This Summary Note (i) when read alone, is not intended to provide the basis of any credit or other evaluation and (ii) should not be considered as a recommendation by the Issuer that any recipient of this Summary Note should purchase the Notes. Each investor contemplating purchasing the Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. This Summary Note does not constitute an offer or invitation by or on behalf of the Issuer to any person to subscribe for or to purchase the Notes.

Structured securities such as the Notes involve a high degree of risk and are intended for sale only to those investors capable of understanding the risk entailed in such instruments. Prospective purchasers of the Notes should ensure that they understand the nature of the Notes and the extent of their exposure to risk and that they understand the nature of the Notes as an investment in the light of their own circumstances and financial condition. Prospective purchasers of the Notes should conduct their own investigations and, in deciding whether or not to purchase Notes, should form their own views of the merits of an investment related to the Notes based upon such investigations and not in reliance upon any information given in this Summary Note, the Securities Note (which incorporates by reference certain sections of Chapter 1 of the Base Prospectus and the List of Parties), the Registration Document and the Base Prospectus. If in doubt potential investors are strongly recommended to consult with their financial advisers before making any investment decision.

Investors should carefully review and evaluate, *inter alia*, the most recent financial statements of the Issuer when deciding whether or not to purchase the Notes.

Other than in Sweden, the Issuer does not represent that this Summary Note may be lawfully distributed, or that the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Summary Note nor any advertisement or other offering material may be distributed or published in any jurisdiction where such offer, sale, distribution and/or publication would be prohibited.

The distribution of this Summary Note and the offer or sale of the Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Summary Note or the Notes come must inform themselves about, and observe, any such restrictions. In particular, the restrictions set out in the section of Chapter 1 of the Base Prospectus (incorporated by reference into the Securities Note) headed “Subscription and Sale” on the distribution of the Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area, the United Kingdom, Austria, The Netherlands, France, Italy, Ireland, Australia, India, Mexico, People’s Republic of China, Brazil, Chile, Switzerland, Japan, Hong Kong, Korea, Norway and Singapore and also apply to this Summary Note and the Notes.

Where a claim relating to the information contained in the Prospectus is brought before a court, the plaintiff investor may, under the national legislation of the Member States of the European Economic Area, have to bear the costs of translating the Prospectus before the legal proceedings are initiated.

DESCRIPTION OF THE ISSUER

The Issuer is a subsidiary company of ING Groep N.V., also called ING Group. ING Group is the holding company of a broad spectrum of companies (together called “ING”), offering banking, investments, life insurance and retirement services to about 85 million private, corporate and institutional clients in Europe, the United States, Canada, Latin America, Asia and Australia. Originating from The Netherlands, ING has a workforce of about 107,000 people worldwide. ING Group holds all shares of the Issuer, which is a non-listed 100% subsidiary of ING Group. On 26 October 2009, ING announced a new strategic direction. It will separate its banking and insurance operations and develop towards a mid-sized international Bank, anchored in the Netherlands and Belgium, and predominantly focused on the European retail market with selected growth options elsewhere. On the same date, ING announced that all Insurance operations (including Investment Management) would be divested over the following four years.

In 2010, the Issuer introduced a new reporting structure reflecting two main business lines: Retail Banking and Commercial Banking. Under this structure, ING Direct has been included within Retail Banking. This reporting structure has been applied in respect of the Issuer’s annual report for the year ended 31 December 2010 and the banking business disclosure included in the ING Group quarterly reports as from the first quarter of 2010.

The Issuer is a large international player with an extensive global network in over 40 countries. It has strong established positions in The Netherlands, Belgium and Luxembourg and key positions in Poland, Romania and Turkey, the largest Central and Eastern Europe markets. The Issuer holds strong positions in Germany, France, Italy, Spain, the United Kingdom and the United States. The Issuer also has profitable businesses in Canada and Asia/Pacific. It has an extensive international network to service and support its corporate clients. From 1 January 2011, the Issuer began operating as a stand-alone company. With more than 72,000 employees, the Issuer is active through the following Business Lines: Retail Banking, including ING Direct and Commercial Banking.

Retail Banking provides retail and private banking services to individuals and small and medium-sized enterprises in The Netherlands, Belgium, Luxembourg, Poland, Romania, Turkey, India, Thailand and China (through a stake in Bank of Beijing) with a multiproduct, multi-channel distribution approach. In mature markets, Retail Banking focuses on wealth accumulation, savings and mortgages, with an emphasis on operational excellence, cost leadership and customer satisfaction. In developing markets, Retail Banking aims to become a prominent local player by offering simple but high quality products. ING Direct offers direct banking services in Canada, Spain, Australia, France, the US, Italy, Germany, the United Kingdom and Austria. ING Direct’s focus is on offering five simple and transparent retail banking products at very low cost: savings, mortgages, payment accounts, investment products and consumer lending.

Commercial Banking offers core banking services such as lending, payments and cash management in more than 40 countries. It provides clients with tailored solutions in areas including corporate finance, structured finance, commercial finance, equity markets, financial markets and leasing. Clients are corporations – ranging from medium-sized and large companies to major multinationals – as well as governments and financial institutions.

The Issuer was incorporated under Dutch law in The Netherlands on 12 November 1927 for an indefinite duration in the form of a public limited company. The Issuer is registered at the Chamber of Commerce of Amsterdam under no. 33031431 and its corporate seat is in Amsterdam, The Netherlands. The articles of association were last amended by notarial deed executed on 30 December 2009.

The Issuer and its consolidated subsidiaries are involved in litigation and arbitration proceedings in The Netherlands and in a number of foreign jurisdictions, including the United States, involving claims by and against them which arise in the ordinary course of their businesses, including in connection with their

activities as insurers, lenders, employers, investors and taxpayers, certain examples of which are described immediately below. In certain of such proceedings, very large or indeterminate amounts are sought, including punitive and other damages. While it is not feasible to predict or to determine the outcome of all pending or threatened legal and regulatory proceedings, the Issuer is of the opinion that neither it nor any of its consolidated subsidiaries is aware of any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) in the 12 months period preceding the date on which the Prospectus was filed with the AFM and approved by it, which may have, or have in such period had a significant effect on the financial position or profitability of the Issuer and/or its consolidated subsidiaries.

Because of the geographic spread of its business, the Issuer may be subject to tax audits in numerous jurisdictions at any point in time. Although the Issuer believes that it has adequately provided for all its tax positions, the ultimate resolution of these audits may result in liabilities which are different from the amounts recognised.

Purported class litigation has been filed in the United States District Court for the Southern District of New York alleging violations of the federal securities laws with respect to disclosures made in connection with the 2007 and 2008 offerings of ING's Perpetual Hybrid Capital Securities. The Court has determined that the claims relating to the 2007 offerings were without merit and has dismissed them. The challenged disclosures that survived the Court's ruling relate solely to the June 2008 offering, and primarily to ING Group's investments in certain residential mortgage-backed securities.

In January 2010 ING lodged an appeal with the General Court of the European Union against specific elements of the European Commission's decision regarding ING's restructuring plan. In its appeal, ING contests the way the European Commission has calculated the amount of state aid ING received and the disproportionality of the price leadership restrictions specifically and the disproportionality of restructuring requirements in general.

In January 2011 the Association of Stockholders (Vereniging van Effectenbezitters, "VEB") issued a writ alleging that investors were misled by the prospectus that was issued with respect to the September 2007 rights issue of Fortis N.V. (now: Ageas N.V.) against Ageas N.V., the underwriters of such rights issue, including the Issuer, and former directors of Fortis N.V. According to the VEB the prospectus shows substantive incorrect and misleading information. The VEB states that the impact and the risks of the subprime crisis for Fortis and Fortis' liquidity position have been reflected incorrectly in the prospectus. The VEB requests a declaratory decision stating that the summoned parties have acted wrongfully and are therefore responsible for the damages suffered by the investors in Fortis. The amount of damages of EUR 18 billion, has not been substantiated yet. ING will defend itself against this claim; at this time ING is not able to assess the future outcome.

In March 2011, ING Groep N.V. was informed of the decision of the board of Stichting Pensioenfonds ING (the Dutch ING Pension Fund) to institute arbitration against ING's decision not to provide funding for indexing pensions. While it is not feasible to predict the ultimate outcome of these arbitration proceedings, ING Groep N.V. is of the opinion that these will not have a significant effect on the financial position or profitability of ING Groep N.V.

RISK FACTORS

Investing in the Notes involves risks. The Notes are not principal protected and the market value of the Notes may fluctuate during their term. Prospective investors risk losing their entire investment or part of it. See Parts 1 and 2 of the “Risk factors” section of Chapter 1 of the Base Prospectus, and the risk factors below for information on the risk factors to be taken into account when considering an investment in the Notes. Potential investors are strongly recommended to consult with their financial advisers before making any investment decision.

The Notes may not be a suitable investment for all investors

A prospective investor should conduct its own thorough analysis (including its own accounting, legal and tax analysis) prior to deciding whether to invest in the Notes. Any evaluation of the suitability for an investor of an investment in the Notes depends upon a prospective investor’s particular financial and other circumstances, as well as on the specific terms of the Notes. If a prospective investor does not have experience in financial, business and investment matters sufficient to permit it to make such a determination, the investor should consult with its financial adviser prior to deciding to make an investment as to the suitability of the Notes.

The Notes are complex financial instruments. A potential investor should not invest in the Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor’s overall investment portfolio. Prospective investors risk losing their entire investment or part of it.

The return on the Notes is linked to the performance of the underlying reference values

The return on the Notes is linked to (i) the performance of each of the underlying Indices and (ii) the performance of each of the underlying Shares (together referred to as “**Equities**”). The levels of the Equities may go down as well as up throughout the life of the Notes. Fluctuations in the levels of the Equities will affect the value of the Notes. A negative performance of any or all of the Equities may have an adverse effect on the value of and return on the Notes.

Accordingly, before investing in the Notes, prospective investors should carefully consider the performance of the Equities. Results of the Equities achieved in the past are no guarantee of future performances. Prospective investors risk losing their entire investment or part of it.

No gross-up

All payments made by the Issuer in respect of the Notes shall be made subject to any tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. Noteholders will not be entitled to receive grossed-up amounts to compensate for any such tax, duty, withholding or other payment.
