guaranteed as to payments of interest and principal by

ABN AMRO COVERED BOND COMPANY 2 B.V.

(incorporated in The Netherlands with its statutory seat in Amsterdam and registered in the Commercial Register of the Chamber of Commerce under number 70176841)

Under this €40,000,000,000 covered bond programme 2 (the "**Programme**"), ABN AMRO Bank N.V. acting through its head office (the "**Issuer**") may from time to time issue bonds with an extendable maturity date in global or definitive and in bearer or registered form (the "**Covered Bonds**") denominated in euro, on terms specified in this securities note (the "**Securities Note**") and as further specified in relation to the specific issue of Covered Bonds in the applicable final terms (the "**Final Terms**") which complete this Securities Note.

ABN AMRO Covered Bond Company 2 B.V. (the "**CBC2**") will as an independent obligation irrevocably undertake to pay interest and principal payable under the Covered Bonds pursuant to a guarantee issued under the Trust Deed (as defined below) and will pledge to the Trustee the Transferred Assets (as defined below) and certain other assets as security therefor. Recourse against the CBC2 under its guarantee will be limited to the Transferred Assets and such other assets.

The aggregate nominal amount of all Covered Bonds from time to time outstanding under the Programme will not exceed €40,000,000,000, subject to any increase as described herein.

The Covered Bonds may be issued on a continuing basis to purchasers thereof, which may include any Dealer(s) appointed under the Programme from time to time by the Issuer (each a "**Dealer**" and together the "**Dealers**"), which appointment may be for a specific issue or on an ongoing basis. The Dealer(s) who (intend to) subscribe an issue of any Covered Bonds, is or are collectively referred to as the "**relevant Dealer(s)**" in respect of those Covered Bonds.

The minimum denomination of Covered Bonds offered by the Issuer will be (i) such denomination as may be allowed or required from time to time by the relevant central bank or regulatory authority (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency (as defined below) and (ii) in respect of Covered Bonds which will be offered to the public within a member state of the European Economic Area or for which the Issuer will seek their admission to trading on a regulated market situated or operating within such a member state, in each case in circumstances which would require the approval of a prospectus under the Prospectus Regulation (as defined below), €100,000.

This Securities Note has been drawn up in accordance with Annexes 15, 21 and 28 of the Commission Delegated Regulation (EU) 2019/980. Together with the registration document of the Issuer dated 7 May 2020, as supplemented by the first supplement thereto dated 15 May 2020, the second supplement thereto dated 21 August 2020 and as further supplemented from time to time (the "**Registration Document**"), this Securities Note forms part of the Issuer's base prospectus consisting of separate documents within the meaning of Article 8(6) of Regulation (EU) 2017/1129, as amended (the "**Prospectus Regulation**") (the Registration Document, together with this Securities Note, as supplemented from time to time, the "**Base Prospectus**").

This Securities Note has been approved by the Dutch Stichting Autoriteit Financiële Markten ("**AFM**") as competent authority under the Prospectus Regulation. This Securities Note is issued in replacement of a base prospectus dated 10 July 2019 in respect of a €40,000,000,000 Covered Bond Programme as subsequently supplemented by the first supplement dated 8 August 2019, the second supplement dated 19 November 2019, the third supplement dated 25 March 2020 and the fourth supplement dated 1 April 2020 and, accordingly, supersedes that earlier base prospectus (as so supplemented). Application has been made for Covered Bonds issued under the Programme to be admitted to listing on Euronext in Amsterdam ("**Euronext Amsterdam**"), which is a regulated market for the purposes of Directive 2014/65/EU (as amended, "**MiFID II**"), during the period of 12 months from the date of this Securities Note (such date, the "**2020 Programme Update**"). The Covered Bonds may be listed on such other or further stock exchange(s) or market as may be agreed between the Issuer, the CBC2, the Trustee (as defined under "**Section 1.3 Terms and Conditions of Covered Bonds**" below) and the relevant Dealer(s) and specified in the applicable Final Terms. The Issuer may also issue unlisted and/or privately placed Covered Bonds. References in this Securities Note to Covered Bonds being "listed" (and all related references) shall mean that such Covered Bonds have been admitted to trading and have been listed on Euronext Amsterdam or such other or further stock exchange(s) or market which may be agreed between the Issuer, the CBC2, any Dealer and the Trustee.

Notice of the aggregate nominal amount of the relevant Covered Bonds, interest (if any) payable in respect of such Covered Bonds, the issue price of such Covered Bonds and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under "**Section 1.3 Terms and Conditions of Covered Bonds**" below) of such Covered Bonds will be set out in the Final Terms in the form, or substantially in the form, as set out herein, which, with respect to such Covered Bonds to be listed on Euronext Amsterdam, will be delivered to Euronext Amsterdam on or before the date of issue of such Tranche.

The Issuer and the CBC2 may agree with any Dealer and the Trustee that Covered Bonds may be issued in a form not contemplated by the Terms and Conditions of the Covered Bonds set out herein, in which event a supplement, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Covered Bonds.

The Covered Bonds of each Tranche shall be either in bearer form or in registered form. Bearer Covered Bonds will (unless otherwise specified in the applicable Final Terms) initially be represented by a global Covered Bond. Global Covered Bonds will be deposited on or about the issue date thereof either (i) with a common safekeeper of Euroclear Bank SA/NV as operator of the Euroclear System ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") and/or with a safekeeper or depository for any other agreed clearing system or (ii) with Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V. ("**Euroclear Netherlands**"). Registered Covered Bonds will be issued to each holder by way of a registered Covered Bonds deed. See "**Section 1.1 Form of Covered Bonds**" below.

The Covered Bonds are expected on issue to be assigned a 'Aaa' rating by Moody's Investors Service Ltd. ("**Moody's**"). A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning Rating Agency (as defined in **Section 2. Asset Backed Guarantee** below). Moody's is established in the United Kingdom and registered under the Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, as amended (the "**CRA Regulation**").

The Base Prospectus is to be read in conjunction with any supplement hereto, any Final Terms hereto, and with all documents which are deemed to be incorporated in it by reference in this Securities Note (see "**Section D.1 Incorporation by reference**" below) and/or in the Registration Document (see "**Section D.3 Documents available for inspection**" below). The Base Prospectus shall be read and construed on the basis that such documents are incorporated into, and form part of, the Base Prospectus.

The Covered Bonds and the Guarantee (as defined under "**Section 1.3 Terms and Conditions of Covered Bonds**" below) from the CBC2 have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold in the United States or to U.S. persons (other than distributors) unless they have been registered under the Securities Act, or an exemption from the registration requirements of the Securities Act is available. Bearer Covered Bonds in bearer form for U.S. federal income tax purposes are subject to U.S. tax law requirements.

Investing in Covered Bonds issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer and the CBC2 to fulfil their respective obligations under the Covered Bonds are discussed under "**Section B. Risk Factors**" below.

Specified Currency:	Subject to any applicable legal or regulatory restrictions, euro.
Maturities:	Such maturities as may be agreed between the Issuer and the relevant Dealer(s), subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank or regulatory authority (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency (as defined in the applicable Final Terms) (the " Specified Currency ") subject to a maximum maturity for each Series of 30 years.
Amortisation:	All Covered Bonds from time to time issued under the Programme will have soft bullet maturities (allowing payment

by the CBC2 of Guaranteed Final Redemption Amounts to be extended to the relevant Extended Due for Payment Date).

Issue Price:

Covered Bonds shall be issued on a fully-paid basis and at an issue price which is at par or at a discount to, or premium over, par.

Interest Payment Dates:

Interest (in respect of Covered Bonds other than Zero Coupon Covered Bonds) shall be payable on the Covered Bonds of each Series on the Interest Payment Dates agreed by the Issuer and the relevant Dealer(s) and up to and including the Final Maturity Date or the Extended Due for Payment Date (if applicable), as specified in and subject to the applicable Final Terms. The Issuer and the relevant Dealer(s) may agree that interest shall be payable monthly, bi-monthly, quarterly, semi-annually, annually or upon redemption of the relevant Covered Bonds, unless otherwise provided for in the applicable Final Terms.

Form of Covered Bonds:

Each Covered Bond will be issued in bearer form (a "**Bearer Covered Bond**") or in registered form (a "**Registered Covered Bond**"). Registered Covered Bonds will not be exchangeable for Bearer Covered Bonds.

Each Tranche of Bearer Covered Bonds will (unless otherwise specified in the applicable Final Terms) initially be represented by a Temporary Global Covered Bond. Each Temporary Global Covered Bond (i) which is intended to be issued in new global note ("NGN") form (an "**NGN Temporary Global Covered Bond**") will be deposited on or around the relevant Issue Date with a common safekeeper for Euroclear and/or Clearstream, Luxembourg or (ii) which is not intended to be issued in NGN form (a "**Classic Temporary Global Covered Bond**") may be deposited on or around the relevant Issue Date with Euroclear Netherlands and/or with (a safekeeper or depositary for) any other agreed clearing system. A Temporary Global Covered Bond will be exchangeable as described therein for a Permanent Global Covered Bond.

A Permanent Global Covered Bond is exchangeable for Definitive Covered Bonds only upon the occurrence of an Exchange Event, all as described in *Section 1.1 Form of Covered Bonds* below, in accordance with the terms of the Permanent Global Covered Bond. Any interest in a Global Covered Bond will be transferable only in accordance with the rules and procedures for the time being of either (i) Euroclear, Clearstream, Luxembourg and/or any other agreed clearing system or (ii) Euroclear Netherlands, as appropriate. See "*Section 1.1 Form of Covered Bonds*" below.

Upon the occurrence of an Exchange Event, in the case of Bearer Covered Bonds, the relevant Permanent Global Covered Bond will become exchangeable for Definitive Covered Bonds, except that in each case a Covered Bond which forms part of a securities deposit (*girodepot*) with Euroclear Netherlands shall

only be exchangeable within the limited circumstances as described in the Dutch Giro Securities Transfer Act (*Wet giraal effectenverkeer*, the "**Wge**") and such exchange will be made in accordance with the Wge, with the terms and conditions of Euroclear Netherlands and with its operational documents. If any Permanent Global Covered Bond is not duly exchanged, the terms of such Permanent Global Covered Bond, will provide a mechanism for relevant account holders with Euroclear, Clearstream, Luxembourg, Euroclear Netherlands and/or any other agreed clearing system(s) to whose securities account(s) with such clearing system(s) the beneficial interests in such Permanent Global Covered Bond, are credited to be able to enforce rights directly against the Issuer.

Registered Covered Bonds will (unless otherwise specified in the applicable Final Terms) be issued to each holder by way of a deed of issuance (a "**Registered Covered Bonds Deed**").

Fixed Rate Covered Bonds:

Fixed Rate Covered Bonds will bear interest at a fixed rate, payable on such date or dates as may be agreed between the Issuer and the relevant Dealer(s) and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer(s) (as set out in the applicable Final Terms).

Floating Rate Covered Bonds:

Floating Rate Covered Bonds will bear interest at a rate determined:

- (i) on the same basis as the floating rate under a notional interest-rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Covered Bonds of the relevant Series); or
- (ii) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer(s) for each Series of Floating Rate Covered Bonds (as set out in the applicable Final Terms).

Other provisions in relation to Floating Rate Covered Bonds:

Floating Rate Covered Bonds may also have a maximum interest rate ("**Cap**"), a minimum interest rate ("**Floor**") or both ("**Collar**"). Interest on Floating Rate Covered Bonds in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer(s), will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the Issuer and the relevant Dealer(s).

Zero Coupon Covered Bonds: Zero Coupon Covered Bonds may be offered and sold at a discount to their nominal amount and will not bear interest except in the case of late payment.

Redemption: The applicable Final Terms will indicate either (a) that the relevant Covered Bonds cannot be redeemed prior to their stated maturity (other than in specified events, if applicable, or for taxation reasons or following an Issuer Event of Default or a CBC2 Event of Default) or (b) that such Covered Bonds will be redeemable at the option of the Issuer upon giving notice to the Covered Bondholders, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant Dealer(s) (as set out in the applicable Final Terms).

Denomination of Covered Bonds: Covered Bonds will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) and as specified in the applicable Final Terms save that (i) the minimum denomination of each Covered Bond will be such as may be allowed or required from time to time by the relevant central bank or regulatory authority (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency and (ii) the minimum denomination of each Covered Bond which will be offered to the public within a member state of the European Economic Area ("**EEA**") or the UK or for which the Issuer will seek their admission to trading on a regulated market situated or operating within such a member state or the UK, in each case in circumstances which would require the approval of a prospectus under the Prospectus Regulation, will be at least €100,000.

Taxation: All payments in respect of the Covered Bonds will be made without withholding or deduction of taxes imposed by any Tax Jurisdiction, unless such withholding or deduction is required by law. In the event that any such withholding or deduction is made, the Issuer will, save in certain limited circumstances, be required to pay additional amounts to cover the amounts so deducted or, if the Issuer elects, it may redeem the Series affected. The CBC2 will not be liable to pay any such additional amounts under the Guarantee.

The Issuer and the CBC2 shall be permitted to withhold or deduct any amounts required by the rules of U.S. Internal Revenue Code Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**FATCA Withholding**") as a result of a holder, beneficial owner or an intermediary that is not an agent of the Issuer or the CBC2 (as the case may be) not being entitled to receive payments free of FATCA Withholding. The Issuer and the CBC2 will have no obligation to pay additional amounts or otherwise indemnify an investor for any such FATCA

Withholding deducted or withheld by the Issuer, the CBC2, a Paying Agent, the Registrar or any other party.

Cross default:

None of the Covered Bonds will accelerate automatically on an Issuer Event of Default or a CBC2 Event of Default. All Covered Bonds will accelerate following a failure to pay (subject to applicable grace periods) by the Issuer or the CBC2 in respect of any Series (or any other Issuer Event of Default or CBC2 Event of Default) if (a) the Trustee exercises its discretion to accelerate or (b) the Trustee accelerates following an instruction to accelerate by a Programme Resolution (as defined in Condition 14 (*Meetings of Covered Bondholders, Modification and Waiver*)).

Status of the Covered Bonds:

The Covered Bonds issued from time to time in accordance with the Programme will constitute unsecured and unsubordinated obligations of the Issuer, guaranteed by the Guarantee, and will rank *pari passu* without any preference among themselves and at least *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer, save for any obligations preferred by a mandatory operation of applicable law.

Ratings:

As at the 2020 Programme Update, the Issuer has a senior debt rating from Standard & Poor's Credit Market Services Europe Limited of 'A' (long-term) and 'A-1' (short-term) and from Fitch Ratings Limited of 'A+' (long-term) and 'F1' (short-term), a counterparty risk assessment from Moody's of 'Aa3(cr)' (long-term) and 'P-1(cr)' (short-term) and a bank deposit rating of 'A1' (long-term) and 'P-1' (short-term). The Covered Bonds are expected to be assigned a rating from Moody's of 'Aaa', to the extent such agency is a Rating Agency at the time of the issue of the Covered Bonds. Other Tranches of Covered Bonds issued under the Programme may be rated or unrated. Where a Tranche of Covered Bonds is rated, such rating will be specified in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Listing:

Application has been made to Euronext Amsterdam for the Covered Bonds to be issued under the Programme to be admitted to trading and listed on Euronext Amsterdam, during the period of 12 months from the 2020 Programme Update. The Covered Bonds may also be listed, quoted and/or admitted to trading on or by such other or further competent listing authority(ies), stock exchange(s) and/or quotation system(s) as may be agreed between the Issuer and the relevant Dealer(s) in relation to each Series.

Unlisted Covered Bonds may also be issued.

The applicable Final Terms will state whether or not the relevant Covered Bonds are to be listed, quoted and/or admitted to

trading and, if so, on or by which competent listing authority(ies) or stock exchange(s) and/or quotation system(s).

Clearing: Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands and/or any other agreed clearing system.

Governing law: The Covered Bonds will be governed by, and construed in accordance with, Dutch law.

2. ASSET-BACKED GUARANTEE

Guarantee, Security, CBC2: Pursuant to the Guarantee issued under the Trust Deed, the CBC2 will as an independent obligation irrevocably undertake to pay scheduled interest and principal payable under the Covered Bonds. The obligations of the CBC2 under the Guarantee will constitute unsubordinated and unguaranteed obligations of the CBC2, secured (indirectly through a parallel debt) by a pledge of the CBC2's Secured Property to the Trustee. Recourse under the Guarantee will be limited to the Secured Property from time to time. Payments made by the CBC2 under the Guarantee will be made subject to, and in accordance with, the Post-Notice-to-Pay Priority of Payments or the Post-CBC2-Acceleration-Notice Priority of Payments, as applicable.

Principal Transaction Documents: Trust Deed, Master Receivables Pledge Agreement, Accounts Pledge and CBC2 Rights Pledge.

Extendable obligations under the Guarantee: In respect of each Series of Covered Bonds, if the CBC2 is obliged under the Guarantee to pay a Guaranteed Final Redemption Amount, then:

- (a) the obligation of the CBC2 to pay such Guaranteed Final Redemption Amount in respect of such Series shall be deferred to, and shall under the Guarantee be due on, the Extended Due for Payment Date, unless on the Extension Date or any subsequent Interest Payment Date which applies pursuant to paragraph (b) below and which falls prior to the Extended Due for Payment Date, any monies are available to the CBC2 after the CBC2 shall under the relevant Priority of Payments have paid or provided for (1) all higher and *pari passu* ranking amounts and (2) all Guaranteed Final Redemption Amounts pertaining to any Series with an Extended Due for Payment Date falling prior to the CBC2 Payment Period in which the Extended Due for Payment Date for the relevant Series falls, in which case the CBC2 shall (i) give notice thereof to the holders of the relevant Covered Bonds (in accordance with Condition 13 (*Notices; Provision of Information*)), the Rating Agencies, the Trustee, the Principal Paying Agent and the Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event at least two Business Days prior to the Extension Date and/or such Interest Payment Date, respectively, and (ii)

apply such remaining available monies in payment, in whole or in part, of such Guaranteed Final Redemption Amount, if applicable *pro rata* with any Guaranteed Final Redemption Amount pertaining to a Series with an Extended Due for Payment Date falling in the same CBC2 Payment Period in which the Extended Due for Payment Date for the relevant Series falls (and to such extent such Guaranteed Final Redemption Amount shall for the purpose of the relevant Priority of Payments and all other purposes be due) on the Extension Date and/or such Interest Payment Date, respectively; and

- (b) the CBC2 shall under the Guarantee owe interest over the unpaid portion of such Guaranteed Final Redemption Amount, which shall accrue and be payable on the basis set out in the applicable Final Terms or, if not set out therein, Condition 4 (Interest), provided that for this purpose all references in Condition 4 (Interest) to the Final Maturity Date of such Series are deemed to be references to the Extended Due for Payment Date, *mutatis mutandis*, all without prejudice to the CBC2's obligation to pay any other Guaranteed Amount (i.e. other than the Guaranteed Final Redemption Amount) when Due for Payment.

Principal Transaction Document: Trust Deed.

3. GUARANTEE SUPPORT

Transfers, Retransfers, Eligible Assets, Originators:

As consideration for the CBC2 assuming the Guarantee, and so as to enable the CBC2 to meet its obligations under the Guarantee, the Initial Originators have transferred and will transfer (to the extent they are an Originator) Eligible Assets to the CBC2 in accordance with the Guarantee Support Agreement. At the option of the Issuer and subject always to Rating Agency Confirmation, New Originators may accede to the Guarantee Support Agreement. The Originators are obliged, and the CBC2 will use reasonable endeavours, to ensure, amongst other things, that the Asset Cover Test is satisfied as at the end of each calendar month, as calculated on the immediately succeeding Calculation Date.

Principal Transaction Document: Guarantee Support Agreement.

4. ASSET MONITORING

Tests, Sale of Selected Receivables, Asset Monitor:

Up to two different types of tests will be carried out so as to monitor the CBC2's assets from time to time. The Asset Cover Test is intended to ensure that the ratio of the Transferred Assets to the Covered Bonds is maintained at a certain level. A Breach of the Asset Cover Test will entitle the Trustee to serve a Notice to Pay on the CBC2. The Amortisation Test is only carried out following service of a Notice to Pay, and is like the Asset Cover Test intended to ensure that the ratio of the Transferred Assets to the Covered Bonds is maintained at a certain level. A Breach of

the Amortisation Test will entitle the Trustee to serve a CBC2 Acceleration Notice.

In addition, under the CB Legislation the Issuer will, among other things, be required to ensure that (i) a statutory minimum level of overcollateralisation of eligible cover assets is maintained, (ii) the value of the Transferred Assets (subject to certain deductions in accordance with the CB Legislation) is at all times at least equal to the Principal Amount Outstanding of the Covered Bonds and (iii) at all times sufficient liquidity is maintained or generated by the CBC2 to cover for the following 6 month-period interest payments on the Covered Bonds and certain higher and *pari passu* ranking payments, in each case as calculated and determined in accordance with the CB Legislation. Among other things, the Asset Cover Test and the Mandatory Liquidity Fund (as the case may be) are used to comply with such statutory overcollateralisation, minimum value and liquidity requirements under the CB Legislation. Furthermore, the Issuer will procure that a Mandatory Asset Quantity Test will be performed in order to comply with its obligations under the CB Legislation.

Principal Transaction Documents: Asset Monitor Agreement and Administration Agreement.

5. SERVICING AND CUSTODY

Servicing, Servicers, Custody:

The Initial Servicer has entered into the Initial Servicing Agreement with the CBC2 and the Trustee, pursuant to which it provides administrative services in respect of the Portfolio. The Initial Servicer also services any New Receivables, unless it is agreed between the CBC2, the Trustee and the Initial Servicer that the Originator transferring such New Receivables (or an eligible third party servicer) shall act as Servicer in relation to such New Receivables. The Initial Servicer is, and each New Servicer will be, permitted to subcontract its servicing role to a third party servicer subject to any applicable conditions in the relevant Servicing Agreement. If Substitution Assets are transferred to the CBC2, the CBC2 will appoint a custodian to provide custody services in relation to such Substitution Assets.

Principal Transaction Document: Initial Servicing Agreement.

6. SWAPS

Swap Undertaking Letter, Total Return, Interest Rate Swaps:

There may be certain mismatches between the rates of interest payable on the Transferred Receivables (which may, for instance, include variable rates of interest, discounted rates of interest, fixed rates of interest or rates of interest which track a base rate) or the rates of interest or revenue payable on the other Transferred Assets, the Authorised Investments, the Substitution Assets and the balance of the AIC Account and the rate of interest payable on the outstanding Covered Bonds. In order to address these mismatches, the CBC2 may, but is

not required to, enter into hedging arrangements.

The CBC2 may, to a certain extent, hedge the interest received on the Transferred Assets, the Authorised Investments, the Substitution Assets and the balance of the AIC Account to a floating rate for a fixed period as determined by the Issuer from time to time, being as at the 2020 Programme Update, EURIBOR for one month deposits (the "**Agreed Base Reference Rate**") under one or more Total Return Swaps or elect to implement an alternative hedging methodology provided that Rating Agency Confirmation has been obtained for such alternative methodology. The CBC2 is not required to enter into any Total Return Swap or to implement an alternative hedging methodology.

Interest Rate Swaps may be entered into to hedge the risk (and provided that there is such a risk) of any possible mismatch between the Agreed Base Reference Rate and the rate of interest payable under any Series. The CBC2 is not required to enter into any Interest Rate Swap.

Pursuant to the Swap Undertaking Letter, ABN AMRO Bank undertakes to, or to procure an Eligible Swap Provider to, enter into one or more (as agreed between the CBC2 and such Eligible Swap Provider) Swap Agreements with the CBC2 governing one or more Total Return Swap(s) and/or one or more Interest Rate Swap(s) for any Series if so requested by the CBC2.

Principal Transaction Documents: the Swap Undertaking Letter and Swap Agreement(s).

7. CASHFLOWS

Ledgers, Priority of Payments, CBC2 Accounts:

For as long as no Notification Event has occurred and no Notice to Pay or CBC2 Acceleration Notice has been served on the CBC2, no cashflows will run through the CBC2 unless required pursuant to the terms of the Transaction Documents. In those circumstances the Originators will be entitled to receive and retain the proceeds from the Transferred Assets for their own benefit. In addition, the Issuer will, as consideration for the CBC2 assuming the Guarantee, pay all costs and expenses of the CBC2 and make and receive all payments to be made or received by the CBC2 under any Swap Agreement (except that any collateral to be provided by a Swap Provider following its downgrade will be delivered to the CBC2 irrespective of whether any Notification Event has occurred or any Notice to Pay or CBC2 Acceleration Notice has been served at such time). Upon the earlier to occur of a Notification Event and service of a Notice to Pay or CBC2 Acceleration Notice on the CBC2, cashflows will run through the CBC2 and will be applied in accordance with the relevant Priority of Payments.

Principal Transaction Documents: Trust Deed, Guarantee

Support Agreement, Administration Agreement and AIC Account Agreement.

B. RISK FACTORS

Prospective holders of Covered Bonds, which are the subject of the Base Prospectus and the relevant Final Terms, should consider the following risk factors, which are specific to the Covered Bonds and may affect its ability to fulfil the Issuer's obligations under Covered Bonds issued under the Programme and/or the CBC2's ability to fulfil its obligations under the Guarantee and which are material for the purpose of assessing the market risks associated with Covered Bonds issued under the Programme. The following risk factors are material for making an informed investment decision and should make such decision only on the basis of the Base Prospectus as whole (comprising this Securities Note and the Registration Document), including the relevant Final Terms.

Prospective holders of Covered Bonds should also read the detailed information set out elsewhere in the Base Prospectus and should consult with their own professional advisers (including their financial accounting, legal and tax advisers) and reach their own views prior to making any investment decision.

Prospective holders of Covered Bonds should refer to the Risk Factors section of the Registration Document (see "Section D.3 Documents available for inspection") for a description of those factors which may affect the Issuer's ability to fulfil its obligations under the Covered Bonds. The realisation of any of the risks described in the Registration Document have a material adverse effect on the Issuer's future business, operating results or financial position. Additional risks not currently known to the Issuer or that the Issuer now views as immaterial may also have a material adverse effect on the Issuer's future business, operating results on financial position or affect an investment in Covered Bonds issued under the Programme.

Although the most material risk factors have been presented first within each category, the order in which the remaining risks are presented is not necessarily an indication of the likelihood of the risks actually materializing, of the potential significance of the risks or of the scope of any potential negative impact to the Issuer's or the CBC2's business, financial condition, results of operations and prospects. The Issuer and the CBC2 may face a number of these risks described below simultaneously and some risks described below may be interdependent. While the risk factors below have been divided into categories, some risk factors could belong in more than one category and prospective investors should carefully consider all of the risk factors set out in this section.

The Base Prospectus is not, and does not purport to be, investment advice or an investment recommendation to purchase the Covered Bonds. The Issuer, including its branches and any group company, and the CBC2, are acting solely in the capacity of an arm's length contractual counterparty and not as a purchaser's financial adviser or fiduciary in any transaction, unless each of the Issuer and the CBC2 has agreed to do so in writing. If a prospective investor does not have experience in financial, business and investment matters sufficient to permit it to make such a determination, the investor should consult with its financial adviser prior to deciding to make an investment on the suitability of the Covered Bonds. Investors risk losing their entire investment or part of it.

B.1 COVERED BONDS

1. Risk Factors Regarding the Covered Bonds

A. Risks related to the Nature, Structure and Issuance of the Covered Bonds

As the Covered Bonds will be solely the payment obligations of the Issuer, changes in the creditworthiness of the Issuer may adversely affect payments made under the Covered Bonds

The payment obligations under the Covered Bonds will solely be the obligation of the Issuer. The payment obligations under the Covered Bonds will not represent an obligation or be the responsibility of the Arranger, any Dealer, the Originators, the Trustee or any other party to the Programme, their officers, members, directors, employees, security holders or incorporators, other

than the Issuer. The Issuer will be liable solely in its corporate capacity for its obligations in respect of the Covered Bonds and such obligations will not be the obligations of its respective officers, members, directors, employees, security holders or incorporators. An investment in the Covered Bonds involves the risk that subsequent changes in the creditworthiness of the Issuer may adversely affect the payments to be made under the relevant Covered Bonds and this may lead to an extension of the payment obligations under the relevant Covered Bonds. Furthermore, to the extent the payment obligations of the Issuer are guaranteed, the relevant Covered Bonds are subject to the risks relating to the Guarantee, as further described below. This may lead to losses under the Covered Bonds.

The Trustee may agree to, and in certain circumstances is obliged to concur with the Issuer and/or the CBC2 in making, certain modifications to the Transaction Documents and the Covered Bonds without the Covered Bondholders' or other Secured Creditors' prior consent.

Pursuant to the terms of the Trust Deed, the Trustee may in many cases from time to time and at any time without any notification to, or consent or sanction of any of the Covered Bondholders or any of the other Secured Creditors (other than the Trustee and/or any (other) Secured Creditor party to the relevant Transaction Document to be amended (where applicable)), agree to and concur with the Issuer and/or the CBC2 and agree to, modifications, waivers or authorisations under or in respect of the Covered Bonds of any Series or any Transaction Documents to which the Security Trustee is a party or over which it has Security, as set out in more detail in Condition 14 (*Meetings of Covered Bondholders, Modification and Waiver*), Condition 4(d) (*Reference Rate Replacement*) and Condition 14A (*Reference Rate Modification*).

Accordingly, holders of the Covered Bonds may not be able to prevent the Trustee from making certain modifications to the Covered Bonds and the Transaction Documents or from granting waivers or authorisations under or in respect thereof. Covered Bondholders are therefore exposed to the risk that changes are made to the Transaction Documents and the Covered Bonds without their knowledge, consent or sanction which may be against the interest of such Covered Bondholders. Also, there is a risk that the Trustee is not willing to agree to certain modifications, even if they would be in the interest of one or more Covered Bondholders, because they would expose the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or increase the Trustee's contractual obligations or duties, or decrease its contractual protections. These matters may have an adverse effect on the (value of the) Covered Bonds, also if a Covered Bondholder intends to sell any Covered Bonds.

As certain decisions of Covered Bondholders are taken at Programme level, holders of Covered Bonds are exposed to the risk that such decisions may be against their interest.

A resolution to direct the Trustee to (i) accelerate the Covered Bonds pursuant to Condition 9 (*Events of Default and Enforcement*), (ii) take any enforcement action, or (iii) remove or replace the Trustee's Director, must be passed by a Programme Resolution, as set out in more detail in Condition 14 (*Meetings of Covered Bondholders, Modification and Waiver*), and cannot be decided upon at a meeting of Covered Bondholders of a single Series. A validly adopted Programme Resolution will be binding on all Covered Bondholders and Couponholders including Covered Bondholders and Couponholders who did not attend or vote at the relevant meeting and Covered Bondholders who voted against such Programme Resolution at the relevant meeting or, as applicable, did not participate in the relevant written resolution. Covered Bondholders are therefore exposed to the risk that decisions are taken at Programme level which may be against the interest of such Covered Bondholder and this may have an adverse effect on the (value of the) Covered Bonds, also if a Covered Bondholder intends to sell any Covered Bonds. See also the risk factor entitled "*The CBC2, the Issuer and/or other members of the Group may at any time purchase Covered Bonds at any price in the open market or otherwise. Any exercise of voting rights in respect of Covered Bonds so purchased may be prejudicial to other holders of Covered Bonds.*" below.

Risk related to Covered Bondholders either having no right or being limited in their rights to proceed directly against the Issuer or the CBC2.

Subject to the provisions of the Trust Deed, only the Trustee may enforce the provisions of the Covered Bonds and the Transaction Documents. Neither the Covered Bondholders nor any other person shall be entitled to proceed directly against the Issuer or the CBC2 to enforce any provision of the Covered Bonds and/or the Transaction Documents, unless the Trustee fails to take any steps to enforce the Security in accordance with the Trust Deed within a reasonable time and such failure is continuing. All limitations and restrictions imposed under or by virtue of the Trust Deed, the Covered Bonds or any other Transaction Document on the Trustee in relation to the enforcement of rights and the availability of remedies, shall mutatis mutandis also fully apply to such Secured Creditors. Consequently, the Secured Creditors, including the Covered Bondholders, either have no right or are limited in their rights to proceed directly against the Issuer or the CBC2. This may have an adverse effect on the (value of the) Covered Bonds, also if a Covered Bondholder intends to sell any Covered Bonds.

Risk that a conflict of interest between the Calculation Agent and holders of Covered Bonds may affect the value of Covered Bonds.

The Calculation Agent for an issue of Covered Bonds is the agent of the Issuer and not the agent of the Covered Bondholders. It is possible that the Issuer will itself be the Calculation Agent for certain issues of Covered Bonds. The Calculation Agent will make such determinations and adjustments as it deems appropriate, in accordance with the terms and conditions of the specific issue of Covered Bonds. In making its determinations and adjustments, the Calculation Agent will be entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion.

Where the Issuer acts as Calculation Agent, potential conflicts of interest may exist between the Calculation Agent and holders of Covered Bonds, as the Issuer typically has an interest to limit the amounts payable on the Covered Bonds and the holders of Covered Bonds have an opposite interest. Such potential conflict may for example exist with respect to certain determinations and judgments that the Calculation Agent may make pursuant to the Conditions that may influence any interest amount due on, and the amount to be received upon redemption of, the Covered Bonds.

B. Risks related to Interest Payments

If the Covered Bonds include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Covered Bonds concerned.

Depending upon the Interest Basis shown in the applicable Final Terms, the Issuer may issue Fixed/Floating Rate Covered Bonds. Such Covered Bonds may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate may affect the secondary market (liquidity) and the market value of the Covered Bonds since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing which may result in a lower interest return for Covered Bondholders. If the Issuer converts from a fixed rate to a floating rate, the margin relating to such Fixed/Floating Rate Covered Bonds may be less favourable (lower) than then prevailing margins on comparable Floating Rate Covered Bonds tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Covered Bonds. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Covered Bonds and could affect the interest payments and consequentially the market value of an investment in the relevant Covered Bonds.

The regulation and reform of "benchmarks" (including LIBOR and EURIBOR) may adversely affect the liquidity and value of, and return on, Floating Rate Covered Bonds linked to or referencing such "benchmarks".

The London inter-bank offered rate ("**LIBOR**"), the Euro-zone inter-bank offered rate ("**EURIBOR**") and other interest rates or other types of rates and indices which are deemed to be "benchmarks" are the subject of ongoing regulatory reform. Following the implementation of any such potential reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or benchmarks could be eliminated entirely, or there could be other consequences, including those which cannot be predicted. Any such consequence could have a material adverse effect on any Covered Bonds linked to such a "benchmark".

The Benchmark Regulation applies to the provision of benchmarks, the contribution of input data to benchmarks and the use of benchmarks within the EU. The Benchmark Regulation could have a material impact on any Covered Bonds linked to LIBOR, EURIBOR or other benchmarks, in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the terms of the Benchmark Regulation, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level, or affecting the volatility of, the published rate or level, of the benchmark. In addition, the Benchmark Regulation stipulates that each administrator of a "benchmark" regulated thereunder must be licensed by the competent authority of the Member State where such administrator is located. There is a risk that administrators of certain "benchmarks" will fail to obtain a necessary licence, preventing them from continuing to provide such "benchmarks" and administrators may cease to administer certain "benchmarks" because of the additional costs of compliance with the Benchmark Regulation and other applicable regulations and reforms, and the risks associated therewith.

An example of such benchmark reform was the announcement on 27 July 2017 by the Chief Executive of the United Kingdom's Financial Conduct Authority (the "**FCA**"), which regulates LIBOR, stating that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021 (the "**FCA Announcement**"). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. The FCA published in November 2019 a 'Q&A' on conduct risk arising from LIBOR transition, outlining their expectations of supervised firms. Furthermore, a private sector working group on euro risk-free rates was established to identify and recommend risk-free rates that could serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area, such as the euro overnight index average (EONIA) and EURIBOR. The group recommended on 13 September 2018 that the euro short-term rate ("**€STR**") be used as the risk-free rate for the euro area and is now focused on supporting the market with transitioning. The ECB published the €STR for the first time on 2 October 2019, reflecting trading activity on 1 October 2019. In addition, on 21 January 2019, the euro risk free-rate working group published a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds). The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts may increase the risk to the euro area financial system. On 28 November 2019, EMMI confirmed it has completed the transitioning of the panel banks from the quote-based EURIBOR methodology to the hybrid methodology.

The potential elimination of, or the potential changes in the manner of administration of, LIBOR, EURIBOR or any other benchmark could require an adjustment to the terms and conditions to reference an alternative benchmark, or result in other consequences, including those which cannot be predicted, in respect of any Covered Bonds linked to such benchmark (including but not limited to Covered Bonds whose interest rates are linked to LIBOR or EURIBOR or any other benchmark).

Investors should be aware that, if LIBOR, EURIBOR or any other benchmark were discontinued or otherwise unavailable, the rate of interest on any Covered Bonds which reference any such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Covered Bonds. Depending on the manner in which the relevant benchmark rate is to be determined under the Conditions of the Covered Bonds, this may (i) be reliant upon the provision by reference banks of offered quotations for such rate which, depending on market circumstances, may not be available at the relevant time, (ii) be reliant on the Independent Adviser or the Issuer or, following an

Issuer Event of Default, the CBC2 being able to determine a Successor Reference Rate or an Alternative Reference Rate (each as defined in the Conditions of the Covered Bonds) or (iii) result in the effective application of a fixed rate based on the rate which applied in the previous period when the relevant benchmark was available. Furthermore, the effective application of a fixed rate to what was previously a Floating Rate Covered Bond could have a material adverse effect on the value of and return on any such Covered Bonds.

The appointment of any Independent Adviser by the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) may lead to a conflict of interests between the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) and the Covered Bondholders and may influence the amount receivable under the Covered Bonds. Furthermore, it is possible that the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) may itself determine a fall-back interest rate. In such case, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) will make such determinations and adjustments as it deems appropriate, in accordance with the Conditions of the Covered Bonds. In making such determinations and adjustments, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) may be entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion.

Uncertainty as to the continuation of a benchmark, the availability of quotes from reference banks to allow for the continuation of the floating rate on any Covered Bonds, the ability of any agent, any administrator, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) to establish a fall-back interest rate for any Covered Bonds (including the possibility that a license or registration may be required for such agent, any administrator, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) under the applicable legislation to be able to calculate a Successor Reference Rate or an Alternative Reference Rate, the failure (for any reason, including the decision of such agent, any administrator, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) not to obtain for such license) which could ultimately result in the effective application of a fixed rate on such Covered Bonds), and the rate that would be applicable if the relevant benchmark is discontinued may adversely affect the trading market and the value of the Covered Bonds and the determination of any successor rate could lead to economic prejudice or benefit (as applicable) to investors. At this time, it is not possible to predict what the effect of these developments will be or what the impact on the value of the Covered Bonds will be. More generally, any of the above changes or any other consequential changes to LIBOR, EURIBOR or any other "benchmark" as a result of international, national, or other proposals for reform or other initiatives or investigations, or any further uncertainty in relation to the timing and manner of implementation of such changes, could have a material adverse effect on the liquidity and value of, and return on, any Covered Bonds based on or linked to a "benchmark". Furthermore, if the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) is unable to appoint an Independent Adviser or if an Independent Adviser appointed by it fails to determine a Successor Reference Rate or an Alternative Reference Rate or Adjustment Spread in accordance with the Conditions of the Covered Bonds, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) may have to exercise its discretion to determine (or to elect not to determine) a Successor Reference Rate or an Alternative Reference Rate or Adjustment Spread, if applicable. The intention for any Adjustment Spread is to reduce or eliminate economic prejudice or benefit from the relevant Successor Reference Rate or Alternative Reference Rate, however, it may not be successful in doing so and the Covered Bonds may still perform differently than they would have had the Successor Reference Rate or Alternative Reference Rate not been adopted. Any such consequence could have a material adverse effect on the value of and return on any such Covered Bonds.

Furthermore, if LIBOR, EURIBOR or any other relevant interest rate benchmark is discontinued, and whether or not the Reference Rate has been replaced under Condition 4(d) (*Reference Rate Replacement*) to change the base rate with respect to the Covered Bonds as described in the second paragraph above, there can be no assurance that the applicable fall-back provisions under the Swap Agreements would operate to allow the transactions under the Swap Agreements to effectively mitigate interest rate risk in respect of the Covered Bonds.

In addition, it should be noted that broadly divergent interest rate calculation methodologies may develop and apply as between the Loans, the Covered Bonds and/or the Swaps due to applicable fall-back provisions or other matters and the effects of this are uncertain but could include a reduction in the amounts available to the Issuer to meet its obligations under the Covered Bonds or the CBC2 to meet its obligations in respect of the Guarantee. This may result in losses under the Covered Bonds.

C. Risks related to the Admission of the Covered Bonds to Trading on a Regulated Market and other Market and Liquidity Risks

The CBC2, the Issuer and/or other members of the Group may at any time purchase Covered Bonds at any price in the open market or otherwise. Any exercise of voting rights in respect of Covered Bonds so purchased may be prejudicial to other holders of Covered Bonds.

The CBC2, the Issuer and/or other members of the Group may at any time purchase Covered Bonds (provided that, in the case of Definitive Covered Bonds, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Covered Bonds may be held, reissued, resold or, at the option of the CBC2, the Issuer and/or such other member of the Group, surrendered to any Paying Agent for cancellation. Each of the CBC2, the Issuer and/or such other member of the Group will be able to exercise the voting rights in respect of the Covered Bonds purchased by it and, in so doing, may take into account its different roles (if any) in the Programme, its own interests and/or other factors specific to it. In addition, in case a member of the Group other than the Issuer holds Covered Bonds such member may, amongst other things, take into account its relationship with the Issuer when exercising its voting rights with respect to such Covered Bonds. Any such exercise of voting rights in respect of the Covered Bonds purchased by the CBC2, the Issuer and/or such other member of the Group may be prejudicial to other holders of Covered Bonds.

Covered Bonds may not be recognised as eligible collateral for Eurosystem purposes which may lead to illiquidity and/or a lower market value.

Covered Bonds may be issued with the intention to be held in a manner which will allow Eurosystem eligibility. If such is the intention this means that such Covered Bonds are intended upon issue to be deposited with one of the international central securities depositories and/or central securities depositories that fulfil the minimum standard established by the European Central Bank, as common safekeeper. However, it does not necessarily mean that each Covered Bond will be recognised as eligible collateral for monetary policy of the central banking system for the euro (the "**Eurosystem**") and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However such recognition will, as in any particular case, depend upon satisfaction of all Eurosystem eligibility criteria at the relevant time and there can be no assurance that such Covered Bonds will be recognised as such. If Covered Bonds are not recognised as such, this is likely to have a negative impact on the liquidity and/or market value of such Covered Bonds.

There can be no assurance that a secondary market for the Covered Bonds will develop or provide efficient liquidity. The holders of the Covered Bonds may bear the risk of limited liquidity and its effect on the value of the Covered Bonds. Further, Covered Bonds may not be freely transferred within the United States, as they are not registered under the Securities Act.

Even though application may be made for Covered Bonds to be admitted to listing on Euronext Amsterdam, any other regulated or unregulated market within the EEA or any further or other stock exchange(s), there can be no assurance that a secondary market for any of the Covered Bonds will develop, or, if a secondary market does develop, that it will provide the holders of the Covered Bonds with liquidity or that any such liquidity will continue for the life of the Covered Bonds.

The Covered Bonds have not been, and will not be, registered under the Securities Act or any other applicable securities laws and are subject to certain restrictions on the resale and other transfer thereof as set forth under "*Section 1.5 Subscription and Sale*" below and in the relevant Final Terms.

A decrease in the liquidity of Covered Bonds may cause, in turn, an increase in the volatility associated with the price of such Covered Bonds.

Therefore, investors may not be able to sell their Covered Bonds easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Covered Bonds which are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Covered Bonds generally would have a more limited secondary market and more price volatility than conventional debt securities. The investor in Covered Bonds can especially be affected by the uncertainty following from the fluctuations in an illiquid market if it is not prepared to hold such Covered Bonds until redemption of the Covered Bonds.

Any investor in the Covered Bonds must be prepared to hold such Covered Bonds for an indefinite period of time or until redemption of the Covered Bonds. If any person begins making a market for the Covered Bonds, it is under no obligation to continue to do so and may stop making a market at any time. Illiquidity may have a severely adverse effect on the market value of Covered Bonds.

If the Issuer has the right to redeem any Covered Bonds, this may limit the market value of the Covered Bonds concerned and, if any Covered Bonds are redeemed prior to their maturity, an investor may not be able to reinvest the redemption proceeds in a manner which achieves the same effective return.

The applicable Final Terms will indicate whether the Covered Bonds are subject to an optional redemption feature. Such feature in any Covered Bonds may negatively impact their market value. During any period when the Issuer may elect to redeem Covered Bonds, the market value of those Covered Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

If the Issuer redeems the Covered Bonds prior to maturity, a holder of such Covered Bonds is exposed to the risk that, due to early redemption, its investment will have a lower than expected yield. The Issuer may be expected to redeem Covered Bonds when its cost of borrowing is lower than the interest rate on the Covered Bonds. If the Covered Bonds are redeemed at the option of the Issuer, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Covered Bonds being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Any redemption prior to the Final Maturity Date as set out above could have a material adverse effect on the value of the Covered Bonds as the relevant redemption amount may be less than the then current market value of the Covered Bonds.

The risk that a holder of a Covered Bond may have to purchase additional Covered Bonds in order to be able to transfer its holdings or to receive a Definitive Covered Bond, as Covered Bonds may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples.

In relation to the Covered Bonds which have a denomination consisting of the minimum Specified Denomination (as defined in the applicable Final Terms) (the "**Specified Denomination**") plus a higher integral multiple of another smaller amount, it is possible that the Covered Bonds may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a Covered Bondholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time (i) may not be able to transfer such Covered Bond(s) and (ii) may not receive a Definitive Covered Bond in respect of such holding (should Definitive Covered Bonds be printed) and would need to purchase a principal amount of Covered Bonds such that its holding amounts to a Specified Denomination. Thus, a holder of a Covered Bond that intends to transfer its holding or receive a Definitive Covered Bond may have to make additional purchases of Covered Bonds. Furthermore, if Definitive Covered Bonds are issued, Covered Bondholders should be aware that

Definitive Covered Bonds which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade. Illiquidity may have a severely adverse effect on the market value of Covered Bonds.

Risk relating to the uncertainty of the effect that the continuation, the amendments to or the termination of the ECB asset purchase programmes may have on the volatility in the financial markets and the overall economy and on the value of the Covered Bonds and their liquidity in the secondary markets.

In September 2014, the European Central Bank (the "ECB") initiated an asset purchase programme whereby it envisages to bring inflation back to levels in line with the ECB's objective to maintain the price stability in the euro area and, also, to help enterprises across Europe to enjoy better access to credit, boost investments, create jobs and thus support the overall economic growth. The expanded asset purchase programme encompasses the earlier announced asset-backed securities purchase programme and the covered bond purchase programme. On 25 October 2018, the ECB announced that it will continue to make net purchases at the monthly pace of EUR 15 billion until the end of December 2018 and, that subject to incoming data confirming the medium-term inflation outlook, net purchases will then end. As of 2019, the ECB will, however, maintain its policy to reinvest the principal payments from maturing securities under these programmes as long as deemed necessary. In addition, on 12 September 2019, the ECB announced net purchases will be restarted under the asset purchase programme at a monthly pace of EUR 20 billion as from 1 November 2019 and for as long as deemed necessary. On 18 March 2020, the Governing Council of the ECB decided to launch a new temporary asset purchase programme of private and public sector securities to counter the serious risks to the monetary policy transmission mechanism and the outlook for the euro area posed by the outbreak and escalating diffusion of the coronavirus, COVID-19. This new Pandemic Emergency Purchase Programme (PEPP) will have an overall envelope of EUR 750 billion. Initially it was announced that purchases will be conducted until the end of 2020 and will include all the asset categories eligible under the existing asset purchase programme. In addition, on 4 June 2020 it was announced that the ECB will make available an additional EUR 600 billion for the PEPP and that purchases will be conducted until at least the end of June 2021. It remains to be seen what the effect of this restart of the purchase programmes and the new Pandemic Emergency Purchase Programme will be on the volatility in the financial markets and the overall economy in the Eurozone and the wider European Union and the UK. In addition, the restart and/or a termination of these asset purchase programmes could have an adverse effect on the secondary market value of the Covered Bonds and the liquidity in the secondary market for Covered Bonds. The Covered Bondholders should be aware that they may suffer loss if they intend to sell any of the Covered Bonds on the secondary market for such Covered Bonds as a result of the impact the restart of the asset purchase programmes and/or a potential termination of the asset purchase programmes may have on the secondary market value of the Covered Bonds and the liquidity in the secondary market for the Covered Bonds.

Ratings may not reflect all of the risks and may not properly reflect the value of the Covered Bonds and rating downgrades or withdrawals or unsolicited credit ratings may reduce the market value of the Covered Bonds.

One or more independent credit rating agencies may assign credit ratings to the Covered Bonds. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Covered Bonds. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Any adverse change in an applicable credit rating could adversely affect the trading price for the Covered Bonds. Such change may, among other factors, be due to a change in the methodology applied by a credit rating agency to rating securities with similar structures to the Covered Bonds, as opposed to any revaluation of the Issuer's financial strength or other factors such as conditions affecting the financial services industry generally.

The ratings assigned by Moody's address the expected loss posed to investors. Moody's ratings address only the credit risks associated with the transaction. Other non-credit risks have not been addressed, but may have significant effect on yield to investors.

The expected ratings of the Covered Bonds, if rated individually, will be set out in the applicable Final Terms for each Series. Any Rating Agency may lower its rating or withdraw its rating if, in the sole judgement of the Rating Agency, the credit quality of the Covered Bonds has declined or is in question. If any rating assigned to the Covered Bonds is lowered or withdrawn, the market value of the Covered Bonds may be reduced.

In addition, other rating agencies that have not been requested by the Issuer to rate the Covered Bonds may issue unsolicited ratings on the Covered Bonds at any time. Any unsolicited ratings in respect of the Covered Bonds may differ from the ratings expected to be assigned by Moody's and may not be reflected in this Securities Note. Issuance of an unsolicited rating which is lower than the credit ratings assigned by a Rating Agency in respect of the Covered Bonds may adversely affect the market value and/or the liquidity of the Covered Bonds.

The Covered Bondholders whose financial activities are denominated principally in a currency unit other than the Specified Currency will be subject to exchange rate risks including, potentially, exchange controls which could result in an investor receiving less interest or principal than expected, or no interest or principal at all.

The Issuer will pay principal and interest on the Covered Bonds in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Covered Bonds, (2) the Investor's Currency-equivalent value of the principal payable on the Covered Bonds and (3) the Investor's Currency-equivalent market value of the Covered Bonds.

Furthermore, government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors of the Covered Bonds may receive less interest or principal than expected, or no interest or principal at all.

D. Legal and Regulatory Risks Regarding the Covered Bonds

If at any point the Covered Bonds fail to be compliant with the CB Legislation, CRR and/or the UCITS Directive, holders of the Covered Bonds may be adversely affected.

The Issuer has obtained the status of being compliant with the requirements for legal covered bonds as set out in the CB Legislation (the "**Regulated Status**"), which includes compliance with Article 52(4) of the UCITS Directive and Article 129 of the CRR for the Programme and the Covered Bonds issued.

If a Covered Bond no longer meets the requirements prescribed by the CB Legislation, or if the Issuer would no longer comply with its ongoing administration and/or reporting obligations towards DNB as the competent regulator, DNB can take several measures, which include, without limitation, imposing an issuance-stop on the Issuer, which may be disclosed by DNB in the relevant register, and DNB has the authority to terminate the registration of the Issuer. However, under the CB Legislation the registration of the Covered Bonds that have already been issued cannot be terminated.

In addition, DNB has the authority to include in the register that the Covered Bonds are no longer or are not compliant with Article 129 CRR as a result of which the Covered Bonds would no longer maintain the status of being compliant with the requirements set out in Article 129 of the CRR (the

"**CRR Status**"). Although under the CB Legislation, Covered Bonds will always continue to be registered as legal covered bonds and continue to keep the Regulated Status (except for the CRR Status), there is a risk that the CRR Status for one or more Series will not be maintained until redemption in full of the relevant non-compliant Series.

To date there is no example and/or guidance as to how DNB will apply the discretionary powers that it has been given. If at any time an issuance stop is published, the registration of the Issuer is revoked and/or the CRR Status is withdrawn or otherwise lost, a Covered Bondholder may experience adverse consequences (i.e. an adverse effect on the market value or on the regulatory treatment of the Covered Bonds), depending on the reasons for making the investment in such Covered Bonds.

Statutory Loss Absorption measures and/or any other intervention or resolution powers given to the Dutch Central Bank or other relevant authorities could be used in such a way as to result in losses to, or otherwise affect the rights of, Covered Bondholders and/or could affect the ratings assigned to the Covered Bonds.

The Act on implementing the European framework for the recovery and resolution of banks and investment firms (*Implementatiewet Europees kader voor herstel en afwikkeling van banken en beleggingsondernemingen*) came into force, implementing the Bank Recovery and Resolution Directive ("**BRRD**") was published in the Official Journal of the European Union on 12 June 2014. The BRRD includes provisions (known as the bail-in tool) to give regulators resolution powers, amongst other things, to write down the debt of a failing bank (or to convert such debt into equity) to strengthen its financial position and allow it to continue as a going concern, subject to appropriate restructuring measures being taken. The BRRD was implemented into Dutch law on 26 November 2015. See more fully described in the risk factor "*Resolution regimes may lead to fewer assets of the Issuer being available to investors for recourse for their claims, and may lead to lower credit ratings and possibly higher cost of funding.*" in the Registration Document.

Subject to certain exceptions, as soon as any of proposed proceedings as described in such risk factor have been initiated by DNB, the Resolution Board or, as applicable, the Dutch Minister of Finance, a counterparty of the relevant bank or insurance company is prohibited from invoking or enforcing certain contractual rights (for example, contractual rights to terminate a contract or to demand payment, performance or security) pursuant to (contemplated or actual) action undertaken by DNB, the Resolution Board or the Dutch Minister of Finance under the Wft or the SRM. This could affect the CBC2's right to invoke or enforce provisions of the relevant Transaction Documents or the Covered Bondholders' rights under the Covered Bonds.

Furthermore, pursuant to the BRRD or other resolution or recovery rules which may in the future be applicable to the Issuer which could be used in such a way as to result in the debt instruments issued by the Issuer absorbing losses ("**Statutory Loss Absorption**"), the debt instruments could become subject to a determination by the Dutch Central Bank (*De Nederlandsche Bank N.V.*, "**DNB**") or other relevant authorities that all or part of the principal amount of the relevant debt instruments, including accrued but unpaid interest in respect thereof, must be written off or otherwise converted into Common Equity Tier 1 Capital or otherwise be applied to absorb losses. Pursuant to article 44 paragraph 2 sub (b) of the BRRD (as implemented in the Netherlands in article 3a:60 of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*, "**Wft**")), covered bonds are in principle excluded from the applicability of the write-down and conversion powers laid down in the BRRD (as complemented by the Regulation (EU) No 806/2014 (the "**SRM Regulation**")). This means that, in principle, Covered Bonds cannot be written down following a bail-in intervention of the national authorities in relation to the Issuer. However, it cannot be excluded that such write down powers may be used in relation to the Covered Bonds if and to the extent the aggregate Principal Amount Outstanding of the Covered Bonds would exceed the value of the collateral against which they are secured through the Guarantee and the Security and/or such Guarantee would not qualify as collateral. Such determination shall not constitute an Issuer Event of Default and Covered

Bondholders will have no further claims in respect of any amount so written off or otherwise as a result of such Statutory Loss Absorption.

Accordingly, it is possible that the exercise of any Statutory Loss Absorption or other intervention or resolution powers or measures by the Dutch Central Bank or other relevant authorities could result in losses to, or otherwise affect the rights of, Covered Bondholders and/or could affect the ratings assigned to the Covered Bonds.

The risk that the implementation of the Covered Bonds Directive might adversely affect the Issuer, the CBC2, the market for covered bonds in general and/or the Covered Bonds.

On 27 November 2019 the Directive (EU) 2019/2162 of the European Parliament and of the Council on the issue of covered bonds and covered bond public supervision and amending Directives 2009/65/EC and 2014/59/EC (the "**Covered Bond Directive**") and Regulation (EU) 2019/2160 of the European Parliament and of the Council amending Regulation 575/213 as regards exposures in the form of covered bonds (the "**Covered Bond Regulation**"), have been adopted. The Covered Bond Directive and the Covered Bond Regulation aim to foster the development of covered bonds across the European Union. The Covered Bond Directive (i) provides a common definition of covered bonds, which will represent a consistent reference for prudential regulation purposes, (ii) defines the structural features of covered bonds, (iii) defines the tasks and responsibilities for the supervision of covered bonds and (iv) sets out the rules allowing the use of the 'European Covered Bonds' label. The Covered Bond Directive should be implemented in each Member State by 8 July 2021 and should apply at the latest from 8 July 2022. Until the Covered Bond Directive has been implemented, it is uncertain if or how the proposals will affect the Issuer, the CBC2, the market for covered bonds in general and/or the Covered Bonds.

The risk that an investor may be unable to enforce US civil judgments against the Issuer or the CBC2.

The Issuer and the CBC2 are companies incorporated under the laws of the Netherlands. A substantial part of the assets of the Issuer and the CBC2 are located outside the United States. In addition, substantially all of the Issuer's and CBC2's officers and directors reside outside the United States and a substantial part of the assets of these persons are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon the Issuer, CBC2 or such persons or to enforce against any of them judgments obtained in United States courts, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any State or territory within the United States.

E. Tax risks

The risk that Covered Bondholders will be subject to withholding tax under FATCA.

Under sections 1471-1474 of the United States Internal Revenue Code of 1986 (commonly referred to as Foreign Account Tax Compliance Act) ("**FATCA**") the Issuer and other non-US financial institutions ("**FFI**") through which payments on Covered Bonds (including original issue discount, if any, principal and redemption proceeds) are made may be required to withhold US tax in certain circumstances. Payments on Covered Bonds might become subject to US withholding tax under FATCA if the payments were considered (in whole or in part) to be "foreign pass-thru payments" within the meaning of the FATCA rules. Furthermore, Covered Bonds that are issued on or before the date that is two years after regulations defining the term "foreign pass thru payment" are filed with the Federal Register (the "**grandfathering period**") will not be subject to FATCA Withholding unless the Covered Bonds are considered to be equity for US federal income tax purposes or the Covered Bonds are "materially modified" for U.S. federal income tax purposes after the end of the grandfathering period. No withholding would be required on payments made directly to an investor that is not an FFI to the extent an investor provides information to the Issuer (or other FFI through which payments on the Covered Bonds are made) sufficient for the Issuer (and any other FFI through which payments on the Covered Bonds are made) to determine whether the investor is a US person or should otherwise be treated as holding a "United States Account" under FATCA (and

consents, where necessary, to the disclosure of its information to the U.S. Internal Revenue Service) and, in the case of an investor that is a non-US entity, provides certifications or information regarding its US ownership.

On 18 December 2013 The Netherlands and the United States signed an intergovernmental agreement ("**IGA**") for the automatic exchange of data between the tax authorities of both countries in relation to the implementation of FATCA. The Issuer and the CBC2 have obtained Global Intermediary Identification Numbers (GIINs) with the U.S. Internal Revenue Service and based on the IGA should qualify as registered deemed compliant FFIs. As a deemed compliant FFI, the Issuer will not be subject to 30% FATCA Withholding. The obligations of the Issuer under the IGA include obtaining information from its account holders, which may include investors in the Covered Bonds. Certain investors that do not provide to the Issuer the information required under FATCA to establish that the investor is eligible to receive payments free of FATCA Withholding may be subject to 30% U.S. withholding on certain payments it receives in respect of the Covered Bonds.

Where Covered Bonds are in global form and held by Euroclear, Clearstream, Luxembourg, Euroclear Netherlands or any other agreed clearing system, as the case may be (together, the "**ICSDs**") in all but the most remote circumstances it is not expected that FATCA will affect the amount of any payment received by the ICSDs. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA Withholding. FATCA may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of FATCA Withholding, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA Withholding. Investors should choose custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA Withholding.

If an amount in respect of FATCA Withholding tax were to be deducted or withheld from any payments on the Covered Bonds, none of the Issuer, the CBC2, or any paying agent would be required to pay any additional amounts as a result of the deduction or withholding of such tax. As a result, investors who are FFIs that have not entered into an FFI agreement, investors that hold Covered Bonds through such FFIs or investors that are not FFIs but have failed to provide required information to an FFI that has entered into an FFI agreement may be subject to withholding tax for which no additional amount will be paid by the Issuer or the CBC2. Any FATCA Withholding may adversely impact the return for investors on their Covered Bonds.

The risk that the introduction of a conditional withholding tax on interest in The Netherlands may have an adverse effect on the Issuer, the holders of Covered Bonds and/or the CBC2 and their financial position and may result in early redemption of Covered Bonds.

On 17 December 2019, the Tax Plan 2020 as part of Budget Day 2019 was approved by the parliament. As a result of the Tax Plan 2020, legislation has been enacted which includes a measure that is relevant within the context of the Dutch tax treatment of the Issuer, the CBC2 and/or (payments under) the Covered Bonds.

This measure relates to the introduction of a conditional "interest withholding tax" on interest as of 2021 pursuant to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*), the rate of which will be equal to the applicable headline corporate income tax rate as per 1 January 2021 (expected to be 21.7%). Such interest withholding tax will become due with respect to interest payments and related payments under loans and similar financing arrangements, to the extent that such payments are made, or are deemed to be made, by, in short, a corporate borrower (deemed) resident in The Netherlands, like the Issuer, to recipients (lenders) that are cumulatively (a) entities or permanent establishments of such entities affiliated to the debtor of such payments (within the meaning of the Dutch Withholding Tax Act 2021) and (b) a resident in a jurisdiction that is included in a list that is

published periodically by the Dutch Ministry of Finance pursuant to the ministerial regulation of 31 December 2018 on the designation of low-taxed jurisdictions and non-cooperative countries (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*) (the "**Dutch List**"). The Dutch List includes (i) jurisdictions with a corporate income tax on business profits with a general statutory rate of less than 9% and (ii) jurisdictions that are included in the EU list of non-cooperative jurisdictions. Generally, an entity is considered to be affiliated to the Issuer if (i) such entity has a Qualifying Interest (as defined below) in the Issuer, (ii) the Issuer has a Qualifying Interest in such entity, or (iii) a third party has a Qualifying Interest in both the Issuer and such entity. The term "**Qualifying Interest**" means a directly or indirectly held interest – either individually or jointly as part of a collaborating group (*samenwerkende groep*) – that enables the holder of such interest to exercise a decisive influence on the decisions that can determine the activities of the entity in which the interest is held.

The withholding tax rules also include anti-abuse provisions aimed at avoiding interest payments to these tainted recipients being routed through non-listed jurisdictions.

As per 1 January 2021, interest payments to Covered Bondholders could become subject to the conditional withholding tax on interest for which no additional amount will be paid by the Issuer or the CBC2. As soon as this measure has entered into effect, any withholding may adversely impact the return for investors on their Covered Bonds.

The Covered Bondholders may not receive any payments from the CBC2 to compensate for any tax withheld by the CBC2 on behalf of a Dutch taxing authority.

Notwithstanding anything to the contrary in this Securities Note, if withholding of, or deduction on account of any present or future taxes, duties, assessments or charges of whatever nature is imposed by or on behalf of The Netherlands, any authority therein or thereof having power to tax, in respect of any payment made by the CBC2, the CBC2 will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Covered Bondholders, as the case may be, and shall not be obliged to pay any additional amounts to the Covered Bondholders. Therefore, the Covered Bondholders may not expect that the CBC2 will compensate them for any tax withheld by the CBC2 on behalf of a Dutch tax authority.

2. Risk Factors Regarding the Guarantor and the Guarantee

The risk that Covered Bondholders may not receive the full amounts due to them from the CBC2 as the CBC2 has limited resources, the value of which depends on a number of factors and may be insufficient to meet the CBC2's obligations under the Guarantee.

The CBC2's ability to meet its obligations under the Guarantee will depend on the realisable value of Transferred Assets (net of, without limitation, amounts due to any Participants in the case of Participation Receivables), the amount of principal and revenue proceeds generated by the Transferred Assets (net of, without limitation, amounts due to any Participants in the case of Participation Receivables) and Authorised Investments and the timing thereof and amounts received from the Swap Providers (if any), any Participants and the Account Bank. The CBC2 will not have any other source of funds available to meet its obligations under the Guarantee and the recourse of the Secured Creditors on the CBC2 is limited to such assets.

If a CBC2 Event of Default occurs and the Security created by or pursuant to the Security Documents is enforced, the Secured Property may not be sufficient to meet the claims of all the Secured Creditors, including the Covered Bondholders. Upon the occurrence of any Issuer Event of Default or a CBC2 Event of Default, the CBC2 or the Trustee, as the case may be, could experience difficulty with any sale of the relevant Transferred Receivables, particularly with respect to the price achievable and the timing of such sale. If, following enforcement of the Security constituted by or pursuant to the Security Documents, the Secured Creditors have not received the full amount due to them pursuant to the terms of the Transaction Documents, then they may still have an unsecured

claim against the Issuer for the shortfall. There is no guarantee that the Issuer will have sufficient funds to pay that shortfall.

Covered Bondholders should note that the Asset Cover Test has been structured to ensure that the Adjusted Aggregate Asset Amount is greater than the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding, which should reduce the risk of there ever being a shortfall. Also, under the CB Legislation the Issuer will be required to ensure that, in addition to the mandatory liquidity buffer required to be maintained or generated by the CBC2, (i) a statutory minimum level of overcollateralisation of eligible cover assets is maintained and (ii) the value of the Transferred Assets (subject to certain deductions in accordance with the CB Legislation) is at all times at least equal to the Principal Amount Outstanding of the Covered Bonds, in each case as calculated and determined in accordance with the CB Legislation. The Asset Cover Test is, amongst other things, used to comply with such statutory overcollateralisation and minimum value requirements under the CB Legislation. However, there is no assurance that there will not be a shortfall. The holders of the Covered Bonds will bear the risk of such a shortfall on payments due under the Transaction Documents as there may be insufficiency of resources of the Issuer or the CBC2. As a result, Covered Bondholders may not receive payment at all or these payments may not cover all amounts the Covered Bondholders may expect to receive.

The Guarantee will be solely the payment obligation of the CBC2 and to the extent that the CBC2's assets are not sufficient to fulfil its obligations under the Guarantee, Covered Bondholders may not be able to take recourse against any other entity or person other than the CBC2.

The payment obligations under the Guarantee will solely be the obligation of the CBC2, the payment obligations under the Guarantee will not be obligations or responsibilities of, or guaranteed by, any other entity or person other than the CBC2. The CBC2 will be liable solely in its corporate capacity for its obligations in respect of the Guarantee and such obligations will not be the obligations of its respective officers, members, directors, employees, security holders or incorporators. To the extent that the CBC2's corporate assets are not sufficient to fulfil its obligations under Guarantee, Covered Bondholders may not be able to take recourse against third parties for payment and the CBC2's obligations under the Guarantee may not be fully met. This may lead to losses under the Covered Bonds.

The risk that the CBC2 may not make full and timely payments pursuant to its obligations under the Guarantee due to the non-performance of third parties on which the CBC2 relies, such as the Servicers or the Administrator, of their obligations to the CBC2.

The CBC2 has entered into agreements with a number of third parties, which have agreed to perform services for the CBC2. In particular, but without limitation, the Initial Servicer has been (and New Servicers may be) appointed to service the Transferred Receivables, the Administrator has been appointed to monitor compliance with the Asset Cover Test and the Amortisation Test and to provide administration services to the CBC2 and the Asset Monitor has been appointed to conduct agreed upon procedures on the arithmetic accuracy of the calculations performed by the Administrator annually and in certain circumstances more frequently in respect of the Asset Cover Test and monthly in respect of the Amortisation Test with a view to confirming the accuracy of such calculations. In the event that any of those parties fails to perform its obligations under the relevant agreement to which it is a party, the realisable value of the Transferred Assets or any part thereof may be affected, or, pending such realisation (if the Transferred Assets or any part thereof cannot be sold), the ability of the CBC2 to make payments under the Guarantee may be affected. For instance, if a Servicer has failed to adequately administer the Transferred Receivables, this may lead to higher incidences of non-payment or default by Borrowers. The CBC2 is also reliant on the Swap Providers to provide it with the funds matching its obligations under the Guarantee (in full or in part). If the CBC2 cannot meet its obligations under the Guarantee, this may lead to losses under the Covered Bonds.

Thus, payments due to Covered Bondholders by the CBC2 may be affected by the performance of third parties such as the Servicers, the Administrator and the Issuer.

The risk that the CBC2's obligation to pay Guaranteed Final Redemption Amounts in respect of a Series of Covered Bonds shall automatically be deferred to the relevant Extended Due for Payment Date if the CBC2 has insufficient funds available to make payments in respect of such Series at the relevant Extension Date.

If the CBC2 is obliged under the Guarantee to pay a Guaranteed Final Redemption Amount in respect of a Series of Covered Bonds and has insufficient monies available under the relevant Priority of Payments to pay the Guaranteed Final Redemption Amount in respect of such Series on the Extension Date, then the obligation of the CBC2 to pay such Guaranteed Amount shall automatically be deferred to the relevant Extended Due for Payment Date. However, to the extent the CBC2 has sufficient monies available to pay in part the Guaranteed Final Redemption Amount in respect of such Series, the CBC2 shall make such partial payment in accordance with the relevant Priority of Payments, as described in, and subject to, Condition 3 (*The Guarantee*) on the relevant Extension Date and any subsequent Interest Payment Date falling prior to the relevant Extended Due for Payment Date. Payment of the unpaid amount under such Series shall be deferred automatically until the applicable Extended Due for Payment Date. The Extended Due for Payment Date will fall twelve (12) calendar months after the Final Maturity Date. Interest will continue to accrue and be payable on the unpaid Guaranteed Final Redemption Amount in respect of such Series on the basis set out in the applicable Final Terms or, if not set out therein, Condition 4 (*Interest*), *mutatis mutandis*. In these circumstances, except where the CBC2 has failed to apply monies in accordance with the relevant Priority of Payments in accordance with Condition 3 (*The Guarantee*), failure by the CBC2 to pay the relevant Guaranteed Final Redemption Amount in respect of such Series on the Extension Date or any subsequent Interest Payment Date falling prior to the Extended Due for Payment Date (or the relevant later date in case of an applicable grace period) shall not constitute a CBC2 Event of Default. However, failure by the CBC2 to pay such Guaranteed Final Redemption Amount or the balance thereof, as the case may be, on the relevant Extended Due for Payment Date and/or pay any other amount due under the Guarantee will (subject to any applicable grace period) constitute a CBC2 Event of Default. Therefore, Covered Bondholders may not receive payments at the moment they anticipated to receive payments and these payments may not cover all amounts Covered Bondholders may expect to receive.

Mandatory liquidity buffers required pursuant to the CB Legislation may not be sufficient to cover liquidity shortfalls.

Under the CB Legislation the Issuer will be required to ensure that, amongst other things, at all times sufficient liquidity is maintained or generated by the CBC2 to cover for the following 6 month-period interest payments on the Covered Bonds and certain higher and *pari passu* ranking payments, in each case as calculated and determined in accordance with the CB Legislation (i.e. the Mandatory Liquidity Test).

Pursuant to the Trust Deed, in order to procure compliance with the Mandatory Liquidity Test, the Issuer is required to credit the Mandatory Liquidity Fund with Mandatory Liquidity Required Amounts which amounts are determined for the relevant Series at the relevant time as the amount by which at such time the proceeds of the Transferred Assets expected to be received in the relevant period and the relevant amounts standing to the credit of the AIC Account (including, without limitation, any amounts standing to the credit of the Reserve Fund Ledger and the Interest Cover Reserve Fund Ledger) and such other amounts permitted to be taken into account pursuant to the CB Legislation, and, in each case, pertaining to the relevant Series, fall short of the amount which is at such time required to be held by the CBC2 to ensure compliance with the Mandatory Liquidity Test in relation to such Series.

However, there is no assurance that there will not be a liquidity shortfall despite the relevant measures required to be taken to provide for such liquidity. If such liquidity shortfall exists, Covered Bondholders may not receive payments at the moment they anticipated to receive payments and these payments may not cover all amounts Covered Bondholders may expect to receive.

Risk that the Interest Cover Reserve Fund Required Amount may not be sufficient to cover any shortfall between the amounts of interest received by the CBC2 and the rate of interest payable on the outstanding Covered Bonds.

If any of the Issuer's ratings falls below the minimum ratings as determined to be applicable or agreed by a relevant Rating Agency from time to time, the CBC2 is required to, among other things, establish an Interest Cover Reserve Fund and the Issuer is required to fund and maintain such Interest Cover Reserve Fund. The amounts to be paid by the Issuer in order to fund and maintain the Interest Cover Reserve Fund are calculated by reference to the rate of interest received on Transferred Collateral on a three (3) month basis for up to four consecutive periods of twelve (12) months. In order to calculate such amount, the Issuer will need make certain assumptions and estimates. The Interest Cover Reserve Fund may only be debited if on any CBC2 Payment Date there is a shortfall between the Scheduled Interest payable on such date and any amounts otherwise available to the CBC2 for such purpose. An amount standing to the credit of the Interest Cover Reserve Fund equal to such shortfall shall form part of the Available Revenue Receipts on any CBC2 Payment Date.

The amounts standing to the credit of the Interest Cover Reserve Fund may be insufficient to cover any shortfall between the actual rates of interest and revenue on the Transferred Receivables or the rates of interest or revenue payable on the other Transferred Assets, the Substitution Assets, the Authorised Investments and the balance of the AIC Account and the actual rate of interest payable on the outstanding Covered Bonds, as well as other mismatches which may adversely affect the realisation value of the Transferred Receivables, and/or the CBC2's ability to fulfil its obligations under the Guarantee.

Thus, payments due to Covered Bondholders by the CBC2 may be affected by the assumptions made by the Issuer, its performance to fund the relevant amount and the actual receipts of amounts of interest by the CBC2 and the actual amounts of interest payable by the CBC2 on the outstanding Covered Bonds.

The risk that the CBC2 may not be able to fulfil its obligations under the Guarantee, as cashflows from the Transferred Assets will run through the CBC2 only upon a Notification Event and service of a Notice to Pay or CBC2 Acceleration Notice on the CBC2, thereby leaving the CBC2 with no control over such cashflows until such an event occurs.

For as long as no Notification Event has occurred and no Notice to Pay or CBC2 Acceleration Notice has been served on the CBC2, no cashflows will run through the CBC2 unless required pursuant to the terms of the Transaction Documents. In those circumstances the Originators will be entitled to receive and retain the proceeds from the Transferred Assets for their own benefit. In addition, the Issuer will, as consideration for the CBC2 assuming the Guarantee, pay all costs and expenses of the CBC2 and make and receive all payments to be made or received by the CBC2 under any Swap Agreement. Upon the earlier to occur of a Notification Event and service of a Notice to Pay or CBC2 Acceleration Notice on the CBC2, cashflows will run through the CBC2 and will be applied in accordance with the relevant Priority of Payments (except that any collateral to be provided by a Swap Provider following its downgrade will be delivered to the CBC2 irrespective of whether any Notification Event has occurred or any Notice to Pay or CBC2 Acceleration Notice has been served at such time). As the CBC2 does not have control over the cashflows from Transferred Receivables unless one of the events described above occurs, the CBC2's ability to fulfil its obligations under the Guarantee may be limited. If the Issuer for whatever reason does not make the requested payments for the CBC2 and the Originators received and retained the relevant proceeds for their own benefit this may potentially adversely affect the CBC2's ability to fulfil its obligations under the Guarantee and this may result in losses under the Covered Bonds.

The risk that, if a CBC2 Event of Default occurs, amounts owed by the CBC2 to the holders of the Covered Bonds may be paid later than provided in the Transaction Documents and only partially or not at all. Before such time Covered Bondholders will receive payments from the CBC2 on any

Guaranteed Amounts only when such payments are due and only in accordance with the provisions of the Transaction Documents.

The CBC2 has no obligation to pay the Guaranteed Amounts payable under the Guarantee until service by the Trustee:

- on the Issuer of an Issuer Acceleration Notice and on the CBC2 of a Notice to Pay; or
- if earlier, on the Issuer and the CBC2 of a CBC2 Acceleration Notice.

A Notice to Pay can only be served if (a) an Issuer Event of Default occurs and results in service by the Trustee of an Issuer Acceleration Notice on the Issuer or (b) a Breach of the Asset Cover Test occurs. A CBC2 Acceleration Notice can only be served if a CBC2 Event of Default occurs.

Following service of an Issuer Acceleration Notice on the Issuer, a Notice to Pay will be served by the Trustee on the CBC2. However, a failure by the Issuer to make a payment in respect of one or more Series will not automatically result in the service of an Issuer Acceleration Notice. The Trustee may, but is not obliged to, serve an Issuer Acceleration Notice unless and until (i) default is made by the Issuer for a period of 7 calendar days or more in the payment of principal or a redemption amount or for a period of 14 calendar days or more in the payment of any interest, or if the Issuer is adjudged bankrupt or (ii) requested or directed by a Programme Resolution of the Covered Bondholders of all Series then outstanding.

If a Notice to Pay is served by the Trustee on the CBC2 following a Breach of the Asset Cover Test, the CBC2 will not be obliged to make payments under the Guarantee until (a) an Issuer Event of Default has occurred and an Issuer Acceleration Notice has been served or (b) a CBC2 Event of Default has occurred and a CBC2 Acceleration Notice has been served.

Following service of a Notice to Pay on the CBC2 (provided (a) an Issuer Event of Default has occurred and an Issuer Acceleration Notice has been served and (b) no CBC2 Acceleration Notice has been served) under the terms of the Guarantee the CBC2 will be obliged to pay Guaranteed Amounts as and when the same are Due for Payment. Such payments will be subject to and will be made in accordance with the Post-Notice-to-Pay Priority of Payments. In these circumstances, other than the Guaranteed Amounts the CBC2 will not be obliged to pay any amount, for example in respect of broken funding indemnities, penalties, premiums, default interest or interest on interest which may accrue on or in respect of the Covered Bonds.

Subject to applicable grace periods, if the CBC2 fails to make a payment when Due for Payment under the Guarantee or any other CBC2 Event of Default occurs then the Trustee may accelerate the Covered Bonds (to the extent not yet accelerated) by service of a CBC2 Acceleration Notice, whereupon the CBC2 will under the Guarantee owe the Early Redemption Amount of each Covered Bond, together with accrued interest and certain other amounts then due under the Covered Bonds. Following service of a CBC2 Acceleration Notice, the Trustee may enforce the Security over the Secured Property. The proceeds of enforcement of the Security shall be applied by the Trustee in accordance with the Post-CBC2-Acceleration-Notice Priority of Payments, and Covered Bondholders will receive amounts from the CBC2 on an accelerated basis. If a CBC2 Acceleration Notice is served on the CBC2 then the Covered Bonds may be repaid sooner or later than expected and they may be repaid, only partially or not at all. Therefore, Covered Bondholders may not receive payments at the moment they expect to receive payments and these payments may not cover all payments Covered Bondholders may expect to receive.

The CBC2's ability to meet its obligations under the Guarantee may be adversely affected by the relatively slow rate of principal repayment of Borrowers.

The fiscal incentives mentioned below under "*Changes to Dutch laws on tax deductibility of interest may result in an increase of Loan defaults, thereby adversely affecting the CBC2's ability to recover fully and/or timely on the Transferred Receivables related to such Loans and, as a consequence, adversely affect the CBC2s ability to meet fully and/or timely its obligations under the Guarantee*" in

relation to interest deductibility have resulted in a tendency amongst borrowers to opt for products that do not directly involve principal repayment. The most common mortgage loan types in The Netherlands are interest-only, linear, savings, life and investment mortgage loans or a combination of these types. Under the interest-only, savings, life and investment types of mortgage loans no principal is repaid during the term of the contract. Instead, save in the case of interest-only mortgage loans, the Borrower makes payments into a savings account, towards endowment insurance or into an investment fund. Upon maturity, amounts available pursuant to the savings accounts, the insurance contract or the investment funds are applied to repay the mortgage loans.

Prepayment penalties that are incorporated in mortgage loan contracts tend to lower prepayment rates in The Netherlands. Penalties are generally calculated as the net present value of the interest loss to the lender upon prepayment.

In The Netherlands, lower rates of prepayment and repayment of the principal amount outstanding on mortgage loans throughout the term of those loans means that the exposure of the Originators to the Borrowers of the Loans tends to remain high over time and that in the event of a default in payment by a Borrower, the relevant Originator would be likely to suffer higher losses than on a mortgage loan subject to a higher rate or prepayment and/or repayment. The value of Transferred Receivables supporting (through the Guarantee) the Covered Bonds is designed to reflect the risks associated with this exposure. Nonetheless, if and to the extent that the CBC2 has to rely on the cashflow of the Loans to fund its obligation under the Guarantee, the relatively slow rate of principal repayment may adversely impact the Transferred Assets' value realisation, and, consequently, the CBC2's ability to meet fully and/or in a timely manner its obligations under the Guarantee. This may result in losses under the Covered Bonds.

3. Risk Factors Regarding Asset Verification, Monitoring, Realisation and Servicing

Improper maintenance of the collateral value of the Transferred Assets may adversely affect the realisable value of the Transferred Assets and, thereby, the CBC2's ability to meet its payment obligations under the Guarantee.

If the collateral value of the Transferred Assets has not been maintained in accordance with the terms of the Asset Cover Test or the Amortisation Test, then that may affect the realisable value of the Transferred Assets or any part thereof (both before and after the occurrence of a CBC2 Event of Default) and/or the ability of the CBC2 to make payments under the Guarantee.

Prior to the service of a Notice to Pay, the Asset Monitor will, no later than five Business Days following receipt of the relevant information, test the arithmetic of the calculations performed by the Administrator in respect of the Asset Cover Test on the Calculation Date immediately preceding each anniversary of the Programme Date, i.e. once a year and will carry out such tests more frequently in certain circumstances. Following the service of a Notice to Pay, the Asset Monitor will no later than five Business Days following receipt of the relevant information be required to test the calculations performed by the Administrator on each Calculation Date in respect of each Amortisation Test.

The Trustee shall not be responsible for monitoring compliance with, nor the monitoring of, the Asset Cover Test, the Mandatory Asset Quantity Test or the Amortisation Test or any other test, or supervising the performance by any other party of its obligations under any Transaction Document. Furthermore, such tests are limited in scope and provide no guarantee that the tests are met in all respects.

Accordingly, to the extent that Transferred Assets are not maintained and monitored properly, the realisable value of such Transferred Assets by the CBC2 may be adversely affected, along with the CBC2's ability to meet its obligations under the Guarantee. This may result in losses under the Covered Bonds.

The CBC2 has only limited recourse to the Originators, limiting its ability to recover fully in the event of an Originator's breach of a Representation or Warranty, which in turn, may affect the CBC2's ability to fulfil its obligations under the Guarantee.

The CBC2 and the Trustee have not undertaken and will not undertake any investigations, searches or other actions on any Receivable and have relied and will rely instead on the Representations and Warranties given in the Guarantee Support Agreement by the relevant Originators in respect of the Transferred Receivables.

Subject to the terms of the Guarantee Support Agreement, if any Transferred Receivable was in material breach of the Receivable Warranties as of the relevant Transfer Date or is or becomes a Defaulted Receivable, then such Transferred Receivable will be excluded from the Asset Cover Test and the Amortisation Test. Such exclusion in principle means that the outcome of the Asset Cover Test and the Amortisation Test will be lowered (save to the extent further Eligible Assets are transferred to the CBC2 under or pursuant to the Guarantee Support Agreement). If the Originators in such case do not transfer additional Eligible Assets if required under or pursuant to the Guarantee Support Agreement, the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. Such failure of the Originators to transfer additional Eligible Assets if required may result in the CBC2 having insufficient funds available to meet its obligations under the Guarantee and this may result in losses under the Covered Bonds.

There is no further recourse to the relevant Originator in respect of a breach of a Representation or Warranty. There is no other recourse to the assets of the Originators if an Issuer Event of Default occurs or a CBC2 Event of Default occurs (save as is generally the case insofar as the assets of the Issuer for its obligations under the Covered Bonds are concerned).

Due to the CBC2's limited recourse to the Originators, the CBC2 may not be able to fully recover on the Transferred Assets which, in turn, may adversely affect the CBC2's ability to fulfil its obligations under the Guarantee.

Market conditions may limit the CBC2's ability to meet fully and/or timely its obligations under the Guarantee if a certain Issuer Event of Default has occurred.

If an Issuer Event of Default has occurred and results in, amongst other things, a Notice to Pay being served on the CBC2, the CBC2 may be obliged to sell or refinance Selected Receivables (selected on a random basis) in order to make funds available to the CBC2 to make payments to the CBC2's creditors including to make payments under the Guarantee.

There is no guarantee that a buyer will be found to acquire Selected Receivables or that such Selected Receivables can be refinanced at the times required and there can be no guarantee or assurance as to the price or level of refinancing which may be able to be obtained, which may affect payments under the Guarantee.

Furthermore, there is no limit on the amount of Selected Receivables that may be elected for such sale or refinancing in proportion to other Transferred Receivables and other Transferred Assets of the CBC2, which would take into account the CBC2's guarantee obligations in respect of later maturing Covered Bonds. Although the intention of the Amortisation Test is to ensure that the ratio of the Transferred Assets to the Covered Bonds is maintained at a certain level, there can be no guarantee or assurance that, following any such sale or refinancing of Selected Receivables in relation to Earliest Maturing Covered Bonds or any other Series, there are sufficient Transferred Assets available to the CBC2 to make payments under, amongst other things, the Guarantee in respect of later maturing Covered Bonds.

Thus, the CBC2 may be unable to fulfil fully and/or timely its payment obligations under the Guarantee. This may result in losses under the Covered Bonds.

Lack of representations and warranties in a sale of Selected Receivables may adversely affect the realisable value of such Selected Receivables, thereby limiting the CBC2's ability to meet its payment obligations under the Guarantee.

Following the service of an Issuer Acceleration Notice and a Notice to Pay on the CBC2, but prior to the service of a CBC2 Acceleration Notice, the CBC2 may be obliged to sell Selected Receivables to third party purchasers or refinance Selected Receivables, subject to a right of pre-emption enjoyed by the Originators pursuant to the terms of the Guarantee Support Agreement. In respect of any purchase or refinancing of Selected Receivables by third parties, however, the CBC2 will not be permitted to give warranties or indemnities in respect of those Selected Receivables (unless expressly permitted to do so by the Trustee). There is no assurance that the Originators would give any warranties or representations in respect of the Selected Receivables. Any Representations or Warranties previously given by the Originators in respect of the Transferred Receivables may not have value for a third party purchaser if the Originators are subject to an Insolvency Proceeding. Accordingly, there is a risk that the realisable value of the Selected Receivables could be adversely affected by the lack of representations and warranties, which in turn may adversely affect the ability of the CBC2 to meet its obligations under the Guarantee and this may lead to losses under the Covered Bonds.

The Covered Bondholders will receive only limited information in relation to the Transferred Assets which may adversely impact their ability to fully evaluate their potential investment.

Covered Bondholders will receive only certain statistical and other information in relation to the Transferred Assets, as set out in the Monthly Investor Reports which shall be prepared by the Administrator with assistance from the Servicer. Such information will not reflect any subsequent changes to the Portfolio between the relevant cut-off date for the preparation of such information and the relevant date on which it is published. It is expected that the constitution of the Transferred Assets may constantly change due to, for instance:

- the Originators transferring additional and/or new types of Eligible Assets to the CBC2;
- New Originators acceding to the Transaction and transferring Eligible Assets to the CBC2; and
- Originators re-acquiring Transferred Assets pursuant to their obligations, or right of pre-emption, under the Guarantee Support Agreement; and
- payments made by the debtors in respect of the relevant Transferred Assets.

There is no assurance that the characteristics of new Eligible Assets will be the same as, or similar to, those of the Eligible Assets in the Portfolio as at the relevant Transfer Date. A change in the composition of the Transferred Assets may lower the quality and may result in a lower income received by the CBC2 than originally envisaged and this could ultimately lead to losses under the Covered Bonds.

If the Initial Servicing Agreement is terminated there is a risk that the servicing and custody of the Transferred Receivables may be interrupted or otherwise adversely affected.

If a Servicer Event of Default occurs pursuant to the terms of a Servicing Agreement, then the CBC2 and/or the Trustee will be entitled to terminate the appointment of the relevant Servicer and appoint a new servicer in its place.

There can be no assurance that a substitute servicer with sufficient experience of administering mortgages of residential properties would be found who would be willing and able to service the Transferred Receivables on the terms of the Servicing Agreement. The ability of a substitute servicer to perform fully the required services would depend, amongst other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a substitute servicer may affect the realisable value of the Transferred Receivables or any part thereof,

and/or the ability of the CBC2 to make payments under the Guarantee. However, if a Servicer ceases to be assigned a rating as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as the 2020 Programme Update at least 'Baa3(cr)' by Moody's, the CBC2 will use reasonable efforts to enter into a master servicing agreement with a third party.

Furthermore, it should be noted that the Trustee is not obliged in any circumstances to act as a Servicer or to monitor the performance by any Servicer of its obligations. Furthermore, Covered Bondholders will have no right to consent to or approve of any actions taken by a Servicer under a Servicing Agreement. None of the Servicers have (or will have, as applicable) any obligation themselves to advance payments that Borrowers fail to make in a timely fashion, which may result in the CBC2 not being able to meet its obligations under the Guarantee. This may lead to losses under the Covered Bonds.

If the Initial Servicing Agreement is terminated and the CBC2 does not appoint a licensed replacement Servicer or does not manage to obtain a licence itself, the servicing and custody of the Transferred Receivables may be interrupted or otherwise adversely affected, which, in turn, may adversely affect the rights of the holders of the Covered Bonds.

By acquiring the Eligible Receivables, the CBC2 is deemed to provide consumer credit, which is a licensable activity under the Wft. The CBC2 can rely on an exemption from this licence requirement, if the CBC2 outsources the servicing of the Eligible Receivables and the administration thereof to an entity which is adequately licensed under the Wft to act as consumer credit offeror or intermediary and which complies with certain information duties towards the Borrowers. Pursuant to the Initial Servicing Agreement, the CBC2 outsources the servicing and administration of the Eligible Receivables to the Initial Servicer. If the Initial Servicing Agreement is subject to termination and the CBC2 is not able to appoint a New Servicer or alternatively does not manage to obtain a licence itself, the CBC2 will have to terminate its activities and settle (*afwikkelen*) its existing agreements. Similar risks apply in case that future changes to the (conditions of the) exemption would result in the CBC2 no longer being able to rely on the exemption, which, in turn, may adversely affect the rights of the holders of the Covered Bonds. This may result in losses under the Covered Bonds.

4. Risk Factors Regarding the Swaps

A. Risks related to Swap Agreements

The CBC2 is not required to enter into Swaps in relation to the Programme or any Series of Covered Bonds to correct certain mismatches. If any Swap is entered into by the CBC2, such Swap may be insufficient to hedge fully against mismatches which may adversely affect the realisation value of the Transferred Receivables by the CBC2 and/or adversely affect the CBC2's ability to fulfil fully and/or timely its obligations under the Guarantee.

The CBC2 may, but is not required to, enter into any Total Return Swap or any Interest Swap to mitigate, to a certain extent, any mismatch possible in the rates of interest and revenue received on the Transferred Receivables (which may, for instance, include variable rates of interest, discounted rates of interest, fixed rates of interest or rates of interest which track a base rate) or the rates of interest or revenue payable on the other Transferred Assets, the Substitution Assets, the Authorised Investments and the balance of the AIC Account and the rate of interest payable on the outstanding Covered Bonds. Any Interest Rate Swap may be entered into to hedge the risk (and provided that there is such a risk) of any possible mismatch between the Agreed Base Reference Rate and the rate of interest payable under any Series.

Pursuant to the Swap Undertaking Letter, ABN AMRO Bank undertakes to, or to procure an Eligible Swap Provider to, enter into one or more (as agreed between the CBC2 and such Eligible Swap Provider) Swap Agreements with the CBC2 governing one or more Total Return Swap(s) and/or one or more Interest Rate Swap(s) for any Series if so requested by the CBC2.

Such Swaps may not be entered into at all or, if entered into, may be insufficient to fully correct mismatches in the rates of interest and revenue on the Transferred Receivables or the rates of interest or revenue payable on the other Transferred Assets, the Substitution Assets, the Authorised Investments and the balance of the AIC Account and the rate of interest payable on the outstanding Covered Bonds, as well as other mismatches which may adversely affect the realisation value of the Transferred Receivables, and/or the CBC2's ability to fulfil its obligations under the Guarantee. This may result in losses under the Covered Bonds.

Defaults under the Swap Agreements may expose the CBC2 to any changes in the relevant rates of interest on the Transferred Receivables, thereby adversely affecting the CBC2's ability to fulfil its obligations under the Guarantee.

If the CBC2 (or the Issuer on its behalf) fails to make timely payments of amounts due under any Swap, then it will have defaulted under that Swap and the relevant Swap Agreement may be terminated. If a Swap Agreement terminates or the Swap Provider defaults in its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the CBC2 on the payment date under the Swap Agreements, the CBC2 will be exposed to any changes in the relevant rates of interest. As a result, unless a replacement swap is timely entered into, the CBC2 may have insufficient funds to make payments under the Guarantee. This may result in losses under the Covered Bonds.

The CBC2's obligation to make a termination payment under a Swap Agreement may adversely affect the ability of the CBC2 to meet its obligations under the Guarantee.

A Swap Agreement may govern the terms of one or more Total Return Swap(s) and/or one or more Interest Rate Swap(s). There is no obligation for the CBC2 and the relevant Eligible Swap Provider to enter into a Swap Agreement for each Swap separately. Therefore, a default or termination event under a Swap Agreement could result in early termination of all Swaps governed by such Swap Agreement. If a Swap terminates, then the CBC2 may be obliged to make a termination payment to the relevant Swap Provider. There can be no assurance that the CBC2 will have sufficient funds available to make such a termination payment, nor can there be any assurance that the CBC2 will be able to enter into a replacement swap agreement, or if one is entered into, that the rating of the replacement swap counterparty will be sufficiently high to prevent a downgrade of the then current ratings of the Covered Bonds by the Rating Agencies.

If the CBC2 is obliged to make a termination payment under the Swap Agreement governing a Total Return Swap and any other Swap, such termination payment for an amount not exceeding the Capped TRS Termination Amount will rank ahead of amounts due under the Guarantee in respect of each Series except where default by, or downgrade of, the relevant Swap Provider has caused the relevant Swap Agreement to terminate. If the CBC2 is obliged to make a termination payment under any Swap Agreement governing one or more Interest Rate Swaps, such termination payment (or any remaining termination payment attributable to the relevant Interest Rate Swap if the relevant Swap Agreement also governs a Total Return Swap) will rank *pari passu* with interest amounts and, when the Post-CBC2-Acceleration Notice Priority of Payments applies, in priority to interest and principal amounts due under the Guarantee in respect of each Series except where default by, or downgrade of, the relevant Swap Provider has caused the relevant Swap Agreement to terminate. The obligation to make a termination payment other than arising from default by, or downgrading of, the Swap Provider, may adversely affect the ability of the CBC2 to meet its obligations under the Guarantee. This may lead to losses under the Covered Bonds.

The difference in timing between the obligations of the CBC2 and the relevant Swap Provider may adversely affect the CBC2's ability to make payments under the Guarantee.

With respect to Interest Rate Swaps, the CBC2 (or the Issuer on its behalf) may be obliged to make monthly payments to the relevant Interest Rate Swap Provider, whereas the relevant Interest Rate Swap Provider may not be obliged to make corresponding swap payments for up to twelve months. If the relevant Interest Rate Swap Provider does not meet its payment obligations to the CBC2, the

CBC2 may have a larger shortfall than it would have had if the relevant Interest Rate Swap Provider's payment obligations had coincided with CBC2's payment obligations under the relevant Swap Agreement. Hence, the difference in timing between the obligations of the CBC2 and the relevant Swap Provider may adversely affect the CBC2's ability to make payments under the Guarantee. This may lead to losses under the Covered Bonds.

A Swap Provider's default under a Swap Agreement with the CBC2, when the Post-Notice-to-Pay Priority of Payments applies, may result in interest payments due under the Guarantee in respect of the relevant hedged Series not being paid timely and/or in full.

If the Post-Notice-to-Pay Priority of Payments applies, it is funded on each CBC2 Payment Date by the Available Revenue Receipts and the Available Principal Receipts, which are amounts actually received by the CBC2 prior to such CBC2 Payment Date. To avoid that amounts received by the CBC2 in respect of interest under any Interest Rate Swap during a CBC2 Payment Period need to be retained for application until the next CBC2 Payment Date, such amounts (for the avoidance of doubt excluding Swap Collateral Excluded Amounts and Swap Replacement Excluded Amounts) are credited to the Swap Interest Ledger. Amounts which are credited to the Swap Interest Ledger in a CBC2 Payment Period in respect of a particular Series, are (a) on-paid to the Trustee or the Principal Paying Agent to cover Scheduled Interest that is Due for Payment in such CBC2 Payment Period under the Guarantee in respect of such Series or (b) in the event that there is an excess over such Scheduled Interest that is Due for Payment, for credit to the Revenue Ledger.

When the Post-Notice-to-Pay Priority of Payments applies, there is a risk that, should a Swap Provider default in the performance of its obligation to pay to the CBC2 an amount of interest under any Interest Rate Swap and despite certain contractual risk mitigants included in the relevant Transaction Documents, the corresponding Scheduled Interest that is Due for Payment in such CBC2 Payment Period under the Guarantee in respect of such Series cannot be paid timely and/or in full. This may lead to losses under the Covered Bonds.

B. Regulatory risks regarding to the Swaps

Compliance with Regulation (EU) 648/2012 of 16 August 2012 on OTC derivatives, central counterparties and trade repositories ("EMIR"), and other regulations relating to derivative contracts, may give rise to additional costs and expenses for the Issuer and the CBC2, which may in turn reduce amounts available to make payments with respect to the Covered Bonds.

The CBC2 may, but is not required to, enter into one or more Swap Agreement(s), which are bilateral over-the-counter ("OTC") derivative contracts. EMIR establishes certain requirements for OTC derivative contracts, including (i) mandatory clearing obligations, (ii) the mandatory exchange of initial and/or variation margin, (iii) other risk-mitigation techniques for OTC derivative contracts not cleared by a central counterparty and (iv) reporting requirements.

The Issuer does not expect the CBC2 to be or become subject to the margin requirements or the clearing obligation, as these only apply to certain financial counterparties and non-financial counterparties that (are deemed to) exceed the applicable clearing threshold (established on a group basis). Moreover, even if the CBC2 would at any time exceed the relevant clearing threshold, it may be able to rely on specific statutory exemptions for OTC contracts concluded with covered bond issuers or with cover pools for covered bonds. However, the possibility cannot be excluded that the CBC2 may in the future, whether as a result of changes to the legislation or group activity, qualify as a counterparty subject to the margin requirements or the clearing obligation and not be able to rely on any such exemption. This would lead to significantly more administrative burdens, higher costs and potential complications, for instance if the CBC2 will be required to enter into a replacement swap agreement or to amend the Swap Agreement, as the case may be, in order to comply with these requirements. A failure to comply with EMIR may result in fines being imposed on the CBC2, which may affect the CBC2's ability to make payments under the Guarantee. This may lead to losses under the Covered Bonds.

Uncertainty as to the validity and/or enforceability of "flip clauses" may adversely affect the CBC2's ability to meet its obligations under the Guarantee.

The validity of contractual priorities of payments such as those contemplated in the Transaction Documents has been challenged in the English and U.S. courts. In particular, there is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of the same debtor, upon the occurrence of insolvency proceedings relating to that creditor. Recent cases have focused on provisions involving the subordination of a swap counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such swap counterparty (so-called "**flip clauses**") and have considered whether such flip clauses breach the "anti-deprivation" principle under English and U.S. insolvency law. Flip clauses are similar in effect to the terms which are included in the Transaction Documents relating to the subordination of Excluded Swap Termination Amounts.

The "anti-deprivation" principle prevents a party from agreeing to a provision that deprives its creditors of an asset upon its insolvency. In the English proceedings it was argued that where a secured creditor subordinates itself to noteholders in the event of its insolvency, that secured creditor effectively deprives its own creditors. The Supreme Court of the United Kingdom in *Belmont Park Investments PTY Limited (Respondent) v BNY Corporate Trustee Services Limited and Lehman Brothers Special Financing Inc* [2011] UKSC 38 unanimously upheld the decision of the Court of Appeal in dismissing this argument and upholding the validity of similar priorities of payment, stating that, provided that such provisions form part of a commercial transaction entered into in good faith which does not have, as its predominant purpose or one of its main purposes, the deprivation of the property of one of the parties on bankruptcy, the anti-deprivation principle was not breached by such provisions.

In the U.S. Bankruptcy Court for the Southern District of New York in *Lehman Brothers Special Financing Inc. v. BNY Corporate Trustee Services Limited*. (In re Lehman Brothers Holdings Inc.), Adv. Pro. No. 09 1242 JMP (Bankr. S.D.N.Y. 20 May 2009), the Court declined to follow the English Court's approach. The U.S. Court examined a flip clause and held that such a clause was an "ipso facto" clause unenforceable under the U.S. Bankruptcy Code. An "ipso facto" clause is one that seeks to modify the relationship among contracting parties due to the filing of a bankruptcy petition, and is as a general matter unenforceable.

In a subsequent Lehman Brothers case, *Lehman Brothers Special Financing Inc. v. Bank of America National Association*, et al. Case No. 10-3547 (In re Lehman Brothers Holdings Inc.), No. 10-03547 (Bankr S.D.N.Y. 28 June 2016), the Court examined a priority of payment provision and found that not all such provisions are unenforceable "ipso facto" clauses. The Court distinguished the instant case from *BNY Corporate Trustee Services Limited* on the grounds that that, due to the structure of the transaction, the payment priority provisions explicitly formed part of the swap transaction documentation and therefore no existing right was modified upon the filing of the bankruptcy petition. On March 14, 2018, Judge Schofield of the U.S. District Court for the Southern District of New York affirmed the Bankruptcy Court's decision.

The treatment of flip clauses is an aspect of cross border insolvency law which remains untested. Whilst the priority issue is considered largely settled in England and Wales, it is unsettled in the U.S. Concerns still remain that the English and U.S. courts will diverge in their approach, which the case of an unfavourable decision in the U.S, may adversely affect the CBC2's ability to make payments under the Guarantee. The Issuer has been advised that such a flip clause would be valid under Dutch law.

In light of the above, if a creditor of the CBC2 (such as ABN AMRO Bank as Swap Provider) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales or The Netherlands (including, but not limited to, the United States), and it is owed a payment by the CBC2, a question arises as to whether the insolvent creditor or any insolvency official

appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English and Dutch law governed Transaction Documents (such as a provision of each of the Post-Notice-to-Pay Priority of Payments and the Post-CBC2-Acceleration-Notice Priority of Payments which refers to the ranking of the Swap Provider's payment rights in respect of Excluded Swap Termination Amounts). In particular, based on the decisions of the U.S. Bankruptcy Court referred to above, there is a risk that such subordination provisions would be unenforceable "ipso facto" clauses under the U.S. bankruptcy laws. Such laws may be relevant in certain circumstances with respect to ABN AMRO Bank as Swap Provider given that it has assets and/or operations in the U.S. and notwithstanding that it is a non-US established entity (and/or with respect to any replacement counterparty or other Swap Provider, depending on certain matters in respect of that entity). In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales or The Netherlands and any relevant foreign judgment or order was recognised by the English or Dutch courts, there can be no assurance that such actions would not adversely affect the rights of the Covered Bondholders, the market value of the Covered Bonds and/or the ability of the CBC2 to satisfy its obligations under the Guarantee.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Transaction Documents will include terms providing for the subordination of Excluded Swap Termination Amounts, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English or Dutch courts) may result in negative rating pressure in respect of the Covered Bonds. If any rating assigned to the Covered Bonds is lowered, the market value of the Covered Bonds may reduce.

5. Risk Factors Regarding the Transferred Receivables, Set-off and Security Rights

A. Risks related to the Transferred Receivables and Related Security

Borrowers' defaults on their obligations under the Transferred Receivables may adversely affect the CBC2's realisation on such Transferred Receivables, thereby adversely affecting the CBC2's ability to fulfil its obligations under the Guarantee.

Upon service of a Notice to Pay on the CBC2 (provided (a) an Issuer Event of Default has occurred and an Issuer Acceleration Notice has been served and (b) no CBC2 Acceleration Notice has been served), the CBC2 is expected to make payments under the Guarantee. The ability of the CBC2 to meet its obligations under the Guarantee will depend solely on the proceeds of the Transferred Assets. In this respect it should be noted that Borrowers may default on their obligations due under the Transferred Receivables. Defaults may occur for a variety of reasons. The Transferred Receivables are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments, government policies, epidemics and pandemics (like the COVID-19 crisis). Other factors in Borrowers' individual, personal or financial circumstances may affect the ability of Borrowers to make the required payments under the Transferred Receivables. Loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies of Borrowers or the Borrowers becoming subject to debt rescheduling arrangements (*schuldsaneringsregelingen*), and could ultimately have an adverse impact on the ability of Borrowers to make the required payments under the Transferred Receivables. In addition, the ability of a Borrower to sell a Property at a price sufficient to repay the amounts outstanding under that Transferred Receivable will depend upon a number of factors, including the availability of buyers for that Property, the value of that Property and property values in general at the time.

As a Borrower's ability to meet its obligations under the Transferred Receivables depends on numerous factors beyond the control of the CBC2, Borrowers may default on such obligations at any point, thereby adversely affecting the CBC2's realisation under affected Transferred Receivables

and, in turn, the CBC2's ability to meet its obligations under the Guarantee, which could in turn lead to losses under the Covered Bonds.

The risk that a Dutch Insolvency Proceeding against an Originator, prior to the notification of the transfer of the Transferred Receivables to the debtors, may result in the CBC2's claims to payment by such Originator under such Transferred Receivables ranking in priority behind the claims of other creditors of the Originator.

The Guarantee Support Agreement provides that the transfer of the Eligible Receivables will be effected through a silent assignment (*stille cessie*) by the relevant Originator to the CBC2. This means that legal ownership of the Eligible Receivables will be transferred to the CBC2 by registration of a duly executed deed of assignment with the tax authorities (*Belastingdienst*), without notifying the debtors of such Eligible Receivables. The assignment will only be notified to the debtors if a Notification Event occurs. Notification is only necessary to achieve that the debtors can no longer discharge their obligations by paying to the relevant Originator.

As long as no notification of the assignment has taken place, the debtors under the Transferred Receivables must continue to make payments to the relevant Originator or its nominee. In respect of payments made to an Originator prior to a Dutch Insolvency Proceeding of the relevant Originator taking effect and not on-paid to the CBC2, the CBC2 will in the relevant Originator's Dutch Insolvency Proceedings be an ordinary, non-preferred creditor, having an insolvency claim. In respect of post-insolvency payments made by debtors to an insolvent Originator, the CBC2 will be a creditor of the estate (*boedelschuldeiser*) and will receive payment prior to (unsecured) creditors with ordinary claims, but after preferred creditors of the estate and after deduction of the general bankruptcy costs (*algemene faillissementskosten*), which may be material. Therefore, the CBC2 may be unable to collect fully and/or timely on payments due from an Originator under the Transferred Receivables in the event of a Dutch Insolvency Proceeding against such Originator, in turn adversely affecting the full and/or timely payments to the holders of the Covered Bonds.

In the event of a foreclosure of certain security, the CBC2 may have to act jointly with RBS N.V. and share with RBS N.V. the foreclosure proceeds pro rata, limiting the CBC2's ability to recover fully and/or timely on such security and consequently, adversely affecting the CBC2's ability to meet its obligations to Covered Bondholders fully and/or timely under the Guarantee.

Effective as from 6 February 2010, being the date on which the demerger of the relevant Dutch State acquired business with The Royal Bank of Scotland N.V. as demerging party and ABN AMRO Bank N.V. as acquiring party became effective in accordance with article 2:334n of the Dutch Civil Code (the "**Legal Demerger**"), it is possible that a joint estate as described in the previous risk factor exists between the CBC2 and The Royal Bank of Scotland N.V. (previously named ABN AMRO Bank N.V. (including its successors and assigns, "**RBS N.V.**")) (and, if an Originator, ABN AMRO Bank). The Issuer has been advised that if the entire contractual relationship pertaining to the relevant Borrower is included in full in the Legal Demerger, it is highly likely that the associated All-monies Security (or Fixed Security) has transferred along to ABN AMRO as part of the Legal Demerger, in which case no such joint estate would arise between RBS N.V. and the CBC2 (and if an Originator, ABN AMRO Bank). Under a master amendment agreement entered into on or around the Legal Demerger pertaining to the Programme, ABN AMRO Bank has represented and warranted to the CBC2 and the Trustee as of the date of such master amendment agreement and as of the moment the Legal Demerger takes effect, in relation to each Transferred Receivable that the entire contractual relationship pertaining to the relevant Borrower is included in full in the Legal Demerger. Nevertheless, the Issuer has been advised in relation to Transferred Receivables secured by All-monies Security that the risk cannot be excluded that a residual All-monies Security has remained with RBS N.V. following the Legal Demerger and that a joint estate exists between RBS N.V. and the CBC2 (and if an Originator, ABN AMRO Bank). Such risk is mitigated (i) as between the CBC2 and ABN AMRO Bank in the manner set out in the risk factor "*In the event of a foreclosure of certain security, the CBC2 may have to act jointly with RBS N.V. and share with RBS N.V. the foreclosure proceeds pro rata, limiting the CBC2's ability to recover fully and/or timely on*

*such security and consequently, adversely affecting the CBC2's ability to meet its obligations to Covered Bondholders fully and/or timely under the Guarantee" and (ii) as between the CBC2 and RBS N.V. in a security rights agreement dated on or about the Legal Demerger (as supplemented on 29 September 2011) in which RBS N.V. has, among other things, undertaken to, in the event of security rights held in a joint estate (*gemeenschap*) between ABN AMRO and/or RBS N.V. and/or the CBC2, respect and act in accordance with the contractual (priority) rights of the CBC2 as set out in the Transaction Documents as in force at the Legal Demerger, in particular on the proceeds of enforcement (*opbrengst van uitwinning*), as if it were an originator.*

Despite these arrangements, it is still possible that the CBC2 would have to act jointly with RBS N.V. and share the proceeds with RBS N.V. *pro rata* (i.e. in the event of a Dutch Insolvency Proceeding against RBS N.V.). Therefore, the CBC2's ability to recover fully and/or timely on some mortgages or pledges in respect of Transferred Receivables originated by ABN AMRO Bank prior to the Legal Demerger may be limited, which may in turn adversely affect the CBC2's ability to meet fully and/or timely its obligations under the Guarantee.

The CBC2's right to payment under the NHG Guarantee which applies to certain Eligible Receivables may be limited if the relevant Originators have not complied with the terms and conditions of the NHG Guarantee, because the redemption structure of an Eligible Receivable may differ from the mandatory redemption structure set forth in the terms and conditions of an NHG Guarantee and, as of 1 January 2014, because of a 10% "own risk" participation in any loss claims made under the NHG Guarantee, the CBC2 may not be able to fully recover any loss incurred from the WEW under an NHG Guarantee, which may adversely affect the realisable value of the Transferred Receivables and the CBC2's ability to fulfil fully and/or timely its obligations under the Guarantee.

Certain Eligible Receivables have the benefit of an NHG Guarantee. Pursuant to the terms and conditions of the NHG Guarantee, the Stichting Waarborgfonds Eigen Woningen ("**WEW**") has no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the terms and conditions of the NHG Guarantee. Under or pursuant to the Guarantee Support Agreement, each Originator warrants and represents in relation to any of its Eligible Receivables which is secured by an NHG Guarantee that:

- (i) the NHG Guarantee is granted for the full amount of the relevant Receivable outstanding at origination, and constitutes legal, valid and binding obligations of the WEW, enforceable in accordance with such NHG Guarantee's terms;
- (ii) all terms and conditions (*voorwaarden en normen*) applicable to the "Nationale Hypotheek Garantie" at the time of origination of the related Loans were complied with; and
- (iii) the relevant Originator is not aware of any reason why any claim under any NHG Guarantee, if applicable, in respect of the relevant Receivable should not be met in full and in a timely manner.

The terms and conditions of an NHG Guarantee (irrespective of the type of redemption of the mortgage loan) stipulate that the guaranteed amount is reduced on a monthly basis by an amount which is equal to the amount of the monthly repayments plus interest as if the mortgage loan were to be repaid on a thirty year annuity basis. The actual redemption structure of an Eligible Receivable can be different. Furthermore, for mortgage loans originated after 1 January 2014, the mortgage lender is obliged to participate for 10% in any loss claims made under the NHG Guarantee. The lender is not entitled to recover this amount from the borrower. The foregoing may result in the lender not being able to fully recover any loss incurred from the WEW under NHG Guarantee and consequently, in the CBC2 having insufficient funds to meet its obligations under the Guarantee and ultimately to losses under the Covered Bonds. See "*Section 3.5 NHG Guarantee Programme*" below for further information on the WEW and the NHG Guarantee.

Certain Loans may become due and payable prior to their proposed terms and earlier than anticipated as a result of early termination of a long lease due to a leaseholder default or for other

reasons, thereby potentially limiting the CBC2's recovery of the full value of the Loans and, in turn, the CBC2's ability to meet its full obligations under the Guarantee.

Certain Eligible Receivables are secured by a mortgage on a long lease (*erfpacht*). A long lease will, amongst other things, end as a result of expiration of the long lease term (in the case of a lease for a fixed period), or termination of the long lease by the leaseholder or the landowner. The landowner can terminate the long lease in the event the leaseholder has not paid the remuneration due for a period exceeding two consecutive years or seriously breaches other obligations under the long lease. In case the long lease ends, the landowner will have the obligation to compensate the leaseholder. In such event the mortgage will, by operation of law, be replaced by a pledge on the claim of the (former) leaseholder on the landowner for such compensation. The amount of the compensation will, amongst other things, be determined by the conditions of the long lease and may be less than the market value of the long lease. In addition, after the expiration of the long lease term, the remuneration (*canon*) due may be increased unless the remuneration due has been fixed. Such increase may be material and could increase the risk of non-payment by the Borrower.

In cases where a mortgage is vested on long lease, a paragraph is added to the relevant mortgage deed, providing that the relevant loan becomes immediately due and payable in the event the long lease is terminated or the leaseholder has not paid the remuneration or seriously breaches other obligations under the long lease. When underwriting a loan to be secured by a mortgage on a long lease, the relevant Originator has taken into consideration the conditions of the long lease, including the term thereof in comparison to the proposed term of the loan.

If the long lease terminates, there is a risk that the Borrower does not repay the Mortgage Loan. In such case, the Mortgage may be enforced and there is a risk that the foreclosure value of a Property after termination of the long lease or with a higher remuneration, may be less than the market value prior to such termination or increase. Accordingly, certain Loans may become due and payable prior to their proposed terms and earlier than anticipated as a result of early termination of a long lease due to a leaseholder default or for other reasons, thereby potentially limiting the CBC2's recovery of the full value of the Loans and, in turn, the CBC2's ability to meet its full obligations under the Guarantee.

The CBC2's interest reset right in relation to Loans may be subject to limitations under Dutch law, particularly in the event of a Dutch Insolvency Proceeding against the relevant Originator.

The Issuer has been advised that it is uncertain whether any interest reset right will transfer to the CBC2 with the assignment of the relevant Receivable but that there is a good argument to make that the right to reset the interest rate on the Loans should be considered as an ancillary right and follows the Receivables upon their assignment to the CBC2 and the pledge to the Trustee. This argument is followed by a judgment of the Dutch Supreme Court of 10 July 2020. However, if such interest reset right remains with the relevant Originator despite the assignment, this means that in case the relevant Originator becomes subject to a Dutch Insolvency Proceeding, the co-operation of the liquidator in insolvency would be required to reset the interest rates (unless such right is transferred to the CBC2 prior to the Dutch Insolvency Proceeding taking effect, but this may require the co-operation of the Borrower). It should be noted that such interest reset right can only be exercised after notification of the assignment to the relevant Borrower and the CBC2 will be bound applicable law, such as principles of reasonableness and fairness, the right of the Borrower to invoke all defences available, specific duty of care obligations (which may include a limitation on the maximum interest rate that can be set in respect of the relevant Receivable), and the Lending Criteria relating to the reset of interest rates. In our view the above applies also in case of a pledgee (e.g. the Trustee) exercising its pledge over the relevant Receivables.

The Servicing Agreement provides that following notification to the relevant Borrowers of the assignment of the Receivables, the Servicer, acting on behalf of the CBC2, will only offer the relevant Borrowers an interest rate of at least the Minimum Mortgage Interest Rate, which rate may be amended by the CBC2 and the Issuer, subject to Rating Agency Confirmation and prior consent

of the Trustee, subject to the Loan Agreement and to applicable law (including but not limited to principles of reasonableness and fairness and applicable duties of care).

Accordingly, the ability of the CBC2 to reset the interest on Loans may be limited, thereby affecting adversely the CBC2's ability to influence the interest rates applicable to the Loans, in turn limiting the CBC2's ability to meet fully and/or timely its obligations under the Guarantee. In addition, if the relevant Servicer does not comply with their respective obligation to set such interest rates not below the Minimum Mortgage Interest Rate, the CBC2 may have not receive sufficient interest to meet its obligations under the Guarantee in full or in time, which could in turn lead to losses under the Covered Bonds.

Unpredictable variations in the rate of prepayment on the Loans may adversely affect the CBC2's ability to realise sufficient funds to meet fully and/or timely its obligations under the Guarantee.

The rate of prepayment of Loans granted pursuant to the Loan Agreements is influenced by a wide variety of economic, social and other factors, including prevailing market interest rates, changes in tax laws (including but not limited to amendments to mortgage interest tax deductibility), local and regional economic conditions and changes in Borrower's behaviour (including but not limited to home-owner mobility). No assurance can be given as to the level of prepayment that the Loans granted pursuant to the Loan Agreements may experience, and variation in the rate of prepayments of principal on the Loans granted pursuant to the Loan Agreements may affect the ability of the CBC2 to realise sufficient funds to make payments under the Guarantee.

Interest rate averaging may have a downward effect on the interest to be received on the relevant Loans and decrease the CBC2's interest proceeds from the Transferred Receivables, thereby adversely affecting the CBC2's ability to meet fully and/or timely its obligations under the Guarantee.

Subject to certain conditions, certain Originators offer 'interest rate averaging' (*rentemiddeling*) to Borrowers for Loans. Originators and Borrowers can agree to a fixed interest rate for a certain period of time (*rentevaste periode*). If the interest rates drop during the fixed interest period, a Borrower can ask for 'interest rate averaging'. In short, the agreed interest rate will be compared to the current interest rate and the Originators will calculate the loss of income for the remaining original fixed interest period. A new interest rate will be calculated on the basis of the current interest rate and offer this new interest rate to the Borrower for a new fixed interest period, increased by a compensation for the loss of income due to the 'interest rate averaging' and an increase in the event the Borrower moves to a new Property before the end of this new fixed interest period. Despite the compensation for 'interest rate averaging', this new interest rate may have a downward effect on the interest to be received on the relevant Loans as it remains uncertain how long a Borrower will remain in the same Property during the new fixed interest period.

Pursuant to the entry into force of the Mortgage Credit Directive on 14 July 2016, prepayment penalties may not exceed the financial loss incurred by the provider of the mortgage loan. In view of the new regulation the AFM investigated the calculation method for, and the prepayment penalties charged by different providers of mortgage loans. As a result, the AFM published guidelines on 20 March 2017 with principles for calculating the prepayment penalty that may be charged in case of a prepayment of a mortgage loan (*Leidraad Vergoeding voor vervroegde aflossing van de hypotheek*).

Although the aforementioned AFM guidelines do not directly apply to interest rate averaging, the AFM expects providers of mortgage loans to act in the best interest of the borrower. Furthermore, the AFM announced that it will investigate whether providers of mortgage loans always act in accordance with the borrowers' interest. In this respect, the AFM could decide to argue for adjustment of the legislation concerning interest rate averaging.

Despite the compensation for 'interest rate averaging', this new interest rate may have a downward effect on the interest to be received on the relevant Loans as it remains uncertain how long a Borrower will remain in the same Property during the new fixed interest period. As a result, interest rate averaging may decrease the CBC2's interest proceeds from such Transferred Receivables,

thereby adversely affecting the CBC2's ability to meet fully and/or timely its obligations under the Guarantee, which could in turn lead to losses under the Covered Bonds.

Changes to Dutch laws on tax deductibility of interest may result in an increase of Loan defaults, thereby adversely affecting the CBC2's ability to recover fully and/or timely on the Transferred Receivables related to such Loans and, as a consequence, adversely affect the CBC2s ability to meet fully and/or timely its obligations under the Guarantee.

The Dutch tax system allows borrowers to deduct, subject to certain limitations, mortgage interest payments for owner-occupied residences from their taxable income. The period allowed for deductibility is restricted to a term of 30 years.

For the 2020 year, the maximum tax rate against which mortgage interest may be deducted for Dutch income tax purposes is set at 46 per cent. As per 1 January 2020, the maximum tax rate against which mortgage interest may be deducted will decrease with 3 per cent. annually (instead of 0.5 per cent.) (i.e., 43 per cent. in 2021) down to 37.10 per cent. in 2023. The accelerated decrease may have an adverse effect on tax deductibility of interest and other factors relevant in relation to the mortgage loans.

This change and any other or further changes in the tax treatment could have an effect on, amongst other things, house prices and the rate of recovery on mortgage loans for mortgage loan providers (including the Initial Originators) and may result in an increase of defaults, prepayments and repayments of mortgage loans (including Loans).

Accordingly, defaults on Loans in relation to Transferred Receivables due to changes in Dutch laws on tax deductibility of interest may decrease the CBC2's proceeds from such Transferred Receivables, thereby adversely affecting the CBC2's ability to meet fully and/or timely its obligations under the Guarantee, which could in turn lead to losses under the Covered Bonds.

Changes to the Lending Criteria of the Originators may lead to increased defaults by Borrowers, thereby adversely affecting the realisable value of the Transferred Receivables and, as a consequence, adversely affecting the CBC2's ability to fulfil fully and/or timely its obligations under the Guarantee.

Each of the Receivables originated by each Originator will have been originated in accordance with its Lending Criteria at the time of origination. It is expected that each Originator's Lending Criteria will generally consider the type of Property, term of loan, age of applicant, loan-to-value ratio, loan-to-income ratio, mortgage indemnity guarantee policies, high loan-to-value fees, status of applicants, credit history and Valuation Procedures. In the event of a transfer of Receivables by an Originator to the CBC2, each Originator will warrant only that such Receivables were originated in accordance with such Originator's Lending Criteria applicable at the time of origination. Each Originator retains the right to revise its Lending Criteria from time to time, provided that it acts as a Reasonable Prudent Lender. If the Lending Criteria change in a manner that affects the creditworthiness of the Receivables, that may lead to increased defaults by Borrowers and may affect the realisable value of the Transferred Receivables, or part thereof, and the ability of the CBC2 to make payments under the Guarantee, which could in turn lead to losses under the Covered Bonds.

The risk that new Originators transferring assets to the CBC2 may apply different Lending Criteria from the Initial Originators which may lead to increased defaults under Transferred Receivables and, subsequently, adversely affect the realisable value of the Transferred Receivables by the CBC2 and the CBC2's ability to meet fully and/or timely its obligations under the Guarantee.

The Issuer may propose that any member of the Group will become a New Originator and be allowed to transfer Eligible Assets to the CBC2. However, this would only be permitted if the conditions precedent relating to New Originators acceding to the Programme are met in accordance with the Programme Agreement, including Rating Agency Confirmation.

Any Receivables originated by a New Originator will have been originated in accordance with the Lending Criteria of the New Originator, which may differ from the Lending Criteria of Receivables

originated by the Initial Originators. If the Lending Criteria differ in a way that affects the creditworthiness of the Receivables, that may lead to increased defaults by Borrowers and may affect the realisable value of the Transferred Receivables or any part thereof or the ability of the CBC2 to make payments under the Guarantee. As set forth herein, however, Defaulted Receivables will be excluded from the calculation of the Asset Cover Test and the Amortisation Test.

However, some of the Receivables may have been acquired by an Originator in the course of its business. Such Receivables may not have been originated in accordance with the existing Lending Criteria of any of the Originators, but will, as at the relevant Transfer Date, qualify as an Eligible Receivable as long as such Receivable meets the Eligibility Criteria.

Nevertheless, as described above, different Lending Criteria by New Originators transferring the Transferred Receivables to the CBC2 may increase the defaults under such Transferred Receivables, thereby decreasing the CBC2's realisation value on the Transferred Receivables and the CBC2's ability to fulfil its obligations fully and/or timely under the Guarantee, which could in turn lead to losses under the Covered Bonds.

When exercising the CBC2's rights as assignee of Transferred Receivables, including the enforcement of mortgages and pledges securing such Transferred Receivables, the CBC2 (or the Servicer acting on its behalf) may have a special duty of care towards Borrowers (and third party security providers) which could affect the rights of the CBC2 in respect of the Transferred Receivables and, as a consequence, adversely affect the CBC2's ability to fulfil fully and/or timely its obligations under the Guarantee.

The assignment of Transferred Receivables from an Originator to the CBC2 does not result in a change of such Transferred Receivables or the respective terms thereof, and the debtor of the Transferred Receivables (i.e. the Borrower) may invoke all defences against the CBC2 which it had against the relevant Originator. This means that the CBC2 (or the Servicer acting on its behalf), when exercising its rights as assignee of Transferred Receivables, including the enforcement of mortgages and pledges securing such Transferred Receivables, is bound to the terms applicable to the Transferred Receivables, and the relevant Borrower can invoke defences against the CBC2 which it would otherwise be able to invoke against the relevant Originator, such as defences based on duty of care obligations of the relevant Originator owed by it at the time of origination of the Transferred Receivable. The terms applicable to the Transferred Receivables must, amongst other things, be determined by such duty of care obligations. Also, general principles of Dutch contract law (such as principles of reasonableness and fairness) govern the relationship between the CBC2 and the relevant Borrower as a result of which a special duty of care may apply to the CBC2 (or the Servicer acting on its behalf) when exercising its rights in respect of the Transferred Receivable (see for example the paragraph above entitled "*The CBC2's interest reset right in relation to Loans may be subject to limitations under Dutch law, particularly in the event of a Dutch Insolvency Proceeding against the relevant Originator*") or enforcing the mortgages and pledges securing such Transferred Receivable (for example, in enforcing the same the legitimate interests of the Borrower (or any third party security provider) may need to be taken into account which would otherwise have to be taken into account by the Originator as bank or credit provider). This could affect the rights of the CBC2 (or the Trustee as pledgee of Transferred Receivables) in respect of the Transferred Receivables and, as a consequence, adversely affect the CBC2's ability to fulfil fully and/or timely its obligations under the Guarantee.

B. Set-off risks and other defences that may affect the proceeds under the Transferred Receivables

Set-Off by Borrowers: The CBC2's rights and the Trustee's enforcement of pledges in respect of Transferred Receivables may be limited by Borrowers' set-off rights against Originators. As a result, the CBC2 and/or the Trustee may be unable to meet their payment obligations fully and/or timely under the Transaction Documents to holders of the Covered Bonds.

Notwithstanding the assignment and pledge of the Eligible Receivables to the CBC2, and the Trustee, respectively, the Borrowers may be entitled to set-off the relevant Eligible Receivable against a claim they may have *vis-à-vis* the relevant Originator (if any), such as (i) counterclaims resulting from a current account relationship, (ii) counterclaims resulting from damages incurred by a Borrower as a result of acts performed by the relevant Originator, or (iii) other counterclaims such as counterclaims (a) resulting from a deposit made by a Borrower, including, without limitation, deposits that pursuant to the terms of the relevant Bank Savings Loan have been made by the Borrower in the related Bank Savings Account, or (b) relating to an employment agreement with the Borrower as employee. In the absence of contractual provisions expanding statutory set-off possibilities, mutuality of claims is one of the requirements for set-off to be allowed: the parties, mutually, have to be each other's creditor and debtor. Following an assignment of an Eligible Receivable by an Originator to the CBC2, the relevant Originator would no longer be the creditor of the Eligible Receivable. However, for as long as the assignment has not been notified to the relevant Borrower, the Borrower remains entitled to set-off the Eligible Receivable as if no assignment had taken place. After notification of the assignment or pledge, the relevant Borrower can still invoke set-off pursuant to article 6:130 of the Dutch Civil Code. On the basis of such article a Borrower can invoke set-off against the CBC2 as assignee (and the Trustee as pledgee) if the Borrower's claim *vis-à-vis* the relevant Originator (if any) stems from the same legal relationship as the Eligible Receivable (such as the Borrower's right to receive payments from the Bank Savings Account stemming from the same legal relationship as the related AAHG Bank Savings Receivable) or became due and payable before the notification. In addition, the possibility cannot be excluded that on the basis of an analogous interpretation of article 6:130 of the Dutch Civil Code, a Borrower will be entitled to invoke set-off against the CBC2 or the Trustee (as the case may be) if prior to the notification, the Borrower was either entitled to invoke such set-off against the relevant Originator (e.g. on the basis of article 53 of the Dutch Bankruptcy Code) or had a justified expectation that he would be entitled to such set-off against the relevant Originator.

Furthermore, if a Borrower has a claim against any affiliate of the relevant Originator that is a separate legal entity (e.g. on the basis of a current account relationship with such an affiliate), the legal requirement under Dutch law for set-off that the parties mutually have to be each other's creditor and debtor, is as such not met. There may however be other circumstances which could lead to set-off or other defences being successfully invoked by such a Borrower. Also, if a Loan is granted by the relevant Originator to a Borrower, who is also an employee of an entity which is an affiliate of the relevant Originator and a separate legal entity, the requirement under Dutch law for set-off that the parties mutually have to be each other's creditor and debtor, is as such not met. There may however be other circumstances which could lead to set-off or other defences being successfully invoked by such an employee.

Some of the standard form mortgage documentation provide for a waiver by the Borrower of his rights of set-off *vis-à-vis* the relevant Originator. However, the waiver of set-off by a Borrower could be voided pursuant to Dutch contract law and may therefore not be enforceable. The Guarantee Support Agreement provides that if a Borrower sets off or set-off is applied by operation of law in relation to amounts due to it by an Originator against the relevant Transferred Receivable, the relevant Originator will pay to the CBC2 an amount equal to the amount so set off. The CBC2 therefore incurs a credit risk on the relevant Originator, which may lead to losses under the Covered Bonds.

In addition, an amount calculated on the basis of a method notified to the Rating Agencies in connection with the possible set-off pertaining to the Deposit Amount will be deducted for the purpose of the Asset Cover Test if the Issuer's rating from a relevant Rating Agency falls below the relevant minimum ratings. In relation to each Transferred Receivable to which a Construction

Deposit applies, an amount equal to the amount of the Construction Deposit will be deducted for the purpose of the Asset Cover Test and the Amortisation Test. Likewise, in relation to each AAHG Bank Savings Receivable, amounts standing to the credit of the related Bank Savings Account will be deducted for the purpose of the Asset Cover Test and the Amortisation Test (unless it concerns a Participation Receivable, in which case an amount equal to the relevant Participation is already deducted as part of the definition of Net Outstanding Principal Balance). Such deductions in principle mean that the outcome of the Asset Cover Test and the Amortisation Test will be lowered each time when further deposits are made by the relevant Borrower (save to the extent further Eligible Assets are transferred to the CBC2 under or pursuant to the Guarantee Support Agreement). If the Originators do not transfer additional Eligible Assets if required under or pursuant to the Guarantee Support Agreement, the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. Such failure of the Originators to transfer additional Eligible Assets if required may result in the CBC2 having insufficient funds available to meet its obligations under the Guarantee and this may result in losses under the Covered Bonds.

Furthermore, in respect of Bank Savings Loans, amounts standing to a Bank Savings Account will if the deposit guarantee scheme is activated in respect of the Bank Savings Deposit Bank by DNB or the Bank Savings Deposit Bank is declared bankrupt (*failliet*), by operation of law, be set-off against the related Bank Savings Loan, irrespective of whether the Bank Savings Loan is owed to ABN AMRO Hypotheken Groep B.V. ("**ABN AMRO Hypotheken Groep**") (as Bank Savings Deposit Bank) or a third party, such as an Originator or the CBC2.

To mitigate set-off risk relating to Bank Savings Receivables, ABN AMRO Hypotheken Groep will enter into a Master Sub-Participation Agreement prior to its first transfer of Bank Savings Receivables to the CBC2 in accordance with the Guarantee Support Agreement.

Pursuant to a Master Sub-Participation Agreement relating to any Bank Savings Receivable, an Initial Settlement Amount and Further Settlement Amounts will be payable by the Bank Savings Deposit Bank as Participant to the CBC2 in return for a Participation. If the relevant Borrower invokes set-off, or set-off is applied by operation of law, in relation to any amount standing to the credit of the relevant Bank Savings Account as against any Transferred Receivable (such amount for which set-off is invoked or applied, the "**Bank Savings Set-Off Amount**") and, as a consequence thereof, the CBC2 will not have received such amount in respect of such Participation Receivable, the relevant Participation of the Bank Savings Deposit Bank will be reduced by an amount equal to such Bank Savings Set-Off Amount. Unless and until (i) both an Issuer Acceleration Notice and a Notice to Pay are served or (ii) a CBC2 Acceleration Notice is served, all amounts expressed to be payable by or to the CBC2 under the relevant Master Sub-Participation Agreement, shall instead be payable by or to the Issuer for its own account in accordance with the Pre-Notice-to-Pay Priority of Payments. However, if (i) an Issuer Acceleration Notice and a Notice to Pay are served or (ii) a CBC2 Acceleration Notice is served, all Initial Settlement Amounts and Further Settlement Amounts will be collected by or on behalf of the CBC2 and be applied in accordance with the Post-Notice-to-Pay Priority of Payments or Post-CBC2-Acceleration-Notice Priority of Payments, as the case may be. For the purpose of the Asset Cover Test and the Amortisation Test, the Net Outstanding Principal Balance of the relevant Transferred Receivable will be taken into account, meaning in relation to AAHG Bank Savings Receivables that an amount equal to the relevant Participation will be deducted. Such deductions in principle mean that the outcome of the Asset Cover Test and the Amortisation Test will be lowered each time further deposits are made by the relevant Borrower (save to the extent further Eligible Assets are transferred to the CBC2 under or pursuant to the Guarantee Support Agreement). If the Originators do not transfer additional Eligible Assets if required under or pursuant to the Guarantee Support Agreement, the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. Such failure of the Originators to transfer additional Eligible Assets if required may result in the CBC2 having insufficient funds available to meet its obligations under the Guarantee and this may result in losses under the Covered Bonds.

In addition to the foregoing, where the relevant Originator acquired an Eligible Receivable or the associated Loan Agreement from another originator pursuant to a Demerger or otherwise, there is a risk that the relevant Borrower may be entitled to set-off such Eligible Receivable against a claim (if any) he may have against such originator, such as counterclaims resulting from a current account relationship and, depending on the circumstances, counterclaims resulting from a deposit made by the relevant Borrower. The Issuer has been advised that on the basis of article 6:130 of the Dutch Civil Code such a Borrower can invoke set-off against the relevant originator (prior to notification of the assignment to the CBC2) or the CBC2 as assignee and the Trustee as pledgee (following notification of the assignment) if the Borrower's claim (if any) against the relevant originator stems from the same legal relationship as the Eligible Receivable or became due and payable before the relevant Demerger or relevant transfer if notified to the Borrower. The Guarantee Support Agreement provides that (i) each Originator that acquired an Eligible Receivable or the associated Loan Agreement from another originator pursuant to a Demerger warrants and represents in respect of such Eligible Receivable that the general intent of the relevant Demerger was that the entire legal relationship with the relevant Borrower (including any due and payable payment obligations owed by the Demerged Originator to such Borrower) would be transferred to the relevant Originator and (ii) if nevertheless a Borrower sets off amounts due to it by a Demerged Originator against the relevant Transferred Receivable, the relevant Originator will pay to the CBC2 an amount equal to the amount so set off. The Guarantee Support Agreement also provides that if a Borrower sets off amounts due to it by a third party originator (other than a Demerged Originator) against the relevant Transferred Receivable, the relevant Originator will pay to the CBC2 an amount equal to the amount so set off. The CBC2 therefore incurs a credit risk on the relevant Originator, which may lead to losses under the Covered Bonds.

Accordingly, the CBC2 and/or the Trustee may be unable to obtain full payments in respect of Transferred Receivables where Borrowers may be entitled to set-off claims against the relevant Originators. As a result of such possible set-off amounts, the CBC2 and/or the Trustee may be unable to meet their payment obligations to holders of the Covered Bonds fully and/or timely.

The CBC2's rights to full payment under the Transferred Receivables may be limited in cases where the relevant Loans entail a Construction Deposit and the relevant Originator becomes subject to Insolvency Proceedings.

Certain Eligible Receivables result from a mortgage loan agreement under which the relevant Borrower has requested part of the loan to be disbursed into a blocked deposit account specifically opened in his name for such purpose, in anticipation of construction or improvement costs to be incurred by him at a later stage in connection with the Property (a "**Construction Deposit**"; *bouwdepot*). The intention is that when the applicable conditions are met, the Construction Deposit is applied towards the relevant construction or improvement costs of the Borrower and/or in repayment of the relevant part of the loan. In the Guarantee Support Agreement it is agreed that in cases as abovementioned, the full Eligible Receivable will be transferred to the CBC2. The Construction Deposits are held with the relevant Originator. There is a risk that the relevant Originator becomes subject to an Insolvency Proceeding and that the relevant Originator cannot pay out the Construction Deposits. If this happens a Borrower may be allowed to set-off his receivable in respect of the Construction Deposit against the related Transferred Receivable. To address this risk, it has been agreed in the Asset Monitor Agreement that an amount equal to the Construction Deposit will be deducted from the Current Balance of the Transferred Receivables for the purpose of the Asset Cover Test and the Amortisation Test. Such deductions in principle mean that the outcome of the Asset Cover Test and the Amortisation Test will be lowered each time further deposits are made by the relevant Borrower (save to the extent further Eligible Assets are transferred to the CBC2 under or pursuant to the Guarantee Support Agreement). If the Originators do not transfer additional Eligible Assets if required under or pursuant to the Guarantee Support Agreement, the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. Such failure of the Originators to transfer additional Eligible Assets if required may result in the CBC2 having insufficient funds

available to meet its obligations under the Guarantee and this may result in losses under the Covered Bonds.

Thus, the CBC2's rights to the Construction Deposits may be limited in the event of an Insolvency Proceeding against the relevant Originator, adversely affecting the CBC2's rights to full payment under the Transferred Receivables and in turn, the CBC2's ability to fulfil fully and/or timely its obligations under the Guarantee.

The Deduction Risk may apply, which in turn could adversely affect the ability of the CBC2 to meet fully and/or timely its obligations under the Guarantee.

Some of the Eligible Receivables relate to a mortgage loan agreement between the Borrower and the relevant Originator, which is connected to an insurance agreement between the Borrower and an insurer. The insurance agreement relates to a combined risk and capital insurance product. The Borrower of such an Eligible Receivable does not repay principal during the term of the relevant mortgage loan, but instead, apart from paying a risk premium, invests capital premium under the insurance policy and which consists of a savings part and/or an investment part, as the case may be. The intention is that at maturity, the principal proceeds of the savings or investments (the "**Proceeds**") can be used to repay the loan, in whole or in part, following pay-out of the Proceeds by the insurer. However, it is possible that the relevant insurer becomes subject to an Insolvency Proceeding or for any other reason does not (fully) pay out the Proceeds. In such cases where the Proceeds are so lost and a Borrower is requested to repay the full principal amount of the relevant mortgage loan, the Borrower may invoke defences purporting to establish that an amount equal to the lost Proceeds is deducted from the Transferred Receivable he owes to the CBC2 (the risk that such a defence is successfully invoked is hereinafter referred to as the "**Deduction Risk**").

In addition, some of the Bank Savings Receivables (other than AAHG Bank Savings Receivables (which are subject to the right of set-off as described above in the paragraph *Set-Off by Borrowers* above)) relate to a mortgage loan agreement between the Borrower and the relevant Originator (other than ABN AMRO Hypotheken Groep), which is connected to a Bank Savings Account maintained by the relevant Borrower with the Bank Savings Deposit Bank. In that case, the Borrower of an Eligible Receivable does not repay principal during the term of the relevant mortgage loan, but instead deposits savings in its related Bank Savings Account (the "**Loan Savings**"). The intention is that at maturity the Loan Savings will be used for the full amount to repay the loan, in whole or in part. However, it is possible that the Bank Savings Deposit Bank becomes subject to an Insolvency Proceeding or for any other reason does not (fully) pay out the Loan Savings. In such case where Loan Savings are so lost and a Borrower is requested to repay the full principal amount of the relevant mortgage loan, the Borrower may invoke defences purporting to establish that an amount equal to the lost Loan Savings is deducted from the Transferred Receivable he owes to the CBC2 (the risk that such a defence is successfully invoked is hereinafter referred to as the "**Bank Savings Deduction Risk**"). In addition to the Bank Savings Deduction Risk, there is the risk that such Bank Savings Receivables will become subject to set-off by operation of law as described in the paragraph *Set-Off by Borrowers: the CBC2's rights and the Trustee's enforcement of pledges in respect of Transferred Receivables may be limited by Borrowers' set-off rights against Originators. As a result, the CBC2 and/or the Trustee may be unable to meet their payment obligations fully and/or timely under the Transaction Documents to holders of the Covered Bonds* above.

The Issuer has been advised that a Borrower's relationships with the relevant Originator and insurer or Bank Savings Deposit Bank, as the case may be, are in principle two separate relationships. The Issuer has been advised that under Dutch law generally a range of defences is available to the Borrower, but that in cases as described above, the Borrower's defence is likely to focus on information provided by or on behalf of an Originator which may have led the relevant Borrower to believe that he was not entering into two separate relationships. In this respect, a general factor which to a certain extent increases the Deduction Risk and Bank Savings Deduction Risk, is that all Borrowers are consumers, many of whom may have limited or no legal knowledge.

On this basis the Issuer has been advised that insofar as the Deduction Risk and Bank Savings Deduction Risk are concerned, the products to which the Eligible Receivables relate can generally be divided into six categories (as further set out below) whereby the Bank Savings Deduction Risk will only be relevant for Category 6 Receivables.

In summary and as further set out below for each of the six categories:

- (A) *the Deduction Risk does not apply to:*
 - (i) *products with no savings, no investment part and no Mixed Insurance Policy; and*
 - (ii) *products with an investment part (but no Mixed Insurance Policy);*
- (B) *the Deduction Risk may apply to:*
 - (i) *products with a Mixed Insurance Policy where the Borrower selects the insurer;*
 - (ii) *products with a Mixed Insurance Policy (but no switch element) where the Originator pre-selects the insurer; and*
 - (iii) *products with a Mixed Insurance Policy and switch element, where the Originator pre-selects the insurer; and*
- (C) *the Bank Savings Deduction Risk may apply to products with a savings part (but no investment part and no Mixed Insurance Policy).*

The six categories can be divided as follows:

1. ***Products with no savings, no investment part and no Mixed Insurance Policy***

Certain Eligible Receivables do not relate to any savings and/or investment product or Mixed Insurance Policy. Under or pursuant to the Guarantee Support Agreement, each Originator warrants and represents in relation to any of its Eligible Receivables which is related to an Interest-Only Loan, an Annuity Loan or a Linear Loan, that the relevant Receivable does not relate to any savings and/or investment product or Mixed Insurance Policy.

Therefore, provided that these representations and warranties are correct, the Deduction Risk does not apply to Loans containing no savings, investment part or Mixed Insurance Policy.

2. ***Products with investment part (but no Mixed Insurance Policy)***

Certain Eligible Receivables do not relate to any Mixed Insurance Policy but relate to a securities account agreement between the relevant Borrower and:

- (i) an investment firm (*beleggingsonderneming*) in the meaning ascribed thereto in the Wft, being either a broker (*bemiddelaar*) or an asset manager (*vermogensbeheerder*); or
- (ii) a bank.

The securities account agreement provides for a securities account maintained in the name of the relevant Borrower with the relevant investment firm or bank. The Issuer has been advised that by law:

- (i) the investment firm is obliged to administer (i) the securities through a bank (see the next paragraph) or a separate depository vehicle (*bewaarinstelling*) or (ii) only securities the transfer of which is subject to the Dutch Giro Securities Transfer Act (*Wet giraal effectenverkeer*, the "**Wge**") (acting as intermediary (*intermediair*)); and
- (ii) the bank is obliged to administer (i) the securities through a separate depository vehicle or (ii) only securities the transfer of which is subject to the Wge.

The Issuer has been advised that this means that the relevant Borrower is expected to be investing through a bankruptcy remote securities account arrangement. Under or pursuant to the Guarantee Support Agreement, each Originator warrants and represents in relation to any of its Eligible Receivables which is related to an Investment Loan, that (i) the relevant Receivable does not relate to any Mixed Insurance Policy and (ii) the relevant securities account is maintained in the relevant Borrower's name with an investment firm or bank as abovementioned.

Therefore, provided that these representations and warranties are correct, the Deduction Risk does not apply to Loans containing only an investment part which have no Mixed Insurance Policy.

3. ***Products with Mixed Insurance Policy where Borrower selects insurer***

The Deduction Risk may apply to Eligible Receivables relating to a Mixed Insurance Policy where Borrowers select insurers.

Certain Eligible Receivables relate to a Mixed Insurance Policy between the relevant Borrower and an insurer chosen by the Borrower (and approved by the relevant Originator). The Mixed Insurance Policy provides for (a) a risk element for which risk premium is paid and (b) a capital element for which capital premium is paid and which consists of a savings part and/or an investment part, as the case may be. The insurer keeps the savings and/or investments in its own name. The Issuer has been advised that for Eligible Receivables of this category, the Deduction Risk cannot be excluded, as there may be specific circumstances, which justify an erroneous impression with the relevant Borrower that he was not entering into two separate relationships. For example, (i) sales people or sales materials may have created an impression (or sales people may have allowed to subsist an apparent impression) with the Borrower that his payments of capital premium were 'as good as' repayments of the relevant loan or that the Borrower could not himself choose the relevant insurer and/or (ii) the insurance conditions may have been printed on the letterhead of, or otherwise contain eye catching references to, the relevant Originator (or *vice versa*). However, the Issuer has been advised that absent such specific circumstances, it is unlikely for the Deduction Risk to apply to Eligible Receivables of this category. As the Borrower selects an insurer of his own choice (subject to prior approval by the relevant Originator), this emphasises that it concerns two separate relationships. Also, a factor which generally

decreases the extent to which the Deduction Risk becomes relevant, is that Eligible Receivables of this category relate to different insurers.

Under or pursuant to the Guarantee Support Agreement, each Originator warrants and represents in relation to any of its Eligible Receivables which is related to a Loan falling under this category 3, that (i) the relevant Mixed Insurance Policy and the relevant Loan are not offered as one product or under one name and (ii) the relevant Borrowers are not obliged to enter into a Mixed Insurance Policy with an insurer which is a group company of the relevant Originator and are free to choose the insurer (subject to prior approval by the relevant Originator).

4. ***Products with Mixed Insurance Policy (but no switch element) where an Originator pre-selects the insurer***

The Deduction Risk may apply to Eligible Receivables relating to a Mixed Insurance Policy (but no switch element) where an Originator pre-selects the insurer.

Certain Eligible Receivables relate to a Mixed Insurance Policy between the relevant Borrower and an insurer pre-selected by the relevant Originator. A factor which may increase the extent to which the Deduction Risk becomes relevant in respect of Eligible Receivables of this category, is that there is only a limited number of insurers which are pre-selected by the Originators. The Mixed Insurance Policy provides for (a) a risk element for which risk premium is paid and (b) a capital element for which capital premium is paid and which consists of a savings part and/or an investment part, as the case may be. The insurer keeps the savings and/or investments in its own name. The Issuer has been advised that for Eligible Receivables of this category, the Deduction Risk cannot be excluded, as there may be specific circumstances which justify an erroneous impression with the relevant Borrower that he was not entering into two separate relationships. For example, sales people or sales materials may have created an impression (or sales people may have allowed to subsist an apparent impression) with the Borrower that his payments of capital premium were 'as good as' repayments of the relevant loan. The Issuer has been advised that, although such specific circumstances may be absent, in general there may still be a certain Deduction Risk for Eligible Receivables of this category. As the Borrower has no option to choose an insurer this could, possibly with other circumstances, have led the Borrower to believe that he was not entering into two separate relationships. Other relevant circumstances include whether:

- (i) the mortgage loan agreement and the insurance agreement, respectively, or documents or general terms and conditions pertaining thereto, have been printed on the letterhead of, or otherwise contain eye catching references to, the insurer or the relevant Originator, respectively;
- (ii) the representative of the relevant Originator also represents the insurer (or vice versa), for example in taking care of the medical acceptance of the Borrower or otherwise in entering into, executing or carrying out the insurance or mortgage loan agreement;
- (iii) the insurer is, or was when entering into the agreements, an affiliate of or otherwise associated with the relevant Originator; and/or
- (iv) as is the case in respect of Savings Loans, the interest base applicable to the savings is linked to the interest base applicable to the relevant Savings Loan.

Depending on the factors described above, the CBC2 may be unable to recover or recover fully on Eligible Receivables relating to a Mixed Insurance Policy (with no switch element) where the Originators select the insurers. This Deduction Risk will be catered for as follows, but only in relation to Transferred Receivables of this category resulting from a Savings Loan ("**Category 4 Receivables**").

4.1 *Deduction from Asset Cover Test and Amortisation Test*

Unless and until a Master Sub-Participation Agreement is in effect in relation to the relevant Category 4 Receivables, an amount calculated on the basis of a method notified to the Rating Agencies by the Administrator related to the relevant paid-in savings premium amounts will be deducted for the purposes of the Asset Cover Test and the Amortisation Test in relation to Category 4 Receivables. Such a deduction in principle means that the outcome of the Asset Cover Test and the Amortisation Test will be negatively influenced each time when further savings premiums are paid to the insurer by the relevant Borrower (save to the extent further Eligible Assets are transferred to the CBC2 under or pursuant to the Guarantee Support Agreement). If the Originators do not transfer additional Eligible Assets if required under or pursuant to the Guarantee Support Agreement, the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. Such failure of the Originators to transfer additional Eligible Assets if required may result in the CBC2 having insufficient funds available to meet its obligations under the Guarantee and this may result in losses under the Covered Bonds.

4.2 *Master Sub-Participation Agreement*

Each Originator undertakes in the Guarantee Support Agreement to use reasonable endeavours to procure that upon the occurrence of a Notification Event, a Master Sub-Participation Agreement is, or is put, in place between the relevant insurer and the CBC2 and signed for acknowledgement by the relevant Originator in relation to Category 4 Receivables. For as long as no Notification Event has occurred or the relevant Originator and the relevant insurer have not agreed to replace a Master Transfer Agreement with a Master Sub-Participation Agreement in respect of such Category 4 Receivable, a Master Sub-Participation Agreement may, if it concerns an MTA Receivable, be combined with a Further Master Transfer Agreement (see paragraph 4.3 (*Master Transfer Agreement*) below).

Pursuant to a Master Sub-Participation Agreement relating to any such Category 4 Receivable, an Initial Settlement Amount and Further Settlement Amounts will be payable by the relevant Participant to the CBC2 in return for a Participation. If the relevant Borrower invokes against the CBC2 that he may deduct lost Proceeds from the relevant Transferred Receivable, the relevant Participation of the relevant Participant will be reduced with an amount equal to such lost Proceeds, in accordance with the relevant Master Sub-Participation Agreement. Unless and until (i) both an Issuer Acceleration Notice and a Notice to Pay are served or (ii) a CBC2 Acceleration Notice is served, all amounts expressed to be payable by or to the CBC2 under the relevant Master Sub-Participation Agreement, shall instead be payable by or to the Issuer for its own account in accordance with the Pre-Notice-to-Pay Priority of Payments. However, if (i) an Issuer Acceleration Notice and a Notice to Pay are served or (ii) a CBC2 Acceleration Notice is served, all further Initial Settlement Amounts and Further Settlement Amounts will be collected by or on behalf of the CBC2 and be applied in accordance with the Post-Notice-to-Pay Priority of Payments or Post-CBC2-Acceleration-Notice Priority of Payments, as the case may be. For the purpose of the Asset Cover Test and the Amortisation Test, the Net Outstanding Principal Balance of the relevant Transferred Receivable will be taken into account, meaning in relation to Category 4 Receivables in respect of which a Master Sub-Participation Agreement is in effect, that an amount equal to the relevant Participation will be deducted and that no further deduction as set out in paragraph 4.1 will be necessary.

When a Master Sub-Participation Agreement enters into force as abovementioned, the Participant may not be at liberty to on-pay savings premiums to the CBC2, for example because it has in principle committed itself to keep the savings in its bank account with the relevant Originator. In such circumstances and unless otherwise agreed between the relevant Originator and the relevant Participant, the monthly on-payment obligations of the relevant Participant will be funded by a loan from the relevant Originator to such relevant Participant (the "**Sub-Participation Loan**"). If:

- (i) the Participant becomes insolvent and the Borrower invokes that he may deduct the lost Proceeds from the relevant Eligible Receivable, then (i) the Participant will not

be paid under the Master Sub-Participation Agreement and (ii) the Originator will set-off (a) its obligation to pay out to the Participant the savings standing to the credit of the Participant's bank account against (b) its right to receive repayment of the Sub-Participation Loan; or

- (ii) the Originator becomes insolvent and as a result, the Participant is not able to pay out the Proceeds to the Borrower and the Borrower invokes that he may deduct the lost Proceeds from the relevant Eligible Receivable, then (i) the Participant will not be paid under the Master Sub-Participation Agreement and (ii) the Participant will set-off (a) its receivable for the savings balance in its bank account with the Originator against (b) its obligation to repay the Sub-Participation Loan to the Originator.

4.3 *Master Transfer Agreement*

Certain Eligible Receivables of the category described in this paragraph 4 (each an "**MTA Receivable**") are subject to an existing master transfer agreement (a "**Master Transfer Agreement**") between the relevant insurer and the relevant Originator. On the basis of such Master Transfer Agreement part of the relevant Eligible Receivable is on a monthly basis transferred to the insurer against on-payment of the relevant savings premium. The Deduction Risk for MTA Receivables will be catered for as set out in this paragraph 4.3 only.

Unless the relevant Originator and the relevant insurer have agreed to replace the relevant Master Transfer Agreement with a Master Sub-Participation and to retransfer all MTA Receivables the subject of such Master Transfer Agreement to the relevant Originator prior to that Originator transferring any such MTA Receivables to the CBC2, an existing Master Transfer Agreement fits into the Programme as follows: the part of the loan owed to the relevant Originator constitutes the Eligible Receivable to be transferred to the CBC2, whereas the CBC2 will on a monthly basis retransfer part of the relevant Transferred Receivable back to the relevant Originator, for on-transfer to the relevant insurer. The Guarantee Support Agreement and the Trust Deed provide that on-payments of savings premium received by the CBC2 as purchase price from the relevant Originator or the relevant insurer (on behalf of the relevant Originator), as the case may be, in connection with such retransfers under the Guarantee Support Agreement and any such Master Transfer Agreement will constitute principal proceeds in relation to, and for the purpose of, the relevant part of the Transferred Receivable and will on that basis be applied in accordance with the relevant Priority of Payments. Furthermore, the Guarantee Support Agreement provides that upon the occurrence of a Notification Event no further retransfers of MTA Receivables by the CBC2 to the relevant Originator for the purpose of on-transfer of such MTA Receivables by the relevant Originator pursuant to a Master Transfer Agreement will take place.

As a consequence of such indirect or, following the occurrence of a Notification Event, direct (re-)transfers to the insurer of Eligible Receivables secured by All-monies Security (or where applicable Fixed Security), the relevant All-monies Security (or where applicable Fixed Security) will become part of a joint estate (*gemeenschap*) of the insurer and the relevant Originator, or, as the case may be, CBC2. As set out above (see further the paragraph above entitled "*Risk related to jointly-held All-monies security by the Originators, the CBC2 and the Trustee*"), this means, amongst other things, that in the case of foreclosure of the All-monies Security (or where applicable Fixed Security), the insurer and the relevant Originator or, as the case may be, the CBC2 in principle need to act jointly and share the proceeds *pro rata* on the basis of their respective shares in the joint estate whereas no intercreditor arrangements will be in place between the insurer and the relevant Originator or, as the case may be, the CBC2. The requirement to act jointly may cause delays, deadlocks and other difficulties in any such foreclosure proceedings.

The intention of a Master Transfer Agreement is that if and to the extent that the relevant Borrower purports to deduct lost Proceeds from the aggregate principal amount outstanding of the loan, he would do so *vis-à-vis* the insurer by way of set-off. After all, the insurer

would at that time be in default to pay out the Proceeds under the relevant insurance policy and would for an amount equal to the lost Proceeds be creditor of part of the loan. However, the Issuer has been advised that under Dutch law it may not be possible for the Borrower to invoke set-off *vis-à-vis* the relevant insurer, as the CBC2 would be the beneficiary of, and/or the holder of a notified right of pledge on, the right to receive the Proceeds under the relevant insurance policy. Even if this barrier to set-off is removed (e.g. by the CBC2 waiving such beneficiary rights and/or granting its consent as pledgee), the Borrower may still have the alternative to, instead of invoking set-off *vis-à-vis* the insurer, invoke defences *vis-à-vis* the CBC2 purporting to establish that an amount equal to the lost Proceeds is deducted from the Transferred Receivable he owes to the CBC2. In that sense there may still be a certain Deduction Risk for a Transferred Receivable of this category for which a Master Transfer Agreement is in place (whilst such Receivables would already have been reduced as a result of the monthly (re)transfers in connection with the relevant Master Transfer Agreement).

Unless another solution is implemented to the satisfaction of the Rating Agencies (including for example by using a further Master Transfer Agreement in combination with a Master Sub-Participation Agreement as described in paragraph 4.2 above), said Deduction Risk will be treated as follows in relation to MTA Receivables:

- (i) as retransfers are carried out by the CBC2 in connection with the relevant Master Transfer Agreement, the principal amount of the relevant Transferred Receivable will gradually reduce. In addition, in relation to the abovementioned Deduction Risk pertaining to the so reduced Transferred Receivable, a deduction as described in paragraph 4.1 (*Deduction from Asset Cover Test and Amortisation Test*) above will take place for the purpose of the Asset Cover Test or the Amortisation Test; and
- (ii) each Originator undertakes in the Guarantee Support Agreement to use reasonable endeavours to procure that upon the occurrence of a Notification Event the relevant Master Transfer Agreement is terminated and replaced by a Master Sub-Participation Agreement in relation to the relevant Category 4 Receivables between the CBC2 and the relevant insurer.

Despite the measures described in paragraphs 4.1 to 4.3 above, the CBC2 may face difficulties in enforcing claims against relevant Borrowers in connection with Eligible Receivables relating to insurance policies where the Borrowers are to pay risk premiums and capital premiums to insurers pre-selected by the Originators if the relevant insurer becomes subject to an Insolvency Proceeding or for some other reason does not make payments in respect of the relevant insurance policy. Thus, the CBC2's ability to meet its obligations under the Guarantee may be adversely affected. This may lead to losses on the Covered Bonds.

4.4 *Third Party Accounts*

For certain Eligible Receivables of this category a third party account (*kwaliteitsrekening*) arrangement is in place between the relevant insurer and Originator (not involving the relevant Borrower) with a view to a possible insolvency of the relevant insurer. Under this arrangement the relevant insurer keeps an individual savings account with the relevant Originator for all savings premiums to be received from any individual Borrower. The intent of this individual arrangement is that in the case of an insolvency of the relevant insurer, the insurer's right to receive payment from the Originator in respect of the individual savings account, would fall outside the insurer's insolvent estate. The Issuer has been advised that under Dutch law this arrangement is in itself unlikely to be effective. Transferred Receivables for which this arrangement is in place will be treated as described under paragraphs 4.1 and 4.2 above.

4.5 *Category 4 Receivables originated by ABN AMRO Hypotheken Groep*

In respect of certain Savings Loans originated by ABN AMRO Hypotheken Groep, the relevant conditions applicable to the related savings insurance policy provide that, if (part of) the Savings Receivable is transferred to the relevant insurer (for example, pursuant to a Master Transfer Agreement), in the event of termination of the relevant savings insurance policy the insurer is entitled to set-off the commutation payment in respect of the relevant insurance policy against the part of the relevant Savings Receivable that has been transferred to such insurer. In addition, the relevant mortgage conditions provide that if and to the extent that (i) the insurer has deposited the Savings with ABN AMRO Hypotheken Groep and (ii) ABN AMRO Hypotheken Groep is unable to repay the relevant savings amount to the relevant insurer, such insurer is entitled to deduct such amounts unpaid by ABN AMRO Hypotheken Groep from any Proceeds payable by it to the relevant Borrower under the relevant savings insurance policy. The relevant mortgage conditions do not provide whether the Borrower is in such case discharged from its corresponding payment obligations *vis-à-vis* ABN AMRO Hypotheken Groep (or the CBC2) under the relevant Savings Receivable. The Issuer has been advised that also for Eligible Receivables of this category, the Deduction Risk cannot be excluded. As set out above, unless and until a Master Sub-Participation Agreement is in effect in relation to such Category 4 Receivables, an amount calculated on the basis of a method notified to the Rating Agencies related to the relevant paid-in savings premium amounts will be deducted for the purposes of the Asset Cover Test and the Amortisation Test in relation to such Category 4 Receivables. If the Originators do not transfer additional Eligible Assets if required under or pursuant to the Guarantee Support Agreement, the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. Such failure of the Originators to transfer additional Eligible Assets if required may result in the CBC2 having insufficient funds available to meet its obligations under the Guarantee and this may result in losses under the Covered Bonds.

4.6 *Category 4 Receivables originated by ABN AMRO Bank*

In respect of certain Savings Loans originated by ABN AMRO Bank, the relevant conditions applicable to the related savings insurance policy provide that (i) in the event of ABN AMRO Bank being subjected to Dutch Insolvency Proceedings, the relevant insurer has the right to apply, on behalf of the relevant Borrower as (partial) repayment of the Loan to ABN AMRO Bank, the amount invested on the bank account of the relevant insurer held with ABN AMRO Bank in respect of such savings insurance policy and (ii) the relevant insurer will in such event be released from its obligations under the relevant savings insurance policy up to the amount so applied. It is uncertain whether this set-off arrangement is enforceable. If this arrangement is effective, upon the exercise of such set-off right by the relevant insurer, the Receivable will be reduced by the amount so applied and the CBC2 would suffer a loss up to an amount by which such Receivable is reduced. As set out above, unless and until a Master Sub-Participation Agreement is in effect in relation to such Category 4 Receivables, an amount calculated on the basis of a method notified to the Rating Agencies related to the relevant paid-in savings premium amounts will be deducted for the purposes of the Asset Cover Test and the Amortisation Test in relation to such Category 4 Receivables. If the Originators do not transfer additional Eligible Assets if required under or pursuant to the Guarantee Support Agreement, the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. Such failure of the Originators to transfer additional Eligible Assets if required may result in the CBC2 having insufficient funds available to meet its obligations under the Guarantee and this may result in losses under the Covered Bonds.

Despite the measures described in paragraphs 4.1 to 4.6 above, the CBC2 may face difficulties in enforcing claims against relevant Borrowers in connection with Eligible Receivables relating to insurance policies where the Borrowers are to pay risk premiums and capital premiums to insurers pre-selected by the Originators if the relevant insurer becomes subject to an Insolvency Proceeding or for some other reason does not make payments in respect of the relevant insurance policy. Thus, the CBC2's ability to meet its obligations

under the Guarantee may be adversely affected. This may lead to losses on the Covered Bonds.

5. ***Products with Mixed Insurance Policy and switch element, where an Originator pre-selects the insurer***

The Deduction Risk may apply to Loans relating to a Mixed Insurance Policy and switch element where an Originator pre-selects the insurer.

Certain Eligible Receivables relate to a Mixed Insurance Policy between the relevant Borrower and an insurer pre-selected by the relevant Originator. A factor which may increase the extent to which the Deduction Risk becomes relevant in respect of Eligible Receivables of this category, is that there is only a limited number of insurers which are pre-selected by the Originators. The Mixed Insurance Policy provides for (a) a risk element for which risk premium is paid and (b) a capital element for which capital premium is paid and which consists of a savings part and/or an investment part, as the case may be. The Borrowers are allowed to choose how the insurer should invest the investment part (from a list of approved investments) and can request the insurer to switch between investments, in whole or in part. The Borrowers are allowed to choose whether they prefer a savings and/or investment part and to switch between the savings and/or investment part, in whole or in part. The relevant insurer keeps the savings and/or investments in its own name, and maintains its savings account with the relevant Originator. The Issuer has been advised that for Eligible Receivables of this category, the Deduction Risk cannot be excluded, as there may be specific circumstances which justify an erroneous impression with the relevant Borrower that he was not entering into two separate relationships. For example, sales people or sales materials may have created an impression (or sales people may have allowed to subsist an apparent impression) with the Borrower that his payments of capital premium were 'as good as' repayments of the relevant loan. The Issuer has been advised that, although such specific circumstances may be absent, in general there may still be a certain Deduction Risk for Eligible Receivables of this category. As the Borrower has no option to choose an insurer, this could, possibly with other circumstances, have led the Borrower to believe that he was not entering into two separate relationships. Other relevant circumstances include whether:

the mortgage loan agreement and the insurance agreement, respectively, or documents or general terms and conditions pertaining thereto, have been printed on the letterhead of, or otherwise contain eye catching references to, the insurer or the relevant Originator, respectively;

the representative of the relevant Originator also represents the insurer (or *vice versa*), for example in taking care of the medical acceptance of the Borrower or otherwise in entering into, executing or carrying out the insurance or mortgage loan agreement;

the insurer is, or was when entering into the agreements, an affiliate of the relevant Originator; and/or

to the extent the capital premium consists of a savings part, the interest base applicable to the savings is linked to the interest base applicable to the relevant Loan.

The Issuer has also been advised that paragraph 4.6 above (*Category 4 Receivables originated by ABN AMRO Bank*) similarly applies to Category 5 Receivables relating to certain Loans originated by ABN AMRO Bank other than that a Master Sub-Participation Agreement will not be in effect in respect of Category 5 Receivables.

This Deduction Risk in relation to Transferred Receivables of this category ("**Category 5 Receivables**") can be catered for as follows, subject to compliance with applicable regulatory and other restrictions:

the transfer by the insurer of:

- (i) both the relevant insurance agreements and the underlying savings and investments to a bankruptcy-remote special purpose subsidiary, which would then reinsure the risk element of the insurance policy with the relevant insurer; or

- (ii) only the underlying savings and investments to a bankruptcy-remote special purpose subsidiary, which would then as surety (*borg*) accept liability for the insurer's obligations to pay out the Proceeds to the Borrower; and/ or

only to the extent relating to a savings part, the entering into of a Master Sub-Participation Agreement in relation to each Transferred Receivable of this category. The Issuer may (but is not obliged) at any time request a relevant Originator and the CBC2 to use their reasonable endeavours to procure that a Master Sub-Participation Agreement is put in place between the relevant insurer and the CBC2 and signed for acknowledgement by the relevant Originator in relation to Category 5 Receivables. The terms of any such Master Sub-Participation Agreement in respect of Category 5 Receivables may be similar to the terms of a Master Sub-Participation Agreement in respect of Category 4 Receivables, or may have other or additional terms approved by the Trustee.

For as long as no Master Sub-Participation Agreement is in effect or other solution as described above is implemented to the satisfaction of the Rating Agencies in relation to Category 5 Receivables, the Deduction Risk for Category 5 Receivables will in relation to the CBC2 be catered for through the Asset Cover Test and the Amortisation Test. The outcome of the Asset Cover Test and the Amortisation Test will be negatively influenced each time further capital premiums are paid to the insurer by the relevant Borrower (save to the extent further Eligible Assets are transferred to the CBC2 under or pursuant to the Guarantee Support Agreement). If a Master Sub-Participation Agreement is entered into in respect of a Category 5 Receivable, as described above, the Deduction Risk is mitigated in respect of the savings part only of the relevant insurance policy relating to the relevant Category 5 Receivable. The investment part of the relevant insurance policy relating to the relevant Category 5 Receivable is not covered by the relevant Master Sub-Participation Agreement. If the Originators do not transfer additional Eligible Assets if required under or pursuant to the Guarantee Support Agreement, the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. Such failure of the Originators to transfer additional Eligible Assets if required may result in the CBC2 having insufficient funds available to meet its obligations under the Guarantee and this may result in losses under the Covered Bonds.

Despite the measures described above taken to mitigate the Deduction Risk in respect of Category 5 Receivables, the Deduction Risk cannot be fully eliminated. Thus, the CBC2 may be unable to enforce fully its claims against the relevant Borrowers in respect of Category 5 Receivables if the relevant insurer becomes subject to an Insolvency Proceeding or for some other reason does not make payments in respect of the relevant insurance policy and, as a result, the CBC2 may be unable to meet fully and/or timely its payment obligations to Covered Bondholders under the Guarantee. This may lead to losses on the Covered Bonds.

6. ***Products with savings part (but no investment part and no Mixed Insurance Policy)***

The Bank Savings Deduction Risk (as defined above) may apply to Loans with savings part but no investment part and no Mixed Insurance.

Certain Eligible Receivables relate to a mortgage loan agreement between the relevant Borrower and the relevant Originator (other than ABN AMRO Hypotheken Groep), which is connected to a Bank Savings Account which is, pursuant to the relevant mortgage loan agreement, required to be held in the name of the relevant Borrower with ABN AMRO Hypotheken Groep (the "**Bank Savings Deposit Bank**"). The intention is that at maturity the Loan Savings will be used to repay the loan, in whole or in part.

The Issuer has been advised that for Eligible Receivables of this category, the Bank Savings Deduction Risk cannot be excluded, as there may be specific circumstances which justify an erroneous impression with the relevant Borrower that he was not entering into two separate relationships. For example, sales people or sales materials may have created an impression (or sales people may have allowed to subsist an apparent impression) with the Borrower that his Loan Savings were 'as good as' repayments of the relevant loan. The Issuer has been

advised that, although such specific circumstances may be absent, in general there may still be a certain Bank Savings Deduction Risk for Eligible Receivables of this category. As the Borrower has no option to choose a bank where the related Bank Savings Account is to be held, the Bank Savings Deposit Bank is, or was when entering into the mortgage loan agreements, an affiliate of or otherwise associated with the relevant Originator, the mortgage loan agreement, related documents and general terms and conditions pertaining thereto contain provisions relating to both the Bank Savings Loan and related Bank Savings Account (in this respect, the relevant general terms and conditions explicitly state that the Bank Savings Loan is a Savings Loan that consists of a mortgage loan and a savings account which account is only opened as part of a Bank Savings Loan) and the interest base applicable to the savings is linked to the interest base applicable to the relevant Bank Savings Loan, this could, possibly with other circumstances, have led the Borrower to believe that he was not entering into two separate relationships. Other relevant circumstances include whether the representative of the relevant Originator also represents the Bank Savings Deposit Bank (or *vice versa*), for example in entering into, executing or carrying out the mortgage loan agreement.

This Bank Savings Deduction Risk in relation to Transferred Receivables of this category ("**Category 6 Receivables**") will be catered for on the same basis as the set-off risk that exists in relation to the Bank Savings Receivables (see the paragraph "*Set-Off by Borrowers*" above). This means that amounts standing to the credit of the related Bank Savings Account will be deducted for the purpose of the Asset Cover Test and the Amortisation Test (unless it concerns a Participation Receivable, in which case an amount equal to the relevant Participation is already deducted as part of the definition of Net Outstanding Principal Balance). Such deductions in principle mean that the outcome of the Asset Cover Test and the Amortisation Test will be lowered each time when further deposits are made by the relevant Borrower (save to the extent further Eligible Assets are transferred to the CBC2 under or pursuant to the Guarantee Support Agreement). If the Originators do not transfer additional Eligible Assets if required under or pursuant to the Guarantee Support Agreement, the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. Such failure of the Originators to transfer additional Eligible Assets if required may result in the CBC2 having insufficient funds available to meet its obligations under the Guarantee and this may result in losses under the Covered Bonds.

Despite the measures described above taken to mitigate the Bank Savings Deduction Risk in respect of Loans where Borrowers make payments to a Bank Savings Account but no principal payments on the Loans, the Banks Savings Deduction Risk cannot be fully eliminated. Thus, the CBC2 may be unable to enforce fully its claims against the relevant Borrowers in respect of Loans with a savings part if the Bank Savings Deposit Bank becomes subject to an Insolvency Proceeding or for some other reason does not make payments in respect of the relevant Bank Savings Account and therefore, may be unable to meet fully and/or timely its payment obligations to Covered Bondholders under the Guarantee. This may lead to losses on the Covered Bonds.

The risk that the CBC2 is unable to recover fully with respect to Loans which have been arranged so that the Borrower, instead of making principal payments, makes investments in certain investment products, the proceeds of which are intended to be used to repay the Loan. As a result, the CBC2 may be unable to make full and/or timely payments due to holders of the Covered Bonds under the Guarantee.

Some of the Eligible Receivables relate to a mortgage loan agreement between the Borrower and the relevant Originator, which is connected to an investment product, i.e. Investment Loans, Life Loans and Hybrid Loans. The Borrower of such an Eligible Receivable does not repay principal during the term of the relevant mortgage loan, but instead invests in the investment product (where applicable combined with or part of a Mixed Insurance Policy). The intention is that at maturity, the principal proceeds of the investment can be used to repay the loan, in whole or in part. However, it is possible that the value of the investment will have reduced considerably and will be insufficient to repay the loan in full (such shortfall the "**Investment Loss**").

In addition to this general risk, there might in such circumstances be a risk that the Borrower successfully claims that he was not properly informed of the risks involved in making the investment and, for example, that therefore he may deduct an amount equal to the Investment Loss from the Transferred Receivable he owes to the CBC2 or he may claim a breach of contract (*wanprestatie*) or tort (*onrechtmatige daad*) and as a result he may dissolve (*ontbinden*) or nullify (*vernietigen*) the relevant contract. The Issuer has been advised that for Eligible Receivables of this category, the risk that such a claim is successful cannot be excluded. This could lead to the CBC2 having insufficient funds to pay any amounts due under the Guarantee, which in turn could lead to losses under the Covered Bonds.

Some of the Eligible Receivables are linked to Mixed Insurance Policies with an investment part. There may in certain circumstances be a risk that a Borrower successfully claims that he was not properly informed of:

- the cost element applied by the relevant insurer to the investment premiums paid by such Borrower and/or that the insurer did not properly perform the related insurance agreement in applying the cost element; or
- the allocation of insurance premium between the investment part and the risk element of the Mixed Insurance Policy. A shortfall in the performance of the investment part increases the required amount of the insurance premium being allocated to the risk element and thus results in less insurance premium being allocated to the investment part, which may in turn negatively affect the performance of the investment part even further.

In either case there may in certain circumstances be a risk that, for example, a Borrower may terminate the insurance policy (which in turn could affect the collateral granted to the Originator (e.g. Beneficiary Rights and rights of pledge in respect of such insurance policy) and trigger early termination of the related loan) and/or deduct from, or set-off against, the Transferred Receivable he owes to the CBC2 an amount equal to any (additional) amount owed to him under or in respect of such insurance policy as a result of or in connection with such claim.

Since 2006 an issue has arisen in The Netherlands regarding the costs of investment insurance policies (*beleggingsverzekeringen*), such as the Mixed Insurance Policies with an investment part, commonly known as the "usury insurance policy affair" (*woekerpolisaffaire*). It is generally alleged that the costs of these products are disproportionately high, that in some cases a legal basis for such costs is lacking and that the information provided to the insured regarding those costs has not been transparent.

If Mixed Insurance Policies with an investment part are for reasons described in this paragraph dissolved or terminated, this would affect the collateral granted to secure the related Life Loans and Hybrid Loans. The Issuer has been advised that in such case the related Life Loans and Hybrid Loans could also be dissolved or nullified, but that this would depend on the particular circumstances involved. Even if the related Life Loans or Hybrid Loan were not affected the policyholder may invoke set-off or other defences against the Issuer. No actions have yet been announced against the Initial Originators in relation to the risks described above in relation to Life Loans and Hybrid Loans.

The Issuer has been advised that the above risks largely depend on which specific information has been provided to the relevant Borrower through sales people and/or sales materials and that in this respect it is also relevant whether applicable statutory and contractual duties, including statutory duties to provide information to prospective investors, have been complied with.

Contrary to certain set-off risks described above under "*Set-Off by Borrowers: The CBC2's rights and the Trustee's enforcement of pledges in respect of Transferred Receivables may be limited by Borrowers' set-off rights against Originators. As a result, the CBC2 and/or the Trustee may be unable to meet their payment obligations fully and/or timely under the Transaction Documents to holders of the Covered Bonds*", "*The CBC2's rights to full payment under the Transferred*

Receivables may be limited in cases where the relevant Loans entail an arrangement under which an Originator deposits funds into a blocked deposit account, to be applied at a later stage in connection with construction or improvement costs incurred by the Borrowers and the relevant Originator becomes subject to Insolvency Proceedings" and "Some of the Loans are arranged so that Borrowers, instead of paying principal on the Loans, make payments to insurers or to Originators (in Bank Savings Accounts with the Bank Savings Deposit Bank), which payments are intended to be used to repay the Loans at maturity. If such insurers or the Bank Savings Deposit Bank become subject to an Insolvency Proceeding or for some other reason do not fully make payments in respect of the relevant insurance policy or Bank Savings Account, the CBC2 may be unable to recover fully amounts due on the related Loans because Borrowers may deduct amounts due to them under any insurance agreement or Banks Savings Account. This, in turn, could adversely affect the ability of the CBC2 to meet fully and/or timely its obligations under the Guarantee in such circumstances", the risks described in this paragraph Investment products will neither through the Asset Cover Test nor through the Amortisation Test be catered for.

Under or pursuant to the Guarantee Support Agreement, each Initial Originator warrants and represents in relation to any of its Eligible Receivables which is connected to an investment product where the related investment product is offered by the relevant Initial Originator itself (and not by a third party securities institution or bank), that such investment product has been offered in accordance with all applicable laws and legal requirements prevailing at the time of origination, including those on the information that is to be provided to prospective investors.

In view of the potential inability of Borrowers to repay Loans where investment proceeds are insufficient for such repayment or the potentially successful claims by Borrowers that they were not properly informed of the risks involved in making the investments in question, as well as the potential for other actions against the Originators in relation to the Loans described above, there is a risk that the CBC2 would not be able to recover fully on Transferred Receivables based on Loans arranged as part of an investment product. Consequently, the CBC2 may be unable to meet fully and/or timely its obligations to Covered Bondholders under the Guarantee, which in turn could lead to losses under the Covered Bonds.

The CBC2's rights in insurance policies pledged by Borrowers may be limited by Dutch law.

Some of the Eligible Receivables relate to a mortgage loan agreement between the Borrower and the relevant Originator, which is connected to an insurance policy with a risk and/or capital element. In addition to being granted a pledge of rights under insurance policies, as abovementioned, either:

- the relevant Originator has been appointed as beneficiary under the relevant insurance policy (the rights of the relevant Originator as a beneficiary under an insurance policy: the "**Beneficiary Rights**"); or
- if another person (the "**Partner**") has been appointed as beneficiary, the Partner has irrevocably authorised the relevant insurer to pay out the insurance proceeds to the relevant Originator (a "**Partner Instruction**").

1. ***Beneficiary Rights***

With respect to the first alternative, the Issuer has been advised that under Dutch law it is uncertain whether Beneficiary Rights will follow the relevant Eligible Receivable upon assignment thereof to the CBC2 (and subsequent pledge thereof to the Trustee). For this purpose the Beneficiary Rights will, insofar as they will not follow the relevant Eligible Receivable upon assignment, themselves be assigned by the relevant Originator to the CBC2 by way of silent assignment and be pledged by the CBC2 to the Trustee by way of silent pledge. In the Guarantee Support Agreement the relevant Originator undertakes to, upon the occurrence of a Notification Event, notify the relevant insurer of the (purported) transfer and pledge. However, the Issuer has been advised that under Dutch law it is uncertain whether such assignment (and subsequent pledge) will be effective.

Insofar as the transfer of the Beneficiary Rights as abovementioned is not effective each Originator will:

- in each deed of assignment to be executed with the CBC2 pursuant to the Guarantee Support Agreement to the extent possible, (a) appoint the CBC2 as beneficiary in its place and (b) to the extent such appointment is ineffective, waive its Beneficiary Rights. The Issuer has been advised that it is uncertain whether such appointment and/or waiver is effective. If such appointment is ineffective and such waiver is effective, either the relevant Borrower, or any other person ranking behind the relevant Originator as beneficiary (a "**Second Beneficiary**"), will become the beneficiary under the relevant insurance policy. Under or pursuant to the Guarantee Support Agreement each Originator warrants and represents that if the relevant Receivable relates to a Life Loan, Savings Loan or Hybrid Loan, all receivables under the relevant Mixed Insurance Policy have been validly pledged by the relevant Borrower to the relevant Originator for at least that part by which the relevant Receivable exceeds 100% of the foreclosure value of the relevant Property, which pledge has been notified to the relevant insurer. As mentioned above, a pledge is in principle an accessory right, so that upon a transfer of the relevant Receivable to the CBC2, the CBC2 will in principle become entitled to (a share in) the pledge, provided that following the waiver of the Beneficiary Rights by the relevant Originator, the Borrower will have become the beneficiary. If, however, following a waiver of Beneficiary Rights by the relevant Originator, a Second Beneficiary will have become the beneficiary, the pledge by the Borrower will not be effective; and
- in the Guarantee Support Agreement undertake to, upon the occurrence of a Notification Event, use its reasonable endeavours to procure the entry into of a beneficiary waiver agreement between itself, the CBC2, the Trustee and the relevant insurer (each a "**Beneficiary Waiver Agreement**"), in which it is, amongst other things, agreed that to the extent necessary:
 - (i) the insurer (a) accepts the (purported) appointment of the CBC2 as beneficiary in the relevant Originator's place and (b) to the extent such appointment is ineffective, accepts the waiver by such Originator of its Beneficiary Rights; and
 - (ii) the Originator and insurer will use their best efforts to obtain the co-operation from all relevant Borrowers and, where applicable, Second Beneficiaries to change the Beneficiary Rights in favour of the CBC2.

The Originator may not be able to enter into a Beneficiary Waiver Agreement without the co-operation of the liquidator, if and to the extent that such Notification Event has occurred as a result of any such Originator having become subject to any Dutch Insolvency Proceedings. This may result in the CBC2 not receiving or otherwise recovering sufficient proceeds in relation to the Transferred Receivables as a result of which the CBC2 may be unable to meet fully and/or timely its obligations to Covered Bondholders under the Guarantee. This may lead to losses under the Covered Bonds.

2. ***Partner Instruction***

With respect to the second alternative, the Issuer has been advised that it is uncertain whether the Partner Instruction entails that the insurer should pay the insurance proceeds to the relevant Originator or, following assignment of the relevant Eligible Receivable, to the CBC2, and that this depends on the interpretation of the Partner Instruction. Insofar as the Partner Instructions do not entail that the relevant insurer should, following assignment of the relevant Eligible Receivable, pay the insurance proceeds to the CBC2, pursuant to the Guarantee Support Agreement the CBC2, the Trustee, the relevant Originator and the relevant insurer will agree in each Beneficiary Waiver Agreement (if entered into in the form attached to the Guarantee Support Agreement) that the Originator and the insurer will use their best efforts to obtain the co-operation from all relevant Borrowers and Partners to change the Partner Instructions in favour of the CBC2.

If:

in the case of the first alternative (a) the transfer of the Beneficiary Rights is not effective, (b) the appointment of the CBC2 as beneficiary in the place of the relevant Originator is not effective and (c) the waiver of Beneficiary Rights by the relevant Originator is ineffective or, if it is effective, results in a Second Beneficiary having become the beneficiary; or

in the case of the second alternative, the Partner Instructions do not entail that insurance proceeds should be paid to the CBC2,

and, in either case, (i) no Beneficiary Waiver Agreements will be entered into with each relevant insurer and/or (ii) the relevant Borrowers, Second Beneficiaries and/or Partners do not co-operate as described above, then the proceeds under the relevant insurance policies could, as the case may be, either be paid to:

the relevant Originator, in which case such Originator will be obliged to on-pay the proceeds to the CBC2 or the Trustee, as the case may be. If an Originator breaches such payment obligation, for example because the Originator is subject to a Dutch Insolvency Proceeding, this may result in the proceeds not being applied in reduction of the relevant Eligible Receivable and in a Deduction Risk; or

the Second Beneficiary or the Partner, which may result in the proceeds not being applied in reduction of the relevant Eligible Receivable.

Accordingly, the CBC2's rights in insurance policies pledged by Borrowers or containing a beneficiary clause or Partner Instruction in favour of the relevant Originator may be limited by Dutch law, which in turn may limit the CBC2's ability to fulfil its obligations fully and/or timely under the Guarantee. This may lead to losses under the Covered Bonds.

The risk that CBC2's rights under insurance policies pledged by Borrowers or containing a beneficiary clause or partner instruction in favour of the relevant Originator may be subject to limitations under Dutch insolvency law.

Some of the Eligible Receivables relate to a mortgage loan agreement between the Borrower and the relevant Originator which is connected to (i) an insurance policy with a risk and/or capital element, (ii) a securities account, or (iii) a Bank Savings Account, as the case may be. If the relevant mortgage conditions provide that rights of such Borrower in respect of such an insurance policy, securities account or a Bank Savings Account, as the case may be, are to be pledged, such rights of such a Borrower have been pledged to the relevant Originator. The above considerations on pledge and insolvency, made in the context of pledges to the Trustee (see "Section B.2 Asset Backed Guarantee" above), apply *mutatis mutandis* to pledges and mortgages by the Borrowers.

In particular, the Issuer has been advised that under Dutch law it is possible that the receivables purported to be pledged by the Borrowers in respect of insurance policies, qualify as future receivables. As mentioned above, if an asset is a future asset at the moment a bankruptcy, suspension of payments or debt restructuring arrangement (*schuldsaneringsregeling*) takes effect in relation to the relevant pledgor, such assets are no longer capable of being pledged (unless the relevant insolvency official would agree). The Issuer has been advised that under Dutch law there is no general rule that is readily applicable to determine whether a claim arising from an insurance policy is an existing or a future claim. As a result, it is uncertain whether and to what extent the pledges of receivables under said insurance policies by the Borrowers are effective. The Issuer has been advised that, in respect of capital insurances (*sommenverzekeringen*) it is likely that the beneficiary's claims against the insurer corresponding with premiums which have already been paid to the insurer are existing claims, while claims relating to periods for which no premiums have yet been paid may very well be future claims. The Issuer has been advised that in respect of risk insurances (*schadeverzekeringen*) it is uncertain whether the beneficiary's claim can be characterised as an existing claim before the insured event occurs.

Accordingly, if insurance claims qualify as future assets, the CBC2's ability to recover the full amount of the related Loans may be adversely affected, which may in turn adversely affect the

CBC2's ability to meet timely and/or fully its obligations under the Guarantee, which in turn could lead to losses under the Covered Bonds.

C. Risk related to Security Rights

The Trustee may face limitations in enforcing the CBC2's pledges in the event of a bankruptcy proceeding against the CBC2 under Dutch law.

Under or pursuant to the Security Documents, various Dutch law pledges are granted by the CBC2 to the Trustee. A Dutch pledge can serve as security for monetary claims (*geldvorderingen*) only and can only be enforced upon default (*verzuim*) of the obligations secured thereby. Foreclosure on pledged property is to be carried out in accordance with the applicable provisions and limitations of the Dutch Civil Code and the Dutch Code of Civil Procedure (*Wetboek van Burgerlijke Rechtsvordering*).

The CBC2 is a special purpose entity and is therefore unlikely to become subject to a bankruptcy (*faillissement*) or suspension of payments (*surseance van betaling*) (the "**Dutch Insolvency Proceedings**"). Should the CBC2 nevertheless be subjected to Dutch Insolvency Proceedings, the Trustee as pledgee can exercise the rights afforded by Dutch law to pledgees as if there were no Dutch Insolvency Proceedings. However, Dutch Insolvency Proceedings involving the CBC2 would affect the position of the Trustee as pledgee in some respects.

If and to the extent that assets purported to be pledged by the CBC2 to the Trustee are future assets (i.e. assets that have not yet been acquired by the CBC2 or that have not yet come into existence) at the moment Dutch Insolvency Proceedings take effect (i.e. at 0:00 hours on the date Dutch Insolvency Proceedings are declared), such assets are no longer capable of being pledged by the CBC2 (unless the liquidator would agree). This would for example apply with respect to amounts that are paid to the CBC2 Accounts following the CBC2's Dutch Insolvency Proceedings taking effect. As such crediting of the relevant CBC2 Account would not yet have occurred when the Dutch Insolvency Proceedings take effect, the resulting receivable of the CBC2 *vis-à-vis* the Account Bank would qualify as a future asset. However, if following Dutch Insolvency Proceedings taking effect, amounts are due to be paid under receivables that have been pledged to the Trustee prior to such Dutch Insolvency Proceedings taking effect, the Trustee as pledgee could through notification to the relevant debtors prevent that such pledged receivables are discharged through payment to the CBC2 Accounts. The Trustee as pledgee is entitled itself to collect such receivables, in other words by requesting the relevant amounts be transferred into its own bank account, following notification of the assignment and pledge to the relevant debtor. Notification of the pledge may occur following the occurrence of a Notification Event. As long as no notification of the assignment has taken place in respect of pledged Transferred Receivables, the relevant debtor must continue to pay to the relevant Originator. Under "*Section B.3 Guarantee Support*" below, the position of the CBC2 is described in respect of payments so made to the relevant Originator prior to or after such Originator's possible Dutch Insolvency Proceedings taking effect. In respect of payments under pledged Transferred Receivables made to the CBC2 following notification of the assignment but prior to notification of the pledge and prior to Dutch Insolvency Proceedings of the CBC2 taking effect and not on-paid to the Trustee, the Trustee will be an ordinary, non-preferred creditor, having an insolvency claim (*voor verificatie vatbare vordering*). In respect of post-insolvency payments, the Trustee will be a preferred creditor having an insolvency claim (*voor verificatie vatbare vordering*). Creditors of insolvency claims have to share in the general insolvency costs and have to await finalisation of a (provisional) distribution list (*(voorlopige) uitdelingslijst*). Therefore, the Trustee may have insufficient funds available to fulfil the CBC2's payment obligations under the Covered Bonds. This may lead to losses under the Covered Bonds.

Furthermore, the following mandatory rules of Dutch insolvency law may affect the enforcement of the Trustee's pledges:

- a statutory stay of execution ('cooling-off period') of up to two months - with a possible extension by up to two more months - may be imposed during each type of Dutch

Insolvency Proceedings by court order. Such stay of execution does not prevent the Trustee from giving notice to the debtors of any pledged receivables and collecting the proceeds thereof. However, where applicable, it will prevent the Trustee from (i) taking recourse against any amounts so collected during such stay of execution and (ii) selling pledged assets to third parties;

- the liquidator in bankruptcy can force the Trustee to enforce its security right within a reasonable period of time, failing which the liquidator in bankruptcy will be entitled to sell the pledged assets and distribute the proceeds. In such case, the Trustee will receive payment prior to ordinary, non-preferred creditors having an insolvency claim but after creditors of the estate (*boedelschuldeisers*). It should be noted, however, that this power of the liquidator in bankruptcy only aims to prevent a secured creditor from delaying the enforcement of the security without good reason; and
- excess proceeds of enforcement must be returned to the CBC2 in its Dutch Insolvency Proceedings; they may not be set-off against an unsecured claim (if any) of the Trustee on the CBC2. Such set-off is in principle allowed prior to the Dutch Insolvency Proceedings.

Similar or different restrictions may apply in the event of any proceeding equivalent or analogous to Dutch Insolvency Proceedings under the laws of any other jurisdiction (together with the Dutch Insolvency Proceedings, the "**Insolvency Proceedings**"). Accordingly, even though the CBC2 has been set up as a bankruptcy remote entity, if Dutch Insolvency Proceedings are nevertheless commenced against the CBC2, the Trustee's enforcement rights of the pledges by the CBC2 may be adversely affected. As a result, the Trustee may be unable to enforce the CBC2's pledges in full or in time, in turn affecting the amounts available for payments due to the holders of the Covered Bonds, which may result in losses under the Covered Bonds.

As a result of the use of the "parallel debt" structure, if the Trustee becomes subject to a Dutch Insolvency Proceeding, payments made to it pursuant to the CBC2's pledges and any proceeds of the Security will be part of the Trustee's assets, which may adversely impact the timely and/or full payment to the holders of the Covered Bonds from such CBC2's pledges and any proceeds of the Security.

It is intended that the CBC2 grants pledges to the Trustee for the benefit of the Secured Creditors. However, under Dutch law there is no concept of trust and it is uncertain whether a pledge can be granted to a party other than the creditors of the receivables purported to be secured by such pledge. The Issuer has been advised that under Dutch law a 'parallel debt' structure can be used to give a trustee its own, separate, independent right of claim on identical terms as the relevant creditors. For this purpose, the Trust Deed creates a parallel debt of the CBC2 to the Trustee, equal to the corresponding Principal Obligations, so that the Security can be granted to the Trustee in its own capacity as creditor of the parallel debt. Should the Parallel Debt not constitute a valid basis for the creation of security rights as included in the Security Documents, such pledges will not be effective and therefore the Trustee may have insufficient funds available to fulfil the CBC2's payment obligations under the Covered Bonds. This may result in losses under the Covered Bonds.

In the Trust Deed it is agreed that obligations of the CBC2 to the Trustee under the parallel debt shall be decreased to the extent that the corresponding principal obligations to the Secured Creditors are reduced (and *vice versa*). In the Trust Deed the Trustee agrees to act as trustee as abovementioned and agrees:

- to act for the benefit of the Secured Creditors in administering and enforcing the Security; and
- to distribute the proceeds of the Security in accordance with the provisions set out in the Trust Deed.

The Trustee is a special purpose vehicle and is unlikely to become insolvent. However, any payments in respect of the parallel debt and any proceeds of the enforcement of the Security (in each case to the extent received by the Trustee) are, in the event that the Trustee becomes subject to Dutch Insolvency Proceedings, not separated from the Trustee's other assets, so the Secured Creditors accept a credit risk on the Trustee, which may lead to losses under the Covered Bonds. Should the Trustee become insolvent, the Secured Creditors will have an unsecured claim on the bankrupt estate of the Trustee.

The CBC2 may be unable, as a matter of Dutch law, to enforce mortgages or pledges in respect of Transferred Receivables, which, in turn, could adversely affect its ability to meet fully and/or timely its obligations to the Covered Bondholders under the Guarantee.

Under Dutch law mortgages and pledges are in principle accessory rights (*afhankelijke rechten*) which pursuant to articles 3:7, 3:82 and 6:142 of the Dutch Civil Code automatically follow the receivables they secure, for example if such receivables are transferred to a third party. The mortgages and pledges securing the Eligible Receivables qualify as either:

- 'fixed' security, securing only (i) one or more specified receivables of the relevant initial pledgee or mortgagee against the relevant debtor or (ii) receivables arising from one or more specified contractual relationships (*rechtsverhoudingen*) between the relevant initial pledgee or mortgagee and the relevant debtor ("**Fixed Security**"); or
- 'all-monies' security, securing all present and future receivables of the relevant initial pledgee or mortgagee against the relevant debtor, whether in general (*bankzekerheidsrecht*) or under any and all present and future credit agreements (*kredietzekerheidsrecht*) ("**All-monies Security**").

In the past a considerable degree of uncertainty existed in Dutch legal writing as to whether a transfer of a receivable secured by All-monies Security, results in a transfer of the All-monies Security, or a share therein, to the transferee.

The Issuer has been advised that like any other mortgage or pledge, an all-monies mortgage or pledge under Dutch law is in principle an accessory right (*afhankelijk recht*) and that, therefore, upon a transfer of a receivable secured by All-monies Security, the transferee will in principle become entitled to a share in the All-monies Security by operation of law. The Issuer has been advised that the above is confirmed by the *Onderdrecht v. FGH and PHP* decision of the Dutch Supreme Court (HR 16 September 1988, NJ 1989, 10). In this decision, the Dutch Supreme Court ruled that the main rule is that a mortgage as an accessory right transfers together with the receivable it secures. The Dutch Supreme Court also held that it is a question of interpreting the relevant clause in the mortgage deed whether the definition of the secured receivables entails that the mortgage exclusively vests in the original mortgagee, in deviation of said main rule. The Issuer has furthermore been advised that where the mortgage or pledge deed contains no specific intention regarding the transfer of the mortgage or pledge, the abovementioned main rule applies, so that following a transfer of a secured receivable, the relevant receivable will continue to be secured by the mortgage or pledge.

The Originators have under or pursuant to the Guarantee Support Agreement warranted and represented that the relevant mortgage and pledge deeds contain either (i) no specific wording regarding the transfer of any right of mortgage or pledge securing the Eligible Receivables or (ii) an express confirmation to the effect that upon a transfer of the relevant Eligible Receivable, the Eligible Receivable will following the transfer continue to be secured by the mortgage or pledge. However, if the *Onderdrecht v. FGH and PHP* decision or its interpretation is revisited, the CBC2 may be unable to enforce mortgages or pledges in respect of Transferred Receivables, which, in turn, may adversely affect its ability to meet fully and/or timely its obligations to the holders of the Covered Bonds under the Guarantee. This may lead to losses under the Covered Bonds.

The risk that certain security rights attached to the Eligible Receivables transferred to the CBC2 may become part of a joint estate between the CBC2 and the Originators, which could reduce or delay the amount which the CBC2 may recover under the relevant mortgage and which could adversely affect the ability of the CBC2 to meet fully and/or timely its obligations under the Guarantee.

As a consequence of the transfer to the CBC2 of Eligible Receivables secured by All-monies Security (or, if not all receivables which are secured, or if not the entire contractual relationship (*rechtsverhouding*) from which receivables may arise which will be secured, by the relevant security right are or is, respectively, transferred to the CBC2, Fixed Security), the relevant All-monies Security (or where applicable Fixed Security) will become part of a joint estate (*gemeenschap*) of the CBC2 and the original mortgagee or pledgee, as the case may be, governed by articles 3:166 *et seq.* of the Dutch Civil Code. This means, amongst other things, that in the event of foreclosure of the All-monies Security (or where applicable Fixed Security), the relevant original mortgagee or pledgee and the CBC2 in principle need to act jointly and share the proceeds *pro rata* on the basis of their respective shares in the joint estate.

For this purpose, the Guarantee Support Agreement contains an intercreditor arrangement granting the CBC2 the right to (i) foreclose on the All-monies Security (or where applicable Fixed Security) without involvement of the relevant Originator and (ii) take recourse to the foreclosure proceeds prior to the relevant Originator. The Issuer has been advised that it is uncertain whether said arrangement is binding on the relevant Originator's liquidator or administrator in Dutch Insolvency Proceedings. However, the Issuer has also been advised that on the basis of articles 3:166, 168, 170 and 172 of the Dutch Civil Code there are good arguments to state that such arrangement is binding. Moreover, generally the above only becomes relevant in the event that each of the following conditions is met:

- the Borrower does not meet his secured obligations in full to either the Originator or the CBC2, in particular because he is insolvent;
- the Originator is subject to a Dutch Insolvency Proceeding; and
- the proceeds of the Secured Property are insufficient to fully satisfy the secured receivables of the relevant Originator and the CBC2.

The abovementioned intercreditor arrangement will be supported by an undertaking of each relevant Originator to pledge to the CBC2 its Residual Claims forthwith *vis-à-vis* the relevant Borrowers which are secured by the relevant All-monies Security (or where applicable Fixed Security), unless an appropriate remedy to the satisfaction of the Trustee is found after having received Rating Agency Confirmation, (A) upon the occurrence of the Issuer's long-term rating from Moody's ceasing to be at least 'A3(cr)' (or such other minimum rating as determined to be applicable or agreed from time to time by Moody's) and such downgrade is continuing for a period of twelve months (or such other period as determined to be applicable or agreed from time to time by Moody's) after the date of such downgrade, or (B) upon the occurrence of the Issuer's long-term rating from Moody's ceasing to be at least 'Baal(cr)' (or such other minimum rating as determined to be applicable or agreed from time to time by Moody's) or any such rating is withdrawn (such rating downgrade or withdrawal event, a "**RC Pledge Trigger Event**").

The pledge (if implemented) of such Residual Claims will secure a special indemnity created in the Guarantee Support Agreement for this purpose, under which each relevant Originator undertakes to pay to the CBC2 an amount equal to its share in the foreclosure proceeds. Recourse in respect of the indemnity is limited to the relevant Originator's share in the foreclosure proceeds. The indemnity will be immediately due and payable in case the relevant Borrower defaults (*in verzuim is*) in respect of the relevant Transferred Receivable or the receivable(s) he owes to the relevant Originator. If and to the extent the pledge is implemented and any foreclosure proceeds are applied in discharge of the indemnity, the relevant Originator's pledged receivables *vis-à-vis* the relevant Borrower would be

discharged. For this reason, the CBC2 undertakes in the Guarantee Support Agreement to in that case retransfer to the relevant Originator a part of the unsatisfied part of the relevant Transferred Receivable for a principal amount corresponding to the principal amount of the Residual Claims so applied. The above factors could lead to lower proceeds received by the CBC2 under the Transferred Receivables and ultimately to losses under the Covered Bonds.

If, after the pledge of the Residual Claims, the Issuer regains a long-term rating from Moody's of at least 'A3(cr)' (or such other minimum rating as determined to be applicable or agreed from time to time by the relevant Rating Agency) and retains such ratings for a consecutive period of twelve months (in the case of a downgrade by Moody's, or such other period as determined to be applicable or agreed from time to time by Moody's), as the case may be (each such rating uplift event, a "**RC Pledge Release Trigger Event**"), the CBC2 and the Trustee will be obliged to release the rights of pledge vested on the Residual Claims. In addition, each of the CBC2 and the Trustee undertakes to release such right of pledge on any Residual Claims if (i) the principal amount outstanding in respect of the relevant Transferred Receivable secured by the same Related Security has been repaid in full together with all accrued interest and other secured amounts due under or in connection with the related Loan or (ii) all Transferred Receivables that are secured by the same Related Security as such Residual Claims have been retransferred to the relevant Originator in accordance with the terms of the Guarantee Support Agreement.

Accordingly, if an Originator becomes subject to a Dutch Insolvency Proceeding and, as a result, the All-monies Security in respect of Loans transferred by that Originator becomes part of a joint estate between the CBC2 and the relevant Originator, the CBC2 would have to rely, in the first instance, on an intercreditor arrangement to ensure its priority, relative to the relevant Originator, in such All-monies Security. If the intercreditor arrangement is not binding in the insolvency of the relevant Originator, the CBC2 would need to rely on its rights under a pledge of the Residual Claims or an alternative arrangement, to the extent in place as described above. If the CBC2 is unable to rely on the intercreditor arrangement, having to rely on a pledge or other alternative arrangement, or if the CBC2 is unable to rely on such pledge or alternative arrangement, this may reduce or delay the amount which the CBC2 may recover under the relevant mortgage which, in turn, could adversely affect the ability of the CBC2 to meet its obligations under the Guarantee fully and/or timely. This may lead to losses under the Covered Bonds.

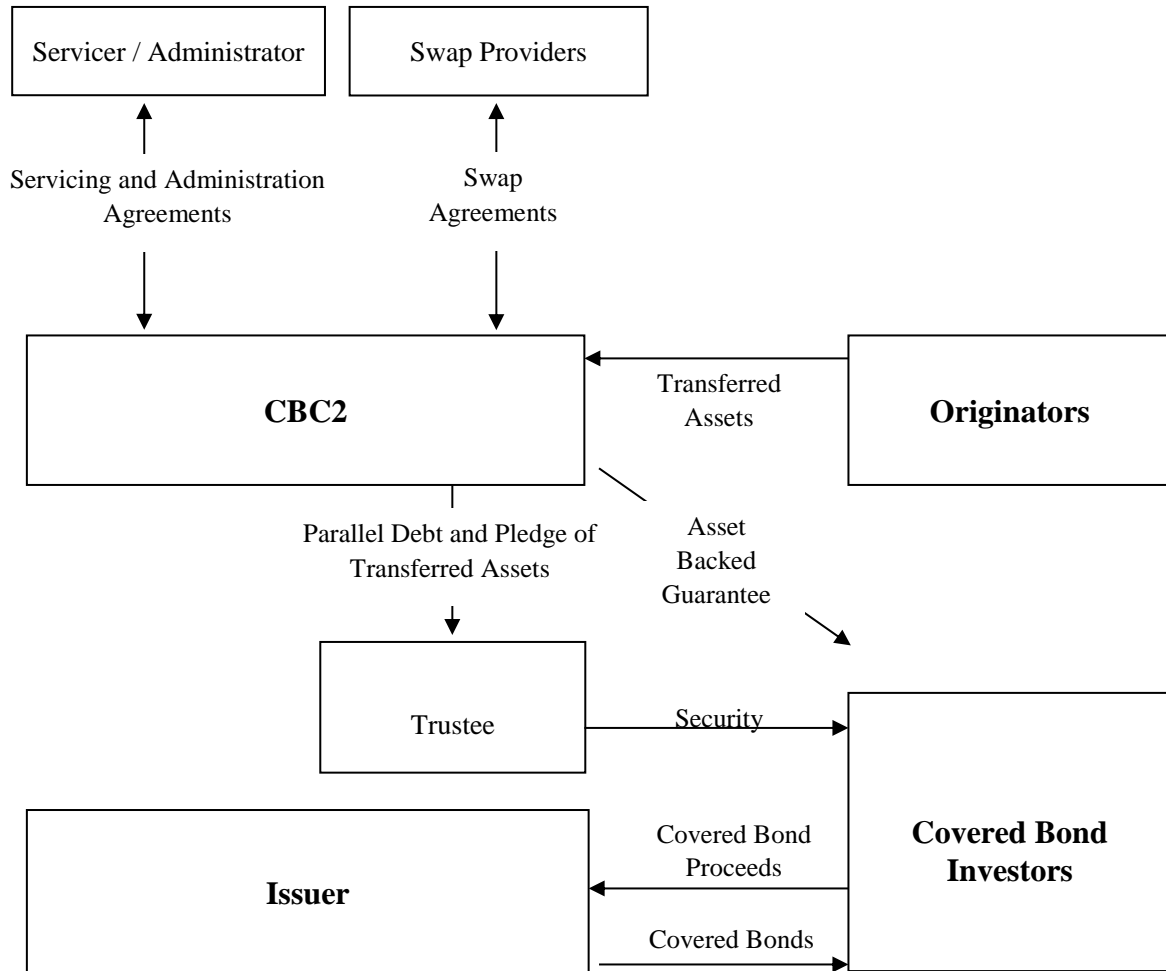

The risk that the CBC2 does not have full proprietary or security rights to certain Substitution Assets transferred to it.

Under the Guarantee Support Agreement the Originators are permitted to transfer to the CBC2 Substitution Assets which are not deposited with Euroclear or of which the transfer is not subject to the Wge and which are not credited to a securities account in the name of the transferor of the assets in the Netherlands or Belgium. However, such Substitution Assets may only be transferred if Rating Agency Confirmation is obtained and the CBC2 and the Trustee, respectively, are satisfied that they will receive proprietary rights or security rights, respectively, of equivalent status and ranking for such Substitution Assets as they would have received if Eligible Receivables or Eligible Collateral had been transferred and pledged, respectively.

Nevertheless, there is a risk that the CBC2 and the Trustee may not obtain proprietary and security rights to such Substitution Assets transferred to them equivalent to those which they receive in respect of Eligible Receivables or Eligible Collateral potentially. Thus, the CBC2's and the Trustee's rights to such Substitution Assets may be limited, thereby affecting adversely their ability to fulfil their respective obligations under the relevant Transaction Documents. This may lead to losses under the Covered Bonds.

Capitalised terms, which are used but not defined in any section of this Securities Note, will have the meaning attributed thereto in any other section of this Securities Note (including in the information incorporated by reference into this Securities Note (see "*Section D.1 Incorporation by Reference*" above)). An alphabetical index of certain definitions is contained at the end of this Securities Note, listing the page or pages where such definitions can be found.

Any reference to any Transaction Document or any other agreement or document in this Securities Note shall be construed as a reference to such Transaction Document or, as the case may be, such other agreement or document as the same may have been, or may from time to time be, amended, varied, novated, supplemented or replaced.

A reference to any transaction party in this Securities Note or in the Conditions shall be construed so as to include its successors and transferees and any subsequent successors and transferees in accordance with their respective interests.

The language in this Securities Note is English. Certain references and terms have been cited in their original language in order that the correct meaning may be ascribed to them under applicable law.

Headings used in this Securities Note are for ease of reference only and shall not affect the interpretation thereof.

D.5 FINAL TERMS AND DRAWDOWN PROSPECTUSES

Each Tranche of Covered Bonds will be issued on the terms set out herein under "*Section 1.3 Terms and Conditions of the Covered Bonds*" below, as amended and/or supplemented by the Final Terms specific to such Tranche, or in a separate prospectus specific to such Tranche (a "**Drawdown Prospectus**") as described below or without a prospectus. This Securities Note must be read and construed together with any amendments or supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Covered Bonds which is the subject of Final Terms, must be read and construed together with the relevant Final Terms.

In this *Section D.5 Final Terms and Drawdown Prospectuses* the expression "**necessary information**" means, in relation to any Tranche of Covered Bonds, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and the CBC2 and of the rights attaching to the Covered Bonds. In relation to the different types of Covered Bonds which may be issued under the Programme the Issuer and the CBC2 (in respect of the CBC2, regarding information relating to the CBC2) have endeavoured to include in this Securities Note all of the necessary information except for information relating to the Covered Bonds which is not known at the 2020 Programme Update and which can only be determined at the time of an individual issue of a Tranche of Covered Bonds.

Any information relating to a Tranche of Covered Bonds which is not included in this Securities Note and which is required in order to complete the necessary information in relation to such Tranche will be contained either in the relevant Final Terms or in a separate Drawdown Prospectus. Such information will be contained in the relevant Final Terms unless any of such information constitutes a significant new factor relating to the information contained in this Securities Note in which case such information, together with all of the other necessary information in relation to the relevant series of Covered Bonds, may be contained in a supplement to the Base Prospectus under Article 23 of the Prospectus Regulation or, in case of a Tranche of Covered Bonds which is the subject of a Drawdown Prospectus, in a Drawdown Prospectus.

For a Tranche of Covered Bonds which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, supplement the Base Prospectus and must be read in conjunction with the Base Prospectus. The terms and conditions applicable to any particular Tranche of Covered Bonds which is the subject of Final Terms are the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Covered Bonds which is the subject of a Drawdown Prospectus will be the Conditions either contained in such Drawdown Prospectus, or as contained in this Securities Note as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Covered Bonds which is the subject of a Drawdown Prospectus, each reference in this Securities Note to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the CBC2 and the relevant Covered Bonds or (2) by a registration document containing the necessary information relating to the Issuer and the CBC2, a securities note containing the necessary information relating to the relevant Covered Bonds and, if necessary, a summary note. In addition, if the Drawdown Prospectus is constituted by a registration document and a securities note, any significant new factor, material mistake or material inaccuracy relating to the information included in that registration document which arises or is noted between the date of the registration document and the date of the securities note which is capable of affecting the assessment of the relevant Covered Bonds will be included in the securities note.

E. IMPORTANT NOTICES

Any Covered Bonds issued under the Programme are issued subject to the provisions set out herein.

The Base Prospectus comprises a base prospectus relating to non-equity securities for the purpose of Article 8(6) of the Prospectus Regulation.

The Issuer accepts responsibility for the information contained in this Securities Note and the CBC2 accepts responsibility for the information relating to the CBC2 contained in this Securities Note. To the best of the knowledge of the Issuer and the CBC2 the information (in the case of the CBC2, as such information relates to it) contained in this Securities Note is in accordance with the facts and makes no omission likely to affect its import.

The Base Prospectus is to be read in conjunction with any supplement hereto, any Final Terms hereto, and with all documents which are deemed to be incorporated in it by reference in this Securities Note (see "Section D.1 *Documents incorporated by reference*" below) and/or in the Registration Document (see "Section D.3 *Documents available for inspection*"). Such documents shall be incorporated in, and form part of the Base Prospectus, save that any statement contained in a document which is incorporated by reference therein shall be deemed to be modified or superseded for the purpose of the Base Prospectus to the extent that a later statement contained therein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall, except as so modified or superseded, not constitute a part of the Base Prospectus. Full information on the Issuer, the CBC2 and any Tranches of Covered Bonds is only available on the basis of the combination of the Base Prospectus as a whole (comprising this Securities Note and the Registration Document) and the relevant Final Terms.

Neither the Arranger, the Dealer(s) (except for ABN AMRO Bank in its capacity as Issuer) nor the Trustee nor any of their respective affiliates have independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Arranger, the Dealer(s) or the Trustee or any of their respective affiliates as to the accuracy or completeness of the information contained or incorporated in this Securities Note or any other information provided by the Issuer and the CBC2 in connection with the Programme. Neither the Arranger, the Dealer(s) (except for ABN AMRO Bank in its capacity as Issuer) nor the Trustee nor any of their respective affiliates accepts any liability in relation to the information contained or incorporated by reference in this Securities Note or any other information provided by the Issuer and the CBC2 in connection with the Programme.

No person is or has been authorised by the Issuer, the CBC2, the Arranger, any of the Dealers or the Trustee to give any information or to make any representation not contained in or not consistent with this Securities Note or any other information supplied in connection with the Programme or the Covered Bonds and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the CBC2, the Arranger, any of the Dealers or the Trustee.

Neither this Securities Note nor any other information supplied in connection with the Programme or any Covered Bonds should be considered as a recommendation by the Issuer, the CBC2, the Originators (as defined in *Section C.2 Principal Transaction Parties* below), the Arranger, any of the Dealers or the Trustee that any recipient of this Securities Note or any other information supplied in connection with the Programme or any Covered Bonds should purchase any Covered Bonds. Each investor contemplating purchasing any Covered Bonds shall be taken to have made its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and the CBC2. Neither this Securities Note nor any other information supplied in connection with the Programme or the issue of any Covered Bonds constitutes an offer or invitation by or on behalf of the Issuer, the CBC2, the Originators, the Arranger, any of the Dealers or the Trustee to any person to subscribe for or to purchase any Covered Bonds.

Neither the delivery of this Securities Note or any Final Terms nor the offering, sale or delivery of any Covered Bonds shall in any circumstances imply that the information contained in this Securities Note is true subsequent to the date hereof or the date upon which this Securities Note has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Issuer or the CBC2 since the date hereof or, if later, the date upon which this Securities Note has been most recently amended or supplemented, or that any other information supplied in connection with the Programme is correct at any time subsequent to the date indicated in the document containing the same. The Arranger, the Dealer(s) and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer, the CBC2 or the Originators during the life of the Programme or to advise any investor in the Covered Bonds of any information coming to their attention. Neither the Issuer nor the CBC2 has any obligation to update this Securities Note, except when required by and in accordance with the Prospectus Regulation.

All references in this document to "EUR", "euro" and "€" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended.

THE COVERED BONDS MAY NOT BE SUITABLE INVESTMENTS FOR ALL INVESTORS - Each potential investor in the Covered Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Covered Bonds, the merits and risks of investing in the Covered Bonds and the information contained or incorporated by reference in this Securities Note or any applicable supplement or Final Terms;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Covered Bonds and the impact the Covered Bonds will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Covered Bonds, including Covered Bonds where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Covered Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Covered Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Covered Bonds unless it has the expertise (either alone or with a financial adviser) to evaluate how the Covered Bonds will perform under changing conditions, the resulting effects on the value of the Covered Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

Forecasts and estimates in this Securities Note are forward looking statements which relate, but are not limited, to the Issuer's potential exposure to various types of market risks, such as counterparty risk, interest rate risk, foreign exchange rate risk and commodity and equity price risk and are speculative in nature. Such statements are subject to risks and uncertainties and therefore not historical facts and represent only the Issuer's beliefs regarding future events, many of which, by their nature, are inherently uncertain and beyond the control of the Issuer. It can be expected that

some or all of the assumptions underlying the projections will not prove to be correct or will vary from actual results. Consequently, the actual result might differ from the projections and such differences might be significant.

OFFER RESTRICTIONS

This Securities Note does not constitute an offer to sell or the solicitation of an offer to buy any Covered Bonds in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of the Base Prospectus and any Final Terms and the offering, sale and delivery of Covered Bonds may be restricted by law in certain jurisdictions. The Issuer, the CBC2, the Originators, the Arranger, the Dealer(s) and the Trustee do not represent that this Securities Note or any Final Terms may be lawfully distributed, or that any Covered Bonds may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the CBC2, the Originators, the Arranger, the Dealer(s) or the Trustee which would permit a public offering of any Covered Bonds or distribution of this Securities Note or any Final Terms in any jurisdiction where action for that purpose is required. Accordingly, no Covered Bonds may be offered or sold, directly or indirectly, and neither this Securities Note nor any Final Terms nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Securities Note, any Final Terms or any Covered Bonds may come must inform themselves about, and observe, any such restrictions on the distribution of this Securities Note and any Final Terms and the offering and sale of Covered Bonds. In particular, there are selling restrictions in relation to the United States, the European Economic Area (including the United Kingdom, Italy and The Netherlands) and Japan and such other restrictions as may apply, see "*Section 1.5 Subscription and Sale*" below.

This Securities Note has been prepared on the basis that any offer of Covered Bonds in any Member State of the European Economic Area and the United Kingdom (each, a "**Relevant State**") will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of Covered Bonds. Accordingly any person making or intending to make an offer in that Relevant State of Covered Bonds which are the subject of an offering contemplated in the Base Prospectus as completed by Final Terms in relation to the offer of those Covered Bonds may only do so in circumstances in which no obligation arises for the Issuer, the CBC2 or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer, the CBC2 nor any Dealer have authorised, nor do they authorise, the making of any offer of Covered Bonds in circumstances in which an obligation arises for the Issuer, the CBC2 or any Dealer to publish or supplement a prospectus for such offer.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET - The Final Terms in respect of any Covered Bonds will include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Covered Bonds is a manufacturer in respect of

such Covered Bonds, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MIFID Product Governance Rules.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS - The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU ("IDD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

STABILISATION

In connection with the issue and distribution of any Tranche of Covered Bonds, the Dealer(s) (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Covered Bonds or effect transactions with a view to supporting the market price of the Covered Bonds of the Series (as defined under "*Section 1.3 Terms and Conditions of Covered Bonds*" below) of which such Tranche forms part at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche of Covered Bonds is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Covered Bonds and 60 days after the date of the allotment of the relevant Tranche of Covered Bonds (or such other periods as allowed under applicable laws and rules from time to time). Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

GENERAL

BENCHMARK REGULATION - Interest and/or other amounts payable under the Covered Bonds may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the "**Benchmark Regulation**"). If any such reference rate does constitute such a benchmark, the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmark Regulation. Transitional provisions in the Benchmark Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the Final Terms. The registration status of any administrator under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator.

Amounts payable under the Covered Bonds may, inter alia, be calculated by reference to the Eurozone inter-bank offered rate ("**EURIBOR**") which is provided by the European Money Markets Institute (the "**EMMI**"). As at the 2020 Programme Update, EMMI and ICE appear on the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the Benchmark Regulation.

Amounts payable under the Covered Bonds may, inter alia, be calculated by reference to London inter-bank offered rate ("**LIBOR**"), which is provided by ICE Benchmark Administration Limited. As at the 2020 Programme Update, ICE Benchmark Administration Limited appears on the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the Benchmark Regulation.

In the Base Prospectus and any document incorporated herein by reference, references to websites or uniform resource locators ("**URLs**") are deemed inactive textual references and are included for information purposes only. The contents of any such website or URL shall not form part of, or be deemed to be incorporated into, the Base Prospectus.

Other than in relation to the documents which are deemed to be incorporated by reference in this document (see "Section D.1 *Documents incorporated by reference*" below), any website referred to in this document does not form part of this Securities Note and has not been scrutinised or approved by the AFM.

1. COVERED BONDS

1.1. FORM OF COVERED BONDS

Each Tranche of Covered Bonds will (as specified in the applicable final terms (the "**applicable Final Terms**") be in bearer or in registered form. Bearer Covered Bonds will initially be issued in the form of a temporary global covered bond without interest coupons attached (a "**Temporary Global Covered Bond**") or, if so specified in the applicable Final Terms, a permanent global covered bond without interest coupons attached (a "**Permanent Global Covered Bond**" and, together with any Temporary Global Covered Bond, each a "**Global Covered Bond**"). Each Temporary Global Covered Bond which is intended to be issued in new global note ("NGN") form, as specified in the applicable Final Terms, will be deposited on or prior to the original issue date of the Tranche with a common safekeeper for Euroclear Bank SA/NV as operator of the Euroclear System ("**Euroclear**") and/or Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"). Each Classic Temporary Global Covered Bond which is not intended to be issued in NGN form, as specified in the applicable Final Terms, will on or prior to the original issue date of the Tranche be deposited with *Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V.* ("**Euroclear Netherlands**") or with (safekeeper or depository for) any other agreed clearing system. Registered Covered Bonds will be issued to each holder by way of a deed of issuance (a "**Registered Covered Bonds Deed**").

Whilst any Covered Bond is represented by a Temporary Global Covered Bond payments of principal, interest (if any) and any other amount payable in respect of the Covered Bonds due prior to the Exchange Date will be made against presentation of the Temporary Global Covered Bond only to the extent that certification (in a form to be provided) to the effect that the beneficial holders of interests in such Covered Bond are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands or any other agreed clearing system and that clearing system has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the "**Exchange Date**") which is not less than 40 days nor (if the Temporary Global Covered Bond has been deposited with Euroclear Netherlands) more than 90 days after the date on which the Temporary Global Covered Bond is issued (or the "**restricted period**" within the meaning of U.S. Treasury Regulations Section 1.163-5(c)(2)(i)(D)(7)), interests in such Temporary Global Covered Bond will be exchangeable (free of charge) upon a request as described therein for interests in a Permanent Global Covered Bond of the same Series, against certification of non-US beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Covered Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Covered Bond for an interest in a Permanent Global Covered Bond is improperly withheld or refused. Payments of principal, interest (if any) and any other amounts on a Permanent Global Covered Bond will be made without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Covered Bond will only be exchangeable (free of charge), in whole but not in part, for definitive bearer Covered Bonds (each a "**Bearer Definitive Covered Bond**") with, where applicable, receipts, interest coupons and talons attached only upon the occurrence of an Exchange Event, subject to mandatory provisions of applicable laws and regulations. For these purposes, "**Exchange Event**" means that (i) the Covered Bonds become immediately due and repayable by reason of an Issuer Event of Default or (ii) the Issuer has been notified that the relevant clearing system has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor

clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered if the Covered Bonds represented by the Permanent Global Covered Bond were in definitive form. The Issuer will promptly give notice to Covered Bondholders of each Series in accordance with Condition 13 (*Notices; Provision of Information*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg and/or, if applicable, Euroclear Netherlands (acting on the instructions of any holder of an interest in such Permanent Global Covered Bond) or the Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 30 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

In the event that Covered Bonds which have a denomination consisting of the minimum Specified Denomination plus a higher integral multiple of another smaller amount are issued, it is possible that the Covered Bonds may be traded in amounts that are not integral multiples of such minimum Specified Denomination. So long as such Covered Bonds are represented by a Temporary Global Covered Bond or Permanent Global Covered Bond and the relevant clearing system(s) so permit, these Covered Bonds will be tradeable only in the minimum Specified Denomination increased with integral multiples of another smaller amount, notwithstanding that Definitive Covered Bonds shall only be issued up to, but excluding, twice the minimum Specified Denomination. Bearer Definitive Covered Bonds will be in the standard euromarket form.

In the case of Covered Bonds represented by a Permanent Global Covered Bond deposited with Euroclear Netherlands, on the occurrence of an Exchange Event as described above, an exchange for Definitive Covered Bonds will only be possible in the limited circumstances as described in the Wge and in accordance with the rules and regulations of Euroclear Netherlands.

Global Covered Bonds, Definitive Covered Bonds and Registered Covered Bonds will be issued in accordance with and subject to the terms of the Agency Agreement and the Trust Deed.

The following legend will appear on all Covered Bonds in bearer form, which have an original maturity of more than one year and on all receipts and interest coupons relating to such Covered Bonds:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Covered Bonds, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Covered Bonds, receipts or interest coupons.

The following legend will appear on all Global Covered Bonds in bearer form held through Euroclear Netherlands:

"NOTICE: THIS COVERED BOND IS ISSUED FOR DEPOSIT WITH *NEDERLANDS CENTRAAL INSTITUUT VOOR GIRAAL EFFECTENVERKEER B.V. ("EUROCLEAR NETHERLANDS")* AT AMSTERDAM, THE NETHERLANDS. ANY PERSON BEING OFFERED THIS COVERED BOND FOR TRANSFER OR ANY OTHER PURPOSE SHOULD BE AWARE THAT THEFT OR FRAUD IS ALMOST CERTAIN TO BE INVOLVED.

Covered Bonds which are represented by a Global Covered Bond deposited with a common depository for Euroclear or Clearstream, Luxembourg or with a common safekeeper will only be

transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg or that common safekeeper, as the case may be. In the case of a Global Covered Bond deposited with Euroclear Netherlands, the rights of Covered Bondholders will be exercised in accordance with the Wge.

Pursuant to the Agency Agreement, the Principal Paying Agent shall arrange that, where a further Tranche of Covered Bonds is issued which is intended to form a single Series with an existing Tranche of Covered Bonds, the Covered Bonds of such further Tranche shall be assigned a temporary common code and ISIN Code by Euroclear and Clearstream, Luxembourg, Clearnet S.A. Amsterdam Branch Stock Clearing and/or any other relevant security code which are different from the common code, ISIN Code and/or other relevant security code assigned to Covered Bonds of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S ("**Regulation S**") under the United States Securities Act of 1933, as amended (the "**Securities Act**")) applicable to the Covered Bonds of such further Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Trustee but shall not include Euroclear Netherlands.

No Covered Bondholder or Couponholder shall be entitled to proceed directly against the Issuer or the CBC2 unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

Under Dutch law an independent guarantee like the Guarantee is in general considered to be an independent claim. It is not an accessory right (*afhankelijk recht*) and is unlikely to be an ancillary right (*nevenrecht*), that by operation of law follows the receivables it secures upon transfer thereof. The Issuer has been advised that under Dutch law, in the case of Bearer Covered Bonds, such an 'automatic' transfer of the Guarantee can be accomplished by ensuring that the Guarantee forms an integral part of the Covered Bonds. For this reason the Guarantee and the Covered Bonds will provide that the rights under the Guarantee (a) form an integral part of the Covered Bonds, (b) are of interest to a Covered Bondholder only if, to the extent that, and for so long as, it holds Covered Bonds and (c) can only be transferred together with all other rights under the relevant Covered Bond. The Issuer has been advised that as a result, in case of a physical transfer of a Bearer Covered Bond, such transfer includes the corresponding rights under the Guarantee. In case of a transfer of a beneficial interest in a Global Covered Bond to a transferee by way of book-entry transfer (*girale overboeking*), such transfer includes the corresponding rights under the Guarantee subject to and in accordance with any applicable laws, rules and regulations of the relevant clearing system. For Registered Covered Bonds issued pursuant to a Registered Covered Bonds Deed, the rights under the Guarantee are to be separately assigned, together with the corresponding rights under the relevant Registered Covered Bonds.

1.2. FORM OF FINAL TERMS

Set out below is the form of Final Terms, which, subject to any necessary amendment, will be completed for each Tranche of Covered Bonds issued under the Programme. Any deviation of the form of Final Terms will also have to be agreed with the CBC2.

FINAL TERMS

[Date]

ABN AMRO Bank N.V.

(incorporated in The Netherlands with its statutory seat in Amsterdam and registered in the Commercial Register of the Chamber of Commerce under number 34334259)

Issue of [Aggregate Nominal Amount of Tranche] [Title of Covered Bonds]

**Guaranteed as to payment of principal and interest by
ABN AMRO Covered Bond Company 2 B.V.
under the €40,000,000,000
Covered Bond Programme 2**

The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Covered Bonds in any Member State of the European Economic Area and the United Kingdom (each, a "**Relevant State**") will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of Covered Bonds. Accordingly any person making or intending to make an offer in that Relevant State of Covered Bonds which are the subject of an offering contemplated in the Base Prospectus as completed by Final Terms in relation to the offer of those Covered Bonds may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Covered Bonds in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer. The expression "**Prospectus Regulation**" means Regulation (EU) 2017/1129, as amended.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS - The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**") or in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive 2016/97/EU ("**IDD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). Consequently no key information document is required by Regulation (EU) No. 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MiFID II product governance / Professional investors and ECPs only target market - Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Covered Bonds has led to the conclusion that: (i) the target market for the Covered

Bonds is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Covered Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.

PART A – CONTRACTUAL TERMS

These Final Terms have been prepared for the purpose of Article 8 of Regulation (EU) 2017/1129, as amended, and must be read in conjunction with the base prospectus consisting of separate documents (i.e. (i) the securities note dated [•] 2020 and its supplement(s) (if any) (the "**Securities Note**") and (ii) the registration document of ABN AMRO Bank N.V. (the "**Issuer**") dated [•] 2020, and its supplement(s) (if any) (the "**Registration Document**" and together with the Securities Note, the "**Base Prospectus**") pertaining to the €40,000,000,000 Covered Bond Programme 2. Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the Base Prospectus. Full information on the Issuer and the offer of the Covered Bonds is only available on the basis of the combination of the Base Prospectus as a whole (comprising this Securities Note and the Registration Document) and any supplements thereto and these Final Terms. The Base Prospectus and any supplements thereto are available for viewing at the Issuer's website (<https://www.abnamro.com/en/investor-relations/debt-investors/covered-bonds/retained-covered-bonds.html>) and during normal business hours at the registered office of the Issuer, currently at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands and copies may be obtained from the Issuer at that address.

Prospective investors should carefully consider the section "Risk Factors" in the Base Prospectus.

[The following alternative language applies if the first Tranche of an issue which is being increased was issued under a base prospectus with an earlier date. Consider whether a Drawdown Prospectus is required in this case, for example, because the final terms of the first Tranche included information which is no longer permitted to be included in final terms under the Prospectus Regulation.]

These Final Terms have been prepared for the purpose of Article 8 of Regulation (EU) 2017/1129, as amended, and must be read in conjunction with the base prospectus consisting of separate documents (i.e. (i) the securities note dated [•] 2020 and its supplement(s) (if any) (the "**Securities Note**") and (ii) the registration document of ABN AMRO Bank N.V. (the "**Issuer**") dated [•] 2020, and its supplement(s) (if any)) (the "**Registration Document**" and together with the Securities Note, the "**Base Prospectus**") pertaining to the €40,000,000,000 Covered Bond Programme 2. Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions set forth in the Securities Note, provided that solely for the purpose of Condition 7 (*Taxation*) sub (iv) and (c) and (d) of the sixth paragraph of Condition 14 (*Meetings of Covered Bondholders, Modification and Waiver*), the Issue Date shall be deemed to be [*include issue date of original issuance*]. Full information on the Issuer and the offer of the Covered Bonds is only available on the basis of the combination of the Base Prospectus as a whole (comprising this Securities Note and the Registration Document) and any supplements thereto and these Final Terms. The Base Prospectus and any supplements thereto are available for viewing at the Issuer's website (<https://www.abnamro.com/en/investor-relations/debt-investors/covered-bonds/retained-covered-bonds.html>) and during normal business hours at the registered office of the Issuer, currently at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands and copies may be obtained from the Issuer at that address.

Prospective investors should carefully consider the section "Risk Factors" in the Securities Note.

Note that the numbering should remain as set out below, even if "Not Applicable" is indicated for individual paragraphs (in which case the sub-paragraphs which are not applicable can be deleted). Italics denote guidance for completing the Final Terms.]

[When completing any final terms or adding any other final terms or information, consideration should be given as to whether such terms or information constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus under Article 23 of the Prospectus Regulation.]

Interest bearing definitive Covered Bonds have (unless otherwise indicated in the applicable Final Terms) interest coupons ("**Coupons**") and, if indicated in the applicable Final Terms, talons for further Coupons ("**Talons**") attached on issue. 1. **FORM, DENOMINATION AND TITLE**

The Covered Bonds are in bearer form ("**Bearer Covered Bonds**") or registered form ("**Registered Covered Bonds**"), as set out in the applicable Final Terms, and, in the case of Definitive Covered Bonds, serially numbered, and in the case of Definitive Covered Bonds or Registered Covered Bonds in the Specified Currency and the Specified Denomination(s).

Covered Bonds of one Specified Denomination may not be exchanged for Covered Bonds of another Specified Denomination. Registered Covered Bonds may not be exchanged for Bearer Covered Bonds.

A Covered Bond may be a Fixed Rate Covered Bond, a Floating Rate Covered Bond or a Zero Coupon Covered Bond or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

Definitive Covered Bonds are issued with Coupons attached, unless they are Zero Coupon Covered Bonds or Registered Covered Bonds in which case references to Coupons and Couponholders in these Conditions are not applicable.

Under Dutch law, the valid transfer of Covered Bonds requires, amongst other things, delivery (*levering*) thereof.

For Covered Bonds held by Euroclear Netherlands deliveries will be made in accordance with the Wge.

The Issuer, the CBC2, the Paying Agents and the Trustee may (except as otherwise required by law) deem and treat the holder of any Bearer Covered Bond or Coupon as the absolute owner thereof, whether or not any payment is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof and no person shall be liable for so treating such bearer for all purposes but, in the case of any Global Covered Bond, without prejudice to the provisions set out in the first succeeding paragraph. The signatures on the Covered Bonds and the Registered Covered Bond Deeds are manual and/or in facsimile.

For so long as any of the Covered Bonds are represented by a Global Covered Bond held on behalf of Euroclear Bank SA/NV as operator of the Euroclear System ("**Euroclear**") and/or Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") by a common safekeeper, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Covered Bonds (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Covered Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the CBC2, the Paying Agents and the Trustee as the holder of such nominal amount of such Covered Bonds for all purposes other than with respect to the payment of principal or interest or other amounts on such nominal amount of such Covered Bonds, for which purpose the bearer of the relevant Global Covered Bond shall be treated by the Issuer, the CBC2, any Paying Agent and the Trustee as the holder of the nominal amount of such Covered Bonds in accordance with and subject to the terms of the relevant Global Covered Bond and the expressions "**Covered Bondholder**" and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular nominal amount of Covered Bonds as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error or an error established as such to the satisfaction of the Trustee, be conclusive and binding on all concerned.

Covered Bonds, which are represented by a Global Covered Bond will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg, Euroclear Netherlands and/or any other agreed clearing system, as the case may be.

Where Covered Bonds represented by a Permanent Global Covered Bond are deposited with Euroclear Netherlands, a Covered Bondholder shall not have the right to request delivery (*untitling*) of his Covered Bonds under the Wge other than as set out in the Global Covered Bond.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Trustee but shall not include Euroclear Netherlands. Any amendments to these Conditions required in connection with such additional or alternative clearing system shall be specified in the applicable Final Terms.

2. STATUS OF THE COVERED BONDS

The Covered Bonds and any relative Coupons constitute unsubordinated and unsecured obligations of the Issuer, guaranteed by the Guarantee and rank *pari passu* without any preference among themselves and at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, present and future, other than any obligations preferred by mandatory provisions of applicable law.

3. THE GUARANTEE

Pursuant to a guarantee issued under the Trust Deed, the CBC2 has as an independent obligation irrevocably undertaken to pay the Guaranteed Amounts when the same shall become Due for Payment (as amended from time to time, the "**Guarantee**"). However, the CBC2 shall have no such obligation under the Guarantee until (i) the occurrence of an Issuer Event of Default, service by the Trustee on the Issuer of an Issuer Acceleration Notice and service by the Trustee on the CBC2 of a Notice to Pay or (ii) the occurrence of a CBC2 Event of Default and the service by the Trustee of a CBC2 Acceleration Notice on the Issuer and the CBC2. In addition, the CBC2 is obliged under the Guarantee to pay a Guaranteed Final Redemption Amount in relation to any Series (the "**Relevant Series**"), then:

- (a) the obligation of the CBC2 to pay such Guaranteed Final Redemption Amount in respect of the Relevant Series shall be deferred to, and shall under the Guarantee be due on, the Extended Due for Payment Date, unless on the date when such Guaranteed Final Redemption Amount is Due for Payment (the "**Extension Date**") or any subsequent Interest Payment Date which applies pursuant to paragraph (b) below and which falls prior to the Extended Due for Payment Date, any monies are available to the CBC2 after the CBC2 shall under the relevant Priority of Payments have paid or provided for (1) all higher and *pari passu* ranking amounts and (2) all Guaranteed Final Redemption Amounts pertaining to any Series with an Extended Due for Payment Date falling prior to the CBC2 Payment Period in which the Extended Due for Payment Date for the Relevant Series falls, in which case the CBC2 shall (i) give notice thereof to the holders of the Relevant Series (in accordance with Condition 13 (*Notices; Provision of Information*)), the Rating Agencies, the Trustee, the Principal Paying Agent and the Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event at least two Business Days prior to the Extension Date and/or such Interest Payment Date, respectively and (ii) apply such remaining available monies in payment, in whole or in part, of such Guaranteed Final Redemption Amount, if applicable *pro rata* with any Guaranteed Final Redemption Amount pertaining to a Series with an Extended Due for Payment Date falling in the same CBC2 Payment Period in which the Extended Due for Payment Date for the Relevant Series falls (and to such extent such Guaranteed Final Redemption Amount shall for the purpose of the

relevant Priority of Payments and all other purposes be due) on the Extension Date and/or such Interest Payment Date, respectively; and

- (b) the CBC2 shall under the Guarantee owe interest over the unpaid portion of such Guaranteed Final Redemption Amount, which shall accrue and be payable on the basis set out in the applicable Final Terms or, if not set out therein, Condition 4 (*Interest*) provided that for this purpose all references in Condition 4 (*Interest*) to the Final Maturity Date of the Relevant Series are deemed to be references to the Extended Due for Payment Date, *mutatis mutandis*,

all without prejudice to the CBC2's obligation to pay any other Guaranteed Amount (i.e. other than the Guaranteed Final Redemption Amount) when Due for Payment.

The rights under the Guarantee (a) form an integral part of the Covered Bonds, (b) are of interest to a Covered Bondholder only if, to the extent that, and for so long as, it holds Covered Bonds and (c) can only be transferred together with all other rights under the relevant Covered Bond. The obligations of the CBC2 under the Guarantee are unsubordinated and unguaranteed obligations of the CBC2, which are secured (indirectly, through a parallel debt) as provided for in the relevant Security Documents.

As security for a parallel debt corresponding to the CBC2's obligations under the Guarantee and the other Transaction Documents to which it is a party, the CBC2 has granted or will grant (as the case may be) the following security rights to the Trustee:

- (i) a first ranking right of pledge over the Transferred Assets;
- (ii) a first ranking right of pledge over the monies standing to the credit of the CBC2 Accounts from time to time; and
- (iii) a first ranking right of pledge over the CBC2's present and future rights (*vorderingen*) *vis-à-vis* any debtors of the CBC2 under any Transaction Document to which the CBC2 is a party, other than the Management Agreement (CBC2).

The holders of the Covered Bonds of each Series will, through the Trustee, benefit from the Security and are deemed to have acknowledged, and are bound by, Clause 8 (*Parallel Debt*) of the Trust Deed.

In these Conditions:

"Extended Due for Payment Date" means, in relation to any Series, the date falling twelve (12) calendar months after the Final Maturity Date, as specified as such in the applicable Final Terms; and

"Guaranteed Final Redemption Amount" means a Guaranteed Amount relating to Scheduled Principal payable on the Final Maturity Date in respect of any Series.

4. INTEREST

- (a) ***Interest on Fixed Rate Covered Bonds***

Each Fixed Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date at the rate(s) per annum equal to the applicable Rate of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Final Maturity Date and subject to Condition 3 (*The Guarantee*), the Extended Due for Payment Date.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

If a "**Business Day Convention**" is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) the "**Following Business Day Convention**", such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (2) the "**Modified Following Business Day Convention**", such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (3) the "**Preceding Business Day Convention**", such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

If a Business Day Convention is specified in the applicable Final Terms, the number of days for calculating the amount of interest payable in respect of the relevant Interest Period shall also be adjusted in accordance with such Business Day Convention, unless "**Unadjusted**" is specified in the applicable Final Terms, in which case such amount of interest shall be calculated as if the relevant Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the Fixed Rate Covered Bond, divided by the Calculation Amount.

In these Conditions:

"**Business Day**" means a day which is:

- (i) in relation to any sum payable in respect of any Series of Covered Bonds a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007 ("**TARGET2**") is open and a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Amsterdam and in any "**Additional Business Centre**" specified in the applicable Final Terms; and
- (ii) in any other case (A) in relation to any sum payable (other than in respect of any Series of Covered Bonds), a day on which banks are generally open for business in

Amsterdam and TARGET2 is open, or (B) a day on which banks are generally open for business in Amsterdam;

"**Calculation Amount**" has the meaning given thereto in the applicable Final Terms;

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms:
 - (A) in the case of Covered Bonds where the actual number of days in the relevant period from (and including) the most recent Interest Payment Date (or, in the case of the first interest period, the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date (the "**Accrual Period**") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (B) in the case of Covered Bonds where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if "**30/360**" is so specified, the number of days in the Fixed Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y1**" is the year, expressed as a number, in which the first day of the Fixed Interest Period falls;

"**Y2**" is the year, expressed as a number, in which the day immediately following the last day included in the Fixed Interest Period falls;

"**D1**" is the first calendar day, expressed as a number, of the Fixed Interest Period, unless such number would be 31, in which case D1 will be 30; and

"**D2**" is the calendar day, expressed as a number, immediately following the last day included in the Fixed Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

"**Determination Period**" means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

"**Final Maturity Date**" means in respect of a Series the Interest Payment Date which falls no more than 30 years after the Issue Date of such Series and on which the Covered Bonds of such Series are expected to be redeemed at their Principal Amount Outstanding in accordance with these Conditions as specified in the applicable Final Terms;

"**Fixed Interest Period**" means the period from (and including) an Interest Payment Date (or, in the case of the first interest period, the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date;

"**Principal Amount Outstanding**" means, on any date:

- (i) in respect of a Covered Bond outstanding, the principal amount of that Covered Bond on the relevant Issue Date, less the aggregate amount of any principal payments in respect of such Covered Bond which have been paid to the Paying Agent on or prior to that date; and
- (ii) in relation to the Covered Bonds outstanding at any time, the aggregate of the amount in (i) in respect of all Covered Bonds outstanding; and

"**sub-unit**" means one euro cent.

(b) ***Interest on Floating Rate Covered Bonds***

(i) ***Interest Payment Dates***

Each Floating Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an "**Interest Payment Date**") which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, the expression "**Interest Period**" shall mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the "**FRN Convention**", "**Floating Rate Convention**" or "**Eurodollar Convention**", such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the "**Following Business Day Convention**", such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the "**Modified Following Business Day Convention**", such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the "**Preceding Business Day Convention**", such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

If a Business Day Convention is specified in the applicable Final Terms, the number of days for calculating the amount of interest payable in respect of the relevant Interest Period shall also be adjusted in accordance with such Business Day Convention, unless "**Unadjusted**" is specified in the applicable Final Terms, in which case such amount of interest shall be calculated as if the relevant Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Covered Bonds will be determined in the manner described further in subparagraph (A) or subparagraph (B) below, as determined in the applicable Final Terms and subject to Condition 4(d) (*Reference Rate Replacement*).

(A) ISDA Determination for Floating Rate Covered Bonds

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (A), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as

published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Covered Bonds (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period as specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate ("**LIBOR**") or on the Euro-zone inter-bank offered rate ("**EURIBOR**"), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this subparagraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Covered Bonds

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR), the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the time specified two paragraphs above on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with offered quotations, the Rate of Interest for the Interest Period shall be the

arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be determined by the Calculation Agent as the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the principal financial centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the principal financial centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time, and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; provided, however, that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Covered Bonds during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Covered Bonds in respect of a preceding Interest Period (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

If the Reference Rate from time to time in respect of Floating Rate Covered Bonds is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Covered Bonds will be determined:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, by the Calculation Agent as the Reference Rate which appears on the Relevant Screen Page as at 11.00 a.m. in the principal financial centre of the relevant currency (such as London, or Amsterdam in respect of the Euro-zone (where Euro-zone means the region comprised of the countries whose lawful currency is the euro) on the relevant Interest Determination Date; and
- (ii) in any other case, by the Calculation Agent as the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as at the time specified in the preceding paragraph on the relevant Interest Determination Date.

For the purposes of this subparagraph (B), "**Reference Banks**" means, in the case of a determination of EURIBOR, the principal Amsterdam office of four major banks in the Amsterdam inter-bank market selected by the Calculation Agent or, in the case of a determination of a rate other than

EURIBOR, four major banks selected by the Calculation Agent in the market that is most closely connected with the Reference Rate.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Calculation Agent will at or as soon as practicable at each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Covered Bonds in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the Floating Rate Covered Bond, divided by the Calculation Amount.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest in accordance with this Condition 4(b):

if "**Actual/Actual (ISDA)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of the Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

if "**Actual/365 (Euro)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;

if **"30E/360"** or **"Eurobond Basis"** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

if **"30/360"** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30; or

if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Interest Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"**M₂**" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case **D₁** will be 30; and

"**D₂**" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Final Maturity Date or (ii) such number would be 31, in which case **D₂** will be 30.

(v) *Notification of Rate of Interest and Interest Amounts*

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee and any competent listing authority, stock exchange and/or quotation system on or by which the relevant Floating Rate Covered Bonds are for the time being listed, quoted and/or admitted to trading and notice thereof to be published in accordance with Condition 13 (*Notices; Provision of Information*) as soon as possible after their determination but in no event later than the fourth Amsterdam Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each competent listing authority, stock exchange and/or quotation system on or by which the relevant Floating Rate Covered Bonds are for the time being listed, quoted and/or admitted to trading and to the Covered Bondholders in accordance with Condition 13 (*Notices; Provision of Information*). For the purposes of this paragraph, the expression "**Amsterdam Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Amsterdam. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Floating Rate Covered Bond having the minimum Specified Denomination.

(vi) *Determination or Calculation by Trustee*

If for any reason at any relevant time the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Calculation Agent defaults in its obligation to calculate any Interest Amount in accordance with subparagraph (ii)(A) or (B) above, as the case may be, and in each case in accordance with paragraph (iv) above, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 4(b), but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Calculation Agent.

(vii) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the Calculation Agent or the Trustee shall (in the absence of wilful default, bad faith or manifest error or an error established as such to the satisfaction of the Trustee) be binding on the Issuer, the CBC2, the Calculation Agent, the other Paying Agents, the Trustee and all Covered Bondholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the CBC2, the Covered Bondholders or the Couponholders shall attach to the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Accrual of interest*

Each Covered Bond (or in the case of the redemption of part only of a Covered Bond, that part only of such Covered Bond) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

(d) *Reference Rate Replacement*

(i) If the Calculation Agent (in consultation with the Issuer or, following an Issuer Event of Default, the CBC2) determines that a Reference Rate Event has occurred when any Rate of Interest (or component thereof) remains to be determined by reference to the Reference Rate, then the following provisions shall apply to the relevant Series of Covered Bonds:

(A) the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) shall use reasonable endeavours to appoint an Independent Adviser to determine:

- (1) a Successor Reference Rate; or
- (2) if such Independent Adviser fails so to determine a Successor Reference Rate, an Alternative Reference Rate,

and, in each case, an Adjustment Spread (if any) (in any such case, acting in good faith and in a commercially reasonable manner) no later than five

Business Days prior to the Interest Determination Date relating to the next Interest Period (the "**IA Determination Cut-off Date**"), for the purposes of determining the Rate of Interest applicable to the Covered Bonds for such next Interest Period and for all other future Interest Periods (subject to the subsequent operation of this Condition 4(d) during any other future Interest Period(s));

- (B) if the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) is unable to appoint an Independent Adviser or such Independent Adviser appointed fails to determine a Successor Reference Rate or an Alternative Reference Rate (in accordance with Condition 4(d)(i)(A) prior to the relevant IA Determination Cut-off Date, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable), acting in good faith, in a commercially reasonable manner and take into account any applicable requirements arising from the Benchmark Regulation, shall use reasonable endeavours to determine:

- (1) a Successor Reference Rate; or
- (2) if the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) fails so to determine a Successor Reference Rate, an Alternative Reference Rate,

and, in each case, an Adjustment Spread (if any) (in any such case, acting in good faith and in a commercially reasonable manner) no later than three Business Days prior to the Interest Determination Date relating to the next Interest Period (the "**Issuer/CBC2 Determination Cut-off Date**"), for the purposes of determining the Rate of Interest applicable to the Covered Bonds for such next Interest Period and for all other future Interest Periods (subject to the subsequent operation of this Condition 4(d) during any other future Interest Period(s)). Without prejudice to the definitions thereof, for the purposes of determining any Alternative Reference Rate and/or any Adjustment Spread, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) will take into account any relevant and applicable market precedents as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets;

- (C) if a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) is determined by the relevant Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) in accordance with this Condition 4(d):

- (1) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall be the Reference Rate for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 4(d));
- (2) if the relevant Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) determines that an Adjustment Spread is required to be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) and determines to the best of its knowledge and capability (acting in good faith and in a commercially reasonable manner) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be

applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 4(d)); and

- (3) the relevant Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) (acting in good faith and in a commercially reasonable manner) may in its discretion specify:
 - (x) changes to these Conditions in order to follow market practice in relation to such Successor Reference Rate or Alternative Reference Rate (as applicable), including, but not limited to (1) Additional Business Centre(s), Additional Financial Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reference Banks and/or Relevant Screen Page applicable to the relevant Series of Covered Bonds and (2) the method for determining the fall-back to the Rate of Interest in relation to the relevant Series of Covered Bonds if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available; and
 - (y) any other changes which the relevant Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) determines are reasonably necessary to ensure the proper operation and comparability to the Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable),

which changes shall apply to the relevant Series of Covered Bonds for all future Interest Periods (subject to the subsequent operation of this Condition 4(d)); and

- (D) promptly following the determination of (i) any Successor Reference Rate or Alternative Reference Rate (as applicable) and (ii) if applicable, any Adjustment Spread, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) shall give notice thereof and of any changes (and the effective date thereof) pursuant to Condition 4(d)(C)(3) to the Trustee, the Principal Paying Agent, the Calculation Agent and the relevant Covered Bondholders in accordance with Condition 13 (*Notices; Provision of Information*).
- (ii) If a Successor Reference Rate or an Alternative Reference Rate is not determined pursuant to the operation of this Condition 4(d) on or before the relevant Issuer Determination Cut-off Date, then the Rate of Interest for the next Interest Period shall be determined by reference to the fall-back provisions of Condition 4(b)(ii)(B) (*Screen Rate Determination for Floating Rate Covered Bonds*).
- (iii) An Independent Adviser appointed pursuant to this Condition 4(d) shall act in good faith and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable), the Transfer Agent, the Registrars, the Paying Agents, the Calculation Agent or the

Covered Bondholders for any determination made by it (or not made by it) pursuant to this Condition 4(d).

(iv) As used in this Condition 4(d):

"Adjustment Spread" means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the relevant Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) determines is required to be applied to a Successor Reference Rate or an Alternative Reference Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to relevant Covered Bondholders as a result of the replacement of the Reference Rate with such Successor Reference Rate or Alternative Reference Rate (as applicable) and is the spread, formula or methodology which:

- (i) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the Reference Rate with such Successor Reference Rate by any Relevant Nominating Body; or
- (ii) in the case of a Successor Reference Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the relevant Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) determines is recognized or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate, where such rate has been replaced by such Successor Reference Rate or Alternative Reference Rate (as applicable); or
- (iii) if no such customary market usage is recognized or acknowledged, the relevant Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) in its discretion determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

"Alternative Reference Rate" means the rate that the relevant Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) determines has replaced the Reference Rate in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest in respect of covered bonds which meet the criteria set out in article 129 of the CRR (as amended from time to time) and which are denominated in the Specified Currency and of a comparable duration to the relevant Interest Periods, or, if such Independent Adviser, or the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) determines that there is no such rate, such other rate as such Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) determines in its discretion is most comparable to the Reference Rate.

"Independent Adviser" means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) at its own expense.

"Reference Rate" shall be reference rate as specified in the applicable Final Terms, subject as provided in Condition 4(d) (*Reference Rate Replacement*).

"Reference Rate Event" means:

- (i) the relevant Reference Rate has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered; or

- (ii) a public statement by the administrator of the relevant Reference Rate that it has ceased, or will cease, publishing such Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of such Reference Rate); or
- (iii) a public statement by the supervisor of the administrator of the relevant Reference Rate that such Reference Rate has been or will be permanently or indefinitely discontinued; or
- (iv) a public statement by the supervisor of the administrator of the relevant Reference Rate as a consequence of which such Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences either generally, or in respect of the Covered Bonds; or
- (v) a public statement by the supervisor of the administrator of the relevant Reference Rate that, in the view of such supervisor, such Reference Rate is no longer representative of an underlying market or the methodology to calculate such Reference Rate has materially changed; or
- (vi) it has or will become unlawful for the Calculation Agent or the Issuer to calculate any payments due to be made to any Covered Bondholder using the relevant Reference Rate (including, without limitation, under the Benchmark Regulation (EU) 2016/1011, if applicable).

"Relevant Nominating Body" means, in respect of a reference rate:

- (i) the central bank for the currency to which such reference rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate; or
- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which such reference rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate, (c) a group of the aforementioned central banks or other supervisory authorities, or (d) the Financial Stability Board or any part thereof.

"Successor Reference Rate" means the rate that the relevant Independent Adviser, the Issuer or, following an Issuer Event of Default, the CBC2 (as applicable) determines is a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body

5. PAYMENTS

(a) *Method of payment*

Subject as provided below, payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment in these Conditions, the Trust Deed, the Agency Agreement and the Final Terms, but without prejudice to the provisions of Condition 7 (*Taxation*). References to Specified Currency will include any successor currency under applicable law.

(b) ***Presentation of Definitive Covered Bonds and Coupons***

Payments of principal in respect of Definitive Covered Bonds will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Definitive Covered Bonds, and payments of interest in respect of Definitive Covered Bonds will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States.

Fixed Rate Covered Bonds in definitive form (other than Long Maturity Covered Bonds (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8 (*Prescription*) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Covered Bond in definitive form becoming due and repayable prior to its Final Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Covered Bond or Long Maturity Covered Bond in definitive form becomes due and repayable in whole, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity Covered Bond**" is a Fixed Rate Covered Bond (other than a Fixed Rate Covered Bond which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Covered Bond shall cease to be a Long Maturity Covered Bond on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the Principal Amount Outstanding of such Covered Bond.

If the due date for redemption of any Definitive Covered Bond is not an Interest Payment Date, interest (if any) accrued in respect of such Covered Bond from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Covered Bond.

(c) ***Payments in respect of Global Covered Bonds***

Payments of principal and interest (if any) in respect of Covered Bonds represented by any Global Covered Bond in bearer form not in new global note form will (subject as provided below) be made in the manner specified above in relation to Definitive Covered Bonds and otherwise in the manner specified in the relevant Global Covered Bond against presentation or surrender (as the case may be) of such

Global Covered Bond at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Covered Bond, distinguishing between any payment of principal and any payment of interest, will be made on such Global Covered Bond by the Paying Agent to which it was presented and such record shall be *prima facie* evidence that the payment in question has been made.

If a Global Covered Bond in bearer form is in the form of a new global note, payments of principal and interest (if any) in respect of such Covered Bonds shall be entered *pro rata* in the records of the relevant clearing system and, in the case of payments of principal, the principal amount of such Covered Bonds recorded in the records of the relevant clearing system and represented by the Global Covered Bond in bearer form in the form of a new global note will be reduced accordingly.

(d) ***General provisions applicable to payments***

The holder of a Global Covered Bond shall be the only person entitled to receive payments in respect of Covered Bonds represented by such Global Covered Bond and the Issuer or the CBC2 and the Trustee will be discharged by payment to, or to the order of, the holder of such Global Covered Bond in respect of each amount so paid.

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or Euroclear Netherlands or any other agreed clearing system as the beneficial holder of a particular nominal amount of Covered Bonds represented by a Global Covered Bond must look solely to Euroclear, Clearstream, Luxembourg or Euroclear Netherlands or any other agreed clearing system, as the case may be, for his share of each payment so made by the Issuer or the CBC2 or the Trustee to, or to the order of, the holder of such Global Covered Bond.

(e) ***Payment Day***

If the date for payment of any amount in respect of any Covered Bond or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which (subject to Condition 8 (*Prescription*)) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Bearer Covered Bonds in definitive form only, the relevant place of presentation; and
 - (B) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) a day on which TARGET2 is open.

(f) ***Interpretation of principal and interest***

Any reference in these Conditions to principal in respect of the Covered Bonds shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Covered Bonds;
- (iii) the Early Redemption Amount of the Covered Bonds;
- (iv) the Optional Redemption Amount(s) (if any) of the Covered Bonds;
- (v) in relation to Zero Coupon Covered Bonds, the Amortised Face Amount (as defined in Condition 6(d) (*Redemption and Purchase - Early Redemption Amounts*));
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Covered Bonds; and
- (vii) any Excess Proceeds which may be payable by the Trustee under or in respect of the Covered Bonds.

Any reference in these Conditions to interest in respect of the Covered Bonds shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

(g) ***Set-off***

If this Condition 5(g) is specified to apply in the applicable Final Terms:

- (i) any payments under or pursuant to the Covered Bonds shall be made by the Issuer free of set-off; and
- (ii) for the purpose of Registered Covered Bonds issued to a German insurance company or pension fund under the German Insurance Supervisory Act, the Issuer and the CBC2 each hereby waive, for the benefit of all present and future holders of the Registered Covered Bonds, any right to set-off (*verrekenen*, in German: *aufrechnen*) any amount against, any right to retain (*inhouden*, in German: *zurückbehalten*) any amount from, and any right of pledge (*pandrecht*, in German: *Pfandrecht*), including but not limited to any right of pledge created under the Issuer's General Banking Conditions, with regard to any amount it owes under or in respect of the Registered Covered Bonds and any similar right which may adversely affect the rights under or in respect of the Registered Covered Bonds. This waiver (i) applies as far as and as long as and to the extent that the Registered Covered Bonds are part of the guarantee assets (*Sicherungsvermögen*) within the meaning of the German Insurance Supervisory Act (*Versicherungsaufsichtsgesetz*), also in the event of an insolvency or in the event that insolvency proceedings or similar proceedings are instituted and (ii) prevails over any present or future agreement with a conflicting content, save in the case of future agreements only, where such future agreement has a conflicting content which explicitly refers to this specific waiver.

6. REDEMPTION AND PURCHASE

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below and subject to Condition 3 (*The Guarantee*), each Covered Bond will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Final Maturity Date (the "**Final Redemption Amount**").

(b) *Redemption for tax reasons*

The Covered Bonds may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Covered Bond is not a Floating Rate Covered Bond) or on any Interest Payment Date (if this Covered Bond is a Floating Rate Covered Bond), on giving not less than 30 nor more than 60 days' notice to the Trustee and the Principal Paying Agent and, in accordance with Condition 13 (*Notices; Provision of Information*), the Covered Bondholders (which notice shall be irrevocable), if the Issuer satisfies the Trustee immediately before the giving of such notice that:

- (i) on the occasion of the next payment due under the Covered Bonds, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 7 (*Taxation*)) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Covered Bonds; and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Covered Bonds then due.

Prior to the publication of any notice of redemption pursuant to this Condition 6, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Covered Bondholders and the Couponholders.

Covered Bonds redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in Condition 6(d) (*Early Redemption Amounts*) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the option of the Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Covered Bondholders in accordance with Condition 13 (*Notices; Provision of Information*) or such other notice period as may be specified in the applicable Final Terms; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Trustee, the Principal Paying Agent and the Registrar;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Covered Bonds then outstanding on any Optional Redemption Date specified in the applicable Final Terms (each such date, an "**Optional Redemption Date**") and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date, provided that no Issuer Event of Default has occurred and is continuing. Any such (partial) redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Covered Bonds, the Covered Bonds to be redeemed (the "**Redeemed Covered Bonds**") will be selected individually by lot, in the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, and where applicable in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or Euroclear Netherlands or any other agreed clearing system, in the case of Redeemed Covered Bonds represented by a Global Covered Bond, in each case, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Covered Bonds (i) represented by Definitive Covered Bonds, a list of the serial numbers and (ii) in the case of Registered Covered Bonds, the nominal amount drawn and the holders thereof, of such Redeemed Covered Bonds will be published in accordance with Condition 13 (*Notices; Provision of Information*) not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Covered Bonds represented by Definitive Covered Bonds shall bear the same proportion to the aggregate nominal amount of all Redeemed Covered Bonds as the aggregate nominal amount of Definitive Covered Bonds outstanding bears to the aggregate nominal amount of the Covered Bonds outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Covered Bonds represented by a Global Covered Bond shall be equal to the balance of the Redeemed Covered Bonds. No exchange of the relevant Global Covered Bond will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Covered Bondholders in accordance with Condition 13 (*Notices; Provision of Information*) at least five days prior to the Selection Date.

(d) ***Early Redemption Amounts***

For the purpose of paragraph (b) above and Condition 9 (*Events of Default and Enforcement*), each Covered Bond will be redeemed at its Early Redemption Amount calculated as follows (each, the relevant "**Early Redemption Amount**"):

- (i) in the case of a Covered Bond with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of a Covered Bond (other than a Zero Coupon Covered Bond) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Covered Bond is denominated, at the amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount;
- (iii) in the case of a Zero Coupon Covered Bond, at the Amortised Face Amount (as defined below); or

(iv) such other redemption amount as may be specified in the applicable Final Terms.

The "**Amortised Face Amount**" is calculated in accordance with the following formula:

$$\text{Amortised Face Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"**RP**" means the Reference Price specified in the applicable Final Terms;

"**AY**" means the Accrual Yield specified in the applicable Final Terms, expressed as a decimal; and

"**y**" is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Covered Bonds to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Covered Bond becomes due and repayable and the denominator of which is 360, provided that where such calculation is to be made for a period which is not a whole number of years, it shall be made (i) on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed falls in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non-leap year divided by 365) or (iii) on the basis of such other Day Count Fraction mentioned in Conditions 4(a) (*Interest on Fixed Rate Covered Bonds*) and 4(b)(iv) (*Determination of Rate of Interest and calculation of Interest Amounts*) as may be specified in the applicable Final Terms.

(e) ***Purchases***

The CBC2, the Issuer and/or any of its consolidated subsidiaries from time to time (the Issuer and its consolidated subsidiaries, the "**Group**"), may at any time purchase Covered Bonds (provided that, in the case of Definitive Covered Bonds, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Covered Bondholders alike. Such Covered Bonds may be held, reissued, resold or, at the option of the CBC2, the Issuer and/or such other member of the Group, surrendered to any Paying Agent for cancellation.

(f) ***Cancellation***

All Bearer Covered Bonds which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Bearer Covered Bonds so cancelled and any Bearer Covered Bonds purchased and cancelled pursuant to paragraph (e) above (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

(g) ***Late payment on Zero Coupon Covered Bonds***

If the amount payable in respect of any Zero Coupon Covered Bond upon redemption of such Zero Coupon Covered Bond pursuant to paragraph (a), (b) or (c) above or upon its becoming due and repayable as provided in Condition 9 (*Events of Default and Enforcement*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Covered Bond shall be the amount calculated as provided in paragraph (d)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Covered Bond becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Covered Bond have been paid; and
 - (ii) five days after the date on which the full amount of the monies payable in respect of such Zero Coupon Covered Bonds has been received by the Principal Paying Agent or the Trustee and notice to that effect has been given to the Covered Bondholders in accordance with Condition 13 (*Notices; Provision of Information*).
- (h) ***Redemption due to illegality***

The Covered Bonds of all Series may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' notice to the Trustee and the Principal Paying Agent and, in accordance with Condition 13 (*Notices; Provision of Information*), all Covered Bondholders (which notice shall be irrevocable), if the Issuer satisfies the Trustee immediately before the giving of such notice that it has, or will, before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Issuer to make any payments under the Covered Bonds as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date.

Covered Bonds redeemed pursuant to this Condition 6(h) will be redeemed at their Early Redemption Amount referred to in Condition 6(d) (*Redemption and Purchase - Early Redemption Amounts*) above together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(i) ***Certificate***

Prior to the publication of any notice of redemption pursuant to this Condition 6 (*Redemption and Purchase*), the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on all Covered Bondholders.

7. **TAXATION**

All payments of principal and interest in respect of the Covered Bonds and Coupons by the Issuer or the CBC2, as the case may be, will be made without withholding or deduction of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In the event of a withholding or deduction being made by the Issuer in respect of a payment made by it, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the Covered Bondholders or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Covered Bonds or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Covered Bond or Coupon:

- (i) presented for payment outside The Netherlands; or
- (ii) presented for payment by or on behalf of a holder who is liable for such taxes or duties in respect of such Covered Bond or Coupon by reason of his having some

connection with a Tax Jurisdiction other than the mere holding of such Covered Bond or Coupon; or

- (iii) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5(e) (*Payments - Payment Day*)); or
- (iv) presented for payment by or on behalf of a holder who is liable for any taxes imposed or withheld pursuant to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*); or
- (v) presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Covered Bond, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

Should any payments made by the CBC2 under the Guarantee be made subject to any withholding or deduction on account of taxes or duties of whatever nature imposed or levied by or on account of any Tax Jurisdiction the CBC2 will not be obliged to pay any additional amounts as a consequence.

Notwithstanding any other provision in these Conditions, the Issuer and the CBC2 shall be permitted to withhold or deduct any amounts required by the rules of U.S. Internal Revenue Code Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**FATCA Withholding**") as a result of a holder, beneficial owner or an intermediary that is not an agent of the Issuer or the CBC2 (as the case may be) not being entitled to receive payments free of FATCA Withholding. The Issuer and the CBC2 will have no obligation to pay additional amounts or otherwise indemnify an investor for any such FATCA Withholding deducted or withheld by the Issuer, the CBC2, a Paying Agent, the Registrar or any other party.

As used herein:

the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the monies payable has not been duly received by the Trustee or the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such monies having been so received, notice to that effect is duly given to the Covered Bondholders in accordance with Condition 13 (*Notices; Provision of Information*); and

"**Tax Jurisdiction**" means The Netherlands or any political subdivision or any authority thereof or therein having power to tax.

8. **PRESCRIPTION**

The Covered Bonds and Coupons will become void unless presented for payment within a period of five years after the Relevant Date (as defined in Condition 7 (*Taxation*)) therefor, subject in each case to the provisions of Condition 5(b) (*Payments - Presentation of Definitive Covered Bonds and Coupons*).

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 8 or Condition 5(b) (*Payments - Presentation of Definitive Covered Bonds and Coupons*) or any

Talon which would be void pursuant to Condition 5(b) (*Payments - Presentation of Definitive Covered Bonds and Coupons*).

9. **EVENTS OF DEFAULT AND ENFORCEMENT**

(a) ***Issuer Events of Default***

An "**Issuer Acceleration Notice**" means a notice from the Trustee in writing to the Issuer that as against the Issuer (but not against the CBC2) each Covered Bond of each Series is, and each such Covered Bond shall thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Trust Deed.

The Trustee at its discretion may, and:

- (1) in relation to the defaults set out in subparagraphs (i) and (v) below; or
- (2) if so directed by a Programme Resolution of the Covered Bonds,

shall give an Issuer Acceleration Notice (subject in each case to being indemnified and/or secured to its satisfaction), if any of the following events (each an "**Issuer Event of Default**") shall occur and be continuing:

- (i) default is made by the Issuer for a period of 7 calendar days or more in the payment of any principal or redemption amount, or for a period of 14 calendar days or more in the payment of any interest of the Covered Bonds of any Series when due; or
- (ii) a default is made in the performance by the Issuer of any material obligation (other than any obligation for the payment of principal, redemption amount or interest in respect of the Covered Bonds of any Series) under the provisions of the Covered Bonds of any Series or the Trust Deed or any other Transaction Document to which the Issuer is a party which (unless certified by the Trustee, in its opinion, to be incapable of remedy) shall continue for more than 30 calendar days after written notification requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied, shall have been given to the Issuer by the Trustee in accordance with the Trust Deed; or
- (iii) an order is made or an effective resolution passed for the dissolution or winding up of the Issuer (except a dissolution or winding up for the purpose of a reconstruction, amalgamation, merger or following the transfer of all or substantially all of the assets of the Issuer, the terms of which have previously been approved by an Extraordinary Resolution of the holders of the Covered Bonds or which has been effected in compliance with the terms of Condition 14 (*Meetings of Covered Bondholders, Modification and Waiver*)); or
- (iv) a liquidator, receiver or other similar officer is appointed in relation to the Issuer or in relation to the whole of its assets; or the Issuer initiates or consents to judicial proceedings relating to its bankruptcy (*faillissement*) or equivalent or analogous proceedings under any applicable law, or shall make a conveyance, assignment or assignation for the benefit of, or shall enter into any composition (*akkoord*) with, its creditors generally; or
- (v) the Issuer is adjudged or found bankrupt (*failliet*) or equivalent or analogous judgments or measures under any applicable law, are imposed on the Issuer,

provided that (1) in case an event described in paragraph (ii) above shall occur, the Trustee shall only deliver an Issuer Acceleration Notice if it shall have certified in writing to the

Issuer that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series and (2) failure by the Issuer to comply with the CB Legislation shall not in itself be an Issuer Event of Default, unless such breach by the Issuer is also a breach of its obligations under the Covered Bonds or Coupons of any Series, the Trust Deed or any other Transaction Documents which constitutes an Issuer Event of Default in accordance with paragraph (ii) above.

Upon delivery of an Issuer Acceleration Notice pursuant to this Condition 9(a), the Trustee shall forthwith serve a notice to pay on the CBC2 (the "**Notice to Pay**") pursuant to the Guarantee and the CBC2 shall be required to make payments of Guaranteed Amounts when the same shall become Due for Payment in accordance with the terms of the Guarantee.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Trustee may or shall take such proceedings against the Issuer in accordance with the first paragraph of Condition 9(c) (*Enforcement*).

The Trust Deed provides that all monies received by the Trustee from the Issuer or any administrator, liquidator, trustee or other similar official appointed in relation to the Issuer following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice and a Notice to Pay (the "**Excess Proceeds**"), shall, unless a CBC2 Event of Default has occurred which is continuing, be paid by the Trustee on behalf of the Covered Bondholders of the relevant Series to the CBC2 for its own account, as soon as practicable, and shall be held by the CBC2 in the AIC Account and shall be used by the CBC2 in the same manner as all other monies from time to time standing to the credit of the AIC Account. Any Excess Proceeds received by the Trustee shall discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds and Coupons for an amount equal to such Excess Proceeds. However, the receipt by the Trustee of any Excess Proceeds shall not reduce or discharge any of the obligations of the CBC2 under the Guarantee.

Each Covered Bondholder shall be deemed to have irrevocably directed the Trustee to pay the Excess Proceeds to the CBC2 in the manner as described above.

(b) ***CBC2 Events of Default***

A "**CBC2 Acceleration Notice**" means a notice in writing to the CBC2 and the Issuer, that each Covered Bond of each Series is, and each Covered Bond of each Series shall as against the Issuer (if not already due and repayable against it following an Issuer Event of Default) and, through the Guarantee, as against the CBC2, thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Trust Deed and after delivery of such CBC2 Acceleration Notice, the Security shall become enforceable.

The Trustee at its discretion may, and, if so directed by a Programme Resolution, shall give a CBC2 Acceleration Notice (subject in each case to being indemnified and/or secured to its satisfaction), if any of the following events (each a "**CBC2 Event of Default**") shall occur and be continuing:

- (i) default is made by the CBC2 under the Guarantee for a period of 7 calendar days or more in the payment of any principal or redemption amount, or for a period of 14 calendar days or more in the payment of any interest when due; or
- (ii) a default is made in the performance or observance by the CBC2 of any material obligation binding upon it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series) under the Trust Deed, the Security Documents or any other Transaction Document to which the CBC2 is a

party which (unless certified by the Trustee, in its opinion, to be incapable of remedy) shall continue for more than 30 calendar days after written notification requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied shall have been given to the CBC2 by the Trustee in accordance with the Trust Deed; or

- (iii) an order is made or an effective resolution passed for the dissolution or winding up of the CBC2; or
- (iv) the CBC2 ceases to carry on its business or substantially all its business; or
- (v) a liquidator, receiver or other similar officer is appointed in relation to the CBC2 or in relation to the whole or any major part of its assets or a conservatory attachment (*conservatoir beslag*) or an executory attachment (*executoriaal beslag*) or other process is levied or enforced upon or sued out against the whole or any major part of its assets or the CBC2 initiates or consents to judicial proceedings relating to its bankruptcy (*faillissement*) or (preliminary) suspension of payments (*voorlopige surseance van betaling*), or equivalent or analogous proceedings under any applicable law, or makes a conveyance, assignment or equivalent or assignation for the benefit of, or shall enter into any composition (*akkoord*) with, its creditors generally; or
- (vi) the CBC2 is subjected to any applicable Insolvency Proceedings or analogous judgments or measures under any applicable law are imposed on the CBC2; or

provided that, in case an event described in paragraph (ii) above shall occur, the Trustee shall only deliver a CBC2 Acceleration Notice if it shall have certified in writing to the CBC2 that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series.

Following the occurrence of a CBC2 Event of Default and service of a CBC2 Acceleration Notice, the Trustee may or shall take such proceedings or steps in accordance with the first and second paragraphs, respectively, of Condition 9(c) (*Events of Default and Enforcement - Enforcement*) and the Covered Bondholders shall have a claim against the CBC2, under the Guarantee, for the Early Redemption Amount together with accrued interest as provided in the Trust Deed in respect of each Covered Bond.

In these Conditions:

"Amortisation Test" means the test pursuant to which the CBC2 and the Originators shall procure that the Amortisation Test Aggregate Asset Amount will be in an amount at least equal to the aggregate Principal Amount Outstanding of the Covered Bonds as calculated as at the end of each calendar month as calculated on the immediately succeeding Calculation Date following service of a Notice to Pay on the CBC2;

"Calculation Date" means the date falling two Business Days before each CBC2 Payment Date. "Calculation Period" means the period from the Programme Date to the last day of December 2017 and thereafter, each period from (and including) the first day of each month to the last day of that same month; and

"CBC2 Payment Date" means the 28th day of each month or, if such day is not a Business Day, the next following Business Day unless it would thereby fall into the next calendar month, in which event such CBC2 Payment Date shall be brought forward to the immediately preceding Business Day.

(c) ***Enforcement***

The Trustee may at any time after service of an Issuer Acceleration Notice (in the case of the Issuer) or a CBC2 Acceleration Notice (in the case of both the Issuer and the CBC2), at its discretion and without further notice, take such proceedings against the Issuer and/or the CBC2, as the case may be, to enforce the provisions of the Trust Deed, the Covered Bonds and the Coupons, but it shall not be bound to take any such enforcement proceedings in relation to the Trust Deed, the Covered Bonds or the Coupons or any other Transaction Document unless it shall have been so directed by a Programme Resolution and it shall have been indemnified and/or secured to its satisfaction.

The Trustee may at any time, at its discretion and without further notice, take such proceedings against the CBC2 and/or any other person as it may think fit to enforce the provisions of the Security Documents and may, at any time after the Security has become enforceable, take such steps as it may think fit to enforce the Security, but it shall not be bound to take any such steps unless (i) it shall have been so directed by a Programme Resolution or (ii) it shall have been directed in writing to do so by each of the other Secured Creditors (other than the Issuer); and (iii) it shall have been indemnified and/or secured to its satisfaction.

(d) ***Limitation on Covered Bondholders action***

No Covered Bondholder or Couponholder shall be entitled to proceed directly against the Issuer or the CBC2 or to take any action with respect to the Trust Deed, the Coupons or the Security unless the Trustee having become bound so to proceed, fails to do so within a reasonable time and such failure shall be continuing.

(e) ***Limited Recourse***

The recourse of the Covered Bondholders and the Couponholders against the CBC2 pursuant to the Guarantee is limited:

- (i) a Covered Bondholder will have a right of recourse (*verhaalsrecht*) only in respect of the Secured Property (subject to paragraph (ii) below) and will not have any claim, by operation of law or otherwise, against, or recourse to any of the CBC2's other assets or its contributed capital; and
- (ii) sums payable to each Covered Bondholder in respect of the CBC2's obligations to such Covered Bondholder shall be limited to the lesser of (a) the aggregate amount of all sums due and payable to such Covered Bondholder and (b) the aggregate amounts received, realised or otherwise recovered by or for the account of the Trustee in respect of the Secured Property whether pursuant to enforcement of the Security or otherwise, net of any sums which are (1) excluded from application in accordance with the relevant Priority of Payments or (2) payable by the CBC2 in accordance with the relevant Priority of Payments in priority to or *pari passu* with sums payable to such Covered Bondholder; and

- (iii) on the Final Maturity Date or the Extended Due for Payment Date (subject to Condition 3 (*The Guarantee*) or if following final enforcement of the Security the Trustee certifies, in its sole opinion, that the CBC2 has insufficient funds to pay in full all of the CBC2's obligations to such Covered Bondholder, then such Covered Bondholder shall have no further claim against the CBC2 in respect of any such unpaid amounts and such unpaid amounts shall be discharged in full.

10. **REPLACEMENT OF COVERED BONDS, COUPONS AND TALONS**

Should any Covered Bond, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Covered Bonds, Coupons or Talons must be surrendered before replacements will be issued.

11. **PAYING AGENTS AND REGISTRAR**

The names of the initial Paying Agents and the Registrar and their initial specified offices are set out in the Securities Note.

The Issuer is entitled, with the prior written approval of the Trustee (such approval not to be unreasonably withheld or delayed), to vary or terminate the appointment of any Paying Agent and the Registrar and/or appoint additional or other Paying Agents or Registrars and/or approve any change in the specified office through which any Paying Agent or Registrar acts, provided that:

- (a) there will at all times be a Principal Paying Agent and, as long as any Registered Covered Bonds of any Series are outstanding, a Registrar for that Series; and
- (b) so long as the Covered Bonds are listed, quoted and/or admitted to trading on or by any competent listing authority, on any stock exchange or quotation system, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant competent authority or stock exchange.

Any variation, termination, appointment or change shall only take effect (other than in the case of bankruptcy, insolvency or any equivalent or analogous proceeding, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Covered Bondholders in accordance with Condition 13 (*Notices; Provision of Information*).

In acting under the Agency Agreement, the Paying Agents and the Registrar act solely as agents of the Issuer and the CBC2 and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Covered Bondholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent or registrar.

12. **EXCHANGE OF TALONS**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to

(and including) the final date for the payment of interest due in respect of the Covered Bond to which it appertains) a further Talon, subject to the provisions of Condition 8 (*Prescription*).

13. NOTICES; PROVISION OF INFORMATION

All notices regarding the Bearer Covered Bonds will be deemed to be validly given if published in, if so specified in the applicable Final Terms, a leading English language daily newspaper of general circulation in London (which is expected to be the Financial Times). The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any competent listing authority, stock exchange or quotation system on or by which the Covered Bonds are for the time being listed, quoted and/or admitted to trading or by which they have been admitted to listing, quotation and/or trading including publication on the website of the relevant stock exchange or relevant authority if required by these rules. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

Until such time as any Definitive Covered Bonds are issued, there may, so long as the Bearer Covered Bond(s) is or are held in its or their entirety on behalf of Euroclear, Clearstream, Luxembourg and/or Euroclear Netherlands or any other agreed clearing system, be substituted for such publication in any newspaper or website the delivery of the relevant notice to Euroclear, Clearstream, Luxembourg, and/or Euroclear Netherlands or such other agreed clearing system (as the case may be) for communication by them to the holders of beneficial interests in the Bearer Covered Bonds. Any such notice delivered on or prior to 4.00 p.m. (local time) on a business day in the city in which it is delivered will be deemed to have been given to the holders of the Bearer Covered Bonds on such business day. A notice delivered after 4.00 p.m. (local time) on a business day in the city in which it is delivered will be deemed to have been given to the holders of the Bearer Covered Bonds on the next following business day in such city.

Notices to be given by any Covered Bondholder shall be in writing and given by lodging the same, together (in the case of any Bearer Definitive Covered Bond) with the relative Covered Bond or Covered Bonds, with the Principal Paying Agent. Whilst any of the Covered Bonds are represented by a Global Covered Bond, such notice may be given by any holder of a Covered Bond to the Principal Paying Agent through Euroclear, Clearstream, Luxembourg and/or Euroclear Netherlands or any other agreed clearing system, as the case may be, in such manner as the Principal Paying Agent and Euroclear, Clearstream, Luxembourg and/or Euroclear Netherlands or such other agreed clearing system, as the case may be, may approve for this purpose.

A copy of each notice given in accordance with this Condition 13 shall be provided to the relevant stock exchange if the Covered Bonds are listed on such stock exchange and the rules of such stock exchange so require.

14. MEETINGS OF COVERED BONDHOLDERS, MODIFICATION AND WAIVER

The Trust Deed contains provisions for convening meetings of the Covered Bondholders of any Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Covered Bonds of such Series or the related Coupons or of any of the Transaction Documents (subject as provided below and in the Trust Deed). Such a meeting may be convened by the Issuer, the CBC2 or the Trustee and shall be convened by the Issuer if required in writing by Covered Bondholders of a

Series holding not less than fifteen per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being remaining outstanding. The quorum at any such meeting in respect of any Series for passing an Extraordinary Resolution is: (i) one or more persons holding or representing not less than fifty per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons being or representing Covered Bondholders of such Series whatever the nominal amount of the Covered Bonds of such Series so held or represented; (ii) at any meeting the business of which includes the modification of certain provisions of the Covered Bonds of a Series, the related Coupons or the Trust Deed (including a reduction or cancellation of the amount payable in respect of such Covered Bonds, the alteration of the currency in which payments under such Covered Bonds are to be made, the alteration of the majority required to pass an Extraordinary Resolution, any amendment to the Guarantee or the Security Documents (except in a manner determined by the Trustee not to be materially prejudicial to the interests of the Covered Bondholders of any Series) or the sanction of any scheme or proposal for the exchange of such Covered Bonds in respect of such Series (each, a "**Series Reserved Matter**" all as more particularly set out in the Trust Deed)): one or more persons holding or representing not less than two-thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons holding or representing not less than one-third of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding.

An Extraordinary Resolution passed at any meeting of the Covered Bondholders of a Series shall, subject as provided below, be binding on all the Covered Bondholders of such Series, whether or not they are present at the meeting, and on all Couponholders in respect of such Series. Pursuant to the Trust Deed, the Trustee may convene a single meeting of the Covered Bondholders of more than one Series if in the opinion of the Trustee there is no conflict between the holders of such Covered Bonds, in which event the provisions of this paragraph shall apply thereto *mutatis mutandis*.

Notwithstanding the preceding paragraphs of this Condition 14, any resolution to direct the Trustee (i) to accelerate the Covered Bonds pursuant to Condition 9 (*Events of Default and Enforcement*); (ii) to take any enforcement action, or (iii) to remove or replace the Trustee's Director shall only be capable of being passed by a Programme Resolution. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the CBC2 or the Trustee or by Covered Bondholders of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing not less than two-thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the nominal amount of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the Covered Bondholders of all Series shall be binding on all Covered Bondholders and Couponholders of all Series, whether or not present at such meeting, and each of the Covered Bondholders and Couponholders shall be bound to give effect to it accordingly.

An Extraordinary Resolution and a Programme Resolution may also be taken in writing (whether contained in one document or several documents in the same form, each signed by or on behalf of one or more Covered Bondholders) or through the electronic communications systems of the relevant clearing system(s) (in accordance with their operating rules and procedures) by or on behalf of (i) in the case of an Extraordinary Resolution, all holders who are for the time being entitled to receive notice of a meeting of Covered Bondholders in accordance with the provisions for meetings of Covered Bondholders as set out in the Trust Deed, or (ii) in the case of a Programme Resolution, the

holders of not less than twenty-five per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds then outstanding as if they were a single Series.

The Trustee may from time to time and at any time without any consent or sanction of the Covered Bondholders, Receiptholders or Couponholders of any Series and without the consent of the other Secured Creditors concur with the Issuer and the CBC2 (and for this purpose the Trustee may disregard whether any such modification relates to a Series Reserved Matter) and agree to:

- (a) any modification of the Covered Bonds of one or more Series, the related Coupons or any Transaction Document and/or designate further creditors as Secured Creditors, provided that (i) in the opinion of the Trustee such modification is not materially prejudicial to the interests of any of the Covered Bondholders of any Series or any of the other Secured Creditors (other than the CBC2) (in which respect the Trustee may rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor) and (ii) it has not been informed in writing by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given his/her written consent as aforesaid); or
- (b) any modification of the Covered Bonds of any one or more Series, the related Coupons or any Transaction Document which is of a formal, minor or technical nature or is made to correct a manifest error or an error established as such to the satisfaction of the Trustee or to comply with mandatory provisions of law; or
- (c) any modification of the Covered Bonds of one or more Series, the related Coupons or any Transaction Document as requested by the Issuer and/or the CBC2 in order to enable the Issuer and/or the CBC2 to comply with any requirements which apply to it under Regulation (EU) 648/2012 (as amended from time to time, "**EMIR**") subject as provided further pursuant to the terms of the Trust Deed; or
- (d) any modification of the Covered Bonds of one or more Series, the related Coupons or any Transaction Document, required or necessary in connection with any change, after the issue date of the relevant Covered Bonds, to any laws or regulations (including without limitation the laws and regulations of the Netherlands and the European Union) applicable or relevant with respect to covered bonds (*gedekte obligaties*) to ensure that the Covered Bonds (continue) to meet the requirements for registered covered bonds (*geregistreeerde gedekte obligaties*) within the meaning of the Wft subject as provided further pursuant to the terms of the Trust Deed.

The Trustee may also agree, without the consent of the Covered Bondholders or any other Secured Creditor, to the waiver or authorisation of any breach or proposed breach of any of the provisions of the Covered Bonds of any Series or any Transaction Document, or determine, without any such consent as aforesaid, that any Issuer Event of Default or CBC2 Event of Default or Potential Issuer Event of Default or Potential CBC2 Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of any of the Secured Creditors (in which respect the Trustee may (without further enquiry) rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor) provided that the Trustee has not been informed by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid) and provided further that the Trustee shall not exercise any such powers conferred upon it in contravention of any express direction by a Programme Resolution (but so that no such

direction or request shall affect any authorisation, waiver or determination previously given or made) or so as to authorise or waive any such breach or proposed breach relating to any of the matters the subject of the Series Reserved Matters.

Any such modification, waiver, authorisation or determination shall be binding on all Covered Bondholders of all Series for the time being outstanding, the related Couponholders and the other Secured Creditors and the Issuer shall cause such modification, waiver, authorisation or determination to be notified to the Rating Agencies and, unless the Trustee otherwise agrees, the Covered Bondholders of all Series for the time being outstanding and the other Secured Creditors in accordance with the relevant terms and conditions as soon as practicable thereafter.

In connection with the exercise by it of any of its powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution), the Trustee shall have regard to the general interests of the Covered Bondholders of each Series as a class (but shall not have regard to any interests arising from circumstances particular to individual Covered Bondholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Covered Bondholders, the related Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Covered Bondholder or Couponholder be entitled to claim, from the Issuer, the CBC2, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders or Couponholders, except to the extent already provided for in Condition 7 (*Taxation*) and/or in any undertaking or covenant given in addition to, or in substitution for, Condition 7 (*Taxation*) pursuant to the Trust Deed.

The Issuer may, without the consent of the holders of the Covered Bonds of any Series or any Coupons relating thereto, or any other Secured Creditor:

- (a) consolidate with, merge or amalgamate into or transfer its assets; or
- (b) transfer its rights and obligations under the Covered Bonds and Transaction Documents substantially as an entirety, by way of de-merger (*splittsing*),

to any corporation organised under the laws of The Netherlands, or any political subdivision thereof provided that (if the surviving entity or transferee company is not the Issuer, such surviving entity or transferee company shall be referred to as the "**New Entity**");

- (i) a certificate of two authorised signatories of the Issuer and one authorised signatory of the CBC2 is delivered to the Trustee to the effect that immediately after giving effect to such transaction no Issuer Event of Default and no CBC2 Event of Default, respectively, and no Potential Issuer Event of Default and no Potential CBC2 Event of Default, respectively, will have happened and be continuing;
- (ii) where the surviving entity or transferee company is not the Issuer, the Issuer shall procure that the surviving or transferee company assumes its obligations as Issuer under the Trust Deed, each other relevant Transaction Document and all of the outstanding Covered Bonds of all Series, in place of the Issuer;
- (iii) where the surviving entity or transferee company is not the Issuer, the Guarantee of the CBC2 is fully effective on the same basis in relation to the obligations of such successor or transferee company; and

- (iv) certain other conditions set out in the Trust Deed are met.

Upon the assumption of the obligations of the Issuer by such surviving or transferee company, the predecessor Issuer shall (subject to the provisions of the Trust Deed) have no further liabilities under or in respect of the Trust Deed or the outstanding Covered Bonds of each Series then outstanding or any Coupons appertaining thereto and the other Transaction Documents other than as a result of mandatory law. The Trust Deed provides that any such assumption shall be notified to the holders of all Series in accordance with the relevant terms and conditions of such Covered Bonds and the other Secured Creditors.

For the purposes hereof:

"Extraordinary Resolution" means a resolution at a meeting duly convened and held in accordance with the provisions for meetings of Covered Bondholders as set out in the Trust Deed, by not less than two-thirds of the votes cast;

"Programme Resolution" means either:

- (a) a written resolution of the holders of not less than twenty-five per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding as if they were a single Series; or
- (b) an Extraordinary Resolution (with the Covered Bonds of all Series taken together as a single Series).

"Potential Issuer Event of Default" means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute an Issuer Event of Default;

"Potential CBC2 Event of Default" means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute a CBC2 Event of Default;

"Rating Agency Confirmation" means, following a notification to the Rating Agencies of a certain event or matter, the earlier of, in relation to each Rating Agency, (i) a confirmation in writing from such Rating Agency that its then current ratings of the Covered Bonds will not be adversely affected by or withdrawn as a result of such event or matter and (ii) if such Rating Agency neither provides such confirmation nor indicates (a) which conditions should be met before it is in a position to grant such confirmation or (b) that its then current ratings of the Covered Bonds will be adversely affected by or withdrawn as a result of such event or matter, the passage of 14 days after such notification; and

"Trustee's Director" means IQ EQ Structured Finance B.V. and/or such other person(s) who may be appointed as director(s) (*bestuurder*) of the Trustee from time to time.

14A. REFERENCE RATE MODIFICATION

- (a) Notwithstanding the provisions of Condition 14 (*Meetings of Covered Bondholders, Modification and Waiver*), the Trustee is obliged from time to time and at any time without any consent or sanction of the Covered Bondholders, Receipholders or Couponholders of any Series and without the consent of the other Secured Creditors (save where any Secured Creditor is a party to the relevant Transaction Document which is proposed to be amended) to concur with the Issuer and/or the CBC2 (and for this purpose the Trustee may disregard whether any such modification relates to

a Series Reserved Matter) and agree to make any modification in the Covered Bonds of any one or more Series, the related Coupons or any Transaction Document as requested by the Issuer, or following an Issuer Event of Default, the CBC2, which are required or necessary in connection with the cessation of the publication of the original Reference Rate in accordance with Condition 4(d) (*Reference Rate Replacement*) subject as provided further pursuant to the terms of the Trust Deed.

- (b) Other than where specifically provided in this Condition 14A (*Reference Rate Modification*) or any Transaction Document, the provisions of Condition 14 (*Meetings of Covered Bondholders; Modification and Waiver*) shall apply to this Condition 14A.

15. INDEMNIFICATION OF THE TRUSTEE CONTRACTING WITH THE ISSUER AND/OR THE CBC2

If, in connection with the exercise of its powers, authorities or discretions, the Trustee is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series would be materially prejudiced thereby, the Trustee shall not exercise such power, authority or discretion without the approval of such Covered Bondholders by Extraordinary Resolution or by a written resolution of such Covered Bondholders of not less than fifty per cent. of the aggregate Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding.

The Trust Deed contains provisions for the indemnification of the Trustee and for the Trustee's relief from responsibility, including provisions relieving it from taking any action unless indemnified and/or secured to its satisfaction.

The Trustee will not be responsible for any loss, expense or liability, which may be suffered as a result of any Transferred Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Trustee. The Trustee will not be responsible for (i) supervising the performance by the Issuer or any other party to the Transaction Documents of their respective obligations under the Transaction Documents and will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Transaction Documents under the Transaction Documents; (iii) monitoring the Transferred Assets, including, without limitation, whether the Transferred Assets are in compliance with the Asset Cover Test, the Mandatory Asset Quantity Test or the Amortisation Test; or (iv) monitoring whether Transferred Receivables satisfy the applicable Eligibility Criteria or such other criteria as may be notified to the Rating Agencies in relation to other Transferred Assets. The Trustee will not be liable to any Covered Bondholder or other Secured Creditor for any failure to make or to cause to be made on their behalf the searches, investigations and enquiries which would normally be made by a prudent pledgee in relation to the Security and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the Security and the Transaction Documents.

The power of appointing a new director of the Trustee shall be vested in the board of directors of the Trustee. In case no Trustee director is in office, a director shall be appointed by the Covered Bondholders and Couponholders of any Series then outstanding, by adopting a Programme Resolution to this effect. Any appointment of a new director of the Trustee shall as soon as practicable thereafter be notified by the Issuer to the Principal Paying Agent, the Rating Agencies and the holders of the Covered Bonds then outstanding. A Trustee director may resign (*vrijwillig aftreden*) at any time, provided that in case the

resigning Trustee director was the sole director of the Trustee, such resignation will not become effective until a successor Trustee director has been appointed. The Covered Bondholders and Couponholders of any Series then outstanding may, by adopting a Programme Resolution to this effect, remove any Trustee director, provided that (i) the other Secured Creditors have been notified and (ii) neither the Trustee nor the Trustee director so removed shall be responsible for any costs or expenses arising from any such removal.

16. **FURTHER ISSUES**

The Issuer shall be at liberty from time to time without the consent of the Covered Bondholders or the Couponholders to create and issue further bonds having terms and conditions the same as the Covered Bonds of any Series or the same in all respects save for the amount and date of the first payment of interest thereon, issue date and/or purchase price and so that the same shall be consolidated and form a single Series with the outstanding Covered Bonds of such Series.

17. **GOVERNING LAW AND SUBMISSION TO JURISDICTION**

(a) ***Governing law***

The Covered Bonds and the Transaction Documents are governed by, and shall be construed in accordance with, the laws of The Netherlands unless specifically stated to the contrary.

(b) ***Submission to jurisdiction***

All disputes arising from or in connection with the Covered Bonds and the Coupons shall be submitted to the competent court in Amsterdam.

18. **ADDITIONAL OBLIGATIONS**

For as long as the Covered Bonds are listed and/or admitted to trading on Euronext in Amsterdam ("**Euronext Amsterdam**"), the Issuer will comply with all rules and regulations of Euronext Amsterdam. If the Covered Bonds are listed and/or admitted to trading on other or further stock exchanges or markets, it will comply with all rules and regulations of such stock exchanges or markets.

19. **TERMS AND CONDITIONS OF REGISTERED COVERED BONDS**

19.1 If in the applicable Final Terms it is specified that Registered Covered Bonds are issued, then the following terms and conditions shall apply in addition to the terms and conditions set out in Condition 1 until and including 18 above. In the event of any inconsistency between Conditions 1 up to and including 18 and this Condition 19, this Condition 19 will prevail with regard to Registered Covered Bonds.

19.2 Registered Covered Bonds are registered claims (*vorderingen op naam*) which will, as specified in the applicable Final Terms, be issued pursuant to the terms and conditions of a registered covered bonds deed ("**Registered Covered Bonds Deed**"). The holder of a Registered Covered Bond is the creditor of the relevant registered claim and "**Covered Bondholder**" shall be construed accordingly, provided that if the provision at the end of Condition 19.4 applies, the transferee shall, from the moment the transfer takes effect be treated as a Covered Bondholder for all purposes, without prejudice to any entitlement of the transferor pursuant to Condition 19.6.

A Registered Covered Bonds Deed is not a document of title. Entitlements are determined by entry in the Register. Consequently, references in any Registered Covered Bonds Deed to

Covered Bonds represented by such Registered Covered Bonds Deed shall mean such Covered Bonds as evidenced by the Registered Covered Bonds Deed.

- 19.3 Under Dutch law, the valid transfer of Covered Bonds requires, amongst other things, delivery (*levering*) thereof, which in the case of Registered Covered Bonds is effected by assignment (*cessie*) of both the rights under the Registered Covered Bonds and the corresponding rights under the Guarantee by execution of an assignment deed (*akte van cessie*) between the transferor and the transferee and, in the case of a notified assignment, notification (*mededeling*) thereof to the Issuer and the CBC2.

A form of deed of assignment and notification is attached to each Registered Covered Bonds Deed to effect this assignment and notification.

- 19.4 Registered Covered Bonds may be transferred in whole, but not in part, provided that the relevant transferor and transferee may otherwise agree in the relevant assignment deed in respect of amounts that have accrued but not yet been paid in respect of the period up to the relevant transfer. Registered Covered Bonds shall not be exchangeable for Bearer Covered Bonds.

- 19.5 In respect of all Series of Registered Covered Bonds, the Issuer shall procure that a register be kept by the Registrar in accordance with the provisions of the Agency Agreement (in respect of all Series of Registered Covered Bonds, the "**Register**"). The Registrar shall register details of any holder of the relevant Registered Covered Bonds in the Register and amend the Register to reflect any transfer and/or redemption of the relevant Registered Covered Bonds.

- 19.6 Payments of principal, interest (if any) and any other amounts in respect of the relevant Registered Covered Bonds will be made to the person shown on the Register as being entitled to the relevant amount of principal or interest or other amount at the opening of business on the second Business Day falling prior to the due date of such payments. If any Registered Covered Bondholder transfers any Registered Covered Bonds in accordance with Condition 19.3 and the Trust Deed and such transfer is notified to the Issuer and the CBC2 prior to the close of business on the fifteenth Business Day before the due date for payment (the "**Record Date**"), the Issuer, the CBC2 and the Trustee will in respect of the Registered Covered Bond so transferred, be discharged from their respective payment obligations only by payment to or to the order of the transferee. If the notification of transfer of the relevant Registered Covered Bond is made after the close of business on the Record Date, (i) the risk that the transfer is not timely recorded in the Register is borne by the transferee and (ii) the Issuer, the CBC2, the Trustee, the Registrar and the relevant Paying Agent shall not be liable as a result of any payment being made to the person shown in the Register in accordance with this Condition 19. The Registered Covered Bonds will become void unless demand for payment is made within a period of five years after the Relevant Date (as defined in Condition 7 (*Taxation*)) therefor.

- 19.7 Notices to holders of Registered Covered Bonds shall be mailed or faxed to them at their respective addresses as recorded in the Register and shall be deemed to have been given on the fourth business day (being a day other than a Saturday or a Sunday) after the date of mailing.

- 19.8 All Registered Covered Bonds which are purchased by the Issuer and transferred to the Issuer will extinguish by operation of law (*tenietgaan door vermenging*). Therefore such repurchased Registered Covered Bonds, as opposed to Bearer Covered Bonds, cannot be held, reissued or resold. The Issuer shall send a notification of such repurchase to the Principal Paying Agent and the Registrar.

1.4. TAXATION IN THE NETHERLANDS

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the 2020 Programme Update and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary neither purports to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of the Covered Bonds, and nor purports to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities, trusts or similar arrangements) may be subject to special rules. Save as otherwise indicated, this summary only addresses the position of investors who do not have any connection with The Netherlands other than the holding of the Covered Bonds. Investors should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of the Covered Bonds under the laws of their country of citizenship, residence, domicile or incorporation.

For the purpose of the paragraph "Taxes on Income and Capital Gains" below it is assumed that a holder of Covered Bonds, being an individual or an entity, neither has a substantial interest (aanmerkelijk belang) nor a deemed substantial interest in the Issuer and that no connected person (verbonden persoon) to the holder has or will have a substantial interest in the Issuer.

Generally speaking, an individual has a substantial interest in a Dutch resident company if (a) such individual, either alone or together with his partner, directly or indirectly has or is deemed to have, or (b) certain relatives of such individual or his partner directly or indirectly have or are deemed to have, (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5% or more of either the total issued and outstanding capital of such company or the issued and outstanding capital of any class of shares of such company, or (ii) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5% or more of either the annual profit or the liquidation proceeds of such company. Generally, an individual has a deemed substantial interest in a company if such individual has disposed of or is deemed to have disposed of all or part of a substantial interest on a non-recognition basis.

Generally speaking, a non-resident entity has a substantial interest in a Dutch resident company if such entity directly or indirectly has or is deemed to have (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5% or more of either the total issued and outstanding capital of such company or the issued and outstanding capital of any class of shares of such company, or (ii) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5% or more of either the annual profit or the liquidation proceeds of such company. Generally, an entity has a deemed substantial interest in a company if such entity has disposed of or is deemed to have disposed of all or part of a substantial interest on a non-recognition basis.

Where this summary refers to a holder, whether an individual or an entity, of a Covered Bond, such reference is restricted to an individual or entity holding legal title to, as well as an economic interest in, such Covered Bond or is otherwise being regarded as owning the Covered Bond for Dutch tax purposes. It is noted that for purposes of Dutch income, corporate, gift and inheritance tax, assets legally owned by a third party such as a trustee, foundation or similar entity, may be treated as assets owned by the (deemed) settlor, grantor or similar originator or the beneficiaries in proportion to their interest in such arrangement.

For the purpose of this summary, the term "entity" means a corporation as well as any other person that is taxable as a corporation for Dutch corporate tax purposes. For the avoidance of doubt, this summary does not describe the consequences of the entering into effect of the Dutch Withholding Tax Act 2021 (Wet bronbelasting 2021). See the risk factor "Introduction of a conditional withholding tax on interest in The Netherlands" for more information on the new Dutch withholding tax on interest which becomes effective as of 1 January 2021.

In this Section 1.4 Taxation in The Netherlands references to "The Netherlands" or "Dutch" refer only to the European part of the Kingdom of The Netherlands.

Withholding Tax

All payments of principal and interest by the Issuer under the Covered Bonds can be made without withholding or deduction of any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein.

Taxes on Income and Capital Gains

A Covered Bondholder will not be subject to Dutch taxation on income or a capital gain derived from a Covered Bond unless:

- (i) the holder is or is deemed to be resident in The Netherlands for Dutch tax purposes; or
- (ii) the income or gain is attributable to an enterprise or part thereof which is either effectively managed in The Netherlands or carried on through a (deemed) permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) taxable in The Netherlands and the holder derives profits from such enterprise (other than by way of the holding of securities); or
- (iii) the holder is an individual and the income or gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) in The Netherlands as defined in the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

Gift or Inheritance Taxes

Dutch gift or inheritance taxes will not be levied on the occasion of the transfer of a Covered Bond by way of gift by, or on the death of, a holder, unless:

- (i) the holder is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions; or
- (ii) the transfer is construed as an inheritance or as a gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions.

Value Added Tax

There is no Dutch value added tax payable by a Covered Bondholder in respect of payments in consideration for the issuance or acquisition of the Covered Bonds, payments of principal or interest under the Covered Bonds, or payments in consideration for the transfer or disposal of the Covered Bonds.

Other Taxes and Duties

There is no Dutch registration tax, stamp duty or any other similar tax or duty payable in The Netherlands by a Covered Bondholder in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of The Netherlands) of the Covered Bonds or the performance of the Issuer's obligations under the Covered Bonds.

Residence

A Covered Bondholder will not be and will not be deemed to be resident in The Netherlands for Dutch tax purposes and, subject to the exceptions set out above, will not otherwise become subject to Dutch taxation, by reason only of acquiring, holding or disposing of a Covered Bond or the execution, performance, delivery and/or enforcement of the Covered Bonds.

1.5. SUBSCRIPTION AND SALE

*The Dealer(s) has or have, in a programme agreement dated the Programme Date (as the same may be amended and/or supplemented and/or restated from time to time, the "**Programme Agreement**"), agreed with the Issuer, the CBC2 and the Initial Originators a basis upon which such Dealers or any of them may from time to time agree to purchase Covered Bonds. Any such agreement will extend to those matters stated under "Form of the Covered Bonds" and "Terms and Conditions of the Covered Bonds". In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any update of the Programme and the issue of Covered Bonds under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.*

United States

The Covered Bonds and the Guarantee have not been and will not be registered under the Securities Act or any other applicable securities law and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act or pursuant to an effective registration statement under the Securities Act.

Each issuance of Covered Bonds may be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer(s) may agree, which additional selling restrictions shall be set out in the applicable Final Terms or Drawdown Prospectus.

In connection with any Covered Bonds which are offered and sold outside the United States in reliance on Regulation S, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will offer, sell or deliver Covered Bonds (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the issue date, (as determined and certified by the relevant Dealer(s) or, in the case of an issue of Covered Bonds on a syndicated basis, the relevant lead manager), of all Covered Bonds of the Tranche of which such Covered Bonds are a part, only in accordance with Rule 903 or Rule 904 of Regulation S. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Covered Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Covered Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Covered Bonds in bearer form may be subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

In addition, until 40 days after the commencement of the offering of any Series, an offer or sale of such Covered Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Prohibition of Sales to EEA and UK Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Covered Bonds which are the subject of the

 - (ii) a customer within the meaning of Directive 2016/97/EU (the "**IDD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1229 (the "**Prospectus Regulation**"); and
- (b) the expression "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Covered Bonds.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the "**FSMA**")) received by it in connection with the issue or sale of any Covered Bonds in circumstances in which section 21(1) of the FSMA does not or, in the case of the Issuer, would not, if it was not an authorised person, apply to the Issuer or the CBC2; and
- (ii) it has complied and will comply with all applicable provisions of the FSMA, with respect to anything done by it in relation to any Covered Bonds in, from or otherwise involving the United Kingdom.

Republic of Italy

The offering of the Covered Bonds has not been registered with the Commissione Nazionale per le Società e la Borsa ("**CONSOB**") pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, save as set out below, it has not offered or sold, and will not offer or sell, any Covered Bonds in the Republic of Italy in an offer to the public and that sales of the Covered Bonds in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulations.

Accordingly, each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver any Covered Bonds or distribute copies of the Base Prospectus and any other document relating to the Covered Bonds in the Republic of Italy except:

- (i) to "qualified investors", as referred to in Article 2 of the Prospectus Regulation and any applicable provision of Legislative Decree No. 58 of 24 February 1998, as amended (the "**Decree No. 58**") and/or Italian CONSOB regulations; or

- (ii) in other circumstances which are exempted from the rules on public offerings pursuant to Article 1 of the Prospectus Regulation, Article 34-ter of CONSOB Regulation No. 11971 of 14 May 1999, as amended from time to time, and the applicable Italian laws.

Moreover and subject to the foregoing, any offer, sale or delivery of the Covered Bonds or distribution of copies of the Base Prospectus or any other document relating to the Covered Bonds in Italy under paragraphs (i) or (ii) above must:

- (i) be made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Consolidated Financial Services Act, CONSOB Regulation No. 20307 of 15 February 2018 (as amended from time to time) and Legislative Decree No. 385 of 1 September 1993, as amended (the "**Italian Banking Act**"); and
- (ii) comply with any other applicable laws and regulations or requirement imposed by CONSOB, the bank of Italy (including the reporting requirements, where applicable, pursuant to Article 129 of the Italian Banking Act and the implementing guidelines of the Bank of Italy, as amended from time to time) and/or any other Italian authority.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme and each other purchaser will be required to represent and agree, that it has not offered or sold, directly or indirectly and will not offer or sell any Covered Bonds, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan or to others for reoffering or resale, directly or indirectly, in Japan or to any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the Financial Instruments and Exchange Law and other relevant laws and regulations of Japan. As used in this paragraph, "resident of Japan" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

The Netherlands/Global

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that:

- (i) as long as it does not have the benefit of a licence or exemption as investment firm of the relevant type pursuant to the Wft it shall not offer any Covered Bonds or distribute the Base Prospectus or any circulars, offer documents or information relating to the Issuer or the Covered Bonds in The Netherlands; and
- (ii) Zero Coupon Covered Bonds (as defined below) in definitive form may only be transferred and accepted, directly or indirectly, within, from or into The Netherlands through the mediation of either the Issuer or a member firm of Euronext Amsterdam in full compliance with the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) of 21 May 1985 (as amended) and its implementing regulations, provided that no such mediation is required: (a) in respect of the transfer and acceptance of rights representing an interest in a Zero Coupon Covered Bond in global form, or (b) in respect of the initial issue of Zero Coupon Covered Bonds in definitive form to the first holders thereof, or (c) in respect of the transfer and acceptance of Zero Coupon Covered Bonds in definitive form between individuals not acting in the conduct of a business or profession, or (d) in respect of the transfer and acceptance of such Zero Coupon Covered Bonds within, from or into The Netherlands if all

Zero Coupon Covered Bonds (either in definitive form or as rights representing an interest in a Zero Coupon Covered Bond in global form) of any particular Series are issued outside The Netherlands and are not distributed into The Netherlands in the course of initial distribution or immediately thereafter. As used herein "**Zero Coupon Covered Bonds**" are Bearer Covered Bonds that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor but only at maturity or on which no interest is due whatsoever.

General

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it has complied and will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any country or jurisdiction in or from which it purchases, offers, sells or delivers Covered Bonds or possesses or distributes this Securities Note and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Covered Bonds under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and none of the Issuer, the CBC2, the Trustee nor any of the other Dealers shall have any responsibility therefor.

Other persons into whose hands this Securities Note or any Final Terms comes are required by the Issuer, the CBC2 and the Dealer(s) to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Covered Bonds or possess, distribute or publish this Securities Note or any Final Terms or any related offering material, in all cases at their own expense.

The Programme Agreement provides that the Dealer(s) shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealer(s) described in this paragraph "*General*".

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification may be set out in the relevant Final Terms (in the case of a supplement or modification relevant only to a particular Tranche of Covered Bonds) or in a supplement to this Securities Note.

With regard to each Tranche, the relevant Dealer(s) will be required to comply with such other restrictions as the Issuer and the relevant Dealer(s) shall agree and as shall be set out in the applicable Final Terms.

1.6. ABN AMRO Bank N.V.

For a description of the Issuer please see the Registration Document (see "Section D.3 *Documents available for inspection*").

ABN AMRO Bank acts in different capacities under the Transaction Documents, including, but not limited to, as Issuer, Originator, Arranger, Dealer, Servicer and Administrator. The Issuer has been advised that, as a matter of Dutch law, a party is not capable of contracting with itself. However, this does in itself not prevent such party (like ABN AMRO Bank) from acting with other parties (such as the Trustee and the CBC2).

1.7. TRUSTEE

The trustee under the Trust Deed (the "**Trustee**") is Stichting Trustee ABN AMRO Covered Bond Company 2, a foundation (*stichting*) incorporated under the laws of The Netherlands on 28 November 2017. It has its registered office at Hoogoorddreef 15, 1101 BA Amsterdam, The Netherlands and is registered with the Commercial Register of the Chamber of Commerce under number 70177562.

The objects of the Trustee are (a) to act as agent and/or trustee in favour of holders of covered bonds to be issued by ABN AMRO Bank under the Programme and the other Secured Creditors; (b) to acquire security rights as agent and/or trustee and/or for itself; (c) to perform (legal) acts, including accepting the parallel debt of the CBC2 in order to hold the security rights referred to under (b); (d) to hold, administer and enforce the security rights mentioned under (b); (e) to borrow money and (f) to perform any and all acts which are related, incidental or which may be conducive to the above.

The sole director of the Trustee is IQ EQ Structured Finance B.V. having its registered office at Hoogoorddreef 15, 1101 BA Amsterdam, The Netherlands. As at the 2020 Programme Update, the directors of IQ EQ Structured Finance B.V. are L.L.E. Hollman and H. Plas.

1.8. APPLICATION OF PROCEEDS

Unless specified otherwise in the applicable Final Terms, the net proceeds from each issue of Covered Bonds will be applied by the Issuer for its general corporate purposes. If in respect of any particular issue there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

1.9. DESCRIPTION OF THE COVERED BOND LEGISLATION

The Dutch regulatory framework for the issuance of covered bonds (the "**2008 CB Regulations**") came into force in The Netherlands on 1 July 2008.

The 2008 CB Regulations implemented Article 52, paragraph 4 of Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS IV) (as such paragraph may be amended, replaced and/or supplemented from time to time, "**Article 52(4) UCITS**"), as amended by Directive 2014/91/EU and were a collection of rules forming part of two layers of secondary legislation implementing the Wft: the Wft Prudential Rules Decree (*Besluit prudentiële regels Wft*) and the Wft Implementing Regulation (*Uitvoeringsregeling Wft*). The 2008 CB Regulations regarded compliance of covered bonds with Article 129 CRR as an option instead of a requirement.

On 1 January 2015 a revised legislative framework for the issuance of covered bonds came into force in The Netherlands, which is incorporated in the Wft and further laid down in the Wft Prudential Rules Decree (*Besluit prudentiële regels Wft*) and the Wft Implementing Regulation relating to registered covered bonds (*Uitvoeringsregeling Wft ter zake geregistreerde gedekte obligaties*) (together the "**CB Legislation**"), thereby receiving a firmer statutory basis compared to the 2008 CB Regulations.

Although the CB Legislation contains a number of additional continuing registration requirements focussing on, amongst other things, transparency, cover asset quantity and quality, investor reporting, audits and stress testing, the CB Legislation does not substantially amend the requirements under the 2008 CB Regulations relating to issuers, owners of cover assets, asset segregation, risk management, asset encumbrance safeguards and reporting to DNB (including, without limitation, informing DNB of significant changes contemplated to be made to the terms of the covered bonds and related transaction documents). Also under the CB Legislation the issuer must be a licensed bank with its statutory seat (*zetel*) in The Netherlands.

Like any other issuance of debt instruments and legal transfers of assets made in accordance with Dutch law, the issuance of a covered bond and the legal transfer of cover assets are subject to the provisions of the Dutch Civil Code and the Dutch Bankruptcy Code.

As a main principle the CB Legislation requires that DNB-registered covered bonds will have to comply with the conditions for preferential treatment of Article 52(4) UCITS Directive. In addition, the CB Legislation also includes mandatory compliance with Article 129 CRR. The CB Legislation also contains two mandatory asset quantity tests. Firstly, the total value of the cover assets must be at least 105 per cent. of the nominal value of the outstanding covered bonds of the relevant category. In addition to this statutory minimum overcollateralisation requirement, the total value of the cover assets, so determined in accordance with the restrictions applicable to the relevant type of assets as set out in Article 129 CRR, paragraph 1 should at least be equal to the nominal value of the outstanding covered bonds of the relevant category. Furthermore, the CB Legislation requires the owner of the cover assets to have (or generate) sufficient eligible liquid assets for the payment by it during the following six-month period of interest and (except with respect to covered bonds which have an extendable maturity date of at least six months) principal of the outstanding covered bonds, and certain equal or higher ranking amounts. In determining such liquidity buffer to be maintained or generated in compliance with the CB Legislation, amongst other things, the proceeds of the Transferred Assets expected to be received in the relevant period and certain amounts (if any) standing to the credit of the AIC Account (including, without limitation, any amounts standing to the credit of the Reserve Fund Ledger and the Interest Cover Reserve Fund Ledger) to the extent relating to the relevant Series and period, may be taken into account.

In respect of an application made for registration of a covered bond and the issuer thereof by DNB pursuant to the CB Legislation, the issuer is required amongst other things:

- (i) to disclose to DNB certain key conditions applicable to the relevant category of covered bonds, which include:
 - (a) whether the covered bond has one of the following maturity structures: (i) its maturity date cannot be extended (hard bullet) or its maturity date can only be extended for a maximum of 24 months (soft bullet) or (ii) its maturity date can be extended with more than 24 months (including (conditional) pass through);
 - (b) which type or types of cover assets can unlimitedly be included in the cover pool (primary cover assets) and if more than one type is included, the ratio between them; and
 - (c) the jurisdiction in which the debtors of the cover assets are located or resided and the governing law of the cover assets.

Such conditions cannot be changed after the date of application for registration of the relevant category of covered bonds. An issuer has the possibility to combine hard bullet covered bonds and soft bullet covered bonds in one category of registered covered bonds (i.e., under one issuance programme), provided that the soft bullet covered bonds have a maximum maturity extension of 24 months;

- (ii) to ensure that a healthy ratio exists between the total outstanding covered bonds of the relevant category and the total consolidated balance sheet of the issuer, thereby taking into account the outcome of any stress tests performed by the Issuer and relating to the credit risk, interest rate risk, currency risk, liquidity risk and any other risk deemed relevant by DNB (whereby DNB can upon registration and thereafter impose a discretionary issuance limit to safeguard such healthy ratio); and
- (iii) to have reliable and effective strategies and procedures for verifying and procuring the sufficiency of eligible cover assets and liquid assets, taking into account the composition of the cover assets, the statutory overcollateralisation, other asset cover and liquidity buffer requirements.

DNB will perform certain supervision and enforcement related tasks in respect of DNB-registered covered bonds, including admitting issuers and categories of covered bonds to the relevant register and monitoring compliance with the ongoing requirements referred to above. If a covered bond no longer meets such requirements, or if the relevant issuer no longer complies with its ongoing obligations towards DNB, DNB can take several measures, which include, without limitation, cancelling the issuer's registration, imposing an issuance-stop and/or imposing fines and penalties on the issuer. However, other than under the 2008 CB Regulations, DNB cannot cancel the registration of outstanding covered bonds registered under the CB Legislation. In addition, pursuant to the CB Legislation, DNB may cancel the registered compliance with Article 129 CRR, if the relevant issuer or the owner of the cover assets would not provide the required information to DNB to monitor compliance with Article 129 CRR or if the relevant covered bonds would no longer comply with Article 129 CRR.

None of the Transaction Documents or the Covered Bonds prescribes the occurrence of an Issuer Event of Default or imposes an obligation on the Issuer to notify any Covered Bondholder in the event that Covered Bonds would no longer comply with Article 52(4) UCITS and/or Article 129 CRR or in the event that the Issuer does not comply with the CB Legislation (or any amendments thereto or replacement thereof) in itself. As at the 2020 Programme Update, the Covered Bonds comply with both Article 52(4) UCITS and are in the DNB-register registered as being compliant

with Article 129 CRR. See also the risk factor entitled "*If at any point the Covered Bonds fail to be compliant with the CB Legislation, CRR and/or the UCITS Directive, holders of the Covered Bonds may be adversely affected*" above.

EU Covered Bond Legislation

On 27 November 2019 the Directive (EU) 2019/2162 of the European Parliament and of the Council on the issue of covered bonds and covered bond public supervision and amending Directives 2009/65/EC and 2014/59/EC (the "**Covered Bond Directive**") and Regulation (EU) 2019/2160 of the European Parliament and of the Council amending Regulation 575/213 as regards exposures in the form of covered bonds (the "**Covered Bond Regulation**"), have been adopted. The Covered Bond Directive and the Covered Bond Regulation aim to foster the development of covered bonds across the European Union. The Covered Bond Directive (i) provides a common definition of covered bonds, which will represent a consistent reference for prudential regulation purposes, (ii) defines the structural features of covered bonds, (iii) defines the tasks and responsibilities for the supervision of covered bonds and (iv) sets out the rules allowing the use of the 'European Covered Bonds' label. The legislative proposals build on the analysis and the advice of the European Banking Authority. The Covered Bond Directive should be implemented in each Member State by 8 July 2021 and should apply at the latest from 8 July 2022.

1.10.CREDIT RATINGS

The Covered Bonds are expected on issue to be assigned an 'AAA' / 'Aaa' rating by one or more Rating Agencies (currently Moody's). Each further issue of a Series of Covered Bonds will have ratings equal to the then current rating assigned to the outstanding Series of Covered Bonds. Any relevant Rating Agency may lower its rating or withdraw its rating of the Covered Bonds if, in the sole judgement of such Rating Agency, the credit quality of the Covered Bonds has declined or is in question.

Moody's Credit Rating Definitions

The following text is an extract from the Moody's report "Rating Symbols and Definitions" as published by Moody's.

Obligations rated Aaa are judged to be of the highest quality, subject to the lowest level of credit risk.

2. ASSET-BACKED GUARANTEE

2.1. GUARANTEE

The Trust Deed provides for the following guarantee:

*"The CBC2 irrevocably undertakes as its independent obligation that it shall pay the Guaranteed Amounts to the holders of the Covered Bonds when the same become Due for Payment, provided that the CBC2 shall have no such obligation until (i) the occurrence of an Issuer Event of Default, service by the Trustee on the Issuer of an Issuer Acceleration Notice and service by the Trustee on the CBC2 of a Notice to Pay or (ii) the occurrence of a CBC2 Event of Default and the service by the Trustee of a CBC2 Acceleration Notice on the Issuer and the CBC2, and in addition, if, in respect of any Series (the "**Relevant Series**") the CBC2 is obliged to pay a Guaranteed Final Redemption Amount, then:*

- (a) *the obligation of the CBC2 to pay such Guaranteed Final Redemption Amount in respect of the Relevant Series shall be deferred to, and shall under the Guarantee be due on, the Extended Due for Payment Date, unless on the Extension Date or any subsequent Interest Payment Date which applies pursuant to paragraph (b) below and which falls prior to the Extended Due for Payment Date, any monies are available to the CBC2 after the CBC2 shall under the relevant Priority of Payments have paid or provided for (1) all higher and pari passu ranking amounts and (2) all Guaranteed Final Redemption Amounts pertaining to any Series with an Extended Due for Payment Date falling prior to the CBC2 Payment Period in which the Extended Due for Payment Date for the Relevant Series falls, in which case the CBC2 shall (i) give notice thereof to the holders of the Relevant Series (in accordance with Condition 13 (Notices; Provision of Information)), the Rating Agencies, the Trustee, the Principal Paying Agent and the Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event at least two Business Days prior to the Extension Date and/or such Interest Payment Date, respectively and (ii) apply such remaining available monies in payment, in whole or in part, of such Guaranteed Final Redemption Amount, if applicable pro rata with any Guaranteed Final Redemption Amount pertaining to a Series with an Extended Due for Payment Date falling in the same CBC2 Payment Period in which the Extended Due for Payment Date for the Relevant Series falls (and to such extent such Guaranteed Final Redemption Amount shall for the purpose of the relevant Priority of Payments and all other purposes be due) on the Extension Date and/or such Interest Payment Date, respectively; and*
- (b) *the CBC2 shall under the Guarantee owe interest over the unpaid portion of such Guaranteed Final Redemption Amount, which shall accrue and be payable on the basis set out in the applicable Final Terms or, if not set out therein, Condition 4 (Interest), provided that for this purpose all references in Condition 4 (Interest) to the Final Maturity Date of the Relevant Series are deemed to be references to the Extended Due for Payment Date, mutatis mutandis,*

all without prejudice to the CBC2's obligation to pay any other Guaranteed Amount (i.e. other than the Guaranteed Final Redemption Amount) when Due for Payment.

As long as the Guaranteed Amounts have not been fully discharged, the CBC2 shall not exercise vis-à-vis the Issuer any right of set-off, defence or counterclaim or exercise any rights acquired by subrogation."

An Extended Due for Payment Date of each Series shall be specified in the applicable Final Terms.

All payments of Guaranteed Amounts by or on behalf of the CBC2 will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or

other governmental charges of whatever nature, unless the withholding or deduction of such taxes, assessments or other governmental charges are required by law or regulation or administrative practice of any jurisdiction. If any such withholding or deduction is required, the CBC2 will pay the Guaranteed Amounts net of such withholding or deduction and shall account to the appropriate tax authority for the amount required to be withheld or deducted. The CBC2 will not be obliged to pay any amount to the Trustee or any Covered Bondholder in respect of the amount of such withholding or deduction.

Failure by the CBC2 to pay Guaranteed Final Redemption Amounts or the balance thereof, as the case may be, on the Extended Due for Payment Date and/or pay Guaranteed Amounts constituting Scheduled Interest on any Scheduled Payment Date or the Extended Due for Payment Date will (subject to any applicable grace period) be a CBC2 Event of Default.

For the purposes hereof:

"Due for Payment" means, with respect to a Guaranteed Amount, (i) prior to the service of a CBC2 Acceleration Notice, the Scheduled Payment Date in respect of such Guaranteed Amount or, if later, the day which is two Business Days after service of an Issuer Acceleration Notice and a Notice to Pay or (ii) after the service of a CBC2 Acceleration Notice, the date on which the CBC2 Acceleration Notice is served (or, in either case, if such day is not a Business Day, the first following Business Day).

For the avoidance of doubt, **"Due for Payment"** does not refer to any earlier date upon which payment of any Guaranteed Amount may become due under the guaranteed obligations, by reason of prepayment, acceleration of maturity, mandatory or optional redemption or otherwise;

"Guaranteed Amounts" means, in respect of a Series:

- (i) with respect to any Scheduled Payment Date falling prior to the service of a CBC2 Acceleration Notice, the sum of the Scheduled Interest and Scheduled Principal payable on such Scheduled Payment Date; or
- (ii) with respect to any date after the service of a CBC2 Acceleration Notice, an amount equal to the aggregate of (i) the relevant Early Redemption Amount specified in the Conditions as being payable on that date and (ii) all accrued and unpaid interest and all other amounts due and payable in respect of the Covered Bonds and all amounts payable by the CBC2 under the Trust Deed, provided that any Guaranteed Amounts representing interest paid after the Final Maturity Date shall be paid on such dates and at such rates as specified in the applicable Final Terms;

"Rating Agency" means any rating agency (or its successor) who, at the request of the Issuer, assigns, and for as long it assigns, one or more ratings to the Covered Bonds under the Programme from time to time, which may include Moody's;

"Scheduled Interest" means, in respect of a Series, any amount of scheduled interest payable (i) under the Covered Bonds as specified in Condition 4 (*Interest*) (but excluding (a) any additional amounts relating to premiums, default interest or interest upon interest payable by the Issuer following an Issuer Event of Default but including such amounts following a CBC2 Acceleration Notice in circumstances where Covered Bonds had not become due and payable prior to their Extended Due for Payment Date and (b) any additional amounts the Issuer would be obliged to pay as a result of any gross-up in respect of any withholding or deduction made under the circumstances set out in Condition 7 (*Taxation*)), for this purpose disregarding any Excess Proceeds recovered by the Trustee on account of scheduled interest and on-paid to the CBC2 in accordance with the Trust Deed, or (ii) under the Guarantee as specified in Condition 3(b) (*The Guarantee*);

"Scheduled Payment Dates" means, in respect of a Series, each Interest Payment Date and the Final Maturity Date as specified in (i) in the case of Scheduled Interest, Condition 4 (*Interest*) or Condition 3(b) (*The Guarantee*), as the case may be, or (ii) in the case of Scheduled Principal, Condition 6(a) (*Redemption at maturity*); and

"Scheduled Principal" means, in respect of a Series, any amount of scheduled principal payable under the Covered Bonds as specified in Condition 6(a) (*Redemption at maturity*) (but excluding (a) any additional amounts relating to prepayments, early redemption, broken funding indemnities, penalties, premiums or default interest payable by the Issuer following an Issuer Event of Default but including such amounts (if any) together with the Early Redemption Amount and any interest accrued on the Guaranteed Amounts in accordance with Clause 3.1 of the Trust Deed following a CBC2 Event of Default) and (b) any additional amounts the Issuer would be obliged to pay as a result of any gross-up in respect of any withholding or deduction made under the circumstances set out in Condition 7 (*Taxation*)), for this purpose disregarding any Excess Proceeds recovered by the Trustee on account of scheduled principal and on-paid to the CBC2 in accordance with the Trust Deed.

2.2. SECURITY

In the Trust Deed, the CBC2 undertakes to pay to the Trustee amounts equal to and in the currency of the amounts it owes (i) to the Covered Bondholders under or pursuant to the Guarantee, the Trust Deed and the other Transaction Documents and (ii) the other Secured Creditors under or pursuant to the Transaction Documents, (the "**Principal Obligations**") (such payment undertaking and the obligations and liabilities which are the result thereof the "**Parallel Debt**"). The (corresponding part of the) Parallel Debt will become due and payable (*opeisbaar*) as and when one or more of the Principal Obligations become due and payable. The Principal Obligations do not include the CBC2's obligations pursuant to the Parallel Debt. In this respect the CBC2 and the Trustee acknowledge that (i) the Parallel Debt constitutes undertakings, obligations and liabilities of the CBC2 to the Trustee which are separate and independent from and without prejudice to the Principal Obligations of the CBC2 to any Secured Creditor and (ii) the Parallel Debt represents the Trustee's own separate and independent claim (*vordering op naam*) to receive payment of the Parallel Debt from the CBC2, it being understood that the total amount which may become due by the CBC2 under the Parallel Debt will never exceed the total amount which may become due under the Principal Obligations. The total amount due and payable by the CBC2 under the Parallel Debt shall be decreased to the extent that the CBC2 shall have paid any amounts to the Covered Bondholders or any other Secured Creditor to reduce the Principal Obligations and the total amount due and payable by the CBC2 under the Principal Obligations shall be decreased to the extent that the CBC2 shall have paid any amounts to the Trustee under the Parallel Debt. Pursuant to the Common Terms (set out in Schedule 2 to the Incorporated Terms Memorandum), the Secured Creditors accept that the Security created by the Security Documents is granted by the CBC2 to the Trustee to secure its obligations pursuant to the Parallel Debt.

The Parallel Debt of the CBC2 owed to the Trustee will be secured by the following security rights granted by the CBC2 to the Trustee:

- (a) pursuant to a master deed of pledge of receivables (the "**Master Receivables Pledge Agreement**"), a first ranking non-disclosed right of pledge (*stil pandrecht*) over the Transferred Receivables. The right of pledge created pursuant to the Master Receivables Pledge Agreement will not be notified to the Borrowers except under the conditions of the Master Receivables Pledge Agreement;
- (b) if Substitution Assets are transferred to the CBC2, pursuant to a deed of pledge of substitution assets (the "**Substitution Assets Pledge**"), a first ranking disclosed right of pledge (*openbaar pandrecht*) over such Substitution Assets;
 - (i) pursuant to a deed of pledge of accounts (the "**Accounts Pledge**"), a first ranking disclosed right of pledge (*openbaar pandrecht*) over all current and future monetary claims of the CBC2 vis-à-vis the Account Bank in respect of the CBC2 Accounts. The right of pledge created pursuant to the Accounts Pledge will be notified to the Account Bank. The Trustee has authorised the CBC2 to collect the pledged rights, which authorisation can be revoked in the circumstances set out in the deed of pledge; and
 - (ii) pursuant to a deed of pledge of CBC2 rights (the "**CBC2 Rights Pledge**"), a first ranking disclosed right of pledge (*openbaar pandrecht*) over the CBC2's present and future rights (*vorderingen*) vis-à-vis any debtors of the CBC2 under any Transaction Document to which the CBC2 is a party, other than the Management Agreement (CBC2). The right of pledge created pursuant to the CBC2 Rights Pledge will be notified to the relevant debtors. The Trustee has authorised the CBC2 to collect the pledged rights, which authorisation can be revoked in the circumstances set out in the deed of pledge.

A Dutch pledge can serve as security for monetary claims (*geldvorderingen*) only and can only be enforced upon default (*verzuim*) of the obligations secured thereby. Foreclosure on pledged property is to be carried out in accordance with the applicable provisions and limitations of the Dutch Civil Code (*Burgerlijk Wetboek*) and the Dutch Code of Civil Procedure (*Wetboek van Burgerlijke Rechtsvordering*).

If an Enforcement Event occurs, the Trustee will be entitled to enforce the Security (including selling the Transferred Assets) and/or take such steps as it shall deem necessary, subject in each case to being indemnified and/or secured to its satisfaction.

For the purposes hereof:

"Enforcement Event" means any default (*verzuim*) in the proper performance of the Secured Obligations or any part thereof provided that a CBC2 Acceleration Notice has been served;

"Secured Creditors" means the Trustee (in its own capacity and on behalf of the Covered Bondholders), the Originators, the Servicers, the Account Bank, the Administrator, the Swap Providers (if any), the Asset Monitor, the Managing Director, the Agents, the Participants and all other creditors designated by the Trustee as Secured Creditor from time to time in accordance with the Trust Deed;

"Secured Property" means all the CBC2's assets, rights and receivables including the CBC2's rights in respect of the Transferred Assets, its rights in relation to the CBC2 Accounts and its rights under the Transaction Documents over which security is created pursuant to the Security Documents;

"Security" means the security for the obligations of the CBC2 in favour of the Trustee for the benefit of the Secured Creditors which is created pursuant to, and on the terms set out in, the Trust Deed and the Security Documents; and

"Security Documents" means the Master Receivables Pledge Agreement, the Substitution Assets Pledge, the Accounts Pledge and the CBC2 Rights Pledge.

2.3. CBC2

Introduction

The issuer of the Guarantee is ABN AMRO Covered Bond Company 2 B.V. (the "**CBC2**"), incorporated on 28 November 2017 as a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated and operating under the laws of The Netherlands, having its corporate seat (*statutaire zetel*) in Amsterdam, The Netherlands and its registered office at Prins Bernhardplein 200, 1097 JB Amsterdam, The Netherlands and registered with the Commercial Register of the Chamber of Commerce under number 70176841. The telephone number of the CBC2 is +31 20 577 1177 and the fax number of the CBC2 is +31 20 577 1188. The legal entity identifier (LEI) of the CBC2 is 724500Y1QNFXSTOLHZ08.

Principal Activities

The CBC2's articles of association have a restrictive objects clause allowing the CBC2 the following activities: (i) to obtain, to hold in possession, to alienate, to encumber and to otherwise manage goods, including claims on private persons, enterprises and authorities, whether or not embodied in value papers, as well as to exercise the rights attached to such claims, (ii) to raise funds through, among other things, borrowing under loan agreements, the use of financial derivatives or otherwise and to invest and put out funds obtained by the CBC2 in, among other things, (interests in) loans, bonds, debt instruments and other evidences of indebtedness, shares, warrants and other similar securities and also financial derivatives, (iii) issuing guarantees and granting security for the obligations and debts of the CBC2 and of third parties, including ABN AMRO Bank, (iv) to enter into agreements, including, but not limited to, financial derivatives such as interest and/or currency swap agreements, in connection with the objects mentioned under (i), (ii) and (iii) and (v) to enter into agreements including, but not limited to, bank, securities and cash administration agreements, asset management agreements and agreements for providing guarantees and creating security in connection with the objects mentioned under (i), (ii), (iii) and (iv) and (vi) to perform any and all acts which are related, incidental or which may be conducive to the objects mentioned under (i) through (v) all in the context of the Programme.

The CBC2 is a special purpose entity. It has been set up as a bankruptcy remote entity, principally in two ways. First, non-petition wording has been included in the relevant Transaction Documents. Notwithstanding such wording, it is possible that a Dutch court would deal with a petition for bankruptcy (*faillissement*) initiated by third party creditors (e.g. tax authorities) or Transaction Parties even if such petition was presented in breach of a non-petition covenant applying to the relevant Transaction Party. Secondly, recourse by the Transaction Parties to the CBC2 has been limited to the Transferred Assets and any other assets the CBC2 may have (excluding for the avoidance of doubt amounts standing to the credit of the Capital Account).

The CBC2 has not engaged since its incorporation, and will not engage whilst the Covered Bonds remain outstanding, in any material activities other than activities which are incidental or ancillary to the foregoing. The CBC2 has no subsidiaries.

The ability of the CBC2 to engage in any activities other than relating to the Programme and the transactions contemplated pursuant thereto is restricted in the CBC2's articles of association, the Trust Deed and the other relevant Transaction Documents.

The CBC2 has no employees.

3. GUARANTEE SUPPORT

3.1. TRANSFERS

As consideration for the CBC2 assuming the Guarantee, and so as to enable the CBC2 to meet its obligations under the Guarantee, the Originators have agreed in the guarantee support agreement dated the Programme Date between the Issuer, the Initial Originators, the CBC2 and the Trustee (such guarantee support agreement as amended and/or supplemented and/or restated from time to time, the "**Guarantee Support Agreement**") to transfer Eligible Assets to the CBC2. The transfers are effectuated as follows:

- (a) in the case of Eligible Receivables, by way of undisclosed assignment (*stille cessie*). This takes place through due execution by the relevant Originator and the CBC2 of a deed of assignment in the form attached to the Guarantee Support Agreement and offering the same for registration to the Dutch tax authorities (*Belastingdienst*). Notification (*mededeling*) of the assignment to the Borrowers will only take place if a Notification Event occurs. Following receipt of notification by the Borrowers, in principle, only payment to the CBC2 will be capable of discharging a Borrower's obligations under the relevant Transferred Receivable;
- (b) in the case of Eligible Collateral, subject to paragraph (c) below, by way of book-entry transfer (*girale overboeking*) to a bank or securities account, as the case may be, designated for such purpose by the CBC2; and/or
- (c) in the case of Eligible Collateral comprising Substitution Assets which do not satisfy the requirement set out in paragraph (iv) of such definition (other than cash):
 - (i) if and to the extent possible and desirable in the opinion of the CBC2 and the Trustee and only upon Rating Agency Confirmation, in the manner as described above under (b); and
 - (ii) if and to the extent not so possible or desirable, in such manner as may be required by the CBC2 and the Trustee, and provided that:
 - (A) Rating Agency Confirmation has been obtained; and
 - (B) the Trustee is satisfied that pursuant to such transfer the CBC2 will receive assets of equivalent credit and security status and ranking as the other Eligible Collateral (supported by a legal opinion of internationally recognised counsel in form and substance satisfactory to the Trustee).

If, in the opinion of the Issuer, amendments are necessary to the Transaction Documents or if additional transaction documents are required in relation to such transfer of Eligible Collateral comprising Substitution Assets which do not satisfy the requirement set out in paragraph (iv) of such definition (other than cash) and Rating Agency Confirmation is obtained therefor, the Trustee may consent thereto without consultation of the Covered Bondholders.

On the First Transfer Date, the relevant Initial Originators have transferred to the CBC2 the respective Eligible Receivables comprising the Initial Portfolio. Thereafter, each Originator:

- (i) may at any time offer to transfer further Eligible Assets to the CBC2; and
- (ii) jointly and severally with all other Originators undertakes to upon request of the CBC2 offer to transfer further Eligible Assets to the CBC2. The CBC2 will only make such a request if it (or the Administrator on its behalf) determines that the Asset Cover Test or any Mandatory Asset Quantity Test, has not been met under the Asset Monitor Agreement.

The CBC2 shall accept each such offer if the relevant conditions precedent set out in the Guarantee Support Agreement have been met, including in the case of transfer of Receivables receipt of a confirmation that the Receivables Warranties are true and correct in all material respects and not misleading in any material respect as at the relevant Transfer Date.

In the Guarantee Support Agreement the CBC2 has agreed with the Issuer that if the Issuer and the CBC2 (or the Administrator on its behalf) at any time conclude (acting reasonably) that the value of (i) any Eligible Collateral (offered to be) transferred by an Originator in accordance with the terms of the Guarantee Support Agreement and/or (ii) any Authorised Investments from time to time held by the CBC2, is necessary to be included in any calculation for the purpose of compliance with article 40f and/or 40g of the Decree on Prudential Rules Wft (*Besluit prudentiële regels Wft*) (as amended, restated and/or re-enacted from time to time) the (the "**Decree**"), the CBC2 (or the Administrator on its behalf) and the Issuer shall procure that any such Transferred Collateral and/or Authorised Investments (or any substitute Authorised Investments) necessary for such purpose shall satisfy the requirements for eligible assets that may collateralise covered bonds in accordance with article 40f, paragraph 3 or, as the case may be, the eligibility criteria for liquid assets in accordance with article 40g of the Decree.

In addition, in the Guarantee Support Agreement each Originator covenants that if (i) it makes any Further Advance under any Loan Agreement or if Quion 9 acquires the receivable originating from any Further Advance under any Loan Agreement, in each case relating to a Transferred Receivable, (ii) such Further Advance is secured by the same Related Security and (iii) such Further Advance results in an Eligible Receivable, then it will transfer such further Eligible Receivable to the CBC2 as soon as reasonably practicable and, if possible, prior to the following Calculation Date.

In the Guarantee Support Agreement, the following intercreditor arrangement is agreed between each of the Originators, the CBC2 and the Trustee:

- (i) if and to the extent that any Related Security secures both a Transferred Receivable and any receivable which is owned by an Originator (and which has not been transferred to the CBC2) (a "**Residual Claim**"), the relevant Originator and the CBC2 agreed that the CBC2 shall have, and each Originator granted the CBC2, exclusive authority to perform all acts of management (*beheer*) and/or of disposal (*beschikking*) pertaining to such Related Security and in any event, without prejudice to the generality of the foregoing, to:
 - (a) foreclose (*uitwinnen*) on such Related Security without any involvement of the relevant Originator; and
 - (b) apply the foreclosure proceeds in payment of the Transferred Receivable such that only the remaining proceeds (if any) will be available for application in payment of the Residual Claim,

provided that (i) for as long as no Notification Event has occurred and no Notice to Pay or CBC2 Acceleration Notice has been served, the CBC2 agreed to delegate such authority to the relevant Originator and (ii) such authority shall not be vested in the CBC2 but in the relevant Originator if the relevant Originator can prove that such Related Security was specifically created to secure the Residual Claim and was not intended to secure the Transferred Receivable;

- (ii) if paragraph (i) above is not effective to procure compliance therewith by the relevant Originator (or its liquidator in any Insolvency Proceedings), such Originator owes the CBC2 an amount equal to its share in the foreclosure proceeds of each relevant Related Security, which amount shall be immediately due and payable in case the relevant Borrower defaults (*in verzuim is*) in respect of the relevant Transferred Receivable or the Residual Claim(s) such Borrower owes to the relevant Originator, provided that the CBC2's recourse to any

Originator in relation to any Related Security is limited to such Originator's share in the foreclosure proceeds of such Related Security;

- (iii) upon the occurrence of a relevant RC Pledge Trigger Event, unless an appropriate remedy to the satisfaction of the Trustee is found after having received Rating Agency Confirmation, then each of the Originators agreed to forthwith grant to the CBC2 a right of pledge on its Residual Claims as security for the payment of the relevant amount it owes to the CBC2 pursuant to paragraph (ii) above. If, after the pledge of the Residual Claims, a relevant RC Pledge Release Trigger Event occurs, the CBC2 and the Trustee will be obliged to release the rights of pledge vested on the Residual Claims. In addition, each of the CBC2 and the Trustee undertakes to release such right of pledge on any Residual Claims of a Borrower if (i) the principal amount outstanding in respect of the relevant Transferred Receivable secured by the same Related Security has been repaid in full together with all accrued interest and other secured amounts due under or in connection with the related Loan or (ii) all Transferred Receivables that are secured by the same Related Security as such Residual Claims have been retransferred to the relevant Originator in accordance with the terms of the Guarantee Support Agreement;
- (iv) if the pledge pursuant to paragraph (iii) above is implemented, any foreclosure proceeds are applied in discharge of amounts due pursuant to paragraph (ii) above and the Related Security is no longer in place or no longer expected to generate any proceeds, the CBC2 will retransfer to the relevant Originator a part of (the unsatisfied part of) the relevant Transferred Receivable for a principal amount corresponding to the principal amount of the pledged Residual Claims so applied;
- (v) if the CBC2 transfers a Transferred Receivable in accordance with the Guarantee Support Agreement and the Asset Monitor Agreement to any transferee other than the relevant Originator or insurer, it is entitled to transfer its corresponding rights and obligations pursuant to Clause 9.4 (*Intercreditor Arrangements*) of the Guarantee Support Agreement to such transferee and each Originator in advance irrevocably granted its co-operation to any such transfer (within the meaning of article 6:159 of the Dutch Civil Code); and
- (vi) if an Originator transfers a Residual Claim to any transferee, it is entitled, and obliged, to transfer its corresponding rights and obligations pursuant to Clause 9.4 (*Intercreditor Arrangements*) of the Guarantee Support Agreement to such transferee and the CBC2 in advance irrevocably agreed to co-operate with any such transfer (within the meaning of article 6:159 of the Dutch Civil Code). Each Originator warrants and represents that it has not (nor has any originator (i) which has Merged into the relevant Originator or (ii) whose Relevant Assets and Liabilities have been acquired by the relevant Originator pursuant to a Demerger) transferred any Residual Claim to any party (other than (a) an insurer pursuant to a Master Transfer Agreement in relation to an MTA Receivable and (b) in the case of a Merged Originator or Demerged Originator (as the case may be), the relevant Originator) prior to the relevant Transfer Date.

Furthermore, if a Receivable transferred by Quion 9 is originated by a third party originator (other than Quion 9) and is secured by Related Security which includes All-monies Security, in the Guarantee Support Agreement Quion 9 undertakes that it shall procure that the relevant third party originator of such Receivable shall not obtain any Residual Claim on a Borrower, other than a Further Advance which is transferred to Quion 9 and in accordance with the terms of the Guarantee Support Agreement subsequently transferred to the CBC2.

Neither the CBC2, the Trustee nor the Issuer has made or has caused to be made on its behalf any enquiries, searches or investigations in respect of the Transferred Assets. Instead, each is relying entirely on the Representations and Warranties by the relevant Originator contained in the Guarantee Support Agreement. The parties to the Guarantee Support Agreement may, subject to the prior

written consent of the Trustee and Rating Agency Confirmation, amend the Representations and Warranties. The Receivables Warranties are as follows and are given on the relevant Transfer Date by the relevant Originator in respect of the Receivables to be transferred by it to the CBC2:

- (i) each Receivable is an Eligible Receivable;
- (ii) the particulars of the Eligible Receivables set out in Annex 1 to the relevant deed of assignment are true, complete and accurate in all material respects and the Gross Outstanding Principal Balance in respect of each Receivable in the Initial Portfolio or in a New Portfolio as at the relevant Transfer Date and the aggregate Gross Outstanding Principal Balance of the Receivables in the Initial Portfolio or in a New Portfolio is correctly stated in Annex 1 to the relevant deed of assignment;
- (iii) no Originator has created, agreed to create or permitted to subsist any limited right (*beperkt recht*) on, or right of set-off pertaining to, any of its Collection Accounts or rights or receivables pertaining thereto, other than as validly waived (*afstand van gedaan*) on or prior to the date on which it first transfers any Eligible Receivables under or pursuant to the Guarantee Support Agreement; and
- (iv) prior to (but not earlier than a Reasonable Prudent Lender would deem acceptable) making the Initial Advance under each Loan Agreement, the relevant Originator complied with its obligations under the Dutch Prevention of Money Laundering and the Financing of Terrorism Act (*Wet ter voorkoming van witwassen en financieren van terrorisme*) together with any other ancillary regulatory requirements, including but not limited to any requirements of the AFM, in connection with the origination of each Receivable.

The Programme Agreement provides a mechanism for (i) at the option of the Issuer members of the Group wishing to transfer Eligible Assets to the CBC2, to accede to the relevant Transaction Documents as a New Originator subject always to Rating Agency Confirmation and (ii) Originators that have not originated any of the CBC2's Transferred Assets at such time, to withdraw from the relevant Transaction Documents as an Originator, provided that no Notification Event has occurred and no Issuer Acceleration Notice, Notice to Pay or CBC2 Acceleration Notice has been served.

In the Trust Deed, the Trustee agrees to, upon receipt of each Monthly Investor Report, verify whether such Monthly Investor Report states that a Notification Event has occurred.

 - (i) the Issuer may from time to time request a retransfer of any Transferred Asset from the CBC2 to the relevant Originator. an amount equal to the Savings received by the relevant insurer in the month immediately preceding the date on which the purchase and retransfer of such (part of the) MTA Receivable is completed, under the relevant savings insurance policy relating to the Savings Loan from which such MTA Receivable was originated and (iii) the purchase price of such (part of the) MTA Receivable shall be at least an amount equal to the Savings received by the relevant insurer in the month immediately preceding the date on which the purchase and retransfer of such (part of the) MTA Receivable is completed, under the relevant savings insurance policy relating to the Savings Loan from which such MTA Receivable was originated.

A retransfer by the CBC2 as abovementioned will be effectuated in substantially the same manner as the transfers to the CBC2 described above, *mutatis mutandis*. If the retransfer concerns Selected Receivables which are sold to an Originator further to the relevant Originator's right of pre-emption (*voorkeursrecht*), the underlying sale and purchase will be concluded through execution of a Selected Receivables Offer Notice.

For the purpose hereof:

3.3. ELIGIBLE ASSETS

The following assets are eligible to be transferred to the CBC2 by the Originators pursuant to the Guarantee Support Agreement:

- Eligible Receivables; and
- Eligible Collateral (together with the Eligible Receivables, the "**Eligible Assets**").

The mortgage rights securing the Eligible Receivables are vested on a Property. For over a century different municipalities and other public bodies in The Netherlands have used long lease (*erfpacht*) as a system to issue land without giving away the ownership to it. There are three types of long lease: temporary (*tijdelijk*), ongoing (*voortdurend*) and perpetual (*eeuwigdurend*). A long lease is a right *in rem* (*zakelijk recht*) which entitles the leaseholder (*erfpachter*) to hold and use a real property (*onroerende zaak*) owned by another party, usually a municipality. The long lease can be transferred by the leaseholder without permission from the landowner being required, unless the lease conditions provide otherwise and it passes to the heirs of the leaseholder in case of his death. Usually a remuneration (*canon*) will be due by the leaseholder to the landowner for the long lease.

The loan products or loan parts to which the Eligible Receivables of the Initial Originators relate can be categorised as follows (regardless of the different names used by the different Initial Originators to refer to their respective loan products falling under the same category):

1. An interest-only loan (an "**Interest-Only Loan**") is a loan on which only interest is due until maturity. The full principal amount is repayable in one instalment at maturity. An Interest-Only Loan is not connected to a Mixed Insurance Policy and does not have an investment part.
2. An annuity loan (an "**Annuity Loan**") is characterised by equal periodical payments by the Borrower. These payments contain both an interest and a principal component. As with each principal payment part of the Loan is redeemed, the interest component declines after each successive payment. The principal component rises in such a way that the remaining balance of the Loan at maturity will be zero. An Annuity Loan is not connected to a Mixed Insurance Policy and does not have an investment part.
3. A linear loan (a "**Linear Loan**") is a loan on which the periodical payment consists of a constant principal component plus an interest component based on the remaining Loan balance. The balance of the Loan is thus being repaid in a straight-line fashion i.e. linear, and will be zero at maturity, while the interest payment declines after each successive payment. A Linear Loan is not connected to a Mixed Insurance Policy and does not have an investment part.
4. An investment loan (an "**Investment Loan**") is, like an Interest-Only Loan, a loan on which only interest is due until maturity. The full principal amount is repayable in one instalment at maturity. To secure the Investment Loan, the Borrower pledges a securities account it maintains with an investment firm or a bank. Under the related securities account agreement, the Borrower pays (on a regular basis) a sum which is invested in a variety of investment funds offered by the investment firm or bank. Upon maturity the investment proceeds are applied towards repayment of the Investment Loan. If the proceeds are insufficient, the relevant Borrower is obliged to make up any shortfall. An Investment Loan has an investment part, but is not connected to a Mixed Insurance Policy.
5. A life loan or life insurance loan (a "**Life Loan**") is, like an Interest-Only Loan, a loan on which only interest is due until maturity. The full principal amount is repayable in one

instalment at maturity. To secure the Life Loan, the Borrower pledges a life insurance policy to the relevant Originator, which is a combined risk and capital insurance policy.

Under the life insurance policy the Borrower pays premium consisting of (apart from a cost element) a risk and a capital element. There are different types of life insurance policies, depending on the way in which the capital element is invested by the insurer (for example in certain designated investment funds) and the way in which the risk element of the premium is calculated. The insurance proceeds of the life insurance policy are due by the insurer at the earlier of the maturity of the life insurance policy (which is generally thirty years) and the death of the Borrower, and are applied towards repayment of the Life Loan. If the proceeds are insufficient, the relevant Borrower is obliged to make up any shortfall. A Life Loan is connected to a Mixed Insurance Policy.

6. A savings loan, savings growth loan, start-sure loan or any other loan with substantially the same or comparable characteristics (a "**Savings Loan**") is, like an Interest-Only Loan, a loan on which only interest is due until maturity. The full principal amount is repayable in one instalment at maturity. To secure the Savings Loan, the Borrower pledges a savings insurance policy to the relevant Originator, which is a combined risk and capital insurance policy. Certain loan products of this category (i.e. start-sure loans) are only available if an NHG Guarantee is available. Under the savings insurance policy the Borrower pays premium consisting of (apart from a cost element) a risk and a savings element. The savings element is calculated in such a manner that, on an annuity basis, the proceeds of the savings insurance policy due by the insurer are equal to the principal amount due by the Borrower at maturity of the Savings Loan. The insurance proceeds of the savings insurance policy are due at the earlier of the maturity of the savings insurance policy (which is generally thirty years) and the death of the Borrower, and are applied towards repayment of the Savings Loan. If the proceeds are insufficient, the relevant Borrower is obliged to make up any shortfall. A Savings Loan is connected to a Mixed Insurance Policy, but does not have an investment part.
7. A hybrid loan, asset growth loan or life growth loan or any other loan with substantially the same or comparable characteristics (a "**Hybrid Loan**") is, like an Interest-Only Loan, a loan on which only interest is due until maturity. The full principal amount is repayable in one instalment at maturity. To secure the Hybrid Loan, the Borrower pledges an insurance policy to the relevant Originator, which is a combined risk and capital insurance policy. For certain loan products of this category (i.e. life growth loans and, depending on the ratio the income of the Borrower bears to the principal amount of the relevant Eligible Receivable, the asset growth loans) the pledge is limited to the amount by which the relevant Eligible Receivable exceeds the foreclosure value of the relevant Property. Under the insurance policy the Borrower pays premium consisting of (apart from a cost element) a risk element and an investment part and, if applicable, a savings part. The Borrower can choose how the insurer should invest investment premiums (from a list of approved investments) and can request the insurer to switch between investments, in whole or in part. For certain loan products of this category (i.e. asset growth loans) the Borrower has the option (and is in certain events obliged) to pay a lump sum amount by way of savings premium. For other products of this category (i.e. hybrid loans and life growth loans), the Borrowers are allowed to choose whether they prefer a savings and/or investment part and, subject to certain conditions, to switch between savings and investments, in whole or in part. The insurance proceeds of the insurance policy are due at the earlier of the maturity of the insurance policy (which is generally thirty years) and the death of the Borrower, and are applied towards repayment of the Hybrid Loan. If the proceeds are insufficient, the relevant Borrower is obliged to make up any shortfall. A Hybrid Loan is connected to a Mixed Insurance Policy and has an investment part.

8. A bank savings loan (a "**Bank Savings Loan**") is, like an Interest-Only Loan, a loan on which only interest is due until maturity. The full principal amount is repayable in one instalment at maturity. To secure the Bank Savings Loan, the Borrower pledges the rights in respect of a savings account (a "**Bank Savings Account**") to the relevant Originator, which is held in the name of the Borrower with the Bank Savings Deposit Bank and which is connected to the Bank Savings Loan. The Bank Savings Account is a blocked account and the amounts standing to the credit thereto shall in principle only be released (*gedeblokkeerd*) at maturity of the Bank Savings Loan (which varies between a minimum of fifteen years and a maximum of thirty years), the death of the Borrower or, subject to the applicable general conditions, in certain other limited circumstances and shall, subject to the applicable general conditions and applicable (tax) law, in principle only be applied to repay the related Bank Savings Loan. During the life of the Bank Savings Loan, the Borrower makes a monthly fixed payment into the Bank Savings Account whereby the interest rate payable by the Bank Savings Deposit Bank in respect of amounts standing to the credit of the Bank Savings Account is linked to the interest rate payable by the Borrower under the Bank Savings Loan. The monthly fixed payment will be made through direct debits and calculated on the basis of the interest amount, the maturity of the Bank Savings Account and the aggregate required amount to repay the Bank Savings Loan in full at maturity. The monthly fixed payment will be adjusted each time that either a prepayment is made in respect of the Bank Savings Loan, an amendment is made to the maturity date of the Bank Savings Account, the Borrower makes an additional payment into the Bank Savings Account or the interest rate payable by the Borrower under the Bank Savings Loan is reset (i.e. at the end of each fixed-interest period), to ensure that the aggregate amount credited to the Bank Savings Account (consisting of such payments and accrued interest thereon and calculated in such manner on an annuity basis) at maturity of the Bank Savings Account is equal to the principal amount due by the Borrower at maturity of the Bank Savings Loan. If at (i) maturity of the Bank Savings Loan or (ii) foreclosure by the relevant Originator of the Bank Savings Loan as a result of a default of the Borrower in respect of due amounts, the amount standing to the credit of the related Bank Savings Account is insufficient to repay the Bank Savings Loan in full, the Borrower is obliged to make up the shortfall. A Bank Savings Loan has a savings part but not an investment part and is not connected to a Mixed Insurance Policy.

Insofar as interest on the Eligible Receivables is concerned, the Initial Originators offer different floating interest rate periods (1 or 3 months) and fixed interest rate periods (1, 2, 3, 5, 6, 7, 10, 12, 15, 17, 20, 22, 25 and 30 years fixed). With respect to certain of the fixed interest rate periods the last two years can consist of a so-called reconsider period (*rentebedenktijd*). During such reconsider period the Borrower may choose to reset his rate to the then existing interest rate, for a new fixed interest rate period. At an interest reset date, the Borrower may opt for a floating rate of interest.

In addition to fixed interest rates and floating interest rates as set out above, ABN AMRO Bank as Initial Originator has offered "Buffer Interest", in which case a fixed base rate and a margin and a floating interest rate are agreed in the relevant Loan Agreement. The margin equals 1% in the case of an interest rate period of 5 years, 1.8% in the case of an interest rate period of 10 years or 2% in the case of an interest rate period of 15 years. If during the term of the relevant loan the then current floating interest rate:

- exceeds or is lower than the base rate by no more than the margin, then the base rate applies; or
- exceeds or is lower than the base rate by more than the margin, then the base rate is increased or decreased with the difference between (a) the base rate plus or minus (as the case may be) the margin and (b) the then current floating interest rate.

Also, ABN AMRO Bank as Initial Originator offers 'Ideaalrente'. If Ideaalrente is applicable, the interest rate (for a certain fixed interest rate period) is reset once per year based on the average rate for mortgage loans over the previous five (5) years (for that specific fixed interest rate period). The interest is set yearly in advance.

Furthermore, ABN AMRO Hypotheken Groep, Quion 9 and Oosteroever Hypotheken as Initial Originators offered 'Margin Interest'. If Margin Interest is applicable, the interest rate on the Loan is reset annually, subject to caps and floors (relative to a base rate), which provides the Borrower with some protection against interest rate changes. The base rate itself may be reset from time to time.

3.4. OVERVIEW OF DUTCH RESIDENTIAL MORTGAGE MARKET

This paragraph 3.4 is substantially derived from the Dutch Residential Mortgage Market Overview over the period until June 2020, which overview is publicly available at the website of the Dutch Securitisation Association¹. The Issuer confirms that this information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from the information published by the Dutch Securitisation Association, no facts have been omitted which would render the information in this paragraph 3.4 inaccurate or misleading.

Dutch residential mortgage market

The Dutch residential mortgage debt stock is relatively sizeable, especially when compared to other European countries. Since the 1990s, the mortgage debt stock of Dutch households has grown considerably, mainly on the back of mortgage lending on the basis of two incomes in a household, the introduction of tax-efficient product structures such as mortgage loans with deferred principal repayment vehicles and interest-only mortgage loans, financial deregulation and increased competition among originators. Moreover, Loan-to-Value (LTV) ratios have been relatively high, as the Dutch tax system implicitly discouraged amortisation, due to the tax deductibility of mortgage interest payments. After a brief decline between 2012 and 2015, mortgage debt reached a new peak of EUR 723 billion in Q4 2019². This represents a rise of EUR 8.3 billion compared to Q4 2018.

Tax system

The Dutch tax system plays an important role in the Dutch mortgage market, as it allows for almost full deductibility of mortgage interest payments from taxable income. This tax system has been around for a very long time, but financial innovation has resulted in a greater leverage of this tax benefit. From the 1990s onwards until 2001, this tax deductibility was unconditional. In 2001 and 2004, several conditions have been introduced to limit the usage of tax deductibility, including a restriction of tax deductibility to (mortgage interest payments for) the borrower's primary residence and a limited duration of the deductibility of 30 years.

A further reform of the tax system was enforced on 1 January 2013. Since this date, all new mortgage loans have to be repaid in full in 30 years, at least on an annuity basis, in order to be eligible for tax relief (linear mortgage loans are also eligible). The tax benefits on mortgage loans, of which the underlying property was bought before 1 January 2013, have remained unchanged and are grandfathered, even in case of refinancing and relocation. As such, new mortgage originations still include older loan products, including interest-only. However, any additional loan on top of the borrower's grandfathered product structure, has to meet the mandatory full redemption standards to allow for tax deductibility.

Another reform imposed in 2013 to reduce the tax deductibility is to lower the maximum deduction percentage. This used to be equal to the highest marginal tax bracket (52%), but since 2013 the maximum deduction is lowered by 0.5% per annum (2020: 46%). In the coming years, the new government coalition will reduce the maximum deduction percentage by 3.0% per annum. In 2023, the maximum deduction percentage will be 37%, which will then be equal to the second highest marginal income tax rate.

There are several housing-related taxes which are linked to the fiscal appraisal value ("WOZ") of the house, both imposed on national and local level. Moreover, a real estate transfer tax of 2% is applied when a house changes hands. Although these taxes partially unwind the benefits

of tax deductibility of interest payments, and several restrictions to this tax deductibility have been applied, tax relief on mortgage loans is still substantial.

Loan products

The Dutch residential mortgage market is characterised by a wide range of mortgage loan products. In general, three types of mortgage loans can be distinguished.

Firstly, the "classical" Dutch mortgage product is an annuity loan. Annuity mortgage loans used to be the norm until the beginning of the 1990s, but they have returned as the most popular mortgage product in recent years. Reason for this return of annuity mortgage loans is the tax system. Since 2013, tax deductibility of interest payments on new loans is conditional on full amortisation of the loan within 30 years, for which only (full) annuity and linear mortgage loans qualify.

Secondly, there is a relatively big presence of interest-only mortgage loans in the Dutch market. Full interest-only mortgage loans were popular in the late nineties and in the early years of this century. Mortgage loans including an interest-only loan part were the norm until 2013, and even today, grandfathering of older tax benefits still results in a considerable amount of interest-only loan origination.

Thirdly, there is still a big stock of mortgage products including deferred principal repayment vehicles. In such products, capital is accumulated over time (in a tax-friendly manner) in a linked account in order to take care of a bullet principal repayment at maturity of the loan. The principal repayment vehicle is either an insurance product or a bank savings account. The latter structure has been allowed from 2008 and was very popular until 2013. Mortgage loan products with insurance-linked principal repayment vehicles used to be the norm prior to 2008 and there is a wide range of products present in this segment of the market. Most structures combine a life-insurance product with capital accumulation and can be relatively complex. In general, however, the capital accumulation either occurs through a savings-like product (with guaranteed returns), or an investment-based product (with non-guaranteed returns).

A typical Dutch mortgage loan consists of multiple loan parts, e.g. a bank savings loan part that is combined with an interest-only loan part. Newer mortgage loans, in particular those for first-time buyers after 2013, are full annuity and often consists of only one loan part. Nonetheless, tax grandfathering of older mortgage loan product structures still results in the origination of mortgage loans including multiple loan parts.

Most interest rates on Dutch mortgage loans are not fixed for the full duration of the loan, but they are typically fixed for a period between 5 and 15 years. Rate term fixings differ by vintage, however. More recently, there has been a bias to longer term fixings (10-20 years). Most borrowers remain subject to interest rate risk, but compared to countries in which floating rates are the norm, Dutch mortgage borrowers are relatively well-insulated against interest rate fluctuations.

Underwriting criteria

Most of the Dutch underwriting standards follow from special underwriting legislation ("Tijdelijke regeling hypothecair krediet"). This law has been present since 2013 and strictly regulates maximum LTV and Loan-to-Income (LTI) ratios. The current maximum LTV is 100% (including all costs such as stamp duties). The new government coalition has indicated not to lower the maximum LTV further.. LTI limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. This table is updated annually by the consumer budget advisory organisation "NIBUD" and ensures that income after (gross) mortgage servicing costs is still sufficient to cover normal costs of living.

Prior to the underwriting legislation, the underwriting criteria followed from the Code of Conduct for Mortgage Lending, which is the industry standard. This code, which limits the risk of over crediting, has been tightened several times in the past decade. The 2007 version of the code included a major overhaul and resulted in tighter lending standards, but deviation in this version was still possible under the "explain" clause³. In 2011, another revised and stricter version of the Code of Conduct was introduced. Moreover, adherence to the "comply" option was increasingly mandated by the Financial Markets Authority (*AFM*). Although the Code of Conduct is currently largely overruled by the underwriting legislation, it is still in force. The major restriction it currently regulates, in addition to the criteria in the underwriting legislation, is the cap of interest-only loan parts to 50% of the market value of the residence. This cap was introduced in 2011 and is in principle applicable to all new mortgage contracts. A mortgage lender may however diverge from the cap limitation if certain conditions have been met.

Recent developments in the Dutch housing market

The Dutch housing market has shown clear signs of recovery since the second half of 2013. Important factors are among others the economic recovery, high consumer confidence and low mortgage rates.

Existing house prices (PBK-index) in Q1 2020 rose by 2.1% compared to Q4 2019. Compared to Q1 2019 this increase was 6.6%. A new peak was reached this quarter. The average house average price level was 14.0% above the previous peak of 2008. One reason for the further rise in prices is the fall in mortgage interest rates in Q1 2020. In addition, the number of homes for sale has been falling for several years, bringing with it less choice for potential buyers. This was reflected in the fall in sales during the first half of 2019. We saw a rebound in the second half of 2019, which continued in Q1 2020. In this most recent quarter, the number of existing home sales even increased by 8.7% year-on-year, with a total of 51,579 transactions.

Forced sales

Compared to other jurisdictions, performance statistics of Dutch mortgage loans show relatively low arrears and loss rates⁴. The most important reason for default is relationship termination, although the increase in unemployment following the economic downturn in recent years is increasingly also a reason for payment problems. The ultimate attempt to loss recovery to a defaulted mortgage borrower is the forced sale of the underlying property.

For a long time, mortgage servicers opted to perform this forced sale by an auction process. The advantage of this auction process is the high speed of execution, but the drawback is a discount on the selling price. The Land Registry recorded 127 forced sales by auction in Q1 2020 (0.25% of total number of sales).

³ Under the "explain" clause it is in exceptional cases possible to deviate from the loan-to-income and loan-to-value rules set forth in the Code of Conduct.

3.5. NHG GUARANTEE PROGRAMME

NHG Guarantee

In 1960, the Dutch government introduced the 'municipal government participation scheme', an open ended scheme in which both the Dutch State and the municipalities guaranteed, according to a set of defined criteria, residential mortgage loans made by authorised lenders to eligible borrowers to purchase a primary family residence. The municipalities and the Dutch State shared the risk on a 50/50 basis. If a municipality was unable to meet its obligations under the municipality guarantee, the Dutch State would make an interest free loan to the municipality to cover its obligations. The aim was to promote home ownership among the lower income groups.

Since 1 January 1995 WEW, a central privatised entity, is responsible for the administration and granting of the NHG Guarantee, under a set of uniform rules. The NHG Guarantee covers the outstanding principal, accrued unpaid interest and disposal costs. Irrespective of scheduled repayments or prepayments made on the mortgage loans, the NHG Guarantee is reduced on a monthly basis by an amount which is equal to principal repayment part of the monthly instalment as if the mortgage loan were to be repaid on a thirty year annuity basis. In respect of each mortgage loan, the NHG Guarantee decreases further to take account of scheduled repayments and prepayments under such mortgage loan. Also, amounts paid as savings or investment premium under savings insurance policies or life insurance policies, respectively, are deducted from the amount outstanding on such mortgage loans for purposes of the calculation of the amount guaranteed under the NHG Guarantee (See "*Section B. Risk Factors*" above).

Financing of WEW

WEW finances itself, *inter alia*, by a one-off charge to the borrower of 0.70 per cent. (as of 1 January 2020) of the principal amount of the mortgage loan. Besides this, the scheme provides for liquidity support to WEW from the Dutch State and the participating municipalities. Should WEW not be able to meet its obligations under guarantees issued, (i) in respect of all loans issued before 1 January 2011, the Dutch State will provide subordinated interest free loans to WEW of up to 50 per cent. of the difference between WEW's own funds and a pre-determined average loss level and municipalities participating in the NHG Guarantee scheme will provide subordinated interest free loans to WEW of the other 50 per cent. of the difference, and (ii) in respect of all loans issued on or after 1 January 2011, the Dutch State will provide subordinated interest free loans to WEW of up to 100 per cent. of the difference between WEW's own funds and a pre-determined average loss level. Both the keep well agreement between the Dutch State and WEW and the keep well agreements between the municipalities and WEW contain general 'keep well' undertakings of the Dutch State and the municipalities to enable WEW at all times (including in the event of bankruptcy (*faillissement*), suspension of payments (*surseance van betaling*) or liquidation (*ontbinding*) of WEW) to meet its obligations under guarantees issued.

Terms and conditions of the NHG Guarantee

Under the NHG scheme, the lender is responsible for ensuring that the guarantee application meets the NHG conditions. If the application qualifies, various reports are produced that are used in the processing of the application, including the form that will eventually be signed by the relevant lender and forwarded to the NHG to register the mortgage and establish the guarantee. WEW has, however, no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the NHG conditions, which were applicable at the date of origination of the mortgage loan, unless such non-payment is unreasonable towards the lender.

The specific terms and conditions for the granting of NHG Guarantees, such as eligible income, purchasing or building costs etc., are set forth in published documents by WEW.

The NHG has specific rules for the level of credit risk that will be accepted. The credit worthiness of the applicant must be verified with the *Bureau Krediet Registratie* ("**BKR**"), a central credit agency used by all financial institutions in The Netherlands. All financial commitments over the past five years that prospective borrowers have entered into with financial institutions are recorded in this register. In addition, as of 1 January 2008 the applicant itself must be verified with the Foundation for Fraud Prevention of Mortgages (*Stichting Fraudepreventie Hypotheken*, "**SFH**"). If the applicant has been recorded in the SFH system, no NHG Guarantee will be granted.

To qualify for an NHG Guarantee various conditions relating to valuation of the property must be met. In addition, the mortgage loan must be secured by a first ranking mortgage right (or a second ranking mortgage right in case of a further advance). Furthermore, the borrower is required to take out insurance in respect of the mortgaged property against risk of fire, flood and other accidental damage for the full restitution value thereof. The borrower is also required to create a right of pledge in favour of the lender on the rights of the relevant borrower against the insurance company under the relevant life insurance policy connected to the mortgage loan or to create a right of pledge in favour of the lender on the proceeds of the investment funds. The terms and conditions also require a risk insurance policy which pays out upon the death of the borrower/insured for the period that the amount of the mortgage loan exceeds 80 per cent. of the value of the property.

The mortgage conditions applicable to each mortgage loan should include certain provisions, among which the provision that any proceeds of foreclosure on the mortgage right and the right of pledge on the life insurance policy or the investment funds shall be applied firstly towards repayment of the mortgage loan guaranteed under the NHG scheme.

Claiming under the NHG Guarantees

When a borrower is in arrears with payments under the mortgage loan for a period of three months, a lender informs WEW in writing within 30 days of the outstanding payments, including the guarantee number, borrower's name and address, information about the underlying security, the date of start of late payments and the total of outstanding payments. When the borrower is in arrears WEW may approach the lender and/or the borrower to attempt to solve the problem and make the borrower aware of the consequences. If an agreement cannot be reached, WEW reviews the situation with the lender to endeavour to generate the highest possible proceeds from the property. The situation is reviewed to see whether a private sale of the property, rather than a public auction, would generate proceeds sufficient to cover the outstanding mortgage loan. Permission of WEW is required in case of a private sale unless sold for an amount higher than 95% of the market value. A forced sale of the mortgaged property is only allowed in case the borrower is in arrears with payments under the mortgage loan for a period of seven or more monthly instalments, unless WEW has agreed that the forced sale may take place for other reasons or within a period of seven months.

Within one month of the receipt of the proceeds of the private or forced sale of the property, the lender must make a formal request to WEW for payment, using standard forms, which request must include all of the necessary documents relating to the original loan and the NHG Guarantee. After receipt of the claim and all the supporting details, WEW must make payment within two months. If the payment is late, provided the request is valid, WEW must pay interest for the late payment period.

In the event that a borrower fails to meet its obligation to repay the mortgage loan and no or no full payment is made to the lender under the NHG Guarantee by WEW because of the lender's culpable negligence, the lender must act *vis-à-vis* the borrower as if WEW were still guaranteeing the repayment of the Mortgage Loan during the remainder of the term of the Mortgage Loan. In addition, the lender is not entitled to recover any amounts due under the mortgage loan from the borrower in such case. This is only different if the borrower did not act in good faith with respect to his inability to repay the mortgage loan and has failed to render his full cooperation in trying to have the mortgage loan repaid to the lender to the extent possible.

For mortgage loans originated after 1 January 2014, the mortgage lender will participate for 10 per cent. in any loss claims made under the NHG Guarantee. The lender is not entitled to recover this amount from the borrower.

Additional loans

Furthermore, on 1 July 2005 provisions were added to the NHG conditions pursuant to which a borrower who is or threatens to be in arrears with payments under the existing mortgage loan may have the right to request WEW for a second guarantee to be granted by it in respect of an additional mortgage loan to be granted by the relevant lender. The monies drawn down under the additional loan have to be placed on deposit with the relevant lender and may, up to a maximum period of two years, be used for, *inter alia*, payment of the amounts which are due and payable under the existing mortgage loan, interest due and payable under the additional mortgage loan and the costs made with respect to the granting of the additional mortgage loan. The relevant borrower needs to meet certain conditions, including, *inter alia*, the fact that the financial difficulties are caused by a divorce, unemployment, disability or death of the partner.

Main NHG underwriting criteria (*Normen*) as of 1 January 2020 (*Normen 2020-I*)

With respect to a borrower, the underwriting criteria include but are not limited to:

- The lender has to perform a BKR check. Only under certain circumstances are registrations allowed.
- As a valid source of income the following qualifies: indefinite contract of employment, temporary contract of employment if the employer states that the employee will be provided an indefinite contract of employment in case of equal performance of the employee and equal business circumstances, for workers with flexible working arrangements or during a probational period ("*proeftijd*") a three year history of income statements. Self-employed workers need to provide an income statement (*Inkomensverklaring Ondernemer*) which is approved by Stichting WEW. This income statement may not be older than six months on the date of the binding offer of a mortgage loan.
- The maximum loan based on the income of the borrowers is based on the "financieringslasten acceptatiecriteria" tables and an annuity style redemption (even if the actual loan is (partially) interest only). The mortgage lender shall calculate the borrowing capacity of a borrower of a mortgage loan with a fixed interest terms of less than 10 years on the basis of a percentage determined and published by the AFM, which is based on a weighted average (according to market share) of the mortgage interest rate of at least five of the six large mortgage originators. According to law, the applicable interest rate is a minimum of five per cent.
- The mortgage lender may also apply a higher notional interest rate when calculating the borrowing capacity of the borrower. The mortgage lender shall calculate the borrowing capacity for a mortgage loan with a fixed interest term of 10 years or more on the basis of the interest rate actually charged by the mortgage lender during that fixed interest term.

With respect to the mortgage loan, the underwriting criteria include but are not limited to:

- The maximum amount of the mortgage loan is dependent on the average house price level in The Netherlands (based on the information available from the Land Registry) multiplied with the statutory loan to value. If there are no energy saving improvements and 106 per cent. if there are energy saving improvements. As a consequence, there are two maximum loan amounts:

- €310,000 for loans without energy saving improvements.
- €328,600 for loans with energy saving improvements.
- The loan amount is also limited by the amount of income and the market value of the property. With respect to the latter:
 - For the purchase of existing properties, the maximum loan amount is broadly based on the sum of (i) the lower of the purchase price and the market value based on a valuation report, (ii) the costs of improvements and (iii) a maximum of 6 per cent. of the amount under (i) plus (ii). In case an existing property can be bought without paying transfer taxes (*vrij op naam*), the purchase amount under (i) is multiplied by 97 per cent.
 - For the purchase of a property to be built, the maximum loan amount is broadly based on the sum of (i) the purchase price and/or construction costs, increased with a number of costs such as the cost of construction interest, VAT and architects (to the extent not included already in the purchase or construction cost) and (ii) an amount up to 6 per cent. of the amount under (i) in case of energy saving improvements.
- A risk insurance policy should cover at least the amount by which the mortgage loan exceeds 80% of the market value of the property.

On 31 March 2020 the new NHG underwriting criteria were published and entered into force on 1 June 2020. In these new NHG underwriting criteria changes have been made in order for the NHG Guarantee to meet the requirements for a guarantee to qualify as eligible credit protection for banks under the CRR. In particular the ability to receive an advance payment of the expected loss is introduced. Lenders can make use of the ability to receive advance payment of the expected loss as of 31 March 2020, both for existing and new loans with a NHG Guarantee subject to certain conditions being met (the "**NHG Advance Right**").

The NHG Advance Right is a separate right and it is not part of the surety by NHG. Unlike the surety, this NHG Advance Right does not automatically transfer. If a mortgage receivable is to be transferred by a lender to a third party (including in the context of special purpose vehicle transactions), the NHG Advance Right can either be transferred simultaneously or at a later moment in time, for example when the transferee wishes to exercise the NHG Advance Right. A transfer of the NHG Advance Right is only necessary if the transferee of a mortgage receivable wants to make use of the NHG Advance Right. After a transfer of the mortgage receivable, the transferor can no longer exercise the NHG Advance Right, regardless of whether the NHG Advance Right was also transferred to the transferee. This prevents the NHG Advance Right payment being made to a party other than the transferee of the mortgage receivable. However, at the request of the transferee the transferor can on its behalf exercise the right to a NHG Advance Right.

The new NHG underwriting criteria include a repayment obligation by the person that exercises the NHG Advance Right in case the payment exceeded the amount payable by WEW under the surety as actual loss eligible for compensation. This would for example be the case if the proceeds of the enforcement are higher than estimated, but also if the borrower in arrears resumes payment under the mortgage loan. Currently, the NHG Advance Rights are not transferred to the CBC2. In case the NHG Advance Rights will be transferred to the CBC2, additional agreements will be made with the Trustee with regard to distribution of the proceeds of the NHG Advance Rights in case such rights are exercised. In case the CBC2 exercise its NHG Advance Right, it may be liable to repay when the payment under the NHG Advance Right exceeded the amount payable by WEW under the surety.

3.6. ORIGINATORS

The entities that act as transferor of Eligible Assets to the CBC2 under the Guarantee Support Agreement (the "**Originators**") are:

- (i) on the Programme Date: ABN AMRO Bank, ABN AMRO Hypotheken Groep (operating under its trade name Florius), Moneyou, Oosteroever Hypotheken and Quion 9 (the "**Initial Originators**"); and
- (ii) after the Programme Date: any other member of the Group that will accede to, amongst others, the Programme Agreement as an Originator (the "**New Originators**").

Where the term "**Originator**" or "**Originators**" is used in, and construed for the purposes of, this Base Prospectus or any relevant Transaction Document, such term shall include in the context of the origination of a Loan and as such context so requires, a reference to the relevant third party originator (other than a Demerged Originator) which originated such Loan and transferred the relevant Receivable to the relevant Initial Originator or New Originator, as the case may be.

Introduction

The Originators under the Programme apply identical rules and procedures in underwriting mortgage loans. The distribution channels vary among the different Originators and include: branches, independent intermediaries, insurance companies, large distribution partners and internet. Acceptance criteria, limits and pricing are determined centrally by ABN AMRO Hypotheken Groep. Stater N.V., acts as a servicer in relation to all Originators, except for Quion 9 and Oosteroever Hypotheken. Quion Groep B.V. acts as servicer to Quion 9 and Oosteroever Hypotheken. Special servicing is outsourced to Intrum B.V., HypoCasso B.V. (a 100 % subsidiary of Stater Participations B.V.; Stater Participations B.V. is a 100% subsidiary of Stater N.V.) and Quion Groep B.V.

Origination

Origination channels

The Originators under the Programme use multiple mortgage origination channels:

- ABN AMRO Bank originates mortgage loans predominantly via retail branches and local intermediary channels using the ABN AMRO Bank brand name.
- ABN AMRO Hypotheken Groep originates mortgage loans primarily via independent intermediaries under its 'Florius' brand. ABN AMRO Hypotheken Groep works intensively with over 2,000 independent mortgage intermediaries, who provide clients with detailed advice on the mortgage and insurance products.
- Oosteroever Hypotheken originates private label mortgage loans through intermediaries which operate under the license of De Hypotheken Associatie, a franchise intermediary organisation registered with the AFM.
- Quion 9 originates mortgage loans via the generic funding model of Quion Groep B.V. In 1993, Quion Groep B.V. (then named Blauwtrust B.V.) was founded to meet the demand by financial institutions for an efficient way to invest directly in the Dutch mortgage market. The generic funding model uses a group of different mortgage lenders that offers identical mortgage products under standardised conditions. The mortgage lenders compete with each other on the interest rate offered to the borrower. Quion Groep B.V. matches the borrower with the mortgage lender offering the lowest interest rate, acting as a mediator. The mortgage loans are distributed through a network of 1,750 independent intermediaries and insurance companies.

- Moneyou originates loans primarily via its internet website (www.moneyou.nl). This distribution channel enables existing clients to directly request an offer on a mortgage loan and subsequently take out a mortgage loan without visiting an adviser. If required the client can ask for assistance of a mortgage adviser via telephone or computer. As of May 2014 Moneyou is also used for the intermediary channel.

Offering process and procedures

The mortgage origination policy (regarding for example, pricing, underwriting, loan limits) is centrally determined by ABN AMRO Hypotheken Groep:

- For origination via branches, locally operating mortgage advisers are authorised to handle standard mortgage applications up to the point of final approval. Overrides and other specific situations are dealt with centrally by ABN AMRO Hypotheken Groep.
- For non-branch origination channels; proposal, offering, completion and acceptance of a mortgage loan is done by ABN AMRO Hypotheken Groep.

A mid-office is centrally organised at ABN AMRO Hypotheken Groep in Amersfoort. This mid-office supports the mortgage specialists during the offering and underwriting process. The mid-office processes, updates and maintains borrower-, loan- and property information into the relevant IT systems and files. The mid-office is also responsible for sending statements and confirmations of offers and loans to clients.

After acceptance of the mortgage application, all back-office activities (such as contact with the civil law notary and collecting the mortgage deeds) are done by Stater Nederland B.V. (a 100 % subsidiary of Stater N.V.).

Underwriting

The following applies for each Initial Originator.

The main focus in underwriting is on affordability, borrower creditworthiness, property type and valuation.

Underwriting criteria

The underwriting criteria for mortgage loans for all Originators are set by ABN AMRO Hypotheken Groep and comply with the Code of Conduct and other regulations. Such underwriting criteria include among others the following:

- Credit bureau information: a credit check is performed at BKR. A-codes (negative credit score) will automatically result in a decline of the application. There is an exception for this rule for current borrowers in case certain conditions are met.
- Affordability: the percentage of gross income that indicates the maximum cost of interest and principal instalments to be spent on a mortgage loan is based on the strict criteria of the 'Nibud'-scheme (the "**Woonquote**"). The Woonquote is prescribed by the mortgage Code of Conduct.
- Maximum loan to value: since 1 August 2011, the loan to value ratio was subject to a maximum of 106% (including transfer tax of currently 2%). Since 1 January 2013 this value has decreased annually by 1% until it reached a maximum LTV of 100% (including transfer tax) in January 2018. The loan to value ratio is calculated by dividing the principal amount of the loan by the Market Value.
- Loan purpose, property type: only owner occupied properties are allowed.

- Fraud check: a check is performed via the fraud detection system of the Stichting Fraudebestrijding Hypotheken (SFH)/Externe Verwijzings Applicatie (EVA).
- Redemption type: For new mortgages originated after 1 January 2013 only linear or annuity redemption is allowed in order to benefit from full tax deductibility, except for certain specific cases.
- Additional requirements for self-employed workers (including self-employed workers without personnel (*zelfstandige zonder personeel*)): three years of accounts and tax papers or one year of accounts and tax papers and a forecast. Additionally for self-employed workers with a track record shorter than 3 years a cap (75% or 90%) on the income applies.
- Valuation: for details on the requirement regarding an independent valuation please see the separate section "property valuation process" below.

For the purposes hereof, "**Market Value**" means (i) the market value of the relevant Property based on (a) if available, the most recent valuation by an external valuer, or (b) if no valuation is available, the assessment by the Dutch tax authorities on the basis of the WOZ (*Wet Waardering Onroerende Zaken*) at the time of application by the Borrower or (ii) in respect of a Property to be constructed or in construction at the time of application by the Borrower, the construction costs of such Property plus the purchase price of the relevant building lot.

Prior to 2008 ABN AMRO Bank and its subsidiaries have been flexible in accepting exceptions to the mortgage underwriting criteria where appropriate circumstances applied. From 2008 onwards ABN AMRO Hypotheken Groep revised its policy resulting in stricter acceptance criteria and less flexibility to make exceptions to the mortgage underwriting criteria. However, overrides are still possible within the Code of Conduct as long as they are well explained. All overrides of the mortgage underwriting criteria must be approved specifically. The exception criteria are based on a policy set up by ABN AMRO Bank and ABN AMRO Hypotheken Groep.

Property Valuation Procedures

Under the current prevailing criteria, properties require a valuation prior to the final approval of the mortgage request. This means that the property concerned is valued by an independent qualified appraiser except:

- for mortgage loans relating to existing property, if the outstanding principal amount of the relevant mortgage loan together with the aggregate outstanding principal amount of all other mortgage loans secured on the same property does not exceed 40% of the value of the property (calculated on the assessment by the Dutch tax authorities on the basis of the WOZ);
- for further advances where the lender of record is ABN AMRO, if the principal amount of the further advance together with the aggregate principal outstanding amount of all other mortgage receivables secured on the same property does not exceed 100% of the value of the property (calculated on the assessment by the Dutch tax authorities on the basis of the WOZ);
- for further advances if a valuation report by an independent qualified appraiser which is not older than 2 years was available;
- if a valuation report by an independent qualified appraiser which is not older than six months is available;
- for mortgage loans relating to existing property, if the outstanding principal amount of the relevant mortgage loan together with the aggregate outstanding principal amount of all other

mortgage loans secured on the same property does not exceed 90% of the value of the property (as determined by Calcasa); and

- (vi) for newly built property by a contractor.

All appraisal reports must be validated by a certified validation institute, be less than six months old, include six recent photographs of the property and contain the following information:

- (a) Market Value: since 1 January 2013 the Foreclosure Value is replaced by the Market Value in the appraisal process. The Foreclosure Value tends to be approximately 85% of the Market Value.
- (b) reconstruction value: chiefly relevant for homeowner's insurance, this figure is based on the value and the type of property in the event of its destruction.
- (c) costs of maintenance: if immediate maintenance work is required, the appraisal should include an estimate of the costs and indicate if the costs will exceed 10% of the Market Value.

Since 2011 a new standardised model for appraisal reports has been implemented in The Netherlands to ensure consistency across all valuations. It is used for appraisals conducted by real estate agents and valuation agencies (*Stichting Certificering voor Makelaars en Taxateurs*). Furthermore, the appraisal report should consist of both a practical appraisal (by the appraiser) and two actualised model-appraisals. The appraiser should explain the difference between the practical and model-appraisals.

Acceptance and pre-funding controls

The branches and intermediaries have read-only access to the central mortgage administration. Upon acceptance of a mortgage loan by a borrower the front/mid offices check the information against the customer file and give their final approval. The borrower then receives a draft of the mortgage deed and is able to check the mortgage conditions. The money together with the definite terms of the mortgage deed are sent to the civil law notary. The civil law notary can only deliver the money after the mortgage deed is duly signed.

Insurance

The borrower is required to take out an insurance in respect of the property against risk of fire and other accidental damage for the full restitution of the value thereof. Most well-established insurance companies in The Netherlands are accepted for this purpose.

Security

Each mortgage loan is secured in principal by a right of mortgage in the form of a notarial deed, which is duly registered with the Land Registry. When a mortgage deed is first presented for registration an entry to this effect is made to the Land Register. This entry establishes priority over any subsequent claims, encumbrances and attachments, in respect of the relevant property. All the original deeds are stored by the notary and are registered with the Land Registry.

Servicing

Stater Nederland B.V. performs the mortgage loan administration and servicing activities for all Originators, except Quion 9 and Oosteroever Hypotheken, and is responsible for the technical management of the portfolio, collection of payments, standard accounting routines and initiating procedures for arrears management.

The entire origination and servicing process for Quion 9 and Oosteroever Hypotheken is outsourced to Quion Groep B.V., whose registered office is in Rotterdam, is an independent mortgage servicer, focused on the total coordination of mortgages for third parties.

Quion Hypotheekbegeleiding B.V., Quion Hypotheekbemiddeling B.V. and Quion Services B.V. are wholly-owned subsidiaries of Quion Groep B.V. By means of its subsidiaries Quion Groep B.V. offers a full range of mortgage servicing activities to financial institutions. Its activities range from origination and monthly collections to arrears and foreclosure management of mortgage loan portfolios.

The procedures and processes described below are the same for both Stater Nederland B.V. and Quion Groep B.V.

Payment processing

The mortgage administration system generates customer statements and monitors monthly payments. Approximately 99% of all payments are received by direct debit, a fully automated collection from the customer's account regardless of whether it is held with ABN AMRO Bank or held at another institution. On a monthly basis the amounts due under the mortgage loans will be debited from the borrower's bank account. If there are insufficient funds credited to this bank account, the direct debit procedure will be repeated a few (2-3) times. The remaining 1% of accounts use self-payments in which the customer must initiate a formal payment request to transfer funds to the mortgage payment account. The term of payment is monthly in arrears.

Arrears management

Arrears management on the portfolio is performed via an automated process. On a daily basis, the system checks on payments received and signals missed payments. If a missed payment is detected, the delinquency process starts. The collection process for delinquent loans is divided in early arrear collection and late arrear collection. Early arrears are loans that are in arrears up to ninety (90) days. Late arrears are loans that are in arrear for more than ninety (90) days.

Early arrear collection process (0 to 90 days)

- The collection process for delinquent loans for less than ninety (90) days is handled by different entities:
- ABN AMRO F&C Credit Services (a department of ABN AMRO Bank) handles early arrear collection in relation to mortgage loans originated by ABN AMRO Bank;
- Hypocasso B.V. handles early arrear collection in relation to mortgage loans originated by ABN AMRO Hypotheken Groep and Moneyou.
- Quion Groep B.V. deals with the early arrear collections for Quion 9 and Oosteroever Hypotheken.

If a payment has not been received within a specified number of days after the due date for payment (this number differs per Originator), an automatic reminder is generated. The form of this reminder is dependent on the risk of the specific loan and one of three treatment paths is assigned (Low/Mid/High treatment intensity). If an arrangement is made with the customer it is recorded and monitored. If no arrangements are made or arrangements are not honoured, a further reminder will be sent to the client. If this is not successful, the account manager tries to contact the borrower by phone. If this is also not successful, a letter of demand will be sent and the late arrear collection process is started by the special servicer.

Late arrear collection process (90+ days)

The management of collections on loans that are delinquent for more than ninety (90) days is outsourced to Intrum B.V. or Hypocasso B.V.:

- Intrum B.V. deals with Late Arrear Collections for ABN AMRO Bank N.V.
- Hypocasso B.V. deals with the Late Arrear Collections for ABN AMRO Hypotheken Groep and Moneyou.
- Quion Groep B.V. deals with the Late Arrear Collections for Quion 9 and Oosteroever Hypotheken.

An essential right for the lender is to publicly sell the property if the borrower fails to fulfil its obligations (*recht van parate executie*). The Originator does not need to obtain an 'executorial title' (*executoriale titel*) granting permission prior to the sale. If the proceeds from selling the property do not fully cover the claims, the relevant Originator may sell any assets encumbered with the related security. However, before the relevant Originator is entitled to exercise its rights, the borrower has to be notified in writing that he or she is in default and he or she must also be given reasonable time to comply with the claims. However, in order to mitigate losses (write-offs) all 'Collections' departments actively seek to reach an agreement with defaulting customers to sell the property on the free market as opposed to by way of forced auction sale as resulting proceeds are generally (much) higher. In this way, losses for both the lender and the customer are mitigated.

As a general policy, the foreclosure has to be finalised within 12 months of the first arrears, in case of non-paying borrowers. Exceptions, however, are possible based on the local housing market (the average completion times for house sales) and specific customer issues.

Once a borrower has arrears of four consecutive months, the BKR will be notified and the arrears on the mortgage loan will be registered in the borrowers record at the BKR.

Intrum B.V.

Intrum B.V. is a joint venture between Lindorff and Interim Justitia. The legal predecessor of Intrum B.V., Solveon Incasso B.V. was a 100% subsidiary of ABN AMRO Bank. On 1 December 2012 Solveon Incasso was sold to Lindhoff Group AG and renamed Lindorff Credit Management B.V. On 30 September 2014 Lindorff Credit Management B.V. merged with Lindorff B.V. As of 2017 Lindorff B.V. and Interim Justitia joint together in Intrum B.V.

Intrum B.V. deals with the collection of unpaid debts owed to ABN AMRO Bank and processes defaulted products for ABN AMRO Bank's consumer and small business operations in The Netherlands, including the mortgage business.

The late arrears collections process of Intrum B.V. is as follows:

- (i) First, Intrum B.V. makes a last effort to recover the arrear. Intrum B.V. sends letters to the borrower and might propose a revised loan contract.
- (ii) If recovery is unsuccessful, the mortgage loan will be declared immediately due and payable by the borrower. The foreclosure process in respect of the relevant property will be initiated. Mitigation of the lender's loss is the key focus in the foreclosure process, and therefore the timing of any sale or auction of the property in question is carefully considered and attempts are made to minimise the loss for both the consumer and ABN AMRO Bank.
- (iii) The preferred method of foreclosure and sale of the property is decided based on the valuation report produced. This can either be by way of a private sale or in an auction process. The collections department accepts a private sale if (i) revenues from such private sale are expected to cover the outstanding debt in full, or (ii) it is estimated that the proceeds

of a private sale will exceed a regular auction procedure. If the collections department accepts a private sale, the department monitors whether the property is sold. The length of time taken for a private sale depends on local market circumstances.

- (iv) In the event of an auction sale, as a general rule, the property is put up for auction by a civil law notary at one of 16 regional auctions in The Netherlands, usually within one month of initiating enforcement of the mortgage security related to the loan on which the borrower has defaulted. The auction itself typically takes place between 2 and 3 months following the civil law notary commencing the auction process. Auction proceeds are usually received within 6 weeks after the sale of the property. Any provisioned deficits will be collected where possible.

Hypocasso B.V.

After confirmation by ABN AMRO Hypotheken Groep, Hypocasso B.V. is entitled to execute all relevant collections and foreclosure measures based on a power of attorney. The late collections process of Hypocasso is as follows:

- (i) As soon as an arrears is judged as 'not curable' or in any event when the arrears exceed three consecutive term payments (at the end of the treatment path), the file will be handed over to the 'late collections' department (executed by HypoCasso B.V.).
- (ii) If necessary and possible, legal collections measures against the borrower and assets of such borrower will be ordered by the 'late collections' department.
- (iii) If abovementioned actions do not cure the arrears a certified real estate agent appraises the property.
- (iv) Based on the appraisal report the best foreclosure path will be chosen (private sale or auction). The collections department accepts a private sale if (i) revenues from such private sale are expected to cover the outstanding debt in full, or (ii) it is estimated that the proceeds of a private sale will exceed a regular foreclosure auction procedure. If the collections department accepts a private sale, the department monitors whether the property is sold within six months. If the mortgage asset is not sold within such period, the price may be reset or a forced sale by way of a public auction will be pursued.

Quion Groep B.V.

Arrears and foreclosure management within Quion Groep B.V. can be divided into two activities: 'automated arrears management' and 'active arrears and foreclosure management'. The first is part of the servicing process and is fully automated, the second is performed by the arrears and foreclosure management department. After confirmation by ABN AMRO Hypotheken Groep, Quion Groep B.V. is entitled to execute all relevant collections and foreclosure measures based on a power of attorney. The late collections process of Quion Groep B.V. is as follows:

- (i) As soon as an arrears is judged as 'not curable' or in any event when the arrears exceed three consecutive term payments (at the end of the treatment path), the file will be handed over to the 'active arrears and foreclosure management' department (executed by Quion Groep B.V.).
- (ii) If necessary and possible, legal collections measures against the borrower and assets of such borrower will be ordered by the 'active arrears and foreclosure management' department.
- (iii) If above mentioned actions do not cure the arrears a certified real estate agent appraises the property.

- (iv) Based on the appraisal report the best foreclosure path will be chosen (private sale or auction). The 'active arrears and foreclosure management' department accepts a private sale if (i) revenues from such private sale are expected to cover the outstanding debt in full, or (ii) it is estimated that the proceeds of a private sale will exceed a regular foreclosure auction procedure. If the active and foreclosure management' department accepts a private sale, the department monitors whether the property is sold within six months. If the mortgage asset is not sold within such period, the price may be reset or a forced sale by way of a public auction will be pursued.

Throughout the entire process Quion Groep B.V. works on the basis set out in contracts regarding mortgage payments arrangements and service arrangements. Quion Groep B.V. furthermore works in accordance with the Code of Conduct of mortgage lenders (*Gedragscode Hypothecaire Financieringen*), the BKR, Dutch law in general and, for mortgage loans which have the benefit of an NHG Guarantee, the NHG Conditions and NHG underwriting criteria.

Arrears Management

The collections process is handled as follows:

- if payment is two (2) days overdue, a first reminder will be sent to the borrower. Further reminders will follow on a weekly basis;
- if payment is twenty-six (26) days overdue, the possibility of an attachment on salary income will be considered;
- if payment is thirty-four (34) days overdue and the borrower has shown to be unable or unwilling to live up to its obligations, the case will be forwarded to a bailiff;
- if payment is fifty-seven (57) days overdue, the arrears department will organise a field visit to the borrower;
- if payment is sixty-seven (67) days overdue, the borrower will be offered three options: payment in full, private sale of the property or sale by auction of the property;
- if payment is seventy-two (72) days overdue, a valuation of the property will be ordered;
- if payment is eighty-two (82) days overdue, the servicer will send a letter demanding payment of the full amount;
- if payment has not been received four (4) months after the due date for payment, any guarantors will be notified accordingly;
- if payment has not been received seven (7) months after the due date for payment and no suitable solution has been found, foreclosure proceedings will be commenced in respect of the mortgage right by the collection department of the servicer after having obtained approval from ABN AMRO Hypotheken Groep.

Risk Management

The risk management department of ABN AMRO Hypotheken Groep is responsible for the risk management of the ABN AMRO Bank mortgage portfolio including Quion 9 and Oosteroever Hypotheken. The department actively monitors arrears exceeding 12 months and actively challenges the debt collection process where necessary. In addition, an authorisation policy is in place requiring the approval by the risk management department of ABN AMRO Hypotheken Groep in the event of certain key handling decisions and loss decisions. The risk management department plays an active role in fraud and complex cases.

ABN AMRO Hypotheken Groep employs special fraud officers and has developed a fraud policy based on its extensive experience in the mortgage industry. ABN AMRO Hypotheken Groep's proactive approach to delinquencies minimises losses caused by delinquencies and fraud.

3.7. SUB-PARTICIPATION

Under each master sub-participation agreement from time to time entered into between the CBC2, the relevant Participant, the relevant Originator and the Trustee (each a "**Master Sub-Participation Agreement**") in respect of a relevant Savings Receivable, Hybrid Receivable or Bank Savings Receivable, as the case may be, unless otherwise agreed therein, the CBC2 grants the relevant Participant a Participation in such Savings Receivable, Hybrid Receivable or Bank Savings Receivable, as the case may be, in return for the on-payment by the Participant of the relevant Savings and Accrued Savings Interest, as follows.

Participation

First, the Participant undertakes to pay to the CBC2 for each Participation Receivable:

- (1) on the Participation Date: an amount equal to the Initial Settlement Amount for such Participation Receivable; and
- (2) on each subsequent CBC2 Payment Date an amount equal to: a Further Settlement Amount for such Participation Receivable, unless as a result of such payment the Participation in respect of such Participation Receivable would exceed the Gross Outstanding Principal Balance of such Participation Receivable at such time or, if lower and if such Participation Receivable is a Bank Savings Receivable, the amount standing to the credit of the related Bank Savings Account at such time, in which case only such amount shall be paid as is necessary for such Participation (which includes Accrued Increases) to reach such Gross Outstanding Principal Balance or amount standing to the credit of the related Bank Savings Account, as the case may be.

In return, in relation to each Participation Receivable, the CBC2 undertakes to pay to the Participant on each CBC2 Payment Date, the Redemption Amount, if any, received by the CBC2 in respect of such Participation Receivable since the preceding CBC2 Payment Date.

If:

- (1) a Borrower with respect to a Category 4 Receivable or Category 5 Receivable invokes any defence purporting to establish that he may deduct an amount from the Participation Receivable based on (i) any default by the Participant in the performance of any of its obligations under the relevant insurance policy or (ii) the Participant not having paid out all or part of the savings under the relevant insurance policy when due as a result of any set-off or deduction right invoked by the Participant under the relevant insurance policy for the reason that the relevant Originator is not able to return to the Participant any savings kept by the Participant in its account with that Originator;
- (2) with respect to Category 4 Receivables or Category 5 Receivables originated by ABN AMRO Bank: the Participant, for the reason that the relevant Originator is subject to Insolvency Proceedings, in accordance with the terms of the relevant insurance policy invokes its right to apply any savings kept by the Participant in its account with that Originator on behalf of the relevant Borrower as full or partial repayment of the relevant Savings Loan or Hybrid Loan, as the case may be;
- (3) a Borrower with respect to a Bank Savings Receivable invokes any defence purporting to establish that he may deduct an amount from the Participation Receivable based on any default by the Participant in the performance of any of its obligations in respect of the related Bank Savings Account; or

- (4) a Borrower with respect to a Bank Savings Receivable invokes a right of set-off, or set-off is applied by operation of law, in respect of any amount standing to the credit of the related Bank Savings Account against the Participation Receivable,

and, in each case, as a consequence thereof, the CBC2 will not have received such amount in respect of such Participation Receivable, then such amount will be deducted from the relevant Participation.

Enforcement Notice

If a CBC2 Acceleration Notice is served by the Trustee on the CBC2, then the Trustee may and, if so directed by the Participant, shall on behalf of the Participant by notice to the CBC2:

- (1) terminate the obligations of the Participant under the Master Sub-Participation Agreement; and
- (2) declare the Participations to be immediately due and payable, provided that such payment obligations shall be limited to the aggregate Redemption Amount received by or on behalf of the CBC2 or the Trustee under the Participation Receivables.

Sale of Participation Receivable

Unless otherwise agreed under a Master Sub-Participation Agreement, if a Participation Receivable is sold by or on behalf of the CBC2 to the relevant Originator or a third party pursuant to the Trust Deed or the Asset Monitor Agreement, then the CBC2 will (apart from, for the avoidance of doubt, paying the Redemption Amount in respect of such Participation Receivable in accordance with the relevant Master Sub-Participation Agreement), if so requested by the Participant use reasonable endeavours to ensure that the acquirer of the Participation Receivable will (a) enter into a master sub-participation agreement with the Participant in a form similar to the relevant Master Sub-Participation Agreement or (b) by way of partial take-over of contract take over the relevant Master Sub-Participation Agreement to the extent relating to the Participation associated to the Participation Receivable (in which case the Redemption Amount will be zero). A Master Sub-Participation Agreement may also provide for termination of the Participation associated to the relevant Participation Receivable if such Participation Receivable is sold or transferred by the CBC2 or, in respect of Category 5 Receivables only, if a Policy Switch occurs under the relevant insurance policy relating to the relevant Participation Receivable.

Priorities of Payments

Unless and until:

- (1) both an Issuer Acceleration Notice and a Notice to Pay are served; or
- (2) a CBC2 Acceleration Notice is served,

any amount expressed to be payable by or to the CBC2 under the relevant Master Sub-Participation Agreement shall instead be payable by or to the Issuer in accordance with the Pre-Notice-to-Pay Priority of Payments.

The Post-Notice-to-Pay Priority of Payments will be funded by Available Revenue Receipts and Available Principal Receipts. When calculating the relevant Principal Receipts, certain deductions will be made by reference to the relevant Redemption Amounts, which deducted amounts will not be applied in accordance with the Post-Notice-to-Pay Priority of Payments, but will be credited to the Participation Ledger and be paid to the relevant Participants in accordance with the Administration Agreement and the relevant Master Sub-Participation Agreement. When calculating the relevant Revenue Receipts, certain deductions will be made by reference to the relevant Participation Fractions, with a view to the relevant Increases in the relevant Participations. The equivalent of such

Increases is in turn treated as a Principal Receipt, for application in accordance with the Post-Notice-to-Pay Priority of Payments.

Likewise, the Post-CBC2-Acceleration-Notice Priorities of Payments will not be funded by amounts which have been received by or on behalf of the CBC2 and which are required to be credited to the Participation Ledger and paid to Participants on account of Redemption Amounts.

Further Master Transfer Agreement

As described in category 4 of the Deduction Risk description (see "*Section 4.3 Master Transfer Agreement*"), a certain Deduction Risk for MTA Receivables may exist, which Deduction Risk, provided that no Notification Event has occurred, may be catered for by a combination of a further master transfer agreement (a "**Further Master Transfer Agreement**") and a Master Sub-Participation Agreement between the relevant insurer, the CBC2 and the relevant Originator, which would leave the relevant existing Master Transfer Agreement in place and which would in addition provide as follows in relation to the relevant MTA Receivable:

- in respect of savings premium already paid: the insurer sells and by way of silent assignment on-transfers to the CBC2 such MTA Receivable already transferred to it by the relevant Originator for a purchase price equal to the relevant Initial Settlement Amount. Such MTA Receivable will as a result be reunited with the relevant Transferred Receivable from which it was previously separated. In addition, the CBC2 will pursuant to the Master Sub-Participation Agreement grant a Participation to such insurer against payment by such insurer to the CBC2 of the relevant Initial Settlement Amount, which payment will where reasonably possible and without prejudice to the provisions of the Trust Deed be effected by way of set-off against the purchase price as abovementioned. Further details of the Master Sub-Participation Agreement are summarised above; and
- in respect of future payments of savings premium: the CBC2 will agree to retransfer part of the relevant MTA Receivables back to the relevant Originator by way of silent assignment, for on-transfer by that relevant Originator to the relevant insurer by way of notified assignment, for subsequent on-transfer to the CBC2 by way of silent assignment. Each abovementioned series of three subsequent assignments takes place on a monthly basis. The Guarantee Support Agreement provides that upon the occurrence of a Notification Event no further retransfers of MTA Receivables by the CBC2 to the relevant Originator for the purpose of on-transfer of such MTA Receivables by the relevant Originator pursuant to a Master Transfer Agreement will take place. In addition to such Further Master Transfer Agreement, the CBC2 will pursuant to the related Master Sub-Participation Agreement grant a Participation to such insurer against payment by such insurer to the CBC2 of the relevant Further Settlement Amount. Further details of the Master Sub-Participation Agreement are summarised above.

No such combination of a Further Master Transfer Agreement and a Master Sub-Participation Agreement as abovementioned is in place as yet.

4.1. ASSET COVER TEST

Under the asset monitor agreement entered into between the Issuer, the Administrator, the CBC2 and the Trustee on the Programme Date (such asset monitor agreement as amended and/or supplemented and/or restated from time to time, the "**Asset Monitor Agreement**") and the Guarantee Support Agreement, the CBC2 and the Originators, respectively, shall use reasonable endeavours to ensure that as at the end of each calendar month until the service of a Notice to Pay, Issuer Acceleration Notice or CBC2 Acceleration Notice, the Adjusted Aggregate Asset Amount is an amount at least equal to the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month as calculated on the immediately succeeding Calculation Date (the "**Asset Cover Test**").

If on any Calculation Date it is calculated that the Asset Cover Test is not met at the end of the preceding calendar month, then (i) the CBC2 (or the Administrator on its behalf) shall immediately notify the Trustee thereof in writing and (ii) the CBC2 shall request the Originators to transfer sufficient further Eligible Assets to the CBC2 in accordance with the Guarantee Support Agreement to ensure that the Asset Cover Test is met at the end of the next succeeding calendar month, as calculated on the immediately succeeding Calculation Date, and if the Asset Cover Test is not met at the end of such calendar month as calculated on the immediately succeeding Calculation Date (such failure to remedy the Asset Cover Test by the end of such calendar month being a "**Breach of the Asset Cover Test**") it will entitle the Trustee to serve a Notice to Pay under the Guarantee.

Save where otherwise agreed with any Rating Agency, the Asset Percentage will be adjusted in accordance with the various methodologies prescribed by any Rating Agency or will otherwise be in compliance with the relevant methodologies agreed with any Rating Agency from time to time with a view to maintain the rating of the highest rated Series of Covered Bonds. Any adjustment of the Asset Percentage will appear from the relevant Monthly Investor Report as the new Asset Percentage as determined in accordance with Clause 3.1 of the Asset Monitor Agreement. In the event the Asset Percentages (as computed in response to the relevant Rating Agency calculations) prior to any Calculation Date differ, the CBC2 (or the Administrator on its behalf) shall on such Calculation Date apply the lowest Asset Percentage. Prior to the date on which a relevant Rating Agency has provided the CBC2 (or the Administrator on its behalf) with a new Asset Percentage, the CBC2 (or the Administrator on its behalf) will be entitled to rely on the previously provided Asset Percentage.

In the administration agreement entered into between the CBC2, ABN AMRO Bank as administrator (the "**Administrator**") and the Trustee on the Programme Date (such administration agreement as amended and/or supplemented and/or restated from time to time, the "**Administration Agreement**"), the Administrator agrees to prepare monthly investor reports for the CBC2 including, amongst other things, the relevant calculations in respect of the Asset Cover Test, in the form set out in Schedule 3 to the Administration Agreement (each a "**Monthly Investor Report**") and to deliver the same to the CBC2 and the Trustee two Business Days prior to each relevant CBC2 Payment Date. In the Trust Deed, the Trustee agrees to, upon receipt of each Monthly Investor Report, verify whether such Monthly Investor Report states that the Asset Cover Test has been passed or failed and, if failed, whether the following Monthly Investor Report states that the Asset Cover Test has been failed again, meaning that a Breach of the Asset Cover Test shall have occurred.

Under the CB Legislation the Issuer will be required to ensure that, in addition to the Mandatory Liquidity Test, (i) a statutory minimum level of overcollateralisation of eligible cover assets is maintained and (ii) the value of the Transferred Assets (subject to certain deductions in accordance with the CB Legislation) is at all times at least equal to the Principal Amount Outstanding of the Covered Bonds, in each case as calculated and determined in accordance with the CB Legislation (which is the Mandatory Asset Quantity Test defined in this Securities Note). The Asset Cover Test is, amongst other things, used to comply with this Mandatory Asset Quantity Test.

For the purposes hereof:

"Adjusted Aggregate Asset Amount" means $A + B + C + D - Y$;

"A" means the lower of:

- (a) the sum of all Adjusted Current Balances of all Transferred Receivables. The **"Adjusted Current Balance"** of a Transferred Receivable is the lower of:
 - (i) the Current Balance of such Transferred Receivable minus α ; and
 - (ii) the LTV Cut-Off Percentage of the Indexed Valuation relating to such Transferred Receivable, minus β ; and
- (b) the Asset Percentage of: the sum of the Current Balance minus α of all Transferred Receivables;

" α " means for each Transferred Receivable the lower of its Current Balance and the sum of the following elements, to the extent applicable to it:

- (i) if it is a Category 4 Receivable: an amount calculated on the basis of a method notified to the Rating Agencies related to the Savings and Accrued Savings Interest in connection with such Transferred Receivable, provided that no amount will be deducted if and to the extent that a Master Sub-Participation Agreement is effective in relation to the relevant Transferred Receivable;
- (ii) if it is a Category 5 Receivable: an amount calculated on the basis of a method notified to the Rating Agencies in connection with the possible Deduction Risk, provided that no amount will be deducted in respect of Savings and Accrued Savings Interest in connection with such Transferred Receivable if and to the extent that a Master Sub-Participation Agreement is effective in relation to the relevant Transferred Receivable;
- (iii) if it was used to fund a Construction Deposit: the amount of the Construction Deposit;
- (iv) if it was in breach of the Receivable Warranties as of the relevant Transfer Date: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero;
- (v) if it is a Defaulted Receivable: such amount as is necessary to reduce its Current Balance to zero; and/or
- (vi) if it is a Bank Savings Receivable: the amount standing to the credit of the related Bank Savings Account, unless it concerns a Participation Receivable, in which case an amount equal to the relevant Participation is already deducted as part of the definition of Net Outstanding Principal Balance;

" β " means for each Transferred Receivable the lower of (i) the LTV Cut-Off Percentage of its Indexed Valuation and (ii) α minus L. **"L"** means for each Transferred Receivable its Current Balance minus the LTV Cut-Off Percentage of its Indexed Valuation provided that if the result is negative, L shall be zero and if the result exceeds α , L shall equal α ;

"Asset Percentage" means 100% or such lower percentage figure as is determined from time to time in accordance with Clause 3.2 of the Asset Monitor Agreement as described above;

"LTV Cut-Off Percentage" means such percentage as is required from time to time for the Covered Bonds to comply with Article 129 CRR, currently being 80% for all Transferred Receivables;

"**B**" means the aggregate amount of all Principal Receipts on the Transferred Receivables up to the end of the immediately preceding Calculation Period which have not been applied in accordance with the Trust Deed;

"**C**" means the aggregate amount of all Transferred Collateral in cash which has not been applied in accordance with the Trust Deed;

"**D**" means the aggregate outstanding principal balance of all Transferred Collateral in Substitution Assets and accrued interest thereon which has not been applied in accordance with the Trust Deed. Substitution Assets will be valued on a monthly basis and be taken into account for their mark-to-market value at a discount based on a methodology proposed to the Rating Agencies;

"**Y**" means, if any of the Issuer's ratings from any Rating Agency falls below any relevant minimum rating as determined to be applicable or agreed by the relevant Rating Agency from time to time, being as at the 2020 Programme Update 'P-1(cr)' (short-term) by Moody's, an additional amount calculated on the basis of a method notified to the Rating Agencies in connection with the possible set-off risk pertaining to deposits exceeding an amount of EUR 100,000 (or such other amount which is not advanced to a Borrower in accordance with the Dutch deposit guarantee scheme (*depositogarantiestelsel*)), other than deposits relating to Bank Savings Loans, maintained by Borrowers with ABN AMRO Bank or any other Originator that engages in the business of, *inter alia*, attracting or accepting deposits (the "**Deposit Amount**"). The Deposit Amount will be adjusted as follows. If the outcome of A(a) is lower than A(b) as described above, the Deposit Amount will be reduced with an amount equal to A(b) minus A(a) provided that the Deposit Amount will always be at least zero. If the outcome of A(a) is higher than A(b) as described above, the Deposit Amount will be reduced with the amount of the Excess Credit Enhancement. "**Excess Credit Enhancement**" means the amount (if any) by which the outcome of A(b) above undercuts the outcome that would have resulted from A(b) above if an Asset Percentage as notified to the Rating Agencies had been used;

"**Index**" means the index of increases of house prices issued by the Land Registry in relation to residential properties in The Netherlands;

"**Indexed Valuation**" means at any date in relation to any Transferred Receivable secured over any Property:

- (a) where the Original Market Value of that Property is equal to or greater than the Price Indexed Valuation as at that date, the Price Indexed Valuation; or
- (b) where the Original Market Value of that Property is less than the Price Indexed Valuation as at that date, the Original Market Value plus 85% (or, if a different percentage is required or sufficient from time to time for the Covered Bonds to comply with Article 129 CRR and the Issuer wishes to apply such different percentage, then such different percentage) of the difference between the Original Market Value and the Price Indexed Valuation;

"**Land Registry**" means the relevant Dutch land registry (*het Kadaster*) where the ownership of the relevant Properties together with the Mortgages and any other Adverse Claims thereon are registered;

"**Original Market Value**" in relation to any Property means the market value (*marktwaaarde*) given to that Property by the most recent valuation addressed to the Originator that transferred the relevant Transferred Receivable to the CBC2; and

"**Price Indexed Valuation**" in relation to any Property at any date means the Original Market Value of that Property increased or decreased as appropriate by the increase or decrease in the Index since the date of the Original Market Value.

4.2. AMORTISATION TEST

Under the Asset Monitor Agreement and the Guarantee Support Agreement, the CBC2 and the Originators, respectively, shall use reasonable endeavours to procure that as at the end of each calendar month following service of a Notice to Pay (but prior to service of a CBC2 Acceleration Notice), the Amortisation Test Aggregate Asset Amount is an amount at least equal to the aggregate Principal Amount Outstanding of the Covered Bonds, all as calculated on the immediately succeeding Calculation Date (the "**Amortisation Test**").

If on any Calculation Date following the service of a Notice to Pay it is calculated that the Amortisation Test is not met as per the end of the immediately preceding calendar month, then that shall constitute a "**Breach of the Amortisation Test**" and the CBC2 (or the Administrator on its behalf) shall immediately notify the Trustee thereof, and the Trustee shall be entitled to serve a CBC2 Acceleration Notice under the Conditions.

Under the CB Legislation the Issuer will be required to ensure that, in addition to the Mandatory Liquidity Test, (i) a statutory minimum level of overcollateralisation of eligible cover assets is maintained and (ii) the value of the Transferred Assets (subject to certain deductions in accordance with the CB Legislation) is at all times at least equal to the Principal Amount Outstanding of the Covered Bonds, in each case as calculated and determined in accordance with the CB Legislation (which is the Mandatory Asset Quantity Test defined in this Securities Note). The Amortisation Test is, amongst other things, used to comply with this Mandatory Asset Quantity Test.

For this purpose:

"**Amortisation Test Aggregate Asset Amount**" means $A + B + C$;

"**A**" means the sum of all Amortisation Test Current Balances of all Transferred Receivables. The "**Amortisation Test Current Balance**" of a Transferred Receivable is the lower of:

- (i) the Current Balance of such Transferred Receivable minus α ; and
- (ii) the LTV Cut-Off Percentage of the Indexed Valuation relating to such Transferred Receivable, minus β ;

" **α** " means for each Transferred Receivable the lower of its Current Balance and the sum of the following elements, to the extent applicable to it:

- (i) if it is a Category 4 Receivable: an amount calculated on the basis of a method notified to the Rating Agencies related to the Savings and Accrued Savings Interest in connection with such Transferred Receivable, provided that no amount will be deducted if and to the extent that a Master Sub-Participation Agreement is effective in relation to the relevant Transferred Receivable;
- (ii) if it is a Category 5 Receivable: an amount calculated on the basis of a method notified to the Rating Agencies in connection with the possible Deduction Risk, provided that no amount will be deducted in respect of Savings and Accrued Savings Interest in connection with such Transferred Receivable if and to the extent that a Master Sub-Participation Agreement is effective in relation to the relevant Transferred Receivable;
- (iii) if it was used to fund a Construction Deposit: the amount of the Construction Deposit;
- (iv) if it was in breach of the Receivable Warranties as of the relevant Transfer Date: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero;

- (v) if it is 3 months or more in arrears, 30% of its Current Balance; and/or
- (vi) if it is a Bank Savings Receivable: the amount standing to the credit of the related Bank Savings Account, unless it concerns a Participation Receivable, in which case an amount equal to the relevant Participation is already deducted as part of the definition of Net Outstanding Principal Balance;

" **β** " means for each Transferred Receivable the lower of (i) the LTV Cut-Off Percentage of its Indexed Valuation and (ii) α minus L. "**L**" means for each Transferred Receivable its Current Balance minus the LTV Cut-Off Percentage of its Indexed Valuation provided that if the result is negative, L shall be zero and if the result exceeds α , L shall equal α ;

"**B**" means the amount of any cash standing to the credit of the AIC Account and the principal amount of any Authorised Investments (excluding any Revenue Receipts received in the immediately preceding Calculation Period);

"**C**" means the outstanding principal balance of any Substitution Assets. Substitution Assets will be valued on a monthly basis and be taken into account for their mark-to-market value at a discount based on a methodology notified to the Rating Agencies;

"**Authorised Investments**" means:

- (i) euro denominated government securities, euro demand or time deposits, certificates of deposit and short-term debt obligations (including commercial paper) provided that (a) in all cases such investments have a remaining maturity date of 30 days or less and mature on or before the next following CBC2 Payment Date and the unsecured, unguaranteed and unsubordinated debt obligations of the issuing or guaranteeing entity or the entity with which the demand or time deposits are made have a minimum rating as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the 2020 Programme Update 'P-1' (short-term) by Moody's and (b) the total exposure to such investments shall not exceed 20% of the aggregate Principal Amount Outstanding of all Covered Bonds then outstanding;
- (ii) euro denominated government securities, euro demand or time deposits, certificates of deposit and short-term debt obligations (including commercial paper) provided that in all cases such investments have a remaining maturity date of 364 days or less and the unsecured, unguaranteed and unsubordinated debt obligations of the issuing or guaranteeing entity or the entity with which the demand or time deposits are made have a minimum rating as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the 2020 Programme Update 'P-1' by Moody's; and
- (iii) euro denominated government securities, euro demand or time deposits, certificates of deposit which have a remaining maturity date of more than 364 days and the unsecured, unguaranteed and unsubordinated debt obligations of the issuing or guaranteeing entity or the entity with which the demand or time deposits are made have a minimum rating as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the 2020 Programme Update 'Aaa' by Moody's,

unless the ratings of the Issuer are downgraded below a minimum rating as determined to be applicable or agreed by a relevant Rating Agency from time to time (being as at the 2020 Programme Update 'P-2' (short-term) by Moody's, in which case such investments must have a remaining maturity date of 30 days or less and mature on or before the next following CBC2 Payment Date.

4.3. SALE OR REFINANCING OF SELECTED ASSETS

The Asset Monitor Agreement provides that the CBC2 shall sell or refinance Selected Receivables following the service of a Notice to Pay and an Issuer Acceleration Notice, but prior to the service of a CBC2 Acceleration Notice, if on any date the Earliest Maturing Covered Bonds have an Extended Due for Payment Date which falls within twelve months of such date, or such other term as the Trustee may approve.

The proceeds from any such sale or refinancing will, in the case of each Participation Receivable, after deduction of an amount equal to the relevant Redemption Amount, be credited to the relevant AIC Account Principal Ledger and applied as set out in the Post-Notice-to-Pay Priority of Payments.

The CBC2 will be obliged to sell or refinance Selected Receivables in the Portfolio in accordance with the Asset Monitor Agreement (as described below), subject to the rights of pre-emption enjoyed by the Originators to purchase the Selected Receivables pursuant to the Guarantee Support Agreement.

If the CBC2 is required to sell or refinance Selected Receivables as abovementioned, the Asset Monitor Agreement provides that the CBC2 shall ensure that (a) Selected Receivables will be selected on a random basis as described in the Asset Monitor Agreement and (b) no more Selected Receivables will be selected than are necessary for the estimated sale or refinancing proceeds to equal the Adjusted Required Redemption Amount.

If the CBC2 is required to sell or refinance Selected Receivables as abovementioned, the CBC2 will offer the portfolio of Selected Receivables (or part of such portfolio) for sale to Purchasers for the best price, or seek to refinance the portfolio of Selected Receivables (or part of such portfolio) on the best terms, reasonably available but in any event for an amount not less than the Adjusted Required Redemption Amount plus, in the case of Participation Receivables, an amount equal to the aggregate Participations.

If the Selected Receivables have not been sold or refinanced (in whole or in part) in an amount equal to the Adjusted Required Redemption Amount plus, in the case of each Participation Receivable, an amount equal to the relevant Participation by the date which is six months prior to the Extended Due for Payment Date of the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits to be made in priority thereto), then the CBC2 will (i) offer the Selected Receivables for sale for the best price reasonably available or (ii) seek to refinance the Selected Receivables on the best terms reasonably available, notwithstanding that such amount may be less than the Adjusted Required Redemption Amount plus, in the case of each Participation Receivable, an amount equal to the relevant Participation.

If the CBC2 is required to sell or refinance Selected Receivables as abovementioned, in addition to offering such Selected Receivables for sale to Purchasers or refinancing such Selected Receivables in respect of the Earliest Maturing Covered Bonds, the CBC2 (subject to the rights of pre-emption enjoyed by the Originators pursuant to the Guarantee Support Agreement) is under the Asset Monitor Agreement permitted to sell or refinance a portfolio of Selected Receivables, in accordance with the provisions summarised above, in respect of other Series.

Under the Asset Monitor Agreement, if the CBC2 is required or permitted to sell or refinance Selected Receivables as abovementioned, the CBC2 is permitted (but not required) to sell to Purchasers or refinance part of any portfolio of Selected Receivables ("**Partial Portfolio**"). Except in circumstances where the Partial Portfolio of Selected Receivables is being sold or refinanced within six months of the Extended Due for Payment Date of the Series to be repaid from such proceeds (in which case a minimum sale price or best refinancing terms as described above shall apply *mutatis mutandis*), the sale price or refinancing terms of the Partial Portfolio shall be at least

an amount equal to that part of the relevant Adjusted Required Redemption Amount (plus, for each Participation Receivable included in such Partial Portfolio, an amount equal to the relevant Participation) which bears the same proportion to such Adjusted Required Redemption Amount (plus, for each Participation Receivable included in such Partial Portfolio, an amount equal to the relevant Participation) as the aggregate Current Balance of the Partial Portfolio (plus, for each Participation Receivable included in such Partial Portfolio, an amount equal to the relevant Participation) bears to the aggregate Current Balance of the relevant entire portfolio of Selected Receivables (plus, for each Participation Receivable included in such entire portfolio, an amount equal to the relevant Participation).

With respect to the contemplated sale or refinancing of Selected Receivables referred to above, the CBC2 will through a tender process appoint a portfolio manager of recognised standing on a basis intended to incentivise the portfolio manager to achieve the best price for the sale or the best terms for the refinancing of the Selected Receivables (if such terms are commercially available in the market) to advise it in relation to the sale or refinancing of the Selected Receivables to Purchasers (except where the Originators are buying the Selected Receivables in accordance with their right of pre-emption in the Guarantee Support Agreement). The terms of the agreement giving effect to the appointment in accordance with such tender shall be approved by the Trustee.

The CBC2 will instruct the portfolio manager to use all reasonable endeavours to procure that Selected Receivables are sold or refinanced as quickly as reasonably practicable (in accordance with the recommendations of the portfolio manager) taking into account the market conditions at that time and the scheduled repayment dates of the Covered Bonds and the terms of the Guarantee Support Agreement and the Asset Monitor Agreement.

The terms of any sale and purchase agreement with respect to the sale of Selected Receivables or the terms of any refinancing will be subject to the prior written approval of the Trustee.

If Purchasers accept the offer or offers from the CBC2, then the CBC2 will, subject to the foregoing paragraph, enter into a sale and purchase agreement with the relevant Purchasers which will require amongst other things a cash payment from the relevant Purchasers.

Any such sale or any refinancing will not include any representations or warranties from the CBC2 in respect of the Selected Receivables unless expressly agreed by the Trustee.

After a CBC2 Acceleration Notice has been served on the CBC2, the Trustee may institute such proceedings or take such action as it thinks fit against the Issuer and the CBC2 to enforce its rights under the Trust Deed and the Security Documents in accordance with the terms of the Trust Deed.

Sale of Substitution Assets

The Asset Monitor Agreement provides that the CBC2 (or the Administrator on its behalf) shall sell all Substitution Assets as quickly as reasonably practicable, subject to the pre-emption rights enjoyed by the Originators pursuant to the Guarantee Support Agreement, in each of the following circumstances:

- (i) following service of an Issuer Acceleration Notice and a Notice to Pay; or
- (ii) upon a downgrade of the Issuer's ratings below the minimum ratings as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the 2020 Programme Update 'P-2' (short-term) by Moody's.

For the purposes hereof:

"Adjusted Required Redemption Amount" means an amount equal to the Required Redemption Amount of the Earliest Maturing Covered Bonds less amounts standing to the credit of the AIC

Account and the principal amount of any Authorised Investments and Substitution Assets (excluding all amounts to be applied on the following CBC2 Payment Date to repay higher ranking amounts in the Post-Notice-to-Pay Priority of Payments and those amounts that are required to repay any Series which have their Extended Due for Payment Date prior to or in the same CBC2 Payment Period as the Extended Due for Payment Date of the relevant Series);

"Earliest Maturing Covered Bonds" means at any time the relevant Series, that has the earliest Extended Due for Payment Date, as specified in the applicable Final Terms (ignoring any acceleration of amounts due under the Covered Bonds prior to the occurrence of a CBC2 Event of Default); and

"Purchaser" means any third party or any Originator to whom the CBC2 offers to sell Selected Receivables pursuant to the Asset Monitor Agreement.

4.4. ASSET MONITOR

Under the terms of an asset monitor appointment agreement entered into on the Programme Date between Ernst & Young Accountants LLP (the "**Asset Monitor**"), the CBC2, the Administrator, the Issuer and the Trustee (such asset monitor appointment agreement as amended and/or supplemented and/or restated from time to time, the "**Asset Monitor Appointment Agreement**"), the Asset Monitor has agreed, subject to due receipt of the information to be provided by the Administrator to the Asset Monitor, to conduct agreed upon procedures on the arithmetic accuracy of the calculations performed by the Administrator in respect of the Asset Cover Test, the Amortisation Test, the Mandatory Asset Quantity Test and the liquidity buffer to be maintained by the CBC2 in accordance with the CB Legislation with a view to report factual findings with regard to calculations.

Asset Cover Test and Amortisation Test

The Asset Monitor will within five Business Days upon receipt of the relevant information conduct such agreed upon procedures (i) in respect of the Asset Cover Test carried out by the Administrator on the Calculation Date immediately preceding each anniversary of the Programme Date; and (ii) in respect of the Amortisation Test carried out by the Administrator on each Calculation Date. If and for so long as the ratings of the Issuer or the Administrator fall below the minimum ratings as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the 2020 Programme Update 'Baa3(cr)' by Moody's, the Asset Monitor will be required to conduct such agreed upon procedures in respect of the Asset Cover Test carried out by the Administrator on each Calculation Date unless and until the Administrator and the Issuer regain the minimum ratings as determined to be applicable or agreed by a relevant Rating Agency from time to time, following which the relevant agreed upon procedures will be conducted by the Asset Monitor in accordance with the first part of this paragraph.

Following the report of factual findings by the Asset Monitor on the calculations performed by the Administrator such that (a) the Asset Cover Test has been failed as at the end of a calendar month (where the Administrator had recorded it as being satisfied) or (b) the Adjusted Aggregate Asset Amount or the Amortisation Test Aggregate Asset Amount is misstated by an amount exceeding 1 per cent. of the Adjusted Aggregate Asset Amount or the Amortisation Test Aggregate Asset Amount, as applicable, all as at the end of the relevant calendar month, the Asset Monitor will be required to conduct such agreed upon procedures for each of the four consecutive Calculation Dates thereafter.

The results of the agreed upon procedures conducted by the Asset Monitor in respect of the Asset Cover Test or, as applicable, the Amortisation Test will be delivered to the Administrator, the CBC2, the Issuer, the Trustee and the Rating Agencies (the "**Asset Monitor Report**") in accordance with the Asset Monitor Appointment Agreement. If the calculations performed by the Administrator have not been performed correctly, the Asset Monitor Report shall (i) set out the correct calculation of the Asset Cover Test or Amortisation Test, as applicable (ii) indicate whether the Asset Cover Test or Amortisation Test, as applicable, has been passed or failed and (iii) set out the result of such correct calculation together with the incorrect calculation and the result of such incorrect calculation as carried out by the CBC2 (or the Administrator on its behalf).

Tests pursuant to the CB Legislation

In addition, subject to the terms of the Asset Monitor Agreement, the Asset Monitor will perform mandatory annual agreed upon procedures (i) in respect of the calculations of the Mandatory Asset Quantity Tests and liquidity buffer and (ii) for so long as required pursuant to the CB Legislation, in respect of certain loan files relating to the Portfolio, each in accordance with the requirements of the CB Legislation. Any failure to meet a Mandatory Asset Quantity Test or such test in respect of the mandatory liquidity buffer shall in itself not entitle the Trustee to service a Notice to Pay or constitute a CBC2 Event of Default.

General

The Asset Monitor is entitled, in the absence of manifest error, to assume that all information provided to it by the Administrator for the purpose of conducting such tests is true and correct and is complete and not misleading, and is not required to conduct a test or otherwise take steps to verify the accuracy of any such information.

Under the terms of the Asset Monitor Appointment Agreement the CBC2 will pay to the Asset Monitor a fee per agreed upon procedure to be performed by the Asset Monitor.

The CBC2 may, at any time, but subject to the prior written consent of the Trustee, terminate the appointment of the Asset Monitor by providing at least 30 days' prior written notice to the Asset Monitor, provided that such termination may not be effected unless and until a replacement asset monitor has been found by the CBC2 (such replacement to be approved by the Trustee unless the replacement is an accountancy firm of international standing) which agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Appointment Agreement.

The Asset Monitor may, at any time, resign from its appointment under the Asset Monitor Appointment Agreement upon providing the CBC2 and the Trustee (copied to the Rating Agencies) with 60 days' prior written notice provided that such resignation may not be effected unless and until a replacement has been found by the CBC2 (such replacement to be approved by the Trustee unless the replacement is an accountancy firm of international standing) which agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Appointment Agreement.

If a replacement asset monitor has not been found by the CBC2 within 60 days of notice of resignation by the Asset Monitor, the Asset Monitor shall immediately use its best endeavours to propose a replacement (such replacement to be approved by the Trustee unless the replacement is an accountancy firm of international standing) which agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Appointment Agreement.

In the Trust Deed the Trustee agrees to, upon receipt of each Monthly Investor Report, verify whether it states that the Asset Cover Test or the Amortisation Test, as the case may be, has been passed or failed.

5. SERVICING AND CUSTODY

5.1. SERVICING

Pursuant to the terms of a servicing agreement entered into on the Programme Date and between the CBC2, the Initial Originators, ABN AMRO Bank (as Issuer and in its capacity as servicer, the "**Initial Servicer**") and the Trustee (such initial servicing agreement as amended and/or supplemented and/or restated from time to time, the "**Initial Servicing Agreement**"), the Initial Servicer has agreed to service on behalf of the CBC2 the Portfolio, unless any New Originator and the Initial Servicer agree that such New Originator or a third party servicer shall act as servicer in relation to Eligible Receivables transferred by such New Originator to the CBC2 subject to fulfilling the Servicer Criteria (as described below).

If the Initial Servicer is to service the Eligible Receivables transferred by such New Originator, this will be provided for through an amendment to the Initial Servicing Agreement. If it is agreed that the New Originator or third party servicer will service, on behalf of the CBC2, the New Receivables transferred by such New Originator to the CBC2, then a servicing agreement will be entered into between such New Originator or third party servicer, as applicable, (in its capacity as servicer, the "**New Servicer**" and, together with the Initial Servicer and any other New Servicer, a "**Servicer**"), the CBC2 and the Trustee on substantially the same terms as the Initial Servicing Agreement so that each New Servicer has substantially the same rights and obligations as the Initial Servicer (each a "**New Servicing Agreement**" and, together with the Initial Servicing Agreement, a "**Servicing Agreement**").

Each Servicer will be required to:

- (i) administer the relevant Transferred Receivables in accordance with the relevant Originator's Lending Criteria and the relevant Servicing Agreement;
- (ii) collect as agent for the CBC2 and, following the occurrence of a CBC2 Event of Default, for the Trustee, all amounts due in respect of each Transferred Receivable; and
- (iii) use all reasonable endeavours to collect all payments due under or in connection with the Transferred Receivable and to enforce all covenants and obligations of each Borrower in accordance with the Enforcement Procedures and take such action as is not materially prejudicial to the interests of the CBC2 and in accordance with such actions that a Reasonable Prudent Lender would undertake.

Each Servicer will have the power to exercise the rights, powers and discretions and to perform the duties of the CBC2 in relation to the Receivables that it is servicing pursuant to the terms of the relevant Servicing Agreement, and to do anything which it reasonably considers necessary or convenient or incidental to the administration of those Receivables.

Each Servicer has undertaken or will undertake, as the case may be, to, amongst other things, perform the services listed below (the "**Services**") in relation to those Receivables that it is servicing, and to:

- assist the Administrator in the preparation of a Monthly Investor Report in accordance with the Administration Agreement and deliver to the CBC2 and the Trustee two Business Days prior to the last CBC2 Payment Date of the relevant month all portfolio characteristics and other information (in a form and with such content as agreed between the Initial Servicer and the CBC2 (or the Administrator on its behalf)) relating to the Receivables reasonably required to complete the relevant Monthly Investor Report;

- keep records and books of account on behalf of the CBC2 in relation to the Transferred Receivables;
- notify relevant Borrowers of any change in their payments;
- assist the auditors of the CBC2 and provide information to them upon reasonable request;
- notify relevant Borrowers of any other matter or thing which the applicable Loan Agreement require them to be notified of in the manner and at the time so required;
- subject to the provisions of the relevant Servicing Agreement take all reasonable steps to recover all sums due to the CBC2 including without limitation by the institution of proceedings and/or the enforcement of any Transferred Receivable;
- to the extent permitted under applicable data protection and other laws provide on a timely basis to the Rating Agencies all information on the Borrowers and the Loan Agreements which is reasonably required in order for the Rating Agencies to be able to establish their credit estimates on Borrowers at all reasonable times upon reasonable notice subject to the relevant Servicer being reasonably capable of providing such information without significant additional cost;
- make all calculations and render all other services required for compliance with the Master Sub-Participation Agreements;
- take all other action and do all other things which it would be reasonable to expect a Reasonable Prudent Lender to do in administering its Loan Agreements and their Related Security;
- act as collection agent on behalf of the CBC2 in accordance with the provisions of the Servicing Agreement; and
- make all preparations and recordings and conduct ancillary activities necessary to effect any (re)transfer of Receivables to or by the CBC2.

In addition, the Servicing Agreement provides that following notification to the relevant Borrowers of the assignment of the Receivables, the Servicer, acting on behalf of the CBC2, will only offer the relevant Borrowers an interest rate of at least 0 (zero) per cent. per annum (the "**Minimum Mortgage Interest Rate**"), which rate may be amended by the CBC2 and the Issuer, subject to Rating Agency Confirmation and prior consent of the Trustee, subject to the Loan Agreement and to applicable law (including but not limited to principles of reasonableness and fairness).

The Initial Servicer will represent and warrant that it is, and covenants that it shall remain, adequately licensed under the Wft to act as consumer credit offeror or intermediary and covenants to comply with the information duties towards the Borrowers under or pursuant to the Wft. Furthermore, the Initial Servicer will covenant that it shall only engage any sub-contractor if it is and continues to be duly licensed to provide the Services and to act as consumer credit offeror or intermediary, with due observance of the applicable rules under the Wft. The Initial Servicer may only terminate the Initial Servicing Agreement if a New Servicer has been appointed prior to such termination which holds the requisite licences, including being duly licensed under the Wft to act as consumer credit offeror or intermediary.

The Initial Servicer also undertakes that with respect to Moody's (for so long as it is a Rating Agency) within 60 days, of the Initial Servicer ceasing to be assigned a rating as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the 2020 Programme

Update at least 'Baa3(cr)' by Moody's, it will use reasonable efforts to enter into a master servicing agreement with a third party in accordance with the terms of the Initial Servicing Agreement.

The CBC2 will pay to the Initial Servicer a servicing fee of 0.08% per annum (inclusive of VAT) of the aggregate Gross Outstanding Principal Balance of the Transferred Receivables serviced by the Initial Servicer in accordance with the Initial Servicing Agreement as of the beginning of the relevant Calculation Period. Fees payable to New Servicers and/or the Initial Servicer acting as Servicer in respect of Receivables transferred by New Originators to the CBC2 will be determined on the date that they accede to the Programme.

Furthermore, in connection with the role of the Initial Servicer to collect as agent for the CBC2 and, following the occurrence of a CBC2 Event of Default, for the Trustee, all amounts due in respect of each Transferred Receivable, the following is relevant.

Until a Notification Event has occurred and all Borrowers owing Transferred Receivables have been notified of the assignment of the Transferred Receivables and instructed to make all payments under the Transferred Receivables directly to the AIC Account or such other account as the Trustee or the CBC2 may designate for such purpose in accordance with the Guarantee Support Agreement, all payments by the Borrowers are required to be made into a bank account held with:

- (a) ABN AMRO Bank in the name of ABN AMRO Bank in respect of Loans originated by ABN AMRO;
- (b) Coöperatieve Rabobank U.A. ("**Rabobank**") in the name of ABN AMRO Hypotheken Groep B.V. in respect of Loans originated by ABN AMRO Hypotheken Groep (the "**AAHG Rabobank Collection Account**"); and
- (c) Rabobank in the name of Moneyou B.V. ("**Moneyou**") in respect of Loans originated by Moneyou, which is different from the AAHG Rabobank Collection Account (the "**Moneyou Rabobank Collection Account**").

Amounts credited to the AAHG Rabobank Collection Account and the Moneyou Rabobank Collection Account are on a daily basis required to be on-paid to a bank account held with ABN AMRO Bank in the name of ABN AMRO Hypotheken Groep and, where appropriate, subsequently on a daily basis on-paid from such bank account held with ABN AMRO Bank in the name of ABN AMRO Hypotheken Groep to another bank account held with ABN AMRO Bank in the name of ABN AMRO Hypotheken Groep (the "**ABN AMRO Collection Accounts**" and, together with the AAHG Rabobank Collection Account, the Moneyou Rabobank Collection Account and any other bank account in the name of a relevant Initial Originator into which payments in respect of Loans originated by such Initial Originator are to be made, including the account mentioned under (a) above, the "**Collection Accounts**"). The Collection Accounts will also be used for the collection of monies paid in respect of Loans other than Loans relating to Transferred Receivables and in respect of other monies belonging to the relevant Initial Originator.

Pursuant to the Initial Servicing Agreement, the Initial Servicer has agreed to pay (or cause to be paid) any monies collected in respect of the Transferred Receivables (a) in any calendar month, to the relevant Originator no later than the 8th Business Day of the subsequent calendar month for as long as no Notification Event has occurred and no Notice to Pay or CBC2 Acceleration Notice has been served or (b) within two Business Days of receipt (i) to the AIC Account following a Notification Event or service of a Notice to Pay (but prior to service of a CBC2 Acceleration Notice) or (ii) to an account specified by the Trustee following service of a CBC2 Acceleration Notice. See also the risk factor entitled "*In the event of a Dutch Insolvency Proceeding against an Originator, prior to the notification of the transfer of the Transferred Receivables to the debtors, the CBC2's claims to payments by such Originator under such Transferred Receivables may rank in priority behind the claims of other creditors of the Originator, in turn adversely affecting the ability of the*

CBC2 to collect fully and/or timely payments under the Transferred Receivables and subsequently meet its obligations fully and/or timely to Covered Bondholders" in Section B.3 Guarantee Support above in relation to the position of the CBC2 as creditor of an Originator in the event of such Originator being the subject of a Dutch Insolvency Proceeding.

"Enforcement Procedures" means the procedures for the enforcement of the Receivables undertaken by a Servicer from time to time in accordance with the relevant Originator's Lending Criteria; and

"New Receivables" means Eligible Receivables, other than the Eligible Receivables comprised in the Initial Portfolio, which an Originator may assign and transfer, to the CBC2 on a Transfer Date following the First Transfer Date pursuant to the Guarantee Support Agreement.

5.2. SERVICERS

The CBC2 and the Trustee may, upon written notice to the relevant Servicer and the Rating Agencies, terminate the relevant Servicer's rights and obligations immediately if any of the following events (a "**Servicer Event of Default**") occurs:

- the relevant Servicer defaults in the payment of any amount due to the CBC2 under the relevant Servicing Agreement and fails to remedy that default for a period of 7 days after the earlier of the relevant Servicer becoming aware of the default and receipt by the relevant Servicer of written notice from the Trustee or the CBC2 requiring the same to be remedied;
- the relevant Servicer fails to comply with any of its other obligations under the Servicing Agreement which failure in the opinion of the Trustee is materially prejudicial to Covered Bondholders and does not remedy that failure within 14 days after the earlier of the relevant Servicer becoming aware of the failure and receipt by the relevant Servicer of written notice from the Trustee or the CBC2 requiring the same to be remedied;
- the relevant Servicer is subjected to Insolvency Proceedings; or
- at any time it becomes unlawful for the relevant Servicer to perform all or a material part of its obligations under the relevant Servicing Agreement or the relevant Servicer ceases to be duly licensed to act as consumer credit offeror or intermediary pursuant to the Wft.

Subject to the fulfilment of a number of conditions, a Servicer may voluntarily resign by giving not less than 12 months' notice to the Trustee and the CBC2 provided that a substitute servicer who meets the Servicer Criteria has been appointed and enters into a servicing agreement with the CBC2 which meets the relevant requirements of the Applicable Data Protection Laws and is otherwise substantially on the same terms as the Initial Servicing Agreement. The resignation of a Servicer is conditional on the resignation having no adverse effect on the then current ratings of the Covered Bonds unless the Covered Bondholders agree otherwise by a Programme Resolution.

If the appointment of a Servicer is terminated, the relevant Servicer must deliver the Borrower Files and other documentation held by it relating to the Transferred Receivables administered by it to, or at the direction of, the CBC2. The relevant Servicing Agreement will terminate at such time as the CBC2 has no further interest in any of the Transferred Receivables serviced under the relevant Servicing Agreement.

A Servicer may sub-contract the performance of its duties under the Servicing Agreement provided that it meets conditions as set out in the relevant Servicing Agreement. As at the 2020 Programme Update, the Initial Servicer has sub-contracted the performance of its duties under the Initial Servicing Agreement to Stater N.V., except in relation to Receivables transferred by Quion 9 and Oosteroever Hypotheken, in respect of which the Initial Servicer has subcontracted the performance of its duties under the Initial Servicing Agreement to Quion Groep B.V.

Each new Servicer and any assignee or transferee of an existing Servicer will have to fulfil, amongst other things, the following criteria (the "**Servicer Criteria**"):

- (a) it has experience with and is capable of administering portfolios of residential mortgage loans in The Netherlands, complies with Rating Agency servicer criteria and is approved by the CBC2 and the Trustee;
- (b) it enters into an agreement which meets the relevant requirements of the Applicable Data Protection Laws and is otherwise substantially on the same terms as the Initial Servicing Agreement;

- (c) it has all necessary consents, licences, authorities and approvals required under the laws of The Netherlands (including the Wft) which may be necessary in connection with the performance of the Services; and
- (d) the then current ratings of the Covered Bonds are not adversely affected by the appointment of the new Servicer.

For the purposes of this Section:

"Applicable Data Protection Laws" means (i) the EU General Data Protection Regulation (EU) 2016/679 and (ii) any applicable European Union or Member State law relating to data protection or the privacy of individuals.

5.3. CUSTODY

If Substitution Assets are transferred to the CBC2, the CBC2 will appoint a custodian to provide custody services in relation to such Substitution Assets. The Substitution Assets will be serviced in accordance with a custody agreement, the terms and conditions of which will be agreed with the Trustee to be entered into with an eligible custodian (the "**Custody Agreement**").

6. SWAPS

In order to hedge certain interest rate risks in respect of amounts received by the CBC2 under the Transferred Receivables, the AIC Accounts, the Authorised Investments and the Substitution Assets and/or amounts payable by the CBC2 under the Guarantee to the Covered Bondholders in respect of the Covered Bonds, the CBC2 may enter into swap transactions from time to time with one or more Swap Providers, including total return swap transactions and interest rate swap transactions.

The CBC2 is only permitted to enter into Swap Agreements and transactions thereunder with either (a) ABN AMRO Bank or (b) third party Eligible Swap Providers, as the case may be (each a "**Swap Provider**"). All such Swap Agreements will be required to be in form and substance acceptable to each of the CBC2 and the Trustee and subject to Rating Agency Confirmation. A Swap Agreement may govern the terms of one or more Total Return Swap(s) and/or one or more Interest Rate Swaps. There is no requirement for the CBC2 or the relevant Eligible Swap Provider to enter into a Swap Agreement for each Swap separately.

In the Swap Undertaking Letter ABN AMRO Bank undertakes to, or to procure an Eligible Swap Provider to, enter into one or more (as agreed between the CBC2 and such Eligible Swap Provider) Swap Agreements with the CBC2 governing one or more Total Return Swap(s) and/or one or more Interest Rate Swap(s) for any Series if so requested by the CBC2.

Pursuant to the provisions of the Trust Deed and the Swap Agreements, regardless of whether a Notification Event has occurred, unless and until (a) both an Issuer Acceleration Notice and a Notice to Pay are served or (b) a CBC2 Acceleration Notice is served, all amounts to be paid and received by the CBC2 under any Swap Agreement will be paid and received on behalf of the CBC2 by the Issuer. However, any amounts of collateral payable by a relevant Swap Provider to the CBC2 (or, returned by the CBC2 to the relevant Swap Provider, as the case may be) will be paid directly by the relevant Swap Provider to the CBC2 (or by the CBC2 to the relevant Swap Provider, as the case may be), regardless of whether an Issuer Acceleration Notice, Notice to Pay or CBC2 Acceleration Notice is served or whether a Notification Event has occurred.

Minimum Rating of Swap Provider

Unless otherwise agreed (subject to Rating Agency Confirmation), the terms of a Swap Agreement may provide that in the event that the rating(s) of the Swap Provider is below, or is downgraded by a Rating Agency below, the minimum rating(s) specified in the relevant Swap Agreement for that Swap Provider (in accordance with the requirements of the relevant Rating Agency), that Swap Provider will, in accordance with the relevant Swap Agreement, be required to take certain remedial measures which may include:

- (a) providing collateral for its obligations under the Swap Agreement;
- (b) arranging for its obligations under the relevant Swap Agreement to be transferred to an entity with the ratings required by the relevant Rating Agency;
- (c) procuring another entity with the ratings required by the relevant Rating Agency to become co-obligor or guarantor in respect of its obligations under the Swap Agreement; or
- (d) taking such other action or putting in place such alternative hedging as it may agree with the relevant Rating Agency (subject to Rating Agency Confirmation).

Also, the terms of a Swap Agreement may provide that a failure to take such steps within the time periods specified in the Swap Agreement will allow the CBC2 to terminate the Swap Agreement.

Other Termination Events

Unless otherwise agreed (subject to Rating Agency Confirmation), the terms of a Swap Agreement will provide that such Swap Agreement may also be terminated early in certain other circumstances, including:

- (a) at the option of either party to the Swap Agreement, if there is a failure by the other party to pay any amounts due under such Swap Agreement and any applicable grace period has expired;
- (b) upon the occurrence of an insolvency of the Swap Provider, or any guarantor, or the merger of one of the parties without an assumption of the obligations under the relevant Swap Agreement (except in respect of the security interests created by the CBC2 in favour of the Trustee in accordance with the Security Documents);
- (c) if there is a change of law or change in application of the relevant law which results in the CBC2 or the Swap Provider (or both) being obliged to make a withholding or deduction on account of a tax on a payment to be made by such party to the other party under the Swap Agreement and the Swap Provider thereby being required under the terms of the Swap Agreement to gross up payments made to the CBC2, or to receive net payments from the CBC2 (which is not required under the terms of the Swap Agreement to gross up payments made to the Swap Provider); and
- (d) if there is a change in law which results in the illegality of the obligations to be performed by either party under the Swap Agreement.

Upon the termination of such Swap Agreement, the CBC2 or the relevant Swap Provider may be liable to make a termination payment to the other party in accordance with the provisions of the relevant Swap Agreement. The amount of this termination payment will be calculated and made in euro.

For the purpose hereof:

"Eligible Swap Provider" means a financial institution which is permitted under Dutch law to enter into derivative contracts with Dutch residents and whose unsecured, unsubordinated and unguaranteed debt obligations are rated not lower than:

- (a) in the case of a Total Return Swap, the ratings as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the 2020 Programme Update (if no remedial action would be taken as provided for in the relevant Swap Agreement) 'P-2(cr)' (short-term) from Moody's and 'A3(cr)' (long-term) from Moody's; and
- (b) in the case of an Interest Rate Swap, the ratings as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the 2020 Programme Update (if no remedial action would be taken as provided for in the relevant Swap Agreement) 'P-2(cr)' (short-term) from Moody's and 'A3(cr)' (long-term) from Moody's;

"Swap Agreements" means a 1992 (Multicurrency Cross Border) or 2002 ISDA Master Agreement together with the relevant schedule and confirmation(s) from time to time entered into between a Swap Provider, the CBC2 and the Trustee, governing one or more Swaps in form and substance acceptable to each of the CBC2 and the Trustee and subject to Rating Agency Confirmation, including each Total Return Swap Agreement and each Interest Rate Swap Agreement;

"Swap Undertaking Letter" means a letter pursuant to which ABN AMRO Bank, the Trustee and the CBC2 agree that ABN AMRO Bank shall enter into (or procure an Eligible Swap Provider to

enter into) one or more Total Return Swap(s) and/or Interest Rate Swap(s) in form and substance acceptable to each of the CBC2 and the Trustee and subject to Rating Agency Confirmation; and

"Swap Provider Default" means the occurrence of an Event of Default or Termination Event (each as defined in each of the relevant Swap Agreements) where the relevant Swap Provider is the Defaulting Party or the sole Affected Party (each as defined in the relevant Swap Agreement).

6.1. TOTAL RETURN SWAP

In order to hedge the risk of possible mismatches, on a monthly basis between:

- (a) the rates of interest or revenues on the Transferred Receivables, the Authorised Investments, the Substitution Assets and the balance of the AIC Account; and
- (b) the Agreed Base Reference Rate,

the CBC2 and one or more Swap Providers (each in its capacity as total return swap provider, a "**Total Return Swap Provider**") and the Trustee (in respect of certain provisions) may enter into one or more swap agreements and total return swap transactions in form and substance acceptable to each of the CBC2 and the Trustee and subject to Rating Agency Confirmation (each a "**Total Return Swap**" and together with any such swap agreement, a "**Total Return Swap Agreement**").

A Total Return Swap may be entered into by the CBC2, in respect of all or part of the Transferred Receivables, Authorised Investments and Substitution Assets acquired by the CBC2 from time to time and the balance of the AIC Account from time to time, to ensure that certain interest rate and revenue risks in respect of such Transferred Receivables, Authorised Investments, Substitution Assets and the balance of the AIC Account are hedged.

6.2. INTEREST RATE SWAPS

In order to hedge the risk (provided that there is such risk) of any possible mismatches between:

- (1) the Agreed Base Reference Rate; and
- (2) the rate of interest payable under any Series,

the CBC2, one or more Swap Providers (each in its capacity as interest rate swap provider, an **"Interest Rate Swap Provider"**) and the Trustee (in respect of certain provisions) may enter into one or more swap agreements and interest rate swap transactions in relation to one or more Series, in form and substance acceptable to each of the CBC2 and the Trustee and subject to Rating Agency Confirmation (each an **"Interest Rate Swap"** and together with any such swap agreement, an **"Interest Rate Swap Agreement"**) in relation to the relevant Series. Any Total Return Swaps and Interest Rate Swaps are together referred to as the **"Swaps"**.

Unless otherwise agreed in an Interest Rate Swap Agreement, the following payments are to be made under an Interest Rate Swap entered into in respect of a Series:

- (a) on or before each Interest Payment Date, the relevant Interest Rate Swap Provider must pay the CBC2 an amount equal to the product of (i) the aggregate Principal Amount Outstanding of such Series as at the preceding Interest Payment Date and (ii) the relevant swap rate corresponding to the interest rate payable on or interest basis applicable to the relevant Series; and
- (b) on each Floating Rate Payer Payment Date, the CBC2 must pay to the Interest Rate Swap Provider an amount equal to the product of (i) the aggregate Principal Amount Outstanding of such Series as at the preceding Interest Payment Date and (ii) the sum of the Agreed Base Reference Rate and the Spread (as defined in the applicable Interest Rate Swap Agreement).

Unless otherwise agreed between the CBC2 and the relevant Interest Rate Swap Provider in the relevant Interest Rate Swap, each Interest Rate Swap will terminate on the Final Maturity Date of the relevant Series of Covered Bonds, subject to the early termination provisions of the relevant Swap Agreement as outlined above.

For the purpose of this Section 6.2 **"Floating Rate Payer Payment Date"** means the floating rate payer payment date as defined in the relevant confirmation for the Interest Rate Swap, which is expected to be the CBC2 Payment Date.

 - (c) pursuant to the Trust Deed, if any of the Issuer's ratings falls below the minimum ratings as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the 2020 Programme Update 'P-1(cr)' (short-term) by Moody's, the CBC2 will be required to:
 - (i) establish a reserve fund (the "**Reserve Fund**") on the AIC Account which will be credited by the Issuer with an amount equal to the Reserve Fund Required Amount and such further amounts as are necessary from time to time to ensure that an amount up to the Reserve Fund Required Amount is credited to the Reserve Fund for as long as the above rating trigger is breached; and

- (B) If a Notification Event occurs or a Notice to Pay or CBC2 Acceleration Notice is served on the CBC2:

required amounts under the Transferred Receivables to the CBC2, the CBC2 will no longer be required to maintain the Reserve Fund and any amounts standing to the credit of the Reserve Fund will be added to certain other income of the CBC2 in calculating the Available Revenue Receipts and applied in accordance with the relevant Priority of Payments.

- (C) Pursuant to the Trust Deed, unless a Mandatory Liquidity Test is no longer relevant under the CB Legislation, the CBC2 will be required to maintain a mandatory liquidity fund (the **"Mandatory Liquidity Fund"**) on the AIC Account (which Mandatory Liquidity Fund is administered through the Mandatory Liquidity Revenue Ledger). 1. The AIC Account Revenue Ledger: in accordance with the relevant Priority of Payments.

such CBC2 Payment Date there is an unexpected default by a Swap Provider in the performance of its obligation to pay to the CBC2 an amount (for the avoidance of doubt excluding any Swap Collateral Excluded Amounts and Swap Replacement Excluded Amounts) of interest under any Interest Rate Swap, then an amount equal to the lower of (i) the amount so credited or to be credited to the AIC Account Principal Ledger and (ii) the amount by which the available proceeds in respect of such Series standing to the credit of the Swap Interest Ledger falls short of the corresponding Scheduled Interest that is Due for Payment in such CBC2 Payment Period under the Guarantee, shall on such CBC2 Payment Date or during such CBC2 Payment Period be credited to the Swap Interest Ledger.

3. 8. The Mandatory Liquidity Revenue Ledger: if amounts are standing to the credit of the Mandatory Liquidity Revenue Ledger and:

 - (ii) funds standing to the credit of the Interest Cover Reserve Fund Ledger.

The funds so debited shall be transferred to the AIC Account Revenue Ledger; or

(in each case, provided that Rating Agency Confirmation has been obtained) unless each Rating Agency confirms that its then current rating of the Covered Bonds will not be adversely affected as a result of the ratings of the Account Bank falling below the Minimum Account Bank Ratings (or the reason for this having occurred) within the applicable time period specified in the AIC Account Agreement, of such downgrade. If the Rating Agency Confirmations are given as above, for this purpose only, reference to the "**Minimum Account Bank Ratings**" shall be deemed to be instead the relevant rating of the Account Bank at the time of such confirmations, but the original rating shall be reinstated if the relevant rating of the Account Bank is subsequently upgraded to the original level.
