Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this summary.

Issuer:

ABN AMRO Bank N.V.

History and Development:

The Issuer is a subsidiary of ABN AMRO Holding N.V. (“**Holding**”). Holding’s is a public limited liability company incorporated under Dutch law on 30 May 1990 with registered offices in Amsterdam, The Netherlands. The main address is Gustav Mahlerlaan 10, 1082 PP Amsterdam, with a mailing address in The Netherlands at Post Office Box 283, 1000 EA Amsterdam.

On 17 October 2007 RFS Holdings B.V., a company whose shares are held by The Royal Bank of Scotland Group plc (“**RBS**”), Banco Santander S.A. (“**Santander**”), Fortis N.V. and Fortis SA/N.V. (“**Fortis**”) acquired 85.6% of ABN AMRO Holding N.V. Through subsequent purchases RFS Holdings B.V. increased its stake in ABN AMRO Holding N.V. and its consolidated subsidiaries (“**ABN AMRO**”) to 99.3% as at 31 December 2007. RFS Holdings B.V. is controlled by RBS, which is incorporated in the U.K. and registered at 36 St. Andrew Square, Edinburgh, Scotland. As from 17 October 2007 The Royal Bank of Scotland Group

plc is the ultimate parent company of ABN AMRO Holding N.V.

Holding's consolidated financial statements include condensed financial information with respect to ABN AMRO Bank N.V. (the "**Bank**"), which itself had total assets of €1,025 billion as of 31 December 2007.

Plans and proposals

Following the completion of the acquisition, RBS, Fortis and Santander (the "**Consortium Banks**") have worked closely with the management of ABN AMRO to verify and expand the information received from, and assumptions made on the basis of, the limited due diligence access granted to them before announcement of the offers.

In December 2007, the Consortium Banks agreed and validated a base-line plan for achieving synergies and for separating and transferring the ABN AMRO businesses to the respective banks. The businesses to be acquired by each of the Consortium Banks and in which each have an interest through their share holdings in RFS Holdings B.V. equal to their funding requirements, are:

RBS: Business Unit North America, Business Unit Global Clients (excluding Latin America) and Dutch wholesale clients and wholesale clients in Latin America (excluding Brazil), Business Unit Asia (excluding interest in Saudi Hollandi Bank) and Business Unit Europe (excluding Antonveneta).

Fortis: Business Unit Netherlands (excluding former Dutch wholesale clients), Business Unit Private Clients (excluding Latin America) and Business Unit Asset Management. The European Commission has cleared the acquisition of certain businesses of ABN AMRO by Fortis, on the condition that certain specified businesses were divested. The businesses identified for disposal are the Hollandsche Bank Unie N.V., 13 advisory branches and two Corporate Client Departments as well as the sale of the Dutch factoring company IFN Finance B.V. Fortis can only acquire control over ABN

AMRO's Business Unit Netherlands and Business Unit Private Clients after divesting these assets to a suitable purchaser.

Santander: Business Unit Latin America (excluding wholesale clients outside Brazil), Antonveneta, Asset Management Antonveneta and Private Clients business in Latin America. On 8 November 2007 Santander announced it had reached an agreement with Banco Monte dei Paschi di Siena with respect to the sale of Antonveneta.

Furthermore the Consortium Banks participate proportionally to their funding commitment in the shared assets which include: central functions including Head Office functions, the private equity portfolio, ABN AMRO Group's investment in Saudi Hollandi Bank, the central investment portfolio and debt issuances. During the reorganisation, the Consortium Banks will retain a shared economic interest in all central functions (including Head Office functions) that provide support to the ABN AMRO businesses. The non-core assets are expected to be disposed of over a period of time with a view to maximising their value.

This transition plan forms the basis for continued consultation with employee representative bodies and regulators. The plan for separating and transferring the ABN AMRO businesses to the Consortium Banks was submitted to the Dutch Central Bank and Central Works Council for review in mid December and was neutrally advised by the Central Works Council on 14 February 2008 and approved by the Dutch Central Bank on 10 March 2008. Now that the approvals have been received, the implementation of the plan can begin.

Different parts of ABN AMRO will separate and integrate at different times. The precise timing of the separation of the businesses will depend on a range of factors, including the complexity of the separation task. For more complex

separation processes, where the businesses are closely interlinked with the ABN AMRO Group systems and platforms, (such as within the BU Netherlands), separation and integration is expected to take some time; in contrast other less complicated separations will move relatively quickly. In each case the pace of the separation process will aim to accommodate the need for clarity among employees while also maintaining the appropriate level of service to ABN AMRO's clients.

The Consortium Banks are in the process of agreeing on the ownership of the debt issued and/or guaranteed by ABN AMRO. Upon the finalisation of this agreement, the impact, if any, on the debt issuances will be communicated.

Our Business:

The following organisational structure was adopted in January 2006. This structure was used by the Consortium Banks to divide the activities amongst each other:

.Holding's Group structure comprises:

- seven client BUs
- three global product BUs
- two cross-BU segments
- Group Functions
- Services

The seven client BUs consist of five regional BUs (The Netherlands, Europe North America, Latin America and Asia) and two global client BUs, Private Clients and Global Clients. BU Global Clients overlaps the regional BUs in the segment reporting adopted in 2007.

The three global product BUs (Global Markets, Transaction Banking and Asset Management) support the client BUs by developing and delivering products for all of ABN AMRO's clients globally.

The Commercial Client Segment encompasses all of ABN AMRO's commercial clients. The Commercial Client

Segment coordinates activities across the Client and Product BUs, sharing best practice and the overall strategic framework supporting this essential component of the Bank's portfolio.

Group Functions delivers support across the Group in areas ranging from Risk to Finance and from Human Resources to Sustainability.

Services focuses on increasing its operational efficiency through Group-wide consolidation and standardisation.

As from 2008, ABN AMRO will be organised into three units each containing the businesses that will ultimately be transferred to the respective Consortium Banks. A fourth unit will include central functions including the Head Office functions and businesses which are regarded as non-strategic.

Guarantor:

ABN AMRO Holding N.V. ("**Holding**") pursuant to its declaration under Article 2:403 of the Netherlands Civil Code.

Risk Factors:

There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Securities, including the fact that the Issuer's results can be adversely affected by (i) general economic conditions and other business conditions, (ii) competition, (iii) regulatory change and (iv) standard banking risks including changes in interest and foreign exchange rates and operational, credit, market, liquidity and legal risks, see "Risk Factors" in the Registration Document. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with the Securities, including (i) the value of the Securities may fluctuate based on the value of the Underlying, (ii) there may not be a secondary market in the Securities, (iii) holders of the Securities have no ownership interest in the Underlying and (iv) there may be limitations on a holder's right to exercise the Securities or there may be delays in effecting settlement, see "Risk Factors" in this Base

Prospectus.

Principal Agent and Calculation Agent:

ABN AMRO Bank N.V.

Listing and Admission to Trading:

Application has been made to NYSE Euronext for Securities to be admitted to trading and listed on Euronext Amsterdam by NYSE Euronext up to the expiry of 12 months from the date of this Base Prospectus. In addition, Securities may be listed or admitted to trading, as the case may be, on any other stock exchange or market specified in the applicable Final Terms. The Issuer may also issue unlisted Securities.

Description of the Securities:

A range of certificates may be issued under this Base Prospectus. The Conditions applicable to such certificates are contained in the General Conditions which are applicable to all certificates, the Product Conditions applicable to the particular type of certificate being issued and the Final Terms applicable to the particular Series being issued.

Certificates are investment instruments which, when exercised or terminated in accordance with their conditions, pay an amount determined by reference to the value of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond, basket or other product (together, the “**Underlying**”) on one or more specified days, subject to the certificate entitlement. The types of certificates that may be issued under this Base Prospectus are described below.

Dividends received by the Issuer on holding any hedge for the certificates during the life of the certificates may, if so specified in the applicable Product Conditions, be passed on to the Holder.

Open End Certificates:

Open end certificates are similar to ordinary certificates, in that they track in a linear manner the Underlying. The difference between an open end certificate and an ordinary certificate is that an open end certificate does not have an

expiration date or maturity date but will instead continue indefinitely until either the Holder exercises or the Issuer terminates the certificates.

Where the Underlying is a product which has an expiration, for example a future or forward, then the Underlying may be substituted for an equivalent instrument during the life of the open end certificates.

Open End Quanto Certificates:

Where the settlement currency is different to the underlying currency, an open end certificate may have a quanto feature (effectively a fixed rate of exchange between the two currencies for the duration of the certificate) and the Issuer may charge the Holder for arranging and maintaining such quanto feature by way of reducing the amount received by the Holder on exercise or termination.

Open End Certificates Underlying:

Open end certificates may be issued in relation to a wide range of Underlyings, including, without limitation, commodities, indices, forward or future contracts related to one or more commodities, funds, baskets of indices and funds and other assets.

Indicative Issue Price:

The certificates will be sold at a price determined by the Issuer who may, in making such determination, refer to, amongst other factors, the level of the Underlying, the relevant certificate entitlement and any applicable foreign exchange rate(s).

Maturity:

The certificates do not have any fixed maturity date.

Interest:

The certificates will not be interest bearing.

General Conditions

Set out below is a summary of certain significant provisions of the General Conditions applicable to all certificates issued under this Base Prospectus.

Status of the Certificates:

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those

preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that for reasons beyond its control its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.

Substitution:

The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company, being any subsidiary or affiliate of the Issuer, subject to certain conditions including the obligations of the substitute issuer under the Securities being guaranteed by Holding (unless Holding is the Substitute). In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

Taxation:

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with the ownership of

and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Adjustments for European Monetary Union:

The Issuer may, without the consent of any Holder, on giving notice to the Holders elect that, with effect from the date specified in such notice, certain terms of the Securities shall be redenominated in euro, see General Condition 11.

Product Conditions:

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the certificates to be issued under this Base Prospectus.

Form of Certificates:

The certificates, other than certificates issued in dematerialised form, will be issued in global bearer form.

Exercise of Certificates:

Certificates may be exercised on any Exercise Date, as specified in the applicable Final Terms. Notification of any such automatic exercise will be made in the manner set out under “General Information Notices”.

Settlement of Certificates:

Certificates will be cash settled.

Market Disruption Events:

If a Market Disruption Event occurs Holders of certificates may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of certificate and vary depending on the type of certificate.

Emerging Market Disruption Events:

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. If a Emerging Market Disruption Event occurs Holders of

certificates may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in section 1 of the Product Conditions.

Governing Law:

English law.

English courts:

The courts of England have exclusive jurisdiction to settle any dispute (a “**Dispute**”) arising from or in connection with the Certificates.

Final Terms:

Each Series will be the subject of a Final Terms which will contain the final terms applicable to the Series. The form of the Final Terms applicable to each type of certificate is set out in this Base Prospectus.

The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

Index Descriptions:

With respect to a Final Terms where the certificate references an underlying index the Issuer may, where it deems it necessary, insert a description of such index in the Final Terms or may add such a description to this Base Prospectus by way of a supplement to it. A description of the ABN AMRO Money Market Super Yield II Index appears under “Index Descriptions” below.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay principal or other amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.

Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document for a description of those factors which may affect the Issuer's ability to fulfil its obligations under Securities issued.

Factors which are material for the purpose of assessing the market risks associated with Securities issued

The Securities are certificates which entail particular risks

Certificates are investment instruments which, when exercised or terminated pay an amount determined by reference to the level of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond or other product (together, the "Underlying"), subject to the certificate entitlement. As such, certificates entail the same level of risk

as a direct investment in the Underlying. Investors should be aware that their entire investment may be lost in the event that the Underlying is valued at zero. However, investors are able to hold certificates in the expectation of a recovery in the price of the Underlying.

The price at which a holder will be able to sell certificates may be at a potentially substantial discount to the market value of the certificates at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the issue date.

Open end certificates are similar to ordinary certificates, in that they track in a linear manner the Underlying. The difference between an open end certificate and an ordinary certificate is that an open end certificate does not have an expiration date or maturity date but will instead continue indefinitely until either the Holder exercises or the Issuer terminates the certificates.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or other amounts payable in one or more currencies, or where the currency for principal or other payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in

Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between their date of purchase and their exercise date or maturity date (as the case may be). Holders of Securities (the “**Holders**”) may sustain a total loss of their investment (unless the Securities are of a type in which capital is protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an affect on the value of the Underlying include the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event and/or no Potential Adjustment Events which apply.
- (b) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (c) *Volatility.* The term “volatility” refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is

affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.

- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future or governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter. Where Securities are described as being “quantoed”, the value of the Underlying will be converted from one currency (the “**Original Currency**”) into a new currency (the “**New Currency**”) on the date and in the manner specified in, or implied by, the Conditions using a fixed exchange rate. The cost to the Issuer of maintaining such a fixing between the Original Currency and the New Currency will have an implication on the value of the Securities. The implication will vary during the term of the Securities. No assurance can be given as to whether or not, taking into account relative exchange rate and interest rate fluctuations between the Original Currency and the New Currency, a quanto feature in a Security would at any time enhance the return on the Security over a level of a similar security issued without such a quanto feature.
- (e) *Disruption.* If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events) has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities. Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.
- (f) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of Holding (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank *pari passu* among themselves.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

Holders have no ownership interest in the Underlying

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise

convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

There may be limitations on a Holder's right to exercise the Securities

- (a) *Maximum Exercise Amount.* If so indicated in the Conditions, the Issuer will have the option to limit the number of Securities exercisable on any date (other than the final exercise date) to the maximum number so specified and, in conjunction with such limitation, to limit the number of Securities exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Securities being exercised on any date (other than the final exercise date) exceeds such maximum number and the Issuer has elected to limit the number of Securities exercisable on such date, a holder of Securities may not be able to exercise on such date all the Securities that it desires to exercise. In any such case, the number of Securities to be exercised on such date will be reduced until the total number of Securities exercised on such date no longer exceeds such maximum (unless the Issuer otherwise elects), such Securities being selected as specified in the Conditions. Securities tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Securities may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (b) *Minimum Exercise Amount.* If so indicated in the Conditions, a Holder may have to tender a specified minimum number of the Securities at any one time in order to exercise the Securities. Thus Holders with fewer than the specified minimum number of such Securities will either have to sell their Securities or purchase additional Securities, incurring transaction costs in each case, in order to realise a return on their investment, and may incur the risk that the trading price of the Securities at that time is different from the applicable Cash Amount (as defined in the Product Conditions).

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

There may be delays in effecting settlement

If the Securities are subject to provisions relating to exercise, then upon their exercise, there will be a time lag between the time a holder of the Securities gives instructions to exercise and the time the applicable Cash Amount relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Amount will be specified in the Conditions. However, such delay could be significantly longer, particularly in the case of a delay in exercise of such Securities arising from, as described above, any daily maximum exercise limitation or, as described above, any delay consequent upon the determination by the Calculation Agent that a Market Disruption Event (which includes Emerging Market Disruption Events) occurred at any relevant time. The applicable Cash Amount could decrease or increase from what it would have been but for such delay.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

If the Securities are subject to provisions concerning delivery of a Notice and such notice is received by either the relevant Clearing Agent, with a copy to the Principal Agent after the latest time specified in the Conditions, it will be deemed to be duly delivered on the next following Business Day. Such deemed delay may increase or decrease the Cash Amount from what it would have been but for such deemed delivery. In the case of Securities which are exercisable on one day only or only during an exercise period any Notice, if not delivered by the latest time specified in the Conditions, shall be void.

The failure to deliver any certifications required by the Conditions could result in the loss or inability to receive amounts or deliveries otherwise due under the Securities.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

Securities not exercised in accordance with the Conditions will (where exercise is required) expire worthless.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 8 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

The Securities may be terminated prior to their stated date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

Risks associated with Securities held in global form

The Securities will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), either in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems or in dematerialised form depending on the rules of the Relevant Clearing System. For as long as any Securities are held by or on behalf of a Relevant Clearing System, payments of principal and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of any relevant global Security and, in the case of a temporary global Security in bearer form, certification as to non-U.S. beneficial ownership. The risk is that the bearer or the registered holder, as the case may be, of the relevant global Security, typically a depositary or a nominee for a depositary for the Relevant Clearing System, or, in the case of Securities in dematerialised form, the Relevant Clearing System and not the Holder itself, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Securities with respect to the payment of principal and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities.

Securities which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal or any other amounts due, or securities deliverable, as applicable,

solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

The return on an investment in Securities will be affected by charges incurred by investors

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

There may be a change of law which may affect the value of the Security

The Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Base Prospectus.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate

regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

1. GENERAL

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws or practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership, transfer or exercise of any Securities.

The Purchasers should be aware that tax treatment depends on the individual circumstances of each client and may be subject to change in future.

2. THE NETHERLANDS

The following paragraph, which is intended as a general guide only, is based on current law and practice in The Netherlands. It summarises certain aspects of taxation in The Netherlands only which may be applicable to the Securities but do not purport to be a comprehensive description of all tax considerations which may be of relevance.

All payments by the Issuer in respect of the Securities will be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless such withholding is, in the future, required by law.

3. UNITED KINGDOM

The following applies only to persons who are beneficial owners of the Securities and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of persons (such as dealers) to whom special rules apply. Prospective Holders of the Securities who are in any doubt as to their own tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should consult their professional advisers.

Withholding Tax

Payments on these Securities may be made without withholding on account of United Kingdom income tax.

Stamp Taxes

Subject to what follows, no stamp duty, capital duty, stamp duty reserve tax or other similar tax is payable in the United Kingdom on the issue of Securities, the transfer of Securities in bearer form by delivery or the transfer of Securities in registered form.

Any instrument transferring Securities in registered form on the sale of the Securities which is executed in the United Kingdom or which (if not executed in the United Kingdom) relates to any matter or thing done or to be done in the United Kingdom will be stampable at 0.5% of the consideration.

In relation to Securities in bearer form which are denominated in sterling, a charge to stamp duty at 1.5 per cent. of the value of such Securities will arise if issued in the United Kingdom. No stamp duty liability will arise on the issue of such Securities if issued outside the United Kingdom. However, in relation to Securities of that kind originally issued outside the United Kingdom, on the first transfer by delivery in the United Kingdom of any such Security a stamp duty liability at 1.5 per cent. of the value of such Security will arise.

Stamp duty and stamp duty reserve tax may also be payable on the transfer of an asset on physical settlement of the Securities.

SELLING RESTRICTIONS

The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.

1. GENERAL

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as contemplated by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State::

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;

- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts; or

provided that no such offer of Securities referred to in (b) to (e) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

Unless permitted to do so under the laws of Hong Kong, no Holder may issue or have in its possession for the purpose of issue any advertisement, invitation or document relating to the Securities whether in Hong Kong or elsewhere, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong other than

ERISA

The Issuer and certain affiliates of the Issuer may each be considered a “party in interest” within the meaning of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) or a “disqualified person” within the meaning of the Internal Revenue Code of 1986, as amended, (the “Code”) with respect to certain employee benefit plans and individual retirement accounts, Keoghs and other plans subject to Section 4975 of the Code. Prohibited transactions within the meaning of ERISA or the Code may arise, for example, if the Securities are acquired by or with the assets of a pension or other employee benefit plan or account with respect to which the Issuer or any of its affiliates is a service provider, unless the Securities are acquired pursuant to an exemption from the prohibited transaction rules. Similar rules may also apply to certain governmental plans (as defined in Section 3(32) of ERISA) church or non U.S. plans, to the extent such plans are subject to provisions similar to the prohibited transaction rules.

The assets of a pension or other employee benefit plan may include assets held in the general account of an insurance company that are deemed to be “plan assets” under ERISA.

The acquisition of the Securities may be eligible for one of the exemptions noted below if such acquisition:

- (a) (i) is made solely with the assets of a bank collective investment fund and (ii) satisfies the requirements and conditions of Prohibited Transaction Class Exemption (“**PTCE**”) 91-38 issued by the Department of Labor (“**DOL**”);

- (b) (i) is made solely with assets of an insurance company pooled separate account and (ii) satisfies the requirements and conditions of PTCE 90-1 issued by the DOL;
- (c) (i) is made solely with assets managed by a qualified professional asset manager and (ii) satisfies the requirements and conditions of PTCE 84-14 issued by the DOL;
- (d) (i) is made solely with assets of a governmental plan, and (ii) is not subject to any federal, state or local law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code;
- (e) (i) is made solely with assets of an insurance company general account and (ii) satisfies the requirements and conditions of PTCE 95-60 issued by the DOL;
- (f) (i) is made solely with assets managed by an in-house asset manager and (ii) satisfies the requirements and conditions of PTCE 96-23 issued by the DOL; or
- (g) is made in accordance with Section 408(b)(17) to a non-fiduciary service provider for adequate consideration.

By its purchase of any Security and by each subsequent transferee's purchase of any Security, each Holder and each subsequent transferee will be deemed to have represented and warranted on each day from the date on which it acquires the Security through and including the date on which it disposes of its interest in the Security, either that (A) it is not a plan subject to the fiduciary responsibility provisions of ERISA or Section 4975 of the Code or a governmental church or non-U.S. plan which is subject to any federal state or local law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code or, (B)(i) its purchase, holding and disposition of the Security will not result in a prohibited transaction under Section 406 of ERISA or Section 4975 or the Code (or, in the case of a governmental, church or non-U.S. plan, a violation of any substantially similar federal, state, local or non-U.S. law) or any other violation of an applicable requirement of ERISA of the Code (including, without limitation, Section 404(b) of ERISA and DOL regulation section 2550.404b-1) for which an exemption is not available, and (ii) neither the Issuer nor any of its affiliates is a "fiduciary" (within the meaning of Section 3(21) of ERISA) with respect to it by reason of its investment in the Securities and no advice that has been provided to it by the Issuer or any of its affiliates has formed a primary basis for any investment decision by it made in connection with the Securities. By its purchase of any Security, each Holder hereby indemnifies the Issuer, its subsidiaries and affiliates, and its officers, directors, advisors and other representatives and any of their subsidiaries or affiliates, against any direct or indirect liability that arises from any breach (whether or not intentional) of the foregoing representations.

Each purchaser of Securities will, by its purchase of such Securities, be deemed to acknowledge that the purchase of the Security may not satisfy the indicia of ownership requirements under ERISA

(Section 404(b)) and the Issuer makes no representations in connection therewith. Accordingly, benefit plan investors that are subject to ERISA should consult with their own counsel to determine whether the purchase of Securities will satisfy the indicia of ownership requirements of ERISA applicable to such purchase.

Any insurance company or pension or employee benefit plan proposing to invest in the Securities should consult with its legal counsel. Purchasers of the Securities have exclusive responsibility for ensuring that their purchase and holding of the Securities does not violate the fiduciary and prohibited transaction rules of ERISA, the Code or any similar laws or rules.

Each Selling Agent may impose different arrangements relating to the purchase of Securities and prospective investors should contact the Selling Agents directly for information concerning such arrangements. Description of the Securities

Certificates are investment instruments which, when exercised or terminated pay an amount determined by reference to the level of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond or other product (together, the “**Underlying**”), subject to the certificate entitlement. As such, certificates entail the same level of risk as a direct investment in the Underlying. Investors should be aware that their entire investment may be lost in the event that the Underlying is valued at zero. However, investors are able to hold certificates in the expectation of a recovery in the price of the Underlying.

The price at which a holder will be able to sell certificates may be at a potentially substantial discount to the market value of the certificates at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the issue date.

Open end certificates are similar to ordinary certificates, in that they track in a linear manner the Underlying. The difference between an open end certificate and an ordinary certificate is that an open end certificate does not have an expiration date or maturity date but will instead continue indefinitely until either the Holder exercises or the Issuer terminates the certificates.

Where the settlement currency is different to the underlying currency, an open end certificate may have a quanto feature (effectively a fixed rate of exchange between the two currencies for the duration of the certificate) and the Issuer may charge the Holder for arranging and maintaining such quanto feature by way of reducing the amount received by the Holder on exercise or termination.

Open end certificates may be issued in relation to a wide range of Underlyings, including, without limitation, commodities, indices, forward or future contracts related to one or more commodities, funds, baskets of indices and funds and other assets.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

- (a) Validity. Unless otherwise specified in the applicable Final Terms, announcements to Holders will be valid if delivered by the Issuer to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such announcement to the Holders.
- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the day following the date first delivered to a Clearing Agent) or, if published as specified in the applicable Final Terms on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a “**Relevant Hedging Transaction**”) it deems necessary or desirable to hedge the Issuer’s obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) any material illiquidity in the market for the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
 - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
 - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or

- (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.
- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
 - (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
 - (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
 - (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum

assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any Affiliate may purchase Securities at any price in the open market or by tender or private treaty. - (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company (the

“**Substitute**”), being any subsidiary or affiliate of the Issuer, subject to: (i) the obligation of the Substitute under the Securities being guaranteed by ABN AMRO Holding N.V. (“**Holding**”) (unless Holding is the Substitute); (ii) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect; and (iii) the Issuer having given at least 30 days’ prior notice of the date of such substitution to the Holders in accordance with General Condition 4. In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have been given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued. This General Condition will not apply to Securities issued in dematerialised form.

The election will have effect as follows:
- (i) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
 - (ii) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a National Currency Unit (the “**Original Currency**”) of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and

- (c) Euro Conversion Costs. Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (l) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index (as determined by the Calculation Agent) if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the

regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
 - (1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (2) If (A) on or prior to the Valuation Date, the Early Termination Date (if applicable) or the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date, the Early Termination Date (if applicable) or the Issuer Call Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, Early Termination Date (if applicable) or the Issuer Call Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or

shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date, Early Termination Date (if applicable) or the Issuer Call Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (4) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any

adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such further issue, adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

 - (i) **Settlement.** The Issuer shall pay or cause to be paid the Certificate Value (if any) if Certificate Value is specified as being applicable in the definition of the relevant Series in the applicable Final Terms and otherwise the Cash Amount for each Security

with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.

- (j) **Determinations.** Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (l) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index (as determined by the Calculation Agent) if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the **“Successor Sponsor”**) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the

same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (2) If (A) on or prior to the Valuation Date, the Early Termination Date (if applicable) or the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date, the Early Termination Date (if applicable) or the Issuer Call Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, the Early Termination Date (if applicable) or the Issuer Call Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation

of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date, the Early Termination Date (if applicable) or the Issuer Call Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

(4) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the

date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (c) **Inconvertibility/non-transferability.** The occurrence of any event which (A) generally makes it impossible to convert the currencies in the Exchange Rate through customary legal channels for conducting such conversion in the principal financial centre of the Settlement Currency or (B) generally makes it impossible to deliver the

Settlement Currency from accounts in the country of the principal financial centre of the Settlement Currency to accounts outside such jurisdiction or the Settlement Currency between accounts in such jurisdiction or to a party that is a non-resident of such jurisdiction; or

- (d) Nationalisation. There is any expropriation, confiscation, requisition, nationalisation or other action by any Governmental Authority which deprives the Issuer (or any of its affiliates), of all or substantially all of its assets in the country of the principal financial centre of the Settlement Currency; or
- (e) Illiquidity. There is any impossibility in obtaining a firm quote for the Exchange Rate for an amount which the Issuer considers necessary to discharge its obligations under the Securities; or
- (f) Other Events. Any other event similar to any of the above which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

For this purpose a “**Governmental Authority**” is any de facto or de jure government (or agency or instrumentality thereof, court, tribunal, administrative or other governmental authority) or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) in the country of the principal financial centre of either of the currencies in the Exchange Rate.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

- (a) **Market Disruption.**

The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to the Basket

If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has in the determination of the Calculation Agent the same or a substantially similar structure and a substantially similar economic impact and is linked to the same commodity as such Basket Constituent or (B) remove the de-listed or cancelled Basket Constituent and allocate the Reference Price of such Basket Constituent as of the effective date of the de-listing or cancellation pro rata to the remaining Basket Constituents.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

“De-listing” means a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Issuer of the Reference Asset of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Reference Asset and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Reference Assets traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

“De-listing” means the Reference Asset for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Reference Asset is listed (and such cessation or suspension is continuing and such Reference Asset is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the

date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.

- (c) **Cash Settlement.** Each Security upon due Exercise or termination pursuant to an Issuer Call, and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount.
- (d) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (e) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent and any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.

Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (j) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (k) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during

the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:
- (i) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (ii) If (A) on or prior to the Valuation Date or the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for, or the method of, calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date or the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Reference Price using, in lieu of a published level for the Index on the Valuation Date or the Issuer Call Date as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (G) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (aa) Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date or the Issuer Call Date; (G) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (iv) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the

individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. In that case (a) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (b) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares and such other factors as the Calculation Agent determines to be relevant; and

7. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities are represented by a Global Security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

8. RIGHTS AND PROCEDURES

- (a) Exercise. The Securities are exercisable by delivery of a Notice prior to the Exercise Time on the Exercise Date.
- (b) Issuer Call. The Issuer may terminate, subject to a valid Exercise, the Securities, in whole but not in part on any Business Day, by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (c) Cash Settlement. Each Security upon due Exercise or termination pursuant to an Issuer Call, and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount.
- (d) Dividend Amount. Unless specified otherwise in the definition of the relevant Series in the applicable Final Terms means the Holder is entitled to receive the Dividend Amount within ten Business Days following the receipt by the Issuer of the dividend and/or cash distribution to which it relates and the person entitled to receive such payment in respect of such Dividend Amount shall be the person who is shown in the records of the Clearing Agent(s) as the beneficial holder of such Security on the date of receipt by the Issuer. For the avoidance of any doubt, if the ex dividend date occurs before a Valuation Date or Issuer Call Date, as the case may be, but the date of receipt of the dividend and/or cash distribution by the Issuer is on or after such Valuation Date or Issuer Call Date, the person entitled to receive the Dividend Amount to which it relates shall be the person who is shown in the records of the Clearing Agent(s) as the beneficial holder of such Security on such Valuation Date or Issuer Call Date; *provided that* in no event shall the Issuer be obliged to take any action whatsoever in

pursuit of payment of any dividend as a result of the Share Company failing to pay any such dividend when due.

- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent and any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount or Dividend Amount.

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (g) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

Notice shall:

- (i) specify the number of Securities to which it relates;

 - (A) any person who is a U.S. person as defined in Regulation S under the Securities Act;
 - (B) any person or entity other than one of the following:
 - (1) a natural person who is not a resident of the United States;

- (i) **Settlement.** The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (j) **Determinations.** Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (l) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

9. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or

- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other

assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be

made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“Merger Event” means any (i) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (ii) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding

Shares of a Share Company); or (iii) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date or the Issuer Call Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

10. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. In that case (a) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (b) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Basket Constituent on the Exchange and such other factors as the Calculation Agent determines to be relevant;

12. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities are represented by a Global Security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). - (b) Issuer Call. The Issuer may terminate, subject to a valid Exercise, the Securities, in whole but not in part on any Business Day, by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (c) Cash Settlement. Each Security upon due Exercise or termination pursuant to an Issuer Call, and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U. S. beneficial ownership entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount.
- (d) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (e) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent and any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (f) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

- (ix) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be

incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (x) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (xi) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

14. ADJUSTMENTS

- (a) Market Disruption in relation to a Commodity.

The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (i) Price Source Disruption. The failure by the Exchange to announce or publish the price of the Commodity (or the information necessary for determining such price) or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) Disappearance of Price. The failure of trading of the Commodity to commence, or the permanent discontinuation of trading of the Commodity, on the Exchange; or
- (iv) Material Change in Formula. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of, calculating the price of the Commodity; or
- (v) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content or composition of the Commodity; or
- (vi) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or a material reduction in, trading in the Commodity on the Exchange; or
- (vii) Tax Disruption. The imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Valuation Date, the Issuer Call Date and/or on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or
- (viii) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect to it on any exchange or principal trading market; or

- (ix) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
 - (x) Other Events. Any other event similar to any of the above which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.
- (b) Market Disruption in relation to a Share.

The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (c) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent, per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (d) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing,

Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“Merger Event” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the relevant Valuation Date.

“Nationalisation” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (e) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

15. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

INDEX DESCRIPTIONS

ABN AMRO Money Market Super Yield II Index Description

General description

The ABN AMRO Money Market Super Yield II Index (the “**Index**”) is designed to track the performance of 3 Month Total Return Money Market Index Open End Certificates (“**TRMMI**”, collectively as “**TRMMIs**”) that are chosen to be included in the Index as “**Components**”.

The Index shall comprise at any time a minimum of six and a maximum of eight Components and (subject to each Component fulfilling the “**Index Membership Criterion**”), at all times of the components set out in Table 1.

The initial composition of the Index as of the “**Index Launch Date**” is set out in Table 1 below and is initially equally weighted. The Index will be re-weighted semi-annually (see Re-weighting of the Index on a Re-weighting date below).

Initial Index Composition

Table 1

Index Countries	ISIN Code	Bloomberg Code	Initial TRMMI Weight
Australia	XS0247654071	TRMI3AUD <Index>	12.5%
Great Britain	XS0247657413	TRMI3GBP <Index>	12.5%
Hungary	XS0247660805	TRMI3HUF <Index>	12.5%
Mexico	XS0247663221	TRMI3MXN <Index>	12.5%
New Zealand	XS0247669939	TRMI3NZD <Index>	12.5%
Poland	XS0247672990	TRMI3PLN <Index>	12.5%
Turkey	XS0247675746	TRMI3TRY <Index>	12.5%
South Africa	XS0247643207	TRMI3ZAR <Index>	12.5%

Index Membership Criterion

To qualify for inclusion in the Index, each potential TRMMI must have a current “**TRMMI Interest Rate**” that has to be equal or higher than the 3 Month EURIBOR (Bloomberg <EU003M>) at that time.

Re-weighting of the Index on a Re-weighting Date

The Index will be re-weighted on each “**Re-weighting Date**”. The amounts in the TRMMIS will be equal for all the Index Components (including when one of the events set out below occurs).

- 1) On a Re-weighting Date, the Index Calculator will determine if each TRMMI still qualifies for inclusion in the Index by fulfilling the Index Membership Criteria.
- 2) In the case that the Index Calculator determines that one or more TRMMIS does or do not qualify for inclusion in the Index by fulfilling the Index Membership Criterion, the TRMMI or TRMMIS will be removed from the Index.
- 3) In case the number of TRMMIS falls below six, then the Index is terminated constituting an Early Termination Event.
- 4) If on a Re-weighting Date a previously removed TRMMI or TRMMIS once again fulfils or fulfil the Index Membership Criterion, such previously removed TRMMI or TRMMIS will be included again in the Index.

Index Composition and Method of Calculation

The Index shall comprise at any time a minimum of six Index Countries (“**Minimum Number of Index Countries**”).

The “**Index Value**” will be calculated by the Index Calculator on a daily basis. The following formula will be used to calculate the Index Value:

$$IV_t = \sum_i P_{i,t} \times N_{i,t}$$

IV_t = Index Value on Trading Day t

$P_{i,t}$ = Transaction Price of the i th Component on Trading Day t

N_i = Notional Number of i th component in the Index

Initial Index Value = 99 (as of the 28. February 2006)

$N_{i,R}$ of the i th Component is determined according to the following:

$$N_{i,R} = \frac{(IV_R \times W_i)}{(P_{i,R})}$$

Where:

IV_R = Initial Index Value = 99 and thereafter the Index Value on the most recent Re-weighting Date.

W_i = weight of i th TRMMI on the Pricing Date. On a Re-weighting Date this is equally weighted based on the number of TRMMIs in the Index.

R refers to the “**Index Launch Date**” and thereafter to the most recent Re-weighting Dates.

Market Disruption

1) On a Re-weighting Date

If, in the determination of the Index Sponsor, a Market Disruption Event has occurred on any Re-weighting Date affecting one or more of the Components, the Index Sponsor shall notify the Index Calculator and the Re-weighting shall be postponed to the first succeeding Trading Day on which the Index Sponsor determines and notifies the Index Calculator that there is no Market Disruption Event, unless the Index Sponsor determines that there is a Market Disruption Event occurring on each of the five Trading Days immediately following the original date which (but for the Market Disruption Event) would have been a Re-weighting Date. In that case, (i) the fifth Trading Day shall be deemed to be the Re-weighting Date (regardless of the Market Disruption Event); and (ii) the Index Calculator shall determine the Index Value having regard to the then prevailing market conditions, the last reported trading price of the Components and (upon consultation with the Index Sponsor) such other factors as the Index Sponsor determines to be relevant.

2) On a day that is not a Re-weighting Date

On the declaration of a Market Disruption Event affecting one or more the Components on any day that is not a Re-weighting Date.

1. The Index will be suspended until such time that the Index Calculator (upon consultation with the Index Sponsor) can remove the Affected Component from the Index.
2. The Affected Component will be removed from the Index Value such that the Index Value will be the sum of just the remaining unaffected Components.

Terms used herein shall be deemed to be defined as such for the purposes of the General Conditions and the Product Conditions applicable to each Series of Certificates described herein (the “relevant Product Conditions”) as set forth in the Base Prospectus relating to Certificates dated 1 July 2008 (the “Base Prospectus”) as supplemented from time to time which constitutes a base prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC) (the “Prospectus Directive”). This document constitutes the Final Terms of each Series of the Certificates described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus as so supplemented. Full information on the Issuer and each Series of the Certificates described herein is only available on the basis of the combination of these Final Terms and the Base Prospectus as so supplemented.
