General Conditions

Status of the Securities:

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder (as defined below) in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.

Substitution:

The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company subject to certain conditions

including the obligations of the substitute issuer under the Securities being guaranteed by Holding or any other credit institution with a rating equivalent or better than Holding which substitutes Holding (unless Holding is the substitute).

Taxation:

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with, the ownership of and/or any transfer or payment in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Governing Law:

English law.

Product Conditions:

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the Securities.

Form of the Securities:

The Securities shall be issued in global form.

Settlement of the Securities:

The Securities shall be cash settled.

Market Disruption Events:

If a Market Disruption Event occurs Holders of the Securities may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Securities. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with the Securities are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Securities, but the inability of the Issuer to pay principal or other amounts on or in connection with the Securities may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding the Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to the Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Prospectus shall have the same meaning in this section.

Factors that may affect the Issuer's ability to fulfil its obligations under the Securities

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document incorporated by reference in this Prospectus for a description of those factors which may affect the Issuer's ability to fulfil its obligations under the Securities.

Factors which are material for the purpose of assessing the market risks associated with the Securities

The Securities are securities linked to the value of an underlying basket of shares which entail particular risks

The Securities are investment instruments which, on the Maturity Date will be redeemed at their principal amount, subject to the terms of the Securities. The Holders shall be entitled to receive an annual interest amount depending on the value of the Underlying on the relevant Valuation Dates (as defined below). Since the Securities are of limited maturity, unlike direct investments, investors are not able to hold them beyond the Maturity Date in the expectation of a recovery in the price of the Underlying.

The price at which a Holder will be able to sell the Securities prior to the Maturity Date may be at a potentially substantial discount to the market value of the Securities at the Issue Date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the Issue Date.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Prospectus;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including where the currency for payments under the terms of the Securities is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Securities unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between the date of purchase of the Securities and the Maturity Date. Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which the Securities are linked. It is impossible to predict how the level of the Underlying will vary over time. Factors which may have an effect on the level of the Underlying include the rate of return of the Underlying and the financial position and prospects of the relevant issuer of the shares forming part of the Underlying. In addition, the value of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for the Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event and/or no Potential Adjustment Events (both as defined below) which apply.
- (b) *Volatility.* The term "volatility" refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to the Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of the Underlying will move up and down over time (sometimes more sharply than others).
- (c) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any

currency in which any payment in respect of the Securities is to be made and any currency in which the Shares are traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of the Securities will be representative of the relevant rates of exchange used in computing the value of the Securities at any time thereafter.

- (e) *Disruption.* In accordance with the Conditions, the Calculation Agent may determine that a Market Disruption Event (as defined below) has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in the respect of the Securities.

Prospective purchasers should review the Conditions to ascertain how such provisions apply to the Securities.

- (f) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of Holding (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank *pari passu* among themselves.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. Even though the Securities are intended to be listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if the Securities were not so listed or quoted. However, if the Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

Holder have no ownership interest in the Underlying

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in the Underlying or any derivatives contracts linked to the Underlying. As a result hereof the Holders solely rely upon the creditworthiness of the Issuer and of Holding (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and have no rights against the Issuer or the issuer of any of the Underlying or any other person. In addition, Holders will not have voting rights or any other rights in the Underlying and will not be able to influence decisions made by the companies which shares are included in the Underlying or to remove any of their directors. The Securities will be redeemed at the Cash Amount (as defined below) and Holders should be aware that they will not be entitled to receive physical delivery of the shares included in the Underlying at any time.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 9 and payment of any amount due in respect of the Securities will be conditional upon the payment of any expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

No tax gross-up

If payments on the Securities are or become subject to a withholding or deduction required by law on account of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will make the required withholding or deduction, as the case may be, and neither the Issuer nor any other person shall pay any additional amounts to the Holders in respect of such withholding or deduction.

The Securities may be terminated prior to the Maturity Date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates

early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

Prospective investors should be aware that in the event of an early termination, the amount received by each Holder may be less than 100% of the Nominal Amount and could be equal to zero. In such case, investors could sustain a total loss of their investment.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold the Securities or such investor holds interests in any Security through accounts with a relevant clearing system, such investor will receive payments in respect of principal or any other amounts due solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or relevant clearing system, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or relevant clearing system to distribute all payments attributable to the Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or relevant clearing system, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to the Maturity Date with the assistance of the relevant nominee service provider.

None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or relevant clearing system nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or relevant clearing system.

There may be a change of law which may affect the value of the Securities

The Conditions are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Prospectus.

Prospective investors should note that the courts of England and Wales shall have jurisdiction in respect of any disputes involving the Securities. Holders may, however, take any suit, action or proceedings arising out of or in connection with the Securities against the Issuer in any court of competent jurisdiction. English law may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Securities.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

The return on an investment in the Securities will be affected by charges incurred by investors

An investor's total return on an investment in the Securities will be affected by the level of fees charged by the nominee service provider and/or relevant clearing system used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of securities, custody services and on payments of principal and other amounts. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the Securities.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) the Securities are legal investments for it, (ii) the Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of the Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Securities under any applicable risk-based capital or similar rules.

Part B – Risk Factors relating to the Shares (as defined below in section "*Product Condition-Definitions*")

Risk of Short Operating Histories

As at the date of this Prospectus, the companies which shares constitute the Underlying all have operating histories. Some of these histories may be relatively short. The past performance of any of the Shares is no guarantee of future results.

Limited Information

No representation or warranty, whether implied or otherwise, is given by the Issuer as to the future performance of the Shares. The Issuer is not a source of advice, information or credit analysis with respect to the Shares. In particular, this Prospectus does not constitute investment advice. The Issuer does not assume any obligation to or relationship of agency or trust with any Holder or prospective investor in the Securities.

Political/Economic Risk

Changes in economic, tax or foreign investment policies, or other political, governmental or economic actions can adversely affect the value of the Shares and thus the performance of the Securities.

Part C – Conflicts of Interest

Conflicts of Interest

Potential conflicts of interest may exist between the interests of the Issuer and the Holders both with respect to the Securities and with respect to the other businesses of the Issuer. The Issuer or its affiliates may enter into other business dealings from which they may derive revenues and profits in addition to the fees described herein, and the Issuer has no duty to account to the Holders for such other revenues and profits. In addition, the Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise and neither the Issuer nor any such affiliate has any duty to do so in a way that is favourable to the Holders. At any time, the Issuer may sell or buy any of the Underlying for its own account, or accounts of its affiliates or clients, and at the same time notionally take the opposite position with respect to equities referenced by the Underlying. All such market activities may, but are not intended to, affect the prices of the Underlying and, possibly, the Cash Amount (as defined below) that Holders will receive on the Maturity Date. The Issuer may also introduce products that compete with the Securities in the marketplace (which may or may not be linked to the Underlying), and the related market activity with respect to such products could adversely effect the value of the Securities. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

ABN AMRO Bank N.V. as lead manager, paying agent and calculation agent for the Securities is acting simultaneously in several capacities with respect to the Securities. Accordingly, ABN AMRO Bank N.V. will be subject to significant conflicts of interest in performing its obligations under the Securities. These conflicts include the fact that as calculation agent, ABN AMRO Bank N.V. has certain discretions which, if exercised, will affect the value of the Underlying and therefore the return on the Securities and, in

exercising these discretions the interests of ABN AMRO Bank N.V. as calculation agent may be different from, or in conflict to, those of the Holders. In addition, in its role as calculation agent, ABN AMRO Bank N.V. has certain discretions that could influence the amount received on the Maturity Date of the Securities.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. ABN AMRO Bank N.V. acting through its London branch shall initially act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria, Belgium and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

Holders who are collecting income from the Securities outside the tax jurisdiction of their residence, should seek advice on how the local implementation of the Directive in both the place where the income is collected and their place of residence, affects the taxation of the income, as well as their overall tax position.

SUMMARY OF PROVISIONS RELATING TO THE SECURITIES IN GLOBAL FORM

The Securities will initially be in the form of the Temporary Global Note which will be deposited on or around the Issue Date with a common depository for Euroclear. Interests in the Temporary Global Note will be exchangeable in whole or in part for interests in the Permanent Global Note following the expiration of 40 days after the later of the commencement of the offering and the Issue Date upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. The Permanent Global Note will become exchangeable in whole, but not in part, for Securities in definitive form ("**Definitive Securities**") in the denomination of EUR 1,000 at the request of the bearer of the Permanent Global Note (acting on the instructions of a Holder in the case of (a) below, or on the instructions of the Issuer in the case of (b) below) against presentation and surrender of the Permanent Global Note to the Principal Agent if any of the following events (each, an "**Exchange Event**") occurs: (a) Euroclear is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or (b) a change occurs in the practice of Euroclear as a result of which the Issuer would suffer a disadvantage which would not be suffered if the Securities were in definitive form. Whenever the Permanent Global Note is to be exchanged for Definitive Securities, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Securities, duly authenticated in an aggregate principal amount equal to the principal amount of the Permanent Global Note outstanding at such time to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the Specified Office of the Principal Agent within 30 days of the occurrence of the relevant Exchange Event.

If:

- (a) Definitive Securities have not been delivered by 17:00 hours (London time) on the forty-fifth day after the bearer has duly requested exchange of the Permanent Global Note for Definitive Securities; or
- (b) the Permanent Global Note (or any part of it) has become due and payable in accordance with the Conditions or the date for final redemption of the Securities has occurred and, in either case, payment in full of the amount of principal falling due has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Securities) will become void at 17:00 hours (London time) on such forty-fifth day (in the case of (a) above) or at 17:00 hours (London time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note

will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under an instrument dated on or about the Issue Date (the "**Instrument**") executed by the Issuer). Under the Instrument, persons shown in the records of Euroclear as being entitled to an interest in the Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Securities in an aggregate principal amount equal to the principal amount of Securities they were shown as holding in the records of Euroclear.

ISSUER DESCRIPTION

Information about the Issuer

ABN AMRO Groenbank B.V. is a wholly-owned subsidiary of ABN AMRO Bank N.V. and was incorporated under Dutch law as a limited liability company (*besloten vennootschap met beperkte aansprakelijkheid*) in Amsterdam on 21 December 1949, last amended 21 July 1998. ABN AMRO Bank N.V. is a whole-owned subsidiary of Holding. The consortium of RBS, Fortis and Santander declared its offer unconditional and subsequently settled the tendered Holding shares on 17 October 2007. Including the tendering of Holding ordinary shares during the subsequent offering period Holding ordinary shares in aggregate represent approximately 98.8% of Holding's voting rights. Immediately upon settlement of the offer, the tendered Holding shares became owned by the consortium banks, through the Dutch vehicle, RFS Holdings B.V. and are consolidated into the RBS Group.

The Issuer has its registered office at Foppingadreef 22, 1102 BS Amsterdam Zuidoost, the Netherlands (Tel.: +31 (0)20 628 9393) and its statutory seat is in Amsterdam. The Issuer is registered in the Commercial Register of the Chamber of Commerce in Amsterdam under No. 33278426.

The Issuer was incorporated in order to benefit from the opportunities the Regeling Groenprojecten or 'Fiscale Groenregeling' (the "**Groenregeling**") offers, in connection with the offering of low-interest loans for new investments, which are important for the protection of the environment, so-called 'Groenleningen' and for stimulating of private individuals to invest herein by offering extra tax advantages on their investments.

The main objective of the Issuer is facilitating the ABN AMRO Bank N.V.'s office network with products in relation to the Groenregeling, against the lowest possible costs.

Principal Activities

Sales of the Groenleningen are conducted through ABN AMRO Bank N.V.'s office network. The Issuer usually attracts its funds through the issuance of Groenbank bills (*Groenbankbrieven*). In order to further develop the business, the Issuer intends to attract its funding through other sources, including the under which the issue of Securities

The Hollandsche Bank-Unie N.V. in Rotterdam (HBU) manages and administrates the Issuer.

All obligations of the Issuer are fully guaranteed by ABN AMRO Holding N.V. as further described below under "403 Declaration".

The Issuer has been granted a banking license by De Nederlandsche Bank on 15 December 1998.

The Groenregeling

The Groenregeling is a combination of tax measures which stimulate investments which are important for the protection of the environment, including nature and forest. The regulations have come into force on 1 January 1995 and has lastly been amended in 2005. Since that moment, a great number of sustainable environmental projects have been established. This has been one of the reasons why the regulations under the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), being the "*Regeling groenprojecten 2001*", has been attributed a new yield basis (*rendementsgrondslag*). Save for some adjustments, it was thereby intended to maintain the Groenregeling in substantially the current form.

Essence of the Groenregeling

In essence the Dutch government wishes to stimulate investments in 'green projects' (*groene projecten*) through the Groenregeling. Therefore the objective of the Groenregeling is to stimulate private savers and investors to support green projects, by offering tax break (*fiscaal voordeel*). A -maximized- exemption in Box III on one hand and a levy rebate (*heffingskorting*) for private taxpayers on the other hand.

In this way, the Groenregeling stimulates the development of green projects, which offer a positive return, but which are considered less attractive, because returns are normally less than the market return. However the condition that a project gives a structural positive return plays an important role in the judgement of projects presented for consideration. The fiscal relief is especially designed to give investors a boost to invest in green projects.

Principal Markets

Both for the issuing of funding instruments as for the granting of loans to ABN AMRO Bank N.V.-clients for the financing of sustainable projects, certified by the Dutch government, the Issuer operates solely on the Dutch market.

The market for sustainable projects can be estimated at a size of about EUR 4 billion. ABN AMRO (the Issuer and the ABN AMRO Groen Fonds together) takes about an 18% share of this market. Other parties active in this market are (subsidiaries of) the major Dutch banks and a number of specialised, smaller Dutch financial institutions.

Management

The management of the Issuer is conducted by a Board of Managing Directors and a Supervisory Board. Within the Board of Managing Directors and the Supervisory Board, no specific functions have been attributed.

The members of the Board of Managing Directors are currently as follows:

The members of the Supervisory Board are currently as follows:

Conflicts of Interest

The Issuer is not aware of any potential conflicts of interest between the duties to the Issuer of the persons listed under "Management" above and their private interests or other duties.

403 Declaration

Set out below is an English translation of the guarantee (referred to below as a "403 Declaration") given by Holding in respect of debt obligations of the Issuer :

"The public company with limited liability (*naamloze vennootschap*) ABN AMRO Holding N.V., established at 1082 PP Amsterdam, Gustav Mahlerlaan 10, represented by Mr. H. Duijn en Mr. G.L. Zeilmaker, hereby declares to be jointly and severally liable for all debts resulting from juridical acts performed by ABN AMRO Groenbank B.V., with its statutory seat in Amsterdam and registered with the Trade Register of the Chamber of Commerce with number 33.278.426.

The above declaration may be revoked at any moment by the registration of a statement to such effect at the offices of the Trade Register of the Chamber of Commerce in accordance with article 2:404 of the Dutch Civil Code.

Amsterdam, 20 February 2004

ABN AMRO Holding N.V.

Mr. H. Duijn

Mr. G.L. Zeilmaker"

A copy of the 403 Declaration can be obtained from the Trade Register of the Amsterdam Chamber of Commerce at De Ruyterkade 5, P.O.Box 2852, 1000 CW Amsterdam, The Netherlands.

The 403 Declaration is part of the Dutch company law provisions designed to enable subsidiaries of parent companies which publish consolidated annual accounts to obtain an exemption from the requirements to separately publish their own annual accounts. One of the conditions for obtaining such exemption is that a 403 Declaration is issued by the parent company and deposited with the Trade Register of the Chamber of Commerce in the place where the subsidiary is established. The statutory provisions relating to 403 Declarations are contained in Article 2:403 and following of the Dutch Civil Code. A 403 Declaration is an unqualified statement by the parent company that the parent company is jointly and severally liable with the subsidiary for the debts of the subsidiary. The 403 Declaration set out above constitutes the legal, valid and binding obligation of Holding, enforceable in accordance with its terms. Thus, the effect of the issue and deposit by Holding of its 403 Declaration is that Holding and the Issuer have become jointly and severally liable for all debts of the Issuer arising from transactions entered into by the Issuer after the date of the deposit. The 403 Declaration accordingly constitutes a guarantee by Holding for any debt instruments issued by the Issuer. If the Issuer should default under the debt instruments, holders concerned may claim against both or either of the Issuer and Holding. The liability of Holding under the 403 Declaration is unconditional and not limited in amount, nor is it limited to certain specific types of obligation. Legal defences available to the Issuer against the holder concerned will likewise be available to Holding. A 403 Declaration may be revoked by the giver at any time. If the 403 Declaration is revoked by Holding, the situation under Dutch law would be as follows:

- (1) Holding would remain liable in respect of Notes issued by the Issuer prior to the effective date of revocation; and
- (2) Holding would not be liable for debt instruments issued by the Issuer after the effective date of revocation.

The law of the Netherlands provides for one instance (i.e. the situation in which the Issuer would no longer be a subsidiary or group company of Holding) where revocation of the 403 Declaration is under certain conditions capable of releasing Holding from all its obligations under the 403 Declaration; however, in such event, there are elaborate statutory provisions to protect the rights of creditors of the

Issuer. The 403 Declaration constitutes a statement of joint and several liability governed by and construed in accordance with the laws of the Netherlands.

Potential purchasers who are in any doubt about their tax position on purchase, ownership or transfer of the Securities should consult their professional tax advisers.

No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. THE NETHERLANDS

effect from and including the Relevant Implementation Date, make an offer of the Securities to the public in that Relevant Member State:

- (d) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Securities to the public**" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

The amount of interest paid on the Securities depends on the performance of an underlying basket of shares. The maximum rate of interest so determined is capped at the level specified in the Product Conditions.

Securities in global form

The Securities will initially be held by or on behalf of the clearing systems specified in the Product Conditions (each a "**Relevant Clearing System**"), in each case in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems. For as long as the Securities are represented by a global Security held by or on behalf of a Relevant Clearing System, payments of principal and any other amounts on a global Security will be

made through the Relevant Clearing System against presentation or surrender (as the case may be) of the relevant global Security and, whilst the Securities are represented by a temporary global Security, certification as to non-U.S. beneficial ownership. The bearer of the relevant global Security, typically a depository for the Relevant Clearing System, shall be treated by the Issuer and any Paying Agent as the sole holder of the Securities represented by such global Security with respect to the payment of principal payable in respect of the Securities.

The Securities will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

CONDITIONS: GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions. The Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities and attached to any Global Security representing the Securities.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions and, if not so defined, shall be inapplicable. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power ("**Applicable Law**"). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

(a) **Validity.** Unless otherwise specified, announcements to Holders will be valid if delivered by the Issuer to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such announcement to the Holders.

- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the day following the date first delivered to a Clearing Agent) or, if published as specified in the applicable Final Terms on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A "**Hedging Disruption Event**" shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a "**Relevant Hedging Transaction**") it deems necessary or desirable to hedge the Issuer's obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) any material illiquidity in the market for the relevant instruments (the "**Disrupted Instrument**") which from time to time are included in the reference asset to which the Securities relate; or
 - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
 - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
 - (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
- (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
 - (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
 - (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any Affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.

In this General Condition 6(a) "**Affiliate**" means any entity controlled directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer, or any entity under common control with the Issuer. As used herein "**control**" means the ownership of a majority of the voting power of the entity and "**controlled by**" and "**controls**" shall be construed accordingly.

- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

- (a) Determinations. Any determination made by the Issuer shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) Modifications. The Issuer may, without the consent of the Holders or any of them, modify any provision of the Conditions which is: (i) of a formal, minor or technical nature; (ii) made to correct a manifest error; or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company (the "**Substitute**"), subject to: (i) the obligation of the Substitute under the Securities being guaranteed by ABN AMRO Holding N.V. or any other credit institution with a rating equivalent or better than Holding which substitutes Holding (unless Holding is the Substitute); (ii) all actions, conditions and things required to be taken, fulfilled and done

(including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect; and (iii) the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4. In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have be given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued. This General Condition will not apply to Securities issued in dematerialised form.

11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the

Adjustment Date specified in such notice, certain terms of the Securities shall be redenominated in euro. The election will have effect as follows:

- (1) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
 - (2) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a National Currency Unit (the "**Original Currency**") of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and

- (c) **Euro Conversion Costs.** Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

Notice of any appointment, or termination of appointment, or any change in the specified office, of any Agent will be given to Holders in accordance with General Condition 4. Each Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders or any of them. Any calculations or determinations in respect of the Securities made by an Agent shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) **Calculation Agent.** The Issuer shall undertake the duties of calculation agent (the "**Calculation Agent**" which expression shall include any successor Calculation Agent) in respect of the Securities unless the Issuer decides to appoint a successor Calculation Agent in accordance with the provisions below.

"Form" means Global;

"Initial Reference Price" means, in relation to each Share, an amount equal to the price of the Share quoted on the Exchange at the Valuation Time on the Pricing Date as determined by the Calculation Agent without regard to any subsequently published correction or (if, in the determination of the Calculation Agent, no such price can be determined and no Market Disruption Event has occurred and is continuing) a price determined by the Calculation Agent as its good faith estimate of the price of the Share on such date having regard to the then prevailing market conditions, the last reported trading price of the Share on the Exchange and such other factors as the Calculation Agent determines relevant, subject to adjustment in accordance with Product Condition 4;

Where $P_{i,j} =$ (i) cap, if $\frac{S_{i,j}}{S_{i,0}} - 1 \geq 0$, or (ii) $\frac{S_{i,j}}{S_{i,0}} - 1$ otherwise, and

Where

Cap = 6.25%

Floor = -25%

n = the Number of Shares in the Basket

- (ii) If the Reference Price of each relevant Share is greater than or equal to its Initial Reference Price, then the Individual Share Value will be deemed to be 6.25%.
- (iii) If the Reference Price of each relevant Share is less than its Initial Reference Price then the Individual Share Value shall be calculated using the following formula:

Should the Individual Share Value be less than or equal to the Floor Level then the Individual Share Value will be deemed to be at the Floor Level. Should the Individual Share Value be greater than the Floor Level, then that percentage value shall be deemed to be the Individual Share Value. The Individual Share Value can never be less than the Floor Level.

- (iv) The Calculation Agent shall then aggregate all the Individual Share Values to determine the "**Aggregate Share Value**". The Calculation Agent shall then divide the Aggregate Share Value by the Number of Shares comprised in the Basket to determine the relevant Interest Rate in respect of such Interest Period.
- (v) If the Aggregate Share Value is above 1.75% per cent, such value shall be the Interest Rate for the relevant Interest Period. If such value is less than or equal to 1.75% per cent then the Interest Rate shall be 1.75% per cent for the relevant Interest Period.

"**Interest Rate Day Count Fraction**" means that interest shall be calculated on the basis of the actual number of days in the relevant period divided by 365 save that for a portion which any such period which falls in a leap year, the number of days in such portion shall be divided by 366;

"**Settlement Currency**" means the currency specified as such in the definition of the relevant Series;

"**Settlement Date**" means the Maturity Date;

"**Share**" means the share specified as such in the definition of Basket, subject to Product Condition 4 and "**Shares**" shall be construed accordingly;

"**Share Company**" means the share company specified as such in the definition of Basket, or, if none is so specified, the issuer of the Share, subject to Product Condition 4;

"Subscription Period" means a period from (and including) 7 April 2008 to (and including) 2 May 2008, subject to extension at the sole and absolute discretion of the Issuer;

"Valuation Date" means, in relation to each Share, each of the dates specified in the definition of the relevant Series or, if such date is not a Trading Day, the first Trading Day thereafter unless, in the determination of the Calculation Agent, a Market Disruption Event has occurred on that day in which case, the Valuation Date shall be the first succeeding Trading Day on which the Calculation Agent determines that there is no Market Disruption Event, unless the Calculation Agent determines that there is a Market Disruption Event occurring on each of the five Trading Days immediately following the original date which (but for the Market Disruption Event) would have been a Valuation Date. In that case (i) the fifth Trading Day shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (ii) the Calculation Agent shall determine the Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares and such other factors as the Calculation Agent determines to be relevant; and

2. FORM

Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the "**Global Security**") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount or unit quantity (as the case may be) of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount or unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount or unit quantity of the Securities (and the term "**Holder**" shall be construed accordingly) for all purposes, other than

with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

Dematerialised Form. If required by the rules and procedures of the Clearing Agent, the Securities be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions, the term "**Holder**" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date.
- (d) Method of Payment. The Cash Amount or Interest Amount will be paid by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous sentence, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. Payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. The Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person

entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount or unit quantity of the Securities, must look solely to the Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or Interest Amount.

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

"Market Disruption Event" means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or

(cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:

(i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

(ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

"De-listing" means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the date upon which all or a substantial part of the holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

"Merger Event" means any (A) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all or a substantial part of the outstanding Shares of such Share Company; (B) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (C) other take-over offer for the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all

or a substantial part of the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (A) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (B) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.
