australian Issuers, the U.S. Issuer and the Americas Issuer only) on the market of the Luxembourg Stock Exchange appearing on the list of regulated markets issued by the European Commission, (ii) (with respect to the Global Issuer and the Australian Issuers) to be offered to the public in Austria, Belgium, Denmark, Finland, France, Germany, Greece, Italy, Luxembourg, The Netherlands, Norway, Portugal, Spain and Sweden and (iii) (with respect to ING Groenbank) to be offered to the public in The Netherlands. Notes and Warrants issued by the Global Issuer and Notes issued by the Australian Issuers may also be offered to the public in Switzerland. The Notes and Warrants issued by the Global Issuer and the Notes issued by ING Groenbank, the Australian Issuers, the U.S. Issuer and the Americas Issuer may also be listed or admitted to trading on such other or further stock exchange or stock exchanges as may be determined by the Global Issuer, ING Groenbank, the Australian Issuers, the U.S. Issuer or the Americas Issuer (as the case may be). Notes and Warrants issued under the Programme by the Global Issuer and Notes issued under the Programme by the Australian Issuers may also be offered to the public in jurisdictions other than Austria, Belgium, Denmark, Finland, France, Germany, Greece, Italy, Luxembourg, The Netherlands, Norway, Portugal, Spain, Sweden and Switzerland. Notes issued by ING Groenbank under the Programme may also be offered to the public in jurisdictions other than The Netherlands.

Unlisted Notes and Warrants, and Notes and Warrants which are not offered to the public in any jurisdiction, may also be issued by the Global Issuer. Unlisted Notes, and Notes which are not offered to the public in any jurisdiction, may also be issued by ING Groenbank, the Australian Issuers, the U.S. Issuer and the Americas Issuer.

The Americas Issuer will only offer Notes with a denomination of at least €50,000 (or its equivalent in any other currency at the date of issue of the Notes) and will only seek to admit such Notes to trading on a regulated market situated or operating within a Member State of the EEA, in circumstances which would require the approval of a prospectus under the

Prospectus Directive, upon approval by the AFM of a registration document relating to it prepared in accordance with Article 5 of the Prospectus Directive.

The Final Terms relating to each issue of Notes or Warrants will state whether or not the Notes or Warrants are to be listed or admitted to trading, as the case may be and, if so, on which exchange(s) and/or market(s).

No prospectus or other disclosure document (as defined in the Australian Corporations Act) in relation to the Programme or any Notes has been or will be lodged with the Australian Securities and Investments Commission (“ASIC”).

The distribution of any Notes or Warrants in Canada will be made so as to be exempt from the requirement that the Canadian Issuer, the Global Issuer, ING Groenbank, the Australian Issuers, the U.S. Issuer or the Americas Issuer prepare and file a prospectus with the relevant Canadian regulatory authorities. Accordingly, any resale of Notes or Warrants must be made in accordance with applicable securities laws which may require resales to be made in accordance with exemptions from registration and prospectus requirements. Canadian purchasers of Notes or Warrants are advised to seek legal advice prior to any resale of those Notes or Warrants.

None of the Canadian Issuer, ING Groenbank, the Australian Issuers, the U.S. Issuer, the Americas Issuer or the Global Issuer is a “reporting issuer”, as such term is defined under applicable Canadian securities legislation, in any province or territory of Canada in which any Notes or Warrants may be offered. Under no circumstances will the Canadian Issuer, ING Groenbank, the Australian Issuers, the U.S. Issuer, the Americas Issuer or the Global Issuer be required to file a prospectus or similar document with any securities regulatory authority in Canada qualifying the resale of any Notes or Warrants to the public in any province or territory of Canada. Canadian investors are advised that none of the Canadian Issuer, ING Groenbank, the Australian Issuers, the U.S. Issuer, the Americas Issuer or the Global Issuer currently intends to file a prospectus or similar document with any securities regulatory authority in Canada qualifying the resale of any of their respective securities to the public in any province or territory of Canada.

In addition, the Canadian Issuer will not offer Notes to the public within a Member State of the EEA or seek their admission to trading on a regulated market situated or operating within such a Member State, in each case in circumstances which would require the approval of a prospectus under the Prospectus Directive. Terms used in the previous sentence are as defined in the Prospectus Directive.

Taxation

This Base Prospectus includes general summaries of certain Austrian, Belgian, Danish, Dutch, Finnish, French, German, Greek, Italian, Luxembourg, Norwegian, Portuguese, Spanish, Swedish, Swiss and United Kingdom tax considerations relating to an investment in the Notes and Warrants issued by the Global Issuer and the Notes issued by an Australian Issuer, of the Australian tax considerations relating to an investment in the Notes issued by an Australian Issuer, and of certain U.S. federal income tax considerations relating to an investment in the Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer (see “Taxation — The Global Issuer, the Australian Issuers, the U.S. Issuer and the Americas Issuer”). This Base Prospectus also includes (i) a general summary of the Dutch tax considerations relating to an investment in the Notes issued by ING Groenbank (see “Taxation — ING Groenbank”) and (ii) a general summary of the Dutch tax considerations relating to an investment in the Notes issued by the Americas Issuer (see “Taxation — The Global Issuer, the Australian Issuers, the U.S. Issuer and the Americas Issuer”). Such summaries may not apply to a particular holder of Notes and/or Warrants issued by the Global Issuer or Notes issued by ING Groenbank, an Australian Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) or to a particular issue and do not cover all possible tax considerations. In addition, the tax treatment may change before the maturity, exercise or termination date of Notes or Warrants. Any potential investor should consult its own independent tax adviser for more information about the tax consequences of acquiring, owning and disposing of Notes and/or Warrants in its particular circumstances.

Governing Law

Unless provided otherwise in the applicable Final Terms, the Notes and Warrants issued by the Global Issuer and the Notes issued by ING Groenbank, the Australian Issuers, the U.S. Issuer and the Americas Issuer will be governed by, and construed in accordance with, English law, except that (i) with respect to Notes (other than German Market Notes) issued by the Global Issuer, Conditions 3, 4(f) and 6(l) of the Notes (as set out in Chapter 2, Part 1 of the Base Prospectus) will be governed by, and construed in accordance with, the laws of The Netherlands, (ii) the German Market Notes may be governed by, and construed in accordance with, German law and (iii) the Australian Domestic Instruments will be governed by, and construed in accordance with, the laws of New South Wales, Australia.

Unless provided otherwise in the applicable Final Terms, the Notes issued by the Canadian Issuer will be governed by, and construed in accordance with, the laws of the Province of

Ontario, except that Condition 3(b) of the Notes (as set out in Chapter 15, Part 1 of the Base Prospectus) will be governed by, and construed in accordance with, the laws of The Netherlands.

Additional summarised information on the Notes and Warrants (including Sprinter Certificates) and with respect to the Programme can be found in “Chapter 1 - Overview”.

RISK FACTORS

PART 1: GENERAL

Introduction

This Base Prospectus identifies in a general way the information that a prospective investor should consider prior to making an investment in the Notes or Warrants. However, a prospective investor should conduct its own thorough analysis (including its own accounting, legal and tax analysis) prior to deciding whether to invest in the Notes or Warrants as any evaluation of the suitability for an investor of an investment in the Notes or Warrants depends upon a prospective investor's particular financial and other circumstances, as well as on the specific terms of the Notes or Warrants. This Base Prospectus is not, and does not purport to be, investment advice or an investment recommendation to purchase Notes or Warrants. Each Issuer, including its branches and any group company, is acting solely in the capacity of an arm's length contractual counterparty and not as a purchaser's financial adviser or fiduciary in any transaction unless such Issuer has agreed to do so in writing. If a prospective investor does not have experience in financial, business and investment matters sufficient to permit it to make such a determination, the investor should consult with its independent financial adviser prior to deciding to make an investment on the suitability of the Notes or Warrants. Investors risk losing their entire investment or part of it.

Each prospective investor in Notes or Warrants must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes or Warrants (i) is fully consistent with its (or if it is acquiring the Notes or Warrants in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with any investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes or Warrants as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or, if it is acquiring the Notes or Warrants in a fiduciary capacity, for the beneficiary). In particular, investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its legal advisers to determine whether and to what extent (i) the Notes and Warrants are legal investments for it, (ii) the Notes and Warrants can be used as underlying securities for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes or Warrants.

Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes and Warrants under any applicable risk-based capital or similar rules.

Each prospective investor in Notes or Warrants should refer to the section headed "Risk Factors" in the relevant Registration Document or, with respect to the Canadian Issuer, the relevant supplementary prospectus, for a description of those factors which could affect the financial performance of the Issuers and thereby affect the Issuers' ability to fulfil their obligations in respect of Notes and Warrants issued under the Programme.

The Notes and Warrants may not be a suitable investment for all investors

Each potential investor in the Notes and/or Warrants must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes and/or Warrants, the merits and risks of investing in the Notes and/or Warrants and the information

contained or incorporated by reference in this Base Prospectus, any applicable supplement or Final Terms;

- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and/or Warrants and the impact the Notes and/or Warrants will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes and/or Warrants, including Notes and/or Warrants with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and/or Warrants and be familiar with the behaviour of any relevant indices, securities, assets and/or financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Notes and/or Warrants are generally complex financial instruments. A potential investor should not invest in Notes and/or Warrants which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes and/or Warrants will perform under changing conditions, the resulting effects on the value of the Notes and/or Warrants and the impact this investment will have on the potential investor's overall investment portfolio.

Possible delay in delivery of underlying securities

An issue of Notes or Warrants may include provision for the delivery of underlying securities to holders of those Notes or Warrants. If such delivery is to take place, it may be delayed by factors outside the relevant Issuer's control, for example disruption on relevant clearing systems. The relevant Issuer will not be responsible for any such delay and shall not be obliged to compensate holders of Notes or Warrants therefor. Holders of the Notes or Warrants will be solely responsible for determining whether they are permitted to hold any underlying securities, including under applicable securities laws.

Limited liquidity of the Notes and Warrants

Even if application is made to list Notes or Warrants on a stock exchange, there can be no assurance that a secondary market for any of the Notes or Warrants will develop, or, if a secondary market does develop, that it will provide the holders of the Notes or Warrants with liquidity or that it will continue for the life of the Notes or Warrants. Also, to the extent Warrants of a particular issue are exercised, the number of Warrants of such issue outstanding will decrease, resulting in a diminished liquidity for the remaining Warrants of such issue. A decrease in the liquidity of an issue of Notes or Warrants may cause, in turn, an increase in the volatility associated with the price of such issue of Notes or Warrants. Any investor in the Notes or Warrants must be prepared to hold such Notes or Warrants for an indefinite period of time or until redemption of the Notes. If any person begins making a market for the Notes or Warrants, it is under no obligation to continue to do so and may stop making a market at any time. Illiquidity may have a severely adverse effect on the market value of Notes and Warrants.

Counterparty risk exposure

The ability of the relevant Issuer or the Guarantor to make payments under the Notes and Warrants is subject to general credit risks, including credit risks of borrowers. Third parties that owe the relevant Issuer or the Guarantor money, securities or other assets may not pay or perform under their obligations. These parties

include borrowers under loans granted, trading counterparties, counterparties under swaps and credit and other derivative contracts, agents and other financial intermediaries. These parties may default on their obligations to the relevant Issuer or the Guarantor due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons.

Credit ratings

The Global Issuer and the Australian Issuers each have a senior debt rating from Standard & Poor's and the Global Issuer and ING Sydney Branch have a senior debt rating from Moody's and a senior debt rating from Fitch, details of which are contained in the relevant Registration Document or, with respect to the Canadian Issuer, the relevant supplementary prospectus.

Other Tranches of Notes and Warrants issued under the Programme may be rated or unrated and one or more independent credit rating agencies may assign additional credit ratings to the Notes or Warrants or the Issuers or the Guarantor. Where a Tranche of Notes or Warrants is rated, such rating will not necessarily be the same as the ratings assigned to the Programme.

The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes and Warrants and the ability of an Issuer or the Guarantor to make payments under the Notes and Warrants (including but not limited to market conditions and funding related and operational risks inherent to the business of each Issuer and the Guarantor). A credit rating is not a recommendation to buy, sell or hold securities. There is no assurance that a rating will remain for any given period of time or that a rating will not be suspended, lowered or withdrawn by the relevant rating agency if, in its judgement, circumstances in the future so warrant.

In the event that a rating assigned to the Notes or Warrants or an Issuer or the Guarantor is subsequently suspended, lowered or withdrawn for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to the Notes or Warrants, the relevant Issuer or the Guarantor may be adversely affected, the market value of the Notes or Warrants is likely to be adversely affected and the ability of the relevant Issuer or the Guarantor to make payments under the Notes or Warrants may be adversely affected.

In addition, the Global Issuer's and the Australian Issuers' bank assets are risk weighted. Downgrades of these assets could result in a higher risk weighting which may result in higher capital requirements and thus a need to deleverage. This may impact net earnings and the return on capital, and may have an adverse impact on the relevant Issuer's or the Guarantor's financial position and ability to make payments under the Notes.

Certain considerations regarding hedging

Prospective purchasers intending to purchase Notes or Warrants to hedge against the market risk associated with investing in a security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities) or other asset or basis of reference which may be specified in the applicable Final Terms, should recognise the complexities of utilising Notes and Warrants in this manner. For example, the value of the Notes and Warrants may not exactly correlate with the value of the security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities) or other asset or basis which may be specified in the applicable Final Terms. Due to fluctuating supply and demand for the Notes and Warrants, there is no assurance that their value will correlate with movements of the security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities) or other asset or basis which may be specified in the applicable Final Terms.

Actions taken by the Calculation Agent may affect the value of Notes and Warrants

The Calculation Agent for an issue of Notes and Warrants is the agent of the relevant Issuer and not the agent of the holders of the Notes or Warrants. The Calculation Agent is not acting as a fiduciary to any Noteholder. It is possible that the relevant Issuer or ING Bank N.V. (as Guarantor or provider of the 403 declaration in respect of ING Groenbank) will itself be the Calculation Agent for certain issues of Notes and Warrants. The Calculation Agent will make such determinations and adjustments as it deems appropriate, in accordance with the terms and conditions of the specific issue of Notes or Warrants. In making its determinations and adjustments, the Calculation Agent will be entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion.

The return on an investment in Notes or Warrants will be affected by charges incurred by investors

An investor's total return on an investment in Notes or Warrants will be affected by the level of fees charged to the investor, including fees charged to the investor as a result of the Notes or Warrants being held in a clearing system. Such fees may include charges for opening accounts, transfers of securities, custody services and fees for payment of principal, interest or other sums due under the terms of the Notes or Warrants. Investors should carefully investigate these fees before making their investment decision.

Potential conflicts of interest; information and past performance

The Issuer has no fiduciary duties to Noteholders and may take such action or make such determinations under the Notes as it determines appropriate. The Issuer is not under any obligation to hedge its obligations under the Notes or to hedge itself in any particular manner. If the Issuer does decide to hedge its obligations under the Notes, it is not required to hedge itself in a manner that would (or may be expected to) result in the lowest unwind costs, losses and expenses. For the avoidance of doubt, the Issuer is not obliged at any time to hold any asset to which the Notes may be linked. With respect to any hedging arrangement entered into by the Issuer (or by any affiliate of the Issuer on its behalf) the Issuer will act as principal for its own account and the Issuer's obligations in respect of the Notes exist regardless of the existence or amount of the Issuer's and/or any of its affiliates' exposure to or receipt of any return on any asset to which the Notes may be linked. Each Issuer and its affiliates may engage in trading activities (including hedging activities) related to interests underlying any Notes or Warrants and other instruments or derivative products based on or related to interests underlying any Notes or Warrants for their proprietary accounts or for other accounts under their management. Each Issuer and its affiliates may also issue other derivative instruments in respect of interests underlying any Notes or Warrants. Each Issuer and its affiliates may also act as underwriter in connection with future offerings of shares or other securities related to an issue of Notes or Warrants or may act as financial adviser to companies whose securities impact the return on Notes or Warrants. Such activities could present certain conflicts of interest, could influence the prices of such shares or other securities and could adversely affect the value of such Notes or Warrants.

Each Issuer may have acquired, or during the term of Notes or Warrants may acquire, non-public information with respect to securities (or their issuers) or other assets or indices underlying Notes or Warrants which will not be provided to holders of such Notes or Warrants. The Issuers make no representation or warranty about, and give no guarantee of, the performance of securities or other assets or indices underlying Notes or Warrants. Past performance of such securities or other assets or indices cannot be considered to be a guarantee of, or guide to, future performance.

Tax risk

This Base Prospectus includes general summaries of certain Austrian, Belgian, Danish, Dutch, Finnish, French, German, Greek, Italian, Luxembourg, Norwegian, Portuguese, Spanish, Swedish, Swiss and United Kingdom tax considerations relating to an investment in the Notes and Warrants issued by the Global Issuer

and the Notes issued by an Australian Issuer, of the Australian tax considerations relating to an investment in the Notes issued by an Australian Issuer, and of certain U.S. federal income tax considerations relating to an investment in the Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer (see “Taxation — The Global Issuer, the Australian Issuers, the U.S. Issuer and the Americas Issuer”). This Base Prospectus also includes (i) a general summary of the Dutch tax considerations relating to an investment in the Notes issued by ING Groenbank (see “Taxation — ING Groenbank”) and (ii) a general summary of the Dutch tax considerations relating to an investment in the Notes issued by the Americas Issuer (see “Taxation — The Global Issuer, the Australian Issuers, the U.S. Issuer and the Americas Issuer”). Such summaries may not apply to a particular holder of Notes and/or Warrants issued by the Global Issuer or Notes issued by ING Groenbank, an Australian Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) or to a particular issue and do not cover all possible tax considerations. In addition, the tax treatment may change before the maturity, exercise or termination date of Notes or Warrants. Any potential investor should consult its own independent tax adviser for more information about the tax consequences of acquiring, owning and disposing of Notes and/or Warrants in its particular circumstances.

Insolvency risk

In the event that an Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of that Issuer’s place of incorporation. The insolvency laws of Issuer’s place of incorporation may be different from the insolvency laws of an investor’s home jurisdiction and the treatment and ranking of holders of Notes issued by that Issuer and that Issuer’s other creditors and shareholders under the insolvency laws of that Issuer’s place of incorporation may be different from the treatment and ranking of holders of those Notes and that Issuer’s other creditors and shareholders if that Issuer was subject to the insolvency laws of the investor’s home jurisdiction.

Changes in law

The structure of the issue of the Notes and Warrants and the ratings which may be assigned to them are based on the law of the jurisdiction governing such Notes and/or Warrants in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to the law in such jurisdiction or administrative practice in such jurisdiction after the date of this Base Prospectus.

PART 2: RISK FACTORS RELATING TO NOTES

In addition to the risks identified in “Risk Factors – Part 1: General” above and in the relevant Registration Document or, with respect to the Canadian Issuer, the relevant supplementary prospectus, potential investors in Notes should consider the following.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by an Issuer

An optional redemption feature in any Notes may negatively impact their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Share Linked Notes, Index Linked Notes, Fund Linked Notes, Credit Linked Notes, Inflation Linked Notes, Commodity Linked Notes, Commodity Index Linked Notes and Dual Currency Notes

The Global Issuer, ING Groenbank and the Americas Issuer may issue Notes with principal or interest determined by reference to a particular share, index, fund, security, inflation index, formula, commodity, commodity index, currency exchange rate or other factor (each, a “Relevant Factor”). In addition, the Issuers may issue Dual Currency Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

1. the market price of such Notes may be very volatile. The market price of the Notes at any time is likely to be affected primarily by changes in the level of the Relevant Factor to which the Notes are linked. It is impossible to predict how the level of the Relevant Factor will vary over time;
2. such Notes may involve interest rate risk, including the risk of Noteholders receiving no interest;
3. payment of principal or interest may occur at a different time or in a different currency than expected;
4. they may lose all or a substantial portion of their principal;
5. a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other securities, indices or funds;
6. if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified;
7. the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant factor, the greater the effect on yield;
8. with respect to Share Linked Notes, if such Notes are redeemable either by payment of the principal amount or by delivery of the underlying shares in lieu thereof, there is no assurance that the value of the shares received will not be less than the principal amount of the Notes;
9. Notes are of limited maturity and, unlike direct investments in a share, index, fund, security, inflation index, commodity or other asset, investors are not able to hold them beyond the Maturity Date in the expectation of a recovery in the price of the underlying; and
10. the price at which an investor will be able to sell Notes prior to the Maturity Date may be at a substantial discount to the market value of the Notes at the time they are issued depending on the performance of the Relevant Factor.

Fund Linked Notes

The Global Issuer may issue Notes with principal or interest determined by reference to the performance of an underlying fund. Potential investors in Fund Linked Notes should understand that:

1. there are market risks associated with an actual investment in the underlying fund(s), and though the Notes do not create an actual interest in the underlying fund(s), the return on the Notes generally involves the same associated risks as an actual investment in the underlying fund(s). Potential investors in Notes should understand that the Global Issuer has not purported and does not purport to be a source of information concerning the market risks associated with such underlying fund or fund interests;
2. third parties, not related to the Global Issuer, may subscribe for and redeem underlying fund interests. These investments may affect the performance and volatility of such fund's net asset value. In turn, this could affect, from time to time, the return on the Notes;
3. the Global Issuer may invest in the underlying fund(s) for its own account, and may exercise its discretion in respect of matters concerning its holdings of fund interests as it sees fit, without regard to the interests of any investor in the Notes;
4. any performance of the underlying fund(s) necessary for the Notes to yield a specific return is not assured. Potential investors in the Notes should understand that the performance of the underlying fund(s) may, depending on the terms of the Notes, strongly affect the value of payments on the Notes and the Global Issuer has no control over the underlying fund(s) or the performance of such fund(s);
5. the value of units in the underlying fund(s) and the income from it may fluctuate significantly. The Global Issuer has not provided and will not provide during the term of the Notes prospective purchasers of the Notes with any information or advice with respect to the performance of an underlying fund. The Global Issuer may have acquired, or during the term of the Notes may acquire, non-public information with respect to an underlying fund, which will not be provided to the Noteholders. The Global Issuer makes no representation or warranty about, or guarantee of, the performance of an underlying fund. Past performance of an underlying fund cannot be considered a guide to future performance;
6. the funds may follow a wide range of investment strategies, and invest in assets in a number of different countries and denominated in a number of different currencies. The returns to the Noteholders may, therefore, be materially affected by, among other things, market trends, exchange rate fluctuations and political and economic developments in the relevant countries. This may lead to substantial volatility in the net asset value of the funds;
7. the funds may have investment strategies and guidelines that are very broad. They may also be free to engage in additional or alternative strategies without reference to any other person;
8. the funds may often rely on a few individuals to determine their investment strategies and to make investment decisions. The loss of such individuals could jeopardise the performance of the funds;
9. the funds may be engaged in a high level of trading with commensurately high brokerage and transaction costs, as well as costs associated with leverage, such as interest payments and margin maintenance. Such costs will adversely affect the net asset value of the funds;
10. the funds will be exposed to credit risks against brokers and other counterparties with which they deal in implementing their investment strategies;
11. where underlying funds invest in unlisted shares and certain other assets, risks associated with reduced liquidity and lack of objective valuations will arise. Moreover, the underlying funds may invest in emerging markets. This involves risks attributable to nationalisations,

expropriation or taxation, currency devaluation, foreign exchange control, political, social or diplomatic instability or governmental restrictions. The capital markets in such countries have substantially less volume, and are generally less liquid and more volatile, than those in more developed markets. Disclosure and regulatory requirements could be less stringent than in other markets, with a low level of monitoring and limited and uneven enforcement of existing regulations;

12. certain of the underlying funds may have no or a limited operating history, with no proven track record in achieving their stated investment objectives;
13. the underlying funds, or some of them, may be wholly unregulated investment vehicles and may trade in futures, options, forward exchange contracts and other derivative instruments, which may represent significant investment risks. In addition, underlying funds may acquire leveraged trading positions, including through the use of borrowing, and may engage in short selling. As a result of leverage, relatively small adverse price movements may result in substantial losses; and
14. an underlying fund itself may be subject to fees and charges on its investments which shall be borne by such fund and incorporated in the value of interests in it.

Dynamic and Static Portfolio Notes

The Global Issuer may issue Notes with principal and interest determined by reference to the performance of a dynamic or static portfolio. Potential investors in Dynamic and Static Portfolio Notes should understand that:

1. the master portfolio is a notional investment with no separate legal personality, and that adjustments of the hypothetical investments comprising it will be made solely in the books and records of the Global Issuer. A notional investment in, or notional exposure to, the master portfolio is not an investment in the underlying assets themselves and, although the performance of the underlying assets will impact the return on the Notes, the underlying assets and the Notes are separate obligations of different legal entities. Potential investors will not have an interest in, or recourse to, the issuer or obligor of the underlying assets, nor will they be able to control its actions;
2. in the case of Dynamic and Static Portfolio Notes comprising a leverage portfolio, added exposure to the underlying assets gained by the notional borrowing under the leverage portfolio will magnify the effects of the underlying assets' performance on the return of the Notes after the deduction of the notional borrowing and associated costs. The value of the underlying assets may go down as well as up. For the purposes of the Notes this movement will be exaggerated in the way it is represented by the change in value of the master portfolio;
3. in the case of Dynamic and Static Portfolio Notes comprising a deposit portfolio, while an increased notional allocation to the deposit portfolio will protect an investor against reduced performance of the underlying assets after the time such allocation adjustment is made (but not before), should the underlying assets' performance subsequently improve it will not be possible for investors to benefit from a corresponding advantage unless and until there is a subsequent allocation adjustment between the reference portfolio and the deposit portfolio, which may only happen at prescribed intervals;
4. in the case of Dynamic Portfolio Notes, allocation adjustment provisions mean that the return on any investment in the Notes is extremely dependent on the timing of allocations between

portfolios. Therefore, no assessment can be made with respect to the expected returns on the Notes. For example, a significant reduction in value, volatility or other dynamic allocation variable of the underlying assets of the master portfolio in the first year following the issue of the Notes may lead to a reduction in the exposure to the underlying assets of the master portfolio, which could limit the opportunity to increase the value of the reference portfolio if there is a subsequent increase in value of the underlying assets of the master portfolio at the same rate as if the exposure to the underlying assets of the master portfolio had remained at the level of exposure on the issue date of the Notes, even if future increases in the value of the reference portfolio subsequently increase the exposure of the Notes to the underlying assets of the master portfolio to original levels. Potential investors should also understand that the exposure to the underlying assets may be reduced (with a corresponding increased notional investment in the deposit portfolio) if the formulaic allocation exceeds specified thresholds over the relevant interval. If as a result of such allocations 100 per cent. of the assets of the master portfolio are allocated to the deposit portfolio, the master portfolio will no longer benefit from any upside in the value of the underlying assets and no reallocation to the reference portfolio or the leverage portfolio will be made; and

5. an investment in Notes linked to the underlying assets brings with it market risk associated with an actual investment in the underlying assets themselves, and whilst the Notes do not create an actual interest in the underlying assets, the return on the Notes attracts the same associated risks as an actual investment. Potential investors should consult the risk factors relating to the relevant underlying assets included elsewhere in this section “Risk Factors”.

Exchangeable Notes

The Global Issuer may issue Exchangeable Notes. Exchangeable Notes involve complex risks which include equity market risks (because such Notes are exchangeable for shares and their value is therefore affected by such shares) and may include interest rate, foreign exchange and/or political risks. Interest rate risk arises if the Exchangeable Notes bear interest and involves the risk that subsequent changes in market interest rates may adversely affect the value of the Exchangeable Notes. Foreign exchange risk can arise if the Exchangeable Notes or the shares underlying them are denominated in a currency other than an investor’s own currency, or if the shares underlying the Exchangeable Notes are denominated in a currency different to that in which the Exchangeable Notes are denominated. Political risk can arise if the issuer of the shares underlying the Exchangeable Notes is incorporated or operates in a jurisdiction in which political risk exists.

Before buying Exchangeable Notes, investors should carefully consider, among other things, (i) the value and volatility of the shares underlying the Exchangeable Notes, (ii) any currency exchange rate risk arising from the fact that the shares underlying the Exchangeable Notes may be in a different currency to the Exchangeable Notes and (iii) the depth of the market or liquidity of the shares underlying the Exchangeable Notes.

Fluctuations in the prices of shares underlying Exchangeable Notes will affect the value of the Exchangeable Notes.

The market value for Exchangeable Notes will be affected by a number of factors independent of the creditworthiness of the Global Issuer and the value of the shares underlying the Exchangeable Notes including, but not limited to, the volatility of such shares, the dividend rate on the shares, the financial results and prospects of the relevant share issuer, market interest and yield rates and the time remaining to any redemption date. In addition, the value of shares underlying Exchangeable Notes will depend on a number of interrelated factors, including economic, financial and political events in countries where the relevant share issuer operates and elsewhere, including factors affecting capital markets generally and the stock exchanges

on which the relevant shares are traded. The price at which a holder of Exchangeable Notes will be able to sell such Exchangeable Notes prior to maturity may be at a discount, which could be substantial, from the principal amount thereof, if, at such time, the market price of the relevant shares is below, equal to or not sufficiently above the market price of the shares at the date on which pricing of the Exchangeable Notes occurs.

Unless indicated otherwise for a particular issue, rights to exchange Exchangeable Notes for shares will not be exercisable in respect of any specific shares or other exchange property and no exchange property will be charged to secure or satisfy the obligations of the Global Issuer in respect of such rights to exchange. At any time the Global Issuer may or may not be the owner of the whole or any part of the exchange property and, unless indicated otherwise for a particular issue, is not under any obligation to hold any shares or other exchange property. The composition of the exchange property may also change as a result of the operation of the provisions of the terms and conditions for a particular issue.

In exercising any voting rights attached to the shares underlying Exchangeable Notes, neither the Global Issuer nor any of its affiliates is obliged to take account of the interests of the holders of Exchangeable Notes and it is therefore possible that such rights may be exercised in a manner which is contrary to the interests of holders of Exchangeable Notes.

Partly-paid Notes

The Issuers may issue Partly-paid Notes, where an investor pays part of the purchase price for the Notes on the issue date, and the remainder on one or more subsequent dates. Potential purchasers of such Notes should understand that a failure by a Noteholder to pay any portion of the purchase price when due may trigger a redemption of all of the Notes by the relevant Issuer and may cause such purchaser to lose all or part of its investment.

Variable rate Notes with a multiplier or other leverage factor

The Issuers may issue Notes with variable interest rates. Such Notes can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

The Issuers may issue Inverse Floating Rate Notes. Such Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

The Issuers may issue Fixed/Floating Rate Notes. Such Notes may bear interest at a rate that the relevant Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The relevant Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the relevant Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the

rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Credit Linked Notes

Terms used but not defined below are as defined in the Terms and Conditions of the Credit Linked Notes, as set out in Chapter 5, Part 1 in respect of the Global Issuer and Chapter 20, Part 1 in respect of the Americas Issuer.

The Global Issuer and the Americas Issuer may issue Credit Linked Notes, which are securities which are credit-linked to the performance of one or more Reference Entities and the obligations of such Reference Entity/ies. Investors should note that Credit Linked Notes differ from ordinary debt securities issued by the Global Issuer and the Americas Issuer in that the amount of principal and interest payable by the Global Issuer or the Americas Issuer (as the case may be) is dependent on whether a Credit Event (or other relevant Termination Event) has occurred in respect of the relevant Reference Entity/ies. In certain circumstances the Notes will cease to bear interest and the value paid to Noteholders on redemption may be less than their original investment and may in certain circumstances be zero. Investors should have sufficient knowledge and experience in financial and business matters to evaluate the merits and risks of investing in Credit Linked Notes as well as access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of their financial situation.

Investors in the Credit Linked Notes will be exposed to the credit risk of the Reference Entity from the Credit Event Backstop Date. The Credit Event Backstop Date may be a date prior to the Issue Date of the Notes. Prospective purchasers of the Notes should conduct their own investigations and, in deciding whether or not to purchase the Notes, should form their own views of the merits of an investment related to the Notes based upon such investigations. In particular, each investor contemplating purchasing any Notes should make its own appraisal of the Reference Entity. If in doubt, potential investors are strongly recommended to consult with their independent financial advisers before making any investment decision. Neither the Global Issuer nor the Americas Issuer nor any other person on their behalf makes any representation or warranty, express or implied, as to the credit quality of the Reference Entity. The Global Issuer and the Americas Issuer may have acquired, or during the term of the Notes may acquire, confidential information with respect to the Reference Entity and is not required to disclose this information to the Noteholder or any other party.

Holders of Credit Linked Notes will have a contractual relationship only with the Global Issuer and/or the Americas Issuer (as the case may be) and not with any obligor in respect of any Reference Obligation or any Reference Entity. Consequently, the Credit Linked Notes will not constitute a purchase or other acquisition or assignment of any interest in any Reference Obligation or any Reference Entity. Holders of Credit Linked Notes will have rights solely against the Global Issuer and/or the Americas Issuer (as the case may be) and will have no recourse against the obligor in respect of any Reference Obligation or any Reference Entity. The Noteholders will not have any rights to acquire from the Global Issuer and/or the Americas Issuer (as the case may be) (or to require the Global Issuer and/or the Americas Issuer (as the case may be) to transfer, assign or otherwise dispose of) any interest in any Reference Obligation or any Reference Entity.

The Credit Linked Notes are linked to the creditworthiness of the relevant Reference Entity/ies. The likelihood of a Credit Event (or other relevant Termination Event) occurring in respect of any Reference Entity will generally fluctuate with, among other things, the financial condition and other characteristics of such Reference Entity, general economic conditions, the condition of certain financial markets, political events, developments or trends in any particular industry and changes in prevailing interest rates.

Any quotations used in the calculation of the Cash Settlement Amount may be affected by factors other than the occurrence of the Credit Event (or other relevant Termination Event). Such prices may vary widely

from dealer to dealer and substantially between Valuation Dates. The obligations selected, even absent a Credit Event (or other relevant Termination Event), may be illiquid and such illiquidity may be expected to be more pronounced following the occurrence of a Credit Event, thereby adversely affecting any determination of the value of such obligation which in turn will impact on the amount by which the Cash Settlement Amount of the Notes may be reduced. The Calculation Agent is entitled to select the obligation which has the lowest value in the market at the relevant time – providing such obligation satisfies certain specifications and limits for qualification as a Reference Obligation – for the purposes of calculating the amount by which the Cash Settlement Amount is reduced following a Credit Event (or other relevant Termination Event).

Some Reference Obligations may have no, or only a limited, trading market. The liquidity of Reference Obligations will generally fluctuate with, among other things, the underlying liquidity of the loan and bond markets, general economic conditions, domestic and international political events, developments or trends in a particular industry and the financial condition of the relevant Reference Entity/ies. The financial markets have experienced periods of volatility and reduced liquidity which may re-occur and reduce the market value of the relevant Reference Obligation(s).

Some or all of the Reference Obligations may also be subject to restrictions on transfer and may be considered illiquid. If a Credit Event (or other relevant Termination Event) occurs in respect of a Reference Entity, any resulting diminution in market value of the related Reference Obligation could be further magnified by reason of such limited liquidity for Reference Obligations generally or that Reference Obligation in particular.

The terms and conditions of Credit Linked Notes do not incorporate by reference the definitions and provisions of the 2003 ISDA Credit Derivatives Definitions (the "Credit Derivatives Definitions") and there may be differences between the definitions used in the Programme and the Credit Derivatives Definitions. Consequently, investing in the Credit Linked Notes is not exactly equivalent to investing in a credit default swap that incorporates the Credit Derivatives Definitions.

While ISDA has published and supplemented the Credit Derivatives Definitions in order to facilitate transactions and promote uniformity in the credit derivative market, the credit derivative market has evolved over time and is expected to continue to change. Consequently, the Credit Derivatives Definitions and the terms applied to credit derivatives, including credit linked securities, are subject to interpretation and further evolution. Past events have shown that the views of market participants may differ as to how the Credit Derivatives Definitions operate or should operate. As a result of the continued evolution in the market, interpretation of the Credit Linked Notes may differ in the future because of future market standards. Such a result may have a negative impact on the Credit Linked Notes.

Future amendments or supplements to the terms applicable to credit derivatives generally will only apply to Credit Linked Notes that have already been issued if the relevant Issuer and the Noteholders agree to amend the credit Linked Notes to incorporate such amendments or supplements and other conditions to amending the Credit Linked Notes have been met.

Credit Derivatives Determinations Committees were established pursuant to the March 2009 Supplement to the 2003 ISDA Credit Derivatives Definitions to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency.

In making any determination in its capacity as Calculation Agent or Issuer, it may have regard to decisions made by announcements, determinations and resolutions made by ISDA and/or the ISDA Credit Derivatives Determinations Committees. Such announcements, determinations and resolutions could affect the redemption and settlement of the Credit Linked Notes (including the quantum and timing of payments and/or deliveries on redemption). For the avoidance of doubt, neither the relevant Issuer nor the Calculation Agent accept any liability to any person for any determinations, redemption, calculations and/or delay or

suspension of payments and/or redemption of Credit Linked Notes resulting from or relating to announcements, publications, determinations and resolutions made by ISDA and/or any Credit Derivatives Determinations Committee.

As at the date of this Base Prospectus, the Global Issuer is a member of each of the Credit Derivatives Determinations Committees. In such capacity, it need not have regard to the interests of any Noteholders when taking any action or casting any vote. Further information about the Credit Derivatives Determinations Committee may be found at www.isda.org/credit.

By subscribing for or purchasing Credit Linked Notes, each Noteholder shall be deemed to agree that (i) no DC Party and no legal counsel or other third-party professional hired by a DC Party in connection with such DC Party's performance of its respective duties under the Rules and/or any relevant Credit Derivatives Auction Settlement Terms, as applicable, shall be liable to Noteholders, and (ii) no DC Party and no legal counsel or other third-party professional hired by a DC Party in connection with such DC Party's performance of its respective duties under the Rules and/or any relevant Credit Derivatives Auction Settlement Terms is acting as fiduciary for, or as an advisor to, Noteholders.

If Auction Settlement is applicable in respect of any Credit Linked Note, then the amounts payable by and/or rights and obligations of the parties under such Credit Linked Note in respect of the relevant Reference Entity or Reference Obligation, will be determined in accordance with the Auction Final Price. The Noteholder takes the risk that where the Auction Final Price is used, this may result in a lower recovery value than a Reference Entity or Reference Obligation would have if such Auction Final Price had not been used. Also, the relevant Issuer may have a conflict of interest to the extent that it participates in any auction or other process used to determine the Credit Event under the Auction Protocol and is under no obligation to consider the interests of Noteholders when so acting.

The relevant Issuer's obligations in respect of Credit Linked Notes exist regardless of the existence or amount of that Issuer's and/or any of its affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Issues of subordinated Notes; limited rights to accelerate

The Global Issuer may issue Notes under the Programme which are subordinated to the extent described in Condition 3 of Chapter 2, Part 1 of the Base Prospectus. Any such Subordinated Notes issued by the Global Issuer will constitute unsecured obligations of the Global Issuer and will rank *pari passu* without any preference among themselves and at least *pari passu* with all other present and future unsecured and subordinated obligations of the Global Issuer, save for those that have been accorded preferential rights by law. In the event of the dissolution of the Global Issuer or if the Global Issuer is declared bankrupt or if a moratorium is declared in respect of the Global Issuer, the claims of the holders of the Subordinated Notes issued by the Global Issuer against the Global Issuer will be subordinated to all other claims in respect of any other indebtedness of the Global Issuer except for other Subordinated Indebtedness (as defined in Condition 3 of Chapter 2, Part 1 of this Base Prospectus), to the extent that, in any such event, no amount shall be eligible for setting-off or shall be payable to any or all the persons entitled to be paid amounts due in respect of the Subordinated Notes in respect of the obligations of the Global Issuer thereunder until all other indebtedness of

the Global Issuer which is admissible in any such dissolution, bankruptcy or moratorium (other than Subordinated Indebtedness issued by the Global Issuer) has been paid or discharged in full. By virtue of such subordination, payments to a holder of Subordinated Notes directly by the Global Issuer will, in the event of the dissolution or bankruptcy of the Global Issuer or in the event of a moratorium with respect to the Global Issuer, only be made after, and any set-off by a holder of Subordinated Notes issued by the Global Issuer shall be excluded until, all obligations of the Global Issuer resulting from deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied. A holder of Subordinated Notes issued by the Global Issuer may therefore recover less than the holders of deposit liabilities or the holders of other unsubordinated liabilities of the Global Issuer. Furthermore, the Conditions do not limit the amount of the liabilities ranking senior to any Subordinated Notes issued by the Global Issuer which may be incurred or assumed by the Global Issuer from time to time, whether before or after the issue date of the relevant Subordinated Notes issued by the Global Issuer.

In addition, the rights of holders of Subordinated Notes are limited in certain respects. In particular, early redemption of Subordinated Notes by the Global Issuer may only be effected after the Global Issuer has obtained the written consent of the Dutch Central Bank. See Condition 6(e) in Chapter 2, Part 1 of this Base Prospectus for further details.

The Canadian Issuer may issue Notes under the Programme which are subordinated to the extent described in Condition 3 of Chapter 15, Part 1 of the Base Prospectus. Such Notes will constitute direct, unsecured and subordinated obligations of the Canadian Issuer, constituting subordinated indebtedness for the purposes of the Bank Act (Canada) and will therefore rank subordinate to all deposit liabilities of the Canadian Issuer. The Subordinated Notes will not be deposits insured under the Canada Deposit Insurance Corporation Act. The Subordinated Notes rank *pari passu* among themselves and at least *pari passu* with all other present and future unsecured and subordinated indebtedness of the Canadian Issuer as defined in Condition 3 of the Guaranteed Canadian Notes, save for such indebtedness that has been accorded by law preferential rights.

If the Canadian Issuer becomes insolvent, the Bank Act (Canada) provides that priorities among payments of its deposit liabilities and payments of all of its other liabilities (including payments in respect of the Subordinated Notes) are to be determined in accordance with the laws governing priorities and, where applicable, by the terms of the indebtedness and liabilities. The Trust Indenture provides that, if the Canadian Issuer becomes insolvent or is wound-up, subordinated indebtedness issued and outstanding under the Trust Indenture will rank at least equally and rateably with all other subordinated indebtedness and subordinate in right of payment to the prior payment in full of the Canadian Issuer's indebtedness then outstanding, other than subordinated indebtedness of the Canadian Issuer that by its terms is subordinate to subordinated indebtedness issued and outstanding under the Trust Indenture. Further, the Trust Indenture provides that, in the event the Canadian Issuer becomes insolvent or is wound-up, no amount shall be eligible for setting-off or shall be payable to any or all the persons entitled to be paid amounts due in respect of subordinated indebtedness issued and outstanding under the Trust Indenture until all other indebtedness of the Canadian Issuer which is admissible in any such dissolution, bankruptcy or moratorium (other than subordinated indebtedness issued and outstanding under the Trust Indenture) has been paid or discharged in full.

Status of Canadian Subordinated Guarantee

The Subordinated Guarantee issued by the Guarantor in respect of Guaranteed Canadian Subordinated Notes issued by the Canadian Issuer (the "Canadian Subordinated Guarantee") constitutes a direct, unsecured and subordinated obligation of the Guarantor and ranks at least *pari passu* with all other present and future unsecured and subordinated obligations of the Guarantor, save for those that have been accorded by law preferential rights.

In the event of the dissolution of the Guarantor or if the Guarantor is declared bankrupt or if a moratorium (*surseance van betaling*) resulting from the application of emergency measures as referred to in Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) is declared in respect of the Guarantor, then and in any such event the claims of the persons entitled to be paid amounts due in respect of the Canadian Subordinated Guarantee shall be subordinated to all other claims in respect of any other indebtedness of the Guarantor except for other Guarantor Subordinated Indebtedness (as defined below), to the extent that, in any such event, no amount shall be eligible for setting-off or shall be payable to any or all the persons entitled to be paid amounts due in respect of the Canadian Subordinated Guarantee in respect of the obligations of the Guarantor thereunder until all other indebtedness of the Guarantor which is admissible in any such dissolution, bankruptcy or moratorium (other than Guarantor Subordinated Indebtedness) has been paid or discharged in full.

“Guarantor Subordinated Indebtedness” means any indebtedness of the Guarantor, including any guarantee by the Guarantor, under which the right of payment of the person(s) entitled thereto is, or is expressed to be, or is required by any present or future agreement of the Guarantor to be, subordinated to the rights of all unsubordinated creditors of the Guarantor in the event of the dissolution of the Guarantor or if the Guarantor is declared bankrupt or if a moratorium (*surseance van betaling*) resulting from the application of emergency measures as referred to in Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) is declared in respect of the Guarantor.

Under certain conditions, payments under Tier 3 Notes must be deferred

Interest on Tier 3 Notes issued by the Global Issuer will not be payable on any interest payment date if and to the extent that at the time of, or as a result of, such payment the Global Issuer’s actual Own Funds (as defined in Condition 4(f) in Chapter 2, Part 1 of this Base Prospectus) would amount to less than 100 per cent. of the Global Issuer’s required minimum amount of Own Funds under the solvency guidelines issued from time to time by the Dutch Central Bank. Any interest in respect of the Tier 3 Notes not paid on a date on which such interest would otherwise be payable will constitute arrears of interest (“Arrears of Interest”) and will become payable and will be paid by the Global Issuer as soon as and to the extent that the Global Issuer will meet the solvency test referred to in the previous sentence. Any Arrears of Interest will also become fully payable on the date of the dissolution of the Global Issuer, the date on which the Global Issuer is declared bankrupt or the date on which a moratorium resulting from the application of emergency measures as referred to in Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) is declared in respect of the Global Issuer. Where any amount of interest is paid in part, each part payment shall be made *pro rata* to the Tier 3 Noteholders of the relevant Series and shall be in respect of the interest accrued furthest from the date of payment. Any Arrears of Interest shall not themselves bear interest.

Any deferral of interest payments will likely have an adverse effect on the market price of the Tier 3 Notes issued by the Global Issuer. In addition, as a result of the interest deferral provision of the Tier 3 Notes, the market price of the Tier 3 Notes issued by the Global Issuer may be more volatile than the market prices of other debt securities on which original issue discount or interest accrues that are not subject to such deferrals and may be more sensitive generally to adverse changes in the Global Issuer’s financial condition.

The Australian Notes may not constitute deposit liabilities under applicable Australian statutory provisions

Section 13A of the Australian Banking Act provides that the assets of an Australian ADI, which includes ING Australia (but not ING Sydney Branch), in Australia would, in the event of the Australian ADI becoming unable to meet its obligations or suspending payment, be available to meet that ADI’s deposit liabilities in Australia in priority to all other liabilities of that Australian ADI. Under Section 16 of the Australian Banking Act, certain debts due to APRA shall in a winding-up of an Australian ADI have, subject to Section 13A of the Australian Banking Act, priority over all other unsecured debts of that Australian ADI.

Australian Domestic Instruments issued by ING Sydney Branch are not covered by the depositor protection provisions contained in Division 2 of the Australian Banking Act (including, without limitation, Section 13A). However, claims against ING Sydney Branch are subject to Section 11F of the Australian Banking Act which provides that if ING Sydney Branch (whether in or outside Australia) suspends payment or is unable to meet its obligations, the assets of ING Sydney Branch in Australia are to be available to meet ING Sydney Branch's liabilities in Australia in priority to all other liabilities of ING Sydney Branch. ING Sydney Branch and ING Australia are, together, "ADIs".

Further, under Section 86 of the RBA Act, debts due by a bank to the RBA shall in a winding-up of that bank have, subject to Section 13A of the Australian Banking Act, priority over all other debts, other than debts due to the Commonwealth of Australia.

There can be no assurance as to whether the Australian Domestic Transferable Deposits or any other Australian Notes constitute deposit liabilities in Australia under such statutory provisions.

Exchange rates and exchange controls

The Issuers will pay principal and interest on the Notes in a specified currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the specified currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the specified currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the specified currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

The Issuers may also issue Notes where the amount of principal and/or interest payable is linked to the performance of one or more exchange rates. Movements in such exchange rates will impact the amount of principal and/or interest payable by the Issuers and may result in investors receiving less than they had expected.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate and/or restrict the convertibility or transferability of currencies within and/or outside of a particular jurisdiction. As a result, investors may receive less interest or principal than expected, or receive it later than expected or not at all.

No gross-up

All payments made by the Issuers in respect of the Notes, by the Guarantor in respect of its guarantee in respect of the Australian Notes issued by ING Australia, its guarantee in respect of the Guaranteed Canadian Notes, its guarantee in respect of the Guaranteed U.S. Notes and its guarantee in respect of the Guaranteed Americas Notes and by ING Bank N.V. pursuant to its 403 declaration as it relates to issues of Notes by ING Groenbank shall be made subject to any tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. Noteholders will not be entitled to receive grossed-up amounts to compensate for any such tax, duty, withholding or other payment and no event of default shall occur as a result of any such withholding or deduction. In addition, the Global Issuer, ING Groenbank, the Australian Issuers, the U.S. Issuer and the Americas Issuer shall have the right to redeem Notes issued by them if, on the occasion of the next payment due in respect of such Notes, the Global Issuer, ING Groenbank, the relevant Australian Issuer, the U.S. Issuer and/or the Americas Issuer (as applicable) would be required to withhold or account for tax in respect of such Notes.

Interest rate risks

Investment in fixed rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the fixed rate Notes.

Notes in New Global Note form

The New Global Note form has been introduced to allow for the possibility of notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the “Eurosysteem”) and intra-day credit operations by the Eurosysteem either upon issue or at any or all items during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosysteem eligibility criteria at the relevant time. Investors should make their own assessment as to whether the Notes meet such Eurosysteem eligibility criteria.

Specified Denomination of €50,000 (or its equivalent) plus higher integral multiple

In relation to any issue of Notes which have a denomination consisting of €50,000 (or its equivalent) plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €50,000 (or its equivalent) that are not integral multiples of €50,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than €50,000 (or its equivalent) may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its aggregate holding amounts to €50,000 (or its equivalent) in order to receive such a definitive Note.

Modification

The terms and conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally as well as for action by Noteholders through a resolution in writing. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority or, as the case may be, who did not sign a resolution in writing.

ING Groenbank

Holders of certain social investments (*maatschappelijke beleggingen*) that are individuals benefit from a favourable tax treatment for Dutch income tax purposes, subject to certain limits. Social investments consist of, among others, green investments (*groene beleggingen*). Loans of money to green banks (*groenbanken*) that are designated as such by the Dutch tax authorities qualify as green investments. Green banks are, among others, credit institutions that are mainly (*hoofdzakelijk*) engaged in granting credit to or investing funds in projects designated by the Dutch government as being in the interest of the protection of the environment.

ING Groenbank has been designated as a green bank (*groenbank*). Notes issued by ING Groenbank therefore qualify as social investments unless the designation of ING Groenbank as a green bank is withdrawn. Its designation as a green bank can be withdrawn by the Dutch tax authorities at the request of ING Groenbank or if ING Groenbank no longer meets the description of a green bank or the requirements for qualification as a green bank. If the designation of ING Groenbank as a green bank is withdrawn, holders of Notes issued by ING Groenbank will no longer be entitled to the favourable tax treatment for Dutch income tax purposes in respect of such Notes. In addition, if there is a more general change to the Dutch fiscal regime as it relates to entities such as ING Groenbank, holders of Notes issued by ING Groenbank may no longer be entitled to the favourable tax treatment for Dutch income tax purposes in respect of such Notes. In any such circumstances, holders of Notes issued by ING Groenbank would not be entitled to any remedy, and the value of the Notes held by them would likely be negatively affected.

The U.S. Issuer

The U.S. Issuer has limited resources and limited business purpose. The net worth of the U.S. Issuer as of 25 September 2006 was approximately US\$100. The net worth of the U.S. Issuer has not, and is not expected to, increase materially. The ability of the U.S. Issuer, with respect to each Series, to make timely payments on the Notes of such Series is entirely dependent on the Guarantor making the related payments in a timely manner. The U.S. Issuer is a limited liability company formed on 15 September 2006 under the laws of the State of Delaware, the primary business purpose of which is the issuance of the Guaranteed U.S. Notes and activities incidental thereto.

The Americas Issuer

The Americas Issuer has limited resources and limited business purpose. The net worth of the Americas Issuer as of the date of its formation was approximately €18,000. The net worth of the Americas Issuer has not, and is not expected to, increase materially. The ability of the Americas Issuer, with respect to each Series, to make timely payments on the Notes of such Series is entirely dependent on the Guarantor making the related payments in a timely manner. The Americas Issuer is a limited liability company formed on 16 May 2007 under the laws of The Netherlands, the primary business purpose of which is the issuance of Guaranteed Americas Notes and activities incidental thereto.

PART 3: RISK FACTORS RELATING TO WARRANTS

In addition to the risks identified in “Risk Factors – Part 1: General” above and in the relevant Registration Document, potential investors in Warrants issued by the Global Issuer should consider the following. Terms used but not defined previously in this Base Prospectus or below are as defined in (i) the Terms and Conditions of the Warrants, as set out in Chapter 12, Part 1 with respect to Warrants other than in the form of Sprinter Certificates and (ii) the Terms and Conditions of the Sprinter Certificates as set out in Chapter 22, Part 1 with respect to Warrants in the form of Sprinter Certificates.

Investment in Warrants involves a high degree of risk

Investment in Warrants involves a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks. Prospective purchasers of Warrants should recognise that their Warrants, other than any Warrants having a minimum expiration value, may expire worthless. Purchasers should be prepared to sustain a total loss of the purchase price of their Warrants except, if so indicated in the Final Terms, to the extent of any minimum expiration value attributable to such Warrants. This risk reflects the nature of a Warrant as an asset which, other factors held constant, tends to decline in value over time and which may become worthless when it expires (except to the extent of any minimum expiration value). See “Certain Factors Affecting the Value and Trading Price of Warrants” below. Prospective purchasers of Warrants should be experienced with respect to options and option transactions, should understand the risks of transactions involving the relevant Warrants and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Warrants in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Warrants and the particular reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities) or other basis of reference to which the value of the relevant Warrants may relate, as specified in the applicable Final Terms.

The risk of the loss of some or all of the purchase price of a Warrant upon expiration means that, in order to recover and realise a return upon his or her investment, a purchaser of a Warrant must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies),

commodity (or basket of commodities) or other basis which may be specified in the applicable Final Terms. Assuming all other factors are held constant, the more a Warrant is “out-of-the-money” and the shorter its remaining term to expiration, the greater the risk that purchasers of such Warrants will lose all or part of their investment. With respect to European-style Warrants, the only means through which a holder can realise value from the Warrant prior to the Exercise Date in relation to such Warrant is to sell it at its then market price in an available secondary market. See “Limited Liquidity of the Notes and Warrants” in “Risk Factors, Part 1: General” above.

Fluctuations in the value of the relevant index or basket of indices will affect the value of Index Warrants or Index Sprinter Certificates, as the case may be. Fluctuations in the price of the relevant share or value of the basket of shares will affect the value of Share Warrants, or Share Sprinter Certificates, as the case may be. Fluctuations in the price or yield of the relevant debt instrument (including the relevant government bond) or value of the basket of debt instruments (including the basket of government bonds) will affect the value of Debt Warrants or Government Bond Sprinter Certificates, as the case may be. Fluctuations in the rates of exchange between the relevant currencies will affect the value of Currency Warrants, or Currency Sprinter Certificates, as the case may be. Also, due to the character of the particular market on which a debt instrument (including a government bond) is traded, the absence of last sale information and the limited availability of quotations for such debt instrument (including such government bond) may make it difficult for many investors to obtain timely, accurate data for the price or yield of such debt instrument (including such government bond). Fluctuations in the value of the relevant commodity or basket of commodities will affect the value of Commodity Warrants or Commodity Sprinter Certificates, as the case may be. Fluctuations in the value of the relevant fund will affect the value of the Fund Sprinter Certificates. Purchasers of Warrants risk losing their entire investment if the value of the relevant underlying basis of reference does not move in the anticipated direction.

Warrants are Unsecured Obligations

The Warrants constitute direct, unsubordinated and unsecured obligations of the Global Issuer and rank *pari passu* among themselves and (save for certain debts required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Global Issuer from time to time outstanding.

Certain Factors Affecting the Value and Trading Price of Warrants

The Cash Settlement Amount (in the case of Cash Settled Warrants and Sprinter Certificates) or the difference in the value of the Entitlement and the Exercise Price (the “Physical Settlement Value”) (in the case of Physical Delivery Warrants) at any time prior to expiration is typically expected to be less than the trading price of such Warrants at that time. The difference between the trading price and the Cash Settlement Amount or the Physical Settlement Value, as the case may be, will reflect, among other things, the “time value” of the Warrants. The “time value” of the Warrants will depend partly upon the length of the period remaining to expiration and expectations concerning the value of the reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities) or other basis of reference as specified in the applicable Final Terms. Warrants offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the Warrants varies with the price level of the reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities) or other basis of reference as specified in the applicable Final Terms, as well as a result of a number of other interrelated factors, including those specified herein.

Before exercising or selling Warrants, Warrantholders should carefully consider, among other things, (i) the trading price of the Warrants, (ii) the value and volatility of the reference security (or basket of

securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities) or other basis of reference as specified in the applicable Final Terms, (iii) the time remaining to expiration, (iv) in the case of Cash Settled Warrants and Sprinter Certificates, the probable range of Cash Settlement Amounts, (v) any change(s) in interim interest rates and dividend yields if applicable, (vi) any change(s) in currency exchange rates, (vii) the depth of the market or liquidity of the reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities) or other basis of reference as specified in the applicable Final Terms and (viii) any related transaction costs.

Limitations on Exercise

If so indicated in the Final Terms, the Global Issuer will have the option to limit the number of Warrants exercisable on any date (other than the final exercise date) to the maximum number specified in the Final Terms and, in conjunction with such limitation, to limit the number of Warrants exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Warrants being exercised on any date (other than the final exercise date) exceeds such maximum number and the Global Issuer elects to limit the number of Warrants exercisable on such date, a Warrantholder may not be able to exercise on such date all Warrants that such holder desires to exercise. In any such case, the number of Warrants to be exercised on such date will be reduced until the total number of Warrants exercised on such date no longer exceeds such maximum, such Warrants being selected at the discretion of the Global Issuer or in any other manner specified in the applicable Final Terms. Unless otherwise specified in the Final Terms, the Warrants tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Warrants may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Minimum Exercise Amount

If so indicated in the Final Terms, a Warrantholder must tender a specified number of Warrants at any one time in order to exercise. Thus, Warrantholders with fewer than the specified minimum number of Warrants will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, holders of such Warrants incur the risk that there may be differences between the trading price of such Warrants and the Cash Settlement Amount (in the case of Cash Settled Warrants and Sprinter Certificates) or the Physical Settlement Value (in the case of Physical Delivery Warrants) of such Warrants.

Effect of Credit Rating Reduction

The value of the Warrants is expected to be affected, in part, by investors' general appraisal of the creditworthiness of the Global Issuer. Such perceptions are generally influenced by the ratings accorded to the outstanding securities of the Global Issuer by standard statistical rating services, such as Moody's Investors Service Limited, Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. and Fitch Ratings Ltd. A reduction in the rating, if any, accorded to outstanding debt securities of the Global Issuer by one of these rating agencies could result in a reduction in the trading value of the Warrants.

Time Lag after Exercise

In the case of any exercise of Warrants, there may be a time lag between the time a Warrantholder gives instructions to exercise and the time the applicable Cash Settlement Amount (in the case of Cash Settled Warrants and Sprinter Certificates) relating to such exercise is determined. Such delay could be significantly longer than expected, particularly in the case of a delay in exercise of Warrants arising from any daily maximum exercise limitation, the occurrence of a market disruption event (if applicable) or following the

imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of Currency Warrants or Currency Sprinter Certificates, as the case may be. The applicable Cash Settlement Amount may change significantly during any such period, and such movement or movements could decrease the Cash Settlement Amount of the Warrants being exercised and may result in such Cash Settlement Amount being zero.

Certain Additional Risk Factors Associated with Currency Warrants and Currency Sprinter Certificates

Fluctuations in exchange rates of the relevant currency (or basket of currencies) will affect the value of Currency Warrants and Currency Sprinter Certificates. Furthermore, investors who intend to convert gains or losses from the exercise or sale of Currency Warrants or Currency Sprinter Certificates, as the case may be, into their home currency may be affected by fluctuations in exchange rates between their home currency and the relevant currency (or basket of currencies). Currency values may be affected by complex political and economic factors, including governmental action to fix or support the value of a currency (or basket of currencies), regardless of other market forces. Purchasers of Currency Warrants or Currency Sprinter Certificates, as the case may be, risk losing their entire investment if exchange rates of the relevant currency (or basket of currencies) do not move in the anticipated direction.

If additional warrants or options relating to particular currencies or currency indices are subsequently issued, the supply of warrants and options relating to such currencies or currency indices, as applicable, in the market will increase, which could cause the price at which the Warrants and such other warrants and options trade in the secondary market to decline significantly.

Certain Additional Risk Factors Associated with Sprinter Certificates

Sprinter Certificates operate as Warrants and, as such, the general risk factors above which apply to Warrants, apply equally to the Sprinter Certificates. Sprinter Certificates are financial instruments without a fixed maturity or expiration date. Sprinter Certificates can either be terminated by the Global Issuer or exercised by the Certificateholder, and may automatically terminate if the Underlying (as defined below) reaches a pre-determined level. Following any such event, the Sprinter Certificates pay an amount determined by reference to the level of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), share, fund or government bond (each an “Underlying”) on one or more specified days, subject to the certificate entitlement. Investors in the Sprinter Certificates should be aware that their entire investment may be lost if the Underlying is at an unfavourable level upon exercise or termination, as the case may be.

The price at which a Certificateholder will be able to sell Sprinter Certificates may be at a potentially substantial discount to the market value of the Sprinter Certificates at the relevant Issue Date of the Sprinter Certificates, if, at such time and in addition to certain other factors, the value of the Underlying is at an unfavourable level.

Sprinter Certificates track the Underlying in a linear manner. The amount needed to invest in a Sprinter Certificate to give the same participation rate in the Underlying as a direct investment in the Underlying is considerably less. Therefore, the percentage gain if the Underlying rises (in the case of a Long Sprinter Certificate (as defined below)) or falls (in the case of a Short Sprinter Certificate (as defined below)) and the percentage loss if the Underlying falls or rises, respectively, is higher in Sprinter Certificates than in a direct investment in the Underlying (the “Leverage Effect”). Investors should be aware that the Leverage Effect from holding Sprinter Certificates could result in gaining or losing a greater percentage of an investment than would occur through a direct investment in the Underlying. The maximum loss to the investor is the initial amount invested. Investors must expect to suffer a loss if the market price or value of the Underlying falls (in

the case of Long Sprinter Certificates) or rises (in the case of Short Sprinter Certificates). A feature of Sprinter Certificates is the Stop Loss which, if breached, will result in the early termination of the certificate.

“Short Sprinter Certificates” are certificates that are designed to enable the investor to profit from declining markets by tracking the Underlying in an inverse manner. If the value of the Underlying drops, the value of the Short Sprinter Certificate is expected to rise by an equivalent amount, taking into account any applicable foreign exchange rate.

“Long Sprinter Certificates” are certificates that are designed to enable the investor to profit from rising markets by tracking the Underlying. If the value of the Underlying rises, the value of the Long Sprinter Certificate is expected to rise by an equivalent amount, taking into account any applicable foreign exchange rate.

The Global Issuer may, among other things, cancel an offer for, or decline an application to subscribe for, Sprinter Certificates at any time prior to the relevant Issue Date. Although the Global Issuer will generally seek to have an expected issue of Sprinter Certificates admitted to trading on Euronext Amsterdam on an “as-if-and-when-issued” basis on or about the relevant Trade Date, prospective investors in Sprinter Certificates should not rely on trading on this basis as a commitment by the Global Issuer to accept an application to subscribe for Sprinter Certificates or to refrain from withdrawing, cancelling or otherwise modifying an offer of Sprinter Certificates. A prospective investor submitting an application to subscribe for Sprinter Certificates will be notified of the acceptance or otherwise of such application only on or around the Issue Date. See “Overview – Part 4: Sprinter Certificates” in Chapter 1.

Each Issuer accepts responsibility for the information contained in this Base Prospectus relating to it and the Guarantor accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge of each Issuer and the Guarantor (which have each taken all reasonable care to ensure that such is the case) the information contained in this Base Prospectus (in the case of each Issuer, as such information relates to it) is in accordance with the facts and does not omit anything likely to affect the import of such information.

In relation to each separate issue of Notes and/or Warrants, the issue price and the amount of such Notes or Warrants will be determined, in the case of the Global Issuer, ING Groenbank, ING Sydney Branch, ING Australia, the U.S. Issuer and the Americas Issuer before filing of the relevant Final Terms (as defined

below) of each issue, based on then prevailing market conditions at the time of the issue of the Notes and/or Warrants, and will be set out in the relevant Final Terms. The Final Terms will be provided to investors and, with respect to issues by the Global Issuer, ING Groenbank, ING Sydney Branch, ING Australia, the U.S. Issuer and the Americas Issuer, filed with the relevant competent authority for the purposes of the Prospectus Directive when any public offer of Notes or Warrants is made in the EEA as soon as practicable and if possible in advance of the beginning of the offer.

Final Terms will (if applicable), with respect to issues by the Global Issuer, ING Groenbank, ING Sydney Branch, ING Australia, the U.S. Issuer and the Americas Issuer specify the nature of the responsibility taken by the Global Issuer, ING Groenbank, ING Sydney Branch, ING Australia, the U.S. Issuer and/or the Americas Issuer for any information relating to an underlying security, other asset, index, fund, commodity or other item(s) to which the Notes or Warrants may relate which is contained in such Final Terms. Notice of the aggregate nominal amount of Notes or number of Warrants, interest (if any) payable in respect of Notes, the issue price of Notes or Warrants and any other terms and conditions not contained herein which are applicable to each Tranche of Notes or each issue of Warrants will be set forth in the final terms (the “Final Terms”) for the particular issue.

The bearer Notes of each Tranche issued by the Global Issuer, ING Groenbank, an Australian Issuer, the U.S. Issuer and the Americas Issuer will generally initially be represented by a temporary bearer global Note which (i) (if the global Note is stated in the applicable Final Terms to be issued in new global note (“NGN”) form) will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “Common Safekeeper”) for Euroclear Bank S.A./N.V. (“Euroclear”) and Clearstream Banking, société anonyme (“Clearstream, Luxembourg”) or (ii) (if the global Note is not issued in NGN form (“Classic Global Notes” or “CGNs”)) will be deposited on the issue date thereof with a common depository on behalf of Euroclear and Clearstream, Luxembourg, with *Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V.* (“Euroclear Netherlands”) and/or with any other agreed clearing system, and which (in any such case) will be exchangeable, as specified in the applicable Final Terms, for either a permanent bearer global Note or bearer Notes in definitive form, in each case upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations and Regulation S under the United States Securities Act of 1933, as amended (the “Securities Act”). A permanent bearer global Note issued by the Global Issuer, ING Groenbank, an Australian Issuer, the U.S. Issuer and/or the Americas Issuer will generally only be exchangeable for definitive bearer Notes in certain limited circumstances, unless otherwise specified in the applicable Final Terms. Unless otherwise provided with respect to a particular Series of Registered Notes (as defined herein) issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer the Registered Notes of each Tranche of such Series sold outside the United States in reliance on Regulation S, will be represented by a permanent global Note in registered form, without interest coupons (a “Reg. S Global Note”), deposited with a custodian for, and registered in the name of a nominee of, The Depository Trust Company (“DTC”) for the accounts of Euroclear and Clearstream, Luxembourg for the accounts of their respective participants. Prior to expiry of the period that ends 40 days after completion of the distribution of each Tranche of Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer, as certified by the relevant Dealer (if any), in the case of a non-syndicated issue, or the Lead Manager (if any), in the case of a syndicated issue (the “Distribution Compliance Period”), beneficial interests in the Reg. S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person (as defined in Regulation S and in U.S. Treasury Regulations) and may not be held otherwise than through Euroclear and Clearstream, Luxembourg. The Guaranteed U.S. Notes and the Guaranteed Americas Notes issued in reliance on Regulation S under the Securities Act will initially be represented by one or more temporary global notes in registered form (each, a “Reg. S Temporary Global Note”), which will be registered in the name of the nominee of, and deposited with a depository or common depository for, Euroclear and/or Clearstream, Luxembourg. Subject to the provisions of the applicable Final Terms, on or after the date that is the first day following the expiration of the

Distribution Compliance Period, beneficial interests in each Reg. S Temporary Global Note will be exchangeable for beneficial interests in a permanent Reg. S Global Note. The Registered Notes of each Tranche of such Series issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer and sold in private transactions to qualified institutional buyers within the meaning of Rule 144A under the Securities Act, who are also with respect to Notes issued by the Americas Issuer “qualified purchasers” within the meaning of Section 2(a)(51)(A) of the United States Investment Company Act 1940, as amended, may only be issued as and will be represented by a restricted permanent global Note in registered form, without interest coupons (a “Restricted Global Note”, and, together with a Reg. S Global Note, “Registered Global Notes”), deposited with a custodian for, and registered in the name of a nominee of, DTC. The Registered Notes of each Tranche of such Series issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer and sold to “accredited investors” (as defined in Rule 501(a) under the Securities Act) will be in definitive form, registered in the name of the holder thereof. Registered Notes in definitive form will be issued in exchange for interests in the Registered Global Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer upon compliance with the procedures for exchange as described in “Form of the Notes” in the circumstances described in the relevant Final Terms. Registered Notes in definitive form issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer from the date of issue may also be sold outside the United States in reliance on Regulation S under the Securities Act.

Each issue of Warrants other than in the form of Sprinter Certificates by the Global Issuer will be represented by a global warrant (each a “Global Warrant”) which will be issued and deposited on the date of issue of the relevant Warrants with a common depository on behalf of Euroclear and Clearstream, Luxembourg or Euroclear Netherlands or such other clearing system as may be specified in the Final Terms for an issue. Definitive Warrants will not be issued.

Warrants in the form of Sprinter Certificates will be issued in uncertificated and dematerialised book-entry form in accordance with the Dutch Securities Giro Act (*Wet giraal effectenverkeer*) and the rules, regulations and operating procedures applicable to and/or issued by Euroclear Netherlands from time to time. No physical global warrant or definitive warrants or certificates will be issued in respect of Sprinter Certificates. The Warrants create options exercisable by the relevant holder. Unless otherwise provided for in the Final Terms, there is no obligation upon any holder to exercise his Warrant nor, in the absence of such exercise, any obligation on the Global Issuer to pay any amount or deliver any asset to any holder of a Warrant. The Warrants will be exercisable in the manner set forth in this Base Prospectus and in the applicable Final Terms. Upon exercise, the holder of a Warrant will be required to certify (in accordance with the provisions outlined in “Chapter 1 – Subscription and Sale – Part 2: Warrants issued by the Global Issuer”) that it is not a U.S. person and that it is not exercising such Warrant on behalf of a U.S. person.

Unless otherwise specified in the Final Terms or any applicable supplement to this Base Prospectus, each Tranche of Australian Domestic Instruments will be issued in registered uncertificated (or inscribed) form and will take the form of entries on a register (the “Australian Register”) to be maintained by Austraclear Services Limited (Australian Business Number (“ABN”) 28 003 284 419) (the “Australian Registrar”) in Sydney unless otherwise agreed with the Australian Registrar.

Unless otherwise specified in the Final Terms or any applicable supplement to this Base Prospectus, each Tranche of Guaranteed Canadian Notes will be issued in the form of one or more fully registered global notes without interest coupons held by, or on behalf of, The Canadian Depository for Securities Limited (“CDS”) and registered in the name of CDS or its nominee, CDS & Co. Prior to expiry of the period that ends 40 days after completion of the distribution of each Tranche of Notes issued by the Canadian Issuer, as certified by the relevant Dealer (if any), in the case of a non-syndicated issue, or the Lead Manager (if any), in the case of a syndicated issue, beneficial interests in the permanent global Note may not be offered or sold to,

or for the account or benefit of, a U.S. person (as defined in Regulation S under the Securities Act) and may not be held otherwise than through CDS.

This Base Prospectus is to be read in conjunction with any supplement and any Final Terms hereto and with all documents which are deemed to be incorporated in it by reference (see “Chapter 1 – Documents Incorporated by Reference”). This Base Prospectus shall be read and construed on the basis that such documents are incorporated into, and form part of, this Base Prospectus.

Any Dealers appointed by the Issuers in respect of issues of Notes will not have separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by such Dealers as to the accuracy or completeness of the information contained in this Base Prospectus or any other information provided by the Issuers. None of the Dealers accepts any liability in relation to the information contained in this Base Prospectus or any other information provided by the Issuers in connection with the Programme.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuers, the Guarantor or any of the Dealers appointed by an Issuer.

Neither this Base Prospectus nor any other information supplied in connection with the Programme should be considered as a recommendation by the Issuers, the Guarantor or any of the Dealers or Arrangers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme should purchase any Notes or Warrants. Each investor contemplating purchasing any Notes or Warrants should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Issuer and the Guarantor. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes or Warrants constitutes an offer or invitation by or on behalf of the Issuers, the Guarantor or any of the Dealers or Arrangers to any person to subscribe for or to purchase any Notes or Warrants.

Structured securities, including the Warrants and certain of the Notes which may be issued under the Programme, are sophisticated instruments, can involve a high degree of risk and are intended for sale only to those investors capable of understanding the risk entailed in such instruments. Prospective purchasers of the Notes and Warrants should ensure that they understand the nature of the Notes and Warrants and the extent of their exposure to risk and that they understand the nature of the Notes and Warrants as an investment in the light of their own circumstances and financial condition. Prospective purchasers of the Notes or Warrants should conduct their own investigations and, in deciding whether or not to purchase Notes or Warrants, should form their own views of the merits of an investment related to the Notes or Warrants based upon such investigations and not in reliance upon any information given in this Base Prospectus and the applicable Final Terms. In particular, each investor contemplating purchasing any Notes or Warrants should make its own appraisal of any share or index, fund, debt security (including government bond), currency, commodity or commodity index or other asset to which such Note or Warrant may be linked (including the creditworthiness of the issuer of any share or debt or other security to which such Note or Warrant may be linked). If in doubt potential investors are strongly recommended to consult with their independent financial advisers before making any investment decision.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes or Warrants shall in any circumstances imply that the information contained in it concerning the Issuers or the Guarantor is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers do not undertake to review the financial condition or affairs of the Issuers or the Guarantor

during the life of the Programme. Investors should carefully review and evaluate, *inter alia*, the most recent financial statements of the Global Issuer and/or ING Australia (as appropriate) when deciding whether or not to purchase any Notes or Warrants.

Other than in (i) Austria, Belgium, Denmark, Finland, France, Germany, Greece, Italy, Luxembourg, The Netherlands, Norway, Portugal, Spain and Sweden with respect to issues by the Global Issuer, ING Sydney Branch and ING Australia, (ii) The Netherlands with respect to issues by ING Groenbank and (iii) The Netherlands and Luxembourg with respect to issues by the U.S. Issuer and the Americas Issuer (upon approval by the AFM of a registration document relating to it prepared in accordance with Article 5 of the Prospectus Directive), the Issuers, the Guarantor, the Arranger and any Dealer do not represent that this Base Prospectus may be lawfully distributed, or that Notes or Warrants may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuers, the Guarantor, the Arranger or any Dealer under the Programme which would permit a public offering of the Notes or Warrants or distribution of this document in any jurisdiction where action for that purpose is required, other than (if so indicated in the relevant Final Terms), with respect to the Global Issuer, ING Sydney Branch and ING Australia, in certain Member States of the EEA and Switzerland, with respect to ING Groenbank, The Netherlands and, with respect to the U.S. Issuer and the Americas Issuer, The Netherlands and Luxembourg, provided that the Americas Issuer will only offer Notes with a denomination of at least €50,000 (or its equivalent in any other currency at the date of issue of the Notes) and will only seek to admit such Notes to trading on a regulated market situated or operating within a Member State of the EEA, in circumstances which would require the approval of a prospectus under the Prospectus Directive, upon approval by the AFM of a registration document relating to it prepared in accordance with Article 5 of the Prospectus Directive. Accordingly, the Notes and Warrants may not be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction where such offer, sale, distribution and/or publication would be prohibited and each Dealer will be required to represent that all offers and sales by it of Notes will be made on these terms.

The distribution of this Base Prospectus and the offer or sale of Notes or Warrants may be restricted by law in certain jurisdictions. Persons into whose possession this Base Prospectus or any Notes or Warrants come must inform themselves about, and observe, any such restrictions. See “Chapter 1 – Subscription and Sale”.

The Notes and the guarantee of the Guaranteed U.S. Notes and the guarantee of the Guaranteed Americas Notes have not been and will not be registered under the Securities Act or with any securities regulatory authority of any State or other jurisdiction of the United States. Accordingly, the Notes may not be offered, sold, pledged or otherwise transferred within the United States or to or for the account or benefit of U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act and any applicable state securities laws. Registered Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer may be offered and sold in the United States exclusively to persons reasonably believed by the Global Issuer, the U.S. Issuer and/or the Americas Issuer (as the case may be) or the Dealers (if any), to be QIBs (as defined herein), who are also with respect to Notes issued by the Americas Issuer qualified purchasers, or placed privately with accredited investors as defined in Rule 501(a) of Regulation D under the Securities Act. Each U.S. purchaser of Registered Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer is hereby notified that the offer and sale of any Registered Notes to it may be made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A. To permit compliance with Rule 144A under the Securities Act in connection with the resales of Registered Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer, the Global Issuer, the U.S. Issuer and/or the Americas Issuer (as the

case may be) is required to furnish, upon request of a holder of a Registered Note issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer (as the case may be) or a prospective purchaser designated by such holder, the information required to be delivered under Rule 144A(d)(4) under the Securities Act. Registered Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer are not transferable to other holders within the United States except upon satisfaction of certain conditions as described under “Chapter 1 – Subscription and Sale”. Certain U.S. tax law requirements may also apply to U.S. holders of the Notes.

The Notes have not been approved or disapproved by the U.S. Securities and Exchange Commission, any state securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Notes or the accuracy or the adequacy of this Base Prospectus. Any representation to the contrary is a criminal offence in the United States.

The Warrants to be issued by the Global Issuer have not been and will not be registered under the Securities Act or with any securities regulatory authority of any State or other jurisdiction of the United States. Warrants, or interests therein, may not at any time be offered, sold, resold, traded or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person and any offer, sale, resale, trade or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. person will not be recognised. For a description of certain further restrictions on offers and sales of the Warrants to be issued by the Global Issuer and on the distribution of this Base Prospectus, see “Chapter 1 – Subscription and Sale”.

The Warrants have not been approved or disapproved by the U.S. Securities and Exchange Commission, any state securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Warrants or the accuracy or the adequacy of this Base Prospectus. Any representation to the contrary is a criminal offence in the United States.

TO NEW HAMPSHIRE RESIDENTS: NEITHER THE FACT THAT A REGISTRATION STATEMENT OR AN APPLICATION FOR A LICENCE HAS BEEN FILED UNDER RSA 421-B OF THE NEW HAMPSHIRE REVISED STATUTES WITH THE STATE OF NEW HAMPSHIRE NOR THE FACT THAT A SECURITY IS EFFECTIVELY REGISTERED OR A PERSON IS LICENSED IN THE STATE OF NEW HAMPSHIRE CONSTITUTES A FINDING BY THE SECRETARY OF STATE OF NEW HAMPSHIRE THAT ANY DOCUMENT FILED UNDER RSA 421-B IS TRUE, COMPLETE AND NOT MISLEADING. NEITHER ANY SUCH FACT NOR THE FACT THAT AN EXEMPTION OR EXCEPTION IS AVAILABLE FOR A SECURITY OR A TRANSACTION MEANS THAT THE SECRETARY OF STATE HAS PASSED IN ANY WAY UPON THE MERITS OR QUALIFICATIONS OF, OR RECOMMENDED OR GIVEN APPROVAL TO, ANY PERSONS, SECURITY OR TRANSACTION. IT IS UNLAWFUL TO MAKE, OR CAUSE TO BE MADE, TO ANY PROSPECTIVE PURCHASER, CUSTOMER OR CLIENT ANY REPRESENTATION INCONSISTENT WITH THE PROVISIONS OF THIS PARAGRAPH.

No prospectus or other disclosure document (as defined in the Australian Corporations Act) in relation to the Programme or any Notes has been or will be lodged with ASIC. Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, unless the relevant Final Terms (or a supplement to this Base Prospectus) otherwise provides, it:

- (a) has not made or invited, and will not make or invite, an offer of the Notes for issue or sale in Australia (including an offer or invitation which is received by a person in Australia); and
- (b) has not distributed or published, and will not distribute or publish, any base prospectus or other offering material or advertisement relating to any Notes in Australia,

unless the offeree or invitee is a “wholesale client” (within the meaning of section 761G of the Australian Corporations Act) and (i) the aggregate consideration payable by each offeree is at least A\$500,000 (or its equivalent in an alternate currency) (disregarding moneys lent by the offeror or its associates) or the offer otherwise does not require disclosure to investors under either Part 6D.2 or Chapter 7 of the Australian Corporations Act, (ii) such action complies with applicable laws and directives (including, without limitation, the financial services licensing requirements of Chapter 7 of the Corporations Act) and (iii) such action does not require any document to be lodged with ASIC.

Section 708(19) of the Australian Corporations Act provides that an offer of debentures for issue or sale does not need disclosure to investors under Part 6D.2 of the Australian Corporations Act if the Issuer is an ADI. As at the date of this Base Prospectus, the Australian Issuers are both ADIs.

In addition, each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that in relation to any Notes issued by an Issuer (other than an Australian Issuer) it will comply with the directive issued by the Assistant Treasurer of the Commonwealth of Australia dated 23 September 1996 as contained in Banking (Exemption) Order No. 82 which may require all offers and transfers to be for a consideration of at least A\$500,000. Banking (Exemption) Order No. 82 does not apply to transfers which occur outside Australia.

The Notes have not been and will not be qualified for sale under the securities laws and regulations of any province or territory of Canada. Status of the Senior Notes issued by the Global Issuer

Unless otherwise specified in the applicable Final Terms, the Senior Notes issued by the Global Issuer will constitute direct, unconditional, unsubordinated and unsecured obligations of the Global Issuer and will rank *pari passu* among themselves and (subject as aforesaid and save for certain debts required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Global Issuer from time to time outstanding.

Status and Characteristics relating to Subordinated Notes issued by the Global Issuer

The Subordinated Notes issued by the Global Issuer will constitute direct, unsecured and subordinated obligations of the Global Issuer and will rank *pari passu* among themselves and will rank at least *pari passu* with all other present and future unsecured and subordinated obligations of the Global Issuer, save for those that have been accorded by law preferential rights.

In the event of the dissolution of the Global Issuer or if the Global Issuer is declared bankrupt or if a moratorium (*surseance van betaling*) resulting from the application of emergency measures as referred to in Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) is declared in respect of the Global Issuer, then and in any such event the claims of the persons entitled to be paid amounts due in respect of the Subordinated Notes issued by the Global Issuer shall be subordinated to all other claims in respect of any other indebtedness of the Global Issuer except for other Subordinated Indebtedness (as defined below), to the extent that, in any such

event, and provided as aforesaid, no amount shall be eligible for setting-off or shall be payable to any or all the persons entitled to be paid amounts due in respect of the Subordinated Notes issued by the Global Issuer in respect of the obligations of the Global Issuer thereunder until all other indebtedness of the Global Issuer which is admissible in any such dissolution, bankruptcy or moratorium (other than Subordinated Indebtedness) has been paid or discharged in full.

“Subordinated Indebtedness” means any indebtedness of the Global Issuer, including any guarantee by the Global Issuer, under which the right of payment of the person(s) entitled thereto is, or is expressed to be, or is required by any present or future agreement of the Global Issuer to be, subordinated to the rights of all unsubordinated creditors of the Global Issuer in the event of the dissolution of the Global Issuer or if the Global Issuer is declared bankrupt or if a moratorium (*surseance van betaling*) resulting from the application of emergency measures as referred to in Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) is declared in respect of the Global Issuer.

For the purposes of the solvency guidelines of the Dutch Central Bank (*De Nederlandsche Bank N.V.*) to which the Global Issuer is subject, Subordinated Notes issued by the Global Issuer may qualify as either tier 2 capital (“Tier 2 Notes”) or tier 3 capital (“Tier 3 Notes”), as referred to in such solvency guidelines.

Status of the Notes issued by ING Groenbank

Unless otherwise specified in the applicable Final Terms, the Notes issued by ING Groenbank will constitute direct, unconditional, unsubordinated and unsecured obligations of ING Groenbank and will rank *pari passu* among themselves and (subject as aforesaid and save for certain debts required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of ING Groenbank from time to time outstanding.

Status of Notes issued by the Australian Issuers

Unless otherwise specified in the applicable Final Terms, the Notes issued by an Australian Issuer will constitute direct, unconditional, unsubordinated and unsecured obligations of that Australian Issuer and will rank *pari passu* among themselves and (save for certain debts required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of that Australian Issuer from time to time outstanding.

Section 13A of the Australian Banking Act provides that the assets of an Australian ADI, which includes ING Australia (but not ING Sydney Branch), in Australia would, in the event of the Australian ADI becoming unable to meet its obligations or suspending payment, be available to meet that Australian ADI's

deposit liabilities in Australia in priority to all other liabilities of that Australian ADI. Under Section 16 of the Australian Banking Act, certain debts due to the APRA shall in a winding-up of an Australian ADI have, subject to Section 13A of the Australian Banking Act, priority over all other unsecured debts of that Australian ADI.

Australian Domestic Instruments issued by ING Sydney Branch are not covered by the depositor protection provisions contained in Division 2 of the Australian Banking Act (including, without limitation, Section 13A). However, claims against ING Sydney Branch are subject to Section 11F of the Australian Banking Act which provides that if ING Sydney Branch (whether in or outside Australia) suspends payment or is unable to meet its obligations, the assets of ING Sydney Branch in Australia are to be available to meet ING Sydney Branch's liabilities in Australia in priority to all other liabilities of ING Sydney Branch. ING Sydney Branch and ING Australia are, together, "ADIs".

Further, under Section 86 of the RBA, debts due by a bank to the RBA shall in a winding-up of that bank have, subject to Section 13A of the Australian Banking Act, priority over all other debts, other than debts due to the Commonwealth of Australia.

There can be no assurance as to whether the Australian Domestic Transferable Deposits or any other Australian Notes constitute deposit liabilities in Australia under such statutory provisions.

**Status of the Guaranteed U.S. Notes
issued by the U.S. Issuer**

Unless otherwise specified in the applicable Final Terms, the Notes issued by the U.S. Issuer will constitute direct, unconditional, unsubordinated and unsecured obligations of the U.S. Issuer and will rank *pari passu* among themselves and (save for certain debts required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the U.S. Issuer from time to time outstanding. The Guaranteed U.S. Notes do not constitute deposits or deposit-type liabilities of the Global Issuer.

**Status of the Guaranteed Americas
Notes issued by the Americas Issuer**

Unless otherwise specified in the applicable Final Terms, the Notes issued by the Americas Issuer will constitute direct, unconditional, unsubordinated and unsecured obligations of the Americas Issuer and will rank *pari passu* among themselves and (save for certain debts required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Americas Issuer from time to time outstanding. The Guaranteed Americas Notes do not constitute deposits or deposit-type liabilities of the Global Issuer.

**Status of the Guaranteed Canadian
Deposit Notes issued by the Canadian
Issuer**

Unless otherwise specified in the applicable Final Terms, the Guaranteed Canadian Deposit Notes issued by the Canadian Issuer are direct, unconditional, unsubordinated and unsecured obligations of the Canadian Issuer and rank *pari passu* among

Guaranteed Canadian Subordinated
Notes issued by the Canadian Issuer**

themselves and equally with all deposit liabilities of the Canadian Issuer (except as otherwise prescribed by law) and other unsecured obligations (other than subordinated obligations, if any) of the Canadian Issuer from time to time outstanding.

The Guaranteed Canadian Subordinated Notes issued by the Canadian Issuer constitute direct, unsecured and subordinated obligations of the Canadian Issuer constituting subordinated indebtedness for the purpose of the Bank Act (Canada) and will therefore rank subordinate to all deposit liabilities. The Guaranteed Canadian Subordinated Notes issued by the Canadian Issuer will not be deposits insured under the Canada Deposit Insurance Corporation Act. The Guaranteed Canadian Subordinated Notes issued by the Canadian Issuer rank *pari passu* among themselves and at least *pari passu* with all other present and future unsecured and subordinated indebtedness of the Canadian Issuer (as defined in Condition 3 of Chapter 15 of this Base Prospectus), save for such indebtedness that has been accorded by law preferential rights.

If the Canadian Issuer becomes insolvent, the Bank Act (Canada) provides that priorities among payments of its deposit liabilities and payments of all of its other liabilities (including payments in respect of the Guaranteed Canadian Subordinated Notes issued by the Canadian Issuer) are to be determined in accordance with the laws governing priorities and, where applicable, by the terms of the indebtedness and liabilities. The Trust Indenture (as defined in Part 1 of Chapter 15 of this Base Prospectus) provides that, if the Canadian Issuer becomes insolvent or is wound-up, subordinated indebtedness issued and outstanding under the Trust Indenture will rank at least equally and rateably with all other subordinated indebtedness (as defined in Condition 3 of Chapter 15 of this Base Prospectus) and subordinate in right of payment to the prior payment in full of the Canadian Issuer's indebtedness then outstanding, other than subordinated indebtedness of the Canadian Issuer that by its terms is subordinate to subordinated indebtedness issued and outstanding under the Trust Indenture.

PART 3: WARRANTS

The following section is qualified in its entirety by the remainder of this Base Prospectus.

Under the terms of the Programme, the Global Issuer may from time to time issue Warrants of any kind including, but not limited to, Warrants relating to a specified index or a basket of indices (“Index Warrants” or “Index Sprinter Certificates”, as the case may be), a specified share or a basket of shares (“Share Warrants” or “Share Sprinter Certificates”, as the case may be), a specified debt instrument (including a specified government bond) or a basket of debt instruments (including a basket of government bonds) (“Debt Warrants” or “Government Bond Sprinter Certificates”, as the case may be), a specified currency or a basket of currencies (“Currency Warrants” or “Currency Sprinter Certificates”, as the case may be), a specified commodity or a basket of commodities (“Commodity Warrants” or “Commodity Sprinter Certificates”, as the case may be) or a specified fund (“Fund Sprinter Certificates”). Each issue of Warrants other than in the form of Sprinter Certificates will be issued on the terms which are relevant to such Warrants under Part 1 of Chapter 12: “Terms and Conditions of the Warrants” and on such additional terms as will be set out in the applicable Final Terms. Each issue of Warrants in the form of Sprinter Certificates will be issued on the terms which are relevant to such Warrants under Part 1 of Chapter 22 “Terms and Conditions of the Sprinter Certificates” and on such additional terms as will be set out in the applicable Final Terms.

A description of the relevant Final Terms is set out herein (i) in Part 2 of “Chapter 12: Form of Final Terms for Warrants” in respect of an issue of Warrants other than in the form of Sprinter Certificates and (ii)

in Part 2 of “Chapter 22: Form of Final Terms for Sprinter Certificates” in respect of an issue of Warrants in the form of Sprinter Certificates and each set of Final Terms will specify with respect to the issue of Warrants to which it relates, *inter alia*, the specific designation of the Warrants, the aggregate number and type of the Warrants, the date of issue of the Warrants, the issue price, the exercise price, the underlying asset, index or other item(s) to which the Warrants relate, the exercise period or date and certain other terms relating to the offering and sale of the Warrants. The Final Terms relating to an issue of Warrants other than in the form of Sprinter Certificates will be attached to, or endorsed upon, the Global Warrant (as defined below) representing such Warrants. The Final Terms relating to an issue of Warrants in the form of Sprinter Certificates will be registered with Euroclear Netherlands. The Final Terms supplement the Conditions of the Warrants and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the Conditions, supplement, replace or modify the Conditions. Warrants, or interests therein, may not at any time be offered, sold, resold, traded or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person.

Each issue of Warrants will entitle the holder thereof (on due exercise and subject to certification as to non-U.S. beneficial ownership) either to receive a cash amount (if any) calculated in accordance with the relevant terms or to receive physical delivery of the underlying assets against payment of a specified sum, all as set forth herein and in the applicable Final Terms.

Prospective purchasers of Warrants should ensure that they understand the nature of the relevant Warrants and the extent of their exposure to risks and that they consider the suitability of the relevant Warrants as an investment in the light of their own circumstances and financial condition. Warrants involve a high degree of risk, including the risk of their expiring worthless. Potential investors should be prepared to sustain a total loss of the purchase price of their Warrants. See “Chapter 1 — Risk Factors — Part 3: Risk Factors Relating to Warrants”.

Each issue of Warrants other than in the form of Sprinter Certificates will be represented by a global warrant (each a “Global Warrant”) which will be issued and deposited with a common depositary on behalf of Euroclear and Clearstream, Luxembourg or Euroclear Netherlands or such other clearing system as may be specified in the Final Terms for an issue.

Warrants in the form of Sprinter Certificates will be issued in uncertificated and dematerialised book-entry form in accordance with the Dutch Securities Giro Act (*Wet giraal effectenverkeer*) and the rules, regulations and operating procedures applicable to and/or issued by Euroclear Netherlands from time to time. No physical global warrant or definitive warrants or certificates will be issued in respect of Sprinter Certificates.

Definitive Warrants will not be issued.

PART 4: SPRINTER CERTIFICATES

The following section is qualified in its entirety by the remainder of this Base Prospectus.

The following section is only relevant in connection with the issue of Sprinter Certificates by the Global Issuer, and is in addition to the information set out in the section headed “Summary of the Programme” in Chapter 1 and in the sections headed “Overview – Part 1: Introduction” and “Overview – Part 3: Warrants” in Chapter 1.

Description of Sprinter Certificates:

Sprinter Certificates are financial instruments without a fixed maturity or expiration date, and can either be terminated by the Global Issuer or exercised by the Certificateholder, and may

automatically terminate if the Underlying (as defined below) reaches a pre-determined level. Following any such event, the Sprinter Certificates pay an amount determined by reference to the value of the underlying share, currency, commodity, index (including in the case of an index, the index and its constituent elements), fund or government bond (together, the “Underlying”) on one or more specified days, subject to the certificate entitlement. The types of certificates that may be issued under this Base Prospectus are described below.

Sprinter Certificates track the Underlying in a linear manner. The amount needed to invest in a Sprinter Certificate to give the same participation rate in the Underlying as a direct investment in the Underlying is considerably less. Therefore, the percentage gain if the Underlying rises (in the case of a Long Sprinter Certificate) or falls (in the case of a Short Sprinter Certificate) and the percentage loss if the Underlying falls or rises, respectively, is higher in Sprinter Certificates than in a direct investment in the Underlying.

Long and Short Sprinter Certificates:

Long Sprinter Certificates are designed to enable the investor to profit from rising markets. Long Sprinter Certificates track the Underlying. If the value of the Underlying rises, the value of the Long Sprinter Certificate is expected to rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a Long Sprinter Certificate and an ordinary certificate is that in the case of a Long Sprinter Certificate, the amount needed to invest to give the same participation rate in the Underlying is usually considerably less.

Short Sprinter Certificates are designed to enable the investor to profit from declining markets. Short Sprinter Certificates track the Underlying in an inverse manner. If the value of the Underlying drops, the value of the Short Sprinter Certificate is expected to rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a Short Sprinter Certificate and an ordinary certificate is that in the case of a Short Sprinter Certificate, the amount needed to invest to give the same inverse participation rate in

the Underlying is usually considerably less.

Type of Sprinter Certificates:

Sprinter Certificates are a type of Warrant and prospective purchasers of Sprinter Certificates should ensure that they understand the nature of the relevant Sprinter Certificates and the extent of their exposure to risks and that they consider the suitability of the relevant Sprinter Certificates as an investment in light of their own circumstances and financial condition. Warrants (and therefore Sprinter Certificates) involve a high degree of risk, including the risk of the Sprinter Certificates expiring worthless. Potential investors should be prepared to sustain a total loss of the purchase price of their Sprinter Certificates. See “Chapter 1 — Risk Factors — Part 3: Risk Factors Relating to Warrants”.

Stop Loss:

The maximum loss to an investor in Sprinter Certificates is the initial amount invested. A feature of Sprinter Certificates is the Stop Loss which, if breached, will result in the early termination of the Sprinter Certificates.

Commodity Sprinter Certificates:

Commodity Sprinter Certificates are certificates where the Underlying is a commodity. A range of commodities may be used as the Underlying in relation to a Commodity Sprinter Certificate.

Currency Sprinter Certificates:

Currency Sprinter Certificates give the Certificateholder exposure to interest rate differences between two currencies. A range of currencies may be used as the Underlying in relation to a Currency Sprinter Certificate.

Share Sprinter Certificates:

Share Sprinter Certificates are certificates where the Underlying is a share. A range of shares may be used as the Underlying in relation to a Share Sprinter Certificate.

Index Sprinter Certificates:

Index Sprinter Certificates are certificates where the Underlying is an index. A range of indices may be used as the Underlying in relation to an Index Sprinter Certificate.

Government Bond Sprinter Certificates:

Government Bond Sprinter Certificates are certificates where the Underlying is a futures contract related to a government bond. A range of government bond futures contracts may be used as the Underlying in relation to a Government Bond Sprinter Certificate.

Fund Sprinter Certificates:

Fund Sprinter Certificates are certificates where the Underlying is a fund. A range of funds may be used as the Underlying in relation to a Fund Sprinter Certificate.

Indicative Issue Price:

The Sprinter Certificates will be sold at a price determined by reference to the level of the Underlying adjusted for the relevant certificate entitlement and any applicable foreign exchange rate(s).

Maturity:

The Sprinter Certificates do not have any fixed maturity date.

Interest:

The Sprinter Certificates do not bear interest.

Settlement of Sprinter Certificates:

Each issue of Sprinter Certificates will entitle the holder thereof (on due exercise and subject to certification as to non-U.S. beneficial ownership) to receive a cash amount (if any) calculated in accordance with the relevant terms and conditions.

Form of Sprinter Certificates:

The Sprinter Certificates will be issued in dematerialised book-entry form only.

Offer Process for Sprinter Certificates:

The Final Terms relating to an issue of Sprinter Certificates which will be offered to the public in The Netherlands or for which the Global Issuer will seek their admission to trading on Euronext Amsterdam, in each case in circumstances which would require the approval of a prospectus under the Prospectus Directive, will generally be delivered to Euronext Amsterdam prior to the Trade Date specified in the applicable Final Terms. In such circumstances, on or about the Trade Date, the Global Issuer expects, pursuant to its agreement with Euronext Amsterdam, to offer to buy or sell those Sprinter Certificates. Any trading in those Sprinter Certificates will be on an “as-if-and-when-issued” basis until the Issue Date specified in the applicable Final Terms. The Global Issuer expects that each such issue of Sprinter Certificates will be admitted to trading and listing on Euronext Amsterdam with effect from the Trade Date specified in the applicable Final Terms.

Conditions to which an Offer of Sprinter Certificates is Subject:

Any offer of Sprinter Certificates is subject to the conditions as set out in this Base Prospectus and the relevant Final Terms.

Application and Payment Process for Subscribing

Applications to subscribe for Sprinter Certificates may be made by a prospective investor through any

for Sprinter Certificates:

broker, financial adviser, banker, financial intermediary or other agent acting in such a capacity (each a “Selling Agent”) which has a relationship with the Global Issuer governing the sale of Sprinter Certificates.

Each prospective investor should ascertain from its chosen Selling Agent when that Selling Agent will require receipt of cleared funds in respect of applications to subscribe for Sprinter Certificates and the manner in which payment should be made to the Selling Agent. Each Selling Agent may impose different arrangements relating to the purchase of Sprinter Certificates and prospective investors should contact their Selling Agent directly for information concerning such arrangements. Applicants to subscribe for Sprinter Certificates who arrange to purchase those Sprinter Certificates through a Selling Agent should note that in doing so they are assuming the credit risk of the relevant Selling Agent and that such arrangements will be subject to the applicable conditions of the relevant Selling Agent.

Minimum and Maximum Application Amount in respect of Sprinter Certificates:

Investors in Sprinter Certificates are required to subscribe for a minimum of one such Sprinter Certificate and thereafter in multiples of one such Sprinter Certificate unless otherwise specified in the relevant Final Terms. There is no maximum subscription amount unless otherwise stated in the relevant Final Terms.

Reduced Subscriptions and Cancellations with respect to Sprinter Certificates:

The Global Issuer reserves the right, prior to the Issue Date, in its absolute discretion to (i) decline in whole or in part an application to subscribe for Sprinter Certificates such that a prospective investor in Sprinter Certificates may, in certain circumstances, not be issued the number of (or any) Sprinter Certificates for which it has applied to subscribe (a “Reduced Subscription”) or (ii) withdraw, cancel or modify an offer of the Sprinter Certificates (a “Cancelled Offer”).

The Global Issuer may effect a Reduced Subscription or a Cancelled Offer without prior notice and will then only notify prospective investors of a Reduced Subscription or a Cancelled Offer after such Reduced Subscription or Cancelled Offer has occurred. In the event that the Sprinter Certificates are not issued, no subscription monies

shall be payable by prospective investors to the Global Issuer (either directly or indirectly through a Selling Agent in respect of the relevant Sprinter Certificates). Prospective investors should contact their Selling Agent for details of the arrangements for the return of application monies in such circumstances. The Global Issuer shall have no responsibility for, or liability arising out of, the relationship between prospective investors and their respective Selling Agents and clearing system operators, including, without limitation, in respect of arrangements concerning the return of monies by such persons to their clients.

Manner in which the Results of an Offer of Sprinter Certificates are to be made Public:

A prospective investor submitting an application to subscribe for Sprinter Certificates will be notified of the acceptance or otherwise of such application on or around the Issue Date.

NOMINAL AMOUNT OF THE PROGRAMME

This Base Prospectus and any supplement will only be valid for the issue of Notes or Obligations in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes and Obligations previously or simultaneously issued under the Programme, does not exceed €50,000,000,000 or its equivalent in other currencies. For the purpose of calculating the aggregate amount of Notes issued under the Programme from time to time:

- (a) the euro equivalent of Notes denominated in another Specified Currency (as specified in the applicable Final Terms in relation to the Notes) shall be determined, at the discretion of the Global Issuer, as of the date of agreement to issue such Notes (the “Agreement Date”) or on the preceding day on which commercial banks and foreign exchange markets are open for business in London, in each case on the basis of the spot rate for the sale of the euro against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading bank selected by the Global Issuer on such date;
- (b) the amount (or, where applicable, the euro equivalent) of Dual Currency Notes, Partly Paid Notes, Share Linked Notes, Index Linked Notes, Fund Linked Notes, Dynamic and Static Portfolio Notes, Credit Linked Notes, Inflation Linked Notes, Exchangeable Notes, Commodity Linked Notes, German Market Notes and Commodity Index Linked Notes (each as specified in the applicable Final Terms in relation to the Notes) and Obligations shall be calculated (in the case of Notes not denominated in euro, in the manner specified above) by reference to the original nominal amount of such Notes or Obligations, as the case may be (in the case of Partly Paid Notes, regardless of the subscription price paid); and
- (c) the amount (or, where applicable, the euro equivalent) of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the Notes) and other Notes issued at a discount or premium shall be calculated (in the case of Notes not denominated in euro, in the manner specified above) by reference to the net proceeds received by the relevant Issuer for the relevant issue.

FORM OF THE NOTES

Notes issued by the Global Issuer, ING Groenbank, the Australian Issuers (other than Australian Domestic Instruments), the U.S. Issuer and the Americas Issuer

With respect to issues by the Global Issuer, unless otherwise provided in the applicable Final Terms with respect to a particular Series of Notes issued in registered form (“Registered Notes”), the Registered Notes of each Tranche of such Series offered and sold in reliance on Regulation S which will be sold to non-U.S. persons outside the United States, will initially be represented by a permanent global Note in registered form, without interest coupons (the “Reg. S Global Note”). Such Reg. S Global Note will be deposited with a custodian for, and the Reg. S Global Note will be registered in the name of, DTC (or a nominee on its behalf) for the accounts of Euroclear and Clearstream, Luxembourg.

The Guaranteed U.S. Notes and the Guaranteed Americas Notes issued in reliance on Regulation S under the Securities Act will initially be represented by one or more Reg. S Temporary Global Notes, which will be registered in the name of the nominee of, and deposited with a depository or common depository for, Euroclear and/or Clearstream, Luxembourg. Subject to the provisions of the applicable Final Terms, on or after the date that is the first day following the expiration of the Distribution Compliance Period, beneficial interests in each Reg. S Temporary Global Note will be exchangeable for beneficial interests in a permanent Reg. S Global Note.

Subject to the certification requirements discussed below, (i) if a holder of a beneficial interest in the Restricted Global Note (as defined herein) wishes at any time to exchange its interest in such Restricted Global Note for an interest in the Reg. S Global Note, or to transfer its interest in such Restricted Global Note to a person who wishes to take delivery thereof in the form of an interest in the Reg. S Global Note, or (ii) if a holder of a beneficial interest in the Reg. S Global Note deposited with the custodian in the United States wishes at any time to exchange its interest in such Reg. S Global Note for an interest in the Restricted Global Note, or to transfer its interest in such Reg. S Global Note to a person who wishes to take delivery thereof in the form of an interest in the Restricted Global Note, in either such case such holder may, subject to the rules and procedures of the Registrar in the United States, exchange or cause the exchange, or transfer or cause the transfer of such interest for an equivalent beneficial interest in the Restricted Global Note or the Reg. S Global Note, as the case may be, upon compliance with the transfer requirements of the Registrar in the United States and certification to the effect that (a) in the case of the exchange of an interest in a Restricted Global Note for an interest in a Reg. S Global Note, the exchange or transfer of such interest has been made in compliance with the transfer restrictions applicable to the Registered Notes under U.S. law and pursuant to and in accordance with Regulation S, or (b) in the case of the exchange of an interest in a Reg. S Global Note for an interest in a Restricted Global Note, such exchange or transfer has been made to a person whom the transferor reasonably believes to be a qualified institutional buyer (“QIB”) (as such term is defined in Rule 144A under the Securities Act), who is also with respect to Notes issued by the Americas Issuer a qualified purchaser, and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A.

With respect to issues by the Global Issuer, the U.S. Issuer and/or the Americas Issuer, in the event that an interest in a Registered Global Note (as defined below) is exchanged for Registered Notes in definitive form, such Registered Notes may be exchanged or transferred for one another only in accordance with such procedures as are substantially consistent with the provisions set out above, including, without limitation, certification requirements intended to ensure that such exchanges or transfers comply with Rule 144A or Regulation S under the Securities Act, as the case may be.

Registered Notes of each Tranche of such Series may be offered and sold by the Global Issuer, the U.S. Issuer and/or the Americas Issuer in the United States and to U.S. persons; provided, however, that so long as such Notes remain “restricted securities” within the meaning of Rule 144(a)(3) under the Securities Act, such Registered Notes may only be offered and sold in the United States or to or for the account or benefit of U.S. persons, in transactions exempt from the registration requirements of the Securities Act. Registered Notes of each Tranche sold to U.S. persons in exempt transactions pursuant to Rule 144A will be represented by one or more permanent global Notes in registered form, without interest coupons (each a “Restricted Global Note” and, together with the Reg. S Global Note, the “Registered Global Notes”). Such Restricted Global Note will be deposited with a custodian for, and the Restricted Global Note will be registered in the name of, DTC (or a nominee on its behalf).

Owners of beneficial interests in Registered Global Notes issued by the Global Issuer, an Australian Issuer, the U.S. Issuer and/or the Americas Issuer will be entitled or required, as the case may be, under the circumstances described under “Terms and Conditions of the Notes – Transfer and Exchange of Registered Notes and replacement of Notes and Coupons” in Chapters 2, 14, 16 and 17, to receive physical delivery of Registered Notes in definitive form. Such Registered Notes will not be in bearer form.

Investors may hold their interest in the Reg. S Global Note directly through Euroclear or Clearstream, Luxembourg, if they are participants in such systems, or indirectly through organisations which are participants in such systems. Euroclear and Clearstream, Luxembourg will hold interests in a Reg. S Global Note on behalf of their participants through customers’ securities accounts in their respective names on the books of DTC (or a nominee on its behalf). Investors may hold their interests in the Restricted Global Note directly through DTC if they are participants in such system, or indirectly through organisations that are participants in such system.

Payments of the principal of, and interest (if any) on, the Registered Global Notes will be made to DTC (or a nominee on its behalf) as the registered holder of the Registered Global Notes. None of the Global Issuer, the U.S. Issuer, the Americas Issuer, the Agent, any Transfer Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Each Tranche of Notes in bearer form issued by the Global Issuer, the U.S. Issuer, the Americas Issuer, an Australian Issuer or ING Groenbank may be initially represented by a temporary bearer global Note or a permanent bearer global Note as indicated in the applicable Final Terms, in each case without receipts, interest coupons or talons, which in either case (i) (if the global Note is stated in the applicable Final Terms to be issued in new global note (“NGN”) form) will be delivered on or prior to the original issue date of the relevant Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg, or (ii) (if the global Note is not issued in NGN form (“Classic Global Notes” or “CGNs”)) will be deposited on the issue date thereof, in the case of Classic Global Notes, with a common depositary on behalf of Euroclear and Clearstream, Luxembourg, with Euroclear Netherlands and/or with any other agreed clearing system (including Euroclear France) and, in the case of any Classic Global Notes, with Euroclear Netherlands and/or with any other agreed clearing system (including Euroclear France).

If a Global Note is stated in the applicable Final Terms to be issued in NGN form, it is intended to be eligible collateral for Eurosystem monetary policy and the Global Note will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Note with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form may be delivered on or prior to the original issue date of the Tranche to a Common Depositary.

If a Global Note is a CGN, upon the initial deposit of such Global Note with a common depositary for Euroclear and Clearstream, Luxembourg (the “Common Depositary”) or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Note to the Common Depositary, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If a Global Note is an NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depositary may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Whilst any Note is represented by a temporary bearer global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the temporary bearer global Note if it is in CGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant clearing system(s) and the relevant clearing system(s) have given a like certification (based on the certifications they have received) to the Agent. Any reference in this section to the relevant clearing system(s) shall mean the clearing and/or settlement system(s) specified in the applicable Final Terms. On and after the date (the “Exchange Date”) which is 40 days after the temporary global Note is issued and in the case of Notes held through Euroclear Netherlands not more than 90 days after the date on which the temporary bearer global Note is issued, interests in the temporary bearer global Note will be exchangeable (free of charge), upon request as described therein, either for interests in a permanent bearer global Note without receipts, interest coupons or talons or for definitive Notes in bearer form (as indicated in the applicable Final Terms) in each case against certification of beneficial ownership as described in the second sentence of this paragraph unless such certification has already been given. The holder of a temporary bearer global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date. The Agent shall arrange that, where a further Tranche of Notes in bearer form is issued, the Notes of such Tranche shall be assigned a common code and/or ISIN and/or other relevant code (as the case may be) which are different from the common code and/or ISIN and/or other relevant code assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

With respect to Notes issued by the Global Issuer, ING Groenbank, the Australian Issuers and the Americas Issuer, the applicable Final Terms will specify that a permanent bearer global Note will be exchangeable (free of charge), in whole but not in part, for definitive bearer Notes with, where applicable, receipts, interest coupons and talons attached upon either (i) not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands (acting on the instructions of any holder of an interest in such permanent bearer global Note) to the Agent as described therein or (ii) only upon the occurrence of an Exchange Event. With respect to Notes issued by the U.S. Issuer, the applicable Final Terms will specify that a permanent bearer global Note will be exchangeable (free of charge), in whole but

not in part, for definitive bearer Notes with, where applicable, receipts, interest coupons and talons attached upon not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands (acting on the instructions of any holder of an interest in such permanent bearer global Note) to the Agent as described therein. With respect to Notes issued by the U.S. Issuer, the applicable Final Terms may also further specify that a permanent bearer global Note will be exchangeable (free of charge), in whole but not in part, for definitive bearer Notes with, where applicable, receipts, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, "Exchange Event" means that (i) an Event of Default (as defined in Condition 9 in Chapter 2, Part 1 and Condition 8 in Chapter 11, Part 1 with respect to issues by the Global Issuer, as defined in Condition 8 in Chapter 13, Part 1 with respect to issues by ING Groenbank, as defined in Condition 8 in Chapter 14, Part 1 with respect to issues by an Australian Issuer, as defined in Condition 8 in Chapter 16, Part 1 with respect to issues by the U.S. Issuer and as defined in Condition 8 in Chapter 17, Part 1 with respect to issues by the Americas Issuer), has occurred and is continuing, (ii) the Global Issuer, ING Groenbank, an Australian Issuer, the U.S. Issuer and/or the Americas Issuer (as applicable) has/have been notified that both Euroclear and Clearstream, Luxembourg and/or Euroclear Netherlands have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Global Issuer, ING Groenbank, the relevant Australian Issuer, the U.S. Issuer and/or the Americas Issuer (as applicable) would suffer adverse tax consequences in respect of the Notes as a result of a change in the law or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Notes in definitive form. The Global Issuer, ING Groenbank, the relevant Australian Issuer, the U.S. Issuer and/or the Americas Issuer (as applicable) will promptly give notice to Noteholders in accordance with Condition 13 in Chapter 2, Part 1 and Condition 10 in Chapter 11, Part 1 with respect to issues by the Global Issuer, in accordance with Condition 12 in Chapter 13, Part 1 with respect to issues by ING Groenbank, in accordance with Condition 12 in Chapter 14, Part 1 with respect to issues by an Australian Issuer, in accordance with Condition 12 in Chapter 16, Part 1 with respect to issues by the U.S. Issuer and in accordance with Condition 12 in Chapter 17, Part 1 with respect to issues by the Americas Issuer, if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) may give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

Definitive Notes to bearer will be either (i) in the standard euro market form or (ii) in K-form (with Coupons) and/or in CF-form (with Coupon sheets). Such Definitive Notes and global Notes will be to bearer. Notes in K-form may, if applicable, have Talons for further Coupons attached but will not be issued with Receipts attached. Notes in CF-form will have neither Talons nor Receipts attached on issue and will be governed by the rules of the "*Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V.*" in Amsterdam.

Payments of principal and interest (if any) on a permanent bearer global Note will be made through the relevant clearing system(s) (in the case of a permanent bearer global Note in CGN form, payments will be made to its bearer against presentation or surrender (as the case may be) of the permanent bearer global Note, and in the case of a permanent bearer global Note in NGN form, payments will be made to or to the order of the Common Safekeeper) without any requirement for certification. If the permanent bearer global Note is in CGN form, a record of each payment so made will be endorsed on such global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. If the permanent bearer global Note is in NGN form, the Global Issuer, ING Groenbank, the relevant Australian Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) shall procure that details of each payment made shall be entered *pro rata* in the records of the relevant clearing system and, in the case of payments of principal, the nominal

amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Each payment so made will discharge the relevant Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

If so specified in the applicable Final Terms, a permanent bearer global Note will be exchangeable (free of charge), in whole but not in part, for security printed definitive Notes in bearer form with, where applicable, receipts, interest coupons and talons attached upon not less than 60 days' written notice to the Agent as described therein. If a permanent global bearer Note is deposited with Euroclear Netherlands and the applicable Final Terms specifies that the permanent global bearer Note will not be exchangeable for definitive Notes in bearer form, the right to demand delivery under the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*) is excluded. Global Notes in bearer form and definitive Notes in bearer form will be issued pursuant to the Agency Agreement.

The following legend will appear on all bearer global Notes, bearer definitive Notes, receipts and interest coupons (including talons) relating to Notes issued by the U.S. Issuer which have an original maturity of more than 183 days and Notes issued by any other Issuer which have an original maturity of more than 1 year:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code."

In the case of all bearer global Notes and bearer definitive Notes issued by the U.S. Issuer having a maturity of 183 days or less, the minimum denomination of such Notes shall be not less than \$500,000 (as determined based on the spot rate on the date of issuance if in a currency other than the US dollar).

The following legend will appear on all bearer global Notes, bearer definitive Notes, receipts and interest coupons (including talons) relating to Notes issued by the U.S. Issuer which have an original maturity of 183 days or less:

"By accepting this obligation, the holder represents and warrants that it is not a United States person (other than an exempt recipient described in section 6049(b)(4) of the Internal Revenue Code and regulations thereunder) and that it is not acting for or on behalf of a United States person (other than an exempt recipient described in section 6049(b)(4) of the Internal Revenue Code and regulations thereunder)."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of bearer Notes, receipts or interest coupons.

The following legend will appear on all global Notes held in Euroclear Netherlands:

"Notice: This Note is issued for deposit with *Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V.* ("*Euroclear Netherlands*") at Amsterdam, The Netherlands. Any person being offered this Note for transfer or any other purpose should be aware that theft or fraud is almost certain to be involved."

Any reference in this section "Form of the Notes" to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context permits, be deemed to include a reference to any additional or alternative clearance system approved by the Global Issuer, ING Groenbank, the relevant Australian Issuer, the U.S. Issuer and the Americas Issuer (as applicable) and the relevant Dealer (if any) and specified in the applicable Final Terms but shall not include Euroclear Netherlands.

So long as DTC (or a nominee on its behalf) is the holder of a Registered Global Note, DTC (or a nominee on its behalf) will be considered the absolute owner or holder of the Notes represented by such Registered Global Note for all purposes under the Registered Notes and members of, or participants in, DTC (the “Agent Members”) as well as any other persons on whose behalf such Agent Members may act will have no rights under a Registered Global Note. Owners of beneficial interests in such Registered Global Note will not be considered to be the owners or holders of any Notes represented by such Registered Global Note.

For so long as any of the Notes are represented by a bearer global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person who is for the time being shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall, (i) in respect of the giving of any notice under Condition 6(d) in Chapter 2, Part 1 or Condition 5.3 in Chapter 11, Part 1, with respect to issues of such Notes by the Global Issuer, under Condition 5(d) in Chapter 13, Part 1 with respect to issues by ING Groenbank, under Condition 5(d) in Chapter 14, Part 1 with respect to issues by an Australian Issuer, under Condition 5(d) in Chapter 16, Part 1 with respect to issues by the U.S. Issuer or under Condition 5(d) in Chapter 17, Part 1 with respect to issues by the Americas Issuer or (ii) in respect of any Event of Default (as defined in Condition 9 of Chapter 2, Part 1 or Condition 8 in Chapter 11, Part 1 with respect to issues by the Global Issuer, as defined in Condition 8 in Chapter 13, Part 1 with respect to issues by ING Groenbank, as defined in Condition 8 in Chapter 14, Part 1 with respect to issues by an Australian Issuer, as defined in Condition 8 in Chapter 16, Part 1 with respect to issues by the U.S. Issuer and as defined in Condition 8 in Chapter 17, Part 1 with respect to issues by the Americas Issuer) with respect to issues of such Notes, be entitled to give the notice or make the demand in respect of the nominal amount of such Notes credited to the account of any such person and for such purposes shall be deemed to be a Noteholder. Notes which are represented by a bearer global Note held by a common depositary or Common Safekeeper for Euroclear or Clearstream, Luxembourg will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Where a global Note is an NGN, the Global Issuer, ING Groenbank, the relevant Australian Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, shall be entered in the records of the relevant clearing systems and upon any such entry being made, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

No beneficial owner of an interest in a Registered Global Note will be able to exchange or transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and/or Clearstream, Luxembourg, in each case to the extent applicable.

A Note may be accelerated by the holder thereof in certain circumstances described in “Events of Default” in Chapter 2, Part 1 and Chapter 11, Part 1 with respect to issues by the Global Issuer, in Chapter 13, Part 1 with respect to issues by ING Groenbank, in Chapter 14, Part 1 with respect to issues by an Australian Issuer, in Chapter 16, Part 1 with respect to issues by the U.S. Issuer and in Chapter 17, Part 1 with respect to issues by the Americas Issuer. In such circumstances, where any Note is still represented by a bearer global Note and a holder of such Note so represented and credited to his securities account with Euroclear or Clearstream, Luxembourg gives notice that it wishes to accelerate such Note, unless within a period of 15 days from the giving of such notice payment has been made in full of the amount due in accordance with the terms of such bearer global Note, such bearer global Note will become void. At the same time, holders of interests in such bearer global Note credited to their accounts with Euroclear or Clearstream, Luxembourg will become entitled to proceed directly against the Global Issuer, the U.S. Issuer, the Americas Issuer, the

relevant Australian Issuer or ING Groenbank (as the case may be) on the basis of statements of account provided by Euroclear and Clearstream, Luxembourg, on and subject to the terms of the relevant Global Note.

In the case of a global Note deposited with Euroclear Netherlands the rights of Noteholders will be exercised subject to and in accordance with the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*).

In case of Notes which have a denomination consisting of €50,000 (or its equivalent) plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €50,000 (or its equivalent) that are not integral multiples of €50,000 (or its equivalent). So long as such Notes are represented by a global Note and the relevant clearing system(s) so permit, these Notes will be tradable only in the minimum authorised denomination of €50,000 increased with integral multiples of such a smaller amount, notwithstanding that Notes in definitive form shall only be issued up to but excluding twice the amount of €50,000 (or its equivalent).

Australian Domestic Instruments

Australian Domestic Instruments will be debt obligations of the relevant Australian Issuer owing under the relevant Australian Issuer's deed poll (each an "Australian Deed Poll"). Unless otherwise specified in the Final Terms or any applicable supplement to this Base Prospectus, each Tranche of Australian Domestic Instruments will be issued in registered uncertificated (or inscribed) form and will take the form of entries on the Australian Register.

In relation to Australian Domestic Instruments, the expression "Holder" means a person whose name is for the time being entered in the Australian Register as the holder of an Australian Domestic Instrument or, where an Australian Domestic Instrument is owned jointly by one or more persons, the first four persons, but no more than four, whose names appear in the Australian Register as the joint owners of the Australian Domestic Instrument. For the avoidance of doubt, where an Australian Domestic Instrument is entered into the system operated by Austraclear Limited (ABN 94 002 060 773) ("Austraclear") for holding securities and the recording and settling of transactions in those securities between members of that system (the "Austraclear System"), the expression "Holder" (in respect of that Australian Domestic Instrument) means Austraclear as operator of the Austraclear System.

Australian Domestic Instruments will not be serially numbered. Each entry in the Australian Register constitutes a separate and individual acknowledgement to the relevant Holder of the indebtedness of the relevant Australian Issuer to the relevant Holder. The obligations of the relevant Australian Issuer in respect of each Australian Domestic Instrument constitute separate and independent obligations which the Holder to whom those obligations are owed is entitled to enforce without having to join any other Holder or any predecessor in title of a Holder. No certificate or other evidence of title will be issued by or on behalf of the relevant Australian Issuer to evidence title to an Australian Domestic Instrument unless the relevant Australian Issuer determines that certificates should be made available or it is required to do so pursuant to any applicable law or regulation.

Entries in the Australian Register in relation to an Australian Domestic Instrument constitute conclusive evidence that the person so entered is the registered owner of the Australian Domestic Instrument, subject to rectification for fraud or error. No Australian Domestic Instrument will be registered in the name of more than four persons. Australian Domestic Instruments registered in the name of more than one person are held by those persons as joint tenants. Australian Domestic Instruments will be registered by name only without reference to any trusteeship. The person registered in the Australian Register as a holder of an Australian Domestic Instrument will be treated by the relevant Australian Issuer and the Australian Registrar as the absolute owner of that Australian Domestic Instrument and neither the relevant Australian Issuer nor

the Australian Registrar will, except as ordered by a court of competent jurisdiction or as required by statute, be obliged to take notice of any other claim to an Australian Domestic Instrument.

Upon a person acquiring title to any Australian Domestic Instrument by virtue of becoming registered as the owner of that Australian Domestic Instrument, all rights and entitlements arising by virtue of the Australian Deed Poll in respect of that Australian Domestic Instrument vest absolutely in the registered owner of the Australian Domestic Instrument, such that no person who has previously been registered as the owner of the Australian Domestic Instrument has or is entitled to assert against the relevant Australian Issuer or the Australian Registrar or the registered owner of the Australian Domestic Instrument for the time being and from time to time any rights, benefits or entitlements in respect of the Australian Domestic Instrument.

Notes issued by the Canadian Issuer

Unless otherwise specified in the Final Terms or any applicable supplement to the Base Prospectus, each Tranche of Guaranteed Canadian Notes will be issued in the form of one or more fully registered global Notes without interest coupons held by, or on behalf of, The Canadian Depository for Securities Limited (“CDS”) and registered in the name of CDS or its nominee, CDS & Co. Subject as set out below, purchasers of Notes represented by global Notes will not receive Notes in definitive form. Instead, ownership of such Notes will be constituted through beneficial interests in the global Notes, and will be represented through book-entry accounts of institutions (which may include a Dealer, if any), as direct and indirect participants of CDS, acting on behalf of the beneficial owners of such Notes. Each purchaser of a Note represented by a global Note will receive a customer confirmation of purchase from the dealer from whom the Note is purchased in accordance with the practices and procedures of the selling dealer. CDS will be responsible for establishing and maintaining book-entry accounts for its participants having interests in global Notes. CDS or such nominee of CDS, as the case may be, will be considered the absolute owner or holder of the Notes issued by the Canadian Issuer and represented by such registered global Notes for all purposes and participants in CDS as well as any other person on whose behalf such participants may act will have no rights under such registered global Note. Owners of beneficial interests in such registered global Note will not be considered to be the owners or holders of any Notes.

Payments of the principal of, and interest (if any) on, the permanent registered global Notes will be made to CDS. None of the Canadian Issuer, the Agent, the Registrar or the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the permanent registered global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Notes in definitive registered form will be issued to beneficial owners of Notes only if: (i) required by applicable law; (ii) CDS’ book-entry only system ceases to exist; (iii) the Canadian Issuer or CDS advises that CDS is no longer willing or able to properly discharge its responsibilities as depository with respect to the Notes and the Canadian Issuer is unable to locate a qualified successor; (iv) the Canadian Issuer, at its option, decides to terminate its present arrangements with CDS; or (v) if an event of default has occurred with regard to the Notes and has not been cured or waived.

Arvopaperikeskus, the “Finnish CSD”) from time to time (the “Finnish CSD Rules”). No physical global or definitive Notes or certificates

will be issued in respect of Finnish Notes and the provisions relating to presentation, surrender or replacement of such physical bearer instruments shall not apply.

A Finnish Issuing Agent will be appointed in accordance with the Finnish CSD Rules.

No physical global or definitive Notes or certificates will be issued in respect of Norwegian Notes and the provisions relating to presentation, surrender or replacement of such physical bearer instruments shall not apply.

Payments of principal, interest (if any) or any other amounts on any Norwegian Note will be made through the Norwegian CSD in accordance with the Norwegian CSD Rules.

Swedish Notes

Notes designated as “Swedish Notes” in the applicable Final Terms will be issued in uncertificated and dematerialised book-entry form in accordance with the Swedish Financial Instruments Accounts Act (*Sw. lag (1998:1479) om kontoföring av finansiella instrument*) and all other applicable Swedish laws, regulations and operating procedures applicable to and/or issued by the Swedish central securities depository (*Sw. central värdepappersförvarare*) from time to time (the “Swedish CSD Rules”) designated as registrar for the Swedish Notes in the relevant Final Terms (which is expected to be Euroclear Sweden AB) (the “Swedish CSD”). No physical global or definitive Notes or certificates will be issued in respect of Swedish Notes and the provisions relating to presentation, surrender or replacement of such physical bearer instruments shall not apply.

Payments of principal, interest (if any) or any other amounts on any Swedish Note will be made through the Swedish CSD in accordance with the Swedish CSD Rules.

DTC INFORMATION – REGISTERED NOTES ISSUED BY THE GLOBAL ISSUER, THE U.S. ISSUER AND THE AMERICAS ISSUER

The following section applies to Registered Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer.

DTC will act as securities depository for the Reg. S Global Notes and the Restricted Global Notes issued by the Global Issuer, the U.S. Issuer or the Americas Issuer. The Reg. S Global Notes and the Restricted Global Notes will be issued as fully registered securities registered in the name of DTC (or a nominee on its behalf, which may be Cede & Co or such other person or entity as may be requested by DTC). The deposit of such Registered Notes with DTC and their registration in the name of DTC (or a nominee on its behalf) will effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the Registered Notes; DTC's records reflect only the identity of the Agent Members to whose accounts such Registered Notes are credited, which may or may not be the beneficial owners of the Registered Notes.

DTC has advised the Global Issuer, the U.S. Issuer and the Americas Issuer as follows: DTC is a limited-purpose trust company organised under the New York Banking Law, a “banking organisation” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the United States Securities Exchange Act of 1934. DTC holds securities that its Agent Members deposit with DTC. DTC also facilitates the settlement of securities transactions between Market Agents through electronic book-entry changes in accounts of its Agent Members, thereby eliminating the need for physical movement of certificates. Agent Members include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organisations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Market Agent, either directly or indirectly (“indirect participants”). The rules applicable to DTC and its Market Agents are on file with the U.S. Securities and Exchange Commission.

Neither DTC nor any nominee on its behalf will consent or vote with respect to the Registered Notes. Under its usual procedures, DTC will mail an omnibus proxy to the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) as soon as possible after any applicable record date. The omnibus proxy assigns the consenting or voting rights of DTC (or a nominee on its behalf) to those Market Agents to whose accounts such Notes are credited on the record date.

Purchases of Registered Notes under the DTC system must be made by or through Agent Members, which will receive a credit for the Registered Notes on DTC's records. The beneficial interest of each actual purchaser of a Registered Note held through DTC is in turn recorded on the Agent Member's records. Noteholders will not receive written confirmation from DTC of their purchase but it is anticipated that Noteholders would receive written confirmations regarding details of the transaction, as well as periodic statements of their holdings, from the Agent Member through which the Noteholder entered into the purchase transaction. Transfers of beneficial interests in Registered Notes held through DTC are accomplished by entries made on the books of Agent Members acting on behalf of Noteholders. Noteholders will not receive certificates representing their beneficial interests in Registered Notes held through DTC, except in the event that the use of the book-entry system for the Registered Notes is discontinued.

Principal and interest payments on Registered Notes held through DTC will be made to DTC (or a nominee on its behalf). DTC's practice is to credit Agent Members' accounts upon receipt of funds and corresponding detailed information from the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case

may be) on the payment date in accordance with their respective holdings shown on DTC's records. Payments by Agent Members to Noteholders will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Agent Members and not of DTC or the Global Issuer, the U.S. Issuer or the Americas Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. DTC (or a nominee on its behalf) is the responsibility of the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) or the Agent or Paying Agent, as the case may be. Disbursement of payments to Agent Members shall be the responsibility of DTC. Disbursement of such payments to Noteholders shall be the responsibility of the Agent Members.

The conveyance of notices and other communications by DTC to Market Agents and by Market Agents to Noteholders will be governed by arrangements between such parties, subject to any statutory or regulatory requirements as may be in effect from time to time.

DTC may discontinue providing its services as securities depository with respect to Registered Notes at any time by giving reasonable notice to the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) or the Agent. Under such circumstances, in the event that a successor securities depository satisfactory to the relevant Issuer and the Guarantor is not available, and under other limited circumstances, Registered Notes in definitive form would be delivered to individual Noteholders. In addition, the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Registered Notes in definitive form would be delivered to individual Noteholders.

The information in this section concerning DTC and DTC's book-entry system has been obtained from a source that the Global Issuer, the U.S. Issuer and the Americas Issuer believe to be reliable (namely DTC itself). The information has been accurately reproduced and, as far as the Global Issuer, the U.S. Issuer and the Americas Issuer are aware and are able to ascertain from the relevant source, no facts have been omitted which would render the reproduced information inaccurate or misleading.

USE OF PROCEEDS

Unless specified otherwise in the applicable Final Terms, the net proceeds from each issue of Notes or Warrants will be applied by the relevant Issuer for its general corporate purposes. If in respect of any particular issue there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

TAXATION – THE GLOBAL ISSUER, THE AUSTRALIAN ISSUERS, THE U.S. ISSUER AND THE AMERICAS ISSUER

Subject as set out in the following sentence, the following section applies to Notes and Warrants issued by the Global Issuer and Notes issued by the Australian Issuers only. The disclosure in the section “United States Taxation” applies to Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer only, the disclosure in the section “Australian Taxation” applies to Notes issued by the Australian Issuers only and the disclosure in the section “Dutch Taxation” applies to the Global Issuer, the Australian Issuers and the Americas Issuer only.

DUTCH TAXATION

General

This is a general summary and the tax consequences as described here may not apply to a holder of Notes and/or Warrants. Any potential investor should consult his own tax adviser for more information about the tax consequences of acquiring, owning and disposing of Notes and/or Warrants in his particular circumstances.

This taxation summary solely addresses the principal Dutch tax consequences of the acquisition, the ownership and disposition of Notes and/or Warrants. It does not consider every aspect of taxation that may be relevant to a particular holder of Notes and/or Warrants under special circumstances or who is subject to special treatment under applicable law. Where in this summary English terms and expressions are used to refer to Dutch concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Dutch concepts under Dutch tax law.

This summary is based on the tax law of The Netherlands (unpublished case law not included) as it stands as at 19 August 2009. The law upon which this summary is based is subject to change, possibly with retroactive effect. Any such change may invalidate the contents of this summary, which will not be updated to reflect such change. This summary assumes that each transaction with respect to Notes and/or Warrants is at arm’s length and that the place of effective management of each of the Australian Issuers is not situated in The Netherlands.

Where it concerns a holder of Notes and/or Warrants that are redeemable in exchange for, or convertible into, shares, the tax consequences for such holder of the exercise, settlement or redemption of such Notes and/or Warrants and/or any tax consequences for such holder after the moment of exercise, settlement or redemption are not described in this summary.

Withholding tax on payments under Notes

All payments under Notes may be made free from withholding or deduction of or for any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, except where Notes, including for the avoidance of doubt Notes issued by ING Sydney Branch, are issued under such terms and conditions that such Notes are capable of being classified as equity of the Global Issuer or the Americas Issuer for Dutch tax purposes or actually function as equity of the Global Issuer or the Americas Issuer within the meaning of article 10, paragraph 1, letter d, of the Dutch Corporation Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*) and where Notes are issued that are redeemable in exchange for, convertible into or linked to shares or other equity instruments issued or to be issued by the Global Issuer, the Americas Issuer or by any entity related to the Global Issuer or the Americas Issuer.

Withholding tax on Warrants

All payments in respect of Warrants may be made free from withholding or deduction of or for any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, except where Warrants relate to shares, profit participating certificates (*winstbewijzen*) and/or debt instruments that actually function as equity within the meaning of article 10, paragraph 1, letter d, of the Dutch Corporation Tax Act 1969 issued or to be issued by the Global Issuer or by any entity related to the Global Issuer.

Taxes on income and capital gains

Resident holders of Notes and/or Warrants

The summary set out in this section “Dutch Taxation – Taxes on income and capital gains – Resident holders of Notes and/or Warrants” only applies to a holder of Notes and/or Warrants, who is a “Dutch Individual” or a “Dutch Corporate Entity”.

A holder of Notes and/or Warrants is a “Dutch Individual” if:

- (a) he is an individual;
- (b) he is resident, or deemed to be resident, in The Netherlands for Dutch income tax purposes, or has elected to be treated as a resident of The Netherlands for Dutch income tax purposes;
- (c) taking into consideration his rights under the Notes and the Warrants, the holder of Notes and/or Warrants does not have a substantial interest (*aanmerkelijk belang*) or a deemed substantial interest (as defined below) within the meaning of Chapter 4 of the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) in the Global Issuer, the relevant Australian Issuer, the Americas Issuer or another entity to which his rights under the Notes and/or Warrants relate; and
- (d) his Notes and/or Warrants and income or capital gains derived therefrom have no connection with his past, present or future employment, if any.

The Dutch tax position of a holder of Notes and/or Warrants who is an individual but who is not a “Dutch Individual” by virtue of not satisfying tests (c) and/or (d) above, is not discussed in this Base Prospectus.

Generally, if a person holds an interest in a company, such interest forms part of a substantial interest or a deemed substantial interest in that company if any one or more of the following circumstances is present.

- i. Such person alone or, if he is an individual, together with his partner (*partner*), if any, owns, directly or indirectly, a number of shares representing 5% or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of a company, or rights to acquire, directly or indirectly, shares, whether or not already issued, that represent 5% or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of a company, or profit participating certificates that relate to 5% or more of the annual profit or to 5% or more of the liquidation proceeds of a company, or has a membership interest in, or an equivalent right to the net assets of a co-operative society (*coöperatie*) or an association on a co-operative basis (*vereniging op coöperatieve grondslag*) that represents at least 5% of the voting rights in such co-operative society or association on a co-operative basis.
- ii. Such person’s shares, profit participating certificates or rights to acquire shares or profit participating certificates have been acquired by him or are deemed to have been acquired by him under a non-recognition provision.

- iii. Such person's partner or any of his relatives by blood or by marriage in the direct line (including foster-children) or of those of his partner has a substantial interest (as described under 1 and 2 above).

For purposes of the above:

- (i) a holder of Notes and/or Warrants who is only entitled to the benefits from shares or profit participating certificates (for instance a holder of a right of usufruct) is deemed to be a holder of shares or profit participating certificates, as the case may be, and his entitlement to benefits is considered a share or profit participating certificate, as the case may be;
- (ii) a unit of a fund for joint account (*fonds voor gemene rekening*) within the meaning of article 4.5 of the Income Tax Act 2001 is deemed to be a share of a company; and
- (iii) a membership interest in, or an equivalent right to the net assets of a co-operative society or an association on a co-operative basis is deemed to be a profit participating certificate of a company.

A holder of Notes and/or Warrants is a "Dutch Corporate Entity" if:

- (a) it is a corporate entity (*lichaam*; including an association that is taxable as a corporate entity) that is subject to Dutch corporation tax;
- (b) it is resident, or deemed to be resident, in The Netherlands for Dutch corporation tax purposes;
- (c) it is not an entity that, although in principle subject to Dutch corporation tax, is, in whole or in part, specifically exempt from that tax;
- (d) the benefits derived from any shares, Notes and/or Warrants held by it in the Global Issuer (or another entity to which the Notes and/or Warrants relate) are not exempt under the participation exemption (as laid down in the Dutch Corporation Tax Act 1969); and
- (e) it is not an investment institution (*beleggingsinstelling*) as defined in the Dutch Corporation Tax Act 1969.

The Dutch tax position of a holder of Notes and/or Warrants that is not an individual but that is not a "Dutch Corporate Entity" by virtue of not satisfying tests (c), (d) and/or (e) above, is not discussed in this Base Prospectus.

Dutch Individuals deriving profits or deemed to be deriving profits from an enterprise

Any benefits derived or deemed to be derived from Notes and/or Warrants, including any gain realised on the disposal thereof, by a Dutch Individual that are attributable to an enterprise from which such Dutch Individual derives profits, whether as an entrepreneur (*ondernemer*) or pursuant to a co-entitlement to the net value of an enterprise (other than as an entrepreneur or a shareholder), are generally subject to Dutch income tax at progressive rates.

Dutch Individuals deriving benefits from miscellaneous activities

Any benefits derived or deemed to be derived from Notes and/or Warrants, including any gain realised on the disposal thereof, by a Dutch Individual that constitute benefits from miscellaneous activities (*resultaat uit overige werkzaamheden*) are generally subject to Dutch income tax at progressive rates.

Benefits derived from Notes and/or Warrants by a Dutch Individual are taxable as benefits from miscellaneous activities if he, or an individual who is a connected person in relation to him as meant by article

3.91, paragraph 2, letter b. or c. of the Dutch Income Tax Act 2001, has a substantial interest in the Global Issuer, the relevant Australian Issuer or the Americas Issuer.

Furthermore, a Dutch Individual may, *inter alia*, derive benefits from Notes and/or Warrants that are taxable as benefits from miscellaneous activities in the following circumstances:

- (a) if his investment activities go beyond the activities of an active portfolio investor, for instance in the case of the use of insider knowledge (*voorkennis*) or comparable forms of special knowledge; or
- (b) if he makes Notes and/or Warrants available or is deemed to make Notes and/or Warrants available, legally or in fact, directly or indirectly, to certain parties as meant in the articles 3.91 and 3.92 of the Dutch Income Tax Act 2001 under circumstances described there.

Other Dutch Individuals

If a holder of Notes and/or Warrants is a Dutch Individual, whose situation has not been discussed before in this section “Dutch Taxation – Taxes on income and capital gains – Resident holders of Notes and/or Warrants”, benefits from his Notes and/or Warrants are taxed as a benefit from savings and investments (*voordeel uit sparen en beleggen*). Such benefit is deemed to be 4% per annum of the average of his “yield basis” (*rendementsgrondslag*) at the beginning and at the end of the year, insofar as that average exceeds the “exempt net asset amount” (*heffingvrij vermogen*). The benefit is taxed at the rate of 30%. The value of his Notes and/or Warrants forms part of his yield basis. Actual benefits derived from his Notes and/or Warrants, including any gain realised on the disposal thereof, are not as such subject to Dutch income tax.

Dutch Corporate Entities

Any benefits derived or deemed to be derived from Notes and/or Warrants, including any gain realised on the disposal thereof that are held by a Dutch Corporate Entity are generally subject to Dutch corporation tax.

Non-resident holders of Notes and/or Warrants

The summary set out in this section “Dutch Taxation – Taxes on income and capital gains – Non-resident holders of Notes and/or Warrants” only applies to a holder of Notes and/or Warrants who is a Non-Resident holder of Notes and/or Warrants.

A holder of Notes and/or Warrants will be considered a “Non-Resident holder of Notes and/or Warrants” if he satisfies the following tests:

- (a) he is neither resident, nor deemed to be resident, in The Netherlands for the purposes of Dutch income tax or corporation tax, as the case may be, and, in the case of an individual, he has not elected to be treated as a resident of The Netherlands for Dutch income tax purposes;
- (b) if he is an individual, his Notes and/or Warrants and income or capital gains derived therefrom have no connection with his past, present or future employment, if any; and
- (c) taking into consideration his rights under the Notes and the Warrants, the holder of Notes and/or Warrants does not have a substantial interest or a deemed substantial interest within the meaning of Chapter 4 of the Netherlands Income Tax Act 2001 in the Global Issuer, the Americas Issuer or another entity to which the Notes and/or Warrants relate, and that is resident within The Netherlands for Dutch tax purposes, unless such interest forms part of the assets of an enterprise.

See the section “Taxes on income and capital gains – Resident holders of Notes and/or Warrants” for a description of the circumstances under which Notes and/or Warrants form part of a substantial interest or a deemed substantial interest.

If a holder of Notes and/or Warrants satisfies test (a), but does not satisfy test (b), and/or test (c), his Dutch income tax position or corporation tax position, as the case may be, is not discussed in this Base Prospectus.

Individuals

A Non-Resident holder of Notes and/or Warrants who is an individual will not be subject to any Dutch taxes on income or capital gains in respect of any benefits derived or deemed to be derived from Notes and/or Warrants, including any payment under Notes and/or Warrants and any gain realised on the disposal of Notes and/or Warrants, except if:

- (a) he derives profits from an enterprise, whether as an entrepreneur (*ondernemer*) or pursuant to a co-entitlement to the net value of such enterprise, other than as a shareholder, such enterprise is either being managed in The Netherlands or carried on, in whole or in part, through a permanent establishment or a permanent representative in The Netherlands and his Notes and/or Warrants are not attributable to such enterprise; or
- (b) he derives benefits or is deemed to derive benefits from Notes and/or Warrants that are taxable as benefits from miscellaneous activities in The Netherlands (*resultaat uit overige werkzaamheden in Nederland*).

See the section “Dutch Taxation – Taxes on income and capital gains – Resident holders of Notes and/or Warrants” – Dutch Individuals deriving benefits from miscellaneous activities for a non exhaustive description of circumstances under which the benefits derived from Notes and/or Warrants may be taxable as benefits from miscellaneous activities, on the understanding that such benefits will be taxable in The Netherlands only if such activities are performed or deemed to be performed in The Netherlands.

Entities

A Non-Resident holder of Notes and/or Warrants other than an individual will not be subject to any Dutch taxes on income or capital gains in respect of benefits derived or deemed to be derived from Notes and/or Warrants, including any payment under Notes and/or Warrants or any gain realised on the disposal of Notes and/or Warrants, except if such Non-Resident holder of Notes and/or Warrants derives profits from an enterprise, whether as an entrepreneur or pursuant to a co-entitlement to the net value of such enterprise, other than as a holder of securities, such enterprise either being managed in The Netherlands or carried on, in whole or in part, through a permanent establishment or a permanent representative in The Netherlands, and its Notes and/or Warrants are attributable to such enterprise.

General

Subject to the above, a Non-Resident holder of Notes and/or Warrants will not be subject to income taxation in The Netherlands by reason only of the execution (*ondertekening*), delivery (*overhandiging*) and/or enforcement of the documents relating to the issue of Notes and/or Warrants or the performance by the Global Issuer, the relevant Australian Issuer or the Americas Issuer, as the case may be, of its obligations thereunder or under the Notes and/or Warrants.

Gift and inheritance taxes

A person who acquires Notes and/or Warrants as a gift, in form or in substance, or who acquires or is deemed to acquire Notes and/or Warrants on the death of an individual, will not be subject to Dutch gift tax or to Dutch inheritance tax, as the case may be, unless:

- (i) the donor is, or the deceased was resident or deemed to be resident in The Netherlands for purposes of gift or inheritance tax, as the case may be; or
- (ii) the Notes and/or Warrants are or were attributable to an enterprise or part of an enterprise that the donor or the deceased carried on through a permanent establishment or a permanent representative in The Netherlands at the time of the gift or of the death of the deceased; or
- (iii) the Notes and/or Warrants represent an interest in real property, or rights over real property, situated in the Netherlands, within the meaning of article 2, paragraph 2 of the Dutch Legal Transactions Taxes Act (*Wet op belastingen van rechtsverkeer*); or
- (iv) the donor made a gift of Notes and/or Warrants, then became a resident or deemed resident of The Netherlands, and died as a resident or deemed resident of The Netherlands within 180 days of the date of the gift.

Other taxes and duties

No Dutch registration tax, transfer tax, stamp duty or any other similar documentary tax or duty, other than court fees, is payable in The Netherlands in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including the enforcement of any foreign judgment in the courts of The Netherlands) of the documents relating to the issue of Notes and/or Warrants, the performance by the Global Issuer of its obligations thereunder or under the Notes and/or Warrants or in respect of or in connection with the transfer of Notes and/or Warrants except that Dutch real property transfer tax (*overdrachtsbelasting*) may be due upon redemption of Notes and/or Warrants in exchange for, or conversion of Notes and/or Warrants into, assets that qualify as real property situated in the Netherlands for the purposes of Dutch real property transfer tax and where Notes and/or Warrants are issued under such terms and conditions that they represent an interest in real property, or rights over real property, situated in the Netherlands, within the meaning of article 2, paragraph 2 of the Dutch Legal Transactions Taxes Act and where such Notes and/or Warrants are transferred, exchanged or redeemed..

AUSTRIAN TAXATION

The following is a brief summary of certain Austrian tax aspects in connection with the Notes and/or Warrants. It does not claim to fully describe all Austrian tax consequences of the acquisition, ownership, disposition or redemption of the Notes and/or Warrants. In some cases a different tax regime may apply. Further, this summary does not take into account or discuss the tax laws of any country other than Austria nor does it take into account the investors' individual circumstances. Prospective investors are advised to consult their own professional advisors to obtain further information about the tax consequences of the acquisition, ownership, disposition, exchange, exercise, settlement or redemption of the Notes and/or Warrants. Only personal advisors are in a position to adequately take into account special tax aspects of the particular Notes and/or Warrants in question as well as the investor's personal circumstances and this special tax treatment applicable to the investor.

This summary is based on Austrian law as in force at 19 August 2009. The laws and their interpretation by the tax authorities may change and such changes may also have retroactive effect. With regard to certain innovative or structured financial instruments there is currently neither case law nor comments of the

financial authorities as to the tax treatment of such financial instruments. Accordingly, it cannot be ruled out that the Austrian financial authorities and courts or the Austrian paying agents adopt a view different from that outlined below.

This summary does not describe the tax consequences for a holder of Notes and/or Warrants that are redeemable in exchange for, or convertible into, shares or other securities or rights or which in other way provide for physical settlement, or the consequences of the exchange, exercise, physical settlement or redemption of such Notes and/or Warrants and/or any tax consequences after the moment of exchange, exercise, physical settlement or redemption.

1 Austrian Resident Taxpayers

Income derived from the Notes and/or Warrants by individuals or corporations having a domicile or habitual abode in Austria or corporations having their corporate seat or place of management in Austria is taxable pursuant to the Austrian Income Tax Act (*Einkommensteuergesetz*) or the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*).

1.1 Notes

1.1.1 Risk of re-qualification of Notes as investment fund units

Certain Notes such as basket or index or portfolio linked notes, fund linked notes or credit linked notes may be re-qualified by the tax authorities as foreign investment fund units under certain conditions. Pursuant to Sec 42 of the Austrian Investment Fund Act, a portfolio of assets which is subject to the laws of a foreign country and which is invested according to the principle of risk-spreading is qualified as non-Austrian investment fund for tax purposes, without regard to its legal form (substance over form approach). Pursuant to the Investment Fund Guidelines 2008 applying to index linked notes, a requalification of Notes into fund units requires (i) that an investment is effected in line with the principle of risk spreading and (ii) that the issuer (or a trustee mandated by the issuer) factually and predominantly acquires the (underlying) securities or that the investment qualifies as an actively managed portfolio. This, inter alia, excludes capital guaranteed Notes and Notes with no more than six underlyings from requalification. However, “directly held index linked Notes are envisaged to be in no case requalified as foreign investment fund units, irrespective of whether the underlying index is a recognised or individually composed, fixed or flexible index”. The latter provision targets to immunize index linked Notes against requalification.

The Investment Funds Guidelines 2008 in their part relating to a requalification of index linked notes apply to notes subscribed for after 1 January 2008.

If a requalification of notes into non-Austrian fund units takes place, the following will apply:

Investment funds are treated as transparent for income tax purposes. Taxable income from investment funds includes distributions as well as retained earnings of the fund deemed to be distributed to the investor (“*ausschüttungsgleiche Erträge*”). Such retained earnings are deemed to be distributed to the investor for tax purposes to the extent of the share interest of the investor no later than four months after the end of the business year of the investment fund in which the earnings were derived by the fund. If no Austrian tax representative is appointed for the fund and the retained earnings of the fund deemed to be distributed to the investor are also not reported to the tax authorities by the investors themselves, the non-Austrian fund will be qualified a “black fund” and the retained earnings of the fund deemed to be distributed each

calendar year will be determined on a lump-sum-basis which will result in a tax base of 90% of the difference between the first and the last redemption price of the fund units fixed in a calendar year, at least, however, 10 % of the last redemption price (or net asset value (NAV) or stock exchange price) of the fund units fixed in a calendar year. As the applicable tax rate is 25% for corporate investors as well as, in general, for individuals, this minimum lump sum tax base results in a minimum tax of 2,5% per year on the last redemption price (NAV) in any calendar year before maturity. In case of sale (redemption) of black foreign investment fund units the tax base would be the difference between the redemption price (NAV) upon disposal and at the end of the last calendar year, at least, however, 0,8% of the redemption price (NAV) upon disposal for each month of the current calendar year. The investors will have to include the pertaining income into their income tax statement. Further, non-Austrian investment fund units, with the exception of funds that are daily reporting relevant figures to the Oesterreichische Kontrollbank, which are held in an Austrian bank deposit are subject to an annual 1,5 % compliance tax (calculated on the last redemption price (NAV) in any calendar year) unless the investor discloses the funds vis-à-vis the Austrian tax authorities and evidences this to the Austrian bank. Moreover, a *pro rata* compliance tax applies in the calendar year of the sale or redemption of the fund unit. This compliance tax will automatically be deducted by the Austrian bank.

In the following we assume that the Notes do not qualify as foreign investment funds for income tax purposes.

1.1.2 Individuals

Generally, income arising from the Notes will qualify as income from debt-securities (*Kapitalerträge aus Forderungswertpapieren*). Income from debt-securities includes (i) interest payments as well as (ii) income from debt-securities, if any, realised upon redemption or prior redemption (being the difference between the issue price and the redemption amount, or in case of prior redemption, the repurchase price - a maximum 2% tax-exempt threshold applies to specified Notes bearing also ongoing coupons (in practice with the exemption of index linked notes and notes treated equally as index linked notes) or (iii) realised upon the sale of the Notes (only to the extent of accrued interest and comparable consideration for future fixed redemption or interest payments but excluding capital gains; however, in case of index or asset (share) or other underlying (commodity) linked notes and notes where no accrued interest is calculated (“flat trading”) the whole gain would be treated as income from debt-securities, see below “Certain aspects of the tax treatment of certain notes”).

If income from debt-securities is paid out by a coupon paying agent (*kuponauszahlende Stelle*) located in Austria, it is subject to 25% Austrian withholding tax (*Kapitalertragsteuer-KESt*). The coupon paying agent is the bank, including an Austrian branch of a non-Austrian bank, which pays out such income to the holder of the Notes.

Provided that the Notes have been offered to the public within the meaning of Sec 97 of the Austrian Income Tax Act, the 25% withholding tax constitutes a final taxation (*Endbesteuerung*) for all individuals, no matter whether they act as private investors or hold the Notes as business property. Final taxation means that no further income tax will be assessed and the income is not to be included in the investor’s income tax return. Final taxation is only applicable to income from debt-securities. Regarding the taxation of capital gains, please see below.

Where there is no deduction of Austrian withholding tax because the income from the Notes is not received in Austria (not paid out by a coupon paying agent located in Austria) Austrian investors will have to declare the income derived from the Notes in their income tax returns pursuant to the Austrian Income Tax Act. A special 25% income tax rate pursuant to Sec 37 sub paragraph 8 of the Austrian Income Tax Act is applicable provided that the Notes have been offered to the public within the meaning of Sec 37 sub paragraph 8 of the Austrian Income Tax Act.

Individuals whose regular personal income tax rate is lower than 25% may opt for taxation of the income derived from the Notes at such regular personal income tax rate. In this case, the withholding tax will be credited against the income tax liability and the excess amount shall be refunded. Expenses incurred by the investor in connection with income derived from the Notes are not deductible.

Special rules apply in case a Noteholder transfers his residence outside Austria.

Upon the sale or other disposal of the Notes accrued interest realised upon such sale or other disposal is taxed as capital income from debt-securities being subject to withholding tax and final taxation as set out above. For private investors, any additional capital gain on the disposal of the Notes (apart from index or asset (share) or other underlying (commodity) linked notes, as well as notes where no accrued interest is calculated, the whole gain would be treated as income from debt-securities, see below "Certain aspects of the tax treatment of certain notes") is taxable if the disposal takes place within one year after the date of the acquisition of the Notes pursuant to Sec 30 Income Tax Act (*Spekulationsgeschäft* - speculative transaction). Such speculative gain is taxed at normal progressive income tax rates amounting up to 50% if the total of such speculative gain exceeds 440 Euro per year. Losses from speculative transactions can only be set off against gains of the same calendar year. If the Notes qualify as business assets, capital gains on the disposal are taxable irrespective of the date of the disposal at normal progressive income tax rates.

1.1.3 Corporations

Corporate investors deriving business income from the Notes may avoid the application of withholding tax by filing a declaration of exemption (*Befreiungserklärung*) with the coupon paying agent. Income including any capital gain derived from the Notes by corporate investors is subject to corporate income tax at the general rate of 25%. There is, *inter alia*, a special tax regime for Private Foundations established under Austrian law (*Privatstiftungen*).

1.1.4 Certain aspects of the tax treatment of certain notes

Upon the sale of zero bonds the difference between the issue price and the proceeds from the sale would be taxable as income from debt-securities being subject to withholding tax (where such withholding tax applies) merely to the extent of the difference between the issue price and the inner value of the notes; any additional capital gain would be taxable for private investors pursuant to Sec 30 Income Tax Act (*Spekulationsgeschäft* – speculative transaction) if the sale took place within one year after the date of the acquisition of the Notes.

It is probable that Austrian tax authorities and coupon paying agents will treat all forms of credit linked notes (with the exemption of cash or share notes and callable yield notes bearing interest) as structured ("index linked") notes so that the whole positive difference amount between redemption price or sale price and issue price will be treated as income from debt securities. In the case of credit linked notes structured as callable yield notes bearing interest

payments, however, the notes will be treated in the same way as cash or share (reverse convertibles) notes (see below).

Relating to index linked notes, the whole gain realised upon redemption or sale of the notes is treated as income from debt-securities and therefore also subject to withholding tax (where such withholding tax applies). The taxable gain is calculated as the positive difference between the issue price and the redemption amount or sales price. The same tax treatment applies to asset (share) or other underlying (commodity) linked notes – for these, the whole gain is treated as income from debt-securities.

The Austrian tax authorities have decided that notes where only the coupon(s) but not the redemption amount is (are) linked to an index or other underlying (including reference entities, credit default swaps and credit events) or where there is no separate calculation of accrued interest of the notes, must also be treated as "index linked notes". In such case the (whole) positive difference amount between issue price and sale price (or redemption price) is therefore subject to withholding tax.

In the case of inflation linked notes where the redemption amount is linked to the performance of an inflation index, apart from any coupon payments also the positive difference amount between issue price and redemption price and in cases of sales, also the positive difference amount between issue price and the index linked calculated value (but not the whole capital gain (however the capital gain could be subject to income tax as a speculative transaction)) is subject to withholding tax.

Income from floating rate notes should, in general, qualify as interest resulting in income from debt-securities.

Currency gains are, in general, taxed as capital gain rather than as income from debt-securities.

However, where the currency gain is determined already by the terms and conditions of the Notes or where a foreign currency only serves as an underlying for a performance linked Note the respective income should instead qualify as income from debt-securities.

Income from leveraged Notes (turbo certificates), i.e. Notes which may be subscribed at a lower price than the underlying's current market price, qualifies as income from debt-securities subject to 25% Austrian withholding tax provided that the leverage factor applied upon subscription/issue to the subscription price of the Notes is less than five (the Note's subscription price amounts to more than 20 per cent of the underlying's market price). If the leverage factor is at least five, income from the sale or redemption of the Notes will not be subject to the 25% withholding tax (but qualify as capital gain potentially subject to taxation as a speculative transaction, see above under "individuals") provided that the leverage factor is sufficiently evidenced by the issuer submitting the Terms and Conditions of the Notes together with a "leverage factor" notification to the Oesterreichische Kontrollbank AG before or within 24 hours after the first offering of the Notes in the Austrian market. If such evidence is provided later, the Austrian coupon paying agents have to continue to deduct withholding tax. However, the Noteholder may claim refund of the withholding tax upon assessment or pursuant to Sec 240 subpara 3 of the Austrian Fiscal Procedure Code (BAO).

Guidelines issued by the Austrian Ministry of Finance provide further details for the tax treatment of some other structured financial instruments such as reverse convertibles (cash or share notes). In case of reverse convertibles bearing high interest the full coupon would be treated as interest; however, pursuant to current practice losses incurred upon the redemption

could with an amount equalling the interest income of the last coupon payment period be set-off against the interest income by the Austrian coupon paying agent (Income Tax Guidelines no. 6198). In case of exchangeable notes bearing low interest the issue price is split up into a bond and the price for the right of exchange (option) which leads to the recalculation of the issue price for tax purposes. Callable yield notes are treated in the same way as reverse convertibles.

Tax consequences of exchange/conversion or of any other physical settlement of Notes are not discussed in this context, save for certain aspects of the physical delivery of shares – see below under “Warrants”.

This entire outline of the taxation of the Notes is based on the assumption that the Notes will be treated as debt-securities (*Forderungswertpapiere*) and will not be qualified as equity instruments for tax purposes such as shares or equity participation rights (*Substanzgenussrechte*). Further, this outline is based on the assumption that the Notes do not qualify as derivative instruments or contracts for differences resulting for private investors in taxation of capital gain pursuant to Sec 30 Income Tax Act (*Spekulationsgeschäft*) at progressive rates rather than being subject to withholding tax. Pursuant to Sec 30 Income Tax Act certain types of transactions such as the sale of securities would be taxable for private investors only if carried out within one year following the acquisition (speculative period) whereas other transactions such as futures, forwards or contracts for differences (*Differenzgeschäfte*) would be taxable irrespective of the one year speculative period.

1.2 Warrants

In general, income from Warrants should not qualify as capital income from debt-securities. Therefore, income from Warrants should neither be subject to withholding tax nor qualify for final income taxation. Capital gains realised upon the sale or other disposal of Warrants are subject to (corporate) income tax as follows: capital gains on the sale or other disposal of Warrants by private investors are taxable if the disposal takes place within one year after the date of the acquisition of the Warrants (speculative transaction). Such speculative gains are taxed at normal progressive income tax rates amounting up to 50% if the total of such speculative gains exceeds 440 Euro per year. If the Warrants qualify as business assets, capital gains on the disposal are taxable irrespective of the date of the disposal at normal progressive income tax rates for individuals and at the general corporate income tax rate for corporations.

With regard to gains on the cash settlement of Warrants which were not held as business property the wording of the law (Sec 30 (1) (2) Income Tax Act) indicates that only gains realised within one year after acquisition of the Warrant would be taxable (speculative transaction). However, there is no security and even no probability that Austrian financial authorities will refrain from treating capital gains derived from the cash settlement of warrants in any case taxable as a speculative transaction irrespective of the elapse of the one year period. Gains from the cash settlement of Warrants which were held as business property are taxable at normal progressive income tax rates for individuals and at the general corporate income tax rate for corporations.

Physical settlement of a call or put-option (embodied in a Warrant) by way of delivery of shares leads to an acquisition or disposal of shares by the investor. For private investors, capital gains on the disposal of shares are subject to income tax if the disposal of the shares takes place within one year after acquisition (speculative transaction) or, if the transaction is not speculative but the shareholder held at any time within the five years preceding the disposal directly or indirectly at least 1% of the share capital of the company. In the latter case, an income tax rate amounting to half the average personal income tax rate payable on the shareholder's total income is applicable.

Capital gains recognised on the disposal of shares which qualify as business assets are taxable irrespective of the date of the disposal or the percentage of the shareholding. For individuals such capital gains are taxed at regular progressive income tax rates if the disposal takes place within one year after acquisition and at half of the average personal income tax rate payable on the shareholder's total income thereafter. Capital gains realised by corporate shareholders are subject to the general corporate income tax rate amounting to 25%.

Whenever the option component of the Warrants is pushed back in favour of the capital investment character or in favour of the leveraged note (turbo certificate) character of the Warrants in a substance of over form-approach, Warrants may be treated by Austrian financial authorities and courts and Austrian paying agents as debt securities or leveraged notes (turbo certificates) where income is under certain circumstances subject to 25% Austrian withholding tax or the Austrian special 25% income tax rate pursuant to Sec. 37 subparagraph 8 of the Austrian Income Tax Act. Particular features of Warrants like an automatic exercise, Issuers' call rights and a fixed delta of one (for call warrants) respectively minus one (for put warrants) increase this requalification risk. Additionally, knock-out barriers or stop loss limits, lacking dependence of price formation on volatility and on residual maturity as well as path-independent performances due to knock-out (stop loss) levels increase the probability of requalification of Warrants into leveraged notes. It follows from the above, that a requalification of Sprinter Warrants into leveraged notes by Austrian Tax Authorities, Austrian paying agents or Austrian courts cannot be excluded.

Should Warrants be re-qualified as leveraged notes, the following applies: income from leveraged notes qualifies as income from debt-securities subject to 25% Austrian withholding tax provided that the leverage factor applied upon subscription/issue to the subscription price of the notes is less than 5 (the notes subscription price amounts to more than 20% of the underlyings market price). If the leverage factor is at least 5, income from the sale or settlement/redemption of the notes will not be subject to the 25% withholding tax (but qualify as capital gain potentially subject to taxation as a speculative transaction, see above under "individuals"), provided that the leverage factor is sufficiently evidenced by the issuer submitting the Terms and Conditions of the notes together with a "leverage factor" notification to the Oesterreichische Kontrollbank AG before or within 24 hours after the first offering of the notes in the Austrian market. If such evidence is provided later, the Austrian coupon paying agents have to continue to deduct withholding tax. However, the noteholder may claim refund of the withholding tax upon assessment or pursuant to Sec. 240 subpara 3 of the Austrian Fiscal Procedure Code (BAO).

The Issuers of Warrants explicitly inform investors that they do not envisage to file "leverage factor" notifications to the Oesterreichische Kontrollbank AG for securities issued as Warrants under this base prospectus. If Austrian (coupon) paying agents, Austrian tax authorities or Austrian courts requalified Warrants as leveraged notes for tax purposes, the Austrian (coupon) paying agents would deduct 25% Austrian withholding tax upon sale, exercise or other settlement of the Warrants from any difference amounts calculated on the issue price of the Warrants.

A requalification of Warrants as foreign investment fund units (for further information see above for Notes) cannot be excluded as well.

Tax consequences of physical settlement are not described in this context.

2 Non-Residents

2.1 General

Income including any capital gain derived from the Notes and/or Warrants by individuals who do not have a domicile or their habitual abode in Austria (“non-residents”) is not taxable in Austria provided that the income is not attributable to a permanent establishment in Austria and does not qualify as income from employment taxable in Austria (for withholding tax under the EU Savings Directive see below; tax consequences of a re-qualification into a foreign investment fund are not discussed with regard to non-residents herein).

Income including any capital gain derived from the Notes and/or Warrants by corporate investors who do not have their corporate seat or their place of management in Austria (“non-residents”) is not taxable in Austria provided that the income is not attributable to a permanent establishment in Austria.

Thus, non-resident investors - in case they receive income from the Notes through a coupon paying agent located in Austria - may avoid the application of Austrian withholding tax if they evidence their non resident-status vis-à-vis the coupon paying agent by disclosing their identity and address. Non-residents who are Austrian citizens or citizens of a neighbouring country will have to confirm their non-resident status in writing to the coupon paying agent. The provision of evidence that the investor is not subject to Austrian withholding tax is the responsibility of the investor.

If any Austrian withholding tax is deducted by the coupon paying agent, the tax withheld shall be refunded to the non-resident investor upon his application, which has to be filed with the competent Austrian tax authority within five calendar years following the date of the imposition of the withholding tax.

Where non-residents receive income from the Notes and/or Warrants as part of business income taxable in Austria (permanent establishment), they will be, in general, subject to the same tax treatment as resident investors.

Capital gains realised by a non-resident shareholder on the disposal of Austrian shares acquired upon exercise of a Warrant are taxable in Austria if the shares qualify as business assets of an Austrian permanent establishment or if the non-resident shareholder has held at any time within five years preceding the disposal directly or indirectly at least 1% of the share capital. However, under many of Austria’s double taxation agreements, Austria loses its taxation right in the latter case.

2.2 EU Council Directive on Taxation of Savings Income

The EU Council Directive 2003/48/EC on taxation of savings income in the form of interest payments (Savings Directive), which came into effect on 1 July 2005, provides for an exchange of information between the authorities of EU Member States regarding interest payments made in one Member State to beneficial owners who are individuals and resident for tax purposes in another Member State of the European Union or of certain dependent associated territories. Austria has implemented the Savings Directive by way of the EU Withholding Tax Act (*EU-Quellensteuergesetz*) which provides for a withholding tax rather than for an exchange of information. Such EU Withholding tax will be levied on interest payments within the meaning of the EU Withholding Tax Act made by a paying agent located in Austria to an individual resident for tax purposes in another Member State. The EU Withholding Tax amounts to 20% until 1 July 2011 and 35% thereafter.

Withholding tax will be deducted upon actual or deemed interest payments as well as upon sale, refund or redemption of debt claims. Further, withholding tax will be deducted - on a *pro rata temporis* basis -

in case of changes of the individual's withholding tax status such as changes of his country of residence or transfer of his securities to a non Austrian account.

Deduction of EU Withholding Tax can be avoided if the EU-resident investor provides the paying agent with a certificate drawn up in his name by the tax office of his Member State of residence. Such certificate has to indicate, *inter alia*, the name and address of the paying agent as well as the account number of the investor or the identification of the Notes.

The scope of the definition of interest payments for EU Withholding Tax purposes may differ from the scope of interest payments for Austrian income and withholding tax purposes. For example, under certain conditions and subject to the guidelines and information issued by the Austrian Ministry of Finance income from share linked notes, index linked notes or fund linked notes may not be considered as interest for EU Withholding Tax purposes while being interest for Austrian tax purposes. Subject to the guidelines and information issued by the Austrian Ministry of Finance the treatment of structured notes (certificates) for EU-Withholding tax purposes depends on the underlying as well as whether or not the Notes are capital guaranteed. Generally, interest payments are subject to EU-Withholding tax, whereas the gains realised upon the redemption or sale are treated as follows:

Notes without capital guarantee (the term "capital guarantee" for such tax purposes is deemed to include guaranteed interest payments) are treated as follows: Interest payments are subject to EU Withholding Tax. Gains from Notes linked to shares, share indices, commodities, metals, currencies, exchange rates and the like which are not in advance guaranteed are not subject to EU Withholding Tax. If such gains are derived from Notes linked to bonds or bond indices they are not subject to EU Withholding Tax if the index or basket is comprised of minimum five different bonds of different issuers, if the portion of a single bond does not exceed 80% of the index and, with regard to dynamic Notes, the 80%-threshold is complied with throughout the entire term of the Notes. With regard to Notes linked to funds or fund indices, the difference amounts do not qualify as interest within the meaning of the EU Withholding Tax Act, if the index/fund is composed of minimum five different funds and a portion of each fund does not exceed 80%; in the case of dynamic notes the 80%-threshold must be complied with during the entire term of the Notes. If Notes are linked to mixed indices composed of funds as well as of bonds, gains do not qualify as interest within the meaning of the EU Withholding Tax Act, if the index is composed of minimum five bonds and five funds of different issuers and a portion of a single bond or a single fund does not exceed 80% of the pertaining index.

Relating to capital guaranteed Notes, factually paid interest amounts, whether guaranteed or not, are subject to EU Withholding Tax. Guaranteed parts of difference amounts (between issue price and redemption price respectively sale price) are subject to EU Withholding Tax on the basis of the yield upon issue. Non-guaranteed income (difference between issuance amount or higher guaranteed part of redemption amount and non-guaranteed parts of redemption amount/sales proceeds) is treated as follows: If the underlying qualifies as bond, interest rate or inflation rate, then the income will qualify as interest within the meaning of the EU Withholding Tax Act and be subject to EU Withholding Tax. If shares, share indices, share baskets, metals, currencies and commodities are referred to as underlyings, the income is not subject to EU Withholding Tax. If funds and fund indices are referred to as underlying, the income is not subject to EU Withholding Tax, provided that the funds do not generate interest income within the meaning of the EU Withholding Tax Act. Should the underlyings qualify as certificates or other securities the proceeds of which do not qualify as interest subject to EU Withholding Tax, then the income derived therefrom is not subject to EU Withholding Tax, too.

Provided that Notes and/or Warrants are re-qualified as foreign investment fund units and the interest income of the fund deemed to be distributed to the investors is not reported on a daily basis to the Austrian central depository bank (*Oesterreichische Kontrollbank – OeKB*), Austrian paying agents

shall deduct EU Withholding Tax on a lump sum tax base of 6% of the last redemption price (NAV) of the fund units fixed in a calendar year. Moreover, a *pro rata* EU Withholding Tax applies in the calendar year of the sale or redemption of the fund unit.

Proceeds derived from Warrants are not subject to EU Withholding Tax.

3 Other Taxes

There is no transfer tax, registration tax or similar tax payable in Austria by holders of bearer Notes and/or bearer Warrants as a consequence of the acquisition, ownership, disposition or redemption of the Notes and/or Warrants. The sale and purchase of securities as well as the redemption of Notes is in general with the exception of registered Notes and other securities in registered form not subject to Austrian stamp duty provided that no other transaction potentially taxable under the Austrian Stamp Duty Act (*Gebührengesetz*) such as a loan or credit agreement is entered into for which a document (*Urkunde*) within the meaning of the Stamp Duty Act is executed. In addition, Sec 15 sub paragraph 3 Stamp Duty Act provides for an exemption from stamp duty for transactions which are covered by chapter II of the Austrian Capital Transfer Tax Act (*Kapitalverkehrsteuergesetz*) (“Chapter II”) concerning securities tax (*Wertpapiersteuer*). Although securities tax is not to be levied for transactions entered into after 31 December 1994, transactions covered by Chapter II are exempt from stamp tax under Sec 15 sub paragraph 3 of the Stamp Duty Act. Chapter II covers, *inter alia*, the acquisition of interest bearing debt claims (*verzinsliche Forderungsrechte*) in the form of securities (*Schuldverschreibungen*) which are issued as partial debt (“*in Teilabschnitte ausgefertigt*”) within the meaning of Chapter II by the first purchaser. Pursuant to the Austrian Administrative Court only securities which are addressed to the anonymous capital markets qualify for such an exemption. Hence, the issuance of registered Notes and other securities in registered form, if not addressed to the anonymous capital markets or if not qualifying as partial debt securities, and if evidenced by a document executed in Austria or executed abroad and subscribed by Austrian resident taxpayers or brought into Austria and documents on agreements on assignments if executed within Austria or outside Austria provided that (a) the parties to the agreement have their domicile, habitual abode, seat, place of management or a permanent establishment within Austria or (b) the document (original or certified copy) is physically brought into Austria, may trigger a stamp tax in Austria at a rate of 0.8% of the consideration.

The issue of notes (that are not addressed to the capital markets, for instance individually tailored private placements of notes) potentially qualifies as loan agreement which is subject to stamp duty if a document (*Urkunde*) or substitute documentation within the meaning of the SDA for the loan is executed (a) within Austria or (b) outside Austria provided that (i) at least one party to the loan has its domicile, habitual abode, seat, place of management or permanent establishment within Austria and (ii) at least one party is entitled or obligated to performance under the loan agreement in Austria (however, pursuant to a recent decision of the Independent Tax Senate Linz dated 3 September 2008 (RV/0174-L/06) bonds or notes do not qualify as credit agreements within the meaning of the SDA). An Austrian Administrative Court decision requires that the issuance of notes be addressed to the capital markets in order to qualify for this stamp duty exemption. In this respect, according to Austrian literature an issuer may rely on the stamp duty exemption even in case of a private placement provided that the respective bonds have features like being fungible (tradable), uniform terms and conditions, marketable nominal amounts, a larger circle of addressees, no short-term maturity and are freely transferable without the issuer's consent. There should be at least (i) a private placement to a larger circle of addressees which are not related with the issuer, (ii) the issuer should be able to act on the capital markets and (iii) the issue should objectively be adequate for the capital market.

Not only the conclusion of an assignment agreement or of a (requalified) loan but any document evidencing the assignment or loan (*rechtsbezeugende Urkunde*) which is signed by at least one party to the assignment and forwarded to the respective other party or a third party triggers stamp duty. Further, pursuant

to the Stamp Duty Act, also substitute documentation (*Ersatzbeurkundung*) of agreements triggers stamp duties. Substitute documentation includes, inter alia, mechanical signatures which have been produced with the consent of the respective signing party and potentially even e-mails.

Therefore investors should consult their own professional advisors before executing transfer documents for such Notes or bringing or sending into Austria such documents or any certified copy thereof or any written confirmation or written reference.

The Austrian inheritance and gift tax (Erbschafts- und Schenkungssteuer) was abolished as of August 1 2008. No such tax will be levied anymore upon a transfer of assets by way of inheritance or gifts occurring after July 31 2008. However, according to the Gift Notification Act 2008 (*Schenkungsmitteilungsgesetz 2008*) gifts have to be notified to the tax authorities within a three-month notification period. There are certain exemptions from such notification obligation, e.g. for gifts among relatives that do not exceed €50,000 per year (for gifts received from one donor by the same donee within one year) or gifts among unrelated persons that do not exceed €15,000 within five years (for gifts received from one donor by the same donee within five years).

BELGIAN TAXATION

The following summary describes the principal Belgian tax treatment applicable to the holding of the Notes and/ or Warrants obtained by a Belgian investor following this offer in Belgium.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Notes and/ or the Warrants. In some cases, different rules can be applicable. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

This summary is based on the Belgian tax legislation, treaties, rules, and administrative interpretations and similar documentation, in force as of 19 August 2009, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect.

This summary does not describe the tax consequences for a holder of Notes and/ or Warrants that are redeemable in exchange for, or convertible into shares, of the exercise, settlement or redemption of such Notes and/ or Warrants and/ or any tax consequences after the moment of exercise, settlement or redemption.

Each prospective holder of Notes and/ or Warrants should consult a professional adviser with respect to the tax consequences of an investment in the Notes and/ or Warrants, taking into account the influence of each regional, local or national law.

1 Belgian tax regime regarding the Notes

1.1 Tax treatment of Belgian individuals

Individuals who are Noteholders and who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax (“*Personenbelasting/ Impôt des personnes physiques*”), are in Belgium subject to the following tax treatment with respect to the Notes. Other rules can be applicable in special situations, in particular when individuals resident in Belgium acquire the Notes for professional purposes or when their transactions with respect to the Notes fall outside the scope of the normal management of their own private estate.

Any amount paid by the Issuer in excess of the issuance price of the Notes at the maturity date or at early redemption, is taxable as interest.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 15% withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for individuals. This means that they do not have to declare the interest obtained on the Notes in their personal income tax return, provided withholding tax was levied on these interest payments.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 15% (plus communal surcharges).

If the Notes qualify as fixed income securities in the meaning of article 2, §1, 8° Belgian Income Tax Code (ITC), in case of a realization of the Notes between two interest payment dates, an income equal to the *pro rata* of accrued interest corresponding to the detention period must be declared and income tax at a flat rate of 15% to be increased with communal surcharges will be due if no Belgian withholding tax has been levied on the *pro rata* of accrued interest corresponding to the detention period. A security will be a fixed income security if there is a causal link between the amount of interest income and the detention period of the security, on the basis of which it is possible to calculate the amount of *pro rata* interest income at the moment of the sale of the Notes during their lifetime.

Capital gains realised on the disposal of the Notes, except for the *pro rata* of accrued interest in the case of fixed income securities, are in principle tax exempt, unless the capital gains are realised outside the scope of the normal management of one's own private estate or unless the Notes are sold to the relevant Issuer. In the latter case, the capital gain is taxable as interest. Capital losses are not tax deductible.

1.2 Tax treatment of Belgian corporations

Corporations Noteholders who are Belgian residents for tax purposes, i.e. who are subject to Belgian Corporate Income Tax ("*Vennootschapsbelasting/ Impôt des sociétés*") are in Belgium subject to the following tax treatment with respect to the Notes.

Interest derived by Belgian corporate investors on the Notes and capital gains realised on the Notes will be subject to Belgian corporate income tax of 33.99%. Capital losses are in principle deductible.

Interest payments on the Notes made through a paying agent in Belgium can under certain circumstances be exempt from withholding tax, provided a certificate is delivered. The Belgian withholding tax that has been levied, if any, is creditable against the corporate income tax due in conformity with the legal provisions.

1.3 Tax treatment of other Belgian legal entities

Legal entities Noteholders who are Belgian residents for tax purposes, i.e. who are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/ Impôt des personnes morales*") are in Belgium subject to the following tax treatment with respect to the Notes.

Any amount paid by the Issuer in excess of the issuance price of the Notes at the maturity day or at early redemption is taxable as interest.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 15% withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the deduction and payment of 15% withholding tax.

If the Notes qualify as fixed income securities in the meaning of article 2, §1, 8° ITC, in case of a realization of the Notes between two interest payment dates, Belgian legal entities have to pay a 15% tax on the *pro rata* of accrued interest corresponding to the detention period if no Belgian withholding tax has been levied on the *pro rata* of accrued interest corresponding to the detention period. A security will be a fixed income security if there is a causal link between the amount of interest income and the detention period of the security, on the basis of which it is possible to calculate the amount of *pro rata* interest income at the moment of the sale of the Notes during their lifetime.

Capital gains realised on the sale of the Notes whether or not on the maturity date, except for the *pro rata* of accrued interest in the case of fixed income securities, are in principle tax exempt, unless the Notes are repurchased by the Issuer. In such case, the capital gain is taxable as interest.

1.4 Tax treatment of an Organization for Financing Pensions

An Organization for Financing Pensions is a pension fund entity that has adopted the legal form of Organization for Financing Pensions (“OFP”) meant by the Belgian Law of 27 October 2006 and that is subject as a resident taxpayer to the Belgian Corporate Income Tax. OFP Noteholders are in Belgium subject to the following tax treatment with respect to the Notes.

Interest derived by OFPs on the Notes and capital gains realised on the Notes will be exempt from Belgian corporate income tax.

Any withholding tax that has been levied, if any, on interest payments on the Notes is creditable against the corporate income tax due in conformity with the legal provisions.

1.5 Non-Resident Investors

Investors who are not Belgian residents for tax purposes are in principle subject to the following tax treatment on the Notes.

The interest income on the Notes paid through a professional intermediary in Belgium will, in principle, be subject to a 15% withholding tax, unless the Note holder is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit. If the income is not collected through a financial institution or other intermediary established in Belgium, no Belgian withholding tax is due.

Non-resident investors can also obtain an exemption from Belgian withholding tax on interest from the Notes if they are the owners or usufructors of the Notes and they deliver an affidavit confirming that they have not allocated the Notes to business activities in Belgium and that they are non-residents, provided that (i) the interest is paid through a Belgian credit institution, stock market company or clearing or settlement institution and that (ii) the Notes are not used by the Issuer for carrying on a business in Belgium.

The non-resident corporations who use the Notes to exercise a professional activity in Belgium through a permanent establishment are subject to the same tax rules as the Belgian corporations. Non-resident Note holders who do not allocate the Notes to a professional activity in Belgium are not subject to Belgian income tax, save, as the case may be, in the form of withholding tax.

1.6 The EU Savings Directive

Application of the Savings Directive to individuals not resident in Belgium

A Belgian paying agent will withhold tax at source ("woonstaatheffing/prélèvement pour l'Etat de résidence", hereafter "Source Tax") at the rate of 20% on the interest payments made to an individual, beneficial owner of the interest payments and resident in another EU Member State or resident in the Netherlands Antilles, Aruba, Guernsey, Jersey, the Isle of Man, Montserrat or the British Virgin Islands. The rate of the Source Tax will increase to 35% on 1 July 2011. However, according to public statements from the Belgian Minister of Finance, Belgium may abolish the Source Tax and switch to a system of automatic exchange of information in 2011 (before the Source Tax reaches 35%) or already in 2010.

The Source Tax is levied in addition to the Belgian withholding tax which has been withheld.

The Source Tax is levied pro rata to the period of holding of the Notes by the beneficial owner of the interest payments.

No Source Tax will be applied if the investor provides the Belgian paying agent with a certificate drawn up in his name by the competent authority of his state of residence for tax purposes. The certificate must at least indicate: (i) name, address and tax or other identification number or, in the absence of the latter, the date and place of birth of the beneficial owner; (ii) name and address of the paying agent; and (iii) the account number of the beneficial owner, or where there is none, the identification of the security.

Application of the Savings Directive to individuals resident in Belgium

An individual resident in Belgium will be subject to the provisions of the Savings Directive, if he receives interest payments from a paying agent (within the meaning of the Savings Directive) established in another EU Member State, Switzerland, Liechtenstein, Andorra, Monaco, San Marino, the Netherlands Antilles, Aruba, Guernsey, Jersey, the Isle of Man, Montserrat, the British Virgin Islands, the Cayman Islands, Anguilla or the Turks and Caicos Islands.

If the interest received by an individual resident in Belgium has been subject to a Source Tax, such Source Tax does not relieve the Belgian individual from declaring the interest income in the personal income tax declaration. The Source Tax will be credited against the personal income tax. If the Source Tax withheld exceeds the personal income tax due, the excess amount will be reimbursed, provided it amounts to at least €2.50.

2 Tax regime regarding the Warrants

Investors are in principle subject to the following tax treatment with respect to the Warrants. Other rules can be applicable in special situations, such as with respect to Debt Warrants, when the return on the underlying basket of debt securities or single debt security is fixed, in which case the holders of Warrants could be subject to the tax regime applicable to the Notes.

2.1 Tax treatment of Belgian individuals

Private individual investors (i.e. individual investors who do not hold the Warrants for professional purposes) are in principle not liable to income tax on gains realised on the disposal, the exercise and the exchange of the Warrants, and on other transactions with respect to the Warrants, except if the gains are realised outside the scope of the normal management of one's own private estate. Losses are not tax deductible.

2.2 Tax treatment of Belgian corporations

Corporations who are Belgian residents for tax purposes will be subject to Belgian corporate income tax of 33.99% on the gains realised on the disposal, the exercise and the exchange of the Warrants and on other transactions with respect to the Warrants. Losses are in principle deductible.

2.3 Tax treatment of other Belgian legal entities

Other legal entities investors are in principle not liable to income tax on gains realised on the disposal, the exercise and the exchange of the Warrants, and on other transactions with respect to the Warrants. Losses are not tax deductible.

2.4 Tax treatment of an Organization for Financing Pensions

Organizations for Financing Pensions are in principle not liable for income tax on gains realised on the disposal, the exercise and the exchange of the Warrants, and on other transactions with respect to the Warrants.

2.5 Non-Resident Investors

Investors who are not Belgian residents for tax purposes are in principle subject to the following tax treatment on the Warrants.

Non-resident Warrant holders who do not allocate the Warrants to a professional activity in Belgium are generally not subject to Belgian income tax on gains realized on the disposal, the exercise and the exchange of Warrants. Non-residents who use the Warrants to exercise a professional activity in Belgium through a permanent establishment are subject to the same tax rules as the Belgian residents.

3 Indirect taxes

3.1 Stock exchange tax and tax on repurchase transactions

A stock exchange tax will be levied on the purchase and sale in Belgium of the Notes and/ or the Warrants on a secondary market through a professional intermediary. The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is 0.07% for Notes and 0.17% for Warrants, with a maximum amount of €500 per transaction and per party. A separate tax is due from each of the seller and the purchaser, both collected by the professional intermediary.

A tax on repurchase transactions ("*taxe sur les reports*") at the rate of 0.085 per cent. subject to a maximum of €500 per party and per transaction, will be due from each party to any such transaction entered into or settled in Belgium in which a professional intermediary for stock transactions acts for either party.

However, the tax on stock exchange transactions and the tax on repurchase transactions referred to above will not be payable by exempt persons acting for their own account, including certain Belgian institutional investors, as defined in Articles 126-1.2 and 139 of the Code of various duties and taxes ("*Code des droits et taxes divers*").

3.2 Tax on the physical delivery of bearer securities

A tax of 0.6% is levied upon the physical delivery of bearer securities pursuant to their acquisition on the secondary market through a professional intermediary. The same tax applies to the conversion of registered securities into bearer securities and to the physical delivery of bearer securities pursuant to a withdrawal of these securities from open custody.

The tax on the delivery of bearer securities is due either on the sums payable by the purchaser, or on the sales value of the securities as estimated by the custodian in the case of a withdrawal from open custody or by the person asking for the conversion of the security in case of conversion of a registered security in a bearer security. The tax is payable by the issuer, the professional intermediary or the custodian.

The physical delivery of bearer securities to recognised Belgian professional intermediaries (such as credit institutions), acting for their own account, is exempt from the above tax.

DANISH TAXATION

The following is a general description of certain Danish tax considerations relating to the Notes and Warrants issued by the Global Issuer and Notes issued by the Australian Issuers. It does not purport to be a complete analysis of all tax considerations relating to the Notes and Warrants issued by the Global Issuer and Notes issued by the Australian Issuers, whether in Denmark or elsewhere. The comments do not purport to be complete with respect to the tax information that may be relevant for the Noteholder or Warrantholder due to his personal circumstances. The description does not set out details in relation to purchasers to whom special rules apply, including, but not limited to, persons whose ordinary activities involve them in acquiring securities for the purpose of their businesses, and is therefore not relevant to institutional investors, insurance companies, banks, stockbrokers and investors liable to real interest tax or tax on return of pension investments. Prospective purchasers of Notes or Warrants should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes or Warrants and receiving payments of interest, principal and/or other amounts under the Notes and Warrants and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on 19 August 2009 and is subject to any change in law that may take effect after such date.

A. Notes

For tax purposes, a distinction is made between

- (a) Notes, which are adjusted in accordance with price development on securities, goods, indices, or assets, etc. as long as the price development can be made subject to a financial contract (cf., 2, below), whether this is in the form of an adjustment of the principal or other payments under the note and whether or not the note is fully or only partially adjusted in accordance therewith; and
- (b) other Notes.

Notes linked solely to developments in a foreign currency, certain consumer price or net price indices as capital income, fall under (b), irrespective of the broad wording of (a).

1 Individuals

1.1 Non-professional trading capacity

Income derived by a Danish tax resident individual investor (having a domicile or habitual abode in Denmark) from the Notes will normally be taxed as capital income at rates up to 59 per cent (cf., however in further detail, immediately below), but the actual taxation will depend on the Noteholders' overall capital income position.

For Notes falling under (a), the taxable income from the Notes will be determined on the basis of the mark-to-market principle. This implies that the taxable gains / losses on the Notes will be determined at year-end on basis of the market value of the Notes at year-end. The taxable gains/losses so determined will be included in the taxable income for that year (as opposed to taxation at realisation). Fluctuations in value relating to foreign exchange gains and losses in respect of the Notes will be brought into account as income. Tax losses on the Notes may be utilised for offset against similar and other sources of taxable income to the extent the losses do not exceed gains previously realised on similar notes and financial contracts and be carried forward to offset gains in similar future income.

For Notes falling under (b), a general distinction is made between Notes in (or adjusted in accordance) with (i) Danish currency (Danish kroner – DKK) and (ii) other currencies. When a Note is in a currency other than DKK, gains and losses upon realisation are calculated in DKK and included in the taxable income of the individual upon realisation, however disregarding gains and losses less than DKK 1,000. When a Note is issued in (or adjusted in accordance with DKK), a distinction is made between (i) Notes meeting the requirements of a minimum interest as set out in secs. 14 and 38 of the Tax Treatment of Gains and Losses on Debt Claims, Debts and Financial Instruments Act (“Kursgevinstloven”) – currently 2 per cent. of the highest possible redemption amount - and (ii) Notes, which do not. (Notes subject to a floating rate interest do not meet the minimum interest requirement if the market rate may vary significantly from the redemption price in consequence of the rate of interest and termination provisions.) If a Note meets the minimum interest requirement, neither gains nor losses on such Notes are included in the taxable income upon realisation. The tax exemption may not apply to investors having acquired the notes for borrowed funds. If a Note does not meet the minimum interest requirement, gains are taxable upon realisation, but losses are not tax deductible.

If gains and losses are included in the taxable income, the acquisition cost is the fair market value at the time of acquisition, unless the taxpayer establishes that the cost was higher. If Notes are assigned and the Notes are registered in the Securities Register (*Værdipapircentralen*) on the same account and with the same securities code, the acquisition cost is deemed to be the average acquisition cost of all the Noteholder’s Notes so registered.

Interest is included in the taxable capital income in the income year in which the Noteholder has a right to receive the interest. Capital income is taxed at rates of up to 59 per cent., but the actual taxation will depend on the Noteholders’ overall capital income position.

1.2 Professional trading capacity

If the Notes are held by Danish individuals in a professional trading capacity, gains/losses derived from the Notes will be included in the computation of the personal income according to specific rules. Any net personal income is taxed at rates up to approximately 63 per cent. including social security contributions. The same applies to non-resident individuals whose Notes are used, held or acquired for the purpose of a trade or vocation carried out in Denmark through a permanent establishment.

For Notes falling under (a), the taxable income from the Notes will be determined on the basis of the mark-to-market principle. This implies that the taxable gains / losses on the Notes will be determined at year-end on basis of the market value of the Notes at year-end. The taxable gains/losses so determined will be included in the taxable income for that year (as opposed to taxation at realisation). Fluctuations in value relating to foreign exchange gains and losses in respect of the Notes will be brought into account as income. Tax losses on the Notes may be

utilised for offset against similar and other sources of taxable income according to specific rules.

For Notes falling under (b) gains and losses are included in the taxable income in the income year in which such gains/losses are realised. Tax losses may be utilised for offset against similar and other sources of taxable income according to specific rules. The general rule is that the gain or loss is computed as the difference between the sales price (or the redemption amount) and the acquisition cost. The acquisition cost is the fair market value at the time of acquisition, unless the taxpayer establishes that the cost was higher. If Notes are assigned and the Notes are registered in the Securities Register (*Værdipapircentralen*) on the same account and with the same securities code, the acquisition cost is deemed to be the average acquisition cost of all the Noteholder's Notes so registered.

Interest is included in the taxable personal income in the income year in which the Noteholder has a right to receive the interest. Personal income is taxed at rates of up to approximately 63 per cent., including social contributions, but the actual taxation will depend on the Noteholders' overall income position.

2 Corporate investors

Income derived by a Danish tax resident corporate investor (having a domicile or effective seat of management in Denmark) from the Notes will be taxed at the standard corporate income tax rate of 25 per cent. (2009).

For Notes falling under (a), the taxable income from the Notes will be determined on the basis of the mark-to-market principle. This implies that the taxable gains / losses on the Notes will be determined at year-end on basis of the market value of the Notes at year-end. The taxable gains/losses so determined will be included in the taxable income for that year (as opposed to taxation at realisation). Fluctuations in value relating to foreign exchange gains and losses in respect of the Notes will be brought into account as income. Tax losses on the Notes may be utilised for offset by against similar and other sources of taxable income. However, corporate investors not holding Notes as professional trading assets may not be able to deduct losses on Notes which are adjusted in accordance with shares or share indices in other corporate income. With effect from the income year 2010 corporate investors will generally be able to deduct losses on Notes which are adjusted in accordance with shares or share indices in other corporate income.

For Notes falling under (b) gains and losses are included in the taxable income in the income year in which such gains/losses are realised. Tax losses may be utilised for offset against similar and other sources of taxable income. The acquisition cost is the fair market value at the time of acquisition, unless the taxpayer establishes that the cost was higher. If Notes are assigned and the Notes are registered in the Securities Register (*Værdipapircentralen*) on the same account and with the same securities code, the acquisition cost is deemed to be the average acquisition cost of all the Noteholder's Notes so registered.

With effect from the income year 2010 income from Notes falling under (b) will for corporate investors be determined on the basis of the mark-to-market principle. This implies that the taxable gains / losses on the Notes will be determined at year-end on basis of the market value of the Notes at year-end. The taxable gains/losses so determined will be included in the taxable income for that year (as opposed to taxation at realisation). Fluctuations in value relating to foreign exchange gains and losses in respect of the Notes will be brought into account as income. Tax losses on the Notes may be

utilised for offset by against similar and other sources of taxable income. The acquisition price for the Notes will as a general rule be considered as the value of the Notes at the beginning of the income year 2010, which is the time of commencement of the mark-to-market taxation.

The Noteholder shall include interest income in the general corporate income throughout the loan period to which it pertains on an accrual basis. Corporate income is taxed at a rate of 25 per cent. (2009).

3 Investors not Subject to Full Tax Liability in Denmark

Generally, investors not subject to full tax liability in Denmark are not subject to Danish taxation on interest or capital gains deriving from Notes.

If Notes are attributable to a permanent establishment in Denmark, interest or capital gains deriving from such Notes are subject to limited taxation in Denmark according to the same rules that apply to Noteholders subject to full tax liability.

B. Warrants

1 In General

Warrants are considered as financial instruments. Under Danish law, financial instruments including call and put options are governed by the Tax Treatment of Gains and Losses on Debt Claims, Debts and Financial Instruments Act ("*Kursgevinstloven*"). Basically, this entails that gains and losses on the financial instruments (including any premium paid or received) are taxed separately from the underlying asset.

Rights to subscribe for, purchase or sell shares may be excluded from the Tax Treatment of Gains and Losses on Debt Claims, Debts and Financial Instruments Act and are taxed in accordance with the rules applying to shares. Accordingly, the Tax Treatment of Gains and Losses on Debt Claims, Debts and Financial Instruments Act does not apply with respect to a rights to purchase (a right to subscribe for shares is always exempted) or sell shares, provided:

- (1) That the financial instrument may only be exercised against the actual delivery of the underlying asset in question (and thus not settled in cash or otherwise);
- (2) That the financial instrument is not assigned, i.e. the parties to the financial instrument agreement remain the same; and
- (3) That no "reverse financial instruments" have been entered into.

The delivery requirement entails that the entire underlying asset (shares) is delivered at maturity (and not e.g. cash settled). A net share settlement where the amount owed under the financial instrument is fulfilled by delivery of the requisite number of shares does not therefore qualify as a "delivery".

A significant change to the contract made after conclusion and prior to maturity would be deemed an assignment. An extension at maturity or early unwinding could well be deemed a significant change.

"Reverse financial instruments" are defined as two (or more) contracts where a particular asset (share) is purchased pursuant to one or more contracts and is subsequently sold by the same party pursuant to one or more contracts.

If the three conditions above are fulfilled, the financial instrument is not taxed separately under the Tax Treatment of Gains and Losses on Debt Claims, Debts and Financial Instruments Act but instead is taxed in connection with the taxation of the underlying share. The taxation of the underlying share takes place at the point of time when the agreement to sell the share in question is concluded, provided that the sale is unconditional at that time. If the Warrants are related to any other asset than shares (Share Warrants), i.e. Debt Warrants, Currency Warrants and/or Commodity Warrants, such Warrants will for Danish tax purposes be taxed according to the rules on Notes, of section A above.

2 Individuals

2.1 Non-trading capacity

If the Warrants are Cash Settled Warrants or Physical Delivery Warrants which are not excluded from taxation according to the rules described in 1, the taxable income from the Warrants will be determined on the basis of the mark-to-market principle. This implies that the taxable gains/losses on the Warrants will be determined at year-end on basis of the market value of the Warrants at year-end. The taxable gains/losses so determined will be included in the taxable income for that year (as opposed to taxation at realisation). Tax losses on the Warrants may be utilised for offset against similar and other sources of taxable income to the extent the losses do not exceed gains previously realised on similar notes and financial contracts and be carried forward to offset gains in similar future income according to specific rules.

2.2 Professional Trading Capacity

If the Warrants are Cash Settled Warrants or Physical Delivery Warrants which are not excluded from taxation according to the rules described in 1, the taxable income from the Warrants will be determined on the basis of the mark-to-market principle. This implies that the taxable gains/losses on the Warrants will be determined at year-end on basis of the market value of the Warrants at year-end. The taxable gains/losses so determined will be included in the taxable income for that year (as opposed to taxation at realisation). Tax losses on the Warrants may be utilised according to specific rules for offset against similar and other sources of taxable income.

3 Corporate investors

If the Warrants are Cash Settled Warrants or Physical Delivery Warrants which are not excluded from taxation according to the rules described in 1, the taxable income from the Warrants will be determined on the basis of the mark-to-market principle. This implies that the taxable gains / losses on the Warrants will be determined at year-end on basis of the market value of the Warrants at year-end. The taxable gains/losses so determined will be included in the taxable income for that year (as opposed to taxation at realisation). Tax losses on the Warrants may be utilised for offset by against similar and other sources of taxable income according to specific rules. However, corporate investors not holding Warrants as professional trading assets may not be able to deduct losses on Warrants which are adjusted in accordance with shares or share indices. With effect from the income year 2010 corporate investors will generally be able to deduct losses on Warrants which are adjusted in accordance with shares or share indices in other corporate income.

4 Danish stamp duty and transfer taxes

No Danish stamp duty or transfer taxes will be payable by the Noteholders or Warrantholders on the issue of a Note or Warrant or on its redemption/exercise. No Danish stamp duty or transfer taxes will be payable on an agreement to transfer Notes or Warrants. No Danish stamp duty or transfer taxes will be payable on the transfer by delivery of Notes or Warrants.

FINNISH TAXATION

The following is a summary of certain Finnish tax consequences for holders of the Notes or Warrants who are residents of Finland for tax purposes. The summary is based on tax laws and taxation practice, as in effect and applied as at 19 August 2009 and is intended to provide general information only. The tax treatment of each particular Note and Warrant is not in all respects established and has not necessarily been tested in taxation practice or any instance of court and is, therefore, to some extent uncertain. Tax laws, taxation practices and their interpretation are constantly under change, which changes may sometimes have a retroactive effect and may change the conclusions set out in the summary.

The summary covers only the tax consequences of the subscription, purchase, ownership and disposition of the Notes and Warrants by individuals who are residents of Finland taxed in accordance with the Finnish Income Tax Act and by ordinary Finnish limited liability companies taxed in accordance with the Finnish Business Income Tax Act. Accordingly, the summary does not address tax considerations applicable to holders of the Notes or Warrants who may be subject to special tax rules, including, among others, non-business carrying entities, tax-exempt entities or general or limited partnerships or situations where the Notes or Warrants are held as current assets (i.e. allocable to the inventory) by a limited liability company. This summary addresses neither Finnish gift nor inheritance tax consequences. The tax treatment of each holder of the Notes or Warrants partly depends on the holder's specific situation. This means that special tax consequences, which are not described below, may arise for certain categories of holders of the Notes or Warrants as a consequence of, for example, the effect and applicability of foreign income tax rules or provisions contained in an applicable double taxation treaty.

Each prospective investor should consult a tax adviser as to the tax consequences relating to its particular circumstances resulting from holding the Notes or Warrants.

Individuals

Disposal and/or redemption of the Notes

All capital income – capital gains and ordinary capital income – is currently taxed at a rate of 28 percent. Capital losses are, however, not deductible from ordinary capital income, but only from capital gains arising in the same year and the three following years.

A gain arising from the redemption of the Notes (not in context of business activities) is likely to be treated as ordinary capital income for individuals, taxable at a rate of 28 percent. Consequently, the individual's possible capital losses cannot be deducted from his/her redemption gain. A loss from redemption is, on the other hand, likely to be deductible from the individual's possible capital gains (but not from ordinary capital income) arising during the year of redemption and the three following years.

A gain arising from the disposal of Notes (other than the redemption thereof and not in context of business activities) is taxed as a capital gain for individuals. Any capital gain (or loss) is calculated by deducting the original acquisition cost and sales related expenses from the sales price. Alternatively, individuals may, in lieu of applying the actual acquisition costs, choose to apply a so-called presumptive acquisition cost, which is equal to 20 percent of the sales price or, in the case of Notes that have been held for

at least ten years, 40 percent of the sales price. If the presumptive acquisition cost is used instead of the actual acquisition cost, any selling expenses are deemed to be included therein and may, therefore, not be deducted in addition to the presumptive acquisition cost.

Upon the disposal (other than the redemption thereof and not in the context of business activities) of interest-bearing Notes, however, the individual must, generally, for capital gains purposes deduct from the sales price an amount corresponding to the interest for the time preceding the last interest payment date to the time of disposal of such Notes. Such interest amount constitutes then ordinary capital income of the individual, taxable at a rate of 28 percent. In the case of the disposal (other than the redemption) of Notes with a minimum return, the tax treatment of the amount of sales price that corresponds to such minimum return is unclear and may qualify as ordinary capital income and not capital gain.

The amount actually paid for the Notes normally constitutes the acquisition cost of the Notes for the calculation of the gain on redemption and/or disposal.

Capital gains arising from disposal of assets, such as the Notes, are exempted from tax provided that the sales prices of all assets sold by the individual during the calendar year do not, in the aggregate, exceed €1,000. Correspondingly, capital losses are not tax deductible if the acquisition cost of all assets disposed during the calendar year does not, in the aggregate, exceed €1,000.

Disposal, redemption and/or exercise of exchangeable Notes

A gain or loss arising from the disposal and/or redemption of exchangeable Notes (not in context of business activities) is taxed as set out above in respect of disposal and/or redemption of the Notes.

Also upon the disposal (other than the redemption thereof) of interest-bearing exchangeable Notes the individual must for capital gains purposes deduct from the selling price an amount corresponding to the interest for the time preceding the last interest payment date to the time of disposal of such exchangeable Notes. Such interest amount constitutes then ordinary capital income of the individual, taxable at a rate of 28 percent.

The exchange of the exchangeable Notes into the underlying third party shares constitutes a taxable event taxed as set out above in respect of disposal of the Notes. The acquisition cost of the shares so acquired corresponds to their fair market value at the time of exchange.

Interest or compensation comparable to interest paid on the Notes

Any interest or compensation comparable to interest paid on the Notes during their respective loan period constitutes ordinary capital income of the individual, taxable at a rate of 28 percent.

Disposal, exercise and/or expiration of the Warrants

A gain or loss arising from the disposal of the Warrants (not in context of business activities) is likely to be taxable as capital gain or deductible as a capital loss for individuals. Any capital gain or loss is calculated by deducting the original acquisition cost and sales related expenses from the sales price. Alternatively, individuals may, in lieu of applying the actual acquisition costs, choose to apply a so-called presumptive acquisition cost, which is equal to 20 percent of the sales price or, in the case of Warrants that have been held for at least ten years, 40 percent of the sales price. If the presumptive acquisition cost is used instead of the actual acquisition cost, any selling expenses are deemed to be included therein and may, therefore, not be deducted in addition to the presumptive acquisition cost. A capital loss arising from the sale of the Warrants is deductible only from the individual's capital gains arising in the same year and during the following three years.

A gain arising from the actual exercise or upon the maturity of standardised Warrants (including standardised options) listed on a stock exchange within the EEA, i.e. the realisation of their respective net value, constitutes a capital gain for tax purposes in accordance with the above. Similarly, a loss arising from the expiration (as worthless) of such Warrants corresponds to a capital loss, which capital loss is deductible from the individual's capital gains arising in the same year and during the following three years.

A gain arising from the actual exercise or upon the maturity of non-standardised non-listed Warrants (including standardised options), i.e. the realisation of their respective net value, is likely to be treated as capital income for individuals, taxable at a rate of 28 percent. A loss arising from the expiration (as worthless) of such Warrants is likely to be non-deductible for tax purposes.

Capital gains arising from sale of assets, such as the Warrants, are exempted from tax provided that the sales prices of all assets sold by the individual during the calendar year do not, in the aggregate, exceed €1,000. Correspondingly, capital losses are not tax deductible if the acquisition cost of all assets disposed during the calendar year does not, in the aggregate, exceed €1,000.

Corporate entities

Disposal and/or redemption of the Notes

Any income received from the disposal and/or redemption of the Notes constitutes part of the limited liability company's taxable business income. A limited liability company is subject to a corporate income tax, currently at the rate of 26 percent for its world wide taxable income. The acquisition cost of the Notes is generally deductible for tax purposes upon disposal and/or redemption. The amount actually paid for the Notes constitutes normally the acquisition cost of the Notes for tax purposes. Accordingly, any loss due to disposal and/or redemption of the Notes is deductible from the taxable business income.

Disposal, redemption and/or exercise of the exchangeable Notes

Any income received from the disposal and/or redemption of the exchangeable Notes constitutes part of the limited liability company's taxable business income and is taxed as set out above in respect of disposal and/or redemption of the Notes.

Also the exchange of the exchangeable Notes into the underlying third party shares is taxed as set out above in respect of disposal and/or redemption of the Notes. The acquisition cost of the shares so acquired corresponds to their fair market value at the time of exchange.

Interest or compensation comparable to interest paid on the Notes

Any interest or compensation comparable to interest paid on the Notes during their respective loan period constitutes part of the limited liability company's taxable business income.

Disposal, exercise and/or expiration of the Warrants

Any income received from the disposal of the Warrants constitutes part of the limited liability company's taxable business income and is taxed as set out above in respect of disposal and/or redemption of the Notes.

Any cash equivalent proceeds received upon the actual exercise or upon the maturity of the Warrants (i.e. the realisation of their respective net value) constitutes part of the limited liability company's taxable business income. Similarly any premium (price) paid for the Warrants is deductible from the limited liability company's business income upon the actual exercise, maturity or expiration (as worthless).

If upon the actual exercise or upon the maturity of the Warrants, the underlying assets are acquired, the acquisition cost of the assets so acquired corresponds to the acquisition cost of the underlying assets increased with the premium (price) paid for the Warrants.

Advance tax withholding

Payment of the redemption gain (if any) or interest on the Notes through a Finnish paying agent to individuals resident in Finland will be subject to an advance tax withheld by the Finnish Paying Agent at the rate of 28 percent. Such advance tax withheld will be used for the payment of the individual's final taxes.

Payment of the redemption gain (if any) or interest on the Notes through a Finnish paying agent or otherwise to corporate entities resident in Finland will not be subject to any Finnish advance or withholding taxes.

Transfer tax

Transfers of Notes are not subject to Finnish transfer tax.

FRENCH TAXATION

This summary is based on tax laws and taxation practice, as in effect and applied as at 19 August 2009 and is intended to provide general information only. Tax laws, taxation practices and their interpretation are constantly under change, which changes may sometimes have a retroactive effect and may change the conclusions set out in this summary.

Stamp duty

The purchase or sale of Notes or Warrants is not subject to stamp duty in France.

Income Tax and Withholding tax

Prospective purchasers of Notes and/or Warrants who are French resident for tax purposes or who would hold Notes and/or Warrants through a permanent establishment or a fixed base in France should be aware that transactions involving the Notes and/or Warrants including any purchase or disposal of, or other dealings in the Notes and/or Warrants and any transaction involved in the exercise and settlement of the Notes and/or Warrants, may have French tax consequences. The tax consequences regarding interest, premium on redemption and capital gains in particular may depend, amongst other things, upon the status of the prospective purchaser (i.e. legal entities or individuals). Prospective purchasers of Notes and/or Warrants should consult their own advisers about the tax implications of holding Notes and/or Warrants and of any transactions involving Notes and/or Warrants.

EU Savings Directive

The Directive was implemented into French law under Article 242 *ter* of the French tax code, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

GERMAN TAXATION

GERMAN TAXATION

*The following summary does not consider all aspects of income taxation in the Federal Republic of Germany ("Germany") that may be relevant to a holder of the Notes or Warrants in the light of its particular circumstances and income tax situation. The summary applies to investors holding the Notes and Warrants as private investment assets (except where explicitly stated otherwise) and is not intended to be, nor should it be construed to be, legal or tax advice. This discussion is based on German tax laws and regulations, all as currently in effect (except where explicitly stated otherwise) and all subject to change at any time, possibly with retroactive effect. **Prospective holders should consult their own tax advisers as to the particular tax consequences to them of subscribing, purchasing, holding and disposing of the Notes and Warrants, including the application and effect of state, local, foreign and other tax laws and the possible effects of changes in the tax laws of Germany.***

German resident holders of Notes

Interest income

If the Notes are held as private assets (*Privatvermögen*) by an individual investor whose residence or habitual abode is in Germany, payments of interest under the Notes are taxed as investment income (*Einkünfte aus Kapitalvermögen*) at a 25 per cent. flat tax (*Abgeltungsteuer*) (plus a 5.5 per cent. solidarity surcharge thereon and, if applicable to the individual investor, church tax).

The flat tax is generally collected by way of withholding (see succeeding paragraph – *Withholding tax*) and the tax withheld shall generally satisfy the individual investor's tax liability with respect to the Notes. If, however, no or not sufficient tax was withheld the investor will have to include the income received with respect to the Notes in its income tax return and the flat tax will then be collected by way of tax assessment. The investor may also opt for inclusion of investment income in its income tax return if the aggregated amount of tax withheld on investment income during the year exceeded the investor's aggregated flat tax liability on investment income (e.g., because of an available loss carry forward or a foreign tax credit). If the investor's total income tax liability on all taxable income including the investment income determined by generally applicable graduated income tax rates is lower than 25 per cent. the investor may opt to be taxed at graduated rates with respect to its investment income.

Individual investor's are entitled to a tax allowance (*Sparer-Pauschbetrag*) for investment income of 801 Euro per year (1,602 Euro for married couples filing their tax return jointly). The tax allowance is taken into account for purposes of the withholding tax (see succeeding paragraph – *Withholding tax*) if the investor files a withholding tax exemption request (*Freistellungsauftrag*) with the respective bank or financial institution where the Notes deposit account to which the Notes are allocated is held. The deduction of related expenses for tax purposes is not possible.

If the Notes are held as business assets (*Betriebsvermögen*) by an individual or corporate investor who is tax resident in Germany (i.e., a corporation with its statutory seat or place of management in Germany), interest income from the Notes is subject to personal income tax at graduated rates or corporate income tax (each plus solidarity surcharge thereon) and trade tax. The trade tax liability depends on the applicable trade tax factor of the relevant municipality where the business is located. In case of an individual investors the trade tax may, however, be partially or fully creditable against the investor's personal income tax liability depending on the applicable trade tax factor and the investor's particular circumstances. The interest income will have to be included in the investor's personal or corporate income tax return. Any German withholding tax (including surcharges) is generally fully creditable against the investor's personal or corporate income tax liability or refundable, as the case may be.

Withholding tax

If the Notes are kept or administered in a domestic Notes deposit account by a German credit or financial services institution (or by a German branch of a foreign credit or financial services institution), or by a German Notes trading firm (*Wertpapierhandelsunternehmen*) or a German Notes trading bank (*Wertpapierhandelsbank*) (altogether the “Domestic Paying Agent”) which pays or credits the interest, a 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, resulting in a total withholding tax charge of 26.375 per cent, is levied on the interest payments. The applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for the individual investor.

Capital gains from disposal or redemption of the Notes

Subject to the tax-allowance for investment income described under *Interest income* above capital gains from the sale or redemption of the Notes held as private assets are taxed at the 25 per cent. flat tax, plus a 5.5 per cent. solidarity surcharge thereon and, if applicable to the individual investor, church tax. The capital gain is generally determined as the difference between the proceeds from the sale or redemption of the Notes and the acquisition costs. Expenses directly related to the sale or redemption are taken into account in computing the taxable gain. Otherwise, the deduction of related expenses for tax purposes is not possible.

Where the Notes are denominated in a currency other than Euro, the acquisition costs and the proceeds from the sale or redemption are computed in Euro, each at the time of the acquisition, sale or redemption, respectively.

Capital losses from the Notes held as private assets are tax-recognized irrespective of the holding period of the Notes. The losses may not, however, be used to offset other income like employment or business income but may only be offset against investment income subject to certain limitations. Losses not utilized in one year may be carried forward into subsequent years but may not be carried back into preceding years.

In case of Exchangeable Notes or other Notes where the issuer is entitled to physical delivery of shares or securities the delivery of the shares or securities may depending on the final terms of the Exchangeable Notes not constitute a taxable redemption event with respect to the Notes provided that (i) the exchange ratio of Exchangeable Notes into shares or securities is fixed and pre-determined and (ii) the physical delivery is made instead of the cash repayment of the nominal amount of the Exchangeable Notes at maturity. If the physical delivery qualifies for the tax neutral exchange the acquisition costs the investor has in the Exchangeable Notes will generally be rolled over into acquisition costs of the shares or securities delivered. The German tax authorities issued a circular on June 15, 2009 according to which total loss certificates (*Vollrisikozertifikate*) do not qualify for the tax neutral roll-over. Total loss certificates within the meaning of the circular are debt instruments which performance are dependent on an underlying (such as an index or basket of shares) and where the repayment of the nominal amount as well as any income is contingent on uncertain events.

The flat tax is generally collected by way of withholding (see succeeding paragraph – *Withholding tax*) and the tax withheld shall generally satisfy the individual investor’s tax liability with respect to the Notes. With respect to the return filing investors are referred to the description under *Interest income* above.

If the Notes are held as business assets (*Betriebsvermögen*) by an individual or corporate investor that is tax resident in Germany, capital gains from the Notes are subject to personal or corporate income tax (plus solidarity surcharge thereon) and trade tax. The trade tax liability depends on the applicable trade tax factor of the relevant municipality where the business is located. In case of an individual investor the trade tax may, however, be partially or fully creditable against the investor’s personal income tax liability depending on the applicable trade tax factor and the investor’s particular circumstances. The capital gains will have to be included in the investor’s personal or corporate income tax return. Any German withholding tax (including surcharges) is generally fully creditable against the investor’s personal or corporate income tax liability or refundable, as the case may be.

Warrants

The tax treatment stipulated in the preceding paragraph generally also applies to Warrants subject to the special rules set forth in the following paragraph for Warrants held as private assets.

Upon exercise of the Warrant the difference between the cash settlement amount received by the investor and the acquisition costs of the Warrant (“Warrant Premium”) constitutes the taxable gain or loss generally subject to the flat tax regime. If the Warrant is sold before lapsing the difference between the proceeds received from the sale of the Warrant and the Warrant Premium is generally also taxable as capital gain or loss, respectively, subject to the flat tax regime. If the Warrant is physically settled the receipt of the underlying should not constitute a taxable event. The investor will acquire the underlying for the sum of the Warrant Premium and the strike price paid, if any. The subsequent sale or redemption of the underlying, as the case may be, would generally be taxable. In the view of the German tax authorities the investor should not be able to deduct the Warrant Premium if the Warrant lapses without being exercised.

Withholding tax

If the Notes are kept or administered by a Domestic Paying Agent from the time of their acquisition, a 25 per cent. withholding tax, plus a 5.5 per cent. solidarity surcharge thereon, is levied on the capital gains, resulting in a total withholding tax charge of 26.375 per cent. If the Notes were sold or redeemed after being transferred to another Notes deposit account, the 25 per cent. withholding tax (plus solidarity surcharge thereon) would be levied on 30 per cent. of the proceeds from the sale or the redemption, as the case may be, unless the investor or the previous account bank was able and allowed to provide evidence for the investor’s actual acquisition costs to the new Domestic Paying Agent. The applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for the individual investor.

No withholding is generally required on capital gains derived by German resident corporate holders of Notes and upon application by individual holders of Notes holding the Notes as business assets.

Non-German resident holders of Notes

Income derived from the Notes by holders who are not tax resident in Germany is in general exempt from German income taxation, and no withholding tax shall be withheld, provided however (i) the Notes are not held as business assets of a German permanent establishment of the investor or by a permanent German representative of the investor or (ii) the Notes are not presented for payment or credit at the offices of a German credit or financial services institution including a German branch of a foreign credit or financial services institution (over-the-counter transaction).

If the income derived from the Notes is subject to German taxation according to (i) or (ii) above, the income is subject to withholding tax similar to that described above under the paragraphs *Withholding tax*. Under certain circumstances, foreign investors may benefit from tax reductions or tax exemptions under applicable double tax treaties (*Doppelbesteuerungsabkommen*) entered into with Germany.

Inheritance tax / gift tax

The transfer of Notes to another person by way of gift or inheritance is subject to German gift or inheritance tax, respectively, if

- (i) the testator, the donor, the heir, the donee or any other acquirer had his residence, habitual abode or, in case of a corporation, association (*Personenvereinigung*) or estate (*Vermögensmasse*), had its seat or place of management in Germany at the time of the transfer of property,
- (ii) except as provided under (i), the testator’s or donor’s Notes belong to a business asset attributable to a permanent establishment or a permanent representative in Germany,

Special regulations apply to certain German expatriates.

Investors are urged to consult with their tax advisor to determine the particular inheritance or gift tax consequences in light of their particular circumstances.

Other taxes

The purchase, sale or other disposal of Notes does not give rise to capital transfer tax, value added tax, stamp duties or similar taxes or charges in Germany. However, under certain circumstances entrepreneurs may choose liability to value added tax with regard to the sales of Notes which would otherwise be tax exempt. Net wealth tax (*Vermögensteuer*) is, at present, not levied in Germany.

European directive on the taxation of savings income

On 3 June 2003 the Economic and Financial Affairs Council of the European Union (ECOFIN Council) adopted directive 2003/48/EC on taxation of savings income in the form of interest payments (“Savings Directive”). Under the Savings Directive and from 1 July 2005, each EU Member State is required to provide the tax authorities of another Member State with details of payments of interest and other similar income paid by a person in one Member State to an individual resident in another Member State. Austria, Belgium and Luxembourg must instead impose a withholding tax for a transitional period unless during such period they elect to participate in the information exchange.

In Germany, provisions for implementing the EU Savings Tax Directive have been enacted by legislative regulations of the federal government (*Zinsinformationsverordnung*). These provisions apply as from 1 July 2005.

GREEK TAXATION

This is a brief summary of Greek tax aspects in connection with the Notes and the Warrants. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes and/or Warrants. Each prospective holder or beneficial owner of Notes and/or Warrants should consult their own professional tax advisor as to the Greek tax consequences of the ownership and disposition of the Notes/Warrants. The statements herein regarding taxation in Greece are based on the laws in force in Greece as of 19 August 2009 and are subject to any changes in law. Further, it does not take into account or discuss the tax law of any country other than the laws of Greece nor the individual circumstances or potential or expected circumstances of any particular prospective or actual investor.

Particular attention should be drawn to the following:

- (a) Greek tax authorities are not always familiar with innovative financial products; and*
- (b) innovative and structured financial instruments are not subject to any specific regulation nor clear case law. Consequently, there is some ambiguity as to the tax treatment of these instruments, the position adopted by the tax authorities and the courts may differ from such as expressed below and the interpretation of applicable tax rules may further change over time, sometimes with retroactive effect.*

Holders of Notes or Warrants who either are tax residents of Greece or have a permanent establishment or a fixed base of business in Greece with which the holding of Notes/Warrants would be connected will be hereafter referred to as the “Greek Holders”.

Income Taxation

Greek Holders must, for income tax purposes, include any income received from any source worldwide in their taxable income as declared to the tax authorities annually.

Corporations and other legal entities are subject to taxation of any type of income whatsoever, including interest, the difference between the sale price (including accrued but unpaid interest under the Notes) and the lower of the cost or book value of the Notes and/or Warrants sold, as well as any other type of payment received under the Notes/Warrants that would qualify as 'profit', as such are considered deriving from their business operation ("business profits"). Specific tax regulations exist as regards credit institutions and mutual funds.

With respect to individuals, for income to be taxed, it must be attributed to any one of the particular sources of income described in the Greek Income Taxation Code, and more particularly in the section about 'Securities Income'. Income characterised as interest or as 'gain from the sale of a security' will be subject to taxation according to the individual tax scale applicable.

Individual holders will not be liable to any Greek income tax upon redemption of the Notes, however any part of the redemption price corresponding to accrued but unpaid interest would be subject to such tax according to the above.

Withholding tax

- (a) Any payment of interest made through a Greek intervening ("payee") bank to Greek Holders who are individuals will be subject to Greek withholding tax of 10% (the 10% rate applies to such income realized as of 01/01/07), which exhausts the tax liability of the holder. Neither the payment upon redemption of the Notes (subject to the extent corresponding to accrued but unpaid interest) nor any repayment of principal are subject to such withholding tax.
- (b) With respect to Warrants, and to the extent these instruments will be deemed by the tax authorities to constitute "derivative products" (or any Notes that could be considered by tax authorities to constitute "derivative products"), any gain derived from their sale or exercise by Greek Holders who are individuals will be subject a withholding tax of 15% by the Greek intervening ("payee") bank.

Indirect Taxation

Assuming there is no listing in Greece, there will be no Greek registration tax, stamp duty or any other similar tax or duty payable in Greece by Greek Holders as a consequence of the issuance of the Notes/Warrants, nor will any of these taxes be payable as a consequence of a subsequent transfer of the Notes and/or Warrants, or redemption of the Notes or cash or physical settlement of the Warrants.

ITALIAN TAXATION

The statements herein regarding taxation summarise the principal Italian tax consequences of the purchase, the ownership and the disposal of the Notes and/or the Warrants. They apply to a holder of Notes or Warrants only if such holder purchases its Notes and/or Warrants under the Programme. It is a general summary that does not apply to certain categories of investors and does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes and/or the Warrants. It does not discuss every aspect of Italian taxation that may be relevant to a holder of Notes and/or Warrants if such holder is subject to special circumstances or if such holder is subject to special treatment under applicable law.

This summary assumes that the relevant Issuer is resident in its country of incorporation for tax purposes, that such Issuer is organised and that such Issuer's business will be conducted in the manner outlined in the Base Prospectus. Changes in the relevant Issuer's tax residence, organisational structure or the manner in which the Issuer conducts its business may invalidate this summary. This summary also assumes that each transaction with respect to Notes and/or Warrants is at arm's length.

Where in this summary English terms and expressions are used to refer to Italian concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Italian concepts under Italian tax law.

The statements herein regarding taxation are based on the laws in force in the Republic of Italy as of 19 August 2009 and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The Global Issuer will not update this summary to reflect changes in laws and if such a change occurs the information in this summary could become invalid. With regard to certain innovative or structured financial instruments there is currently neither case law nor comments of the Italian tax authorities as to the tax treatment of such financial instruments. Accordingly, it cannot be excluded that the Italian tax authorities and courts or Italian intermediaries may adopt a view different from that outlined below. Prospective purchasers of Notes and/or the Warrants under the Programme are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes and/or the Warrants.

This summary does not describe the tax consequences for a holder of Warrants and/or Notes that are redeemable in exchange for, or convertible into, shares, as well as in case Physical Delivery is provided, of the exercise, settlement or redemption of such Warrants and/or Notes and/or any tax consequences after the moment of exercise, settlement or redemption.

1 Tax treatment of the Notes qualifying as bonds or securities similar to bonds

Legislative Decree No. 239 of 1 April, 1996, as amended (the "Decree 239"), regulates the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price, hereinafter collectively referred to as "Interest") from notes issued, *inter alia*, by non-Italian resident entities, falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*).

For this purpose, securities similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and that do not allow a direct or indirect participation in the management of the issuer.

1.1 Notes with a maturity of at least 18 months

Italian Resident Noteholders

Where an Italian resident Noteholder who is the beneficial owner of the Notes is (i) an individual not engaged in a business activity to which the Notes are effectively connected, (ii) a non-commercial partnership, (iii) a non commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 12.5% (either when the Interest is paid by the Issuer, or when payment thereof is obtained by the Noteholder on a sale of the relevant Notes). The *imposta sostitutiva* may not be recovered as a deduction from the income tax due.

In case the Notes are held by an individual or a non commercial private or public institution engaged in a business activity and are effectively connected with same business activity, the Interest will be

subject to the *imposta sostitutiva* and will be included in the relevant income tax return. As a consequence, the Interest will be subject to the ordinary income tax and the *imposta sostitutiva* may be recovered as a deduction from the income tax due.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, società di intermediazione mobiliare (“SIMs”), trust companies, società di gestione del risparmio (“SGRs”) stock exchange agents and other Italian tax resident entities identified by the relevant Decrees of the Ministry of Finance (the “Intermediaries”).

The *imposta sostitutiva* does not apply, *inter alia*, to the following subjects, to the extent that the Notes and the relevant Coupons are deposited in a timely manner, directly or indirectly, with an Intermediary:

- (i) Corporate investors – Where an Italian resident Noteholder is a corporation or a similar commercial entity (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected), Interest accrued on the Notes must be included in: (I) the relevant Noteholder’s yearly taxable income for corporate income tax purposes (“IRES”), applying at a nominal rate equal to 27.5%; and (II) in certain circumstances, depending on the “status” of the Noteholder, also in its net value of production for the purposes of regional tax on productive activities (“IRAP”), generally applying at the nominal rate of 3.9% (subject to possible regional surcharges). Such Interest is therefore subject to general Italian corporate taxation according to the ordinary rules; specific rules and tax rates apply to entities operating in certain sectors (e.g. the oil industry);
- (ii) Investment funds – Italian investment funds (which includes Fondi Comuni d’Investimento, or SICAV), as well as Luxembourg investment funds regulated by article 11-bis of Law Decree No. 512 of 30 September 1983 (collectively, the “Funds”) are subject to a 12.5% substitutive tax on their annual net accrued result. Interest will be included in the calculation of such annual net accrued result;
- (iii) Pension funds – Pension funds (subject to the tax regime set forth by Article 17 of Legislative Decree No. 252 of 05/12/2005, the “Pension Funds”) are subject to an 11% substitutive tax on their annual net accrued result. Interest will be included in the calculation of said annual net accrued result; and
- (iv) Real estate investment funds – Payments of Interest in respect of the Notes to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998 (the “Real Estate Investment Funds”) are generally subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the same Real Estate Investment Funds. A capital tax, at the rate of 1%, applies on the net asset value of certain Real Estate Investment Funds with a reduced number of underwriters or where more than 2/3 of the quotas are held, directly or indirectly, by individuals who are relatives to each other.

Non-Italian resident Noteholders

Interest payments relating to Notes received by non-Italian resident beneficial owners are generally, provided that certain conditions and formalities are met, not subject to tax in Italy.

Early Redemption

Without prejudice to the above-described regime, if the Notes are subject to an early redemption within 18 months from the issue date, certain Italian resident Noteholders will be required to pay an additional tax at the rate of 20% in respect of Interest accrued thereon up to the date of early redemption, pursuant to Article 26(3) of Presidential Decree No. 600 of 29 September, 1973, as

amended. According to one interpretation of Italian tax law, the above 20% additional tax may also be due in the event that the Issuer were to purchase the Notes and subsequent cancel them prior to the aforementioned eighteen-month period.

1.2 Notes with a maturity of less than 18 months

Pursuant to the Decree 239, Interest payments relating to Notes with a maturity of less than 18 months are subject to *imposta sostitutiva*, levied at a rate of 27%, if made to the following Italian resident Noteholders: (i) individuals, (ii) non-commercial partnerships, (iii) non-commercial private or public institutions, (iv) investors exempt from Italian corporate income tax as well as to (v) Pension Funds and (vi) Funds.

Interest payments received by: (a) Italian resident companies or similar commercial entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected) and (b) Italian resident commercial partnerships, form part of their aggregate income subject to income tax in Italy according to ordinary rules. In certain cases, said Interest may also be included in the taxable net value of production for IRAP purposes.

Interest payments relating to Notes received by a non-Italian resident beneficial owners are generally, provided that certain conditions and formalities are met, not subject to tax in Italy.

2 Tax treatment of the Notes qualifying as atypical securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) may be subject to withholding tax, levied at the rate of 27%, if made to the following Italian resident Noteholders: (i) individuals, (ii) non-commercial partnerships; (iii) Real Estate Investment Funds, (iv) Pension Funds, (v) Funds and (vi) entities exempt from Italian corporate income tax.

Interest on Notes paid to Italian resident Noteholders which are companies or similar commercial entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected) are not subject to the 27% withholding tax, but will form part of their aggregate income subject to income tax according to ordinary rules. In certain cases, such Interest may also be included in the taxable net value of production for IRAP purpose.

Interest payments relating to Notes received by non-Italian resident beneficial owners are generally, provided that certain conditions and formalities are met, not subject to tax in Italy.

3 Capital Gains

Italian Resident Noteholders and Warrantholders

Pursuant to Legislative Decree No. 461 of 21 November, 1997, as amended, a 12.5% capital gains tax (the “CGT”) is applicable to capital gains realised on any sale or transfer of the Notes and/or of the Warrants for consideration or on redemption or exercise thereof by Italian resident individuals (not engaged in a business activity to which the Notes are effectively connected), regardless of whether the Notes and/or of the Warrants are held outside of Italy.

For the purposes of determining the taxable capital gain, any Interest on the Notes accrued and unpaid up to the time of the purchase and the sale of the Notes must be deducted from the purchase price and the sale price, respectively.

In the case of Notes that qualify as atypical securities, based on a very restrictive interpretation, the aforesaid capital gains would be subject to the 27% withholding tax mentioned under paragraph “Tax treatment of the Notes qualifying as atypical securities”, above.

Taxpayers can opt for certain alternative regimes in order to pay the CGT.

The aforementioned regime does not apply to the following subjects:

- (A) Corporate investors (including banks and insurance companies): capital gains realised by Italian resident corporate entities (including a permanent establishment in Italy of a foreign entity to which the Notes and/or the Warrants are effectively connected) on the disposal or redemption of the Notes and/or the Warrants will form part of their aggregate income subject to IRES. In certain cases, capital gains may also be included in the taxable net value of production of Italian resident corporate entities (including a permanent establishment in Italy of a foreign entity to which the Notes and/or the Warrants are effectively connected) for IRAP purposes. Upon fulfilment of certain conditions, the gains may be taxed in equal instalments over up to five fiscal years for IRES purposes.
- (B) Funds – Capital gains realised by the Funds on the Notes and/or the Warrants will contribute to determine the annual net accrued result of those same Funds, which is subject to a 12.5% substitutive tax (see under paragraph 1.1. “Italian resident Noteholders”, above).
- (C) Pension Funds – Capital gains realised by Pension Funds on the Notes and/or the Warrants will contribute to determine the annual net accrued result of those same Pension Funds, which is subject to an 11% substitutive tax (see under paragraph 1.1. “Italian resident Noteholders”, above).
- (D) Real Estate Investment Funds – Capital gains realised by Italian Real Estate Investment Funds on the Notes and/or the Warrants are subject to the tax regime described under paragraph 1.1. “Italian resident Noteholders” above.

Non Italian resident Noteholders

Capital gains realised by non-resident Noteholders and/or Warrantholders without a permanent establishment in Italy to which the Notes and/or the Warrants are effectively connected on the disposal or redemption of the Notes and/or the Warrants are not subject to tax in Italy, regardless of whether the Notes and/or the Warrants are held in Italy, subject to the condition that the Notes and/or the Warrants are listed in a regulated market (e.g., Euronext Amsterdam or Luxembourg Stock Exchange).

4 Transfer Taxes

Pursuant to article 37 of Law Decree 31 December 2007, n. 248 (converted into law by law 28 February 2008, n.31) the stamp duty tax (*tassa sui contratti di borsa*) provided by Royal Decree 30 December 1923 and Legislative Decree 21 November 1997, n.435 – which may have applied to transfers of Notes and Warrants – was repealed.

5 Inheritance and Gift Tax

Pursuant to Law Decree No. 262 of October 3, 2006, as converted with amendment by Law N. 286 of November 24, 2006, as further amended by Law No. 296 of December 27th 2006, inheritance and gift taxes have been reintroduced in Italy, with effect as of October 3, 2006. Consequently, any transfer of Notes and/or

Warrants mortis causa or by reason of donation or gratuitously made on or after October 3, 2006, is liable to inheritance or gift tax according to the following rates and exclusions:

- a) If the beneficiary is a spouse as well as any direct-line of kin, the taxes apply with a rate of 4% on the value of the assets (net of liabilities) exceeding, for each person, €1,000,000;
- b) If the beneficiary (or donee) is any other relative, besides the above, up to the fourth degree, direct line of cognate and collateral line of cognate up to the third degree, the taxes apply with a rate of 6% on the relevant value of the assets (net of liabilities); if the beneficiary (or donee) is a brother or sister, such 6% rate applies on the net asset value exceeding for each person €1,00,000;
- c) If the beneficiary (or donee) is any other person, the taxes apply with a rate of 8% on the relevant value of the assets (net of liabilities).

If the beneficiary (donee) is affected by an handicap deemed as “critical” pursuant to Law No. 104 of February 5th, 1992, inheritance and gift taxes apply only on the value of assets (net of liabilities) exceeding €1,500,000.

Moreover, an anti-avoidance rule is provided for in case of donation of assets (such as the Notes and/or the Warrants) whose transfer for consideration would give rise to capital gains subject to CGT. In particular, if the beneficiary transfers the Notes and/or the Warrants for consideration within 5 years from the donation, the beneficiary is required to pay the relevant CGT as if the donation had never taken place.

6 Tax Monitoring

Pursuant to Law Decree No. 167 of 28 June, 1990, converted by Law No. 227 of 4 August, 1990, as amended, individuals resident in Italy who, at the end of the fiscal year, hold investments abroad or foreign financial activities must, in certain circumstances, disclose the aforesaid and related transactions to the Italian tax authorities in their income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return). Such obligation is not provided if, inter alia, each of the overall value of the foreign investments or financial activities held at the end of the fiscal year, and the overall value of the related transfers carried out during the relevant fiscal year, does not exceed Euro 10,000.

LUXEMBOURG TAXATION

Noteholders who either are tax residents of the Grand-Duchy of Luxembourg or have a permanent establishment, a permanent representative or a fixed base of business in the Grand-Duchy of Luxembourg with which the holding of the Notes would be connected will be hereafter referred to as the “Luxembourg Noteholders”.

Noteholders do not become resident of the Grand-Duchy of Luxembourg by merely subscribing, acquiring or holding Notes unless their holding is connected with a permanent establishment, a permanent representative or a fixed base of business they have in the Grand-Duchy of Luxembourg.

Warrantholders who either are tax residents of the Grand-Duchy of Luxembourg or have a permanent establishment, a permanent representative or a fixed base of business in the Grand-Duchy of Luxembourg with which the holding of the Warrants would be connected will be hereafter referred to as the “Luxembourg Warrantholders”.

Warrantholders do not become resident of the Grand-Duchy of Luxembourg by merely subscribing, acquiring or holding Warrants unless their holding is connected with a permanent establishment, a permanent representative or a fixed base of business they have in the Grand-Duchy of Luxembourg.

The statements herein regarding taxation in Luxembourg are based on the laws in force in the Grand Duchy of Luxembourg as of 19 August 2009 and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes and/or the Warrants. Each prospective holder or beneficial owner of Notes and/or Warrants should consult its tax advisor as to the Luxembourg tax consequences of the ownership and disposition of the Notes and/or the Warrants.

Withholding tax

Under Luxembourg tax law currently in effect, with the possible exception of interest paid to individual Noteholders/Warrantholders and to certain entities, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest). There is also no Luxembourg withholding tax, with the possible exception of payments made to individual Noteholders/Warrantholders and to certain entities upon repayment of principal in case of reimbursement, redemption, repurchase or exchange of the Notes/Warrants.

Under the Luxembourg laws dated June 21, 2005 implementing the European Council Directive 2003/48/EC (the “Savings Directive”) and several agreements concluded between Luxembourg and certain dependent or associated territories of the European Union (“EU”), a Luxembourg-based paying agent (within the meaning of the Savings Directive) is required since July 1, 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State or in certain EU dependent or associated territories, unless the beneficiary of the interest payments elects for the procedure of exchange of information or for the tax certificate procedure. The same treatment will apply to payments of interest and other similar income made to certain “residual entities” within the meaning of Article 4.2 of the Savings Directive (i.e., an entity without legal personality (the Finnish and Swedish companies listed in Article 4.5 of the Savings Directive are not considered as legal persons for this purpose) and whose profits are not taxed under the general arrangements for the business taxation and that is not, or has not opted to be considered as, a UCITS recognized in accordance with Council Directive 85/611/EEC) established in a Member State or in certain EU dependent or associated territories. The withholding tax rate is 20% increasing to 35% as from 1 July 2011. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain third countries.

Interest payments made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to Luxembourg individual residents or to certain residual entities that secure interest payments on behalf of such individuals (unless such entities have opted either to be treated at UCITS recognised in accordance with Council Directive 85/611/EC or for the exchange of information regime) are subject to a 10% withholding tax (the “10% Luxembourg Withholding Tax”).

Taxation of the Noteholders/Warrantholders

General

Noteholders who are residents of Luxembourg will not be liable to any Luxembourg income tax upon repayment of principal of the Notes.

Warrantholders who are residents of Luxembourg must, for income tax purposes, include any Cash Settlement received in their taxable income. They will not be liable to any Luxembourg income tax upon Physical Settlement of the Warrants.

Luxembourg resident individuals

Pursuant to the Luxembourg law dated 17 July 2008, Luxembourg resident individuals acting in the course of their private wealth can opt to self-declare and pay a 10% tax (the “10% Tax”) on interest payments made after 31 December 2007 by certain non-Luxembourg paying agents (defined in the same way as in the EU Savings Directive), including paying agents located in an EU Member State other than Luxembourg, a Member State of the European Economic Area or in a State which has concluded an international agreement directly related to the Savings Directive. The 10% Luxembourg Withholding Tax (see the above section “Withholding tax”) or the above 10% Tax represents the final tax liability on interest received for the Luxembourg resident individuals receiving the payment in the course of their private wealth and can be refunded in consideration of foreign withholding tax, based on double tax treaties concluded by Luxembourg. Individual Luxembourg resident Noteholders/Warrantholders receiving interest if any as business income must include interest income in their taxable basis; the 10% Luxembourg Withholding Tax levied will be credited against their final income tax liability.

Luxembourg individual Noteholders or Luxembourg individual Warrantholders are not subject to taxation on capital gains upon the disposal of the Notes/Warrants, unless the disposal of the Notes/Warrants precedes the acquisition of the Notes/Warrants or the Notes/Warrants are disposed of within six months of the date of acquisition of these Notes/Warrants. Upon the sale, redemption or exchange of the Notes/Warrants, accrued but unpaid interest if any will be subject to the 10% Luxembourg Withholding Tax, or to the 10% Tax if the Luxembourg resident individuals opt for the 10% Tax. Individual Luxembourg resident Noteholders/Warrantholders receiving the interest as business income must include the portion of the price corresponding to this interest in their taxable income; the 10% Luxembourg Withholding Tax levied will be credited against their final income tax liability.

Luxembourg resident companies

Luxembourg resident companies (*sociétés de capitaux*) Noteholders or Warrantholders or foreign entities of the same type which have a permanent establishment or a permanent representative in Luxembourg with which the holding of the Notes/Warrants is connected must include in their taxable income any interest (including accrued but unpaid interest) and the difference between the sale or redemption price (including accrued but unpaid interest) and the lower of the cost or book value of the Notes/Warrants sold or redeemed.

Luxembourg resident companies benefiting from a special tax regime

Luxembourg companies Noteholders or Warrantholders which are companies benefiting from a special tax regime (such as holding companies subject to the law of 31 July 1929 as repealed or to the law of 11 May 2007 on family estate management companies, and undertakings for collective investment subject to the law of 20 December 2002 or to the law of 13 February 2007) are tax exempt entities in Luxembourg, and are thus not subject to any Luxembourg tax (i.e., corporate income tax, municipal business tax and net wealth tax) other than the subscription tax calculated on their share capital or net asset value.

Other Taxes

There is no Luxembourg registration tax, stamp duty or any other similar tax or duty payable in Luxembourg by Luxembourg Noteholders or Luxembourg Warrantholders as a consequence of the issuance of the Notes or the Warrants, nor will any of these taxes be payable as a consequence of a subsequent transfer of the Notes/Warrants, redemption of the Notes, or Cash and Physical Settlement of the Warrants.

NORWEGIAN TAXATION

Set out below is a general summary of Norwegian tax matters related to acquisition, holding and disposal of Notes and/or Warrants. The summary is based on Norwegian law applicable at 19 August 2009.

The summary is solely related to holders of Notes and/or Warrants who are tax resident in Norway.

The summary does not include a complete description of all tax issues that may arise in connection with Notes and Warrants. Certain tax consequences may occur for certain categories of Notes and Warrants or holders of Notes and Warrants, e. g. holders to which certain tax regimes apply or Notes and Warrants related to employment situations. The tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

It should be emphasised that Norwegian tax legislation does not currently entail statutory legislation related to specific types of Notes or Warrants, except for Warrants with certain specific types of shares as underlying. Instead, the tax treatment must mainly be derived from general tax rules and principles applicable to capital income and capital gains. This means that certain questions related to legal basis and principles of recognition of income related to Notes and Warrants may be uncertain.

Due to the general nature of this summary, investors who wish to clarify their own tax positions should consult with and rely upon their own tax advisers, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

Holders of Notes and/or Warrants resident in jurisdictions other than Norway should consult with and rely upon local tax advisors as regards the tax position in their country of residence.

The tax consequences described below are, generally speaking, the same for individual holders of Notes and/or Warrants and corporate holders of Notes and/or Warrants, except for Warrants with certain specific types of shares as underlying.

1 Taxation of Notes

1.1 Taxation of capital income

Both for individual and corporate holders of Notes interest on Notes are taxable as capital income. The applicable tax rate is 28 per cent.

Income is recognised for tax purposes at the time the income is considered acquired definitely on gradual basis. This means that neither actual payment nor due date of payment of interest is in principle decisive when determining whether income deriving from Notes is recognised for tax purposes.

In case Notes generate a guaranteed minimum interest over a fixed period, even if the interest is not actually paid, the total guaranteed interest must be divided proportionally over the fixed period, and taxed accordingly as capital income.

Income resulting from Notes issued at a discount is considered as interest and taxed as capital income..

1.2 Taxation of capital gains

Gain on sale or redemption of Notes which according to Norwegian law are classified as debentures (“mengdegjeldsbrev”) are subject to taxation as capital income. The applicable tax rate is 28 per cent. Correspondingly, losses on sale or redemption of such Notes are deductible for tax purposes.

Subscription expenses and related costs and expenses are deductible when calculating gain/loss on the Notes.

2 Taxation of Warrants

Pursuant to Norwegian tax legislation Warrants constitute separate capital assets for tax purposes. Thus, taxable treatment has to be derived from the general tax rules and principles applicable to capital income and capital gains.

Based on the general tax rules gains on sale or redemption of Warrants are subject to taxation as capital income. The applicable tax rate is 28 per cent. Correspondingly, losses on sale or redemption of Warrants are deductible for tax purposes. Subscription expenses and related costs and expenses are deductible when calculating gain/loss on the Warrants.

If the holder of the Warrants is a limited liability company or similar entity, and the underlying of the Warrants is single shares or a basket of shares in limited liability companies or similar entities which are tax resident within the EEA, or an index or a basket of indices based on such shares, gains on sale or redemption of Warrants will not be subject to taxation, and losses will not be deductible.

3 Withholding tax

Payment of interest will not be subject to Norwegian interest withholding tax. Neither will payments upon redemption, sale or repayments of principal amounts be subject to Norwegian withholding tax.

4 Net wealth taxation

Individual holders of Notes and/or Warrants who are tax resident in Norway are subject to net wealth taxation by the State and the local municipality. Notes and/or Warrants are included as part of the taxable net wealth base. Notes and/or Warrants are currently valued at 100 per cent of market value on 1 January the year following the income year. The maximum marginal rate of net wealth tax is 1.1 per cent.

Limited liability companies and certain other similar legal entities are exempt from Norwegian net wealth taxation.

5 Duties on the Transfer of Notes and/or Warrants

There is currently no Norwegian stamp duty, registration tax or similar duties imposed in Norway as a consequence of issuance, redemption or transfer of Notes and/or Warrants.

6 Inheritance tax

When Notes and/or Warrants are transferred either through inheritance or as a gift, such transfer may give rise to inheritance or gift tax in Norway if the deceased, at the time of death, or the donor, at the time of the gift, is a resident or citizen of Norway. However, in the case of inheritance tax, if the decedent was a citizen but not a resident of Norway, Norwegian inheritance tax will not be levied if inheritance tax or a similar tax is levied by the decedent's country of residence. Irrespective of residence or citizenship, Norwegian inheritance tax may be levied if the Notes and/or Warrants are held in connection with the conduct of a trade or business in Norway. The basis for the inheritance or gift tax computation is the market value of the Notes and/or Warrants at the time the transfer takes place.

PORTUGUESE TAXATION

The following summary of certain general Portuguese taxation matters is based on the laws and practice in force as of 19 August 2009 and is subject to any changes in law and practices (and the interpretation and application thereof) occurring after such date, which changes could be made on a retroactive basis.

This summary is not a complete analysis or listing of all possible tax consequences relating to an investment in the Notes or in the Warrants and it does not address all tax considerations that may be relevant to all categories of potential investors or potential tax regimes, some of whom may be subject to special rules. For the avoidance of doubt, this summary does not address the Portuguese tax consequences of the holding and/or disposal of Shares, Share Amounts or any other assets or securities acquired as per an exercise of an Exchange Right under the Exchangeable Notes, a Physical Settlement of Warrants, a Physical Settlement of Credit Linked Notes or at Final Redemption of Share Linked Notes.

It should be emphasised that Portuguese tax legislation does not currently entail statutory legislation related to specific types of Notes or Warrants. Instead, the tax treatment must mainly be derived from general tax rules and principles applicable to capital income and capital gains. This means that certain questions related to legal basis and principles of recognition of income related to Notes and Warrants may be uncertain.

Prospective investors in the Notes or in the Warrants are urged to consult their tax advisers regarding the applicable tax consequences of an investment in the Notes or in the Warrants, including the effect of tax laws of any other jurisdictions, based on their particular circumstances.

Acquisition, ownership and disposal of the Notes

Portuguese resident individuals

Personal Income Tax (“Imposto sobre o Rendimento das Pessoas Singulares”) (“IRS”)

As a rule, income obtained by Portuguese resident individuals from the holding or the redemption of the Notes, as well as income accrued but not yet due at the date of a transfer of the Notes, qualifies as “interest”, within the broader investment income category, and is subject to IRS at a final flat 20% rate.

In case interest arising from the Notes is paid by a Portuguese paying agent, acting on behalf of, or contractually obliged by, either the non-resident entity (bound to pay the income) or the Portuguese resident individual (i.e. the recipient), IRS at a 20% flat rate will be withheld. In this case, a Portuguese resident individual, unless deriving such income in the capacity of entrepreneur or self-employed professional, may choose to declare such income in his or her tax return, together with the remaining items of income derived. If such election is made, all income of the same category must be declared and subject to IRS according to the relevant tax brackets, up to 42%, and the domestic withholding tax suffered will constitute a payment in advance of such final IRS liability. Foreign withholding tax suffered, if any, will be considered as a tax credit against the final IRS liability. Otherwise, the 20% withholding suffered constitutes the final liability and the income does not need to be disclosed in the tax return.

In case investment income in connection with the Notes is not paid by a Portuguese paying agent, no Portuguese withholding tax is due. A Portuguese resident individual must declare the relevant income in his or her tax return and either subject it to the final flat 20% rate or aggregate it with the remaining elements of income (in which case all income of the same category should be aggregated) and subject the global amount to IRS according to the relevant tax brackets, up to 42%. Only in this latter alternative may any foreign withholding tax suffered be considered as a tax credit against the final IRS liability.

Since the Notes should qualify as debt securities under Portuguese law, capital gains arising from their transfer or exchange (computed as the gain, deducted of interest accrued but not yet due at the date of a transfer) are not subject to IRS. Should the Portuguese tax authorities challenge such qualification, IRS would apply at a final flat 10% rate. In such case, Portuguese resident individuals might opt for aggregating the capital gains with the remaining income, in which case said income would be subject to IRS according to the relevant tax brackets, up to 42%. No Portuguese withholding tax is levied on capital gains Stamp Duty (“Imposto do Selo”).

Portuguese resident individuals who acquire ownership or other rights over any Notes by inheritance, gift or legacy may be subject to Stamp Duty at a maximum rate of 10%, although some exemptions apply, namely to spouses, descendants and ancestors.

Portuguese resident corporates

Corporate Income Tax (“Imposto sobre o Rendimento das Pessoas Colectivas”) (“IRC”)

Any income derived by Portuguese corporates in connection with the Notes will be included in their IRC taxable income in accordance with applicable IRC legislation. The general IRC rate is 25 per cent (a 12.5 per cent rate will apply to the first €12,500), and a municipal surcharge of up to 1.5 per cent may be imposed (thus resulting in a maximum aggregate rate of 26.5 per cent). To the extent that the Issuers of the Notes are non-Portuguese resident entities, no withholdings on account of the final IRC liability of Portuguese corporate investors will have to be deducted on income derived under the Notes.

Stamp Duty (“Imposto do Selo”)

Portuguese corporates are not subject to Stamp Duty on free acquisitions. Instead, net variations in worth arising to Portuguese corporates receiving Notes through a restructure, or as a gift or legacy will be taxed under IRC on the market value of the Notes.

Acquisition, ownership and disposal of the Warrants

Portuguese resident individuals

Personal Income Tax (“Imposto sobre o Rendimento das Pessoas Singulares”) (“IRS”)

Income obtained by Portuguese resident individuals from the transfer, exercise or termination of the Warrants qualifies as capital gains and is subject to tax at a flat rate of 10%.

The 10% tax rate applies to the positive balance resulting from the setting off of all the capital gains and losses made in the relevant tax period (including income obtained under the Warrants and under other type of securities).

The Portuguese resident individual may choose to include the positive balance of capital gains and losses within his overall income, in which case said income will be subject to IRS at marginal rates up to 42%.

Where the Portuguese resident individual chooses to include the capital gains or losses within his overall income, any capital losses which were not offset against capital gains in the relevant tax period may be used within the following 2 years and be offset against future capital gains. Any excess not offset against capital gains will be not be offsetable against regular or other type of income.

No withholdings on account of IRS will have to be deducted from capital gains obtained by Portuguese resident individuals from the Warrants.

Stamp Duty (“Imposto do Selo”)

Portuguese resident individuals who acquire ownership or other rights over any Warrants through inheritance, or as a gift or legacy, may be subject to Stamp Duty at a maximum rate of 10%, although some exemptions apply, namely to spouses, descendants and ancestors.

*Portuguese resident corporates**Corporate Income Tax (“Imposto sobre o Rendimento das Pessoas Colectivas”) (“IRC”)*

Any income derived by Portuguese corporates in connection with the Warrants will be included in their IRC taxable income in accordance with applicable IRC legislation. The general IRC rate is 25 per cent (a 12.5 per cent rate will apply to the first €12,500), and a municipal surcharge of up to 1.5 per cent may be imposed (thus resulting in a maximum aggregate rate of 26.5 per cent).

No withholdings on account of IRC will need to be deducted from capital gains obtained under the Warrants.

Stamp Duty (“Imposto do Selo”)

Portuguese corporates are not subject to Stamp Duty on free acquisitions. Instead, net variations in worth arising to Portuguese corporates receiving Warrants through a restructure, or as a gift or legacy, will be taxed under IRC on the market value of the Warrants.

SPANISH TAXATION

The following summary of certain Spanish taxation matters is based on the laws and practice in force as of 19 August 2009 and is subject to any changes in law and practices (and the interpretation and application thereof) occurring after such date, which changes could be made on a retroactive basis.

This summary is not a complete analysis or listing of all possible tax consequences relating to an investment in the Notes or in the Warrants and it does not address all tax considerations that may be relevant to all categories of potential investors, some of whom may be subject to special rules, nor addresses the consequences of the eventual application to potential investors of laws or regulations approved by any Spanish region. For the avoidance of doubt, this summary does not address the Spanish tax consequences of the holding and/or disposal of Shares, Share Amounts or any other assets or securities acquired as per an exercise of an Exchange Right under the Exchangeable Notes, a Physical Settlement of Warrants, a Physical Settlement of Credit Linked Notes or at Final Redemption of Share Linked Notes.

Prospective investors in the Notes or in the Warrants are urged to consult their tax advisers regarding the applicable tax consequences of the investment in the Notes or in the Warrants, including the effect of tax laws of any other jurisdictions, based on their particular circumstances.

Acquisition, ownership and disposal of the Notes*Spanish resident individuals**Personal Income Tax (“Impuesto sobre la Renta de las Personas Físicas”) (“PIT”)*

In principle, following the criterion of the Spanish General Directorate of Taxes (“Dirección General de Tributos”) (“DGT”) in several rulings (amongst others, rulings dated 7 March 2000, 21 March 2000 and 29 April 2002), any income obtained by Spanish resident individuals under the Notes, whether in the form of interest or as per the transfer, redemption or exchange of the Notes, will be regarded as capital-sourced

income (i.e. financial income). These income amounts must be included in the savings income of each Spanish investor in his tax returns and are taxed at a flat rate of 18%.

Please note that income obtained by Spanish resident individuals under the Notes may be subject to withholding tax at 18% on account of the final PIT liability of the Spanish individual investor. Amounts withheld may be credited against the final PIT liability of the Spanish individual investor.

Wealth Tax (“Impuesto sobre el Patrimonio”)

Law 4/2008 abolishing the Wealth Tax, generalising the Value Added Tax monthly refund system and introducing other amendments to the tax legal system, has amended Law 19/1991 introducing a credit of 100% over the tax due and removing the obligation to file Wealth Tax declarations as from January 2008. Due to this amendment to Law 19/1991, Spanish resident individuals are effectively not subject to the Wealth Tax.

Inheritance and Gift Tax (“Impuesto sobre Sucesiones y Donaciones”)

Spanish resident individuals who acquire ownership or other rights over any Notes by inheritance, gift or legacy will be subject to Inheritance and Gift Tax in accordance with the applicable regional or State rules. The applicable tax rates range between 0% and 81.6% depending on relevant factors.

Spanish resident corporates

Corporate Income Tax (“Impuesto sobre Sociedades”) (“CIT”)

Any income derived by Spanish corporates under the Notes will be included in their CIT taxable income in accordance with applicable CIT legislation. The general CIT rate is 30% although other rates may be applicable to certain investors.

To the extent that the Issuers of the Notes are non-Spanish resident entities, no withholdings on account of the final CIT liability of Spanish corporate investors will have to be deducted on income derived under the Notes if, and to the extent that, the Notes are listed on an organised market of an OECD country.

Wealth Tax

Corporates are not subject to Wealth Tax.

Inheritance and Gift Tax

Spanish corporates are not subject to Inheritance and Gift Tax. Conversely, Spanish corporates receiving Notes by inheritance, gift or legacy will be taxed under CIT on the market value of the Notes.

In principle, following the criterion of the Spanish DGT in several rulings (amongst others, rulings dated 4 August 2004, 8 July 2003, 14 October 2003 and 29 May 2001), income obtained by Spanish resident individuals under the Warrants should be regarded as capital gains. These capital gain amounts must be included in the savings income of each Spanish investor in his tax returns and are taxed at a flat rate of 18%.

No withholdings on account of PIT will have to be deducted from capital gains obtained by Spanish resident individuals under the Warrants.

Spanish corporates are not subject to Inheritance and Gift Tax. Conversely, Spanish corporates receiving Warrants by inheritance, gift or legacy will be taxed under CIT on the market value of the Warrants.

SWEDISH TAXATION

The following summary of certain tax issues that may arise as a result of holding Notes or Warrants is based on Swedish tax legislation as of 19 August 2009 and is intended only as general information for holders of Notes or Warrants, who are resident or domiciled in Sweden for tax purposes. This description does not deal comprehensively with all tax consequences that may occur for holders of Notes or Warrants, nor does it cover the specific rules where Notes or Warrants are held by a partnership or are held as current assets in a business operation. Special tax consequences that are not described below may also apply for certain categories of tax payers, including investment companies, mutual funds and persons who are not resident or domiciled in Sweden. It is recommended that prospective applicants for Notes and Warrants consult their own tax advisers for information with respect to the special tax consequences that may arise as a result of holding Notes and Warrants, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

The Notes or Warrants should be considered as securities taxed in the same manner as shares if a predominant proportion of the underlying values under the terms of the Notes or Warrants consists of shares or share indices.

Taxation of individuals resident in Sweden

Capital gains and losses

Individuals who sell their Notes or Warrants, or have their Notes or Warrants redeemed against cash, are subject to capital gains tax at a rate of 30 per cent. Moreover, a redemption of Notes or Warrants against physical delivery of the reference asset is likely to trigger capital gains taxation as a payment in kind.

The capital gain or loss is calculated to equal the difference between the sales proceeds after deduction of sales costs and the acquisition cost of the Notes or Warrants. The acquisition cost is calculated according to the so-called average method. This means that the cost of acquiring all Notes and Warrants of the same type and class are added together and calculated collectively, with respect to changes to the holding. Alternatively, the so-called standard rule (according to which the acquisition cost is equal to 20 per cent. of the net sales price) may be applied on the disposal of listed capital-protected securities that qualify as securities taxed in the same manner as shares. Gains or losses on currency exchange rate fluctuations may arise in relation to Notes or Warrants where the sales proceeds are in a foreign currency. However, no special calculations are required if the sales proceeds are exchanged into SEK within 30 days from the time of disposal. In such case, the exchange rate on the date of exchange shall be used when calculating the value of the sales proceeds. The exchange rate on the date of acquisition is generally used when determining the acquisition cost for tax purposes.

As a main rule, 70 per cent. of a capital loss is deductible against any other taxable income in the capital income category. However, capital losses on listed receivables qualifying as Swedish receivables (Sw. *svenska fordringsrätter*) for tax purposes are fully deductible. Following recent case law, capital losses on listed foreign receivables (Sw. *utländska fordringsrätter*) should also be fully deductible.

Moreover, capital losses on listed shares and listed securities taxed in the same manner as shares (except for listed shares in mutual funds containing only Swedish receivables) are fully deductible against taxable capital gains on such assets or on non-listed shares in Swedish limited liability companies and foreign legal entities. In addition, capital losses on non-listed shares in Swedish limited liability companies and foreign legal entities are deductible only by five sixths. If capital losses pertain to both listed and non-listed shares, the losses pertaining to the listed shares are deductible prior to the losses on the non-listed shares. 70 per cent. of any excess amount is deductible according to the main rule or five sixths of 70 per cent. is deductible if the capital loss relates to non-listed shares.

If a deficit arises in the income from capital category, a reduction of the tax on income from employment and from business, as well as the tax on real estate and the municipal real estate fee, is allowed. The tax reduction allowed amounts to 30 per cent. of any deficit not exceeding SEK 100,000 and 21 per cent. of any deficit in excess of SEK 100,000. Deficits may not be carried forward to a subsequent fiscal year.

Interest

Interest is subject to tax at a rate of 30 per cent. Normally, the tax liability arises when the interest is actually paid, in accordance with the so-called cash method.

Withholding tax on interest

The legal entity effecting an interest payment to an individual will normally be required to withhold Swedish tax, provided that the entity is subject to reporting obligations. The tax so withheld is normally equal to the final tax on the interest income, which means that there is generally no further tax payable on the interest

Taxation of Swedish legal entities

Limited liability companies and other legal entities are taxed on all income (including income from the sale or redemption of Notes or Warrants) as income from business activities at a flat rate of 26.3 per cent. Regarding the calculation of a capital gain or loss and the acquisition costs, see section “Taxation of Individuals Resident in Sweden” above.

Capital losses on receivables incurred by a corporate holder are fully deductible against any taxable income. However, capital losses on securities taxed in the same manner as shares incurred by a corporate holder may only be offset against taxable capital gains on shares or other securities that are taxed in the same manner as shares. Such capital losses may also, under certain circumstances, be deductible against capital gains within the same group of companies on shares and securities taxed in the same manner as shares, provided the requirements for group contributions (tax consolidation) are met. Capital losses on shares or securities taxed in the same manner as shares which are not deducted against capital gains on shares or other securities that are taxed in the same manner as shares within a certain year, may be carried forward and offset against future capital gains on such instruments.

Specific rules may apply to Notes or Warrants held as a hedge for foreign currency exposure.

For limited liability companies and economic associations, capital gains on shares and certain share-related rights held for business purposes (Sw. *Näringsbetingade andelar*) may be tax exempt. As a result, capital losses on shares and share-related rights that are held for business purposes may not be deductible. Consequently, capital gains on Notes or Warrants may not be offset against capital losses on such shares and share-related rights held for business purposes. The Note or Warrants are not treated as share-related rights held for business purposes.

EU COUNCIL DIRECTIVE ON THE TAXATION OF SAVINGS INCOME

The EU has adopted a Directive regarding the taxation of savings income. The Directive requires Member States to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual in another Member State, except that Austria, Belgium and Luxembourg will instead impose a withholding system for a transitional period unless during such period they elect otherwise. A number of third countries and territories including Switzerland have adopted similar measures to the EU Directive.

SWISS TAXATION

The following is a summary only of the Global Issuer’s and the Australian Issuers’ understanding of law and practice in force as of 19 August 2009 in Switzerland relating to the taxation of the Notes and Warrants. Because this summary does not address all tax considerations under Swiss law and does not consider the specific tax situation of an investor, prospective investors are recommended to consult their personal tax advisors as to the tax consequences of the purchase, ownership, sale or exercise of the Notes and Warrants including, in particular, the effect of tax laws of any other jurisdiction.

1 Income Tax

1.1 Private Investors

Swiss resident investors who do not qualify as so-called professional securities dealers (*commerçants professionnels de titres*) and who hold the Notes and/or Warrants as part of their private (as opposed to business) assets are hereby defined as “Private Investors”.

Interest payments or redemption of Notes

As a rule, interest arising from Notes, such as interest paid on a fixed rate Note or a floating rate Note as well as payments received upon redemption of the Notes in excess of the initial issuance price, are fully taxable in the hands of the Private Investors.

The tax treatment of the Notes, in particular of payments similar to interest payments, is not provided for in detail in the Swiss legislation. The Federal Tax Administration issued on February 2007 a Circular regarding the tax treatment of derivative instruments, as well as an appendix to such Circular which are updated from time to time.

According to the appendix in its version of February 2009 (currently applicable), Swiss residents or foreign residents subject to Swiss taxation receiving interest payments arising from credit linked Notes during the investment or at redemption as accrued interest owe individual income tax on the entire amount of the interest payments paid to them.

According to the above-mentioned Circular, Notes which are not straight debt instruments but have components of debt instruments and derivatives intertwined generally qualify as combined instruments. The tax treatment of such Notes depends on whether the Notes are considered as transparent or not for Swiss income tax purposes.

If the Note is considered as not transparent for Swiss income tax purposes, any amount received by the Private Investor in excess of the amount invested is treated as taxable income in the hands of the Private Investor.

If the Notes are considered as transparent for Swiss income tax purposes, they will be split notionally into a debt instrument and a derivative instrument component. Gains or losses on the derivative instrument component are treated as capital gains (see below). Interest payments received during the investment or at redemption as accrued interest related to the debt instrument component are treated as taxable income in the hands of the Private Investor.

The Notes are generally considered as transparent (i) if the debt and the derivative components are separately negotiated or (ii) if the different elements of the Notes (such as the guaranteed redemption amount, the issuance price of the Note, the interest rates determining the issuance price) are separately stated in the announcements of sale as well as in the issuance prospectus and if each one of such components is separately evaluated or (iii) if the debt and derivative components may be reconstructed by the Federal Tax Administration on the basis of financial analysis (which requires in principle that the rating of the issuer is at least “single A” and that the product may be traded on a secondary market). Such evaluation has to be performed through calculations of finance mathematic determining the intrinsic value of the debt instrument and the derivative instrument components contained in the Note. In particular, the calculations have to determine the notional issuance price of the debt instrument, based on the interest rate taken into account by the issuer which has to be market conforming (or, in the absence of an interest rate in the documentation concerning the product, on the basis of a standard interest rate).

Notes which are linked to underlying assets, such as bonds, shares, or baskets of such assets may also be treated, under certain circumstances, as direct investments in bonds, shares or in an investment fund. Notes linked to a basket of investment funds may be treated an investment in an investment fund.

Capital gains realised upon disposal of the Notes

Private Investors realize a tax free capital gain upon the disposal of Notes which do not qualify as Notes with predominant one-time interest payment (*obligations à intérêt unique prédominant*) and are subject to Swiss federal, cantonal or municipal income tax if the Notes qualify as Notes with one-time predominant interest payment (*obligations à intérêt unique prédominant*). Capital losses on the disposal of Notes which do

not qualify as Notes with predominant one-time interest payments are not tax deductible. Capital losses on the disposal of Notes which qualify as Notes with predominant one-time interest payments may (only) be deducted from gains derived during the same tax period from other Notes with one-time interest payments.

The tax treatment of capital gains on Notes which qualify as combined instruments (see above) depends upon whether the Notes qualify as tax transparent or not. Notes which are non transparent for Swiss income tax purposes (see above) generally qualify as Notes with predominant one-time interest payment (*obligations à intérêt unique prédominant*) and are treated as such. Notes which qualify as tax transparent are notionally split in their debt instrument and in their derivative instrument component. The debt instrument component follows the usual tax treatment either as Note with predominant one-time interest payment or as Note with no predominant one-time interest payment as applicable. Capital gains arising from the derivative instrument component of transparent Notes are generally not subject to income tax in the hands of Private Investors.

Warrants

Gains realised on the sale of Warrants are generally considered as tax exempt capital gains. Any capital loss realised on the disposal of the Warrants will not be tax deductible. According to the appendix of the Circular in its version of February 2009 (currently applicable), certain types of Warrants, such as for example the Fund Sprinter Certificates or the Government Bond Sprinter Certificates may be treated taxwise and under certain circumstances either as a direct investment in the underlying or as an investment in a fund. In such a case, the tax treatment of the Swiss resident Private Investor holding Warrants will depend upon whether the underlying is considered as generating tax exempt capital gains (tax exempt) or taxable income.

1.2 Swiss Resident Business Investors

Interest, redemptions and gains realised on or arising from the Notes or Warrants, by Swiss resident individuals holding the Notes or Warrants as part of their business assets as well as by Swiss resident legal entities, are part of their taxable business profits subject to individual income taxes or corporate income taxes, respectively. The same applies to Private Investors who qualify as so-called professional securities dealers.

1.3 Non-Swiss Resident Noteholders

Under present Swiss law, an investor who is a non-resident of Switzerland and who, during the taxable year has not engaged in trade or business through a permanent establishment or a fixed place of business within Switzerland and who is not subject to taxation in Switzerland for any other reason, will not be subject to any Swiss federal, cantonal or municipal income tax on interest or gains realised on sale or redemption of the Notes or Warrants.

2 Stamp Duties

2.1 Swiss Issuance Stamp Duty

The issuance of the Notes or Warrants issued by foreign issuers is not subject to Swiss issuance stamp duty.

2.2 Swiss Transfer Stamp Duty

The sale or transfer of the Notes and certain Warrants may be subject to Swiss transfer stamp duty at the current rate of 0.3 per cent. if a Swiss or Liechtenstein professional securities dealer as defined in the Swiss Stamp Tax Act and in the Treaty on Custom Union concluded between Switzerland and Liechtenstein is involved in the transaction either as a party or as an intermediary. The transfer stamp duty is due by the Swiss or Liechtenstein professional securities dealer involved.

The sale or transfer of Warrants are not subject to transfer stamp duty. However, the transfer of shares pursuant to the investment in Warrants will be subject to the transfer stamp duty provided a Swiss or Liechtenstein securities dealer is involved in the transaction either as a party or as an intermediary.

3 Withholding Tax

All payments in respect of the Notes by the Global Issuer and the Australian Issuers are currently not subject to the Swiss withholding tax.

4 EU Savings Tax

The European Community (“EC”) has negotiated with certain states, including Switzerland, the introduction of measures equivalent to those laid down in Council Directive 2003/48/EC on taxation of savings income in the form of interest payments. On 26 October 2004, the EC and Switzerland signed an agreement on the taxation of savings income by way of a tax retention or a voluntary reporting in the case of payment of interest by paying agents in Switzerland to individuals residing in an EU Member State. The Agreement entered into force on 1 July 2005. Based on the Agreement, Switzerland introduced a tax retention on interest payments or other similar income paid by a paying agent within Switzerland to individuals residing in EU Member States. The tax retention is currently applied at a rate of 20 per cent. (1 July 2008 to 30 June 2011), and will be applied at a rate of 35 per cent. (from 1 July 2011 onwards), unless the investor elects for the exchange of information.

Thus, according to the above, Swiss paying agents (e.g. banks) may be required to make a withholding when they transfer interest within the meaning of the Agreement to an individual residing in an EU Member State, unless the investor elects for the exchange of information. The Swiss Federal Tax Administration has published a guideline (hereafter the “Guideline”) in order to determine the type of payments that are considered as interest within the meaning of the Agreement.

4.1 Notes

According to the Guidelines, payments arising from Notes providing for a capital protection are considered as interest within the meaning of the Agreement in the following manner:

- 4.1.1 Payments guaranteed in advance (e.g. annual interest payments, notwithstanding the fact that the interest rate is fixed or floating) are considered as interest within the meaning of the Agreement.
- 4.1.2 The qualification of payment that are not guaranteed in advance depends on the type of underlying:
 - (1) If the underlying is bonds, interest, inflation or credit risk, the payments will be considered as interest;
 - (2) If the underlying is equity, the payments will not be considered as interest;
 - (3) If the underlying is funds, the payments will not be considered as interest provided that the funds themselves generate interest within the meaning of the Agreement (except for distribution of capital gains).

4.2 Warrants

Warrants do not generate interest within the meaning of the Agreement. Certain Warrants issued under the Programme should however qualify as “Certificates”, see below.

4.3 Products with no capital protection (“Certificates”)

Certificates are considered in principle as derivatives that do not generate interest within the meaning of the Agreement, except for certificates in bonds or funds index/baskets, which (i) are made up of less than five bonds/funds or (ii) include a bond/fund representing more than 80% of the total value of the index/basket. Where certificates in bonds or funds do not qualify as derivatives, they are treated as direct investments in bonds or funds.

UNITED KINGDOM TAXATION

The comments below are of a general nature based on current United Kingdom law and HM Revenue & Customs practice and are not intended to be exhaustive. They assume that neither the Issuers nor the Guarantor are UK resident for UK tax purposes or act through a permanent establishment in the United Kingdom in relation to the Notes or Warrants or the guarantee thereof by the Guarantor. Any holders of the Notes or Warrants who are in doubt as to their own tax position should consult their professional advisers.

Payments in Respect of the Notes and Warrants

On the basis that interest on the Notes and/or payments in respect of the Warrants are not expected to have a United Kingdom source, there should be no United Kingdom withholding tax on such payments or under the guarantee of such Notes and/or Warrants.

Persons in the United Kingdom (i) paying interest to or receiving interest on behalf of another person who is an individual, or (ii) paying amounts due on redemption of any Notes which constitute deeply discounted securities as defined in Chapter 8 of Part 4 of the Income Tax (Trading and Other Income) Act 2005 to or receiving such amounts on behalf of another person who is an individual or (iii) paying amounts in respect of shares in a non-UK person to or receiving such amounts on behalf of another person who is an individual, may be required to provide certain information to HM Revenue & Customs regarding the identity of the payee or person entitled to the interest and, in certain circumstances, such information may be exchanged with tax authorities in other countries. However, in relation to amounts payable on the redemption of such Notes HM Revenue & Customs published practice indicates that HM Revenue & Customs will not exercise its power to obtain information where such amounts are paid or received on or before 5 April 2010.

EU Directive on the Taxation of Savings Income

The EU has adopted a Directive regarding the taxation of savings income. The Directive requires Member States to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual or to certain other persons in another Member State, except that Austria, Belgium and Luxembourg may instead impose a withholding system for a transitional period unless during such period they elect otherwise.

UNITED STATES TAXATION

The following section applies to Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer only.

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, HOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS BASE PROSPECTUS IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON, BY HOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON HOLDERS UNDER THE INTERNAL REVENUE CODE; (B) SUCH

DISCUSSION IS INCLUDED HEREIN BY THE ISSUER IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY THE ISSUER OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

The following is a summary of certain material U.S. federal income tax consequences of the acquisition, ownership and disposition of Notes. This summary does not address any aspect of the acquisition, ownership or disposition of the Warrants. This summary does not address the material U.S. federal income tax consequences of every type of Note which may be issued under the Programme, and the relevant Final Terms will contain additional or modified disclosure concerning the material U.S. federal income tax consequences relevant to such type of Note as appropriate. This summary deals only with purchasers of Notes that will hold the Notes as capital assets. The discussion does not cover all aspects of U.S. federal income taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on, the acquisition, ownership or disposition of Notes by particular investors, and does not address state, local, foreign or other tax laws. In particular, this summary does not discuss all of the tax considerations that may be relevant to certain types of investors subject to special treatment under the U.S. federal income tax laws (such as financial institutions, insurance companies, investors liable for the alternative minimum tax, individual retirement accounts and other tax-deferred accounts, tax-exempt organisations, dealers in securities or currencies, investors that will hold the Notes as part of straddles, hedging transactions or conversion transactions for U.S. federal income tax purposes or investors whose functional currency is not the U.S. dollar). Moreover, the summary deals only with Notes with a term of 30 years or less. The U.S. federal income tax consequences of owning Notes with a longer term will be discussed in the relevant Final Terms.

As used herein, the term “U.S. Holder” means a beneficial owner of Notes that is, for U.S. federal income tax purposes, (i) an individual citizen or resident of the United States, (ii) a corporation created or organised in or under the laws of the United States or any State thereof, (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source or (iv) a trust, if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or the trust has elected to be treated as a domestic trust for U.S. federal income tax purposes.

For purposes of this discussion, “Non-U.S. Holder” means any beneficial owner of Notes that is not a U.S. Holder and that for U.S. federal income tax purposes is (i) a foreign corporation, (ii) a non-resident alien individual or (iii) a foreign estate or trust all of whose beneficiaries are Non-U.S. Holders.

The U.S. federal income tax treatment of a partner in a partnership that holds Notes will depend on the status of the partner and the activities of the partnership. Prospective purchasers that are partnerships should consult their tax adviser concerning the U.S. federal income tax consequences to their partners of the acquisition, ownership and disposition of Notes by the partnership.

The summary is based on the tax laws of the United States including the Internal Revenue Code of 1986 (the “Code”), its legislative history, existing and proposed regulations thereunder, published rulings and court decisions all as in effect as of the date hereof and all subject to change at any time, possibly with retroactive effect.

Bearer Notes are not being offered to U.S. Holders. A U.S. Holder who owns a Bearer Note may be subject to limitations under United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Code.

THE SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. PROSPECTIVE PURCHASERS SHOULD CONSULT

THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF OWNING THE NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

The following discussion assumes that the Notes will be treated as debt for U.S. federal income tax purposes. Depending on the restrictions that may apply to payments of interest on and principal of Notes in a particular Series, it is possible that those Notes may be treated as equity or as some other form of instrument such as a forward contract or option. The tax treatment of Notes that have a significant likelihood of being characterised as other than debt will be discussed in the relevant Final Terms. Even if Notes in a Series are treated as debt, restrictions on payments may cause the Notes to be treated as Contingent Notes, which are subject to special rules described below under “Original Issue Discount – Contingent Payment Debt Instruments.”

U.S. Holders

Payments of Interest

General

Interest on a Note, whether payable in U.S. dollars or a currency, composite currency or basket of currencies other than U.S. dollars (a “foreign currency”), other than interest on a “Discount Note” that is not “qualified stated interest” (each as defined below under “Original Issue Discount – General”), will be taxable to a U.S. Holder as ordinary income at the time it is received or accrued, depending on the holder’s method of accounting for tax purposes. Interest on the Notes and OID, if any, accrued with respect to the Notes (as described below under “Original Issue Discount”) generally will constitute income from sources outside the United States if paid on Notes issued by the Global Issuer or the Americas Issuer and U.S. source if paid on Notes issued by the U.S. Issuer.

Original Issue Discount

General

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Notes issued with original issue discount (“OID”).

A Note, other than a Note with a term of one year or less (a “Short-Term Note”), will be treated as issued with OID (a “Discount Note”) if the excess of the Note’s “stated redemption price at maturity” over its issue price is equal to or more than a *de minimis* amount (0.25 per cent. of the Note’s stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an “instalment obligation”) will be treated as a Discount Note if the excess of the Note’s stated redemption price at maturity over its issue price is equal to or greater than 0.25 per cent. of the Note’s stated redemption price at maturity multiplied by the weighted average maturity of the Note. A Note’s weighted average maturity is the sum of the following amounts determined for each payment on a Note (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the Note’s stated redemption price at maturity. Generally, the issue price of a Note will be the first price at which a substantial amount of Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Note is the total of all payments provided by the Note that are not payments of “qualified stated interest”. A qualified stated interest payment is generally any

one of a series of stated interest payments on a Note that are unconditionally payable at least annually at a single fixed rate (with certain exceptions for lower rates paid during some periods), or a variable rate (in the circumstances described below under “Variable Interest Rate Notes”), applied to the outstanding principal amount of the Note. Solely for the purposes of determining whether a Note has OID, the Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the Note, and the U.S. Holder will be deemed to exercise any put option that has the effect of increasing the yield on the Note.

U.S. Holders of Discount Notes must include OID in income calculated on a constant-yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Notes. The amount of OID includable in income by a U.S. Holder of a Discount Note is the sum of the daily portions of OID with respect to the Discount Note for each day during the taxable year or portion of the taxable year on which the U.S. Holder holds the Discount Note (“accrued OID”). The daily portion is determined by allocating to each day in any “accrual period” a *pro rata* portion of the OID allocable to that accrual period. Accrual periods with respect to a Note may be of any length selected by the U.S. Holder and may vary in length over the term of the Note as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Note occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period equals the excess of (a) the product of the Discount Note’s adjusted issue price at the beginning of the accrual period and the Discount Note’s yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Note allocable to the accrual period. The “adjusted issue price” of a Discount Note at the beginning of any accrual period is the issue price of the Note increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Note that were not qualified stated interest payments.

Acquisition Premium

A U.S. Holder that purchases a Discount Note for an amount less than or equal to the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price (any such excess being “acquisition premium”) and that does not make the election described below under “Election to Treat All Interest as Original Issue Discount”, is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the U.S. Holder’s adjusted basis in the Note immediately after its purchase over the Note’s adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, over the Note’s adjusted issue price.

Market Discount

A Note, other than a Short-Term Note, generally will be treated as purchased at a market discount (a “Market Discount Note”) if the Note’s stated redemption price at maturity or, in the case of a Discount Note, the Note’s “revised issue price”, exceeds the amount for which the U.S. Holder purchased the Note by at least 0.25 per cent. of the Note’s stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Note’s maturity (or, in the case of a Note that is an instalment obligation, the Note’s weighted average maturity). If this excess is not sufficient to cause the Note to be a Market Discount Note, then the excess constitutes “*de minimis* market discount”. For this purpose, the “revised issue price” of a Note generally equals its issue price, increased by the amount of any OID that has accrued on the Note and decreased by the amount of any payments previously made on the Note that were not qualified stated interest payments.

Under current law, any gain recognised on the maturity or disposition of a Market Discount Note (including any payment on a Note that is not qualified stated interest) will be treated as ordinary income to the

extent that the gain does not exceed the accrued market discount on the Note. Alternatively, a U.S. Holder of a Market Discount Note may elect to include market discount in income currently over the life of the Note. This election shall apply to all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year to which the election applies. This election may not be revoked without the consent of the Internal Revenue Service (the “IRS”). A U.S. Holder of a Market Discount Note that does not elect to include market discount in income currently will generally be required to defer deductions for interest on borrowings incurred to purchase or carry a Market Discount Note that is in excess of the interest and OID on the Note includable in the U.S. Holder’s income, to the extent that this excess interest expense does not exceed the portion of the market discount allocable to the days on which the Market Discount Note was held by the U.S. Holder.

Under current law, market discount will accrue on a straight-line basis unless the U.S. Holder elects to accrue the market discount on a constant-yield method. This election applies only to the Market Discount Note with respect to which it is made and is irrevocable.

Election to Treat All Interest as Original Issue Discount

A U.S. Holder may elect to include in gross income all interest that accrues on a Note using the constant-yield method described above under “Original Issue Discount – General”, with certain modifications. For purposes of this election, interest includes stated interest, OID, *de minimis* OID, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium (described below under “Notes Purchased at a Premium”) or acquisition premium. This election will generally apply only to the Note with respect to which it is made and may not be revoked without the consent of the IRS. If the election to apply the constant-yield method to all interest on a Note is made with respect to a Market Discount Note, the electing U.S. Holder will be treated as having made the election discussed above under “Market Discount” to include market discount in income currently over the life of all debt instruments with market discount held or thereafter acquired by the U.S. Holder. U.S. Holders should consult their tax advisers concerning the propriety and consequences of this election.

Variable Interest Rate Notes

Notes that provide for interest at variable rates (“Variable Interest Rate Notes”) generally will bear interest at a “qualified floating rate” and thus will be treated as “variable rate debt instruments” under Treasury regulations governing accrual of OID. A Variable Interest Rate Note will qualify as a “variable rate debt instrument” if (a) its issue price does not exceed the total noncontingent principal payments due under the Variable Interest Rate Note by more than a specified *de minimis* amount, (b) it provides for stated interest, paid or compounded at least annually, at (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate and (c) it does not provide for any principal payments that are contingent (other than as described in (a) above).

A “qualified floating rate” is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Note is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35. A variable rate equal to the product of a qualified floating rate and a fixed multiple that is greater than 0.65 but not more than 1.35, increased or decreased by a fixed rate, will also constitute a qualified floating rate. In addition, two or more qualified floating rates that can reasonably be expected to have approximately the same values throughout the term of the Variable Interest Rate Note (e.g., two or more qualified floating rates with values within 25 basis points of each other as determined on the Variable Interest Rate Note’s issue date) will be treated as a single qualified floating rate. Notwithstanding the foregoing, a variable rate that would otherwise

constitute a qualified floating rate but which is subject to one or more restrictions such as a maximum numerical limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor) may, under certain circumstances, fail to be treated as a qualified floating rate unless the cap or floor is fixed throughout the term of the Note.

An “objective rate” is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of the Issuer (or a related party) or that is unique to the circumstances of the Issuer (or a related party), such as dividends, profits or the value of the Issuer’s stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of the Issuer). Other variable interest rates may be treated as objective rates if so designated by the IRS in the future. Despite the foregoing, a variable rate of interest on a Variable Interest Rate Note will not constitute an objective rate if it is reasonably expected that the average value of the rate during the first half of the Variable Interest Rate Note’s term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Variable Interest Rate Note’s term. A “qualified inverse floating rate” is any objective rate where the rate is equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate. If a Variable Interest Rate Note provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period and if the variable rate on the Variable Interest Rate Note’s issue date is intended to approximate the fixed rate (e.g., the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 25 basis points), then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a “current value” of that rate. A “current value” of a rate is the value of the rate on any day that is no earlier than 3 months prior to the first day on which that value is in effect and no later than 1 year following that first day.

If a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof qualifies as a “variable rate debt instrument”, then any stated interest on the Note which is unconditionally payable in cash or property (other than debt instruments of the Issuer) at least annually will constitute qualified stated interest and will be taxed accordingly. Thus, a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a “variable rate debt instrument” will generally not be treated as having been issued with OID unless the Variable Interest Rate Note is issued at a “true” discount (i.e., at a price below the Note’s stated principal amount) in excess of a specified *de minimis* amount. OID on a Variable Interest Rate Note arising from “true” discount is allocated to an accrual period using the constant yield method described above by assuming that the variable rate is a fixed rate equal to (i) in the case of a qualified floating rate or qualified inverse floating rate, the value, as of the issue date, of the qualified floating rate or qualified inverse floating rate, or (ii) in the case of an objective rate (other than a qualified inverse floating rate), a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note.

In general, any other Variable Interest Rate Note that qualifies as a “variable rate debt instrument” will be converted into an “equivalent” fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Note. Such a Variable Interest Rate Note must be converted into an “equivalent” fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Note with a

fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Note's issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Note is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note. In the case of a Variable Interest Rate Note that qualifies as a "variable rate debt instrument" and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Note provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable Interest Rate Note as of the Variable Interest Rate Note's issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating rate, the Variable Interest Rate Note is converted into an "equivalent" fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Note is converted into an "equivalent" fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the "equivalent" fixed rate debt instrument by applying the general OID rules to the "equivalent" fixed rate debt instrument and a U.S. Holder of the Variable Interest Rate Note will account for the OID and qualified stated interest as if the U.S. Holder held the "equivalent" fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the "equivalent" fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Note during the accrual period.

If a Variable Interest Rate Note, such as a Note the payments on which are determined by reference to an index, does not qualify as a "variable rate debt instrument", then the Variable Interest Rate Note will be treated as a contingent payment debt obligation, subject to the treatment described below.

Contingent Payment Debt Instruments

Payments of interest on and principal of a Note including Credit Linked Notes, Fund Linked Notes and Share Linked Notes (a "Contingent Note") may be restricted upon the occurrence of certain events as described in "Risk Factors – Part 2: Risk Factors relating to Notes – Share Linked Notes, Index Linked Notes, Fund Linked Notes, Credit Linked Notes, Inflation Linked Notes, Commodity Linked Notes, Commodity Index Linked Notes and Dual Currency Notes" and "Risk Factors – Part 2: Risk Factors relating to Notes – Fund Linked Notes", "Risk Factors– Part 2: Risk Factors relating to Notes – Credit Linked Notes" as well as Chapters 3, 4, 5, 6, 18, 19 and 20 of this Base Prospectus. Contingent Notes are subject to the "contingent payment debt instrument rules" that require a U.S. Holder to accrue taxable OID in each taxable year or portion thereof in which the U.S. Holder holds a Contingent Note, even though the amount of income, if any, that the U.S. Holder may ultimately realise on the Contingent Note is uncertain. Whether Notes of any Series will be Contingent Notes will depend upon the restrictions that apply to that Series. Under the contingent payment debt instrument rules, interest on Contingent Notes will be treated as OID, and must be accrued on a constant-yield basis based on a yield to maturity that reflects the rate at which the Issuer would issue a comparable fixed-rate non-exchangeable instrument (the "comparable yield"), in accordance with a projected payment schedule. This projected payment schedule must include each non-contingent payment on the Note and an estimated amount for each contingent payment, and must produce the comparable yield.

The amount of OID includable in income by a U.S. Holder of a Note is the sum of the daily portions of OID with respect to the Note for each day during the taxable year or portion of the taxable year on which the U.S. Holder holds the Note ("accrued OID"). The daily portion is determined by allocating to each day in any

“accrual period” a *pro rata* portion of the OID allocable to that accrual period. Accrual periods with respect to a Note may be of any length selected by the U.S. Holder and may vary in length over the term of the Note as long as (i) no accrual period is longer than one year, and (ii) each scheduled payment of interest or principal on the Note occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period equals the product of the Note’s adjusted issue price at the beginning of the accrual period and the Note’s comparable yield (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period). The “adjusted issue price” of a Note at the beginning of any accrual period is the issue price of the Note increased by the amount of accrued OID for each prior accrual period, and decreased by the projected amount of any payments made on the Note. No additional income will be recognised upon the receipt of payments of stated interest in amounts equal to the annual payments included in the projected payment schedule described above. Any differences between actual payments received by the U.S. Holder on the Notes in a taxable year and the projected amount of those payments will be accounted for as additional interest (in the case of a positive adjustment) or as an offset to interest income in respect of the Note (in the case of a negative adjustment), for the taxable year in which the actual payment is made. If the negative adjustment for any taxable year exceeds the amount of OID on the Contingent Note for that year, the excess will be treated as an ordinary loss, but only to the extent the U.S. Holder’s total OID inclusions on the Contingent Note exceed the total amount of any ordinary loss in respect of the Contingent Note claimed by the U.S. Holder under this rule in prior taxable years. Any negative adjustment that is not allowed as an ordinary loss for the taxable year is carried forward to the next taxable year, and is taken into account in determining whether the U.S. Holder has a net positive or negative adjustment for that year. However, any negative adjustment that is carried forward to a taxable year in which the Contingent Note is sold, exchanged or retired reduces the U.S. Holder’s amount realised on the sale, exchange or retirement.

If a Series is subject to the contingent payment debt instrument rules, the Issuer will provide information regarding the comparable yield and the projected payment schedule for the Series. The use of the comparable yield and the calculation of the projected payment schedule is based upon a number of assumptions and estimates and is not a prediction, representation or guarantee of the actual amounts of interest that may be paid to a U.S. Holder or the actual yield of the Notes. A U.S. Holder will generally be bound by the comparable yield and the projected payment schedule determined by the Issuer, unless the U.S. Holder determines its own comparable yield and projected payment schedule and explicitly discloses such schedule to the IRS, and explains to the IRS the reason for preparing its own schedule. The Issuer’s determination, however, is not binding on the IRS, and it is possible that the IRS could conclude that some other comparable yield or projected payment schedule should be used instead.

Short-Term Notes

In general, an individual or other cash basis U.S. Holder of a Short-Term Note is not required to accrue OID (as specially defined below for the purposes of this paragraph) for U.S. federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). Accrual basis U.S. Holders and certain other U.S. Holders are required to accrue OID on Short-Term Notes on a straight-line basis or, if the U.S. Holder so elects, under the constant-yield method (based on daily compounding). In the case of a U.S. Holder not required and not electing to include OID in income currently, any gain realised on the sale or retirement of the Short-Term Note will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. U.S. Holders who are not required and do not elect to accrue OID on Short-Term Notes will be required to defer deductions for interest on borrowings allocable to Short-Term Notes in an amount not exceeding the deferred income until the deferred income is realised.

For purposes of determining the amount of OID subject to these rules, all interest payments on a Short-Term Note are included in the Short-Term Note's stated redemption price at maturity. A U.S. Holder may elect to determine OID on a Short-Term Note as if the Short-Term Note had been originally issued to the U.S. Holder at the U.S. Holder's purchase price for the Short-Term Note. This election shall apply to all obligations with a maturity of one year or less acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

Fungible Issue

The Issuer may, without the consent of the Holders of outstanding Notes, issue additional Notes with identical terms. These additional Notes, even if they are treated for non-tax purposes as part of the same series as the original Notes, in some cases may be treated as a separate series for U.S. federal income tax purposes. In such a case, the additional Notes may be considered to have been issued with OID even if the original Notes had no OID, or the additional Notes may have a greater amount of OID than the original Notes. These differences may affect the market value of the original Notes if the additional Notes are not otherwise distinguishable from the original Notes.

Notes Purchased at a Premium

A U.S. Holder that purchases a Note for an amount in excess of its principal amount, or for a Discount Note, its stated redemption price at maturity, may elect to treat the excess as "amortisable bond premium", in which case the amount required to be included in the U.S. Holder's income each year with respect to interest on the Note will be reduced by the amount of amortisable bond premium allocable (based on the Note's yield to maturity) to that year. Any election to amortise bond premium shall apply to all bonds (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and is irrevocable without the consent of the IRS. See also "Original Issue Discount – Election to Treat All Interest as Original Issue Discount".

Substitution of Issuer

The terms of the Notes provide that, in certain circumstances, the obligations of the Issuer under the Notes may be assumed by another entity. Any such assumption might be treated for U.S. federal income tax purposes as a deemed disposition of Notes by a U.S. Holder in exchange for new notes issued by the new obligor. As a result of this deemed disposition, a U.S. Holder could be required to recognize capital gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the issue price of the new notes (as determined for U.S. federal income tax purposes), and the U.S. Holder's tax basis in the Notes. U.S. Holders should consult their tax advisers concerning the U.S. federal income tax consequences to them of a change in obligor with respect to the Notes.

Purchase, Sale and Retirement of Notes

Notes other than Contingent Notes

A U.S. Holder's tax basis in a Note will generally be its cost, increased by the amount of any OID or market discount included in the U.S. Holder's income with respect to the Note and the amount, if any, of income attributable to *de minimis* OID and *de minimis* market discount included in the U.S. Holder's income with respect to the Note, and reduced by (i) the amount of any payments that are not qualified stated interest payments, and (ii) the amount of any amortisable bond premium applied to reduce interest on the Note.

A U.S. Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and the tax basis of the Note. The amount realised does not include the amount attributable to accrued but unpaid interest, which will be taxable as

interest income to the extent not previously included in income. Except to the extent described above under “Original Issue Discount – Market Discount” or “Original Issue Discount – Short Term Notes” or attributable to changes in exchange rates (as discussed below), gain or loss recognised on the sale or retirement of a Note will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder’s holding period in the Notes exceeds one year. Gain or loss realised by a U.S. Holder on the sale or retirement of a Note generally will be U.S. source.

Contingent Notes

Gain from the sale or retirement of a Contingent Note will be treated as interest income taxable at ordinary income (rather than capital gains) rates. Any loss will be ordinary loss to the extent that the U.S. Holder’s total interest inclusions to the date of sale or retirement exceed the total net negative adjustments that the U.S. Holder took into account as ordinary loss, and any further loss will be capital loss. Gain or loss realized by a U.S. Holder on the sale or retirement of a Contingent Note issued by the Global Issuer or the Americas Issuer will generally be foreign source, and gain or loss realized by a U.S. Holder on the sale or retirement of a Contingent Note issued by the U.S. Issuer will generally be U.S. source.

A U.S. Holder’s tax basis in a Contingent Note will generally be equal to its cost, increased by the amount of interest previously accrued with respect to the Note (determined without regard to any positive or negative adjustments reflecting the difference between actual payments and projected payments), increased or decreased by the amount of any positive or negative adjustment that the Holder is required to make to account for the difference between the Holder’s purchase price for the Note and the adjusted issue price of the Note at the time of the purchase, and decreased by the amount of any projected payments scheduled to be made on the Note to the U.S. Holder through such date (without regard to the actual amount paid).

Foreign Currency Notes

Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash basis U.S. Holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual basis U.S. Holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. Holder, the part of the period within the taxable year).

Under the second method, the U.S. Holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis U.S. Holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Note) denominated in, or determined by reference to, a foreign currency, the U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the

difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

OID

OID for each accrual period on a Discount Note that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest accrued by an accrual basis U.S. Holder, as described above. Upon receipt of an amount attributable to OID (whether in connection with a payment on the Note or a sale of the Note), a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Market Discount

Market Discount on a Note that is denominated in, or determined by reference to, a foreign currency, will be accrued in the foreign currency. If the U.S. Holder elects to include market discount in income currently, the accrued market discount will be translated into U.S. dollars at the average exchange rate for the accrual period (or portion thereof within the U.S. Holder's taxable year). Upon the receipt of an amount attributable to accrued market discount, the U.S. Holder may recognise U.S. source exchange gain or loss (which will be taxable as ordinary income or loss) determined in the same manner as for accrued interest or OID. A U.S. Holder that does not elect to include market discount in income currently will recognise, upon the disposition or maturity of the Note, the U.S. dollar value of the amount accrued, calculated at the spot rate on that date, and no part of this accrued market discount will be treated as exchange gain or loss.

Bond Premium

Bond premium (including acquisition premium) on a Note that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency. On the date bond premium offsets interest income, a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date, and on the date the Notes were acquired by the U.S. Holder. A U.S. Holder that does not elect to take bond premium (other than acquisition premium) into account currently will recognise a market loss when the Note matures.

Foreign Currency Contingent Notes

Special rules apply to determine the accrual of OID, and the amount, timing, source and character of any gain or loss on a Contingent Note that is denominated in, or determined by reference to, a foreign currency (a "Foreign Currency Contingent Note"). The rules applicable to Foreign Currency Contingent Notes are complex, and U.S. Holders are urged to consult their tax advisers concerning the application of these rules.

Under these rules, a U.S. Holder of a Foreign Currency Contingent Note will generally be required to accrue OID in the foreign currency in which the Foreign Currency Contingent Note is denominated (i) at a yield at which the Issuer would issue a fixed rate debt instrument denominated in the same foreign currency with terms and conditions similar to those of the Foreign Currency Contingent Note, and (ii) in accordance with a projected payment schedule determined by the Issuer, under rules similar to those described above under "Contingent Payment Debt Instruments". The amount of OID on a Foreign Currency Contingent Note that accrues in any accrual period will be the product of the comparable yield of the Foreign Currency Contingent Note (adjusted to reflect the length of the accrual period) and the adjusted issue price of the

Foreign Currency Contingent Note. The adjusted issue price of a Foreign Currency Contingent Note will generally be determined under the rules described above, and will be denominated in the foreign currency of the Foreign Currency Contingent Note.

OID on a Foreign Currency Contingent Note will be translated into U.S. dollars under translation rules similar to those described above under “Foreign Currency Notes - Interest”. Any positive adjustment (i.e. the excess of actual payments over projected payments) in respect of a Foreign Currency Contingent Note for a taxable year will be translated into U.S. dollars at the spot rate on the last day of the taxable year in which the adjustment is taken into account, or if earlier, the date on which the Foreign Currency Contingent Notes is disposed of. The amount of any negative adjustment on a Foreign Currency Contingent Note (i.e. the excess of projected payments over actual payments) that is offset against accrued but unpaid OID will be translated into U.S. dollars at the same rate as which such OID was accrued. To the extent a net negative adjustment exceeds the amount of accrued but unpaid OID, the negative adjustment will be treated as offsetting OID that has accrued and been paid on the Foreign Currency Contingent Note, and will be translated into U.S. dollars at the spot rate on the date the Foreign Currency Contingent Note was issued. Any net negative adjustment carry forward will be carried forward in the relevant foreign currency.

Sale or Retirement

Notes other than Foreign Currency Contingent Notes

As discussed above under “Purchase, Sale and Retirement of Notes”, a U.S. Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and its tax basis in the Note. A U.S. Holder’s tax basis in a Note that is denominated in a foreign currency will be determined by reference to the U.S. dollar cost of the Note. The U.S. dollar cost of a Note purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, the settlement date for purchase in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, that are purchased by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects).

The amount realised on a sale or retirement for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or retirement or, the settlement date for purchase in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, sold by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects). Such an election by an accrual basis U.S. Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. Holder will recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or retirement of a Note equal to the difference, if any, between the U.S. dollar values of the U.S. Holder’s purchase price for the Note (or, if less, the principal amount of the Note) (i) on the date of sale or retirement and (ii) the date on which the U.S. Holder acquired the Note. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss realised on the sale or retirement (including any exchange gain or loss with respect to the receipt of accrued but unpaid interest).

Foreign Currency Contingent Notes

Upon a sale, exchange or retirement of a Foreign Currency Contingent Note, a U.S. Holder will generally recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the U.S. Holder’s tax basis in the Foreign Currency Contingent Note, both translated into U.S. dollars as described below. A U.S. Holder’s tax basis in a Foreign Currency Contingent Note will equal (i) the cost thereof (translated into U.S. dollars at the spot rate on the issue date), (ii) increased by the amount of OID previously accrued on the Foreign Currency Contingent Note (disregarding any positive or negative adjustments and translated into U.S. dollars using the exchange rate applicable to such

OID) and (iii) decreased by the projected amount of all prior payments in respect of the Foreign Currency Contingent Note. The U.S. dollar amount of the projected payments described in clause (iii) of the preceding sentence is determined by (i) first allocating the payments to the most recently accrued OID to which prior amounts have not already been allocated and translating those amounts into U.S. dollars at the rate at which the OID was accrued and (ii) then allocating any remaining amount to principal and translating such amount into U.S. dollars at the spot rate on the date the Foreign Currency Contingent Note was acquired by the U.S. Holder. For this purpose, any accrued OID reduced by a negative adjustment carry forward will be treated as principal.

The amount realized by a U.S. Holder upon the sale, exchange or retirement of a Foreign Currency Contingent Note will equal the amount of cash and the fair market value (determined in foreign currency) of any property received. If a U.S. Holder holds a Foreign Currency Contingent Note until its scheduled maturity, the U.S. dollar equivalent of the amount realized will be determined by separating such amount realized into principal and one or more OID components, based on the principal and OID comprising the U.S. Holder's basis, with the amount realized allocated first to OID (and allocated to the most recently accrued amounts first) and any remaining amounts allocated to principal. The U.S. dollar equivalent of the amount realized upon a sale, exchange or unscheduled retirement of a Foreign Currency Contingent Note will be determined in a similar manner, but will first be allocated to principal and then any accrued OID (and will be allocated to the earliest accrued amounts first). Each component of the amount realized will be translated into U.S. dollars using the exchange rate used with respect to the corresponding principal or accrued OID. The amount of any gain realized upon a sale, exchange or unscheduled retirement of a Foreign Currency Contingent Note will be equal to the excess of the amount realized over the holder's tax basis, both expressed in foreign currency, and will be translated into U.S. dollars using the spot rate on the payment date. Gain from the sale or retirement of a Foreign Currency Contingent Note will generally be treated as interest income taxable at ordinary income (rather than capital gains) rates. Any loss will be ordinary loss to the extent that the U.S. Holder's total OID inclusions to the date of sale or retirement exceed the total net negative adjustments that the U.S. Holder took into account as ordinary loss, and any further loss will be capital loss. Gain or loss realized by a U.S. Holder on the sale or retirement of a Foreign Currency Contingent Note issued by the Global Issuer or the Americas Issuer will generally be foreign source, and gain or loss realized by a U.S. Holder on the sale or retirement of a Foreign Currency Contingent Note issued by the U.S. Issuer will generally be U.S. source.

A U.S. Holder will also recognize U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the receipt of foreign currency in respect of a Foreign Currency Contingent Note if the exchange rate in effect on the date the payment is received differs from the rate applicable to the principal or accrued OID to which such payment relates.

Disposition of Foreign Currency

Foreign currency received as interest on a Note or on the sale or retirement of a Note will have a tax basis equal to its U.S. dollar value at the time the interest is received or at the time of the sale or retirement. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S. dollars) will be U.S. source ordinary income or loss.

Backup Withholding and Information Reporting

In general, payments of interest and accrued OID on, and the proceeds of a sale, redemption or other disposition of, the Notes, payable to a U.S. Holder by a U.S. paying agent or other U.S. intermediary will be reported to the IRS and to the U.S. Holder as may be required under applicable regulations. Backup

withholding will apply to these payments and to accruals of OID if the U.S. Holder fails to provide an accurate taxpayer identification number or certification of exempt status or fails to report all interest and dividends required to be shown on its U.S. federal income tax returns. Certain U.S. Holders (including, among others, corporations) are not subject to backup withholding. U.S. Holders should consult their tax advisers as to their qualification for exemption from backup withholding and the procedure for obtaining an exemption.

Reportable Transactions

A U.S. taxpayer that participates in a “reportable transaction” will be required to disclose its participation to the IRS. The scope and application of these rules is not entirely clear. A U.S. Holder may be required to treat a foreign currency exchange loss from the Notes as a reportable transaction if the loss exceeds U.S.\$50,000 in a single taxable year, if the U.S. Holder is an individual or trust, or higher amounts for other non-individual U.S. Holders. In the event the acquisition, holding or disposition of Notes constitutes participation in a “reportable transaction” for purposes of these rules, a U.S. Holder will be required to disclose its investment by filing Form 8886 with the IRS. A penalty in the amount of U.S.\$10,000 in the case of a natural person and U.S.\$50,000 in all other cases is generally imposed on any taxpayer that fails to timely file an information return with the IRS with respect to a transaction resulting in a loss that is treated as a reportable transaction. Accordingly, if a U.S. Holder realizes a loss on any Note (or, possibly, aggregate losses from the Notes) satisfying the monetary thresholds discussed above, the U.S. Holder could be required to file an information return with the IRS, and failure to do so may subject the U.S. Holder to the penalties described above. In addition, the Issuer and its advisers may also be required to disclose the transaction to the IRS, and to maintain a list of U.S. Holders, and to furnish this list and certain other information to the IRS upon written request. Prospective purchasers are urged to consult their tax advisers regarding the application of these rules to the acquisition, holding or disposition of Notes.

Non-U.S. Holders

Global Issuer and Americas Issuer:

Subject to the discussion of backup withholding below, interest (including OID, if any) and any proceeds of a sale or other disposition on the Notes, are currently exempt from U.S. federal income tax, including withholding taxes, if paid to a Non-U.S. Holder unless (i) the Non-U.S. Holder is an insurance company carrying on a United States insurance business to which the interest is attributable, or (ii) the Non-U.S. Holder is an individual or corporation that has an office or other fixed place of business in the United States to which the interest is attributable, the interest is derived in the active conduct of a banking, financing, or similar business within the United States or is received by a corporation the principal business of which is trading in stock or securities for its own account, and certain other conditions exist.

In addition, (i) subject to the discussion of backup withholding below, a Non-U.S. Holder will not be subject to U.S. federal income tax on any gain realized on the sale or exchange of a Note, provided that such gain is not effectively connected with the conduct by the holder of a United States trade or business and, in the case of a Non-U.S. Holder who is an individual, the holder is not present in the United States for a total of 183 days or more during the taxable year in which the gain is realized and certain other conditions are met and (ii) the Notes will be deemed to be situated outside the United States for purposes of the U.S. federal estate tax and will not be includible in the gross estate for purposes of such tax in the case of a nonresident of the United States who is not a citizen of the United States at the time of death.

Backup Withholding and Information Reporting

Payments of principal, interest and accrued OID on, and the proceeds of sale or other disposition (including exchange) of Notes, by a U.S. paying agent or other U.S. intermediary to a holder of a Note that is a Non-U.S. Holder will not be subject to backup withholding tax and information reporting requirements if appropriate certification (Form W-8BEN or other appropriate form) is provided by the holder to the payor and the payor does not have actual knowledge that the certificate is false.

U.S. Issuer:

Under current U.S. federal income and estate tax law, and subject to the discussion of backup withholding in the following section:

- (a) Payments of principal, OID, and interest by the U.S. Issuer or any paying agent to any holder of a Note who is a Non-U.S. Holder will not be subject to U.S. federal withholding tax, provided that, in the case of amounts treated as interest or OID with respect to Notes with a maturity of more than 183 days, (i) the amount of the payment is not determined by reference to any receipts, sales or other cash flow, income or profits, change in value of any property of, or dividend or similar payment made by, the U.S. Issuer or a person related to the U.S. Issuer (a "Contingent Payment"), (ii) the holder does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the U.S. Issuer entitled to vote, (iii) the holder is not for U.S. federal income tax purposes a controlled foreign corporation related to the U.S. Issuer through stock ownership, (iv) the holder is not a bank receiving interest described in Section 881(c)(3)(A) of the Code, and (v) in the case of Registered Notes, the holder provides the U.S. Issuer or its paying agent with a U.S. Internal Revenue Service ("IRS") Form W-8BEN, or such other applicable form. Principal, premium and interest on a Note that are determined by reference to changes in the value of property, the yield on property, or changes in any index based on such value or yield should not be Contingent Payments if the property is traded on an exchange or inter-dealer market that satisfies the requirements necessary for the property to qualify as "actively traded property" within the meaning of Section 1092(d) of the Code.
- (b) A Non-U.S. Holder of a Note or coupon will not be subject to U.S. federal income tax on any gain or income realised upon the sale, exchange, retirement or other disposition of a Note or coupon, provided that (i) in the case of Notes issued by the U.S. Issuer with a maturity of more than 183 days, the Notes do not provide for any Contingent Payments, (ii) in the case of Registered Notes, the holder has provided the U.S. Issuer or its paying agent with an IRS Form W-8, and (iii) neither the holder, nor a fiduciary, settlor or beneficiary of the holder if the holder is an estate or trust, or a person holding a power over an estate or trust administered by a fiduciary holder, is considered as:
 - (i) being or having been present or engaged in a trade or business in the United States or having or having had a permanent establishment therein;
 - (ii) having a current or former relationship with the United States, including a relationship as a citizen or resident thereof;
 - (iii) being or having been for U.S. federal income tax purposes a personal holding company, a passive foreign investment company, a controlled foreign corporation or a corporation that has accumulated earnings to avoid U.S. federal income tax; or
 - (iv) in the case of Notes issued by the U.S. Issuer with a maturity of more than 183 days, (a) actually or constructively owning or having owned 10% or more of the total combined

voting power of all classes of stock of the U.S. Issuer entitled to vote or (b) being a controlled foreign corporation related to the U.S. Issuer through stock ownership.

- (c) A Note or coupon held by an individual who is a Non-U.S. Holder at the time of death will not be subject to U.S. federal estate tax as a result of the individual's death if (i) at the time of the individual's death payments with respect to the Note would not have been effectively connected with a U.S. trade or business of the individual, (ii) with respect to Notes issued by the U.S. Issuer with a maturity of more than 183 days, (A) the holder does not own, actually or constructively, 10% or more of the total combined voting power of all classes of stock of the U.S. Issuer entitled to vote, and (B) the Note does not provide for any Contingent Payments.
- (d) A beneficial owner of a Bearer Note or coupon that is a Non-U.S. Holder will not be required to disclose its nationality, residence, or identity to the U.S. Issuer, a paying agent, or any U.S. governmental authority in order to receive payment on the Note or coupon from the Issuer or a paying agent outside the United States (although the beneficial owner of an interest in the temporary Global Note will be required to provide a Certificate of Non-U.S. Beneficial Ownership to the relevant clearing system in order to receive a beneficial interest in a Permanent Global Note or definitive Notes and coupons and interest thereon, as described in "Form of the Notes").

Backup Withholding and Information Reporting

Unless the U.S. Issuer or the paying agent has actual knowledge or reason to know that the holder or beneficial owner, as the case may be, is a U.S. person (as defined in the Code), payments of principal, OID, and interest on Registered Notes made to a Non-U.S. Holder will not be subject to backup withholding, provided the Non-U.S. Holder provides the payor with an IRS Form W-8BEN, but interest and OID paid on Registered Notes with a maturity of more than 183 days will be reported to the IRS as required under applicable regulations.

Payments of principal, OID and interest on Bearer Notes made outside the United States to a Non-U.S. Holder by a non-U.S. payor will not be subject to information reporting and backup withholding.

In addition, except as provided in the following sentence, if principal, OID or interest payments made with respect to Bearer Notes are collected outside the United States on behalf of a beneficial owner of a Bearer Note by a foreign office of a custodian, nominee or other agent who is not a U.S. Controlled Person, (as defined below), the custodian, nominee or other agent will not be required to apply backup withholding to these payments when remitted to the beneficial owner and will not be subject to information reporting. However, if the custodian, nominee or other agent is a U.S. Controlled Person, payments collected by its United States or foreign office may be subject to information reporting and backup withholding unless the custodian, nominee or other agent has in its records documentary evidence that the beneficial owner is not a U.S. person or is otherwise exempt from information reporting, and it has no actual knowledge or reason to know that any of the information or certifications associated with this documentation is incorrect.

Payments on the sale, exchange or other disposition of a Bearer Note made to or through a foreign office of a broker will generally not be subject to information reporting or backup withholding. However, if the broker is a U.S. Controlled Person, payments on the sale, exchange or other disposition of the Bearer Note made to or through a United States or foreign office of the broker will be subject to information reporting unless the beneficial owner has furnished the broker with documentation upon which the broker can rely to treat the payment as made to a beneficial owner that is a foreign person, and the broker has no actual knowledge or reason to know that any of the information or certifications associated with this documentation is incorrect.

For purposes of this discussion, a “U.S. Controlled Person” means (i) a U.S. person (as defined in the Code), (ii) a controlled foreign corporation for U.S. federal income tax purposes, (iii) a foreign person 50% or more of whose gross income was effectively connected with the conduct of a United States trade or business for a specified three-year period, or (iv) a foreign partnership, if at any time during its tax year, one or more of its partners are U.S. persons who, in the aggregate, hold more than 50% of the partnership’s income or capital interest or if, at any time during its tax year, it is engaged in the conduct of a trade or business in the United States.

Any amounts withheld under the backup withholding rules may be allowed as a credit against the holder’s U.S. federal income tax liability, and may entitle the holder to a refund, provided that the required information is timely furnished to the IRS.

Holders should consult their tax advisors regarding the application of information reporting and backup withholding to their particular situations, the availability of an exemption therefrom, and the procedure for obtaining an exemption, if available.

A U.S. person holding a Bearer Note with a maturity of more than one year will generally be required to treat any gain on disposal as ordinary income rather than capital gain, and no deduction will be allowed in respect of any loss.

A holder of a Note with a maturity at issue of 183 days or less and a principal amount of at least \$500,000 (or its foreign currency equivalent based on the spot rate on the date of issue), by accepting the Note, will be deemed to represent and warrant that it is not a United States person (other than an exempt recipient described in section 6049(b)(4) of the Code and the regulations thereunder), and is not acting for or on behalf of any such person.

AUSTRALIAN TAXATION

The following section applies to issues of Notes by the Australian Issuers only.

The following is a summary of the Australian taxation treatment under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, the “Australian Tax Act”) at 19 August 2009 of payments of interest (as defined in the Australian Tax Act) on the Notes issued by the Australian Issuers and certain other matters. It is not exhaustive and, in particular does not deal with the position of certain classes of holders of Notes (including, without limitation, dealers in securities, custodians or other third parties who hold Notes on behalf of other persons).

Prospective holders of Notes should also be aware that particular terms of issue of any Series of Notes may affect the tax treatment of that and other Series of Notes. The following is a general guide and should be treated with appropriate caution. Prospective holders of Notes should consult and rely on the advice of their professional advisers on the tax implications of an investment in the Notes for their particular circumstances.

Interest Withholding Tax

An exemption from Australian interest withholding tax (“Australian IWT”) imposed under Division 11A of Part III of the Australian Tax Act is available in respect of the Notes under section 128F of the Australian Tax Act if the following conditions are met:

- (a) the relevant Australian Issuer is either:
 - (i) a resident of Australia when it issues such Notes and when interest (as defined in section 128A(1AB) of the Australian Tax Act) is paid; or

- (ii) a non-resident when it issues such Notes and when interest is paid (as defined in section 128A(1AB) of the Australian Tax Act) and is carrying on business at or through a permanent establishment in Australia.

Interest is defined to include amounts in the nature of, or in substitution for, interest and certain other amounts;

- (b) those Notes are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that the relevant Australian Issuer is offering Notes for issue. In summary, the five methods are:
 - (iii) offers to 10 or more unrelated financiers or securities dealers;
 - (iv) offers to 100 or more investors;
 - (v) offers of Notes listed on a stock exchange;
 - (vi) offers via publicly available information sources; and
 - (vii) offers to a dealer, manager or underwriter who offers to sell the Notes within 30 days by one of the preceding methods.

In addition, the issue of any of those Notes (whether in global form or otherwise) and the offering of interests in any of those Notes by one of these methods should satisfy the public offer test;

- (c) the relevant Australian Issuer does not know, or have reasonable grounds to suspect, at the time of issue, that those Notes or interests in those Notes were being, or would later be, acquired, directly or indirectly, by an “associate” of that Australian Issuer, except as permitted by section 128F(5) of the Australian Tax Act; and
- (d) at the time of the payment of interest, the relevant Australian Issuer does not know, or have reasonable grounds to suspect, that the payee is an “associate” of that Australian Issuer, except as permitted by Section 128F(6) of the Australian Tax Act.

The Australian Issuers propose (unless otherwise specified) to issue Notes in a manner which will satisfy the public offer test and which otherwise meets the requirements of section 128F of the Australian Tax Act.

Associates

An “associate” of the relevant Australian Issuer for the purposes of section 128F of the Australian Tax Act includes (i) a person or entity which holds more than 50% of the voting shares in, or otherwise controls, that Australian Issuer, (ii) any entity in which more than 50% of the voting shares are held by, or which is otherwise controlled by, that Australian Issuer, (iii) a trustee of a trust where that Australian Issuer is capable of benefiting (whether directly or indirectly) under that trust, and (iv) a person or entity who is an “associate” of another person or entity which is an “associate” of that Australian Issuer under any of the foregoing.

However, “associate” does not include:

- (A) onshore associates (i.e. Australian resident associates who do not hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non resident associates who hold the Notes in the course of carrying on business at or through a permanent establishment in Australia); or

- (B) offshore associates (i.e. Australian resident associates who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non resident associates who do not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia) who are acting in the capacity of:
- (i) in the case of section 128F(5), a dealer, manager or underwriter in relation to the placement of the relevant Notes, a clearing house, custodian, funds manager or responsible entity of a registered managed investment scheme; or
 - (ii) in the case of section 128F(6), a clearing house, paying agent, custodian, funds manager or responsible entity of a registered managed investment scheme (within the meaning of the Australian Corporations Act).

Exemptions under recent tax treaties

The Australian government has signed or announced new or amended double tax conventions (“New Treaties”) with a number of countries (each a “Specified Country”) which contain certain exemptions from Australian IWT.

In broad terms, once implemented, the New Treaties effectively prevent Australian IWT applying to interest derived by:

- the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; and
- a “financial institution” which is a resident of a “Specified Country” and which is unrelated to and dealing wholly independently with the relevant Australian Issuer. The term “financial institution” refers to either a bank or any other form of enterprise which substantially derives its profits by carrying on a business of raising and providing finance. However, interest under a back-to-back loan or an economically equivalent arrangement will not qualify for this exemption.

The Australian Federal Treasury maintains a listing of Australia’s double tax conventions which provides details of country, status, withholding tax rate limits and Australian domestic implementation which is available to the public at the Federal Treasury Department’s website at: <http://www.treasury.gov.au/contentitem.asp?pageId=&ContentID=625>.

Bearer Debt Instruments - section 126 of the Australian Tax Act

Section 126 of the Australian Tax Act imposes a type of withholding tax at the rate of 45% on the payment of interest on bearer Notes if an Australian Issuer fails to disclose the names and addresses of the holders of bearer Notes to the Australian Taxation Office (“ATO”). Section 126 does not apply to the payment of interest on bearer Notes held by non-residents who do not carry on business at or through a permanent establishment in Australia where the issue of those bearer Notes has satisfied the requirements of section 128F of the Australian Tax Act or IWT is payable. In addition, the ATO has confirmed that for the purpose of section 126 of the Australian Tax Act, the holder of debentures (such as bearer Notes) means the person in possession of the debentures. Section 126 is therefore limited in its application to persons in possession of the bearer Notes who are residents of Australia or non-residents who are engaged in carrying on business in Australia at or through a permanent establishment in Australia. Where interests in the relevant bearer Notes are held through Euroclear or Clearstream, Luxembourg, the Australian Issuers intend to treat the operators of those clearing systems as the holder for the purposes of section 126 of the Australian Tax Act.

No Tax Gross-Up

The Australian Issuers shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation or surrender for payment or enforcement of any Note and all payments made by the Australian Issuers shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

Other Australian tax matters

Under Australian laws as presently in effect:

- (a) *income tax - offshore holders of Notes* - assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, payment of principal and interest (as defined in section 128A(1AB) of the Australian Tax Act) to a holder of the Notes, who is a non-resident of Australia and who, during the taxable year, does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia, will not be subject to Australian income taxes; and
- (b) *income tax - Australian holders of Notes* - Australian residents or non-Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment in Australia (“Australian Holders”), will be assessable for Australian tax purposes on income either received or accrued due to them in respect of the Notes. Whether income will be recognised on a cash receipts or accruals basis will depend upon the tax status of the particular holder of Notes and the terms and conditions of the Notes. Special rules apply to the taxation of Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located; and
- (c) *gains on disposal or redemption of Notes - offshore holders of Notes* - a holder of the Notes, who is a non-resident of Australia and who during the taxable year does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia, will not be subject to Australian income tax on gains realised during that year on sale or redemption of the Notes, provided such gains do not have an Australian source. A gain arising on the sale of Notes by a non-Australian resident holder to another non-Australian resident where the Notes are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia should not be regarded as having an Australian source.

If the gain arising on the sale of Notes has an Australian source, a holder may be eligible for relief from Australian tax on such gain under a double tax treaty between Australia and the holder's country of residence. If protection from Australian tax is not available under a tax treaty, it would be necessary to take into account exchange rate movements during the period that the Notes were held in calculating the amount gain; and

- (d) *gains on disposal or redemption of Notes - Australian holders of Notes* - Australian holders of Notes will be required to include any gain or loss on disposal or redemption of the Notes in their taxable income. Special rules apply to the taxation of Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located; and

- (e) *deemed interest* - there are specific rules that can apply to treat a portion of the purchase price of Notes as interest for withholding tax purposes when certain Notes originally issued at a discount or with a maturity premium or which do not pay interest at least annually are sold to an Australian resident (who does not acquire them in the course of carrying on trade or business at or through a permanent establishment outside Australia) or a non-resident who acquires them in the course of carrying on trade or business at or through a permanent establishment in Australia.

If the Notes are not issued at a discount and do not have a maturity premium, these rules should not apply to the Notes. These rules do not apply in circumstances where the deemed interest would have been exempt under section 128F of the Australian Tax Act if the Notes had been held to maturity by a non-resident; and

- (f) *death duties* - no Notes will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death; and
- (g) *stamp duty and other taxes* - no ad valorem stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Notes; and
- (h) *TFN withholding taxes on payments in respect of the Notes* - section 12-140 of the Taxation Administration Act 1953 of Australia ("TAA") imposes a type of withholding tax at the rate of (currently) 46.5 per cent on the payment of interest on certain registered securities unless the relevant payee has quoted a Tax File Number ("TFN"), in certain circumstances an ABN or proof of some other exemption (as appropriate).

Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to Registered Notes, then the requirements of section 12-140 do not apply to payments to a holder of those Registered Notes who is not a resident of Australia and not holding those Notes in the course of carrying on business at or through a permanent establishment in Australia. Payments to other classes of holders of Registered Notes may be subject to a withholding where the holder of those Notes does not quote a TFN, ABN or provide proof of an appropriate exemption (as appropriate); and

- (i) *supply withholding tax* - payments in respect of Notes can be made free and clear of the "supply withholding tax" imposed under section 12-190 of Schedule 1 to the TAA; and
- (j) *goods and services tax (GST)* - neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply or (in the case of an offshore subscriber) a GST-free supply. Furthermore, neither the payment of principal or interest by an Australian Issuer, nor the disposal of the Notes, would give rise to any GST liability in Australia; and
- (k) *Division 16E accruals regime* - Australia operates an accruals regime which may apply to Australian Holders of certain Notes issued at a discount and the term of which, ascertained as at the time of issue will, or is reasonably likely to, exceed one year. If such Notes are issued, further information on Australia's accruals regime will be specified in the relevant Final Terms (or another relevant supplement to this Base Prospectus); and
- (l) *additional withholdings from certain payments to non-residents* - section 12-315 of Schedule 1 to the TAA gives the Governor-General power to make regulations requiring withholding from certain payments to non-residents. However, section 12-315 expressly

provides that the regulations will not apply to interest and other payments which are already subject to the current Australian IWT rules or specifically exempt from those rules. Further, regulations may only be made if the responsible minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. The regulations promulgated prior to the date of this Base Prospectus are not relevant to any payments in respect of the Notes. Any further regulations should also not apply to repayments of principal under the Notes, as in the absence of any issue discount, such amounts will generally not be reasonably related to assessable income. The possible application of any regulations to the proceeds of any sale of the Notes will need to be monitored; and

- (m) *taxation of foreign exchange gains and losses* - Divisions 775 and 960 of the Australian Tax Act contain rules to deal with the taxation consequences of foreign exchange transactions. The rules are complex and may apply to any holders of Notes who are Australian residents or non-Australian residents that hold Notes that are not denominated in Australian dollars in the course of carrying on business in Australia at or through a permanent establishment. Any such holders of Notes should consult their professional advisors for advice as to how to tax account for any foreign exchange gains or losses arising from their holding of those Notes; and
- (n) *garnishee notices* – the Australian Taxation Office has the power to issue notices requiring any person who owes, or who may later owe, money to a taxpayer who has a tax-related liability, to pay to the Australian Taxation Office the money owed to the taxpayer. If the Issuer is served with such a notice in respect of Noteholder, then the Issuer will comply with that notice; and
- (o) *Taxation of financial arrangements (TOFA)* - New provisions have been introduced into the Australian Tax Act in Division 230 which represent a new code for the tax-timing and character treatment of gains and losses in relation to “financial arrangements”.

Division 230 will not apply in relation to Notes held by a Noteholder unless the Noteholder elects to apply the rules to financial arrangements they hold as at the commencement date applicable to the Noteholder (i.e. income years commencing on or after 1 July 2010 unless the Noteholder has elected to apply Division 230 from 1 July 2009).

Further, not all Noteholders will be subject to the TOFA rules. For example, they will generally not apply to Noteholders who are:

- (i) individuals;
- (ii) superannuation funds, approved deposit funds, pooled superannuation funds and managed investment schemes;
- (iii) certain financial entities; and
- (iv) entities other than of a kind mentioned in paragraphs (i), (ii) or (iii) above, unless:
 - (A) in the case of entities mentioned in paragraphs (ii), (iii) and (iv) above, they meet certain criteria specific to the type of entity; and
 - (B) in the case of all entities, they elect for the rules to apply to them.

If the TOFA rules apply to a Noteholder they should not apply to a payment of interest to the Noteholder if they are a non-Australian resident who does not hold their Notes in the course of carrying on business at or through a permanent establishment in Australia, as such payments should be exempt from interest withholding tax.

However, any other gain or loss derived or incurred by a Noteholder to whom the TOFA rules apply in relation to Notes (e.g. a gain or loss on the disposal or redemption of Notes) may be dealt with in accordance with the new rules (assuming an election to apply the rules to the Notes has been made).

TAXATION – ING GROENBANK

The following section applies to Notes issued by ING Groenbank only.

DUTCH TAXATION

General

This is a general summary and the tax consequences as described here may not apply to a holder of Notes issued by ING Groenbank. Any potential investor should consult his own tax adviser for more information about the tax consequences of acquiring, owning and disposing of Notes issued by ING Groenbank in his particular circumstances.

This taxation summary solely addresses the principal Dutch tax consequences of the acquisition, the ownership and disposition of Notes issued by ING Groenbank. It does not consider every aspect of taxation that may be relevant to a particular holder of Notes issued by ING Groenbank under special circumstances or who is subject to special treatment under applicable law. Where in this summary English terms and expressions are used to refer to Dutch concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Dutch concepts under Dutch tax law.

This summary is based on the tax law of The Netherlands (unpublished case law not included) as it stands as at 19 August 2009. The law upon which this summary is based is subject to change, possibly with retroactive effect. Any such change may invalidate the contents of this summary, which will not be updated to reflect such change. This summary assumes that each transaction with respect to Notes issued by ING Groenbank is at arm's length.

Withholding tax on payments under Notes issued by ING Groenbank

All payments under Notes, including payments made by the Global Issuer in satisfaction of its obligations pursuant to the 403 declaration, issued by ING Groenbank may be made free from withholding or deduction of or for any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, except where Notes issued by ING Groenbank are issued under such terms and conditions that such Notes are capable of being classified as equity of ING Groenbank for Dutch tax purposes or actually function as equity of ING Groenbank within the meaning of article 10, paragraph 1, letter d, of the Dutch Corporation Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*) and where Notes are issued that are redeemable in exchange for, convertible into or linked to shares or other equity instruments issued or to be issued by ING Groenbank or by any entity related to ING Groenbank.

Taxes on income and capital gains

Resident holders of Notes issued by ING Groenbank

The summary set out in this section “Dutch Taxation – Taxes on income and capital gains – Resident holders of Notes issued by ING Groenbank” only applies to a holder of Notes issued by ING Groenbank, who is a “Dutch Individual” or a “Dutch Corporate Entity”.

A holder of Notes issued by ING Groenbank is a “Dutch Individual” if:

- (a) he is an individual;
- (b) he is resident, or deemed to be resident, in The Netherlands for Dutch income tax purposes, or has elected to be treated as a resident of The Netherlands for Dutch income tax purposes;

- (c) the holder of Notes issued by ING Groenbank does not have a substantial interest (*aanmerkelijk belang*) or a deemed substantial interest (as defined below) within the meaning of Chapter 4 of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) in ING Groenbank; and
- (d) the Notes issued by ING Groenbank and income or capital gains derived therefrom have no connection with his past, present or future employment, if any.

The Dutch tax position of a holder of Notes who is an individual but who is not a “Dutch Individual” by virtue of not satisfying tests (c) and/or (d) above, is not discussed in this Base Prospectus. Generally, if a person holds an interest in a company, such interest forms part of a substantial interest or a deemed substantial interest in that company if any one or more of the following circumstances is present.

- 1 Such person alone or, if he is an individual, together with his partner (*partner*), if any, owns, directly or indirectly, a number of shares representing 5% or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of a company, or rights to acquire, directly or indirectly, shares, whether or not already issued, that represent 5% or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of a company, or profit participating certificates (*winstbewijzen*) that relate to 5% or more of the annual profit or to 5% or more of the liquidation proceeds of a company, or has a membership interest in, or an equivalent right to the net assets of a co-operative society (*coöperatie*) or an association on a co-operative basis (*vereniging op coöperatieve grondslag*) that represents at least 5% of the voting rights in such co-operative society or association on a co-operative basis.
- 2 Such person’s shares, profit participating certificates or rights to acquire shares or profit participating certificates have been acquired by him or are deemed to have been acquired by him under a non-recognition provision.
- 3 Such person’s partner or any of his relatives by blood or by marriage in the direct line (including foster-children) or of those of his partner has a substantial interest (as described under 1. and 2. above).

For purposes of the above:

- (i) a holder of Notes issued by ING Groenbank who is only entitled to the benefits from shares or profit participating certificates (for instance a holder of a right of usufruct) is deemed to be a holder of shares or profit participating certificates, as the case may be, and his entitlement to benefits is considered a share or profit participating certificate, as the case may be;
- (ii) a unit of a fund for joint account (*fonds voor gemene rekening*) within the meaning of article 4.5 of the Income Tax Act 2001 is deemed to be a share of a company; and
- (iii) a membership interest in, or an equivalent right to the net assets of a co-operative society or an association on a co-operative basis is deemed to be a profit participating certificate of a company.

A holder of Notes issued by ING Groenbank is a “Dutch Corporate Entity” if:

- it is a corporate entity (*lichaam*; including an association that is taxable as a corporate entity) that is subject to Dutch corporation tax;
- it is resident, or deemed to be resident, in The Netherlands for Dutch corporation tax purposes;
- it is not an entity that, although in principle subject to Dutch corporation tax, is, in whole or in part, specifically exempt from that tax;

- the benefits derived from any shares and Notes issued by ING Groenbank held by it in ING Groenbank are not exempt under the participation exemption (as laid down in the Dutch Corporation Tax Act 1969); and
- it is not an investment institution (*beleggingsinstelling*) as defined in the Dutch Corporation Tax Act 1969.

If a holder of Notes issued by ING Groenbank is not an individual and if it does not satisfy any one or more of these tests, with the exception of the second test, its Dutch corporation tax position is not discussed in this Base Prospectus.

Dutch Individuals deriving profits or deemed to be deriving profits from an enterprise

Any benefits derived or deemed to be derived from Notes issued by ING Groenbank, including any gain realised on the disposal thereof, by a Dutch Individual that are attributable to an enterprise from which such Dutch Individual derives profits, whether as an entrepreneur (*ondernemer*) or pursuant to a co-entitlement to the net value of an enterprise (other than as an entrepreneur or a shareholder), are generally subject to Dutch income tax at progressive rates.

Dutch Individuals deriving benefits from miscellaneous activities

Any benefits derived or deemed to be derived from Notes issued by ING Groenbank, including any gain realised on the disposal thereof, by a Dutch Individual that constitute benefits from miscellaneous activities (*resultaat uit overige werkzaamheden*) are generally subject to Dutch income tax at progressive rates.

Benefits derived from Notes by a Dutch Individual are taxable as benefits from miscellaneous activities if he, or an individual who is a connected person in relation to him as meant by article 3.91, paragraph 2, letter b, or c, of the Dutch Income Tax Act 2001, has a substantial interest in ING Groenbank.

Furthermore,

a Dutch Individual may, *inter alia*, derive benefits from Notes issued by ING Groenbank that are taxable as benefits from miscellaneous activities in the following circumstances:

- if his investment activities go beyond the activities of an active portfolio investor, for instance in the case of the use of insider knowledge (*voorkennis*) or comparable forms of special knowledge; or
- if he makes Notes issued by ING Groenbank available or is deemed to make Notes issued by ING Groenbank available, legally or in fact, directly or indirectly, to certain parties as meant in articles 3.91 and 3.92 of the Dutch Income Tax Act 2001 under circumstances described there.

Other Dutch Individuals

If a holder of Notes issued by ING Groenbank is a Dutch Individual, whose situation has not been discussed before in this section “Dutch Taxation – Taxes on income and capital gains – Resident holders of Notes”, benefits from his Notes issued by ING Groenbank are taxed as a benefit from savings and investments (*voordeel uit sparen en beleggen*). Such benefit is deemed to be 4% per annum of the average of his “yield basis” (*rendementsgrondslag*) at the beginning and at the end of the year, insofar as that average exceeds the “exempt net asset amount” (*heffingvrij vermogen*). The benefit is taxed at the rate of 30%. Actual benefits derived from his Notes issued by ING Groenbank, including any gain realised on the disposal thereof, are not as such subject to Dutch income tax.

The value of the Notes issued by ING Groenbank in principle forms part of the yield basis at the beginning and at the end of the year. The value of social investments (*maatschappelijke beleggingen*) is excluded from the yield basis at the beginning and at the end of the year up to a maximum of €55,145. Upon the joint request of the taxpayer and his partner the exclusion from the yield basis at the beginning and at the end of the year is increased to €110,290 and the exclusion from the yield basis at the beginning and at the end of the year of the partner is reduced to zero. Furthermore, for social investments there is a levy rebate (*heffingskorting*) of 1.3% of the average of the amount of the social investments that are excluded from the yield basis at the beginning and at the end of the year.

Notes issued by ING Groenbank qualify as social investments as long as ING Groenbank qualifies as a green bank (*groenbank*) and, therefore, Notes issued by ING Groenbank are taken into account together with other social investments, if any, held by a Dutch individual for purposes of determining the amount excluded from the yield basis at the beginning and at the end of the year.

Dutch Corporate Entities

Any benefits derived or deemed to be derived from Notes issued by ING Groenbank, including any gain realised on the disposal thereof, that are held by a Dutch Corporate Entity are generally subject to Dutch corporation tax.

Non-resident holders of Notes issued by ING Groenbank

The summary set out in this section “Dutch Taxation – Taxes on income and capital gains – Non-resident holders of Notes issued by ING Groenbank” only applies to a holder of Notes issued by ING Groenbank who is a Non-Resident holder of Notes issued by ING Groenbank.

A holder of Notes issued by ING Groenbank will be considered a Non-Resident holder of Notes issued by ING Groenbank if he satisfies the following tests:

- (a) he is neither resident, nor deemed to be resident, in The Netherlands for the purposes of Dutch income tax or corporation tax, as the case may be, and, in the case of an individual, has not elected to be treated as a resident of The Netherlands for Dutch income tax purposes;
- (b) if he is an individual, his Notes issued by ING Groenbank and income or capital gains derived therefrom have no connection with his past, present or future employment, if any; and
- (c) the holder of Notes issued by ING Groenbank does not have a substantial interest or a deemed substantial interest in ING Groenbank, unless such interest forms part of the assets of an enterprise.

See the section “Taxes on income and capital gains – Resident holders of Notes issued by ING Groenbank” for a description of the circumstances under which Notes issued by ING Groenbank form part of a substantial interest or a deemed substantial interest.

If a holder of Notes issued by ING Groenbank satisfies test (a) but does not satisfy test (b) and/or test (c), his Dutch income tax position or corporation tax position, as the case may be, is not discussed in this Base Prospectus.

Individuals

A Non-Resident holder of Notes issued by ING Groenbank who is an individual will not be subject to any Dutch taxes on income or capital gains in respect of any benefits derived or deemed to be derived from Notes issued by ING Groenbank, including any payment under Notes issued by ING Groenbank and any gain realised on the disposal of Notes issued by ING Groenbank, except if

- (i) he derives profits from an enterprise, whether as an entrepreneur (*ondernemer*) or pursuant to a co-entitlement to the net value of such enterprise, other than as a shareholder, such enterprise is either being managed in The Netherlands or carried on, in whole or in part, through a permanent establishment or a permanent representative in The Netherlands and his Notes issued by ING Groenbank are attributable to such enterprise; or
- (ii) he derives benefits or is deemed to derive benefits from Notes issued by ING Groenbank that are taxable as benefits from miscellaneous activities in The Netherlands (*resultaat uit overige werkzaamheden in Nederland*).

See the section “Dutch Taxation – Taxes on income and capital gains – Resident holders of Notes issued by ING Groenbank – Dutch Individuals deriving benefits from miscellaneous activities” for a non exhaustive description of circumstances under which the benefits derived from Notes issued by ING Groenbank may be taxable as benefits from miscellaneous activities, on the understanding that such benefits will be taxable in The Netherlands only if such activities are performed or deemed to be performed in The Netherlands.

Entities

A Non-Resident holder of Notes issued by ING Groenbank other than an individual will not be subject to any Dutch taxes on income or capital gains in respect of benefits derived or deemed to be derived from Notes issued by ING Groenbank, including any payment under Notes issued by ING Groenbank or any gain realised on the disposal of Notes issued by ING Groenbank, except if such Non-Resident holder of Notes issued by ING Groenbank derives profits from an enterprise whether as an entrepreneur or pursuant to a co-entitlement to the net value of such enterprise, other than as a holder of securities, such enterprise either being managed in The Netherlands or carried on, in whole or in part, through a permanent establishment or a permanent representative in The Netherlands and its Notes issued by ING Groenbank are attributable to such enterprise.

General

Subject to the above, a Non-Resident holder of Notes issued by ING Groenbank will not be subject to income taxation in The Netherlands by reason only of the execution (*ondertekening*), delivery (*overhandiging*) and/or enforcement of the documents relating to the issue of Notes issued by ING Groenbank or the performance by the Global Issuer of its obligations thereunder or under the Notes issued by ING Groenbank.

Gift and inheritance taxes

A person who acquires Notes issued by ING Groenbank as a gift, in form or in substance, or who acquires or is deemed to acquire Notes issued by ING Groenbank on the death of an individual, will not be subject to Dutch gift tax or to Dutch inheritance tax, as the case may be, unless:

- (i) the donor is, or the deceased was resident or deemed to be resident in The Netherlands for purposes of gift or inheritance tax, as the case may be; or
- (ii) the Notes issued by ING Groenbank are or were attributable to an enterprise or part of an enterprise that the donor or the deceased carried on through a permanent establishment or a permanent representative in The Netherlands at the time of the gift or of the death of the deceased; or

- (iii) the Notes issued by ING Groenbank represent an interest in real property, or rights over real property, situated in the Netherlands, within the meaning of article 2, paragraph 2 of the Dutch Legal Transactions Taxes Act (*Wet op belastingen van rechtsverkeer*); or
- (iv) the donor made a gift of Notes issued by ING Groenbank, then became a resident or deemed resident of The Netherlands, and died as a resident or deemed resident of The Netherlands within 180 days of the date of the gift.

Other taxes and duties

No Dutch registration tax, transfer tax, stamp duty or any other similar documentary tax or duty, other than court fees, is payable in The Netherlands in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including the enforcement of any foreign judgment in the courts of The Netherlands) of the documents relating to the issue of Notes issued by ING Groenbank, the performance by the Global Issuer of its obligations thereunder or under the Notes issued by ING Groenbank or in respect of or in connection with the transfer of Notes issued by ING Groenbank except that Dutch real property transfer tax (*overdrachtsbelasting*) may be due upon redemption of Notes issued by ING Groenbank in exchange for, or conversion of Notes issued by ING Groenbank into, assets that qualify as real property situated in the Netherlands for the purposes of Dutch real property transfer tax and where Notes issued by ING Groenbank are issued under such terms and conditions that they represent an interest in real property, or rights over real property, situated in the Netherlands, within the meaning of article 2, paragraph 2 of the Dutch Legal Transactions Taxes Act and where such Notes issued by ING Groenbank are transferred, exchanged or redeemed.

EU COUNCIL DIRECTIVE ON THE TAXATION OF SAVINGS INCOME

The Directive requires Member States to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual in another Member State, except that Austria, Belgium and Luxembourg will instead impose a withholding system for a transitional period unless during such period they elect otherwise. A number of third countries and territories including Switzerland have adopted similar measures to the EU Directive.

United States

The Global Issuer, the U.S. Issuer and the Americas Issuer

The Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer and the guarantee of the Guaranteed U.S. Notes and the guarantee of the Guaranteed Americas Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings assigned to them by Regulation S under the Securities Act.

Each Dealer will be required to represent and agree, save as described below in respect of Registered Notes issued in the United States, that it will not offer, sell or, in the case of bearer notes, deliver Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer of any Series (i) as part of its distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of an identifiable tranche of which Notes issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) are a part, as determined by the relevant Dealer or, in the case of an identifiable tranche of Notes issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) sold on a syndicated basis, the relevant lead manager, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer will be required to further agree that it will have sent to each dealer to which it sells Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer during the distribution compliance period (other than resales pursuant to Rule 144A) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) within the United States or to, or for the account or benefit of, U.S. persons. Until 40 days after the commencement of the offering of any identifiable tranche of Notes issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be), an offer or sale of Notes issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) within the United States by any dealer, whether or not

participating in the offering, may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A. Terms used in this paragraph have the meanings given to them by Regulation S of the Securities Act.

Each issuance of Index Linked or Dual Currency Notes by the Global Issuer and the Americas Issuer shall be subject to such additional U.S. selling restrictions as the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) and the relevant Dealer or Dealers (if any) shall determine as a term of the issuance and purchase of such Notes issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be), which additional selling restrictions shall be set out in the Final Terms.

Notes in bearer form

Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

Registered Notes

Offers, sales, resales and other transfers of Registered Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer in the United States (including offers, resales or other transfers made or approved by a Dealer in connection with secondary trading) shall be effected pursuant to an exemption from the registration requirements of the Securities Act.

Offers, sales, resales and other transfers of Registered Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer in the United States will be made only to Accredited Investors upon the delivery of an investment representation letter substantially in the form set out in Exhibit I to Appendix B of the Global Programme Agreement, the U.S. Programme Agreement or the Americas Programme Agreement (as the case may be) or, in the case of Registered Notes issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) resold or otherwise transferred pursuant to Rule 144A, to institutional investors that are reasonably believed to qualify as QIBs who are also with respect to Notes issued by the Americas Issuer qualified purchasers.

Registered Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer will be offered in the United States only by approaching prospective purchasers on an individual basis. No general solicitation or general advertising (as such terms are used in Rule 502 under the Securities Act) will be used in connection with the offering of the Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer in the United States and no directed selling efforts (as defined in Regulation S) shall be used in connection therewith.

No sale of Registered Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer in the United States to any one purchaser will be for less than U.S.\$150,000 principal amount or, in the case of sales to Accredited Investors, U.S.\$250,000 principal amount, and no Registered Note issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) will be issued in connection with such a sale in a smaller principal amount. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least U.S.\$150,000 or, in the case of sales to Accredited Investors, U.S.\$250,000 principal amount of Registered Notes issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be).

Each Registered Global Note issued by the Global Issuer, the U.S. Issuer and the Americas Issuer shall contain a legend stating that the relevant Registered Global Note issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) and the guarantee of the Guaranteed U.S. Notes and the guarantee

of the Guaranteed Americas Notes (as the case may be) has not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any State or other jurisdiction of the United States, that any resale or other transfer of such Registered Global Note issued by the Global Issuer, the U.S. Issuer or the Americas Issuer (as the case may be) or any interest therein may be made only:

- (a) to a Dealer;
- (b) to a qualified institutional buyer, who with respect to Notes issued by the Americas Issuer is reasonably believed to be a qualified purchaser, in a transaction which meets the requirements of Rule 144A;
- (c) outside the United States pursuant to Regulation S under the Securities Act; or
- (d) pursuant to an exemption from registration under the Securities Act provided by Rule 144 thereunder (if available),

and, in the case of a sale pursuant to (c) above, upon receipt by the relevant Dealer or the Global Issuer, the U.S. Issuer or the Americas Issuer, as the case may be, of certification as to compliance therewith by the parties to such transfer. Resale or secondary market transfer of Registered Notes issued by the Global Issuer, the U.S. Issuer and the Americas Issuer in the United States may be made in the manner and to the parties specified above. The following legend will be included on each Registered Note issued by the Global Issuer, the U.S. Issuer and the Americas Issuer:

“The Notes and the guarantee of the Guaranteed U.S. Notes and the guarantee of the Guaranteed Americas Notes (as the case may be) represented by this certificate have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”) or with any securities regulatory authority of any State or other jurisdiction of the United States, and may not be offered, sold, pledged or otherwise transferred in the United States or to, or for the account or benefit of, U.S. persons except pursuant to an effective registration statement under the Securities Act or an exemption from registration under the Securities Act. The transfer of this Note is subject to certain conditions, including those set forth in the form of transfer letters available upon request from the Registrar, The Bank of New York Mellon, in alliance with ISSNL (the “Registrar”). In the ING Groenbank Programme Agreement, ING Groenbank has agreed to reimburse the relevant Dealers for certain of their expenses in connection with the Programme and the issue of Notes by ING Groenbank under it.

United States

The Notes issued by ING Groenbank are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable tranche of Notes issued by ING Groenbank, an offer or sale of Notes issued by ING Groenbank within the United States by

any dealer (whether or not participating in the offering of such tranche of Notes issued by ING Groenbank) may violate the registration requirements of the Securities Act.

Notes issued by ING Groenbank in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States in respect of the Notes issued by ING Groenbank is unauthorised and any disclosure without the prior written consent of ING Groenbank of any of its contents to any such U.S. person or other person within the United States in respect of the Notes issued by ING Groenbank is prohibited.

European Economic Area

In relation to each Member State of the EEA which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Notes issued by ING Groenbank which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Instruments to the public in that Relevant Member State:

provided that no such offer of Notes referred to in (b) to (e) above shall require ING Groenbank or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression “an offer of Notes issued by ING Groenbank to the public” in relation to any Notes issued by ING Groenbank in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

Terms used in this paragraph have the meanings given to them by Regulation S of the Securities Act.

The Notes issued by the Canadian Issuer are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable tranche of Notes issued by the Canadian Issuer, an offer or sale of Notes issued by the Canadian Issuer within the United States by any dealer (whether or not participating in the offering of such tranche of Notes issued by the Canadian Issuer) may violate the registration requirements of the Securities Act.

European Economic Area

In relation to each Member State of the EEA which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Notes issued by the Canadian Issuer which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Instruments to the public in that Relevant Member State:

Italy

Any offer, sale or delivery of the Warrants issued by the Global Issuer or distribution of copies of this Base Prospectus or any other document relating to the Warrants issued by the Global Issuer in Italy must be:

- (a) made by an investment firm, bank or financial intermediary permitted to conduct such activities in Italy in accordance with Legislative Decree No. 58 of 24 February 1998 (the “Italian Financial Act”), Legislative Decree No.385 of 1 September 1993 (the “Italian Banking Act”) and CONSOB Regulation No. 16190 of 29 October 2007, all as amended;
- (b) in compliance with Article 129 of the Italian Banking Act and the implementing instructions of the Bank of Italy, as amended from time to time, pursuant to which the Bank of Italy may request post-offering information on the issue or the offer of securities in Italy; and
- (c) in compliance with any other applicable laws and regulations, including any limitation or requirement which may be imposed from time to time, *inter alia*, by CONSOB or the Bank of Italy.

In addition, any investor purchasing the Warrants is solely responsible for ensuring that any offer or resale of the Warrants by such investor occurs in compliance with applicable Italian laws and regulations. The information contained in this Base Prospectus is intended only for the use of its recipient. No person located in Italy other than the original recipients of this Base Prospectus may rely on its contents.

Additional selling restrictions may be provided in the relevant Final Terms.

Transfer restrictions in Italy

Article 100-*bis* of the Italian Financial Act affects the transferability of the Warrants in Italy to the extent that any placing of Warrants is made solely with qualified investors and such Warrants are then systematically resold to non-qualified investors on the secondary market at any time in the 12 months following such placing. Where this occurs, if a prospectus in compliance with the Prospectus Directive has not been published, purchasers of Warrants who are acting outside of the ordinary course of their business or profession may be entitled to declare such purchase void and to claim damages from any authorised person at whose premises the Warrants were purchased, unless an exemption provided for under the Italian Financial Act applies.

Norway

Reference is made to the general selling restriction for the European Economic Area, which applies to offers made in Norway with the following exception: A legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000; and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts, is not regarded as a “qualified investor” in the sense of article 2 (1) (e) (iii) of the Prospectus Directive unless it has registered with the Oslo Stock Exchange as a “professional investor”.

Hence, if an offer is not made pursuant to a prospectus which has been approved by the competent authority of an European Economic Area Member State and notified to the competent authority in Norway and has subsequently been completed by final terms contemplating the offer, and no other exception from the obligation to publish a prospectus applies, cf. article 3 (2) of the Prospectus Directive, the offer can not be made to legal entities which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000; and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts, unless said entities have registered with the Oslo Stock Exchange as “professional investors”.

An invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) may only be communicated or caused to be communicated in connection with the issue or sale of any Warrants in circumstances in which Section 21(1) of the FSMA would not, if the Global Issuer was not an authorised person, apply to the Global Issuer.

General

Section 130.1 of the Securities Act (Ontario) provides that every purchaser of securities pursuant to an offering memorandum (such as the Base Prospectus) shall have a statutory right of action for damages or rescission against the issuer and any selling security holder in the event that the offering memorandum contains a Misrepresentation. A purchaser who purchases securities offered by the offering memorandum during the period of distribution has, without regard to whether the purchaser relied upon the Misrepresentation, a right of action for damages or, alternatively, while still the owner of the securities, for rescission against the issuer and any selling security holder provided that:

- (a) if the purchaser exercises its right of rescission, it shall cease to have a right of action for damages as against the issuer and the selling security holders, if any;
- (b) the issuer and the selling security holders, if any, will not be liable if they prove that the purchaser purchased the securities with knowledge of the Misrepresentation;
- (c) the issuer and the selling security holders, if any, will not be liable for all or any portion of damages that it proves do not represent the depreciation in value of the securities as a result of the Misrepresentation relied upon; and
- (d) in no case shall the amount recoverable exceed the price at which the securities were offered.

Section 138 of the Securities Act (Ontario) provides that no action shall be commenced to enforce these rights more than:

- (a) in the case of an action for rescission, 180 days from the day of the transaction that gave rise to the cause of action; or
- (b) in the case of an action for damages, the earlier of:
 1. 180 days from the day that the purchaser first had knowledge of the facts giving rise to the cause of action; or
 2. three years from the day of the transaction that gave rise to the cause of action.

The rights referred to in section 130.1 of the Securities Act (Ontario) do not apply in respect of an offering memorandum (such as the Base Prospectus) delivered to a prospective purchaser in connection with a distribution made in reliance on the exemption from the prospectus requirement in section 2.3 of National Instrument 45-106 (the “accredited investor” exemption) if the prospective purchaser is:

- (i) a Canadian financial institution or a Schedule III bank;
- (ii) the Business Development Bank of Canada incorporated under the Business Development Bank of Canada Act (Canada); or
- (iii) a subsidiary of any person referred to in paragraphs (a) and (b), if the person owns all of the voting securities of the subsidiary, except the voting securities required by law to be owned by directors of that subsidiary.

New Brunswick

Section 150 of the Securities Act (New Brunswick) provides that where an offering memorandum (such as the Base Prospectus) contains a Misrepresentation, a purchaser who purchases securities shall be deemed to have relied on the Misrepresentation if it was a Misrepresentation at the time of purchase and:

- (a) the purchaser has a right of action for damages against the issuer and any selling security holder(s) on whose behalf the distribution is made; or
- (b) where the purchaser purchased the securities from a person referred to in paragraph (a), the purchaser may elect to exercise a right of rescission against the person, in which case the purchaser shall have no right of action for damages against the person.

This statutory right of action is available to New Brunswick purchasers whether or not such purchaser relied on the Misrepresentation. However, there are various defences available to the issuer and the selling security holder(s). In particular, no person will be liable for a Misrepresentation if such person proves that the purchaser purchased the securities with knowledge of the Misrepresentation when the purchaser purchased the securities. Moreover, in an action for damages, the amount recoverable will not exceed the price at which the securities were offered under the offering memorandum and any defendant will not be liable for all or any part of the damages that the defendant proves do not represent the depreciation in value of the security as a result of the misrepresentation.

If the purchaser intends to rely on the rights described in (a) or (b) above, such purchaser must do so within strict time limitations. The purchaser must commence its action to cancel the agreement within 180 days after the date of the transaction that gave rise to the cause of action. The purchaser must commence its action for damages within the earlier of:

- (a) one year after the purchaser first had knowledge of the facts giving rise to the cause of action; or
- (b) six years after the date of the transaction that gave rise to the cause of action.

Nova Scotia

The right of action for damages or rescission described herein is conferred by section 138 of the Securities Act (Nova Scotia). Section 138 of the Securities Act (Nova Scotia) provides, in relevant part, that in the event that an offering memorandum (such as the Base Prospectus), together with any amendment thereto, or any advertising or sales literature (as defined in the Securities Act (Nova Scotia)) contains a Misrepresentation, the purchaser will be deemed to have relied upon such Misrepresentation if it was a Misrepresentation at the time of purchase and has, subject to certain limitations and defences, a statutory right of action for damages against the issuer and, subject to certain additional defences, every director of the issuer at the date of the offering memorandum and every person who signed the offering memorandum or, alternatively, while still the owner of the securities purchased by the purchaser, may elect instead to exercise a statutory right of rescission against the issuer, in which case the purchaser shall have no right of action for damages against the issuer, directors of the issuer or persons who have signed the offering memorandum, provided that, among other limitations:

- (a) no action shall be commenced to enforce the right of action for rescission or damages by a purchaser resident in Nova Scotia later than 120 days after the date on which the initial payment was made for the securities;
- (b) no person will be liable if it proves that the purchaser purchased the securities with knowledge of the Misrepresentation;
- (c) in the case of an action for damages, no person will be liable for all or any portion of the damages that it proves do not represent the depreciation in value of the securities as a result of the Misrepresentation relied upon; and
- (d) in no case will the amount recoverable in any action exceed the price at which the securities were offered to the purchaser.

In addition, a person or company, other than the issuer, will not be liable if that person or company proves that:

- (a) the offering memorandum or amendment to the offering memorandum was sent or delivered to the purchaser without the person's or company's knowledge or consent and that, on becoming aware of its delivery, the person or company gave reasonable general notice that it was delivered without the person's or company's knowledge or consent;
- (b) after delivery of the offering memorandum or amendment to the offering memorandum and before the purchase of the securities by the purchaser, on becoming aware of any Misrepresentation in the offering memorandum or amendment to the offering memorandum the person or company withdrew the person's or company's consent to the offering memorandum or amendment to the offering memorandum, and gave reasonable general notice of the withdrawal and the reason for it; or
- (c) with respect to any part of the offering memorandum or amendment to the offering memorandum purporting (i) to be made on the authority of an expert, or (ii) to be a copy of, or an extract from, a report, an opinion or a statement of an expert, the person or company had no reasonable grounds to believe and did not believe that (A) there had been a Misrepresentation, or (B) the relevant part of the offering memorandum or amendment to offering memorandum did not fairly represent the report, opinion or statement of the expert, or was not a fair copy of, or an extract from, the report, opinion or statement of the expert.

Furthermore, no person or company, other than the issuer, will be liable with respect to any part of the offering memorandum or amendment to the offering memorandum not purporting (a) to be made on the

authority of an expert or (b) to be a copy of, or an extract from, a report, opinion or statement of an expert, unless the person or company (i) failed to conduct a reasonable investigation to provide reasonable grounds for a belief that there had been no Misrepresentation or (ii) believed that there had been a Misrepresentation.

If a Misrepresentation is contained in a record incorporated by reference into, or deemed incorporated by reference into, the offering memorandum or amendment to the offering memorandum, the Misrepresentation is deemed to be contained in the offering memorandum or an amendment to the offering memorandum.

Saskatchewan

Section 138 of The Securities Act, 1988 (Saskatchewan), as amended (the “Saskatchewan Act”) provides that where an offering memorandum (such as the Base Prospectus), together with any amendment thereto, contains a Misrepresentation, the purchaser will be deemed to have relied upon that Misrepresentation, if it was a Misrepresentation at the time of purchase, and has a right of action for rescission against the issuer or a selling security holder on whose behalf the distribution is made or has a right of action for damages against:

- (a) the issuer or a selling security holder on whose behalf the distribution is made;
- (b) every promoter and director of the issuer or the selling security holder, as the case may be, at the time the offering memorandum or any amendment to it was sent or delivered;
- (c) every person or company whose consent has been filed respecting the offering, but only with respect to reports, opinions or statements that have been made by them;
- (d) every person who or company that, in addition to the persons or companies mentioned in (a) to (c) above, signed the offering memorandum or the amendment to the offering memorandum; and
- (e) every person who or company that sells securities on behalf of the issuer or selling security holder under the offering memorandum or amendment to the offering memorandum.

Such rights of rescission and damages are subject to certain limitations including the following:

- (a) if the purchaser elects to exercise its right of rescission against the issuer or selling security holder, it shall have no right of action for damages against that party;
- (b) in an action for damages, a defendant will not be liable for all or any portion of the damages that he, she or it proves do not represent the depreciation in value of the securities resulting from the misrepresentation relied on;
- (c) no person or company, other than the issuer or a selling security holder, will be liable for any part of the offering memorandum or any amendment to it not purporting to be made on the authority of an expert and not purporting to be a copy of, or an extract from, a report, opinion or statement of an expert, unless the person or company failed to conduct a reasonable investigation sufficient to provide reasonable grounds for a belief that there had been no misrepresentation or believed that there had been a misrepresentation;
- (d) in no case shall the amount recoverable exceed the price at which the securities were offered; and
- (e) no person or company is liable in an action for rescission or damages if that person or company proves that the purchaser purchased the securities with knowledge of the misrepresentation.

In addition, no person or company, other than the issuer or selling security holder, will be liable if the person or company proves that:

- (a) the offering memorandum or any amendment to it was sent or delivered without the person's or company's knowledge or consent and that, on becoming aware of it being sent or delivered, that person or company gave reasonable general notice that it was so sent or delivered; or
- (b) with respect to any part of the offering memorandum or any amendment to it purporting to be made on the authority of an expert, or purporting to be a copy of, or an extract from, a report, an opinion or a statement of an expert, that person or company had no reasonable grounds to believe and did not believe that there had been a misrepresentation, the part of the offering memorandum or any amendment to it did not fairly represent the report, opinion or statement of the expert, or was not a fair copy of, or an extract from, the report, opinion or statement of the expert.

Not all defences upon which the Issuers or others may rely are described herein. Please refer to the full text of the Saskatchewan Act for a complete listing.

Similar rights of action for damages and rescission are provided in section 138.1 of the Saskatchewan Act in respect of a Misrepresentation in advertising and sales literature disseminated in connection with an offering of securities.

Section 138.2 of the Saskatchewan Act also provides that where an individual makes a verbal statement to a prospective purchaser that contains a Misrepresentation relating to the security purchased and the verbal statement is made either before or contemporaneously with the purchase of the security, the purchaser is deemed to have relied on the Misrepresentation, if it was a Misrepresentation at the time of purchase, and has a right of action for damages against the individual who made the verbal statement.

Section 141(1) of the Saskatchewan Act provides a purchaser with the right to void the purchase agreement and to recover all money and other consideration paid by the purchaser for the securities if the securities are sold in contravention of the Saskatchewan Act, the regulations to the Saskatchewan Act or a decision of the Saskatchewan Financial Services Commission.

Section 141(2) of the Saskatchewan Act also provides a right of action for rescission or damages to a purchaser of securities to whom an offering memorandum or any amendment to it was not sent or delivered prior to or at the same time as the purchaser enters into an agreement to purchase the securities, as required by Section 80.1 of the Saskatchewan Act.

The rights of action for damages or rescission under the Saskatchewan Act are in addition to and do not derogate from any other right which a purchaser may have at law.

Section 147 of the Saskatchewan Act provides that no action shall be commenced to enforce any of the foregoing rights more than:

- (a) in the case of an action for rescission, 180 days after the date of the transaction that gave rise to the cause of action; or
- (b) in the case of any other action, other than an action for rescission, the earlier of:
 - (i) one year after the plaintiff first had knowledge of the facts giving rise to the cause of action; or
 - (ii) six years after the date of the transaction that gave rise to the cause of action.

The Saskatchewan Act also provides a purchaser who has received an amended offering memorandum delivered in accordance with subsection 80.1(3) of the Saskatchewan Act has a right to withdraw from the

agreement to purchase the securities by delivering a notice to the person who or company that is selling the securities, indicating the purchaser's intention not to be bound by the purchase agreement, provided such notice is delivered by the purchaser within two business days of receiving the amended offering memorandum.

The securities legislation in the provinces of Manitoba, Newfoundland and Labrador, Prince Edward Island and the Yukon, Nunavut and Northwest Territories provides a statutory right of action for damages or rescission to purchasers resident in such provinces and territories, respectively, which rights are similar, but not identical, to the rights available to Ontario purchasers.

The foregoing summary is subject to the express provisions of the Securities Laws, and reference is made to the complete text of such provisions. Such provisions may contain limitations and statutory defences on which the Canadian Issuer, may rely.

The rights of action discussed above will be granted to the purchasers to whom such rights are conferred upon acceptance by the relevant dealer of the purchase price for the securities. The rights discussed above are in addition to and without derogation from any other right or remedy which purchasers may have at law.

For as long as any of the Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer remain outstanding and are “restricted securities” within the meaning of Rule 144(a)(3) under the Securities Act, the Global Issuer, the U.S. Issuer and/or the Americas Issuer (as the case may be) will, during any period in which it is not subject to Section 13 or 15(d) under the U.S. Securities Exchange Act of 1934, nor exempt from reporting pursuant to Rule 12g3-2(b) under such Act, make available, upon request, to any person in whose name a Restricted Global Note representing Notes issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer is registered, to any owner of a beneficial interest in a Restricted Global Note issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer, to a prospective purchaser of a Note issued by the Global Issuer, the U.S. Issuer and/or the Americas Issuer or beneficial interest therein who is a qualified institutional buyer within the meaning of Rule 144A, and with respect to Notes issued by the Americas Issuer a qualified purchaser, designated by any such person or beneficial owner, or to the Registrar for delivery to any such person, beneficial owner or prospective purchaser, as the case may be, in connection with the resale of a beneficial interest in such Restricted Global Note by such person or beneficial owner, the information specified in Rule 144(d)(4).

The EU Transparency Obligations Directive

The EU Transparency Obligations Directive was implemented in Luxembourg pursuant to a Luxembourg law dated 11 January 2008 and will be required to be implemented in The Netherlands as well as any other jurisdiction in the EEA in which a regulated market on which ING Australia and/or the U.S. Issuer may seek to list Notes is situated or operating.

Following such implementation of the EU Transparency Obligations Directive, ING Australia may be required to prepare its financial statements in accordance with, or reconciled to, International Financial Reporting Standards, unless Australian IFRS are deemed equivalent standards for the purposes of such Directive. If Australian IFRS are not deemed equivalent standards, the obligation to prepare financial statements in accordance with, or reconciled to, International Financial Reporting Standards in the circumstances described above may be unduly burdensome for ING Australia. Consequently, ING Australia may decide, pursuant to the provisions of the Australian Programme Agreement, to delist the Notes from Euronext Amsterdam, the market of the Luxembourg Stock Exchange appearing on the list of regulated

markets issued by the European Commission or any other regulated market situated or operating in a jurisdiction in the EEA on which ING Australia has listed Notes and seek an alternative listing for the Notes on another stock exchange.

Following such implementation of the EU Transparency Obligations Directive, the U.S. Issuer may be required to prepare its financial statements in accordance with, or reconciled to, International Financial Reporting Standards, unless generally accepted accounting principles in the United States (“US GAAP”) are deemed equivalent standards for the purposes of such Directive. If US GAAP are not deemed equivalent standards, the obligation to prepare financial statements in accordance with, or reconciled to, International Financial Reporting Standards in the circumstances described above may be unduly burdensome for the U.S. Issuer. Consequently, the U.S. Issuer may decide, pursuant to the provisions of the U.S. Programme Agreement, to delist the Notes from Euronext Amsterdam, the market of the Luxembourg Stock Exchange appearing on the list of regulated markets issued by the European Commission or any other regulated market situated or operating in a jurisdiction in the EEA on which the U.S. Issuer has listed Notes and seek an alternative listing for the Notes on another stock exchange.

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in the General Conditions are not applicable.

Subject as set out below, title to the Bearer Notes, Receipts and Coupons will pass by delivery and title to the Registered Notes will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. For Notes held by Euroclear Netherlands deliveries will be made in accordance with the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*). Except as ordered by a court of competent jurisdiction or as required by law or applicable regulations, the Issuer, the Agent, the Replacement Agent (as defined in the Agency Agreement), the Registrar, any Transfer Agent and any Paying Agent may deem and treat the bearer of any Bearer Note, Receipt or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a global Bearer Note held on behalf of Euroclear Bank S.A./N.V. Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be treated by the Issuer, the Replacement Agent, any Transfer Agent, the Registrar, the Agent and any Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly and such expressions shall include those persons having a credit balance in the collective depots in respect of Notes held by Euroclear Netherlands or one of its participants). For so long as The Depository Trust Company (“DTC”) or its nominee is the registered holder of any Registered Global Notes, DTC or such nominee, as the case may be, will be considered the absolute owner or holder of the Registered Notes represented by such registered global Note for all purposes and members of, or participants in, DTC (the “Agent Members”) as well as any other person on whose behalf the Agent Members may act will have no rights under a registered global Note. Owners of beneficial interests in a registered global Note will not be considered to be the owners or holders of any Registered Notes.

References to Euroclear, Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Agent but shall not include Euroclear Netherlands.

Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined above) of any Norwegian Note shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it and no person shall be liable for so treating the holder. The Issuer shall be entitled to obtain information from the Register in accordance with the Swedish CSD Rules.

2 Status of the Senior Notes

The Senior Notes and the relative Receipts and Coupons are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain debts required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer from time to time outstanding.

3 Status and Characteristics relating to Subordinated Notes

The Subordinated Notes of this Series and the relative Receipts and Coupons constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* among themselves and at least *pari passu* with all other present and future unsecured and subordinated obligations of the Issuer, save for those that have been accorded by law preferential rights.

In the event of the dissolution (*ontbinding*) of the Issuer or if the Issuer is declared bankrupt (*failliet verklaard*) or if a moratorium (*surseance van betaling*) or emergency regulation (*noodregeling*) resulting from the application of emergency measures as referred to in Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) is declared in respect of the Issuer, then and in any such event the claims of the persons entitled to be paid amounts due in respect of the Subordinated Notes shall be subordinated to all other claims in respect of any other indebtedness of the Issuer except for other Subordinated Indebtedness (as defined below), to the extent that, in any such event, no amount shall be eligible for setting-off or shall be payable to any or all the persons entitled to be paid amounts due in respect of the Subordinated Notes in respect of the obligations of the Issuer thereunder until all other indebtedness of the Issuer which is admissible in any such dissolution, bankruptcy, moratorium or emergency regulation (other than Subordinated Indebtedness) has been paid or discharged in full.

“Subordinated Indebtedness” means any indebtedness of the Issuer, including any guarantee by the Issuer, under which the right of payment of the person(s) entitled thereto is, or is expressed to be, or is required by any present or future agreement of the Issuer to be, subordinated to the rights of all unsubordinated creditors of the Issuer in the event of the dissolution of the Issuer or if the Issuer is declared bankrupt or if a moratorium or emergency regulation resulting from the application of emergency measures as referred to in Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act is declared in respect of the Issuer.

For the purposes of the solvency guidelines as applied by the Dutch Central Bank (*De Nederlandsche Bank N.V.*) to which the Issuer is subject, Subordinated Notes may qualify as either tier 2 capital (“Tier 2 Notes”) or tier 3 capital (“Tier 3 Notes”), as referred to in such solvency guidelines. The Tier 2 Notes and the Tier 3 Notes rank *pari passu* among themselves.

4 Interest

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest so specified payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the General Conditions, “Fixed Interest Period” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall (subject to the following sentence) be calculated by applying the Rate of Interest to each Specified

Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms), multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If, however, the applicable Final Terms specify that Aggregate Nominal Amount Determination is applicable, then if interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest to the outstanding aggregate nominal amount of the relevant series of Notes, multiplying such sum by the applicable Day Count Fraction, dividing the resultant figure by the number of such Notes, and rounding the resultant figure(s) down to the nearest sub-unit of the relevant Specified Currency.

“Day Count Fraction” means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a) of the General Conditions:

- (i) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “Accrual Period”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (i) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (ii) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the applicable Final Terms, the number of days in the relevant Accrual Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Accrual Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Accrual Period falls;

“M₂” is the calendar month, expressed as number, in which the day immediately following the last day included in the Accrual Period falls;

“D₁” is the first calendar day, expressed as a number, of the Accrual Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Accrual Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30.

In the General Conditions:

“Determination Period” means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes*

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an “Interest Payment Date”) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an “Interest Payment Date”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in the General Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) of the General Conditions, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day

unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention (Adjusted), such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Modified Following Business Day Convention (Unadjusted), (i) for the purpose of calculating the amount of interest payable under the Notes, such Interest Payment Date shall not be adjusted and (ii) for any other purpose, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (5) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the General Conditions, “Business Day” means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Amsterdam and any Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than Amsterdam and any Additional Business Centre and which if the Specified Currency is Australian dollars shall be Sydney and if New Zealand dollars, Auckland and Wellington) or (2) in relation to interest payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET 2) System (the “TARGET System”) is open for the settlement of payments in euro.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of the Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(iii) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (iii), “ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under

the terms of an agreement incorporating the 2006 ISDA Definitions (as amended and updated as at the Issue Date of the first Tranche of the Notes) as published by the International Swaps and Derivatives Association, Inc. (the “ISDA Definitions”) under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is the period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“LIBOR”) or on the Euro-zone inter-bank offered rate (“EURIBOR”) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (iii), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

(iv) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (B) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(v) Minimum and/or Maximum Rate of Interest

If the applicable Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraphs (ii), (iii) and (iv) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specify a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraphs (ii), (iii) and (iv) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(vi) Determination of Rate of Interest and Calculation of Interest Amounts

The Agent, in the case of Floating Rate Notes, will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the “Interest Amount”) payable on the Floating Rate Notes in respect of each Specified Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms) for the relevant Interest Period. Each Interest Amount or any other amount of interest payable in respect of any Note for any period shall (subject to the following sentence) be calculated by applying the Rate of Interest to the Specified Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms), multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If, however, the applicable Final Terms specify that Aggregate Nominal Amount Determination is applicable, then each Interest Amount or any other amount of interest payable in respect of any Note for any period shall be calculated by applying the Rate of Interest to the outstanding aggregate nominal amount of the relevant series of Notes, multiplying such sum by the applicable Day Count Fraction, dividing the resultant figure by the number of such Notes, and rounding the resultant figure(s) down to the nearest sub-unit of the relevant Specified Currency.

“Day Count Fraction” means, in respect of the calculation of an amount of interest on any Floating Rate Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period, the “Calculation Period”) in accordance with this Condition 4(b) of the General Conditions:

- (A) if “Actual/Actual” or “Actual/Actual (ISDA)” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (i) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (ii) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (B) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365;
- (C) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (D) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360;
- (E) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“M₂” is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

“D₁” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (F) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“D₁” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D₂ will be 30; and

- (G) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“D₁” is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(vii) Notification of Rate of Interest and Interest Amount

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being admitted to trading or listed and notice thereof to be published in accordance with Condition 13 of the General Conditions as soon as possible after their determination but in no event later than the fourth London Business Day (as defined below) thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being admitted to trading or listed and to the Noteholders in accordance with Condition 13 of the General Conditions. For the purposes of Condition 4(b) (vii) of the General Conditions, the expression “London Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(viii) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this paragraph (b), whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent or, if applicable, the Calculation Agent, as the case may be, the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent

or, if applicable, the Calculation Agent, the Issuer or that other agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Dual Currency Interest Notes*

The rate or amount of interest payable shall be determined in the manner specified in the applicable Final Terms.

(d) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given in accordance with Condition 13 of the General Conditions or individually.

(f) *Deferral of Interest on Tier 3 Notes*

Interest on Tier 3 Notes will not be payable on the due date thereof if and to the extent that at the time, or as a result of such payment, the Issuer's actual Own Funds (as defined below) would amount to less than such percentage of the Issuer's required minimum amount of Own Funds under the solvency guidelines as applied from time to time by the Dutch Central Bank. Any interest in respect of Tier 3 Notes not paid on a date on which such interest would otherwise be payable will be paid by the Issuer if and to the extent that the Issuer will meet the solvency test referred to in the previous sentence. Any arrears of interest will also become fully payable on the date of the dissolution of the Issuer, the date on which the Issuer is declared bankrupt or the date on which a moratorium or emergency regulation resulting from the application of emergency measures as referred to in Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act is declared in respect of the Issuer. Where any amount of interest is paid in part, each part payment shall be made *pro rata* to the Tier 3 Noteholders and shall be in respect of the interest accrued furthest from the date of payment. Any arrears of interest shall not themselves bear interest.

"Own Funds" means the amount of shareholders' and other funds which qualify as actual own funds (*toetsingsvermogen*) under the applicable solvency guidelines as applied by the Dutch Central Bank (*De Nederlandsche Bank N.V.*).

(g) *Interest on Swedish Notes*

For the purposes of calculation of any amount of interest on Swedish Notes, the provisions of this Condition 4 of the General Conditions shall be amended so that all periods (including but not limited to in respect of "Fixed Interest Period", "Accrual Period", "Calculation Period" and "Determination Period") shall consist of the period from (but excluding) the first day of the relevant period up to (and including) the last day of the relevant period.

(h) Interest Rates Positive

Unless specified otherwise in the applicable Final Terms, the rate of interest payable in respect of the Notes shall never be less than zero. If the formula or other method for determining a rate of interest applicable to the Notes would result in a negative figure, the applicable rate of interest will be deemed to be zero.

5 Payments**(a) Method of Payment**

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained and specified by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Melbourne and if New Zealand dollars, Wellington); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment.

(b) Presentation of Notes, Receipts and Coupons

Other than in the case of definitive Bearer Notes in CF-form, payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against surrender of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the State and District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of principal in respect of any definitive Bearer Notes in CF-form will be made in the manner provided in paragraph (a) above only against surrender of definitive Notes together with the Coupon sheet attached. Payments of interest in respect of any definitive Bearer Notes in CF-form will be made in conformity with the agreement concluded between the Issuer and *Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V.* in Amsterdam (the “Obligatiekantoor”), under which agreement the Issuer has accepted the rules and regulations of the Obligatiekantoor.

Payments of instalments of principal in respect of definitive Bearer Notes (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Note to which it appertains. Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Bearer Note becomes due and repayable, unmaturing Receipts (if any)

relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive bearer form (other than Dual Currency Notes or Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined below) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8 of the General Conditions) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter. Upon any such Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

As used herein, the “Relevant Date” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13 of the General Conditions. If and to the extent that, in respect of any Tier 3 Notes, any amount is not payable or repayable pursuant to Condition 4(f) or 6(l) of the General Conditions, the Relevant Date shall be the date on which any such amount becomes first payable or repayable.

Upon the date on which any Floating Rate Note, Dual Currency Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “Long Maturity Note” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Bearer Note will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant global Bearer Note (in the case of a global Bearer Note not in New Global Note form, against presentation or surrender, as the case may be, of such global Bearer Note at the specified office of any Paying Agent outside the United States, and in the case of a global Bearer Note in New Global Note form, by payment to or to the order of the common safekeeper for such global Bearer Note). A record of each payment made against presentation or surrender of any such global Bearer Note not in New Global Note form, distinguishing between any payment of principal and any payment of interest, will be made on such global Bearer Note by such Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made. If a global Bearer Note is in New Global Note form, the Issuer shall procure that details of each payment of principal and interest (if any) made in respect of Notes represented by the New Global

Note shall be entered *pro rata* in the records of the relevant clearing system and, in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the global Bearer Note will be reduced accordingly. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

Where a global Bearer Note is an New Global Note, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, shall be entered in the records of the relevant clearing systems and upon any such entry being made, the nominal amount of the Notes represented by such global Bearer Note shall be adjusted accordingly.

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer in respect of any payments due on that global Note.

In the case of Notes held by Euroclear Netherlands, payment of interest or principal or any other payments on or in respect of the Notes to the Noteholders will be effected through Participants of Euroclear Netherlands. The Issuer shall deposit or cause to be deposited the funds intended for payment on the Notes in an account of Euroclear Netherlands. The Issuer will by such deposit be discharged of its obligations towards the Noteholders. No person other than the holder of the global Note shall have any claim against the Issuer in respect of any payments due on that global Note. Euroclear Netherlands will be discharged of its obligation to pay by paying the relevant funds to the Euroclear Netherlands Participants which according to Euroclear Netherlands' record hold a share in the *girodepot* with respect to such Notes, the relevant payment to be made in proportion to the share in such *girodepot* held by each of such Euroclear Netherlands Participants. Euroclear Netherlands shall not be obliged to make any payment in excess of funds it actually received as funds free of charges of any kind whatsoever.

All amounts payable to DTC or its nominee as registered holder of a registered global Note in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of one or more of the Transfer Agents on behalf of DTC or its nominee for payment in such Specified Currency or conversion into U.S. dollars in accordance with the provisions of the Agency Agreement.

Payments of principal, interest and/or any other amount payable under the General Conditions in respect of Finnish Notes shall be made to the Noteholders recorded as such on the business day (as defined by the then applicable Finnish CSD Rules) before the due date for such payment, or such other business day as may then be stipulated in the Finnish CSD Rules. Such day shall be the Record Date in respect of the Finnish Notes.

Payments of principal, interest and/or any other amount payable under the General Conditions in respect of Norwegian Notes shall be made to the Noteholders recorded as such on the fifth business day before the due date for such payment. As far as Norwegian Notes are concerned, the fifth business day before the date of payment shall be considered the due date in respect of the Norwegian Registration of Financial Instruments Act Section 7-4, and payment by the Issuer to the party who was

registered as holder of the Note on the fifth business day before payment is due frees the Issuer from its liability.

Payments of principal, interest and/or any other amount payable under the General Conditions in respect of Swedish Notes shall be made to the Noteholders recorded as such on the fifth business day (as defined by the then applicable Swedish CSD Rules) before the due date for such payment, or such other business day falling closer to the due date as may then be stipulated in said Rules. Such day shall be the Record Date in respect of the Swedish Notes.

Notwithstanding the foregoing, U.S. dollar payments of principal and interest in respect of Bearer Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

Subject as set out below, payments of principal in respect of Registered Notes (whether in definitive or global form) will be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due only, endorsement) of such Notes at the specified office of the Registrar or at the specified office of any Paying Agent. Payments of interest due on a Registered Note and payments of instalments (if any) of principal on a Registered Note, other than the final instalment, will be made to the person in whose name such Note is registered at the close of business on the fifteenth day (whether or not such fifteenth day is a business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) (the “Record Date”)) prior to such due date. In the case of payments by cheque, cheques will be mailed to the holder (or the first named of joint holders) at such holder’s registered address on the due date. If payment is required by credit or transfer as referred to in paragraph (a) above, application for such payment must be made by the holder to the Registrar not later than the relevant Record Date.

(c) *Payment Day*

Unless otherwise specified in the applicable Final Terms in relation to a Tranche of Notes, if the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes (unless otherwise specified in the applicable Final Terms), “Payment Day” means any day which (subject to Condition 8 of the General Conditions) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation;

- (B) London;
 - (C) Amsterdam; and
 - (D) any Additional Financial Centre specified in the applicable Final Terms;
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London, Amsterdam or any Additional Financial Centre and which if the Specified Currency is Australian dollars shall be Sydney and if New Zealand dollars Auckland and Wellington) or (2) in relation to any sum payable in euro, a day on which the TARGET System is open; and
 - (iii) in the case of any payment in respect of a Restricted Global Note denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and, in respect of which an accountholder of DTC (with an interest in such Restricted Global Note) has elected to receive any part of such payment in U.S. dollars, not a day on which banking institutions are authorised or required by law or regulation to be closed in New York City.

Notwithstanding anything else in these General Conditions, in the event that an Interest Payment Date is brought forward under Condition 4(b) of the General Conditions through the operation of a Business Day Convention in circumstances which were not reasonably foreseeable by the Issuer, the relevant Payment Day shall be the first Payment Day after the Interest Payment Date as so brought forward.

(d) *Interpretation of Principal*

Any reference in the General Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) the amount at which each Note will be redeemed on the Maturity Date of the Notes (“Final Redemption Amount”);
- (ii) the redemption amount in respect of Notes payable on redemption for taxation reasons or following an Event of Default (“Early Redemption Amount”);
- (iii) the Optional Redemption Amount(s) (if any) of the Notes;
- (iv) in relation to Instalment Notes, the Instalment Amounts;
- (v) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6(f)(iii)); and
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

6 Redemption and Purchase

(a) *At Maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note (including each Dual Currency Redemption Note) will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) Redemption for Tax Reasons

If the Issuer, on the occasion of the next payment due in respect of the Notes, would be required to withhold or account for tax in respect of the Notes, then the Issuer shall forthwith give notice of such circumstance to Noteholders. In such event, the Issuer may, but shall not be obliged to, on giving not more than 30 nor less than 15 days' notice to the Noteholders (or such other period of notice as is specified in the applicable Final Terms), and upon expiry of such notice, redeem all but not some of the Notes at their Early Redemption Amount.

Notwithstanding the foregoing, if any of the taxes referred to above arises (i) by reason of any Noteholder's connection with any particular jurisdiction otherwise than by reason only of the holding of any Note or receiving or being entitled to principal or interest in respect thereof; or (ii) by reason of the failure by the relevant Noteholder to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax, then to the extent it is able to do so, the Issuer shall deduct such taxes from the amounts payable to such Noteholder and all other Noteholders shall receive the due amounts payable to them.

(c) Redemption at the Option of the Issuer (Issuer Call)

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice (or such other period of notice as is specified in the applicable Final Terms) to the Noteholders in accordance with Condition 13 of the General Conditions; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent,

(both of which notices shall be irrevocable) redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s). In respect of Finnish or Swedish Notes, the notice shall in each case also specify the closed period for the purposes of the second paragraph of Condition 6(m) of the General Conditions.

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount (if any) or not more than the Maximum Redemption Amount (if any), in each case as specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("Redeemed Notes") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or Euroclear Netherlands and/or, as the case may be, DTC, in the case of Redeemed Notes represented by a global Note, not more than 30 days prior to the date fixed for redemption (or such other period as is specified in the applicable Final Terms) (such date of selection being hereinafter called the "Selection Date"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 of the General Conditions not less than 15 days (or such other period as is specified in the applicable Final Terms) prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal

amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this subparagraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 of the General Conditions at least 5 days prior to the Selection Date. In respect of a partial redemption of Finnish Notes, the notice shall also specify the Finnish Notes or amounts of the Finnish Notes to be redeemed and the closed period for the purposes of the second paragraph of Condition 6(m) of the General Conditions in respect of the relevant Finnish Notes and the procedures for partial redemption laid down in the then applicable Finnish CSD Rules will be observed. In respect of a partial redemption of Swedish Notes, the notice shall also specify the Swedish Notes or amounts of the Swedish Notes to be redeemed and the closed period for the purposes of the second paragraph of Condition 6(m) of the General Conditions in respect of the relevant Swedish Notes and the procedures for partial redemption laid down in the then applicable Swedish CSD Rules will be observed.

(d) *Redemption at the Option of the Noteholders (Noteholder Put)*

If Noteholder Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 of the General Conditions not less than 15 nor more than 30 days' notice (or such other period of notice as is specified in the applicable Final Terms) (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, deliver at the specified office of any Paying Agent, any Transfer Agent or, as the case may be, the Registrar at any time during normal business hours of such Paying Agent, Transfer Agent or Registrar falling within the notice period, a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent, any Transfer Agent or the Registrar (a "Put Notice") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 6 of the General Conditions accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a global Bearer Note or is in definitive form and held through Euroclear, Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period concerned, give notice of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them or, if applicable, Euroclear Netherlands to the Agent by electronic means), in a form acceptable to Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands from time to time and, at the same time, present or procure the presentation of the relevant Global Bearer Note to the Agent for notation accordingly. In respect of Finnish Notes and Swedish Notes, the Put Notice shall not take effect against the Issuer before the date on which the relevant Finnish Notes or Swedish Notes have been transferred to the account designated by the Finnish Issuing Agent or Swedish Issuing Agent and blocked for further transfer by the Swedish Issuing Agent (such date will be the first date of a closed period for the purposes of the second paragraph of Condition 6(m) of the General Conditions).

Any Put Notice given by a holder of any Senior Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Senior Note forthwith due and payable pursuant to Condition 9 of the General Conditions.

(e) *Redemption of Subordinated Notes*

Subordinated Notes may only be redeemed early on receipt of the written approval of the Dutch Central Bank (*De Nederlandsche Bank N.V.*).

(f) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 9 of the General Conditions, each Note will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of a Note with a Final Redemption Amount equal to its nominal amount, at the Final Redemption Amount thereof, together with interest (if any) accrued to (but excluding) the date of redemption; or
- (ii) in the case of a Note (other than a Zero Coupon Note or a Note to which paragraph (iv) below applies, but including an Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than its nominal amount or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount, together in each case with interest (if any) accrued to (but excluding) the date of redemption; or
- (iii) in the case of a Zero Coupon Note (other than a Zero Coupon Note to which paragraph (iv) below applies), at an amount (the “Amortised Face Amount”) equal to the sum of:
 - (A) the Reference Price; and
 - (B) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date of the first Tranche of Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, it shall be made (A) in the case of a Zero Coupon Note other than a Zero Coupon Note payable in euro, on the basis of a 360-day year consisting of 12 months of 30 days each or (B) in the case of a Zero Coupon Note payable in euro, on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed falls in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non-leap year divided by 365) or (in either case) on such other calculation basis as may be specified in the applicable Final Terms; or

- (iv) in the case of a Note for which the applicable Final Terms provide for the Early Redemption Amount to be equal to the Fair Market Value of the Note, the Calculation Agent shall calculate the Early Redemption Amount in its sole discretion, acting reasonably, by determining the fair market value of the Note two Business Days (or such other period as is specified in the applicable Final Terms) prior to (x) the date fixed for redemption or (y) (as the case may be) the date upon which such Note becomes due and payable (unless specified otherwise in the Final Terms, taking into account the cost to the Issuer of amending or liquidating any financial

instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions).

(g) *Instalments*

Instalment Notes will be repaid in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (f) above.

(h) *Partly Paid Notes*

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition of the General Conditions and the applicable Final Terms.

(i) *Purchases*

The Issuer or any of its subsidiaries may at any time purchase Notes (provided that, in the case of definitive Notes, all unmaturing Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, re-issued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

(j) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmaturing Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph (i) above (together with all unmaturing Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be re-issued or resold.

(k) *Late Payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 9 of the General Conditions is improperly withheld or refused, the amount due and payable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (f)(iii) above (if such Condition is stated to be applicable to the Note in the applicable Final Terms) as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13 of the General Conditions.

(l) *Deferral of Principal of Tier 3 Notes*

The principal of Tier 3 Notes will not be repayable on the due date thereof if and to the extent that at the time or as a result of such payment the Issuer's actual Own Funds (as defined in Condition 4(f) of the General Conditions) would amount to less than such percentage of the Issuer's required minimum amount of Own Funds under the solvency guidelines as applied from time to time by the Dutch Central Bank (*De Nederlandsche Bank N.V.*). Any principal of Tier 3 Notes not paid on the date on which such principal would otherwise be payable will be paid by the Issuer if and to the extent that the Issuer will

meet the solvency test referred to in the previous sentence. Any arrears of principal will also become fully payable on the date of the dissolution of the Issuer, the date on which the Issuer is declared bankrupt or the date on which a moratorium or emergency regulation resulting from the application of emergency measures as referred to in Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act is declared in respect of the Issuer. Where any amount of principal is paid in part, each part payment shall be made *pro rata* to the Tier 3 Noteholders. Any arrears of principal shall continue to bear interest at the rate applicable to the relevant Tier 3 Notes.

(m) *Redemption – Other*

The Issuer may at any time, on giving not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 13 of the General Conditions, redeem all but not some only of the Notes for the time being outstanding at their Early Redemption Amount if, prior to the date of such notice, 90 per cent. or more in nominal amount of the Notes hitherto issued have been redeemed.

No Noteholder may require the transfer of a Finnish or Swedish Note to be registered during the period from (and including) the Record Date in respect of the due date for redemption of such Note and through such due date or during a period which is equivalent to such closed period pursuant to the then applicable Finnish or Swedish CSD Rules respectively.

In addition, the Issuer may (i) at any time, on giving not less than 15 nor more than 30 days' notice (or such other period of notice as specified in the applicable Final Terms) to the Noteholders in accordance with Condition 13 of the General Conditions, redeem the Notes for the time being outstanding on such other terms as may be specified in the applicable Final Terms and (ii) issue Notes which may be redeemed in other circumstances specified in the applicable Final Terms.

Unless specified otherwise in the applicable Final Terms, the Final Redemption Amount or the Early Redemption Amount (as the case may be) payable in respect of the Notes shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Unless specified otherwise in the applicable Final Terms, the Final Redemption Amount or the Early Redemption Amount (as the case may be) payable in respect of the Notes shall never be less than zero. If the formula or other method for determining the Final Redemption Amount or the Early Redemption Amount (as the case may be) applicable to the Notes would result in a negative figure, the Final Redemption Amount or the Early Redemption Amount (as the case may be) will be deemed to be zero.

7 Taxation

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation or surrender for payment or enforcement of any Note and all payments made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

8 Prescription

The Notes, Receipts and Coupons will become void unless presented for payment within a period of five years after the date on which such payment first becomes due.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 8 of the General Conditions or

Condition 5(b) of the General Conditions or any Talon which would be void pursuant to Condition 5(b) of the General Conditions.

Claims against the Issuer for payment of principal, interest and/or any other amount payable in respect of the Norwegian Notes or the Swedish Notes shall be prescribed and become void unless made within a period of five years after the date on which such payment first becomes due.

9 Events of Default relating to Senior Notes

If any one or more of the following events (each an “Event of Default”) shall have occurred and be continuing:

- (i) default is made for more than 30 days in the payment of interest or principal in respect of the Notes; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Notes and such failure has continued for the period of 60 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (iii) the Issuer is declared bankrupt, the Issuer is granted a moratorium or a declaration in respect of the Issuer is made to apply the emergency regulation under Chapter 3, Section 3.5.5.1 of the Dutch Financial Supervision Act; or
- (iv) an order is made or an effective resolution is passed for the winding up or liquidation of the Issuer unless this is done in connection with a merger, consolidation or other form of combination with another company, the terms of which merger, consolidation or combination (A) have the effect of the emerging or such other surviving company assuming all obligations contracted for by the Issuer in connection with the Notes or (B) have previously been approved by an Extraordinary Resolution of the Noteholders,

then any Senior Noteholder may, by written notice to the Issuer at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare the Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith (or in the case of Finnish Notes, the following business day or, in the case of Swedish Notes, on such later date on which the relevant Notes have been transferred to the account designated by the Swedish Issuing Agent and blocked for further transfer by the Swedish Issuing Agent (such date will be the first date of a closed period for the purposes of the second paragraph of Condition 6(m) of the General Conditions) due and payable at the Early Redemption Amount (as described in Condition 6(f) of the General Conditions), without presentment, demand, protest or other notice of any kind, provided that such right to declare Notes due and payable shall terminate if the situation giving rise to it has been cured before the relevant notice has become effective.

10 Transfer and Exchange of Registered Notes and replacement of Notes and Coupons

Registered Notes of each Tranche sold outside the United States in reliance on Regulation S under the United States Securities Act of 1933, as amended (the “Securities Act”) will be represented by a permanent global Note in registered form, without interest coupons (the “Reg. S Global Note”) and Registered Notes of each Tranche sold inside the United States to qualified institutional buyers (“QIBs”) (within the meaning of Rule 144A under the Securities Act (“Rule 144A”)) in reliance on Rule 144A or to other U.S. persons in transactions exempt from the registration requirements of the Securities Act will be represented by a permanent restricted global Note in registered form, without interest coupons (the “Restricted Global Note” and, together with the “Reg. S Global Note”, the “Registered Global Notes”). Registered Notes which are

represented by a Registered Global Note will be exchangeable and transferable only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be (the “Applicable Procedures”).

Owners of beneficial interests in the Reg. S Global Note may transfer such interests, or may exchange such interests for either beneficial interests in the Restricted Global Note or Registered Notes in definitive form, and owners of beneficial interests in the Restricted Global Note may transfer such interests, or may exchange such interests for either beneficial interests in the Reg. S Global Note or Registered Notes in definitive form, in each case subject as provided below, to the provisions of the relative Registered Global Note and to the Applicable Procedures. In addition, Registered Notes in definitive form issued in exchange for beneficial interests in the Reg. S Global Note may be exchanged for beneficial interests in the Restricted Global Note, subject as provided below and to the Applicable Procedures. Registered Notes in definitive form may also be transferred as provided below.

In the case of Registered Notes in definitive form issued in exchange for interests in the Restricted Global Note, such Registered Notes in definitive form shall bear the legend set forth on the Restricted Global Note (the “Legend”). Upon the transfer, exchange or replacement of Registered Notes bearing the Legend, or upon specific request for removal of the Legend, the Issuer shall deliver only Registered Notes that bear such Legend or shall refuse to remove such Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

Interests in the Reg. S Global Note and the Restricted Global Note will be exchangeable for Registered Notes in definitive form if (i) Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be, notifies the Issuer that it is unwilling or unable to continue as depositary for such registered global Note or (ii) if applicable, DTC ceases to be a “Clearing Agency” registered under the Securities Exchange Act 1934 or either Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces its intention permanently to cease business, and a successor depositary or alternative clearing system satisfactory to the Issuer and the Agent is not available, or (iii) an Event of Default (as defined in Condition 9 of the General Conditions) has occurred and is continuing with respect to such Notes, or (iv) a written request for one or more Registered Notes in definitive form is made by a holder of a beneficial interest in a registered global Note; provided that in the case of (iv) such written notice or request, as the case may be, is submitted to the Registrar by the beneficial owner not later than 60 days prior to the requested date of such exchange and the Applicable Procedures are followed. Upon the occurrence of any of the events described in the preceding sentence, the Issuer will cause the appropriate Registered Notes in definitive form to be delivered.

If a holder of a beneficial interest in the Reg. S Global Note deposited with the custodian in the United States wishes at any time to exchange its interest in such Reg. S Global Note for an interest in the Restricted Global Note, or to transfer its interest in such Reg. S Global Note to a person who wishes to take delivery thereof in the form of a Registered Note in definitive form, such holder may, subject to the rules and procedures of the Registrar in the United States, exchange or cause the exchange, or transfer or cause the transfer of such interest for an equivalent beneficial interest in the Restricted Global Note upon compliance with the transfer requirements of the Registrar in the United States and certification to the effect that (i) the exchange or transfer of such interest has been made in compliance with the transfer restrictions applicable to the Registered Notes under U.S. law and pursuant to and in accordance with Regulation S, where applicable, or (ii) such exchange or transfer has been made to a person which the transferor reasonably believes to be a QIB and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A, in the case of the exchange of an interest in the Reg. S Global Note for an interest in the Restricted Global Note.

Transfers between participants in DTC will be effected in the ordinary way in accordance with the Applicable Procedures and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream, Luxembourg will be effected in the ordinary way in accordance with the Applicable Procedures.

Transfers by the owner of a beneficial interest in the Restricted Global Note to a transferee who takes delivery of such interest through the Reg. S Global Note will be made only upon receipt by the Registrar of a written certification from the transferor to the effect that such transfer is being made in accordance with Regulation S or, if available, that the interest in the Note being transferred is not a “restricted security” within the meaning of Rule 144 under the Securities Act. Investors holding a beneficial interest in a Restricted Global Note who propose any such transfer must notify the Registrar and, subject to compliance with the provisions of the Agency Agreement, the Registrar shall cause the transferor interest in the Restricted Global Note to be reduced in an amount equal to the aggregate nominal amount of Notes being transferred and shall take such other action as appropriate to register the transfer of the Notes to or for the account of the purchaser. The Issuer shall not permit any such transfers unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel that such transfer is in compliance with the Securities Act; provided however, that the restriction in this sentence shall not apply to any transfers of an interest in a Note pursuant to Regulation S or of an interest in a Note which does not constitute a restricted security, within the meaning of Rule 144 under the Securities Act.

Upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the nominal amounts set out in the applicable Final Terms) by the holder or holders surrendering the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of the Registrar or any Transfer Agent (who will, as soon as practicable, forward such surrendered Registered Note to the Registrar and will give to the Registrar all relevant details to enable it to process the transfer), with the form of transfer thereon duly executed by, or accompanied by a written instrument of transfer in form satisfactory to the Issuer and the Registrar duly executed by, the holder or holders thereof or its or their attorney or attorneys duly authorised in writing and upon the Registrar, after due and careful enquiry, being satisfied with the documents of title and the identity of the person making the request and subject to such reasonable regulations as the Issuer and the Registrar may prescribe, including any restrictions imposed by the Issuer on transfers of Registered Notes originally sold to a U.S. person. In addition, if the Registered Note in definitive form being exchanged or transferred contains a Legend, additional certificates, to the effect that such exchange or transfer is in compliance with the restrictions contained in such Legend, may be required. Subject as provided above, the Registrar will, within three business days of receipt by it (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver at its specified office to the transferee or (at the risk of the transferee) send by mail to such address as the transferee may request a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

Exchanges or transfers by a holder of a Registered Note in definitive form to a transferee who takes delivery of such Note through a Registered Global Note will be made no later than 60 days after the receipt by the Registrar of the Registered Note in definitive form to be so exchanged or transferred and only in accordance with the Applicable Procedures, and, if applicable, upon receipt by the Registrar of a written certification from the transferor.

In the event of a partial redemption of Notes under Condition 6(c) of the General Conditions the Issuer shall not be required:

- (a) to register the transfer of Registered Notes (or parts of Registered Notes) during the period beginning on the sixty-fifth day before the date of the partial redemption and ending on the day on which notice is given specifying the serial numbers of Notes called (in whole or in part) for redemption (both inclusive); or
- (b) to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions (except for the expenses of delivery by other than regular mail (if any) and, if the Issuer shall so require, for the payment of a sum sufficient to cover any tax or other governmental charge or insurance charges that may be imposed in relation thereto which will be borne by the Noteholder) will be borne by the Issuer.

If any Note (including a global Note) or Coupon is mutilated, defaced, stolen, destroyed or lost it may be replaced at the specified office of the Paying Agent in Luxembourg, in the case of Bearer Notes, Receipts or Coupons, or the Registrar in New York City, in the case of Registered Notes, on payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

12 Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8 of the General Conditions. Each Talon shall, for the purposes of the General Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

Any such notice shall be deemed to have been given on the fourth day after the day on which it is mailed.

Until such time as any definitive Notes are issued, there may, so long as the global Note(s) is or are held in its or their entirety on behalf of Euroclear, Clearstream, Luxembourg, Euroclear Netherlands and/or DTC, be substituted for such publication in any newspaper or website the delivery of the relevant notice to Euroclear, Clearstream, Luxembourg, Euroclear Netherlands and/or DTC (as the case may be) for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed or admitted to trading on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in the manner required by the rules of that stock exchange (or such other relevant authority). Any such notice delivered on or prior to 4.00 p.m. (local time) on a business day in the city in which it is delivered will be deemed to have been given to the holders of the Notes on such business day. A notice delivered after 4.00 p.m. (local time) on a business day in the city in which it is delivered will be deemed to have been given to the holders of the Notes on the next following business day in such city.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Agent and/or Registrar via Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be, in such manner as the Agent and/or Registrar and Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be, may approve for this purpose.

14 Meetings of Noteholders, Modification and Waiver

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or certain provisions of the Agency Agreement. Such a meeting may be convened by the Issuer or Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, Receipts or Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereof, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, Receipts or Coupons), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than 75 per cent., or at any adjourned such meeting not less than a clear majority, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification (except as mentioned above) of the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 of the General Conditions as soon as practicable thereafter.

The Agency Agreement provides that a resolution in writing signed by or on behalf of the holders of not less than 90 per cent. in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

15 Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having the same terms and conditions as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

16 Substitution of the Issuer

- (a) The Issuer may, without any further consent of the Noteholders or Couponholders being required, when no payment of principal of or interest on any of the Notes is in default, be replaced and substituted by any directly or indirectly wholly owned subsidiary of the Issuer (the “Substituted Debtor”) as principal debtor in respect of the Notes and the relative Receipts and Coupons provided that:
 - (i) such documents shall be executed by the Substituted Debtor and the Issuer as may be necessary to give full effect to the substitution (together the “Documents”) and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Noteholder and Couponholder to be bound by the General Conditions of the Notes and the provisions of the Agency Agreement as fully as if the Substituted Debtor had been named in the Notes and the relative Receipts and Coupons and the Agency Agreement as the principal debtor in respect of the Notes and the relative Receipts and Coupons in place of the Issuer and pursuant to which the Issuer shall guarantee, which guarantee shall be unconditional and irrevocable, (the “Guarantee”) in favour of each Noteholder and each holder of the relative Receipts and Coupons the payment of all sums payable in respect of the Notes and the relative Receipts and Coupons;
 - (ii) the Documents shall contain a covenant by the Substituted Debtor and the Issuer to indemnify and hold harmless each Noteholder and Couponholder against all liabilities, costs, charges and expenses (provided that insofar as the liabilities, costs, charges and expenses are taxes or duties, the same arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective) which may be incurred by or levied against such holder as a result of any substitution pursuant to this Condition of the General Conditions and which would not have been so incurred or levied had such substitution

not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Noteholder or Couponholder by any political sub-division or taxing authority of any country in which such Noteholder or Couponholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);

- (iii) the Documents shall contain a warranty and representation by the Substituted Debtor and the Issuer (a) that each of the Substituted Debtor and the Issuer has obtained all necessary governmental and regulatory approvals and consents for such substitution and the performance of its obligations under the Documents, and that all such approvals and consents are in full force and effect and (b) that the obligations assumed by each of the Substituted Debtor and the Issuer under the Documents are all valid and binding in accordance with their respective terms and enforceable by each Noteholder;
- (iv) each stock exchange which has Notes listed or admitted to trading thereon shall have confirmed that following the proposed substitution of the Substituted Debtor such Notes would continue to be listed or admitted to trading (as the case may be) on such stock exchange;
- (v) the Substituted Debtor shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of local lawyers acting for the Substituted Debtor to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Debtor, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent;
- (vi) the Issuer shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from the internal legal adviser to the Issuer to the effect that the Documents (including the Guarantee) constitute legal, valid and binding obligations of the Issuer, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent;
- (vii) the Issuer shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of English lawyers to the effect that the Documents (including the Guarantee) constitute legal, valid and binding obligations of the Substituted Debtor and the Issuer under English law, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent;

- (xi) and further in respect of the Swedish Notes, the Swedish Registrar has given its consent to the substitution (which consent shall not be unreasonably withheld or delayed).

- (b) In connection with any substitution effected pursuant to this Condition of the General Conditions, neither the Issuer nor the Substituted Debtor need have any regard to the consequences of any such substitution for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no Noteholder or Couponholder, except as provided in Condition 16(a)(ii) of the General Conditions, shall be entitled to claim from the Issuer or any Substituted Debtor under the Notes and the relative Receipts and Coupons any indemnification or payment in respect of any tax or other consequences arising from such substitution.
- (c) In respect of any substitution pursuant to this Condition of the General Conditions in respect of the Subordinated Notes of any Series, the Documents shall provide for such further amendment of the General Conditions of the Subordinated Notes as shall be necessary or desirable to ensure that the Subordinated Notes of such Series constitute subordinated obligations of the Substituted Debtor and shall further provide that the Substituted Debtor will only be obliged to make payments of principal in respect of the Subordinated Notes of such Series to the extent that the Issuer would have been so obliged under Condition 3 of the General Conditions had it remained as principal obligor under the Subordinated Notes.
- (d) With respect to Subordinated Notes, the Issuer shall be entitled, by notice to the Noteholders given in accordance with Condition 13 of the General Conditions, at any time to waive all and any rights to effect a substitution of the principal debtor pursuant to this General Condition. Any such notice shall be irrevocable.
- (e) Upon the execution of the Documents as referred to in paragraph (i) above, and subject to the notification as referred to in paragraph (g) below having been given, the Substituted Debtor shall be deemed to be named in the Notes and the relative Receipts and Coupons as the principal debtor in place of the Issuer and the Notes and the relative Receipts and Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall operate to release the Issuer as issuer from all of its obligations as principal debtor in respect of the Notes and the relative Receipts and Coupons save that any claims under the Notes and the relative Receipts and Coupons prior to release shall enure for the benefit of Noteholders and Couponholders.
- (f) The Documents shall be deposited with and held by the Agent for so long as any Notes or Coupons remain outstanding and for so long as any claim made against the Substituted Debtor by any Noteholder or Couponholder in relation to the Notes or the relative Receipts and Coupons or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Issuer shall acknowledge in the Documents the right of every Noteholder and Couponholder to the production of the Documents for the enforcement of any of the Notes or the relative Receipts and Coupons or the Documents.
- (g) Not later than 15 business days after the execution of the Documents, the Substituted Debtor shall give notice thereof to the Noteholders in accordance with Condition 13 of the General Conditions.

17 Governing Law and Jurisdiction

The Notes, the Receipts, the Coupons and the Talons, and any non-contractual obligations arising out of or in connection with them, are governed by, and shall be construed in accordance with, English law except that Conditions 3, 4(f) and 6(l) of the General Conditions shall be governed by, and construed in accordance with, the laws of The Netherlands.

The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (“Proceedings”) may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the holders of the Notes, Receipts, Coupons and Talons and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

The Issuer irrevocably appoints the General Manager for the time being of its London Branch, currently at 60 London Wall, London EC2M 5TQ as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 13 of the General Conditions. Nothing shall affect the right to serve process in any manner permitted by law.

Notwithstanding the provisions set out in the paragraphs above, the legal effects of registration of Finnish Notes in the APK will be regulated by the Finnish Act on the Book-Entry Securities System and the Finnish CSD Rules.

Notwithstanding the provisions set out in the paragraphs above, the legal effects of registration of Norwegian Notes in VPS will be regulated by chapter 7 of the Norwegian Securities Registration Act.

18 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes, the Receipts, the Coupons or the Talons under the Contracts (Rights of Third Parties) Act 1999.

19 Determinations by the Calculation Agent and/or the Issuer

For the purposes of the Notes, any determinations, calculations or other decisions made by the Calculation Agent and/or the Issuer under or pursuant to the terms of the Notes shall be made in its/ their sole and absolute discretion. All such determinations, calculations or other decisions of the Calculation Agent and/or the Issuer shall (save in the case of manifest error) be final, conclusive and binding on all parties, and neither the Calculation Agent nor the Issuer shall have any liability to any person therefore.

20 FX and Benchmark Notes

(a) FX Notes

The following provisions of this Condition 20(a) of the General Conditions shall apply to the Notes if the FX Provisions are specified to be applicable in the applicable Final Terms.

(i) FX Market Disruption Event

If the Issuer determines that an FX Market Disruption Event has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary FX Rate, the calculation of any amount which is to be determined by

reference to the Primary FX Rate on such Scheduled Valuation Date or on such other date (for the purposes of this Condition 20(a) of the General Conditions, the “Relevant FX Amount”) shall be postponed until the next Business Day on which there is no FX Market Disruption Event.

If, however, an FX Market Disruption Event is in existence on the day that is 30 calendar days (or such other period as is specified in the applicable Final Terms) following the relevant Scheduled Valuation Date or the other relevant date on which any amount is to be determined by reference to the Primary FX Rate, then the Fallback FX Rate (if one is specified in the applicable Final Terms) on the first Business Day following the expiry of that period shall be used to determine the Relevant FX Amount. However, if the Fallback FX Rate is not available on such Business Day, or if no Fallback FX Rate is specified in the applicable Final Terms, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(ii) Unscheduled Holiday

If the Issuer determines that an Unscheduled Holiday has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary FX Rate, the calculation of the Relevant FX Amount shall be postponed until the next Business Day on which no Unscheduled Holiday occurs, provided that no such postponement shall occur for a period longer than 30 calendar days (or such other period as is specified in the applicable Final Terms) following such Scheduled Valuation Date or such other date.

If, however, an Unscheduled Holiday is in existence on the day that is 30 calendar days (or such other period as is specified in the applicable Final Terms) following the relevant Scheduled Valuation Date or the other relevant date on which any amount which is to be determined by reference to the Primary FX Rate, then the Primary FX Rate (if available) or the Fallback FX Rate (if the Primary FX Rate is not available and a Fallback FX Rate is specified in the applicable Final Terms) on the first calendar day following the expiry of that period shall be used by the Calculation Agent to determine the Relevant FX Amount. However, if neither the Primary FX Rate nor (if a Fallback FX Rate is specified in the applicable Final Terms) the Fallback FX Rate is available on such calendar day, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(iii) Cumulative Events

Notwithstanding anything herein to the contrary, in no event shall the period during which either (x) a calculation is postponed due to an Unscheduled Holiday or (y) a calculation is postponed due to an FX Market Disruption Event (or any combination of (x) and (y)) exceed the Maximum Period of Postponement. Accordingly, if, upon the lapse of the Maximum Period of Postponement, an Unscheduled Holiday or FX Market Disruption Event shall have occurred or be continuing, then the Primary FX Rate or (if the Primary FX Rate is not available) the Fallback FX Rate (if one is specified in the applicable Final Terms) on the first Business Day (including any day which would have been a Business Day but for the occurrence of an Unscheduled Holiday) following the expiry of the Maximum Period of Postponement shall be used by the Calculation Agent to determine the Relevant FX Amount. However, if neither the Primary FX Rate nor (if the Primary FX Rate is not available) the Fallback FX Rate (if one is

specified in the applicable Final Terms) is available on that Business Day, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(iv) Relevant FX Rate Inappropriate

If, in the determination of the Calculation Agent (acting in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice), the Primary FX Rate or Fallback FX Rate used to determine the Relevant FX Amount in accordance with Condition 20(a)(i), (ii) or (iii) of the General Conditions above is inappropriate, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(v) Payment

The Relevant FX Amount will be payable two Business Days (or such other number of Business Days as is specified in the applicable Final Terms) following the day on which it is determined by the Calculation Agent in accordance with Condition 20(a)(i), (ii), (iii) of the General Conditions or (iv) above. For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of the postponement of any payment in accordance with this Condition 20(a) of the General Conditions.

(b) *Benchmark Notes*

(i) The following provisions of this Condition 20(b) of the General Conditions shall apply to the Notes if the Benchmark Provisions are specified to be applicable in the applicable Final Terms.

If the Issuer determines that a Benchmark Market Disruption Event has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary Benchmark, then:

- (x) if the Relevant Benchmark Amount Postponement Provisions are specified to be applicable in the Final Terms, the calculation of any amount which is to be determined by reference to the Primary Benchmark on such Scheduled Valuation Date (for the purposes of this Condition 20(b) of the General Conditions, the “Relevant Benchmark Amount”) shall be postponed to the next Business Day on which there is no Benchmark Market Disruption Event, unless on each of the eight Business Days following such Scheduled Valuation Date or such other date (or such other period as may be specified in the applicable Final Terms) a Benchmark Market Disruption Event occurs. In that case, the Fallback Benchmark (if one is specified in the applicable Final Terms) on the first Business Day following the expiry of that period shall be used to determine the Relevant Benchmark Amount. However, if the Fallback Benchmark is not available on such Business Day, or if no Fallback Benchmark is specified in the applicable Final Terms, the Relevant Benchmark Amount shall be determined by the Calculation Agent as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice; and
- (y) if the Relevant Benchmark Amount Postponement Provisions are not specified to be applicable in the Final Terms, the Relevant Benchmark Amount shall be determined as soon as reasonably possible by the Calculation Agent in its sole discretion in good faith

and in a commercially reasonable manner, having regard to any relevant market practice.

(ii) Relevant Benchmark Inappropriate

If, in the determination of the Calculation Agent (acting in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice), the Primary Benchmark or Fallback Benchmark used to determine the Relevant Benchmark Amount in accordance with Condition 20(b)(i) of the General Conditions above is inappropriate, the Calculation Agent shall determine the Relevant Benchmark Amount as soon as reasonably possible in its sole discretion in good faith and in a commercially reasonable manner, having regard to any relevant market practice.

(iii) Payment

The Relevant Benchmark Amount will be payable two Business Days (or such other number of Business Days as is specified in the applicable Final Terms) following the day on which such amount is determined. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment in accordance with this Condition 20(b) of the General Conditions.

(c) *FX Convertibility Event and FX Transferability Event*

The following provisions of this Condition 20(c) of the General Conditions shall apply to the Notes if the FX Convertibility Event Provisions and/or FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms.

- (i) If (x) the FX Convertibility Event Provisions are specified to be applicable in the applicable Final Terms and the Issuer determines that an FX Convertibility Event has occurred or is continuing on any date on which the Issuer is required to make any payment in the Relevant Currency in respect of the Notes by the transfer and/or exchange of the Relevant Currency outside or within the Relevant Jurisdiction or (y) the FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms and the Issuer determines that an FX Transferability Event has occurred or is continuing on any date on which the Issuer is required to make any payment in the Relevant Currency in respect of the Notes by the transfer and/or exchange of the Relevant Currency outside or within the Relevant Jurisdiction, then in either such case the Issuer shall use reasonable endeavours to pay such amount in the Relevant Currency to the Noteholder's Relevant Currency account or, in the absence of such account or in the case of the Noteholder's failure to notify the Issuer of the details of such account in a timely manner, to any other account as the Issuer may determine (including, for the avoidance of doubt, an account which is or may be subject to limitations on conversion and/or repatriation) in which account any such amount shall be held for the benefit of the Noteholder. Payment of any such amount by the Issuer shall discharge the Issuer of its remaining obligations under the Notes in respect of such payment in the Relevant Currency. Should any account be opened by the Issuer for the Noteholder, such account will be opened on the normal terms and conditions of the relevant institution, and in the event any interest accrues on the amounts held in such account, such interest will be for the benefit of the Noteholder.

Any costs incurred by the Issuer in connection with the opening or maintenance of such account will be borne by the Noteholder, and the Issuer reserves the right to use the funds in such account to pay for such costs. The amount payable by the Issuer to the Noteholder in respect of the Notes shall be reduced by the amount of any such costs incurred by the Issuer. Such right of

set-off is without prejudice to any additional right to claim such costs. In the event that the costs incurred by the Issuer in connection with the opening and/or maintenance of such account exceed the amount payable by the Issuer to the Noteholder in respect of the Notes or the amount held in such account for the Noteholder, the Issuer reserves the right to forego opening or to close such account.

- (ii) If the Issuer determines, in its sole discretion, that any payment due on the Notes cannot, or cannot reasonably, be made following an FX Convertibility Event (if the FX Convertibility Event Provisions are specified to be applicable in the applicable Final Terms) or FX Transferability Event (if the FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms), then such payment shall be postponed until the next Payment Day on which such payment can, in the sole discretion of the Issuer, reasonably be made. For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of the postponement of any payment in accordance with this Condition 20(c) of the General Conditions.

If the Issuer determines, in its sole discretion, that any payment due on the Notes cannot, or cannot reasonably, be made following an FX Convertibility Event (if the FX Convertibility Event Provisions are specified to be applicable in the applicable Final Terms) or FX Transferability Event (if the FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms) for a period of five years (or such other period as may be specified in the applicable Final Terms) from the date on which payment was originally due to be made but for the FX Convertibility Event or the FX Transferability Event, as the case may be, then the Issuer shall be entitled to all amounts in any account opened by it pursuant to Condition 20(c)(i) of the General Conditions above, including accrued interest, if any, and no additional amounts shall be payable to the relevant Noteholder.

(d) *Tax Event*

If the Tax Event Provisions are specified to be applicable in the applicable Final Terms, all payments made under the Notes will be subject to the deductions of any taxes, fees or costs that may be incurred or arise as a result of any Tax Event in relation to the Notes and any transactions associated with them. The determination of the amount of any such taxes, fees or costs shall be made by the Issuer in its sole discretion.

3 Disrupted Days

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(n) as follows:

“(n) Disrupted Days

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date, any Automatic Early Redemption Valuation Date or any Observation Date, as the case may be, in respect of the Shares is a Disrupted Day, then the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, in respect of the Shares, notwithstanding the fact that such day is a Disrupted Day;
- (b) the Calculation Agent shall determine the price of one Share as its good faith estimate of the price of one Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day; and/or
- (c) the Issuer may make any adjustment or adjustments to the Final Redemption Amount, Automatic Early Redemption Amount, the Initial Share Price, the Final Share Price, the Strike Price and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or on any Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, payment of the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable) and/or any amount of interest (if the payment of interest is share-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date, the Automatic Early Redemption Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Expiration Date, Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 6(n) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 13 of the General Conditions, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes and/or any adjustment to any term of the Notes pursuant to this Condition 6(n).”

4 Adjustments

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

“(o) Adjustments, Consequences of Certain Events and Currency

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred or that there has been an adjustment to the settlement terms of listed contracts on the Shares traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes (including the amount of interest payable, if any) as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred, the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Merger Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment; and/or
- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the “Shares” and the “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms of the Notes as it may determine.

The Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 13 of the General Conditions.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred, then on or after the relevant Tender Offer Date the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Tender Offer Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment.

The Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 13 of the General Conditions.

(iv) Nationalisation, Insolvency or De-listing

If in respect of the Shares or the Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes (including the amount of interest payable, if any) to account for the Nationalisation, Insolvency or Delisting, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement. Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(v) Change of Exchange

If the Exchange is changed, the Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes (including the amount of interest payable, if any) as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the Exchange within three Business Days (or such other period specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may (i) make any adjustment or adjustments to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate (including, without limitation, to the Final Redemption Amount, Automatic Early Redemption Amount, the Initial Share Price, the Final Share Price, the Strike Price and the amount of interest payable, if any) and/or (ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement. Notice of any determination made pursuant to this paragraph and of any adjustment and/or redemption of the Notes shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(ix) Change in currency

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.”

5 Delivery of Share Amount

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) Delivery of Share Amounts:

(i) Delivery of Share Amounts

If the Notes are to be redeemed by the delivery of the Share Amounts, the Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at

the risk and expense of the relevant Noteholder. If a Noteholder does not provide the Issuer with sufficient instructions in a timely manner to enable the Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 6(o) of General Conditions.

Neither the Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ii) Settlement Disruption

If the Issuer determines that delivery of any Share Amount in respect of any Note by the Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 13 of the General Conditions, provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or

otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 13 of the General Conditions. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 General Conditions.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the General Conditions if a Settlement Disruption Event has occurred.

(iii) **Aggregate Share Amount**

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.”

6 Automatic Early Redemption

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(q) as follows:

“(q) Automatic Early Redemption:

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”

7 Prescription

For the avoidance of doubt, Condition 8 of the General Conditions shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

PART 1(B): TERMS AND CONDITIONS OF NOTES LINKED TO A BASKET OF SHARES

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, for such Share notwithstanding the fact that such day is a Disrupted Day;
- (b) the Calculation Agent shall determine the price of one such Share as its good faith estimate of the price of one such Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day; and/or
- (c) the Issuer may make any adjustment or adjustments to the Final Redemption Amount, Automatic Early Redemption Amount, the Initial Share Price, the Final Share Price, the Strike Price and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or on any Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, payment of the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable) and/or any amount of interest (if the payment of interest is share-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date, the

Automatic Early Redemption Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Expiration Date, Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 6(n) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 13 of the General Conditions, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes and/or any adjustment to any term of the Notes pursuant to this Condition 6(n).”.

4 Adjustments

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

“(o) Adjustments, Consequences of Certain Events and Currency

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred in respect of one or more of the Shares in the Basket or that there has been an adjustment to the settlement terms of listed contracts on one or more of the Shares in the Basket traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes (including the amount of interest payable, if any) as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the relevant Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred in respect of one or more of the Shares in the Basket, the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Merger Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any Hedging Arrangement, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the relevant Shares or to the Notes), which may, but need not,

be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment; and/or

- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the relevant “Shares” and the relevant “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms of the Notes as it may determine.

The Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 13 of the General Conditions.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred in respect of one or more of the Shares in the Basket, then on or after the relevant Tender Offer Date the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Tender Offer Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment.

The Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 13 of the General Conditions.

(iv) Nationalisation, Insolvency or De-listing

If in respect of one or more of the Shares in the Basket or a Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes (including the amount of interest payable, if any) to account for the Nationalisation, Insolvency or De-listing, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any Hedging Arrangement. Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(v) Change of Exchange

If an Exchange is changed, the Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes (including the amount of interest payable, if any) as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on an Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the relevant Exchange within three Business Days (or such other period as may be specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred in respect of one or more of the Shares in the Basket, the Issuer may (i) make any adjustment or adjustments to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate (including, without limitation, to the Final Redemption Amount, Automatic Early Redemption Amount, the Initial Share Price, the Final Share Price, the Strike Price and the amount of interest payable, if any) and/or (ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangement. Notice of any determination made pursuant to this paragraph and of any adjustment and/or redemption of the Notes shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(ix) Change in currencies

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot

rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.

5 Delivery of Share Amount

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) Delivery of Share Amounts:

(i) Delivery of Share Amounts

If the Notes are to be redeemed by the delivery of the Share Amounts, the Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the Issuer with sufficient instructions in a timely manner to enable the Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the relevant Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 6(o) of the General Conditions.

Neither the Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any

Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ii) Settlement Disruption

If the Issuer determines that delivery of any Share Amount (or part thereof) in respect of any Note by the Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount (or part thereof) shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 13 of the General Conditions, provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount (or part thereof) using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount (or part thereof) in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount (or part thereof) in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 13 of the General Conditions. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the General Conditions.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the General Conditions if a Settlement Disruption Event has occurred.

(iii) Aggregate Share Amount

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.”

6 Automatic Early Redemption

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(q) as follows:

“(q) Automatic Early Redemption:

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”

7 Prescription

For the avoidance of doubt, Condition 8 of the General Conditions shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

3 Disrupted Days

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(n) as follows:

“(n) Disrupted Days

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date, any Automatic Early Redemption Valuation Date or any Observation Date, as the case may be, in respect of the Index is a Disrupted Day, then the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, in respect of the Index, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the level of the Index on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange-traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred in respect of a relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); and/or
- (c) the Issuer may make any adjustment or adjustments to the Final Redemption Amount, Automatic Early Redemption Amount, any Index Level, the Strike Price and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or any Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, payment of the Final Redemption Amount, the Automatic

Early Redemption Amount (if such amount is payable) and/or any amount of interest (if the payment of interest is index-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date, the Automatic Early Redemption Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period specified in the Final Terms) following the postponed Expiration Date, Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 6(n) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 13 of the General Conditions, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes and/or any adjustment to any term of the Notes pursuant to this Condition 6(n)."

4 Adjustments, Consequences of Certain Events and Currency

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

(a) make any adjustment or adjustments to the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable), the Strike Price, any Index Level and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary; and/or

(b) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the occurrence of such Additional Disruption Event, Index Modification, Index Cancellation, Index Disruption or Relevant Event, as applicable, less, unless specified otherwise in the Final Terms, the cost to the Issuer (or any of its affiliates) of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer (or any of its affiliates) in respect of any such Hedging Arrangement.

Notice of any determination pursuant to this Condition 6(o)(i), any such adjustment and/or any redemption of the Notes hereunder shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(ii) Change of Exchange

If the or an Exchange is changed, the Issuer may make such consequential modifications to any of the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes (including the amount of interest payable, if any) as it may deem necessary.

(iii) Price Correction

In the event that any price or level published on the relevant Exchange(s) or by the Index Sponsor and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the relevant Exchange(s) or Index Sponsor(s) within three Business Days (or such other period specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(iv) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.”

5 Automatic Early Redemption

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) Automatic Early Redemption:

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”

“Observation Period” has the meaning ascribed to it in the Final Terms.

“Related Exchange” means, in respect of an Index, each exchange or quotation system as the Calculation Agent determines on which trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index, or such other options or futures exchange(s) as the Issuer may select, any transferee or successor to any such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to the relevant Index on such temporary substitute exchange or quotation system as on the original Related Exchange).

“Scheduled Closing Time” means in respect of an Exchange or a Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or such Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“Scheduled Trading Day” means, in respect of an Index, (i) if “Multi-Exchange Index” is specified in relation to that Index in the Final Terms, any day on which the relevant Index Sponsor is scheduled to publish the level of such Index and each Related Exchange is scheduled to be open for trading for its regular trading session and (ii) if “Non Multi-Exchange Index” is specified in relation to that Index in the Final Terms, any day on which each relevant Exchange and each Related Exchange is scheduled to be open for trading for its regular trading session.

“**Strike Date**” means the date (if any) specified as such in the Final Terms, or if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day, in each case subject to Condition 6(n) of the General Conditions.

“**Strike Price**” means the price (if any) specified as such in the Final Terms.

“**Successor Index**” means, in respect of an Index, where such Index is (i) not calculated and announced by the relevant Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, such successor index or index calculated and announced by the successor sponsor.

“**Trading Disruption**” means, in respect of an Index, any suspension of or limitation imposed on trading by a relevant Exchange or a Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or relevant Related Exchange or otherwise (i) if “Multi-Exchange Index” is specified in relation to that Index in the Final Terms, on any relevant Exchange(s) relating to any security comprised in the relevant Index or, if “Non Multi-Exchange Index” is specified in relation to that Index in the Final Terms, on the Exchange relating to securities that comprise 20 per cent or more of the level of the relevant Index, or (ii) in futures or options contracts relating to the Index on any relevant Related Exchange.

“**Valuation Time**” means the Scheduled Closing Time on the relevant date. If a relevant Exchange closes prior to its Scheduled Closing Time, and the specified Valuation Time is after the actual closing time for its regular trading session, then (subject to Condition 6(n) of the General Conditions) the Valuation Time shall be such actual closing time.

3 Disrupted Days

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(n) as follows:

“(n) Disrupted Days

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date, any Automatic Early Redemption Valuation Date or any Observation Date, as the case may be, is a Disrupted Day in respect of an Index, then the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, for such Index shall be the first succeeding Scheduled Trading Day in respect of such Index that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, is a Disrupted Day for such Index. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be, for such Index, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the level of the Index of such Index on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating such Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded

or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the relevant Index (or, if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred in respect of a relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); and/or

- (c) the Issuer may make any adjustment or adjustments to the Final Redemption Amount, Automatic Early Redemption Amount, any Index Level, the Strike Price and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred in respect of an Index on the Expiration Date and/or any Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, payment of the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable) and/or amount of interest (if the payment of interest is index-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date, the Automatic Early Redemption Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period specified in the Final Terms) following the postponed Expiration Date, Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, as the case may be, in respect of the Indices. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 6(n) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 13 of the General Conditions, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes and/or any adjustment to any term of, the Notes pursuant to this Condition 6(n)."

4 Adjustments, Consequences of Certain Events and Currency

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

“(o) Adjustments, Early Redemption and Currency

- (i) Adjustments and Early Redemption

If the Calculation Agent determines that, in respect of any Index, an Additional Disruption Event, an Index Modification, Index Cancellation or Index Disruption has occurred or any other event or events occur which the Calculation Agent determines necessitate(s) an adjustment or adjustments to the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable), the Strike Price, any Index Level and/or any other relevant term of the Notes (including the amount of interest payable, if any) (each such other event, a “**Relevant Event**”), the Issuer, at its discretion, may:

- (a) make any adjustment or adjustments to the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable), the Strike Price, any Index Level and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary; and/or

- (b) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the occurrence of such Additional Disruption Event, Index Modification, Index Cancellation, Index Disruption or Relevant Event, as applicable,

less, unless specified otherwise in the Final Terms, the cost to the Issuer (or any of its affiliates) of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer (or any of its affiliates) in respect of any such Hedging Arrangement.

Notice of any determination pursuant to this Condition 6(o)(i), any such adjustment and/or any redemption of the Notes hereunder shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(ii) Change of Exchange

If an Exchange is changed, the Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes (including the amount of interest payable, if any) as it may deem necessary.

(iii) Price Correction

In the event that any price or level published on any relevant Exchange or by any relevant Index Sponsor in respect of an Index and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the relevant Exchange or the relevant Index Sponsor within three Business Days (or such other period as specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(iv) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.”

5 Automatic Early Redemption

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) Automatic Early Redemption:

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final

Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”

CHAPTER 5: CREDIT LINKED NOTES ISSUED BY ING BANK N.V.

PART 1: TERMS AND CONDITIONS OF CREDIT LINKED NOTES

The terms and conditions applicable to Credit Linked Notes issued by the Global Issuer shall comprise the Terms and Conditions set out in Chapter 2, Part 1 (the “General Conditions”) and the additional Terms and Conditions set out below (the “Credit Linked Conditions”), in each case subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Credit Linked Conditions, the Credit Linked Conditions set out below shall prevail. The applicable Final Terms shall specify whether the Notes are Single Name Credit Linked Notes, First-to-Default Credit Linked Notes, *Nth*-to-Default Credit Linked Notes, Linear Basket Notes or any other type of Credit Linked Notes. In the event of any inconsistency between (i) the General Conditions and/or the Credit Linked Conditions and (ii) the applicable Final Terms, the applicable Final Terms shall prevail.

1 Redemption upon the Occurrence of a Termination Event

- (a) If the Calculation Agent determines a Credit Event has occurred on any day during the Observation Period and the Conditions to Settlement are satisfied on or prior the Conditions to Settlement End Date then:
 - (i) subject to Condition 8 of these Credit Linked Conditions, interest shall cease to accrue on the Notes with effect from (A) the Interest Period Date immediately preceding the Event Determination Date or, if no Interest Period Date has occurred, the Interest Commencement Date, or (B) if “Alternative Interest Cessation Date” is stated as applying in the applicable Final Terms, the date specified in the relevant Credit Event Notice, provided that in each case if the Credit Event is a Multiple Exercise Credit Event and/or the Notes are Linear Basket Notes, interest shall cease to accrue only on the relevant Applicable Proportion of the Specified Denomination of each Note; and
 - (ii) if the Calculation Agent determines that the related Event Determination Date has not been reversed on or prior to the earlier to occur of the relevant Auction Final Price Determination Date, Valuation Date, Physical Settlement Date (or, if earlier, Delivery Date) or the Scheduled Observation End Date, as applicable, subject to Conditions 5, 7 and 8 of these Credit Linked Conditions, the Issuer’s obligation to redeem each Note at its Final Redemption Amount on the Final Payment Date shall cease and be replaced by an obligation to redeem each Note in whole (or, if the Credit Event is a Multiple Exercise Restructuring Credit Event and/or the Notes are Linear Basket Notes, in part) as follows:
 - (I) if “Cash Settlement” is specified as the Settlement Basis in the applicable Final Terms (or if Cash Settlement is specified as the Fallback Settlement Basis and Condition 4 of these Credit Linked Conditions requires that the Issuer redeems the Notes in accordance with Condition 2 of these Credit Linked Conditions), by payment on the relevant Cash Settlement Date of the Cash Settlement Amounts in accordance with Condition 2 of these Credit Linked Conditions;
 - (II) if “Physical Settlement” is specified as the Settlement Basis in the applicable Final Terms (or if Physical Settlement is specified as the Fallback Settlement Basis and Condition 4 of these Credit Linked Conditions requires that the Issuer redeems the Notes in accordance with Condition 3 of these Credit Linked Conditions), by Delivery of the Deliverable Obligation Entitlements by the relevant Physical Settlement Date in accordance with Condition 3 of these Credit Linked Conditions;

- (III) If “Auction Settlement” is specified as the Settlement Basis in the applicable Final Terms, by payment on the relevant Auction Cash Settlement Date of the Auction Cash Settlement Amounts in accordance with Condition 4 of these Credit Linked Conditions;
- (IV) if “Cash or Physical Settlement” is specified as the Settlement Basis in the applicable Final Terms, as set out in sub-paragraph (I) or (II) at the option of the Issuer in its sole and absolute discretion and notified to Noteholders; or
- (V) if “Cash or Physical Settlement or Auction Settlement” is specified as the Settlement Basis in the applicable Final Terms, as set out in sub-paragraph (I), (II) or (III) above at the option of the Issuer in its sole and absolute discretion and notified to Noteholders,

in each case subject to Condition 5 of these Credit Linked Conditions and provided that any such payment or delivery shall be subject to the FX Convertibility Event and FX Transferability Event provisions of these Credit Linked Conditions.

Upon discharge by the Issuer of its payment or delivery obligations on the Cash Settlement Date or Auction Cash Settlement Date (or, if the relevant Cash Settlement Amount or the Auction Cash Settlement Amount is zero, upon the occurrence of the Cash Settlement Date or Auction Cash Settlement Date, as applicable) or by the Physical Settlement Date, as the case may be, pursuant to Condition 2, 3 or 4 of these Credit Linked Conditions, as applicable, or as otherwise provided herein, the Issuer’s obligations in respect of the Notes shall be discharged in full.

- (b) If the Calculation Agent determines that a Termination Event (other than a Credit Event) has occurred at any time on or after the Trade Date, then the Issuer may redeem each Note on such date as it determines at (i) its fair market value as at the date of redemption (as determined by the Calculation Agent) taking into account the Termination Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any Hedging Arrangement or (ii) unless otherwise specified in the applicable Final Terms, its pro rata share of the Spread Event Amount if the related Termination Event is a Spread Event plus interest accrued but unpaid (if any) on such Note. Interest shall cease to accrue on the Notes with effect from (A) the Interest Period Date immediately preceding the occurrence of a Termination Event or, if no Interest Period Date has occurred, the Interest Commencement Date, or (B) if “Alternative Interest Cessation Date” is stated as applying in the applicable Final Terms, the date specified in the relevant notice of redemption given by the Issuer pursuant to this Condition 1(b) of these Credit Linked Conditions. Notice of any redemption of the Notes or determination made pursuant to this Condition 1(b) of the Credit Linked Conditions and shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

2 Cash Settlement

- (a) Subject to Conditions 5 and 8 of these Credit Linked Conditions, where “Cash Settlement” is the applicable Settlement Basis (or “Cash or Physical Settlement” or “Cash or Physical or Auction Settlement” is specified in the applicable Final Terms and Cash Settlement is elected by the Issuer, or Cash Settlement is specified as the Fallback Settlement Basis and Condition 4 of these Credit Linked Conditions requires that the Issuer redeems the Notes in accordance with this Condition 2), then on the relevant Cash Settlement Date the Issuer shall, subject as aforesaid, redeem:
 - (i) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and the Notes are not Linear Basket Notes, each Note in whole; or

- (ii) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and the Note is a Linear Basket Note, a portion of the principal amount of each Note equal to the Applicable Proportion determined by reference to the Related Nominal Amount of the Reference Entity in respect of which the Credit Event occurred; or
 - (iii) if the Credit Event is a Multiple Exercise Restructuring Credit Event, a portion of the principal amount of each Note equal to the Applicable Proportion determined by reference to the Exercise Amount specified in the Credit Event Notice relating to the relevant Credit Event.
- (b) On any redemption of a Note pursuant to Condition 2(a) of these Credit Linked Conditions, subject to Conditions 5 and 8 of these Credit Linked Conditions, the Issuer shall pay to each Noteholder, an amount equal to the Cash Settlement Amount in respect of such Note on the Cash Settlement Date. The Cash Settlement Amount in respect of each Note shall be the amount specified as such in the applicable Final Terms (which may be a pro rata share of the Recovery Amount) or, if no such amount is specified, an amount determined by the Calculation Agent to be the greater of:
- (i) zero; and
 - (ii) an amount equal to:
 - (I) the Final Price of the Valuation Obligation(s); multiplied by
 - (II) an amount equal to the Applicable Proportion multiplied by the outstanding principal amount of such Note,

provided that if the applicable Final Terms specify that “Hedge Unwind Adjustment” shall apply, then the Cash Settlement Amount in respect of each Note shall be adjusted upwards or downwards to reflect that Note’s pro rata share of the Hedge Unwind Costs (if any). Payment by the Issuer of the Cash Settlement Amount shall fully and effectively discharge the Issuer’s obligation to redeem the Applicable Proportion of the relevant Note.

- (c) If the Cash Settlement Amount is to be determined by reference to the Final Price of the Valuation Obligation(s), such Final Price shall be determined in accordance with the Valuation Method specified in the applicable Final Terms, or, if no such Valuation Method is specified, the Final Price shall be determined (i) with respect to one Valuation Obligation and one Valuation Date, in accordance with the “Market” Valuation Method; (ii) with respect to one Valuation Obligation and more than one Valuation Date, in accordance with the “Average Market” Valuation Method; (iii) with respect to more than one Valuation Obligation and one Valuation Date, in accordance with the “Blended Market” Valuation Method; or (iv) with respect to more than one Valuation Obligation and more than one Valuation Date, in accordance with the “Average Blended Market” Valuation Method.
- (d) Notwithstanding sub-paragraphs (a), (b) and (c) above, if “Cash Settlement” is specified as the Settlement Basis in the applicable Final Terms or the relevant Credit Event Notice and the Issuer determines that it (or any of its affiliates) is (or would be) unable to sell or dispose of the Valuation Obligation(s) within 180 days (or such other period as may be specified in the applicable Final Terms) following the Event Determination Date, the Issuer may notify the Noteholders of the same (an “**Alternative Settlement Notice**”), whereupon the Issuer shall endeavour to Deliver to each Noteholder its Deliverable Obligation Entitlement in accordance with Condition 3 of these Credit Linked Conditions, for which purposes the “Physical Settlement Date” and “Cut-off Date” shall be such dates as may be specified by the Issuer in the Alternative Settlement Notice.

3 Physical Settlement

- (a) Subject to Conditions 5 and 8 of these Credit Linked Conditions, where “Physical Settlement” is the applicable Settlement Basis (if “Cash or Physical Settlement” or “Cash or Physical or Auction Settlement” is specified in the applicable Final Terms and Physical Settlement is elected by the Issuer, or if Physical Settlement is specified as the Fallback Settlement Basis and Condition 4 of these Credit Linked Conditions requires that the Issuer redeems the Notes in accordance with this Condition 3), then the Issuer shall, subject as aforesaid, first, on or prior to the Physical Settlement Date, deliver to the Noteholders a Notice of Deliverable Obligation(s) (and may from time to time deliver to Noteholders a NODO Amendment Notice, provided such NODO Amendment Notice is delivered on or prior to the relevant Physical Settlement Date) and secondly, on the Physical Settlement Date redeem:
 - (i) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and the Notes are not Linear Basket Notes, each Note in whole; or
 - (ii) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and the Notes are Linear Basket Notes, a portion of the principal amount of each Note equal to the Applicable Proportion determined by reference to the Related Nominal Amount of the Reference Entity in respect of which the Credit Event occurred; or
 - (iii) if the Credit Event is a Multiple Exercise Restructuring Credit Event, a portion of the principal amount of each Note equal to the Applicable Proportion determined by reference to the Exercise Amount relating to the relevant Reference Entity and Credit Event,

Delivery of the Deliverable Obligation Entitlement by the Issuer pursuant to Condition 3(b) to (n) of these Credit Linked Conditions (and/or payment of any amounts in connection therewith pursuant to Condition 3(b)(iii), 3(i) and/or 3(l) of these Credit Linked Conditions) shall fully and effectively discharge the Issuer’s obligation to redeem the Applicable Proportion of the relevant Note.

- (b) Unless otherwise specified in the applicable Final Terms, on any redemption of a Note pursuant to Condition 3(a) of these Credit Linked Conditions, subject to Conditions 3(e) to (n), 5 and 8 of these Credit Linked Conditions, the Issuer shall Deliver to each Noteholder on the Physical Settlement Date its Deliverable Obligation Entitlement. Unless otherwise specified in the applicable Final Terms, the Deliverable Obligation Entitlement in respect of each Note shall be an amount of the Deliverable Obligations determined as follows:
 - (i) where the Deliverable Obligation(s) constitute Borrowed Money, the Deliverable Obligation Entitlement in respect of each Note shall be an amount of the Deliverable Obligations (selected by the Issuer in its sole and absolute discretion and notified to Noteholders in the relevant Notice of Deliverable Obligation(s) (or in a NODO Amendment Notice)) with an aggregate outstanding principal balance (including accrued but unpaid interest (as determined by the Calculation Agent if “Include Accrued Interest” is specified in the applicable Final Terms, but excluding accrued but unpaid interest if “Exclude Accrued Interest” is specified in the applicable Final Terms, and if neither “Include Accrued Interest” nor “Exclude Accrued Interest” is specified in the applicable Final Terms, excluding accrued but unpaid interest) equal to:
 - (A) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and the Notes are not Linear Basket Notes, the applicable Relevant Proportion multiplied by the Aggregate Nominal Amount of the Notes outstanding as at the related Event Determination Date; or

- (B) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and the Notes are Linear Basket Notes, the applicable Relevant Proportion multiplied by the Related Nominal Amount of the relevant Reference Entity to which the Credit Event relates; or
 - (C) if the Credit Event is a Multiple Exercise Restructuring Credit Event, the applicable Relevant Proportion multiplied by the Exercise Amount in respect of the relevant Reference Entity and Credit Event; or
- (ii) where the Deliverable Obligation(s) are not Borrowed Money, the Deliverable Obligation Entitlement in respect of each Note shall be an amount of the Deliverable Obligations (selected by the Issuer in its sole and absolute discretion and notified to Noteholders in the relevant Notice of Physical Settlement (or any NODO Amendment Notice)) with a Due and Payable Amount (or the equivalent Currency Amount of any such amount), equal to:
 - (A) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and the Notes are not Linear Basket Notes, the applicable Relevant Proportion multiplied by the Aggregate Nominal Amount of the Notes outstanding as at the related Event Determination Date; or
 - (B) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and the Notes are Linear Basket Notes, the applicable Relevant Proportion multiplied by the Related Nominal Amount of the relevant Reference Entity to which the Credit Event relates; or
 - (C) if the Credit Event is a Multiple Exercise Restructuring Credit Event, the applicable Relevant Proportion multiplied by the Exercise Amount in respect of the relevant Reference Entity and Credit Event.
- (iii) Notwithstanding anything to the contrary in Condition 3(b)(i) or (ii) of these Credit Linked Conditions, the Issuer may elect to Deliver to Noteholders Deliverable Obligations with an outstanding principal balance (including or excluding accrued but unpaid interest, as applicable) or a Due and Payable Amount, as applicable (or the equivalent Currency Amount of any such amount), that is (A) greater than the Deliverable Obligation Entitlement in respect of each Note, or (B) less than the Deliverable Obligation Entitlement in respect of each Note. If the Issuer exercises its election pursuant to (B) of this Condition 3(b)(iii) the Issuer shall pay to Noteholders no later than the Business Day following the relevant Latest Permissible Physical Settlement Date an amount in respect of each Note determined by the Calculation Agent equal to the portion of the Deliverable Obligation Entitlement of such Note in respect of which Deliverable Obligations were not delivered.
- (c) If any of Payment, Borrowed Money, Loan or Bond or Loan is specified as the Deliverable Obligation Category and more than one of Assignable Loan, Consent Required Loan and Direct Loan Participation are specified as Deliverable Obligation Characteristics, the Deliverable Obligation(s) may include any Loan that satisfies any one of such Deliverable Obligation Characteristics specified and need not satisfy all such Deliverable Obligation Characteristics.
- (d) In the event that an Obligation or a Deliverable Obligation is a Qualifying Guarantee, the following will apply:
 - (i) For purposes of the application of the Obligation Category or the Deliverable Obligation Category, the Qualifying Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation.
 - (ii) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, both the Qualifying Guarantee and the Underlying Obligation must satisfy on the relevant date each of the applicable Obligation Characteristics or the Deliverable Obligation

Characteristics, if any, specified in the applicable Final Terms from the following list: Specified Currency, Not Sovereign Lender, Not Domestic Currency and Not Domestic Law. For these purposes, unless otherwise specified in the applicable Final Terms, (A) the lawful currency of any of Canada, Japan, Switzerland, the United Kingdom or the United States of America or the euro shall not be a Domestic Currency and (B) the laws of England and the laws of the State of New York shall not be a Domestic Law.

- (iii) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified in the applicable Final Terms from the following list: Listed, Not Contingent, Not Domestic Issuance, Assignable Loan, Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer.
- (iv) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
- (v) The terms “outstanding principal balance” and “Due and Payable Amount” (as they are used in various other Conditions, including without limitation, in the definition of “Partial Cash Settlement Amount” and “Quotation Amount”), when used in connection with Qualifying Guarantees are to be interpreted to be the then “outstanding principal balance” or “Due and Payable Amount”, as applicable, of the Underlying Obligation which is supported by a Qualifying Guarantee.
- (e) In the event that the Issuer, for any reason whatsoever, is unable to effect Delivery of the Deliverable Obligation Entitlement in respect of the Notes of any Noteholder by the Physical Settlement Date, the Issuer may continue to attempt such Delivery for an additional sixty Business Days after the Physical Settlement Date. Without prejudice to Condition 3(i) of these Credit Linked Conditions, failure by the Issuer to Deliver to a Noteholder the relevant Deliverable Obligation(s) on or prior to the date that is sixty Business Days after the Physical Settlement Date shall not constitute an Event of Default.
- (f) In order to obtain Delivery of the Deliverable Obligation Entitlement in respect of any Note, the relevant Noteholder must deliver to the Issuer or the Agent (or, in the case of Registered Notes, the Registrar) within five Business Days of the date of delivery of the Notice of Deliverable Obligation(s) (or any relevant NODO Amendment Notice) (each such date a “**Cut-Off Date**”), a duly completed Asset Transfer Notice in accordance with Condition 3(k) of these Credit Linked Conditions, the form of which may be obtained from the specified office of the Issuer, the Agent or the Registrar and, in the case of a holding of a Definitive Note or Registered Note, the Note (which expression shall, for the purposes of this Condition 3(f), include Certificate(s), Receipt(s) and, if applicable, all unmatured Coupons and unmatured and unexchanged Talons). In the event that the Note is represented by a Global Note, an Asset Transfer Notice must be delivered to the Issuer via the relevant clearing system by such method of delivery as the relevant clearing system shall have approved.
- (g) After delivery of a valid Asset Transfer Notice, no transfers of the Notes specified therein which are represented by a Global Note may be effected by any relevant clearing system and no transfers of Registered Notes specified therein may be effected by the Registrar.
- (h) Upon receipt of a duly completed Asset Transfer Notice and, in the case of Definitive Notes or Registered Notes, the Note to which such notice relates, the Issuer, any relevant clearing system, the Agent or the Registrar, as the case may be, shall verify that the person specified therein as the accountholder or registered holder, as the case may be, is the Holder of the Note referred to therein according to its books or the Register, as the case may be.

Subject as provided herein, in relation to each Note, the related Deliverable Obligation Entitlement will be Delivered to the relevant Noteholder at the risk of such Noteholder.

If the Asset Transfer Notice and (with respect to Definitive Notes and Registered Notes) the relevant Notes are delivered to the Issuer, the Agent or (as the case may be) the Registrar later than close of business in Amsterdam on the relevant Cut-Off Date, then the related Deliverable Obligation Entitlement in respect of the Notes referred to in the Asset Transfer Notice or the Notes so delivered, as applicable, will be Delivered to the relevant Noteholder as soon as practicable after the date on which Delivery of the same would otherwise be made, at the risk of such Noteholder in the manner provided above. For the avoidance of doubt, such Noteholder shall not be entitled to any payment or to other assets, whether in respect of interest or otherwise, in the event that Delivery of the Deliverable Obligation Entitlement(s) in respect of the Note(s) of such Noteholder takes place after the date on which Delivery of the same would otherwise be made pursuant to the provisions of this Condition 3(h) or otherwise due to circumstances beyond the control of the Issuer.

If the relevant Noteholder fails to deliver an Asset Transfer Notice in the manner set out herein or delivers an Asset Transfer Notice on any day falling after the day that is 180 calendar days after the relevant Cut-Off Date or, in the case of Definitive Notes or Registered Notes, fails to deliver the Note related thereto or fails to pay the Delivery Expenses and, if applicable, the Hedge Unwind Costs as referred to in Condition 3(m) of these Credit Linked Conditions, the Issuer shall be discharged from its obligations in respect of such Note (or in respect of the partial redemption of such Note, as applicable) and shall have no further obligation or liability whatsoever in respect thereof.

- (i)
- (i) If due to an event beyond the control of the Issuer it is impossible, impracticable or illegal for the Issuer to Deliver, or due to an event beyond the control of any Noteholder or its designated nominee, it is impossible, impracticable or illegal for such Noteholder or its designated nominee to accept Delivery of all or a portion of the Noteholder's Deliverable Obligation Entitlement by the Physical Settlement Date (including, without limitation, failure of the relevant clearing system or due to any law, regulation or court order, but not including market conditions or failure to obtain any requisite consent with respect to the Delivery of Loans) then by such date the Issuer or the Noteholder, as applicable, shall provide a description in reasonable detail of the facts giving rise to such impossibility, impracticability or illegality and the Issuer shall Deliver and such Noteholder or its designated nominee shall take Delivery of that portion (if any) of the Deliverable Obligations comprising the Deliverable Obligation Entitlement for which it is possible, practicable and legal to take Delivery. As soon as possible thereafter, the Issuer shall Deliver and such Noteholder, its originally designated nominee or any new designated nominee shall take Delivery of the remaining portion of such Deliverable Obligation Entitlement.
- (ii) If:
 - (A) following the occurrence of any impossibility, impracticability or illegality referred to in subparagraph (i) above all of the Deliverable Obligation(s) comprising the Deliverable Obligation Entitlement in respect of any Note are not Delivered on or prior to the relevant Latest Permissible Physical Settlement Date; or
 - (B) (I) all or a portion of the Deliverable Obligation(s) comprising the Deliverable Obligation Entitlement in respect of any Note includes Assignable Loans or Consent Required Loans that, due to the non-receipt of any requisite consents, are not, by the relevant Physical Settlement Date, capable of being assigned or novated to the relevant Noteholder(s) or its nominee and such consents are not obtained or deemed given by the relevant Latest Permissible Physical

Settlement Date and (II) Direct Loan Participation is not specified as a Deliverable Obligation Characteristic in the applicable Final Terms or Direct Loan Participation is specified as a Deliverable Obligation Characteristic in the applicable Final Terms and the relevant participation is not effected on or before the Latest Permissible Physical Settlement Date; or

- (C) all or a portion of the Deliverable Obligation(s) comprising the Deliverable Obligation Entitlement in respect of any Note includes Direct Loan Participations and the relevant participation is not effected on or before the relevant Latest Permissible Physical Settlement Date,

then Partial Cash Settlement pursuant to sub-paragraph (iii) below shall be deemed to apply in respect of each Note with respect to that portion of the Deliverable Obligation Entitlement comprising (I) Deliverable Obligation(s) that cannot be Delivered for the reasons specified in (A) above (the “**Undeliverable Obligations**”) or (II) Deliverable Obligation(s) of the type referred to in (B) above for which consents are not obtained or deemed to be given such that the Deliverable Obligations cannot be assigned or novated to a Noteholder or its nominee (the “**Undeliverable Loan Obligations**”) or (III) Deliverable Obligation(s) of the type referred to in (C) above in respect of which the relevant participation is not effected (the “**Undeliverable Participations**”).

- (iii) On the Partial Cash Settlement Date, the Issuer shall pay to each relevant Noteholder in respect of each Note an amount determined by the Calculation Agent equal to the Relevant Proportion multiplied by the Partial Cash Settlement Amount of the relevant Undeliverable Obligation(s), Undeliverable Loan Obligation(s) or Undeliverable Participation(s) comprising the deliverable Obligation Entitlement in respect of the relevant Note which would have been delivered to the Noteholder but for this Condition 3(i) and upon discharge by the Issuer of such payment obligation on the Partial Cash Settlement Date, the Issuer’s obligations in respect of the redemption of each such Note shall be discharged. For the purposes of this Condition 3(i) of these Credit Linked Conditions:

“**Partial Cash Settlement Amount**” means, for each Undeliverable Obligation, Undeliverable Loan Obligation or Undeliverable Participation, save as otherwise specified in the applicable Final Terms, an amount equal to the Recovery Amount in respect of such Undeliverable Obligation, Undeliverable Loan Obligation or Undeliverable Participation; and

“**Partial Cash Settlement Date**” has the meaning given to it in the applicable Final Terms, or, if such a meaning is not so specified, means the date that is three Business Days after the calculation of the Recovery Amount in respect of all relevant Undeliverable Obligation(s), Undeliverable Loan Obligation(s) and/or Undeliverable Participation(s).

- (j) If, in accordance with Conditions 3(g), (h) and (i) of these Credit Linked Conditions, the Deliverable Obligation(s) comprising the Deliverable Obligation Entitlement in respect of any Note is Delivered to a Noteholder after the relevant Physical Settlement Date, then until Delivery of such Deliverable Obligation(s) is made to the relevant Noteholder, the Issuer or any person holding such assets on behalf of the Issuer shall continue to be the legal owner of those assets. None of the Issuer and any such other person shall (i) be under any obligation to deliver or procure delivery to such Noteholder or any subsequent transferee any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such assets, (ii) be under any obligation to exercise or procure the exercise of any or all rights (including voting rights) attaching or appertaining to such assets until the date of Delivery or (iii) be under any liability to such Noteholder or subsequent transferee for any loss, liability, damage, cost or expense that such Noteholder or subsequent transferee may sustain or suffer as a result, whether directly or indirectly, of that person not being the legal owner of such assets until the date of Delivery.

- (k) An Asset Transfer Notice delivered by a Noteholder in respect of any Note(s) is irrevocable and must:
 - (i) specify the account details or name of the person to whom Delivery of the relevant Deliverable Obligation Entitlement in respect of each Note is to be made;
 - (ii) specify the number of Notes which are the subject of such notice;
 - (iii) in the event such Notes are represented by a Global Note, specify the number of the Noteholder's account at the relevant clearing system to be debited with such Notes and irrevocably instruct and authorise the relevant clearing system to debit the relevant Noteholder's account with such Notes on the due date for redemption in whole or in part of the Notes;
 - (iv) in the event that such Notes are Registered Notes, irrevocably instruct and authorise the Registrar to effect the transfer of the relevant Notes, authorise the production of such notice in any applicable administrative or legal proceedings; and
 - (v) unless otherwise specified in the applicable Final Terms, specify the manner in which Delivery Expenses and Hedge Unwind Costs, if applicable, will be borne by the Noteholders in accordance with Condition 3(m) of these Credit Linked Conditions.

Failure properly to complete and deliver an Asset Transfer Notice and, in the case of Definitive Notes or Registered Notes, to deliver the relevant Note, may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Credit Linked Conditions shall be made by the Issuer in its sole and absolute discretion and shall be conclusive and binding on the relevant Noteholder.

- (l) If the aggregate Deliverable Obligation Entitlements to which a Noteholder is entitled is comprised of Deliverable Obligations in an amount less than a multiple of a whole number of the Deliverable Obligation(s) at the relevant time, then (i) the Issuer shall not Deliver and the relevant Noteholder shall not be entitled to receive in respect of its Notes that fraction of any Deliverable Obligation comprised in such Deliverable Obligation Entitlement(s) which is less than a whole number (the “**Fractional Entitlement**”) and (ii) the Issuer shall pay to the relevant Noteholder a cash amount (to be paid at the same time as Delivery of the whole number of Deliverable Obligation(s) comprising the Deliverable Obligation Entitlement(s)) equal to the fair market value (as determined by the Calculation Agent) of such Fractional Entitlement.
- (m) The costs and expenses including any stamp, registration documentation or similar tax and any transfer or similar fee (the “**Delivery Expenses**”) of effecting any Delivery of any Deliverable Obligation Entitlement to any Noteholder and, if the applicable Final Terms specify that “Hedge Unwind Adjustment” shall apply, a pro rata share of the Hedge Unwind Costs (if any) shall, in the absence of any provision to the contrary in the applicable Final Terms, be borne by the Noteholder and shall, unless otherwise specified in the applicable Final Terms, at the option of each Noteholder as specified in the Asset Transfer Notice either be:
 - (i) paid to the Issuer by such Noteholder prior to the Delivery of any Deliverable Obligation Entitlement to the Noteholder (and, for the avoidance of doubt, the Issuer shall not be required to Deliver any portion of the Deliverable Obligation Entitlement to such Noteholder until it has received such payment); or
 - (ii) deducted by the Issuer from any cash amount which may be payable to such Noteholder under these Credit Linked Conditions to the extent that any such cash amount is equal to or greater than Noteholders pro rata share of the applicable Delivery Expenses and Hedge Unwind Costs .

If there is not a cash amount owing from the Issuer under such Note to a Noteholder sufficient to cover the Delivery Expenses and, if applicable, its pro rata share of the Hedge Unwind Costs, the Issuer may convert such amount of Deliverable Obligations comprised in the relevant Noteholder's Deliverable Obligation Entitlement into cash sufficient to cover the Delivery Expenses and, if applicable, a pro rata share of the Hedge Unwind Costs, in respect of such Note from which the Issuer shall deduct such amounts. Each Note will then be redeemed by delivery of the remaining Deliverable Obligation(s) comprising the Deliverable Obligation Entitlement in respect of such Note and, if applicable, payment of a cash amount in respect of any Fractional Entitlement arising, together with any other amounts to which such Noteholder is entitled upon redemption of such Note.

- (n) The Issuer shall not be under any obligation to register or procure the registration of any Noteholder or any other person as the registered holder of any of the Deliverable Obligation(s) comprised in any Deliverable Obligation Entitlement in the register of members or holders of debt securities of any company whose securities form part of any Deliverable Obligation Entitlement. The Issuer shall not be obliged to account to any Noteholder for any entitlement received or receivable in respect of any of the Deliverable Obligation(s) comprised in any Deliverable Obligation Entitlement if the date on which such are first traded ex such entitlement is on or prior to the date of Delivery. The Issuer shall determine, in its sole and absolute discretion, the date on which such assets are so first traded ex any such entitlement.

4 Auction Settlement

- (a) Subject to Conditions 5 and 8 of these Credit Linked Conditions, where "Auction Settlement" is the applicable Settlement Basis specified in the applicable Final Terms (or if "Cash or Physical or Auction Settlement" in the applicable Final Terms and Auction Settlement is elected by the Issuer) then on the Auction Cash Settlement Date, the Issuer shall, subject as aforesaid, redeem:
 - (i) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and/or the Notes are not Linear Basket Notes, each Note in whole; or
 - (ii) if the Credit Event is not a Multiple Exercise Restructuring Credit Event and the Notes are Linear Basket Notes, a portion of the principal amount of each Note equal to the Applicable Proportion determined by reference to the Related Nominal Amount of the Reference Entity in respect of which the Credit Event occurred; or
 - (iii) if the Credit Event is a Multiple Exercise Restructuring Credit Event, a portion of the principal amount of each Note equal to the Applicable Proportion determined by reference to the Exercise Amount specified in the Credit Event Notice relating to the relevant Credit Event.
- (b) On any redemption of a Note pursuant to Condition 4(a) of these Credit Linked Conditions, subject to Conditions 5 and 8 of these Credit Linked Conditions, the Issuer shall pay to each Noteholder, an amount equal to the Auction Cash Settlement Amount in respect of each such Note on the Auction Cash Settlement Date. The Auction Cash Settlement Amount in respect of each Note shall be the amount determined by the Calculation Agent to be the greater of:
 - (i) zero; and
 - (ii) an amount equal to:
 - (A) the Auction Final Price; multiplied by

- (B) an amount equal to the Applicable Proportion multiplied by the outstanding principal amount of such Note,

provided that if the applicable Final Terms specify that “Hedge Unwind Adjustment” shall apply, then the Auction Cash Settlement Amount in respect of each Note shall be adjusted upwards or downwards to reflect that Note’s pro rata share of the Hedge Unwind Costs. For the avoidance of doubt, in no event shall the Auction Cash Settlement Amount be less than zero. Payment by the Issuer of the Auction Cash Settlement Amount shall fully and effectively discharge the Issuer’s obligation to redeem the Applicable Proportion of the relevant Note.

- (c) Without prejudice to the foregoing, but without duplication of settlement, if the Calculation Agent determines:
- (i) except where the Issuer delivers a Notice to Exercise Movement Option to the Calculation Agent on or prior to the Movement Option Cut-off Date, that with respect to a Credit Event no Applicable Auction is being, or will be, held; or
 - (ii) with respect to a Credit Event and any relevant Applicable Request, Applicable Resolution and/or Applicable Auction, that (A) an Auction Cancellation Date has occurred, (B) a No Auction Announcement Date has occurred (and, in circumstances where such No Auction Announcement Date occurs pursuant to sub-paragraph (b) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option), (C) ISDA has publicly announced that a relevant Credit Derivatives Determinations Committee has Resolved, following a relevant Credit Event Resolution Request Date, not to determine the matters described in the definitions of Credit Event Resolution Request Date, (D) an Event Determination Date was determined pursuant to sub-paragraph (a) of the definition of Event Determination Date and no relevant Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Event Determination Date, or (E) an Event Determination Date was determined pursuant to sub-paragraph (b)(ii)(B) of the definition of Event Determination Date,

then the Issuer shall, subject to the occurrence of a Credit Event on any day during the Observation Period and satisfaction of the Conditions to Settlement on or prior to the Conditions to Settlement End Date, notwithstanding that Auction Settlement is specified as applicable in the relevant Final Terms, redeem each Note in accordance with Condition 2 of these Credit Linked Conditions (if Cash Settlement is specified in the applicable terms as the Fallback Settlement Basis) or in accordance with Condition 3 of these Credit Linked Conditions (if Physical Settlement is specified in the applicable terms as the Fallback Settlement Basis).

- (d) If “Restructuring Maturity Limitation and Fully Transferable Obligation Applicable” or “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable” is specified in the applicable Final Terms and the Calculation Agent determines in respect of a Restructuring Credit Event that a No Auction Announcement Date has occurred pursuant to sub-paragraph (b) of the definition of No Auction Announcement Date, the Issuer may elect in its sole and absolute discretion to deliver a Notice to Exercise Movement Option to the Calculation Agent at any time on or prior to the Movement Option Cut-off Date. If a Notice to Exercise Movement Option is so delivered, then provided the related Event Determination Date is not reversed on or prior to the relevant Auction Cash Settlement Date, the Notes shall be redeemed on the Auction Cash Settlement Date at their Auction Cash Settlement Amount, for which purposes the Auction Cash Settlement Date and the Auction Cash Settlement Amount shall be determined by reference to the relevant Parallel Auction identified by the Issuer in the Notice to Exercise Movement Option. If a Notice to Exercise Movement Option is delivered by the Issuer, all references in these Credit Linked Conditions to “Applicable Auction”,

“Applicable Auction Settlement Terms”, “Auction Cancellation Date”, “Auction Final Price Determination Date” and “Auction Settlement Date” shall be deemed to be references to the “Parallel Auction”, “Parallel Auction Settlement Terms”, “Parallel Auction Cancellation Date”, “Parallel Auction Final Price Determination Date” and “Parallel Auction Settlement Date” and the terms of these Credit Linked Conditions shall be construed accordingly.

5 Redemption Suspension

If, following the determination of an Event Determination Date in accordance with sub-paragraph (a) of the definition of Event Determination Date but prior to the relevant Final Payment Date, Cash Settlement Date, the relevant Physical Settlement Date, a Delivery Date or, to the extent applicable, a Valuation Date, as applicable, the Issuer determines that a Suspension Event has occurred, the timing requirements relating to notices of physical settlement and the timing requirements of Conditions 1, 2 and 3 of these Credit Linked Conditions, as applicable, or any other provision of these Credit Linked Conditions and the Notes that pertains to redemption and settlement, shall toll and remain suspended until the Suspension Event Cessation Date. During such suspension period, the Issuer is not obliged to take any action in connection with the redemption and settlement of the Notes. The relevant timing requirements and redemption and settlement provisions, as applicable, that have previously tolled or been suspended shall resume on the Business Day following the relevant Suspension Event Cessation Date with the benefit of the full day notwithstanding when the tolling or suspension began in accordance with this Condition 5. Without prejudice to any amounts payable pursuant to Condition 8 of these Credit Linked Conditions, no additional amounts shall be payable by the Issuer in connection with any such suspension.

6 Interest Payment Postponement

- (a) If, an Applicable Request in respect of a Credit Event is made on or prior to any Interest Payment Date or the Scheduled Observation End Date in respect of which an Applicable Resolution has not been published, the payment of interest (if any) scheduled to be paid to Noteholders on or about such Interest Payment Date or the Scheduled Observation End Date, will be suspended. If in connection with such Applicable Request either (i) an Applicable DC Credit Event Announcement is made but the Calculation Agent determines that the Event Determination Date relating thereto is a date falling after such Interest Payment Date or the Scheduled Observation End Date, or (ii) an Applicable DC No Credit Event Announcement is made, payment of the suspended interest will be made two Business Days after the date the Event Determination Date is so determined or the date of Applicable DC No Credit Event Announcement, as applicable. If in connection with such Applicable Request, an Applicable DC Credit Event Announcement is made and the Calculation Agent determines that the Event Determination Date relating thereto is a date falling on or prior to such Interest Payment Date or the Scheduled Observation End Date, no payment of the suspended interest will be made pursuant to Condition 1(a) of these Credit Linked Conditions.
- (b) No additional amount in respect of interest and no adjustment shall be made to the amount of any interest in connection with the delay or postponement of any payment of interest pursuant to sub-paragraph (a) above. For the avoidance of doubt, no interest shall accrue on any Note after the Scheduled Observation End Date (unless Condition 4(e) of the General Conditions applies and upon due presentation of a Note for redemption payment of principal is improperly withheld or refused by the Issuer). The Issuer shall endeavour to give notice to the Noteholders in accordance with the General Conditions as soon as reasonably practicable should any payment of interest be suspended and/or postponed pursuant to this Condition 6 of the Credit Linked Conditions.

7 Final Payment Date Postponement

- (a) Unless otherwise specified in the applicable Final Terms, if, on the Scheduled Observation End Date, the Issuer determines that:
 - (i) Repudiation/Moratorium is listed as a Credit Event in the applicable Final Terms, a Potential Repudiation/Moratorium has occurred with respect to one or more of the Obligations, the Repudiation/Moratorium Extension Condition has been satisfied and the related Repudiation/Moratorium Evaluation Date has not occurred; and/or
 - (ii) Failure to Pay is listed as a Credit Event in the applicable Final Terms and a Potential Failure to Pay has occurred with respect to one or more of the Obligations; and/or
 - (iii) an Applicable Request has been made on or prior to such date in respect of which an Applicable Resolution has not been published; and

in each case, the Conditions to Settlement in respect of the above have not been satisfied as at the Scheduled Observation End Date (each such event a “**Final Payment Date Postponement Event**”), the Issuer shall endeavour to give notice to the Noteholders in accordance with Condition 13 of the General Conditions as soon as reasonably practicable that redemption of the Notes and the Final Payment Date will be postponed pursuant to the foregoing.

- (b) The payments of any accrued but unpaid interest scheduled to be paid on the Final Payment Date and/or the redemption of the Notes at maturity will not be paid and shall be postponed pursuant to the foregoing. No additional amount in respect of interest shall be payable in connection with the postponement of the redemption of the Notes and the postponement of the Final Payment Date. No interest shall accrue on any Note after the Scheduled Observation End Date (unless Condition 4(e) of the General Conditions applies and upon due presentation of a Note for redemption payment of principal is improperly withheld or refused by the Issuer).
- (c) In such circumstances:
 - (i) with respect to a Potential Repudiation/Moratorium:
 - (A) if an Event Determination Date occurs on or prior to the last day of the Notice Delivery Period and is not reversed pursuant to Condition 8 of these Credit Linked Conditions, each Note shall be redeemed pursuant to Condition 2, 3 or 4 of these Credit Linked Conditions, as applicable; or
 - (B) if the Repudiation/Moratorium Extension Condition is satisfied and an Event Determination Date does not occur on or prior to the final day of the Notice Delivery Period and no other Final Payment Date Postponement Event(s) are outstanding, each Note shall be redeemed at its Final Redemption Amount on the second Business Day following the last day of the Notice Delivery Period;
 - (ii) with respect to a Potential Failure to Pay:
 - (A) if an Event Determination Date occurs on or prior to the last day of the Notice Delivery Period and is not reversed pursuant to Condition 8 of these Credit Linked Conditions, each Note shall be redeemed pursuant to Condition 2, 3 or 4 of these Credit Linked Conditions, as applicable; or
 - (B) if Grace Period Extension is specified as applicable in the applicable Final Terms and an Event Determination Date does not occur on or prior to the last day of the Notice Delivery Period and

no other Final Payment Date Postponement Event(s) are outstanding, each Note shall be redeemed at its Final Redemption Amount on the second Business Day following the last day of the Notice Delivery Period; and

- (iii) with respect to an Applicable Request:
 - (A) if the Conditions to Settlement are satisfied on or prior to the Conditions to Settlement End Date and the related Event Determination Date is not reversed pursuant to Condition 8 of these Credit Linked Conditions, each Note shall be redeemed pursuant to Condition 2, 3 or 4 of these Credit Linked Conditions, as applicable; or
 - (B) if the Conditions to Settlement are not satisfied on or prior to the Conditions to Settlement End Date or the related Event Determination Date is reversed pursuant to Condition 8 of these Credit Linked Conditions, and the Conditions to Settlement have not been satisfied in respect of any other Final Payment Date Postponement Event(s), each Note shall be redeemed at its Final Redemption Amount on the second Business Day following the Conditions to Settlement End Date.
- (d) For the purposes of this Condition 7 of the Credit Linked Conditions, a Final Payment Postponement Event will be deemed to be outstanding on any date, if the relevant period specified in Condition 7(c)(i), (ii) or (iii) above in respect of such Final Payment Postponement Event as the period in which the Conditions to Settlement may occur or in which an Event Determination Date may be reversed has not expired.

8 Reversals and Adjustments to Event Determination Dates

- (a) Notwithstanding anything to the contrary in these Credit Linked Conditions, no Event Determination Date will occur, and any Event Determination Date previously determined with respect to an event shall be deemed not to have occurred, if, or to the extent that the Calculation Agent determines that, prior to the relevant Auction Final Price Determination Date in respect of an Applicable Auction, a related Valuation Date, any relevant Physical Settlement Date (or, if earlier a Delivery Date), or any other relevant date relating to the redemption of the Notes, as applicable, an Applicable DC No Credit Event Announcement occurs with respect to the relevant Reference Entity or Obligation thereof.
- (b) If, following the occurrence of a Credit Event and satisfaction of the Conditions to Settlement in respect of a Reference Entity, the related Event Determination is deemed to have occurred on a date that is earlier than the date originally determined to be the Event Determination Date for the purposes of the Note as a result of the application of the definition of Event Determination Date and/or any Applicable Request or Applicable Resolution then:
 - (i) if the Notes are redeemed pursuant to Condition 2 or 4 of these Credit Linked Conditions, an amount equal to the relevant EDD Adjustment Amount (if any) shall be deducted to the fullest extent possible from the relevant Cash Settlement Amount or Auction Cash Settlement Amount, as applicable; or
 - (ii) if the Notes are redeemed pursuant to Condition 3 of these Credit Linked Conditions, the EDD Adjustment Amount (if any) shall be deemed to be a Delivery Expense for the purposes of Condition 3(m) of these Credit Linked Conditions.
- (c) Without prejudice to Condition 4(c) of these Credit Linked Conditions, if an Applicable DC No Credit Event Announcement occurs following the determination of an Event Determination Date but prior to the related Auction Final Price Determination Date in respect of an Applicable Auction, a related Valuation Date, any related Physical Settlement Date (or, Delivery Date if earlier), or any other

relevant date relating to the redemption of the Notes, as applicable, then the Event Determination Date originally determined for the purposes of the Notes shall be deemed not to have occurred (an “**Event Determination Date Reversal**”). The occurrence of an Event Determination Date Reversal shall not prejudice the occurrence or determination of any subsequent Event Determination Date(s) in relation to the relevant Reference Entity (if applicable). Notwithstanding Condition 1(a) of these Credit Linked Conditions, if an Event Determination Date Reversal occurs, each Note shall recommence to accrue interest (in accordance with the General Conditions) from the Interest Payment Date (the “**Interest Recommencement Date**”) immediately following the relevant Applicable DC No Credit Event Announcement, and an amount equal to the Additional EDD Interest Amount shall be payable on such Interest Recommencement Date. For the avoidance of doubt, in no circumstances shall interest accrue on any Note on or after the Scheduled Observation End Date.

9 Succession Event

- (a) With respect to any Reference Entity (other than a Sovereign Reference Entity), the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the legally effective date of the relevant Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set forth in the definition of “Successor” have been met, or which entity qualifies under paragraph (a)(vi) of the definition of “Successor”, as applicable, provided that the Calculation Agent will not make such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in the definitions of “Successor”, in sub-paragraph (a) of the definition of “Succession Event Resolution Request Date” and sub-paragraph (b)(i) of the definition of “Succession Event Resolution Request Date”, are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event for purposes of the certain credit derivative transactions has occurred, and in each case the Calculation Agent determines that such resolution is an Applicable Resolution. In calculating the percentages used to determine whether the relevant thresholds set forth in the definition of “Successor” have been met, or which entity qualifies under sub-paragraph (a)(vi) of such definition, the Calculation Agent shall use, with respect to each applicable Relevant Obligation included in such calculation, the amount of the liability with respect to such Relevant Obligation listed in the Best Available Information and shall notify the Issuer of such calculation. A copy of the notice of any determination of a Successor shall be given to Noteholders in accordance with Condition 13 of the General Conditions.
- (b) With respect to any Sovereign Reference Entity, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the date of the occurrence of the relevant Succession Event), and with effect from the date of the occurrence of the Succession Event, each Sovereign and/or entity, if any, that qualifies under sub-paragraph (b) of the definition of “Successor”; provided that the Calculation Agent will not make such determination if, at such time, either (i) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in sub-paragraph (b) of the definition of “Successor” and sub-paragraphs (a) and (b)(i) of the definition of “Succession Event Resolution Request Date” are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit

Derivatives Determinations Committee has Resolved not to determine a Successor) or (ii) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event has occurred and the Calculation Agent determines that such Resolution is an Applicable Resolution. A copy of the notice of any determination of a Successor shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

- (c) Where the Notes are Single Name Credit Linked Notes:
 - (i) Where a Succession Event has occurred and more than one Successor has been identified in accordance with these Credit Linked Conditions, each such Successor will be deemed to be a Reference Entity for purposes of the Notes and, to the extent applicable, the Calculation Agent shall apportion any outstanding principal amounts or any other relevant calculation amounts equally in relation to each Successor.
 - (ii) If one or more of the Successors to the Reference Entity have not assumed the Reference Obligation (if any) specified in the applicable Final Terms, the Calculation Agent may select a Substitute Reference Obligation in accordance with the definition of “Substitute Reference Obligation”.
 - (iii) Where a Credit Event occurs in respect of a Reference Entity after such a Succession Event, the provisions of the relevant Credit Linked Conditions shall be deemed to apply to the aggregate principal amount of the Notes represented by that Reference Entity only (the “**Partial Principal Amount**”) and all the provisions shall be construed accordingly. Each Note shall thereafter be redeemed in part (such redeemed part being equal to the relevant proportion of the Partial Principal Amount).
 - (iv) The Notes shall be deemed to be redeemed pro rata in an amount equal to the Partial Principal Amount only. The Notes in an amount equal to the Aggregate Nominal Amount less the Partial Principal Amount shall remain outstanding (the “**Remaining Amount**”) and interest (if applicable) shall accrue on the Remaining Amount as provided for in the General Conditions and the applicable Final Terms (adjusted in such manner as the Calculation Agent determines to be appropriate).
 - (v) The provisions of these Credit Linked Conditions shall apply to any subsequent Credit Event Notices delivered in respect of any of the other Reference Entities that are identified as a result of the Succession Event.
 - (vi) The applicable Final Terms may be amended and restated at such time to reflect the effect of a Succession Event without the consent of the Noteholders and the Noteholders are deemed to agree to this provision by the purchase of the Notes.
- (d) Where the Notes are First-to-Default Credit Linked Notes, N^{th} -to-Default Credit Linked Notes or Linear Basket Notes:
 - (i) Where a Succession Event has occurred in respect of a Reference Entity (each such Reference Entity and any Reference Entity previously the subject of a Succession Event, a “**Succession Event Reference Entity**”) and the Reference Entities unaffected by such Succession Event or any previous Succession Event, the “**Non-Succession Event Reference Entities**”) and more than one Successor has been identified by the Calculation Agent, each such Successor will be deemed to be a Reference Entity for the purposes of the Notes (in such respect, each a “**Successor Reference Entity**”) and, to the extent applicable, the Calculation Agent shall apportion any outstanding principal amounts, Related Nominal Amounts or any other relevant calculation amounts, as applicable, equally in relation to each Successor Reference Entity.
 - (ii) Following the occurrence of a Succession Event, satisfaction of the Conditions to Settlement following a Credit Event with respect to any of the Non-Succession Event Reference Entities will cause the

Notes to be redeemed in full in accordance with the provisions of these Credit Linked Conditions; provided that, in the case of N^{th} -to-Default Credit Linked Notes, satisfaction of the Conditions to Settlement following a Credit Event with respect to any of the Non-Succession Event Reference Entities will only cause the Notes to be redeemed in full as aforesaid where such Non-Succession Event Reference Entity is the N^{th} Reference Entity with respect to which the Conditions to Settlement have been satisfied.

- (iii) Where a Credit Event occurs in respect of a Successor Reference Entity, the relevant provisions of these Credit Linked Conditions shall be deemed to apply to the principal amount of the Notes or Related Nominal Amount, as applicable, represented by the relevant Successor Reference Entity only (the “**Partial Principal Amount**”); provided that, in the case of N^{th} -to-Default Credit Linked Notes, such Successor Reference Entity is the N^{th} Reference Entity with respect to which the Conditions to Settlement have been satisfied, and all the provisions shall be construed accordingly. Subject as aforesaid, the Notes shall thereafter be redeemed in a proportion equal to the relevant proportion which the Partial Principal Amount forms of the Aggregate Nominal Amount of the Notes as of the Issue Date.
- (iv) Without prejudice to Condition 1(a) of these Credit Linked Conditions, following a partial redemption of the Notes pursuant to sub-paragraph (iii) above, interest shall accrue on the remaining outstanding principal amount of the Notes immediately following the partial redemption as provided for in the General Conditions and these Credit Linked Conditions (adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate).
- (v) The provisions of these Credit Linked Conditions shall apply to any subsequent Credit Event Notices delivered in respect of any other Successor Reference Entities formed as a result of one or more Succession Events and/or any of the Non-Succession Event Reference Entities. For the avoidance of doubt, the provisions of this Condition 9(d) of these Credit Linked Conditions shall apply to each Succession Event.
- (vi) Where the effect of the foregoing provisions would be to specify a Reference Entity more than once with respect to the Notes, that Reference Entity shall be deemed to be specified only once.
- (vii) Save as otherwise provided in the applicable Final Terms, where any Reference Entity (the “**Surviving Reference Entity**”) (other than a Reference Entity that is subject to a Succession Event) would be a Successor to any other Reference Entity (the “**Legacy Reference Entity**”) pursuant to a Succession Event through the application of the foregoing provisions, (I) if Fixed Number of Reference Entities is not specified as applicable in the applicable Final Terms, such Surviving Reference Entity shall be deemed a Successor to the Legacy Reference Entity or (II) if Fixed Number of Reference Entities is specified as applicable in the applicable Final Terms, such Surviving Reference Entity shall be deemed a Successor to the Legacy Reference Entity save that the principal amount of the Notes represented by such Reference Entity or Related Nominal Amount of such Reference Entity, as applicable, shall be equal to the principal amount of the Notes represented by the Surviving Reference Entity only or the Related Nominal Amount of such Surviving Reference Entity, as applicable, and the Calculation Agent shall select an additional entity to constitute a Reference Entity in respect of the principal amount of the Notes represented by the Legacy Reference Entity in respect of the related Nominal Amount relating to such Legacy Reference Entity (such entity an “**Additional Reference Entity**”) such that the number of Reference Entities prior to the Succession Event is equal to the number of Reference Entities following the Succession Event. The Additional Reference Entity shall be of the same Transaction Type (as defined in the 2005 Matrix Supplement) with a comparable credit rating as the Legacy Reference Entity, as determined by the Calculation Agent in its sole and absolute discretion. Any such Additional Reference Entity will be deemed to be a Reference Entity for the purposes of the

Notes and all references in these Credit Linked Conditions to a “Reference Entity” or “Reference Entities” shall be construed accordingly.

- (viii) If one or more Additional Reference Entities are selected, the Calculation Agent may select a Substitute Reference Obligation in respect of each such Additional Reference Entity in accordance with the definition of “Substitute Reference Obligation”.
- (ix) Save as otherwise provided in the applicable Final Terms, in the event that (x) the Issuer becomes a Successor to any Reference Entity as a result of the application of the foregoing provisions, (y) the Issuer and any Reference Entity become Affiliates or (z) the Issuer or a Reference Entity consolidates or amalgamates with, or merges into, or transfers all or substantially all its assets to, a Reference Entity or the Issuer (as applicable), then the Issuer shall forthwith give notice of such circumstance to Noteholders. In such event, the Issuer may, but shall not be obliged to, on giving not more than 30 nor less than 15 days’ notice to Noteholders (the “**Seller Merger Notice**”), redeem all but not some of the Notes at the Early Redemption Amount specified in the Seller Merger Notice.
- (x) The applicable Final Terms may be amended and restated at such time to reflect the effect of a Succession Event without the consent of the Noteholders and the Noteholders are deemed to agree to this provision by the purchase of the Notes.

10 Restructuring Credit Event

- (a) If (i) Restructuring is specified in the applicable Final Terms as being an applicable Credit Event; (ii) either “Restructuring Maturity Limitation and Fully Transferable Obligation Applicable” or “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable” is specified in the applicable Final Terms and (iii) a Restructuring Credit Event occurs, then (unless otherwise specified in the applicable Final Terms), the Issuer may deliver multiple Credit Event Notices with respect to such Restructuring, each such Credit Event Notice setting forth the amount of the Aggregate Nominal Amount of the Notes or, if the Notes are Linear Basket Notes, of the Related Nominal Amount in respect of the relevant Reference Entity, as applicable, to which the Termination Event Notice relates (the “**Exercise Amount**”). If the relevant Credit Event Notice does not specify an Exercise Amount, then the Aggregate Nominal Amount of the Notes outstanding immediately prior to the delivery of such Credit Event Notice or, if the Notes are Linear Basket Notes, the Related Nominal Amount outstanding in respect of the relevant Reference Entity immediately prior to the delivery of such Credit Event Notice will be deemed to have been specified as the Exercise Amount. Accordingly, notwithstanding anything to the contrary in these Credit Linked Conditions, where a Restructuring has occurred and the Issuer has delivered a Credit Event Notice for an Exercise Amount that is less than the Aggregate Nominal Amount of the Notes outstanding or the Related Nominal Amount outstanding in respect of the relevant Reference Entity, in each case as at the date immediately prior to the delivery of such Credit Event Notice, as applicable, the provisions of these Credit Linked Conditions shall be deemed to apply to a principal amount of the Notes equal to the Exercise Amount only and all the provisions shall be construed accordingly. Each such Note shall be redeemed in part (such redeemed part being equal to the relevant proportion of the Exercise Amount).
- (b) The Notes shall be deemed to be redeemed pro rata in an amount equal to the Exercise Amount only. The Notes in an amount equal to the Aggregate Nominal Amount or the relevant Related Nominal Amount, as applicable, less the Exercise Amount shall remain outstanding (the “**Outstanding Amount**”) and interest (if applicable) shall accrue on the Outstanding Amount as provided for in the General Conditions, these Credit Linked Conditions and the applicable Final Terms (adjusted in such manner as the Calculation Agent determines to be appropriate).

- (c) In respect of any subsequent Credit Event Notices delivered:
 - (i) the Exercise Amount in connection with a Credit Event Notice describing a Credit Event other than a Restructuring Credit Event must be equal to the outstanding principal amount of the Notes or the Related Nominal Amount outstanding in respect of the relevant Reference Entity, as applicable, at such time (and not a portion thereof); and
 - (ii) the Exercise Amount in connection with a Credit Event Notice describing a Restructuring Credit Event must be an amount that is at least 1,000,000 units of the currency (or, if Japanese Yen, 100,000,000 units) in which the Notes are denominated or any integral multiple thereof or the entire outstanding principal amount of the Notes or the Related Nominal Amount outstanding in respect of the relevant Reference Entity, as applicable, at such time.
- (d) For the avoidance of doubt, (i) in the case of a First-to-Default Credit Linked Note, once a Restructuring Credit Event has occurred in respect of a Reference Entity, no further Credit Event Notices may be delivered in respect of any Reference Entity other than the Reference Entity that was the subject of the first occurring Restructuring Credit Event; (ii) in the case of an N^{th} -to-Default Credit Linked Note, if a Restructuring Credit Event has occurred in respect of the N^{th} Reference Entity, no further Credit Event Notices may be delivered in respect of any Reference Entity other than the N^{th} Reference Entity; and (iii) in the case of a Linear Basket Note, the fact that a Restructuring Credit Event has occurred in respect of a Reference Entity shall not preclude delivery of a Credit Event Notice in respect of any other Reference Entity.
- (e) If “Restructuring Maturity Limitation and Fully Transferable Obligation Applicable” is specified in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation may only be (i) included in a Deliverable Obligation Entitlement and (ii) specified in the relevant Notice of Deliverable Obligation(s), Notice of Physical Settlement or specified in any NODO Amendment Notice or NOPS Amendment Notice, as applicable, if such Deliverable Obligation (A) is a Fully Transferable Obligation and (B) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date.
- (f) If “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable” is specified in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation may only be (i) included in a Deliverable Obligation Entitlement and (ii) specified in the relevant Notice of Deliverable Obligation(s), Notice of Physical Settlement or specified in any NODO Amendment Notice or NOPS Amendment Notice, as applicable, if it (A) is a Conditionally Transferable Obligation and (B) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.
- (g) If the provisions of this Condition 10 of these Credit Linked Conditions apply in respect of the Notes, on redemption of part of each such Note, the relevant Note or, if the Notes are represented by a Global Note, such Global Note shall be endorsed to reflect such partial redemption.
- (h) For the avoidance of doubt, if Restructuring is specified in the applicable Final Terms as being an applicable Credit Event and neither “Restructuring Maturity Limitation and Fully Transferable Obligation Applicable” nor “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable” is specified in the applicable Final Terms, the Issuer may not deliver multiple Credit Event Notices with respect to a Restructuring Credit Event. If a Restructuring Credit Event occurs, the Issuer may only deliver a single Credit Event Notice in respect of such Reference Entity and, subject to satisfaction of the Conditions to Settlement and the other provisions of these Credit Linked Conditions, each Note shall be redeemed in full (or, if the Notes are Linear Basket Notes, in part) pursuant to and in accordance with Condition 1(a) of these Credit Linked Conditions.

11 Adjustment Event

If the applicable Final Terms specify that Adjustment Event(s) shall apply, then following the occurrence of an Adjustment Event at any time during the Observation Period, the Final Redemption Amount and/or the Fixed Coupon Amounts or Interest Amounts and/or any other amount(s) otherwise payable in respect of the Notes shall be reduced by any loss suffered, or costs or expenses incurred, by the Issuer in connection with the Notes as a result of the occurrence of such Adjustment Event, as determined by the Calculation Agent, so as to put the Issuer in the same position in which it would have been but for the occurrence of such Adjustment Event. The Issuer shall endeavour to give notice to the Noteholders in accordance with the General Conditions as soon as reasonably practicable following the occurrence of an Adjustment Event (an “**Adjustment Notice**”). The Adjustment Notice shall specify the relevant adjustments to the Final Redemption Amount and/or the Fixed Coupon Amounts or Interest Amounts and/or any other Amount(s) required as a result of such Adjustment Event.

12 The Calculation Agent

The Calculation Agent shall be responsible for:

- (a) determining whether an Event Determination Date has occurred;
- (b) determining whether any Auction, Request, DC Resolution and/or Credit Derivatives Auction Settlement Terms constitute an Applicable Auction, Applicable Request, Applicable Resolution or an Applicable Credit Derivatives Auction Settlement Terms, as applicable;
- (c) determining the identity of any Successor to the Reference Entity;
- (d) determining whether an event specified in sub-paragraph (i) of the definition of “Substitute Reference Obligation” has occurred;
- (e) identifying and determining a Substitute Reference Obligation;
- (f) obtaining Quotations (and, if necessary, determining whether such Quotations shall include or exclude accrued but unpaid interest) and determining the Final Price;
- (g) converting the Quotation Amount into the relevant Obligation Currency;
- (h) determining the Dealers, if any are to be appointed, and substituting Dealers;
- (i) determining the Overnight Rate (if necessary);
- (j) determining the Cash Settlement Amount (if necessary);
- (k) determining the Auction Cash Settlement Amount (if necessary);
- (l) determining the Partial Cash Settlement Amount (if necessary);
- (m) determining the Additional EDD Interest Amount(s) and/or EDD Adjustment Amount(s) (if necessary); and
- (n) making such other determination(s) and/or calculation(s) required to be made by it under these Credit Linked Conditions or in the applicable Final terms.

The Calculation Agent shall, as soon as practicable after obtaining any Quotation (if applicable), notify the Noteholders in writing of each such Quotation that it receives in connection with the calculation of the Final Price and shall provide to the Noteholders a written computation showing its calculation of the Final

Price. In the absence of manifest error, all determinations of the Calculation Agent shall be binding on the Issuer and the Noteholders.

13 Modifications to the General Conditions

For the purposes of Credit Linked Notes:

- (a) all references to the “Maturity Date” in the General Conditions shall be construed as references to the “Final Payment Date” as defined in these Credit Linked Conditions, except for the reference to “Maturity Date” in the first paragraph under Condition 4(a) of the General Conditions;
- (b) if Interest Period Dates are specified in the applicable Final Terms, then, notwithstanding Condition 4(a) of the General Conditions, “Fixed Interest Period” and “Interest Period” shall mean the period from (and including) an Interest Period Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Period Date. In such circumstances, interest shall accrue on the Notes at the Rate of Interest during the relevant Fixed Interest Period or Interest Period (as the case may be) and shall be payable on the Interest Payment Date or Specified Interest Payment Date (as the case may be) immediately following such Fixed Interest Period or Interest Period (as the case may be);
- (c) references to “Interest Payment Date” in the definition of “Day Count Fraction” in Condition 4 of the General Conditions shall be construed as references to “Interest Period Date” as defined in these Credit Linked Conditions; and
- (d) the Calculation Agent shall determine in its sole and absolute discretion whether any Reference Entity is Japan Corporate or Japan Sovereign for the purposes of these Credit Linked Conditions.

14 FX Convertibility Event and FX Transferability Event

If (x) FX Convertibility Event is specified to be applicable in the applicable Final Terms and a FX Convertibility Event has occurred or is continuing, as determined by the Calculation Agent, on any date on which the Issuer is required to make any payment in respect of the Notes by the exchange of the Relevant Currency and/or the Specified Currency outside or within the Relevant Jurisdiction or (y) FX Transferability Event is specified to be applicable in the applicable Final Terms and a FX Transferability Event has occurred or is continuing, as determined by the Calculation Agent, on any date on which the Issuer is required to make any payment in respect of the Notes by the transfer of the Relevant Currency and/or the Specified Currency outside or within the Relevant Jurisdiction, then in either case the Issuer shall use reasonable endeavours (i) to pay such amount in the Relevant Currency to such Noteholder’s Relevant Currency account or (ii) in the absence of such account or in the case of such Noteholder’s failure to notify the Issuer of the details of such account in a timely manner, to any other account as the Issuer may determine (including, for the avoidance of doubt, an account which is or may be subject to limitations on conversion and/or repatriation) in which account any such amount shall be held for the benefit of such Noteholder. Payment of any such amount by the Issuer shall discharge the Issuer of its remaining obligations under the Notes in respect of such payment in the Relevant Currency. Should any account be opened by the Issuer for the Noteholder according to (ii) above, such account will be opened and maintained on the normal terms and conditions of the relevant institution, and in the event any interest accrues on the amount held in such account, such interest will be for the benefit of the relevant Noteholder. Any costs incurred by the Issuer in connection with the opening or maintenance of such account will be borne by the Noteholder, and the Issuer reserves the right to use the funds in such

account to pay for such costs. The amount payable by the Issuer to the Noteholder in respect of the Notes shall be reduced by the amount of any such costs incurred by the Issuer. Such right of set-off is without prejudice to any additional right to claim such costs. In the event that the costs incurred by the Issuer in connection with the opening and/or maintenance of such account exceed the amount payable by the Issuer to the Noteholder in respect of the Notes or the amount held in such account for the Noteholder, the Issuer reserves the right to forego opening or to close such account.

If the Issuer determines, in its sole discretion, that any payment due on the Notes cannot, or cannot reasonably, be made following a FX Convertibility Event (if FX Convertibility Event is specified to be applicable in the applicable Final Terms) or a FX Transferability Event (if FX Transferability Event is specified to be applicable in the applicable Final Terms), then such payment shall be postponed until the next Payment Day on which such payment can, in the sole discretion of the Issuer, reasonably be made. For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of the postponement of any payment in accordance with this provision.

Notwithstanding the above, if, following a FX Convertibility Event or a FX Transferability Event, as the case may be, the Issuer is unable to convert the Relevant Currency into the Permitted Currency in accordance with these Credit Linked Conditions for a period of five years (or such other period as may be specified in the applicable Final Terms) from the date on which payment was originally due to be made but for the FX Convertibility Event or the FX Transferability Event, as the case may be, then the Issuer shall be entitled to all amounts in such account, including accrued interest, if any, and no additional amounts shall be payable to the relevant Noteholder.

date originally determined to be the Event Determination Date, to and including the Interest Recommencement Date; and

- (b) interest accrued on each such amount on a daily basis at the applicable Overnight Rate as determined by the Calculation Agent for the period from, and including, the Interest Payment Date on which the relevant amount of interest that would have been paid but for the operation of Condition 1(a) of these Credit Linked Conditions and the original determination of the Event Determination Date to, but excluding, the Interest Recommencement Date. For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, the existence of preferred creditors arising by operation of law or of collateral, credit support or other enhancement arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the Reference Entity is a Sovereign;

“Substitute Reference Obligation” means one or more obligations of the Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if “All Guarantees” is specified as applying in the applicable Final Terms, as provider of any Qualifying Guarantee) that will replace one or more Reference Obligations, identified by the Calculation Agent in accordance with the following procedures:

- (i) In the event that (A) a Reference Obligation is redeemed in whole or (B) in the opinion of the Calculation Agent (I) the aggregate amount due under any Reference Obligation has been materially reduced by redemption or otherwise (other than due to any scheduled redemption, amortisation or prepayments), (II) any Reference Obligation is an underlying Obligation with a Qualifying Guarantee of the Reference Entity and, other than due to the existence or occurrence of a Credit Event, the Qualifying Guarantee is no longer a valid and binding obligation of such Reference Entity enforceable in accordance with its terms, or (III) for any other reason, other than due to the existence or occurrence of a Credit Event, any Reference Obligation is no longer an obligation of a Reference Entity, the Calculation Agent shall identify one or more Obligations to replace such Reference Obligation.
- (ii) Any Substitute Reference Obligation shall be an Obligation that (A) ranks *pari passu* in priority of payment with such Reference Obligation (with the ranking in priority of payment of such Reference Obligation being determined as of the date as of which such Reference Obligation was issued or incurred, and not reflecting any change in ranking in priority of payment after such date), (B) preserves the economic equivalent, as closely as practicable as determined by the Calculation Agent, of the delivery and payment obligations of the Issuer and (C) is an obligation of the relevant Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if “All Guarantees” is specified as applying in the applicable Final Terms, as provider of a Qualifying Guarantee). The Substitute

Reference Obligation or Substitute Reference Obligations identified by the Calculation Agent shall, without further action, replace such Reference Obligation or Reference Obligations. The Calculation Agent shall notify the Noteholders of any selection of a Substitute Reference Obligation or Substitute Reference Obligations. Provided that for the purposes of this definition, where the Reference Obligation specified in the applicable Final Terms is a subordinated obligation and such obligation is redeemed in full on or prior to the Trade Date, the ranking in priority of payment of the Reference Obligation for the purposes of this definition shall be that of such Reference Obligation as of the date on which such Reference Obligation was redeemed in full.

- (iii) If there is more than one Reference Obligation, any of the events set forth under sub-paragraph (i) above has occurred with respect to one or more but not all of the Reference Obligations, and the Calculation Agent determines in accordance with sub-paragraph (i) above that no Substitute Reference Obligation is available for one or more of such Reference Obligations, each Reference Obligation for which no Substitute Reference Obligation is available shall cease to be a Reference Obligation.
- (iv) If there is more than one Reference Obligation, any of the events set forth under sub-paragraph (i) above has occurred with respect to all of the Reference Obligations, and the Calculation Agent determines in accordance with sub-paragraph (i) above that at least one Substitute Reference Obligation is available for any such Reference Obligation, then each such Reference Obligation shall be replaced by a Substitute Reference Obligation and each Reference Obligation for which no Substitute Reference Obligation is available will cease to be a Reference Obligation.

CHAPTER 6: FUND LINKED NOTES ISSUED BY ING BANK N.V.

PART 1: TERMS AND CONDITIONS OF FUND LINKED NOTES

The terms and conditions applicable to Fund Linked Notes issued by the Global Issuer shall comprise the Terms and Conditions of the Medium Term Notes set out in Chapter 2, Part 1 (the “General Conditions”), and the additional Terms and Conditions set out below (the “Fund Linked Conditions”), in each case subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Fund Linked Conditions, the Fund Linked Conditions shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Fund Linked Conditions; and (ii) the Final Terms, the Final Terms shall prevail.

1 Final Redemption

Notwithstanding Condition 6(a) of the General Conditions, unless previously redeemed or purchased and cancelled, each Note will be redeemed by the Issuer (subject to the provisions of Conditions 6(n) and 6(o) of the General Conditions, and this Condition 1 of the Fund Linked Conditions) as its Final Redemption Amount on the Maturity Date.

In the case of Notes that reference a single Fund, if the Final Redemption Receipt Date falls on or after the Latest Permissible Receipt Date, then the Issuer may, notwithstanding Condition 6(n) of the General Conditions, postpone the payment of the Final Redemption Amount to the date that is that number of Business Days equal to the Settlement Period following the earlier of the Final Redemption Receipt Date and the Long Stop Date (the “Final Payment Date”). For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment from the Maturity Date to the Final Payment Date. If the Calculation Agent determines that the Final Redemption Receipt Date falls on or after the Long Stop Date, the Notes shall be redeemed at zero or such other amount as the Issuer determines in its sole and absolute discretion.

In the case of Notes that reference a Basket Portfolio, if the Final Redemption Receipt Date of one or more of the Funds comprising the Basket Portfolio falls on or after the Latest Permissible Receipt Date (each such Fund being a “Delayed Fund”), then, notwithstanding Condition 6(n) of the General Conditions, if under Basket Final Redemption, the consequence specified is:

- (i) “Basket Final Redemption Postponement”, the Issuer may postpone payment of the Final Redemption Amount to the date that is that number of Business Days equal to the Settlement Period following the earlier of the Final Redemption Receipt Date in respect of the final Delayed Fund and the Long Stop Date (the “Final Basket Payment Date”). For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment from the Maturity Date to the Final Basket Payment Date. If the Calculation Agent determines that the Final Basket Payment Date would fall on or after the Long Stop Date, the Notes shall be redeemed at such amount as the Issuer determines in its sole and absolute discretion; or
- (ii) “Delayed Fund Redemption Postponement”, the Issuer may pay the notional redemption proceeds of the Fund Interests that the Issuer would have received by the Latest Permissible Receipt Date on the Maturity Date and postpone the payment of the notional redemption proceeds of the Delayed Fund(s) to the date that is that number of Business Days equal to the Settlement Period following the earlier of the Final Redemption Receipt Date in respect of the final Delayed Fund and the Long Stop Date (the “Delayed Fund Final Payment Date”). For the avoidance of doubt, no additional amounts shall be

payable in respect of the postponement of any payment from the Maturity Date to the Delayed Fund Final Payment Date. If the Calculation Agent determines that the Final Redemption Receipt Date in respect of the final Delayed Fund falls on or after the Long Stop Date, the Notes shall be redeemed at such amount as the Issuer determines in its sole and absolute discretion.

For the purposes of this Condition 1 of the Fund Linked Conditions:

“Final Redemption Receipt Date” means the date on which a holder of a Fund Interest would have received the proceeds of a redemption of such Fund Interest deemed to have been submitted for redemption on or as soon as reasonably practicable after the Valuation Date or final Averaging Date, as the case may be, all as determined by the Calculation Agent.

“Fund Interest Price” means, on any Fund Business Day, the price of one Fund Interest in the Specified Currency as at that Fund Business Day (subject to the provisions of Condition 6(n) of the General Conditions), which shall be equal to the available official net asset value of a Fund per Fund Interest for that Fund Business Day, as either notified to the Calculation Agent by the relevant Fund Manager or published by or on behalf of such Fund, less any applicable costs, expenses or taxes that would be incurred by a holder of a Fund Interest in redeeming such Fund Interest, determined by the Calculation Agent; provided that if an Investing Entity either makes an investment in, or redeems, Fund Interests as of such Fund Business Day at a price per Fund Interest that is different from the one so notified or published, the net price per Fund Interest at which such investment or redemption is effected shall be treated as the Fund Interest Price.

“Initial Price” means:

- (a) if a particular amount is specified as the Initial Price in the applicable Final Terms, the amount specified as such; or
- (b) if “Strike Price” is specified as the Initial Price in the applicable Final Terms, the Interest Price on the Strike Date as determined by the Calculation Agent.

In the case of Notes that reference a single Fund, if the Calculation Agent determines that the Early Redemption Receipt Date falls on or after the Latest Permissible Receipt Date, then the Issuer may postpone the payment of the Early Redemption Amount to the date that is that number of Business Days equal to the Settlement Period following the earlier of the Early Redemption Receipt Date and the Long Stop Date (the “Final Early Redemption Date”). For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment from the Early Redemption Date to the Final Early Redemption Date. If the Calculation Agent determines that the Early Redemption Receipt Date falls on or after the Long Stop Date, the Notes shall be redeemed at zero or such other amount as the Issuer determines in its sole and absolute discretion.

- (i) “Basket Early Redemption Postponement”, the Issuer may postpone payment of the Early Redemption Amount to the date that is that number of Business Days equal to the Settlement Period following the earlier of the Early Redemption Receipt Date in respect of the final Delayed Early Redemption Fund and the Long Stop Date (the “Final Early Redemption Basket Payment Date”). For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment from the Early Redemption Date to the Final Early Redemption Basket Payment Date. If the Calculation Agent determines that the Final Early Redemption Basket Payment Date would fall on or after the Long Stop Date, the Notes shall be redeemed at such amount as the Issuer determines in its sole and absolute discretion; or
- (ii) “Delayed Fund Early Redemption Postponement”, the Issuer may pay the notional redemption proceeds of the Fund Interests that the Issuer would have received by the Latest Permissible Receipt Date on the Early Redemption Date and postpone the payment of the notional redemption proceeds of

the Delayed Fund(s) to the date that is that number of Business Days equal to the Settlement Period following the earlier of the Early Redemption Receipt Date in respect of the final Delayed Fund and the Long Stop Date (the “Delayed Fund Final Early Redemption Date”). For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment from the Early Redemption Date to the Delayed Fund Final Early Redemption Date. If the Calculation Agent determines that the Early Redemption Receipt Date in respect of the final Delayed Fund falls on or after the Long Stop Date, the Notes shall be redeemed at such amount as the Issuer determines in its sole and absolute discretion.

Any notice to Noteholders in respect of such a payment shall specify the expected date of that payment, which date shall be confirmed by the Issuer in a later separate notice to Noteholders.

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(n) as follows:

“(n) *Disrupted Days*

If the Calculation Agent determines that, subject as provided below, any Calculation Date on which a Fund Interest Price is to be determined is a Disrupted Day, then such Calculation Date shall be the first succeeding Fund Business Day that is not a Disrupted Day, unless each of the Fund Business Days falling in the Disrupted Period is a Disrupted Day. - (b) the Calculation Agent shall determine the Fund Interest Price as its good faith estimate of the Fund Interest Price that would have prevailed, but for the occurrence of a Disrupted Day, on that final Fund Business Day of the Disrupted Period.

If the Calculation Agent determines that any Averaging Date is a Disrupted Day, then if under Averaging Date Disruption in the Final Terms the consequence specified is:

- (i) “Omission”, then such Averaging Date shall be deemed not to be an Averaging Date. If through the operation of this provision no Averaging Date would occur, then the provisions above will apply for

- (ii) “Postponement”, then the provisions above will apply for the purposes of determining the relevant Fund Interest Price for that Averaging Date as if such Averaging Date were a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date; or
- (iii) “Modified Postponement”, then the relevant Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the final Fund Business Day of the Cut-off Period for that original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date then (A) that final Fund Business Day of the Cut-off Period shall be deemed to be the relevant Averaging Date (irrespective of whether such day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant Fund Interest Price for that Averaging Date with its good faith estimate of the Fund Interest Price that would have prevailed, but for the occurrence of a Disrupted Day, on that deemed Averaging Date.

Notwithstanding the provisions of Condition 6 of the General Conditions, as amended, if the Calculation Agent determines that the Calculation Determination Date for any payment falls after the Latest Permissible Determination Date, such payment shall be postponed to the date that is the number of Business Days equal to the Settlement Period, following the Calculation Determination Date. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 13 of the General Conditions, of any delay that results in the postponement of any payment in respect of the Notes.”

“Redemption Failure” means a holder of Fund Interests would be unable to receive redemption payments in respect of such Fund Interests;

“Regulatory Event” means the winding-up, the closure or the termination of a Fund or the cancellation of the approval or registration of a Fund or its Fund Manager (or any successor thereto) by any relevant regulatory authority;

“Subscription/Redemption Alteration” means any subscription or redemption orders with respect to Fund Interests are not executed as described in the Fund Rules for that Fund;

“Subscription/Redemption Restriction” means any suspension of, or any restriction on, the acceptance of subscriptions or redemptions for Fund Interests or any limitation imposed on such subscription or redemptions (whether or not in accordance with the Fund Rules); or

“Transfer Restriction” means suspension of, or any restriction on, the ability of a holder of Fund Interests to transfer any such Fund Interests, other than in accordance with the Fund Rules.

7 Basket Portfolio

If Basket Portfolio is specified as applicable in the relevant Final Terms, the Issuer will establish and maintain a notional basket portfolio (the “Basket Portfolio”) in respect of the Notes that shall comprise a notional investment in a basket of Funds. The Basket Portfolio will be notionally subdivided into interests (each a “Basket Portfolio Interest”). The value from time to time of a Basket Portfolio Interest (the “Basket Portfolio Interest Price”) will be equal to the Basket Value divided by the Number of Basket Portfolio Interests. The value of the Basket Portfolio (the “Basket Value”) shall initially equal the Initial Basket Value and subsequently shall equal the sum of the Fund Values. The Initial Number of Basket Portfolio Interests equals the Aggregate Nominal Amount of the Notes divided by the Specified Denomination, unless otherwise specified in the relevant Final Terms. On each occasion on which there is a notional redemption or subscription of Basket Portfolio Interests, the Number of Basket Portfolio Interests will be increased (in the case of a subscription) or decreased (in the case of a redemption) by the amount of such subscription or redemption divided by the Basket Portfolio Interest Price. Basket Portfolio Interests may only be notionally redeemed or subscribed on a Basket Business Day.

The Funds included in the Basket Portfolio and their respective Weights as of the Strike Date (the “Initial Weights”) will be set out in the applicable Final Terms. The “Initial Number of Fund Interests” for each Fund will be determined in accordance with the following formula:

Initial Basket Value x Initial Weight / Fund Interest Price at which the relevant Fund Interest is notionally purchased on the Strike Date.

The Number of Fund Interests will change over time (i) on the notional redemption or subscription of Basket Portfolio Interests or (ii) on a Weight Rebalancing, including following a Basket Substitution Event as set out below. If any notional redemption or subscription of Basket Portfolio Interests does not fall on a Weight Rebalancing Date, the Issuer shall notionally redeem or subscribe, as the case may be, a pro rata number of each Fund's Fund Interests in the Basket Portfolio equal to the proportion of Basket Portfolio Interests redeemed or subscribed. Otherwise, the redemption or subscription of Fund Interests shall be effected in accordance with the Weight Rebalancing provisions in Condition 7 of these Fund Linked Conditions set out below such that the number of Fund Interests redeemed or subscribed in each Fund shall be such number that will result in the Fund having the Weight required by the Weight Rebalancing provisions in Condition 7 of the Fund Linked Conditions.

Where:

"Basket Business Day" has the meaning specified in the applicable Final Terms.

"Fund Value" means, in relation to each Fund included in a Basket Portfolio, the product of the Number of Fund Interests and the Fund Interest Price for that Fund.

"Initial Basket Value" means the Aggregate Nominal Amount of the Notes (or such other amount as specified in the relevant Final Terms).

"Number of Basket Portfolio Interests" equals the Initial Basket Value divided by the initial Basket Portfolio Interest Price.

"Number of Fund Interests" means, in relation to each Fund included in the Basket Portfolio, the number of Fund Interests in such Fund included in the Basket Portfolio as determined above.

"Weight" means, in relation to each Fund included in the Basket Portfolio, the percentage of the Basket Value comprised by the related Fund Value.

"Weight Rebalancing Date" has the meaning specified in the applicable Final Terms.

7.1 Weight Rebalancing

The Weight of each Fund in a Basket Portfolio may be adjusted on each Weight Rebalancing Date in accordance with the following provisions, provided that the sum of the Weights of all the Funds in the Basket Portfolio shall always be 100 per cent. and each rebalancing shall involve a notional subscription of Fund Interests (where the weight of a Fund is to increase) or redemption of Fund Interests (where the weight of a Fund is to decrease) in each Fund the Weight of which is to be rebalanced such that the Basket Value is not affected by the rebalancing (although it may be affected by changes in individual Fund Interest Prices that occur during the rebalancing).

- (i) **No Weight Rebalancing:** If "No Weight Rebalancing" is specified as being applicable in the relevant Final Terms, Weight Rebalancing will not be applicable.
- (ii) **Standard Weight Rebalancing:** If "Standard Weight Rebalancing" is specified as being applicable in the relevant Final Terms, the Weight of each Fund within the Basket Portfolio on a Weight Rebalancing Date shall be adjusted so that it equals the Weight of such Fund on the Weight Rebalancing Date immediately prior to the Weight Rebalancing Date after the application of the relevant Weight Rebalancing provisions as of such prior Weight Rebalancing Date. Where no Weight Rebalancing Date has occurred prior to the Weight Rebalancing Date or if Standard Weight Rebalancing is the only applicable Weight Rebalancing provision during the term of the Notes, the Weight of each Fund within the Basket Portfolio on the Weight Rebalancing Date shall be adjusted so that it equals its Initial Weight.

- (iii) **Active Weight Rebalancing:** If “Active Weight Rebalancing” is specified as being applicable in the relevant Final Terms, a third party, which, for the avoidance of doubt, shall not be acting as an agent for the Issuer, the Calculation Agent or any of their affiliates and will not hold itself out as an agent for the Issuer, the Calculation Agent or any of their affiliates, as designated in the relevant Final Terms (“Active Weight Rebalancing Entity”) may on providing the Calculation Agent with such written notice (“Active Weight Rebalancing Written Notice”) as specified in the relevant Final Terms prior to a Weight Rebalancing Date, adjust the Weights applying to each Fund in the Basket Portfolio on a Weight Rebalancing Date, provided that immediately following such Active Weight Rebalancing the composition of the Basket Portfolio complies with the Investment Restrictions. If no Active Weight Rebalancing Written Notice has been received by the Calculation Agent prior to a Weight Rebalancing Date or if an Active Weight Rebalancing Written Notice does not comply with the Investment Guidelines, Fallback Active Weight Rebalancing will apply.

Where:

“**Active Weight Rebalancing Entity**” has the meaning specified in the applicable Final Terms.

“**Active Weight Rebalancing Written Notice**” means 100 calendar days unless otherwise specified in the applicable Final Terms.

“**Fallback Active Weight Rebalancing**” means No Weight Rebalancing unless otherwise specified in the relevant Final Terms.

“**Investment Restrictions**” has the meaning specified in the applicable Final Terms.

- (iv) **Standard Weight Rebalancing subject to Thresholds:** If “Standard Weight Rebalancing subject to Thresholds” is specified as being applicable in the relevant Final Terms and the difference between the Weight of any Fund on a Weight Rebalancing Date and the Weight of such Fund on the previous Weight Rebalancing Date on which there was a rebalancing is more than the Threshold specified in the applicable Final Terms, the Weight of each Fund within the Basket Portfolio on that Weight Rebalancing Date shall be adjusted so that it equals the Weight of such Fund on the most recent Weight Rebalancing Date prior to the Weight Rebalancing Date on which there was a rebalancing after the application of the relevant Weight Rebalancing provisions as of such prior Weight Rebalancing Date. Where no Weight Rebalancing Date has occurred prior to the Weight Rebalancing Date or if Standard Weight Rebalancing is the only applicable Weight Rebalancing provision during the term of the Notes, the Weight of each Fund within the Basket Portfolio on the Weight Rebalancing Date shall be adjusted (subject to the threshold) so that it equals its Initial Weight.
- (v) **Other Weight Rebalancing:** If “Other Weight Rebalancing” is specified as being applicable in the relevant Final Terms, the Other Weight Rebalancing provisions set out in the relevant Final Terms will apply on each Weight Rebalancing Date.

7.2 Basket Substitution Events

If the Calculation Agent determines that a Substitution Event as defined in Condition 6 of these Fund Linked Conditions has occurred in relation to a Fund in the Basket Portfolio at such time (the “Original Fund”) then the Calculation Agent may:

- (i) waive such Substitution Event; or

- (ii) remove such Fund from the Basket Portfolio with effect as soon as reasonably practicable and, as soon as reasonably practicable following the removal of such Fund, either:
 - (a) substitute such Fund with a Replacement Fund having the same weight as the Original Fund or more than one Replacement Fund having individual Weights selected by the Calculation Agent and an aggregate Weight equal to the Original Fund; or
 - (b) if no Replacement Fund is available or if a Fund Substitution Event has occurred in relation to each of the Replacement Funds, adjust the Weights of the remaining Funds in the Basket Portfolio;

and following any such replacement or weight adjustment, the Calculation Agent may make any adjustments to the terms and conditions of the Notes as it deems appropriate to reflect such replacement or weight adjustment; or

- (iii) determine that the Notes shall become due for redemption in accordance with Condition 2 of these Fund Linked Conditions above.; or
- (iv) determine that the effect of the Substitution Event can be compensated by an adjustment to the terms and conditions of the Notes and following any such determination, the Calculation Agent may make any adjustments to the terms and conditions of the Notes as it deems appropriate to reflect such compensation.

As of such date of replacement of the Original Fund with one or more Replacement Funds, the Replacement Fund (or where more than one Replacement Fund is used, the Replacement Funds together) will be deemed to be the Original Fund for the purposes of this Condition 7.2 of these Fund Linked Conditions.

For the avoidance of doubt, the Issuer or the Calculation Agent are under no obligation to monitor whether or not a Substitution Event has occurred in respect of any Fund. Neither the Issuer nor the Calculation Agent shall be liable to any Noteholder for losses resulting from (i) any determination that the Substitution Event has occurred or has not occurred in relation to a Fund, (ii) the timing relating to the determination that a Substitution Event has occurred in relation to a Fund or (iii) any actions taken or not taken by the Issuer as a result of such determination that a Substitution Event has occurred.

7.3 Basket Adjustments

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(q) as follows:

“(q) Basket Adjustments

If the Calculation Agent determines that, in respect of a Fund in the Basket Portfolio, a Corporate Event has occurred or is continuing, the Calculation Agent will (a) make the corresponding adjustment(s), if any, to any one or more of the Redemption Amount, the Early Redemption Amount (if any) and/or any other provision as the Calculation Agent determines appropriate to account for the dilutive or concentrative effect on the value of the relevant Fund Interests and (b) determine the effective date(s) of the adjustment(s). The Issuer shall give notice of such adjustment to Noteholders in accordance with Condition 13. For the avoidance of doubt, if Corporate Event is also specified as a Substitution Event in the Final Terms, the provisions of Condition 7.2 of these Fund Linked Conditions shall prevail.”

7.4 Basket Portfolio Disrupted Days

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

“(o) Basket Portfolio Disruption

If the Calculation Agent determines that, subject as provided below, any Calculation Date in respect of any Fund Interest in the Basket Portfolio is a Disrupted Day (each an “Affected Fund Interest”), then:

- (i) if “Affected Fund Disruption” is specified in the relevant Final Terms, the relevant Calculation Date in respect of the Affected Fund Interest only shall be the first succeeding relevant Fund Business Day that is not a Disrupted Day, unless each of the relevant Fund Business Days falling in the Disrupted Period is a Disrupted Day. In that case (a) the final Fund Business Day of the Disrupted Period shall be deemed to be the relevant Calculation Date in respect of the Affected Fund Interest, notwithstanding the fact that such day is a Disrupted Day and (b) the Calculation Agent shall determine the Fund Interest Price of the Affected Fund Interest as its good faith estimate of the Fund Interest Price of the Affected Fund Interest that would have prevailed, but for the occurrence of a Disrupted Day, on that final Fund Business Day of the Disrupted Period (the “Affected Fund Calculation Date”). The related Basket Value shall be determined on the Affected Fund Calculation Date and the Fund Values for all Fund Interests that are not Affected Fund Interests shall be determined on the relevant scheduled Calculation Date.

If the Calculation Agent determines that any Averaging Date is a Disrupted Day and Affected Fund Disruption is specified, then if under Basket Averaging Date Disruption in the Final Terms the consequence specified is:

- (A) “Affected Fund Omission”, then such Averaging Date shall be deemed not to be an Averaging Date, in relation to the Affected Fund only. If through the operation of this provision no Averaging Date would occur in relation to such Affected Fund, then the provisions above will apply for the purposes of determining the relevant Fund Interest Price for the final Averaging Date as if such final Averaging Date were a Disrupted Day;
 - (B) “Affected Fund Postponement”, then the provisions above will apply for the purposes of determining the relevant Fund Interest Price of the relevant Affected Fund Interest only for that Averaging Date, as if such Averaging Date were a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date; or
 - (C) “Affected Fund Modified Postponement”, then the relevant Averaging Date for the relevant Affected Fund Interest only shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the final Fund Business Day of the Cut-off Period for that original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date then (A) that final Fund Business Day of the Cut-off Period shall be deemed to be the relevant Averaging Date (irrespective of whether such day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant Fund Interest Price of the relevant Affected Fund for that Averaging Date with its good faith estimate of the Fund Interest Price that would have prevailed
- (ii) if “Basket Disruption” is specified in the relevant Final Terms, the relevant Calculation Date for all Fund Interests in the Basket Portfolio shall be the first succeeding Basket Business Day that

is not a Disrupted Day, unless each of the Basket Business Days falling in the Disrupted Period is a Disrupted Day. In that case (a) that final Basket Business Day of the Disrupted Period shall be deemed to be the relevant Calculation Date in respect of all Fund Interests in the Basket Portfolio and (b) the Calculation Agent shall determine the Fund Interest Price of each Affected Fund Interest as its good faith estimate of the relevant Fund Interest Price of each Affected Fund Interest that would have prevailed, but for the occurrence of a Disrupted Day, on that final Basket Business Day of the Disrupted Period.

If the Calculation Agent determines that any Averaging Date is a Disrupted Day and Basket Disruption is specified, then if under Basket Averaging Date Disruption in the Final Terms the consequence specified is:

- (A) “Basket Omission”, then such Averaging Date shall be deemed not to be an Averaging Date, in relation to the Basket Portfolio, for the purposes of determining the Basket Portfolio Interest Price. If through the operation of this provision no Averaging Date would occur in relation to the Basket Portfolio, then the provisions above will apply for the purposes of determining each Fund Interest Price for the final Averaging Date as if such final Averaging Date were a Disrupted Day;
- (B) “Basket Postponement”, then the provisions above will apply for the purposes of determining the Fund Interest Price of each Fund in the Basket Portfolio for that Averaging Date as if such Averaging Date were a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date; or
- (C) “Basket Modified Postponement”, then the relevant Averaging Date for each Fund Interest in the Basket Portfolio shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the final Basket Business Day of the Cut-off Period for that original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date then (A) that final Basket Business Day of the Cut-off Period shall be deemed to be the relevant Averaging Date (irrespective of whether such day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant Fund Interest Price of each Fund in the Basket Portfolio for that Averaging Date with its good faith estimate of each Fund Interest Price that would have prevailed

For the purposes of this paragraph (ii) only, all references in the definitions of Cut-off Period, Disruption Period and Value Date to Fund Business Day shall be construed to be references to Basket Business Day.

- (iii) If “Affected Fund Estimate” is specified in the relevant Final Terms, the Calculation Agent shall determine the price of one relevant Affected Fund Interest as its good faith estimate of the price of one relevant Affected Fund Interest that would have prevailed, but for the occurrence of a Disrupted Day, on the relevant scheduled Calculation Date.

“Reference Portfolio Final Valuation Date” means the fifth Reference Portfolio Business Day prior to the Maturity Date or the Early Redemption Date, unless otherwise specified in the applicable Final Terms.

“Specified Date” means each of (i) the Issue Date, (ii) each Allocation Adjustment Settlement Date (as defined in Condition 6.6 of these Dynamic and Static Portfolio Conditions), (iii) such other Reference Portfolio Business Day as may be specified by the Calculation Agent and (iv) the Master Portfolio Redemption Date.

“Target Reference Portfolio Allocation” has the meaning specified in the applicable Final Terms.

2 Master Portfolio

If Master Portfolio is specified as applicable in the relevant Final Terms, the Issuer will establish and maintain a notional Master Portfolio (the “Master Portfolio”) in respect of the Notes that shall notionally comprise certain assets (and liabilities) that are notionally allocated to such Master Portfolio. Unless otherwise stated in the Final Terms, the initial and all subsequent allocations of notional assets (and liabilities) of the Master Portfolio will be sub-divided into the Reference Portfolio, the Deposit Portfolio (if applicable) and the Leverage Portfolio (if applicable), such assets (and liabilities) shall be determined in accordance with Condition 6 of these Dynamic and Static Portfolio Conditions and the relevant Final Terms. The Master Portfolio will be notionally subdivided into interests (each a “Master Portfolio Interest”). The value from time to time of a Master Portfolio Interest (the “Master Portfolio Interest Price”) will be equal to the Master Portfolio Value divided by the Number of Master Portfolio Interests. The value of the Master Portfolio (the “Master Portfolio Value”) shall initially equal the Aggregate Nominal Amount of the Notes, unless otherwise specified in the relevant Final Terms, and subsequently shall equal the sum of the value of the Reference Portfolio, the Deposit Portfolio and the Leverage Portfolio (the “Master Portfolio Value”). On each occasion on which there is a notional redemption or subscription of Master Portfolio Interests, the Number of Master Portfolio Interests will be increased (in the case of a subscription) or decreased (in the case of a redemption) by the amount of such subscription or redemption divided by the Master Portfolio Interest Price.

3 Reference Portfolio

The **“Reference Portfolio”** comprises the notional investment of the Master Portfolio in either an asset or a basket of assets as determined in accordance with the provisions of the relevant chapter specified in the relevant Final Terms under “Applicable Chapter”. References in these Dynamic and Static Portfolio Conditions to “Reference Portfolio Interests”, “Reference Portfolio Interest Price” and “Reference Portfolio

Business Day” means a reference to units in the relevant asset or basket of assets, the price of such units and the Business Day applicable to such asset or basket of assets, all as determined in accordance with the provisions of the applicable chapter as specified in the relevant Final Terms (the “Applicable Chapter”).

4 Deposit Portfolio

4.1 Where a Deposit Portfolio is specified as being applicable in the relevant Final Terms, the Master Portfolio will contain a deposit portfolio (the “Deposit Portfolio”). The Issuer will make notional allocations to the Deposit Portfolio in accordance with Condition 6 of these Dynamic and Static Portfolio Conditions. The Deposit Portfolio comprises the aggregate amount of deposits (the “Deposits” and each a “Deposit”) notionally made by the Master Portfolio in respect of the Deposit Portfolio.

4.2

4.2.1 If “Zero/Fixed Coupon Deposit” is specified in the relevant Final Terms, each Deposit shall (i) be treated as having been notionally accepted by the Calculation Agent at a discount to its nominal amount (or, depending on prevailing market rates, at a premium), (ii) shall have a coupon equal to the Deposit Coupon (if any) accruing on 100 per cent. of its nominal amount (calculated in accordance with the Deposit Day Count Fraction) and payable as of each Deposit Coupon Payment Date, each as specified in the relevant Final Terms, and (iii) shall be finally redeemed at the Deposit Redemption Amount on the Reference Portfolio Final Valuation Date. The price at which a Deposit is made into the Deposit Portfolio (and the price at which a Deposit is paid out of the Deposit Portfolio in whole or in part prior to the Reference Portfolio Final Valuation Date) and which shall, therefore, be used to determine the nominal amount of the Deposit made (or portion of the Deposit paid out) shall be valued by discounting to the date as of which the calculation is being made each of (i) the nominal amount of the Deposit and (ii) the Deposit Coupons notionally payable on that Deposit, each at the Applicable Rate, using the relevant day count fraction for the Applicable Rate. The discounted price shall be the sum of such discounted amounts. A Deposit shall only be capable of being made as of a Deposit Business Day. For the avoidance of doubt, the Deposit and any accrued interest thereon will be reinvested in another Deposit on the same terms on the day that it matures, unless an Allocation Adjustment requires that all or part of such Deposit is required to be allocated to another portfolio in the Master Portfolio.

The “Applicable Rate” shall be the zero-coupon interest rate (not including a bid or offer spread) for the period from the date as of which the calculation is being made to the payment date of the cashflow being discounted, which zero-coupon interest rate shall be calculated by the Calculation Agent from prevailing swap market rates for each such period (such rates to be determined by the Calculation Agent at its absolute discretion but, in the case of Deposits denominated in U.S. dollars, by reference to USD-LIBOR-BBA, in the case of Deposits denominated in Euro, by reference to EUR-EURIBOR-Reuters, or such other rate as may be specified in the applicable Final Terms as the “Deposit Interest Rate” (each as defined in the Annex to the 2006 ISDA Definitions) and, in the case of Deposits denominated in a different currency, by reference to such other publicly available rate (if any) as may be specified in the relevant Final Terms), which swap market rates will be subject to a deduction equal to, (i) where a Deposit is being accepted, the Deposit Offer Spread, (ii) where a Deposit is being repaid, the Deposit Bid Spread and (iii) when a Deposit is being valued for the purposes of determining the Master Portfolio Value, no spread.

- 4.2.2 If “Overnight Deposit” is being Specified in the relevant Final Terms, on each occasion on which the Deposit is required to be notionally made or liquidated, it shall be treated as having been notionally accepted by the Issuer in a nominal amount in the Specified Currency equal to the sum of (i) the sum so deposited, (ii) the notional amount of the existing Deposit and (iii) accrued interest on the existing Deposit. The Deposit shall notionally mature on the Business Day following the date of its deemed notional deposit and shall bear interest on its notional amount at the overnight interest rate for deposits in the Specified Currency offered by the Issuer. On maturity of the Deposit, its nominal amount shall be increased by the overnight interest that has accrued on it, which shall be calculated by multiplying the nominal amount of the Deposit by the overnight rate and the number of calendar days between the date of the Deposit was notionally made and its maturity dividing the result by 360, or such other fraction as may be specified in the applicable Final Terms as “Overnight Day Count Fraction”. For the avoidance of doubt, the Deposit and any accrued interest thereon will be reinvested in another Deposit on the same terms on the day that it matures, unless an Allocation Adjustment requires that all or part of such Deposit is required to be allocated to another portfolio in the Master Portfolio.

5 Leverage Portfolio

Where a Leverage Portfolio is specified as being applicable in the relevant Final Terms, the Master Portfolio will contain a Leverage Portfolio as set out below:

- (i) The leverage portfolio (the “Leverage Portfolio”) is a notional borrowing by the Master Portfolio from the Issuer (the “Leverage Counterparty”), whereby on each Specified Date (save for the final Specified Date) the Master Portfolio will, if required pursuant to Condition 6 of these Dynamic and Static Portfolio Conditions, notionally borrow an amount equal to the Leverage Notional Amount for the Reference Period commencing with such Specified Date and, at the end of that Reference Period, will notionally repay that Leverage Notional Amount.
- (ii) The Leverage Notional Amount of any such notional borrowing will be notionally invested in the Reference Portfolio, with such notional investment being made for value as of the Specified Date commencing that notional borrowing. Any repayment of such notional borrowing (that is a reduction of the Leverage Notional Amount, in whole or in part, as specified in Condition 6 of these Dynamic and Static Portfolio Conditions) will be made in the manner set out in Condition 6 of these Dynamic and Static Portfolio Conditions), with any disinvestments from the Reference Portfolio to fund such notional repayment being made for value as of the Specified Date ending the Reference Period relating to such notional borrowing.
- (iii) For each Reference Period, the Master Portfolio will pay interest on the Leverage Notional Amount (if any) equal to the Leverage Funding Costs. The “Leverage Funding Costs” will accrue daily and be payable in arrear as of each Leverage Funding Costs Payment Date in that Reference Period in respect of the Leverage Funding Costs Period ending on such Leverage Funding Costs Payment Date. The Leverage Funding Costs payable in respect of a Leverage Funding Costs Period will be an amount, in the Specified Currency, equal to the sum of the Leverage Cost Daily Accruals for that Leverage Funding Costs Period. For each day in the Leverage Funding Costs Period, the amount that shall accrue daily (each a “Leverage Cost Daily Accrual”) will be equal to the product of:
 - (A) The Specified Rate for that Leverage Funding Costs Period, determined by reference to the 2006 ISDA Definitions and as if the Reset Date for the Leverage Funding Costs Period was the Leverage Funding Costs Payment Date (or, in the case of the first Leverage Funding Costs

Period in a Reference Period, the Specified Date commencing that Reference Period) commencing that Leverage Funding Costs Period, plus the Funding Spread specified in the relevant Final Terms;

- (B) the Leverage Notional Amount for the Reference Period in which the Leverage Funding Costs Period falls; and
- (C) the Leverage Day Count Fraction.

6 Allocation Adjustments

6.1 Initial Allocation:

The Calculation Agent will, as of the Issue Date, notionally allocate an amount equal to the Master Portfolio Investment Proceeds to the Master Portfolio. Of the Master Portfolio Investment Proceeds, an amount equal to the product of the Initial Reference Portfolio Allocation and the Master Portfolio Investment Proceeds will be allocated to the Reference Portfolio for the purpose of notionally investing in Reference Portfolio Interests and, if Deposit Portfolio is specified as being applicable and the Initial Reference Portfolio Allocation is equal to or less than 100 per cent., any remainder will be allocated to the Deposit Portfolio. If Leverage Portfolio is specified as being applicable in the relevant Final Terms and the Initial Reference Portfolio Allocation is greater than 100 per cent., a Leverage Notional Amount equal to the product of (i) the Master Portfolio Investment Proceeds and (ii) the Initial Reference Portfolio Allocation less 100 per cent. will be established which shall be applied towards the notional subscription of additional Reference Portfolio Interests.

6.2 Allocation Adjustments

6.2.1 Static Master Portfolio

If Static Master Portfolio is specified as applicable in the relevant Final Terms, there will be no subsequent allocation adjustments between the Reference Portfolio, the Deposit Portfolio and the Leverage Portfolio.

6.2.2 Managed Master Portfolio

If Managed Master Portfolio is specified as applicable in the relevant Final Terms, the Calculation Agent will notionally increase (or decrease) the allocation of the assets of the Master Portfolio to the Reference Portfolio, the Deposit Portfolio and the Leverage Notional Amount (as applicable) (each, an “Allocation Adjustment”), from time to time, based on the criteria specified in the Final Terms (the “Allocation Adjustment Criteria”), by, as applicable, notionally redeeming or selling (as the case may be) or subscribing or purchasing (as the case may be) an appropriate number of Reference Portfolio Interests, by increasing or reducing Deposits and by adjusting the Leverage Notional Amount. At any time, up to the Ceiling Percentage and no less than the Floor Percentage of the Master Portfolio Value may be notionally allocated to the Reference Portfolio. As of any Reference Portfolio Business Day from (and including) the Issue Date to (but excluding) the Master Portfolio Redemption Date, the Issuer will increase (or decrease) the allocation to the Reference Portfolio, the Deposit Portfolio and the Leverage Portfolio as follows:

- (i) If the Target Reference Portfolio Allocation is less than or equal to the Reference Portfolio Allocation by a percentage equal to or greater than the Allocation Threshold, as estimated by the Calculation Agent, as of any time on any Reference Portfolio Business

Day, then a deleverage (a “Deleverage”) will be initiated as of that Reference Portfolio Business Day by notionally redeeming or selling (as the case may be) Reference Portfolio Interests and repaying all, or some only, as necessary, of any Leverage Notional Amount and/or increasing the assets allocated to the Deposit Portfolio by an amount equal to the notional proceeds of such redemption or sale (as the case may be) of Reference Portfolio Interests remaining after any notional repayment of Leverage Notional Amount.

- (ii) If the Target Reference Portfolio Allocation is greater than or equal to the Reference Portfolio Allocation by a percentage equal to or greater than the Allocation Threshold, as estimated by the Calculation Agent, as of any time on any Reference Portfolio Business Day, then a releverage (a “Releverage”) will be initiated on the Reference Portfolio Business Day following such Reference Portfolio Business Day by notionally subscribing or purchasing (as the case may be) Reference Portfolio Interests and increasing any Leverage Notional Amount and/or by notionally subscribing or purchasing (as the case may be) Reference Portfolio Interests and decreasing the allocation to the Deposit Portfolio by an amount equal to the notional proceeds of such subscription or purchase (as the case may be) of Reference Portfolio Interests not notionally attributable to the increase in any Leverage Notional Amount.

6.3 In each case, the Allocation Adjustment will be made to the extent necessary so that the revised allocation of assets of the Master Portfolio to the Reference Portfolio equals the Target Reference Portfolio Allocation. Where the Target Reference Portfolio Allocation is less than 100 per cent., the balance of the assets of the Master Portfolio will be notionally allocated to the Deposit Portfolio. If this results in all the assets of the Master Portfolio being notionally allocated to the Deposit Portfolio there will be no further notional allocation of assets to the Reference Portfolio. Where the Target Reference Portfolio Allocation is more than 100 percent., a Leverage Notional Amount equal to the product of (i) the Master Portfolio Value and (ii) the Target Reference Portfolio Allocation less 100 per cent. will be established or maintained.

6.4 Clean-up Call Percentage

Unless otherwise specified in the relevant Final Terms, if, upon an Allocation Adjustment, the Target Reference Portfolio Allocation formula would result in the percentage value of the assets of the Master Portfolio allocated to the Reference Portfolio being equal to or lower than the Clean-up Call Percentage (as set out in the relevant Final Terms), the Target Reference Portfolio Allocation will be deemed to be zero. In such circumstances, all of the assets of the Master Portfolio will be allocated to the Deposit Portfolio and no further allocation of assets to the Reference Portfolio will occur.

6.5 Determination of Allocation Adjustments

The determination as to whether an Allocation Adjustment is necessary and as to the level of each such Allocation Adjustment will be made based on the determination of the relevant formulaic variables as of the Reference Portfolio Business Day of calculation. For the avoidance of doubt, the subsequent publication of official Reference Portfolio Interest Prices or any subsequent correction of a previously determined variable shall in no way retrospectively affect the need for, or the amount of, any Allocation Adjustments that have been initiated or settled in accordance with the foregoing provisions. In addition, although the Calculation Agent is required to effect Allocation Adjustments with the aim described in Condition 6 of these Dynamic and Static Portfolio Conditions and the Final Terms, the

exact value of the transactions effected as a result of the Allocation Adjustment cannot be determined until after they have been completed and all relevant Reference Portfolio Interest Prices determined.

6.6 Timing of Allocation Adjustment

An Allocation Adjustment may require the notional redemption or purchase (as the case may be) or subscription or sale (as the case may be), as the case may be, of all or some only of the Reference Portfolio Interests notionally held in the Reference Portfolio. Although the Allocation Adjustment will be initiated immediately (such date, the “Allocation Adjustment Effective Date”), the precise timing of the Allocation Adjustment (to the extent that such Allocation Adjustment requires the notional liquidation of Reference Portfolio Interests or notional further investment in Reference Portfolio Interests) will be dependent upon the time it would actually take to effect a liquidation or investment of an equivalent amount in the relevant asset(s) in the Reference Portfolio (as determined by the Calculation Agent in its absolute discretion). Specifically (but subject to Condition 5 of these Dynamic and Static Portfolio Conditions in respect of a Leverage Portfolio) in respect of a Deleverage (or Releverage), the notional redemption or sale (as the case may be) (or subscription or purchase, as the case may be) of Reference Portfolio Interests will be settled as of, and for value, the next following Reference Portfolio Business Day in which an investment (or disinvestment) would next be capable of being made in the relevant Reference Portfolio Interest given the timing restraints specified above (such date, the “Allocation Adjustment Settlement Date”) and the corresponding deposit into (withdrawal from) the Deposit Portfolio (if any) will be made on the Allocation Adjustment Settlement Date using prevailing forward rates for such date, with such forward rates being calculated as of the Allocation Adjustment Effective Date (such forward rate determined by the Calculation Agent from prevailing swap market rates at its absolute discretion).

6.7 Cash Balance

A certain percentage of the Reference Portfolio may be held as a cash balance (the “Cash Balance”) at the determination of the Issuer. The Issuer may determine to hold or increase the Cash Balance in order to fund any liabilities of the Reference Portfolio, which shall include the value of all accrued premia, fees and expenses notionally attributable to the Reference Portfolio and interest that has notionally accrued, whether or not such sums are currently due and payable. Where the Issuer determines it necessary to hold a Cash Balance in the Reference Portfolio, such Cash Balance will be funded by the notional redemption of Master Portfolio Interests and, if necessary following redemption of all Master Portfolio Interests attributable to the Reference Portfolio, by the notional redemption of Deposits. No interest will be payable on any Cash Balance.

6.8 Deductions of Additions to the Reference Portfolio.

Where a payment or a deduction is specified to be made from the Reference Portfolio, such payment or deduction will be effected by a reduction of the Cash Balance (if any) by the amount of such payment or deduction. Should the Cash Balance not be sufficient to fund such payment or deduction, the Cash Balance will be reduced to zero and the additional amount required will be met through a redemption of Master Portfolio Interests notionally attributed to the Master Portfolio (payment or deduction or such additional amount being subject to the time it would take to make a redemption of the requisite number of Master Portfolio Interests). If, following the redemption of all Master Portfolio Interests notionally attributable to the Master Portfolio, such payment or deduction still has not been fully met then the remainder of such payment will be met from the Deposit Portfolio (if any). Where an amount is to be notionally credited to the Reference Portfolio, such amount will be applied towards a notional

purchase of Master Portfolio Interests, save that the Issuer may determine that all or some only of that amount may be held as part of the Cash Balance.

In the event of any inconsistency between the General Conditions and the Exchangeable Conditions, the Exchangeable Conditions set out below shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Exchangeable Conditions and (ii) the Final Terms, the Final Terms shall prevail.

1 Final Redemption

Subject to (i) the Exchange Right set out in Condition 6(p) of the General Conditions not having been exercised and (ii) any applicable automatic redemption and/or early redemption and/or put options and/or call options set forth in the Final Terms not having occurred prior to any applicable date specified therein, on the Maturity Date (subject to the provisions of Condition 6(o) of the General Conditions) the Issuer shall pay the Final Redemption Amount, which shall be an amount payable per Note in the Specified Currency determined by the Calculation Agent as set forth in the Final Terms.

“**Change in Law**” means that, on or after the Issue Date (or as otherwise set forth in the Final Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law) or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines that (X) it has become illegal for the Issuer to hold, acquire or dispose of the Shares, or (Y) the Issuer will incur a materially increased cost in holding, acquiring or disposing of the Shares and/or performing its obligations under the Notes (including, without

limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).

3 Disrupted Days

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(n) as follows:

“(n) *Disrupted Days*

If the Calculation Agent determines that any Exchange Date is a Disrupted Day, then such Exchange Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Issuer of the occurrence of a Disrupted Day, would have been such Exchange Date is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be such Exchange Date in respect of the Shares, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one Share as its good faith estimate of the price of one Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.”

4 Adjustments

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

“(o) *Adjustments, Consequences of Certain Events and Currency*

(i) *Adjustments*

If the Calculation Agent determines that a Potential Adjustment Event has occurred or that there has been an adjustment to the settlement terms of listed contracts on the Shares traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (a) require the Issuer to make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Exchange Right and/or any of the terms and conditions of the Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the Shares traded on that options exchange.

(ii) *Consequences of a Merger Event*

If the Calculation Agent determines that a Merger Event has occurred, the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Merger Date, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment; and/or
- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the “Shares” and the “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms of the Notes as the Calculation Agent may determine.

The Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 13 of the General Conditions.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred, then on or after the relevant Tender Offer Date the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Tender Offer Date, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment.

The Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 13 of the General Conditions.

(iv) Nationalisation, Insolvency or De-listing

If in respect of the Shares or the Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Exchange Right and/or any of the other terms and conditions of the Notes to account for the Nationalisation, Insolvency or De-listing, as the case may be, and determine the effective date of that adjustment or (ii) require the Issuer to redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(v) Change of Exchange

If the Exchange is changed, the Issuer may make such consequential modifications to the Final Redemption Amount, Exchange Right, Valuation Time and such other terms and conditions of the Notes as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the Exchange within three Business Days (or such other period specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the Share Currency (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Exchange Right and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Issuer Calculation Agent may make such adjustment or adjustments to the Final Redemption Amount, Exchange Right and/or any other relevant term of the Notes as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes or determination

pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(ix) Change in currencies

If, at any time after the Issue Date, there is any change in the Share Currency, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.”

5 Exchange Right

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) *Exchange Right*

(i) Exchange Periods and Exchange Rights

(a) Exchange Right

Holders of Notes have the right (the “Exchange Right”) to exchange their Notes for their respective Share Amount(s) at any time during the Exchange Period referred to below. Upon exchange, the right of the exchanging holder of Notes to repayment of the Note(s) to be exchanged shall be extinguished and released, and in consideration and in exchange thereof the Issuer shall deliver or procure the delivery of the relevant Share Amount(s) as provided herein.

(b) Exchange Period

Subject to and upon compliance with these Conditions, the Exchange Right attaching to any Note may be exercised by the holder thereof, at any time during such Exchange Period as may be specified in the Final Terms or, if no Exchange Period is so specified, at any time during the period (the “Exchange Period”) from and including the Issue Date to and including the earlier to occur of:

- (x) the close of business (at the place where such Note is deposited for exchange) on the eighth Business Day prior to the Maturity Date; and
- (y) if such Note shall have been called for redemption before the Maturity Date, the close of business (at the place where such Note is deposited for exchange) on the day which is eight Business Days before the date fixed for redemption thereof.

(c) Entitlement upon Exchange

Upon a due exercise of Exchange Rights the relevant holder of Notes shall be entitled to receive the Share Amount.

(d) Fractions

The Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by

the Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Physical Settlement Date and any such fractions will be rounded down to the nearest whole multiple of a Share.

(ii) Cash Settlement Option

(a) Election

If “Cash Settlement Option” is specified as being applicable in the Final Terms, the Issuer shall be entitled upon the delivery of an Exchange Notice by a holder of Notes to redeem all or some only of the Notes which are the subject of the Exchange Notice for the Cash Value of the relevant Share Amount in respect of the relevant Notes, provided that the Election Date in respect thereof falls within three Business Days of the relevant Exchange Date.

(b) Cash Settlement

If the Issuer gives a notice in accordance with Condition 6(p)(ii)(a) of the General Conditions, the Notes the subject of the relevant Exchange Notice will be redeemed by the Issuer by payment of the relevant Cash Value, together with repayment of any amount in respect of Exchange Expenses tendered with the relevant Exchange Notice, on the relevant Cash Settlement Date to the account specified in the relevant Exchange Notice as provided in Condition 6(p)(iii)(g) of the General Conditions.

(iii) Procedure for Exchange

(a) Exchange Notice

To exercise the Exchange Right attaching to any Note, the holder thereof must at its own expense complete, execute and deposit at the office of any Paying Agent during normal business hours on any Business Day in the place of such office during the Exchange Period, a notice of exchange (an “Exchange Notice”) in the form (for the time being current) obtainable from the office of each Paying Agent, together with such Note and any Exchange Expenses. An Exchange Notice once delivered shall be irrevocable. The Exchange Right attaching to any Note may only be exercised in respect of the whole of the nominal principal amount of the Note.

(b) Non-US certification

A holder of Notes exercising Exchange Rights will be required to certify in the relevant Exchange Notice that such exchange is being effected outside of the United States (as such term is defined in Regulation S (“Regulation S”) under the United States Securities Act of 1933) and it and any person for whom it is acquiring any Shares Amount(s) is not a U.S. person (as such term is defined in Regulation S) and it is not acting as agent for, or on behalf of, a U.S. person.

(c) Exchange Date

The exchange date in respect of a Note (the “Exchange Date”) in respect of which the Exchange Right shall have been exercised by a holder of Notes will be the first Business Day which is an Exchange Business Day following the date of the delivery of the duly completed and executed Exchange Notice and the relevant Note and, if applicable, any

payment or indemnity required to be made or given under these Conditions in connection with the exercise of such Exchange Right.

Noteholders should note, in relation to Notes held in a clearing system, that such Notes will likely be presented and the Exchange Notice in respect thereof delivered on behalf of Noteholders by such clearing system and that holders of Notes held in such clearing system will be required to instruct such clearing system to present such Notes and to deliver such Exchange Notice not later than such deadline as may be fixed by such clearing system (which may be prior to the date on which such Exchange Notice is to be delivered).

(d) Exchange Expenses

A holder of Notes exercising Exchange Rights must pay any Exchange Expenses or provide an indemnity in respect thereof in such form as the Issuer may reasonably require.

(e) Settlement

Following the due exercise of any Exchange Right, unless the Issuer elects to pay the Cash Value as provided above, the Issuer shall, subject to Condition 6(p)(iii)(f) of the General Conditions, on the Physical Settlement Date, deliver or procure the delivery of the relevant Share Amount to such account in such Clearing System as may be specified by the relevant Noteholder at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the Issuer with sufficient instructions in a timely manner to enable the Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any holder of Notes or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of a Noteholder or any other person as the registered shareholder in any register of members of the Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and share registrar and the effect of any Settlement Disruption Events.

Neither the Issuer nor any other person shall (i) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person, any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of any Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (iii) be under any

liability to the Noteholders or any subsequent beneficial owner of such Shares in respect of any loss or damage which any such Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of such Shares.

(f) Settlement Disruption

If the Calculation Agent determines that delivery of any Share Amount in respect of any Note by the Issuer in accordance with the Conditions is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Physical Settlement Date in respect of such Note shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Noteholder by mail addressed to it at the address specified in the relevant Exchange Notice or in accordance with Condition 13 of the General Conditions provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Physical Settlement Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Physical Settlement Date for the Shares comprising such Share Amount but not affected by the Settlement Disruption Event will be the originally designated Physical Settlement Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each relevant Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 13 of the General Conditions. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the General Conditions.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the General Conditions if a Settlement Disruption Event has occurred.

(g) Specified account

A Noteholder shall, in the relevant Exchange Notice, specify an appropriate account with a bank to which any cash amount payable on or in respect of the relevant exercise of Exchange Rights by that Noteholder (including any Cash Value, Disruption Cash Settlement Price or Realisation Proceeds) shall be credited and the Issuer shall pay such sum to the relevant Noteholder in accordance with such directions.

(iv) Title to Share Amount(s)

All Share Amounts transferred or delivered upon exercise of Exchange Rights shall be transferred or delivered with full title guarantee.

(v) Release from Share Amount(s)

Upon delivery of Share Amounts to the relevant holder of Notes or upon payment of the relevant Cash Value or Disruption Cash Settlement Price or upon redemption of the Notes or upon any purchase and cancellation of the Notes, that Noteholder's entitlement to the relevant Share Amount(s) or the relevant part thereof attributable to each relevant Note shall cease to exist.

(vi) Voting Rights

A Noteholder shall have no voting rights in respect of any Shares prior to the delivery or transfer thereof to the relevant Noteholder and the completion of any other formalities, registrations or the like in connection therewith."

6 Prescription

For the avoidance of doubt, Condition 8 of the General Conditions shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Physical Settlement Date.

“Averaging Dates” means each of the dates set forth in the Final Terms, if any, or if any such date is not a Commodity Business Day or Bullion Business Day, as applicable, in respect of the Specified Commodity the next following Commodity Business Day or Bullion Business Day, as applicable, in respect of the Specified Commodity, in each case subject to Condition 6(n) of the General Conditions.

“Bullion” means Gold, Silver, Platinum or Palladium, as the case may be.

“Bullion Business Day” means, in respect of any Commodity Linked Notes for which the Specified Commodity is Bullion, any day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in London and New York and in the location where payment is to be made.

“Bullion Reference Dealers” means, with respect to any Bullion for which the relevant Commodity Reference Price is “Commodity Reference Dealers”, the four major dealers that are the members of the LBMA specified in the Final Terms, or if no such Bullion Reference Dealers are specified, as selected by the Calculation Agent, in each case, acting through their principal London offices.

“Calculation Agent Determination” means that the Calculation Agent will determine the Commodity Reference Price (or a method for determining the Commodity Reference Price), taking into consideration the latest available quotation for the relevant Commodity Reference Price and any other information that in good faith it deems relevant.

“Change in Law” means that, on or after the Issue Date (or as otherwise set forth in the Final Terms) (A) due to the adoption of or any change in any applicable law, regulation, rule, order, ruling or procedure (including, without limitation, any tax law and any regulation, rule, order, ruling or procedure of any applicable regulatory authority, tax authority and/or any exchange) or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction (including, without limitation, the Commodity Futures Trading Commission or any relevant exchange or trading facility) of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines that:

(X) it has (or it expects that it will) become illegal for the Issuer or any of its affiliates, to (i) hold, acquire or dispose of the Commodity or to enter into transactions on or relating to the Commodity (including without limitation, futures contracts) or (ii) perform its obligations under the Notes; or

(Y) the Issuer or any of its affiliates would (or would expect to) incur a materially increased cost in (i) holding, acquiring or disposing of the Commodity, (ii) maintaining, entering into or unwinding any Hedging Arrangement, and/or (iii) performing its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).

“**COMEX**” means the COMEX Divisions, or its successor, of the New York Mercantile Exchange, Inc., or its successor.

“**Commodity**” means the commodity specified in the relevant Commodity Reference Price, or otherwise the Specified Commodity.

“**Commodity Business Day**” means (a) in respect of the Specified Commodity (provided the Specified Commodity is not Bullion) if the Commodity Reference Price is a price announced or published by an Exchange, a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a day on which that Exchange is open for trading during its regular trading session, notwithstanding any such Exchange closing prior to its scheduled closing time; and (b) in respect of the Specified Commodity (provided the Specified Commodity is not Bullion) if the Commodity Reference Price is not a price announced or published by an Exchange, a day in respect of which the relevant Price Source published (or, but for the occurrence of a Market Disruption Event, would have published) a price.

“**Commodity Reference Dealers**” means that the price for a Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable, will be determined on the basis of quotations provided by Reference Dealers or Bullion Reference Dealers, as applicable, on that Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable, of that day’s Specified Price for a unit of the relevant Commodity for delivery on the Delivery Date, if applicable. If four quotations are provided as requested, the price for that Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable, will be the arithmetic mean of the Specified Prices for that Commodity provided by each Reference Dealer or Bullion Reference Dealer, as applicable, without regard to the Specified Prices having the highest and lowest values. If exactly three quotations are provided as requested, the price for that Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable, will be the Specified Price provided by the relevant Reference Dealer or Bullion Reference Dealer that remains after disregarding the Specified Prices having the highest and lowest values. For this purpose, if more than one quotation has the same highest value and lowest value, then the Specified Price of one of such quotations shall be disregarded. If fewer than three quotations are provided, it will be deemed that the price for the Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable, cannot be determined.

“**Commodity Reference Price**” means the reference price or spot price for the Specified Commodity specified in the Final Terms.

“**Copper**” means copper-grade A.

“**Copper-COMEX**” means that the price for a Pricing Date or Valuation Date will be that day’s Specified Price per pound of high grade copper on the COMEX of the Futures Contract for the applicable Delivery Date, stated in U.S. cents, as made public by COMEX on that Pricing Date or Valuation Date.

“**Delayed Publication or Announcement**” means, in respect of the Affected Commodity, that the Relevant Commodity Price for the relevant Pricing Date, Strike Date, Averaging Date, Automatic Early Valuation Date or Observation Date will be determined based on the Specified Price in respect of the original day scheduled as such Pricing Date, Strike Date, Automatic Early Valuation Date or Observation Date that is published or announced by the relevant Price Source retrospectively on the first succeeding Commodity Business Day or Bullion Business Day, as applicable, on which the relevant Market Disruption Event ceases

to exist, unless that Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable) or the Relevant Commodity Price continues to be unavailable for two consecutive Commodity Business Days or Bullion Business Days, as applicable. In that case, the next Disruption Fallback specified in the Final Terms will apply. If, as a result of a delay pursuant to Delayed Publication or Announcement, a Relevant Commodity Price is unavailable to determine the Final Redemption Amount by the date falling two Business Days prior to the Scheduled Maturity Date, then the Maturity Date will be delayed by the same number of Commodity Business Days or Bullion Business Days, as the case may be, as was the determination of each Relevant Commodity Price provided that the Maturity Date shall not be any earlier than the second Business Day after the date that the Relevant Commodity Price of the Affected Commodity is determined in accordance with the provisions of hereof.

“Delivery Date” means, in respect of a Commodity Reference Price, the Nearby Month of expiration of the relevant Futures Contract or the relevant date or month for delivery of the underlying (which must be a date or month reported or capable of being determined from information reported in or by the relevant Price Source) as follows:

If the Calculation Agent determines, in its sole and absolute discretion, that a Market Disruption Event has occurred or exists on a day which is a Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date in respect of any Component (such Component an “**Affected Commodity**”), the Commodity Reference Price of the Components which are not affected by the occurrence of a Market Disruption Event shall be determined on the scheduled Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date and the Commodity Reference Price of any Affected Commodity shall be determined in accordance with the first applicable Disruption Fallback specified in the Final Terms.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Market Disruption Event has occurred on any Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, payment of the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable) and/or any amount of interest (if the payment of interest is commodity-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date, the Automatic Early Redemption Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the last postponed Observation Date, Automatic Early Redemption Valuation Date or Averaging Date in respect of which the relevant Commodity Reference Price and/or relevant Relevant Commodity Price has been determined in respect of each Component. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 6(n) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 13 of the General Conditions, of the occurrence of a Market Disruption Event if it results in a delay in the determination of a Commodity Reference Price and the postponement of any payment in respect of the Notes.”

4 Adjustments

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

“(o) Adjustments and Additional Disruption Events,

(i) Adjustments

If the Calculation Agent determines in respect of any Relevant Commodity Price, that the price published or announced and used or to be used by the Calculation Agent in any calculation or determination made or to be made in respect of the Notes is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within three Business Days (or such other period specified in the Final Terms) after the original publication or announcement, the Calculation Agent will determine, in its sole and absolute discretion, the amount (if any) that is payable following that correction, and, whether any adjustment to the terms and conditions of the Notes is required to account for such correction. If the Calculation Agent determines that an adjustment to the terms and conditions is required the Issuer will, as soon as reasonably practicable, adjust the terms and conditions of the Notes to account for such correction.

(ii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any Component and/or any relevant Futures Contract and/or any relevant Commodity Reference Price is quoted, listed and/or dealt in on the relevant Price Source and/or Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.

(iii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may (i) make such adjustment or adjustments to any relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary and/or (ii) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangements, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangements. Notice of any determination made pursuant to this paragraph and/or any adjustment and/or redemption of the Notes shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(iv) Change in currency

If, at any time after the Issue Date, there is any change in the currency in which any Component and/or any relevant Futures Contract and/or any relevant Commodity Reference Price is quoted, listed and/or dealt on the relevant Price Source and/or Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the

Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.”

5 Automatic Early Redemption

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) Automatic Early Redemption:

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”.
