€2,000,000,000

EURO MEDIUM TERM NOTE PROGRAMME

On May 20, 1999 N.V. Luchthaven Schiphol ("Schiphol Group") entered into a €500,000,000 Euro Medium Term Note Programme (as supplemented and amended, the "Programme"). On December 28, 2001 Schiphol Nederland B.V. ("Schiphol Nederland") was substituted in place of Schiphol Group in respect of the outstanding Notes issued under the Programme and Schiphol Group became a guarantor in respect of such Notes. As from March 8, 2002, each of Schiphol Nederland and Schiphol Group (together the "Issuers" and each an "Issuer") became an issuer under the Programme. This Prospectus supersedes the prospectus dated May 15, 2013. Any Notes (as defined below) issued under the Programme on or after the date of this Prospectus are issued subject to the provisions set out herein. This Prospectus does not affect any Notes already issued or any Notes issued after the date hereof and forming a single Series (as defined below) with Notes issued prior to the date hereof.

Under the Programme, each of the Issuers may from time to time issue notes (the "Notes") denominated in any currency agreed between the relevant Issuer and the relevant Dealer (as defined below).

The payment of all amounts owing in respect of the Notes issued by Schiphol Group will be unconditionally and irrevocably guaranteed by Schiphol Nederland (in its capacity as guarantor, a "Guarantor") and the payment of all amounts owing in respect of the Notes issued by Schiphol Nederland will be unconditionally and irrevocably guaranteed by Schiphol Group (in its capacity as guarantor, a "Guarantor").

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €2,000,000,000 (or its equivalent in other currencies calculated as described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "Overview of the Programme" and any additional Dealer appointed under the Programme from time to time (each a "Dealer" and together the "Dealers"), which appointment may be for a specific issue or on an ongoing basis. References in this Prospectus to the "relevant Dealer" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe for such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "Risk Factors".

Application has been made for the admission to listing on NYSE Euronext in Amsterdam ("Euronext Amsterdam") for Notes issued under the Programme up to the expiry of 12 months from the date of this Prospectus. References in this Prospectus to Notes being "listed" (and all related references) shall mean that such Notes have been admitted to trading and have been listed on Euronext Amsterdam. Euronext Amsterdam is a regulated market for the purposes of Directive 2004/39/EC (the Markets in Financial Instruments Directive, "MIFID"). Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "Terms and Conditions of the Notes") of Notes will be set out in a final terms (the "Final Terms") which, with respect to Notes to be listed on Euronext Amsterdam, will be delivered to Euronext Amsterdam on or before the date of issue of the Notes of such Tranche.

At the date of this Prospectus, the Issuers have requested that the Netherlands Authority for the Financial Markets (*Autoriteit Financiële Markten*, "AFM") in its capacity as the competent authority in the Netherlands (the "Competent Authority") send to the Financial Conduct Authority in its capacity as competent authority in the United Kingdom (the "UK Listing Authority") (i) a copy of this Prospectus and (ii) a certificate of approval pursuant to Article 18 of the Prospectus Directive (as defined below) attesting that the Prospectus has been drawn up in accordance with national law implementing the Prospectus Directive.

In addition, the Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s) as may be agreed between the relevant Issuer and the relevant Dealer. Each Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

In the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

The Issuers have been rated A1 by Moody's Investors Service Ltd. ("Moody's") and A+ by Standard and Poor's Credit Market Services Europe Limited ("S&P"). The Programme has been rated (P)A1 (Senior Unsecured) by Moody's and A by S&P. Each of Moody's and S&P is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended) (the "CRA Regulation"). Notes issued under the Programme may be rated or unrated by either of the rating agencies referred to above or by any other rating agency as specified in the Final Terms. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by the relevant rating agency. RISK FACTORS

Each of Schiphol Group and Schiphol Nederland believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and neither Schiphol Group nor Schiphol Nederland is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Each of Schiphol Group and Schiphol Nederland believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of Schiphol Group and Schiphol Nederland to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by Schiphol Group and Schiphol Nederland based on information currently available to them or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Factors that may affect the relevant Issuer's ability to fulfil its obligations under Notes issued under the Programme and the relevant Guarantor's ability to fulfil its obligations under the relevant Guarantee

Dependence on the number and type of aircraft and passengers

A key factor affecting Schiphol Group's financial performance and business prospects is the number and type of passengers and aircraft using its airports and the level of demand for air travel, which affect the level of income generated by each of Schiphol Group's business areas. Such numbers, type and level of demand vary depending on several factors, many of which are beyond Schiphol Group's control, including domestic and global macroeconomic developments (such as the ongoing financial and economic crisis amongst others in Europe), demographic developments, socio-economic developments like the Arab Spring in 2011, developments in the airline industry, fluctuations in oil prices, taxation and emission regulation, decisions by airlines as to the size of aircraft used on certain routes and the destinations to be served from Amsterdam Airport Schiphol, and competition from other airports and modes of transportation.

As a high proportion of air travel to and from Amsterdam Airport Schiphol is international, Schiphol Group's business at the airport is sensitive to economic developments beyond the Netherlands, and currency exchange rates between the Euro and other currencies can affect the average spend per passenger and impact retail revenue in the Consumer Products & Services business area.

Adverse developments in one or more of the factors mentioned above could have a negative effect on the development of the number and type of passengers and aircraft using Schiphol Group's airports, the amounts passengers spend and Schiphol Group's business, results of operations, prospects and financial condition.

There can be no assurance that future growth in passenger levels and aircraft movements at Schiphol Group's airports will be at rates comparable to those achieved in the past.

Dependence on the real estate market

A significant share of Schiphol Group's business comprises commercial real estate. Adverse economic developments could have a negative effect on the real estate business. Furthermore, Schiphol Group values the commercial properties in its real estate portfolio on an annual basis. The valuation of Schiphol Group's commercial property portfolio is based on its market value and is subject to local real estate market conditions, including amongst others demand for commercial property space, movements in

interest rates and inflation. Changes in market conditions, in particular in the Netherlands and Italy, could affect the future value of Schiphol Group's property portfolio and the revaluation results which are accounted for in the profit and loss account.

An example of such change in market conditions, was a sharp deterioration in market conditions in Italy which contributed to a reduction of EUR 32 million in the fair value of the real estate in Italy in 2012. In 2013, Schiphol Group recorded a further reduction in fair value of the Italian real estate activities of EUR 4.5 million.

Dependence on Amsterdam Airport Schiphol location

Amsterdam Airport Schiphol is the main asset of Schiphol Group and the focal point for Schiphol Group's Aviation, Consumer Products & Services and Real Estate business areas. Nearly all of Amsterdam Airport Schiphol's business operations are located in a relatively small geographic area near Amsterdam. If Amsterdam Airport Schiphol was subject to a flood, fire or other natural disaster, terrorist attack, an accident involving an aircraft or infrastructure failure, a power loss or other event, the airport's operations and revenues could be materially and adversely affected, which would in turn have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition.

Dependence on Air France – KLM & ACM investigation

Air France - KLM, including its alliance partners, plays a key role at Amsterdam Airport Schiphol, which serves as one of the two hubs together with Paris - Charles de Gaulle Airport. Schiphol Group expects that Air France - KLM will continue to account for a substantial portion of its operating income and the passenger and cargo traffic and air transport movements at Amsterdam Airport Schiphol for the foreseeable future. In particular, the number of transfer passengers is highly dependent on Air France - KLM.

As a result of the above, Air France - KLM has a significant influence on Schiphol Group's aviation and commercial activities. A decision by Air France - KLM to restructure its route network or otherwise place less emphasis on Amsterdam Airport Schiphol, a shift in business strategy by Air France - KLM, or a material deterioration of the financial position of Air France - KLM, could adversely affect passenger and cargo throughput and the number of air transport movements at Amsterdam Airport Schiphol, as well as the number of destinations served by the airport.

Commercial or operational differences of opinion may have an adverse impact on the relationship with Air France-KLM.

Finally, the close cooperation between Schiphol and KLM has triggered an investigation by the Dutch Authority Consumers and Market (*Autoriteit Consument & Markt*, or "ACM"). The ACM investigates whether the close cooperation has affected the position of other airline operators in a way that is contrary to the competition law rules. The investigation is ongoing and Schiphol is not aware of the ACM's findings so far. If the ACM finds an infringement of the competition law rules, it can impose penalties on Schiphol.

Air traffic control

According to the International Air Transport Association ("IATA"), international scheduled passenger traffic in Europe is expected to continue to rise. To address this issue, Eurocontrol (the European air traffic control organisation of which Air Traffic Control The Netherlands (*Luchtverkeersleiding Nederland*) ("LVNL") is a member) has initiated numerous programmes to increase flight capacity through new technology and practices and through measures to harmonise European airspace (Single European Sky Programme and Airport Collaborative Decision Making Programme). Without efficient increases in flight capacity over Europe, the business operations of most European airlines and airports could be adversely affected by delays and sub-optimal flight paths. This in turn will directly affect the scheduling and capacity that Schiphol Group can deliver at Amsterdam Airport Schiphol and Schiphol Group's ability to maintain or increase passenger and cargo traffic.

Competition

Competition among airports is increasing. Amsterdam Airport Schiphol faces competition for origin/destination passengers from other airports in its catchment area, and for transfer passengers and cargo from a number of European airports, as well as from airports in other regions such as the Middle East. In the case of short-haul travel, it also faces competition from other modes of transport.

Retail operators at Amsterdam Airport Schiphol are facing competition from online retailers, requiring them to adapt to sometimes rapidly changing purchasing behaviour displayed by consumers to prevent retail business opportunities from being missed. Schiphol's parking activities also face increased competition from local car parking offerings in the vicinity of Amsterdam Airport Schiphol.

In the competitive environment in which Schiphol Group operates, there can be no assurance that it will be able to maintain or increase its competitive position.

Third parties

The operation of Schiphol Group's airports is largely dependent on the services of third parties, such as air traffic control authorities, airlines, ground handling companies and transport providers, and on public bodies such as customs and immigration authorities and airport police. Schiphol Group is not responsible for, and can only exercise limited control over, the services provided by these parties.

Any disruption in the operations of these parties or adverse consequence resulting from their activities may have a material adverse effect on the accessibility and operation of Schiphol Group's airports and on its business, results of operations, prospects and financial condition.

Regulatory framework

The airports operated by Schiphol Group, in particular Amsterdam Airport Schiphol, are regulated in a number of areas, including noise and capacity, airport charges, the environment, aviation operations, safety and security. These regulations, in particular those relating to noise, limit Schiphol Group's flexibility in operating its business. Schiphol Group's freedom to operate its business is therefore subject to a number of factors beyond its control that may restrict its operations.

Regulation of airport charges

Regulation on the basis of the Aviation Act (*Wet luchtvaart*) to which the airport charges at Amsterdam Airport Schiphol are subjected includes a "dual till" framework, regulating only the return on "aviation" activities, as defined in the Aviation Act. Under the Aviation Act, the return on "aviation" activities is capped on the basis of an allocation system that takes into account assets, costs and revenues of the airport to the extent they are related to "aviation" activities, and Amsterdam Airport Schiphol's weighted average cost of capital ("WACC") for "aviation" activities, the parameters for which have been set in the regulatory framework. Security charges are dealt with as a separate box within the "aviation" activities. The cost allocation system established by Schiphol Group has been approved by the Dutch Competition Authority (*Nederlandse Mededingingsautoriteit*, or "NMa") as the predecessor of the ACM for the years 2011-2015. See also "*Description of Schiphol Nederland B.V. – Recent Developments and Key Issues – Economic regulation and airport charges*".

There can be no assurance that Schiphol Group will be able to achieve the maximum allowed capped return due to several factors including commercial considerations. In addition, there can be no assurance that the WACC under the regulatory framework properly reflects the actual funding costs of Schiphol Group.

In 2009, the Ministry of Infrastructure and the Environment (*Ministerie van Infrastructuur en Milieu*) started its periodic evaluation of the Aviation Act. The cabinet informed the Lower House in April 2012 and June 2013 by letter of the results of this evaluation so far. The evaluation of the Aviation Act is

expected to yield several adjustments to the existing economic regulation. One such expected key change concerns the period for which airport charges will be set. Currently this is one year, but under the amended act this is expected to change to three years. Setting airport charges for a multiple year period is expected to ensure more stable and predictable levels, benefiting both the airlines and Schiphol itself. Other expected changes to the Aviation Act are set forth on page 71 of this Prospectus.

There can be no assurance that the current or proposed price regulation systems applicable to Schiphol Group will not be amended in an unfavourable manner to Schiphol Group.

Environmental regulation

Operations at Amsterdam Airport Schiphol and other Schiphol Group airports are restricted by environmental noise limits which, among other things, currently result in limitations on the maximum number of air transport movements permitted at the airport each year. Schiphol Group's ability to comply with applicable noise limits is affected by traffic demand and other factors, such as weather conditions, aircraft types and actions by air traffic control authorities that are beyond Schiphol Group's control. In the event of a breach of the noise limits, the Minister of Infrastructure and the Environment has discretionary authority to impose sanctions, and the power to limit the use of, or close, one or more runways or the airport itself.

Environmental noise limits at Amsterdam Airport Schiphol restrict the ability of Schiphol Group to maintain or increase passenger and cargo traffic growth rates.

Operations at Amsterdam Airport Schiphol generate waste, effluent and emissions into the atmosphere. In addition to noise limits, Schiphol Group and the airlines using the airports which it operates are subject to a range of environmental legislation and regulations relating to human health, safety and the protection of the environment, including regulations on air quality, malodor from airport operations and public health and safety.

Environmental claims or the failure to comply with present or future legislation or regulations could subject Schiphol Group to liabilities in the future, including the assessment of damages, liability to pay penalties, costs associated with the clean-up of hazardous substances, and orders to cease or modify certain construction projects. In addition, in the case of breaches of regulation relating to third party risk, malodor and air quality, possible sanctions include temporary closure of runways or the whole airport.

Security regulation

Operations at Amsterdam Airport Schiphol and other Schiphol Group airports are subject to security regulation. Airport security is aimed at preventing malicious acts intended to harm passengers, employees, visitors and the airport itself. New or adjusted security regulations may restrict the ability of Schiphol Group to maintain or increase traffic growth rates and its business results of operations, prospects and financial condition. Failure to carry out its security activities in accordance with the applicable rules and regulations could lead to incidents or accidents causing harm to passengers, employees, visitors or airport property, which could result in legal liability for Schiphol Group, the assessment of damages and liability to pay penalties.

Real estate development regulations

Real estate development is subject to regulations on national town and country planning. It is possible that existing or new national town and country planning policies may limit Schiphol Group's ability to develop planned and future commercial real estate projects at or around Amsterdam Airport Schiphol or other airports by, for example, limiting the type, use, location and height of buildings. These restrictions may accordingly have a material adverse impact on the revenues and result of operations generated in the Real Estate business area.

Retail regulations

Aspects of airport retail operations are subject to general licensing requirements, age limits on the purchase of certain goods such as liquor and tobacco, and the use of services such as gambling, although they are not subject to economic regulations under the dual till structure. In addition, the prevailing tax regime has a significant impact on certain retail sales at the airport. Retail sales to passengers flying to countries within the European Union are subject to Value Added Tax (*omzetbelasting* or “VAT”) raising the effective cost of making purchases at “duty free” shops located at the airport whereas retail sales to passengers with a destination outside the European Union are exempt from VAT. Current pricing policies of Schiphol’s retail business may effectively result in non-duty free retail prices to be at the same level as duty-free prices for certain retail categories offered to non-duty free customers.

It is also possible that new regulations will restrict revenues and operations in the future. New rules and regulations, such as restrictions on sale and advertising of alcohol and tobacco products and restrictions on smoking in public places, designed to discourage the use of alcohol and tobacco products, could have a material adverse effect on Schiphol Group’s retail business. New security measures, for example, the potential one bag rule, could have a material negative impact on Schiphol Group’s retail business. A change in European or domestic VAT regulations or the accession of new states to the European Union requiring them to adhere to European VAT regulations, could also negatively affect sales at Amsterdam Airport Schiphol, with a potential material adverse effect on Schiphol Group’s retail business revenues and results of operations.

Regulatory environment is subject to change

Schiphol Group is subject to Dutch, European Union and international regulation covering many of its activities. Changes in, or adverse applications of, such regulations could have a material adverse effect on Schiphol Group’s business, results of operations, prospects and financial condition.

Schiphol Group’s operating permit for Amsterdam Airport Schiphol

Under the Aviation Act, Schiphol Group has been designated as the operator of Amsterdam Airport Schiphol for an indefinite period of time. This licence may be revoked by the Ministry of Infrastructure and the Environment in a limited number of circumstances: (i) mismanagement such that the continuity of Amsterdam Airport Schiphol would be endangered, (ii) national planning policy no longer envisaging an airport at the present location of Amsterdam Airport Schiphol and (iii) a request for revocation of the permit by Schiphol Group itself (provided such request is not against the public interest). The revocation of the operating permit for any such reason would mean that Schiphol Group would not be able to conduct its aviation business. Although Schiphol Group would be entitled to compensation for certain damages if the State of the Netherlands (the “*State*”) were to revoke the permit because of a change in national planning policy, Schiphol Group would not be entitled to any damages in the event that its permit to operate Amsterdam Airport Schiphol were revoked on the ground of mismanagement. Accordingly, the revocation of the permit to operate Amsterdam Airport Schiphol would have a material adverse effect on Schiphol Group’s business, results of operations, prospects and financial condition.

Domestic, regional and local political developments

Schiphol Group’s business operations, capital structure and profitability are, to a large extent, directly and indirectly, dependent on political decisions by the national government and by regional and local administrations over which Schiphol Group has no control. Political developments have the ability to materially impact Schiphol Group’s business, results of operations, prospects and financial condition. Therefore, managing its public affairs, public relationships, corporate reputation and image is of key importance.

Schiphol Group's strategy of international activities

Schiphol Group has made airport-related investments in Australia, France, Hong Kong, Italy, Sweden and the United States of America. The main efforts of Schiphol Group are concentrated on reinforcing the relationship of Schiphol Group with the SkyTeam alliance.

Priorities are the partnership with Aéroports de Paris and on the expansion of activities at JFK Airport in New York.

There can be no assurance that Schiphol Group will be able to implement its strategy for international activities. International activities may expose Schiphol Group to a number of risks, including legal, political, accounting, financial, and economic risks in countries in which it might invest, and potential disruption to its ongoing operations if its management is required to expend significant time and effort in supporting international interests. International activities could therefore have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition.

Accidents, operational risks and business interruption risks

Schiphol Group's operations are subject to operational risks, such as fires, flooding, wind, extreme winter weather, bird strikes, interruptions to power supplies, technical failures, explosions. The airport is also subject to business interruption risks as a result of the closure of air space or grounding of aircraft by local and international authorities. Some of these risks and hazards could result in damage or harm to, or destruction of, infrastructure, properties, people and the environment. Any or all of these hazards, as well as possible legal liability of Schiphol Group arising thereof, could have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition. There is also the risk that a governmental inquiry may be held into the causes of an accident which may result in Schiphol Group being required to modify its operations, incurring investments and/or expenses that could be significant. Although Schiphol Group has insured itself against business interruption and third party liability, such insurance may not fully cover the consequences of all damage, business interruptions and other liabilities.

Unplanned repairs and maintenance

Schiphol Group needs to carry out regular maintenance at its airport, of, amongst others, terminals, taxiways and runways. Taxiways and runways are typically shut down during periods of extensive maintenance and as a consequence this affects the allocation of air traffic movements. Due to operational hazards, unplanned repairs and maintenance might be required and could therefore have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition.

Other operational risks

Schiphol Group's operations are highly dependent on information and information systems and therefore subject to the risk of sensitive information being leaked or provided unintentionally (to the competition), unauthorised access to data, virus infection of information systems and the loss of information. This may have a material adverse effect on Schiphol Group's business and reputation, competitive position, results of operations, prospects and financial condition. If Schiphol Group is required to modify its operations it may incur investments and/or expenses that could be significant.

Schiphol Group's costs structure

A significant portion of the costs incurred by Schiphol Group is relatively fixed and not directly linked to the level of traffic or revenues. Operating expenses relating to employees, maintenance, cleaning and depreciation/amortisation do not fluctuate significantly with traffic or revenues. As a result, Schiphol Group has limited flexibility in the short to medium term in dealing with any unforeseen shortfall in revenues, which could therefore have a material adverse effect on its results of operations.

Key management

Schiphol Group relies on the skills and experience of certain key personnel including the members of the Management Board, the management teams of its Aviation, Consumer Products & Services and Real Estate business areas and other personnel of its subsidiaries and participations. The loss of services of any of these key individuals could have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition.

Labour relations

Although Schiphol Group enjoys good relations with its employees it may however experience strikes, lockouts or other significant work stoppages in the future which could have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition. Strikes, lockouts or other significant work stoppages of third parties on which Schiphol Group's airport operations depend could also have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition.

Damage to reputation or image

Negative perception or negative and/or inaccurate publicity may undermine public acceptance of, and stakeholder support for, the airport activities. Insufficient appeal and a negative perception of the price/quality ratio of the goods and services on offer at Amsterdam Airport Schiphol may also affect Schiphol Group's image. Both could have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition.

Investment risk

Schiphol Group expects to make significant budgeted capital expenditure over the next years. The majority of budgeted capital expenditure to be incurred by Schiphol Group within the next years is expected to be at Amsterdam Airport Schiphol for security, the further expansion and improvement of the terminal and infrastructure at the airport and the development of real estate. In addition, Schiphol Group expects to make investments for the commercial development of Lelystad Airport including an extension of the runway and the construction of a terminal. In the past, changes in regulation (for example, the Schengen Agreement and the introduction of the requirement for 100 per cent. hold baggage screening) have required Schiphol Group to incur significant additional capital expenditure. Another example is the security regulation to screen liquids, aerosols and gels that entered into force in 2014 and required major adjustments in Schiphol Group's operational processes and significant investments in Schiphol Group's infrastructure.

In connection with this, Schiphol has announced major investments in central security for all the Non-Schengen areas at the airport. In the future, all security checks of passengers and hand luggage will take place at central security filters instead of at the gates. As part of this process, an additional floor will be constructed on a number of piers (E, F and G), gatehouses will be added to these piers and an existing floor will be redesigned to accommodate security control. Central security is expected to ultimately result in a more efficient process, better use of the boarding lounge and gate capacity, more comfort for passengers and better future preparedness of business operations in light of new legislation and regulations in the area of security. Construction started in 2013 and this extensive project is expected to be completed in 2015. The investment relating to this project amounts to approximately EUR 350 million.

Adverse applications of existing regulations, the introduction of new regulations or the consequences thereof, delays in completion of projects, rapid changes in growth of passenger numbers or aircraft movements, reconfiguration plans, technological developments (for example, larger aircraft or new safety equipment) or acquisitions or future international alliances or participations entered into by Schiphol Group (which are not included in Schiphol Group's budgeted capital expenditure figures) may render the original project assumptions obsolete and may significantly increase the amount of capital expenditure required from the level currently envisaged.

Another risk is related to the investment in, including the construction and subsequent operation of a new Hilton hotel at Schiphol centre. This five star hotel will be managed by Hilton and will have 433 rooms and extensive meeting facilities including a large hall for up to 600 people. Schiphol Real Estate signed contracts with Hilton Worldwide in 2012 and construction started in 2013. The opening is planned for 2015. Schiphol Group will bear all investment, construction and operating risk of this new Hilton hotel and the related revenue, costs, assets and liabilities will be recorded in its financial statements.

Financing risk

Schiphol Group faces substantial financing needs in the coming years to fund its capital investment programmes as well as refinancings. Volatility and temporary closing of capital markets may hinder Schiphol Group in securing timely financing of major capital investment programmes and/or refinancing existing debt on attractive terms. As per March 31, 2014, Schiphol Group needs to refinance EUR 378 million up to and including 2018, which is 20 per cent. of the total debt per March 31, 2014.

Credit rating

There is no assurance that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn by the relevant rating agency if, in its judgement, circumstances in the future so warrant. A decision by a rating agency to downgrade or withdraw the Schiphol Group's credit rating (for whatever reason) could reduce Schiphol Group's funding options, increase its borrowing costs and adversely affect its results of operations.

Terrorism

In common with other airports, there is always the risk of an accident or act of terrorism occurring at or near Amsterdam Airport Schiphol, or one of the other airports and activities operated by Schiphol Group. If an accident or act of terrorism occurs, operations at the airport may be disrupted for a period of time while the accident or act of terrorism is investigated and any ensuing damage is repaired. The event could affect traffic levels for a longer period as well. In addition, there is a risk that one or more parties who have suffered loss as a result of an accident may seek compensation from Schiphol Group, and that a governmental enquiry may be held into the causes of the accident. Schiphol Group may be required to incur costs and spend management time defending such a claim or participating in such an enquiry. If a claim was successful, Schiphol Group could be ordered to pay significant sums of money to claimants to compensate them for losses they have suffered. A governmental enquiry may result in Schiphol Group being required to modify its operations and to incur expense in doing so.

An accident or act of terrorism at or near Amsterdam Airport Schiphol, or one of the other airports and activities operated by Schiphol Group, could therefore have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition.

Control of Schiphol Group mainly by public entities

The current shareholders of Schiphol Group are the State, the City of Amsterdam, the City of Rotterdam and Aéroports de Paris. These entities have certain controls over Schiphol Group including the ability to pass or to prevent the passing of matters submitted for resolutions by the shareholders, which in turn includes the adoption of annual financial statements, and the declaration of dividends, capital increases and other transactions. The foregoing would not change if the shareholders were to decide to sell a minority interest in Schiphol Group. In addition, the State continues to hold a minority interest in the share capital of KLM. There is therefore a potential conflict of interest between the State's interests in KLM and Schiphol Group.

Insurance coverage

Schiphol Group seeks to insure all reasonable risks, including the risk arising from business interruption. There can be no assurance, however, that its insurance policies provide adequate and sufficient cover for all events and incidents. An event or incident could therefore have a material adverse effect on Schiphol Group's business, results of operations, prospects and financial condition. In addition, the insurance policies of Schiphol Group do not protect it against reputational harm that may arise as a result of an event or an incident. The market for airport insurance is not very competitive, as a result of which Schiphol Group may have difficulties obtaining insurance coverage in the future. Any extension or replacement of existing insurance policies may be for reduced coverage only, at less favourable terms, or against higher premiums.

Pension liabilities

Schiphol Group's pension scheme is administered by the *Stichting Pensioenfonds ABP* ("ABP"), the pension fund for employers and employees in service of the Dutch government and educational services in the Netherlands. The pension scheme is treated as a group scheme involving more than one employer. The pension scheme qualifies and should be accounted for as a defined benefit plan. However, ABP has not been able to provide the information that Schiphol Group requires to account for the scheme on this basis and it is not certain whether ABP will be able to do so in the future. There is no consistent and reliable basis for allocating the benefit obligations, plan assets and costs of the ABP scheme to individual affiliated employers participating in the plan because the schemes of the affiliated employers are exposed to actuarial risks associated with the existing and former employees of other affiliated employers. Accordingly, for the moment, Schiphol Group has accounted for the scheme on a defined contribution plan basis. Once ABP provides Schiphol Group with the required information, Schiphol Group will know whether there is a surplus or a shortfall in the fund as far as this relates to its employees. If there should be a shortfall, Schiphol Group will be obliged to form a provision in its balance sheet for future pension liabilities. As at the date of this Prospectus, Schiphol Group cannot predict what the amount of this provision will be, but the provision may have a material adverse effect on Schiphol Group's results of operations.

As at February 28, 2014, ABP's funding ratio was 106 per cent. and it has taken measures to ensure it sustains its financial soundness. ABP may consider a reduction in pensions if its financial situation deteriorates.

Legal proceedings

Schiphol Group is involved in various legal proceedings, of which the most important are described under "*Description of N.V. Luchthaven Schiphol – Recent Developments and Key Issues – Legal Proceedings*".

Any unfavourable developments in these and/or other proceedings could have a material adverse effect on Schiphol Group's business, results of operations and financial condition.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial, legal and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;

- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant indices and financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

If the relevant Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature of Notes is likely to limit their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the relevant Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this will affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that the relevant Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The relevant Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the relevant Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing market rates.

Notes which are issued at a substantial discount or premium may experience price volatility in response to general changes in interest rates

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, (i) agree to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes, or (ii) determine that any Event of Default or potential Event of Default shall not be treated as such, or (iii) agree to the substitution of another company as principal debtor under any Notes in place of the relevant Issuer in the circumstances described in Condition 17 of the Terms and Conditions of the Notes.

The Notes may be subject to withholding taxes in circumstances where the Issuer is not obliged to make gross up payments and this would result in holders receiving less interest than expected and could significantly adversely affect their return on the Notes

EU Savings Directive

Under Directive 2003/48/EC on the taxation of savings income in the form of interest payments (the “EU Savings Directive”) Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State.

On March 24, 2014, the Council of the European Union (the “EU”) adopted an EU Council Directive amending and broadening the scope of the requirements described above. The changes will expand the range of payments covered by the EU Savings Directive, in particular to include certain additional types of income payable on securities. The EU Savings Directive will also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the EU. Member States are required to implement national legislation giving effect to these changes by January 1, 2016 (which national legislation must apply from January 1, 2017).

Currently Luxembourg and Austria are instead required (unless they elect otherwise) to operate a withholding system in relation to such payments (the ending of such withholding system being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries), deducting tax at rates rising over time to 35 per cent. The changes referred to above will broaden the types of payments subject to withholding in those Member States which still operate a withholding system when they are implemented. In April 2013, the Luxembourg Government announced its intention to

abolish the withholding system with effect from January 1, 2015, in favour of automatic information exchange under the EU Savings Directive.

A number of non-EU countries (including Switzerland, which has adopted a withholding system) and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in such Member State to, or collected by such a person for, an individual resident in the relevant territory.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the relevant Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuers are required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the EU Savings Directive.

The value of the Notes could be adversely affected by a change in English law or administrative practice

The Terms and Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes and any such change could materially adversely impact the value of any Notes affected by it.

Investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

The recognition of Notes in New Global Note) form as eligible collateral for the monetary policy of the Eurosystem will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time

The New Global Note (“NGN”) form has been introduced to allow for the possibility of debt instruments being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the “Eurosystem”) and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However, in any particular case, such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time. Investors should make their own assessment as to whether the Notes meet such Eurosystem eligibility criteria.

Risks related to the market generally

An active secondary market in respect of the Notes may never be established or it may be illiquid and this would adversely affect the value at which an investor could sell his Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

If an investor holds Notes which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The relevant Issuer will pay principal and interest on the Notes and the relevant Guarantor will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the relevant Issuer or the relevant Guarantor to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Issuers or any Notes may not reflect all the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and

certified rating agencies published by the European Securities and Markets Authority (“ESMA”) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the front cover of this Prospectus and, in respect of any issue of Notes, will be disclosed in the Final Terms.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

- (b) the euro equivalent of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the relevant Notes, described under “*Form of the Notes*”) and other Notes issued at a discount or a premium shall be calculated in the manner specified above by reference to the net proceeds received by the relevant Issuer for the relevant issue.

Notes may also be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s) as may be agreed between the relevant Issuer and the relevant Dealer.

Notes which are neither listed nor admitted to trading on any market may also be issued.

The applicable Final Terms will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchange(s) and/or markets.

Governing Law:

The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and construed in accordance with, English law.

There are restrictions on the offer, sale and transfer of the Notes in the Netherlands, the United States, the European Economic Area, the United Kingdom, Japan and the Republic of France and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes. See “*Subscription and Sale*”.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will be initially issued in the form of a temporary global note (a “*Temporary Global Note*”) or, if so specified in the applicable Final Terms, a permanent Global Note (a “*Permanent Global Note*”), which, in either case, will:

- (i) if the Global Notes are intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche of Notes to a common safekeeper (the “*Common Safekeeper*”) for Euroclear Bank SA/NV (“*Euroclear*”) and Clearstream Banking, société anonyme (“*Clearstream, Luxembourg*”); and
- (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche of Notes to a common depositary (the “*Common Depositary*”) for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche of Notes are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche of Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the “*Exchange Date*”) which is 40 days after the Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Global Note of the same Series or (ii) for definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification. The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon either (i) not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or (ii) only upon the occurrence of an Exchange Event. For these purposes, “*Exchange Event*” means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream,

Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative clearing system satisfactory to the Trustee is available or (iii) the relevant Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of the Netherlands which would not be suffered were the Notes represented by the Permanent Global Note to be in definitive form and a certificate to such effect, signed by two “*Directeuren*” (“*Managing Directors*” and hereinafter referred to as “*Directors*”) if the relevant Issuer is Schiphol Group or one such Director if the relevant Issuer is Schiphol Nederland, is delivered to the Trustee. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Trustee may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Agent.

The following legend will appear on all Notes which have an original maturity of more than 365 days and on all interest coupons relating to such Notes:

“ANY UNITED STATES PERSON (AS DEFINED IN THE INTERNAL REVENUE CODE OF THE UNITED STATES) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*”), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the relevant Issuer, the Agent and the Trustee.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the relevant Issuer, the relevant Guarantor, their agents and the Trustee as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal and/or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the relevant Issuer, the relevant Guarantor, their agents and the Trustee as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions “*Noteholder*” and “*holder of Notes*” and related expressions shall be construed accordingly.

No Noteholder or Couponholder shall be entitled to proceed directly against the relevant Issuer or the relevant Guarantor unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the relevant Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note.

The Trustee acts for the benefit of the holders for the time being of the Notes (the “*Noteholders*”, which expression shall, in relation to any Notes represented by a Global Note, be construed as provided below) and the holders of the Coupons (the “*Couponholders*”, which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Trust Deed.

As used herein, “*Tranche*” means Notes which are identical in all respects (including as to listing) and “*Series*” means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and form a single series and (ii) identical in all respects (including as to listing) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Copies of the Trust Deed, the Agency Agreement and the applicable Final Terms are available for inspection during normal business hours at the registered office for the time being of the Trustee (being at Winchester House, 1 Great Winchester Street, London EC2N 2DB) and at the specified office of each of the Agent and the other Paying Agents save that, if this Note is an unlisted Note of any Series, the applicable Final Terms will only be available for inspection by a Noteholder holding one or more unlisted Notes of that Series and such Noteholder must produce evidence satisfactory to the Trustee or, as the case may be, the relevant Paying Agent as to its holding of such Notes and identity. The Noteholders and the Couponholders are deemed to have notice of, are bound by, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in these Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed and the Agency Agreement.

Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the Trust Deed, the Trust Deed shall prevail and, in the event of inconsistency between the Agency Agreement or the Trust Deed and the applicable Final Terms, the applicable Final Terms shall prevail.

1. Form, Denomination and Title

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the Specified Currency and the Specified Denomination(s). Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

This Note may be a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in these Conditions are not applicable.

Subject as set out below, title to the Notes and Coupons will pass by delivery. The relevant Issuer, the relevant Guarantor, any Paying Agent and the Trustee will (except as otherwise required by law) deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV (“*Euroclear*”) and/or Clearstream Banking, société anonyme (“*Clearstream, Luxembourg*”), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the relevant Issuer, the relevant Guarantor, the Trustee and the Paying Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal and/or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the relevant Issuer, the relevant Guarantor, the Trustee and any Paying Agent as the holder of such nominal amount of such Notes in

accordance with and subject to the terms of the relevant Global Note and the expressions “*Noteholder*” and “*holder of Notes*” and related expressions shall be construed accordingly.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the relevant Issuer, the Agent and the Trustee.

2. Status of the Notes and the Guarantees

(a) Status of the Notes

The Notes and any relative Coupons constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the relevant Issuer and rank *pari passu*, without any preference among themselves, and (subject as aforesaid and to such exceptions as exist by mandatory law) equally with all other present and future unsecured obligations (other than subordinated obligations, if any) of the relevant Issuer from time to time outstanding.

(b) Status of the Guarantees

The due performance of all payment and other obligations of the relevant Issuer under the Notes and Coupons, these Conditions and the Trust Deed has been, where the relevant Issuer is Schiphol Group, unconditionally and irrevocably guaranteed (as more particularly defined in the Trust Deed, the “*Schiphol Nederland Guarantee*”) by Schiphol Nederland in its capacity as a guarantor under the Trust Deed and, where the relevant Issuer is Schiphol Nederland, unconditionally and irrevocably guaranteed (as more particularly defined in the Trust Deed, the “*Schiphol Group Guarantee*”) by Schiphol Group in its capacity as a guarantor under the Trust Deed (as more particularly defined in the Trust Deed, the Schiphol Group Guarantee together with the Schiphol Nederland Guarantee, the “*Guarantees*” and each, a “*Guarantee*”). The obligations of each Guarantor under the relevant Guarantee constitute direct, unconditional and (subject to the provisions of Condition 3) unsecured obligations of such Guarantor and (subject as aforesaid) rank and will rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of such Guarantor, present and future, but only to the extent permitted by applicable laws relating to creditors’ rights.

3. Negative Pledge

So long as any of the Notes remains outstanding (as defined in Condition 14), neither the relevant Issuer nor the relevant Guarantor will, and Schiphol Group will procure that none of the Principal Subsidiaries (as defined in Condition 9), if any, will, hereafter create or permit to be outstanding any mortgage, charge, pledge, lien or other security interest on any of its present or future undertakings or assets or enter into any arrangement, the practical effect of which is to grant or permit to be outstanding similar security, in any case in respect of any Obligation of the relevant Issuer, the relevant Guarantor or any Principal Subsidiary, or any Obligation of any other person, in each case without at the same time securing the Notes equally and rateably therewith to the satisfaction of the Trustee or providing such other security therefor which the Trustee in its absolute discretion shall deem not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in Condition 14) of the Noteholders.

“*Obligation*” means any present or future indebtedness evidenced by bonds, debentures or other securities which, at the request or with the concurrence of the relevant issuer, are quoted or traded for the time being, or are capable of being quoted or traded, on any stock exchange or other recognised market for securities.

4. Interest

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

In these Conditions:

“*Day Count Fraction*” means, in respect of the calculation of an interest amount in accordance with this Condition 4(a):

- (i) if “*Actual/Actual (ICMA)*” is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “*Accrual Period*”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of

Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and

- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

“*Determination Period*” means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

“*Fixed Interest Period*” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date; and

“*sub-unit*” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes*

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an “*Interest Payment Date*”) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an “*Interest Payment Date*”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day

unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls within the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions, “*Business Day*” means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively) or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (“*TARGET2 System*”) is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), “*ISDA Rate*” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under a notional interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes) (the “*ISDA Definitions*”) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;

- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), (i) “*Floating Rate*”, “*Calculation Agent*”, “*Floating Rate Option*”, “*Designated Maturity*” and “*Reset Date*” have the meanings given to those terms in the ISDA Definitions.

(B) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either the London inter-bank offered rate (“*LIBOR*”) or the Euro-zone inter-bank offered rate (“*EURIBOR*”), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question (as indicated in the applicable Final Terms) plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

(iii) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the “*Interest Amount*”) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

“*Day Count Fraction*” means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if “*Actual/Actual*” or “*Actual/Actual (ISDA)*” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “*Actual/365 (Fixed)*” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “*Actual/360*” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (iv) if “*30/360*”, “*360/360*” or “*Bond Basis*” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“*Y₁*” is the year, expressed as a number, in which the first day of the Interest Period falls;

“*Y₂*” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“ M_1 ” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“ M_2 ” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“ D_1 ” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D_1 will be 30; and

“ D_2 ” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D_1 is greater than 29, in which case D_2 will be 30;

- (v) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“ Y_1 ” is the year, expressed as a number, in which the first day of the Interest Period falls;

“ Y_2 ” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“ M_1 ” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“ M_2 ” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“ D_1 ” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D_1 will be 30; and

“ D_2 ” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D_2 will be 30; and

- (vi) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“ Y_1 ” is the year, expressed as a number, in which the first day of the Interest Period falls;

“ Y_2 ” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“ M_1 ” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“ M_2 ” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“ D_1 ” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D_1 will be 30; and

“ D_2 ” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D_2 will be 30.

(v) *Notification of Rate of Interest and Interest Amounts*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the relevant Issuer, the Trustee and any stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed or by which they have been admitted to listing and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with Condition 13. If the Notes become due and payable under Condition 9, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the accrued interest or the Rate of Interest so calculated need be made unless the Trustee otherwise requires. For the purposes of this paragraph, the expression “*London Business Day*” means a day (other than a Saturday or Sunday) on which banks and foreign exchange markets are open for business in London.

(vi) *Determination or Calculation by Trustee*

If for any reason at any relevant time the Agent defaults in its obligation to determine the Rate of Interest or in its obligation to calculate any Interest Amount in accordance with subparagraph (ii)(A) or (B) above, as the case may be, and in each case in accordance with paragraph (iv) above, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 4(b), but subject always to any Minimum or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent.

(vii) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the relevant Issuer, the relevant Guarantor, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence

of wilful default and bad faith) no liability to the relevant Issuer, the relevant Guarantor, the Noteholders or the Couponholders shall attach to the Agent or, if applicable, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Zero Coupon Notes*

Zero Coupon Notes will be offered and sold at a discount to their nominal amount and will not bear interest. When a Zero Coupon Note becomes repayable prior to its Maturity Date it will be redeemed at the Early Redemption Amount calculated in accordance with Condition 6(e)(ii). In the case of late payment the amount due and repayable shall be calculated in accordance with Condition 6(h).

(d) *Accrual of interest*

Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

5. Payments

(a) *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7.

(b) *Presentation of definitive Notes and Coupons*

Payments of principal by or on behalf of the relevant Issuer or the relevant Guarantor in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest by or on behalf of the relevant Issuer or the relevant Guarantor in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon

(or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of such definitive Note.

(c) *Payments in respect of Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note, where applicable against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note, distinguishing between any payment of principal and any payment of interest, will be made either on such Global Note by the Paying Agent to which it was presented, or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

(d) *General provisions applicable to payments*

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the relevant Issuer and the relevant Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the relevant Issuer or, as the case may be, the relevant Guarantor to, or to the order of, the holder of such Global Note.

Notwithstanding the provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the relevant Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on such Notes in the manner provided above when due;

- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the relevant Issuer and the relevant Guarantor, any adverse tax consequences to the relevant Issuer or the relevant Guarantor.

(e) *Payment Day*

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to any further interest or other payment in respect of such delay. For these purposes, “*Payment Day*” means any day which is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation;
 - (B) each Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(f) *Interpretation of principal and interest*

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7 or under any undertaking or covenant given in addition thereto or in substitution therefor pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6(e)(ii)); and
- (vi) any premium and any other amounts (other than interest) which may be payable by the relevant Issuer under or in respect of the Notes.

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7

or under any undertaking or covenant given in addition thereto or in substitution therefor pursuant to the Trust Deed.

6. Redemption and Purchase

(a) Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the relevant Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) Redemption for tax reasons

The Notes may be redeemed at the option of the relevant Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Trustee and the Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if the relevant Issuer satisfies the Trustee immediately before the giving of the notice referred to above that:

- (i) on the occasion of the next payment due under the Notes, the relevant Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 and/or any undertakings given in addition thereto or substitution therefor pursuant to the Trust Deed or the relevant Guarantor would be unable for reasons outside its control to procure payment by the relevant Issuer and in making payment itself would be obliged to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of the Netherlands or any political subdivision of, or any authority in, or of, the Netherlands having power to tax, or any change in the application of any official or generally accepted practice of any such authority therein or thereof or in the application or official interpretation of any official or generally accepted interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the relevant Issuer or, as the case may be, the relevant Guarantor taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the relevant Issuer or, as the case may be, the relevant Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the relevant Issuer or, as the case may be, the relevant Guarantor shall deliver to the Trustee a certificate signed by two Directors of the relevant Issuer or, as the case may be, two Directors of the relevant Guarantor stating that the relevant Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the relevant Issuer so to do have occurred, and an opinion of independent legal advisers of recognised standing approved by the Trustee to the effect that the relevant Issuer or, as the case may be, the relevant Guarantor has or will become obliged to pay such additional amounts as a result of such change or amendment and the Trustee shall be entitled to accept the certificate and the opinion as sufficient evidence of satisfaction of the conditions precedent set out above, in which event they shall be conclusive and binding on the Noteholders and the Couponholders.

Notes redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the option of the relevant Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Final Terms, the relevant Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice (or such other notice period as may be specified in the applicable Final Terms) to the Noteholders in accordance with Condition 13; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Trustee and the Agent;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption in part must be of a nominal amount equal to the Minimum Redemption Amount or a Higher Redemption Amount. In the case of a partial redemption of Notes, the Notes to be redeemed ("*Redeemed Notes*") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "*Selection Date*"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the relevant Issuer to the Noteholders in accordance with Condition 13 at least five days prior to the Selection Date.

(d) *Redemption at the option of the Noteholders (Investor Put)*

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the relevant Issuer in accordance with Condition 13 not less than 15 nor more than 30 days' notice (or such other notice period as may be specified in the applicable Final Terms) the relevant Issuer will, upon the expiry of such notice, redeem such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

If this Note is in definitive form, to exercise the right to require redemption of this Note the holder of this Note must deliver this Note at the specified office of any Paying Agent at any time during the normal business hours of such Paying Agent falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "*Put Notice*") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note, or is in definitive form and held on behalf of Euroclear and/or Clearstream, Luxembourg to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of the relevant clearing system (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary therefor to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg

from time to time and, if this Note is represented by a Global Note, at the same time present, or procure the presentation of, the relevant Global Note to the Agent for notation accordingly.

(e) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 9, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (i) in the case of a Note other than a Zero Coupon Note, at the amount specified in the applicable Final Terms or, if no such amount is so specified in the applicable Final Terms, at its nominal amount; or
- (ii) in the case of a Zero Coupon Note, at an amount (the “*Amortised Face Amount*”) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

“*RP*” means the Reference Price;

“*AY*” means the Accrual Yield expressed as a decimal; and

“*y*” is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

(f) *Purchases*

Schiphol Group, Schiphol Nederland, any other Subsidiary of Schiphol Group may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. (g) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and Notes purchased and cancelled pursuant to paragraph (f) above (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold. Upon a cancellation of Notes represented by a Global Note, the nominal amount of the Notes represented by such Global Note shall be reduced by the nominal amount of such Notes so cancelled.

(h) *Late payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) the fifth day after the date on which the full amount of the moneys payable in respect of such Zero Coupon Note has been received by the Agent or the Trustee and notice to that effect has been given to the Noteholders in accordance with Condition 13.

7. Taxation

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the relevant Issuer or, as the case may be, the relevant Guarantor will be made without withholding or deduction of any present or future taxes or duties of whatever nature imposed or levied by the Netherlands unless such withholding or deduction is required by law. In such event, the relevant Issuer or, as the case may be, the relevant Guarantor will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any payment in respect of any Note or Coupon:

- (i) to, or to a third party on behalf of, a holder who is liable for such taxes or duties in respect of such Note or Coupon by reason of his having some connection with the Netherlands other than the mere holding of such Note or Coupon; or
- (ii) presented for payment in the Netherlands; or
- (iii) presented for payment by, or on behalf of, a Noteholder or Couponholder who would be able to avoid such withholding or deduction by presenting any form or certificate and/or making a declaration of non-residence or similar claim for exemption but fails to do so; or
- (iv) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day, assuming that day to have been a Payment Day (as defined in Condition 5(e)); or
- (v) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (vi) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union.

As used herein, the “*Relevant Date*” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent or the Trustee, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys

having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

8. Prescription

The Notes and Coupons will become void unless claims in respect of principal and/or interest are made within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) therefor.

- (ii) if the relevant Issuer or the relevant Guarantor fails to perform or observe any of its other obligations under these Conditions or the Trust Deed and (except in any case where the Trustee considers the failure to be incapable of remedy), upon notice to such effect being given to the relevant Issuer, or, as the case may be, the relevant Guarantor the failure continues for the period of 45 days (or such longer period as the Trustee may permit) next following the service by the Trustee on the relevant Issuer or, as the case may be, the relevant Guarantor of notice requiring the same to be remedied; or
- (iii) if any Indebtedness for Borrowed Money of the relevant Issuer, the relevant Guarantor or any Principal Subsidiary becomes due and repayable prematurely by reason of an event of default (however described) or the relevant Issuer, the relevant Guarantor or any Principal Subsidiary fails to make any payment in respect of any Indebtedness for Borrowed Money on the due date for payment as extended by any originally applicable grace period or any security given by the relevant Issuer, the relevant Guarantor or any Principal Subsidiary for any Indebtedness for Borrowed Money becomes enforceable or if default is made by the relevant Issuer, the relevant Guarantor or any Principal Subsidiary in making any payment due under any guarantee and/or indemnity given by it in relation to any Indebtedness for Borrowed Money of any other person, provided that no such event shall constitute an Event of Default unless the relative Indebtedness for Borrowed Money either alone or when aggregated with other Indebtedness for Borrowed Money relative to all (if any) other such events which shall have occurred and be continuing shall amount to at least U.S.\$25,000,000 (or its equivalent in any other currency) and provided further that an event mentioned in this paragraph (c) shall not be included within the ambit of this paragraph (c) if the obligation to pay the relevant Indebtedness for Borrowed Money (or pursuant to the relevant guarantee or indemnity) is, in the opinion of the Trustee, being disputed in good faith; or

- (iv) if any order is made by any competent court or resolution passed for the winding up or dissolution of the relevant Issuer, the relevant Guarantor or any Principal Subsidiary, save for the purposes of an amalgamation, consolidation, merger, reconstitution or reorganisation on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Noteholders; or
- (v) if the relevant Issuer, the relevant Guarantor or any Principal Subsidiary ceases or threatens to cease to carry on the whole or at least 50 per cent. of its business, save for the purposes of amalgamation, consolidation, merger, reconstitution or reorganisation on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Noteholders, or the relevant Issuer, the relevant Guarantor or any Principal Subsidiary (i) files a request for bankruptcy within the meaning of Section 1 of the Netherlands Bankruptcy Act (“*Faillissementswet*”), (ii) files a request for a moratorium of payments within the meaning of Section 213 of the Netherlands Bankruptcy Act, (iii) is declared bankrupt within the meaning of Section 1 of the Netherlands Bankruptcy Act by a judgment of a competent court in the Netherlands and such judgment is not removed or stayed within 45 days, (iv) makes a general assignment for the benefit of its creditors generally, or (v) any event occurs which under the laws of any relevant jurisdiction has an analogous effect to any of the events referred to in any of (i), (ii), (iii) or (iv) above; or
- (vi) if an executory attachment (*executoriaal beslag*) is made on any major part of the relevant Issuer’s or the relevant Guarantor’s assets or of any Principal Subsidiary’s assets or if a conservatory attachment (*conservatoir beslag*) is made on all or substantially all of the relevant Issuer’s or the relevant Guarantor’s assets or of any Principal Subsidiary’s assets and such attachment is not removed or lifted within 45 days or any event occurs which under the laws of any relevant jurisdiction has an analogous effect to any of the events referred to in this paragraph; or
- (vii) the relevant Guarantee is not (or is claimed by the relevant Guarantor not to be) in full force and effect.

Provided that, in the case of any Event of Default other than those described in sub-paragraphs (i) and (iv) (in the case of a winding up or dissolution of the relevant Issuer or the relevant Guarantor), the Trustee shall have certified to the relevant Issuer and the relevant Guarantor that the Event of Default is, in its opinion, materially prejudicial to the interests of the Noteholders.

“*Indebtedness for Borrowed Money*” means any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of (i) money borrowed, (ii) liabilities under or in respect of any acceptance or acceptance credit (other than liabilities in respect of trade bills incurred in the ordinary course of trading) or (iii) any notes, bonds, debentures, debenture stock, loan stock or other securities offered, issued or distributed whether by way of public offer, private placing, acquisition consideration or otherwise and whether issued for cash or in whole or in part for a consideration other than cash.

(b) *Enforcement*

At any time after the Notes shall have become immediately due and repayable the Trustee may, at its discretion and without further notice, institute such proceedings against the relevant Issuer or the relevant Guarantor as it may think fit to enforce repayment of the Notes together with accrued interest and to enforce the provisions of the Trust Deed, but it shall not be bound to take any such proceedings unless (i) it shall have been so directed by an Extraordinary Resolution of the Noteholders or so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding, and (ii) it shall have been indemnified and/or secured to its satisfaction. No Noteholder or Couponholder shall be entitled to proceed directly against the relevant Issuer or the relevant Guarantor unless the Trustee, having become bound to do so, fails to do so within a reasonable period and such failure shall be continuing.

10. Replacement of Notes, Coupons and Talons

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the relevant Issuer may reasonably require. 11. Paying Agents

The names of the initial Paying Agents and their initial specified offices are set out below.

The relevant Issuer is entitled, with the prior written consent of the Trustee, to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (i) there will at all times be an Agent;
- (ii) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or, as the case may be, other relevant authority;
- (iii) the Issuers undertake that they will ensure that they maintain a Paying Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; and

- (iv) there will at all times be a Paying Agent in a jurisdiction within Europe, other than the Netherlands.

In addition, the relevant Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the second paragraph of Condition 5(d).

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 60 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 13.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the relevant Issuer and the relevant Guarantor and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

12. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8.

13. Notices

All notices regarding the Notes will be deemed to be validly given if published (i) in a leading English language daily newspaper of general circulation in London approved in writing by the Trustee and (ii) if and for so long as the Notes are listed on NYSE Euronext in Amsterdam ("*Euronext Amsterdam*"), in the Daily Official List of Euronext Amsterdam (*Officiële Prijscourant*). It is expected that publication in London will be made in the *Financial Times*. The relevant Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or any other relevant authority on which the Notes are for the time being listed. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or admitted to listing by any other relevant authority and the rules of that stock exchange, or as the case may be, other relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by the rules of that stock exchange, or as the case may be, other relevant authority. Any such notice shall be deemed to have been given to the holders of the Notes on the seventh day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with any Paying Agent. Whilst any of the Notes is represented by a Global Note, such notice may be given by any holder of a Note to the Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

14. Meetings of Noteholders, Modification, Authorisation, Waiver and Determination

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification or abrogation of any of the provisions of these Conditions, the Notes, the Coupons or the Trust Deed. Such a meeting may be convened by the relevant Issuer, the relevant Guarantor or the Trustee and shall be convened by the relevant Issuer at the request of Noteholders holding not less than ten per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons present holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons present being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification or abrogation of certain provisions of these Conditions, the Notes, the Coupons or the Trust Deed (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate or amount of interest payable in respect of the Notes or altering the currency of payment of the Notes or the Coupons), the quorum for passing an Extraordinary Resolution shall be one or more persons present holding or representing not less than two-thirds, or at any adjourned such meeting not less than one-third, in nominal amount of the Notes for the time being outstanding. The Trustee may agree, without the consent of the Noteholders or Couponholders, to:

- (i) any modification of any of the provisions of these Conditions, the Notes, the Coupons or the Trust Deed which is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of any of the provisions of these Conditions, the Notes, the Coupons or the Trust Deed which, in the opinion of the Trustee, is of a formal, minor or technical nature or is made to correct a manifest error or an error which is, in the opinion of the Trustee, proven or to comply with mandatory provisions of applicable law.

The Trustee may also agree, without the consent of the Noteholders or Couponholders, to the waiver or authorisation of any breach or proposed breach of any of these Conditions or any of the provisions of the Trust Deed or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default (as defined in the Trust Deed) shall not be treated as such, which in any such case is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders.

Any such modification, waiver, authorisation or determination shall be binding on the Noteholders and the Couponholders and, unless the Trustee agrees otherwise, any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities or discretions (including, but without limitation, in relation to any modification, waiver, authorisation, determination or substitution), the Trustee shall have regard to the general interests of the Noteholders as a class but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders (whatever their number) and, in particular, but without limitation, shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the relevant Issuer, the relevant Guarantor, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders except, in the case of the relevant Issuer or the relevant Guarantor to the extent provided for in Condition 7 and/or any undertaking given in addition to, or in substitution for, Condition 7 pursuant to the Trust Deed.

15. Indemnification of the Trustee and its Contracting with Schiphol Group, Schiphol Nederland and their Subsidiaries

The Trust Deed contains provisions for the indemnification and/or securitisation of the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured to its satisfaction.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (i) to enter into business transactions with the relevant Issuer and/or the relevant Guarantor and/or any of their Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, any such persons, (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or Couponholders, and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

16. Further Issues

The relevant Issuer shall be at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of notes of other Series in certain circumstances where the Trustee so decides.

17. Substitution

The Trustee may agree, without the consent of the Noteholders or the Couponholders, with the relevant Issuer to the substitution in place of such Issuer (or of any previous substitute under this Condition) of the relevant Guarantor or any Subsidiary of Schiphol Group as principal debtor under the Trust Deed, the Notes and the Coupons. Such substitution shall be subject to the relevant provisions of the Trust Deed, such amendments thereof and such other conditions as the Trustee may require.

18. Third Party Rights

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Note, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19. Governing Law and Submission to Jurisdiction

(a) *Governing law*

The Trust Deed, the Notes and the Coupons and any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes and the Coupons shall be governed by, and construed in accordance with, English law.

(b) *Submission to jurisdiction*

Each of Schiphol Group and Schiphol Nederland agrees, for the benefit of the Trustee, the Noteholders and the Couponholders, that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with these Conditions, the Trust Deed, the Notes and the Coupons (including a dispute relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes and the Coupons) and that accordingly any suit, action or proceedings (together referred to as "*Proceedings*") arising out of or in connection with these Conditions, the Trust Deed, the Notes and the Coupons (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes and the Coupons) may be brought in such courts.

Each of Schiphol Group and Schiphol Nederland hereby irrevocably waives any objection which it may have now or hereafter to the laying of the venue of any such Proceedings in any such court and any claim that any such Proceedings have been brought in an inconvenient forum and hereby further irrevocably agrees that a judgment in any such Proceedings brought in the English courts shall be conclusive and binding upon it and may be enforced in the courts of any other jurisdiction.

Nothing contained in this Condition shall limit any right to take Proceedings against Schiphol Group or Schiphol Nederland in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

(c) *Appointment of Process Agent*

Each of Schiphol Group and Schiphol Nederland appoints Hackwood Secretaries Limited at its registered office for the time being (being at One Silk Street, London EC2Y 8HQ) as its agent for service of process in connection with Proceedings in England, and undertakes that, in the event of Hackwood Secretaries Limited ceasing so to act or ceasing to be registered in England, it will appoint such other person as the Trustee may approve as its agent for service of process in England in respect of any Proceedings in England.

Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

USE OF PROCEEDS

The net proceeds from each issue of Notes by Schiphol Nederland or Schiphol Group are intended to be applied by it for capital investment programmes in the Netherlands, in particular at Amsterdam Airport Schiphol and/or the investments and activities of Schiphol International B.V. and/or the refinancing of existing debt facilities upon or prior to their maturity and/or for general corporate purposes.

As at December 31, 2013 a total of 171,255 A shares and 14,892 B shares had been issued, all of which are fully paid. The Aviation Act (*Wet luchtvaart*) requires that a majority of the economic and legal interest in Schiphol Group shall be owned by public authorities. Aéroports de Paris S.A. owns all of the B shares. By virtue of its Articles of Association, only Dutch government entities are eligible to own shares in Schiphol Group. An exception is in place for Aéroports de Paris S.A.

Ownership of these shares is currently as follows:

- The City of Amsterdam 20.03 per cent.
- Aéroports de Paris S.A. 8.00 per cent.

Corporate Governance and Management

Notwithstanding its ownership structure, Schiphol Group is a (financially) independent commercial enterprise servicing financial commitments from cash flows generated by its subsidiaries, Schiphol Nederland B.V. ("*Schiphol Nederland*") and Schiphol International B.V. ("*Schiphol International*"), with no sovereign guarantee. In accordance with the Articles of Association of Schiphol Group, a non-executive Supervisory Board of not less than five and not more than eight persons supervises, appoints, advises and assists the Management Board, comprising the Chairman of the Management Board (also known as President and Chief Executive Officer), the Chief Operations Officer, the Chief Financial Officer and the Chief Commercial Officer, in the execution of its duties and management of the general affairs of Schiphol Group and Schiphol Nederland. The Supervisory Board members are appointed by the General Meeting of Shareholders upon nomination by the Supervisory Board itself.

Corporate Governance

Schiphol Group does not have a stock market listing and is not legally obliged to comply with the Dutch Corporate Governance Code (the "*Code*"). The Code is comprised of regulations for Dutch public companies whose shares are listed on a stock exchange. In 2004, Schiphol Group nevertheless implemented the majority of the Code's best practice provisions. Most of these best practice provisions are incorporated into separate sets of rules governing the Supervisory Board, its four subcommittees and the Management Board. Schiphol Group has taken note of the Code drawn up by the Frijns Committee, as published on December 3, 2009 and as designated as a code of conduct within the context of Section 2:391, subsection 5

of the Netherlands Civil Code. The principles of the Code have been implemented where possible and/or advisable and have been laid down in a compliance overview. In 2012 this overview was updated due to changes in compliance with the Code.

Only a few of the best practice provisions have not been implemented primarily as a consequence of the current ownership structure.

Business

Schiphol Group is an airport operating company with Amsterdam Airport Schiphol as its main airport. It aims to create sustainable value for our stakeholders, taking into account the different interests they have. Its actions revolve around its core values: reliability, efficiency, hospitality, inspiration and sustainability.

The main airport, Amsterdam Airport Schiphol, is operated as an AirportCity, a dynamic metropolitan area that aims to offer passengers and airlines all the services they need, 24 hours a day. The AirportCity formula encompasses three business areas that complement and enhance each other. The business area Aviation plays a key role at the airport, offering services for airlines and handling companies. Aviation supplies and manages the infrastructure that enables passengers, their luggage and cargo to depart and arrive in a pleasant, reliable and efficient manner. The business area Consumer Products & Services offers passengers an extensive range of products and services for carefree and comfortable travel. The business area Real Estate develops and manages property on and around Amsterdam Airport Schiphol. Amsterdam Airport Schiphol is an attractive location for companies, offering a wide variety of property in the form of office and business premises and logistics facilities. Approximately five hundred companies with a total of approximately 65,000 employees are located at the AirportCity.

Schiphol Group has established a close collaboration with Aéroports de Paris, in which the company has an 8 per cent. cross-shareholding. Indirectly Schiphol Group is also active as an operator of Terminal 4 at JFK International Airport in New York, which it is currently expanding in collaboration with Delta Air Lines. Schiphol Group further has activities at airports in Australia, Italy, Hong Kong, Aruba and Sweden.

Schiphol Group participates as well in a number of regional airports such as Rotterdam The Hague Airport (100 per cent. interest) and Eindhoven Airport (51 per cent. interest). Furthermore, Schiphol Group has a 100 per cent. interest in the regional airport Lelystad Airport. Although Eindhoven Airport and Lelystad Airport develop and maintain their own market positions, they also play an important role in the management of the expected growth of Mainport Schiphol.

Following the de-merger of Schiphol Group in 2001 pursuant to which Schiphol Group transferred all its domestic assets to its newly incorporated subsidiary, Schiphol Nederland, the principal activities of Schiphol Group are the management of Schiphol Nederland and acting as a shareholder of Schiphol International. See "*De-merger of Schiphol Group*".

Strategy

To remain Western Europe's preferred airport¹, Schiphol Group seeks to further develop the airport as a high-quality hub. To this end, Schiphol Group works together closely with and aims to provide optimal

facilities for the airlines including its home carrier KLM. Schiphol Group strives to further improve the strong competitive position of the Mainport Schiphol, not just as an airport with a worldwide network but also as a multimodal hub in the Netherlands and as a driving force of the Dutch economy. Schiphol Group seeks cooperation at national and regional levels. In this light, Schiphol Group identified four long-term strategic themes in 2012: Top Connectivity, Excellent Visit Value, Competitive Marketplace and Sustainable Performance.

Top Connectivity: Mainport Schiphol owes its success and its reason for existence to the extensive network of connections with the rest of the world. This network is the result of the successful collaboration between home carrier KLM, the government and the airport. Schiphol Group strives to constantly improve its facilitating function and expand it in the interest of multimodal transport possibilities for passengers and cargo. Both an extensive network of connections and a certain freedom of choice for passengers and cargo carriers are important in this respect. The excellent hub network that has been developed in the past must be cherished. Schiphol Group and its partners also strive to enhance the accessibility of the Mainport by road and by rail.

Excellent Visit Value: To safeguard and further enhance the competitive position of Schiphol Mainport, Schiphol Group seeks to offer customers, airlines and other users a competitive price-quality ratio. The company strives to continuously improve the efficiency of its operations and the quality of the products and services at our airports, always keeping in mind the balance between cost and quality.

Competitive Marketplace: Schiphol Group is developing Amsterdam Airport Schiphol as an attractive location to work, to stay, to establish a business, to meet and to relax. For Amsterdam Airport Schiphol as a business location to compete with other national and international locations, it is important that it offers an attractive marketplace. Essential elements are the retail and real estate strategy. The company also strives to improve Amsterdam Airport Schiphol's strength as a cargo distribution point.

Sustainable Performance: Schiphol Group conducts its business with respect for people, the community and the environment. The airport creates sustainable value for its customers and stakeholders. Efficient and financially healthy and sound business operations are a requirement for a future-proof company, always keeping in mind the balance between people, planet and profit. Schiphol Group assumes its responsibility with respect to five key socio-economic themes: sustainable employment, accessibility and air quality, climate-friendly aviation, commodity shortages and noise and local community.

Schiphol Nederland

Schiphol Nederland aspires to strengthen the position of its domestic airports. Schiphol Nederland's principal activity is the management, operation and development of Amsterdam Airport Schiphol, showcase of the AirportCity formula, as the international airport of the Netherlands and as a major gateway to Europe. Other activities of Schiphol Nederland include ownership of domestic regional airports: Rotterdam The Hague Airport (100 per cent.), Eindhoven Airport (51 per cent.) and Lelystad Airport (100 per cent.). For more information see "*Description of Schiphol Nederland B.V.*".

Schiphol International

Through participations in and alliances and partnerships with major airports in other countries, Schiphol Group can continue to improve its products and processes and share knowledge with other airport operators, from which all parties involved benefit. Schiphol Group continues to investigate international opportunities.

The main efforts of Schiphol International are concentrated on reinforcing of the relationship of Schiphol Group with the SkyTeam alliance. Priorities are the partnership with Aéroports de Paris and the expansion of activities at JFK Airport in New York.

Aéroports de Paris

On December 1, 2008, Schiphol Group entered into a cooperation agreement with Aéroports de Paris S.A. (“AdP”) in order to create a leading global airport alliance. To reinforce their mutual commitment to the alliance, AdP and Schiphol Group entered into an 8.00 per cent. cross-shareholding agreement. This alliance provides benefits to the core activities of both companies by benchmarking and initiating joint projects. Eventually the alliance is intended to enhance the competitive position of Schiphol Group relative to other airports in Europe and the Middle East.

Terminal 4 JFK New York

Schiphol Group through its subsidiary Schiphol USA Inc. (“SUSA Inc.”) is a 100 per cent. shareholder of John F. Kennedy International Air Terminal LLC (“JFK IAT LLC”). SUSA Inc. holds all class A shares and Delta Air Lines Inc all class B shares in JFK IAT Member LLC.

Work on the first phase of the expansion of Terminal 4 began in 2010 and involved nine new international gates, baggage facilities, customs and border control facilities. The first phase was completed in 2013. Work on the second phase has commenced and is expected to be completed in 2015. The second phase will encompass the construction of 11 regional gates allowing the passengers currently arriving in Terminal 2, to arrive and depart directly from Terminal 4. The project is estimated to cost around USD 150-175 million which Delta Air Lines is intending to finance.

Brisbane

Schiphol International, through Schiphol Australia Pty Ltd., indirectly holds a 18.72 per cent. interest in Brisbane Airport Corporation Pty Ltd. which owns and operates Brisbane Airport in Australia.

Other

In addition, Schiphol Group has international activities in Hong Kong, Italy, Aruba and Sweden.

Recent Developments and Key Issues

Capital investment programme and Master Plan under consideration

During 2013, the number of air transport movements at Amsterdam Airport Schiphol was over 425,000 carrying 52.6 million passengers. Schiphol Group must safeguard the capacity and quality of its main airport in the long term in order to facilitate future growth and continue to serve airlines with optimal efficiency in the next ten to fifteen years. Under current conditions, capacity is already constrained during peak periods. If Schiphol Group fails to act, the quality and attractiveness of the fourth largest airport (in 2013) in Europe in terms of passengers may come under pressure, and Amsterdam Airport Schiphol and therefore also the Netherlands may potentially lose valuable connections. To address this, Schiphol Group has prepared a Master Plan for the development of the airport over the next ten to fifteen years. Schiphol Group intends to further strengthen the quality and capacity of the terminals and piers at Amsterdam Airport Schiphol by implementing investments in line with this Master Plan in consultation with the airlines.

Planned investments in the coming years may include real estate projects, taxiways, aprons and piers, terminal capacity, security, fire protection and further upgrading of baggage handling systems. In view of the geopolitical and economic uncertainties, investment programmes will be carefully monitored and temporised if necessary. The investment programme, if fully undertaken as included in some scenarios under consideration, may have an impact on the capital structure.

In 2013, Schiphol Group commenced with the first phase of the Master Plan that includes central security for all Non-Schengen areas in the terminal. In the future, all security checks of passengers and hand luggage will take place at central security filters instead of at the gates. As part of this process, an additional floor will be constructed on a number of piers (E, F and G), gatehouses will be added to these piers and an existing floor will be redesigned to accommodate security control. Central security is expected to ultimately result in a more efficient process, better use of the boarding lounge and gate capacity, more comfort for passengers and better future preparedness of business operations in light of new legislation and regulations in the area of security. Construction started in 2013 and this extensive project is expected to be completed in 2015. The investment relating to this project amounts to approximately EUR 350 million.

Evaluation of the Aviation Act

In 2009, the Ministry of Infrastructure and the Environment started its periodic evaluation of the Aviation Act. The cabinet informed the Lower House in April 2012 and June 2013 by letter of the results of this evaluation so far.

The evaluation of the Aviation Act is expected to yield several adjustments to the existing economic regulation. One such expected key change concerns the period for which airport charges will be set. Currently this is one year, but under the amended act this is expected to change to three years. Setting airport charges for a multiple year period is expected to ensure more stable and predictable levels, benefiting both the airlines and Schiphol itself.

The existing hybrid dual-till system is expected to continue to exist in future. However, a mandatory contribution from non aviation activities is expected to replace the current system of voluntary contributions currently applied by Schiphol. The underlying principle is that Schiphol should be able to achieve a benchmark return over the three-year period, should remain capable of independently funding its own operations at acceptable credit conditions and must retain a Single A credit rating. In determining the mandatory contribution, aspects such as Schiphol's competitive position and current market conditions are expected to also be taken into account.

An efficiency incentive is also expected to be introduced for major investment projects. In the event of budget overruns during the implementation of a major investment project, additional costs incurred during the rate period concerned are expected to be borne by Schiphol; if the costs of implementation prove to be lower, the resulting cost advantage is expected to be equally distributed between the airlines and Schiphol.

Other amendments to the law are expected to relate to improving the consultation process, periodic reporting on quality and efficiency, the procedure for setting off differences in previous years and the way the regulated WACC will be determined.

Real estate investments in Italy

Schiphol Group, through joint ventures, has invested in commercial real estate in Italy, partly financed by local banks. Two projects can be distinguished: Avioport Logistics Park and Villa Carmen. In consultation with our partner in Avioport Logistics Parks near Milan Malpensa Airport, the decision was taken to limit these real estate activities to the two office buildings and four multi-tenant buildings already in operation. At the same time, various options for the future of Avioport Logistics park are being examined. In view of the current market conditions, Schiphol has decided not to continue the development of the land positions of Villa Carmen, the collaboration that was aimed to develop a business park for this airport, in their present form.

The mortgaged financing agreements with local banks related to this Avioport Park total around EUR 42.5 million. It is envisaged to refinance the current loan in 2014 with new financing; the refinancing could take the form of shareholder loans.

A sharp deterioration in market conditions led to a reduction of EUR 32 million in the fair value of the real estate in Italy in 2012. Of this reduction, an amount of EUR 9 million was recognised in Schiphol Group's profit and loss account in 2012 as fair value gains and losses on property and EUR 23 million as impairment. Schiphol Group's share of this decrease in value was EUR 26 million. An amount of EUR 6 million has been recognised through the net profit attributable to non-controlling interests. In 2013, Schiphol Group recorded a further reduction in fair value of the Italian real estate activities of EUR 4.5 million.

It cannot be excluded that the current economic circumstances may lead to a further reduction in the value of the real estate. Assessment will be part of the regular half year and year end real estate reviews and any movements will be accounted for in the profit and loss account of Schiphol Group.

Corporate income tax

The effective tax burden in 2013 was 16.5 per cent. and thus lower than the effective tax burden in 2012 (22.6 per cent.) and lower than the nominal corporate income tax rate (25.0 per cent.). The lower effective tax rate is caused by a number of one-off effects. A one-time tax benefit of EUR 8 million was recorded due to the retroactive application of the participation exemption on dividends received on Redeemable Preference Shares of Brisbane Airport Corporation Holdings Limited held by Schiphol Group. In addition, the reduction is caused by EUR 7 million in non-deductible corporate income tax on impairment losses in relation to Italy in 2012.

Legal Proceedings

Currently, several legal proceedings in which Schiphol Group or its subsidiaries are involved are pending. The most important disputes are described below.

In 2003, legal proceedings were initiated against Schiphol Group by the owner of the so-called Groenenberg site (Chipshol) for alleged losses resulting from the imposition of a ban on real estate development of the site. On February 19, 2010, after several years of litigation and factual developments, the Supreme Court ruled that Chipshol as the beneficial owner is entitled to receive compensation from Schiphol Group for the damages, in particular the loss of value of the land. It was also ruled that Schiphol Group is entitled to compensation from Chipshol for the possible increase in the value of the land resulting from lifting the development ban. In conclusion, the earlier judgment pronounced by the Court of Haarlem stating that Schiphol Group is required to pay Chipshol compensation amounting to EUR 16 million could not be upheld. Therefore, the case will again be heard by the Appeal Court of Amsterdam. The Appeal Court of Amsterdam will have to amongst other things examine whether Schiphol Group's obligation to pay compensation should be reduced and whether the compensation claimed by Chipshol has already been (partially) paid as a consequence of the settlements effected with the Province of North Holland and the municipality of Haarlemmermeer. Also, it will have to be examined what impact the possible value increase resulting from lifting the development ban will have on the compensation to be paid by Schiphol Group.

The Supreme Court ruled favourably for Schiphol Group in February 2013, which brought the case back for final consolidated judgement to the Appeal Court of Amsterdam. Proceedings there will continue.

In 2012, the NMa investigated a complaint lodged by Chipshol concerning abuse of dominant position by Schiphol Group and/or its subsidiaries in the real estate market in the Schiphol area, allegedly with detrimental effects for Chipshol's real estate development projects. The NMa ruled that there was no abuse of a dominant position by Schiphol Group and/or its subsidiaries. Chipshol filed an appeal before the District Court of Rotterdam. The District Court in Rotterdam dismissed the appeal of Chipshol. In turn Chipshol appealed before the CBb, which is the last resort for this matter.

Transavia.com filed a request with the ACM to rule on the specific request made by transavia.com to Schiphol to render a customised service to transavia.com, based on the relatively new article 8.25ea of the Aviation Act. The ACM ruled by its verdict of March 29, 2013, that Schiphol should amend its Regulation Aircraft Standing Allocation Schiphol ("RASAS") with regard to the allocation of capacity at its H-pier.

Schiphol has complied with this ruling with an amendment of the RASAS per Q3 of 2014. Schiphol has filed a limited appeal against the ACM decision. The case is currently still pending.

In 2004, Schiphol Group took a consolidated provision of EUR 10 million in respect of the exposure resulting from its legal proceedings. The provision continues to be recognised in the balance sheet as at December 31, 2013, and the amount remains unchanged.

Finally, the close cooperation between Schiphol and KLM has triggered an investigation by the ACM. The ACM investigates whether the close cooperation has affected the position of other airline operators in a way that is contrary to the competition law rules. The investigation is ongoing and Schiphol is not aware of the ACM's findings so far. If the ACM finds an infringement of the competition law rules, it can impose penalties on Schiphol.

Other

In July 2008, the Rijnland Water Board ("*Rijnland*") collected contaminated extinguishing water released during an incident at a KLM hangar in Schiphol Southeast and stored the water in basins made available by Schiphol Group. Rijnland had been granted a permit for this purpose by the province of North-Holland. In spite of the removal and purification of the contaminated extinguishing water in 2009, it was later discovered that the soil and groundwater at the location of the basins had been contaminated. As the owner of the land concerned, Schiphol Group suffered damage as a result of the contamination. Rijnland removed the sludge from the basins in 2011, as a result of which no further contamination is taking place through the soil. Rijnland, KLM and Schiphol Group are now working together to take control measures aimed at preventing the further spread of contamination through groundwater.

The contaminated basins will ultimately have to be sanitised. A study was carried out in 2012 to determine the sanitation method to be used. The watercourses at Schiphol that were contaminated during the same incident will be cleaned within the framework of the regular dredging programme. The most heavily contaminated locations close to the hangar will be accorded priority. The additional costs relative to the regular dredging programme for the transport and processing of the contaminated material will be charged to KLM. The water purification company Evides is taking measures in consultation with the municipality of Haarlemmermeer to deal with the technical facilities that were likewise contaminated by this incident. Evides, KLM and Schiphol Group are taking measures to sanitise a contaminated watercourse next to the Evides facility in order to comply with a requisition of Rijnland.

Material Contracts

Schiphol Group has not entered into material contracts outside the ordinary course of business.

DE-MERGER OF SCHIPHOL GROUP

Schiphol Group amended its legal structure by way of de-merger (*afsplitsing*) (the “De-merger”) in accordance with section 334a, paragraph 3, in conjunction with section 334hh of Book 2 of the Dutch Civil Code (“DCC”) on December 28, 2001 and Schiphol Nederland came into existence on the consummation of the De-merger. Pursuant to the De-merger, Schiphol Group transferred all of its domestic business to Schiphol Nederland. As part of the De-merger, Schiphol Nederland was substituted for Schiphol Group as principal debtor in respect of the Notes outstanding under the Programme at the date of the De-merger.

Before the De-merger, the assets of Schiphol Group were divided into three main categories: (a) holding assets; (b) international assets; and (c) domestic assets. Schiphol Group aimed to achieve the following short term and long term aims as a result of the De-merger: an increase in efficiency and costs reduction by separating the domestic and international assets and activities of Schiphol Group; an improvement of the risk profile of Schiphol Group by dividing its holding and operational activities; and a rationalisation of the group structure and improvement of the capital raising capabilities of Schiphol Group.

The assets and liabilities transferred from Schiphol Group to Schiphol Nederland in the De-merger, can be summarised as those assets and liabilities which related to the domestic business of Schiphol Group and include Schiphol Group’s obligations under the Notes outstanding under the Programme.

The holding assets and certain international assets (including, *inter alia*, shareholdings in subsidiaries conducting international activities such as JFKIAT) have remained with Schiphol Group. An existing subsidiary of Schiphol Group, Schiphol International, conducts the majority of the international activities of Schiphol Group.

403 Declaration and Schiphol Group Guarantee

A “403 Declaration” was filed by Schiphol Group with the trade register pursuant to Section 2:403 of the Netherlands Civil Code (“Section 403”) as part of the De-merger. In general, Section 403 provides an exemption from the requirement on Dutch subsidiary companies to prepare full and complete published audited annual accounts. In order to qualify for this exemption, the following requirements, *inter alia*, had to be fulfilled: (a) the financial information of Schiphol Nederland had to be consolidated into the audited and published accounts of Schiphol Group; (b) Schiphol Group had to issue a 403 Declaration (the “403 Declaration”) in writing that it assumes joint and several liability for the obligations of Schiphol Nederland, which resulted from legal acts performed by Schiphol Nederland; and (c) the 403 Declaration had to be filed with the trade register together with the audited consolidated financial statements of Schiphol Group. The requirements set out in Section 403 have been satisfied and therefore it will not be necessary for Schiphol Nederland to prepare any audited or published accounts subject to the following paragraph.

Schiphol Group is entitled, in accordance with Section 403, to terminate the joint and several liability pursuant to Section 403 by filing a declaration to this effect with the trade register. Upon such document being filed, Schiphol Group will not be jointly and severally liable for any liabilities resulting from legal acts entered into by Schiphol Nederland after the date of such filing and Schiphol Nederland will then be obliged to prepare and make public audited annual accounts. As for the liabilities resulting from legal acts entered into by Schiphol Nederland before the date of such filing, Schiphol Group will remain jointly and severally liable until (i) Schiphol Nederland no longer forms part of Schiphol Group’s group, (ii) a notice of the intention to terminate has been available for inspection with the trade register for two months, (iii) two months have passed since an announcement has been published in a national newspaper stating that the notice referred to in (ii) above is available for inspection at the trade register, and (iv) no creditor has filed an opposition within the permitted time, or where such opposition has been filed, it has been withdrawn or declared unfounded by final court judgment.

Notwithstanding a termination of the 403 Declaration as described above, in respect of the Notes issued by it under the Programme, Schiphol Nederland will continue to have the benefit of an unconditional and irrevocable guarantee from Schiphol Group under the Schiphol Group Guarantee.

DESCRIPTION OF SCHIPHOL NEDERLAND B.V.

Introduction

Schiphol Nederland was incorporated on December 28, 2001, and operates, as a sub-holding company with limited liability under Dutch law and came into existence on the consummation of the De-merger. Schiphol Nederland is registered in the trade register at the Chamber of Commerce of Amsterdam under number 34166584. Schiphol Nederland has its corporate seat in Schiphol, Municipality of Haarlemmermeer, the Netherlands and has its registered address at Evert van de Beekstraat 202, 1118 CP Schiphol, the Netherlands, telephone: +31 20 601 9111. The Articles of Association are contained in the notarial deed relating to the De-merger, which was executed on December 27, 2001 (see “*De-merger of Schiphol Group*” above).

Pursuant to the De-Merger, Schiphol Group transferred all its domestic business to Schiphol Nederland (including but not limited to its interests relating to Amsterdam Airport Schiphol, its shares in Dutch domestic airports and all outstanding Notes (including the Notes issued by Schiphol Group under the Programme)). See “*De-merger of Schiphol Group*” above.

Schiphol Nederland’s principal activities are the management, operation and development of Amsterdam Airport Schiphol, showcase of the AirportCity formula, as the international airport of the Netherlands and as a major gateway to Europe.

Other activities include ownership of domestic regional Dutch airports, which include a 100 per cent. interest in Rotterdam The Hague Airport, a 51 per cent. interest in Eindhoven Airport and a 100 per cent. interest in Lelystad Airport.

Capitalisation and Shareholders

Schiphol Group holds 100 per cent. of the issued shares in Schiphol Nederland.

The authorised share capital of Schiphol Nederland is EUR 750 million comprising 750 million ordinary registered shares of par value EUR 1 each. As of December 31, 2013 a total of 150 million ordinary registered shares had been issued, all of which are fully paid.

Corporate Governance and Management

Notwithstanding its indirect government ownership, Schiphol Nederland is a (financially) independent commercial enterprise servicing financial commitments from cash flows generated primarily by its ownership of Amsterdam Airport Schiphol, with no sovereign guarantee.

Management Board

Schiphol Group has been appointed as the sole Managing Director of Schiphol Nederland.

The business address of the sole Managing Director is the address of Schiphol Nederland’s principal executive office in the Netherlands.

There are no potential conflicts of interest between the duties of the sole Managing Director and its other interests and/or other duties.

Business

The principal activity of Schiphol Nederland is the management, operation and development of Amsterdam Airport Schiphol, showcase of the AirportCity formula, as the international airport of the Netherlands and as a gateway to Europe. The current site of Amsterdam Airport Schiphol has functioned as an airport since 1916. In 2013, 52.6 million passengers used Amsterdam Airport Schiphol, there were more than 425,000 air transport movements and 1,531,100 tonnes of cargo were transported through the airport. Within Europe, Amsterdam Airport Schiphol is the fourth largest airport for passenger movements and third largest in terms of volume in freight operations (in 2013).

In addition to Amsterdam Airport Schiphol, the operations of Schiphol Nederland include the management of three domestic airports: Rotterdam The Hague Airport, Eindhoven Airport and the general aviation airport of Lelystad.

Strategy

Schiphol Nederland is expected to contribute to the four strategic themes of Schiphol Group: Top Connectivity, Excellent Visit Value, Competitive Marketplace and Sustainable Performance.

Business composition

Schiphol Nederland organisation reflects Schiphol Group's business area structure comprising four business areas: Aviation, Consumer Products & Services, Real Estate and Alliances & Participations.

The four business areas can be described as follows:

Business area Aviation

The activities of the business area Aviation take place at Amsterdam Airport Schiphol. Aviation provides services and facilities to airlines, passengers and handling agents. The business area aims to support an efficient and high-quality passenger and cargo process. It is responsible for the provision of the check-in and security facilities, the design of the terminal, piers and gates, the development and management of the baggage system, management of the landing area, the maintenance of this infrastructure and the coordination of safety on platforms, roads and grounds and in the buildings. Revenues consist of airport charges (aircraft, passenger and security-related charges) and concession fees paid by oil companies for the supply of aircraft fuel.

One of this business area's most important operational objectives is to maintain Amsterdam Airport Schiphol's competitive standing as a Mainport. To further the airport's role as a Mainport, it must continue to offer a large network of destinations with frequent connections. Achieving this requires a large volume of passengers, cargo and air transport movements and better connectivity relative to other major airports in Europe. Connectivity is a combination of the total number of destinations served, flight frequency and the ease with which passengers can make a connection.

Business area Consumer Products & Services

The business area Consumer Products & Services develops and manages the range of products and services offered at Amsterdam Airport Schiphol. Its primary aim is to enable passengers to travel care-free and comfortably. This business area grants concessions for shops, restaurants, services and entertainment and operates a number of shops and the car parks. It also creates opportunities to advertise at Amsterdam Airport Schiphol. The Privium programme and the VIP centre offer a range of specific services for premium passengers. This part of the revenue is non-regulated and encompasses retail sales, concession income, car parking fees, rents, advertising and media revenues and other income and management fees.

The primary drivers for the Consumer Products & Services business area are the number of passengers using Amsterdam Airport Schiphol and the average spend per passenger.

Business area Real Estate

The business area Real Estate develops, manages, operates and invests in property on and around airports in the Netherlands and abroad. The portfolio comprises both operational and commercial real estate that, for the most part, is located on and around Amsterdam Airport Schiphol. The business area offers companies and logistics service providers a variety of locations, offices and business premises and different types of rental contracts, with the special benefit of being in the immediate vicinity of an international airport. Of the property included in the total portfolio, 83 per cent. is located at Amsterdam Airport Schiphol, 7 per cent. at and around the regional airports of Rotterdam and Eindhoven and 10 per cent. in Italy. The main sources of revenue are the rental and development of buildings and land. Additional revenues are generated from granting leaseholds and from the sale of land and buildings. The changes in value of the property in any given year can have a disproportionate positive or negative effect on the result of Schiphol Group.

Its central objective is to develop real estate in AirportCities into dynamic, profitable locations. The policy is oriented to a mix of office and commercial property and a combination of development and the regular divestment of non-strategic property.

Effective per January 1, 2014, Airport Real Estate Management B.V. (a 100 per cent. subsidiary of Schiphol Real Estate B.V. itself a 100 per cent. subsidiary of Schiphol Nederland) acquired the 38.85 per cent. of the shares Schiphol Group did not yet own in Airport Real Estate Basisfonds C.V. (“AREB”), a real-estate fund (“AREB Transaction”). The shares were acquired from two co-investors. In return for the sale of its shares in AREB, one of these co-investors provided a profit sharing loan to Airport Real Estate Management B.V. which is materially equal to a 20.22 per cent. economic stake in AREB. As at year end 2013, AREB’s portfolio consisted of 17 buildings and had a market value of approximately EUR 325 million. Part of the portfolio had been financed by third party debt totalling EUR 179 million per year end 2013 which has been refinanced by Schiphol Nederland in the first quarter of 2014.

Business area Alliances & Participations

The business area Alliances & Participations within Schiphol Nederland is involved in three regional Dutch airports: Rotterdam The Hague Airport (1,590,000 passengers in 2013), Eindhoven Airport (3,400,000 passengers in 2013) and the general aviation airport of Lelystad. The general aviation airport of Lelystad has been wholly owned by Schiphol Group since 1993, while 51 per cent. ownership of Eindhoven was acquired by Schiphol Group in March 1998. Schiphol Group is the 100 per cent. owner of Rotterdam The Hague Airport. Rotterdam and Eindhoven cater for select scheduled and charter airline services to European destinations. The regional airports mainly contribute to the revenue in the form of airport and parking charges. Alliances & Participations is also responsible for other activities, such as Schiphol Telematics and Schiphol Utilities. Schiphol Telematics provides telecom services to companies. Schiphol Utilities generates revenue from the transportation of electricity and gas and the supply of water.

Airport Accessibility and Integration of Connecting Transport Infrastructure

Amsterdam Airport Schiphol is situated in the heart of the Netherlands’ “Randstad”, an area including Amsterdam, The Hague, Utrecht, and Rotterdam that has approximately five million residents. Schiphol Group estimates that the catchment area (defined as the area within a two hour drive of Amsterdam Airport Schiphol) of the airport covers approximately 34 million people in the Netherlands, Germany and Belgium. This catchment area is expected to increase further once all planned high speed train connections are operational.

Schiphol Group believes that accessibility is a key competitive strength of Amsterdam Airport Schiphol. In addition to the airport’s extensive network of worldwide destinations and the relatively high

frequency at which major international airlines travel to these destinations via Amsterdam, the single terminal airport is well connected to main road and rail networks. Trains stop directly under the terminal in the country's sixth largest train station in terms of the number of passengers, with direct service to major domestic cities as well as several international destinations. The airport is also positioned at the crossroads of major North-South and East-West motorways. By train or car, the airport is approximately 15 minutes from Amsterdam and 45 minutes from Rotterdam.

Recent Developments and Key Issues

Capital investment programme and Master Plan under consideration

During 2013, the number of air transport movements at Amsterdam Airport Schiphol was just over 425,000 carrying 52.6 million passengers. Schiphol Group must safeguard the capacity and quality of its main airport in the long term in order to facilitate future growth and continue to serve airlines with optimal efficiency in the next ten to fifteen years. Under current conditions, capacity is already constrained during peak periods. If Schiphol Group fails to act, the quality and attractiveness of the fourth largest airport in Europe in terms of passengers may become under pressure, and potentially Amsterdam Airport Schiphol and therefore also the Netherlands may lose valuable connections. To address this, Schiphol Group has prepared a Master Plan for the development of the airport over the next ten to fifteen years. Schiphol Group intends to further strengthen the quality and capacity of the terminals and piers at Amsterdam Airport Schiphol by implementing investments in line with this Master Plan in consultation with the airlines.

Planned investments in the coming years may include real estate projects, taxiways, aprons and piers, terminal capacity, security, fire protection and further upgrading of baggage handling systems. In view of the geopolitical and economic uncertainties, investment programmes will be carefully monitored and temporised if necessary. The investment programme, if fully undertaken as included in some scenarios under consideration, may have an impact on the capital structure.

Schiphol Group signed agreements in 2012 to invest in and operate a new hotel at Amsterdam Airport Schiphol which will be managed by Hilton Worldwide. The hotel is expected to open in 2015 and will replace the existing Hilton hotel at the airport. Schiphol Group will bear all investment, construction as well as operating risk of this new Hilton hotel and the related revenue, costs, assets and liabilities will be recorded in its financial statements.

In 2013, Schiphol Group commenced with the first phase of the Master Plan that includes central security for all Non-Schengen areas in the terminal. In the future, all security checks of passengers and hand luggage will take place at central security filters instead of at the gates. As part of this process, an additional floor will be constructed on a number of piers (E, F and G), gatehouses will be added to these piers and an existing floor will be redesigned to accommodate security control. Central security is expected to ultimately result in a more efficient process, better use of the boarding lounge and gate capacity, more comfort for passengers and better future preparedness of business operations in light of new legislation and regulations in the area of security. Construction started in 2013 and this extensive project is expected to be completed in 2015. The investment relating to this project amounts to approximately EUR 350 million.

In April 2014, Schiphol Group outlined its plan to develop Lelystad Airport for commercial airlines operations. This development includes investments in a runway and taxiways, terminal capacity and parking facilities. Schiphol Group has submitted its business plan to the Ministry of Infrastructure as part of an Airport Decree application. The Airport Decree is required to undertake the intended development and operation of Lelystad Airport and is expected to be issued in November 2014. Lelystad Airport is expected to open for commercial airline operations in 2018.

Bird strikes

Birds form an increasingly serious threat to aviation safety. On June 6, 2010, a Royal Air Maroc aircraft returned to Schiphol after having collided with Canada geese, which caused one engine to fail. The

aircraft was forced to make an emergency landing. In order to deal with the geese problem in an effective manner, the Netherlands Control Group for Bird Strikes (“NRV”) was established in June 2010. The Ministry of Infrastructure and the Environment chairs the NRV, of which Schiphol Group is a member together with Air Traffic Control The Netherlands (“LVNL”) and KLM. Over the past year, the NRV has developed a four-track approach to this issue: population management, crop changes, nature (wetland) changes and the use of technology. Amsterdam Airport Schiphol, LVNL and KLM are responsible for developing the latter aspect. To this end, Schiphol Group prepared a bird species risk model in 2011 that was defined on the basis of International Bird Strike Committee standards. Using this risk model, Schiphol Group then developed specific control measures to target different types of birds. Furthermore, on April 16, 2012, the NRV signed the covenant Reducing Bird Strikes (“*Verminderen Vogelaanvaringen*”). Consequently, a joint policy is applied that already led to positive results in 2012 and 2013 compared to previous years.

Regulation, noise management and long term growth

In 2003, the amended Air Transport Act came into force and included a system of noise regulation. Operations at Amsterdam Airport Schiphol must remain within the annual allowable noise limit as well as within limits established by the regulation at each individual “enforcement point”. The noise limits were based on a scenario developed in 2001 for the expected runway usage in the period 2005-2010. However, the aviation sector has not developed as foreseen, resulting in breaches of the noise limits at some enforcement points whilst there is considerable “unused” noise capacity at other enforcement points.

In December 2006, the government established a consultative body, called the “Alders Platform” under the direction of Hans Alders, former governor of the province of Groningen, charged with determining how Amsterdam Airport Schiphol can grow in the short (to 2010) and medium (2018/20) term within the established environmental constraints while reducing hindrance to the surrounding areas. The parties taking part in the consultative process include the aviation industry, the government, the province, the local municipalities and local residents’ organisations.

Up to 2010, agreement had been reached permitting growth of Amsterdam Airport Schiphol to roughly 480,000 air transport movements per year. The necessary amendment to the Schiphol Air Traffic Decree to confirm this was passed by Parliament on April 8, 2008.

Consultations at the Alders Platform concerning growth of Amsterdam Airport Schiphol in the medium term (2018/20) were completed on October 1, 2008. The resulting advice of the Alders Platform to the Dutch cabinet includes five main points which aim to promote selective development of the airport and sustainable integration of its operations in the local environment:

- the airport may grow to 510,000 air transport movements per year until 2020;
- non-mainport traffic in excess of the above level shall be relocated to regional airports (approximately 70,000 air transport movements in total);
- noise hindrance is expected to decrease as a result of different use of the runway system;
- there will be an experiment with new standards and an enforcement system for noise hindrance; and
- the quality of the environment of local residential areas is expected to improve.

The Dutch Cabinet endorsed this advice on October 10, 2008 and included it in the White Paper on Dutch Aviation (April 2009).

In covenants Schiphol Group has reached agreements with the participants at the Alders Platform on measures to limit nuisance, noise related and otherwise, on the development of Amsterdam Airport Schiphol

in the medium term and on measures to improve the quality of life in the surrounding region. Amsterdam Airport Schiphol is working to implement the covenants in collaboration with the various stakeholders.

One agreement concerns conducting an experiment to assess a new noise enforcement system, as the current system is too complex. In August 2010, the Alders Platform presented a new system to the Cabinet as part of its recommendations. The Cabinet and Lower House adopted this recommendation and the experiment was subsequently launched on November 1, 2010. The new noise system is based around the principle that runways causing the least amount of disturbance will be used as often as possible, such that the surrounding area is provided at least the same amount of protection as under the current system. The new system was piloted for a period of two years until October 31, 2012, after which the Alders Platform evaluated the experiment. Following this evaluation, the Alders Platform reached agreement on a new system of environmental standards in October 2013, which was submitted to the State Secretary for Infrastructure and the Environment. The bill for the new noise system is expected to be submitted to the Lower House in 2014.

Schiphol Group believes that noise management is the key factor in providing capacity increases at Amsterdam Airport Schiphol. Amsterdam Airport Schiphol uses a range of measures to manage noise effectively, including higher tariffs for noisier aircraft and for night-time take-offs and landings, incentives such as tariff discounts for the utilisation of less noisy aircraft, regular consultation with air traffic control to ensure optimal runway configuration (which affects the distribution of noise at various enforcement points at and around the airport) and approach and landing procedures and physical planning at the airport site.

Financing

The total amount of outstanding loans and lease liabilities increased by EUR 49 million in 2013, from EUR 1,943 million to EUR 1,992 million.

Part of the portfolio of AREB had been financed by third party debt totalling EUR 179 million per year end 2013 which has been refinanced by Schiphol Nederland in the first quarter of 2014 as part of the AREB Transaction.

Schiphol Group has invested in commercial real estate in Italy (Avioport Park), partly financed through local banks.

The mortgaged financing agreements with local banks related to this Avioport Park total around EUR 42.5 million. It is envisaged to refinance the current loan in 2014 with new financing; the refinancing could take the form of shareholder loans.

Currently, Schiphol Nederland has a loan facility of EUR 350 million and an additional EUR 200 million from the European Investment Bank (EIB), which are both fully drawn. In 2013, Schiphol Nederland entered into a loan agreement with KfW-IPEX Bank for EUR 150 million, of which EUR 50 million remains available until September 2014. It has a further EUR 400 million of bank facilities that have not yet been drawn. These facilities do not expire until 2015 (EUR 100 million) and 2016 (EUR 300 million). Schiphol Nederland attaches great importance to liquidity.

Economic regulation and airport charges

On July 19, 2006, amendments to the Air Transport Act and a related decree entered into force whereby airport charges are now set based on a “dual till” model in which “aviation” activities, which are regulated, are separated from the “non-aviation” activities, which are not regulated. The allocation system that describes the allocation of assets was approved by the NMa for the first time on April 25, 2007. On June 22, 2010, the NMa approved the updated allocation system which has been applicable as of 2011.

In 2009, the Ministry of Infrastructure and the Environment started its periodic evaluation of the Aviation Act. The cabinet informed the Lower House in April 2012 and June 2013 by letter of the results of this evaluation so far.

The evaluation of the Aviation Act is expected to yield several adjustments to the existing economic regulation. One such expected key change concerns the period for which airport charges will be set. Currently this is one year, but under the amended act this is expected to change to three years. Setting airport charges for a multiple year period is expected to ensure more stable and predictable levels, benefiting both the airlines and Schiphol itself.

The existing hybrid dual-till system is expected to continue to exist in future. However, a mandatory contribution from non aviation activities is expected to come to replace the current system of voluntary contributions currently applied by Schiphol. The underlying principle is that Schiphol should be able to achieve a benchmark return over the three-year period, should remain capable of independently funding its own operations at acceptable credit conditions and must retain a Single A credit rating. In determining the mandatory contribution, aspects such as Schiphol's competitive position and current market conditions are expected to also be taken into account.

An efficiency incentive is also expected to be introduced for major investment projects. In the event of budget overruns during the implementation of a major investment project, additional costs incurred during the rate period concerned are expected to be borne by Schiphol; if the costs of implementation prove to be lower, the resulting cost advantage is expected to be equally distributed between the airlines and Schiphol.

Other amendments to the law are expected to relate to improving the consultation process, periodic reporting on quality and efficiency, the procedure for setting off differences in previous years and the way the regulated WACC will be determined.

Per April 1, 2013 the airport charges increased on average by 0.5 per cent. and per April 1, 2014 airport charges increased on average 0.4 per cent. following a constructive consultation with the airlines.

Slot co-ordination

Amsterdam Airport Schiphol has been fully slot-co-ordinated since 1998. Based on the number of air transport movements, determined in an operational plan, Amsterdam Airport Schiphol indicates to the slot co-ordinator the number of slots to be allocated to the airlines. Slot co-ordination is a neutral, transparent and non-discriminatory system for allocating the right to land or depart at a specified time and therefore creates a mechanism to allocate the available noise allowance within the established noise zones. The slot co-ordinator is an independent organisation that distributes the available slots based on EC legislation and International Air Transport Association principles.

Liability insurance coverage

Although markets for liability insurance coverage for acts of war and terrorism have never fully recovered from their collapse following the events of September 11, 2001, market capacity has been steadily increasing over the past several years. In addition, the Dutch Government will indemnify Schiphol Group for third party liabilities due to acts of terrorism in respect of aviation security tasks for damages which exceed the amount which can reasonably be insured in normal insurance markets.

Security

Security has become an increasingly important aspect of the airport business. Regulation governing airport security has evolved rapidly over the past decade on all levels: internationally, within the European Union, and in the Netherlands.

Since 2004, Schiphol Group has been charged by the Ministry of Justice to carry out preventative security duties at Amsterdam Airport Schiphol. This includes the screening of passengers, cabin baggage, hold baggage, personnel and the goods they carry, additional measures for high risk flights, internal company security, access control to all secure areas, and perimeter control. In addition, Schiphol Group must accommodate and provide facilities (supply of space, passes, security facilities, etc.) to the Dutch Government in its security-related activities (airport police, customs and immigration) at Amsterdam Airport Schiphol.

The costs associated with Schiphol Group's security duties are passed on to users via a security services charge per passenger. These costs fall under the economic regulatory framework. See "*Economic regulation and airport charges*" above.

The Ministry of Justice has ultimate responsibility for regulating security requirements at Amsterdam Airport Schiphol and has the power to impose security measures.

The risk pertaining to the involvement of Schiphol Group, as the designated airport operator, in these activities is the exposure to potential civil liability claims which may result in joint and/or several liability of Schiphol Group. The Dutch Government will indemnify Schiphol Group for liabilities due to acts of terrorism resulting from these security activities in excess of the amount which Schiphol Group can reasonably insure in normal insurance markets.

Environment

Since 2009, Schiphol Group has reported, as part of its Annual Report, all of its non-financial performance and disclosures, in particular in the area of Corporate Responsibility. Almost all the Corporate Responsibility reporting relates to policies implemented by and activities within the Schiphol Nederland entity and is externally reviewed since 2010 (GRI 3.1 with level of B+). It contains Corporate Responsibility disclosure including performance measurements and environmental and community policy decisions and activities, for such issues as noise, third party risks, air quality, soil, water, energy, waste and landscaping.

Amsterdam Airport Schiphol has created its own environmental management system.

TAXATION

DUTCH TAXATION

This summary solely addresses the principal Dutch tax consequences of the acquisition, ownership and disposal of Notes issued on or after the date of this Prospectus. It does not purport to describe every aspect of taxation that may be relevant to a particular Holder of Notes (as defined below). Any potential investor should consult his tax adviser for more information about the tax consequences of acquiring, owning and disposing of Notes in his particular circumstances.

Where in this summary English terms and expressions are used to refer to Dutch concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Dutch concepts under Dutch tax law. Where in this summary the terms “the Netherlands” and “Dutch” are used, these refer solely to the European part of the Kingdom of the Netherlands.

This summary is based on the tax law of the Netherlands (unpublished case law not included) as it stands at the date of this Prospectus. The tax law upon which this summary is based is subject to changes, perhaps with retroactive effect. Any such change may invalidate the contents of this summary, which will not be updated to reflect such change. This summary assumes that each transaction with respect to Notes is at arm’s length.

Where in this Dutch taxation paragraph reference is made to a “*Holder of Notes*”, that concept includes, without limitation:

- (i) an owner of one or more Notes who in addition to the title to such Notes has an economic interest in such Notes;
- (ii) a person who or an entity that holds the entire economic interest in one or more Notes;
- (iii) a person who or an entity that holds an interest in an entity, such as a partnership or a mutual fund, that is transparent for Dutch tax purposes, the assets of which comprise one or more Notes, within the meaning of (i) or (ii) above; or
- (iv) a person who is deemed to hold an interest in Notes, as referred to under (i) to (iii), pursuant to the attribution rules of article 2.14a, of the Dutch Income Tax Act 2001, with respect to property that has been segregated, for instance in a trust or a foundation.

Withholding tax

All payments under Notes, including any payments under the Guarantees, may be made free from withholding or deduction of or for any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority of or in the Netherlands, except where Notes are issued under such terms and conditions that such Notes are capable of being classified as equity of the relevant Issuer for Dutch tax purposes or actually function as equity of the relevant Issuer within the meaning of article 10, paragraph 1, letter d, of the Dutch Corporation Tax Act 1969 and where Notes are issued that are redeemable in exchange for, convertible into or linked to shares or other equity instruments issued or to be issued by either one or both of the Issuers or by any entity related to either one or both of the Issuers.

Taxes on income and capital gains

The summary set out in this section “*Taxes on income and capital gains*” applies only to a Holder of Notes who is neither resident nor deemed to be resident in the Netherlands for the purposes of Dutch income tax or corporation tax, as the case may be, and who, in the case of an individual, has not elected to be treated as a resident of the Netherlands for Dutch income tax purposes (a “*Non-Resident Holder of Notes*”).

Individuals

A Non-Resident Holder of Notes who is an individual will not be subject to any Dutch taxes on income or capital gains in respect of any benefits derived or deemed to be derived from Notes, including any payment under Notes and any gain realised on the disposal of Notes, except if

- (i) he derives profits from an enterprise, whether as an entrepreneur or pursuant to a co-entitlement to the net value of such enterprise, other than as a shareholder, such enterprise carried on, in whole or in part, through a permanent establishment or a permanent representative in the Netherlands, and his Notes are attributable to such enterprise; or
- (ii) he derives benefits or is deemed to derive benefits from Notes that are taxable as benefits from miscellaneous activities in the Netherlands.

If a Holder of Notes is an individual who does not come under exception (i) above, and if he derives or is deemed to derive benefits from Notes, including any payment under such Notes and any gain realised on the disposal thereof, such benefits are taxable as benefits from miscellaneous activities in the Netherlands if he, or an individual who is a connected person in relation to him as meant by article 3.91, paragraph 2, letter b, or c, of the Dutch Income Tax Act 2001, has a substantial interest in the relevant Issuer.

Generally, a person has a substantial interest in the relevant Issuer if such person – either alone or, in the case of an individual, together with his partner, if any owns or is deemed to own, directly or indirectly, either a number of shares representing five per cent. or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of such Issuer, or rights to acquire, directly or indirectly, shares, whether or not already issued, representing five per cent. or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of such Issuer, or profit participating certificates relating to five per cent. or more of the annual profit of such Issuer or to five per cent. or more of the liquidation proceeds of such Issuer.

A person who is entitled to the benefits from shares or profit participating certificates (for instance a holder of a right of usufruct) is deemed to be a holder of shares or profit participating certificates, as the case may be, and such person's entitlement to such benefits is considered a share or a profit participating certificate, as the case may be.

Furthermore, a Holder of Notes who is an individual and who does not come under exception (i) above may, *inter alia*, derive, or be deemed to derive, benefits from Notes that are taxable as benefits from miscellaneous activities in the following circumstances, if such activities are performed or deemed to be performed in the Netherlands:

- (a) if his investment activities go beyond the activities of an active portfolio investor, for instance in the case of use of insider knowledge or comparable forms of special knowledge;
- (b) if he makes Notes available or is deemed to make Notes available, legally or in fact, directly or indirectly, to certain parties as meant by articles 3.91 and 3.92 of the Dutch Income Tax Act 2001 under circumstances described there; or
- (c) if he holds Notes, whether directly or indirectly, and any benefits to be derived from such Notes are intended, in whole or in part, as remuneration for activities performed or deemed to be performed in the Netherlands by him or by a person who is a connected person in relation to him as meant by article 3.92b, paragraph 5, of the Dutch Income Tax Act 2001.

Attribution rule

Benefits derived or deemed to be derived from certain miscellaneous activities by a child or a foster child who is under eighteen years of age are attributed to the parent who exercises, or the parents who exercise, authority over the child, irrespective of the country of residence of the child.

Entities

A Non-Resident Holder of Notes other than an individual will not be subject to any Dutch taxes on income or capital gains in respect of benefits derived or deemed to be derived from Notes, including any payment under Notes and any gain realised on the disposal of Notes, except if

- (a) such Non-Resident Holder of Notes derives profits from an enterprise directly or pursuant to a co-entitlement to the net value of such enterprise, other than as a holder of securities, such enterprise either being managed in the Netherlands or carried on, in whole or in part, through a permanent establishment or a permanent representative in the Netherlands which is taxable in the Netherlands, and its Notes are attributable to such enterprise; or
- (b) such Non-Resident Holder of Notes has a substantial interest (as described above under “*Individuals*”) or a deemed substantial interest in the relevant Issuer.

A deemed substantial interest may be present if shares, profit participating certificates or rights to acquire shares in the relevant Issuer are held or deemed to be held following the application of a non-recognition provision.

General

Subject to the above, a Non-Resident Holder of Notes will not be subject to income taxation in the Netherlands by reason only of the execution and/or enforcement of the documents relating to the issue of Notes or the performance by the relevant Issuer of its obligations under such documents or under Notes.

Gift and inheritance taxes

If a Holder of Notes disposes of Notes by way of gift, in form or in substance, or if a Holder of Notes who is an individual dies, no Dutch gift tax or Dutch inheritance tax, as applicable, will be due, unless:

- (i) the donor is, or the deceased was resident or deemed to be resident in the Netherlands for purposes of Dutch gift tax or Dutch inheritance tax, as applicable; or
- (ii) the donor made a gift of Notes, then became a resident or deemed resident of the Netherlands, and died as a resident or deemed resident of the Netherlands within 180 days of the date of the gift.

For the purposes of the above, a gift of Notes made under a condition precedent is deemed to be made at the time the condition precedent is satisfied.

Registration taxes and duties

No Dutch registration tax, transfer tax, stamp duty or any other similar documentary tax or duty, other than court fees, is payable in the Netherlands in respect of or in connection with (i) the execution, delivery and/or enforcement by legal proceedings (including the enforcement of any foreign judgment in the courts of the Netherlands) of the documents relating to the issue of Notes, (ii) the performance by the relevant Issuer and/or relevant Guarantor of its obligations under such documents or under Notes, or (iii) the transfer of Notes, except that Dutch real property transfer tax may be due upon an acquisition in connection with Notes of real property situated in the Netherlands, (an interest in) an asset that qualifies as real property situated in the Netherlands or (an interest in) a right over real property situated in the Netherlands, for the purposes of Dutch real property transfer tax or, where Notes are issued under such terms and conditions that they represent (an interest in) an asset that qualifies as real property situated in the Netherlands, or (an interest in) a right over real property situated in the Netherlands, for the purposes of Dutch real property transfer tax.

EU SAVINGS DIRECTIVE

Under the EU Savings Directive, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State.

On March 24, 2014, the Council of the European Union adopted an EU Council Directive amending and broadening the scope of the requirements described above. The changes will expand the range of payments covered by the EU Savings Directive, in particular to include certain additional types of income payable on securities. The EU Savings Directive will also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the EU. Member States are required to implement national legislation giving effect to these changes by January 1, 2016 (which national legislation must apply from January 1, 2017).

Currently Luxembourg and Austria are instead required (unless they elect otherwise) to operate a withholding system in relation to such payments (the ending of such withholding system being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries), deducting tax at rates rising over time to 35 per cent. The changes referred to above will broaden the types of payments subject to withholding in those Member States which still operate a withholding system when they are implemented. In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from January 1, 2015, in favour of automatic information exchange under the EU Savings Directive.

A number of non-EU countries (including Switzerland, which has adopted a withholding system) and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in such Member State to, or collected by such a person for, an individual resident in the relevant territory.

THE PROPOSED FINANCIAL TRANSACTION TAX (“FTT”)

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “*participating Member States*”).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No. 1287/2006 are exempt.

Under current proposals, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated Programme Agreement (the “*Programme Agreement*”) dated May 15, 2014 agreed with the Issuers a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and “*Terms and Conditions of the Notes*”. In the Programme Agreement, the Issuers have agreed to reimburse the Dealers for certain of their expenses in connection with any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “*Relevant Member State*”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “*Relevant Implementation Date*”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (ii) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the relevant Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (i) to (iii) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “*offer of Notes to the public*” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression “*Prospectus Directive*” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “*2010 PD Amending Directive*” means Directive 2010/73/EU.

The Netherlands

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it shall include in:

- (a) any offer of Notes to the public in the Netherlands other than an offer:

- (i) in respect of which a prospectus (and any supplement if required) approved by the Netherlands Authority for the Financial Markets (*Stichting Autoriteit Financiële Markten*) (the “AFM”) (or, where appropriate, by the competent authority in another European Economic Area Member State which has implemented the Prospectus Directive and notified to the AFM in accordance with the Prospectus Directive) has been made generally available; or
 - (ii) only to qualified investors as defined in the Prospectus Directive; and
- (b) any advertisement relating to such an offer, and any document in which the prospect of such offer is held out;

that:

- (A) no prospectus approved by the AFM has been or will be made generally available; and
- (B) such offer is not supervised by the AFM;

in such manner as prescribed by the AFM from time to time.

For purposes of this provision the expression “*Prospectus Directive*” shall have the meaning set out under “*Public Offer Selling Restriction under the Prospectus Directive*”.

Zero Coupon Notes in bearer form and other Notes that qualify as savings certificates as defined in the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) may only be transferred or accepted through the intermediary of either the relevant Issuer of those Notes or a member of Euronext Amsterdam N.V. and with due observance of the Dutch Savings Certificates Act and its implementing regulations (including registration requirements), provided that no such intermediary services are required in respect of (i) the initial issue of such Notes to the first holders thereof, (ii) any transfer and acceptance by individuals who do not act in the conduct of a profession or trade; and (iii) the transfer or acceptance of those Notes, if such Notes are physically issued outside the Netherlands and are not distributed in the Netherlands in the course of primary trading or immediately thereafter.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) in relation to any Notes having a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the relevant Issuer;
