Capitalised terms used but not otherwise defined in this Supplement shall have the meanings ascribed thereto in the Base Prospectus. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Supplement and the Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers nor the Arranger undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Supplement and the Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

The Base Prospectus (as supplemented as at the relevant time, if applicable) is valid for 12 months from its date and shall expire on 4 June 2021, at the latest. The obligation to supplement the Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when the Base Prospectus is no longer valid.

SUPPLEMENTAL INFORMATION

With effect from the date of this Supplement the Base Prospectus shall be amended and/or supplemented in the manner described below (references to page numbers are to the pages of the Base Prospectus dated 4 June 2020):

- (A). The list of documents deemed to be incorporated by reference in, and to form part of, the Base Prospectus in the section titled “**Information Incorporated by Reference**” on page 20 shall be amended by adding a new number 4 at the end thereof which will read as follows:

“4 the audited consolidated financial statements (including the independent auditor's report thereon and notes thereto) of the Issuer in respect of the year ended 31 December 2020 (as set out in the "Consolidated Financial Statements 2020" on pages 55 to 93 and pages 103 to 109 in the Issuer's 2020 annual report) and which can be obtained from:

https://www.enexisgroep.com/media/3104/annual_report_2020_enexis_holding- nv.pdf.”

- (B). In the section titled “**Risk factors**”, the last paragraph of the subsection “**Adverse capital and credit market conditions may impact the Issuer’s ability to access liquidity and capital, as well as the cost of credit and capital, whilst the Issuer is facing substantial financing needs due to increased investment requirements**” on page 5 shall be replaced by the following:

“As part of its financing arrangements, in December 2018, Enexis concluded a committed revolving credit facility (the “**RCF**”) with a syndicate of eight banks. The commitments under the RCF are EUR 850 million until December 2024. Thereafter, the commitments under the RCF are EUR 686 million until December 2025. However, there can be no absolute assurance that this amount will suffice in case capital markets close or do not have sufficient capital available for a prolonged period of time.”

- (C). In the section titled “**Risk factors**”, a new risk factor shall be added titled “**Accidents involving employees and/or bystanders may lead to unsafe situations and/or asset failures**”, which will read as follows:

“Working on energy grids entails risks for the health of employees and/or bystanders. Due to the nature of our primary processes, working on electricity and gas infrastructure and working in public spaces, accidents are an ever-present risk. Such accidents may result in physical harm to employees and/or bystanders and may lead to asset failures, which asset failures may themselves have serious safety consequences. The growing number of new employees poses an extra safety risk. Accidents could lead to fines, third party claims, considerable costs for repair and damage control and loss of reputation and could therefore have a material adverse impact on the Issuer’s business, financial condition or results of operations.”

- (D). In the section titled “**Risk factors**”, the last paragraph of the subsection “**The revenues, profit and financial position of the Issuer will be affected by the regulatory regime applicable to its Grid Manager**” on page 8 shall be replaced by the following:

“In 2021, the Dutch Ministry of Economic Affairs and Climate Policy is working on a new energy act, which consolidates the existing Electricity Act (*Elektriciteitswet*) and Gas Act (*Gaswet*) and should aim to simplify the existing legislation, adjust the Dutch legislation to relevant European legislation and insert flexibility to comply with requirements for the Dutch renewable energy transition. A first draft was submitted for consultation on 17 December 2020 until 11 February 2021. In total, 66 interested parties have submitted responses to the public consultation. The new legislation is not expected to come into force before 2022. If the task description for grid companies or the permitted ancillary activities for grid operators in the new energy act are too restrictive, this could hamper or block the Grid Manager’s efforts to achieve its energy transition objectives. See “*Limited availability of materials, grid capacity and technical and other staff may impact the Issuer’s and its grid manager’s operations.*””

- (E). In the section titled “*Risk factors*”, the second paragraph of the subsection “*Future discontinuance of LIBOR or EURIBOR may adversely affect the value of Floating Rate Notes which reference LIBOR or EURIBOR – (i) Background*” on page 11 shall be amended by the addition of the following at the end:

“Speeches by the Chief Executive of the FCA and other FCA officials emphasised that market participants should not rely on the continued publication of LIBOR after the end of 2021. On 5 March 2021, the FCA announced that (i) the publication of 24 LIBOR settings (as detailed in the FCA announcement) will cease immediately after 31 December 2021, (ii) the publication of the overnight and 12-month U.S. dollar LIBOR settings will cease immediately after 30 June 2023, (iii) immediately after 31 December 2021, the 1-month, 3-month and 6-month sterling LIBOR settings will no longer be representative of the underlying market and economic reality that they are intended to measure and representativeness will not be restored (and the FCA will consult on requiring the ICE Benchmark Administration Limited (the “*IBA*”) to continue to publish these settings on a synthetic basis, which will no longer be representative of the underlying market and economic reality they are intended to measure, for a further period after end 2021) and (iv) immediately after 30 June 2023, the 1-month, 3-month and 6-month U.S. dollar LIBOR settings will no longer be representative of the underlying market and economic reality that they are intended to measure and representativeness will not be restored (and the FCA will consider the case for using its proposed powers to require IBA to continue publishing these settings on a synthetic basis, which will no longer be representative of the underlying market and economic reality they are intended to measure, for a further period after end June 2023).”

- (F). In the section titled “*Terms and conditions of the Notes*”, Clause 12(a)(iii) shall be replaced by the following:

“(iii) where such withholding or deduction is required to be made pursuant to the Dutch Withholding Tax Act 2021 (*Wet Bronbelasting 2021*); or”

- (G). In the section titled “*Description of the Issuer*”, the last paragraph of the subsection “*Incorporation, shareholders and capitalisation*” on page 66 shall be replaced by the following:

“In line with the Issuer’s target long-term credit rating for both Enexis Holding and Enexis Netbeheer B.V. (as further set out below under “*Target for long-term credit ratings*”), on 16 April 2020, the Issuer announced that Enexis Holding and its shareholders have explored options for strengthening the equity of the Issuer. This has resulted in a convertible hybrid shareholder loan that has been made available in two tranches. Tranche A was provided on 29 July 2020 and Tranche B on 30 November 2020, in a total amount of EUR 500 million. The instrument allows the shareholders and the Issuer to strengthen the Issuer’s equity, should that become necessary.”

- (H). In the section titled “*Description of the Issuer*”, the fifth paragraph of the subsection “*Regulatory and legal framework in The Netherlands*” on page 70 shall be replaced by the following:

“In 2021, the ACM is in the process of preparing the Method Decision (*Methodebesluit*) for the next tariff regulation period (2022 – 2026). In consultation with the grid managers and other stakeholders, the ACM has investigated what type of amendments to the regulation methodology are required to facilitate the energy transition. The publication of the new Method Decision for the period that starts in 2022 is expected in September 2021. It is expected that the methodology for recovery of gas grid costs will be adjusted in the new Method Decision. Through earlier recovery (e.g. accelerated depreciation and expression of WACC in nominal instead of real terms) of such costs, it is possible to prevent for high remaining capital costs to be recovered by a much smaller group of customers in future. In relation to electricity, major adjustments are expected to be made in the new Method Decision to support earlier recovery for investments related to decentralized produced electricity and for costs related to transportation by the national grid company TenneT. As a result of lower interest rates, it is expected that the WACC in real terms will reduce to a level slightly above 1.0 per cent. All investments by the regional grid managers in The Netherlands are included in the Regulatory Asset Base. In some cases however, a certain investment can be less efficient for an individual regional grid manager. If for instance one regional grid manager invests in relatively expensive matters such as grid connections for wind energy parks and other regional grid managers would not do so, such an investment can become less efficient for that regional grid manager. This is because the ACM takes the average of the total capital expenditure into account

in a Yardstick Competition – model (as described below).”

- (I). In the section titled “*Description of the Issuer*”, the first paragraph of the subsection “*Appointments, tasks and powers*” under “*Executive Board*” on page 74 shall be replaced by the following:

- (O). Due to the changes in relation to the United Kingdom's withdrawal from the European Union, the paragraph entitled "**Prohibition of sales to EEA and UK Retail Investors**" on page 18 shall be replaced by the following:

UK MiFIR product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. The expression "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

PROHIBITION OF SALES TO UNITED KINGDOM RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified

investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation. The expression “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.”

- (P). Due to the changes in relation to the United Kingdom’s withdrawal from the European Union, the legends “*Prohibition of sales to EEA and UK Retail Investors*” and “*MiFID II product governance / Professional investors and ECPS only target market*” in the section titled ‘*Form of Final Terms*’ on page 52 shall be replaced by the following:

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes
