Issuer

ABN AMRO Bank N.V.

History and Development

The Issuer is a subsidiary of ABN AMRO Holding N.V. ("**Holding**"). Holding's is a public limited liability company incorporated under Dutch law on 30 May 1990 with registered offices in Amsterdam, The Netherlands. The main address is Gustav Mahlerlaan 10, 1082 PP Amsterdam, with a mailing address in The Netherlands at Post Office Box 283, 1000 EA Amsterdam.

On 17 October 2007 RFS Holdings B.V., a company whose shares are held by The Royal Bank of Scotland Group plc ("**RBS**"), Banco Santander S.A. ("**Santander**"), Fortis N.V. and Fortis SA/N.V. ("**Fortis**") acquired 85.6% of ABN AMRO Holding N.V. Through subsequent purchases RFS Holdings B.V. increased its stake in ABN AMRO Holding N.V. and its consolidated subsidiaries ("**ABN AMRO**") to 99.3% as at 31 December 2007. RFS Holdings B.V. is controlled by RBS, which is incorporated in the U.K. and registered at 36 St. Andrew Square, Edinburgh, Scotland. As from 17 October 2007 The Royal Bank of Scotland Group plc is the ultimate parent

company of ABN AMRO Holding N.V.

Holding's consolidated financial statements include condensed financial information with respect to ABN AMRO Bank N.V., which itself had total assets of €1,025 billion as of 31 December 2007.

Plans and proposals

Following the completion of the acquisition, RBS, Fortis and Santander (the "**Consortium Banks**") have worked closely with the management of ABN AMRO to verify and expand the information received from, and assumptions made on the basis of, the limited due diligence access granted to them before announcement of the offers.

In December 2007, the Consortium Banks agreed and validated a base-line plan for achieving synergies and for separating and transferring the ABN AMRO businesses to the respective banks. The businesses to be acquired by each of the Consortium Banks and in which each have an interest through their share holdings in RFS Holdings B.V. equal to their funding requirements, are:

RBS: Business Unit North America, Business Unit Global Clients (excluding Latin America) and Dutch wholesale clients and wholesale clients in Latin America (excluding Brazil), Business Unit Asia (excluding interest in Saudi Hollandi Bank) and Business Unit Europe (excluding Antonveneta).

Fortis: Business Unit Netherlands (excluding former Dutch wholesale clients), Business Unit Private Clients (excluding Latin America) and Business Unit Asset Management. The European Commission has cleared the acquisition of certain businesses of ABN AMRO by Fortis, on the condition that certain specified businesses were divested. The businesses identified for disposal are the Hollandsche Bank Unie N.V., 13 advisory branches and two Corporate Client Departments as well as the sale

of the Dutch factoring company IFN Finance B.V. Fortis can only acquire control over ABN AMRO's Business Unit Netherlands and Business Unit Private Clients after divesting these assets to a suitable purchaser.

Santander: Business Unit Latin America (excluding wholesale clients outside Brazil), Antonveneta, Asset Management Antonveneta and Private Clients business in Latin America. On 8 November 2007 Santander announced it had reached an agreement with Banco Monte dei Paschi di Siena with respect to the sale of Antonveneta.

Furthermore the Consortium Banks participate proportionally to their funding commitment in the shared assets which include: central functions including Head Office functions, the private equity portfolio, ABN AMRO Group's investment in Saudi Hollandi Bank, the central investment portfolio and debt issuances. During the reorganisation, the Consortium Banks will retain a shared economic interest in all central functions (including Head Office functions) that provide support to the ABN AMRO businesses. The non-core assets are expected to be disposed of over a period of time with a view to maximising their value.

This transition plan forms the basis for continued consultation with employee representative bodies and regulators. The plan for separating and transferring the ABN AMRO businesses to the Consortium Banks was submitted to the Dutch Central Bank and Central Works Council for review in mid December and was neutrally advised by the Central Works Council on 14 February 2008 and approved by the Dutch Central Bank on 10 March 2008. Now that the approvals have been received, the implementation of the plan can begin.

Different parts of ABN AMRO will separate and integrate

at different times. The precise timing of the separation of the businesses will depend on a range of factors, including the complexity of the separation task. For more complex separation processes, where the businesses are closely interlinked with the ABN AMRO Group systems and platforms, (such as within the BU Netherlands), separation and integration is expected to take some time; in contrast other less complicated separations will move relatively quickly. In each case the pace of the separation process will aim to accommodate the need for clarity among employees while also maintaining the appropriate level of service to ABN AMRO's clients.

The Consortium Banks are in the process of agreeing on the ownership of the debt issued and/or guaranteed by ABN AMRO. Upon the finalisation of this agreement, the impact, if any, on the debt issuances will be communicated.

Our Business

The following organisational structure was adopted in January 2006. This structure was used by the Consortium Banks to divide the activities amongst each other:

Holding's Group structure comprises:

- seven client BUs
- three global product BUs
- two cross-BU segments
- Group Functions
- Services

The seven client BUs consist of five regional BUs (The Netherlands, Europe North America, Latin America and Asia) and two global client BUs, Private Clients and Global Clients. BU Global Clients overlaps the regional BUs in the segment reporting adopted in 2007.

The three global product BUs (Global Markets, Transaction Banking and Asset Management) support the client BUs by developing and delivering products for all of ABN AMRO's clients globally.

The Commercial Client Segment encompasses all of ABN AMRO's commercial clients. The Commercial Client Segment coordinates activities across the Client and Product BUs, sharing best practice and the overall strategic framework supporting this essential component of the Bank's portfolio.

Group Functions delivers support across the Group in areas ranging from Risk to Finance and from Human Resources to Sustainability.

Services focuses on increasing its operational efficiency through Group-wide consolidation and standardisation.

As from 2008, ABN AMRO will be organised into three units each containing the businesses that will ultimately be transferred to the respective Consortium Banks. A fourth unit will include central functions including the Head Office functions and businesses which are regarded as non-strategic.

Guarantor

ABN AMRO Holding N.V. pursuant to its declaration under Article 2:403 of the Netherlands Civil Code.

General Conditions

Status of the Securities

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that for reasons beyond its control its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion: (i)

terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements; or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c); or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.

Substitution

The Issuer may at any time, without the consent of the Holders, substitute for itself as principal obligor under the Securities any company, being any subsidiary or affiliate of the Issuer, subject to certain conditions including the obligations of the substitute issuer under the Securities being guaranteed by Holding (unless Holding is the Substitute).

Taxation

Holders (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with, the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Governing Law

English law.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Securities. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with the Securities are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Securities, but the inability of the Issuer to pay principal or other amounts on or in connection with the Securities may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding the Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to the Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Prospectus shall have the same meaning in this section.

Factors that may affect the Issuer's ability to fulfil its obligations under the Securities

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document incorporated by reference in this Prospectus for a description of those factors which may affect the Issuer's ability to fulfil its obligations under the Securities.

Factors which are material for the purpose of assessing the market risks associated with the Securities

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Prospectus;

- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including where the currency for payments under the terms of the Securities is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Securities unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between their date of purchase and the Maturity Date. Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Shares.* The market price of the Securities at any time is expected to be affected primarily by changes in the price levels of the Shares to which the Securities are linked. It is impossible to predict how the price levels of the Shares will vary over time. Factors which may have an affect on the value of the Shares include the rate of return of the Shares and the financial position and prospects of the issuer of the Shares. In addition, the value of the Shares may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the Shares and will be influenced (positively or negatively) by them,

any change may not be comparable and may be disproportionate. Further, where no market value is available for the Shares, the Calculation Agent, acting in a commercially reasonable manner, may determine the value of the Shares to be zero notwithstanding the fact that there may be no Market Disruption Event and/or no Potential Adjustment Event which applies.

- (b) *Volatility.* The term "volatility" refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to the Shares. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of the Shares will move up and down over time (sometimes more sharply than others).
- (c) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Shares and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Shares relating to the Securities.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Shares is traded, appreciation or depreciation of any such currencies and any existing or future or governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the Issue Date will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter.
- (e) *Disruption.* In accordance with the Conditions, the Calculation Agent may determine that a Market Disruption Event has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in the respect of the Securities. Prospective purchasers should review the Conditions to ascertain how such provisions apply to the Securities.
- (f) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of Holding (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank *pari passu* among themselves.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. Even though the Securities are intended to be listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if the Securities were not so listed or quoted. However, if the Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to a Share or portfolio of which the Shares forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Shares or portfolio of which the Shares forms a part.

Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Shares whether for risk reduction purposes or otherwise. In addition, in connection with the offering of the Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Shares. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Shares which may affect the market price, liquidity or value of the Shares and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Shares or in derivatives linked to the Shares. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Shares.

Holders have no ownership interest in the Shares

The Securities convey no ownership interest in the Shares. The Issuer may choose not to hold the Shares or any derivatives contracts linked to the Shares. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in the Shares or any derivatives contracts linked to the Shares.

Actions taken by the Calculation Agent may affect the Shares

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer shall initially act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Shares. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 9.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

The Securities may be terminated prior to the Maturity Date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impossible in whole or in part for any reason or the Issuer determines that it is no longer legal or possible for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any Shares related hedging arrangements notwithstanding the illegality or impossibility.

Risks associated with Securities held in global form

The Securities will be held by or on behalf of the clearing systems in the form of a global security which will be exchangeable for definitive Securities only in the event of the closure of all relevant clearing systems. For as long as any Securities are represented by a global security held on behalf of one or more relevant clearing systems, payments of principal, interest (if any) and any other amounts on a global security will be made through the relevant clearing systems against presentation or surrender (as the case may be) of the relevant global security and, in the case of a temporary global security, certification as to non-US beneficial ownership. The bearer of the relevant global security shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Securities

represented by such global security with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities.

Securities which are represented by a global security will be transferable only in accordance with the rules and procedures for the time being of the relevant clearing systems.

As a result of the Securities being held by or on behalf of the clearing systems, an investor may not be able to prove that it is a Holder and that it is entitled to interest payments or repayment of the principal.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold the Securities or such investor holds interests in any Security through accounts with the clearing systems, such investor will receive payments in respect of principal or any other amounts due solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or clearing systems, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or clearing systems to distribute all payments attributable to the Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or the clearing systems, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to the Maturity Date with the assistance of the relevant nominee service provider.

None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or the clearing systems nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or the clearing systems.

There may be a change of law which may affect the value of the Securities

The General Conditions and Product Conditions are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Prospectus.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A

credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

The return on an investment in the Securities will be affected by charges incurred by investors

Fees may be charged by the nominee service provider and/or the clearing system used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of securities, custody services and on payments of principal and other amounts. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the Securities.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) the Securities are legal investments for it, (ii) the Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of the Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Securities under any applicable risk-based capital or similar rules.

Risk factor relating to Substitution

In the event that the Issuer is to be substituted as principal obligor under the Securities by one of the Consortium Banks or by an entity belonging to the group of one of the Consortium Banks, any such substitution has to comply with the requirements of the substitution clause in the terms and conditions of the Securities, including the requirement that the substitute issuer qualifies as subsidiary or affiliate of the Issuer. Please refer to “*General Condition 8 – Substitution*”. It is currently expected that as a result of the separation and transfer of the ABN AMRO business one of the Consortium Banks and certain entities belonging to the group of the relevant Consortium Bank will qualify as affiliate of the Issuer within the meaning of the substitution clause. This would enable the substitution of the Issuer by the relevant Consortium bank or by an entity belonging to the group of the relevant Consortium Bank provided the other requirements of the substitution clause will be met. Holders should be aware that as a result of a substitution (if any) the Securities will be subject to different risks in relation to the Substitute (as defined in the General Conditions) assuming obligations of ABN AMRO Bank N.V. under the Securities. Such risks may include the credit risks of the Substitute, certain modifications being made to the terms and conditions of the Securities and other risks specific to the Substitute. Investors should note that following a substitution Holders will no longer have any claim or recourse against ABN AMRO Bank N.V. In addition, investors should be aware that no consent of the Holders will be required if the Issuer elects to exercise its substitution right in accordance with *General*

Condition 8 (Substitution). However, no assurance is given that any substitution will occur in respect of the Securities.

ESSENTIAL CHARACTERISTICS OF THE ISSUER

The Issuer is a subsidiary of ABN AMRO Holding N.V. Holding's is a public limited liability company incorporated under Dutch law on 30 May 1990 with registered offices in Amsterdam, The Netherlands. The main address is Gustav Mahlerlaan 10, 1082 PP Amsterdam, with a mailing address in The Netherlands at Post Office Box 283, 1000 EA Amsterdam.

On 17 October 2007 RFS Holdings B.V., a company whose shares are held by The Royal Bank of Scotland Group plc, Banco Santander S.A., Fortis N.V. and Fortis SA/N.V. acquired 85.6% of ABN AMRO Holding N.V. Through subsequent purchases RFS Holdings B.V. increased its stake in ABN AMRO Holding N.V. and its consolidated subsidiaries to 99.3% as at 31 December 2007. RFS Holdings B.V. is controlled by RBS, which is incorporated in the U.K. and registered at 36 St. Andrew Square, Edinburgh, Scotland. As from 17 October 2007 The Royal Bank of Scotland Group plc is the ultimate parent company of ABN AMRO Holding N.V.

Holding's consolidated financial statements include condensed financial information with respect to ABN AMRO Bank N.V., which itself had total assets of €1,025 billion as of 31 December 2007.

Following the completion of the acquisition, RBS, Fortis and Santander have worked closely with the management of ABN AMRO to verify and expand the information received from, and assumptions made on the basis of, the limited due diligence access granted to them before announcement of the offers.

In December 2007, the Consortium Banks agreed and validated a base-line plan for achieving synergies and for separating and transferring the ABN AMRO businesses to the respective banks. The businesses to be acquired by each of the Consortium Banks and in which each have an interest through their share holdings in RFS Holdings B.V. equal to their funding requirements, are:

RBS: Business Unit North America, Business Unit Global Clients (excluding Latin America) and Dutch wholesale clients and wholesale clients in Latin America (excluding Brazil), Business Unit Asia (excluding interest in Saudi Hollandi Bank) and Business Unit Europe (excluding Antonveneta).

Fortis: Business Unit Netherlands (excluding former Dutch wholesale clients), Business Unit Private Clients (excluding Latin America) and Business Unit Asset Management. The European Commission

has cleared the acquisition of certain businesses of ABN AMRO by Fortis, on the condition that certain specified businesses were divested. The businesses identified for disposal are the Hollandsche Bank Unie N.V., 13 advisory branches and two Corporate Client Departments as well as the sale of the Dutch factoring company IFN Finance B.V. Fortis can only acquire control over ABN AMRO's Business Unit Netherlands and Business Unit Private Clients after divesting these assets to a suitable purchaser.

Santander: Business Unit Latin America (excluding wholesale clients outside Brazil), Antonveneta, Asset Management Antonveneta and Private Clients business in Latin America. On 8 November 2007 Santander announced it had reached an agreement with Banco Monte dei Paschi di Siena with respect to the sale of Antonveneta.

Furthermore the Consortium Banks participate proportionally to their funding commitment in the shared assets which include: central functions including Head Office functions, the private equity portfolio, ABN AMRO Group's investment in Saudi Hollandi Bank, the central investment portfolio and debt issuances. During the reorganisation, the Consortium Banks will retain a shared economic interest in all central functions (including Head Office functions) that provide support to the ABN AMRO businesses. The non-core assets are expected to be disposed of over a period of time with a view to maximising their value.

This transition plan forms the basis for continued consultation with employee representative bodies and regulators. The plan for separating and transferring the ABN AMRO businesses to the Consortium Banks was submitted to the Dutch Central Bank and Central Works Council for review in mid December and was neutrally advised by the Central Works Council on 14 February 2008 and approved by the Dutch Central Bank on 10 March 2008. Now that the approvals have been received, the implementation of the plan can begin.

Different parts of ABN AMRO will separate and integrate at different times. The precise timing of the separation of the businesses will depend on a range of factors, including the complexity of the separation task. For more complex separation processes, where the businesses are closely interlinked with the ABN AMRO Group systems and platforms, (such as within the BU Netherlands), separation and integration is expected to take some time; in contrast other less complicated separations will move relatively quickly. In each case the pace of the separation process will aim to accommodate the need for clarity among employees while also maintaining the appropriate level of service to ABN AMRO's clients.

The Consortium Banks are in the process of agreeing on the ownership of the debt issued and/or guaranteed by ABN AMRO. Upon the finalisation of this agreement, the impact, if any, on the debt issuances will be communicated.

The following organisational structure was adopted in January 2006. This structure was used by the Consortium Banks to divide the activities amongst each other:

Holding's Group structure comprises:

- seven client BUs
- three global product BUs
- two cross-BU segments
- Group Functions
- Services

The seven client BUs consist of five regional BUs (The Netherlands, Europe North America, Latin America and Asia) and two global client BUs, Private Clients and Global Clients. BU Global Clients overlaps the regional BUs in the segment reporting adopted in 2007.

The three global product BUs (Global Markets, Transaction Banking and Asset Management) support the client BUs by developing and delivering products for all of ABN AMRO's clients globally.

The Commercial Client Segment encompasses all of ABN AMRO's commercial clients. The Commercial Client Segment coordinates activities across the Client and Product BUs, sharing best practice and the overall strategic framework supporting this essential component of the Bank's portfolio.

Group Functions delivers support across the Group in areas ranging from Risk to Finance and from Human Resources to Sustainability.

Services focuses on increasing its operational efficiency through Group-wide consolidation and standardisation.

As from 2008, ABN AMRO will be organised into three units each containing the businesses that will ultimately be transferred to the respective Consortium Banks. A fourth unit will include central functions including the Head Office functions and businesses which are regarded as non-strategic.

The long-term, unsecured, unsubordinated and unguaranteed debt obligations of ABN AMRO Bank, N.V. are currently rated "AA-" by S&P, "Aa2" by Moody's Investors Service Inc. and "AA-" by Fitch. The short-term, unsecured, unsubordinated and unguaranteed debt obligations of ABN AMRO Bank, N.V. are currently rated "A-1+" by S&P, "P-1" by Moody's and "F1+" by Fitch.

EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria, Belgium and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

Holders who are collecting income from the Securities outside the tax jurisdiction of their residence, should seek advice on how the local implementation of the Directive in both the place where the income is collected and their place of residence, affects the taxation of the income, as well as their overall tax position.

SUMMARY OF PROVISIONS RELATING TO THE SECURITIES IN GLOBAL FORM

The Securities are in the form of the Global Note which was deposited on or around the Issue Date with a common depositary for Euroclear. The Global Note will become exchangeable in whole, but not in part, for Securities in definitive form ("**Definitive Securities**") in the denomination of EUR 1,000 at the request of the bearer of the Global Note (acting on the instructions of a Holder in the case of (a) below, or on the instructions of the Issuer in the case of (b) below) against presentation and surrender of the Global Note to the Principal Agent if any of the following events (each, an "**Exchange Event**") occurs: (a) Euroclear is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or (b) a change occurs in the practice of Euroclear as a result of which the Issuer would suffer a disadvantage which would not be suffered if the Securities were in definitive form. Whenever the Global Note is to be exchanged for Definitive Securities, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Securities, duly authenticated in an aggregate principal amount equal to the principal amount of the Global Note outstanding at such time to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the specified office of the Principal Agent within 30 days of the occurrence of the relevant Exchange Event.

If:

- a) Definitive Securities have not been delivered by 17:00 hours (London time) on the forty-fifth day after the bearer has duly requested exchange of the Global Note for Definitive Securities; or
- b) the Global Note (or any part of it) has become due and payable in accordance with the Conditions or the date for final redemption of the Securities has occurred and, in either case, payment in full of the amount of principal falling due has not been made to the bearer in accordance with the terms of the Global Note on the due date for payment,

then the Global Note (including the obligation to deliver Definitive Securities) will become void at 17:00 hours (London time) on such forty-fifth day (in the case of (a) above) or at 17:00 hours (London time) on such due date (in the case of (b) above) and the bearer of the Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Global Note or others may have under an instrument dated on or about the Issue Date (the "**Instrument**") executed by the Issuer). Under the Instrument, persons shown in the records of Euroclear as being entitled to an interest in the Global Note will acquire directly against the Issuer all those rights to which they would

have been entitled if, immediately before the Global Note became void, they had been the holders of Definitive Securities in an aggregate principal amount equal to the principal amount of Securities they were shown as holding in the records of Euroclear.

However, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner who is resident of

CONDITIONS: GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions (whether or not attached to this document). The Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on the Definitive Securities or attached to the Global Security representing the Securities.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that for reasons beyond its control its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power ("**Applicable Law**"). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

- (a) Validity. Unless otherwise specified in an Offering Supplement, announcements to Holders will be valid if delivered to the Clearing Agent(s).

- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the date first delivered to a Clearing Agent) or, if published as specified in the relevant Offering Supplement on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A "**Hedging Disruption Event**" shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a "**Relevant Hedging Transaction**") it deems necessary or desirable to hedge the Issuer's obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) any material illiquidity in the market for the relevant instruments (the "**Disrupted Instrument**") which from time to time are included in the reference asset to which the Securities relate; or
 - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
 - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
 - (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
- (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
 - (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
 - (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any Affiliate may, except under certain circumstances, purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.

In this General Condition 6(a) "**Affiliate**" means any entity controlled directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer, or any entity under common control with the Issuer. As used herein "**control**" means the ownership of a majority of the voting power of the entity and "**controlled by**" and "**controls**" shall be construed accordingly.

- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

- (a) Determinations. Any determination made by the Issuer shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) Modifications. The Issuer may without the consent of the Holders or any of them, modify any provision of the Conditions which is: (i) of a formal, minor or technical nature; (ii) made to correct a manifest error; or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company (the "**Substitute**"), being any subsidiary or affiliate of the Issuer, subject to: (i) the obligation of the Substitute under the Securities being guaranteed by ABN AMRO

Holding N.V. ("**Holding**") (unless Holding is the Substitute); (ii) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect; and (iii) the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4. In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay, any tax, duty or charge in connection with, the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment. Each Holder shall indemnify the Issuer against any loss, cost or other liability whatsoever sustained or incurred by the Issuer in respect of any such tax, duty, charge, withholding or other payment as referred to above in respect of the Securities of such Holder.

10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have been given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued.

11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the Adjustment Date specified in such notice, certain terms of the Securities shall be redenominated in euro. The election will have effect as follows:
- (i) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, whether as from 1999 or after such date, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
 - (ii) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a currency (the "**Original Currency**") of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, whether as from 1999 or after such date, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and

- (b) Adjustment to Conditions. The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with General Condition 4 make such adjustments to the Conditions as the Issuer may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Conditions.
- (c) Euro Conversion Costs. Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

- (i) Notice. All payments of the Cash Amount 2 shall be subject to the delivery of a duly completed Notice to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

- (j) Late Delivery of Notice. Any Notice to exercise the Optional Exchange Right delivered after 12.00pm (noon) (CET) in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day, will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.
- (k) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

"Market Disruption Event" means:

- (1) the occurrence or existence on any Trading Day during the one-half hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options

exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

"De-listing" means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

"Merger Event" means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

(d) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

5. GOVERNING LAW

The Conditions pertaining to the Securities shall be governed by and shall be construed in accordance with English law.
