## SUMMARY

---

*This summary must be read as an introduction to this Base Prospectus and any decision to invest in any Securities should be based on a consideration of this Base Prospectus as a whole, including the documents incorporated by reference. No civil liability attaches to the Issuer in respect of this Summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus. Where a claim relating to information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area (an “EEA State”), the plaintiff may, under the national legislation of the EEA State where the claim is brought, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.*

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this summary.

**Issuer:**

The legal name of the Issuer is ABN AMRO Bank N.V. (formerly known as ABN AMRO II N.V.) and its commercial name is ABN AMRO. The Issuer is a public limited liability company (*naamloze vennootschap*) incorporated under Dutch law on 9 April 2009. The Issuer's corporate seat (*statutaire zetel*) is in Amsterdam, The Netherlands and its registered office is Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

*History and Development:*

The Issuer was formed for the purpose of the restructuring and the Legal Demerger of the businesses of the former ABN AMRO group acquired by the Dutch State. The businesses now included in the Issuer after the Legal Demerger were part of the former ABN AMRO group headed by ABN AMRO Holding N.V. Furthermore, pursuant to the Legal Merger which became effective on 1 July 2010, the businesses that are now included in the Issuer are a combination of the businesses of the Issuer and the businesses of Fortis Bank (Nederland) N.V. ((FB(N))).

In November 2008 the Dutch Minister of Finance announced the intention of the Dutch State to integrate the businesses of the former ABN AMRO group acquired by the Dutch State with FB(N) into a new bank operating under the name ABN AMRO Bank N.V. The legal integration takes place in two steps: the composition of a single group and the Legal Merger.

On 1 April 2010, following the Legal Separation, the Issuer and FB(N) became direct subsidiaries of a joint parent company, ABN AMRO Group N.V.

Since 1 April the managing boards and the supervisory boards of the Issuer, FB(N) and ABN AMRO Group N.V. have been composed of the same members. In addition, joint senior management for select parts of both the Issuer and FB(N) was appointed, *i.e.* one manager

will be responsible for managing comparable teams and activities at both banks. However, both the Issuer and FB(N) operated as separate and independent banks until the Legal Merger took effect. On 15 April 2010, the managing boards of the Issuer, FB(N) and ABN AMRO Group N.V. filed a merger proposal with the Amsterdam Chamber of Commerce.

On 1 July 2010 the Issuer and FB(N) merged pursuant to a legal merger (*juridische fusie*), in which the Issuer was the surviving entity (*verkrijgende vennootschap*) and FB(N) the disappearing entity (*verdwijnende vennootschap*).

*Activities:*

The Issuer has a presence in 28 countries and territories including The Netherlands, where various client centers are active with the help of the support centers. In addition to a strong network in The Netherlands, the Issuer has a presence in 17 countries and territories in Europe (including The Netherlands), with a focus on the neighboring countries (Belgium, Germany, France, and the UK) and Switzerland. Outside Europe the Issuer is present in Australia, Botswana, Brazil, China, Hong Kong, India, Japan, the Dutch Antilles, Singapore, United Arab Emirates and the United States.

The Issuer aspires to excel in serving Dutch clients in The Netherlands and abroad, and to capture a leading position in a limited number of global specialist market segments. Over the near term following completion of the Legal Merger, the Issuer's focus will be on strengthening its financial position, realizing significant cost savings and growing revenues, with a long-term strategy of achieving healthy long-term returns while maintaining a moderate risk profile.

**Guarantor:**

ABN AMRO Group N.V. pursuant to its declaration under Article 2:403 of the Netherlands Civil Code.

**Risk Factors:**

There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Securities, including the fact that the Issuer's results can be adversely affected by (i) general economic conditions and other business conditions, (ii) competition, (iii) regulatory change and (iv) standard banking risks including changes in interest and foreign exchange rates and operational, credit, market, liquidity and legal risks, see "Risk Factors" in this Base Prospectus. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with the Securities, including (i) the value of the Securities may fluctuate based on the value of the Underlying, (ii) there may not be a secondary market in the Securities, (iii) holders of the Securities have no ownership interest in the Underlying and (iv) there may be limitations on a holder's right to exercise the Securities or there may be delays in effecting settlement. See "Risk Factors" in this Base Prospectus.

**Principal Agent and Calculation Agent:**

ABN AMRO Bank N.V.

**Listing and Admission to Trading:**

Application has been made for the Securities to be admitted to trading and listed on NYSE Euronext in Amsterdam up to the expiry of 12 months from the date of this Base Prospectus. In addition, Securities may be listed or admitted to trading, as the case may be, on any other stock exchange or market specified in the applicable Final Terms. The Issuer may also issue unlisted Securities.

**Description of the Securities:**

A range of reverse exchangeable securities may be issued under this Base Prospectus. The Conditions applicable to such reverse exchangeable securities are contained in the General Conditions which are applicable to all reverse exchangeable securities, the Product Conditions applicable to the particular type of reverse exchangeable security being issued and the Final Terms applicable to the particular Series being issued.

Reverse exchangeable securities are interest bearing investment instruments which, at maturity, either, at the option of the Issuer (i) pay a cash amount equal to the nominal amount of the relevant reverse exchangeable security, less certain expenses (the “**Cash Amount**”); or (ii) pay a cash amount equal to the value of the underlying stock or index (including in the case of an index, the index and its constituent elements) (together, the “**Underlying**”) or deliver the Underlying, in each case, subject to the terms of the relevant reverse exchangeable security. The types of reverse exchangeable securities that may be issued under this Base Prospectus are described below.

**Single Stock Reverse Exchangeable Securities:**

Single stock reverse exchangeable securities are interest bearing securities which could (I) provide an option to the Issuer to redeem the securities on the relevant maturity date, as specified in the applicable Final Terms, either (i) by payment of the Cash Amount; or (ii) by physical delivery of the share amount, as specified in the applicable Final Terms or (II) redeem at the Cash Amount or share amount depending upon the closing price of the share.

**Worst of Basket Reverse Exchangeable Securities:**

Worst of basket reverse exchangeable securities are interest bearing securities, to be redeemed at the option of the Issuer on the relevant settlement date, as specified in the applicable Final Terms, either (i) by payment of the Cash Amount; or (ii) by physical delivery of a number of the least performing share, as determined by the Calculation Agent, comprised in the basket of shares, as specified in the applicable Final Terms.

**Single Stock Knock-in Reverse Exchangeable Securities:**

Single stock knock-in reverse exchangeable securities are interest bearing securities, to be redeemed at the option of the Issuer, if so specified, on the relevant maturity date, as specified in the applicable Final Terms, by (i) payment of the Cash Amount if a knock-in event has not occurred (such event occurs if the price of the relevant stock specified in the applicable Final Terms is less than or equal to the knock-in level, being a predetermined level, during a particular period); or (ii) where a knock-in event has occurred, either

by payment of the Cash Amount or by the physical delivery of the relevant number of shares, if so specified in the applicable Final Terms.

**Single Stock Knock-out Reverse Exchangeable Securities:**

Single stock knock-out reverse exchangeable securities are similar to single stock knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount. If a knock-out event has not occurred, the Issuer has the option to redeem the securities by payment of the Cash Amount or by physical delivery of the relevant number of shares.

**Basket Knock-in Reverse Exchangeable Securities:**

Basket knock-in reverse exchangeable securities are similar to single stock knock-in reverse exchangeable securities, the difference being that if the Issuer elects to redeem the securities by way of physical delivery, the number of shares to be delivered, as determined by the Calculation Agent, shall be calculated by reference to the price of each share comprised in the relevant basket on the pricing date and its respective weighting, each as specified in the applicable Final Terms.

**Basket Knock-out Reverse Exchangeable Securities:**

Basket knock-out reverse exchangeable securities are similar to basket knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount. If a knock-out event has not occurred, the Issuer has the option to redeem the securities by payment of the Cash Amount or by physical delivery of the relevant number of shares.

**Index Reverse Exchangeable Securities:**

Index reverse exchangeable securities are cash settled interest bearing securities which provide an option to the Issuer to redeem the securities on the relevant maturity date, as specified in the applicable Final Terms, for an amount equal to either (i) the Cash Amount; or (ii) the index amount, being an amount calculated by the Calculation Agent using a formula specified in the relevant Product Conditions and is dependent on the performance of the relevant index during the life of the securities.

**Index Knock-in Reverse Exchangeable Securities:**

Index knock-in reverse exchangeable securities are similar to index reverse exchangeable securities, the difference being that if a knock-in event has not occurred (such event occurs if the price of the relevant index specified in the applicable Final Terms is less than or equal to the knock-in level, being a predetermined level, during a particular period) the securities will be redeemed by payment of the Cash Amount.

**Index Knock-out Reverse Exchangeable Securities:**

Index knock-out reverse exchangeable securities are similar to index knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount.

**Commodity Reverse Exchangeable Securities:**

Commodity reverse exchangeable securities are cash settled interest bearing securities which provide an option to the Issuer to redeem the securities on the relevant maturity date, as specified in the applicable Final Terms, for an amount equal to either (i) the Cash

Amount; or (ii) the commodity amount, being an amount calculated by the Calculation Agent using a formula specified in the relevant Product Conditions and is dependent on the performance of the relevant commodity during the life of the securities.

**Certificate Reverse Exchangeable Securities:**

Certificate reverse exchangeable securities are interest bearing securities which redeem at the Cash Amount or certificate amount depending upon the closing price of the certificate.

**Indicative Issue Price:**

The reverse exchangeable securities will be issued at a price determined by the Issuer who may, in making such determinations, refer to, amongst other factors, the level of the Underlying adjusted for the relevant security entitlement and any applicable foreign exchange rate(s).

**Maturity:**

The reverse exchangeable securities have a fixed maturity date, as specified in the applicable Final Terms.

**Interest:**

The reverse exchangeable securities bear interest, as specified in the applicable Final Terms.

**General Conditions**

Set out below is a summary of certain significant provisions of the General Conditions applicable to all reverse exchangeable securities issued under this Base Prospectus.

*Status of the Reverse Exchangeable Securities:*

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

*Early Termination:*

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

*Hedging Disruption:*

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.

*Substitution:*

The Issuer may at any time, without the consent of the Holders

substitute for itself as principal obligor under the Securities any company, being any subsidiary or affiliate of the Issuer, subject to certain conditions including the obligations of the substitute issuer under the Securities being guaranteed by ABN AMRO Group N.V. (unless ABN AMRO Group N.V. is the Substitute). In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

*Taxation:*

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with, the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

*Adjustments for European Monetary Union:*

The Issuer may, without the consent of any Holder, on giving notice to the Holders elect that, with effect from the date specified in such notice, certain terms of the Securities shall be redenominated in euro, see General Condition 11.

**Product Conditions:**

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the reverse exchangeable securities to be issued under this Base Prospectus.

*Form of Reverse Exchangeable Securities:*

Except in the case of reverse exchangeable securities issued in dematerialised form, reverse exchangeable securities will be issued in global form.

*Settlement of Reverse Exchangeable Securities:*

Reverse exchangeable securities may be cash or physically settled, as specified in the applicable Product Conditions.

*Market Disruption Events:*

If a Market Disruption Event occurs Holders of reverse exchangeable securities may experience a delay in settlement or delivery and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of reverse exchangeable security and vary depending on the type of reverse exchangeable security.

*Emerging Market Disruption Events:*

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at all times have been more volatile and illiquid than the major securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders of the reverse exchangeable securities may experience a delay in settlement or delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Section 1 of the Product Conditions.

*Settlement Disruption Event:*

If a Settlement Disruption Event occurs in relation to a physically settled reverse exchangeable security, the Holder of the reverse

exchangeable security may experience a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected. Settlement Disruption Events are defined in Product Condition 1 for reverse exchangeable securities which may be physically settled and vary depending on the type of reverse exchangeable security.

*Governing Law:*

The laws of The Netherlands.

*Exclusive Jurisdiction:*

The courts of The Netherlands have exclusive jurisdiction to settle any dispute (a “**Dispute**”) arising from or in connection with the reverse exchangeable securities.

**Final Terms:**

Each Series will be the subject of a Final Terms which will contain the final terms applicable to the Series. The form of the Final Terms applicable to each type of reverse exchangeable security is set out at the end of this Base Prospectus.

The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

## RISK FACTORS

---

*The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.*

*In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.*

*The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to any amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.*

*Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.*

*Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.*

### **Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued**

*Conditions in the global financial markets and economy have yet to normalise and may materially adversely affect the Issuer's business and profitability*

The outlook for the global economy over the near to medium term remains challenging as the global financial system has yet to fully normalise. Results of operations in the past have been, and in the future may continue to be, materially affected by many factors of a global nature, including political, economic and market conditions; the availability and cost of capital; the liquidity of global markets; the level and volatility of equity prices, commodity prices and interest rates; currency values and other market indices; technological changes and events; the availability and cost of credit; inflation; the stability and solvency of financial institutions and other companies; natural disasters; acts of war or terrorism; investor sentiment and confidence in the financial markets; or a combination of these or other factors. While there are some signs of a recovery in some countries it is not yet certain whether the recovery underway is stable. In addition, the risk exists that major economies may suffer a "double dip" recession in which the improvements seen in a number of important markets reverse. Any of the above factors may materially adversely affect the Issuer's financial condition and results of operations.

*Emergency measures designed to stabilise the European Union and the United States financial markets are beginning to wind down*

Since mid-2008, a host of government actions have been implemented in response to the financial crisis and the recession. Although the European Central Bank, the European Union and the International Monetary

Fund have recently announced a package of measures in response to disruption in the European debt markets, some earlier government programs are beginning to expire and the impact of the wind-down of these programs on the financial sector and on the nascent economic recovery is unknown. As government support schemes are cancelled, changed or withdrawn, there is a possibility that the Issuer, in common with other financial institutions, may have insufficient access to, or incur higher costs associated with, funding alternatives, which could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects. In addition, a stall in the economic recovery or continuation or worsening of current financial market conditions could exacerbate these effects.

***The financial services industry is subject to intensive regulation, which is undergoing major changes***

As a financial services firm, the Issuer is subject to financial services laws, regulations, corporate governance requirements, administrative actions and policies in each location in which it operates. In 2009, as many emergency government programs slowed or wound down, global regulatory and legislative focus generally moved to a second phase of broader reform and a restructuring of financial institution regulation. Legislators and regulators, both in Europe and the United States, are currently considering a wide range of proposals that, if enacted, could result in major changes to the way the Issuer's global operations are regulated. Some of these major changes may take effect as early as 2010, and could materially impact the profitability of the Issuer's businesses, the value of its assets or the collateral available for its loans, require changes to business practices or force the Issuer to discontinue businesses and expose the Issuer to additional costs, taxes, liabilities, enforcement actions and reputational risk.

As a financial company, certain reform proposals under consideration could result in the Issuer becoming subject to stricter capital requirements and could also affect the scope, coverage, or calculation of capital, all of which could require the Issuer to reduce business levels or to raise capital, including in ways that may adversely impact the Issuer's creditors. Regulatory reform proposals could also result in the imposition of additional restrictions on the Issuer's activities if it were to no longer meet certain capital requirements at the level of the financial holding company.

***Markets may experience periods of high volatility accompanied by reduced liquidity, which may lead to market risk losses and adversely influence the Issuer's ability to hedge its risks effectively***

Market volatility, illiquid market conditions and disruptions in the credit markets remain a risk that can negatively affect the Issuer's business, inter alia through a reduction in demand for products and services, a reduction in the value of assets held by the Issuer, a decline in the profitability of certain assets and a loss of liquidity in certain asset classes. In addition, financial markets are susceptible to severe events evidenced by rapid depreciation in asset values accompanied by a reduction in asset liquidity. High volatility can occur not only as a result of purely economic factors, but also as a result of war, acts of terrorism, natural disasters or other similar events. Volatility and declines in market indices can reduce unrealized gains or increase unrealized losses in the Issuer's various portfolios. Under these extreme conditions, hedging and other risk management strategies may not be as effective at mitigating trading risks as they would be under more normal market conditions. Moreover, under these conditions market participants are particularly exposed to trading strategies employed by many market participants simultaneously and on a large scale, such as crowded trades. The Issuer's risk management and monitoring processes seek to quantify and mitigate risk to more extreme market moves. Severe market events have historically been difficult to predict, however, and the Issuer could realise significant losses if extreme market events were to persist for an extended period of time.

***Lack of liquidity is a risk to the Issuer's business and its ability to access sources of liquidity has been, and will continue to be, constrained***

Liquidity risk is the risk that a bank will be unable to meet its obligations, including funding commitments, as they fall due. This risk is inherent in banking operations and can be heightened by a number of enterprise specific factors, including an over-reliance on a particular source of funding (including, for example, short-term and overnight funding), changes in credit ratings or market-wide phenomena such as market dislocation and major disasters. In the recent past, credit markets worldwide experienced a severe reduction in supply of liquidity and term-funding. During this time, perception of counterparty risk between banks also increased significantly. This increase in perceived counterparty risk also led to reductions in inter-bank lending, and hence, in common with many other banking groups, the Issuer's access to traditional sources of liquidity has been, and may continue to be, restricted.

The Issuer's liquidity management focuses on maintaining a diverse and appropriate funding strategy for its assets, controlling the mismatch of maturities and carefully monitoring its undrawn commitments and contingent liabilities. However, the Issuer's ability to access sources of liquidity (for example, through the issue or sale of financial and other instruments or through the use of term loans) during the recent period of liquidity stress has been constrained. In periods of liquidity stress the Issuer, in line with other financial institutions, may need to seek funds from alternative sources, potentially at higher costs of funding than has previously been the case.

In addition, there is also a risk that corporate and institutional counterparties with credit exposures may look to reduce all credit exposures to banks, given current risk aversion trends. It is possible that credit market dislocation becomes so severe that overnight funding from non-government sources ceases to be available.

Like many banking groups, the Issuer relies on customer deposits to meet a considerable portion of its funding. However, such deposits are subject to fluctuation due to certain factors outside the Issuer's control, such as a loss of confidence, increasing competitive pressures or the encouraged or mandated repatriation of deposits by foreign wholesale or central bank depositors, which could result in a significant outflow of deposits within a short period of time. An inability to grow, or any material decrease in, the Issuer's deposits could, particularly if accompanied by one of the other factors described above, have a negative impact on the Issuer's ability to satisfy its liquidity needs unless corresponding actions were taken to improve the liquidity profile of other deposits or to reduce assets. The governments of some of the countries in which the Issuer operates have taken steps to guarantee the liabilities of the banks and branches operating in their respective jurisdiction. Whilst in some instances the operations of the Issuer are covered by government guarantees alongside other local banks, in other countries this may not necessarily always be the case.

There can be no assurance that these measures, alongside other available measures, will succeed in improving the funding and liquidity in the markets in which the Issuer operates, or that these measures, combined with any increased cost of any funding currently available in the market, will not lead to a further increase in the Issuer's overall cost of funding, which could have an adverse impact on the Issuer's financial condition and results of operations. Such adverse impact may be exacerbated by the Issuer's refinancing needs as a result of a considerable volume of outstanding debt instruments issued by the Issuer maturing in the period 2010-2012.

***The Issuer's business performance could be adversely affected if its capital is not managed effectively or if there are changes to capital adequacy and liquidity requirements***

Effective management of the Issuer's capital is critical to its ability to operate its businesses, to grow organically and to pursue its strategy of returning to standalone strength. The Issuer is required by regulators in The Netherlands and in other jurisdictions in which it undertakes regulated activities, to maintain adequate capital resources. The maintenance of adequate capital is also necessary for the Issuer's financial flexibility in the face of continuing turbulence and uncertainty in the global economy.

The Capital Requirements Directive (CRD) came into force on 1 January 2007 and was introduced as a supervisory framework in the European Union, designed to ensure the financial soundness of credit institutions. The Directive reflects the Basel II rules on capital measurement and capital standards. Due to changes in the market, the European Commission revised the Capital Requirements Directives (CRD II) in several respects. These changes will come into effect with the introduction of CRD II on 1 January 2011 and later in time in the CRD III which is still under negotiation.

On 17 December 2009, the Basel Committee on Banking Supervision (the "**Basel Committee**") proposed a number of fundamental reforms to the regulatory capital framework in its consultative document entitled "Strengthening the resilience of the banking sector". If the proposals made by the Basel Committee are implemented, this could result in the Issuer being subject to significantly higher capital requirements. The proposed reforms are subject to a consultative process and an impact assessment and are not likely to be implemented before the end of 2012. The Basel Committee will also consider appropriate transition and grandfathering arrangements.

These and other future changes to capital adequacy and liquidity requirements in the jurisdictions in which it operates may require the Issuer to raise additional Tier 1, Core Tier 1 and Tier 2 capital. If the Issuer is unable to raise the requisite Tier 1 and Tier 2 capital, it may be required to further reduce the amount of its risk-weighted assets and engage in the disposition of core and other non-core businesses, which may not occur on a timely basis or achieve prices which would otherwise be attractive to the Issuer.

Any change that limits the Issuer's ability to manage effectively its balance sheet and capital resources going forward (including, for example, reductions in profits and retained earnings as a result of write-downs or otherwise, increases in risk-weighted assets, delays in the disposal of certain assets or the inability to syndicate loans as a result of market conditions, a growth in unfunded pension exposures or otherwise) or to access funding sources, could have a material adverse impact on its financial condition, regulatory capital position and liquidity provision.

#### ***Changes in interest rates and foreign exchange rates may adversely affect the Issuer's results***

Fluctuations in interest rates and foreign exchange rates influence the Issuer's performance. The results of the Issuer's banking operations are affected by the Issuer's management of interest rate sensitivity. Interest rate sensitivity refers to the relationship between changes in market interest rates and changes in net interest income. If the yield on the Issuer's interest-earning assets does not increase at the same time or to the same extent as its cost of funds, or if its cost of funds does not decline at the same time or to the same extent as the decrease in yield on its interest-earning assets, the Issuer's net interest income and net interest margin may be adversely impacted. This could have a material adverse effect on the financial condition of the Issuer's business or results from operations and cash flows.

In addition, the Issuer publishes the Issuer's consolidated financial statements in euros. Fluctuations in the exchange rates used to translate other currencies into euros affect the Issuer's reported consolidated financial condition, results of operations and cash flows from year to year.

***The Issuer has significant counterparty risk exposure and exposure to systemic risks***

The Issuer's businesses are subject to general credit and country risks, including credit risks of borrowers and other counterparties. Risks arising from changes in credit quality and the recoverability of loans and amounts due from counterparties are inherent in a wide range of the Issuer's businesses. Third parties that owe the Issuer money, securities or other assets may not pay or perform under their obligations. These parties include borrowers (under loans), the issuers whose securities the Issuer holds, customers, trading counterparties, counterparties under swaps and credit and other derivative contracts, clearing agents, exchanges, clearing houses and other financial intermediaries. These parties may default on their obligations to the Issuer due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons. In view of the current global economic outlook, the Issuer may continue to see adverse changes in the credit quality of its borrowers and counterparties, for example, as a result of their inability to refinance their indebtedness, with increasing delinquencies, defaults and insolvencies across a range of sectors (such as the personal and banking and financial institution sectors) and in a number of geographies. This trend has led to and may continue to lead to further impairment charges, higher costs, additional write-downs and losses for the Issuer. In addition, in the past, the general credit environment has been at times adversely affected by significant instances of fraud.

Concerns about, or a default by, one institution could lead to significant liquidity problems, losses or defaults by other institutions because the commercial soundness of many financial institutions may be closely related as a result of their credit, trading, clearing or other relationships. This risk is sometimes referred to as “**systemic risk**” and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges with whom the Issuer interacts on a daily basis, and could have an adverse effect on the Issuer's business.

***The Issuer's borrowing costs, its access to the debt capital markets and its liquidity depend significantly on its credit ratings***

Rating agencies assess the creditworthiness of the Issuer and assign a rating to the Issuer and some of the financial instruments it has issued. This information is available to many investors and clients of the Issuer. Any downgrade in the Issuer's ratings may increase its borrowing costs, require the Issuer to replace funding lost due to the downgrade, which may include the loss of customer deposits, and may also limit the Issuer's access to capital and money markets and trigger additional collateral requirements in derivatives contracts and other secured funding arrangements. As a result, any reductions in the Issuer's credit ratings could adversely affect the Issuer's access to liquidity and competitive position, increase its funding costs and have a negative impact on the Issuer's earnings and financial condition. There can be no assurance that a credit rating agency having at any time assigned a credit rating to the Issuer or any Securities will not downgrade any such credit rating or change the outlook on any such credit rating.

***Increases in the Issuer's allowances for loan losses may have an adverse effect on the Issuer's results***

The Issuer's banking businesses establish provisions for loan losses, which are reflected in the loan impairment and other credit risk provisions on the Issuer's income statement, in order to maintain the Issuer's allowance for loan losses at a level that is deemed to be appropriate by management based upon an assessment of prior loss experiences, the volume and type of lending being conducted by each bank, industry standards, past due loans, economic conditions and other factors related to the collectability of each entity's loan portfolio. Although management uses its best efforts to establish the allowances for loan losses, that determination is subject to significant judgment, and the Issuer's banking businesses may have to increase or

decrease their allowances for loan losses in the future as a result of increases or decreases in non-performing assets or for other reasons. Any increase in the allowances for loan losses, any loan losses in excess of the previously determined provisions with respect thereto or changes in the estimate of the risk of loss inherent in the portfolio of non-impaired loans could have an adverse effect on the Issuer's results of operations and financial condition.

***The Issuer operates in markets that are highly competitive. If the Issuer is unable to perform effectively, its business and results of operations will be adversely affected***

There is substantial competition for the types of banking and other products and services that the Issuer provides in the regions in which the Issuer conducts large portions of its business. Such competition is most pronounced in the Dutch market where the Issuer faces competition from companies such as ING Group and Rabobank. As a result, the Issuer's strategy is to maintain customer loyalty and retention, which can be influenced by a number of factors, including service levels, the prices and attributes of products and services, financial strength and actions taken by competitors. In other international markets, the Issuer faces competition from the leading domestic and international institutions active in the relevant national and international markets. Competitive pressures could result in increased pricing pressures on a number of the Issuer's products and services, particularly as competitors seek to win market share, and may harm the Issuer's ability to maintain or increase profitability.

Furthermore, the intensity of this competition is affected by consumer demand, technological changes, the impact of consolidation, regulatory actions and other factors. In addition, technological advances and the growth of e-commerce have made it possible for non-depository institutions to offer products and services that were traditionally banking products and for financial institutions to compete with technology companies in providing electronic and internet-based financial solutions. If the Issuer is unable to provide attractive product and service offerings that are profitable, the Issuer may lose market share or incur losses on some or all of the Issuer's activities.

In addition, certain competitors may have access to lower cost funding and be able to offer consumer loans on more favourable terms than the Issuer and may have stronger multi-channel and more efficient operations as a result of greater historical investments. Furthermore, the Issuer's competitors may be better able to attract and retain clients and talent, which may have a negative impact on the Issuer's relative performance and future prospects.

Furthermore, increased government ownership and involvement in banks, including in the Issuer, may have an impact on the competitive landscape in the major markets in which the Issuer operates. Although, at present, it is difficult to predict what the effects of this increased government ownership and involvement will be or how their effects will differ from jurisdiction to jurisdiction, such involvement may cause the Issuer to experience stronger competition for corporate, institutional and retail clients and greater pressure on profit margins. In addition, the European Commission has imposed, and may continue to impose restrictions on operating practices or to require disposals of certain business lines as a result of its investigation into state aid for the banking sector in the European Union. Any such restrictions could have a negative impact on the Issuer's competitive position. Since the markets in which the Issuer operates are expected to remain highly competitive in all areas, these and other changes to the competitive landscape could adversely affect the Issuer's business, margins, profitability and financial condition.

***The Issuer's businesses have a dominant concentration in The Netherlands***

The Issuer's businesses have a large concentration in The Netherlands and therefore are particularly exposed to the economic conditions in The Netherlands. Any deterioration or merely a long-term persistence of the difficult economic environment in The Netherlands could have a negative effect on the Issuer's operating results and financial condition.

***The Issuer is subject to operational risks that could adversely affect its business***

The Issuer, like all financial institutions, is exposed to many types of operational risk, including the risk of fraud or other types of misconduct by employees or third parties, unauthorised transactions by employees and operational errors, including clerical or record keeping errors or errors resulting from faulty computer or telecommunications systems. As a consequence of the Legal Demerger, Legal Separation and Legal Merger and the accompanying separation of information technology platforms, the Issuer is subject to heightened operational risk. The Issuer may also be subject to disruptions of the Issuer's operating systems, arising from events that are wholly or partially beyond the Issuer's control (including, for example, computer viruses or electrical or telecommunication outages), which may give rise to losses in service to customers and to loss or liability to the Issuer. The Issuer is further exposed to the risk that external vendors may be unable to fulfil their contractual obligations to the Issuer, and to the risk that their business continuity and data security systems prove to be inadequate. The Issuer also faces the risk that the design of the Issuer's controls and procedures prove to be inadequate or are circumvented. Although the Issuer has implemented risk controls and loss mitigation actions, and substantial resources are devoted to developing efficient procedures, to identify and rectify weaknesses in existing procedures and to train staff, it is not possible to be certain that such actions have been or will be effective in controlling each of the operational risks faced by the Issuer. Any weakness in these systems or controls, or any breaches or alleged breaches of applicable laws or regulations, could have a materially negative impact on the Issuer's business, reputation and results of operations.

***The Issuer depends on the accuracy and completeness of information about customers and counterparties***

In deciding whether to extend credit or enter into other transactions with customers and counterparties, the Issuer may rely on information furnished to the Issuer by or on behalf of the customers and counterparties, including financial statements and other financial information. The Issuer also may rely on the audit report covering those financial statements. The Issuer's financial condition and results of operations could be negatively affected by relying on financial statements that do not comply with generally accepted accounting principles or that are materially misleading.

***The value of certain financial instruments recorded at fair value is determined using financial models incorporating assumptions, judgements and estimates that may change over time or may ultimately not turn out to be accurate***

Under IFRS, the Issuer recognises at fair value (i) financial instruments classified as 'held-for-trading' or 'designated as at fair value through income' and (ii) financial assets classified as 'available-for-sale'. Generally, to establish the fair value of these instruments, the Issuer relies on quoted market prices or, where the market for a financial instrument is not sufficiently active, internal valuation models that utilise observable market data. In certain circumstances, the data for individual financial instruments or classes of financial instruments utilised by such valuation models may not be available or may become unavailable due to changes in market conditions, as has been the case during the current financial crisis. In such circumstances, the Issuer's internal valuation models require the Issuer to make assumptions, judgements and estimates to establish fair value. In common with other financial institutions, these internal valuation models

are complex, and the assumptions, judgements and estimates the Issuer is required to make often relate to matters that are inherently uncertain, such as expected cash flows, the ability of borrowers to service debt, residential and commercial property price appreciation and depreciation, and relative levels of defaults and deficiencies. Such assumptions, judgements and estimates may need to be updated to reflect changing facts, trends and market conditions. The resulting change in the fair values of the financial instruments has had and could continue to have a material adverse effect on the Issuer's earnings and financial condition.

***The Issuer's ability to retain and attract qualified employees is critical to the success of its business and the failure to do so may materially adversely affect the Issuer's performance***

Employees are one of the Issuer's most important resources and competition for qualified employees is intense. In order to attract and retain qualified employees, the Issuer seeks to compensate such employees at market levels. Typically, those levels have caused employee compensation to be the Issuer's greatest expense. If the Issuer is unable to continue to attract and retain qualified employees, or do so at rates necessary to maintain its competitive position, or if compensation costs required to attract and retain employees become more expensive, the Issuer's performance, including its competitive position, could be materially adversely affected. The financial industry may experience more stringent regulation of employee compensation, or employee compensation may be made subject to special taxation, which could have an adverse effect on the Issuer's ability to hire or retain the most qualified employees.

***The Issuer is subject to legal risk, which may have an adverse impact on the Issuer's results***

In the ordinary course of business the Issuer is involved in a number of legal proceedings. The Issuer's business is subject to the risk of litigation by customers, borrowers, employees, shareholders or others through private actions, class actions, administrative proceedings, regulatory actions or other litigation. The outcome of litigation or similar proceedings or actions is difficult to assess or quantify. Furthermore, periods of market dislocation, characterised by sharply deteriorating financial markets, are generally accompanied by an increase in investor litigation against intermediaries such as banks and investment advisors. It is inherently difficult to predict the outcome of many of the litigations, regulatory proceedings and other adversarial proceedings involving the Issuer's businesses, particularly those cases in which the matters are brought on behalf of various classes of claimants, seek damages of unspecified or indeterminate amounts or involve novel legal claims. The cost to defend future actions may be significant. There may also be adverse publicity associated with litigation that could decrease customer acceptance of the Issuer's services, regardless of whether the allegations are valid or whether the Issuer is ultimately found liable. As a result, litigation may adversely affect the Issuer's business.

In presenting the consolidated financial statements, management may make estimates regarding the outcome of legal, regulatory and arbitration matters and takes a charge to income when losses with respect to such matters are probable and can be reasonably estimated. Changes in estimates may have an adverse effect on the Issuer's results.

***Reputational Risk***

Reputational risk exists in many forms in all the Issuer's activities. Examples are the quality and transparency of products sold to clients. The conduct of employees can also result in a reputational risk. Strict compliance procedures are in place to minimize this risk, as well as decision-making procedures for new activities and products.

In addition the Issuer's reputation could also be harmed as a result of negative publicity regarding the ABN AMRO group and ABN AMRO brand name. This may adversely affect the Issuer's operating results and financial condition.

***The Issuer's results of operations can be adversely affected by significant adverse regulatory developments and changes in tax laws***

The Issuer conducts its businesses subject to ongoing regulation (including in relation to behavioral requirements) and associated regulatory risks, including the effects of changes in the laws, regulations, policies and interpretations in the European Union and the other regions in which the Issuer does business. The timing and form of future changes in regulation are unpredictable and beyond the Issuer's control, and changes made could materially adversely affect the Issuer's business, the products and services the Issuer offers or the value of its assets or extent of its liabilities. Any changes in the tax laws of jurisdictions in which the Issuer operates which affect its products, could have a material adverse effect on its insurance or other businesses and results of operations and financial condition.

***The Issuer operates under the supervision of several regulators in various jurisdictions which may impose restrictions and conditions***

The Dutch Central Bank and other regulators in various jurisdictions may impose (further) restrictions and conditions to the Issuer. Some of these restrictions may adversely affect the Issuer's operating results and financial condition.

***Securities market volatility or downturns can adversely affect the Issuer's banking activities***

The level and volatility in market indices can negatively affect the Issuer's merchant banking, securities trading and brokerage activities. Volatility and declines in market indices can reduce unrealized gains in the Issuer's various portfolios or the demand for some of the Issuer's banking products.

Since July 2007, both the credit and the equity markets have been very volatile. There is no assurance that such volatility will not result in a prolonged market decline, or such market declines for other reasons will not occur in the future. Such market declines, if they did occur, could have a material adverse effect on the Issuer's financial condition and results of operations. Market downturns and high volatility can occur not only as a result of purely economic factors, but also as a result of war, acts of terrorism, natural disasters or other similar events outside the Issuer's control.

***The Issuer's risk management methods may leave the Issuer exposed to unidentified, unanticipated or incorrectly quantified risks, which could lead to material losses or material increases in liabilities***

The Issuer devotes significant resources to developing risk management policies, procedures and assessment methods for the Issuer's banking businesses. The Issuer uses a value-at-risk ("VaR") model, duration analysis and sensitivity analysis as well as other risk assessment methods. Nonetheless, the Issuer's risk management techniques and strategies may not be fully effective in mitigating the Issuer's risk exposure in all economic market environments or against all types of risk, including risks that the Issuer fails to identify or anticipate. Some of the Issuer's qualitative tools and metrics for managing risk are based upon use of observed historical market behaviour. The Issuer applies statistical and other tools to these observations to arrive at quantifications of risk exposures. These tools and metrics may fail to predict future risk exposures. The Issuer's losses thus could be significantly greater than the Issuer's measures would indicate. In addition, the Issuer's quantified modeling does not take all risks into account. The Issuer's more qualitative approach

to managing risks takes into account a broader set of risks, but is less precise than quantified modeling and could prove insufficient. Unanticipated or incorrectly quantified risk exposures could result in material losses in the Issuer's banking businesses.

***The Legal Demerger has resulted in a cross liability arrangement that required the Issuer to remain liable to creditors of RBS N.V. for certain monetary obligations of RBS N.V. in the event that RBS N.V. cannot meet such obligations***

On 6 February 2010, the Former ABN AMRO Bank N.V. was demerged into two entities, being RBS N.V. (the Former ABN AMRO Bank N.V.) and ABN AMRO Bank Standalone and subsequently on 1 July 2010 ABN AMRO Bank Standalone merged with FB(N) following the Legal Merger. See below under *Issuer Description – History and recent developments* for more information about the restructuring and the Legal Demerger of the businesses of the Former ABN AMRO group.

In principle, following completion of the Legal Demerger, creditors now only have recourse to the entity to which the relevant assets and liabilities have been transferred for payments in respect of the appropriate securities. Under the Dutch Civil Code, however, each entity remains liable to creditors for the monetary obligations of the other entity that existed at the date of the Legal Demerger in the event that the other entity cannot meet its obligations to those creditors. In each case, this liability relates only to obligations existing at the date of the Legal Demerger.

The liability of the Issuer is limited to the amount of equity acquired at the Legal Demerger, which amounts to EUR 1.8 billion. The liability of RBS N.V. is limited to the equity retained at the Legal Demerger, amounting to EUR 4.0 billion.

The Issuer has made arrangements to mitigate the risks of liability to the creditors which transferred to RBS N.V. upon the Legal Demerger. RBS N.V. has also made arrangements to mitigate the risks of liability to the creditors that transferred from RBS N.V. to the Issuer. Both RBS N.V. and the Issuer hold the level of regulatory capital agreed upon with the Dutch Central Bank for purposes of covering any residual risks. There is no assurance that the mitigating arrangements taken by the Issuer are sufficient to satisfy all claims of creditors transferred to RBS N.V.

***The 403 Declaration of ABN AMRO Group N.V. may provide limited economic benefit or recourse to investors***

The 403 Declaration constitutes a guarantee by ABN AMRO Group N.V. for, *inter alia*, Securities issued by the Issuer. If the Issuer should default, creditors impacted by such default, including holders of the Securities, may claim against the Issuer and/or ABN AMRO Group N.V. as the guarantor. The obligation of ABN AMRO Group N.V. under the 403 Declaration is unconditional and is not limited in amount or by the type of the Issuer's transactions.

A legal defence available to the Issuer against a creditor of the Issuer would likewise be available to ABN AMRO Group N.V. as well.

Furthermore, since ABN AMRO Group N.V. is a holding company with no significant activities of its own, it would have to look at its operating subsidiaries to satisfy a claim brought against it by a holder of a Security or any other creditor of the Issuer on the basis of the 403 Declaration. As ABN AMRO Group N.V.'s only direct subsidiary is the Issuer, a holder of a Security issued by the Issuer must realise that a claim under the 403 Declaration would not result in material recourse.

Finally, ABN AMRO Group N.V. may revoke the 403 Declaration at any time.

See below under *Issuer Description – History and recent developments* for more information about the restructuring and the Legal Demerger of the businesses of the Former ABN AMRO group.

***The Legal Demerger, Legal Separation (including in relation to the EC Remedy) and Legal Merger process create additional risks for the Issuer's business and stability***

The Issuer is going through a period of transition and change as a result of the Legal Demerger, Legal Separation (including in relation to the EC Remedy) and Legal Merger, which poses additional risks to the Issuer's business, including (i) the Issuer's ability to retain key personnel during the transition and (ii) its exposure to enhanced operational and regulatory risks during this period.

In addition, during this period of transition and change resulting from the Legal Demerger and the Legal Separation, the Issuer and RBS N.V. will remain interdependent with respect to certain business areas, for which they will *inter alia* provide certain services to each other. Furthermore, as a result of the EC Remedy the Issuer has committed itself to continue to provide certain services to Deutsche Bank Nederland N.V. Also, since FB(N) was part of the former Fortis group until late 2008, there are remaining interdependencies between Fortis Bank SA/NV, ASR Nederland (which was also split off from the former Fortis group as a separate business) and the Issuer with respect to certain services.

Also, the integration process of ABN AMRO Bank Standalone with FB(N) following the Legal Merger could be delayed due to *inter alia* delays in the integration of the two entities. Delay in this integration may reduce the anticipated benefits of the integration, impose additional costs or adversely affect the stand alone operation of the Issuer and may therefore adversely affect the Issuer's results and financial condition.

***The Issuer may fail to realise the anticipated business growth opportunities, synergies and other benefits anticipated from the Legal Merger, which could result in a material adverse effect on its results of operations, financial condition and prospects.***

There is no assurance that the Legal Merger will achieve the anticipated business growth opportunities, synergies and other benefits the Issuer anticipates. The Issuer believes that the integration following the Legal Merger will create business growth opportunities, synergies, revenue benefits, cost savings and other potential benefits. However, these expected business growth opportunities, synergies and other benefits may not develop and other assumptions with respect to the anticipated integration may prove to be incorrect. The integration of ABN AMRO Bank Standalone with FB(N) following the Legal Merger and the realisation of the expected benefits is challenging within the timeframe contemplated. Successful implementation of this plan requires a significant amount of management time and, thus, may affect or impair management's ability to run the business effectively during the period of implementation. In addition, the integration is subject to a number of additional risks, including: difficulties or unexpected costs relating to the integration of technology platforms, financial and accounting systems, risk management systems and management systems of two organizations; difficulties or unexpected costs in realizing synergies from the consolidation of head office and back office functions; higher than expected levels of customer attrition or market share loss arising as a result of the Legal Merger; unexpected losses of key personnel during or following the integration of the two businesses; possible conflict in the culture of the two organizations and decrease in employee morale; and potential damage to the reputation of brands due to the Legal Merger.

The estimated expense savings and revenue synergies contemplated by the Legal Merger are significant. There can be no assurance that the Issuer will realise these benefits in the time expected or at all. In addition,

there can be no assurance that the total costs associated with the implementation of the integration currently anticipated by the Issuer will not be exceeded.

If any of these risks should occur, or if there are unexpected challenges in the integration process, the anticipated benefits of the Legal Merger may be delayed, achieved only in part, or not at all or at greater cost, which could have an adverse affect on the Issuer's results of operations or financial condition.

***The Standalone Financial Information should be read with caution. A full impact analyses of the financial position and results of the Issuer following the Legal Merger is not possible on the basis thereof***

Only the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 reflect the consolidation of ABN AMRO Bank Standalone and FB(N). In order to provide further financial information about the businesses that have become part of the Issuer after the Legal Merger taking effect, the Issuer has also incorporated herein by reference the Standalone Financial Information.

Because of its nature, the audited pro forma financial information 2009 of ABN AMRO Bank Standalone incorporated by reference herein addresses a hypothetical situation and therefore does not represent the actual financial position per 31 December 2009 or ABN AMRO Bank Standalone's income over 2009 and has been incorporated by reference herein for illustrative purposes only.

Investors will need to make their own investigations and financial calculations on the basis of the financial information incorporated by reference herein in order to make an informed assessment of the future assets and liabilities, financial position, profit and losses and prospects of the Issuer.

In reading the Standalone Financial Information 2009/2008, investors should note that differences exist in the application of certain accounting policies, estimates and classification of certain line items in respect of ABN AMRO Bank Standalone and FB(N). Also, investors should note that the Standalone Financial Information 2009/2008 does not take into account the effect of one-off costs of realising any synergies that may result from integration activities.

Furthermore, investors should note that a combined reading of the Standalone Financial Information:

- does not take into account certain items which have been eliminated on the consolidation of ABN AMRO Bank Standalone's and FB(N)'s reported results of operations and financial position following the Legal Merger;
- does not provide an indication of what the Issuer's results of operations or financial position would have been had the Legal Merger occurred as at 1 January 2009;
- does not represent the results of operation or financial position of the Issuer for any future date or period; and
- do not take into account the effect of any synergies that may result from integration activities.

Therefore, a full impact analysis of the financial position and results of the Issuer following the Legal Merger is not possible on the basis of a combined reading of the Standalone Financial Information.

***An investor may not be able to effectively compare the Issuer's future consolidated financial statements to the Standalone Financial Information***

Following completion of the Legal Separation on 1 April 2010, ABN AMRO Bank Standalone and FB(N) became direct subsidiaries of ABN AMRO Group N.V. Since 1 April 2010, the managing boards and supervisory boards of ABN AMRO Bank Standalone, FB(N) and ABN AMRO Group N.V. have been composed of the same members. However, both ABN AMRO Bank Standalone and FB(N) have operated as separate and independent banks up to the Legal Merger taking effect. The Legal Merger will be a fundamental change to the organisation, business segments, financial position and reporting of ABN AMRO Bank Standalone and FB(N) as compared with periods prior to the Legal Merger. Accordingly, an investor may not be able to effectively compare the Issuer's future consolidated financial statements to the Standalone Financial Information.

***An investor may not be able to effectively compare the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 to the Standalone Financial Information and the Standalone Financial Information 2010 to the Standalone Financial Information 2009/2008***

The ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 have been compiled on a different basis than the Standalone Financial Information (which is company only financial information). In respect of the Standalone Financial Information 2009/2008 the differences relate to the harmonisation of accounting policies and principles and the reclassification of certain line items and the elimination of inter-company positions upon consolidation. The latter difference also and only applies to the Standalone Financial Information 2010. Accordingly, an investor may not be able to effectively compare the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual statements 2010 to the Standalone Financial Information 2010, or the Standalone Financial Information 2010 to the Standalone Financial Information 2009/2008.

In addition, FB(N) reported its regulatory capital under Basel II Advanced-IRB. Until Legal Separation on 1 April 2010, ABN AMRO Bank Standalone reported its regulatory capital under Basel I. As of 1 April 2010, ABN AMRO Bank Standalone also reports under Basel II Advanced-IRB. The consolidated and combined capital ratios are not available for the combined bank for the period before 1 April 2010.

The capital requirements of ABN AMRO Bank Standalone and FB(N) were reported to the Dutch Central Bank on a separate basis at the end of June 2010. The application of Basel II policies, methodologies and models in order to calculate the regulatory capital and risk-weighted assets for the merged bank is currently in the process of harmonisation. Until completion of the harmonisation, the reported Basel II capital ratios will be combined pro forma capital ratios based on consolidated IFRS equity and therefore an investor may not be able to determine the consolidated capital position of the combined bank until such harmonisation is completed.

**Factors which are material for the purpose of assessing the market risks associated with Securities issued**

***The Securities are reverse exchangeable securities which entail particular risks***

Reverse exchangeable securities are interest bearing investment instruments which, at maturity, either, at the option of the Issuer (i) pay a Cash Amount, or (ii) pay a cash amount equal to the level of the Underlying or deliver the Underlying, in each case, subject to the terms of the relevant reverse exchangeable security. As such, reverse exchangeable securities entail the same level of risk as a direct investment in the Underlying. Investors should be aware that their entire investment may be lost in the event that the Underlying is valued at zero. Since reverse exchangeable securities are of limited maturity, unlike direct investments, investors are not able to hold them beyond their stated maturity date in the expectation of a recovery in the price of the Underlying.

The price at which a Holder will be able to sell reverse exchangeable securities prior to maturity may be at a potentially substantial discount to the market value of the reverse exchangeable securities at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the issue date.

***The Securities may not be a suitable investment for all investors***

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

***The value of the Securities may fluctuate***

The value of the Securities may move up and down between their date of purchase and their maturity date. Holders of Securities may sustain a total loss of their investment (unless the Securities are of a type in which capital is protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

Prospective purchasers should review the Conditions to ascertain whether and how the factors below apply to the Securities.

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an affect on the level of the Underlying include the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In

addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event and/or no Potential Adjustment Events which apply.

- (b) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (c) *Volatility.* The term “volatility” refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter.
- (e) *Disruption.* If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events) has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in the respect of the Securities. In addition, if so indicated in the Conditions, a Calculation Agent may determine that a Settlement Disruption Event has occurred or exists at any relevant time in relation to a physically settled reverse exchangeable security. Any such determination may cause a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (f) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank pari passu among themselves.

***There may not be a secondary market in the Securities***

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on

Euronext Amsterdam or any other exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

***Purchasing the Securities as a hedge may not be effective***

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

***Actions taken by the Issuer may affect the value of the Securities***

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

***Holders have no ownership interest in the Underlying***

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

***Actions taken by the Calculation Agent may affect the Underlying***

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

***There may be delays in effecting settlement***

If the Securities contain provisions providing for an option to the Issuer to settle the Securities in cash (“**Cash Settled Securities**”) by payment of the applicable Cash Amount or otherwise or to settle the Securities by way of physical delivery (“**Physical Delivery Securities**”) by payment of the applicable Share Amount (as defined in the relevant Product Conditions), there will be a time lag, if the Securities are Physical Delivery Securities, following exercise by the Issuer of its option until they are delivered to the relevant Holder's account. Any such delay between the time of exercise by the Issuer of its option and the delivery of the Share Amount will be specified in the Conditions. However, such delay could be

significantly longer if the Calculation Agent determines that a Market Disruption Event (which includes Emerging Market Disruption Events) or a Settlement Disruption Event has occurred at the relevant time. The applicable Share Amount could decrease or increase from what it would have been but for such delay.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

If the Securities require a Notice to be delivered before close of business in the place of receipt on the Cut-off Date (as defined in the Product Conditions), then delivery after the Cut-off Date may result in a delay in delivery of the applicable Share Amount (as defined in the Product Conditions).

The failure to deliver any certifications required by the Conditions could result in the loss or inability to receive amounts or deliveries otherwise due under the Securities.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

### ***Taxes may be payable by investors***

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 9 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

### ***The Securities may be terminated prior to their stated date***

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

### ***Risks associated with Securities held in global form***

The Securities will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), either in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems or in dematerialised form depending on the rules of the Relevant Clearing System. For as long as any Securities held by or on behalf of a Relevant Clearing System, payments of principal, interest and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of the relevant global Security and, in the case of a temporary global Security, certification as to non-U.S. beneficial ownership. The risk is that the bearer of the relevant global Security, typically a depositary for the Relevant Clearing System, or, in the case of Securities in dematerialised form, the Relevant Clearing System, not the Holder itself, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Securities with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities.

Securities which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

***Risk associated with nominee arrangements***

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to their stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

***The return on an investment in Securities will be affected by charges incurred by investors***

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

***There may be a change of law which may affect the value of the Security***

The Conditions are based on the laws of The Netherlands in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to the laws of The Netherlands or administrative practice after the date of this Base Prospectus.

***Risks associated with credit ratings by the rating agencies***

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

The expected ratings of the Securities are set out in the applicable Final Terms. Any rating agency may lower or withdraw its rating if, in the sole judgement of that rating agency, the credit quality of the Securities has declined or is in question. If any rating assigned to the Securities is lowered or withdrawn, the market value of such Securities may be reduced.

***Legal investment considerations may restrict certain investments***

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral

for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

***Any consequential postponement of, or any alternative provisions for, valuation following a Market Disruption Event may have an adverse effect on the value of the Securities***

If an issue of Securities includes provisions dealing with the occurrence of a Market Disruption Event, and the Calculation Agent determines that a Market Disruption Event has occurred or exists, any consequential postponement of, or any alternative provisions for, valuation provided in such Security may have an adverse effect on its value.

## DESCRIPTION OF THE ISSUER

---

*For the meaning of certain capitalised terms, see Definitions at the end of this section.*

### **Incorporation**

The legal name of the Issuer is ABN AMRO Bank N.V. and its commercial name is ABN AMRO. The Issuer is a public limited liability company (*naamloze vennootschap*) incorporated under Dutch law on 9 April 2009. The Issuer's corporate seat (*statutaire zetel*) is in Amsterdam, The Netherlands, its registered office is Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands and its mailing address is Post Office Box 283, 1000 EA Amsterdam, The Netherlands. The Issuer's telephone number is +31 (0)20 628 9393. The Issuer is registered in the Commercial Register of the Amsterdam Chamber of Commerce (*Handelsregister van de Kamer van Koophandel en Fabrieken voor Amsterdam*) under number 34334259.

### **Corporate objectives**

The Issuer's objectives are (according to its articles of association (*statuten*)):

- (a) to be a financial institution, to render investment services and to engage in investment activities, to administer the assets of third parties, to act as trustee, administrator and executor of wills and as a member of the managing or supervisory boards or liquidator of companies or other organisations, to act as an intermediary in respect of insurances, as well as to engage in all transactions, activities and services which may relate or be conducive thereto, all in the widest sense;
- (b) to participate in, co-operate with, finance, administer and manage financial and other enterprises and companies, to guarantee or otherwise support or furnish security for any indebtedness or performance of any contract or obligation of other enterprises and companies which are part of the group of the company, render services to and perform staff positions for any such enterprises and companies, as well as to engage in all transactions, activities and services which may relate or be conducive to the above; and
- (c) to foster the direct and indirect interests of all involved in the company, in whatever way, and to safeguard the continuity of the company and of the enterprise(s) associated therewith.

### **History and recent developments**

Pursuant to the Legal Merger which became effective on 1 July 2010, the businesses that are now included in the Issuer are a combination of the businesses of ABN AMRO Bank Standalone (which was previously part of the Former ABN AMRO group headed by ABN AMRO Holding N.V.) and the businesses of FB(N).

#### *1. History of ABN AMRO Bank Standalone*

### **Acquisition of Former ABN AMRO group**

On 17 October 2007 ABN AMRO Holding N.V. and its subsidiaries were acquired by a consortium of banks through RFS Holdings B.V. The consortium consisted of The Royal Bank of Scotland Group plc (38%), Fortis N.V. and Fortis SA/NV (34%) and Banco Santander SA (28%).

On 3 October 2008 the Dutch State acquired FB(N) (at that time named Fortis Bank Nederland (Holding) N.V.). The acquisition included the interest of FB(N) in RFS Holdings B.V. that represents the acquired businesses of the Former ABN AMRO group.

On 24 December 2008 the stake of FB(N) in RFS Holdings B.V. was transferred to the Dutch State.

The ABN AMRO businesses acquired by the Dutch State from the Former ABN AMRO group comprised Dutch commercial clients (SMEs and corporates), Dutch consumer clients, and Dutch and international private clients, including the international diamonds and jewelry business.

### **Separation of ABN AMRO businesses acquired by the Dutch State from Former ABN AMRO group**

The legal separation of assets and liabilities of the Former ABN AMRO group acquired by the Dutch State from the assets and liabilities acquired by the other consortium members was effected in two steps: the Legal Demerger (*juridische splitsing*) and the Legal Separation.

See the diagram included in the pro forma financial information (on page 61 of the Annual Review 2009) incorporated by reference herein detailing the Legal Demerger and Legal Separation process in steps.

#### **The Legal Demerger**

On 30 September 2009 the Former ABN AMRO group filed a proposal for the Legal Demerger with the Amsterdam Chamber of Commerce. Following confirmation by the Amsterdam District Court that no creditor objections to the Legal Demerger were filed, the Former ABN AMRO group was able to proceed with the restructuring process of transferring the businesses acquired by the Dutch State into a newly formed entity, ABN AMRO II N.V., which was renamed ABN AMRO Bank N.V. following completion of the Legal Demerger.

On 6 February 2010 the deed of demerger was executed in accordance with the demerger proposal filed with the Amsterdam Chamber of Commerce on 30 September 2009. As a result of the Legal Demerger, the majority of the Dutch State acquired businesses of the Former ABN AMRO group was transferred from Former ABN AMRO Bank N.V. to ABN AMRO Bank Standalone.

Additionally, as part of the overall separation process, some subsidiaries and assets and liabilities forming part of the Dutch State acquired businesses of the Former ABN AMRO group were separately transferred from the Former ABN AMRO Bank N.V. to ABN AMRO Bank Standalone ahead of the execution of the Legal Demerger. Furthermore, certain additional assets and liabilities were separately transferred to ABN AMRO Bank Standalone around the same time or shortly after completion of the Legal Demerger.

Effective at the same date, the Former ABN AMRO Bank N.V. (from which the Dutch State acquired businesses of the Former ABN AMRO group were demerged) was renamed The Royal Bank of Scotland N.V. (RBS N.V.). ABN AMRO Bank Standalone was also renamed, from ABN AMRO II N.V. to ABN AMRO Bank N.V..

Until the Legal Separation both The Royal Bank of Scotland N.V. and ABN AMRO Bank Standalone were wholly-owned by ABN AMRO Holding N.V.

#### **The Legal Separation**

On 1 April 2010 the Legal Separation was effected through a transfer of the shares in the share capital of ABN AMRO Bank Standalone by ABN AMRO Holding N.V. to ABN AMRO Group N.V., a new holding

company wholly-owned by the Dutch State, established on 18 December 2009 and independent of ABN AMRO Holding N.V.

After the Legal Separation the former parent company of ABN AMRO Bank Standalone, ABN AMRO Holding N.V., was renamed RBS Holdings N.V. and currently forms part of the RBS Group.

After the Legal Separation ABN AMRO Bank Standalone was no longer governed by ABN AMRO Holding N.V.'s managing board and supervisory board and was no longer regulated on a consolidated basis with ABN AMRO Holding N.V. Instead, ABN AMRO Bank Standalone operated as an independent bank with its own corporate governance and is regulated independently with separate capital adequacy, liquidity measures and exposure, which were reported to and regulated by the Dutch Central Bank (*De Nederlandsche Bank*).

ABN AMRO Bank Standalone went through a period of transition and change as a result of the Legal Demerger and Legal Separation. During this period, ABN AMRO Bank Standalone and RBS N.V. remained interdependent with respect to certain business areas, for which they *inter alia* provided certain services to each other including, for instance, IT related services.

## *2. History of FB(N)*

### **Separation of FB(N) from the former Fortis group, ASR Nederland and Fortis Corporate Insurance**

On 3 October 2008 the Dutch State acquired FB(N) from Fortis Bank SA/NV.

Due to its cross border organisation, the split between the FB(N) and Fortis Bank SA/NV has lead to a number of separation projects, particularly within Global Markets, client & deal administration, website & online banking, securities handling and finance & risk systems. The intentions are that by the end of the third quarter of 2010, both entities will be fully separated. As a result of the separation, the Dutch State granted FB(N) long term debt funding, which as at 30 June 2010 amounts to EUR 7,575,000,000.

On 21 November 2008, the Dutch State communicated that FB(N) insurance business will not be part of the bank in the future. At the time of communication, ASR Nederland and FB(N) were equally dependent on each other for information technology, human resources and facilities related services due to the fact that the former Fortis group had set up a cross-border structure to service its business from a central organisation. A separation plan has been constructed and signing is pending due to finalisation of financial negotiations. All cross services are expected to be terminated by the end of the third quarter of 2010.

On 20 May 2009, a separation agreement with Fortis Corporate Insurance ("FCI") was signed. The scope of the separation from FCI is limited to nine projects and is in progress as of the date of this Base Prospectus. This separation is expected to be completed by the third quarter of 2010. A joint cross-border governance structure between Ageas SA/NV, Ageas N.V. and FB(N) has been set up to execute the separation and address upcoming issues. Furthermore a tailored governance structure has been set up within FB(N) to steer its domestic and international separation activities. A similar structure has been set up for the separation of ASR Nederland.

### **Simplification of the legal structure of FB(N)**

FB(N) simplified its legal structure on 1 September 2009. By way of a legal merger in accordance with the Dutch Civil Code, Fortis Bank (Nederland) N.V. (the "**Disappearing Company**") (a 100% subsidiary of Fortis Bank Nederland (Holding) N.V. under the old legal structure) merged with Fortis Bank Nederland (Holding) N.V. (the "**Acquiring Company**"). As a result, the Acquiring Company acquired all assets and

liabilities of the Disappearing Company by universal succession; the Disappearing Company has ceased to exist; and on the effective date of the merger, the Acquiring Company changed its statutory name into Fortis Bank (Nederland) N.V.

### *3. Integration of ABN AMRO Bank Standalone and FB(N)*

On 21 November 2008 the Dutch Minister of Finance announced the intention of the Dutch State to integrate the businesses of the Former ABN AMRO group acquired by the Dutch State with FB(N) into a new bank operating under the name ABN AMRO Bank N.V. The legal integration took place in two steps: the composition of a single group and the Legal Merger.

The integration of ABN AMRO Bank Standalone with FB(N) was subject to approval of the Dutch State, the relevant (inter)national supervisory authorities (including the Dutch Central Bank) and successful completion of the legal merger process.

#### **Composition of a single group**

On 1 April 2010, following the Legal Separation, ABN AMRO Bank Standalone and FB(N) became direct subsidiaries of a joint parent company, ABN AMRO Group N.V.

As from 1 April the managing boards and the supervisory boards of ABN AMRO Bank Standalone, FB(N) and ABN AMRO Group N.V. consisted of the same members. In addition, joint senior management for select parts of both ABN AMRO Bank Standalone and FB(N) was appointed, *i.e.* one manager was responsible for managing comparable teams and activities at both banks. However, both ABN AMRO Bank Standalone and FB(N) operated as separate and independent banks until the Legal Merger took effect.

#### **The Legal Merger**

On 1 July 2010, ABN AMRO Bank Standalone and FB(N) merged pursuant to a legal merger (*juridische fusie*), following which ABN AMRO Bank Standalone was the surviving entity (*verkrijgende vennootschap*) and FB(N) was the disappearing entity (*verdwijnende vennootschap*). As a result of the Legal Merger ABN AMRO Bank Standalone assumed all of the rights and obligations of FB(N) by operation of law under universal title (*onder algemene titel*). This also meant that all branches and subsidiaries of FB(N) became branches and subsidiaries of the Issuer.

#### **EC Remedy**

The integration of ABN AMRO Bank Standalone with FB(N) was subject to completion of the transaction concluded between ABN AMRO Bank Standalone and Deutsche Bank AG in order to satisfy the conditions for integration imposed by the European Commission (the "**EC Remedy**").

On 23 December 2009, ABN AMRO Bank Standalone and Deutsche Bank AG signed the Share Purchase Agreement (SPA) confirming the agreements reached for the sale of NEW HBU II N.V. and IFN Finance B.V. (the "**Divestment Businesses**"). The sale price agreed for NEW HBU II N.V. (which was renamed Deutsche Bank Nederland N.V.) and IFN Finance B.V., and which included a guarantee by ABN AMRO Bank Standalone to provide for 75% of the credit losses associated with these assets (the 'credit umbrella') and an amount for certain other liabilities and costs, was EUR 700 million.

On 1 April 2010 the sale of NEW HBU II N.V. and IFN Finance B.V. to Deutsche Bank AG was completed, however, as a result of the EC Remedy the Issuer has committed itself to continue to provide certain services to Deutsche Bank Nederland N.V.

The Issuer has considered the impact of the EC Remedy on its capital ratios. The Issuer believes that the capital injections of the Dutch State as presented in November 2009 are sufficient to also cover the sale's negative impact on capital.

The audited pro forma financial information of ABN AMRO Bank Standalone for the year ending 31 December 2009 has not been adjusted for the effect of the sale of the Divestment Businesses pursuant to the EC Remedy.

The ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 include the operating results and the transaction result upon sale of the Divestment Business pursuant to the EC Remedy until the moment of completion of the sale.

### **Summarised description of the Issuer following the Legal Merger**

#### *Near Term Strategy*

The Issuer aspires to excel in serving Dutch clients in The Netherlands and abroad, and to capture a leading position in a limited number of global specialist market segments. Over the near term following completion of the Legal Merger, the Issuer's focus will be on strengthening its financial position, realizing significant cost savings and growing revenues, with a long-term strategy of achieving healthy long-term returns while maintaining a moderate risk profile.

#### *International footprint*

The Issuer has a presence in 28 countries and territories including The Netherlands, where various client centers are active with the help of the support centers. In addition to a strong network in The Netherlands, the Issuer has a presence in 17 countries and territories in Europe (including The Netherlands), with a focus on the neighboring countries (Belgium, Germany, France, and the UK) and Switzerland. Outside Europe the Issuer is present in Australia, Botswana, Brazil, China, Hong Kong, India, Japan, the Dutch Antilles, Singapore, United Arab Emirates and the United States.

#### *Expected Synergies*

As per the end of 2012, synergies of the Issuer are expected to amount to EUR 1.1 billion pre-tax annually.

### **Business Description**

#### *Retail and Private Banking*

##### Retail Banking

Retail Banking consists primarily of Retail Banking Nederland, Direktbank N.V., Alfam Holding N.V. and International Card Services B.V.. ## Group

Set out below is a diagram of the legal structure of the Issuer and its main (in)direct subsidiaries:

## Notes:

Unless otherwise stated, the Issuer's interest is 100% or almost 100%, following the Legal Merger. Those major subsidiaries and participating interests that are not 100% consolidated but are accounted for under the equity method or proportionally consolidated (i) are indicated separately or (ii) were sold due to the EC Remedy (IFN Finance B.V.). The subsidiaries highlighted in green are indirectly held by the Issuer.

1. Joint Venture (49%) with Delta Lloyd.
2. Joint Venture (50%) with Rabobank.

## Control

The Dutch State has full control over ABN AMRO Group N.V.

The Dutch State is not involved in the day-to-day management of the Issuer.

The Dutch State has announced its intention to privatise the Issuer not earlier than 2011.

## 403 Statement

On 1 April 2010 ABN AMRO Group N.V. issued a statement of joint and several liability within the meaning of Article 403, subsection 1, paragraph f, Book 2 of the Dutch Civil Code (*Burgerlijk Wetboek*), (the "**403 Declaration**"). Pursuant to the 403 Declaration, ABN AMRO Group N.V. is jointly and severally liable with the Issuer for debts resulting from legal acts of the Issuer.

The 403 Declaration is part of the Dutch company law provisions designed to enable subsidiaries of parent companies which publish consolidated annual accounts to obtain an exemption from the requirements to separately publish their own annual accounts. One of the conditions for obtaining such exemption is that a

403 Declaration is issued by the parent company and deposited with the Commercial Register of the Chamber of Commerce in the place where the subsidiary is established. The statutory provisions relating to 403 Declarations are contained in Article 2:403 and following of the Dutch Civil Code.

The 403 Declaration may provide limited economic benefit or recourse to investors. The 403 Declaration constitutes a guarantee by ABN AMRO Group N.V. for Notes issued by the Issuer. If the Issuer should default, creditors impacted by such default, including holders of the Notes, may claim against the Issuer and/or ABN AMRO Group N.V. as the guarantor. The obligation of ABN AMRO Group N.V. under the 403 Declaration is unconditional and is not limited in amount or by the type of Issuer obligation resulting from its legal acts. However, a legal defence available to the Issuer against a creditor of the Issuer would likewise be available to ABN AMRO Group N.V. as well. Furthermore, since ABN AMRO Group N.V. is a holding company with no significant activities of its own, it would have to look at its operating subsidiaries to satisfy a claim brought against it by a holder of a Note or any other creditor of the Issuer on the basis of the 403 Declaration. Finally, ABN AMRO Group N.V. may revoke the 403 Declaration at any time.

## Trend information

### *Legal and arbitration proceedings*

The Issuer has received summons dated 1 October 2010 filed by a number of holders of Mandatory Convertible Securities issued on 7 December 2007 by Fortis Holdings, Fortis Bank SA/NV and FB(N) ("**MCS**"). The MCS mandatorily convert into shares to be issued by Fortis Holdings on 7 December 2010. In the summons these MCS holders argue that the general meeting of the MCS holders has the power to unilaterally postpone the maturity date and to modify certain terms of the conversion of the MCS. If the maturity were to be postponed, the Issuer may be forced to continue paying interest on the MCS. Moreover, the Dutch Central Bank may decide to reassess the MCS' current status if the prevailing terms and conditions were to be changed unilaterally, which could impact the Issuer's capital base and, indirectly, the total amount of funding costs for the Issuer. However, the Issuer is of the opinion that the transaction documentation does not provide for such a power to modify unilaterally the terms and conditions of the MCS and is confident about the positive outcome of the legal proceedings.

On Thursday, 25 June 2009, the court in Amsterdam delivered judgement in the summary hearing brought by Fortis Capital Company Ltd. ("**FCC**"), a wholly-owned subsidiary of FB(N), against Fortis Holdings. At this summary hearing it was questioned who should pay the cash settlement of a large portion (valued at EUR 362,511,000.00) of the preference shares issued by FCC in 1999. The court ruled in favour of FCC and ordered the Fortis Holdings to pay EUR 362,511,000 by 29 June 2009 at the latest. The court rejected the Fortis Holdings' counterclaim for compensation, as well as their claim for compensation against FB(N). The Fortis Holdings have initiated court proceedings against FCC and FB(N) claiming compensation for the amount paid on 29 June 2009. These proceedings are pending. FCC and the Issuer continue to hold the opinion that the Fortis Holdings are not entitled to any compensation.

Great Wheel Beteiligungs GmbH & Co. KG (Global VIEW Fund) raised EUR 208 million capital from approximately 10.000 private investors in 2006/2007. The arranger of the fund is DBM Fonds Invest GmbH, which is an indirect subsidiary of the Issuer. Currently all equity raised has been invested in three projects (Beijing, Berlin, Orlando). The investors in this fund have taken a substantial entrepreneurial project development risk which has materialized now and as a consequence they will have to write off most of their investment. The Managing Board of ABN AMRO Bank Standalone decided in March 2010 to make an

offering to the investors to sell their participations to an SPV fully owned by the Issuer. The offer expired 23 April 2010, with 90% of the investors accepting the offer. ABN AMRO Bank Standalone has taken a provision of EUR 50 million in the fourth quarter of 2009, and has raised this provision by EUR 45 million to EUR 95 million in the first quarter of 2010 to cover for potential losses as a result hereof. The provision decreased significantly in the second quarter of 2010 due to payments made to investors that have accepted the offer.

In addition, the Issuer is involved in a number of governmental, legal and arbitration proceedings in the ordinary course of its business in a number of jurisdictions. However, on the basis of information currently available, and having taken legal counsel with advisors, the Issuer is of the opinion that it is not, nor has it been, involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) during the 12 months preceding the date of this Base Prospectus which may have, or have had in the recent past, significant effects on the consolidated financial position or consolidated profitability of the Issuer and/or its subsidiaries other than as set out above in this section.

*The ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010*

The figures reported in the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 are impacted by several items which are related to the separation of ABN AMRO Bank Standalone from RBS N.V. and FB(N) from the former Fortis Group and the integration of ABN AMRO Bank Standalone and FB(N). As the reported results do not give a good indication of the underlying trends, the 2009 and 2010 figures have been adjusted for these items. In the analysis presented below, the underlying figures are the reported figures excluding these items.

These items are the transaction result on the closing of the EC Remedy, an exceptional result following a settlement on Fortis Capital Company Ltd. ("FCC"), a restructuring provision, and integration and separation costs.

ABN AMRO Group N.V. posted a net loss for the period of EUR 968 million over the first half year of 2010.

The restructuring provision was incurred for the planned reduction in personnel and housing resulting from the integration of ABN AMRO Bank Standalone and FB(N). The restructuring provision is in addition to the separation and integration costs which are recorded as current costs in all segments until completion of the integration in 2012. The total transaction result of the closing of the EC Remedy amounted to a loss of EUR 812 million. The negative result is mainly due to a loss on the book value, a guarantee provided for the potential losses on the assets sold (the Credit Umbrella), the cost of indemnification for cross-liability exposure and separation and migration costs.

The total impact of these items is stated below. Unless otherwise indicated, these items are recorded in the segment 'Other'.

The transaction results upon sale of the divested activities, i.e. the EC Remedy (sale completed on 1 April 2010) and Intertrust (sale completed on 29 December 2009), (together the 'divestments'), and the operating results of these divestments have been included until the moment of completion.

The underlying profit for the period of ABN AMRO Group N.V. improved by 57% to EUR 325 million. The underlying profit for the period rose due to a sharp increase in the profit of Retail & Private Banking, which was partly offset by a decline in the result of C&MB (due to start-up costs and several large additions to the legal provision) and a decline in Other results (due to higher funding costs, credit protection costs and the operating results of the divested activities of the EC Remedy and Intertrust).

Underlying operating income was 5% higher year-on-year, as a 12% increase in net interest income was partly offset by a 7% decrease in non-interest income.

Net interest income increased primarily in Retail & Private Banking due to further growth in the small-sized enterprises loan portfolio and in savings deposits. Margins on savings deposits started to recover as of the end of 2009 as low-margin fixed-rate deposits matured and were replaced by short-term variable-rate deposits which have a higher margin. Mortgage volumes were relatively stable, despite declining new mortgage production. C&MB benefited from growth of the loan portfolio. Other recorded a decline in net interest income mainly due to divestments and interest costs for EUR 2.6 billion Mandatory Convertible Securities (MCS) issued to the Dutch State over the first three months of 2010.

Underlying non-interest income was lower mainly due to divestments and fees paid for the credit protection bought from the Dutch State on a EUR 34.5 billion portfolio of own originated residential mortgages; both are recorded in Other. Retail & Private Banking and C&MB saw non-interest income rise as a result of higher net fees and commissions on the back of a recovery of capital markets and the acquisition of the US clearing activities.

Underlying operating expenses increased by 11% due to several large additions to the legal provision totalling EUR 265 million. These additions relate to international activities conducted in the past. Excluding these, underlying operating expenses would have remained almost unchanged.

The underlying cost/income ratio went up from 71% to 75% due to the abovementioned additions to the legal provision. Excluding these, costs remained almost unchanged and the underlying cost/income ratio would have improved to 68%.

Loan impairments decreased by 55%. This trend reflects the early improvements seen in the Dutch economy which translated into a lower number of corporate defaults in the Commercial Banking and the Large Corporates portfolios. In addition, there were no specific provisions in the Private Banking portfolio. Loan impairments were also lower due to divestments.

The underlying tax rate of 42% was high due to the non-tax deductibility of additions to the legal provision and funding costs of several Tier 1 capital instruments.

Total assets rose by EUR 18.2 billion to EUR 404.8 billion at 30 June 2010 despite the divestment of the EC Remedy. Adjusted for the EC Remedy, total assets increased by EUR 29.8 billion.

Cash and cash equivalents at central banks increased by EUR 18.1 billion. This is due mainly to the liquidity buffer.

Financial assets held for trading increased by EUR 1.7 billion as a result of the Markets activities of C&MB, partly offset by the divestment of the EC Remedy.

Financial investments decreased by EUR 1.2 billion due mainly to the sale of government bonds for asset and liability management purposes.

Loans and receivables banks declined by EUR 2.6 billion. This net decrease is due mainly to a settlement of EUR 16.4 billion with RBS N.V. following the legal separation, an increase of EUR 7.7 billion in C&MB activities, an increase of EUR 2.1 billion in mandatory reserve deposits with central banks and an increase of EUR 4.4 billion in interest bearing deposits.

Loans and receivables customers remained unchanged. Adjusted for the divestment of the EC Remedy activities, Loans and receivables customers grew by EUR 10.5 billion, mainly as a result of an increase in the commercial loan portfolio. The majority of Loans and Receivables customers are Dutch residential mortgages, amounting to EUR 161.4 billion at the end of June 2010.

Other increased by EUR 2.3 billion, due predominantly to an increase in derivatives used for hedging purposes.

Total liabilities increased by EUR 15.8 billion. Adjusted for the EC Remedy, total liabilities increased by EUR 26.6 billion.

Financial liabilities held for trading increased by EUR 0.4 billion.

Due to banks rose by EUR 3.6 billion. Excluding the EC Remedy, Due to banks increased by EUR 5.3 billion mainly as a result of an increase in total deposits of EUR 10.0 billion, offset by a decrease in repurchase agreements and security lending transactions of EUR 5.4 billion.

Due to customers increased by EUR 6.6 billion. Excluding the EC Remedy, Due to customers increased by EUR 14.8 billion mainly due to an increase in total deposits of EUR 6.7 billion and repurchase agreements of EUR 8.0 billion.

Issued debt shows a net increase of EUR 8.6 billion. This increase relates to financing initiatives in short and long-term maturities and prudent liquidity management.

Subordinated liabilities decreased by EUR 2.6 billion, as a result of the conversions of EUR 2.6 billion of MCS issued to the Dutch State into Equity. These conversions were part of the capital actions of the Dutch State announced in November 2009.

Other decreased by EUR 0.8 billion.

Equity increased by EUR 2.4 billion to EUR 11.4 billion. This was primarily the result of the conversion of EUR 2.6 billion of MCS into Equity, the remaining capital injection by the Dutch State (part of the 2009 capital actions by the Dutch State) and the interim result over the first half of 2010 of EUR 1.0 billion negative.

#### *Capital and Solvency*

FB(N) reported its regulatory capital under Basel II Advanced-IRB. Until Legal Separation on 1 April 2010, ABN AMRO Bank Standalone reported its regulatory capital under Basel I. As of 1 April 2010, ABN AMRO Bank Standalone also reports under Basel II Advanced-IRB. Consolidated capital ratios are not available for the combined bank for the period before 1 April 2010.

The capital requirements of the two banks were reported to the Dutch Central Bank on a separate basis at the end of June 2010. The application of Basel II policies, methodologies and models in order to calculate the regulatory capital and risk-weighted assets for the merged bank is currently in the process of harmonisation. Until completion of the harmonisation, the reported Basel II capital ratios will be combined pro forma capital ratios based on consolidated IFRS equity.

On 30 June 2010, the combined pro forma Tier 1 capital under Basel II amounted to EUR 14.8 billion and the combined pro forma total capital amounted to EUR 20.4 billion. Combined pro forma risk-weighted assets under Basel II were EUR 120.1 billion, leading to a combined pro forma combined Tier 1 ratio of 12.3% and a pro forma combined total capital ratio of 17.0%.

#### *European Commission State Aid investigation*

On 8 April 2009, the European Commission notified the Dutch State to initiate a procedure concerning potential state aid in connection with (i) the acquisition of FB(N) by the Dutch State on 3 October 2008 and (ii) the transfer of the 33.8% stake in RFS Holdings by FB(N) to the Dutch State on 24 December 2008.

On 8 February 2010, the European Commission preliminary approved the recapitalisations executed by the Dutch State until 31 July 2010. The European Commission also incorporated this capital rebalancing in the inquiry into state support measures it started in April 2009. Until this inquiry is completed, the European Commission ensures to prevent to use the measures for an aggressive pricing in retail deposits and retail mortgages or takeover policy.

On 30 July 2010, the European Commission announced it 'prolonged the temporary authorisation of the state support. The temporary approval is prolonged until the Commission will have completed its investigations

and adopted a final decision on the compatibility of the notified and non-notified measures in favour of these companies with EU state aid rules’.

### *Operational Separation and Integration*

#### **FB(N)**

At the end of June 2010, most of the services and separation projects of FB(N) with the former Fortis group were completed. Based on service level monitoring, the quality of the services provided was not negatively impacted by the separation. The separation agreement of FB(N) with ASR Nederland was signed on 18 June 2010. On 30 June 2010, most of the projects were completed. In the third quarter the focus will be on finalising all projects and services outstanding. The separation of FB(N) from Amlin Corporate Insurance is on track: most of all projects have been completed.

#### **ABN AMRO Bank Standalone**

Prior to the Legal Separation the vast majority of the operational separation was effectuated between ABN AMRO Bank Standalone and RBS N.V. For a number of remaining operational dependencies Service Level Agreements (SLA's) were engaged into by both banks. Furthermore, both banks agreed on a ramp down scenario for all SLA's. The execution of this ramp down is on schedule.

### *Integration*

On 1 July 2010, the effective day of the Legal Merger, a major rebranding exercise took place where the Fortis Bank Nederland name was rebranded to ABN AMRO. Unlike the other businesses, Retail Banking will continue to use the Fortis Bank Nederland trade name for now, until the systems have been integrated. MeesPierson will operate under the name ABN AMRO MeesPierson. From 1 October 2010, the Fortis Bank brand will no longer be used in The Netherlands, as the brand belongs to BNP Paribas Fortis.

On 6 July 2010, ABN AMRO Bank merged the last of the 150 branches of the retail network in The Netherlands. This concluded a period of three months in which the Issuer merged and closed down 150 of the 650 branches that originated after the merger. To secure a smooth transition for FB(N) customers, branches will remain twinned temporarily until the technical migration is complete. In this manner, FB(N) customers will have access to their trusted bank employees during the migration process. The technical migration of the 1.6 million FB(N) retail customers is scheduled to be finalised by year-end 2010, after which Private Banking and SME customers will follow. As a result of the integration, the Issuer plans to close thirty ABN AMRO Bank Standalone and former FB(N) head and regional offices between 2010 and 2013.

### *Changes in prospects or financial position*

There has been no material adverse change in the Issuer's prospects since 31 December 2009.

There have been no significant changes in the financial position of the Issuer and its subsidiaries since 30 June 2010.

### *Capital Measures*

In June 2009 and July 2009, two capital actions were executed by the Dutch State acquired businesses of the Former ABN AMRO group: a EUR 800 million Mandatory Convertible Tier-1 Security with a coupon of 10% was issued to the Dutch State and a Credit Default Swap, also known as a capital relief instrument, was

executed with the Dutch State through which ABN AMRO Bank Standalone purchased credit protection on a specific portfolio of self originated high-quality Dutch residential mortgages amounting to EUR 34.5 billion.

In December 2009, two additional capital actions were executed with the Dutch State: the issue of two further Mandatory Convertible Securities totalling EUR 1.8 billion. On 1 April 2010, all three Mandatory Convertible Securities amounting in the aggregate to EUR 2.6 billion automatically converted into equity upon Legal Separation.

Furthermore, FB(N) executed a debt to equity swap amounting to EUR 1.35 billion with the Dutch State in December 2009. The swap comprised of two subordinated loans maturing in 2017 that were converted into equity.

Finally, ABN AMRO Group N.V. received a contribution on its shares held by the Dutch State in cash in the amount of EUR 490 million as a non-stipulated share premium (*niet-bedongen agio*) contribution without the issue of shares. With this capital contribution the capitalisation of the Issuer, as laid down in the letter to parliament of 19 November 2009, was completed.

#### *CEBS stress test*

On Friday 23 July 2010, the Issuer published a press release: 'ABN AMRO Bank successfully passes European stress test', confirming that the Issuer had successfully passed the European stress test to which it was subject in the context of the 2010 EU-wide stress testing exercise conducted under the mandate from the EU Council of Ministers of Finance (ECOFIN) and coordinated by Committee of European Banking Supervisors ("**CEBS**") in cooperation with the European Central Bank ("**ECB**"), national supervisory authorities and the European Commission.

The objective of the stress test exercise was to assess the overall resilience of the EU banking sector and the banks' ability to absorb further possible shocks on credit and market risks, including sovereign risks.

In its press release, the Issuer acknowledged the outcome of the EU-wide stress test for the Issuer and confirmed that the estimated stressed Tier 1 capital ratio of 10.3% in 2011 comfortably exceeded the minimum Tier 1 capital ratio of 6% as set by the CEBS under the scenario developed for the purpose of this EU-wide exercise. An additional sovereign risk scenario would have a further impact of 40 basis points on the estimated Tier 1 capital ratio, bringing it to 9.9% at the end of 2011.

The results of the stress test suggested a buffer of EUR 5,531 million of Tier 1 capital against the threshold of 6% of Tier 1 capital adequacy ratio for the Issuer agreed exclusively for the purposes of this exercise. This threshold should by no means be interpreted as a regulatory minimum (the regulatory minimum Bank for International Settlements ("**BIS**") ratio for the Tier 1 capital is set at 4%), nor as a capital target reflecting the risk profile of the Issuer determined as a result of the supervisory review process in pillar 2 of the EU Capital Requirements Directive.

The aggregated RWA and capital figures used for the stress test are based on the aggregation of the RWA and capital components of ABN AMRO Bank Standalone and FB(N) and therefore do not reflect the impact of the harmonisation of the determination of the RWA and capital components.

The results of the stress test were extensively discussed with and endorsed by the Dutch Central Bank. Given that the stress test was carried out under a number of key common simplifying assumptions (e.g. constant

balance sheet) and the information on the benchmark scenario is provided only for comparison purposes, the results of the stress test should in no way be construed as a forecast.

In the interpretation of the outcome of the exercise, it is imperative to differentiate between the results obtained under the different scenarios developed for the purposes of the EU-wide exercise. The results of the adverse scenario should not be considered as representative of the current situation or possible present capital needs. A stress testing exercise does not provide forecasts of expected outcomes since the adverse scenarios are designed as 'what-if' scenarios including plausible but extreme assumptions, which are therefore not likely to materialise. Different stresses may produce different outcomes depending on the circumstances of each institution.

#### *European Commission decision on call option to early redeem a subordinated note (FCC)*

On 16 August 2010, it was announced that the European Commission had as a matter of exception approved the call of the remaining EUR 87,489,000 6.25 per cent. Non-cumulative non-voting perpetual class A Series 1 preference shares issued by FCC (the "**FCC Securities**"). Due to the existence of a dividend pusher clause in the documentation of the FCC Securities linked to dividend payments made by Ageas N.V. and Ageas SA/NV, entities outside the control of the Issuer, the Dutch Central Bank (*De Nederlandsche Bank N.V.*) had taken the view that from a regulatory perspective the FCC Securities should be reclassified from Tier 1 capital to Tier 2 capital as of 1 July 2010. In order to prevent the FCC Securities from being reclassified to Tier 2, the Issuer decided to call for redemption of all outstanding FCC Securities on the next dividend payment date of 29 September 2010.

As the Issuer is a bank subject to state aid investigation, the Issuer and its subsidiaries are required to consult the European Commission in order to redeem capital instruments prior to legal maturity or to pay coupons. The European Commission had as a matter of exception determined that the request for early redemption of the FCC Securities could be reconciled with state aid rules, as it prevents the loss of Tier 1 capital.

The European Commission also stated that existing hybrid Tier 1 and Tier 2 instruments issued by ABN AMRO Group N.V. and its wholly owned subsidiaries are subject to a ban on payments of coupons, as well as a call restriction, unless there is a legal obligation to make such payments or exercise such call option, similar to other financial institutions involved in state aid proceedings. This ban is for a limited period up to and including 13 March 2013.

#### *Government and government-guaranteed debt exposures*

The Issuer has debt exposures to European governments and government-related entities. These exposures include debt issued by central governments and local governments and debt which is guaranteed by a central government. The exposures reported are part of the loan, trading and investment books. The table below details the major government and government-guaranteed debt exposures of ABN AMRO Group N.V. and/or its subsidiaries as at 30 June 2010:

## Presentation of financial information

### *Financial statements of ABN AMRO Bank Standalone*

The businesses of the Former ABN AMRO group acquired by the Dutch State were transferred (in majority) from the Former ABN AMRO Bank N.V. (now named RBS N.V.) to ABN AMRO Bank Standalone on 6 February 2010 and the EC Remedy transaction was completed on 1 April 2010. Consequently, ABN AMRO Bank Standalone's audited annual financial statements for the financial year started 9 April 2009 and ended 31 December 2009 do not reflect the assets and liabilities and the financial results of the Dutch State acquired businesses nor the EC Remedy transaction.

To allow debt investors to assess the impact of the legal separation from the Former ABN AMRO group, ABN AMRO Bank Standalone, apart from its audited annual financial statements for the financial year started 9 April 2009 and ended 31 December 2009 and its unaudited semi-annual financial statements 2010, also prepared and incorporated by reference, for illustrative purposes only, pro forma financial information for the financial year ending 31 December 2009 reflecting the businesses of the Former ABN AMRO group that were acquired by the Dutch State and that were substantially transferred to ABN AMRO Bank Standalone in the Legal Demerger. The pro forma financial information was prepared on the basis as if the Dutch State acquired businesses of the Former ABN AMRO group had already been transferred to ABN AMRO Bank Standalone or its consolidated subsidiaries as from 1 January 2009 and contains pro forma financial information on the financial years ending 31 December 2009 and 31 December 2008. The 2009 figures included in the pro forma financial information have been audited. The unaudited comparative figures 2008 have been derived from the audited ABN AMRO Holding N.V. Financial Statements 2008 and are consistent with the accounting policies as applied in ABN AMRO Holding N.V. Financial Statements 2008. Because of its nature, the audited pro forma financial information incorporated by reference herein addresses a hypothetical situation and therefore does not represent the actual financial position per 31 December 2009 or ABN AMRO Bank Standalone's income over 2009.

The pro forma consolidated financial information includes the assets and liabilities that have been sold to Deutsche Bank AG as part of the EC Remedy transaction that took place after the Legal Separation on 1 April 2010 and does not take into account the impact of this transaction on the results of ABN AMRO Bank Standalone. The impact on the results for ABN AMRO Bank Standalone have been accounted for in the second quarter of 2010.

The pro forma financial information excludes the assets and liabilities that have not yet been settled between the consortium shareholders, the so-called "**Shared Assets**", in which each of the consortium shareholders has a joint and indirect interest. The net value of the assets and liabilities constituting the Shared Assets are currently expected to remain for an interim period in RBS Holdings N.V.

The pro forma financial information and the annual financial statements for the financial year started 9 April 2009 and ended 31 December 2009 together comprise the Annual Review 2009 and are incorporated by reference herein.

Unless otherwise indicated therein, the financial information contained in the Annual Review 2009 has been prepared in accordance with International Financial Reporting Standards ("**IFRS**") as adopted by the European Union and IFRS as issued by the International Accounting Standards Board ("**IASB**").

The pro forma financial information has been prepared in conformity with Annex II of Commission Regulation (EC) 809/2004 of 29 April 2004 (as amended) (the "**Prospectus Regulation**"). ABN AMRO Bank Standalone's auditors have issued a report stating that in their opinion (a) the pro forma financial information has been properly compiled on the basis stated and (b) that basis is consistent with the accounting policies of ABN AMRO Bank Standalone.

#### *Financial statements of FB(N)*

In order to provide historical financial information about the business that has become part of the Issuer upon the Legal Merger taking effect, the Issuer has incorporated herein by reference the audited consolidated annual financial statements of FB(N) for the financial years ending 31 December 2009 and 31 December 2008 and the unaudited semi-annual financial statements 2010.

#### *Semi-annual financial statements 2010 of ABN AMRO Group N.V.*

The condensed interim financial statements are the first consolidated interim financial statements prepared by ABN AMRO Group N.V. consolidating the businesses of ABN AMRO Bank Standalone and FB(N) for the six-month period ended 30 June 2010.

The ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the audited financial statements as part of the ABN AMRO Bank N.V. Annual Review as at 31 December 2009 and as part of the FB(N) Annual Report as at 31 December 2009.

The legal and economic creation of the new ABN AMRO group headed by ABN AMRO Group N.V. took place in various different phases over the past period, ultimately resulting in the Legal Merger between ABN AMRO Bank Standalone and FB(N) as a subsidiary of ABN AMRO Group N.V. at 1 July 2010. The different steps leading to the creation of the new ABN AMRO Group have been accounted for in the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010.

The combination of ABN AMRO Group N.V. and ABN AMRO Bank Standalone can be regarded as a continuation of the financial history of the Dutch State-acquired businesses of the Former ABN AMRO group, because ABN AMRO Group N.V. did not constitute a business as of the date ABN AMRO Bank Standalone was acquired. As a result, the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 include the results of ABN AMRO Bank Standalone for the full six-month period ended 30 June 2010, as if the combination of ABN AMRO Group N.V. and ABN AMRO Bank Standalone has existed in its current form since 1 January 2010. Comparative information has been included for 2009 in the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010.

The subsequent acquisition by ABN AMRO Group N.V. of FB(N) qualifies as a transaction under common control and has therefore been accounted for without application of IFRS 3 Business Combinations. As a result, the assets, liabilities and contingent liabilities of ABN AMRO Bank Standalone and FB(N) have been recognised by ABN AMRO Group N.V. at their existing book values at the moment of acquisition and no goodwill has been recognised by ABN AMRO Group N.V. Therefore, the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 include the financial results of FB(N) for the full six months ended 30 June 2010, as if the two banks have been together since 1 January 2010. Comparative information has been included for 2009 in the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010.

A common set of accounting policies and principles has been defined for the new ABN AMRO group headed by ABN AMRO Group N.V. To that end, the accounting policies and principles of ABN AMRO Bank Standalone and FB(N) have been harmonised. Any adjustment as a result of a change in accounting policies for one of the two banks has been adjusted in the opening equity as at 1 January 2009. The net impact of the harmonisation has remained insignificant to the opening equity as at 1 January 2009 and the income statement. More details of the effect of the accounting policy harmonisation are provided in the section 'Accounting policy harmonisation' in the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010.

To align with the classification of line items as defined for the new ABN AMRO group headed by ABN AMRO Group N.V., certain line items of ABN AMRO Bank Standalone and FB(N) have been reclassified.

The ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 are prepared on a mixed model valuation basis as follows:

- fair value is used for: derivative financial instruments, financial assets and liabilities held for trading or designated as measured at fair value through income, and available-for-sale financial assets;
- other financial assets (including 'loans and receivables') and liabilities are valued at amortised cost less any impairment if applicable;
- the carrying value of assets and liabilities measured at amortised cost included in a fair value hedge relationship is adjusted with respect to fair value changes resulting from the hedged risk;
- non-financial assets and liabilities are generally stated at historical cost.

The financial information contained in the ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 has been prepared in accordance with IFRS as adopted by the European Union.

The ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 discloses more details than strictly needed by IFRS to be able to present the consolidated figures of ABN AMRO Group N.V. for the first time. Future interim financial reports may not be as extensive.

The ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 include the operating results and the transaction result upon sale of the Divestment Business pursuant to the EC Remedy until the moment of completion of the sale. In these financial statements the activities disposed of under the EC Remedy have not been classified as discontinued operations.

The ABN AMRO Group N.V. reviewed condensed consolidated semi-annual financial statements 2010 exclude the Shared Assets, in which each of the consortium shareholders has a joint and indirect interest. The net value of the assets and liabilities constituting the Shared Assets are currently expected to remain for an interim period in RBS Holdings N.V.

The sale of Intertrust was completed at the end of 2009 and therefore the results of Intertrust are included in the 2009 results and balance sheet. Prime Fund Solutions is included in the financials up to the pending completion of the announced sale.

In reading the Standalone Financial Information 2009/2008, investors should note that differences exist in the application of certain accounting policies, estimates and classification of certain line items in respect of ABN AMRO Bank Standalone and FB(N). - does not take into account certain items which have been eliminated on the consolidation of ABN AMRO Bank Standalone's and FB(N)'s reported results of operations and financial position following the Legal Merger;

- do not take into account the effect of any synergies that may result from integration activities.

### 1. GENERAL

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws of practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership, transfer or exercise of any Securities.

The Purchasers should be aware that tax treatment depends on the individual circumstances of each client and may be subject to change in the future.

### 2. THE NETHERLANDS

The following paragraph, which is intended as a general guide only, is based on current law and practice in The Netherlands. All payments by the Issuer in respect of the Securities will be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless such withholding is, in the future, required by law.

The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories

**Description of the Securities**

Reverse exchangeable securities are interest bearing investment instruments which, at maturity, either, at the option of the Issuer (i) pay a cash amount equal to the nominal amount of the relevant reverse exchangeable security, less certain expenses (the "**Cash Amount**"); or (ii) pay a cash amount equal to the value of the underlying stock or index (including in the case of an index, the index and its constituent elements) (together, the "**Underlying**") or deliver the Underlying, in each case, subject to the terms of the relevant reverse exchangeable security. The types of reverse exchangeable securities that may be issued under this Base Prospectus are described below.

Single stock reverse exchangeable securities are interest bearing securities which could (I) provide an option to the Issuer to redeem the securities on the relevant maturity date, as specified in the applicable Final Terms, either (i) by payment of the Cash Amount; or (ii) by physical delivery of the share amount, as specified in the applicable Final Terms or (II) redeem at the Cash Amount or share amount depending upon the closing price of the share.

Worst of basket reverse exchangeable securities are interest bearing securities, to be redeemed at the option of the Issuer on the relevant settlement date, as specified in the applicable Final Terms, either (i) by payment of the Cash Amount; or (ii) by physical delivery of a number of the least performing share, as determined by the Calculation Agent, comprised in the basket of shares, as specified in the applicable Final Terms.

Single stock knock-in reverse exchangeable securities are interest bearing securities, to be redeemed at the option of the Issuer on the relevant maturity date, as specified in the applicable Final Terms, by (i) payment of the Cash Amount if a knock-in event has not occurred (such event occurs if the price of the relevant stock specified in the applicable Final Terms is less than or equal to the knock-in level, being a predetermined level, during a particular period); or (ii) where a knock-in event has occurred, either by payment of the Cash Amount or by the physical delivery of the relevant number of shares.

Single stock knock-out reverse exchangeable securities are similar to single stock knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount. If a knock-out event has not occurred, the Issuer has the option to redeem the securities by payment of the Cash Amount or by physical delivery of the relevant number of shares.

Basket knock-in reverse exchangeable securities are similar to single stock knock-in reverse exchangeable securities, the difference being that if the Issuer elects to redeem the securities by way of physical delivery, the number of shares to be delivered, as determined by the Calculation Agent, shall be calculated by reference to the price of each share comprised in the relevant basket on the pricing date and its respective weighting, each as specified in the applicable Final Terms.

Basket knock-out reverse exchangeable securities are similar to basket knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount. If a knock-out event has not occurred, the Issuer has the option to redeem the securities by payment of the Cash Amount or by physical delivery of the relevant number of shares.

Index reverse exchangeable securities are cash settled interest bearing securities which provide an option to the Issuer to redeem the securities on the relevant maturity date, as specified in the applicable Final Terms, for an amount equal to either (i) the Cash Amount; or (ii) the index amount, being an amount calculated by the Calculation Agent using a formula specified in the relevant Product Conditions and is dependent on the performance of the relevant index during the life of the securities.

Index knock-in reverse exchangeable securities are similar to index reverse exchangeable securities, the difference being that if a knock-in event has not occurred (such event occurs if the price of the relevant index specified in the applicable Final Terms is less than or equal to the knock-in level, being a predetermined level, during a particular period) the securities will be redeemed by payment of the Cash Amount.

Index knock-out reverse exchangeable securities are similar to index knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount.

Commodity reverse exchangeable securities are cash settled interest bearing securities which provide an option to the Issuer to redeem the securities on the relevant maturity date, as specified in the applicable Final Terms, for an amount equal to either (i) the Cash Amount; or (ii) the commodity amount, being an amount calculated by the Calculation Agent using a formula specified in the relevant Product Conditions and is dependent on the performance of the relevant commodity during the life of the securities.

Certificate reverse exchangeable securities are interest bearing securities which redeem at the Cash Amount or certificate amount depending upon the closing price of the certificate.

## FORM OF THE SECURITIES

---

Each Tranche of Securities (unless otherwise indicated in the applicable Final Terms) can be represented by a temporary global security (the “Temporary Global Security”) or, if so specified in the applicable Final Terms, a permanent global security (the “Permanent Global Security”, together with the Temporary Global Securities, the “Global Security” and each a “Global Security”), without receipts, interest coupons or talons, which in either case, will be delivered to a common depository (the “Common Depository”) for Euroclear and Clearstream, Luxembourg and/or any other agreed clearing system or (ii) be deposited with Euroclear Netherlands.

Whilst any Security is represented by a Temporary Global Security and subject to TEFRA D selling restrictions, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Security only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Security are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant clearing system(s) and the relevant clearing system(s) have given a like certification (based on the certifications they have received) to the Agent. Any reference in this section to the relevant clearing system(s) shall mean the clearing and/or settlement system(s) specified in the applicable Final Terms.

On and after the date (the “Exchange Date”) which is not less than 40 days nor (if the Temporary Global Security has been deposited with Euroclear Netherlands) more than 90 days after the date on which the Temporary Global Security is issued, interests in the Temporary Global Security will be exchangeable (free of charge), upon request as described therein, either for interests in a Permanent Global Security without receipts, interest coupons or talons or for definitive Securities (as indicated in the applicable Final Terms) in each case (if the Securities are subject to TEFRA D selling restrictions) against certification of beneficial ownership as described in the second sentence of the preceding paragraph. The holder of a Temporary Global Security will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Security for an interest in a Permanent Global Security or for definitive Securities is improperly withheld or refused.

Where a Temporary Global Security representing a further Tranche of Securities is issued, the Securities of such Tranche shall be assigned an ISIN and a common code by Euroclear and Clearstream, Luxembourg which are different from the ISIN and common code assigned to Securities of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Securities of such Tranche.

Payments of principal and interest (if any) on a Permanent Global Security will be made through the relevant clearing system(s) against presentation or surrender (as the case may be) of the relevant Permanent Global Security without any requirement for certification. Definitive Securities will be either in the standard euromarket form, in K-form (including *verzamelbewijs*) (with Coupons) and/or in CF-form (with Coupon sheets). Definitive Securities and Global Securities will be to bearer. Securities in K-form may, if applicable, have Talons for further Coupons attached but will not be issued with Receipts attached. Securities in CF-form will have neither Talons nor Receipts attached on issue and will be governed by the rules of the “*Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V.*” in Amsterdam.

A Permanent Global Security will be exchangeable (free of charge), in whole in accordance with the applicable Final Terms, for security printed definitive Securities with, where applicable, receipts, interest coupons or coupon sheets and talons attached. Such exchange may be made only upon the occurrence of an Exchange Event. An “Exchange Event” means that the Issuer has been notified that both Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an

intention permanently to cease business or has in fact done so and no successor clearing system is available. The Issuer will promptly give notice to Security holders in accordance with General Condition 4 upon the occurrence of an Exchange Event. In the event of the occurrence of an Exchange Event any holder of an interest in the Global Security may give notice to the Clearing Agent requesting exchange. Any such exchange shall occur no later than 15 days after the date on which the relevant notice is received by the Clearing Agent.

In case of Securities represented by a Permanent Global Security deposited with Euroclear Netherlands, a Security holder shall not have the right to request delivery (“*uitlevering*”) of his Securities under the Dutch Securities Giro Transfer Act (“*Wet giraal effectenverkeer*”) other than on the occurrence of an Exchange Event as described above.

The following legend will appear on all Global Securities, definitive Securities, receipts and interest coupons (including talons) which are subject to TEFRA D selling restrictions:

*“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code of 1986.”*

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Securities, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Securities, receipts or interest coupons.

The following legend will appear on all Global Securities held through Euroclear Netherlands:

*“Notice: This Security is issued for deposit with Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V. (“Euroclear Netherlands”) at Amsterdam, The Netherlands. Any person being offered this Security for transfer or any other purpose should be aware that theft or fraud is almost certain to be involved.”*

## CONDITIONS: GENERAL CONDITIONS

---

*The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Final Terms. The Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities and attached to any Global Security representing the Securities.*

### 1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the applicable Final Terms. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

### 2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

### 3. TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

### 4. NOTICES

- (a) **Validity.** Unless otherwise specified in the applicable Final Terms, announcements to Holders will be valid if delivered by the Issuer to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such announcement to the Holders.
- (b) **Delivery.** Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the day following the date first delivered to a Clearing Agent) or, if published as specified in the applicable Final Terms on the date of such publication (and if published in more than one country then on the date first published).

### 5. HEDGING DISRUPTION

- (a) **Notification.** The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it

determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).

- (b) **Hedging Disruption Event.** A “**Hedging Disruption Event**” shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a “**Relevant Hedging Transaction**”) it deems necessary or desirable to hedge the Issuer's obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
- (i) any material illiquidity in the market for the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
  - (ii) a change in Applicable Law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
  - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
  - (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.
- (c) **Consequences.** The Issuer, in the event of a Hedging Disruption Event, may, in its sole discretion, determine to:
- (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
  - (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
  - (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant

Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any Affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original Series of Securities.

In this General Condition 6(a) “**Affiliate**” means any entity controlled directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer, or any entity under common control with the Issuer. As used herein “**control**” means the ownership of a majority of the voting power of the entity and “**controlled by**” and “**controls**” shall be construed accordingly.

- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single Series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

- (a) Determinations. Any determination made by the Issuer shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) Modifications. The Issuer may, without the consent of the Holders or any of them, modify any provision of the Conditions which is: (i) of a formal, minor or technical nature; (ii) made to correct a manifest error; or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company (the “**Substitute**”), being any subsidiary, affiliate or legal successor(s) of the Issuer, subject to: (i) the obligation of the Substitute under the Securities being guaranteed by the Issuer; (ii) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect; and (iii) the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4. In the event of any

substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

## 9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

## 10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have been given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued. This General Condition will not apply to Securities issued in dematerialised form.

## 11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the Adjustment Date specified in such notice, certain terms of the Securities shall be redenominated in euro. The election will have effect as follows:

- (1) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
- (2) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a National Currency Unit (the “**Original Currency**”) of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and

- (3) such other changes shall be made to the Conditions as the Issuer may decide to conform them to conventions then applicable to instruments expressed in euro.
- (b) **Adjustment to Conditions.** The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with General Condition 4 make such adjustments to the Conditions as the Issuer may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Conditions.
- (c) **Euro Conversion Costs.** Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.
- (d) **Definitions Relating to European Economic and Monetary Union.** In this General Condition, the following expressions have the meanings set out below.

“**Adjustment Date**” means a date specified by the Issuer in the notice given to the Holders pursuant to this Condition which falls on or after the date on which the country of the Original Currency or, as the case may be, the Settlement Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

“**Established Rate**” means the rate for the conversion of the Original Currency or, as the case may be, the Settlement Currency (including compliance with rules relating to rounding in accordance with applicable European community regulations) into euro established by the Council of the European Union pursuant to Article 123 of the Treaty;

## 12. AGENTS

- (a) **Principal Agent and Agents.** The Issuer reserves the right at any time to vary or terminate the appointment of any agent (the “**Agent**”) and to appoint further or additional Agents, provided that no termination of appointment of the principal agent (the “**Principal Agent**”) shall become effective until a replacement Principal Agent shall have been appointed and provided that, if and to the extent that any of the Securities are listed on any stock exchange or publicly offered in any jurisdiction, there shall be an Agent having a specified office in each country required by the rules and regulation of each such stock exchange and each such jurisdiction and provided further that, if and to the extent that any of the Securities are in registered form, there shall be a Registrar and a Transfer Agent (which may be the Registrar), if so specified in the relevant Product Conditions. Notice of any appointment, or termination of appointment, or any change in the specified office, of any Agent will be given to Holders in accordance with General Condition 4. Each Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders or any of them. Any calculations or determinations in respect of the Securities made by an Agent shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) **Calculation Agent.** The Issuer, acting through its address specified in the applicable Final Terms, shall undertake the duties of calculation agent (the “**Calculation Agent**” which

expression shall include any successor calculation agent) in respect of the Securities unless the Issuer decides to appoint a successor Calculation Agent in accordance with the provisions below.

The Issuer reserves the right at any time to appoint another institution as the Calculation Agent provided that no termination of appointment of the existing Calculation Agent shall become effective until a replacement Calculation Agent shall have been appointed. Notice of any termination or appointment will be given to the Holders in accordance with General Condition 4.

The Calculation Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders. Any calculations or determinations in respect of the Securities made by the Calculation Agent (whether or not the Issuer) shall (save in the case of manifest error) be final, conclusive and binding on the Holders.

The Calculation Agent may, with the consent of the Issuer (if it is not the Issuer), delegate any of its obligations and functions to a third party as it deems appropriate.

#### 13. SURRENDER OF UNMATURED COUPONS

Each Security should be presented for redemption, where applicable, together with all unmatured Coupons relating to it. Upon the due date for redemption of any Security, where applicable, all unmatured Coupons relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof. This General Condition will not apply to Securities issued in dematerialised form.

#### 14. GOVERNING LAW AND JURISDICTION

- (a) The Conditions and any non-contractual obligations arising out of or in connection with these Conditions are governed by and shall be construed in accordance with the laws of The Netherlands.
- (b) The courts of Amsterdam, The Netherlands, have exclusive jurisdiction to settle any dispute (a “**Dispute**”) arising from or in connection with the Securities (including a dispute relating to any non-contractual obligations arising out of or in connection with these Conditions).
- (c) Subparagraph (b) is for the benefit of the Holders only. As a result, nothing prevents any Holder from taking proceedings relating to a Dispute (“**Proceedings**”) in any other courts with jurisdiction. To the extent allowed by law, Holders may take concurrent Proceedings in any number of jurisdictions.

#### 15. COMMISSIONS, FEES AND REBATES

From time to time, the Issuer may make payments or receive the benefit of payments in relation to the issue of Securities including the following:

Each potential investor in the Securities should satisfy itself as to the amount of any fees or commissions received by intermediaries.

- (b) The Issuer may receive or pay management or other fees from or to third parties. Where such fees are payable, further details of them will be set out in the relevant Product Conditions.
- (c) The Issuer may make payments to or receive the benefit of generic commission, discount and rebate arrangements from Hedge Providers and other transaction counterparties. Such arrangements will be as agreed between the Issuer and the third parties.

The Issuer reserves the right to retain any amounts received without any obligation to pass the benefit of the rebates to investors in the Securities.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the "**Temporary Global Security**") or a permanent global security (the "**Permanent Global Security**", together with the Temporary Global Securities, the "**Global Security**" and each a "**Global Security**") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term "**Holder**" shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions, the term "**Holder**" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) **SIX SIS Ltd as Clearing Agent.** If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "**Dematerialised Securities**") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "**Intermediated Securities**") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "**FISA**").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "**Custodian**"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions, the term "**Holder**"

means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) by delivery of the Share Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day. The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to settle the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the

Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) **Notice.** If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the

number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;

- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) specify the Delivery Details.
  - (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
  - (j) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
  - (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such

other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (l) **Determinations.** Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Shares during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The

Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
  - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and

- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
  - (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

**“Merger Event”** means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

**“Nationalisation”** means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

**“Insolvency”** means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such

request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term "**Holder**" shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions, the term "**Holder**" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) **SIX SIS Ltd as Clearing Agent.** If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "**Dematerialised Securities**") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "**Intermediated Securities**") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "**FISA**").

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount, if the Final Reference Price is equal to or greater than the Strike Price; or
- (2) by delivery of the Share Amount, if the Final Reference Price less than the Strike Price,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

If the Securities are redeemed in accordance with Product Condition 3(a)(2) above, and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each

relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) **Notice.** If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the

number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;

- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;

As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) specify the Delivery Details.
  - (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
  - (j) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
  - (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such

other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (l) **Determinations.** Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Shares during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The

Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
  - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and

- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
  - (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

**“Merger Event”** means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

**“Nationalisation”** means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

**“Insolvency”** means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such

request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) by delivery of the Share Amount,

such redemption to occur, subject as provided below, on the Settlement Date.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period,

the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.

- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment relating to any fraction of a Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) Notice. If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent a duly completed notice

(the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) specify the Delivery Details.

- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Settlement Date (the date of delivery in relation to a Share Amount whether on or after the Settlement Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the Holder until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of the Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Valuation Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) Intervening Period. If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent

beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.

- (n) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) Settlement Disruption. If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise);

- (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the “**Temporary Global Security**”) or a permanent global security (the “**Permanent Global Security**”, together with the Temporary Global Securities, the “**Global Security**” and each a “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system

of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer, provided that no Knock-in Event has occurred in respect of each Nominal Amount, at the Cash Amount. Where a Knock-in Event has occurred, each Security will be redeemed at the sole option of the Issuer, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) by delivery of the Share Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to settle the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) Notice. If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the

Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent, a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) specify the Delivery Details.

- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) Intervening Period. If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent

beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.

- (n) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) Settlement Disruption. If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise);

- (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

## 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the “**Temporary Global Security**”) or a permanent global security (the “**Permanent Global Security**”, together with the Temporary Global Securities, the “**Global Security**” and each a “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system

of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions and provided that no Knock-out Event has occurred, each Security will be redeemed by the Issuer, at the sole option of the Issuer, in respect of each Nominal Amount:
  - (1) at the Cash Amount; or
  - (2) by delivery of the Share Amount.

If a Knock-out Event has occurred, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to settle the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) Notice. If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the

Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent, a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque; and
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (6) specify the Delivery Details.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) Intervening Period. If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share

Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.

- (n) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) Settlement Disruption. If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise);

- (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) **Interest Amount.** In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) **Interest Accrual.** Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) **Method of Payment.** Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) Notice. If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security), in each case with a copy to the Principal Agent, a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (6) specify the Delivery Details.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) Intervening Period. If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share

Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.

- (n) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) Settlement Disruption. If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise);

- (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the “**Temporary Global Security**”) or a permanent global security (the “**Permanent Global Security**”, together with the Temporary Global Securities, the “**Global Security**” and each a “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and

regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions and provided that no Knock-out Event has occurred, each Security will be redeemed, at the sole option of the Issuer, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) by delivery of the Share Amount.

If a Knock-out Event has occurred, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to settle the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the fraction of Share (if any) has been

delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) **Interest Amount.** In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) **Interest Accrual.** Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) **Method of Payment.** Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) Notice. If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security), in each case with a copy to the Principal Agent, a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (6) specify the Delivery Details.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) Intervening Period. If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share

Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.

- (n) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) Settlement Disruption. If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise);

- (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the **“Temporary Global Security”**) or a permanent global security (the **“Permanent Global Security”**, together with the Temporary

Global Securities, the “**Global Security**” and each a “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) **SIX SIS Ltd as Clearing Agent.** If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) at the Index Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to redeem the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the Index Amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any Index Amount is postponed due to the occurrence of a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, Index Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, Index Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, Index Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, Index Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount and the Index Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security

shall be the only person entitled to receive payments of the Cash Amount, Index Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Index Amount or the Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:

- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If: (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of: (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; or (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to issue further notes, to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the "**Temporary Global Security**") or a permanent global security (the "**Permanent Global Security**", together with the Temporary Global Securities, the "**Global Security**" and each a "**Global Security**") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term "**Holder**" shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions, the term "**Holder**" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) **SIX SIS Ltd as Clearing Agent.** If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "**Dematerialised Securities**") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "**Intermediated Securities**") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "**FISA**").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "**Custodian**"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions, the term "**Holder**"

means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions and provided that no Knock-in Event has occurred, each Security will be redeemed at the Cash Amount. Where a Knock-in Event has occurred, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) at the Index Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to redeem the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the Index Amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any Index Amount is postponed due to the occurrence of a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, Index Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, Index Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, Index Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, Index Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount and the Index Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, Index Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Index Amount or the Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not

constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If: (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
  - (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of: (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend

on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; or (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to issue further notes, to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the "**Temporary Global Security**") or a permanent global security (the "**Permanent Global Security**", together with the Temporary Global Securities, the "**Global Security**" and each a "**Global Security**") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount (as the case may be) of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term "**Holder**" shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions, the term "**Holder**" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) **SIX SIS Ltd as Clearing Agent.** If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "**Dematerialised Securities**") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "**Intermediated Securities**") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "**FISA**").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "**Custodian**"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions, the term "**Holder**"

means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions and provided that no Knock-out Event has occurred, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) at the Index Amount.

If a Knock-out Event has occurred, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to redeem the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the Index Amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any Index Amount is postponed due to the occurrence of a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, Index Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, Index Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, Index Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, Index Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount and the Index Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, Index Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Index Amount or the Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not

constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If: (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
  - (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of: (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend

on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; or (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to issue further notes, to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities can be represented by a temporary global security (the “**Temporary Global Security**”) or a permanent global security (the “**Permanent Global Security**”, together with the Temporary Global Securities, the “**Global Security**” and each a “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be

treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) **SIX SIS Ltd as Clearing Agent.** If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) **Redemption on the Maturity Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:
  - (1) at the Cash Amount; or
  - (2) at the Commodity Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to redeem the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the Commodity Amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any Commodity Amount is postponed due to the occurrence of a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, Commodity Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, Commodity Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, Commodity Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, Commodity Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount and the Commodity Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, Commodity Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Commodity Amount or the Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

A “**Market Disruption Event**” means:

- (viii) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or
  - (ix) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.
- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

No interest shall accrue after the Maturity Date in the event that delivery of any Certificate Amount or payment of any fraction of Certificate is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made

in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Certificate Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Certificates.
- (h) **Notice.** If the Securities are to be redeemed by delivery of the Certificate Amount then, in order to obtain delivery of the Certificate Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the

payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;

- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
  - (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
  - (6) specify the Delivery Details.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Certificate Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Certificate Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Certificate Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Certificates comprised in the Certificate Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Certificates, and shall hold the proceeds (the “**Realised Certificate Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Certificate Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.

- (j) **Verification.** In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) **Delivery of the Certificate Amount.** Subject as provided in the Conditions, the delivery of the Certificate Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Certificates or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. Where an amount equal to the value of the outstanding undelivered fraction of the Certificates is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) **Determinations.** Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Certificate Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Certificates comprising the relevant Certificate Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Certificates (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Certificates during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Certificates or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Certificates during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Certificate Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Certificates executed on the Maturity Date and to be delivered in the same manner as such Certificate Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Certificate Amount and prior to delivery of the Certificate Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Certificate Amount is not

practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Certificate Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificate on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:

- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any event that may have a diluting or concentrative effect on the theoretical value of the Certificates.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "**Custodian**"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions, the term "**Holder**"

means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer, provided that no Knock-in Event has occurred in respect of each Nominal Amount, at Cash Amount 1. Where a Knock-in Event has occurred, each Security will be redeemed in respect of each Nominal Amount:

- (1) at Cash Amount 1 if the Final Reference Price is equal to or greater than the Initial Reference Price; and otherwise
- (2) at Cash Amount 2,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, on the next succeeding Business Day.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global

Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, or the Interest Amount. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading

imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to

each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

**“Merger Event”** means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation, or merger of a Share Company with or into another entity (other than a consolidation, amalgamation, or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
