ANNEX A

The Group's businesses, earnings and financial condition have been and will continue to be affected by the global economy and instability in the global financial markets

The performance of the Group has been and will continue to be influenced by the economic conditions of the countries in which it operates, particularly the United Kingdom, the United States and other countries throughout Europe and Asia. The outlook for the global economy over the near to medium term remains challenging, particularly in the United Kingdom, the United States and other European economies. In addition, the global financial system has yet to fully overcome the difficulties which first manifested themselves in August 2007 and financial markets conditions have not yet fully normalised. These conditions led to severe dislocation of financial markets around the world and unprecedented levels of illiquidity in 2008 and 2009, resulting in the development of significant problems at a number of the world's largest corporate institutions operating across a wide range of industry sectors, many of which are the Group's customers and counterparties in the ordinary course of its business. In response to this economic instability and market illiquidity, a number of governments, including the United Kingdom Government, the governments of the other EU member states and the United States Government, have intervened in order to inject liquidity and capital into the financial system, and in some cases, to prevent the failure of these institutions.

Despite such measures, the volatility and disruption of the capital and credit markets have continued, with many forecasts predicting only modest levels of GDP growth in the near to medium term. Similar conditions are likely to exist in a number of the Group's key markets, including those in the United States and Europe, particularly Ireland. These conditions have exerted, and may continue to exert, downward pressure on asset prices and on availability of credit for financial institutions and upward pressure on the cost of credit for financial institutions, including RBSG and RBS, and will continue to impact the credit quality of the Group's customers and counterparties. Such conditions, alone or in combination with regulatory changes or actions of other market participants, may cause the Group to incur losses or to experience further reductions in business activity, increased funding costs and funding pressures, lower share prices, decreased asset values, additional write-downs and impairment charges and lower profitability.

In particular, the performance of the Group may be affected by economic conditions impacting EU member states. For example, the financial problems recently experienced by the governments of certain EU member states may lead to the issuance of significant volumes of debt by these member states, including Greece and Ireland, which may in turn reduce demand for debt issued by financial institutions and corporate borrowers. This, as well as credit rating downgrades experienced by such member states, could adversely affect the Group's access to the debt capital markets and may increase the Group's funding costs, having a negative impact on the Group's earnings and financial condition. In addition, EU member states in which the Group operates have agreed to provide financial assistance to certain member states, currently Greece and Ireland, which may in turn have a negative impact on the financial condition of those EU member states providing the assistance. The Group's exposure to the economies of such member states, in particular Ireland, has resulted in the Group making significant provisions. Should the adverse economic conditions currently faced by such member states be replicated in other EU member states, the risks discussed above would be exacerbated.

In addition, the Group will continue to be exposed to the risk of loss if major corporate borrowers or counterparty financial institutions fail or are otherwise unable to meet their obligations. The Group is

currently exposed to country concentration risk in the United States, the United Kingdom and the rest of Europe and certain business sector concentration risk relating to personal and banking and financial institution exposures. The Group's performance may also be affected by future recovery rates on assets and the historical assumptions underlying asset recovery rates, which (as has already occurred in certain instances) may no longer be accurate given the unprecedented market disruption and general economic instability. The precise nature of all the risks and uncertainties the Group faces as a result of current economic conditions cannot be predicted and many of these risks are outside the control of the Group.

The Group's business performance could be adversely affected if its capital is not managed effectively or as a result of changes to capital adequacy and liquidity requirements

Effective management of the Group's capital is critical to its ability to operate its businesses, to grow organically and to pursue its strategy of returning to standalone strength. The Group is required by regulators in the United Kingdom, the United States and in other jurisdictions in which it undertakes regulated activities, to maintain adequate capital resources. The maintenance of adequate capital is also necessary for the Group's financial flexibility in the face of continuing turbulence and uncertainty in the global economy. Accordingly, the purpose of the issuance of the £25.5 billion of B Shares, the grant of the Contingent Subscription (as defined below) and the previous placing and open offers was to allow the Group to strengthen its capital position. The FSA's liquidity policy statement issued in October 2009 states that firms must hold sufficient eligible securities to survive a liquidity stress and this will result in banks holding a greater amount of government securities, to ensure that these institutions have adequate liquidity in times of financial stress.

On 17 December 2009, the Basel Committee on Banking Supervision (the "**Basel Committee**") proposed a number of fundamental reforms to the regulatory capital framework in its consultative document entitled "Strengthening the resilience of the banking sector". On 12 September 2010, the Group of Governors and Heads of Supervision, the oversight body of the Basel Committee, announced further details of the proposed substantial strengthening of existing capital requirements, and the reforms were endorsed by the G20 leaders after the G20 Summit in Seoul in November 2010. On 16 December 2010, the Basel Committee published the Basel III rules in documents entitled "Basel III: A global regulatory framework for more resilient banks and banking systems" (containing the reforms relating to capital) and "Basel III: International framework for liquidity risk measurement, standards and monitoring" (containing the reforms relating to liquidity).

The Basel Committee's package of reforms includes increasing the minimum common equity requirement from 2% (before the application of regulatory adjustments) to 4.5% (after the application of stricter regulatory adjustments). The total Tier 1 capital requirement, which includes common equity and other qualifying financial instruments, will increase from 4% to 6%. The total capital requirement (which comprises Tier 1 capital and Tier 2 capital) remains at 8%. In addition, banks will be required to maintain, in the form of common equity (after the application of deductions), a capital conservation buffer of 2.5% to withstand future periods of stress, bringing the total common equity requirements to 7%. If there is excess credit growth in any given country resulting in a system-wide build up of risk, a countercyclical buffer within a range of 0% to 2.5% of common equity (or possibly other fully loss absorbing capital) is to be applied as an extension of the conservation buffer. In addition, a leverage ratio will be introduced, together with a liquidity coverage ratio and a net stable funding ratio. The liquidity coverage ratio is intended to promote resilience to potential liquidity stress scenarios lasting for a 30-day period. The net stable funding ratio is intended to limit over reliance on short-term wholesale funding and has been developed to provide a sustainable maturity structure of assets and liabilities. The Basel Committee is conducting further work on systemically important financial institutions and contingent capital in close coordination with the Financial

Stability Board. The Basel Committee has stated that measures may include capital surcharges, contingent capital and bail-in debt (which could be introduced by statute, possibly impacting existing as well as future issues of debt and exposing them to the risk of conversion into equity and/or write-down of principal amount). Such measures would be in addition to proposals for the write-off of Tier 1 and Tier 2 debt (and its possible conversion into ordinary shares) if a bank becomes non-viable. The Basel Committee has committed to complete by early 2011 a methodology for identifying global systemically important financial institutions with a view to the Financial Stability Board and national authorities determining by mid-2011 those institutions to which the recommendations for global systemically important financial institutions will initially apply. In addition, by mid-2011, the Basel Committee is to complete a study of how much additional loss absorbency capacity global systemically important financial institutions should have and how much of such capacity could be provided by the various proposed instruments (which include contingent capital securities and bail-in debt).

The implementation of the Basel III reforms will begin on 1 January 2013, however the requirements are subject to a series of transitional arrangements and will be phased in over a period of time, to be fully effective by 2019.

These and other future changes to capital adequacy and liquidity requirements in the jurisdictions in which it operates, including the European Commission's public consultation on further possible changes to the Capital Requirements Directive launched in February 2010, may require the Group to raise additional Tier 1 (including Core Tier 1) and Tier 2 capital by way of further issuances of securities, including in the form of Ordinary Shares or B Shares and will result in existing Tier 1 and Tier 2 securities issued by the Group ceasing to count towards the Group's regulatory capital, either at the same level as present or at all. The requirement to raise additional Core Tier 1 capital could have a number of negative consequences for RBSG and its shareholders, including impairing RBSG's ability to pay dividends on or make other distributions in respect of Ordinary Shares and diluting the ownership of existing shareholders of RBSG. If the Group is unable to raise the requisite Tier 1 and Tier 2 capital, it may be required to further reduce the amount of its risk-weighted assets and engage in the disposal of core and other non-core businesses, which may not occur on a timely basis or achieve prices which would otherwise be attractive to the Group. In addition, pursuant to the State Aid approval, should the Group's Core Tier 1 capital ratio decline to below 5 per cent. at any time before 31 December 2014, or should the Group fall short of its funded balance sheet target level (after adjustments) for 31 December 2013 by £30 billion or more, the Group will be required to reduce its risk-weighted assets by a further £60 billion in excess of its plan through further disposals of identifiable businesses and their associated assets. As provided in the Acquisition and Contingent Capital Agreement (as defined below), the Group will also be subject to restrictions on payments on its hybrid capital instruments should its Core Tier 1 ratio fall below 6 per cent. or if it would fall below 6 per cent. as a result of such payment. For further details of these restrictions, see "Appendix 3 to the Letter From the Chairman of RBS – Principal Terms of Issue of the B Shares and the Dividend Access Share – Undertakings" on pages 77 to 79 of the Shareholder Circular, which is incorporated by reference herein.

As at 30 September 2010, the Group's Tier 1 and Core Tier 1 capital ratios were 12.5 per cent. and 10.2 per cent., respectively, calculated in accordance with FSA definitions (as set out in Interim Management Statement Q3 2010). Any change that limits the Group's ability to manage effectively its balance sheet and capital resources going forward (including, for example, reductions in profits and retained earnings as a result of write-downs or otherwise, increases in risk-weighted assets, delays in the disposal of certain assets or the inability to syndicate loans as a result of market conditions, a growth in unfunded pension exposures

or otherwise) or to access funding sources, could have a material adverse impact on its financial condition and regulatory capital position or result in a loss of value in the Securities.

4. ADJUSTMENTS

- (a) Market Disruption in relation to a Share. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(a), a “**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Market Disruption in relation to an Index. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(b) a **“Market Disruption Event”** means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (1) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

- (2) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (c) Market Disruption in relation to an Index Future. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. In this Product Condition 4(c), a Market Disruption Event means:
 - (a) Price Source Disruption. The failure by the Exchange to announce or publish the Index Future Price (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange on a Valuation Date; or
 - (b) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
 - (c) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of the Index Future on the Exchange; or

 - (e) Material Change in Content. The occurrence, since the Pricing Date, of a material change in the content or composition of the Index Future Price; or
 - (f) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Index Future is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Index Future has been impaired due to a lack of, or a material reduction in, trading in the Index Future on the Exchange; or
 - (g) Tax Disruption. The imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Index Future (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Pricing Date, if the direct effect of such imposition, change or removal is to raise or lower the Index Future Price on a Valuation Date and/or on each of the three Trading Days following a Valuation Date from what it would have been without that imposition, change or removal; or

- (h) Trading Limitation. The material limitation imposed on trading in the Index Future with respect to it or any contract with respect to it on any exchange or principal trading market; or
 - (i) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
 - (j) Other Events. Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.
- (d) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” in this Product Condition 4(d) means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (e) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
 - (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange

if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing”, in this Product Condition 4(e) only, means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event”, in this Product Condition 4(e) only, means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power in the Share Company to the offeror, in each case if the Merger Date is on or before the relevant Valuation Date.

“Nationalisation” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (f) Potential Adjustment Events in relation to an Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below. In this Product Condition 4(f) **“Potential Adjustment Event”** means:

- (1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the relevant Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the relevant Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level for the relevant Index on the relevant Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Index Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Index Shares equally or proportionately with such payments to holders of Index Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Index Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (E)

any non-cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Index Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the relevant Valuation Date; (G) a distribution of cash dividends on the Index Shares equal to or greater than 8 per cent. per annum of the then current market value of the Index Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Index Shares.

- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (g) Fund Events. Each of the following events constitutes a “**Fund Event**”. The Fund Events are for the benefit of the Issuer in order that the Issuer is protected against any adverse effects of such Fund Events on its Hedge Position. The Issuer, or the Calculation Agent on its behalf, shall make all determinations in respect of such Fund Events including as to whether such Fund Event has occurred and the effective date of such occurrence. In order to constitute a Fund Event, the Issuer or the Calculation Agent on its behalf must conclude that the event in question either has resulted or is reasonably likely to result in an adverse effect on the value of the Reference Assets or the NAV of the Fund or on the rights of any investor therein with respect to the Reference Assets or the Fund or otherwise has materially adversely affected its Hedge Position.

- (i) Global Events:

- (A) Any of: (a) the investment strategy and/or the investment objective of the Fund has changed so that it is materially different from that applicable at its Inclusion Date or (b) a material change has been made to the underlying nature, strategy or risk of the Fund’s portfolio from that which prevailed at its Inclusion Date and that is over and above that expected by the Issuer or the Calculation Agent on its behalf as of the Inclusion Date with respect to the

trading strategies employed by the Fund as of that date or (c) the operation or organisation of the Fund or the Fund Adviser (including, without limitation, its organisational structure and its procedures, processes or policies in respect of investment selection, due diligence, asset allocation, risk management or investment monitoring) has changed from that at the Inclusion Date or are other than as represented at such Inclusion Date or (d) any such procedures, processes or policies as are referred to in (c) above are either not being applied or are not being applied consistently with their application on the Inclusion Date or (e) an event or change affecting any of the structure, ownership, management or reputation or liquidity of the Fund or the Reference Assets and/or any other units in the capital of the Fund and/or any Fund Service Provider occurs or (f) any other amendments, changes, modifications or variations are made after the Inclusion Date to any of the Fund Documents, the Fund Prospectus or the Portfolio Guidelines.

- (B) (a) the Fund is not being managed in accordance with the Fund Documents and/or the Fund Prospectus as they prevailed on the Inclusion Date, and no action satisfactory to the Issuer or the Calculation Agent on its behalf has been taken by the Fund or any person on its behalf with a view towards correcting such breach within five calendar days from the date on which the Fund was notified of the breach, or (b) any event occurs which causes, or will with the passage of time (in the opinion of the Issuer or the Calculation Agent on its behalf) cause, the failure of the Fund and/or any Fund Service Provider to meet or maintain any obligation or undertaking under the Fund Documents.
- (C) The Issuer or the Calculation Agent on its behalf determines that (a) the obligations of any of the Fund or any Fund Service Provider or the directors of the Fund under any Hedging Agreement do not comprise legal, valid and binding obligations of such person, enforceable in accordance with their terms or (b) any of the Fund or any Fund Service Provider was acting outside its powers or authority in executing any Hedging Agreement or in making any agreement or undertaking therein. Each of (a) and (b) shall be conclusively presumed to be the case if the Issuer or the Calculation Agent on its behalf is advised that such is the case by reputable legal counsel having expertise in such matters.
- (D) The activities of the Fund or any Fund Service Provider and/or any of their respective directors, officers, employees or agents are placed under review or become subject to any investigation, proceeding or litigation by any relevant governmental, legal, administrative or regulatory authority or court

- (F) The Fund or any Fund Service Provider becomes party to any litigation or dispute.
- (G) Any Merger Event occurs or is threatened.
- (H) The Fund or any Fund Service Provider has experienced or is experiencing a material adverse change in its business, assets, operations or financial condition which adversely impacts its ability to provide services to the Fund and/or the quality of such services.
- (I) In respect of any Reference Assets, any fraudulent or negligent entry is made on the register of such Reference Assets maintained by or on behalf of the Fund or there is a reduction in the number of such Reference Assets held for the account of any investor in the Fund for reasons beyond the control of that investor.
- (J) (a) any change occurs in the legal, tax, accounting or regulatory treatment of (i) the Issuer, any of its affiliates or any Hedge Provider by reason of its investment in the Fund or the Reference Assets or (ii) the Fund or any Fund Service Provider, in each case from that which was applicable at the Inclusion Date or (b) the Issuer or the Calculation Agent on its behalf determines that any of Issuer, its affiliates or any Hedge Provider is or may in the future be unable, or it may be unduly onerous or impractical for any such entity, to perform any obligation (including, without limitation, any regulatory or accounting reporting obligation) imposed on any such entity by the law or regulation of any relevant jurisdiction, any relevant regulatory or administrative body or any court of competent jurisdiction, in each case by reason of its investment in the Fund or the Reference Assets or (c) the Issuer, any of its affiliates or any Hedge Provider deems it necessary or appropriate, in order to comply with or remain within (i) any applicable legal and/or regulatory limits on the amounts of Reference Assets that it may hold and/or (ii) any internal exposure limits governing the maximum exposure (direct and indirect) that the Issuer, any relevant affiliate or the Hedge Provider as the case may be, is permitted to have to the Fund, to redeem all or some of the Reference Assets held by them.

- (K) A cross-contamination or other failure effectively to segregate the portfolio of assets occurs between different series, classes and/or sub-funds in relation to the Fund (if the Fund is part of an umbrella structure with more than one sub-fund).
 - (L) A significant market, trading or exchange disruption and/or crisis in the major financial markets occurs.
- (ii) NAV/Price and Reporting:
- (A) There is (a) a failure to calculate and/or publish the NAV of the Fund on any day on which such calculation or publication was scheduled to be made in accordance with the Fund Documents and/or the Fund Prospectus as they prevailed on the Inclusion Date or (b) a failure to calculate and publish the NAV of the Fund with the frequency set out in the Fund Documents and/or the Fund Prospectus as they prevailed on the Inclusion Date or (c) where the Fund is an exchange traded fund, a failure to publish the trading price of the Reference Assets on the Exchange.
 - (B) (a) Any change is made to the methodology used for calculating either the NAV of the Fund or any estimate of the NAV of the Fund from that which prevailed on the Inclusion Date or (b) there is a failure to calculate and deliver any estimate of the NAV of the Fund in accordance with the timing within which such information has previously been provided to the Issuer, the Calculation Agent, any of its affiliates or any Hedge Provider.
 - (C) (a) The time delay between calculation of the NAV (or any estimated NAV) of the Fund and the publication of such NAV (or estimated NAV) is changed so that it is no longer the same as set out in the Fund Prospectus as it prevailed on the Inclusion Date or (b) any other information relating to the Fund that was specified to be published in accordance with the Fund Documents or the Fund Prospectus as they respectively prevailed on the Inclusion Date is not published in accordance with the timetable therefor set out in such documents.
 - (D) The audited NAV of the Fund varies by more than 0.50 per cent. from the related NAV previously published by or on behalf of the Fund, or the auditors of the Fund qualify any audit report, or refuse to provide an unqualified audit report, in respect of the Fund, or the Issuer or the Calculation Agent on its behalf considers that the unaudited official NAV of the Fund published by or on behalf of the Fund in respect of any date does not reflect the NAV of such Fund as it would have been determined by the independent auditors of that Fund using the generally accepted accounting standards adopted by the Fund.

- (E) (i) In respect of any Reference Asset, the occurrence of any event affecting such Reference Asset that, in the determination of the Issuer or the Calculation Agent on its behalf, would make it impossible or impracticable for the Issuer or the Calculation Agent to determine the value of such Reference Asset, and the Issuer or the Calculation Agent on its behalf determines that such event will not be, or has not been, resolved within 15 calendar days from the occurrence of such event; (ii) any failure of the Fund, any Fund Service Provider or any director of the Fund to deliver, or cause to be delivered, (A) information that such person has agreed to deliver, or cause to be delivered, to the Issuer, the Calculation Agent, any of the Issuer's affiliates or any Hedge Provider in respect of the Fund (including, without limitation, any information required by the Issuer or the Calculation Agent in the execution of its duties and obligations under the Securities or required by the Issuer or the Calculation Agent in order to determine whether any Fund Event has occurred or to make any other determination permitted by it in respect of the Securities) or (B) information that has been previously delivered to the Issuer, the Calculation Agent, any of the Issuer's affiliates or any Hedge Provider, in accordance with such person's, or its authorised representative's, normal practice and that the Issuer or the Calculation Agent deems necessary for it to perform its duties and obligations under the Securities or that the Issuer or the Calculation Agent deems is required by it in order to determine whether any Fund Event has occurred or to make any other determination permitted by it in respect of the Securities (including, in either case, monitoring the Fund's compliance with any Portfolio Guidelines, asset allocation methodologies, the occurrence of any Fund Event or any other similar policies relating to such Reference Assets).

(iii) Reference Assets:

Any of the following events relating to the Reference Assets occurs:

- (A) a subdivision, reclassification or distribution of Reference Assets which has a diluting or concentrative or other effect on the value (theoretical or otherwise) of the Reference Assets;
- (B) a portion of each Reference Asset is converted (whether by way of redemption and re-issue or otherwise) into new securities participating in the capital of the Fund, which securities are subject to lock-up periods during which they may not be redeemed and which relate to any segregated assets of the Fund, or the Fund creates any other form of "side-pocket" which affects the Reference Assets;

- (C) a (i) dividend (including cash and whether ordinary or extraordinary), (ii) distribution or (iii) issue of Reference Assets, capital, securities, rights or other assets or interests to existing holders of Reference Assets which has or is likely to have an adverse effect on the value (theoretical or otherwise) of the Reference Assets;
- (D) any suspension or limitation on the trading of the relevant currencies in which the Reference Assets are denominated or any amendment to the currency of denomination of the Reference Assets so that their price is no longer calculated in the same currency as at the Inclusion Date of the Fund;
or
- (iv) Trading and Fees:
 - (A) In respect of the Reference Assets, the Fund or any Fund Service Provider increases the level of any redemption fee, subscription fee, management fee, performance fee or a bid/offer spread (or other charge however described) above the level that would have been applicable to any Reference Assets held by any of the Issuer, any affiliate of the Issuer or any Hedge Provider on the Inclusion Date (regardless of whether any such person actually holds any Reference Assets as of such date).
 - (B) Any suspension of or limitation imposed on trading of the Fund or on trading in the Reference Assets (for any reason, including, without limitation, by reason of liquidity restrictions) or any dealing request made by any investor or prospective investor in the Fund or the Reference Assets is deferred in whole or in part or is made at a value other than the related NAV or price, as applicable.
 - (C) The frequency at which Reference Assets can be traded is amended or the timing for subscription or redemption of Reference Assets is amended, in each case so that it is no longer that specified in the Fund Documents and/or Fund Prospectus as they prevailed on the Inclusion Date, including, without limitation, an amendment to the timetable for payment of redemption proceeds upon redemption.
 - (D) If any of the Issuer, any of its affiliates or any Hedge Provider redeems Reference Assets or is entitled to any other amount and:
 - (I) does not receive the full proceeds of such redemption or amount in cash in accordance with the timing set out in the Fund Documents or the Fund Prospectus; or
 - (II) receives any in-kind distribution in full or part satisfaction of the redemption proceeds or such other amount paid or payable to it,

or the Issuer or the Calculation Agent on its behalf determines that either (I) or (II) above would be applicable were the Issuer, any of its affiliates or any Hedge Provider to redeem Reference Assets or be entitled to actual payment of any such other amount.

(v) Fund Adviser and Fund Service Provider Failures:

- (A) The Fund Adviser indicates or acknowledges that in its opinion the strategy/investment objective of the Fund will not be, or is no longer able to be, met.
- (B) Any representations, covenants or agreements of the Fund Adviser under the investment management agreement or investment advisory agreement (howsoever described) relating to the Fund have been breached and not cured.
- (C) Any of: (a) the resignation, termination of appointment or replacement of the Fund Adviser from its role as such occurs or the resignation, termination of appointment or replacement of any other Fund Service Provider from its role as such occurs with respect to the Fund or (b) any change in the personnel of any Fund Service Provider occurs which the Issuer or the Calculation Agent on its behalf considers materially adversely affects the ability of such Fund Service Provider to carry out its duties with respect to the Fund.
- (D) The Issuer or the Calculation Agent on its behalf becomes aware of any failure by the Fund or any person on its behalf to disclose to the Issuer or the Calculation Agent on its behalf, on or before the Inclusion Date, any information, event or circumstance that was in existence on such date and that would have been necessary to enable the Issuer or the Calculation Agent to make an informed assessment of the assets and liabilities, financial position and prospects of the Fund and of the rights attaching to the Reference Assets.

- (vi) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in sub-paragraphs (i) to (v) above.

(h) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a **"Permitted Action"**):

- (i) (A) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account

for the economic effect on the Securities of such Fund Event and (B) determine the effective date of the relevant adjustments; or

- (ii) select a Replacement Fund and a Substitution Date. Following any such selection (A) the Replacement Fund shall replace the affected Fund on the Substitution Date, (B) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or
- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(h)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a **"Suspension Asset"**).

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(g), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(i) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.
- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the

Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.

(j) Adjustments to the Basket

If a De-Listing occurs with respect to a Fund or a Share, as applicable or a Fund or a Share, as applicable is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Fund or Share, as applicable by a successor fund or share, as applicable which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact, and is linked to the same asset as such Fund or Share, as applicable (B) remove the de-listed or cancelled Fund or Share, as applicable and allocate the Fund Final Reference Price or Share Final Reference Price, as applicable of such Fund or Share, as applicable as of the effective date of the de-listing or cancellation, pro rata to the remaining Funds or Shares, as applicable or (C) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

“De-listing” means, for the purpose of the foregoing paragraph, a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituents are listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (k) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
