The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**”, in relation to a Reference Rate, means the situation in which a Reference Rate is not available on the relevant Screen Page, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of quotations for the relevant rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time for the relevant Business Day. The Issuer will request the principal London office of each of the Reference Banks to provide a quotation of the relevant rate. The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine the relevant Reference Rate at its sole and absolute discretion, which determination may be delayed for up to 180 days following the occurrence of an Emerging Market Disruption Event.

“**Market Disruption Event**”, in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

- (b) For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

“De-listing” means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event”, in relation to a Commodity, means:

- (i) Price Source Disruption. The failure by the Exchange to announce or publish the price of a relevant Commodity (or the information necessary for determining such price) or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) Disappearance of Price. The failure of trading of a relevant Commodity to commence, or the permanent discontinuation of trading of the Commodity, on the Exchange; or

- (iv) **Material Change in Formula.** The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of, calculating the price of a relevant Commodity; or
- (v) **Material Change in Content.** The occurrence, since the Issue Date, of a material change in the content or composition of a relevant Commodity; or
- (vi) **De Minimis Trading.** The number of contracts traded on the Exchange with respect to a relevant Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or a material reduction in, trading in the Commodity on the Exchange; or
- (vii) **Tax Disruption.** The imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, a relevant Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, and/or on each of the three Trading Days following the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, from what it would have been without that imposition, change or removal; or
- (viii) **Trading Limitation.** The material limitation imposed on trading in a relevant Commodity with respect to it or any contract with respect to it on any exchange or principal trading market; or
- (ix) **Moratorium.** A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
- (x) **Other Events.** Any other event similar to any of the above which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

“Market Disruption Event”, in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related

Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

“De-listing” means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

- (b) Early Termination Event. Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4. An Early Termination Event will override an Issuer Call and/or due Exercise if the Early Termination Event occurs prior to or on an Issuer Call Date or Valuation Date, as the case may be.
- (c) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate, subject to a valid Exercise or the occurrence of an Early Termination Event, the Securities, in whole but not in part on any Business Day, by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.

The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (f) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from (and including) exercise. No interest shall accrue after the Exercise Date, the Issuer Call Date or the Early Termination Date in respect of which an Early Termination Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Issuer Call Cash Amount, Early Termination Amount or Interest Amount, if applicable.
- (i) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;

- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with any Cash Amount, Issuer Call Cash Amount or Early Termination Amount (if any) for such Securities;

 - (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States; and

- (l) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any

circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event”, in relation to a Basket Constituent, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by a relevant Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Share and, if so, will:

- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the relevant Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the relevant Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by a relevant Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by a relevant Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to a relevant Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that

adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the relevant Shares traded on such Related Exchange; or

- (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the relevant Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” in this paragraph (c) means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“Merger Event” means any (i) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (ii) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (iii) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“Nationalisation” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has in the determination of the Calculation Agent the same or a substantially similar structure and a substantially similar economic impact and is linked to the same commodity as such Basket

Constituent or (B) remove the de-listed or cancelled Basket Constituent and allocate the Final Reference Price of such Basket Constituent as of the effective date of the de-listing or cancellation *pro rata* to the remaining Basket Constituents.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

“**De-listing**” in this paragraph (d) means a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (e) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities are represented by a global security (the **“Global Security”**) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term **“Holder”** shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the **“Rules”**). Accordingly, in these Conditions, the term **“Holder”** means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) **Exercise.** Provided no Early Termination Event has occurred and notwithstanding notice of an Issuer Call if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Securities will be deemed to be automatically exercised on the Exercise Date.

- (b) Early Termination Event. Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4. An Early Termination Event will override an Issuer Call and/or due Exercise if the Early Termination Event occurs prior to or on an Issuer Call Date or Valuation Date, as the case may be.
- (c) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate, subject to a valid Exercise or the occurrence of an Early Termination Event, the Securities, in whole but not in part on any Business Day, by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (d) Cash Settlement. Each Security upon exercise, termination pursuant to an Issuer Call or following an Early Termination Event, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date either:
 - (i) The Cash Amount, following a valid Exercise; or
 - (ii) The Issuer Call Cash Amount, following an Issuer Call; or
 - (iii) The Early Termination Amount, following an Early Termination Event.
- (e) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (f) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from (and including) exercise. No interest shall accrue after the Exercise Date, the Issuer Call Date or the Early Termination Date in respect of which an Early Termination Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following

Payment Day and shall not be entitled to any interest or other payment in respect of such delay.

- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Issuer Call Cash Amount, Early Termination Amount or Interest Amount, if applicable.
- (i) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with any Cash Amount, Issuer Call Cash Amount or Early Termination Amount (if any) for such Securities;
- (v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means
 - (a) any person who is a U.S. person as defined in Regulation S under the Securities Act;
 - (b) any person or entity other than one of the following:
 - (1) a natural person who is not a resident of the United States;
 - (2) a partnership, corporation or other entity, other than an entity organised principally for passive investment, organised under the laws of a jurisdiction other than the United States and which has its principal place of business in a jurisdiction other than the United States;
 - (3) an estate or trust, the income of which is not subject to United States income tax regardless of source;

- (4) an entity organised principally for passive investment such as a pool, investment company or other similar entity, provided that units of participation in the entity held by U.S. persons represent in the aggregate less than 10 per cent. of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by U.S. persons; or
 - (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States; and
 - (vi) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Settlement. The Issuer shall pay or cause to be paid the Cash Amount, the Issuer Call Cash Amount or the Early Termination Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal

Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event”, in relation to an Index, means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index (as determined by the Calculation Agent) if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

- (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

“Market Disruption Event”, in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
 - (i) If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the

“**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (ii) If (A) on or prior to the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish a relevant Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities

granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from (and including) the Issue Date up to (but excluding) the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant Exchange.
- (c) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or

cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

“De-listing” means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

In that case (i) the last day of the Relevant Number of Trading Days shall be deemed to be the Early Termination Date (regardless of the Market Disruption Event); and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Certificate and such other factors as the Calculation Agent determines to be relevant;

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event”, in relation to an Underlying FX Rate, means:

- (i) Price Source Disruption. If it becomes impossible to obtain the Underlying FX Rate on the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, in the inter-bank market; or
- (ii) Governmental Default. If with respect to any security or indebtedness for money borrowed or guaranteed by any Governmental Authority, there occurs a default, event of default or other similar condition or event (howsoever

described) including, but not limited to, (i) the failure of timely payment in full of principal, interest or other amounts due (without giving effect to any applicable grace periods) in respect of any such security indebtedness for money borrowed or guarantee, (ii) a declared moratorium, standstill, waiver, deferral, repudiation or rescheduling of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee or (iii) the amendment or modification of the terms and conditions of payment of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee without the consent of all holders of such obligation. The determination of the existence or occurrence of any default, event of default or other similar condition or event shall be made without regard to any lack or alleged lack of authority or capacity of such Governmental Authority to issue or enter into such security, indebtedness for money borrowed or guarantee; or

- (iii) Inconvertibility/non-transferrability. The occurrence of any event which (i) generally makes it impossible to convert the currencies in the Underlying FX Rate through customary legal channels for conducting such conversion in the principal financial centre of the Underlying Currency or (ii) generally makes it impossible to deliver the Underlying Currency from accounts in the country of the principal financial centre of the Underlying Currency to accounts outside such jurisdiction or the Settlement Currency between accounts in such jurisdiction or to a party that is a non-resident of such jurisdiction; or
- (iv) Nationalisation. Any expropriation, confiscation, requisition, nationalization or other action by any Governmental Authority which deprives the Issuer (or any of its affiliates), of all or substantially all of its assets in the country of the principal financial centre of the Underlying Currency; or
- (v) Illiquidity. Any impossibility in obtaining a firm quote for the Underlying FX Rate or the Settlement Currency for an amount which the Issuer considers necessary to discharge its obligations under the Securities; or

For this purpose a “**Governmental Authority**” is any de facto or de jure government (or agency or instrumentality thereof, court, tribunal, administrative or other

governmental authority) or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) in the country of the principal financial centre of either of the currencies in the Underlying FX Rate.

“Market Disruption Event”, in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Adjustments to the Basket.** If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

“De-listing” means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

4. ADJUSTMENTS

- (a) **Fund Disruption Event.** Following a Fund Disruption Event, the Calculation Agent will determine the effect of such Fund Disruption Event and shall as soon as reasonably practicable under the circumstances notify the Issuer of such occurrence. The Calculation Agent will account for such occurrence as it sees fit which may include but is not limited to delaying calculation of the Final Reference Price or making the appropriate adjustment to the calculation of the Final Reference Price, all in the determination of the Calculation Agent.

“Fund Disruption Event” means:

- (i) the Reference Asset and/or its fund manager ceases for any reason whatsoever to provide, publish or make available its NAV for a day which the fund manager normally provides, publishes or makes available the NAV; or
 - (ii) the failure of trading to commence, or the permanent discontinuation of trading, of the Reference Asset; or
 - (iii) the material limitation imposed on trading in the Reference Asset with respect to it or any contract with respect to it on any principal trading market; or
 - (iv) any other event similar to any of the above which could make it impracticable or impossible for the Calculation Agent to perform its obligations in relation to the Securities.
- (b) **Fund Adjustment Event.** Following a Fund Adjustment Event, the Calculation Agent will determine the effect of such Fund Adjustment Event, and shall as soon as reasonably practicable under the circumstances notify the Issuer of such occurrence and the adjustment the Calculation Agent will make to the Reference Asset and/or the Final Reference Price. Such adjustment may include but is not limited to the postponement of the calculation of the Final Reference Price or the exclusion or replacement of the Reference Asset to account for such event and determine the effective date of that adjustment.

“Fund Adjustment Event” means:

with or the method of calculating the NAV of a share of the Reference Asset is materially changed; or

- (ii) the withdrawal, suspension, cancellation or modification of any license, consent, permit, authorisation or clearance required for the Reference Asset or its fund manager to carry-out their activities as they are or should be carried out in accordance with the constitutive documents for such Reference Asset as of the Issue Date; or

- (viii) any event (including, but not limited to, a split in the shares of the Reference Asset (the “**Shares**”), the creation of one or more categories of Shares, a re-denomination of the Shares, a change in the method of calculation of the

NAV, any change in the rights and/or obligations in respect of any Shares) affecting the Shares and which, in the reasonable determination of the Calculation Agent, will or would have an adverse effect on determination or calculation of the Final Reference Price; or

- (ix) any litigation, judicial or other action commenced or threatening to be commenced against the Reference Asset or the fund manager which, in the reasonable determination would have an adverse material effect on the Reference Asset or would lead the fund manager to be in breach of its obligations under the Reference Asset or make it impossible or impracticable for the fund manager to perform its obligations in respect of the Reference Asset; or
- (x) any other event, whether similar or not to any of the above: (A) which could make it impracticable or impossible for the Calculation Agent to perform its obligations in relation to the Securities and/or hedge its obligations hereunder or unwind a hedge of its obligations hereunder and/or carry out any and all transactions in respect of the Reference Asset for the purpose of the Securities; (B) where the Calculation Agent is unable to acquire or dispose of Shares of a Reference Asset; (C) where there is any default in payment(s) for any amounts owing to the Calculation Agent for the redemption of Shares by the fund manager or any party responsible for making payments in respect of redemptions.

- (c) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

- (i) **“Market Disruption Event”**, in relation to a Certificate, means: the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) the Certificates on the Exchange or any other exchange on which the Certificates are traded; or (B) any options contracts or futures contracts or other derivatives contracts relating to the Certificate on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or

- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(d) Adjustments to the Basket

If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has in the determination of the Calculation Agent the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) remove the de-listed or cancelled Basket Constituent and allocate the Final Reference Price of such Basket Constituent as of the effective date of the de-listing or cancellation pro rata to the remaining Basket Constituents.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

“De-listing” means a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (e) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Payment Day and shall not be entitled to any interest or other payment in respect of such delay.

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with any Cash Amount, Issuer Call Cash Amount or Early Termination Amount (if any) for such Securities;
- (v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means
 - (a) any person who is a U.S. person as defined in Regulation S under the Securities Act;
 - (b) any person or entity other than one of the following:
 - (1) a natural person who is not a resident of the United States;
 - (2) a partnership, corporation or other entity, other than an entity organised principally for passive investment, organised under the laws of a jurisdiction other than the United States and which has its principal place of business in a jurisdiction other than the United States;
 - (3) an estate or trust, the income of which is not subject to United States income tax regardless of source;

- (4) an entity organised principally for passive investment such as a pool, investment company or other similar entity, provided that units of participation in the entity held by U.S. persons represent in the aggregate less than 10 per cent. of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by U.S. persons; or
 - (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States; and
 - (vi) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Settlement. The Issuer shall pay or cause to be paid the Cash Amount, the Issuer Call Cash Amount or the Early Termination Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal

Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

9. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event”, in relation to an Index, means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

- (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

“Market Disruption Event”, in relation to an Inflation Index, means the Index Sponsor fails to calculate and announce the level of the Inflation Index.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
 - (i) If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the **“Successor Sponsor”**) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (ii) If (A) on or prior to the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish a relevant Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in

effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from (and including) the Issue Date up to (but excluding) the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the

Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant Exchange.
- (c) Adjustments to the Inflation Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2) or (3) below.
 - (i) If the Inflation Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but in a way acceptable to the Calculation Agent; or (B) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the Inflation Index so calculated and announced by that successor inflation index, as the case may be.
 - (ii) If (A) on or prior to any calculation of the level of the Inflation Index there is a material change in the formula for or the method of calculating the Inflation Index or the Index Sponsor, in any other way, materially modifies the Inflation Index (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (a) determine the Inflation Index level using, in lieu of a published level for the Inflation Index, the level for the Inflation Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (b) shall deem such modified Inflation Index to be the Inflation

Index so calculated and announced or (c) shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.
- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

10. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

ANNEX C

Express Certificates:

Express certificates are similar to ordinary certificates except that the certificates may provide that (i) they will be subject to automatic early termination if, on a defined date, the level of the Underlying exceeds or falls below a defined level and (ii) they can be terminated by the Issuer upon such notice as set out in the applicable Final Terms. Express certificates which are not subject to early termination or termination by the Issuer or, if so subject, are not terminated early in accordance with their terms, pay a return at maturity linked to the price of the Underlying. Express certificates are not open end certificates and are automatically exercised at maturity, subject to early termination or termination by the Issuer, if applicable. Express certificates may have a range of different Underlyings.
