

IMPORTANT NOTICE

NOT FOR DISTRIBUTION TO ANY U.S. PERSON OR TO ANY PERSON OR ADDRESS IN THE U.S.

IMPORTANT: You must read the following before continuing. The following applies to the base prospectus following this page, and you are therefore advised to read this carefully before reading, accessing or making any other use of the base prospectus. In accessing the base prospectus, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY SECURITIES OF THE ISSUER IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS OF ANY STATE OF THE U.S. OR OTHER JURISDICTION OF THE U.S. AND THE SECURITIES MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE U.S. OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT), EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

THE FOLLOWING BASE PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

PROHIBITION OF SALES TO EEA and RETAIL INVESTORS – The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, (as amended, "**EU MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**IDD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No 1286/2014, (as amended, the "**PRIIPs Regulation**") for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

EU MiFID II product governance / target market: The Final Terms in respect of any Covered Bonds will include a legend entitled "*MiFID II Product Governance*" which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (an "**EU distributor**") should take into consideration the target market assessment; however, an EU distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Covered Bonds is a manufacturer in respect of such Covered Bonds, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

PROHIBITION OF SALES TO UK RETAIL INVESTORS: The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the

provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the **"UK PRIIPs Regulation"**) for offering or selling the Covered Bonds or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

UK MiFIR product governance / target market: The Final Terms in respect of any Covered Bonds will include a legend entitled *"UK MiFIR Product Governance"* which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a **"distributor"**) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **"UK MiFIR Product Governance Rules"**) is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Arranger and/or any Dealer subscribing for any Covered Bonds is a manufacturer in respect of such Covered Bonds, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Benchmarks Regulation: Interest and/or other amounts payable under the Covered Bonds may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark under the Benchmarks Regulation. If any such reference rate does constitute such a benchmark, the relevant Final Terms will indicate whether or not the administrator thereof is included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 (Register of administrators and benchmarks) of the Benchmarks Regulation. Not every reference rate will fall within the scope of the Benchmarks Regulation. Furthermore, transitional provisions in the Benchmarks Regulation may have the result that an administrator and/or a benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Final Terms. The registration status of any administrator or benchmark under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update any Final Terms to reflect any change in the registration status of the administrator.

Amounts payable under the Covered Bonds may, inter alia, be calculated by reference to EURIBOR which is provided by European Money Markets Institute ("**EMMI**") or €STR which is provided by the European Central Bank ("**ECB**"). As at the date of this Base Prospectus, EMMI, in relation to it providing EURIBOR appears in the register of administrators and benchmarks established and maintained by ESMA pursuant to article 36 (Register of administrators and benchmarks) of the Benchmarks Regulation. The ECB is excluded from the scope of the Benchmarks Regulation pursuant to article 2(2)(a) of the Benchmarks Regulation, such that the ECB as administrator of €STR is not currently required to obtain authorisation or registration and therefore does not appear in the aforementioned register.

Confirmation of your Representation: In order to be eligible to view this base prospectus or make an investment decision with respect to the securities, investors must not be a U.S. person (within the meaning of Regulation S under the Securities Act). This base prospectus is being sent at your request and by accepting the e-mail and accessing this base prospectus, you shall be deemed to have represented to us that you are not a U.S. person, the electronic mail address that you gave us and to which this e-mail has been delivered is not located in the U.S. (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands), any States of the United States or the District of Columbia and that you consent to delivery of such base prospectus by electronic transmission.

You are reminded that this base prospectus has been delivered to you on the basis that you are a person into whose possession this base prospectus may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorised to, deliver this base prospectus to any other person.

The materials relating to the offering do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the underwriters or any affiliate of the underwriters is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the underwriters or such affiliate on behalf of the Issuer in such jurisdiction.

EUR 5,000,000,000 Covered Bond Programme

guaranteed as to payments of interest and principal by

AEGON SB COVERED BOND COMPANY B.V.

*(incorporated under the laws of the Netherlands with limited liability
and having its statutory seat in Amsterdam, the Netherlands)*

This Base Prospectus has been approved by the AFM, as competent authority under the Prospectus Regulation. The AFM only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer and/or the CBC that is the subject of this Base Prospectus nor as an endorsement of the quality of any Covered Bonds that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Covered Bonds. This Base Prospectus will be published in electronic form on www.aegon.com/coveredbond.

THE VALIDITY OF THE BASE PROSPECTUS WILL EXPIRE

This Base Prospectus shall be valid for use only by the Issuer for a period of up to 12 months after its approval by the AFM and shall expire 6 May 2022, at the latest. The obligation to supplement this Base Prospectus, in the event of significant new factors, material mistakes or material inaccuracies only, shall cease to apply upon the expiry of the validity period of this Base Prospectus.

Under its EUR 5,000,000,000 Covered Bond Programme the Issuer may from time to time issue Covered Bonds denominated in euro. Subject as set out herein, the maximum aggregate nominal amount of the Covered Bonds from time to time outstanding under the Programme will not exceed EUR 5,000,000,000 subject to any increase as described herein.

Aegon SB Covered Bond Company B.V. as CBC will guarantee the payment of scheduled interest and principal payable under the Covered Bonds pursuant to a guarantee issued under the Trust Deed. The Covered Bonds will further be (indirectly) secured by a right of pledge (or such other security right as may be applicable) over the Transferred Assets vested by the CBC in favour of the Security Trustee and a right of pledge vested by the CBC in favour of the Security Trustee over all rights of the CBC under or in connection with the CBC Transaction Documents. Recourse against the CBC under its guarantee will be limited to the Security.

The Covered Bonds may be issued on a continuing basis to one or more of the Dealers and to investors directly. Covered Bonds may be distributed by way of a public offer or private placements and, in each case, on a syndicated or non-syndicated basis. The method of distribution of each relevant Series (or Tranche thereof) will be stated in the relevant Final Terms. Notice of the aggregate nominal amount of Covered Bonds, interest (if any) payable in respect of Covered Bonds, the issue price of Covered Bonds and any other terms and conditions not contained herein which are applicable to the Covered Bonds will be set forth in the applicable Final Terms which, in respect to Covered Bonds to be listed on Euronext Amsterdam will be filed and delivered to Euronext Amsterdam on or before the date of each issue of such Covered Bonds.

Application has been made for the Covered Bonds to be listed on the official list of Euronext Amsterdam during the period of twelve (12) months from the date of this Base Prospectus and will also apply if so indicated in the Final Terms. In addition, Covered Bonds issued under the Programme may be listed or admitted to trading, as the case may be, on any other stock exchange or regulated market specified in the applicable Final Terms. The Issuer may also issue unlisted Covered Bonds under the Programme. The applicable Final Terms will state

whether or not the relevant Covered Bonds are to be listed, quoted and/or traded and, if so, on or by which competent listing authority(ies) or stock exchange(s) and/or quotation system(s).

The Issuer and the CBC may agree with the Security Trustee that Covered Bonds may be issued in a form not contemplated by the Terms and Conditions of the Covered Bonds set out herein, in which event a supplement to the Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Covered Bonds.

It is expected that each issue of a Series of Covered Bonds will, on issue, be assigned an "AAA" rating by S&P, unless otherwise specified in the applicable Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning Rating Agency. Each credit rating applied for in relation to a relevant Series of Covered Bonds will be issued by a credit rating agency which is registered under Regulation (EC) No. 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, as amended (the "**CRA Regulation**"), is included in the list of registered rating agencies published on the website of ESMA and is established in the European Union. For a discussion of the risks associated with an investment in the Covered Bonds, see the Risk Factors section herein. S&P has been registered by ESMA as credit rating agency in accordance with the CRA Regulation.

The Covered Bonds and the Guarantee have not been and will not be registered under the Securities Act, or the securities laws of any state of the U.S. or other jurisdiction of the U.S. The Covered Bonds may not be offered, sold or delivered within the U.S. or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Covered Bonds are being offered, sold or delivered only to non-U.S. persons (as defined in Regulation S) outside the U.S. in reliance on Regulation S.

The Covered Bonds of each Tranche are in bearer form or in registered form. Bearer Covered Bonds will (unless otherwise specified in the applicable Final Terms) initially be represented by a Global Covered Bond. Global Covered Bonds will be deposited on or about the Issue Date thereof either (i) with a common safekeeper or common depositary for Euroclear and Clearstream, Luxembourg or (ii) with Euroclear Nederland and/or (iii) any other agreed clearance system. Registered Covered Bonds will be issued to each relevant holder by a registered covered bonds deed. See *Form of Covered Bonds*.

The Covered Bonds may be issued in an NGN-form, which will allow Eurosystem eligibility. This means that the Covered Bonds in NGN-form are intended upon issue to be deposited with the ICSDs as common safekeeper. The Covered Bonds may also be issued and deposited with Euroclear Nederland, which will also allow Eurosystem eligibility. In each case, this does not necessarily mean that the Covered Bonds will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria from time to time.

Capitalised terms used herein have the meaning ascribed thereto in section 21 (*Glossary of Defined Terms*).

The date of this base prospectus is 6 May 2021.

------------------------	---

Issue Price:	Covered Bonds may be issued on a fully-paid basis and at an issue price which is at par or at a discount to, or premium over, par.
Form:	<p>Each Covered Bond will be in a bearer or registered form.</p> <p>Each Tranche of Bearer Covered Bonds will (unless otherwise specified in the applicable Final Terms) initially be represented by a Temporary Global Covered Bond or, if so indicated in the applicable Final Terms, a Permanent Global Covered Bond. Each Temporary Global Covered Bond (a) which is intended to be issued as an NGN Temporary Global Covered Bond will be deposited on or around the relevant Issue Date with a common safekeeper for Euroclear and/or Clearstream, Luxembourg, (b) which is not intended to be issued in NGN form may also be deposited on or around the relevant Issue Date (i) with Euroclear Nederland, (ii) with a common depositary for Euroclear and/or Clearstream, Luxembourg or (iii) with (a depositary for) any other agreed clearing system. A Temporary Global Covered Bond will be exchangeable as described therein for a Permanent Global Covered Bond.</p> <p>A Permanent Global Covered Bond is exchangeable for Definitive Covered Bonds only upon the occurrence of an Exchange Event or, in case a Permanent Global Covered Bond is deposited with Euroclear Nederland, only upon the occurrence of a Delivery Event, all as described in Form of Covered Bonds below. Any interest in a Global Covered Bond will be transferable only in accordance with the rules and procedures for the time being of either (i) Euroclear and/or Clearstream, Luxembourg and/or (ii) Euroclear Nederland (and the Dutch Securities Giro Transfer Act (<i>Wet giraal effectenverkeer</i>)) and/or (iii) any other agreed clearing system, as appropriate. See <i>Form of Covered Bonds</i>.</p> <p>If any Permanent Global Covered Bond is not duly exchanged, the terms of such Permanent Global Covered Bond will provide a mechanism for relevant account holders with Euroclear, Clearstream, Luxembourg, Euroclear Nederland and/or any other agreed clearing system(s) to whose securities account(s) with such clearing system(s) the beneficial interests in such Permanent Global Covered Bond are credited to be able to enforce rights directly against the Issuer.</p> <p>Registered Covered Bonds will be issued to each holder (unless otherwise specified in the applicable Final Terms) by a Registered Covered Bonds Deed.</p>
Denomination:	Covered Bonds will be issued in such denominations as set forth in the applicable Final Terms save that the minimum denomination of each Covered Bond will be such as may be allowed or required from time to time by the relevant central bank or regulatory authority (or equivalent body) and save that the minimum denomination (and in respect of Covered Bonds issued at a discount to their nominal amount, the minimum issue price) of each Covered Bond admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which would otherwise require the publication of a prospectus under the Prospectus Regulation will be EUR 100,000.
Currency:	Subject to any applicable legal or regulatory restrictions, the Covered Bonds will be issued in euros.
Status and Ranking:	The Covered Bonds issued from time to time under the Programme will constitute unsecured and unsubordinated obligations of the Issuer,

guaranteed by the CBC under the Guarantee, and will rank *pari passu* without any preference among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer, save for any obligations preferred by a mandatory operation of applicable law.

Interest: Interest (which may be fixed or floating) shall be payable on each Series or Tranche of Covered Bonds on the Interest Payment Dates specified in the applicable Final Terms up to the Maturity Date or the Extended Due for Payment Date, if applicable. Interest shall be payable monthly, bi-monthly, quarterly, semi-annually, annually or upon redemption of the relevant Covered Bonds as further specified in the applicable Final Terms (other than Zero Coupon Covered Bonds).

Fixed Rate Covered Bonds: Fixed Rate Covered Bonds means Covered Bonds which will bear interest at a fixed rate, payable on such date or dates as set forth in the applicable Final Terms and on redemption and will be calculated on the basis of such Day Count Fraction as set forth in the applicable Final Terms.

Floating Rate Covered Bonds: Floating Rate Covered Bonds means Covered Bonds which will bear interest either at a rate determined on the same basis as the floating rate under a notional interest rate swap transaction in euro governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as of the Issue Date of the first Tranche of Covered Bonds of the relevant Series) or on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service or on such other basis as may be agreed between the Issuer and the relevant Dealer(s) (as specified in the applicable Final Terms). If the Reference Rate has been discontinued or another Benchmark Event or, in case of Compounded Daily €STR, an €STR Index Cessation Event has occurred, the Rate of Interest on the Covered Bonds may be determined for the relevant period by reference to a substitute, alternative or successor rate, in accordance with the fallback provisions set out in Condition 5(c) in case of a Reference Rate other than Compounded Daily €STR or in Condition 5(d) in case of Compounded Daily €STR, applicable to such Covered Bonds. If the Issuer is unable to or otherwise does not determine a substitute, alternative or successor rate in accordance with Condition 5(c) or Condition 5(d), as applicable, the Rate of Interest may ultimately result in the effective application of a fixed rate to what was previously a Floating Rate Covered Bond.

Margin: The Margin (if any) will be specified in the applicable Final Terms.

Other provisions in relation to Floating Rate Covered Bonds: Floating Rate Covered Bonds may also have a Cap, a Floor or Collar up to the Maturity Date. Interest on Floating Rate Covered Bonds in respect of each Interest Period will be payable on such Interest Payment Dates, and will be calculated on the basis of such day count fraction, as set forth in the applicable Final Terms.

Zero Coupon Covered Bonds: Zero Coupon Covered Bonds are Covered Bonds which will not bear interest except in case of a late payment.

Redemption: The applicable Final Terms will indicate that (a) the relevant Covered Bonds cannot be redeemed prior to their stated maturity (other than following specified events, if applicable, or for taxation reasons or following an Issuer Event of Default or a CBC Event of Default) or (b) such Covered Bonds will be redeemable at the option of the Issuer upon giving notice to the Covered Bondholders, on a date or dates specified prior to such stated maturity and at

a price or prices and on such other terms as set forth in the applicable Final Terms or (c) such Covered Bonds will be redeemable at the option of the Covered Bondholder upon giving notice to the Issuer, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as set forth in the applicable Final Terms.

Maturities:	Such maturities as set forth in the applicable Final Terms, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank or regulatory authority (or equivalent body) or any laws or regulations applicable to the Issuer, subject to a maximum maturity (i.e. the Extended Due for Payment Date) for each Series of forty-eight (48) years.
Maturity Date:	In respect of a Series, the date on which the Covered Bonds of such Series are expected to be redeemed at their Principal Amount Outstanding, as specified in the relevant Final Terms, which date falls no more than forty-seven (47) years after the Issue Date of such Series. Each Series is due by the Issuer on its respective Maturity Date.
Extended Due for Payment Date:	The final maturity date which falls one (1) year after the Maturity Date of such Series.
Withholding Tax:	All payments of principal and interest in respect of the Covered Bonds will be made without withholding or deduction of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction, unless such withholding or deduction is required by law. In that event, the Issuer will make the required withholding or deduction of such taxes or duties for the account of the Covered Bondholders and in accordance with and subject to certain exceptions as provided in Condition 8 (<i>Taxation</i>), including an exception for any withholding taxes pursuant to the Dutch Withholding Tax Act 2021 (<i>Wet bronbelasting 2021</i>) be required to pay such additional amounts to cover such withholding or deduction to such Covered Bondholders or, if the Issuer so elects, it may redeem the Series affected. The CBC will not be required or liable to pay any additional amounts or indemnify an investor in any other way for any withholding or deduction in respect of tax or duties.
FATCA Withholding:	Payments in respect of the Covered Bonds might be subject to any withholding or deduction required pursuant to an agreement described in section 1471(b) of the US IR Code or otherwise imposed pursuant to sections 1471 through 1474 of the US IR Code, any regulations or agreements thereunder, official interpretation thereof, or any law implementing an intergovernmental agreement thereto. Any such amounts withheld or deducted will be treated as paid for all purposes under the Covered Bonds, and no additional amounts will be paid on the Covered Bonds with respect to any such withholding or deduction.
Method of Payment:	For as long as the Covered Bonds are represented by a Global Covered Bond, payments of principal and interest will be made (i) by giro transfer in euro to Euroclear Nederland or, as the case may be, (ii) in euro to the Principal Paying Agent for the credit of the respective accounts of the Covered Bondholders through Euroclear and Clearstream, Luxembourg or, as the case may be, (iii) in accordance with the rules of another agreed clearing system and as set forth in the applicable Final Terms.
Use of proceeds:	The net proceeds from each issue of Covered Bonds will be used by the Issuer for its general corporate purposes.

Listing: Application has been made for the Covered Bonds to be listed on the official list of Euronext Amsterdam during the period of twelve (12) months from the date of this Base Prospectus, which listing will apply for Covered Bonds if so indicated in the applicable Final Terms. In addition, Covered Bonds issued under the Programme may be listed or admitted to trading, as the case may be, on any other stock exchange or regulated market specified in the applicable Final Terms. The Issuer may also issue unlisted Covered Bonds under the Programme.

Selling Restrictions: There are selling restrictions in relation to the United States, the European Economic Area, France, Italy, Belgium, the Netherlands, the United Kingdom and Japan and such other restrictions as may apply in connection with the offering and sale of a particular Tranche or Series. See *Subscription and Sale* below.

SECURITY FOR THE COVERED BONDS

Guarantee, Security, CBC: Pursuant to the Guarantee issued under the Trust Deed, the CBC will guarantee the payment of interest and principal payable under the Covered Bonds. The obligations of the CBC under the Guarantee will constitute unsubordinated and unguaranteed obligations of the CBC, secured indirectly, through the Security Trustee, by (i) a first ranking undisclosed pledge (or such other security right as may be applicable) granted by the CBC to the Security Trustee over the Transferred Assets and (ii) a first ranking disclosed pledge by the CBC to the Security Trustee over the CBC's rights under or in connection with the CBC Transaction Documents.

Payments made by the CBC under the Guarantee (after the service of an Issuer Acceleration Notice or a CBC Acceleration Notice) will be made subject to, and in accordance with, the CBC Priority of Payments or the Post CBC Acceleration Notice Priority of Payments, as applicable.

Parallel Debt Agreement: The CBC and the Security Trustee have entered into the Parallel Debt Agreement for the benefit of the Covered Bondholders and the other Secured Creditors under which the CBC, by way of parallel debt, undertakes to pay to the Security Trustee amounts equal to the amounts due by it to the Secured Creditors, in order to create claims of the Security Trustee thereunder which can be validly secured by the rights of pledge created by any Security Trustee Receivables Pledge Agreement and any Security Trustee Rights Pledge Agreement.

Guarantee amount: If the CBC is obliged to pay under the Guarantee, the CBC is obliged to pay any Guaranteed Amount (other than the Guaranteed Final Redemption Amount, see below) when Due for Payment.

Extendable obligations: An Extended Due for Payment Date will apply in relation to each Series of Covered Bonds. In respect of each Series, if the CBC is obliged under the Guarantee to pay a Guaranteed Final Redemption Amount, then:

- (a) the obligation of the CBC to pay the Guaranteed Final Redemption Amount shall be deferred to, and shall under the Guarantee be due on the Extended Due for Payment Date, unless any amounts are available to the CBC for such purpose prior to such date and will be paid on the relevant Interest Payment Date or the Extension Date; and

- (b) the CBC shall under the Guarantee owe interest over the unpaid portion of the Guaranteed Final Redemption Amount.

**GUARANTEE SUPPORT
AND THE MORTGAGE
RECEIVABLES**

**Guarantee Support
Agreement:**

As consideration for the CBC issuing the Guarantee, and so as to enable the CBC to meet its obligations under the Guarantee, the Issuer will use its best efforts, upon request of the CBC, to offer to transfer further Eligible Assets to the CBC either directly or indirectly, provided that the CBC shall only request a transfer of Eligible Assets if it (or the Administrator on its behalf) determines that the Asset Cover Test has been breached (or would be breached when at that moment the Asset Cover Test would be performed) under the Asset Monitoring Agreement, and the Transferor may transfer Eligible Assets to the CBC in accordance with the Guarantee Support Agreement.

At the option of the Issuer, subject always to Rating Agency Confirmation, New Transferors may accede to the Guarantee Support Agreement.

Mortgage Receivables:

Under the Guarantee Support Agreement, the Transferor may assign Mortgage Receivables and the Beneficiary Rights of the Transferor to the CBC, subject to the fulfilment of certain conditions. See *Guarantee Support Agreement* above.

The Mortgage Loans have the characteristics that demonstrate the capacity to produce funds to service payments by the CBC under the Guarantee.

**Insurance Savings
Participation Agreement:**

The CBC has entered into the Insurance Savings Participation Agreement with the Insurance Savings Participant under which the Insurance Savings Participant will acquire participations in the relevant Savings Mortgage Receivables and Savings Investment Mortgage Receivables equal to the amounts of Savings Premium and Savings Investment Premium paid by the relevant Borrower to the Insurance Savings Participant in respect of a Savings Insurance Policy and a Savings Investment Insurance Policy, respectively. In the Insurance Savings Participation Agreement the Insurance Savings Participant has undertaken to pay to the CBC amounts equal to all amounts received as Savings Premium and Savings Investment Premium on the Savings Insurance Policies and the Savings Investment Insurance Policies, respectively. In return, the Insurance Savings Participant is entitled to receive the Insurance Savings Participation Redemption Available Amount from the CBC. See further section 15 (*Participation Agreements*) below.

**Bank Savings Participation
Agreement:**

The CBC has entered into the Bank Savings Participation Agreement with the Bank Savings Participant under which the Bank Savings Participant will acquire participations in the relevant Bank Savings Mortgage Receivables equal to amounts received as Bank Savings Deposit by the Bank Savings Participant. In the Bank Savings Participation Agreement the Bank Savings Participant has undertaken to pay to the CBC amounts equal to all amounts received as Bank Savings Deposit. In return, the Bank Savings Participant is entitled to receive the Bank Savings Participation Redemption Available Amount from the CBC. See further section 15 (*Participation Agreements*) below.

Administration Agreement:

Under the terms of the Administration Agreement entered into on the Programme Date between the CBC, the Administrator and the Security Trustee, the Administrator agrees to provide certain administration, calculation

and cash management services to the CBC on a day-to-day basis, including without limitation, all calculations to be made pursuant to the Conditions in connection with the Covered Bonds. The Administrator is permitted to sub-contract its administration role to a third party administrator subject to any applicable conditions in the Administration Agreement.

Back-up Administration Agreement:

Under the terms of the Back-up Administration Agreement, the Back-up Administrator is appointed as substitute administrator to perform certain administration, calculation and cash management services for the CBC on a day-to-day basis, in accordance with and subject to the provisions of the Administration Agreement and the provisions of the Back-up Administration Agreement under the condition precedent (*opschortende voorwaarde*), that the appointment of Aegon Bank (or its successor(s)) as Administrator under the Administration Agreement has been terminated.

Servicing Agreement:

Under the terms of the Servicing Agreement, the Servicer agrees (i) to provide administration and management services in relation to the relevant Mortgage Loans on a day-to-day basis, including, without limitation, the collection of payments of principal, interest and all other amounts in respect of the relevant Mortgage Loans and the implementation of arrears procedures including, if applicable, the enforcement of mortgages, any other related security and other collateral, if applicable; (ii) to communicate with the Borrowers and (iii) to investigate payment delinquencies. The Servicer is permitted to sub-contract its servicing role to an affiliate of the Issuer or any third party, provided that the Servicer shall continue to be liable as if no such delegation had taken place.

Custody Agreement:

The CBC and the Custodian have entered into a Custody Agreement on the Programme Date, under which the Custodian has been appointed to provide custody services in relation to Substitution Assets, if Substitution Assets are transferred to the CBC.

CBC Account Agreement:

The CBC and the CBC Account Bank have entered into a CBC Account Agreement on the Programme Date, under which the CBC Account Bank agrees to pay a guaranteed rate of interest on the CBC Transaction Accounts Funds or such other interest rate as may be agreed between the CBC Account Bank and the CBC.

In the event that the interest rate in respect of any of the CBC Transaction Accounts is less than zero, such amount will be payable by the CBC to the CBC Account Bank.

CBC Account:

The CBC shall maintain with the CBC Account Bank the CBC Account (and any additional or replacement accounts) to which all amounts to be received in respect of the Transferred Assets and other amounts by the CBC are to be paid.

Reserve Account:

The CBC shall maintain with the CBC Account Bank the Reserve Account to which the Reserve Account Required Amount will be credited.

Portfolio Swap Agreements:

There may be certain mismatches between the interest to be received on the Transferred Assets and the CBC Transaction Accounts and the amounts payable under the Covered Bonds. In order to mitigate certain mismatches, the CBC may enter into appropriate hedging arrangements subject to Rating Agency Confirmation with respect to one or more Series or all Series of Covered Bonds whereby revenue scheduled to be received on all Transferred Assets multiplied by the Portfolio Swap Fraction is exchanged for a fixed or floating rate of interest on one or more Series or all Series of Covered Bonds

or any rate of interest payable under an Interest Rate Swap in respect of one or more Series of Covered Bonds. The Portfolio Swap Fraction is calculated by dividing the Principal Amount Outstanding of the relevant Series of Covered Bond by the Principal Amount Outstanding of all outstanding Covered Bonds.

Interest Swap Agreement: In addition to Portfolio Swap Agreements and in order to mitigate certain mismatches, the CBC may enter into appropriate hedging arrangements subject to Rating Agency Confirmation whereby a certain fixed or floating rate is exchanged for a specific rate on one or more Series or all Series of Covered Bonds.

Management Agreements: Each of the CBC, the Security Trustee and the Stichting Holding have entered into a Management Agreement, under which the relevant Director will undertake to act as director of the CBC, the Security Trustee or the Stichting Holding, respectively, and to perform certain services in connection therewith.

Deposit Agreement: Each of the CBC, the Security Trustee, the Issuer, the Transferor, the Servicer and the Agent have entered into the Deposit Agreement, pursuant to which the Transferor and/or Servicer will deposit personal data with respect to Borrowers with the Agent who may only release such information to the CBC and/or the Security Trustee upon the occurrence of an Assignment Notification Event and, in respect of Mortgage Receivables originated by Aegon Leven or Aegon Hypotheken, upon the occurrence of both an Assignment Notification Event and an Originator Assignment Notification Event in respect of Aegon Leven or Aegon Hypotheken, respectively.

Sale or Refinancing of Selected Transferred Assets: If an Issuer Event of Default occurs and a Notice to Pay has been served on the CBC, then upon the earliest to occur on or after such Issuer Event of Default of (i) any amount remaining unpaid in respect of a Series on the Maturity Date and (ii) any Maturity Date of a Series of Covered Bonds falling within a period of twelve (12) calendar months of such date, but prior to the service of a CBC Acceleration Notice, or such other date as the Security Trustee may approve, the CBC shall sell or refinance the Selected Transferred Assets.

The CBC shall first offer all the Selected Transferred Assets for sale to the Transferor and the Originators or any third party within the Aegon group appointed by the Transferor or an Originator after the occurrence of an Issuer Event of Default. If, for whatever reason, the Transferor or any of the Originators informs the CBC, within a period of twenty (20) Business Days after the CBC has made such offer, that it (or any third party within the Aegon group appointed by the Transferor or any Originator) will not repurchase the Selected Transferred Assets, or if the Transferor or any of the Originators or any third party within the Aegon group appointed by the Transferor or an Originator fails to inform the CBC, within a period of twenty (20) Business Days after the CBC has made such offer, that it (or any third party within the Aegon group appointed by the Transferor or any Originator) wishes to repurchase the Selected Transferred Assets, then the Selected Transferred Assets shall be offered for sale by the CBC to a third party or third parties.

If the CBC receives, after each of the Transferor and the Originators or any third party within the Aegon group appointed by the Transferor or an Originator has refused the offer for sale of all Selected Transferred Assets, an offer from a third party to purchase the Selected Transferred Assets, the CBC will notify the Transferor and the Originators of such offer and, within five (5) Business Days after such notice, the Transferor, the Originators or any third party within the Aegon group appointed by the Transferor or any Originator has the right to

match the offer to purchase the Selected Transferred Assets on the same terms and conditions as the offer of such third party and, if the Transferor, an Originator or any third party within the Aegon group appointed by the Transferor or any Originator offers to purchase the Selected Transferred Assets on the same terms and conditions as the offer of such third party, the CBC shall accept such offer of the Transferor, the Originator or such third party within the Aegon group appointed by the Transferor or any Originator.

Such sale or refinancing of the Selected Transferred Assets and subsequent redemption of the respective Covered Bonds must not result in a breach of the Amortisation Test.

If, on the date falling six (6) months before the first Extended Due for Payment Date of any Series outstanding, such sale or refinancing is insufficient to redeem the relevant Series of Covered Bonds in full, then the CBC will (i) offer the Selected Transferred Assets for sale for the best terms reasonably available, including but not limited to the best price reasonably available, or (ii) seek to refinance the Selected Transferred Assets on the best terms reasonably available, both (i) and (ii) subject to the consent of the Security Trustee, notwithstanding that such amount may be less than the amount to redeem the relevant Series of Covered Bonds in full.

See further section 16 (*Asset Monitoring - Sale or Refinancing of Selected Assets*).

OTHER

Rating:

It will be a condition precedent for the first issue of Covered Bonds under the Programme that the Covered Bonds on issue, be assigned an 'AAA' rating by the Rating Agency. Each further issue of a Series of Covered Bonds will have a rating equal to the then current rating assigned to the outstanding Series of Covered Bonds.

Transaction Documents:

The Programme Agreement, the Master Definitions Agreement, the Pledge Agreements, the Swap Agreements (if any), the Administration Agreement, the Back-up Administration Agreement, the Servicing Agreement, the CBC Account Agreement, the Trust Deed, the Parallel Debt Agreement, the Agency Agreement, any Calculation Agency Agreement (if any), the Guarantee Support Agreement, the Asset Monitoring Agreement, the Asset Monitor Appointment Agreement, the Management Agreements, the Custody Agreement, the Deposit Agreement, the Insurance Savings Participation Agreement and the Bank Savings Participation Agreement.

Governing Law:

The Covered Bonds and the Transaction Documents (other than the Swap Agreements (if any)) will be governed by and construed in accordance with Dutch law. The Swap Agreements (if any) will likely be governed by English law.

Risk factors:

There are certain factors which may affect the ability of the Issuer and/or the CBC to fulfil its obligations under the Covered Bonds issued under the Programme or the Guarantee, respectively, that are specific to the Issuer, the Covered Bonds and/or the Guarantee and which are material for taking an informed investment decision. Prospective Covered Bondholders should take into account the fact that the liabilities of the CBC under the Guarantee are limited recourse obligations and that the ability of the Issuer and/or the CBC to meet such and/or their obligations will be affected by certain factors. These are set out in section 3 (*Risk Factors*) and include, among others, the fact that

the Issuer's and/or the CBC's results and the performance of the Covered Bonds can be adversely affected by (i) general economic conditions, (ii) competition, (iii) regulatory change, (iv) changes in fiscal laws, (v) standard banking risks including changes in interest and foreign exchange rates, (vi) operational, credit, market, liquidity, legal risk and (vii) certain factors which are material for the purpose of assessing the market risks associated with Covered Bonds issued under the Programme. In addition, there are certain factors which are material for the purpose of assessing the market risks and other risks associated with Covered Bonds issued under the Programme, which include the following factors set out below per category:

Risk factors regarding the Issuer

- A. Risks related to the Issuer's financial situation and position;
- B. Risks related to the Issuer's business activities and industry; and
- C. Legal and regulatory risks regarding the Issuer.

Risk factors regarding the Covered Bonds

- A. Risks related to the nature of the Covered Bonds;
- B. Market and liquidity risks related to the Covered Bonds;
- C. Legal and regulatory risks regarding the Covered Bonds;
- D. Risks related to benchmarks; and
- E. Tax risks regarding the Covered Bonds.

Risk factors related to the Guarantor and the Guarantee

Risk factors regarding the Mortgage Receivables, Set-off and Security Rights

- A. Risks regarding the payments under the Mortgage Receivables transferred to the CBC;
- B. Set-off risks and other defences that may affect the proceeds received under the Mortgage Receivables;
- C. Risks regarding Insurance Policies and Beneficiary Rights;
- D. Risk regarding the Mortgaged Assets and other Security Rights; and
- E. Other risks regarding the Mortgage Receivables.

Risk factors related to Swaps

Business Day:

A reference to a day on which banks are generally open for business in Amsterdam and London, provided that such day is also a day on which TARGET 2 or any successor thereto is operating credit or transfer instructions in respect of payments in euro, or, if used in or by reference to Condition 5 (*Interest*), such day as determined in accordance with Condition 5 (*Interest*) and the applicable Final Terms.

Primary Cover Assets CB Regulations:

The primary cover assets (*primaire dekkingsactiva*) of this Programme comprise of receivables backed by residential property as referred to in Article 129(1)(d)(i) CRR. Each Borrower is a resident of the Netherlands and the Mortgage Receivables are governed by Dutch law. The Extended Due for Payment Date is the date falling one (1) year after the Maturity Date, as specified in the applicable Final Terms.

OVERVIEW OF RATING THRESHOLDS

The following overview of rating triggers does not purport to be complete and is qualified in all respects by the remainder of this Base Prospectus and the Transaction Documents. A specific rating or period in the following overview shall be deemed a reference to such other rating or period as may be determined to be applicable or agreed from time to time by the Rating Agency.

Transaction Party	Rating trigger S&P	Consequence if below rating triggers	Section in Base Prospectus
CBC Account Bank	The Long-Term Issuer Credit Rating falls below 'BBB' or such other lower rating(s) as may be agreed by the Security Trustee, the CBC and the Issuer and which is based on the criteria of S&P as would be sufficient to maintain the then current rating(s) of the Covered Bonds.	Replacement CBC Account Bank or obtain a guarantee from a financial institution with Requisite Credit Rating.	Section 18 (<i>Cash Flows</i>) under ' <i>CBC Transaction Accounts, Swap Replacement Ledger and Custody</i> '.
Issuer	The Long-Term Issuer Credit Rating falls below 'A'.	Requirement to credit the Reserve Account with an amount equal to the higher of: (i) the Mandatory Liquidity Required Amount; and (ii) the Reserve Trigger Required Amount.	Section 18 (<i>Cash Flows</i>).
Issuer	The Long-Term Issuer Credit Rating falls below 'BBB'.	Item "α" (part of item "A" of the definition of Adjusted Aggregate Asset Amount) will be increased.	Section 16 (<i>Asset Monitoring</i>) under ' <i>Asset Cover Test</i> '.
Swap Counterparties	The minimum rating specified in the relevant swap agreement.	Replacement of relevant swap provider or other remedy, subject to applicable rating criteria.	Section 17 (<i>Swaps</i>).
Custodian	The Long-Term Issuer Credit Rating falls below 'BBB' or such other lower rating(s) as may be agreed by the Security Trustee, the CBC and the Issuer and which is based on the criteria of S&P as would be sufficient to maintain the then current rating(s) of the Covered Bonds.	Replacement Custodian or obtain a guarantee from a financial institution with Requisite Credit Rating.	-

3. RISK FACTORS

Each of the Issuer and the CBC believes that the following factors may affect its ability to fulfil its obligations under the Covered Bonds and/or the Guarantee, respectively. All of these risk factors and events are contingencies which may or may not occur and the Issuer and the CBC are not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Covered Bonds and the Guarantee are also described below.

Although the most material risk factors have been presented first within each category, the order in which the remaining risks are presented is not necessarily an indication of the likelihood of the risks actually materialising, of the potential significance of the risks or of the scope of any potential negative impact to the Issuer's or the CBC's business, financial condition, results of operations and prospects. The Issuer and/or the CBC may face a number of these risks described below simultaneously. While the risk factors below have been divided into categories, some risk factors could belong in more than one category and prospective investors should carefully consider all of the risk factors set out in this section.

The Issuer and the CBC believe that the factors described below represent the material risks inherent to investing in the Covered Bonds, but the inability of the Issuer or the CBC to pay interest, principal or other amounts on or in connection with any Covered Bonds may occur for other reasons and the Issuer nor the CBC represent that the statements below regarding the risks of investing in any Covered Bonds are exhaustive. Other risks, events, facts or circumstances not included in this Base Prospectus, not presently known to the Issuer and/or the CBC, or that the Issuer and/or the CBC at the date hereof deems to be immaterial could, individually or cumulatively, prove to be important and may have a significant negative impact on the Issuer's or the CBC's group business, financial condition, results of operations and prospects. Prospective investors should carefully review the entire Base Prospectus, and should form their own views before making an investment decision with respect to the Covered Bonds.

Before making an investment decision with respect to any Covered Bonds, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Covered Bonds and consider such an investment decision in the light of the prospective investor's personal circumstances.

RISK FACTORS REGARDING THE ISSUER

A. RISKS RELATED TO THE ISSUER'S FINANCIAL SITUATION AND POSITION

1. Adverse capital and credit market conditions may impact the Issuer's ability to access liquidity and capital, as well as the cost of credit and capital

The capital and credit markets have from time to time been experiencing volatility and disruption in recent years. Adverse capital market conditions may affect the availability and cost of borrowed funds, thereby impacting the Issuer's ability to support or grow its businesses.

The Issuer faces liquidity risk, as the Issuer needs liquidity in its day-to-day business activities to pay its operating expenses, interest on its debt and dividends on its capital stock, to maintain its repo activities and to replace certain maturing liabilities. Without sufficient liquidity, the Issuer may be forced to curtail its operations and its business may suffer. The principal sources of its funding are client deposits, mainly from retail clients, and medium- and long-term securitised debt. Other sources of funding may also include a variety of short- and long-term instruments, including repurchase agreements, commercial paper, medium- and long-term debt, subordinated debt securities, securitised debt, capital securities and shareholders' equity.

In the event that current resources do not satisfy its needs or need to be refinanced, the Issuer may need to seek additional financing. The availability of additional financing will depend on a variety of factors such as market conditions, the general availability of credit, the volume of maturing debt that needs to be refinanced, the overall availability of credit to the financial services industry, the Issuer's credit ratings and

credit capacity, as well as the possibility that customers or lenders could develop a negative perception of its long- or short-term financial prospects. Similarly, the Issuer's access to funds may be limited if regulatory authorities or rating agencies take negative actions against it. If the Issuer's internal sources of liquidity prove to be insufficient, there is a risk that external funding sources might not be available, or available at unfavourable terms.

Disruptions, uncertainty or volatility in the capital and credit markets, such as experienced in the recent past, may also limit the Issuer's access to capital required to operate its business. Such market conditions may in the future limit the Issuer's ability to raise additional capital to support business growth, or to counter-balance the consequences of losses or increased regulatory capital requirements. This could force the Issuer to (1) delay raising capital, (2) reduce, cancel or postpone interest payments on its outstanding securities, (3) issue capital of different types or under different terms than the Issuer would otherwise, or (4) incur a higher cost of capital than in a more stable market environment. This would have the potential to decrease both the Issuer's profitability and its financial flexibility. The Issuer's results of operations, financial condition, cash flows and regulatory capital position could be materially adversely affected by disruptions in the financial markets.

2. The Issuer may be unable to manage its risks successfully through derivatives

The Issuer employs various economic hedging strategies with the objective of mitigating the market risks that are inherent in its business and operations. These risks include currency fluctuations, changes in the fair value of its investments, the impact of interest rates, equity markets, credit spread changes and the occurrence of credit defaults. The Issuer seeks to control these risks by, among other things, entering into a number of derivative instruments, such as swaps, options, futures and forward contracts including from time to time macro hedges for parts of its business, either directly as a counterparty or as a credit support provider to affiliate counterparties.

Developing an effective strategy for dealing with these risks is complex, and no strategy can completely insulate the Issuer from risks associated with those fluctuations. The Issuer's hedging strategies also rely on assumptions and projections regarding its assets, liabilities, general market factors and the creditworthiness of its counterparties that may prove to be incorrect or prove to be inadequate. Accordingly, the Issuer's hedging activities may not have the desired beneficial impact on its results of operations or financial condition. Poorly designed strategies or improperly executed transactions could actually increase its risks and losses. Hedging instruments used by the Issuer to manage product and other risks might not perform as intended or expected, which could result in higher (un)realised losses such as credit value adjustment risks or unexpected profit and loss effects, and unanticipated cash needs to collateralise or settle such transactions. Adverse market conditions can limit the availability and increase the costs of hedging instruments, and such costs may not be recovered in the pricing of the underlying products being hedged. In addition, hedging counterparties may fail to perform their obligations resulting in unhedged exposures and losses on positions that are not collateralised. As such, the Issuer's hedging strategies involve transaction costs and other costs, and if the Issuer terminates a hedging arrangement, it may also be required to pay additional costs, such as transaction fees or breakage costs. It is possible that there will be periods in the future, during which the Issuer has incurred or may incur losses on transactions, perhaps significant, after taking into account the Issuer's hedging strategies. Further, the nature and timing of the Issuer's hedging transactions could actually increase its risk and losses. In addition, hedging strategies involve transaction costs and other costs. The Issuer's hedging strategies and the derivatives that the Issuer uses and may use may not adequately mitigate or offset the targeted risks, and its hedging transactions may result in losses.

The Issuer's hedging strategy additionally relies on the assumption that hedging counterparties remain able and willing to provide the hedges required by its strategy. Increased regulation, market shocks, worsening market conditions and/or other factors that affect or are perceived to affect the financial condition, liquidity and creditworthiness of the Issuer may reduce the ability and/or willingness of such counterparties to engage in hedging contracts with it and/or other parties, affecting the Issuer's overall ability to hedge its risks and adversely affecting its business, financial condition, results of operations, liquidity and/or prospects.

3. Turbulence and volatility in the financial markets and economy generally have affected the Issuer, and may continue to do so

The Issuer's results of operations, solvency, liquidity and its profitability are impacted by conditions in the capital markets and the economy generally. The capital markets and the economy could be adversely affected by a number of reasons, such as political events and trends, natural and man-made disasters (such as hurricanes, riots, fires, explosions and pandemics) but also volatility in interest rates, securities prices, credit spreads, liquidity spreads, exchange rates, consumer spending, changes in client behaviour, business investment, real estate and private equity valuations, government spending, inflation, and terrorism. Concerns over the slow economic recovery, the European sovereign debt crisis, the ability of certain countries to remain in the Eurozone, unemployment, the availability and cost of credit, inflation levels, energy costs and geopolitical issues all have contributed to increased volatility and diminished expectations for the economy and the markets in recent years. In addition, shareholders' equity, solvency and the Issuer's net result may be significantly impacted by turbulence and volatility in the worldwide financial markets and the economy generally. Further, there is considerable uncertainty surrounding the future relationship between the EU and the United Kingdom, following the termination of the transitional period on 31 December 2020 and surrounding the consequences of COVID-19, which could both further negatively impact the volatility and expectations for the economy and the markets. See also risk factors *"The United Kingdom (UK) leaving the European Union (Brexit), potentially followed by more countries, may affect the Issuer's results of operations, cash flows or financial condition"* and *"Coronavirus outbreak may have a negative effect on the financial position of the Issuer"*.

These conditions have generally resulted in greater volatility, widening of credit spreads and overall shortage of liquidity and tightening of financial markets throughout the world. In addition, prices for many types of asset-backed securities and other structured products have significantly deteriorated. These concerns have since expanded to include a broad range of fixed income securities, including those rated investment grade and especially the sovereign debt of some EEA countries and the United States, the international credit and interbank money markets generally, and a wide range of financial institutions and markets, asset classes, such as public and private equity, and real estate sectors. Although certain of such conditions have improved in recent years, as a result of these and other factors, sovereign governments across the globe, including the Netherlands, have also experienced budgetary and other financial difficulties, which have resulted in austerity measures, downgrades in credit ratings by credit agencies, planned or implemented bail-out measures and, on occasion, civil unrest. As a result, the market for fixed income instruments has experienced decreased liquidity, increased price volatility, credit downgrade events, and increased probability of default. These and other factors have resulted in volatile foreign exchange markets. Securities that are less liquid are more difficult to value and may be hard to dispose of. International equity markets have also been experiencing heightened volatility and turmoil, with issuers that have exposure to the real estate, mortgage, private equity and credit markets particularly affected. These events and market upheavals, including extreme levels of volatility, have had and may continue to have an adverse effect on the Issuer's revenues and results of operations.

The conditions described above, could lead to reduced consumer confidence, which in turn could have an adverse effect on the Issuer's revenues and results of operations, including through an increase of lapses or surrenders of policies and withdrawal of client deposits that the Issuer has among other things originated via internet banking. In addition, in an economic downturn scenario characterised by higher unemployment, lower household income, lower corporate earnings, higher corporate and private debt defaults, lower business investments, and lower consumer spending, the demand for banking products is usually adversely affected and the Issuer's reserves and provisions typically would increase, resulting in overall lower earnings.

In many cases, the markets for investments and instruments have been and remain highly illiquid, and issues relating to counterparty credit ratings and other factors have exacerbated pricing and valuation uncertainties. Valuation of such investments and instruments is a complex process involving the consideration of market transactions, pricing models, management judgment and other factors, and is also impacted by external factors such as underlying mortgage default rates, interest rates, rating agency actions and property valuations. The Issuer continues to monitor its exposures, however there can be no assurances that it will not experience further negative impacts to its shareholders' equity or profit and loss

accounts in future periods, which may have an adverse effect on the financial position or results of operations of the Issuer.

4. Coronavirus outbreak may have a negative effect on the financial position of the Issuer

The outbreak of COVID-19 ("**Coronavirus**") has had and continues to have a severe impact on the Dutch, European and global economic prospects and therefore on the Issuer. Numerous countries across the world have introduced measures aimed at preventing the further spread of the Coronavirus and new measures may be introduced or measures may be re-introduced in case of a new outbreak of COVID-19, such as a ban on public events above a certain number of attendees, temporary closure of places where larger groups of people gather such as schools, sport facilities and bars and restaurants, lockdowns, border controls and travel and other restrictions. Such measures have disrupted the normal flow of business operations in those countries and regions, have affected global supply chains and resulted in uncertainty across the global economy and financial markets.

The outbreak of the Coronavirus and the (economic) consequences thereof (e.g. higher unemployment) will directly or indirectly result in increases of defaults under mortgage loans, but also under other loans granted to small and medium enterprises and consumers. Payment holidays have been requested and are likely to be requested increasingly by borrowers in distress due to the Coronavirus, and many of which have been accepted pursuant to which borrowers in some cases might be allowed to defer making payments for a certain period. This results in payment disruptions and possibly higher losses under the mortgage loans and the other loans granted to small and medium enterprises and consumers. This could lead to losses under the Covered Bonds. At this moment, missed payments in connection with payment holidays with respect to the mortgage loan portfolio are reported in arrears, however, this may change in the future. As per 31 December 2020, 370 borrowers out of the total Aegon mortgage loan portfolio have been granted a payment holiday, of which 90 borrowers (which is around 15bps) are part of the Issuer's loan portfolio. This means at this moment, that if a Mortgage Receivable is three (3) months or more in arrears, also if such results from a payment holiday, the Outstanding Principal Amount of such Mortgage Receivable will be deducted from the Asset Cover Test or the Amortisation Test, as the case may be.

The outbreak of the Coronavirus and the (economic) consequences thereof may lead to a significant change in the financial performance and the financial position of the Aegon Bank Group and/or a material adverse change in the prospects of the Aegon Bank Group. However, it is too early to predict the scope and extent of the consequences of the outbreak of the Coronavirus and the consequences of the measures taken in relation to the Coronavirus and conditions may worsen and measures may become more restrictive in the future. This could lead to losses under the Covered Bonds. See also section 5 (*Aegon Bank*).

5. Interest rate volatility and other interest rate changes may adversely affect the Issuer's profitability

Changes in prevailing interest rates may negatively affect the Issuer's business, including the level of net interest revenue the Issuer earns, and the levels of deposits and the demand for loans. In a period of changing interest rates, interest expense may increase and interest credited to accountholders may change at different rates than the interest earned on assets. Accordingly, changes in interest rates could decrease net interest revenue of the Issuer. Changes in interest rates may further negatively affect the value of the Issuer's assets and its ability to realise gains or avoid losses from the sale of those assets, all of which also ultimately affect earnings and capital, as well as the Issuer's regulatory solvency position. A sustained increase in the inflation rate in the Issuer's principal markets may also negatively affect its business, financial condition and results of operations. Among others, a sustained increase in the inflation rate may result in an increase in nominal market interest rates. A failure to accurately anticipate higher inflation and factor it into the Issuer's product pricing assumptions may result in mispricing of its products, which could materially and adversely impact the results of operations of the Issuer. Also, concerns regarding negative interest rates and the low level of interest rates generally may negatively impact the Issuer's net interest income, which may have an adverse impact on its profitability. Negative interest rates impact the Issuer in a few ways. The income out of the investment portfolio will be negatively impacted by negative interest rates. Furthermore, the results of the operations of the Issuer are affected by its management of interest rates sensitivity. The composition of the Issuer's assets and liabilities, and any

gap position resulting from that composition, causes the operation's net interest income to vary with changes in interest rates. There can be no assurance that the Issuer will be able to successfully manage interest rate spreads or the potential negative impact of risks associated with sustained low (or negative) interest rate changes. A mismatch of interest earning assets and interest bearing liabilities in any given period may, in the event of changes in interest rates, have a material effect on the financial position or result from operations of the Issuer.

6. Downgrades of the Issuer's credit ratings could have an adverse impact on its operations and net results

The Issuer's credit ratings are important to its ability to raise capital through the issuance of debt instruments and to the cost of such financing. In the event of a downgrade of the Issuer's credit ratings the cost of issuing debt instruments will increase, having an adverse effect on net results. Certain institutional investors may also be obliged to withdraw their deposits or investments in such debt instruments from the Issuer following a downgrade, which could have an adverse effect on its liquidity. The Issuer has solicited credit ratings from S&P. S&P reviews its ratings and rating methodologies on a recurring basis and may decide on a downgrade at any time. In addition, other rating agencies may seek to rate the Issuer on an unsolicited basis and if such unsolicited ratings are lower than comparable ratings granted by S&P, such unsolicited ratings could have a material adverse effect on the Issuer's results of operations, financial condition and liquidity. The decision to withdraw a rating or continue with an unsolicited rating remains with the relevant rating agency.

Furthermore, the Issuer's assets are risk weighted. Downgrades of these assets could result in a higher risk weighting applying to such assets which may result in higher capital requirements. This may impact net earnings and the return on capital, and may have an adverse impact on the Issuer's competitive position.

As rating agencies continue to evaluate the financial services industry, it is possible that rating agencies will heighten the level of scrutiny that they apply to financial institutions, increase the frequency and scope of their credit reviews, request additional information from the companies that they rate and potentially increase the capital and other requirements employed in the rating agency models for maintenance of certain ratings levels. It is possible that the outcome of any such review of the Issuer would have additional adverse ratings consequences, which could have a material adverse effect on the Issuer's results of operations, financial condition and liquidity. The Issuer may need to take actions in response to changing standards set by any of the rating agencies which could cause its business and operations to suffer. The Issuer cannot predict what additional or unsolicited actions rating agencies may take, or what actions the Issuer may take in response to the actions of rating agencies. A downgrade of the Issuer could, therefore, have an adverse impact on its operations and net results. See also *"Downgrades of the Covered Bonds may reduce the market value of the Covered Bonds"*.

7. The Issuer may be unable to retain key personnel to the business

As a financial services enterprise with a decentralised management structure, the Issuer relies to a considerable extent on the quality of management. The success of the Issuer's operations is dependent, among other things, on the Issuer's ability to attract and retain highly qualified professional personnel. The Issuer's ability to attract and retain key personnel is dependent on a number of factors, including prevailing market conditions, compensation packages offered by companies competing for the same talent. Especially with respect to the capital management, financial risk management and IT departments as well as specific functions, requiring in depth knowledge, the Issuer sees that it is challenging to attract and retain highly qualified professional personnel. This may affect the competitiveness of the Issuer within the markets in which it operates, and may ultimately have an adverse effect on its financial position.

8. The Issuer's risk management policies and guidelines may prove inadequate for the risks it faces

The Issuer has developed risk management policies and procedures and the Issuer expects to continue to do so in the future. Nonetheless, the Issuer's policies and procedures to identify, monitor and manage risks may not be fully effective, particularly during extremely turbulent times. The methods the Issuer uses to manage, estimate and measure risk are partly based on historic market behaviour. The methods may, therefore, prove to be inadequate for predicting future risk exposure, which may be significantly greater than expected on the basis of historic experience. For instance, these methods may not accurately predict the losses seen in the stressed conditions in recent periods, and may also not adequately cater for circumstances arising due to the government interventions, stimulus and/or austerity packages, which increase the difficulty of evaluating risks. In order to mitigate these risks, the Issuer engages in stress testing and scenario analysis. However, these procedures will never be able to cover all potential future outcomes, which may ultimately have an adverse effect on the Issuer's position. Other methods for risk management are based on evaluation of information regarding markets, customers or other information that is publicly known or otherwise available to the Issuer. Such information may not always be correct, updated or correctly evaluated.

9. Because the Issuer is continuously developing new financial products and entering into financial transactions, it might be faced with legal claims, advocate groups and negative publicity that could have an adverse effect on its operations and net result if clients' expectations are not met

The Issuer develops financial products whereby it takes into account the internal product approval requirements, compliance procedures and the applicable laws and regulations. When new financial products are brought to the market, communication and marketing aims to present a balanced view of the product (however there is a focus on potential advantages for the customers). If the Issuer enters into financial transactions and such products or transactions do not generate the expected profit for the Issuer's clients, or result in a loss, or otherwise do not meet expectations, customers may file mis-selling claims against the Issuer. Mis-selling claims are claims from customers who allege that they have received misleading advice or other information from either the Issuer or its internal or external advisors (even though the Issuer does not always have full control over the external advisors). Customer protection regulations as well as changes in interpretation and perception by both the public at large and governmental authorities of acceptable market practices might influence client expectations and may lead to complaints from customers. Complaints may also arise if customers feel that they have not been treated reasonably or fairly, or that the duty of care has not been complied with (see risk factor *The Issuer's business may be negatively affected by adverse publicity, regulatory actions or litigation with respect to such business, other well-known companies or the financial services industry in general*). While a considerable amount of time and money has been invested in reviewing and assessing historic sales and "know your customer" practices, and in the maintenance of risk management, legal and compliance procedures to monitor current sales practices, there can be no assurance that all of the issues associated with current and historic sales practices have been or will be identified, nor that any issues already identified will not be more widespread than presently estimated. The negative publicity associated with any sales practices, any compensation payable in respect of any such issues and/or regulatory changes resulting from such issues could have a material adverse effect on the Issuer's reputation, operations and net result.

10. The United Kingdom (UK) leaving the European Union (Brexit), potentially followed by more countries, may affect the Issuer's results of operations, cash flows or financial condition

On 31 January 2020, the United Kingdom has withdrawn from the European Union as a Member State. On 1 January 2021, the transitional phase in which the rules and regulations of the European Union remained applicable for the United Kingdom ceased to apply. Although the European Union and the UK agreed a post-Brexit "EU-UK Trade and Cooperation" Agreement on 24 December 2020, it is not yet fully certain what arrangements will define the future relationship between the European Union and the UK, or the length of time that this may take. The UK's decision to leave the European Union has caused, and is anticipated to continue to cause, significant new uncertainties and instability in the financial markets.

Consequently, the Issuer could be adversely impacted by unexpected developments and market developments such as increased exchange rate movements of the UK Pound Sterling versus the euro

and higher financial market volatility in general due to increased uncertainty, any of which could reduce the value or results of the Issuer's operations.

These uncertainties could have a material adverse effect on the business, results of operations, financial condition and prospectus of the Issuer and its counterparties. In addition, it is unclear at this stage what the consequences of the UK's departure from the European Union will ultimately be for the Issuer or the trading price of the Covered Bonds.

B. RISK RELATED TO THE ISSUER'S BUSINESS ACTIVITIES AND INDUSTRY

1. The Issuer faces substantial competitive pressures which could adversely affect the Issuer's results of operations

There is substantial competition in the Netherlands for the types of consumer banking and other products and services the Issuer provides. Customer loyalty and retention can be influenced by a number of factors, including relative service levels, the prices and attributes of products and services, and actions taken by competitors. If the Issuer is not able to match or compete with the products and services offered by the Issuer's competitors, it could adversely impact its ability to maintain or further increase its market share, which would adversely affect its results of operations. Competition could also increase due to new entrants in the markets that may have new operating models that are not burdened by potentially costly legacy operations. In addition thereto, new technologies are transforming the banking industry and are changing the way banking services are provided. New technologies include, but are not limited to, communication channels, robotization, artificial intelligence, data analytics and blockchain. They are also changing the way banks manage their businesses and the skills they need in their workforces. Furthermore, the new technologies are influencing customer demands. Technology makes it easier to move into new markets. This increases competition, not just among peers, but also from new competitors and disruptors. Inability to - quickly enough - adapt to and apply these new technologies may impact the Issuer's competitive position, its ability to maintain profitability and adversely affect the Issuer's future financial condition and results of operations.

Increasing competition in these or any of its other markets may significantly impact its results if the Issuer is unable to match the products and services offered by its competitors. Over time, the banking and insurance industries in the Netherlands have become more concentrated, as institutions involved in a broad range of financial services have been acquired by or merged into other firms or have declared bankruptcy. These developments could result in the Issuer's competitors gaining greater access to capital and liquidity, expanding their ranges of products and services, or gaining geographic diversity.

The Issuer may experience pricing pressures as a result of these factors in the event that some of its competitors seek to increase market share by reducing prices and may harm the Issuer's ability to maintain or increase profitability.

2. Because the Issuer does business with many counterparties, the inability of these counterparties to meet their financial obligations could have a material adverse effect on its results of operations

Third-parties that owe the Issuer money, securities or other assets may not pay or perform under their obligations. These parties include the issuers and guarantors (including sovereigns) of securities the Issuer holds, borrowers under loans originated, customers, trading counterparties, counterparties under swaps, credit default and other derivative contracts, clearing agents, exchanges, clearing houses, securities depositaries and other financial intermediaries. Severe distress or defaults by one or more of these parties on their obligations to the Issuer due to fraud, bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure, or even rumours about potential severe distress or defaults by one or more of these parties or regarding the financial services industry generally, could lead to losses for the Issuer, and defaults by other institutions. In light of experiences with significant constraints on liquidity and high cost of funds in the interbank lending market, and given the high level of interdependence between financial institutions, the Issuer is and will continue to be subject to the risk of deterioration of the commercial and financial soundness, or perceived soundness, of sovereigns and other financial services institutions.

The Issuer routinely executes a high volume of transactions with counterparties in the financial services industry, resulting in large daily settlement amounts and significant credit and counterparty exposure. As a result, the Issuer faces concentration risk with respect to specific counterparties and customers. The Issuer is exposed to increased counterparty risk as a result of recent financial institution failures and weakness and will continue to be exposed to the risk of loss if counterparty financial institutions fail or are otherwise unable to meet their obligations. A default by, or even concerns about the creditworthiness of, one or more financial services institutions could therefore lead to further significant systemic liquidity problems, or losses or defaults by other financial institutions.

With respect to collateralised transactions, the Issuer's credit risk may be exacerbated when the collateral held by the Issuer cannot be realised, or is liquidated at prices not sufficient to recover the full amount of the relevant secured loan or secured derivative.

In addition, the Issuer is subject to the risk that its rights against third parties may not be enforceable in all circumstances. The deterioration or perceived deterioration in the credit quality of third parties whose securities or obligations the Issuer holds could result in losses and/or adversely affect its ability to rehypothecate or otherwise use those securities or obligations for liquidity purposes. A significant downgrade in the credit ratings of the Issuer's counterparties could also have a negative impact on its income and risk weighting, leading to increased capital requirements.

While in many cases the Issuer is permitted to require additional collateral from counterparties that experience financial difficulty, disputes may arise as to the amount of collateral it is entitled to receive and the value of pledged assets. The Issuer's credit risk may also be exacerbated when the collateral it holds cannot be realised or is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure that is due to the Issuer, which is most likely to occur during periods of illiquidity and depressed asset valuations, such as those experienced during the recent financial crisis. The termination of contracts and the foreclosure on collateral may subject the Issuer to claims for the improper exercise of its rights under such contracts. Bankruptcies, downgrades and disputes with counterparties as to the valuation of collateral tend to increase in times of market stress and illiquidity.

Any of these developments or losses could materially and adversely affect the Issuer's business, financial condition, results of operations, liquidity and/or prospects.

3. The risk that the operations of the Issuer may be affected by developments concerning the Aegon group

The Issuer forms part of the Aegon group and its operations are interdependent on and may be affected by developments concerning Aegon N.V. and the Aegon group, such as (i) capital contributions (*kapitaalstorting*) and dividend payments, (ii) strategic decisions, (iii) credit ratings of Aegon N.V. or entities within the Aegon group, (iv) passing on of costs incurred or set-off by Aegon N.V. or within the Aegon group (such as, but not limited to, IT costs, human resources costs and costs for administrative support and facilities) and (v) several services the Issuer relies on being outsourced to entities within the Aegon group. These interdependencies result in the fact that the Issuer may be affected by the realisation of certain risks of Aegon group, which may have a material effect on the financial position or result from operations of the Issuer. See for a description of the Issuer section 5 (*Aegon Bank N.V.*) and section 6 (*Aegon N.V.*).

4. Operational risks are inherent in the Issuer's business

The Issuer defines operational risk as the risk of losses arising from inadequate or failing internal processes and controls, people and systems, or external events. The Issuer's businesses depend on the ability to process a large number of transactions efficiently and accurately. Losses can result from inadequately trained or skilled personnel, IT failures, inadequate supervision on outsourcing partners, inadequate or failed internal control processes, modelling and systems, regulatory breaches, human errors, employee misconduct, internal or external fraud, or from external events that interrupt normal business operations.

One of the key operational risks is outsourcing risk. The Issuer operates as a relatively small organization with various outsourced activities. Outsourcing occurs when the Issuer asks a third party to perform activities that would normally be undertaken by the Issuer itself, now or in the future. The Issuer has a significant number of third-party providers. The Issuer's reliance on third-party providers does not discharge the Issuer of its responsibilities and requirements. Any failure or negligence by such third-party providers in carrying out their contractual duties may eventually result in the Issuer being subjected to liability and litigation. Any litigation relating to such matters could be costly, expensive and time-consuming, whilst the outcome of such litigation is uncertain. Moreover, any publicity arising from such litigation, could adversely affect the Issuer's reputation and distribution of its products. As a result, the Issuer's ability to conduct its business might be adversely affected.

In addition, the Issuer depends on the secure processing, storage and transmission of confidential and other information in its computer systems and networks. The equipment and software used in the Issuer's computer systems and networks may be at or near the end of their useful lives or may not be capable of processing, storing or transmitting information as expected. Certain of the Issuer's computer systems and networks may also have insufficient recovery capabilities in the event of a malfunction or loss of data. In addition, such systems and networks may be vulnerable to unauthorised access, computer viruses or other malicious code and other external attacks or internal breaches that could have a security impact and jeopardise the Issuer's confidential information or that of its clients or its counterparts. These events can potentially result in financial loss, harm to the Issuer's reputation, hinder its operational effectiveness and adversely affect its financial condition.

Cyber risk is predominantly determined by the risk of malicious outside forces using public networks to attack the Issuer's systems, but also includes inside threats, both malicious and accidental. In recent years this risk has increased sharply due to a number of developments in how information systems are used by companies such as the Issuer, but also by society in general. Threats have increased as hackers get more organised and employ more sophisticated techniques. At the same time companies increasingly unlock information systems through the internet to customers and business partners expanding the attack surface hackers can exploit. Furthermore, the nature of the Issuer's business increasingly becomes more data driven.

The Issuer also faces the risk that the design and operating effectiveness of its controls and procedures to prevent such events prove to be inadequate or are circumvented. Furthermore, widespread outbreaks of communicable diseases may impact the health of the Issuer's employees, increasing absenteeism, or may cause a significant increase in the utilisation of health benefits offered to its employees, either or both of which could adversely impact its business. Unforeseeable and/or catastrophic events can lead to an abrupt interruption of activities, and the Issuer's operations may be subject to losses resulting from such disruptions. Losses can result from destruction or impairment of property, financial assets, trading positions, the payment of insurance and pension benefits to employees and the loss of key personnel. Strategically, the Issuer runs the risk of miss-selling of its products either directly or through financial intermediaries, the risk of mis-pricing of products or the risk that strategic changes in the business model or important change projects are not started or completed in time. If the Issuer's business continuity plans are not able to be implemented or do not take such events into account, the Issuer's financial condition could be adversely affected.

The Issuer has suffered losses from operational risk in the past and there can be no assurance that it will not suffer material losses from operational risk in the future.

5. Market conditions may increase the risk of loans being impaired and may have impact on the level and volatility of expected credit loss provisions. The Issuer is exposed to the risk of declining property values on the collateral supporting residential and commercial real estate lending

The Issuer is exposed to the risk that its borrowers may not repay their loans according to their contractual terms and that the collateral securing the payment of these loans may be insufficient. The Issuer may continue to see adverse changes in the credit quality of its borrowers and counterparties, for example as a result of their inability to refinance their indebtedness, with increasing delinquencies, defaults and

insolvencies across a range of sectors. This may lead to impairment charges on loans and other assets, higher costs and additions to loan loss provisions. A significant increase in the size of the Issuer's provision for loan losses could have a material adverse effect on its financial position and results of operations.

Economic and other factors could lead to further contraction in the residential mortgage and commercial lending market (including, without limitation, small and medium enterprise lending) and to further decreases in residential and commercial property prices which could generate substantial increases in impairment losses.

Unfavorable market conditions can furthermore have an impact on the level and volatility of the IFRS 9 expected credit loss provisions. Since provisioning based on IFRS 9 is forward looking, the level of the expected credit loss not only depends on the performance of the underlying loans but also on the underlying macro-economic variables.

6. The Issuer's business may be negatively affected by a sustained increase in inflation

A sustained increase in the inflation rate in the Issuer's principal markets would have multiple impacts on the Issuer and may negatively affect its business, solvency position and results of operations. For example, a sustained increase in the inflation rate may result in an increase in market interest rates which may:

- 1) decrease the estimated fair value of certain fixed income securities the Issuer holds in its investment portfolios resulting in:
 - reduced levels of unrealised capital gains available to it which could negatively impact its solvency position and net income; and/or
 - a decrease of collateral values, which could for example lead to a requirement of the Issuer to post additional collateral or repay (part of) the corresponding loan or instrument for which collateral is posted.
- 2) and/or require the Issuer, as an issuer of securities, to pay higher interest rates on debt securities it issues in the financial markets from time to time to finance its operations which would increase its interest expenses and reduce its results of operations.

A significant and sustained increase in inflation has historically also been associated with decreased prices for equity securities and sluggish performance of equity markets generally. A sustained decline in equity markets may:

- 1) result in impairment charges to equity securities that the Issuer may hold in any investment portfolios and reduced levels of unrealised capital gains available to it which would reduce its net income and negatively impact its solvency position; and/or
- 2) negatively impact the ability of the Issuer's asset management activities to retain and attract assets under management, as well as the value of assets they do manage, which may negatively impact their results of operations.

7. The Issuer's business may be negatively affected by adverse publicity, regulatory actions or litigation with respect to such business, other well-known companies or the financial services industry in general

The Issuer is involved in litigation on account of its normal business operations.

Although sales of securities leasing products ended more than a decade ago, litigation relating to these products has resurfaced. In 2016, the Dutch Supreme Court ruled on a case involving a securities leasing product sold by one of Aegon's competitors. It decided that the financial institution was liable if a broker ('*remisier*') that advised on the sale of the institution's products was not properly licensed.

In July 2016, Stichting Platform Aandelenlease ("**PAL**") filed a class action claim against Aegon Bank regarding Aegon's securities leasing product Sprintplan. Allegations included, among other things, a lack

of proper license of the brokers involved. In October 2017, the district court of The Hague ruled in favor of Aegon that the Sprintplan liability had been conclusively determined in earlier proceedings and there were no grounds to hold further collective proceedings. The plaintiff appealed. In February 2020, the Court of Appeal rejected all claims of PAL against Aegon Bank. This ruling has become final.

In addition, Aegon Bank is involved in claims for compensation and the cancellation or nullification of contracts concerning the Vliegwiël product, a variation on securities leasing products. Currently, proceedings are pending before the Dutch courts and the Financial Services Complaints Authority ('*Klachteninstituut Financiële Dienstverlening*'), with numerous cases having been initiated by Leaseproces B.V. In December 2020 Aegon Bank reached an agreement in principle on a settlement with Leaseproces B.V. for claims regarding Vliegwiël and Sprintplan customers represented by Leaseproces. The settlement is subject to conditions precedent and further operational details are to be worked out. Full execution of the agreement is expected in 2021.

Although there is a long history of litigation regarding security leasing products, including the class actions regarding Sprintplan, it cannot be excluded that proceedings regarding Vliegwiël and/or Sprintplan products may have significant effects on the Issuer and/or Aegon Bank Group's financial position or profitability.

Adverse publicity, regulatory actions or litigation with respect to the business of the Issuer, other well-known companies or the financial services industry in general, such as the litigation and regulatory action described above, may have significant effects on the Issuer and/or Aegon Bank Group's financial position or profitability.

8. The Issuer's business is primarily concentrated in the Netherlands

The Issuer generates most of its interest and fee income in the Netherlands and therefore is particularly exposed to the economic, political and social conditions in the Netherlands. Any deterioration of or a difficult economic environment in the Netherlands could negatively affect the demand for the Issuer's products and services. Any changes in the political environment or the tax regime in the Netherlands could also negatively affect the business of the Issuer, particularly those which affect the mortgage market.

9. The Issuer's network of intermediaries is an important distribution channel and the Issuer may be unable to maintain a competitive distribution network

The Issuer uses a variety of distribution channels in the Netherlands for the marketing and offering of its products and services, including the Internet, call centres, intermediaries and partnerships (special distribution).

Part of the distribution of the Issuer originates from distribution of its products and services by intermediaries who may also offer competitors' products and services. As a result, the success of the Issuer through this distribution channel depends on the preferences of these intermediaries for the products and services of the Issuer. Intermediaries' preferences are mainly determined by product quality, the services offered to customers and the support services. As of 1 January 2014, due to adopted legislative proposals, the level of compensation has ceased to be a feature for the preferences of intermediaries.

In seeking to attract and retain productive intermediaries, the Issuer competes with other financial institutions primarily on the basis of its support services, product features and financial position. The Issuer may not continue to succeed in attracting and retaining new (productive) intermediaries or maintaining the current quality and/or quantity of its distribution network. This may affect the competitiveness of the Issuer within the markets in which it operates, and may ultimately have an adverse effect on its financial position.

Negative publicity about these intermediaries, whether or not founded, could also harm the Issuer's reputation, which could in turn hinder the Issuer's ability to retain clients or compete for new business.

10. The risk of outflow of customers and savings as a result of the Know-your-customer optimization

and enhancement program and migration to Knab

The Issuer has initiated a Know-your customer ("KYC") optimization and enhancement program in 2019. As part of this program, all customers will be (or have been) asked to re-confirm their identities, and to answer additional questions. All customers that have not been identified or do not meet the Issuer's risk appetite statement will be offboarded, which will result in an outflow of customers and savings. See the sub-section KYC optimization and enhancement program in section 5 (*Aegon Bank N.V.*) below. In addition, in the context of the label integration of the Aegon Bank-label and Knab-label (see the sub-section Profile of the Issuer in section 5 (*Aegon Bank N.V.*) below), the Issuer has decided not to migrate certain Aegon Bank clients which do not fit into the Knab customer profile and to terminate the relationship with these clients. Although the exact size of the outflow of customers and savings as a result of the KYC optimization and enhancement program and the label integration of the Aegon Bank-label and Knab-label cannot be determined, the outflow is expected to amount to a maximum of EUR 1.9 billion million in savings (which equals about 17% of the savings portfolio of the Issuer as per the date of this Base Prospectus) and a maximum of 110,000 savings accounts (which equals about 22% of the customer base of the Issuer as per the date of this Base Prospectus). This may have a material effect on the financial position or result from operations of the Issuer.

C. LEGAL AND REGULATORY RISKS REGARDING THE ISSUER

1. The Issuer operates in highly regulated industries. There could be an adverse change or increase in the financial services laws and/or regulations governing its business

The Issuer is subject to detailed banking, asset management and other financial services laws and government regulation in the Netherlands. Regulatory agencies have broad administrative power over many aspects of the financial services business, which may include liquidity, solvency, capital adequacy and permitted investments, ethical issues, anti-money laundering, anti-terrorism measures, privacy, record keeping, product and sale suitability, and marketing and sales practices, and the Issuer's own internal governance practices. Banking, and other financial services laws, regulations and policies currently governing the Issuer may also change at any time and in ways which have an adverse effect on its business, and it is difficult to predict the timing or form of any future regulatory or enforcement initiatives in respect thereof. Also, bank regulators and other supervisory authorities continue to scrutinise the financial services industry and its activities under regulations governing such matters as anti-money laundering, prohibited transactions with countries subject to sanctions, and bribery or other anti-corruption measures. Regulation is becoming increasingly more extensive and complex and regulators are applying increased scrutiny on the industries in which the Issuer operates, often requiring additional resources from the Issuer. These regulations can serve to limit the Issuer's activities, including through its net capital, customer protection and market conduct requirements, and restrictions on businesses in which the Issuer can operate or invest. If the Issuer fails to address, or appears to fail to address, appropriately any of these matters, its reputation could be harmed and it could be subject to additional legal risk, which could, in turn, increase the size and number of claims and damages asserted against the Issuer or subject it to enforcement actions, fines and penalties.

In light of current conditions in the global financial markets and the global economy, regulators have increased their focus on the regulation of the financial services industry. Governmental and regulatory authorities in the EU, the Netherlands and elsewhere are implementing measures to increase regulatory control in their respective financial markets and financial services sectors, including in the areas of prudential rules, capital requirements, executive compensation, crisis and contingency management, bank and financial transaction taxes and financial reporting.

Further, the International Accounting Standards Board has proposed certain amendments to several IFRS standards, which changes could also have a material impact on the Issuer's reported results and financial condition.

The Issuer cannot predict whether or when future legislative or regulatory actions may be taken, or what impact, if any, actions taken to date or in the future could have on its business, financial condition, results of operations, capital, liquidity and/or prospects.

In December 2019, the Issuer has received an instruction (*aanwijzing*) of DNB to improve its credit risk framework (amongst others, policies and procedures) for the loans originated via third party lending platforms in which it invests in. DNB also informed the Issuer that it has decided to apply a higher risk weighting to certain of these loans pursuant to Section 128 CRR. See also the sub-section Transactions with third party lending platforms in Section 5 (Aegon Bank N.V.) below. As part of the instruction, the Issuer is required to improve its credit risk framework ultimately on 30 June 2021. In order to reach that final deadline, the Issuer is required to provide certain deliverables to DNB in the interim period. If the Issuer does not provide these deliverables timely, accurately or completely to DNB, this could result in additional supervisory measures.

Despite the Issuer's efforts to maintain effective compliance procedures and to comply with applicable laws and regulations (see also the sub-section Know-your-customer optimization and enhancement program in Section 5 (Aegon Bank N.V.) below), there is a risk that the Issuer fails to meet applicable standards, for example in areas where applicable regulations may be unclear, subject to multiple interpretation or under development or may conflict with one another or where regulators revise their previous guidance or courts overturn previous rulings. Regulators and other authorities have the power to bring administrative or judicial proceedings against the Issuer, which could result, among other things, in suspension or revocation of its licences, cease and desist orders, fines, civil penalties, criminal penalties or other disciplinary action which could materially harm the Issuer's results of operations and financial condition.

2. Risks of certain European and global regulatory developments impacting the Issuer

The Issuer conducts its businesses subject to ongoing regulatory and associated risks, including the effects of changes in law, regulations, and policies in the Netherlands. The timing and form of future changes in regulations are unpredictable and beyond the control of the Issuer, and changes made could materially adversely affect the Issuer's business. Also, the regulatory laws and regulations applicable to the Issuer are to an extent based on the Issuer's interpretations of such laws and regulations. The Issuer cannot guarantee that such interpretations will not be questioned by the relevant authorities. Changes in regulatory laws and regulations or interpretations by the Issuer thereof being challenged by the relevant authorities could materially impact the profitability of the Issuer's businesses, the value of its assets or the collateral available for its loans, require changes to business practices, increase its regulatory reporting and transparency obligations, or force the Issuer to discontinue businesses or change its legal entity structure, capital and funding structure, and expose the Issuer to additional costs, taxes, liabilities, enforcement actions and reputational risk.

The following changes in laws and regulations, among others, form a material risk for its financial position, credit rating and results of operations and prospects.

Basel IV/CRD IV/EU Banking Reforms

Regulatory requirements with respect to capital adequacy and liquidity, as proposed by the Basel Committee on Banking Supervision (the "**Basel Committee**") and being implemented in the European Union through, among others, the CRD IV Directive and the CRR, as these are amended from time to time. These requirements are subject to ongoing change, and are expected to become more stringent. This is especially due to the implementation and entry into force of the change to CRD IV included in the EU banking package adopted in May 2019 (the "**EU Banking Reforms**") and the finalised Basel III reforms as published on 7 December 2017 (the "**Basel III Reforms**") (informally referred to as Basel IV). The foregoing measures are expected to require the Issuer to attract and retain additional and/or enhanced capital and liquidity, and will impact the Issuer's day-to-day business. Notable changes that will affect the Issuer's business include changes to the requirements for the risk-weighting of mortgages under the Standardised Approach. The Issuer expects that as of 2023, due to the Basel III Reforms its risk-weighted assets will increase to a limited extent and that its CET1 capital ratio will be (adversely) affected to a limited extent as the Issuer applies the Standardised Approach. As the impact of the EU Banking Reforms and Basel III Reforms is still subject (in part) to further implementation in EU or national laws, the exact impact of these changes to the applicable prudential regime is yet to be fully determined by the Issuer. The Issuer will closely monitor the further implementation of the EU Banking Reforms and the Basel III Reforms.

AML Directive/AML Regulation

Rules on anti-money laundering and prevention of terrorism financing, as laid down in, among others, Directive 2015/849/EU (the "AML Directive") and accompanying Regulation (EU) No 2015/847 (the "**AML Regulation**"), as these are amended from time to time, apply to the Issuer. At the date hereof, the Issuer complies with the AML Directive and the AML Regulation. The Issuer has made considerable progress with the implementation of updated policies and processes. However, future amendments could adversely affect the Issuer's financial position, credit rating and results of operations and prospects. The Issuer is currently executing a KYC optimization and enhancement program. All customers that do not comply with the new KYC standards or which do not meet the Issuer's risk appetite statement will be offboarded. This may result in an outflow of customers and savings. See also the sub-section Know-your-customer optimization and enhancement program in Section 5 (*Aegon Bank N.V.*) below and the risk factor '*The risk of outflow of customers and savings as a result of the Know-your-customer optimization and enhancement program and migration to Knab*'.

Benchmarks Regulation and IBOR reforms

Under the Benchmarks Regulation new requirements apply with respect to the provision of a wide range of benchmarks (such as the Reference Rate (as defined below)), the contribution of input data to a benchmark and the use of a benchmark within the European Union. As a supervised entity and user of benchmarks within the meaning of the Benchmarks Regulation, the Issuer has to comply with certain obligations under the Benchmarks Regulation in respect of in-scope products and contracts. This includes the obligation to produce and maintain a robust written plan among others setting out the actions the Issuer would take in the event a benchmark materially changes or ceases to be provided. This plan is commonly referred to as a fallback plan and the Issuer has produced and is maintaining such a plan. The Issuer is also required to ensure that it only makes use of authorised benchmarks and that its contracts include appropriate fallback language. In this context, it should also be noted that the interbank offered rates ("**IBORs**") are currently subject to reforms and that a transitioning to 'risk-free rates' is expected. There is however uncertainty in relation to the timing and manner of implementation of such reforms and the transition. The Issuer runs the risk that it is not able to timely amend its contracts to address the Benchmarks Regulation and the IBOR reforms and switch from the use of unauthorised benchmarks to authorised benchmarks or from IBORs to risk free rates, respectively, and paying and/or receiving a similar rate of interest (both in its internal processes as well as in its external products and investments). This may affect the Issuer's financial position and the Issuer's compliance with the Benchmarks Regulation. For the impact of the Benchmarks Regulation and IBOR reforms on the Covered Bonds, see the risk factors: '*Benchmark reforms may cause benchmarks used in respect of the Covered Bonds to be materially amended or discontinued*', '*Future discontinuance of EURIBOR or other interest rate benchmarks may affect the value or payment of interest under the Covered Bonds*' and '*There is a risk that the Rate Determination Agent may be considered an 'administrator' under the Benchmarks Regulation*'.

PSD II

New payment services regulations, as laid down in Directive (EU) 2015/2366 ("**PSD II**") imposes additional requirements on the Issuer with respect to its payment services and supports the emergence of new players and the development of innovative mobile and internet payments in Europe. Key elements of PSD II that could impact the Issuer are: (i) access to payment accounts by other parties than the bank where the customer holds an account (Third Party Access), and (ii) security requirements. Third Party Access as described in PSD II results in more or intensified competition for banks and can be a threat as parties other than banks focus on the customer-engagement components of the value chain and leave the commoditised transactional components to banks which could lead to disintermediation. Security is and will remain a core element in the service offering of banks whereby it is important that the security requirements in PSD II as applied by banks in practice strike the right balance between ease of use and risk (such as with respect to customer data). These factors could lead to a loss of market share (Third Party Access) and to increased costs (security requirements).

EMIR

The Issuer's derivative activities remain subject to significant reform as a result of Regulation (EU) No 648/2012, as amended ("**EMIR**"). EMIR already requires the Issuer to centrally clear certain OTC-

derivatives and report its derivative contracts to a trade repository. It furthermore requires the Issuer to exchange variation and initial margin with certain of its counterparties, which group of counterparties will be extended in the near future. This will lead to an increased margining obligation for the Issuer. The Issuer runs the risk that it will not be able to have the necessary contractual documentation and operational process timely in place in order to be able to trade or continue trading with the relevant counterparties. This will lead to additional compliance costs for the Issuer.

IFRS

The Issuer's consolidated financial statements are prepared in accordance with the International Financial Reporting Standards (IFRS) - including International Accounting Standards (IAS) and Interpretations - as adopted by the European Union (hereafter EU). The IFRS guidelines are periodically revised or expanded. It is possible that future accounting standards which the Issuer is required to adopt, or as a result of choices made by the Issuer, could change the current accounting treatment that applies to its consolidated financial statements and that such changes could have a material adverse effect on the Issuer's reported results of operations and financial condition and may have a corresponding impact on its capital ratios.

Covered Bond Directive/Regulation

On 27 November 2019 the Directive (EU) 2019/2162 of the European Parliament and of the Council on the issue of covered bonds and covered bond public supervision and amending Directives 2009/65/EC and 2014/59/EC (the "**Covered Bond Directive**") and Regulation (EU) 2019/2160 of the European Parliament and of the Council amending Regulation 575/213 as regards exposures in the form of Covered Bonds (the "**Covered Bond Regulation**"), have been adopted. The Covered Bond Directive and the Covered Bond Regulation aim to foster the development of covered bonds across the European Union. The Covered Bond Directive (i) provides a common definition of covered bonds, which will represent a consistent reference for prudential regulation purposes, (ii) defines the structural features of covered bonds, (iii) defines the tasks and responsibilities for the supervision of covered bonds and (iv) sets out the rules allowing the use of the 'European Covered Bonds' label. The Covered Bond Directive should be implemented in each Member State by 8 July 2021 and should apply at the latest from 8 July 2022. Until the Covered Bond Directive has been implemented, it is uncertain if or how the proposals will affect the Issuer, the CBC, the market for covered bonds in general and/or the Covered Bonds.

Sustainability regulations

The Issuer will be subject to increasing sustainability regulations, such as Regulation (EU) 2019/2088 from 10 March 2021 relating to disclosures and Regulation (EU) 2020/852 (partially) (the "**EU Taxonomy Regulation**") from 1 January 2022 relating to a framework to facilitate sustainable investment. These regulations will require the Issuer to include information at entity level and at product level with regard to certain financial products on whether or not it takes into account adverse sustainability impact, whether or not it promotes environmental or social characteristics and whether or not it meets one or more of the environmental objectives as set out in the EU Taxonomy Regulation. Furthermore, DNB and the ECB have published guidance with regard to management of climate risks, which credit institutions such as the Issuer are expected to incorporate in their risk management framework. As the Issuer will have to implement these regulations and expects to have to implement more sustainability-related regulations, this will give rise to additional compliance costs and expenses.

EBA Guidelines on Loan Origination and Monitoring

On 29 May 2020, the European Banking Authority (the "**EBA**") published guidelines on loan origination and monitoring (the "**EBA Guidelines**"). These EBA Guidelines will apply from 30 June 2021. The EBA Guidelines specify the internal governance arrangements for granting and monitoring of credit facilities throughout their lifecycle. These EBA Guidelines introduce requirements for borrowers' creditworthiness assessment and bring together the EBA's prudential and consumer protection objectives. The EBA Guidelines aim to ensure that institutions have robust and prudent standards for credit risk taking, management and monitoring, and that newly originated loans are of high credit quality. These EBA Guidelines also aim to ensure that the institutions' practices are aligned with consumer protection rules and AML requirements. As the Issuer will have to implement these regulations, this will give rise to additional compliance costs and expenses and this will also have an impact on the Originators and the Servicer.

Furthermore, these EBA Guidelines prohibit the use of a model based valuation report as a sole means of undertaking the review of the property valuation. As Aegon Hypotheken and Aegon Leven currently use a model based valuation report in certain cases (see also Section 13 *Origination & Servicing of the Mortgage Loans* below), this may also have an impact on the Originators and the Servicer. The involved parties in the market, including Aegon Hypotheken and Aegon Leven, are considering an appropriate solution.

3. Risk related to the Wft, BRRD and SRM

The BRRD and the SRM Regulation set out a common European recovery and resolution framework applicable to banks and certain investment firms, group entities (including financial institutions subject to consolidated supervision) and (to a limited extent) branches of equivalent non-EEA banks and investment firms. In connection therewith, the SRM and BRRD recognize and enable the application of the recovery and resolution framework both on the level of an individual entity as well as on a group level.

If the Issuer (or a group entity, which may include the CBC) would be deemed to fail or to be likely to fail and the other resolution conditions would also be met, the resolution authority may decide to place the Issuer (and/or such group entity) under resolution. It may decide to apply certain resolution tools, such as tools which, in summary, provide for a transfer of certain assets and/or liabilities of the institution under resolution to a third party. In addition, the BRRD and the SRM provide for the bail-in tool, which may result in the write-down or conversion of capital instruments and eligible liabilities into (claims which may give rights to) shares. The resolution authority may furthermore decide to terminate or amend any agreement (including a debt instrument) to which the Issuer is a party or replace the Issuer as a party thereto. The SRM and BRRD does include certain (potential) safeguards for debt instruments, including in the context of bail-in, but there are uncertainties in the application and effectiveness of these safeguards.

An exemption applies to covered bonds pursuant to which covered bonds should normally be exempted from the applicability of the write down and conversion powers described above. However, this exemption does not apply if and to the extent the aggregate Principal Amount Outstanding of the Covered Bonds would exceed the value of the collateral available to secure such Covered Bonds. In addition, it is uncertain what would constitute collateral for such purpose in the context of the Covered Bonds and how and when during any such bail-in intervention the value of such collateral (and/or the Guarantee) would be determined. If the exemption does not apply or apply in full, the Covered Bonds could be subject to the application of the bail-in tool. The resolution framework as described above provides for certain safeguards against a partial transfer and the exercise of certain resolution powers in respect of Covered Bonds, which aims to ensure that rights arising out of Covered Bonds will not be affected by such partial transfer or exercise of such resolution power.

To support bail-in, a minimum requirement for own funds and eligible liabilities ("**MREL**") applies under the BRRD and SRM. The MREL is subject to ongoing change, and is expected to become more stringent. If the Issuer or a group entity were to experience difficulties in raising MREL eligible liabilities, it may have to reduce its lending or investments in other operations which would have a material adverse effect on the Issuer's business, financial position and results of operations of the Issuer or the group.

In addition to the BRRD and SRM Regulation, the Wft (*Wet financieel toezicht*) enables the Dutch Minister of Finance to intervene with a bank or parent undertaking thereof established in the Netherlands, such as the Issuer, if the Minister of Finance is of the view that the stability of the financial system is in serious and immediate danger due to the situation that the bank is in. These powers among others consist of the expropriation of assets and/or liabilities (*onteigening van vermogensbestanddelen*) of the Issuer, claims against the Issuer and securities issued by or with the cooperation of the Issuer.

It is possible that the resolution authority may use its powers under the BRRD or SRM Regulation or the Wft in a way that could result in debt instruments of the Issuer absorbing losses. The use of these could negatively affect the position of the holders of such debt instruments and the credit rating attached to debt instruments then outstanding and could result in losses to the holders of such debt instruments, in particular if and when any of the above proceedings would be commenced against the Issuer. These measures and consequences could increase the Issuer's cost of funding and thereby have an adverse

impact on the Issuer's financial position and results of operation. In addition, there could be amendments (including, but not limited to, the amendments discussed above) to the SRM and the BRRD or the Wft, which may add to these effects.

Finally, any perceived or actual indication that the Issuer is no longer viable, may become subject to recovery or resolution and/or does not meet its other recovery or resolution requirements (such as MREL) may have a material adverse impact on the Issuer's financial position, regulatory capital position and liquidity position, including increased costs of funding for regulatory purposes.

4. The Issuer's participation in the Deposit Guarantee Scheme may have a material adverse effect on its results of operations and financial condition

The Issuer is a participant in the Dutch Deposit Guarantee Scheme (*Depositogarantiestelsel*, the "**Deposit Guarantee Scheme**"), from which compensation may become payable to customers of financial institutions in the event such financial institution is unable to pay, or unlikely to pay, claims against it. The Issuer and other financial institutions are required to quarterly pay risk-weighted contributions into a fund to cover future drawings under the Deposit Guarantee Scheme. The fund, in which the Issuer participates, is expected to grow to a target size of at least 0.8% of all deposits guaranteed under the Deposit Guarantee Scheme, which should be reached by 2024. This quick growth could have a material effect on the Issuer's financial condition. The ultimate costs involved with making compensation payments under the Deposit Guarantee Scheme are allocated among the participating banks by DNB, based on an allocation key related to their market shares with respect to the deposits protected by the Deposit Guarantee Scheme. Additionally, the Issuer may be faced with extra costs for coverage if any claims are made under the Deposit Guarantee Scheme as a result of any financial institution participating in the Deposit Guarantee Scheme failing to pay claims against it. Consequently, the ultimate costs to the industry of payments which may become due under the Deposit Guarantee Scheme remain uncertain but they may be significant and the associated costs to the Issuer may have a material adverse effect on its results of operations and financial condition.

5. A breach of data privacy and security obligations may disrupt the Issuer's business, damage the Issuer's reputation and adversely affect financial conditions and results of operations

The Issuer is subject to laws and regulations protecting the privacy and security of personal information. The Issuer is also subject to contractual restrictions with respect to the information of its clients and business partners. The Issuer, and numerous of its systems, employees and business partners have access to, and routinely process, the personal information of consumers. The Issuer relies on various processes and controls to protect the confidentiality of personal information and other confidential information that is accessible to, or in the possession of, the Issuer, its systems, employees and business partners. It is possible that an employee, business partner or system of the Issuer could, intentionally or unintentionally, inappropriately disclose or misuse personal or confidential information. The Issuer's data or data in its possession could also be the subject of a cybersecurity attack. If the Issuer fails to maintain adequate controls or if the Issuer or its business partners fail to comply with policies and procedures, misappropriation or intentional or unintentional inappropriate disclosure or misuse of personal information or other confidential information could occur. Such control inadequacies or non-compliance could materially damage the Issuer's reputation or lead to civil or criminal penalties, which in turn could have a material adverse effect on the Issuer's business, financial condition and results of operations. In addition, the Issuer analyses personal information and customer data to better manage its business, subject to applicable laws and regulations and other restrictions. It is possible that additional regulatory or other restrictions regarding the use of such techniques may be imposed. Additional privacy and security obligations may also be imposed. Such limitations could have material impacts on the Issuer's business, financial conditions and/or results of operations.

6. Risk that servicing and administration of the Mortgage Loans cannot be outsourced to a licensed entity

If the Servicing Agreement is terminated, the CBC will need to outsource the servicing and administration of the Mortgage Loans to another licensed entity or it needs to apply for and hold a licence itself. In the

latter case, the CBC will have to comply with the applicable requirements under the Wft. If the Servicing Agreement is terminated and the CBC has not outsourced the servicing and administration of the Mortgage Loans to a licensed entity and, in such case, it will not hold a licence itself, the CBC will have to terminate its activities and settle (*afwikkelen*) its existing agreements, which could result in losses to the Covered Bondholders.

RISK FACTORS REGARDING THE COVERED BONDS

A. RISKS RELATED TO THE NATURE OF THE COVERED BONDS

1. The Covered Bonds will be solely the payment obligations of the Issuer

The payment obligations under the Covered Bonds will be solely the obligations of the Issuer. The Covered Bonds will not be obligations or responsibilities of, or guaranteed by (other than pursuant to the Guarantee), any other entity or person, in whatever capacity acting (other than as Issuer), including, without limitation, the Transferor, the Originators, any Swap Counterparty, the Servicer, the Administrator, the Back-up Administrator, the Directors, any Paying Agents, the Registrar, any Calculation Agent, the Arranger, any Dealer, the CBC Account Bank, the Security Trustee, the Insurance Savings Participant, the Bank Savings Participant, the Custodian, the Listing Agent and the Rating Agency. Furthermore, none of the Originators, the Swap Counterparties, the Servicer, the Administrator, the Back-up Administrator, the Directors, the Paying Agents, the Registrar, the Calculation Agent, the Arranger, the Dealer, the CBC Account Bank, the Security Trustee, the Insurance Savings Participant, the Bank Savings Participant, the Custodian, the Listing Agent and the Rating Agency, nor any other person in whatever capacity acting (other than the Issuer), will accept any liability whatsoever to Covered Bondholders in respect of any failure by the Issuer to pay any amounts due under the Covered Bonds. An investment in the Covered Bonds involves the risk that subsequent changes in the creditworthiness of the Issuer may adversely affect the payments made under the relevant Covered Bonds. This may lead to losses under the Covered Bonds.

2. Risks related to conflict of interest

If the Transferor or any other member of the Aegon group holds Covered Bonds, it will be able to exercise the voting rights in respect of such Covered Bonds and in doing so, may take into account factors specific to it. In case the Transferor holds Covered Bonds it may, inter alia, take into account its different roles in the transaction, including its role as Transferor, when exercising its voting rights with respect to such Covered Bonds. In case a member of the Aegon group other than the Transferor holds Covered Bonds for its own account and risk, such member will be excluded as a voter in case a meeting is held by the Covered Bondholders.

Where the Issuer acts as Calculation Agent or Rate Determination Agent or the Calculation Agent or the Rate Determination Agent is an Affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent or Rate Determination Agent and holders of Covered Bonds, including with respect to certain determinations and judgments that the Calculation Agent or Rate Determination Agent may make pursuant to the Conditions that may influence the amount receivable upon redemption of the Covered Bonds (see also risk factor "*Future discontinuance of EURIBOR or other interest rate benchmarks may affect the value or payment of interest under the Covered Bonds*" and "*The application of the fallback provisions contained in Condition 5 may lead to a conflict of interest*"). The Issuer and/or any of its Affiliates may pursue actions and take steps that they or it deems necessary or appropriate as part of its business operations without regard to the consequences for the Covered Bondholder. This may lead to losses under the Covered Bonds.

A conflict of interest may for instance arise where the Issuer acts as Rate Determination Agent and would in accordance with the Conditions seek to (i) determine a Replacement Reference Rate and (ii) make certain other elections in that respect (including in relation to the Adjustment Spread, if any), whereby multiple options for such elections may be available each with different consequences for the interest amounts to be paid under the Covered Bonds and the decision(s) made by the Rate Determination Agent may have negative consequences for the Covered Bondholders.

3. Risk related to failure of enforcement by the Security Trustee

Subject to the provisions of the Trust Deed, only the Security Trustee may enforce the provisions of the Covered Bonds and the Transaction Documents. Neither the Covered Bondholders nor any other person shall be entitled to proceed directly against the Issuer or the CBC to enforce any provision of the Covered Bonds and/or the Transaction Documents, unless the Security Trustee fails to take any steps to enforce the Security in accordance with the Trust Deed within a reasonable time and such failure is continuing. All limitations and restrictions imposed under or by virtue of the Trust Deed, the Covered Bonds or any other Transaction Document on the Security Trustee in relation to the enforcement of rights and the availability of remedies, shall mutatis mutandis also fully apply to such Secured Creditors. Consequently, the Secured Creditors, including the Covered Bondholders, either have no right or are limited in their rights to proceed directly against the Issuer or the CBC, which ultimately may lead to losses under the Covered Bonds.

4. The Security Trustee may agree to modifications to or waivers under the Covered Bonds and/or the Transaction Documents without the Covered Bondholders' or other Secured Creditors' prior consent

Pursuant to the terms of the Trust Deed, the Security Trustee may in certain cases, without the consent or sanction of any of the Covered Bondholders or any of the other Secured Creditors (other than the Secured Creditors that are a party to such Transaction Documents (where applicable)), concur with any person in making or sanctioning any modifications to or waivers or authorisations (e.g. in respect of any breach or proposed breach of any of the provisions of the Covered Bonds of any Series or the Transaction Documents, or determination, without any such consent as aforesaid, that any Issuer Event of Default or CBC Event of Default shall not be treated as such) under the Covered Bonds of any Series, the related Coupons or any Transaction Documents (including without limitation designating further creditors as Secured Creditors), as set out in more detail in Condition 15 (*Meetings of Covered Bondholders, Modification and Waiver*).

Changes may therefore be made to the Programme to which one or more, or all Covered Bondholders did not agree or would have disapproved of if proposed to them. In addition, the fact that changes may be made to the Transaction Documents without the Covered Bondholder's prior knowledge or consent and which changes may be conflicting with the interests of such Covered Bondholder or potential Covered Bondholder, could have an adverse effect on the value of such Covered Bonds that are intended to be sold by a Covered Bondholder.

5. Certain decisions of Covered Bondholders taken at Programme level

Any Programme Resolution to direct the Security Trustee to serve an Issuer Acceleration Notice, a Notice to Pay or a CBC Acceleration Notice, and any direction to the Security Trustee to take any enforcement action must be passed at a single meeting of the holders of all Covered Bonds of all Series then outstanding as set out in more detail in Condition 15 (*Meetings of Covered Bondholders, Modification and Waiver*) and cannot be decided upon at a meeting of Covered Bondholders of a single Series. A Programme Resolution will be binding on all Covered Bondholders including Covered Bondholders who did not attend and vote at the relevant meeting and Covered Bondholders who voted in a manner contrary to the majority. Covered Bondholders are therefore exposed to the risk that decisions are taken at a programme level which may conflict with the interest of such Covered Bondholder and this may have an adverse effect on the (value of) the Covered Bonds.

6. Downgrades of the Covered Bonds may reduce the market value of the Covered Bonds

The Covered Bonds may be downgraded, including for example as a result of a downgrade of the Issuer. See "*Downgrades of the Issuer's credit ratings could have an adverse impact on its operations and net results*". In addition, a credit rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Covered Bonds and any Rating Agency may lower its rating or withdraw its rating if, in the sole judgement of the Rating Agency, the credit quality of the Covered Bonds has declined or is in question. If any rating assigned to the Covered Bonds is lowered or withdrawn by any Rating Agency, the market value of the Covered Bonds may be reduced.

B. MARKET AND LIQUIDITY RISKS RELATED TO THE COVERED BONDS

1. Risk that Covered Bonds that are subject to optional redemption by the Issuer, including for tax reasons, have a lower market value and reinvestment risk

The Covered Bonds may be subject to optional redemption features (see Condition 7 (*Redemption and Purchase*)). Such feature of Covered Bonds is likely to limit their market value. During any period when the Issuer may elect to redeem Covered Bonds, the market value of those Covered Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be the case prior to any optional redemption period.

For example, the Issuer may be expected to redeem Covered Bonds when its cost of borrowing is lower than the interest rate on the Covered Bonds or when the Covered Bonds become subject to changes in tax law. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Covered Bonds being redeemed and may only be able to do so at a (significantly) lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Furthermore, if the Issuer is specified as having the option to redeem the Covered Bonds in the applicable Final Terms prior to the Maturity Date and the Issuer cannot exercise its option because an Issuer Event of Default has occurred and is continuing, then the CBC will have the right to declare that all of the Covered Bonds then outstanding will mature on the relevant optional redemption date as specified in the applicable Final Terms and that the Maturity Date will be such Optional Redemption Date. If the CBC exercises such right, the Maturity Date will be the relevant Optional Redemption Date and the Extended Due for Payment Date will be the date falling one (1) year after such date (or if indicated otherwise in the applicable Final Terms, such date). In such case, the Covered Bondholders may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Covered Bonds being redeemed and may only be able to do so at a significantly lower rate.

Any redemption prior to the Maturity Date as set out above could have a material adverse effect on the value of the Covered Bonds as the relevant redemption amount may be less than the then current market value of the Covered Bonds.

2. Secondary market and illiquidity risks

There can be no assurance as to how any Covered Bonds will trade in the secondary market or whether such market will be liquid or illiquid. Application may or may not be made to list the Covered Bonds on a stock exchange, as indicated in the applicable Final Terms. The fact that Covered Bonds may be listed does not necessarily lead to greater liquidity. No assurance can be given that there will be a market for any Covered Bonds. If any Covered Bonds are not traded on any stock exchange, pricing information for such Covered Bonds may be more difficult to obtain, and the liquidity and market prices of such Covered Bonds may be adversely affected. The liquidity of the Covered Bonds may also be affected by restrictions on offers and sales of the Covered Bonds in some jurisdictions. Lack of liquidity may result in investors suffering losses on the Covered Bonds in secondary resales even if there is no decline in the performance of the assets of the Issuer. Illiquidity may have a material adverse effect on the market value of the Covered Bonds.

3. Covered Bonds issued at a substantial discount or premium and price volatility risks

The market values of Covered Bonds issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than to prices for conventional interest-bearing Covered Bonds. Generally, the longer the remaining term of the Covered Bonds, the greater the price volatility as compared to conventional interest-bearing Covered Bonds with comparable maturities. Therefore, the market value of such Covered Bonds may be lower than the market value of such conventional interest-bearing Covered Bonds with comparable maturities.

4. No consent from Covered Bondholders required for different Covered Bonds

This Base Prospectus only describes Covered Bonds to be issued as part of the Programme under this Base Prospectus. In the future, the Issuer may issue Covered Bonds under the Programme in different markets and/or with different features, which have not been described herein, and different risks associated with them, such as index or equity linked and dual currency Covered Bonds. It is not expected that the consent of Covered Bondholders will be obtained in order to provide for the inclusion of such Covered Bonds in the Programme. This may result in higher risks on the Issuer and the CBC whilst such higher risks may not be compensated by higher returns or adjustments in the Asset Cover Test or Amortisation Test. Therefore, Covered Bondholders are exposed to the risk that such decision is taken against the interest of such Covered Bondholder and new Covered Bonds are issued that negatively affect the market value and/or risks in relation to its Covered Bonds.

5. Integral multiples of less than EUR 100,000 in case of Definitive Covered Bonds may be illiquid and difficult to trade

In relation to any issue of Covered Bonds which has a denomination of EUR 100,000 plus a higher integral multiple of another smaller amount, it is possible that the Covered Bonds will be traded in amounts in excess of EUR 100,000 or its equivalent that are not integral multiples of EUR 100,000 (for the purpose of this paragraph, the "**Stub Amount**"). In such a case a Covered Bondholder who, as a result of trading such amounts, holds a Stub Amount may not receive a Definitive Covered Bond in respect of such holding (should Definitive Covered Bonds be printed) and would need to purchase a principal amount of Covered Bonds such that its holding amounts up to at least EUR 100,000. As long as the Stub Amount is held in the relevant clearing system, the Covered Bondholder will be unable to transfer this Stub Amount. If Definitive Covered Bonds are issued, Covered Bondholders should be aware that Definitive Covered Bonds which have a denomination that is not an integral multiple of the minimum Specified Denomination, may be illiquid and difficult to trade, which may negatively affect the market value of the Covered Bonds.

6. Eurosystem eligibility

Covered Bonds may be issued with the intention to be held in a manner which will allow Eurosystem eligibility. In that case such Covered Bonds are intended upon issue to be deposited with one of the international central securities depositories and/or central securities depositories that fulfil the minimum standard established by the ECB. However, it does not necessarily mean that each Covered Bond will be recognised as eligible collateral for monetary policy of the Eurosystem and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will, as in any particular case, depend upon satisfaction of all Eurosystem eligibility criteria at the relevant time and there can be no assurance that such Covered Bonds will be recognised as such or will remain to be recognised as such. If the Covered Bonds are in this case not recognised as such, this is likely to have a negative impact on the liquidity and/or market value of such Covered Bonds.

7. ECB asset purchase programme

In September 2014, the ECB initiated an asset purchase programme whereby it envisaged to bring inflation back to levels in line with the ECB's objective to maintain the price stability in the euro area and, also, to help enterprises across Europe to enjoy better access to credit, boost investments, create jobs and thus support the overall economic growth. The asset purchase programme also encompasses the covered bond purchase programme. On 14 June 2018, the ECB has announced that at the end of December 2018 the covered bond purchase programme will end. As of 2019, the ECB will, however, maintain its policy to reinvest the principal payments from maturing securities under the programmes as long as deemed necessary. On 18 March 2020, the Governing Council of the ECB decided to launch a new temporary asset purchase programme of private and public sector securities to counter the serious risks to the monetary policy transmission mechanism and the outlook for the euro area posed by the outbreak and escalating diffusion of the Coronavirus. This new Pandemic Emergency Purchase Programme (PEPP) initially had an overall envelope of EUR 750 billion. On 4 June 2020, the Governing Council decided to increase the EUR 750 billion envelope for the PEPP by EUR 600 billion to a total of EUR 1,350 billion. On 10 December 2020, it was announced that the envelope for the PEPP will be increased by EUR 500 billion to a total of EUR 1,850 billion. In addition, the horizon for net purchases

under the PEPP will be extended to at least March 2022. All asset categories eligible under the existing asset purchase programme (APP) are also eligible under the new programme. The Governing Council will terminate net asset purchases under the PEPP once it judges that the COVID-19 crisis phase is over, but in any case not before the end of June 2021. It remains to be seen what the effects of these purchase programmes and the new Pandemic Emergency Purchase Programme, and the termination thereof, ultimately will be on the volatility in the financial markets and economy generally. In addition, the termination of these asset purchase programmes could have an adverse effect on the secondary market value of the Covered Bonds and the liquidity in the secondary market for Covered Bonds.

8. Dealers transacting with the Issuer

In the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Covered Bonds issued under the Programme. Any such positions could adversely affect future trading prices of Covered Bonds issued under the Programme.

C. LEGAL AND REGULATORY RISKS REGARDING THE COVERED BONDS

1. Risk that Covered Bonds do not comply with Dutch CB Regulations, the UCITS Directive and/or CRR

The Issuer has under the CB Regulations applied for the Programme and the Covered Bonds issued thereunder to obtain the status of being compliant with the requirements for the legal covered bonds as set out therein (the "**Regulated Status**"), which includes compliance of article 52(4) of the UCITS Directive and article 129 of the CRR and has obtained the Regulated Status for the Programme and the Covered Bonds issued. The Issuer will only issue Covered Bonds under this Base Prospectus that obtain the Regulated Status. In the Trust Deed the Issuer has undertaken to utilise its best efforts to procure that the Covered Bonds that have obtained the Regulated Status, will keep the Regulated Status until their Maturity Date or any earlier date on which such Covered Bonds have been redeemed in full. The "best efforts" undertakings set out in this section will no longer apply if, as a result of a change of law or regulations, Dutch residential mortgage receivables are insufficient for collateralisation of the Covered Bonds to keep the Regulated Status or are no longer eligible to collateralise covered bonds under the CRR.

If a Covered Bond no longer meets the requirements prescribed by the CB Regulations, or if the Issuer would no longer comply with its ongoing administration and/or reporting obligations towards DNB as the competent regulator, DNB can take several measures, which include, without limitation, imposing an issuance-stop on the Issuer, which may be disclosed by DNB in the relevant register, and DNB has the authority to terminate the registration of the Issuer. However, under the CB Regulations the registration of the Covered Bonds that have already been issued cannot be terminated.

In addition, DNB has the authority to include in the register that the Covered Bonds are no longer or are not compliant with article 129 CRR as a result of which the Covered Bonds would no longer maintain the status of being compliant with the requirements set out in article 129 of the CRR (the "**CRR Status**"). Although under the CB Regulations Covered Bonds will always continue to be registered as legal covered bonds and continue to keep the Regulated Status (except for the CRR Status) there is a risk that the CRR Status of the Covered Bonds will not be maintained until redemption in full of the relevant Covered Bonds.

If at any time an issuance stop is published, the registration of the Issuer is revoked and/or the CRR Status is withdrawn or otherwise lost, a Covered Bondholder may experience adverse consequences (i.e. an adverse effect on the market value or on the regulatory treatment), depending on the reasons for making the investment in such Covered Bonds. See also risk factor "*The Issuer's results of operations can be*

affected by significant adverse regulatory developments as well as enforcement action including changes in regulatory capital and liquidity requirements" under "Covered Bond Directive / Regulation"

D. RISKS RELATED TO BENCHMARKS

1. Benchmark reforms may cause benchmarks used in respect of the Floating Rate Covered Bonds to be materially amended or discontinued

The interest payable on the Floating Rate Covered Bonds may be determined by reference to EURIBOR, €STR or another reference rate (as defined in the applicable Final Terms), or another benchmark (each of these indices as well as any substitute, alternative or successor rate determined in accordance with Condition 5(c) and 5(d), including the applicable tenor and currency, the "**Reference Rate**"). Various benchmarks (including interest rate benchmarks that may apply to the Floating Rate Covered Bonds, such as EURIBOR or €STR) are the subject of recent national and international regulatory guidance and proposals for reform. Further to these reforms, a transitioning away from the interbank offered rates ("**IBORs**") to 'risk-free rates' is expected. Given the uncertainty in relation to the timing and manner of implementation of any such reforms and in the absence of clear market consensus at this time, the Issuer is not yet in a position to determine the reforms that it will apply and the timing of applying such reforms.

For example, in March 2017, EMMI published a position paper referring to certain proposed reforms to EURIBOR, which reforms aim to clarify the EURIBOR specification, to develop a transaction-based methodology for EURIBOR and to align the relevant methodology with the Benchmarks Regulation, the IOSCO Principles for Financial Benchmarks and other regulatory recommendations. EMMI has since strengthened its governance framework and EMMI has developed a hybrid methodology for EURIBOR. On 28 November 2019, EMMI confirmed it has completed the transitioning of the panel banks from the quote-based EURIBOR methodology to the hybrid methodology.

Following the implementation of any such (potential) reforms (such as changes in methodology or otherwise) or further to other pressures (including from regulatory authorities), (i) the manner of administration of benchmarks may change, with the result that benchmarks may perform differently than in the past, (ii) one or more benchmarks could be eliminated entirely, (iii) it may create disincentives for market participants to continue to administer or participate in certain benchmarks, or (iv) there could be other consequences, including those that cannot be predicted.

Uncertainty as to the continuation of a benchmark, the availability of quotes from reference banks to allow for the continuation of rates on any Floating Rate Covered Bonds, and the rate that would be applicable if the Reference Rate is materially amended or is discontinued, may adversely affect the trading market and the value of and return on any such Floating Rate Covered Bonds. See also the risk factor '*Risk that future discontinuance of EURIBOR, €STR or other interest rate benchmarks may affect the value or payment of interest under the Floating Rate Covered Bonds*'.

Moreover, any of the above changes or any other consequential changes to the Reference Rate or any other relevant benchmark, or any further uncertainty in relation to the timing and manner of implementation of such changes could affect the ability of the Issuer to meet its obligations under the Floating Rate Covered Bonds and could have a material adverse effect on the value or liquidity of, and amounts payable under, the Floating Rate Covered Bonds based on or linked to a Reference Rate or other benchmark.

2. Risk that future discontinuance of EURIBOR, €STR or other interest rate benchmarks may affect the value or payment of interest under the Floating Rate Covered Bonds

Investors should be aware that, if the Reference Rate has been discontinued or another Benchmark Event (as defined in Condition 5(B)(ii)(c)) has occurred, the rate of interest on Floating Rate Covered Bonds will be determined for the relevant period by the fallback provisions set out in Condition 5(B)(ii)(c) applicable to such Floating Rate Covered Bonds.

The use of the Replacement Reference Rate may result in the Floating Rate Covered Bonds that referenced the Reference Rate performing differently (including potentially paying a lower Interest Rate) than they would do if the Reference Rate were to continue to apply in its current form.

Furthermore, the Conditions provide that the Rate Determination Agent (which may be the Issuer) may vary the Conditions, as necessary to ensure the proper operation of the Replacement Reference Rate, without any requirement for consent or approval of the Covered Bondholders.

The Conditions also provide that an Adjustment Spread may be determined by the Rate Determination Agent to be applied to the Replacement Reference Rate. The aim of the Adjustment Spread is to reduce or eliminate, so far as practicable, any economic prejudice or benefit (as the case may be) to Covered Bondholders as a result of the replacement of the Reference Rate with the Replacement Reference Rate. However there is no guarantee that such an Adjustment Spread will be determined or applied, or that the application of the Adjustment Spread will either reduce or eliminate economic prejudice to Covered Bondholders. If no Adjustment Spread is determined, the Replacement Reference Rate may nonetheless be used to determine the Interest Rate.

In addition, if a Benchmark Event has occurred, and the Rate Determination Agent for any reason, is unable to determine the Replacement Reference Rate, the Interest Rate may revert to the Interest Rate applicable as at the last preceding Interest Determination Date before the Benchmark Event occurred, and such Interest Rate will continue to apply until maturity or whenever the Rate Determination Agent is able to determine the Replacement Reference Rate.

If it is not possible to determine a Replacement Reference Rate under Condition 5(B)(ii)(c) or any of the other matters referred to under Condition 5(B)(ii)(c), this could ultimately result in the application of a fixed rate to what was previously a Floating Rate Covered Bond.

In addition, due to the uncertainty concerning the availability of a Replacement Reference Rate, the relevant fallback provisions may not operate as intended at the relevant time. In addition, the Replacement Reference Rate may perform differently from the Reference Rate. For example, several risk free rates are currently being developed, which are overnight rates, while the Reference Rate generally has a certain maturity, for example a term of one, three or six months. Similarly, these risk free rates generally do not carry an implicit element of credit risk of the banking sector, which does form part of the Reference Rate. The differences between the Replacement Reference Rate and the Reference Rate could have a material adverse effect on the value of and return on any such Floating Rate Covered Bonds. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Covered Bonds or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Covered Bonds based on or linked to a Reference Rate or other benchmark.

3. Risks related to the market's continuing development in relation to €STR as a reference rate

€STR is published by the ECB and is intended to reflect the wholesale euro unsecured overnight borrowing costs of banks located in the euro area. The ECB reports that €STR is published on each TARGET Business Day based on transactions conducted and settled on the previous TARGET Business Day (the reporting date "T") with a maturity date of T+1 which are deemed to have been executed at arm's length and thus reflect market rates in an unbiased way.

The development of Compounded Daily €STR as interest reference rates for the Eurobond markets, as well as continued development of €STR-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any €STR-referenced Covered Bonds issued under the Programme from time to time.

Furthermore, interest on Floating Rate Covered Bonds which reference Compounded Daily €STR is only capable of being determined at the end of the relevant Observation Period or Interest Period (as applicable) and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Floating Rate Covered Bonds which reference Compounded Daily €STR to estimate reliably the amount

of interest which will be payable on such Floating Rate Covered Bonds, and some investors may be unable or unwilling to trade such Floating Rate Covered Bonds without changes to their IT systems, both of which could adversely impact the liquidity of such Floating Rate Covered Bonds. Further, in contrast to, for example, EURIBOR based Floating Rate Covered Bonds, if Floating Rate Covered Bonds referencing Compounded Daily €STR become due and payable as a result of an event of default under Condition 10 (*Events of Default and Enforcement*) or Condition 16 (*Security Trustee*) (as applicable), or are otherwise redeemed early on a date other than an Interest Payment Date, the rate of interest payable for the final Interest Period in respect of such Covered Bonds shall only be determined on the date on which the Floating Rate Covered Bonds become due and payable.

In addition, the manner of adoption or application of €STR reference rates in the Eurobond markets may differ materially compared with the application and adoption of €STR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of €STR reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Floating Rate Covered Bonds referencing €STR.

Since €STR is a relatively new market index, Floating Rate Covered Bonds which reference €STR may have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed to €STR such as the spread over the index reflected in interest rate provisions, may evolve over time, and trading prices of such Covered Bonds may be lower than those of later-issued indexed debt securities as a result. Further, if €STR does not prove to be widely used in securities like Floating Rate Covered Bonds which reference Compounded Daily €STR, the trading price of such Floating Rate Covered Bonds which reference Compounded Daily €STR may be lower than those of Covered Bonds linked to indices that are more widely used. Investors in such Floating Rate Covered Bonds may not be able to sell such Floating Rate Covered Bonds at all or may not be able to sell such Floating Rate Covered Bonds at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk. There can also be no guarantee that €STR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Floating Rate Covered Bonds which reference Compounded Daily €STR. If the manner in which Compounded Daily €STR is calculated is changed, that change may result in a reduction of the amount of interest payable on such Floating Rate Covered Bonds and the trading prices of such Floating Rate Covered Bonds. Accordingly, an investment in Floating Rate Covered Bonds using €STR as a reference rate may entail significant risks not associated with similar investments in conventional debt securities.

4. There is a risk that the Rate Determination Agent may be considered an 'administrator' under the Benchmarks Regulation

The Rate Determination Agent may be considered an 'administrator' under the Benchmarks Regulation. This is the case if it is considered to be in control over the provision of the Replacement Reference Rate and/or the determined rate of interest on the basis of the Replacement Reference Rate and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fallback scenario.

The Benchmarks Regulation stipulates that each administrator of a benchmark regulated thereunder or the benchmark itself must be registered, authorised, recognised or endorsed, as applicable, in accordance with the Benchmarks Regulation. There is a risk that administrators (which may include the Rate Determination Agent in the circumstances as described above) of certain benchmarks will fail to obtain such registration, authorisation, recognition or endorsement, preventing them from continuing to provide such benchmarks, or may otherwise choose to discontinue or no longer provide such benchmark. The Issuer cannot guarantee that it or the Rate Determination Agent will and will be able to timely obtain registration or authorisation under the Benchmarks Regulation. This could also affect the possibility for the Rate Determination Agent to apply the fallback provision of Condition 5(B) meaning that the Reference Rate will not be changed pursuant to Condition 5(B) (without prejudice to the applicability of Condition 5(B)(ii)(a) and (b)). This may ultimately result in the effective application of a fixed rate to what was previously a Floating Rate Covered Bond. Other administrators may cease to administer certain

benchmarks because of the additional costs of compliance with the requirements of the Benchmarks Regulation such as relating to governance and conflict of interest, control frameworks, record-keeping and complaints-handling. This may negatively affect the value of the Covered Bonds.

5. The application of the fallback provisions contained in Condition 5 may lead to a conflict of interest

The application of the fallback provisions contained in Condition 5 may lead to a conflict of interests of the Issuer and Covered Bondholders including with respect to the appointment and remuneration of the Rate Determination Agent and the Principal Paying Agent (including where the agent is not the Issuer or an affiliate) and certain determinations and judgments that the Rate Determination Agent and the Principal Paying Agent may make pursuant to Condition 5 (including, without limitation, with respect to the Replacement Reference Rate and Adjustment Spread) that may influence the amount receivable under the Covered Bonds. The Issuer and/or any of its affiliates may have existing or future business relationships and business interests and may pursue actions and take steps that they or it deems necessary or appropriate to protect its and/or their interests arising therefrom without taking into account the consequences for a Covered Bondholder. This could impact the amount receivable under the Covered Bonds.

E. TAX RISKS REGARDING THE COVERED BONDS

1. Tax consequences of holding the Covered Bonds

Potential investors and sellers of Covered Bonds should be aware that they may be required to pay stamp taxes or other documentary taxes or fiscal duties or charges in accordance with the laws and practices of the country where the Covered Bonds are transferred or other jurisdictions. In addition, payments of interest on the Covered Bonds, or income derived from the Covered Bonds, may become subject to taxation, including withholding taxes, in the jurisdiction of the Issuer, in the jurisdiction of the holder of Covered Bonds, or in other jurisdictions in which the holder of Covered Bonds is required to pay taxes. Any such tax consequences may have an impact on the net income received from the Covered Bonds.

Prospective investors should carefully consider the tax consequences of investing in the Covered Bonds and consult their own tax adviser about their own tax situation. Finally, potential investors should be aware that tax regulations and their application by the relevant taxation authorities change from time to time, with or without retroactive effect. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

2. If the Covered Bonds become subject to a withholding tax on interest in the Netherlands, the Issuer will make the required withholding or deduction for the account of the Covered Bondholders subject to withholding and shall not be obliged to pay additional amounts to such Covered Bondholders

The Netherlands has introduced a new withholding tax on (deemed) interest payments as of 1 January 2021 pursuant to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*). The new withholding tax will generally apply to interest payments made by an entity tax resident in the Netherlands, like the Issuer, to a related entity (as described below), if such related entity (i) is considered to be tax resident in a Listed Jurisdiction (as defined below), (ii) has a permanent establishment located in a Listed Jurisdiction to which the interest payment is attributable, (iii) is entitled to the interest payment for the main purpose or one of the main purposes to avoid taxation for another person or entity and there is an artificial arrangement or transaction or a series of artificial arrangements or transactions, (iv) is a hybrid entity (a hybrid mismatch), or (v) is not resident in any jurisdiction, all within the meaning of the Dutch Withholding Tax Act 2021.

For purposes of the Dutch Withholding Tax Act 2021, an entity is considered a related entity if (i) such entity has a Qualifying Interest (as defined below) in the Issuer, (ii) the Issuer has a Qualifying Interest in such entity, or (iii) a third party has a Qualifying Interest (as defined below) in both the Issuer and such entity.

The term "**Qualifying Interest**" means a directly or indirectly held interest – either individually or jointly as

part of a collaborating group (*samenwerkende groep*) – that confers a definite influence over the company's decisions and allows the holder of such interest to determine its activities (within the meaning of case law of the European Court of Justice on the freedom of establishment (*vrijheid van vestiging*)).

A jurisdiction is considered a listed jurisdiction (a "**Listed Jurisdiction**"), if it is listed in the yearly updated Dutch Regulation on low-taxing jurisdictions and non-cooperative jurisdictions for tax purposes (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*), which includes (i) jurisdictions with a corporation tax on business profits with a general statutory rate of less than 9% and (ii) jurisdictions that are included in the EU list of non-cooperative jurisdictions.

For the fiscal year 2021, the following 23 jurisdictions are Listed Jurisdictions: American Samoa, Anguilla, the Bahamas, Bahrain, Barbados, Bermuda, the British Virgin Islands, the Cayman Islands, Fiji, Guam, Guernsey, Isle of Man, Jersey, Palau, Panama, Samoa, Seychelles, Trinidad and Tobago, Turkmenistan, Turks and Caicos Islands, Vanuatu, the United Arab Emirates, and the U.S. Virgin Islands.

In practice, the Issuer may not always be able to assess whether a holder of Covered Bonds is a related entity with respect to the Issuer or located in a Listed Jurisdiction. The parliamentary history is unclear on the Issuer's responsibilities to determine the absence of related entities in respect of covered bonds issued in the market, like the Covered Bonds.

As provided in Condition 8 (*Taxation*), if withholding or deduction is required under the Dutch Withholding Tax Act 2021, the Issuer or the Paying Agent (as the case may be) will make the required withholding or deduction of such taxes for the account of the holder of Covered Bonds and shall not be obliged to pay any additional amounts to the holder of Covered Bonds in respect of the withholding or deduction. This may have an impact on the net income received under the Covered Bonds. Prospective investors are advised to seek their own professional advice in relation to the new withholding tax in the Netherlands.

3. No Gross-up by the CBC for Taxes

As provided in Condition 8 (*Taxation*), should payments made by the CBC under the Guarantee be made subject to withholding or deduction for any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction, the CBC will make the required withholding or deduction of such taxes or duties for the account of the Covered Bondholders and shall not be obliged to pay any additional amounts to the Covered Bondholders in respect of the withholding or deduction. This may lead to losses under the Covered Bonds.

RISKS RELATED TO GUARANTOR AND THE GUARANTEE

1. Reliance of the CBC on third parties

Counterparties to the CBC may not perform their obligations under the Transaction Documents and the Borrowers may not perform with their obligations under the Mortgage Receivables. If, as a consequence of counterparties not performing their obligations *vis-à-vis* the CBC or the Borrowers under the Mortgage Loans, the CBC may not be able to meet its obligations under the Guarantee and this may lead to losses under the Covered Bonds. See also the risk factor "*Coronavirus outbreak may have a negative effect on the financial position of the Issuer*" above in respect of the payment holidays.

If a termination event occurs pursuant to the terms of the Servicing Agreement, then the CBC and/or the Security Trustee will be entitled to terminate the appointment of the Servicer and appoint a new servicer in its place. There can be no assurance that a substitute servicer with sufficient experience of administering residential mortgage loans would be found who would be willing and able to service the relevant Mortgage Receivables on the terms of the Servicing Agreement. Any delay or inability to appoint a substitute servicer may affect the realisable value of the relevant Mortgage Receivables or any part thereof, and/or the ability of the CBC to make payments under the Guarantee. If the CBC cannot meet its obligations under the Guarantee, this may lead to losses under the Covered Bonds.

Covered Bondholders will have no right to consent to or approve of any actions taken by the Servicer under the Servicing Agreement. Neither the Servicer nor other third parties have any obligation themselves

to advance payments that Borrowers fail to make in a timely fashion, which may result in the CBC not being able to meet its obligations under the Guarantee. This may lead to losses under the Covered Bonds.

2. Limited resources available to the CBC

The ability of the CBC to meet its obligations under the Guarantee will depend on the receipt by it of funds under the Transferred Assets, the proceeds of the sale of any Transferred Assets, the timing thereof, the receipt by it of payments under the Swap Agreements, if any, and the balance standing to the credit of the CBC Transaction Accounts (including receipt by it of any interest in respect of such balance standing to the credit of the CBC Transaction Accounts). The CBC does not have any other resources available to it to meet its obligations under the Guarantee.

Although the Asset Cover Test and, after a Notice to Pay, the Amortisation Test have been structured to reduce the risk of there being a shortfall, if a CBC Event of Default occurs and the Security is enforced, the proceeds may not be sufficient to meet the claims of all the Secured Creditors, including the Covered Bondholders. If, following enforcement of the Security, the Secured Creditors have not received the full amount due to them pursuant to the terms of the Transaction Documents, the Secured Creditors will no longer have a claim against the CBC after enforcement of the Security. The Secured Creditors may still have an unsecured claim against the Issuer for the shortfall, which may lead to losses under the Covered Bonds.

3. The Guarantee will be solely the obligation of the CBC

None of the Issuer, the Transferor, the Originators, the Swap Counterparties, the Servicer, the Administrator, the Back-up Administrator, the Directors, the Paying Agents, the Registrar, the Calculation Agent, the Arranger, the Dealer(s), the CBC Account Bank, the Custodian, the Listing Agent, the Insurance Savings Participant, the Bank Savings Participant and the Security Trustee will be under any obligation whatsoever to provide additional funds to the CBC (save in limited circumstances pursuant to the Transaction Documents).

The Guarantee will be solely the obligation of the CBC. The Guarantee will not be an obligation or responsibility of, any other entity or person, in whatever capacity acting, including, without limitation, the Issuer, the Transferor, the Originators, any Swap Counterparty, the Servicer, the Administrator, the Back-up Administrator, the Directors, the Paying Agents, the Registrar, the Calculation Agent, the Arranger, any Dealer, the CBC Account Bank, the Custodian, the Insurance Savings Participant, the Bank Savings Participant and the Security Trustee. Furthermore, none of the Issuer, the Transferor, the Originators, the Swap Counterparties, the Servicer, the Administrator, the Back-up Administrator, the Directors, the Paying Agents, the Registrar, the Calculation Agent, the Arranger, the Dealer(s), the CBC Account Bank, the Custodian, the Listing Agent, the Insurance Savings Participant, the Bank Savings Participant and the Security Trustee, nor any other person in whatever capacity acting, will accept any liability whatsoever to Covered Bondholders in respect of any failure by the CBC to pay any amounts due under the Guarantee. This may lead to losses under the Covered Bonds.

4. Maintenance of Transferred Assets

Unless a Breach of Asset Cover Test has occurred, the Asset Monitor will carry out procedures on the arithmetic accuracy of the calculations performed by the Administrator in respect of the Asset Cover Test once each year on the Calculation Date immediately preceding each anniversary of the Programme Date and more frequently in certain circumstances set out in the Asset Monitoring Agreement. Following the service of a Breach of Asset Cover Test Notice (until remedied), the Asset Monitor will be required to carry out procedures on the calculations performed by the Administrator in respect of the Amortisation Test on each Calculation Date. If the collateral value of the Transferred Assets has not been maintained in accordance with the terms of the Asset Cover Test or the Amortisation Test, then that may affect the realisable value of the Transferred Assets or any part thereof (both before and after the occurrence of a CBC Event of Default) and/or the ability of the CBC to make payments under the Guarantee. This may lead to losses under the Covered Bonds.

5. Risk regarding cash flows

For as long as no Assignment Notification Event has occurred and no Breach of Asset Cover Test Notice (which is not remedied), Notice to Pay or CBC Acceleration Notice has been served on the CBC, the Transferor will be entitled to receive and retain the proceeds from the Transferred Assets for its own benefit. In addition, the Issuer will, as consideration for the CBC issuing the Guarantee, pay all costs and expenses of the CBC and make and receive all payments to be made or received by the CBC under any Swap Agreement, the Insurance Savings Participation Agreement, the Bank Savings Participation Agreement and certain other obligations of the CBC. Upon the earlier to occur of an Assignment Notification Event and service of a Breach of Asset Cover Test Notice (which is not remedied) or a Notice to Pay or CBC Acceleration Notice on the CBC, the rights of the Transferor to receive and retain the proceeds from the Transferred Assets for its own benefit will terminate and the amounts received by the CBC will be applied in accordance with the relevant Priority of Payments (except that any collateral to be provided by a Swap Counterparty following its downgrade will be delivered to the CBC irrespective of whether any Assignment Notification Event has occurred or any Breach of Asset Cover Test Notice (which is not remedied) or Notice to Pay or CBC Acceleration Notice has been served at such time) (see further section 18 (*Cash Flows*)). Prior to such moment, the CBC will receive only limited funds. This may affect the ability of the CBC to make payments under the Guarantee and may lead to losses under the Covered Bonds.

6. Sale or refinancing of Selected Mortgage Receivables

If the CBC is required to pay under the Guarantee, the CBC will undertake its best efforts to sell or refinance Selected Mortgage Receivables (selected on a random basis) in order to make funds available to the CBC to make payments to the CBC's creditors including to make payments under the Guarantee.

There is no guarantee that a buyer will be found for the Selected Mortgage Receivables nor assurance as to the price which may be obtained, which may affect payments under the Guarantee. In addition, the CBC will not be permitted to give warranties or indemnities in respect of Selected Mortgage Receivables (unless expressly permitted to do so by the Security Trustee). There is no assurance that the Transferor would give any warranties or representations to a buyer in respect of the Selected Mortgage Receivables. Any Representations or Warranties previously given by the Transferor in respect of the relevant Mortgage Receivables may not have value for a third party purchaser if the Transferor is then subject to any insolvency proceedings. Accordingly, there is a risk that the realisable market value of the Selected Mortgage Receivables could be adversely affected by the lack of representations and warranties which in turn could adversely affect the ability of the CBC to meet its best efforts undertaking under the Guarantee. This may lead to losses under the Covered Bonds.

7. Not all risks are deducted from the Asset Cover Test

Although the Asset Cover Test is composed of multiple tests, not all tests included therein provide for deduction of certain risks in the manner described herein. In particular certain set-off risks and other risks which are deducted from the Adjusted Aggregate Asset Amount are not deducted for the purpose of the calculation of the First Regulatory Current Balance Amount and the Second Regulatory Current Balance Amount. Therefore, the First Regulatory Current Balance Amount and the Second Regulatory Current Balance Amount do not include a deduction in respect of these risks. Therefore, where in the risk factors it is stated that such risks are to be deducted from the Asset Cover Test, this means that these will be deducted from the Adjusted Aggregate Asset Amount and does not mean that these are deducted from the First Regulatory Current Balance Amount and the Second Regulatory Current Balance Amount. Furthermore, not all risks in relation to the Transferred Assets are provided for in the Asset Cover Test (see section 16 (*Asset Monitoring*)). This could lead to losses under the Transferred Assets in case such risks materialise and, consequently, the CBC may not be able to meet its obligations under the Guarantee. This may lead to losses under the Covered Bonds.

8. Extendable obligations under the Guarantee

If the CBC is obliged under the Guarantee to pay a Guaranteed Final Redemption Amount and has insufficient funds available under the relevant Priority of Payments to pay such Guaranteed Final Redemption Amount in full, then the obligation of the CBC to pay such Guaranteed Amounts shall automatically be deferred to the relevant Extended Due for Payment Date.

However, to the extent the CBC has sufficient moneys available to pay in part the Guaranteed Final Redemption Amount in respect of the relevant Series of Covered Bonds, the CBC shall make such partial payment in accordance with the relevant Priority of Payments, as described in Condition 3 (*The Guarantee*), on each CBC Payment Date falling prior to the relevant Extended Due for Payment Date. Payment of the unpaid amount shall be deferred automatically up to the applicable Extended Due for Payment Date. An Extended Due for Payment Date will fall one (1) year after the relevant Maturity Date. Interest will continue to accrue and be payable on the unpaid Guaranteed Final Redemption Amount on the basis set out in the applicable Final Terms or, if not set out therein, Condition 5 (*Interest*) applies *mutatis mutandis*.

Except where the CBC has failed to apply amounts in accordance with the relevant Priority of Payments in accordance with Condition 3 (*The Guarantee*), failure by the CBC to pay the relevant Guaranteed Final Redemption Amount on the relevant Interest Payment Date or any subsequent Interest Payment Date falling prior to the relevant Extended Due for Payment Date (or the relevant later date in case of an applicable grace period) shall not constitute a CBC Event of Default. However, failure by the CBC to pay any Guaranteed Final Redemption Amount or the balance thereof, as the case may be, on the relevant Extended Due for Payment Date and/or pay any other amount due under the Guarantee will (subject to any applicable grace period) constitute a CBC Event of Default. Therefore, Covered Bondholders may not receive payments at the moment they anticipated to receive payments and these payments may not cover all amounts Covered Bondholders may expect to receive.

9. The CBC is only obliged to pay Guaranteed Amounts when the same are Due for Payment

The CBC has no obligation to pay the Guaranteed Amounts payable under the Guarantee until service by the Security Trustee on the Issuer of an Issuer Acceleration Notice and on the CBC of a Notice to Pay, or, if earlier, on the Issuer and the CBC of a CBC Acceleration Notice. The CBC will not be obliged to pay any other amounts than the Guaranteed Amounts to the Covered Bondholders. Payments by the CBC will be made subject to any applicable withholding or deduction for or on account for tax.

Following the service of an Issuer Acceleration Notice on the Issuer, a Notice to Pay shall be served by the Security Trustee on the CBC. However, a failure by the Issuer to make payment in respect of one or more Series will not automatically result in the service of an Issuer Acceleration Notice. The Security Trustee may, but is not obliged to, serve an Issuer Acceleration Notice unless and until requested or directed by Covered Bondholders of all Series then outstanding.

If a Breach of Asset Cover Test Notice is served by the Security Trustee on the CBC following a Breach of Asset Cover Test, the CBC will not be obliged to make payments under the Guarantee until (a) an Issuer Event of Default has occurred and an Issuer Acceleration Notice and a Notice to Pay have been served or (b) a CBC Event of Default has occurred and a CBC Acceleration Notice has been served.

Following service of a Notice to Pay on the CBC (provided (a) an Issuer Event of Default has occurred and an Issuer Acceleration Notice has been served and (b) no CBC Acceleration Notice has been served) under the terms of the Guarantee, the CBC will be obliged to pay Guaranteed Amounts as and when the same are Due for Payment. Such payments will be subject to and will be made in accordance with the CBC Priority of Payments. In these circumstances, other than the Guaranteed Amounts, the CBC will not be obliged to pay any amount, for example in respect of broken funding indemnities, penalties, premiums, default interest or interest on interest which may accrue on or in respect of the Covered Bonds.

Subject to applicable grace periods, if the CBC fails to make a payment when Due for Payment under the Guarantee or any other CBC Event of Default occurs then the Security Trustee may accelerate the Covered Bonds (to the extent not yet accelerated) by service of a CBC Acceleration Notice, whereupon the CBC will under the Guarantee owe the Early Redemption Amount of each Covered Bond, together

with accrued interest and certain other amounts then due under the Covered Bonds. Following service of a CBC Acceleration Notice, the Security Trustee may enforce the Security. The proceeds of enforcement of the Security shall be applied by the Security Trustee in accordance with the Post CBC Acceleration Notice Priority of Payments, and Covered Bondholders will receive amounts from the CBC on an accelerated basis. Without limitation, if a CBC Acceleration Notice is served on the CBC, then the Covered Bonds may be repaid sooner or later than expected or not at all.

Therefore, Covered Bondholders may not receive payments at the moment they expect to receive payments and these payments may not cover all payments Covered Bondholders may expect to receive.

10. Effectiveness of the rights of pledge to the Security Trustee in case of insolvency of the CBC

Under or pursuant to the Pledge Agreements, various rights of pledge will be granted by the CBC to the Security Trustee. On the basis of these pledges the Security Trustee can exercise the rights afforded by Dutch law to pledgees notwithstanding bankruptcy or suspension of payments of the CBC. The CBC is a special purpose vehicle and is therefore unlikely to become insolvent. However, any bankruptcy or suspension of payments involving the CBC would affect the position of the Security Trustee as pledgee and, subsequently, the Covered Bondholders, in some respects, the most important of which are: (i) payments made by the Borrowers to the CBC prior to notification of the relevant pledge but after bankruptcy or suspension of payments granted in respect of the CBC the amounts so paid will be part of the bankruptcy estate of the CBC, although the Security Trustee has the right to receive such amounts by preference after deduction of certain costs, (ii) a mandatory 'cool-off' period of up to four (4) months may be proclaimed by the judge-commissioner (*rechter-commissaris*) in case of bankruptcy and in case of suspension of payments involving the CBC, which, if applicable, would delay the exercise of the pledge on the Transferred Assets and other assets pledged to the Security Trustee and (iii) the Security Trustee may be obliged to enforce its pledge within a reasonable period following bankruptcy if so requested by the liquidator and as determined by the judge-commissioner (*rechter-commissaris*) appointed by the court in case of bankruptcy of the CBC. Similar or different restrictions may apply in case of insolvency proceedings other than Dutch insolvency proceedings. Therefore, the Security Trustee may have insufficient funds available to fulfil the CBC's payment obligations under the Guarantee. This may lead to insufficient funds being available to cover amounts due under the Covered Bonds.

To the extent the receivables pledged by the CBC to the Security Trustee are future receivables, the pledge on such future receivables cannot be invoked against the estate of the CBC if such future receivable comes into existence after 00.00 hours on the date on which the CBC has been declared bankrupt or has been granted a suspension of payments. The CBC has been advised that some of the assets pledged to the Security Trustee under the Security Trustee Rights Pledge Agreement should be regarded as future receivables. This would for example apply to amounts paid to the CBC Transaction Accounts following the CBC's bankruptcy or suspension of payments. With respect to Beneficiary Rights, reference is made to *Risks relating to Beneficiary Rights under the Insurance Policies* below. In such case such amounts will not be available for distribution. This may lead to losses under the Covered Bonds.

11. Risks related to the creation of pledges on the basis of the Parallel Debt

Under Dutch law it is uncertain whether a security right can be validly created in favour of a party which is not the creditor of the claim which the security right purports to secure. Consequently, in order to secure the valid creation of the pledges under the Pledge Agreements in favour of the Security Trustee, the CBC has in the Parallel Debt Agreement, as a separate and independent obligation, by way of parallel debt, undertaken to pay to the Security Trustee amounts equal to the amounts due by it to the Secured Creditors. There is no statutory law or case law available on the concept of parallel debts such as the Parallel Debt and the question arises whether a parallel debt constitutes a valid basis for the creation of security rights, such as rights of pledge (see also *Description of Security* below). However, the CBC has been advised that a parallel debt, such as the Parallel Debt, creates a claim of the Security Trustee thereunder which can be validly secured by a right of pledge such as the rights of pledge created by the Pledge Agreements. If, in spite of the above, the Parallel Debt does not constitute a valid basis for the creation of security rights as included in the Pledge Agreements, the proceeds of the pledges under the Pledge Agreements will not be available for distribution by the Security Trustee to the Secured Creditors (including the Covered

Bondholders) and therefore the Security Trustee may have insufficient funds available to it to fulfil the CBC's payment obligations under the Covered Bonds. This may lead to insufficient funds being available to cover amounts due under the Covered Bonds.

The Security Trustee is a special purpose vehicle and is therefore unlikely to become insolvent. The Security Trustee acts solely as security trustee for the purpose of this Programme. Any payments in respect of the Parallel Debt and any proceeds received by the Security Trustee are, in the case of an insolvency of the Security Trustee, not separated from the Security Trustee's other assets. The Secured Creditors therefore have a credit risk on the Security Trustee, which could lead to losses under the Covered Bonds.

12. Risks in relation to negative interest rates on the CBC Transaction Accounts

Pursuant to the CBC Account Agreement the interest rate accruing on the balances standing to the credit of any of the CBC Transaction Accounts could be less than zero in case €STR is below, equal to or just above zero. Any negative interest will be payable by the CBC to the CBC Account Bank, provided that the CBC Account Bank has sent a written notice to the CBC two (2) Business Days in advance. If the CBC has the obligation to pay interest accruing on the balances standing to the credit of any of the CBC Transaction Accounts to the CBC Account Bank instead of receiving interest thereon, this will reduce the income of the CBC and its possibility to generate further income on the assets held in the form of cash in the CBC Transaction Accounts. This could lead to losses under the Covered Bonds.

13. Risks in relation to defaults by Borrowers

Upon service of a Notice to Pay on the CBC (provided no CBC Acceleration Notice has been served), the CBC is expected to make payments under the Guarantee. The ability of the CBC to meet its obligations under the Guarantee will depend solely on the proceeds of the Transferred Assets. In this respect it should be noted that Borrowers may default on their obligations due under the Transferred Receivables. Defaults may occur for a variety of reasons. The Transferred Receivables are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies.

Other factors in Borrowers' individual, personal or financial circumstances may affect the ability of Borrowers to make the required payments under the Transferred Receivables. Loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies of Borrowers or the Borrowers becoming subject to debt rescheduling arrangements (*schuldsaneringsregelingen*), and could ultimately have an adverse impact on the ability of Borrowers to make the required payments under the Transferred Receivables. In addition, the ability of a Borrower to sell a Property at a price sufficient to repay the amounts outstanding under that Transferred Receivable will depend upon a number of factors, including the availability of buyers for that Property, the value of that Property and property values in general at the time. As set forth herein, however, Defaulted Receivables and Transferred Receivables which are three months or more in arrears will be excluded from the calculation of the Asset Cover Test or the Amortisation Test.

As a Borrower's ability to meet its obligations under the Transferred Receivables depends on numerous factors beyond the control of the CBC, Borrowers may default on such obligations at any point, thereby adversely affecting the CBC's realisation under affected Transferred Receivables and, in turn, the CBC's ability to meet its obligations under the Guarantee. This may lead to losses under the Covered Bonds.

14. The risk that the WHOA when applied to the CBC could affect the rights of the Security Trustee under the Security and the Covered Bondholders under the Guarantee and therefore the Covered Bonds

The Dutch legislator approved a bill for the implementation of a composition outside bankruptcy or

moratorium of payments proceedings and is referred to as the Act on Confirmation of Extrajudicial Restructuring Plans (*Wet Homologatie Onderhands Akkoord*, “CERP” or “WHOA”) which entered into force on 1 January 2021.

The WHOA, a proceeding somewhat similar to the chapter 11 proceedings under United States bankruptcy law and the scheme of arrangement under English bankruptcy laws, is available for companies in financial distress, where the debtor stays in possession and can offer a composition plan to its creditors (including secured creditors and shareholders) which is binding on them and changes their rights provided all conditions are met. The WHOA is not applicable to banks and insurers.

A judge can, *inter alia*, refuse to accept a composition plan if an affected creditor who did not vote in favour of such composition plan and who will be worse off than in case of an insolvency so requests. If a proposal has been made or if the debtor undertakes to make a proposal within 2 months from the date it deposits a statement with the court that it has started to make such proposal, a judge may during such proceedings grant a stay on enforcement of a maximum of 4 months, with a possible extension of 4 months. During such period, *inter alia*, a pledgee of claims may not collect nor notify the borrowers in case of an undisclosed pledge. The new legislation also allows that group companies providing guarantees for the debtor's obligations are included in the plan, if (i) the relevant group companies are reasonably expected to be unable to pay their debts as they fall due, (ii) they have agreed to the proposed restructuring plan insofar as it concerns their obligations and (iii) the court has jurisdiction over the relevant group companies. A debtor may offer its creditors a composition plan which may also entail changes to the rights of any of its creditor. As a result thereof, it may well be that claims of creditors against the CBC can be compromised as a result of a composition if the relevant majority of creditors within a class vote in favour of such a composition. The WHOA can provide for restructurings that stretch beyond Dutch borders.

Although the WHOA is not applicable to banks and insurers and seems inappropriate to be applied for the CBC with a view to the structure of the transaction and the security created under the Security, the WHOA when applied to the CBC or other transaction parties could affect the rights of the Security Trustee under the Security or the CBC under the Transaction Documents and the Covered Bondholders under the Guarantee and therefore the Covered Bonds.

RISK FACTORS REGARDING THE MORTGAGE RECEIVABLES, SET-OFF AND SECURITY RIGHTS

A. RISKS REGARDING THE PAYMENTS UNDER THE MORTGAGE RECEIVABLES TRANSFERRED TO THE CBC

1. Risk related to payments received by the Transferor prior to notification to the Borrowers of the assignment to the CBC

The Mortgage Receivables which will be assigned by the Transferor to the CBC are resulting from mortgage loans originated by Aegon Bank as Originator or by any of the other Originators. In case the Mortgage Loans are originated by an Originator other than Aegon Bank, legal title to the Mortgage Receivables (i) firstly will be transferred by way of an undisclosed assignment (*stille cessie*) or has been transferred by way of an undisclosed assignment (*stille cessie*) by the relevant Originator (other than Aegon Bank) to the Transferor (“**Assignment I**”) and (ii) subsequently will be transferred by way of an undisclosed assignment (*stille cessie*) by the Transferor to the CBC on any Transfer Date (“**Assignment II**”). Furthermore, the Originator has assigned to the Issuer the NHG Advance Rights and subsequently, the Issuer will assign the NHG Advance Rights to the CBC. The Guarantee Support Agreement will provide that the Assignment II will not be notified by the Transferor or, as the case may be, the CBC to the Borrowers except if an Assignment Notification Event occurs or, in respect of Mortgage Loans originated by Aegon Leven or Aegon Hypotheken, if both an Assignment Notification Event and an Originator Assignment Notification Event occur or have occurred in relation to Aegon Leven or Aegon Hypotheken, respectively. If only an Originator Assignment Notification Event occurs, the CBC, unless the Security Trustee instructs it otherwise, may instruct the relevant Originator and Transferor to notify the relevant Borrowers or ensure that the relevant Borrowers are notified of Assignment I only. If the Mortgage Loans are originated by Aegon Bank there will only be one assignment to the CBC, and such assignment is also referred to as Assignment II. At the date of this Base Prospectus, Aegon Bank does not originate mortgage loans. (see further section 10 “*Guarantee Support*”).

Risks related to payments received by the Transferor prior to notification in relation to mortgage Loans originated by Originators other than Aegon Bank

Until notification of Assignment I and Assignment II, the Borrowers under the Mortgage Receivables which have been originated by the relevant Originator (other than Aegon Bank) can only validly pay to the relevant Originator (other than Aegon Bank) in order to fully discharge their payment obligations (*bevrijdend betalen*) in respect thereof. Upon notification of Assignment I and until notification of Assignment II, the Borrowers under the Mortgage Receivables can only validly pay to the Transferor. After notification of Assignment II, the Borrowers under the Mortgage Receivables can only validly pay to the CBC in order to fully discharge their payment obligations.

Payments made by the Borrowers (i) to the relevant Originator prior to notification of Assignment I and Assignment II in relation to Mortgage Loans originated by it, but after bankruptcy or suspension of payments in respect of the relevant Originator having been declared or (ii) to the Transferor after the notification of Assignment I and prior to the notification of Assignment II in relation to the Mortgage Receivables assigned by the Transferor to the CBC, but after bankruptcy or suspension of payments in respect of the Transferor having been declared, will be part of the relevant Originator's or Transferor's, as the case may be, bankruptcy estate. In respect of these payments, the CBC will be a creditor of the estate (*boedelschuldeiser*) and will receive payment prior to (unsecured) creditors with ordinary claims, but after preferred creditors of the estate and after deduction of the general bankruptcy costs (*algemene faillissementskosten*), which may be material. As a result thereof, the CBC may have insufficient funds available to fulfil its payment obligations under the Covered Bonds and this may result in losses under the Covered Bonds.

Risks related to payments received by the Transferor prior to notification in relation to Mortgage Loans originated by Aegon Bank as Originator

Until notification of Assignment II, the Borrowers under the Mortgage Receivables which have been originated by Aegon Bank can only validly pay to Aegon Bank in order to fully discharge their payment obligations (*bevrijdend betalen*) in respect thereof. After notification of Assignment II, the Borrowers under the Mortgage Receivables can only validly pay to the CBC in order to fully discharge their payment obligations.

Payments made by the Borrowers to Aegon Bank prior to notification of Assignment II in relation to Mortgage Loans originated by it, but after bankruptcy or suspension of payments in respect of Aegon Bank having been declared, will be part of Aegon Bank's bankruptcy estate. In respect of these payments, the CBC will be a creditor of the estate (*boedelschuldeiser*) and will receive payment prior to (unsecured) creditors with ordinary claims, but after preferred creditors of the estate and after deduction of the general bankruptcy costs (*algemene faillissementskosten*), which may be material. As a result thereof, the CBC may have insufficient funds available to fulfil its payment obligations under the Covered Bonds and this may result in losses under the Covered Bonds.

Risks regarding the Transferor actually making the payment of amounts received

The Transferor has undertaken upon the earlier to occur of an Assignment Notification Event, the service of a Breach of Asset Cover Test Notice (which is not remedied), a Notice to Pay or a CBC Acceleration Notice to pay to the CBC any amounts received by it in respect of the Mortgage Receivables. However, receipt of such amounts by the CBC is subject to the Transferor actually making such payments. If the Transferor is declared bankrupt prior to making such payments, the CBC has no right of any preference in respect of such amounts and thus has a credit risk against the Transferor in respect of such amounts.

2. Risks that interest rate reset rights will not follow the Mortgage Receivables

The interest rate of each of the Mortgage Loans is to be reset from time to time. The CBC has been advised that a good argument can be made that the right to reset the interest rate on the Mortgage Loans should be considered as an ancillary right and follows the Mortgage Receivables upon their assignment to the CBC and the pledge to the Security Trustee. The question whether the right to reset the interest rate on the Mortgage Loans should be considered as an ancillary right, is not addressed by Dutch law. However, the view that the right to reset the interest rate in respect of the Mortgage Receivables should

be considered as an ancillary right, is supported by a judgment of the Dutch Supreme Court (HR 10 July 2020, ECLI:NL:HR:2020:1276 (*Van Lanschot/Promontoria*)). In this ruling, an example is given of the exercise by an assignee of the right to reset the interest rate, demonstrating the framework the Dutch Supreme Court has given for the (special) duty of care an assignee has vis-à-vis a debtor/bank-client. To the extent that the interest rate reset right passes upon the assignment of the Mortgage Receivables to the CBC or upon the pledge of the Mortgage Receivables to the Security Trustee, such assignee or pledgee will also be bound by the contractual provisions relating to the reset of interest rates and any applicable law (including, without limitation, applicable principles of reasonableness and fairness, the right of the Borrower to invoke all defences available, duty of care obligations and the Mortgage Conditions relating to the reset of interest rates) and regulations. This means that the CBC or the Security Trustee does not have full discretionary power to set the interest rates and may have to set the interest lower than the CBC or the Security Trustee, taking into account the interest of Covered Bondholders, would have done if they were not bound by the contractual provisions relating to the reset of interest rates and any applicable law. If the interest rates are set lower at their interest reset dates than the interest rates prior to such interest reset dates, the proceeds resulting from the Mortgage Receivables may be lower, and this may result in losses under the Covered Bonds.

3. Risk related to increase of prepayments

The rate of prepayment of Mortgage Loans is influenced by a wide variety of economic, social and other factors, including prevailing market interest rates, changes in tax laws (including but not limited to amendments to mortgage interest tax deductibility), local and regional economic conditions, changes in Borrower's behaviour (including but not limited to home owner mobility and the exercising of a Mover Option by Borrowers) and encouragement of borrowers to repay their interest-only mortgage before the maturity date.

Currently the market interest rates are low compared to the historic average mortgage interest rates, which may lead to an increase in the rate of prepayments of the Mortgage Loans.

No assurance can be given as to the level of prepayment that the Mortgage Loans may experience, and variation in the rate of prepayments of principal on the Mortgage Loans may affect the Principal Receipts of the CBC, and thereby may affect the timing of the payments of the CBC under the Guarantee. This may lead to losses under the Covered Bonds.

4. Risk related to interest rate averaging

In case of interest rate averaging (*rentemiddeling*) a borrower of a mortgage loan is offered a new fixed interest rate whereby the (agreed-upon) fixed interest will be reduced taking into account the current interest rate offered by such offeror for the relevant period, the risk profile, and the break costs for the fixed interest. Interest rate averaging may be favourable for a borrower in case the agreed-upon fixed interest rate in force at that time is (substantially) higher than the current market interest rate. Since 1 July 2019, the offeror of mortgage loans may only charge costs to a borrower for making use of interest rate averaging which do not exceed the actual loss of the offeror. At this time, the Originators do not offer interest rate averaging to Borrowers. However, this may change and the Originator may allow Borrowers to apply for interest rate averaging in the future. It should be noted that interest rate averaging may have a downward effect on the interest received on the relevant Mortgage Loans, which could lead to losses under the Covered Bonds.

B. SET-OFF RISKS AND OTHER DEFENCES THAT MAY AFFECT THE PROCEEDS RECEIVED UNDER THE MORTGAGE RECEIVABLES

1. Set-off by Borrowers may affect the proceeds under the Mortgage Receivables

Under Dutch law a debtor has a right of set-off against a counterparty if it has a claim that corresponds to a debt to the same counterparty and it is entitled to pay its debt as well as to enforce payment of its claim. Subject to these requirements being met, each Borrower will be entitled to set off amounts (i) due by the relevant Originator (other than Aegon Bank) to it (if any) with amounts it owes in respect of the relevant

Mortgage Receivable prior to the notification to the Borrowers of Assignment I and/or Assignment II and after notification to the Borrowers of Assignment I, but prior to notification to the Borrowers of Assignment II, due by the Transferor to it with amounts it owes in respect of the relevant Mortgage Receivable and (ii) due by Aegon Bank as Originator to it (if any) with amounts it owes in respect of the relevant Mortgage Receivable prior to notification to the Borrowers of Assignment II.

Such amounts due and payable by the relevant Originator or Transferor to a Borrower could, *inter alia*, result from current account balances, insurance claims or deposits made with the relevant Originator or Transferor. Also, such claims of a Borrower could, *inter alia*, result from (investment) services rendered by the relevant Originator or Transferor to the Borrower (if rendered at all) such as investment advice rendered by the relevant Originator or Transferor or services for which the relevant Originator or Transferor is responsible or held liable. As a result of set-off of amounts due and payable by the relevant Originator or Transferor to the Borrower with amounts the Borrower owes in respect of the relevant Mortgage Receivable, the relevant Mortgage Receivable will, partially or fully, be extinguished (*gaat teniet*). Set-off by Borrowers could thus affect the proceeds under the Mortgage Receivables.

The conditions applicable to the Mortgage Loans provide that payments by the Borrowers should be made without set-off. Although this clause is intended as a waiver by the Borrowers of their set-off rights *vis-à-vis* the relevant Originator, under Dutch law it is uncertain whether such waiver will be valid. A provision in general conditions (such as the applicable mortgage conditions) is voidable (*vernietigbaar*) if the provision is deemed to be unreasonably onerous (*onredelijk bezwarend*) for the party against whom the general conditions are used. A clause containing a waiver of set-off rights is, subject to proof to the contrary, assumed to be unreasonably onerous if the party, against which the general conditions are used, does not act in the conduct of its profession or trade (i.e. a consumer). However, the fact that in the relationship with a consumer a provision (such as a waiver of set-off) is presumed to be unreasonably onerous may be relevant when determining whether such provision is also unreasonably onerous *vis-à-vis* a counterparty which is not a consumer, particularly when this counterparty resembles a consumer. Should such waiver be invalid and in respect of Mortgage Loans which do not contain such waiver, the Borrowers will have the set-off rights described in the previous paragraph. Set-off by Borrowers could affect the proceeds under the Mortgage Receivables and as a result lead to losses under the Covered Bonds.

After notification of Assignment I (and/or Assignment II) to a Borrower, such Borrower will also continue to have set-off rights in respect of claims it has on the relevant Originator *vis-à-vis* the Transferor (or, after the notification of Assignment II, on the relevant Originator and/or the Transferor *vis-à-vis* the CBC), provided that the legal requirements for set-off are met (see above), and further provided that (i) the counterclaim of the Borrower results from the same legal relationship as the relevant Mortgage Receivable, or (ii) the counterclaim of the Borrower has been originated (*opgekomen*) and became due and payable (*opeisbaar*) prior to Assignment I and notification thereof to the relevant Borrower. The question whether a court will come to the conclusion that the relevant Mortgage Receivable and the claim of the Borrower against the relevant Originator result from the same legal relationship will depend on all relevant facts and circumstances involved. But even if these would be held to be different legal relationships, set-off will be possible if the counterclaim of the Borrower has originated and became due and payable prior to notification of Assignment I, provided that all other requirements for set-off have been met (see above). A balance on a current account is due and payable at any time and, therefore, this requirement for set-off will be met. In the case of deposits, including any Construction Deposits, it will depend on the term of the deposit whether the balance thereof will be due and payable at the moment of notification of Assignment I. If following receipt of notification of Assignment I, amounts are debited from or credited to the current account or, as the case may be, the deposit account, the Borrower will only be permitted to set-off its claim *vis-à-vis* the Transferor or the CBC as assignee for the amount of its claim at the moment such notification is received, after deduction of amounts which have been debited from the current account or the deposit account after receipt of such notification, notwithstanding that amounts may have been credited after receipt of such notification. The above applies *mutatis mutandis* to the pledge of the Mortgage Receivables envisaged in the Security Trustee Receivables Pledge Agreement. The above applies *mutatis mutandis* to the right of set-off in respect of the Transferor and the CBC after notification of Assignment II to the Borrowers.

After a Borrower has been notified of Assignment II (together with the notification of Assignment I, if applicable), the Borrower will have the right of set-off of a counterclaim *vis-à-vis* the CBC on (i) the relevant Originator and/or (ii) the Transferor, provided that the requirements for set-off after notification of an assignment have been satisfied (see previous paragraph).

If notification of Assignment II and/or Assignment I is made after the Transferor's and/or the relevant Originator's bankruptcy or suspension of payments having become effective, it is defended in legal literature that the Borrower will, irrespective of the notification of the assignment, continue to have the broader set-off rights afforded to it in the Dutch Bankruptcy Code. Under the Dutch Bankruptcy Code a person which is both debtor and creditor of the bankrupt entity can set off its debt with its claims, if both its debt and its claim (i) came into existence prior to the moment at which the bankruptcy became effective or (ii) resulted from transactions with the bankrupt entity concluded prior to the bankruptcy becoming effective. A similar provision applies in case of suspension of payments.

The Guarantee Support Agreement provides that if a Borrower sets off amounts due to it by the Transferor or the Originator against the relevant Mortgage Receivable, including, without limitation, any deposits owed to it with the relevant Mortgage Receivable and, as a consequence thereof, the CBC or the Security Trustee, as applicable, does not receive the amount which it is entitled to receive with respect to such Mortgage Receivable, the Transferor will pay to the CBC or the Security Trustee, as applicable, an amount equal to the difference between the amount which the CBC or the Security Trustee, as applicable, would have received with respect to the relevant Mortgage Receivable if no set-off had taken place and the amount actually received by the CBC or the Security Trustee, as applicable, with respect to such Mortgage Receivable. Receipt of such amount by the CBC or the Security Trustee, as applicable, is subject to the ability of the Transferor to actually make such payments. If the Transferor would not meet its obligations under the Guarantee Support Agreement, set-off by Borrowers could lead to losses under the Covered Bonds.

For specific set-off issues relating to the Life Insurance Policies or Investment Mortgage Loans, reference is made to the paragraphs *Risk of set-off or defences by Borrowers in case of insolvency of the Insurance Company* and *Risks related to offering of Investment Mortgage Loans and Life Insurance Policies*, respectively.

2. Risk of set-off or defences in respect of investments under Investment Mortgage Loans

The Transferor has represented that with respect to Investment Mortgage Loans, the relevant investments held in the name of the relevant Borrower have been validly pledged to the relevant Originator and the securities are purchased for investment purposes on behalf of the relevant Borrower by an investment firm (*beleggingsonderneming*) in the meaning ascribed thereto in the Wft, such as a securities broker or a portfolio manager, or by a bank, each of which is by law obliged to make adequate arrangements to safeguard the clients' rights to such securities. The CBC has been advised that on the basis of this representation the relevant investments should be effectuated on a bankruptcy remote basis and that, in respect of these investments, the risk of set-off or defences by the Borrowers should not be relevant in this respect. If the investments were to be lost, this may lead to the Borrowers trying to invoke set-off rights or defences against the CBC on similar grounds as discussed under *Risk of set-off and defences by Borrowers in case of insolvency of Insurance Company*. Set-off by Borrowers could affect the proceeds under the Mortgage Receivables and as a result lead to losses under the Covered Bonds.

3. Risks related to offering of Investment Mortgage Loans and Life Insurance Policies and Universal Life Mortgage Loans with the Investment Alternative

The value of investments (i) made by the Insurance Company in connection with the Life Insurance Policies and Savings Investment Insurance Policies or (ii) made on behalf of the Borrowers under the Investment Mortgage Loans, may not provide the Borrower with sufficient proceeds to fully repay the related Mortgage Receivables at their maturity, which could lead, depending on the value of the Mortgage Assets and other financial assets of such Borrower, if any, to a loss in respect of such Mortgage Receivables and/or the CBC having insufficient funds to pay its liabilities in full. This may lead to losses under the Covered Bonds. Further, if the development of the value of these investments is not in line with

the expectations of a Borrower, such Borrower may try to invoke set-off or be entitled to other defences against the relevant Originator, the Transferor or the CBC, as the case may be, by arguing that he has not been properly informed of the risks involved in the investments. Apart from the general obligation of contracting parties to provide information, several provisions of law are applicable to offerors of financial products, such as Investment Mortgage Loans, Life Mortgage Loans and Universal Life Mortgage Loans with the Investment Alternative. In addition, several codes of conduct apply on a voluntary basis. On the basis of these provisions offerors of these products (and intermediaries) have a duty, inter alia, to provide the customers with accurate, complete and non-misleading information about the product, the costs and the risks involved. These requirements have become more strict over time. A breach of these requirements may lead to a claim for damages from the customer on the basis of breach of contract or tort or the relevant contract may be dissolved (*ontbonden*) or nullified on the basis of misrepresentation (*bedrog*) or error (*dwalen*) or a Borrower may claim set-off or defences against the relevant Originator, the Transferor or the CBC (or the Security Trustee). The merits of any such claim will, to a large extent, depend on the manner in which the Mortgage Loans have been marketed by the relevant Originator and/or its intermediaries and the promotional material provided to the Borrower. Depending on the relationship between the offeror and any intermediary involved in the marketing and sale of the product, the offeror may be liable for actions of the intermediaries which have led to a claim. The risk of such claims being made increases, if the value of investments made under Investment Mortgage Loans, or Savings Investment Mortgage Loans or Life Insurance Policies or Savings Investment Insurance Policies is not sufficient to redeem the Mortgage Loans.

In this respect it is further noted that - despite the improvements and compensation arrangements made by Aegon - there is still media, political and regulatory attention regarding unit-linked policies (*beleggingsverzekeringen*). Individual customers as well as policyholder advocate groups and their representatives continue to focus on the fees and charges included in products, as well as alleged transparency aspects. The Issuer expects this to remain an issue for the industry for the foreseeable future. Exposure and attention will be stimulated by court cases.

In September 2014, consumer interest group Vereniging Woekerpolis.nl filed a class action against the Insurance Company and Aegon Spaarkas in court. The claim was related to a range of unit-linked products that the Insurance Company sold in the past and include products that already had been subject to litigation, such as KoersPlan. The claim challenges a variety of elements of these products, on multiple legal grounds, including allegations made previously. On June 28, 2017 (and revised in December 2017) the District Court of The Hague has issued a final ruling which limited the scope to three products, Koersplan (tontine), Vermogensplan (tontine) and Fundplan (UL) and excluded all policies with a guarantee. The court upheld the principle that disclosures must be evaluated according to standards at the time when the relevant products were placed in-force. Most of the claims of Vereniging Woekerpolis.nl were dismissed under this standard, although the court found that the Insurance Company did not adequately disclose certain charges on a limited set of policies. According to the court these cost levels should be reasonable. The court did not give a judgement about the reasonableness of the cost levels and whether the previous compensation arrangements provide sufficient compensation. This ruling is appealed by both parties and is now pending at the Court of Appeals. Furthermore there are individual claims pending at the Klachteninstituut Financiële Dienstverlening (KiFID) filed by customers over products of the Insurance Company that arguably include similar allegations. At this time the decisions of KiFID and courts are far from homogeneous.

The Insurance Company expects the claims and litigation on unit-linked products to continue for the foreseeable future. Developments in similar cases against other Dutch insurers currently before regulators and courts may also affect the Insurance Company. At this time, the Insurance Company is unable to estimate the range or potential maximum liability.

Moreover, in the Netherlands, there is ongoing discussion and litigation at the courts and KiFID regarding the disclosure of contingent costs, commissions and premiums and other transparency issues. As for the mortgage lending business, the discussion in particular concerns the duty of care (*zorgplicht*) and pricing of mortgage loans. The Insurance Company, in its capacity as mortgage lender, may be affected by the outcome of these discussions and litigation.

It is not yet possible to determine the direction or outcome of any further debate, discussion or alleged claims, including what actions, if any, the Insurance Company may take in response thereto, or the impact that any such actions or claims (including claims to pay statutory interest from the first payment of premium) may have on the Insurance Company's business, results of operations and financial position. Any such actions, whether triggered by legal requirements or commercial necessity, any substantial legal liability or a significant regulatory action could have a material adverse effect on the Insurance Company's business, results of operations and financial condition. The Life Insurance Policies and the Savings Investment Insurance Policies may qualify as unit-linked products referred to in the paragraphs above. These Life Insurance Policies and Savings Investment Insurance Policies are linked to Life Mortgage Loans and Universal Life Mortgage Loans granted by the relevant Originator. If Life Insurance Policies or Savings Investment Insurance Policies related to the Mortgage Loans would for the reasons described in the paragraphs above be dissolved, nullified or otherwise terminated, this will affect the collateral granted to secure these Mortgage Loans (e.g. the Beneficiary Rights would cease to exist). The Issuer has been advised that, depending on the circumstances involved, in such case the Mortgage Loans connected thereto can possibly also be dissolved or nullified. Even if the Mortgage Loan is not affected, the Borrower/insured may invoke set-off or other defences against the Issuer. The analysis in that situation is similar to the situation in case of insolvency of the insurer, except if the relevant Originator is itself liable, whether jointly with the insurer or separately, vis-à-vis the Borrower/insured (see for a description of risks in relation to the bankruptcy of an insurer Risk of set-off or defences under Life Mortgage Loans, Savings Mortgage Loans and Savings Investment Mortgage Loans below). In this situation set-off or defences against the Issuer could be invoked, which will probably only become relevant in case of bankruptcy having commenced in respect of the relevant Originator and/or the relevant Originator not indemnifying the Borrower. Any such set-off or defences may lead to losses under the Covered Bonds.

4. Risk of set-off or defences by Borrowers in the event of an insolvency of the Insurance Company

Under certain types of Mortgage Loans the relevant Originator has the benefit of rights under the Insurance Policies with the Insurance Company. Under the Insurance Policies the Borrowers pay a premium consisting of a risk element and a savings or investment element (capital element). The capital element of the premium received under the Savings Insurance Policy is invested in the related Savings Mortgage Receivable. In case of a Savings Investment Insurance Policy, the capital element may or may not be invested in the related Savings Investment Insurance Receivable. In case of Life Mortgage Loans and Universal Life Mortgage Loans with the Investment Alternative, the capital premium is not (directly or indirectly) invested in the related Mortgage Receivable, but invested in certain funds. The intention of the Insurance Policies is that at maturity of the relevant Mortgage Loan, the proceeds of the savings or investments can be used to repay the relevant Mortgage Loan, whether in full or in part. If the Insurance Company is no longer able to meet its obligations under the Insurance Policies, for example as a result of bankruptcy, this could result in the amounts payable under the Insurance Policies either not, or only partly, being available for application in reduction of the relevant Mortgage Receivables. This may lead to the Borrowers trying to invoke set-off rights and defences which may have the result that the Mortgage Receivables will be, fully or partially, extinguished (*teniet gaan*) or cannot be recovered for other reasons, which could lead to losses under the Covered Bonds.

As set out in *Set-off by Borrowers may affect the proceeds under the Mortgage Receivables* above, pursuant to the Mortgage Conditions the Borrowers have waived their set-off rights, but it is uncertain whether such waiver is effective.

If the waiver described above is not effective, the Borrowers will, in order to invoke a right of set-off, need to comply with the applicable legal requirements for set-off. One of these requirements is that the Borrower should have a claim which corresponds to his debt to the same counterparty. In respect of Mortgage Loans originated by Aegon Leven this condition is met, as it also the Insurance Company. In respect of Mortgage Loans originated by Originators, other than Aegon Leven, it is noted that the Insurance Policies are contracts between the Insurance Company and the Borrowers. Therefore, in order to invoke a right of set-off, the Borrowers would have to establish that the relevant Originator and the Insurance Company should be regarded as one legal entity or, possibly, based upon interpretation of case law, that set-off is allowed, even if the relevant Originator and the Insurance Company are not considered as one legal entity, since the Insurance Policies and the Mortgage Loans might be regarded as one inter-related legal relationship.

Another requirement is that the Borrowers should have a counterclaim that is due and payable. If the Insurance Company is declared bankrupt, the Borrower will have the right unilaterally to terminate the Insurance Policy and to receive a commutation payment (*afkoopsom*). These rights are subject to the Borrower Insurance Pledge. However, despite this pledge, it could be argued that the Borrower will be entitled to invoke a right of set-off for the commutation payment, subject, to what is stated above under *The pledge over the Insurance Policies may not be effective*. Apart from the right to terminate the Insurance Policies, the Borrowers are also likely to have the right to dissolve the Insurance Policies and to claim restitution of premiums paid and/or supplementary damages. It is uncertain whether such claim is subject to the Borrower Insurance Pledge. If not, the Borrower Insurance Pledge would not obstruct a right of set-off in respect of such claim by the Borrowers.

Set-off *vis-à-vis* the CBC after notification of the assignment would be subject to the additional requirements for set-off after assignment being met (see *Set-off by Borrowers may affect the proceeds under the Mortgage Receivables* above). In the case of Savings Mortgage Loans, Savings Investment Mortgage Loans, Universal Life Mortgage Loans and Life Mortgage Loans (one of) these requirements is/are likely to be met, since it is likely that the (i) Savings Mortgage Loans and the Savings Insurance Policies, (ii) Universal Life Mortgage Loans and the Savings Investment Insurance Policies and (iii) Life Mortgage Loans and the Life Insurance Policies, are to be regarded as one legal relationship. If the Savings Mortgage Loan and the Savings Insurance Policy or the Universal Life Loan and the Savings Investment Insurance Policy or the Life Mortgage Loan and the Life Insurance Policy are regarded as one legal relationship, the assignment will not interfere with the set-off. The Issuer and the CBC have been advised that it is unlikely, however, that the Mortgage Loans and the Insurance Policies should be regarded as one legal relationship in cases where the Originator is not also the Insurance Company.

Even if the Borrowers cannot invoke a right of set-off, they may invoke defences *vis-à-vis* the relevant Originator, the CBC and/or the Security Trustee, as the case may be. The Borrowers will have all defences afforded by Dutch law to debtors in general. Borrowers could argue that the Mortgage Loans and the Insurance Policies are to be regarded as one inter-related legal relationship and could on this basis claim a right of annulment or rescission of the Mortgage Loans or possibly suspension of their obligations thereunder. They could also argue that it was the intention of the Borrower, the relevant Originator and the Insurance Company, at least they could rightfully interpret the mortgage conditions and the promotional materials in such manner, that the Mortgage Receivable would be (fully or partially) repaid by means of the proceeds of the relevant Insurance Policy and that, failing such proceeds being so applied, the Borrower is not obliged to repay the (corresponding) part of the Mortgage Receivable. Also, a defence could be based upon principles of reasonableness and fairness (*redelijkheid en billijkheid*) in general, i.e. that it is contrary to principles of reasonableness and fairness for the Borrower to be obliged to repay the Mortgage Receivable to the extent that he has failed to receive the proceeds of the Insurance Policy. The Borrowers could also base a defence on "error" (*dwalig*), i.e. that the Mortgage Loans and the Insurance Policy were entered into as a result of "error". If this defence would be successful, this could lead to annulment of the Mortgage Loan, which would have the result that the CBC no longer holds the relevant Mortgage Receivable.

Risk of set-off or defences in relation to Life Mortgage Loans, Universal Life Mortgage Loans with the Investment Alternative, Savings Investment Mortgage Loans and Savings Mortgage Loans

In respect of Life Mortgage Loans, Universal Life Mortgage Loans with the Investment Alternative, Savings Investment Mortgage Loans and Savings Mortgage Loans originated by Aegon Leven, the Issuer and the CBC have been advised that, in view of the factual circumstances involved, in particular that the Mortgage Loans and the Insurance Policies are originated by one and the same legal entity, there is a considerable risk (*aanmerkelijk risico*) that in the event that the Borrowers cannot recover their claims under the relevant Insurance Policies, the courts will honour set-off or defences invoked by Borrowers, as described above.

In respect of Savings Mortgage Loans and Savings Investment Mortgage Loans originated by Aegon Hypotheken, the Issuer and the CBC have been advised that, in view of the factual circumstances involved, in particular that the Mortgage Loans and the Insurance Policies are marketed as one single package under one name, there is a considerable risk (*aanmerkelijk risico*) that in the event that the Borrowers cannot recover their claims under the relevant Insurance Policies, the courts will honour set-off or defences invoked by Borrowers, as described above. In respect of the Life Mortgage Loans and

Universal Life Mortgage Loans with the Investment Alternative originated by Aegon Hypotheken, the Issuer and the CBC have been advised that the risk can certainly not be excluded (*risico kan zeker niet worden uitgesloten*) that any set-off or defences (as described above) would be successful, in view of the fact that such Mortgage Loans and Life Insurance Policies are marketed as one single package under one name.

Risk of set-off or defences in relation to the Insurance Savings Participation Agreement

With a view to the risks regarding the Savings Mortgage Loans and the Savings Investment Mortgage Loans set out above the CBC, the Security Trustee and the Insurance Savings Participant have entered into the Insurance Savings Participation Agreement with respect to Savings Mortgage Loans and Savings Investment Mortgage Loans. In respect of Savings Mortgage Loans and the Savings Investment Mortgage Loans which are subject to an Insurance Savings Participation, the Insurance Savings Participation Agreement will provide that should a Borrower invoke a defence, including but not limited to a right of set-off or counterclaim in respect of such Savings Mortgage Loan or such Savings Investment Mortgage Loan if, for whatever reason, the Insurance Savings Participant does not pay the insurance proceeds when due and payable, whether in full or in part, under the relevant Savings Insurance Policy and, as a consequence thereof, the CBC will not have received any amount outstanding prior to such event in respect of the relevant Savings Mortgage Receivable or the relevant Savings Investment Mortgage Receivable, the relevant Insurance Savings Participation of the Insurance Savings Participant will be reduced by an amount equal to the amount which the CBC has failed to receive. The amount of the Insurance Savings Participation is equal to the amounts of Savings Premium or the Savings Investment Premium received by the CBC plus the accrued yield on such amount (see section *Participation Agreements* below), provided that the Insurance Savings Participant will have paid all amounts equal to the amounts due under the Insurance Savings Participation Agreement to the CBC. Therefore, normally the CBC will not suffer any damages if the Borrower would invoke any such set-off or defence, if and to the extent that the amount for which the Borrower would invoke set-off or defences does not exceed the amount of the Insurance Savings Participation. However, the amount for which the Borrower can invoke set-off or defences may, depending on the circumstances, exceed the amount of the Insurance Savings Participation. The remaining risk will be that if and to the extent that the amount for which a Borrower successfully invokes set-off or defences would exceed the relevant Insurance Savings Participation, such set-off or defences could reduce the amount due by the Borrower with such amount and could lead to losses under the Covered Bonds.

If no Insurance Savings Participation Agreement is entered into with respect to the relevant Mortgage Receivables, the risk will be taken into account through deduction of the Asset Cover Test.

5. Risk of set-off or defences in case of Bank Savings Mortgage Loans

Each Bank Savings Mortgage Loan has the benefit of the balances standing to the credit of the relevant Bank Savings Account, which is held with the Bank Savings Participant. If the Bank Savings Participant is no longer able to meet its obligations in respect of the relevant Bank Savings Account, for example as a result of bankruptcy, this could result in the balance standing to the credit of the relevant Bank Savings Account either not, or only partly, being available for application in reduction of the Mortgage Receivable. This may lead to the Borrower trying to invoke set-off rights and defences against the relevant Originator, the Transferor, the CBC or the Security Trustee, as the case may be, which may have the result that the relevant Mortgage Receivables will be, fully or partially, extinguished (*tenietgaan*) or cannot be recovered for other reasons.

As of 1 January 2014 the Bank Savings Deposit will be set-off with the relevant Bank Savings Mortgage Receivable by operation of law, if and when in respect of the Bank Savings Participant (i) the Deposit Guarantee Scheme has been instituted by DNB or (ii) bankruptcy (*faillissement*) has been declared, irrespective of any rights of third parties, such as the Issuer, with respect to the Bank Savings Mortgage Receivable. In addition, in circumstances where the set-off by operation of law does not apply, there is a considerable risk that the Borrower will, or in cases where the Bank Savings Participant is also the originator, the Borrower will be entitled to set off amounts due by the Bank Savings Participant under the Bank Savings Deposit, with the relevant Bank Savings Mortgage Receivable. Set-off by Borrowers could affect the proceeds under the Mortgage Receivables and as a result lead to losses under the Covered Bonds.

6. Risk in relation to the Bank Savings Participation

To mitigate the risk of set-off or defenses with respect to Bank Savings Mortgage Loans, the Security Trustee and the Bank Savings Participant have entered into the Bank Savings Participation Agreement. The Bank Savings Participation Agreement provides that should a Borrower invoke a defence, including but not limited to a right of set-off or counterclaim in respect of such Bank Savings Mortgage Loan if, for whatever reason, the Bank Savings Participant does not pay the amount when due and payable, whether in full or in part, under the relevant Bank Savings Deposit and, as a consequence thereof, the CBC will not have received any amount outstanding prior to such event in respect of the relevant Bank Savings Mortgage Receivable, the relevant Bank Savings Participation of the Bank Savings Participant will be reduced by an amount equal to the amount which the CBC has failed to receive.

The amount of the Bank Savings Participation is equal to the amounts of Bank Savings Deposit received by the CBC plus the accrued yield on such amount (see section *Participation Agreements* below), provided that the Bank Savings Participant will have paid all amounts equal to the amounts due under the Bank Savings Participation Agreement to the CBC. Therefore, normally the CBC would not suffer any damages if the Borrower would invoke any such right of set-off or defences, if and to the extent that the amount for which the Borrower would invoke set-off or defence does not exceed the amount of the relevant Bank Savings Participation. The amount for which the Borrower can invoke set-off or defences may, depending on the circumstances, exceed the amount of the relevant Bank Savings Participation. The remaining risk will be that if and to the extent that the amount for which a Borrower successfully invokes set-off or defences would exceed the relevant Bank Savings Participation, such set-off or defences could lead to losses under the Covered Bonds.

If no Bank Savings Participation Agreement is entered into with respect to the relevant Mortgage Receivables, the risk will be taken into account through deduction of the Asset Cover Test. Set-off by Borrowers could affect the proceeds under the Mortgage Receivables and as a result lead to losses under the Covered Bonds.

7. Risk related to the Construction Deposits being set-off with the Mortgage Receivable

The Borrowers may maintain a Construction Deposit with the relevant Originator. Such amount will be paid out in case certain conditions are met.

Construction Deposits have to be paid out after the building activities or renovation activities have been finalised. Upon the finalisation of such activities, the remaining Construction Deposit will be set off against the relevant Mortgage Receivable. In view of set-off risks the amount of the Construction Deposit is deducted in the Asset Cover Test. The amount for which the Borrower can invoke set-off or defences may, depending on the circumstances, exceed the amount of the Construction Deposit. Therefore, the remaining risk is that, if and to the extent that the amount for which a Borrower successfully invokes set-off or defences exceeds the relevant Construction Deposit, such set-off or defence may lead to losses under the corresponding Mortgage Receivables, which would reduce the amounts available for payment to Covered Bondholders.

C. RISK REGARDING INSURANCE POLICIES AND BENEFICIARY RIGHTS

1. Risks related to Beneficiary Rights under the Insurance Policies

The Transferor and the CBC have been advised that it is unlikely that (i) the appointment of the relevant Originator as beneficiary will be regarded as an ancillary right and (ii) such appointment as beneficiary will follow the Mortgage Receivables upon assignment or pledge thereof to the Transferor and, subsequently, to the CBC or the Security Trustee. In addition, the appointment as beneficiary must be accepted to become binding, and if the Originator is also the Insurance Company the appointment as beneficiary may not be effective (which applies to the Mortgage Loans originated by the Insurance Company). The Beneficiary Rights will be assigned by the relevant Originator (other than Aegon Bank) to the Transferor and, subsequently, to the CBC and will be pledged to the Security Trustee by the CBC (see *Description*

of Security below). The assignment and pledge of the Beneficiary Rights must be notified to the relevant insurance company before becoming effective, which notification is obligatory, subject to certain exceptions upon an Assignment Notification Event. However, the Transferor and the CBC have been advised that it is uncertain whether this assignment and pledge will be effective.

Pursuant to the Guarantee Support Agreement, the Transferor will undertake that it will use its best efforts upon the occurrence of an Assignment Notification Event or, in respect of Mortgage Receivables originated by Aegon Leven or Aegon Hypotheken, upon the occurrence of both an Assignment Notification Event and an Originator Assignment Notification Event in respect of Aegon Leven or Aegon Hypotheken, as the case may be, to terminate the appointment of the relevant Originator as beneficiary under the Insurance Policies and to appoint the CBC or the Security Trustee, as the case may be, as first beneficiary under the Insurance Policies. The relevant Originators shall cooperate and assist the Transferor to ensure that such notifications are made.

In the event that a Borrower Insurance Proceeds Instruction has been given, the Transferor and each Originator will undertake to use its best efforts following an Assignment Notification Event or, in respect of Mortgage Receivables originated by Aegon Leven or Aegon Hypotheken, following both an Assignment Notification Event and an Originator Assignment Notification Event in respect of Aegon Leven or Aegon Hypotheken, as the case may be, to withdraw the Borrower Insurance Proceeds Instruction in favour of the relevant Originator and to issue such instruction in favour of (i) the CBC subject to the dissolving condition (*ontbindende voorwaarde*) of a Security Trustee Pledge Notification Event and (ii) the Security Trustee under the condition precedent (*opschortende voorwaarde*) of the occurrence of a Security Trustee Pledge Notification Event. The termination and appointment of a beneficiary under the Insurance Policies and the withdrawal and the issue of the Borrower Insurance Proceeds Instruction will require the co-operation of all relevant parties involved. It is uncertain whether such co-operation will be forthcoming.

If the CBC or the Security Trustee, as the case may be, will not become beneficiary of the Insurance Policies or the assignment, pledge or the waiver of the Beneficiary Rights is not effective, any proceeds under the Insurance Policies will be payable to the relevant Originator or to another beneficiary rather than to the CBC or the Security Trustee, as the case may be. If the proceeds are paid to the relevant Originator, it will pursuant to the Guarantee Support Agreement be obliged to pay the amount involved to the CBC or the Security Trustee, as the case may be. If the proceeds are paid to the relevant Originator and the relevant Originator does not pay such amount to the CBC or the Security Trustee, as the case may be, e.g. in case of bankruptcy of the relevant Originator, or if the proceeds are paid to another beneficiary instead of the CBC or the Security Trustee, as the case may be, this may result in the amount paid under the Insurance Policies not being applied in reduction of the relevant Mortgage Receivables. This may lead to the Borrower invoking set-off or defences against the CBC or, as the case may be, the Security Trustee for the amounts so received by the relevant Originator or another beneficiary, as the case may be. This could lead to the CBC having insufficient funds to pay any amounts due under the Guarantee, which in turn could lead to losses under the Covered Bonds.

2. Risk that the Borrower Insurance Pledge will not be effective

All rights of a Borrower under the Insurance Policies have been pledged to the relevant Originator. Under Dutch law there is no general rule to determine whether a claim arising from an insurance policy is an existing claim or a future claim. A distinction can be made between capital insurances (*kapitaalverzekeringen*) and risk insurances (*schadeverzekeringen*). In respect of risk insurances it is noted that the Issuer and the CBC have been advised that it is probable that the right to receive payment under the Insurance Policies, including the commutation payment (*afkoopsom*), will be regarded by a Dutch court as a future right (*toekomstig recht*). Under Dutch law the pledge of a future right is not effective if the pledgor, i.e. the Borrower/policyholder, is declared bankrupt, is granted a suspension of payments or is granted a statutory debt adjustment (*schuldsanering*). Although the Issuer and the CBC have been advised that the Borrower Pledges will follow the Mortgage Receivables upon their assignment to the CBC and/or upon their pledge by the CBC to the Security Trustee, it is however uncertain whether and to what extent the pledges of receivables under said Risk Insurance Policies by the Borrowers are effective. If such pledges are ineffective, this may affect the ability of the CBC to take recourse on the rights under the Risk Insurance Policy and may affect the ability of the CBC to meet its payment obligations under the

Covered Bonds. This may lead to losses under the Covered Bonds.

3. Risk that the Borrower Bank Savings Deposit Pledge will not be effective

A right of pledge over a future right (*toekomstig recht*) is, under Dutch law, not effective if the pledgor is declared bankrupted or granted a suspension of payments or has become subject to debt restructuring, prior to the moment such right comes into existence. The Issuer has been advised that the increases in rights of the Borrower in connection with the Bank Savings Accounts which have been pledged in favour of the Seller are future rights and any increases of the balance after bankruptcy of the Borrower will not be covered by the Borrower Bank Savings Deposit Pledge, which may result in losses under the Covered Bonds.

D. RISK REGARDING THE MORTGAGED ASSETS AND OTHER SECURITY RIGHTS

1. Risks associated with declining property value

No assurance can be given that values of the Mortgaged Assets have remained or will remain at the level at which they were on the date of origination of the related Mortgage Loans. House prices in the Netherlands have, on average (regional differences in the rate of change can be noticed), declined and increased in the past and increased in recent years substantially (see in this respect section 11 (*Overview of the Dutch Residential Mortgage Market*)). If the CBC is required to pay under the Guarantee, a decline in value may result in losses to the Covered Bondholders if the relevant security rights on the Mortgaged Assets are required to be enforced. Neither the Transferor nor the Originators will be liable for any losses incurred by the Covered Bondholders, or for any deficiency incurred by the CBC as a result of such decline in value in connection with the relevant Mortgage Loans. As set forth herein, however, Defaulted Receivables will be excluded in the calculation of the Asset Cover Test and the Amortisation Test.

2. Changes to the underwriting criteria may lead to increased defaults by Borrowers

Each of the Mortgage Loans originated by the Originators will have been originated in accordance with its underwriting criteria at the time of origination. Upon transfer of Mortgage Receivables, the Transferor will warrant only that such Mortgage Receivables were originated in accordance with such Originator's underwriting criteria applicable at the time of origination. The relevant Originator retains the right to revise its underwriting criteria from time to time, provided that it acts as a reasonable prudent lender. If the underwriting criteria change in a manner that affects the creditworthiness of the Borrowers under the Mortgage Receivables, this may lead to increased defaults by Borrowers, lower foreclosure proceeds and may affect the realisable value of the Mortgage Receivables, or part thereof, and the ability of the CBC to make payments under the Guarantee. It is however noted that Defaulted Receivables will be excluded in the calculation of the Asset Cover Test and the Amortisation Test.

3. Risk that the All Moneys Security Rights will not follow the Mortgage Receivables upon assignment to the CBC

In respect of Mortgage Loans originated by Aegon Leven, the mortgage deeds relating to the Mortgage Receivables to be assigned to the CBC may provide that (i) the Mortgages created pursuant to such mortgage deeds are All Moneys Mortgages and (ii) the Borrower Pledges are All Moneys Pledges. Pursuant to the Guarantee Support Agreement the Transferor has represented and warranted that none of the Mortgage Loans originated by Aegon Hypotheken are secured by All Moneys Security Rights. The below described risk for All Moneys Security Rights does not apply to Mortgage Loans which are not secured by All Moneys Security Rights.

Under Dutch law a Mortgage is an accessory right (*afhankelijk recht*) which follows by operation of law the receivable with which it is connected. Furthermore, a Mortgage is an ancillary right (*nevenrecht*) and the assignee of a receivable secured by an ancillary right will have the benefit of such right, unless the ancillary right by its nature is, or has been construed as, a purely personal right of the assignor or such transfer is prohibited by law.

Although the view prevailing in the past, that such all moneys security right will as a general rule not follow as an accessory right upon assignment of a receivable which it secures, is still defended, the Issuer and the CBC have been advised that the better view is that as a general rule an all moneys security right in view of its nature follows the receivable as an accessory right upon its assignment. Whether in the particular circumstances involved the all moneys security right will remain with the original holder of the security right, will be a matter of interpretation of the relevant deed creating the security right.

Pursuant to the Guarantee Support Agreement the Transferor will represent and warrant that all Mortgage Loans secured by All Moneys Security Rights (i) provide that in case of assignment or pledge of the Mortgage Receivable the assignee or pledgee will have the benefit of the Mortgage and/or Borrower Pledge, or (ii) do not contain any reference nor indication nor wording to the effect that in case of assignment or pledge of the receivable the mortgage or pledge will not follow the receivable if assigned or pledged. If the relevant mortgage deeds stipulate that in case of assignment of the receivable the mortgage right and right of pledge will partially follow, these stipulations are a clear indication of the intentions of the parties in this respect. The CBC has been advised that, in the absence of circumstances giving an indication to the contrary, the inclusion of these provisions in the Mortgage Loans makes clear that the all moneys security rights (partially) follows the Mortgage Receivable as accessory and ancillary right upon its assignment, but that there is no case law explicitly supporting this advice. If the mortgage deeds do not contain any explicit provision on the issue whether the mortgage right or right of pledge follows the receivable upon its assignment, there is no clear indication of the intention of the parties. The CBC has been advised that, in the absence of circumstances giving an indication to the contrary, also in such case the all moneys security rights should (partially) follow the receivable as accessory and ancillary right upon its assignment, but that there is no case law explicitly supporting this advice and that, consequently, it is not certain what the Netherlands courts would decide if this matter were to be submitted to them, particularly taking into account the prevailing view of Dutch legal commentators on all moneys security rights in the past as described above, which view continues to be defended by some legal commentators.

If a Mortgage has not (partially) followed the Mortgage Receivable upon its assignment, the Security Trustee will not have the benefit of such security right. This will materially affect the ability of the CBC to take recourse on the Mortgaged Asset and the Borrower in case the Borrower defaults under the Mortgage Loans and may affect the ability of the CBC to meet its payment obligations under the Covered Bonds. This may lead to losses under the Covered Bonds.

The above applies *mutatis mutandis* in the case of the pledge of the Mortgage Receivables by the CBC to the Security Trustee under the Security Trustee Receivables Pledge Agreement.

4. Risk that the Mortgages on long leases cease to exist

The Mortgages securing the Mortgage Loans may be vested on a long lease (*erfpacht*). A long lease will, *inter alia*, end as a result of expiration of the long lease term (in the case of a fixed period), or termination of the long lease by the leaseholder or the landowner. In such event the mortgage right will, by operation of law, cease to exist. The landowner can terminate the long lease in the event the leaseholder has not paid the remuneration due for a period exceeding two (2) consecutive years or commits a serious breach of other obligations under the long lease. If the long lease ends, the landowner will have the obligation to compensate the leaseholder. The amount of the compensation will, *inter alia*, be determined by the conditions of the long lease and may be less than the market value of the long lease reduced with unpaid leasehold instalments. In such event the mortgage right will, by operation of law, be replaced by a right of pledge on the claim of the (former) leaseholder against the landowner for such compensation. For the avoidance of doubt, the claim pledged in favour of the mortgagee may be less than the market value of the long lease, since the landowner may set-off this claim with the unpaid leasehold instalments which have become due over the last two consecutive years.

The Transferor has represented in the Guarantee Support Agreement that when underwriting a Mortgage Loan to be secured by a mortgage right on a long lease, each Originator has taken into consideration certain conditions, such as the term of the long lease and that, on the basis of the Mortgage Conditions, the Mortgage Loan becomes immediately due and payable if, *inter alia*, the leaseholder has not paid the

remuneration in relation to the long lease, the leaseholder breaches any obligation under the long lease, or the long lease is dissolved or terminated. In such event there is a risk that the Issuer or the CBC will upon enforcement receive less than the market value of the long lease, which could lead to losses under the Covered Bonds.

5. Risk related to jointly-held All Moneys Security Rights by the Transferor, the CBC and the Security Trustee

If the All Moneys Security Rights have (partially) followed the Mortgage Receivables upon their assignment by the relevant Originator (other than Aegon Bank) to the Transferor and/or by the Transferor to the CBC, the All Moneys Security Rights will be jointly-held by the CBC (or the Security Trustee, as pledgee) and the relevant Originator and will secure both the relevant Mortgage Receivables held by the CBC (or the Security Trustee, as pledgee) and any Other Claims held by the relevant Originator *vis-à-vis* the relevant Borrower. At the date of this Base Prospectus none of the Originators has any Other Claims.

When All Moneys Security Rights are jointly-held by both the CBC or the Security Trustee and the relevant Originator, the rules applicable to a joint estate (*gemeenschap*) apply. The Dutch Civil Code provides for various mandatory rules applying to such jointly-held rights. In the Guarantee Support Agreement each Originator, the CBC and the Security Trustee have agreed that the CBC and/or the Security Trustee (as applicable) will manage and administer such jointly-held rights. Certain acts, including acts concerning the day-to-day management (*beheer*) of the jointly-held rights, may under Dutch law be transacted by each of the participants (*deelgenoten*) in the jointly-held rights. All other acts must be transacted by all of the participants acting together in order to bind the jointly-held rights. It is uncertain whether the foreclosure of the All Moneys Security Rights will be considered as day-to-day management, consequently, it is uncertain whether the consent of the relevant Originator's bankruptcy trustee (*curator*) (in case of bankruptcy) or administrator (*bewindvoerder*) (in case of suspension of payments), as the case may be, may be required for such foreclosure. Each Originator, the CBC and the Security Trustee have agreed that in case of foreclosure the share (*aandeel*) in each jointly-held All Moneys Security Right of the Security Trustee and/or the CBC will be equal to the Outstanding Principal Amount of the Mortgage Receivable, increased with interest and costs, if any, and the share of the relevant Originator will be equal to the Net Proceeds less the Outstanding Principal Amount, increased with interest and costs, if any. The Issuer and the CBC have been advised that although a good argument can be made that this arrangement will be enforceable against the relevant Originator or, in case of its bankruptcy, its bankruptcy trustee or administrator, as the case may be, this is not certain. Furthermore, it is noted that this arrangement may not be effective against the Borrower.

If (a bankruptcy trustee or administrator of) the relevant Originator would, notwithstanding the arrangement set out above, enforce the jointly-held All Moneys Security Rights securing the relevant Mortgage Receivables, the CBC and/or the Security Trustee would have a claim against the relevant Originator (or, as the case may be, its bankruptcy estate) for any damages as a result of a breach of the contractual arrangements, but such claim would be unsecured and non-preferred, which may lead to losses under the Covered Bonds.

E. OTHER RISKS REGARDING THE MORTGAGE RECEIVABLES

1. Limited recourse to the Transferor

The CBC will not, and the Security Trustee will not, undertake any investigations, searches or other actions on any Mortgage Receivable and will rely instead on the Mortgage Receivables Warranties given in the Guarantee Support Agreement by the Transferor in respect of the relevant Mortgage Receivables.

If any Mortgage Receivable does not materially comply with any of the Eligibility Criteria as at the Transfer Date of that Mortgage Receivable or is or becomes a Defaulted Receivable, then such Mortgage Receivables will be excluded in the calculation of the Asset Cover Test and the Amortisation Test. However, if the Transferor in such case does not transfer additional Eligible Receivables, the CBC may have insufficient assets to comply with its obligations and/or the Asset Cover Test or the Amortisation Test, as the case may be, may be breached. This may lead to losses under the Covered Bonds.

2. Risks related to NHG Guarantee

Mortgage Loans may have the benefit of an NHG Guarantee issued by Stichting WEW. Pursuant to the terms and conditions (*voorwaarden en normen*) applicable to the NHG Guarantee, Stichting WEW has no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the terms and conditions of the NHG Guarantee.

The Transferor will in the Guarantee Support Agreement represent and warrant that: (i) each NHG Mortgage Loan Receivable has the benefit of an NHG Guarantee which has been granted for the full Outstanding Principal Amount in respect of the NHG Mortgage Loan or Loan Part at origination and constitutes legal, valid and binding obligations of Stichting WEW enforceable in accordance with its terms, (ii) all the NHG Conditions were complied with and (iii) the Transferor is not aware of any reason why any claim under the NHG Guarantee granted by Stichting WEW in respect of any NHG Mortgage Loan Receivable should not be met in full and in a timely manner, provided that in respect of NHG Mortgage Loan Receivables or Further Advance Receivables originated after 1 January 2014, the relevant Originator (or its successor) is obliged to participate for 10% in any loss claims made under the NHG Guarantee. If, notwithstanding such representation, Stichting WEW has no obligation to pay any such loss, then such loss may have an adverse effect on the ability of the CBC to make any payments under the Covered Bonds.

Finally, the terms and conditions of the NHG Guarantee stipulate that each NHG Guarantee (irrespective of the type of redemption of the mortgage loan) is reduced on a monthly basis by an amount which is equal to the amount of the monthly repayments plus interest as if the Mortgage Loan were to be repaid on a thirty (30) year annuity basis. The actual redemption structure of a Mortgage Loan can be different. The difference between such reduction of the NHG Guarantee and the actual redemption structure of the Mortgage Loan cannot be recovered with Stichting WEW, which may lead to losses under the Covered Bonds. Mortgage loans taken out for houses purchased after 1 January 2013 have to be repaid in full in thirty (30) years and at least on an annuity basis in order to be eligible for mortgage interest relief (*hypotheekrenteaftrek*).

In relation to the representations and warranties given by the Transferor in this respect, also see the risk factor "*Not all risks are deducted from the Asset Cover Test and/or the Amortisation Test.*"

For a description of the NHG Guarantee, see section 12 (*NHG Guarantee Programme*).

3. Changes to Dutch tax treatment of interest on Mortgage Loans and tax deductibility may impose various risks

The Dutch tax system allows borrowers to deduct, subject to certain limitations, mortgage interest payments for owner-occupied residences from their taxable income. The deduction period allowed is restricted to a term of thirty (30) years. For the 2021 year, the maximum tax rate against which mortgage interest may be deducted for Dutch income tax purposes (the '**maximum deductibility rate**') is set at 43%. Since 1 January 2020, the maximum deductibility rate decreases with 3% per annum (i.e., 40% in 2022) down to 37.05% in 2023.

This accelerated reduction of the maximum deductibility rate could ultimately have an adverse impact on the ability of Borrowers to pay interest and principal on their Mortgage Loans and may lead to an increase of defaults, or different prepayment and repayment behaviour of the Borrowers of such Mortgage Loans. This may result in defaults on Mortgage Loans in relation to the Transferred Assets and thus may decrease the CBC's proceeds from such Transferred Assets thereby adversely affecting the CBC's ability to meet fully and/or timely its obligations under the Guarantee. This may ultimately lead to losses under the Covered Bonds.

4. New Transferors

The Issuer may propose that any affiliate to the Issuer may become a New Transferor and that such New

Transferor may transfer Eligible Assets to the CBC. However, such New Transferor will only be permitted to become a New Transferor if the conditions precedent set out in the Programme Agreement relating to New Transferors acceding to the Programme are met including, but not limited to, Rating Agency Confirmation.

Any Mortgage Receivables originated by a New Transferor will have been originated in accordance with the underwriting criteria of the New Transferor, which may differ from the underwriting criteria of Mortgage Receivables originated by the Originators. If the underwriting criteria differ in a way that affects the creditworthiness of the Borrowers under the Mortgage Receivables, that may lead to increased defaults by Borrowers and may affect the realisable value of the relevant Mortgage Receivables or any part thereof and/or the ability of the CBC to make payments under the Guarantee. This risk may lead to losses under the Covered Bonds.

5. The CBC has no control over the composition of the pool of Mortgage Receivables transferred to it and no investigations are undertaken in relation to the Mortgage Loans and the Mortgaged Assets in the pool of Mortgage Receivables

The CBC does not select the Mortgage Receivables transferred to it nor does it control the Mortgage Receivables retransferred to the Transferor prior to the service of a Notice to Pay (provided the Asset Cover test is not breached). Prior to the service of a Notice to Pay, the CBC relies on the Asset Cover Test and the Transferor Warranties for this purpose.

Prior to the occurrence of a CBC Event of Default or the service of a Notice to Pay and provided that the Asset Cover Test shall not be breached upon such retransfer, the Transferor may request the retransfer of a Mortgage Receivable from the CBC for any reason. The Transferor can therefore change the composition of the pool of Mortgage Receivables at any time prior to such events and there are no restrictions in the number of changes that may be made to the pool of Mortgage Receivables owned by the CBC. Therefore the CBC only relies on the structural features of the Programme. As a result any overview of the portfolio, for example as included in the monthly reports, may not accurately reflect the actual pool of Mortgage Receivables held by the CBC at any time thereafter, nor does it provide any comfort on the pool of Mortgage Receivables in the future as the pool of Mortgage Receivables may change at any time.

None of the CBC, the Security Trustee, the Arranger, the Dealer, any further Dealer appointed under the Programme or any other person has undertaken or will undertake an independent investigation, searches or other actions to verify the statements of the Transferor concerning itself, the Mortgage Loans, the Mortgage Receivables and the Mortgaged Assets. The CBC and the Security Trustee will rely solely on the Transferor Warranties. Prior to the service of a Notice to Pay and provided that the Asset Cover Test shall not be breached upon such retransfer, the Transferor may also request the retransfer of a Mortgage Receivable from the CBC if a breach of the Mortgage Receivables Warranties occurs on or appears after the relevant Transfer Date in respect of such Mortgage Receivable (see section 10 (*Guarantee Support - Retransfers*)).

Should the Transferor transfer insufficient assets that comply with the Transferor Warranties or retransfer too many assets, and/or fail to take the appropriate action in case of a breach of such warranties, this may have an adverse effect on the ability of the CBC to make payments under the Covered Bonds.

6. Risks related to maturity of Long Term Mortgage Loans

The conditions applicable to the Long Term Mortgage Loans do not provide for a maturity date. The Borrower is only obliged to repay the principal sum of the Long Term Mortgage Loan (or the relevant loan part) in certain events provided for in the applicable general terms and conditions. It is uncertain whether or when any of the other events will occur. A Long Term Mortgage Loan may be a loan part (*leningdeel*) of a Mortgage Loan of which the other loan part(s) do provide for a maturity date. Uncertainty as to whether or when the Borrower is obliged to repay the principal sum of a Long Term Mortgage Loan results in the Issuer having to make estimates on the proceeds to be received under the related Mortgage Receivables, which may turn out to be incorrect and may lead to losses under the Covered Bonds.

RISK FACTORS REGARDING SWAPS

The below risk factors are only relevant in case the CBC will at any time in the future enter into any Swap Agreements. At the Programme Date, the CBC has not entered into any Swap Agreements.

1. Risk related to the mismatches between income and liabilities and termination of a Swap Agreement

Variances are possible in (i) the rates of interest payable on the Mortgage Receivables (which may, for instance, include variable rates of interest, fixed rates of interest or rates of interest which track a base rate), the other Transferred Assets and the CBC Transaction Accounts and (ii) the amounts payable on the outstanding Covered Bonds. The CBC may hedge against these variances by entering into Swap Agreements.

A Swap Counterparty will usually be obliged to make payments under the relevant Swap Agreement without any withholding or deduction of taxes unless required by law. If any such withholding or deduction is required by law, the relevant Swap Counterparty will be required to pay such additional amount necessary to ensure that the net amount actually received by the CBC will equal the full amount that the CBC would have received had no such withholding or deduction been required. The relevant Swap Agreement may provide, however, that if due to a Tax Event, the relevant Swap Counterparty may (with the consent of the CBC and subject to Rating Agency Confirmation) transfer its rights and obligations to another of its offices, branches or affiliates to avoid the relevant Tax Event. If the relevant Swap Counterparty is unable to transfer its rights and obligations under the relevant Swap Agreement to another office, branch or affiliate, it will in such case have the right to terminate the relevant Swap Agreement. Upon such termination, the CBC or the relevant Swap Counterparty may be liable to make a termination payment to the other party.

A Swap Agreement will usually be terminable by one party if - *inter alia*- (i) an Event of Default (as defined therein) occurs in relation to the other party, (ii) it becomes unlawful for either party to perform its obligations under the relevant Swap Agreement, (iii) a CBC Acceleration Notice is served, (iv) a Tax Event occurs as described in the paragraph above or (v) an additional termination event (as defined in the relevant Swap Agreement) occurs. Events of Default under the Swap Agreements in relation to the CBC will in principle be limited to (i) non-payment under the relevant Swap Agreement and (ii) insolvency events. If the relevant Swap Agreement terminates, the CBC will be exposed to changes in the relevant rates of interest. As a result, unless a replacement swap agreement is entered into, the CBC may have insufficient funds to make payments under the Guarantee, if it is required to pay thereunder.

2. Termination payments under Swap Agreements

If a Swap Agreement terminates, then the CBC may be obliged to make a termination payment to the relevant Swap Counterparty. There can be no assurance that the CBC will have sufficient funds available to make such a termination payment, nor can there be any assurance that the CBC will be able to enter into a replacement swap agreement, or if one is entered into, that the credit rating of the replacement swap counterparty will be sufficiently high to prevent a downgrade of the then current ratings of the Covered Bonds by the Rating Agency.

If the CBC is obliged to make a termination payment under any Swap Agreement, such termination payment will in most cases (see the applicable priority of payments) rank ahead of amounts due on the Covered Bonds except where default by, or downgrade of, the relevant Swap Counterparty has caused the relevant Swap Agreement to terminate. The obligation to make a termination payment other than arising from default by, or downgrading of, the Swap Counterparty, may therefore adversely affect the ability of the CBC to meet its obligations under the Guarantee.

3. Differences in timing of obligations of the CBC and Swap Counterparties

With respect to the Swap Agreements, the CBC (or the Issuer on its behalf) may be obliged to make monthly payments to the relevant Swap Counterparty, whereas the relevant Swap Counterparty may not be obliged to make corresponding swap payments for up to twelve (12) months. If the relevant Swap Counterparty does not meet its payment obligations to the CBC, the CBC may have a larger shortfall than it would have had if the relevant Swap Counterparty's payment obligations had coincided with CBC's payment obligations under the relevant Swap. Hence, the difference in timing between the obligations of the CBC and the relevant Swap Counterparty may affect the CBC's ability to make payments under the Guarantee.

4. Payments with respect to Covered Bonds and Swap Agreements during a CBC Payment Period (other than on the CBC Payment Date on which the CBC Payment Period commences)

Following the service of an Issuer Acceleration Notice and a Notice to Pay (but prior to a CBC Acceleration Notice), pursuant to the Trust Deed, the Available Revenue Funds and the Available Principal Funds (less any amounts payable to third parties incurred by the CBC in its ordinary course of business, which may be paid on each day by the CBC) will be applied in accordance with the CBC Priority of Payments on each CBC Payment Date, which date will occur monthly. Payments in respect of interest and principal on a Series of Covered Bonds and in respect of Swap Agreements may however become due and payable on other days than on the relevant CBC Payment Date during a CBC Payment Period. Such amounts will be payable by the CBC on the date on which such payments become due and payable as follows:

- (i) in respect of a Series of Covered Bonds, to the extent that the CBC has entered into a Swap Agreement with respect to such Series of Covered Bonds, from the amounts received under the relevant Swap Agreement connected to such Series after the CBC Payment Date on which the relevant CBC Payment Period commenced;
- (ii) from the amounts reserved in respect of such Series of Covered Bonds or such Swap Agreement pursuant to items (e) and (f) of the CBC Priority of Payments on the CBC Payment Date on which the relevant CBC Payment Period commenced; and
- (iii) in respect of a Series of Covered Bonds, to the extent not so paid in full following application of the funds available in accordance with (i) and (ii) above, from the amounts as were credited to the CBC Transaction Accounts in accordance with item (i) of the CBC Priority of Payments on the CBC Payment Date on which the relevant CBC Payment Period commenced.

To the extent that the amounts under (i), (ii) and (iii) are insufficient to pay the amounts due, the CBC will be unable to meet its obligations with respect to such Series of Covered Bonds.

It is noted that, consequently, should a Swap Counterparty default on its obligation to pay the CBC under a Swap Agreement, and despite the relevant mitigants described above there are insufficient funds available pursuant to item (f) of the CBC Priority of Payments, one or more Series which are subject to a Swap Agreement may not be paid, or not be paid in full during the relevant CBC Payment Period, whereas one or more other Series may be paid in full during that same CBC Payment Period.

5. Risks related to EMIR

EMIR entered into force in all the Member States on 16 August 2012. EMIR establishes certain requirements for OTC derivative contracts, including (i) mandatory clearing obligations, (ii) the mandatory exchange of initial and/or variation margin, (iii) other risk-mitigation techniques for OTC derivative contracts not cleared by a central counterparty and (iv) reporting requirements.

The Issuer does not expect the CBC to be or become subject to the margin requirements or the clearing obligation, as these only apply to certain financial counterparties and non-financial counterparties that (are deemed to) exceed the applicable clearing threshold (established on a group basis). Moreover, even if the CBC would at any time exceed the relevant clearing threshold, it may be able to rely on specific statutory exemptions for OTC contracts concluded with covered bond issuers or with cover pools for covered bonds. However, the possibility cannot be excluded that the CBC may in the future, whether as a result of changes to the legislation or group activity, qualify as a counterparty subject to the margin requirements or the clearing obligation and not be able to rely on any such exemption. This would lead to significantly more administrative burdens, higher costs and potential complications, for instance if the CBC will be required

to enter into a replacement swap agreement or to amend the Swap Agreement, as the case may be, in order to comply with these requirements. A failure to comply with EMIR may result in fines being imposed on the CBC, which may affect the CBC's ability to make payments under the Guarantee. This may lead to losses under the Covered Bonds.

4. IMPORTANT INFORMATION

This Base Prospectus has been approved by the AFM, as competent authority under the Prospectus Regulation. The AFM only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer and/or the CBC that are the subject of this Base Prospectus nor as an endorsement of the quality of any Covered Bonds that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Covered Bonds.

The Issuer and the CBC (only as far as it concerns the CBC) accept responsibility for the information contained in this Base Prospectus. To the best of their knowledge, the information contained in this Base Prospectus is in accordance with the facts and makes no omission likely to affect its import. Any information from third-parties identified in this Base Prospectus as such has been accurately reproduced and that as far as the Issuer and the CBC are aware and are able to ascertain from the information published by a third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. The Issuer and the CBC accept responsibility accordingly.

No representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Arranger, any Dealer or the Security Trustee as to the accuracy or completeness of the information contained or referred to in this Base Prospectus or any other information provided or purported to be provided by or on behalf of the Arranger, a Dealer, the Security Trustee, the Issuer or the CBC in connection with the Programme. The Arranger, any Dealer and the Security Trustee accordingly disclaim all and any liability whether arising in tort or contract or otherwise which it might otherwise have in respect of such information.

The Issuer will furnish a supplement to this Base Prospectus in case of any significant new factor, material mistake or inaccuracy relating to the information contained in this Base Prospectus which is capable of affecting the assessment of the Covered Bonds and which arises or is noticed between the time when this Base Prospectus has been approved and the final closing of any Series or Tranche of Covered Bonds offered to the public or, as the case may be, when trading of any Series or Tranche of Covered Bonds on a regulated market begins, in respect of Covered Bonds issued on the basis of this Base Prospectus.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the offering of the Covered Bonds and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the CBC, the Arranger or any Dealer.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Covered Bonds should be considered as a recommendation by the Issuer or the CBC that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Covered Bonds should purchase any Covered Bonds. Each investor contemplating purchasing any Covered Bonds should make its own independent investigation of the financial condition and affairs and its own appraisal of the creditworthiness of the Issuer and the CBC. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Covered Bonds constitutes an offer or invitation by or on behalf of the Issuer to any person to subscribe for or to purchase any Covered Bonds.

Forecasts and estimates in this Base Prospectus are forward looking statements. Such projections are speculative in nature and it can be expected that some or all of the assumptions underlying the projections will not prove to be correct or will vary from actual results. Consequently, the actual result might differ from the projections and such differences might be significant.

The distribution of this Base Prospectus and the offering, sale and delivery of the Covered Bonds may be restricted by law in certain jurisdictions. Persons into whose possession this Base Prospectus or any Covered Bonds comes must inform themselves about, and observe, any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Covered Bonds and on distribution of this Base Prospectus and other offering material relating to the Covered Bonds, see *Subscription and Sale* below.

The Covered Bonds have not been approved or disapproved by the US Securities and Exchange Commission, any state securities commission or any other regulatory authority in the USA, nor have any of the foregoing authorities passed upon or endorsed the merits of the accuracy or adequacy of this Base Prospectus. Any representation to the contrary is unlawful.

The Covered Bonds have not been and will not be registered under the Securities Act and include Covered Bonds in bearer form that are subject to United States tax law requirements. The Covered Bonds may not be offered, sold or delivered within the United States or to United States persons as defined in Regulation S under the Securities Act, except in certain transactions permitted by US tax regulations and the Securities Act. See *Subscription and Sale* below.

The credit ratings included or referred to in this Base Prospectus will be treated for the purposes of the CRA Regulation as having been issued by S&P upon registration pursuant to the CRA Regulation. S&P is registered under the CRA Regulation, is included in the list of registered rating agencies published on the website of ESMA and is established in the European Union.

Whether or not a rating in relation to any Series of Covered Bonds will be treated as having been issued by a credit rating agency established in the European Union and registered in accordance with the CRA Regulation or as endorsed under the CRA Regulation by a credit rating agency established in the European Union and registered in accordance with the CRA Regulation will be disclosed in the relevant Final Terms.

If a Stabilising Manager is appointed for a Series or Tranche of Covered Bonds, the relevant Stabilising Manager will be set out in the applicable Final Terms. The Stabilising Manager or any duly appointed person acting for the Stabilising Manager may over-allot or effect transactions with a view to supporting the market price of the relevant Series of Covered Bonds at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Series or Tranche of Covered Bonds is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date and 60 days after the date of the allotment of the relevant Series or Tranche of Covered Bonds. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager (or any persons acting on behalf of the Stabilising Manager) in accordance with all applicable laws and rules as amended from time to time.

All references in this document to '€', 'EUR' and 'euro' refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the EU Treaty on the functioning of the European Union, as amended.

The Arranger, any Dealer and/or their affiliates may have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Arranger, any Dealer and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their clients. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. The Arranger, any Dealer and/or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, the Arranger, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Covered Bonds issued under the Programme. Any such short positions could adversely affect future trading prices of Covered Bonds issued under the Programme. The Arranger, any Dealer and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

EU MiFID II product governance / target market: The Final Terms in respect of any Covered Bonds will include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (an "EU distributor") should take into consideration the target market assessment; however, an EU distributor subject to EU MiFID II is responsible for

undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID Product Governance Rules"), the Arranger and/or any Dealer subscribing for any Covered Bonds is a manufacturer in respect of such Covered Bonds, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR product governance / target market: The Final Terms in respect of any Covered Bonds may include a legend entitled "*UK MiFIR Product Governance*" which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Arranger and/or any Dealer subscribing for any Covered Bonds is a manufacturer under the UK MiFIR Product Governance Rules in respect of such Covered Bonds, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Benchmarks Regulation: Interest and/or other amounts payable under the Covered Bonds may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark under the Benchmarks Regulation. If any such reference rate does constitute such a benchmark, the relevant Final Terms will indicate whether or not the administrator thereof is included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (Register of administrators and benchmarks) of the Benchmarks Regulation. Not every reference rate will fall within the scope of the Benchmarks Regulation. Furthermore, transitional provisions in the Benchmarks Regulation may have the result that an administrator and/or a benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Final Terms. The registration status of any administrator or benchmark under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update any Final Terms to reflect any change in the registration status of any administrator or benchmark.

Amounts payable under the Covered Bonds may, inter alia, be calculated by reference to EURIBOR which is provided by the EMMI or €STR which is provided by the ECB. As at the date of this Base Prospectus, EMMI, in relation to it providing EURIBOR appears in the register of administrators and benchmarks established and maintained by ESMA pursuant to article 36 of the Benchmarks Regulation. The ECB is excluded from the scope of the Benchmarks Regulation pursuant to article 2(2)(a) of the Benchmarks Regulation, such that the ECB as administrator of €STR is not currently required to obtain authorisation or registration and therefore does not appear in the aforementioned register.

5. AEGON BANK N.V.

General

The Issuer is a public company with limited liability (*naamloze vennootschap*) which was incorporated under Dutch law on 24 December 1969 and operates under Dutch law. The statutory seat of the Issuer is Thomas R. Malthusstraat 1-3, 1066 JR Amsterdam, the Netherlands and the Issuer is registered in the Business Register of the Chamber of Commerce under number 30100799. The telephone number of the Issuer is +31 (0)20 303 1600. The Articles of Association of the Issuer were lastly amended by notarial deed on 30 September 2019 before mr. drs. P.C. Cramer-de Jong, a civil law notary practising in Amsterdam, the Netherlands. The Legal Entity Identifier (LEI) of Aegon Bank is 549300772D1G8JPIUR96. The website of Aegon Bank for their investors is <https://www.aegon.com/> and the website of Aegon Bank for their retail clients is <https://www.knab.nl/>. Any information contained on or accessible via any website, including <https://www.aegon.com/> or <https://www.knab.nl/>, does not form part of this Base Prospectus and is not scrutinised or approved by the AFM, unless specifically stated otherwise in this Base Prospectus.

Ownership

The Issuer is a wholly-owned subsidiary of Aegon Nederland N.V. ("**Aegon Nederland**"), established in The Hague. Aegon Nederland is a subsidiary of Aegon Europe Holding B.V. and the ultimate parent of Aegon Nederland is Aegon N.V. The Aegon group offers life insurances, pensions and asset management products in over 20 countries in the America's, Europe and Asia and serves millions of customers. The Aegon group employs approximately 24,000 people worldwide of which the Issuer employs over 339 employees (FTE) in the Netherlands. See section 6 (*Aegon N.V.*) below.

The Issuer forms part of the Aegon group and its operations are interdependent on and may be affected by developments concerning Aegon N.V. and the Aegon group, such as (i) capital contributions (*kapitaalstortingen*) and dividend payments, (ii) strategic decisions, (iii) credit ratings of Aegon N.V. or entities within the Aegon group, (iv) passing on of costs incurred or set-off by Aegon N.V. or within the Aegon group (such as, but not limited to, IT costs, human resources costs and costs for administrative support and facilities) and (v) several services the Issuer relies on being outsourced to entities within the Aegon group. See section 6 (*Aegon N.V.*) below.

Profile of the Issuer

The Issuer is a Dutch bank that offers banking solutions to Dutch consumers and small-scale enterprises. The Issuer has been operating using two distinct labels: Aegon and Knab, both supported by its own operations and customer service. As the Knab organization has become more mature, and in an effort to further optimize customer service and cost efficiency, the decision was made to integrate the two operations and concentrate all of its activities in one office in Amsterdam. On 1 October 2019, Aegon Bank moved to the offices of Knab in Amsterdam. The label integration of Aegon Bank and Knab will be further continued operationally and will result in the relabeling of the Aegon Bank products into Knab products as of the second half of 2020, which relabeling is expected to take a couple of years. In this section, a reference to "**Aegon Bank**" refers to the label Aegon Bank of the Issuer.

By joining forces the Issuer now services approximately 516,000 customers as per 31 December 2020, consisting of 229,097 Aegon Bank customers and 287,146 Knab customers. It offers daily banking products such as payment services, financial planning tools and alerts. Furthermore, it offers third and fourth pillar banking products for future income with savings and investments products (incl. tax friendly solutions), with a focus on long-term wealth accumulation.

Aegon Bank label

Aegon Bank is an online retail bank that provides consumers with both savings products and investment products, with a focus on bank savings (third pillar). The value of the bank savings portfolio of Aegon Bank has increased by EUR 225 million as compared to year-end 2019.

Aegon Bank focuses on customers whose income and wealth are in the middle-market segment, in line with the Aegon Netherlands target group. Aegon Bank offers simple and high-quality products. These include both savings products focused on security, and investment products focused on a suitable risk/return profile that fit the customer's needs and risk appetite. With these products Aegon Bank reinforces the Aegon Netherlands wide

pension offering. Aegon Bank's activities mainly focus on 'Banksparen' products. 'Banksparen' is a tax-deferred savings product in which amounts are deposited in a 'locked' bank account. The amount saved is available after a certain period of time for specific purposes such as for a supplementary pension or paying off a mortgage. This product is predominantly sold via independent financial advisors who remain to be a very important distribution channel. Aegon Bank's business model is mainly spread driven, however, Aegon Bank is looking for ways to increase its fee business.

Knab label

Knab is an online bank which was introduced in 2012 by the Issuer. Knab is a trade name (label) of the Issuer and will become the main label for customers.

The customers of Knab are retail and self-employed/small business customers. Knab offers its customers a full banking concept with payment services, investments, savings, as well as financial planning tools and alerts. Knab has frequent customer contact and is an accelerator for the (online) developments in customer contact of Aegon as a whole. Knab's business model is based on a combination of both spread and fee income.

Products offered

The table below provides an overview of the products offered by the Aegon Bank label and the Knab label as per the date of this Base Prospectus:

Type of product	Aegon Bank label	Knab label
Savings products	x	x
Annuity (<i>lijfrente</i>) products	x	
Investment products	x	x
Employer related products	x	
Accounting software connection		x
Payment products		x

In addition, Knab offers various products in cooperation with third parties; the so called 'partner products'. Examples of such partner products are credit cards, crowdfunding, mortgage advice and insurance products, for which Knab refers its customers to third parties.

Underlying earnings before tax

The Issuer manages its business based on underlying earnings before tax, which is a non-IFRS-EU financial measure. The Issuer believes that underlying earnings before tax provides meaningful information about the underlying results of the Issuer's business. Underlying earnings before tax reflect Aegon's profit from underlying business operations and excludes components that relate to accounting mismatches that are dependent on market volatility or relate to events that are considered outside the normal course of business. The reconciliation of this measure to the most comparable IFRS-EU measure (net income) is presented in the table below:

Amount in EUR thousand	Financial year ended 31 December 2020	Financial year ended 31 December 2019
Underlying earnings before tax	28,124	40,301
Non-underlying earnings before tax	(63,885)	(1,073)
Income tax	4,308	(12,599)
Net income / (loss)	(31,453)	26,629

Medium term KPIs of the Issuer

The deployment of the Issuer's strategy is aimed at supporting the following medium term key performance indicators ("KPIs"):

Measure (amount in EUR thousand)	Medium term KPIs	Financial year ended 31 December 2020	Financial year ended 31 December 2019
Return on equity ¹	9.0%	4.0%	4.4%
Cost-to-income ratio ²	60%	85.3%	78.8%

Income flows

The activities of Aegon Bank and Knab generate the following income flows:

- *Interest margin:* Aegon Bank and Knab generate income from the difference between the return on its investments and the interest expense on the attracted funding; and
- *Fee income:* Knab customers pay a monthly fee for the services of Knab. Knab differentiates in different payment service packages with each their own tariffs and services. In addition, customers pay a periodic service fee and a portfolio management fee (calculated over the average value of the investment portfolio) for the investment products of Aegon Bank and Knab. Finally, Knab generates fee income from e.g. the account software connection (*boekhoudkoppeling*) for self-employed/small businesses and from other partner products.

Issuer's Authorised and Issued Share Capital

As at the date of this Base Prospectus, the Issuer's authorised share capital is EUR 90,000,000 and the Issuer's issued share capital is EUR 37,437,000.

Important historical financial information

The most important historical financial information of the Issuer is as follows:

Amount in EUR thousand	Financial year ended 31 December 2020	Financial year ended 31 December 2019

The annual figures for 2019 and 2020 are based on the audited consolidated financial statements for the financial years ended on 31 December 2019 and 31 December 2020. These audited consolidated financial statements have been incorporated in the Base Prospectus by reference (see Section 19 (*Documents incorporated by reference*)). The figures have been prepared on the basis of the International Financial Reporting Standards (IFRS) as adopted by the European Union (EU), with IFRS as published by the International Accounting Standards Board (IASB) and in accordance with Title 9 of Book 2 of the Dutch Civil Code (*Burgerlijk Wetboek*). A complete overview of the financial position of the Issuer as at 31 December 2019 or 31 December 2020 can only be based on the published audited consolidated financial statements for the financial year ended on 31 December 2019 or 31 December 2020, respectively.

Ratios and key figures

¹ Return on equity is calculated as annualized Underlying earnings after tax (applying a nominal tax rate) divided by average IFRS equity excluding the revaluation reserve. There is no IFRS financial measure that is directly comparable to return on equity. The Issuer believes that return on equity provides meaningful information about the performance of Issuer's business.

² Cost-to-income ratio is calculated as Operating expenses divided by Operating income as defined in the Issuer's Underlying earnings before tax measure. There is no IFRS financial measure that is directly comparable to the cost-to-income ratio. The Issuer believes that the cost-to-income ratio provides meaningful information about the performance of Issuer's business.

The table below provides an overview of the unaudited ratios and key figures of the Issuer.

Ratios and key figures	Financial year ended 31 December 2020	Financial year ended 31 December 2019
Common Equity Tier 1 ratio	21.0%	19.8%
Total Capital Ratio	21.2%	20.0%
LCR	164%	212%
NSFR	141%	147%
Leverage ratio	4.1%	4.6%
Asset Encumbrance ratio	18.3%	19.4%

These unaudited ratios and key figures can also be found in the report of the management board as included in the annual report for the year ended 2019 of the Issuer and the report for the year ended 2020. The annual report for the year ended 2019 of the Issuer and the report for the year ended 2020 have been incorporated in the Base Prospectus by reference (see Section 19 (*Documents incorporated by reference*)).

The Core Tier-1 ratio of Aegon Bank improved from 19.8% on 31 December 2019 to 21.0% on 31 December 2020. The main drivers for the increase were the lower risk-weighting caused by redemptions in the unsecured loan portfolio, combined with alignment of the basis adjustment to the overall mortgage portfolio. This was partially offset by the negative impact from credit spread widening on the bond portfolio, and increases in the IFRS 9 loan loss provisions on unsecured retail loans.

Equity and liabilities

The table below provides an overview of the equity and liabilities of the Issuer as of the financial year ended on 31 December 2019 and for the financial year ended on 31 December 2020.

Basel III and CRR

In 2020 the Issuer reported CRR ratios to DNB, namely the CET1-ratio, the leverage ratio, the Liquidity Coverage Ratio ("LCR") and the Net Stable Funding Ratio ("NSFR"). Basel III was introduced in stages between 2015 and

2020. Minimum requirements will then apply to each ratio. The reported ratios show that the Issuer at the date of this Base Prospectus already complies with the proposed legislation and meets the targets for solvency, leverage ratio, LCR and NSFR when the legislation becomes effective. Aligned with the Issuer's strategy, the liquidity ratio was maintained at prudent levels and the solvency ratio remained above the Issuer's long term target level up to the date of this Base Prospectus. The Issuer's stress tests show that it continues to have a stable and solvent financial position with substantial capital buffers to absorb extreme but still plausible shocks in the financial markets.

As part of its proposition, until the end of 2017 Knab offered its customers the opportunity to invest in participations issued by the Issuer. The participations qualify as Additional Tier 1 assets under CRR, thereby supporting the Issuer's solvency. On 2 November 2017 a change to the programme conditions for the participations became effective, pursuant to which (among other things) (i) no participations will be issued anymore and (ii) Knab has the right to redeem all the participations issued by the Issuer starting from 1 November 2022 (if not earlier redeemed pursuant to the programme conditions).

Risk Management

The Issuer has an autonomous risk management unit which reports on financial and non-financial risks to the Managing Board. The Chief Risk Officer has a primary responsibility in the Managing Board for adopting, implementing, monitoring and, where necessary, adjusting the company's Enterprise Risk Management Framework. The Chief Risk Officer is also the chairman of the Credit Risk Committee. He has no individual commercial responsibility and functions independently from the other commercial areas of work. The Chief Financial Officer chairs the Asset and Liability Committee and the Chief Risk Officer chairs the Non-Financial Risk Committee. This allows the Managing Board to be advised directly of any material risks. The Issuer's risk management system (OneSumX) is integrated with the risk management system operated by the Aegon group and Aegon Nederland. The overall policy on risk appetite and risk tolerance was approved by the Management Board and the Supervisory Board.

The Supervisory Board supervises the Enterprise Risk Management Framework adopted by the Management Board. The Supervisory Board assesses, at a strategic level, whether capital allocation and liquidity requirements are in line with the approved risk appetite. In this matter, the Supervisory Board is advised by the Risk & Audit Committee. The Supervisory Board's assessment shows that in general, Aegon Bank's commercial activities are appropriate within the context of the risk appetite it has approved.

The Risk & Audit Committee (RAC) consists of the Supervisory Board members Ms. G.E.A. Reijnen (chairman of the RAC) and Mr W. Horstmann. The mandate of the RAC is to do the preparatory work for the supervision exercised over the Management Board in terms of the implementation, maintenance and operation of the Issuer's risk management system and risk appetite. The Committee also monitors compliance with laws and regulations and with the procedures for preparing and adopting the financial statements. The Issuer's risk appetite is documented, used in the Internal Capital Adequacy Assessment Process (ICAAP) document and translated in a monthly capital plan which is also monitored monthly and reported to the Management Board and the Supervisory Board.

Finally, there is the Enterprise Risk & Audit Committee (ERAC), where the Management Board, Internal Audit Operational Risk Management, Financial Risk Management and Compliance discuss quarterly the risk appetite and possible breaches. The ERAC is responsible for managing and monitoring the overall enterprise risk exposure of the Issuer.

Every new and updated proposition follows a proposition-approval process. In this process, which is in conformity with the applicable regulations under the Wft and the Banking Code, the Issuer carefully balances the risks in a proposition and tests it against the duty of care towards the customer, financial sustainability and suitability with the Issuer's vision, strategy and objectives. A proposition is not brought to the market until the approval process has been successfully completed. Existing propositions, selected through the use of pre-defined risk indicators, also go through this process to safeguard customers' interests. Both processes determine whether a proposition meets the Issuer's current standards. They incorporate statutory requirements and consider whether the proposition is cost efficient, useful, secure and comprehensible for the target group and also whether it fits the Issuer's vision, strategy, core values and competencies. Internal Audit Netherlands (being the internal audit

department) performs a risk-based audit on the Administrative Organization and Internal Control concerning this Programme.

Internal Audit

The Issuer makes use of the services of an internal audit unit (Internal Audit Netherlands) that occupies an independent position within Aegon Nederland. This unit performs audits on the basis of annual risk analyses to examine whether the Issuer's key business processes are operating properly. The unit's director reports directly to the chairman of the Management Board and the chairman of the Risk & Audit Committee of the Supervisory Board. Internal Audit Netherlands is part of Aegon Nederland.

Internal Audit Netherlands has regular contact and consultations with the Risk & Audit Committee and the external independent auditor to discuss the risk analysis and the audit plan. As part of the engagement to audit the financial statements, the external independent auditor reports his findings on the quality and effectiveness of the Issuer's system of governance, risk management and control procedures to the Management Board and the Supervisory Board, where relevant to the statutory audit responsibilities of the independent external auditor. Internal Audit Netherlands also engages in frequent contact with DNB to discuss risk analyses, findings and audit plans.

Dutch Banking Code

On 9 September 2009, the Dutch Banking Association (*Nederlandse Vereniging van Banken*) adopted the Banking Code (*Code Banken*) in response to a report entitled 'Restoring Trust' published in April 2009 by the Maas Committee. Effective as of 1 January 2010, the Banking Code lays down standards on governance, risk management, audits and remuneration. The Code uses the 'comply or explain' principle. As from 1 April 2015, a new Banking Code has been implemented.

The Banking Code consists of three pieces: a Social Charter, the Banking Code and Rules of Conduct. Along with the introduction of a Social Charter and updating the Banking Code, the Dutch banking industry has also taken the initiative to implement the bankers' oath for all employees. The Dutch banks intend this to show that everyone working in the industry is bound by the rules of conduct attaching to this statement for the ethical and careful practice of his/her profession. Employees have personal responsibility to comply with those rules of conduct and can be held accountable for non-compliance. In 2016, the Banking Code Monitoring Committee (*Monitoring Commissie Code Banken*) conducted an investigation into the culture and behavior within the Dutch banking industry and the embedding of the Banking Code principles throughout the industry. On 16 January 2017, the Monitoring Committee published its first report on the new Banking Code. The Issuer has published a document on its website which describes in which way the Banking Code has been implemented in its internal governance and business processes.

The Issuer endorses the Banking Code and has devoted a great deal of attention to its implementation since 2010. As part of the Banking Code, all employees of the Issuer have sworn a bankers' oath.

Independent Auditors

PricewaterhouseCoopers Accountants N.V., with registered offices in Amsterdam, the Netherlands, has been appointed as from 1 January 2014 as the independent auditor of the Issuer. PricewaterhouseCoopers Accountants N.V. has audited and rendered unqualified independent auditor's reports on the Issuer's financial statements for the financial years ended 31 December 2019 and 31 December 2020. The auditor's report on the financial statements for the financial year ended 31 December 2019 of the Issuer contains an emphasis of matter on the uncertainty related to the effects of the Coronavirus (see below). The partner of PricewaterhouseCoopers Accountants N.V. acting as an independent auditor is a member of the Netherlands Institute of Chartered Accountants (*Nederlandse Beroepsorganisatie van Accountants, NBA*), the professional body for accountants in the Netherlands.

COVID-19

Audit report 2019 – Emphasis of matter

The auditor's report on the financial statements for the financial year ended 31 December 2019 of the Issuer contains the following emphasis of matter on the uncertainty related to the effects of the Coronavirus (see below).

Emphasis of matter related to the uncertainty with respect to the effects of the Coronavirus (COVID-19)

In the auditor's report on the financial statements for the financial year ended 31 December 2019 of the Issuer the following emphasis of matter is included: "We draw attention to note 6.2 'Post reporting date events and expectations' and note 29 'Events after the statement of financial position date' in the financial statements 2019 as set out below in full in which management has described the possible impact and consequences of the coronavirus (COVID-19) on the Group and the environment in which the Group operates as well as the measures taken and planned to deal with these events or circumstances. This note also indicates that uncertainties remain and that currently it is not reasonably possible to estimate the future impact. Our opinion is not modified in respect of this matter."

Note 6.2. of the financial statement 2019 - Post reporting date events and expectations

"Since January 2020, the Coronavirus disease (COVID-19) outbreak is causing significant disruption to society, impacting our customers, employees, suppliers and the operations of Knab in general. The health and wellbeing of our customers and employees is our foremost concern.

In order to continue to serve our customers the best we can, Knab has invoked its business continuity plans, which involves working from remote locations to help ensure the safety and well-being of its staff, as well as its capability to support its customers and maintain its business operations.

As a digital bank, the outbreak of COVID-19 has had little direct impact on customer experience in daily use of Knab product and services so far. Our NPS is a good indicator of our service levels and remains high throughout the Corona crisis. We are extremely proud of our employees, who in these difficult circumstances truly demonstrate what Knab stands for. They are agile in adapting to the new reality, while remaining customer centric, flexible, reliable and entrepreneurial.

In times like these, it is of the utmost importance to show our added value to our customers. To make sure our customers feel at ease when it comes to their finances. We keep doing what we do best: inform our clients, provide excellent support and help them find their way in the sometimes confusing tangle of rules and opportunities.

We provide them with useful articles, easy instruction videos, personal messages and the best human service. The outbreak of COVID-19 has significantly increased uncertainty and volatility in financial markets. Governments and central banks worldwide are responding to this crisis with aid packages and have further increased quantitative easing. At the date of this report the depth and length of this crisis is unknown, and its impact on the economy and as such how customer behavior will develop over time. As our customers are and have been impacted by the crisis, we expect to see higher outflows of savings deposits during 2020.

Management of Knab is continuously monitoring the market and economic turbulence that has arisen as a consequence of the COVID-19 outbreak, and its impact on the bank. The most significant risks Knab faces are related to credit risk, liquidity risk and interest rates risk. In note 29, Events after the reporting date, further information on the financial impact of COVID-19 has been disclosed."

Note 29 - Events after the statement of financial position date

"Since January 2020, the Coronavirus disease (COVID-19) outbreak is causing significant disruption to society, impacting our customers, employees, suppliers and the operations of Knab in general. The health and wellbeing of our customers and employees is our foremost concern.

In order to continue to serve our customers the best we can, Knab has invoked its business continuity plans, which involves working from remote locations to help ensure the safety and well-being of its staff, as well as its capability to support its customers and maintain its business operations.

Management of Knab is continuously monitoring the market and economic turbulence that has arisen as a consequence of the COVID-19 outbreak, and its impact on Aegon Bank. The most significant risks Knab faces are related to interest rate risk, credit risk and liquidity risk, as described in section 4.4 explaining Aegon Bank's approach to risk management.

The notes to Aegon Bank's financial statements include elaborate descriptions and related financial market

sensitivities. At the date of this report it is too early to estimate the full impact of the COVID-19 outbreak, given all uncertainty on future developments.

Aegon Bank monitors the inflow and outflow of savings deposits on a daily basis. We do expect outflows to increase overtime resulting from the effect COVID-19 has on the economy and impacting our customers. Changes in interest rates have led to additional collateral being posted with counterparties. In order to manage potential additional liquidity need, Aegon Bank holds a large proportion of the investments in liquid instruments which can be quickly converted into cash. A daily review of the Liquidity Coverage Ratio is part of the monitoring program.

Interest rate risk is an important risk type inherent to banking activities. Aegon Bank has a substantial hedging program, using interest rate swaps, in place designed to mitigate the impact from changing interest rates. The sensitivity to changing interest rates is explained in section 4.4.2. With regard to the debt securities we experienced initial adverse valuations in the March period (through a decrease in OCI). Since then markets have regained some lost territory.

The mortgages portfolio is to a large extent backed by the NHG-guarantee and has on average a healthy loan-to-value ratio. In addition to this, new mortgage loans have a redemption element therefore value at risk is declining over time. At the moment we have not seen any impact on house prices in the Netherlands. However, if the economy is stressed for a long period of time, this portfolio will also endure losses on the long run as the likelihood of customers with a mortgage loan getting into default increases.

The investments impacted the most by the economic downturn from COVID-19 are the unsecured loans to small and medium enterprises and consumers in the Netherlands, Germany and the United Kingdom. The Expected Credit Loss (ECL) allowance is impacted predominantly by development of GDP and the unemployment rate. Both parameters are expected to be hit hard by the COVID-19 outbreak. From this outlook follows that we expect our ECL allowance to increase significantly. Governments have announced measures to support SMEs in light of COVID-19 with support packages and leniency through payment holidays. These measures are on top of overarching government stimulus packages. These measures can both have a positive and negative effect on Aegon Bank's financial position. Authoritative statements from ESMA, EBA and the IASB foundation all cautioned not to assign the Significant Increase in Credit Risk denomination to loans with related payments holidays stemming from COVID-19.

Although, as described above, the uncertainties associated with the COVID-19 outbreak are high and it is not currently possible to estimate future effects, we believe that based on current insights, no material uncertainty relating to going concern exist and therefore the going concern assumption used in preparing the financial statements is appropriate.

Except for the event disclosed before, there are no other post reporting date events and expectations that have not already been taken into account in the directors' report or financial statements."

Financial statements for the financial year ended 31 December 2020

The following is included in the financial statements for the financial year ended 31 December 2020 of the Issuer regarding the Coronavirus. No emphasis of matter has been included in the auditor's report on the financial statements for the financial year ended 31 December 2020.

"The COVID-19 outbreak is causing significant disruption to society, impacting our customers, employees, suppliers, and operations. The health and wellbeing of our customers and employees is our foremost concern. Knab's purpose is to have our customers feel comfortable about their finances, every day. As COVID-19 has caused significant uncertainty for many companies and individuals, this purpose has become even more relevant. In times like these, it is of the utmost importance to show our added value to our customers. For Knab's business customers, we have therefore created an overview of all support schemes made available by the Dutch government. Useful articles, research reports and financial tips have been published in the Knab Library. From an operational perspective, we are proud of the way in which our employees have maintained high standards of customer service while implementing our business continuity plans in a short timeframe. This has resulted in an almost fully working-from-home situation since 13 March 2020.

The bank's management is continuously monitoring the markets and the economic turbulence caused by the COVID-19 outbreak, and its impact on the bank. The most significant risks for the bank are credit and liquidity risks.

Credit risk

During the COVID-19 crisis, credit risk mainly materialized through impairments on unsecured SME and consumer loans. Credit risk has been managed through a number of actions. For new SME lending, access to government guaranteed lending was secured. The pricing for unsecured lending was increased, resulting in lower volumes, and portfolio de-risking was applied by focusing on higher rated unsecured retail loans. Please also refer to paragraph 4.4.3 'Credit risk management'.

Liquidity risk

During the pandemic, the bank continued to see net deposits from customers in 2020. However, given the potential impact of the COVID-19 crisis on its customer base, in particular the self-employed and small businesses, the bank has put contingency measures in place to be able to deal with potential increased liquidity needs. The bank set up a EUR 1.6 billion retained RMBS (SAECURE 19). The notes are ECB eligible retained notes and have therefore generated increased liquidity for Aegon Bank N.V. Please also refer to paragraph 4.4.16 'Liquidity risk' in the financial statements.

Operational cyber risk

Since the beginning of the COVID-19 outbreak, Knab and many other banks have been subject to large-scale phishing attacks. The severity of these attacks increased during the COVID-19 crisis in comparison to phishing attacks before the COVID-19 crisis. The Issuer uses various detection and prevention tools, and has taken various additional visible and invisible measures to prevent these attacks. Following a motion approved by the Dutch Parliament, Knab decided to also compensate customers who have become the victims of spoofing by criminals.

Customer growth

Despite the pandemic, Knab continued to grow in 2020. The growth in savings was driven by deposits made by existing customers, and the addition of new customers.

The Knab customer base grew to a total of 287,146 (+27,932) customers, consisting of 132,638 retail customers and 177,234 business customers. The sum of the parts is greater than the whole due to a segment of customers having both a business and consumer account. Growth was primarily achieved by the acquisition of new business account holders (+24,204), while retail also showed a steady growth (+8,688).

The Aegon Bank label counted a total of 229,097 customers (Box 1 and Box 3) at the end of 2020. The overall number of customers showed a significant reduction of 164,560 customers in 2020, mainly Box 3 customers (-171,368), as a result of offboarding low-balance accounts and closing the onboarding funnels of certain savings products in preparation of the full migration of Aegon Bank's customer base to Knab in 2021. Despite the decline in the overall number of customers, the savings balance remained stable due to a growth in Box 1 customers of 6,808 customers and savings of EUR 225 million."

Payment holidays

Payment holidays have been requested and are likely to be requested increasingly by borrowers in distress due to the Coronavirus, and many of which have been accepted pursuant to which borrowers in some cases might be allowed to defer making payments for a certain period. This results in payment disruptions and possibly higher losses under the mortgage loans and the other loans granted to small and medium enterprises and consumers. At this moment, missed payments in connection with payment holidays with respect to the mortgage loan portfolio are reported in arrears, however, this may change in the future. As per 31 December 2020, 370 borrowers out of the total Aegon mortgage loan portfolio have been granted a payment holiday, of which 90 borrowers (which is around 15bps) are part of the Issuer's loan portfolio. The outbreak of the Coronavirus and the (economic) consequences thereof will therefore lead to a significant change in the financial performance and the financial position of the Aegon Bank Group and/or a material adverse change in the prospects of the Aegon Bank Group. However, it is too early to predict the scope and extent of the consequences of the outbreak of the Coronavirus and the consequences of the measures taken in relation to the Coronavirus and conditions may worsen and measures may become more restrictive in the future.

Members of the Managing Board

As at the date of this Base Prospectus, the members of the Managing Board of the Issuer are the following persons:

- Mrs. N.J.A. Klokke, Chief Executive Officer and Chairman of the Managing Board, who replaced Mr. E.F.M. Rutten as of 1 October 2019;
- Mr. M.R. de Boer, Chief Financial Officer, as well as member of the Managing Board of Orange Loans B.V. (a subsidiary of the Issuer) and Aegon Loans B.V. (a subsidiary of Aegon Nederland N.V.); and
- Mr. E.G. Negenman, Chief Risk Officer, as well as member of the Managing Board of Orange Loans B.V. (a subsidiary of the Issuer).

The members of the Managing Board may be contacted at the business address of the Issuer, at Thomas R. Malthusstraat 1-3, 1066 JR Amsterdam, the Netherlands, telephone number +31 (0) 20 303 1600.

Members of the Supervisory Board

As at the date of this Base Prospectus, the members of the Supervisory Board of the Issuer are the following persons:

- Mr. P.M. de Kroon (Chairman), also president and COO of KrypC Technologies Europe B.V. and CEO of 34 Capital B.V.;
- Ms. G.E.A. Reijnen, also Chief Financial Officer at Beter Bed Holding N.V., board member of Stichting Continuïteit Merus and member of the supervisory boards of Bouwinvest Real Estate Investors B.V. and Aspen Oss B.V.;
- Mr. W. Horstmann, also member of the Managing Board of Aegon Bemiddeling B.V., Aegon Hypotheken B.V., Aegon Levensverzekering N.V., Aegon Nederland N.V., Aegon Schadeverzekering N.V., Aegon Spaarkas N.V. and Aegon Advies B.V.; and
- Mr J.W.H. Gerrits.

The members of the Supervisory Board may be contacted at the business address of the Issuer, at Thomas R. Malthusstraat 1-3, 1066 JR Amsterdam, the Netherlands, telephone number +31 (0) 20 303 1600.

Conflicts of interest

There are no potential conflicts of interest between any duties to the Issuer and the private interests and/or other duties of members of the Managing Board and/or the Supervisory Board of the Issuer. These members may obtain financial services of the Issuer.

Supervision

The Issuer is a credit institution with a full Netherlands banking license and as such is supervised by DNB (*De Nederlandsche Bank*) and by the Authority for the Financial Markets (*Autoriteit Financiële Markten*).

Litigation and proceedings

The Issuer is involved in litigation on account of its normal business operations. The litigation involves (collective) claims for compensation and the cancellation or nullification of contracts.

Although sales of securities leasing products ended more than a decade ago, litigation relating to these products has resurfaced. In 2016, the Dutch Supreme Court ruled on a case involving a securities leasing product sold by one of Aegon's competitors. It decided that the financial institution was liable if a broker (*'remisier'*) that advised on the sale of the institution's products was not properly licensed.

In July 2016, Stichting Platform Aandelen Lease ("**PAL**") filed a class action claim against Aegon Bank regarding Aegon's securities leasing product Sprintplan. Allegations included, among other things, a lack of proper license of the brokers involved. In February 2020 the Court of Appeals rejected all claims of PAL. This ruling has become final.

In addition, the Issuer is involved in claims for compensation and the cancellation or nullification of contracts concerning the Vliegwiël product, a variation on securities leasing products. Currently, proceedings are pending before the Dutch courts and the Financial Services Complaints Authority (*'Klachteninstituut Financiële Dienstverlening'*), with numerous cases having been initiated by Leaseproces B.V. a company that represents a large number of claimants.

In December 2020 Aegon Bank reached an agreement in principle on a settlement with Leaseproces B.V. for claims regarding Vliegwiël and Sprintplan customers represented by Leaseproces. The settlement is subject to conditions precedent and further operational details are to be worked out. Full performance of the agreement is expected in 2021.

Although all securities leasing products have expired, there is a long history of ongoing litigation regarding security leasing products – including the two prior class actions regarding the Sprintplan product – it cannot be ruled out that these proceedings might have a material adverse effect on the Issuer's results of operation or its financial position.

Know-your-customer optimization and enhancement program

KYC has been a top priority within the Issuer by means of executing a clear KYC optimization and enhancement program, which was initiated in 2019 (the "KYC Project"). The Issuer has made considerable progress with the implementation of improved KYC policies and processes. Major steps have been taken to improve client onboarding systems and processes as well as to increase maturity of transaction monitoring. Within the KYC Project, a multidisciplinary approach was taken in which all relevant stakeholders participated and in which external subject matter experts provided assistance. This has resulted in a robust and strengthened KYC framework, whereby new available technology is implemented.

For example, the Issuer established a safer way for new customers to confirm their identities via a passport scan using the NFC chip. Additionally, the Issuer has deployed iProov for the Knab label, a biometric facial authentication technology. All customers will be (or have been) asked to re-confirm their identities, and to answer additional questions. In that way the Issuer is improving its ability to meet its fiduciary duties by enhancing its knowledge of who its customers are, and where the money in their accounts comes from. All customers that have not been identified or which do not meet the Issuer's risk appetite statement will be offboarded, which may result in outflow of customers and savings. "See the risk factor "The risk of outflow of customers and savings as a result of the Know-your-customer optimization and enhancement program and migration to Knab".

With regard to Anti Money Laundering monitoring, the Issuer has successfully designed and introduced a new set of transaction monitoring rules for detecting potential risks with regard to money laundering, financing of terrorism, sanctions and tax evasion.

Transactions with third party lending platforms

The Issuer invests in consumer and small and medium enterprise loans through partnerships with third party lending platforms in jurisdictions across north-western Europe, such as the Netherlands, Germany and the United Kingdom. These platforms originate consumer and small and medium enterprise loans under their own label, and subsequently sell a representative part of their origination to the Issuer in the form of consumer or small and medium enterprise loan receivables, in accordance with pre-agreed criteria, terms and conditions. Through entering into these exposures, the Issuer faces risks associated with the performance of the underlying loans. See the risk factor *'Market conditions observed over the past few years may increase the risk of loans being impaired. The Issuer is exposed to the risk of declining property values on the collateral supporting residential and commercial real estate lending.'* Also, the Issuer is exposed to risks associated with the lending platforms, their processes and financial position, which could result in the inability of the lending platforms to pay or perform under their obligations. See the risk factor *'Because the Issuer does business with many counterparties, the inability of these counterparties could have a material adverse effect on its results of operations.'*

In 2019, DNB has performed an on-site inspection of the risk management practices related to investments of the Issuer in loans originated via third party lending platforms. This inspection has resulted in an instruction (*aanwijzing*) of DNB to the Issuer to improve its credit risk framework (including policies and procedures) for these loans. To deliver the required improvements, the Issuer and DNB agreed upon a 1.5 year roadmap including a set of defined milestones, to be completed in June 2021. Implementation of the roadmap is on track. Delivery in 2020 was completed according to schedule, despite the challenges caused by COVID-19. The milestones for June 2021 are progressing as planned.

End of 2019, DNB also informed the Issuer that it has decided to apply a higher risk weight pursuant to Section 128 CRR to certain loans originated via third party lending platforms, as these loans are deemed high risk

pursuant to Article 128 CRR. This reclassification has led to an increase in the Issuer's total risk exposure amount (TREA). At the same time the Issuer's Total SREP Capital Requirement (TSCR) on a total capital ratio basis, as laid out in the latest SREP cycle, decreased by 2.6%, whereas the total capital ratio decreased by 1.9% in 2019. The higher risk weight did not have a material impact on the Issuer as the Issuer's SREP capital requirements decreased in line with the increase in risk weighted assets. Both effects, the high risk classification and the aforementioned capital requirements, were effective as per 31 December 2019. As a result of the COVID-19 crisis, the Issuer has incurred impairment charges amounting to EUR 92.8 million related to the IFRS 9 loan loss provisions over 2020 (2019: EUR 69.1 million), mainly on the unsecured SME and consumer loan portfolio. The deteriorated macro-economic outlook is the larger driver of the significant increase in provisions.

Issuance of Senior Non-Preferred Notes

On 21 June 2019, the Issuer issued EUR 500 million senior non-preferred notes, which qualify as capital within the meaning of article 212rb of the Dutch Bankruptcy Act (*Faillissementswet*) (or any other provision implementing article 108 of BRRD in the Netherlands) and which may be subject to bail-in under circumstances. The proceeds of this issuance enable the Issuer to meet the MREL requirements, which are anticipated to be applicable as of 2021. See the risk factor '*Risk related to the Wft, BRRD and SRM*'. The legal maturity of the notes is Q2 2024. The notes will only be redeemed at the option of the Issuer for tax reasons and upon the occurrence of an MREL Disqualification Event. An "MREL Disqualification Event" occurs if, as a result of any amendment to or change in any Applicable MREL Regulations, or any change in the application or official interpretation of any Applicable MREL Regulations, in any such case becoming effective on or after the Issue Date of the notes, the notes are or (in the opinion of the Issuer or the Competent Authority) are likely to become fully or partially excluded from the Issuer's MREL Eligible Liabilities.

Conditional Pass-Through Covered Bond Programme

The Issuer established a conditional pass-through covered bond programme on 30 October 2015, under which it has and may in the future issue covered bonds from time to time. At the date of this Base Prospectus, EUR 2 billion is outstanding under the covered bonds issued under this programme.

6. AEGON N.V.

Aegon Bank is part of the Aegon group and its operations are interdependent on and may be affected by developments concerning Aegon N.V. and the Aegon group, such as (i) capital contributions (*kapitaalstortingen*) and dividend payments, (ii) strategic decisions, (iii) credit ratings of Aegon N.V. or entities within the Aegon group, (iv) passing on of costs incurred or set-off by Aegon N.V. or within the Aegon group (such as, but not limited to, IT costs, human resources costs and costs for administrative support and facilities) and (v) several services the Issuer relies on being outsourced to entities within the Aegon group (see below a simplified structure of the Aegon group).

Aegon N.V. is incorporated under Dutch law as a public company with limited liability (*naamloze vennootschap*) and registered in the Business Register of the Chamber of Commerce under number 27076669. Aegon was formed in 1983 through the merger of two Dutch insurance companies, AGO and Ennia, both of which were successors to insurance companies founded in the 1800s. The LEI of Aegon N.V. is O4QK7KMMK83ITNTHUG69.

Aegon N.V. is the sole and direct shareholder of Aegon Europe Holding B.V., a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated under Dutch law and registered in the Business Register of the Chamber of Commerce under number 52705390. Aegon Europe Holding B.V. is the sole and direct shareholder of Aegon Nederland N.V., a public company with limited liability (*naamloze vennootschap*) incorporated under Dutch law and registered in the Business Register of the Chamber of Commerce under number 27111251. Aegon Nederland N.V. is the sole and direct shareholder of Aegon Bank N.V., Aegon Levensverzekering N.V. and Aegon Hypotheken B.V.

Aegon N.V., through its member companies, collectively referred to as "**Aegon**" or the "**Aegon group**", is an international financial services company. Aegon is headquartered in the Netherlands and employs, through its subsidiaries, approximately 22,000 people worldwide as of 31 December 2020. Aegon's common shares are listed on the Official Segment of the stock market of Euronext Amsterdam, the principal market for its common shares, on which they trade under the symbol "AGN". Aegon's common shares are also listed on the New York Stock Exchange under the symbol "AEG".

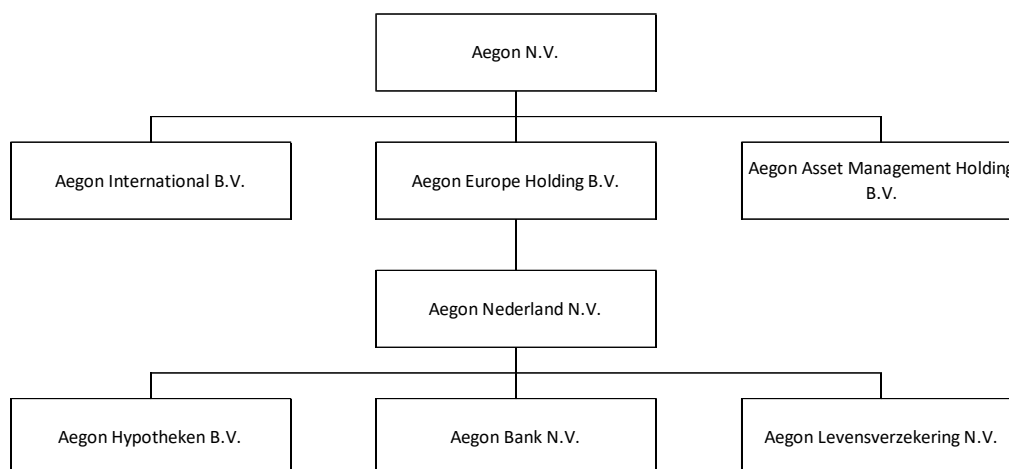

Aegon N.V. is a holding company. In addition to life insurance, pensions and asset management, Aegon group is also active in accident and health cover, savings, mortgages and home and car insurance. Aegon group's operations are conducted through its operating subsidiaries.

The main operating units are separate legal entities and operate under the laws of their respective countries. The shares of these legal entities are directly or indirectly held by three intermediate holding companies incorporated under Dutch law: Aegon Europe Holding B.V., the holding company for all European activities; Aegon International B.V., which primarily serves as a holding company for the Aegon group companies of all non-European countries; and Aegon Asset Management Holding B.V., the holding company for some of its asset management entities.

Aegon conducts its operations through six segments: Americas, The Netherlands, The United Kingdom, International, Asset Management and Holding and other activities.

Aegon's headquarters are located at Aegonplein 50, P.O. Box 85, 2501 CB The Hague, the Netherlands (telephone +31 70 344 3210).

Simplified structure of Aegon group

Legal and arbitration proceedings, regulatory investigations and actions within the Aegon group

Aegon Bank is part of the Aegon group and its operations are interdependent on and may be affected by developments concerning Aegon N.V. and the Aegon group, such as (i) capital contributions (*kapitaalstortingen*) and dividend payments, (ii) strategic decisions, (iii) credit ratings of Aegon N.V. or entities within the Aegon group, (iv) passing on of costs incurred or set-off by Aegon N.V. or within the Aegon group (such as, but not limited to, IT costs, human resources costs and costs for administrative support and facilities) and (v) several services the Issuer relies on being outsourced to entities within the Aegon group, and therefore the proceedings, the regulatory investigations and actions as set out below may affect the Aegon group including Aegon Bank.

Aegon faces significant risks of litigation as well as regulatory investigations and actions relating to its and its subsidiaries' businesses as well as Aegon's compliance with regulations applicable to it as a corporate entity.

Due to the geographic spread of its business, Aegon group may be subject to tax audits or litigation in various jurisdictions. Although uncertainties are provided for adequately in the tax position, the ultimate outcome of the tax audits of litigation may result in an outcome that differs from the amounts provided for.

Insurance companies and their affiliated regulated entities are routinely subject to litigation, investigation and regulatory activity by various governmental and enforcement authorities, individual claimants and policyholder advocate groups in the jurisdictions in which Aegon does business, including the United States, the Netherlands, Poland and the United Kingdom. These actions may involve issues including, but not limited to, employment or distribution relationships; operational and internal controls and processes; investment returns; sales practices; transparency and adequacy of product disclosures including regarding initial costs, ongoing costs, and costs due on policy surrender as well as changes to costs over time; environmental and climate change related matters; competition and antitrust matters; data privacy; information security; intellectual property; and anti-money laundering, anti-bribery and economic sanctions compliance.

Government and regulatory investigations may result in the institution of administrative, injunctive or other proceedings and/or the imposition of monetary fines, penalties and/or disgorgement as well as other remedies, sanctions, damages and restitutionary amounts. Regulators may also seek changes to the way Aegon operates. In some cases, Aegon subsidiaries have modified business practices in response to inquiries.

Customers of certain Aegon products bear significant investment risks with respect to those products, which are affected by fluctuations in equity markets as well as interest rate movements. When investment returns disappoint, are volatile or change due to changes in the market or other relevant conditions, customers may threaten or bring litigation against Aegon. Disputes and investigations initiated by governmental entities and

private parties may lead to orders or settlements including payments or changes to business practices even if Aegon believes the underlying claims are without merit.

The existence of potential claims may remain unknown for long periods of time after the events giving rise to such claims. Determining the likelihood of exposure to Aegon and the extent of any such exposure may not be possible for long periods of time after Aegon becomes aware of such potential claims. Litigation exposure may develop over long periods of time; once litigation is initiated, it may be protracted and subject to multiple levels of appeal, which can lead to significant costs of defence, adverse publicity and other constraints.

In some jurisdictions, plaintiffs may seek recovery of very large or indeterminate amounts under claims of bad faith, which can result in tort, punitive and/or statutory damages. Damages alleged may not be quantifiable or supportable, or may have no relationship to economic losses or final awards. As a result, Aegon cannot predict the effect of litigation, investigations or other actions on its business.

Separate from financial loss, litigation, regulatory action, legislative changes or changes in public opinion may require Aegon to change its business practices, which could have a material adverse impact on Aegon's businesses, results of operations, cash flows and financial position.

Proceedings in which Aegon is involved

Several US insurers, including Aegon subsidiaries, have been named in class actions as well as individual litigation relating to increases in monthly deduction rates ("**MDR**") on universal life products. Plaintiffs generally allege that the increases were made to recoup past losses rather than to cover the future costs of providing insurance coverage. Aegon's subsidiary in the US has agreed to settle two such class actions that had been venued in the US District Court for the Central District of California. The settlement in the first case, approved in January 2019, arose from increases implemented in 2015-2016. Over 99% of affected policyholders participated in that settlement. While less than 1% of policyholders opted out of the settlement, they represent approximately 43% of the value of the settlement fund. The individual opt-out cases and disputes are ongoing. Resolution of this class action ended a number of other related cases, including other federal and state class actions. In the second case, Aegon's subsidiary agreed to settle a class action lawsuit arising out of MDR increases in 2017 and 2018. The court approved that settlement on September 16, 2020. Opt-outs in this case represent less than 7% of the value of the settlement fund. On October 15, 2020, two opt-out policyholders whose objections to the settlement were overruled by the trial court filed an appeal. The appeal has delayed implementation of the settlement. The settlement fund was reduced proportionally for opt outs, although Aegon continues to hold a provision for these policyholders. In the only individual case against Aegon's subsidiary to reach trial (in 2017), a jury found that a 2013 increase to a certain group of policies was improper. The jury verdict was affirmed on appeal, which ended the case. At this time it is impracticable for Aegon to quantify a range or maximum liability or the timing of the financial impact, if any, of the remaining MDR increase related litigation, as the potential financial impacts are dependent both on the outcomes of court proceedings and future developments in financial markets and mortality. If decided adversely to Aegon, these claims could have a material adverse effect on Aegon's business, results of operations, and financial position.

Unclaimed property administrators and state insurance regulators performed examinations and multi-state examinations of the life insurance industry in the United States, including certain of Aegon's subsidiaries. Aegon subsidiaries, like other major US insurers, entered into resolutions with state treasurers and insurance regulators regarding unclaimed property and claims settlement practices. As of December 2020, there remained a provision of USD 6 million for unclaimed property obligations, which is management's best estimate of the still-outstanding exposure. The final amount may vary based on subsequent regulatory review.

Aegon's US-based subsidiaries may face employment-related lawsuits from time to time. For example, several US-based Aegon subsidiaries have been named in a class action alleging that the business model for a part of the business inappropriately characterizes distributors as independent contractors instead of employees. Depending on the outcome, these lawsuits, along with similar claims against other companies and regulatory action could result in significant settlements or judgments, and could necessitate a change in the distribution model, which would be costly and could have a material impact on the financial results for that part of the Aegon US business.

A former subsidiary of Transamerica Corporation was involved in a contractual dispute with a Nigerian travel broker that arose in 1976. That dispute was resolved in Delaware court for USD 235 thousand plus interest in

2010. The plaintiff took the Delaware judgment relating to the 1976 dispute to a Nigerian court and alleged that it was entitled to approximately the same damages for 1977 through 1984 despite the absence of any contract relating to those years. The Nigerian trial court issued a judgment in favor of the plaintiff of the alleged actual damages as well as pre-judgment interest of approximately USD 120 million. On appeal this decision was reversed on procedural grounds and remanded back to the trial court which ruled to dismiss the case; however, the Plaintiff appealed the trial court's ruling. The appeal is still pending. Aegon has no material assets located in Nigeria.

In Poland, owners of unit-linked policies continue to file claims in civil court against Aegon over fees payable upon purchase or surrender of the product. Plaintiffs claim that these fees are not contractually supported. Aegon faces a significant number of these cases. For reasons of commercial necessity as well as at the instigation of the regulatory authorities, Aegon decided to modify the fee structure. As of 2020, a provision of EUR 10 million remains, which represents management's best estimate of the exposure. The final amount may vary based on regulatory developments and the outcome of litigation.

7. COVERED BONDS

FORM OF COVERED BONDS

Each Tranche of Covered Bonds will (as specified in the applicable Final Terms) be in bearer or in registered form. Bearer Covered Bonds will initially be issued in the form of a Temporary Global Covered Bond (unless otherwise indicated in the Final Terms). Each Temporary Global Covered Bond which is intended to be issued in NGN form, as specified in the applicable Final Terms, will be deposited on or prior to the issue date of a Tranche with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. Each Temporary Global Covered Bond which is not intended to be issued in NGN form, as specified in the applicable Final Terms, will on or prior to the original issue date of the Tranche be deposited with (i) the *Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V.* ("**Euroclear Nederland**"), or with (ii) a common depositary for Euroclear and/or Clearstream Luxembourg or with (iii) (a depositary for) any other agreed clearing system. Registered Covered Bonds will either be issued by means of a Registered Covered Bonds Deed for all Covered Bonds issued (global) or for one or more Covered Bonds (individual). Registered Covered Bonds in global form may also be registered in the name of (i) Euroclear Nederland or of (ii) a common depositary for Euroclear and/or Clearstream, Luxembourg or of (iii) (a depositary for) any other agreed clearing system.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Security Trustee, but shall not include Euroclear Nederland.

Whilst any Covered Bond is represented by a Temporary Global Covered Bond payments of principal, interest (if any) and any other amount payable in respect of the Covered Bonds due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Covered Bond only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Covered Bond are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and/or Euroclear Nederland, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the Exchange Date which is not less than 40 days (nor (if the Temporary Global Covered Bond has been deposited with Euroclear Nederland) more than 90 days) after the date on which the Temporary Global Covered Bond is issued or the "restricted period" within the meaning of U.S. Treasury Regulations section 1.163-5(c)(2)(i)(D)(7) or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-2c or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010, interests in such Temporary Global Covered Bond will be exchangeable (free of charge) upon a request as described therein for interests in a Permanent Global Covered Bond of the same Series, against certification of non-US beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Covered Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Covered Bond for an interest in a Permanent Global Covered Bond is improperly withheld or refused. Payments of principal, interest (if any) and any other amounts on a Permanent Global Covered Bond will be made without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Covered Bond will only be exchangeable (free of charge), in whole but not in part, for Definitive Covered Bonds with, where applicable, receipts, interest coupons and talons attached only upon the occurrence of an Exchange Event or, in case such Permanent Global Covered Bond is deposited with Euroclear Nederland, only upon the occurrence of a Delivery Event and in a form to be then determined, subject to mandatory provisions of applicable laws and regulations. The Issuer will promptly give notice to Covered Bondholders of each Series in accordance with Condition 14 (*Notices*) if an Exchange Event or a Delivery Event occurs. In such events, Euroclear and/or Clearstream, Luxembourg and/or, if applicable, Euroclear Nederland (acting on the instructions of any holder of an interest in such Permanent Global Covered Bond) or the Security Trustee may give notice to the Principal Paying Agent requesting exchange or delivery, as the case may be, and, in the event of the occurrence of an Exchange Event as described in (iii) of the definition, the Issuer or the CBC may also give notice to the Principal Paying Agent requesting exchange.

Any such exchange shall occur not later than forty-five (45) days after the date of receipt of the first relevant notice by the Principal Paying Agent.

If Definitive Covered Bonds have not been duly delivered by 6.00 p.m. (Amsterdam time) on the forty-fifth (45th) day after which the preconditions to such exchange are first satisfied then as from the start of the first day on which the banks in Amsterdam are open for business following such event (the "**Relevant Exchange Time**") each relevant account holder shall be able to enforce against the Issuer and the CBC all rights ("**Direct Rights**") which the relevant account holder in question would have had if, immediately before the Relevant Exchange Time, it had been the holder of Definitive Covered Bonds issued on the issue date of the Permanent Global Covered Bond in an aggregate principal amount equal to the principal amount of the relevant entry including, without limitation, the right to receive all payments due at any time in respect of such Definitive Covered Bonds other than payments corresponding to and already made under the Permanent Global Covered Bond, and the rights under the Guarantee. No further action shall be required on the part of any person in order to be able to enforce Direct Rights as contemplated herein before and for each relevant account holder to have the benefit of, and to enforce, rights corresponding to all the provisions of the terms and conditions of the relevant Definitive Covered Bonds as if they had been specifically incorporated in the Permanent Global Covered Bond other than the right to receive payments corresponding to and already made under the Permanent Global Covered Bond. As from the Relevant Exchange Time, the bearer of the Permanent Global Covered Bond shall not be entitled to receive payments or enforce any other rights hereunder (including the rights under the Guarantee).

Definitive Covered Bonds will be in the standard euromarket form (unless otherwise indicated in the applicable Final Terms). Definitive Covered Bonds and Global Covered Bonds will be in bearer form. The Global Covered Bonds are held in book-entry form.

Global Covered Bonds, Definitive Covered Bonds and Registered Covered Bonds will be issued in accordance with and subject to the terms of the Agency Agreement and the Trust Deed.

The following legend will appear on all Bearer Covered Bonds and each Registered Covered Bonds Deed relating to Registered Covered Bonds which have an original maturity of more than one (1) year and on all receipts and interest coupons relating to such Covered Bonds:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Covered Bonds, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Covered Bonds, receipts or interest coupons.

The following legend will appear on all Global Covered Bonds held through Euroclear Nederland:

"NOTICE: THIS COVERED BOND IS ISSUED FOR DEPOSIT WITH *NEDERLANDS CENTRAAL INSTITUUT VOOR GIRAAL EFFECTENVERKEER B.V.* ("EUROCLEAR NEDERLAND") AT AMSTERDAM, THE NETHERLANDS. ANY PERSON BEING OFFERED THIS COVERED BOND FOR TRANSFER OR ANY OTHER PURPOSE SHOULD BE AWARE THAT THEFT OR FRAUD IS ALMOST CERTAIN TO BE INVOLVED."

The Covered Bonds and the Guarantee have not been and will not be registered under the Securities Act, or the securities laws of any state of the U.S. or other jurisdiction of the U.S. The Covered Bonds may not be offered, sold or delivered within the U.S. or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Covered Bonds are being offered, sold or delivered only to non-U.S. persons (as defined in Regulation S) outside the U.S. in reliance on Regulation S.

Covered Bonds which are represented by a Global Covered Bond and are held through Euroclear or Clearstream, Luxembourg, will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be. In case of a Global Covered Bond deposited with Euroclear

Nederland, the rights of Covered Bondholders will be exercised in accordance with and are subject to the Dutch Securities Giro Transfer Act (*Wet Giraal Effectenverkeer*).

Covered Bonds issued under the Programme will either be fungible with an existing Series or have different terms to an existing Series (in which case it will constitute a new Series). All Covered Bonds issued from time to time will rank *pari passu* with each other in all respects and will share equally in the Guarantee granted by the CBC. If an Issuer Event of Default or a CBC Event of Default occurs and results in acceleration (in respect of the CBC only in case of a CBC Event of Default), all Covered Bonds of all Series will accelerate at the same time. Pursuant to the Agency Agreement, the Principal Paying Agent shall arrange that, where a further Tranche of Covered Bonds is issued which is intended to form a single Series with an existing Tranche of Covered Bonds, the Covered Bonds of such further Tranche shall be assigned a temporary common code and ISIN Code by Euroclear and Clearstream, Luxembourg and/or any other relevant security code which are different from the common code, ISIN Code and other relevant security code assigned to Covered Bonds of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Covered Bonds of such Tranche.

If a Series of Covered Bonds is held through Euroclear and Clearstream, Luxembourg and if such Series of Covered Bonds will be redeemed on the Maturity Date, the Issuer shall (to ensure that such Series of Covered Bonds will be redeemed on the Maturity Date) provide or procure that the Principal Paying Agent shall on its behalf provide a formal notice (in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg) at least two (2) Business Days prior to the relevant Maturity Date to Euroclear and Clearstream, Luxembourg that such Series of Covered Bonds will be redeemed on the Maturity Date, with a copy of such notice to the CBC and the Security Trustee.

No Covered Bondholder or Couponholder shall be entitled to proceed directly against the Issuer or the CBC unless the Security Trustee, having become bound so to proceed, fails to do so within a reasonable period and the failure shall be continuing.

FORM OF FINAL TERMS

Copies of the Final Terms will be provided upon request by the Issuer. [In addition, in case of Covered Bonds listed on Euronext Amsterdam, the Final Terms will be displayed on the website of Euronext Amsterdam (_____).]

Set out below is the form of Final Terms which will be completed for each Tranche of Covered Bonds issued under the Programme. Any deviation of the form of Final Terms will also have to be agreed with the CBC and approved by the AFM (if required under the Prospectus Regulation).

Any information contained in or accessible through any website, including www.aegon.com/coveredbond, does not form part of the Base Prospectus and/or these Final Terms and has not been scrutinised or approved by the AFM, unless specifically stated in the Base Prospectus, in any supplement hereto or in any document incorporated or deemed to be incorporated by reference in the Base Prospectus that all or any portion of such information is incorporated by reference in the Base Prospectus.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, (as amended, "**EU MiFID II**"); (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "**IDD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014, (as amended, the "**PRIIPs Regulation**") for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

EU MiFID II product governance / Professional investors and eligible counterparties only target market:

Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Covered Bonds has led to the conclusion that: (i) the target market for the Covered Bonds is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Covered Bonds to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Covered Bonds (an "**EU distributor**") should take into consideration the manufacturer[s/s'] target market assessment; however, an EU distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the manufacturer[s/s'] target market assessment) and determining appropriate distribution channels.

[PROHIBITION OF SALES TO UK RETAIL INVESTORS - The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Covered Bonds or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]

[UK MiFIR product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Covered Bonds has led to the conclusion that: (i) the target market for the Covered Bonds is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**"); and (ii) all channels for distribution of the Covered Bonds to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Covered Bonds (a "**distributor**") should take into consideration the manufacturer[s/s'] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the manufacturer[s/s'] target market assessment) and determining appropriate distribution channels.]

The Covered Bonds and the Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any state of the U.S. or other jurisdiction. The securities may not be offered or sold within the U.S. or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Covered Bonds are being offered, sold or delivered only to non-U.S. persons (as defined in Regulation S) outside the U.S. in reliance on Regulation S.

These Final Terms are to be read in conjunction with the Terms and Conditions (the "**Terms and Conditions**") set forth in section 7 (*Covered Bonds*) of the Base Prospectus. The Terms and Conditions as supplemented, amended and/or disappplied by these Final Terms constitute the conditions (the "**Conditions**") of the Covered Bonds. Capitalised terms not defined herein have the same meaning as in the Terms and Conditions. Certain capitalised terms in the Conditions which are not defined therein have the meaning set forth in a master definitions agreement (the "**Master Definitions Agreement**") dated 4 May 2021 as amended, supplemented, restated or otherwise modified from time to time and signed by the Issuer, the CBC, the Security Trustee, the Transferor and certain other parties. All references to numbered Conditions and sections are to Conditions and sections of the Terms and Conditions set forth in section 7 (*Covered Bonds*) of the Base Prospectus.

[Include whichever of the following apply or specify as "Not Applicable" (N/A). Note that the numbering should remain as set out below, even if "Not Applicable" is indicated for individual paragraphs (in which case the sub-paragraphs of the paragraphs which are not applicable can be deleted). Italics denote directions for completing the Final Terms.]

[Consider whether a drawdown prospectus is necessary in order to issue fungible Covered Bonds where the first Tranche was issued pursuant to a previous base prospectus. This could arise in circumstances where, for example, the Final Terms for the original tranche included information which is no longer permitted to be included in Final Terms under the Prospectus Regulation or pursuant to guidance issued by ESMA.]

TERMS AND CONDITIONS OF THE COVERED BONDS

The following are the Terms and Conditions to be issued by the Issuer which will be incorporated into each Global Covered Bond, Registered Covered Bonds Deed and each Definitive Covered Bond in the standard euomarket form. The applicable Final Terms in relation to any Tranche of Covered Bonds may specify other terms and conditions which shall to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Tranche of Covered Bonds. The applicable Final Terms will be endorsed on, incorporated by reference into, or attached to, each Global Covered Bond, Registered Covered Bonds Deed and Definitive Covered Bond in the standard euomarket form. Reference should be made to "Form of Final Terms" above for a description of the content of Final Terms which includes the definition of certain terms used in the following Terms and Conditions.

This Covered Bond is one of a Series (as defined below) of Covered Bonds issued by Aegon Bank N.V. (the "**Issuer**" which expression shall include any Substituted Debtor pursuant to Condition 17 (*Substitution of the Issuer*)) pursuant to a trust deed (as amended, restated or otherwise modified from time to time, the "**Trust Deed**") dated 4 May 2021 (such date, and in respect of the Programme Agreement 4 May 2021, the "**Programme Date**") made between the Issuer, Aegon SB Covered Bond Company B.V. (the "**CBC**") and Stichting Security Trustee Aegon SB Covered Bond Company (the "**Security Trustee**") and Stichting Holding Aegon SB Covered Bond Company (the "**Stichting Holding**").

Save as provided for in Conditions 10 (*Events of Default and Enforcement*) and 15 (*Meetings of Covered Bondholders, Modification and Waiver*) or where the context otherwise requires, references herein to the Covered Bonds shall be references to the Covered Bonds of this Series and shall mean:

- (i) in relation to any Covered Bonds represented by a Global Covered Bond, units of the lowest Specified Denomination in euro;
- (ii) any Temporary Global Covered Bond, any Permanent Global Covered Bond and any Registered Covered Bond, as the case may be; and
- (iii) any Definitive Covered Bonds issued in exchange for a Permanent Global Covered Bond upon the occurrence of an Exchange Event.

The Covered Bonds and the Coupons (as defined below) have the benefit of an agency agreement (such agency agreement as amended, supplemented, restated or otherwise modified from time to time, the "**Agency Agreement**") entered into on the Programme Date between the Issuer, the CBC, the Security Trustee, Citibank, N.A., London Branch as issuing and principal paying agent (the "**Principal Paying Agent**") and as registrar (the "**Registrar**"), and the other paying agents named therein (together with the Principal Paying Agent, the "**Paying Agents**", which expression shall include any additional or successor paying agent).

Interest bearing Definitive Covered Bonds in the standard euomarket form (unless otherwise indicated in the applicable Final Terms) have Coupons and, if indicated in the applicable Final Terms, Talons attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons.

The Final Terms for this Covered Bond (or the relevant provisions thereof) are (i) in the case of a Bearer Covered Bond, attached to or endorsed on this Covered Bond or (ii) in the case of a Registered Covered Bond, attached to the relevant Registered Covered Bonds Deed, and supplement these Terms and Conditions (together in respect of the relevant Covered Bond the "**Conditions**") and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the Conditions, replace or modify the Conditions for the purposes of this Covered Bond. References to the applicable Final Terms are to the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Covered Bond or the relevant Registered Covered Bonds Deed.

The Security Trustee acts for the benefit of the holders for the time being of the Covered Bonds (the "**Covered Bondholders**" or "**Bondholders**", which expression shall, in relation to (i) any Bearer Covered Bonds represented by a Temporary Global Covered Bond or a Permanent Global Covered Bond, and (ii) any Registered Covered Bond, be construed as provided below) and the holders of the Coupons (the "**Couponholders**", which expression shall, unless the context otherwise requires, include the holders of the Talons) and for holders of each

other Series in accordance with the provisions of the Trust Deed. Any holders mentioned above include those having a credit balance in the collective depots held by Euroclear Nederland or one of its participants.

As used herein, "**Tranche**" means Covered Bonds which are identical in all respects (including as to listing) and "**Series**" means a Tranche of Covered Bonds together with any further Tranche or Tranches of Covered Bonds which are (i) expressed to be consolidated and form a single series and (ii) identical in all respects (including as to listing) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

These Terms and Conditions include summaries of, and are subject to, the provisions of the Trust Deed, the Parallel Debt Agreement, the Pledge Agreements and the Agency Agreement.

Copies of the Trust Deed, the Pledge Agreements, the Master Definitions Agreement, the Parallel Debt Agreement and the Agency Agreement are available for inspection during normal business hours at the registered office of the Security Trustee for the time being at Amsterdam, the Netherlands and at the specified office of each of the Paying Agents. Copies of the applicable Final Terms for all Covered Bonds of each Series (including in relation to unlisted Covered Bonds of any Series) are obtainable during normal business hours at the specified office of each of the Paying Agents and any Covered Bondholder must produce evidence satisfactory to the Issuer and the Security Trustee or, as the case may be, the relevant Paying Agent as to its holding of Covered Bonds and identity. The Covered Bondholders and the Couponholders are deemed to have notice of, are bound by, and are entitled to the benefit of, all the provisions of, and definitions contained in, the Trust Deed, the Pledge Agreements, the Master Definitions Agreement, the Agency Agreement, each of the other Transaction Documents and the applicable Final Terms which are applicable to them and to have notice of each Final Terms relating to each other Series.

Except where the context otherwise requires, capitalised terms used and not otherwise defined in these Terms and Conditions shall bear the meaning given to them in the applicable Final Terms and/or the master definitions agreement dated the Programme Date, as amended, supplemented, restated, novated or otherwise modified from time to time (the "**Master Definitions Agreement**"), a copy of each of which may be obtained as described above.

1. FORM, DENOMINATION AND TITLE

The Covered Bonds are either Bearer Covered Bonds or Registered Covered Bonds issued pursuant to the terms and conditions of a Registered Covered Bonds Deed, as set out in the applicable Final Terms, and, in the case of Definitive Covered Bonds, serially numbered, and in the case of Definitive Covered Bonds or Registered Covered Bonds in euro and the Specified Denomination(s). Covered Bonds of one Specified Denomination may not be exchanged for Covered Bonds of another Specified Denomination.

This Covered Bond may be a Fixed Rate Covered Bond, a Floating Rate Covered Bond, a Zero Coupon Covered Bond or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

Definitive Covered Bonds are issued with Coupons attached, unless they are Zero Coupon Covered Bonds in which case references to Coupons and Couponholders in these Terms and Conditions are not applicable.

Under Dutch law, the valid transfer of Covered Bonds requires, among other things, delivery (*levering*) thereof.

For Bearer Covered Bonds held by Euroclear Nederland deliveries will be made in accordance with the Wge.

The Issuer, the CBC, the Paying Agents and the Security Trustee may (except as otherwise required by law) deem and treat the holder of any Bearer Covered Bond or Coupon as the absolute owner thereof, whether or not any payment is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof and no person shall be liable for so treating such bearer for all purposes but, in the case of any Global Covered Bond, without prejudice to the provisions set out in the first succeeding paragraph. The signatures on this Covered Bond or the relevant Registered Covered Bonds Deed, as applicable, are manual and/or in facsimile.

For so long as any of the Covered Bonds are represented by a Global Covered Bond held on behalf of Euroclear and/or Clearstream, Luxembourg by a common safekeeper, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Covered Bonds (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to such nominal amount of such Covered Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the CBC, the Paying Agents and the Security Trustee as the holder of such nominal amount of such Covered Bonds for all purposes other than with respect to the payment of principal or interest or other amounts on such nominal amount of such Covered Bonds, for which purpose the bearer of the relevant Global Covered Bond shall be treated by the Issuer, the CBC, any Paying Agent and the Security Trustee as the holder of such nominal amount of such Covered Bonds in accordance with and subject to the terms of the relevant Global Covered Bond and the expressions "Covered Bondholder" and "holder of Covered Bonds" and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular nominal amount of Covered Bonds as aforesaid, the Security Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error or an error established as such to the satisfaction of the Security Trustee, be conclusive and binding on all concerned. Covered Bonds which are represented by a Global Covered Bond will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg, and/or Euroclear Nederland, as the case may be.

Where Covered Bonds represented by a Permanent Global Covered Bond are deposited with Euroclear Nederland, a Covered Bondholder shall not have the right to request delivery (*uitlevering*) of his Covered Bonds under the Wge other than as set out in accordance with the rules and procedures of Euroclear Nederland and the Wge and never in bearer form.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Security Trustee but shall not include Euroclear Nederland.

2. STATUS OF THE COVERED BONDS

The Covered Bonds and any relative Coupons constitute unsubordinated and unsecured obligations of the Issuer, guaranteed by the Guarantee and rank *pari passu* without any preference among themselves and at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, present and future, other than any obligations preferred by mandatory provisions of applicable law.

3. THE GUARANTEE

Pursuant to the Guarantee, the CBC has as an independent obligation irrevocably undertaken to pay the Guaranteed Amounts when the same shall become Due for Payment. However, the CBC shall have no such obligation under the Guarantee until (i) the occurrence of an Issuer Event of Default, the service by the Security Trustee on the Issuer of an Issuer Acceleration Notice and the service by the Security Trustee on the CBC of a Notice to Pay or (ii) the occurrence of a CBC Event of Default and the service by the Security Trustee of a CBC Acceleration Notice on the Issuer and the CBC. In addition, in respect of each Series of Covered Bonds, if the CBC is obliged to pay the Guaranteed Final Redemption Amount, then:

- (a) the obligation of the CBC to pay the Guaranteed Final Redemption Amount shall be deferred to, and shall under the Guarantee be due on, the Extended Due for Payment Date, unless on the date when the Guaranteed Final Redemption Amount is Due for Payment (the "**Extension Date**") or any subsequent Interest Payment Date which applies pursuant to paragraph (b) below and which falls prior to the Extended Due for Payment Date, any moneys are available to the CBC to be paid (or reserved for payment of principal on any Series of Covered Bonds), after the CBC shall under the relevant Priority of Payments have paid or provided for (1) all higher ranking amounts and (2) all Guaranteed Final Redemption Amounts pertaining to any Series with an Extended Due for Payment Date falling prior to the Extended Due for Payment Date for this Series, in which case the CBC shall (a) give notice thereof to the relevant holders of the Covered Bonds (in accordance with Condition 14 (*Notices*)), the Rating Agency, the Security

Trustee, the Principal Paying Agent and the Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event on the Extension Date (whereby such notice shall be deemed to have been given on the first Business Day following the date on which such notice was given by the CBC to the relevant clearing system) or at least two (2) Business Days prior to such Interest Payment Date, respectively, and (b) apply such remaining available moneys in payment, in whole or in part, of the Guaranteed Final Redemption Amount pertaining to a Series of Covered Bonds with an Extended Due for Payment Date falling in the same CBC Payment Period in which the Extended Due for Payment Date for this Series falls, if applicable *pro rata* by reference to the Principal Amount Outstanding of such Covered Bonds (and to such extent the Guaranteed Final Redemption Amount shall for the purpose of the relevant Priority of Payments and all other purposes be due) on such Extension Date and/or such Interest Payment Date, respectively; and

- (b) the CBC shall under the Guarantee owe interest over the unpaid portion of the Guaranteed Final Redemption Amount, which shall accrue and be payable on the basis set out in the applicable Final Terms or, if not set out therein, Condition 5 (*Interest*), provided that for this purpose all references in Condition 5 to the Maturity Date are deemed to be references to the Extended Due for Payment Date, *mutatis mutandis*,

all without prejudice to the CBC's obligation to pay any other Guaranteed Amount (i.e. other than the Guaranteed Final Redemption Amount) when Due for Payment.

The rights under the Guarantee (a) form an integral part of the Covered Bonds, (b) are of interest to a holder of Covered Bonds only if, to the extent that, and for so long as, it holds Covered Bonds and (c) can only be transferred together with all other rights under the relevant Covered Bond. The obligations of the CBC under the Guarantee are unsubordinated and unguaranteed obligations of the CBC, which are secured (indirectly, through a parallel debt) as set out below.

As security for a parallel debt corresponding to the CBC's obligations under the Guarantee and the other Transaction Documents to which it is a party, the CBC has granted the following security rights to the Security Trustee:

- (i) a first ranking right of pledge (or such other security right as may be applicable) over the Transferred Assets; and
- (ii) a first ranking right of pledge over the CBC's rights under or in connection with the CBC Transaction Documents and the CBC Transaction Accounts.

The holders of the Covered Bonds of each Series will, through the Security Trustee, benefit from the security rights and are deemed to have acknowledged, and are bound by the Parallel Debt Agreement and Trust Deed.

For the purposes of these Terms and Conditions:

"Extended Due for Payment Date" means, subject to Condition 7(c) (*Redemption at the option of the Issuer (Issuer Call)*), the date falling one (1) year after the Maturity Date, as specified as such in the applicable Final Terms.

"Guaranteed Final Redemption Amount" means the Guaranteed Amount relating to Scheduled Principal payable on the Maturity Date.

4. REDENOMINATION

The Issuer may, without the consent of the Covered Bondholders and the Couponholders, on giving prior notice to the Principal Paying Agent, Euroclear, Clearstream, Luxembourg and, if applicable, Euroclear Nederland and at least thirty (30) days' prior notice to the Covered Bondholders in accordance with Condition 14 (*Notices*), elect that, with effect from the Redenomination Date (as defined below) specified in the notice, the Covered Bonds and the Coupons denominated in euro (each for the purpose of this Condition the **"Old Currency"**) shall be redenominated in another currency (for the purpose of this Condition the **"New Currency"**) upon the occurrence of a Convertibility Event.

The election will have effect as follows:

- (i) the Covered Bonds and the Coupons shall be deemed to be redenominated into the New Currency in the denomination of the equivalent of euro 0.01 in another currency, with a principal amount for each Covered Bond equal to the principal amount of that Covered Bond in euro, converted into the New Currency at the rate for the conversion of the Old Currency into the New Currency as fixed by the government of the Netherlands, provided that, if the Issuer determines, with the agreement of the Security Trustee, that the market practice at the time of redenomination in respect of the redenomination into the New Currency of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Covered Bondholders, the stock exchange (if any) on which the Covered Bonds may be listed and the Paying Agents of such deemed amendments;
- (ii) save to the extent that an Exchange Notice (as defined below) has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Covered Bonds will be calculated by reference to the aggregate principal amount of Covered Bonds presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest equivalent of euro 0.01 in another currency;
- (iii) if Definitive Covered Bonds are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 100,000 or such other amount as may be allowed pursuant to the relevant laws which are applicable equivalent to (the offering of) such Covered Bonds and notified to the Covered Bondholders;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in euro (whether or not attached to the Covered Bonds) will become void with effect from the date on which the Issuer gives notice (for the purpose of this Condition the "**Exchange Notice**") to the Covered Bondholders in accordance with Condition 14 (*Notices*) that replacement of Old Currency denominated Covered Bonds and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Covered Bonds and Coupons so issued will also become void on that date although those Covered Bonds and Coupons will continue to constitute valid exchange obligations of the Issuer. New Currency denominated Covered Bonds and Coupons will be issued in exchange for Covered Bonds and Coupons denominated in euro in such manner as the Issuer may specify and as shall be notified to the Covered Bondholders in the Exchange Notice. No Exchange Notice may be given less than fifteen (15) days prior to any date for payment of principal or interest on the Covered Bonds;
- (v) on or after the Redenomination Date, all payments in respect of the Covered Bonds and the Coupons, with a possible exception of payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in the New Currency as though references in the Covered Bonds to euro were to the New Currency. Payments will be made in the New Currency by credit or transfer to a New Currency account (or any other account to which the New Currency may be credited or transferred) specified by the payee or, at the option of the payee, by a New Currency cheque; and
- (vi) if the Covered Bonds are Fixed Rate Covered Bonds and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated by applying the Rate of Interest to each Calculation Amount, multiplying such sum by the applicable Fixed Day Count Fraction (as defined in Condition 5(a) (*Interest on Fixed Rate Covered Bond*)), and rounding the resultant figure to the nearest sub-unit of the relevant New Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. The amount of interest payable in respect of such Fixed Rate Covered Bonds shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

For the purpose of this Condition "**Redenomination Date**" means (i) in the case of Fixed Rate Covered Bonds and Floating Rate Covered Bonds, any date for payment of interest or redemption under such Covered Bonds or

(ii) in the case of Zero Coupon Covered Bonds any date, specified by the Issuer in the notice given to the Covered Bondholders pursuant to paragraph (a) above and which shall be the date the government of the Netherlands accepts payment in the New Currency as legal tender.

5. INTEREST

Each Fixed Rate Covered Bond and Floating Rate Covered Bond will bear the interest as set out in the applicable Final Terms. If after the Maturity Date the interest on a Series switched from a fixed rate to a floating rate or vice versa, such Covered Bonds will become Floating Rate Covered Bonds or Fixed Rate Covered Bonds, as applicable.

A. *Interest on Fixed Rate Covered Bonds*

Each Fixed Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the interest commencement date as specified in the applicable Final Terms ("**Interest Commencement Date**") (or, if not specified in the applicable Final Terms, the Issue Date) at the rate(s) per annum equal to the Fixed Rate(s) of Interest. Interest will be payable in arrears on the Interest Payment Date(s) in each year up to (and including) the date as specified in the applicable Final Terms.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) the Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (2) the Modified Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (3) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (4) No Adjustment, such Interest Payment Date (or other date) shall not be adjusted in accordance with any Business Day Convention.

If "**Unadjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If "**Adjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date is subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If interest is required to be calculated for a period starting or ending other than on an Interest Payment Date (the "**Interest Calculation Period**"), such interest shall be calculated by applying the Fixed Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Fixed Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the euro, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention and multiplying such rounded up figure by a fraction equal to the Specified Denomination of such Covered Bond divided by the Calculation Amount.

For the purposes of these Terms and Conditions (unless defined otherwise in the relevant section or subsection);

"Fixed Day Count Fraction" means:

if **"Actual/Actual (ICMA)"** is specified in the applicable Final Terms for the relevant period, it means:

- (a) where the Interest Calculation Period is equal to or shorter than the Determination Period during which it falls, the actual number of days in the Interest Calculation Period divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
- (b) where the Interest Calculation Period is longer than one Determination Period, the sum of:
 - (A) the actual number of days in such Interest Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
 - (B) the actual number of days in such Interest Calculation Period falling in the next Determination Period divided by the product of (1) the actual number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year;

where:

"Determination Period" means the period from and including an Interest Payment Date in any year up to but excluding the next Interest Payment Date;

if **"30/360"** is specified in the applicable Final Terms for the relevant period, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) (unless (i) the last day of the Fixed Interest Period is the 31st day of a month but the first day of the Fixed Interest Period is a day other than the 30th or the 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month or (ii) the last day of the Fixed Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month) divided by 360;

"sub-unit" means one cent;

"Calculation Amount" has the meaning ascribed to it in the applicable Final Terms or if no such amount is specified in the applicable Final Terms, the Specified Denomination;

"Fixed Interest Period" means the period from and including an Interest Payment Date (or in the case of a first interest period, the Interest Commencement Date, or if such is not specified in the applicable Final Terms, the Issue Date) to but excluding the next Interest Payment Date;

"Maturity Date" means, subject to Condition 7(c) (*Redemption at the option of the Issuer (Issuer Call)*) and Condition 7(d) (*Redemption of Covered Bonds at the option of the Covered Bondholders*), in respect of a Series of Covered Bonds, the relevant Interest Payment Date which falls no more than forty seven (47) years after the Issue Date of such Series and on which the Covered Bonds of such Series are expected to be redeemed at their Principal Amount Outstanding in accordance with these Conditions, as specified in the relevant Final Terms; and

"Principal Amount Outstanding" means, on any date, the principal amount of a Covered Bond on the relevant Issue Date, less the aggregate amount of any principal payments in respect of such Covered Bond which have been paid to the relevant Covered Bondholder on or prior to that date.

The applicable Final Terms shall contain provisions (if necessary) relating to the calculation of interest in respect of Interest Payment Dates that fall in the interval between the Issue Date and the First Interest Payment Date or the interval between the Maturity Date and the immediately preceding Interest Payment Date.

B. Interest on Floating Rate Covered Bonds

(i) Interest Payment Dates

Each Floating Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date at the rate equal to the Rate of Interest, with a floor of zero per cent., payable in arrear on either:

- (a) the Specified Interest Payment Date(s) in each year; or
- (b) if no express Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an "**Interest Payment Date**") which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. "**Interest Period**" shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention is specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5 (B)(i)(b) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date (or other date) shall be brought forward to the immediate preceding Business Day; or
- (5) No Adjustment, such Interest Payment Date (or other date) shall not be adjusted in accordance with any Business Day Convention.

If "**Unadjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date were not subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

If "**Adjusted**" is specified in the applicable Final Terms the number of days in each Interest Period shall be calculated as if the Interest Payment Date is subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms.

In this Condition 5 (*Interest*), "**Business Day**" means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
- (b) a day on which the TARGET2 is open. In these Terms and Conditions, "TARGET2" means the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007 or any successor thereof.

(ii) *Rate of Interest*

The Rate of Interest will be determined in the manner specified in the applicable Final Terms.

(a) *ISDA Determination for Floating Rate Covered Bonds*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (a), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as amended and updated as at the Issue Date of the first Tranche of the Covered Bonds, published by the International Swaps and Derivatives Association, Inc. (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is the period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on EURIBOR, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (a), (i) "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions, (ii) the definition of "**Banking Day**" in the ISDA Definitions shall be amended to insert after the words "are open for" in the second line before the word "general" and (iii) "**Euro-zone**" means the region comprised of Member States of the European Union that adopt the single currency in accordance with the EU Treaty.

When this sub-paragraph (a) applies, in respect of each relevant Interest Period the Principal Paying Agent will be deemed to have discharged its obligations under Condition 5(B)(iv) (*Determination of Rate of Interest and Calculation of Floating Interest Amounts*) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this subparagraph (a).

(b) *Screen Rate Determination for Floating Rate Covered Bonds not referencing Compounded Daily €STR*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, and unless the Reference Rate in respect of the Relevant Series of Floating Rate Covered Bonds is specified in the applicable Final Terms as being "Compounded Daily €STR" the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards or, if the relevant Screen Rate is EURIBOR, to the third decimal place, with 0.0005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rates which appears or appear, as the case may be, on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date. If five or

more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent.

If the Relevant Screen Page is not available or if, in the case of (1) above, no offered quotation appears or, in the case of (2), fewer than three offered quotations appear, in each case as at the relevant time, the Principal Paying Agent shall request each of the Reference Banks to provide the Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the relevant time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Paying Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Paying Agent.

If on any Interest Determination Date fewer than two Reference Banks provide the Principal Paying Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Principal Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Principal Paying Agent by two or more Reference Banks, at which such rates were offered, at approximately the relevant time on the relevant Interest Determination Date, deposits in euro for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR, as applicable) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Paying Agent with offered rates, the offered rate for deposits in euro for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in euro for a period equal to that which would have been used for the Reference Rate, at which, at approximately the relevant time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Principal Paying Agent it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

(c) *Replacement Reference Rate Determination for Discontinued Reference Rate*

Notwithstanding the provisions above in this Condition 5(B), if the Issuer determines at any time prior to, on or following any Interest Determination Date, that a Benchmark Event has occurred, the Issuer will, as soon as reasonably practicable (and in any event prior to the next relevant Interest Determination Date), appoint an agent ("**Rate Determination Agent**"), which will determine in its sole discretion, acting in good faith and in a commercially reasonable manner, whether a substitute or successor rate is available for purposes of determining the relevant Reference Rate on each Interest Determination Date falling on such date or thereafter that is substantially comparable to the Reference Rate that is available or a successor rate that has been recommended or selected by the monetary authority or similar authority (or working group thereof) in the jurisdiction of the applicable currency. If the Rate Determination Agent determines that there is an industry-accepted successor rate, the Rate Determination Agent will use such successor rate to determine the relevant Reference Rate. If the Rate Determination Agent has determined a substitute or successor rate in accordance with the foregoing (such rate, the "**Replacement Reference Rate**") for purposes of determining the Reference Rate on the relevant Interest Determination Date falling on or after such determination, (A) the Rate Determination Agent will also determine changes (if any) to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the Replacement Reference Rate, including any Adjustment Spread, in each case in a manner that is consistent with industry-accepted practices for such Replacement Reference Rate; (B) references to the Reference Rate in these Conditions applicable to the relevant Floating Rate Covered Bonds will be deemed to be references to the relevant Replacement Reference Rate, including any alternative method for determining such rate as described in (A) above (including

the Adjustment Spread); (C) the Rate Determination Agent will notify the Issuer of the foregoing as soon as reasonably practicable; and (D) the Issuer will give notice as soon as reasonably practicable to the Covered Bondholders (in accordance with Condition 14 (Notices)), the Security Trustee, the CBC and the Principal Paying Agent specifying the Replacement Reference Rate, as well as the details described in (A) above.

The determination of the Replacement Reference Rate and the other matters referred to above by the Rate Determination Agent will (in the absence of manifest error) be final and binding on the Issuer, the Principal Paying Agent, the Calculation Agent, the Security Trustee and the Covered Bondholders. If it is not possible to appoint a Rate Determination Agent, or the Rate Determination Agent is unable to or otherwise does not determine a substitute Replacement Reference Rate, then the Reference Rate will not be changed pursuant to this Condition 5(B)(ii)(c). This is without prejudice to the applicability of Condition 5(B)(ii)(a) and (b).

For the avoidance of doubt, each Covered Bondholder shall be deemed to have accepted the Replacement Reference Rate or such other changes pursuant to this paragraph (iii).

The Rate Determination Agent will be (A) a major bank or broker-dealer in the principal financial centre of the European Union or the United Kingdom as appointed by the Issuer; or (B), if it is not reasonably practicable to appoint a party as referred to under (A), the Issuer.

As used in this Condition 5(B)(ii)(c):

"Adjustment Spread" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Issuer determines in its sole discretion, acting in good faith, is required to be applied to the Replacement Reference Rate to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Covered Bondholders as a result of the replacement of the Reference Rate with the Replacement Reference Rate and is the spread, formula or methodology which:

- (a) is formally recommended in relation to the replacement of the Reference Rate with the Replacement Reference Rate by any competent authority or any working group in the jurisdiction of the applicable currency sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which such reference rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate, (c) a group of the aforementioned central banks or other supervisory authorities, or (d) the Financial Stability Board or any part thereof, or any widely recognised industry association or body; or (if no such recommendation has been made);
- (b) the Issuer determines, acting in good faith, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Reference Rate, where such rate has been replaced by the Replacement Reference Rate; or (if the Issuer determines that no such industry accepted standard is recognised or acknowledged);
- (c) the Issuer, in its discretion, acting in good faith, determines to be appropriate.

"Benchmark Event" means:

- (a) a public statement or publication or information is made by the administrator of the Reference Rate, other than Compounded Daily €STR, or the competent authority supervising the relevant administrator that the Reference Rate, other than Compounded Daily €STR, has ceased to be a representative or an industry accepted rate for debt market instruments (as determined by the Rate Determination Agent, acting in good faith) such as, or comparable to, the Covered Bonds; or
- (b) it has become unlawful or otherwise prohibited pursuant to any law, regulation or instruction from a competent authority, to calculate any payments due to be made to any Covered Bondholder using the Reference Rate, other than Compounded Daily €STR, or otherwise make use of the Reference Rate, other than Compounded Daily €STR, with respect to the Covered Bonds; or
- (c) the Reference Rate, other than Compounded Daily €STR, has changed materially, ceased to be published for a period of at least five (5) Business Days or ceased to exist; or
- (d) a public statement or publication or information by or on behalf of the administrator of the Reference Rate, other than Compounded Daily €STR, or the competent authority supervising the relevant administrator of the Reference Rate, other than Compounded Daily €STR, or its supervisor that, by a specified date within

the following six (6) months, the Reference Rate, other than Compounded Daily €STR, will be materially changed, no longer be representative, cease to be published, cease to exist, be discontinued or be prohibited from being used or that its use will be subject to restrictions or adverse consequences.

provided that (i) in the case of sub-paragraphs (b),(c) and (d), the Benchmark Event shall occur on the date of the cessation of publication of the Reference Rate, the discontinuation of the Reference Rate, or the prohibition of use of the Reference Rate, as the case may be, and not the date of the relevant public statement and (ii) in the case of sub-paragraph (a) above, on the date with effect from which the Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) a representative or an industry accepted rate for debt market instruments (as determined by the Rate Determination Agent, acting in good faith) such as, or comparable to, the Covered Bonds and which is specified in the relevant public statement, and, in each case, not the date of the relevant public statement.

(d) Screen Rate Determination for Floating Rate Covered Bonds referencing Compounded Daily €STR

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the relevant Series of Floating Rate Covered Bonds is specified in the applicable Final Terms as being "Compounded Daily €STR", the Rate of Interest for an Interest Accrual Period will be Compounded Daily €STR with respect to such Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the applicable Margin.

"**Compounded Daily €STR**" means, with respect to an Interest Accrual Period, the rate of return of a daily compound interest investment during the Observation Period corresponding to such Interest Accrual Period (with the daily euro short-term rate as the reference rate of the calculation of interest) and will be calculated by the Calculation Agent on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{\text{€STR}_{i-pTBD} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

"**d**" is the number of calendar days in the relevant Interest Accrual Period;

"**d_o**" is the number of TARGET Settlement Days in the relevant Interest Accrual Period;

"**ECB**" means the European Central Bank or any successor or substituting authority thereto;

"**i**" is a series of whole numbers from one to "**d_o**", each representing the relevant TARGET Settlement Day in chronological order from, and including, the first TARGET Settlement Day in the relevant Interest Accrual Period to, and including, the last TARGET Settlement Day in the relevant Interest Accrual Period;

"**n_i**", for any TARGET Settlement Day "**i**", means the number of calendar days from and including such TARGET Settlement Day "**i**" up to but excluding the following TARGET Settlement Day;

"**Observation Period**" means, in respect of each Interest Accrual Period, the period from and including the date falling "**p**" TARGET Settlement Days prior to the first day of the relevant Interest Accrual Period and ending on, but excluding, the date falling "**p**" TARGET Settlement Days prior to the Interest Payment Date for such Interest Accrual Period (or the date falling "**p**" TARGET Settlement Days prior to such earlier date, if any, on which the Covered Bonds become due and payable);

"**p**" means for any Interest Accrual Period, the whole number of TARGET Settlement Days included in the Observation Look-back Period, as specified in the applicable Final Terms, being no less than five TARGET Settlement Days;

"**TARGET Settlement Day**" means any day on which TARGET2 is open for the settlement of payments in Euro;

"€STR Reference Rate" means, in respect of any TARGET Settlement Day, a reference rate equal to the daily euro short-term rate ("**€STR**") for such TARGET Settlement Day as published by the ECB, as administrator of such rate (or any successor administrator of such rate), on the website of the ECB initially at <http://www.ecb.europa.eu>, or any successor website officially designated by the ECB (the "**ECB's Website**") (in each case, on or before 9:00 a.m., Central European Time, on the TARGET Settlement Day immediately following such TARGET Settlement Day); and

"€STR_{i-pTBD}" means, in respect of any TARGET Settlement Day "i" falling in the relevant Interest Accrual Period, the €STR Reference Rate for the TARGET Settlement Day falling "p" TARGET Settlement Days prior to the relevant TARGET Settlement Day "i".

If the €STR Reference Rate is not published in respect of a TARGET Settlement Day as specified above, and unless both an €STR Index Cessation Event and an €STR Index Cessation Effective Date (each, as defined below) have occurred, the €STR Reference Rate shall be a rate equal to €STR for the last TARGET Settlement Day for which such rate was published on the ECB's Website.

If the €STR Reference Rate is not published in respect of a TARGET Settlement Day as specified above, and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, the rate for each TARGET Settlement Day in the relevant Observation Period occurring from and including such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the rate (inclusive of any spreads or adjustments) that was recommended as the replacement for €STR by the ECB (or any successor administrator of €STR) and/or by a committee officially endorsed or convened by the ECB (or any successor administrator of €STR) for the purpose of recommending a replacement for €STR (which rate may be produced by the ECB or another administrator) (the "**ECB Recommended Rate**"), provided that, if no such rate has been recommended before the end of the first TARGET Settlement Day following the date on which the €STR Index Cessation Effective Date occurs, then the rate for each TARGET Settlement Day in the relevant Observation Period occurring from and including such €STR Index Cessation Effective Date will be determined as if references to "€STR" were references to the Eurosystem Deposit Facility Rate, the rate on the deposit facility, which banks may use to make overnight deposits with the Eurosystem, as published on the ECB's Website (the "**EDFR**") on such TARGET Settlement Day plus the arithmetic mean of the daily difference between the €STR Reference Rate and the EDFR for each of the 30 TARGET Settlement Days immediately preceding the date on which the €STR Index Cessation Event occurs (the "**EDFR Spread**").

Provided further that, if both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate for each TARGET Settlement Day in the relevant Observation Period occurring from and including that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to "€STR" were references to the EDFR on such TARGET Settlement Day plus the arithmetic mean of the daily difference between the ECB Recommended Rate and the EDFR for each of the 30 TARGET Settlement Days immediately preceding the date on which the ECB Recommended Rate Index Cessation Event occurs.

If the Rate of Interest cannot be determined in accordance with the foregoing provisions the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (through substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to the last preceding Interest Accrual Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Covered Bonds for the first Interest Accrual Period had the Covered Bonds been in issue for a period equal in duration to the scheduled first interest Accrual Period but ending on (and excluding) the Interest Commencement Date (including applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

As used herein, an "**Interest Accrual Period**" means (i) each Interest Period and (ii) any other period (if any) in respect of which interest is to be calculated, being the period from (and including) the first day of such period to (but excluding) the day on which the relevant payment of interest falls due (which, if the relevant Series of Covered Bonds becomes due and payable in accordance with Condition 10 (*Events of Default and Enforcement*), shall be the date on which such Covered Bonds become due and payable).

If the relevant Series of Covered Bonds becomes due and payable in accordance with Condition 10 (*Events of Default and Enforcement*), the final Rate of Interest shall be calculated for the Interest Accrual Period to (but excluding) the date on which the Covered Bonds become so due and payable, and such Rate of Interest shall continue to apply to the Covered Bonds for so long as interest continues to accrue thereon as provided in Condition 4(c).

As used in these Conditions:

"€STR Index Cessation Event" means the occurrence of one or more of the following events:

- (i) a public statement or publication of information by or on behalf of the ECB (or any successor administrator of €STR) announcing that it has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or the publication, there is no successor administrator that will continue to provide €STR; or
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of €STR, the central bank for the currency of €STR, an insolvency official with jurisdiction over the administrator of €STR, a resolution authority with jurisdiction over the administrator of €STR or a court or an entity with similar insolvency or resolution authority over the administrator of €STR, which states that the administrator of €STR has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide €STR;

"€STR Index Cessation Effective Date" means, in respect of an €STR Index Cessation Event, the first date for which €STR is no longer provided by the ECB (or any successor administrator of €STR);

"ECB Recommended Rate Index Cessation Event" means the occurrence of one or more of the following events:

- (i) a public statement or publication of information by or on behalf of the administrator of the ECB Recommended Rate announcing that it has ceased or will cease to provide the ECB Recommended Rate permanently or indefinitely, provided that, at the time of the statement or the publication, there is no successor administrator that will continue to provide the ECB Recommended Rate; or
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the ECB Recommended Rate, the central bank for the currency of the ECB Recommended Rate, an insolvency official with jurisdiction over the administrator of the ECB Recommended Rate, a resolution authority with jurisdiction over the administrator of the ECB Recommended Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the ECB Recommended Rate, which states that the administrator of the ECB Recommended Rate has ceased or will cease to provide the ECB Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the ECB Recommended Rate; and

"ECB Recommended Rate Index Cessation Effective Date" means, in respect of an ECB Recommended Rate Index Cessation Event, the first date for which the ECB Recommended Rate is no longer provided by the administrator thereof.

(iii) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and Calculation of Floating Interest Amounts*

The Principal Paying Agent, in the case of Floating Rate Covered Bonds will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent will calculate the amount of interest (the "**Floating Interest Amount**") payable on the Floating Rate Covered Bonds, in respect of each Calculation Amount for the relevant Interest Period. Each Floating Interest Amount shall be calculated by applying the Rate of Interest to each Calculation Amount, multiplying such sum by the applicable Floating Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the euro, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Covered Bond in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Floating Rate Covered Bond shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

In this Condition "**Floating Day Count Fraction**" means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if "**Actual/365**" or "**Actual/Actual ISDA**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (iv) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in

which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (v) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30;

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30; and

- (vi) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

(v) *Notification of Rate of Interest and Floating Interest Amounts*

The Principal Paying Agent will cause the Rate of Interest and each Floating Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and notice thereof to be published in accordance with Condition 14 (*Notices*) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Floating Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Covered Bonds are for the time being listed and to the Covered Bondholders in accordance with Condition 14 (*Notices*). If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Floating Interest Amount but instead may publish only the Calculation Amount and the Floating Interest Amount in respect of the Covered Bond having the minimum Specified Denomination. For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(vi) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(B) (*Interest on Floating Rate Covered Bonds*), whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Principal Paying Agent, the Calculation Agent, if applicable, the other Paying Agents and all Covered Bondholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Covered Bondholders or the Couponholders shall attach to the Principal Paying Agent or the Calculation Agent, if applicable, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

C. Accrual of interest

Each Covered Bond (or in the case of the redemption of part only of a Covered Bond, that part only of such Covered Bond) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

6. PAYMENTS

A. *Method of payment*

Subject as provided below, payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

In no event will payment be made by a cheque mailed to an address in the United States. Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment in these Terms and Conditions, the Trust Deed, the Agency Agreement and the Final Terms, but without prejudice to the provisions of Condition 8 (*Taxation*) and (ii) any FATCA Withholding. References to euro will include any successor currency under Dutch law.

B. *Presentation of Definitive Covered Bonds and Coupons*

Payments of principal in respect of Definitive Covered Bonds will (subject as provided below) be made in the manner provided in paragraph (A) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Definitive Covered Bonds, and payments of interest in respect of Definitive Covered Bonds will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States.

Fixed Rate Covered Bonds in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five (5) years after the Relevant Date (as defined in Condition 8 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9 (*Prescription*)) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Covered Bond in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Covered Bond in definitive form becomes due and repayable in whole, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. Where any such Covered Bond is presented for redemption without all unmatured Coupons or Talons relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

If the due date for redemption of any Definitive Covered Bond is not an Interest Payment Date, interest (if any) accrued in respect of such Covered Bond from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Covered Bond.

C. *Payments in respect of Global Covered Bonds*

Payments of principal and interest (if any) in respect of Covered Bonds represented by any Global Covered Bond will (subject as provided below) be made in the manner specified above in relation to Definitive Covered Bonds and otherwise in the manner specified in the relevant Global Covered Bond against presentation or surrender (as the case may be) of such Global Covered Bond at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Covered Bond, distinguishing between any payment of principal and any payment of interest, will be made on such Global Covered Bond by the Paying Agent to which it was presented and such record shall be *prima facie* evidence that the payment in question has been made and in respect of a

Global Covered Bond in NGN-form the payment is entered pro rata in the record of Euroclear and Clearstream, Luxembourg.

D. *General provisions applicable to payments*

The holder of a Global Covered Bond shall be the only person entitled to receive payments in respect of Covered Bonds represented by such Global Covered Bond and the Issuer or the CBC and the Security Trustee will be discharged by payment to, or to the order of, the holder of such Global Covered Bond in respect of each amount so paid.

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or Euroclear Nederland as the beneficial holder of a particular nominal amount of Covered Bonds represented by a Global Covered Bond must look solely to Euroclear, Clearstream, Luxembourg or Euroclear Nederland, as the case may be, for his share of each payment so made by the Issuer or the CBC or the Security Trustee to, or to the order of, the holder of such Global Covered Bond.

E. *Payment Day*

If the date for payment of any amount in respect of any Covered Bond or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means: any day which (subject to Condition 9 (*Prescription*)) is:

- (A) a day on which banks in Amsterdam, the Netherlands and the relevant place of presentation are open for presentation and payment of bearer securities and for dealing in foreign currencies; and
- (B) in the case of payment by transfer to an account, a day on which TARGET2 is open for the settlement of payments in euro and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre.

F. *Interpretation of principal and interest*

Any reference in these Terms and Conditions to principal in respect of the Covered Bonds shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Covered Bonds;
- (iii) the Early Redemption Amount of the Covered Bonds;
- (iv) the Optional Redemption Amount;
- (v) in relation to Zero Coupon Covered Bonds, the Amortised Face Amount (as defined in Condition 7(e) (*Early Redemption Amounts*));
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Covered Bonds; and
- (vii) any Excess Proceeds which may be payable by the Security Trustee to either the CBC or the Covered Bondholders under or in respect of the Covered Bond.

Any reference in these Terms and Conditions to interest in respect of the Covered Bonds shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

G. *Set-off*

- (i) Any payments under or pursuant to the Covered Bonds shall be made by the Issuer free of set-off and withholding if and to the extent so specified in the applicable Final Terms;

- (ii) If in the Final Terms "German Insurers" are indicated Applicable, each of the Issuer and the CBC hereby waives, for the benefit of all present and future holders of the Registered Covered Bonds issued in such Final Terms, any right to set-off (*verrekenen*, in German: *aufrechnen*) any amount against, any right to retain (*inhouden*, in German: *zurückbehalten*) any amount from, and any right of pledge (*pandrecht*, in German: *Pfandrecht*), including but not limited to any right of pledge created under the Issuer's General Banking Conditions with regard to, any amount it owes under or in respect of the Registered Covered Bonds and any similar right which may adversely affect the rights under or in respect of Registered Covered Bonds.

If this waiver under (G)(ii) is applicable it (i) applies as far as and as long as the Registered Covered Bonds are part of the guarantee assets (*Sicherungsvermögen*) of an insurer within the meaning of the German Insurance Supervisory Act (*Versicherungsaufsichtsgesetz*) as amended from time to time also in case of an insolvency and (ii) prevails over any present or future agreement with a conflicting content, save in the case of future agreements only, where such future agreement has a conflicting content which explicitly refers to this specific waiver.

7. REDEMPTION AND PURCHASE

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Covered Bond will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in euro on the Maturity Date (the "**Final Redemption Amount**").

(b) *Redemption for tax reasons*

The Covered Bonds may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Covered Bond is not a Floating Rate Covered Bond) or on any Interest Payment Date (if this Covered Bond is a Floating Rate Covered Bond), on giving not less than 30 nor more than sixty (60) days' notice to the Security Trustee and the Principal Paying Agent and, in accordance with Condition 14 (Notices), the Covered Bondholders (which notice shall be irrevocable), if the Issuer satisfies the Security Trustee immediately before the giving of such notice that:

- (i) on the occasion of the next payment due under the Covered Bonds, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8 (*Taxation*)) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Covered Bonds; and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than sixty (60) days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Covered Bonds then due.

Prior to the publication of any notice of redemption pursuant to this Condition 7(b) (*Redemption for tax reasons*), the Issuer shall deliver to the Security Trustee a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Security Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Covered Bondholders and the Couponholders. Covered Bonds redeemed pursuant to this Condition 7(b) (*Redemption for tax reasons*) will be redeemed at their Early Redemption Amount referred to in Condition 7(e) (*Early Redemption Amounts*) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the option of the Issuer (Issuer Call)*

If the Issuer is specified as having the option to redeem the Covered Bonds in the applicable Final Terms, the Issuer may, subject as provided in paragraph (e) below and having given:

- (i) not less than fifteen (15) nor more than thirty (30) days' notice to the Covered Bondholders in accordance with Condition 14 (*Notices*); and
- (ii) not less than fifteen (15) days before the giving of the notice referred to in (i), notice to the Security Trustee, the Principal Paying Agent, the CBC and the Registrar;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Covered Bonds then outstanding on any optional redemption date as specified in the applicable Final Terms ("**Optional Redemption Date**") and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date, provided that no Issuer Event of Default has occurred and is continuing.

If the Issuer is specified as having the option to redeem the Covered Bonds in the applicable Final Terms and it cannot exercise its option because an Issuer Event of Default has occurred and is continuing, then the CBC may declare with:

- (i) not less than five (5) (or if the notice period of the Issuer has been shortened to five (5) days' or less, the notice period will be one (1) day less than the minimum notice period for the Issuer) nor more than thirty (30) days' notice to the Covered Bondholders in accordance with Condition 14 (*Notices*); and
- (ii) not less than five (5) days (or if the notice period of the Issuer has been shortened to 5 days' or less, the notice period will be 1 day less than the minimum notice period for the Issuer) before the giving of the notice referred to in (i), notice to the Security Trustee, the Principal Paying Agent, the Issuer and the Registrar;

that all of the Covered Bonds then outstanding of such Series will mature on the Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms, and that the Maturity Date will be such Optional Redemption Date.

Any redemption pursuant to this Condition 7(c) (Redemption at the option of the Issuer (Issuer Call)) must be of a nominal amount not less than the minimum redemption amount ("**Minimum Redemption Amount**") and not more than the maximum redemption amount ("**Maximum Redemption Amount**"), in each case as may be specified in the applicable Final Terms (and subject to Condition 3 (The Guarantee)). In the case of a partial redemption of Covered Bonds, the Covered Bonds to be redeemed (the "**Redeemed Covered Bonds**") will be selected individually by lot, in the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, and where applicable in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or Euroclear Nederland, in the case of Redeemed Covered Bonds represented by a Global Covered Bond, in each case, not more than thirty (30) days prior to the date fixed for redemption (such date of selection being hereinafter called for the purposes of this paragraph the "Selection Date"). In the case of Redeemed Covered Bonds (i) represented by Definitive Covered Bonds, a list of the serial numbers and (ii) in the case of Registered Covered Bonds, the nominal amount drawn and the holders thereof, of such Redeemed Covered Bonds will be published in accordance with Condition 14 (*Notices*) not less than fifteen (15) days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Covered Bonds represented by Definitive Covered Bonds shall bear the same proportion to the aggregate nominal amount of all Redeemed Covered Bonds as the aggregate nominal amount of Definitive Covered Bonds outstanding bears to the aggregate nominal amount of the Covered Bonds outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Covered Bonds represented by a Global Covered Bond shall be equal to the balance of the Redeemed Covered Bonds. No exchange of the relevant Global Covered Bond will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the

Covered Bondholders in accordance with Condition 14 (Notices) at least five (5) days prior to the Selection Date.

If the option to redeem the Covered Bonds is exercised by the Issuer or the CBC has given a declaration that the Covered Bonds will mature on the Optional Redemption Date (each in accordance with this Condition 7(c) (*Redemption at the option of the Issuer (Issuer Call)*)), then the Optional Redemption Date will for all purposes in all Transaction Documents be deemed to be the Maturity Date in respect of the Covered Bonds to which it applies instead of the Maturity Date specified as such in the applicable Final Terms to the extent of the amount redeemed or to be redeemed, as the case may be, on such date. The Extended Due for Payment Date in respect of such Covered Bonds will for all purposes in all Transaction Documents be deemed to be one (1) year after such new Maturity Date instead of the date included in the applicable Final Terms (unless in the section Issuer Call in the applicable Final Terms a specific date is included, in which case such date will apply).

If in the applicable Final Terms it is specified that the manner of determining the interest on some or all Covered Bonds of a Series switches to another manner of determining the interest as of the Maturity Date, such switch will occur on the Maturity Date as determined pursuant to the previous paragraph to the extent of the amount redeemed or to be redeemed, as the case may be, on such date.

(d) *Redemption of Covered Bonds at the Option of the Covered Bondholders*

Subject as provided in paragraph (e) below, if the Covered Bondholders are specified in the applicable Final Terms as having an option to redeem, upon the holder of any Covered Bond giving to the Issuer in accordance with Condition 14 (*Notices*) not less than fifteen (15) nor more than thirty (30) days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Covered Bond on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

If this Covered Bond is in definitive form, to exercise the right to require redemption of this Covered Bond its holder must deliver such Covered Bond at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition.

If the option to redeem the Covered Bonds is exercised by the Covered Bondholders, then the Optional Redemption Date will for all purposes in all Transaction Documents be deemed to be the Maturity Date in respect of the Covered Bonds to which it applies instead of the Maturity Date specified as such in the applicable Final Terms to the extent of the amount redeemed or to be redeemed, as the case may be, on such date. The Extended Due for Payment Date in respect of such Covered Bonds will for all purposes in all Transaction Documents be deemed to be one (1) year after such new Maturity Date instead of the date included in the applicable Final Terms (unless in the section Issuer Call in the applicable Final Terms a specific date is included, in which case such date will apply).

If in the applicable Final Terms it is specified that the manner of determining the interest on some or all Covered Bonds of a Series switches to another manner of determining the interest as of the Maturity Date, such switch will occur on the Maturity Date as determined pursuant to the previous paragraph to the extent of the amount redeemed or to be redeemed, as the case may be, on such date.

(e) *Early Redemption Amounts*

For the purpose of paragraph (b) and (d) above and Condition 10 (*Events of Default and Enforcement*), each Covered Bond will be redeemed at its Early Redemption Amount calculated as follows (each, the relevant "**Early Redemption Amount**"):

- (i) in the case of a Covered Bond with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of a Covered Bond (other than a Zero Coupon Covered Bond) with a Final Redemption Amount which is or may be less or greater than the Issue Price, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or
- (iii) in the case of a Zero Coupon Covered Bond, at an amount (the "**Amortised Face Amount**") equal to the product of:
 - (a) the Reference Price; and
 - (b) the sum of the figure "1" and the Accrual Yield, raised to the power of x, where "x" is a fraction the numerator of which is equal to the number of days calculated on the basis of, if "Actual/Actual ISDA" is specified in the applicable Final Terms, the actual number of days in the relevant period and a year of 365 days (or, if any portion of that period falls in a leap year, the sum of (A) the actual number of days in that portion of the period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the period falling in a non-leap year divided by 365) from (and including) the Issue Date of the first Tranche of the Covered Bonds to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Covered Bonds become due and repayable and the denominator of which is, if "Actual/Actual ISDA" is specified in the applicable Final Terms, 365 days (or, if any portion of the period falls in a leap year, the sum of (A) the actual number of days in that portion of the period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the period falling in a non-leap year divided by 365).

(f) *Purchases*

The Issuer, the CBC and/or any member of the Aegon group may at any time purchase Covered Bonds (provided that, in the case of Definitive Covered Bonds, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Covered Bondholders alike. Covered Bonds purchased in accordance with this Condition 7(f) (*Purchases*) may be held, reissued, resold or, at the option of the Issuer or the CBC and/or such member of the Aegon group, surrendered to any Paying Agent for cancellation.

(g) *Cancellation*

All Bearer Covered Bonds which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption).

(h) *Late payment on Zero Coupon Covered Bonds*

If the amount payable in respect of any Zero Coupon Covered Bond upon redemption of such Zero Coupon Covered Bond pursuant to paragraph (a), (b) or (c) above or upon its becoming due and repayable as provided in Condition 10 (*Events of Default and Enforcement*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Covered Bond shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Covered Bond becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Covered Bond have been paid; and
- (ii) five (5) days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Covered Bonds has been received by the Principal Paying Agent or the Security Trustee and notice to that effect has been given to the Covered Bondholders in accordance with Condition 14 (*Notices*).

(i) *Redemption due to illegality*

The Covered Bonds of all Series may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than thirty (30) nor more than sixty (60) days' notice to the Security Trustee and the Principal Paying Agent and, in accordance with Condition 14 (*Notices*), all Covered Bondholders (which notice shall be irrevocable), if the Issuer satisfies the Security Trustee immediately before the giving of such notice that it has, or will, before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Issuer to make any payments under the Covered Bonds as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date.

Covered Bonds redeemed pursuant to this Condition 7(h) (*Redemption due to illegality*) will be redeemed at their Early Redemption Amount referred to in Condition 7(e) (*Redemption and Purchase - Early Redemption Amounts*) above together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(j) *Certificate*

Prior to the publication of any notice of redemption pursuant to this Condition 7 (*Redemption and Purchase*), the Issuer shall deliver to the Security Trustee a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Security Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on all Covered Bondholders.

8. TAXATION

(a) *General*

All payments of principal and interest in respect of the Covered Bonds and Coupons by the Issuer will be made without withholding or deduction of any present or future taxes or duties, assessments or governmental charges of whatever nature (collectively "**Taxes**"), unless such withholding or deduction is required by law. In the event the withholding or deduction of such Taxes is imposed or levied by or on behalf of any Tax Jurisdiction, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Covered Bonds or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Covered Bonds or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable by the Issuer with respect to any Covered Bond or Coupon presented for payment:

- (a) outside the Netherlands;
- (b) by, or by a third party on behalf of, a holder of a Bearer Covered Bond who is liable to such taxes or duties in respect of such Covered Bond or Coupon by reason of having some connection with the Netherlands other than the mere holding of such Bearer Covered Bond or Coupon;
- (c) more than thirty (30) days after the Relevant Date, except to the extent that the relevant holder would have been entitled to such additional amounts on presenting the same for payment on the expiry of such period of thirty (30) days; or
- (d) by, or by a third party on behalf of, a holder of a Covered Bond who is subject to such taxes or duties pursuant to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*).

Payments by the CBC under the Guarantee will be made without withholding or deduction of any Taxes, unless such withholding or deduction is required by law. In such event, the CBC shall make the required withholding or deduction of such Taxes for the account of the holder of Covered Bonds. Any amounts withheld or deducted by the CBC will be treated as paid for all purposes under the Guarantee and the

CBC shall not pay any additional amounts to the holder of the Covered Bonds in respect of any Taxes withheld or deducted.

As used herein:

"Relevant Date" in relation to a payment means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Security Trustee or the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Covered Bondholders in accordance with Condition 14 (*Notices*); and

"Tax Jurisdiction" means the European part of the Kingdom of the Netherlands or any political subdivision or any authority thereof or therein having power to tax.

(b) *FATCA Withholding*

Payments in respect of the Covered Bonds may be subject to FATCA Withholding. Any such FATCA Withholding will be treated as paid for all purposes under the Covered Bonds, and no additional amounts will be paid by the Issuer or the CBC on the Covered Bonds with respect to any such withholding or deduction.

9. PRESCRIPTION

The Covered Bonds and Coupons will become void unless presented for payment within a period of five years after the Relevant Date therefore.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 9 (*Prescription*) or Condition 6(B) (*Presentation of Definitive Covered Bonds and Coupons*) or any Talon which would be void pursuant to Condition 6(B) (*Presentation of Definitive Covered Bonds and Coupons*).

10. EVENTS OF DEFAULT AND ENFORCEMENT

(a) *Issuer Events of Default*

Pursuant to the Trust Deed the Security Trustee at its discretion may, and in relation to the defaults set out in subparagraphs (i) and (v) below or if so directed by a Programme Resolution of the Covered Bonds shall, give an Issuer Acceleration Notice (subject in each case to being indemnified and/or secured to its satisfaction), if any of the following events (each an **"Issuer Event of Default"**) shall occur and be continuing:

- (i) a default is made by the Issuer for a period of seven (7) calendar days or more in the payment of any principal or redemption amount of the Covered Bonds of any Series when due, or for a period of fourteen (14) calendar days or more in the payment of any interest of the Covered Bonds of any Series when due; or
- (ii) a default is made in the performance by the Issuer of any material obligation (other than any obligation for the payment of principal, redemption amount or interest in respect of the Covered Bonds of any Series) under the provisions of the Covered Bonds of any Series or the Trust Deed or any other Transaction Document to which the Issuer is a party which (unless certified by the Security Trustee, in its opinion, to be incapable of remedy) shall continue for more than thirty (30) calendar days after written notification requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied, shall have been given to the Issuer by the Security Trustee in accordance with the Trust Deed; or
- (iii) an order is made or an effective resolution passed for the dissolution or winding up of the Issuer (except a dissolution or winding up for the purpose of a reconstruction, amalgamation, merger or following the transfer of all or substantially all of the assets of the Issuer, the terms of which have previously been approved by an Extraordinary Resolution (as defined below) of the holders of the

- Covered Bonds or which has been effected in compliance with the terms of Condition 15 (*Meetings of Covered Bondholders, Modification and Waiver*)); or
- (iv) a liquidator, receiver or other similar officer is appointed in relation to the Issuer or in relation to the whole of its assets; or the Issuer initiates or consents to judicial proceedings relating to its bankruptcy (*faillissement*) or equivalent or analogous proceedings under any applicable law, or shall make a conveyance, assignment or assignation for the benefit of, or shall enter into any composition (*akkoord*) with, its creditors generally; or
 - (v) the Issuer is adjudged or found bankrupt (*failliet*) or equivalent or analogous judgments or measures under any applicable law, are imposed on the Issuer,
- provided that in case an event described in paragraph (ii) above shall occur, the Security Trustee shall only deliver an Issuer Acceleration Notice if it shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series.

Upon delivery of an Issuer Acceleration Notice pursuant to this Condition 10(a) (*Issuer Events of Default*), the Security Trustee shall forthwith serve a Notice to Pay on the CBC pursuant to the Guarantee and the CBC shall be required to make payments of Guaranteed Amounts when the same shall become Due for Payment in accordance with the terms of the Guarantee.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Security Trustee may or shall take such proceedings against the Issuer in accordance with the first paragraph of Condition 10(c) (*Events of Default and Enforcement*).

The Trust Deed provides that the Excess Proceeds may be paid by the Security Trustee to the CBC and shall be held by the CBC in the CBC Account and shall be used by the CBC in the same manner as all other moneys from time to time standing to the credit of the CBC Account. Any Excess Proceeds received by the Security Trustee shall discharge the obligations of the Issuer in respect of the Covered Bonds and Coupons for an amount equal to such Excess Proceeds. The Security Trustee shall not be required to pay such amounts to the CBC. However, the receipt by the Security Trustee of any Excess Proceeds shall not reduce or discharge any of the obligations of the CBC under the Guarantee.

(b) *CBC Events of Default*

The Security Trustee at its discretion may, and, if so directed by a Programme Resolution, shall give a CBC Acceleration Notice (subject in each case to being indemnified and/or secured to its satisfaction), if any of the following events (each a "**CBC Event of Default**") shall occur and be continuing:

- (i) a default is made by the CBC under the Guarantee for a period of seven (7) calendar days or more in the payment of any principal or redemption amount, or for a period of fourteen (14) calendar days or more in the payment of any interest when due; or
- (ii) a default is made in the performance or observance by the CBC of any material obligation binding upon it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series) under the Trust Deed, the Pledge Agreements or any other Transaction Document to which the CBC is a party which (unless certified by the Security Trustee, in its opinion, to be incapable of remedy) shall continue for more than thirty (30) calendar days after written notification requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied shall have been given to the CBC by the Security Trustee in accordance with the Trust Deed; or
- (iii) an order is made or an effective resolution passed for the dissolution or winding up of the CBC; or
- (iv) the CBC ceases to carry on its business or substantially all its business; or
- (v) a liquidator, receiver or other similar officer is appointed in relation to the CBC or in relation to the whole or any major part of its assets or a conservatory attachment (*conservatoir beslag*) or an executory attachment (*executoriaal beslag*) or other process is levied or enforced upon or sued out against the whole or any major part of its assets or the CBC initiates or consents to judicial proceedings relating to its bankruptcy (*faillissement*) or suspension of payments (*surseance van betaling*), or equivalent or analogous proceedings under any applicable law, or makes a conveyance, assignment or equivalent or assignation for the benefit of, or shall enter into any composition (*akkoord*) with, its creditors generally; or

- (vi) the CBC is adjudged or found bankrupt (*failliet*) or equivalent or analogous judgments or measures under any applicable law, are imposed on the CBC; or
- (vii) the Guarantee is not, or is claimed by the CBC not to be, in full force and effect; or
- (viii) the Amortisation Test as set out in the Asset Monitoring Agreement is not satisfied on any Calculation Date following the service of a Notice to Pay,

provided that in case an event described in paragraph (ii) above shall occur, the Security Trustee shall only deliver a CBC Acceleration Notice if it shall have certified in writing to the CBC that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series.

Following the occurrence of a CBC Event of Default which is continuing and service of a CBC Acceleration Notice, the Security shall become enforceable and the Security Trustee may or shall take proceedings or steps against the Issuer and the CBC in accordance with Condition 10(c) (*Events of Default and Enforcement - Enforcement*) and the Covered Bondholders shall have a claim against the CBC, under the Guarantee, for the Early Redemption Amount together with accrued interest as provided in the Trust Deed in respect of each Covered Bond.

In these Terms and Conditions:

"Calculation Date" means the date falling two (2) Business Days before each CBC Payment Date. The "relevant" Calculation Date in respect of any Calculation Period will be the first Calculation Date falling after the end of that period and the "relevant" Calculation Date in respect of any CBC Payment Date will be the last Calculation Date prior to that CBC Payment Date.

"Calculation Period" means the period from the Programme Date to the last day of May 2021 and thereafter, each period from (and including) the first day of each month to the last day of that same month.

"CBC Payment Date" means the 26th day of each month or, if such day is not a Business Day, the next following Business Day unless it would thereby fall into the next calendar month, in which event such CBC Payment Date shall be brought forward to the immediately preceding Business Day.

"Distribution Compliance Period" has the meaning given to that term in Regulation S under the Securities Act;

(c) *Enforcement*

The Security Trustee may at any time after service of an Issuer Acceleration Notice (in the case of the Issuer) or a CBC Acceleration Notice (in the case of both the Issuer and the CBC), at its discretion and without further notice, take such proceedings in accordance with the relevant provisions under Dutch law against the Issuer and/or the CBC, as the case may be, to enforce the Security, but it shall not be bound to take any such enforcement proceedings in relation to the Trust Deed, the Covered Bonds or the Coupons, the Security or any other Transaction Document unless (i) it shall have been so directed by a Programme Resolution and (ii) it shall have been indemnified and/or secured to its satisfaction.

(d) *No action by Covered Bondholders or Couponholders*

Subject to the provisions of the Trust Deed, only the Security Trustee may enforce the provisions of the Covered Bonds and the Transaction Documents. Neither the Covered Bondholders nor any other person shall be entitled to proceed directly against the Issuer or the CBC to enforce any provision of the Covered Bonds and/or the Transaction Documents, unless the Security Trustee fails to take any steps to enforce the Security in accordance with the Trust Deed within a reasonable time and such failure is continuing. All limitations and restrictions imposed under or by virtue of the Trust Deed, the Covered Bonds or any other Transaction Document on the Security Trustee in relation to the enforcement of rights and the availability of remedies, shall *mutatis mutandis* also fully apply to the Secured Creditors.

Neither the Covered Bondholders nor the Security Trustee may institute against, or join any person in instituting any bankruptcy, winding-up, reorganisation, arrangement, insolvency or liquidation proceeding

against the CBC until the expiry of a period of at least one (1) year after the latest maturing Covered Bond is paid in full. The only remedy of the Security Trustee against the CBC after a CBC Acceleration Notice has been given pursuant to this Condition 10 (*Events of Default and Enforcement*) is to enforce the Security.

(e) *Limited Recourse*

The recourse of the Covered Bondholders and the Couponholders against the CBC pursuant to the Guarantee is limited. Covered Bondholder will have a right of recourse (*verhaalsrecht*) only in respect of the Security and will not have any claim, by operation of law or otherwise, against, or recourse to any of the CBC's other assets.

No amounts under the Covered Bonds and the Transaction Documents shall be due and payable by the CBC or, as the case may be, the Security Trustee, except (i) in accordance with the Trust Deed and (ii) unless and until all amounts thereby required to be paid in priority thereto have been paid or discharged in full.

In the event that the Security has been fully enforced and the proceeds of such enforcement and any other amounts received by the Security Trustee, after payment of all claims ranking in priority to any Covered Bonds or Coupons of any Series in accordance with the Trust Deed, are insufficient to pay in full all amounts outstanding in respect of the Covered Bonds or Coupons, then the Covered Bondholders or Couponholders shall have no further claim against the CBC or the Security Trustee in respect of such unpaid amount.

11. REPLACEMENT OF COVERED BONDS, COUPONS AND TALONS

Should any Covered Bond, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Covered Bonds, Coupons or Talons must be surrendered before replacements will be issued.

12. PAYING AGENTS AND REGISTRAR

The names of the initial Paying Agents and the Registrar and their initial specified offices are set out in the Base Prospectus.

The Issuer or the CBC, as the case may be, is entitled, with the prior written approval of the Security Trustee (such approval not to be unreasonably withheld or delayed), to vary or terminate the appointment of any Paying Agent and the Registrar and/or appoint additional or other Paying Agents or Registrars and/or approve any change in the specified office through which any Paying Agent or Registrar acts, provided that:

- (a) there will at all times be a Principal Paying Agent;
- (b) as long as any Registered Covered Bonds are outstanding, there will at all times be a Registrar; and
- (c) so long as the Covered Bonds are listed, quoted and/or traded on or by any competent listing authority, on any stock exchange or quotation system, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant competent authority or stock exchange.

Any variation, termination, appointment or change shall only take effect (other than in the case of a bankruptcy, an insolvency or any equivalent or analogous proceeding, when it shall be of immediate effect) after not less than 30 nor more than forty-five (45) days' prior notice thereof shall have been given to the Covered Bondholders in accordance with Condition 14 (*Notices*).

In acting under the Agency Agreement, the Paying Agents and the Registrar act solely as agents of the Issuer and the CBC and, in certain circumstances specified therein, of the Security Trustee and do not assume any obligation to, or relationship of agency with, any Covered Bondholders or Couponholders. The Agency Agreement

contains provisions permitting any entity into which any Paying Agent or the Registrar is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent or registrar.

13. EXCHANGE OF TALONS

On and after the Interest Payment Date or the Specified Interest Payment Date or the Specified Period, as the case may be, on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Covered Bond to which it appertains) a further Talon, subject to the provisions of Condition 9 (*Prescription*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date or the Specified Interest Payment Date or for the Specified Period (as the case may be) on which the final Coupon comprised in the relative Coupon sheet matures.

14. NOTICES

All notices regarding the Covered Bonds shall be published in a daily newspaper of wide circulation in the Netherlands and in the English language in the Financial Times or such other newspaper of wide circulation in Europe as long as the Covered Bonds are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system, such notice shall be published in such place as may be required by the rules and regulations of such competent authority, stock exchange and/or quotation system.

Until any Definitive Covered Bonds are issued and as long as the Global Covered Bond(s) is or are held in its or their entirety with a depository or a common depository or a common safekeeper on behalf of Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system or with Euroclear Nederland, any notice may also be made via such depository or such common depository or such common safekeeper on behalf of Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system and/or with Euroclear Nederland (provided that, in the case of any publication required by a stock exchange, the rules of the stock exchange so permit). Any such notice shall be deemed to have been given to the holders of the Covered Bonds on the second day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg and/or Euroclear Nederland and/or any other relevant clearing system.

Notices to be given by any Covered Bondholder shall be in writing and given by lodging the same, together (in the case of any Definitive Covered Bonds or Registered Covered Bonds) with the relative Covered Bond or Covered Bonds, with the Principal Paying Agent and/or Registrar. Whilst any of the Covered Bonds are represented by a Global Covered Bond, such notice may be given by any holder of a Covered Bond to the Principal Paying Agent through Euroclear, Clearstream, Luxembourg and/or Euroclear Nederland, as the case may be, in such manner as the Principal Paying Agent and Euroclear, Clearstream, Luxembourg and/or Euroclear Nederland, as the case may be, may approve for this purpose.

15. MEETINGS OF COVERED BONDHOLDERS, MODIFICATION AND WAIVER

The Trust Deed contains provisions for convening meetings of the Covered Bondholders of any Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Covered Bonds of such Series or the related Coupons or of any of the Transaction Documents (subject as provided below and in the Trust Deed). Such a meeting may be convened by the Issuer, the CBC or the Security Trustee and shall be convened by the Issuer if required in writing by Covered Bondholders of a Series holding not less than fifteen (15) per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being remaining outstanding. The quorum at any such meeting in respect of any Series for passing an Extraordinary Resolution (other than a Programme Resolution to be taken by an Extraordinary Resolution) is: one or more persons holding or representing not less than fifty (50) per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons being or representing Covered Bondholders of such Series whatever the Principal Amount Outstanding of the Covered Bonds of such Series so held or represented.

Any modification of the Covered Bonds of a Series, which the Security Trustee deems to be materially prejudicial to the interest of Covered Bondholders of other Series, may not become effective, unless the Covered Bondholders of such other Series of Covered Bonds have agreed thereto.

An Extraordinary Resolution passed at any meeting of the Covered Bondholders of a Series shall, subject as provided below, be binding on all the Covered Bondholders of such Series, whether or not they are present at the meeting, and on all Couponholders in respect of such Series. Pursuant to the Trust Deed, the Security Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of the Security Trustee there is no conflict between the holders of such Covered Bonds, in which event the provisions of this paragraph shall apply thereto *mutatis mutandis*.

Notwithstanding the preceding paragraphs of this Condition 15 (*Meetings of Covered Bondholders, Modification and Waiver*), any resolution to direct the Security Trustee (i) to accelerate the Covered Bonds pursuant to Condition 10 (*Events of Default and Enforcement*); (ii) to take any enforcement action, or (iii) to remove or replace the Security Trustee's Director shall only be capable of being passed by a Programme Resolution. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the CBC or the Security Trustee or by Covered Bondholders of any Series. The quorum at any such meeting for passing a Programme Resolution (including by means of an Extraordinary Resolution) is one or more persons holding or representing more than 66.67 per cent of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the Principal Amount Outstanding of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the Covered Bondholders of all Series shall be binding on all Covered Bondholders of all Series, whether or not they are present at the meeting, and on all related Couponholders in respect of such Series.

The Security Trustee, the Issuer and the CBC may also agree, without the consent of the Covered Bondholders or Couponholders of any Series, to:

- (a) any modification of the Covered Bonds of one or more Series, the related Coupons or any Transaction Document and/or designate further creditors as Secured Creditor, provided that (i) in the opinion of the Security Trustee such modification or designation is not materially prejudicial to the interests of any of the Covered Bondholders or Couponholders of any Series or any of the other Secured Creditors (in which respect the Security Trustee may rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor), (ii) it has not been informed in writing by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid) and (iii) it has notified the Rating Agency of such modification; or
- (b) any modification of the Covered Bonds of any one or more Series, the related Coupons or any Transaction Document which is of a formal, minor or technical nature or is made to correct a manifest error or an error established as such to the satisfaction of the Security Trustee or to comply with its EMIR obligations or to comply with mandatory provisions of law or in connection with a Benchmark Event in accordance with the procedures set forth in Condition 5(B)(ii)(c) or in connection with an €STR Index Cessation Event in accordance with the procedures set forth in Condition 5(B)(ii)(d); or
- (c) any modification to the Covered Bonds of one or more Series, the related Coupons, and/or any Transaction Documents, required or necessary in connection with any change, after the relevant Issue Date, to any laws or regulation (including but not limited to the laws and regulations of the Netherlands and the European Union) applicable or relevant with respect to covered bonds (*gedekte obligaties*) to ensure that the Issuer, the CBC and/or Covered Bondholders enjoy the full benefits of such legislation, provided that in the sole opinion of the Security Trustee such modification is not materially prejudicial to interest of any of the Covered Bondholders or any of the other Secured Creditors; or
- (d) any modification to the Transaction Documents which are in the opinion of the Issuer and the Security Trustee necessary in order to transfer title (and if applicable obligations) in respect of Eligible Assets to the CBC and/or to create security in respect thereof in favour of the Security Trustee, provided that (i) in

the opinion of the Security Trustee such modification is not materially prejudicial to the interests of any of the Covered Bondholders of any Series or any of the other Secured Creditors (in which respect the Security Trustee may rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor), (ii) it has not been informed in writing by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid) and (iii) the Security Trustee has received Rating Agency Confirmation in respect of such modification; or

- (e) any modification to the Eligibility Criteria which is in the opinion of the Security Trustee not materially prejudicial to the existing Covered Bondholders of any Series.

The Security Trustee may also agree, without the consent of the Covered Bondholders of any Series, and/or Couponholders or any other Secured Creditor, to the waiver or authorisation of any breach or proposed breach of any of the provisions of the Covered Bonds of any Series or the Transaction Documents, or determine, without any such consent as aforesaid, that any Issuer Event of Default or CBC Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Security Trustee, materially prejudicial to the interests of any of the Secured Creditors (in which respect the Security Trustee may (without further enquiry) rely upon the consent in writing of any other Secured Creditor as to the absence of material prejudice to the interests of such Secured Creditor) provided that (i) the Security Trustee has not been informed by any Secured Creditor (other than any Covered Bondholder(s)) that such Secured Creditor will be materially prejudiced thereby (other than a Secured Creditor who has given its written consent as aforesaid) and (ii) the Security Trustee has received Rating Agency Confirmation in respect of such waiver, authorisation or determination.

Any such modification, waiver, authorisation or determination shall be binding on all Covered Bondholders of all Series for the time being outstanding, the related Couponholders and the other Secured Creditors, and unless the Security Trustee otherwise agrees, any such modification, waiver, authorisation or determination will be notified by the Issuer to the Covered Bondholders of all Series for the time being outstanding, the other Secured Creditors and the Rating Agency in accordance with the relevant terms and conditions as soon as practicable thereafter.

In connection with the exercise by it of any of its powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution), the Security Trustee shall have regard to the general interests of the Covered Bondholders of each Series as a class (but shall not have regard to any interests arising from circumstances particular to individual Covered Bondholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Covered Bondholders, the related Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Security Trustee shall not be entitled to require, nor shall any Covered Bondholder or Couponholder be entitled to claim, from the Issuer, the CBC, the Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders or Couponholders, except to the extent already provided for in Condition 8 (*Taxation*) and/or in any undertaking or covenant given in addition to, or in substitution for, Condition 8 (*Taxation*) pursuant to the Trust Deed.

The Security Trustee shall, as regards all the powers, authorities, duties and discretions vested in it by the Covered Bonds or the other Transaction Documents or, except where expressly provided otherwise, have regard to the interests of both the Covered Bondholders and the other Secured Creditors, but if, in the Security Trustee's sole opinion, there is a conflict between their interests, it will have regard solely to the interests of each Secured Creditor, including, but not limited to, the Covered Bondholders, in accordance with the relevant Priority of Payments.

The Issuer may, without the consent of the holders of the Covered Bonds of any Series or any Coupons relating thereto, or any other Secured Creditor consolidate with, merge or amalgamate into or transfer their respective assets substantially as an entirety to, any corporation organised under Dutch law, or any political subdivision thereof, provided that (i) a certificate of two authorised signatories of the Issuer and the CBC is delivered to the Security Trustee to the effect that immediately after giving effect to such transaction no Issuer Event of Default

and no CBC Event of Default, respectively, will have happened and be continuing and (ii) unless the Issuer is the surviving entity, the Issuer shall procure that the surviving or transferee company assumes its obligations as Issuer under the Trust Deed, each other Transaction Document and all of the outstanding Covered Bonds of all Series, in place of the Issuer and (iii) in the case of an assumption of the obligations of the Issuer by a successor or transferee company, the Guarantee of the CBC is fully effective on the same basis in relation to the obligations of such successor or transferee company and (iv) certain other conditions set out in the Trust Deed are met. Upon the assumption of the obligations of the Issuer by such surviving or transferee company, the predecessor Issuer shall (subject to the provisions of the Trust Deed) have no further liabilities under or in respect of the Trust Deed or the outstanding Covered Bonds of each Series then outstanding or any Coupons appertaining thereto and the other Transaction Documents. Any such assumption shall be subject to the relevant provisions of the Trust Deed. The Trust Deed provides that any such assumption shall be notified to the holders of all Series in accordance with the relevant terms and conditions of such Covered Bonds and the other Secured Creditors.

For the purposes hereof:

"Extraordinary Resolution" means a resolution adopted at a meeting duly convened and held in accordance with the provisions for meetings of Covered Bondholders as set out in the Trust Deed, by not less than two-thirds of the votes cast.

"Programme Resolution" means either:

- (a) a written resolution of the holders of not less than fifty (50) per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding as if they were a single Series; or
- (b) an Extraordinary Resolution (with the Covered Bonds of all Series taken together as a single Series).

16. SECURITY TRUSTEE

The Trust Deed contains provisions for the indemnification of the Security Trustee and for the Security Trustee's relief from responsibility, including provisions relieving it from taking any action unless indemnified and/or secured to its satisfaction.

The Security Trustee will not be responsible for any loss, expense or liability, which may be suffered as a result of any Transferred Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Security Trustee. The Security Trustee will not be responsible for (i) supervising the performance by the Issuer or any other party to the Transaction Documents of their respective obligations under the Transaction Documents and will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Transaction Documents under the Transaction Documents; (iii) monitoring the Transferred Assets, including, without limitation, whether the Transferred Assets are in compliance with the Asset Cover Test or the Amortisation Test; or (iv) monitoring whether Mortgage Receivables (and any other Transferred Assets) satisfy the applicable Eligibility Criteria or such other criteria as may be agreed with the CBC and subject to Rating Agency Confirmation in relation to other Transferred Assets. The Security Trustee will not be liable to any Covered Bondholder or other Secured Creditor for any failure to make or to cause to be made on their behalf the searches, investigations and enquiries which would normally be made by a prudent chargee in relation to the security rights and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the security rights it holds and the Transaction Documents.

17. SUBSTITUTION OF THE ISSUER

- (a) The Issuer may with the consent of the Covered Bondholders or Couponholders which will be deemed to have been given in respect of each Series of Covered Bonds on which no payment of principal or interest on any of the Covered Bonds is in default and after written approval of DNB (*De Nederlandsche Bank N.V.*), be replaced and substituted by any Substituted Debtor as principal debtor in respect of the Covered Bonds and the relative Coupons provided that:

- (i) such documents shall be executed by the Substituted Debtor and the Issuer as may be necessary to give full effect to the substitution (for the purposes of this Condition the "**Documents**") and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Covered Bondholder and Couponholder to be bound by the Terms and Conditions of the Covered Bonds and the provisions of the Transaction Documents as fully as if the Substituted Debtor had been named in the Covered Bonds, and the relative Coupons and the Transaction Documents as the principal debtor in respect of the Covered Bonds and the relative Coupons in place of the Issuer and pursuant to which the Issuer shall guarantee, which guarantee shall be unconditional and irrevocable, (for the purposes of this Condition the "**Substituted Debtors Guarantee**") in favour of each Covered Bondholder and each holder of the relative Coupons the payment of all sums (including any additional amounts payable pursuant to Condition 8 (*Taxation*)) payable in respect of the Covered Bonds and the relative Coupons;
 - (ii) where the Substituted Debtor is incorporated, domiciled or resident for taxation purposes in a territory other than the Netherlands, the Documents shall contain a covenant and/or such other provisions as may be necessary to ensure that each Covered Bondholder has the benefit of a covenant in terms corresponding to the provisions of Condition 8 with the substitution for the references to the Netherlands of references to the territory in which the Substituted Debtor is incorporated, domiciled and/or resident for taxation purposes. The Documents shall also contain a covenant by the Substituted Debtor and the Issuer to indemnify and hold harmless each Covered Bondholder and Couponholder against all liabilities, costs, charges and expenses, which may be incurred by or levied against such holder as a result of any substitution pursuant to this Condition and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Covered Bondholder or Couponholder by any political sub-division or taxing authority of any country in which such Covered Bondholder or Couponholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);
 - (iii) the Documents shall contain a warranty and representation by the Substituted Debtor and the Issuer (a) that each of the Substituted Debtor and the Issuer has obtained all necessary governmental and regulatory approvals and consents for such substitution and the performance of its obligations under the Documents, and that all such approvals and consents are in full force and effect and (b) that the obligations assumed by each of the Substituted Debtor and the Issuer under the Documents are all valid and binding in accordance with their respective terms and enforceable by each Covered Bondholder;
 - (iv) each stock exchange which has Covered Bonds listed thereon shall have confirmed that following the proposed substitution of the Substituted Debtor such Covered Bonds would continue to be listed on such stock exchange;
 - (v) the Substituted Debtor shall have delivered to the Security Trustee or procured the delivery to the Security Trustee of a legal opinion from a leading law firm in the jurisdiction in which the Substituted Debtor is situated to the effect that the Documents and the Substituted Debtor's obligations under the Covered Bonds and Coupons will constitute legal, valid and binding obligations of the Substituted Debtor, such opinion to be dated not more than three (3) days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Covered Bondholders and Couponholders at the specified office of the Principal Paying Agent; and
 - (vi) the Issuer shall have delivered to the Security Trustee or procured the delivery to the Security Trustee of a legal opinion from a Dutch law firm to the effect that the Documents (including the Substituted Debtors Guarantee) will constitute legal, valid and binding obligations of the Substituted Debtor and the Issuer, as the case may be, such opinion to be dated not more than three (3) days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Covered Bondholders and Couponholders at the specified office of the Principal Paying Agent.
- (b) In connection with any substitution effected pursuant to this Condition, neither the Issuer nor the Substituted Debtor need have any regard to the consequences of any such substitution for individual Covered Bondholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no Covered Bondholder or Couponholder, except as provided in Condition 17(a)(ii), shall be entitled to claim from the

Issuer or any Substituted Debtor under the Covered Bonds and the relative Coupons any indemnification or payment in respect of any tax or other consequences arising from such substitution.

- (c) Upon the execution of the Documents as referred to in paragraph (a) above, the Substituted Debtor shall be deemed to be named in the Covered Bonds and the relative Coupons as the principal debtor in place of the Issuer and the Covered Bonds and the relative Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall operate to release the Issuer as issuer from all of its obligations as principal debtor in respect of the Covered Bonds and the relative Coupons save that prior to such release the Issuer shall be liable for any claims under the Covered Bonds and the relative Coupons for the benefit of Covered Bondholders and Couponholders.
- (d) The Documents shall be deposited with and held by the Principal Paying Agent for so long as any Covered Bonds or Coupons remain outstanding and for so long as any claim made against the Substituted Debtor by any Covered Bondholder or Couponholder in relation to the Covered Bonds or the relative Coupons or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Issuer shall acknowledge in the Documents the right of every Covered Bondholder and Couponholder to the production of the Documents for the enforcement of any of the Covered Bonds or the relative Coupons or the Documents.
- (e) Not later than fifteen (15) Business Days after the execution of the Documents, the Substituted Debtor shall give notice thereof to the Covered Bondholders in accordance with Condition 14 (*Notices*).

18. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Covered Bondholders or the Couponholders to create and issue further bonds having terms and conditions the same as the Covered Bonds of any Series or the same in all respects save for the amount and date of the first payment of interest thereon, issue date and/or purchase price and so that the same shall be consolidated and form a single Series with the outstanding Covered Bonds of such Series.

19. GOVERNING LAW AND SUBMISSION TO JURISDICTION

The Covered Bonds and the Transaction Documents (except for the Swap Agreements) are governed by, and shall be construed in accordance with, Dutch law.

Any disputes arising out of or in connection with the Covered Bonds, including any disputes relating to any non-contractual obligations arising out of or in connection with the Covered Bonds shall be submitted to the exclusive jurisdiction of the competent courts of Amsterdam, the Netherlands.

20. TERMS AND CONDITIONS OF REGISTERED COVERED BONDS

- 20.1 If the applicable Final Terms specify that Registered Covered Bonds are issued, then the following terms and conditions shall apply in addition to the terms and conditions set out in Conditions 1 to and including 19 above. In the event of any inconsistency between Conditions 1 to and including 19 and this Condition 20 (*Terms and Conditions of Registered Covered Bonds*), this Condition 20 (*Terms and Conditions of Registered Covered Bonds*) will prevail with regard to Registered Covered Bonds.
- 20.2 Registered Covered Bonds are registered claims (*vorderingen op naam*) which will be issued to each holder by a Registered Covered Bonds Deed. The holder of a Registered Covered Bond is the creditor of the relevant registered claim and "**Covered Bondholder**" shall be construed accordingly, provided that if the provision at the end of Condition 20.3 applies, the transferee shall, from the moment the transfer takes effect be treated as a Covered Bondholder for all purposes, without prejudice to any entitlement of the transferor pursuant to Condition 20.5.
- 20.3 Under Dutch law, the valid transfer of Covered Bonds requires, among other things, delivery (*levering*) thereof, which in the case of Registered Covered Bonds is effected by assignment (*cessie*) of both the

rights under the Registered Covered Bonds and the corresponding rights under the Guarantee by execution of a deed of assignment (*akte*) between the transferor and the transferee and notification (*mededeling*) thereof to the Issuer, the CBC and the Registrar. A form of deed of assignment and notification is attached to each Registered Covered Bonds Deed. Registered Covered Bonds may be transferred in whole, but not in part, provided that the transferor and transferee may otherwise agree in the relevant assignment deed in respect of amounts that have accrued but not yet been paid in respect of the period up to the relevant transfer.

- 20.4 The Issuer shall procure that a register be kept by the Registrar in accordance with the provisions of the Agency Agreement (the "**Register**"). The Registrar shall register details of any holder of Registered Covered Bonds in the Register and amend the Register to reflect any transfer and/or redemption of Registered Covered Bonds.
- 20.5 Payments of principal, interest (if any) and any other amounts in respect of Registered Covered Bonds will be made to the person shown on the Register as being entitled to the relevant amount of principal or interest or other amount at the close of business of the Business Day prior to the due date of such payments (the "**Record Date**"). If any Registered Covered Bondholder transfers any Registered Covered Bonds in accordance with Condition 20.3 and the Trust Deed and such transfer is notified to the Issuer, the CBC and the Registrar three (3) Business Days prior to the Record Date, the Issuer, the CBC and the Security Trustee will in respect of the Registered Covered Bond so transferred, be discharged from their respective payment obligations only by payment to or to the order of the transferee. If the notification of transfer of the relevant Registered Covered Bond is made after such date and time, (i) the risk that the transfer is not timely recorded in the Register is borne by the transferee and (ii) the Issuer, the CBC, the Security Trustee, the Registrar and the relevant Paying Agent shall not be liable as a result of any payment being made to the person shown in the Register in accordance with this Condition.
- 20.6 Notices to holders of Registered Covered Bonds shall be mailed or faxed to them at their respective addresses as recorded in the Register and shall be deemed to have been given on the fourth Business Day (being a day other than a Saturday or a Sunday) following the date of mailing or faxing.

TAXATION IN THE NETHERLANDS

1. TAX WARNING

Potential investors and sellers of Covered Bonds should be aware that they may be required to pay stamp taxes or other documentary taxes or fiscal duties or charges in accordance with the laws and practices of the country where the Covered Bonds are transferred or other jurisdictions. In addition, payments of interest on the Covered Bonds, or income derived from the Covered Bonds, may become subject to taxation, including withholding taxes, in the jurisdiction of the Issuer, in the jurisdiction of the holder of Covered Bonds, or in other jurisdictions in which the holder of Covered Bonds is required to pay taxes. Any such tax consequences may have an impact on the net income received from the Covered Bonds.

Prospective investors should carefully consider the tax consequences of investing in the Covered Bonds and consult their own tax adviser about their own tax situation. Finally, potential investors should be aware that tax regulations and their application by the relevant taxation authorities change from time to time, with or without retroactive effect. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

2. MATERIAL DUTCH TAX CONSIDERATIONS

General

The following summary describes certain material Dutch tax consequences of the acquisition, holding, redemption and disposal of Covered Bonds, which term, for the purpose of this summary, includes Coupons and Talons. This summary does not purport to be a comprehensive description of all Dutch tax considerations that may be relevant to a Covered Bondholder or prospective Covered Bondholder and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as trusts or similar arrangements) may be subject to special rules. In view of its general nature, this general summary should be treated with corresponding caution.

This summary is based on the tax laws of the Netherlands, published regulations thereunder and published authoritative case law, all as in effect on the date of this Base Prospectus, and all of which are subject to change, possibly with retroactive effect. Where the summary refers to "the Netherlands" or "Dutch" it refers only to the part of the Kingdom of the Netherlands located in Europe.

This discussion is for general information purposes only and is not Dutch tax advice or a complete description of all Dutch tax consequences relating to the acquisition, holding, redemption and disposal of the Covered Bonds. Holders or prospective holders of Covered Bonds should consult their own tax advisers regarding the tax consequences relating to the acquisition, holding, redemption and disposal of the Covered Bonds in light of their particular circumstances.

Withholding Tax

Non-related holders of Covered Bonds

All payments made by the Issuer under the Covered Bonds to holders of Covered Bonds other than holders that are related entities in respect of the Issuer (within the meaning of the Dutch Withholding Tax Act 2021; *Wet bronbelasting 2021*) (see below) may be made free of withholding or deduction of, for or on account of any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Entities related to the Issuer

Payments made by the Issuer under the Covered Bonds to holders of Covered Bonds that are related entities in respect of the Issuer (within the meaning of the Dutch Withholding Tax Act 2021), may be subject to a withholding tax at a rate of 25% in 2021 if such related entity (i) is considered to be resident (*gevestigd*) in a jurisdiction that is listed in the yearly updated Dutch Regulation on low-taxing states and non-cooperative jurisdictions for tax purposes (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoelinden*) (a "**Listed Jurisdiction**"), or (ii) has a permanent establishment located in a such Listed Jurisdiction to which the

interest is attributable, or (iii) is entitled to the interest payable for the main purpose or one of the main purposes to avoid taxation for another person or entity and there is an artificial arrangement or transaction or a series of artificial arrangements or transactions, or (iv) is a hybrid entity (hybrid mismatch), or (v) is not resident in any jurisdiction, all within the meaning of the Dutch Withholding Tax Act 2021.

Listed Jurisdiction

For the fiscal year 2021, the following 23 jurisdictions are Listed Jurisdictions: American Samoa, Anguilla, Bahamas, Bahrain, Barbados, Bermuda, the British Virgin Islands, the Cayman Islands, Fiji, Guam, Guernsey, Isle of Man, Jersey, Palau, Panama, Samoa, Seychelles, Trinidad and Tobago, Turkmenistan, Turks and Caicos Islands, Vanuatu, the United Arab Emirates and the U.S. Virgin Islands.

Related entity

For purposes of the Dutch Withholding Tax Act 2021, an entity is considered a related entity if:

- (i) such entity has a Qualifying Interest (as defined below) in the Issuer;
- (ii) the Issuer has a Qualifying Interest in such entity; or
- (iii) a third party has a Qualifying Interest in both the Issuer and such entity.

The term "**Qualifying Interest**" means a directly or indirectly held interest – either individually or jointly as part of a collaborating group (*samenwerkende groep*) – that confers a definite influence over the company's decisions and allows the holders of such interest to determine its activities (within the meaning of case law of the European Court of Justice on the right of establishment (*vrijheid van vestiging*)).

Taxes on income and capital gains

Please note that the summary in this section does not describe the Dutch tax consequences for:

- (i) Covered Bondholders if such holders, and in the case of individuals, such holder's partner or certain of their relatives by blood or marriage in the direct line (including foster children), have a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer under the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*). Generally speaking, a holder of securities in a company is considered to hold a substantial interest in such company, if such holder alone or, in the case of individuals, together with such holder's partner (as defined in the Dutch Income Tax Act 2001), directly or indirectly, holds (i) an interest of 5% or more of the total issued and outstanding capital of that company or of 5% or more of the issued and outstanding capital of a certain class of shares of that company; or (ii) rights to acquire, directly or indirectly, such interest; or (iii) certain profit sharing rights in that company that relate to 5% or more of the company's annual profits or to 5% or more of the company's liquidation proceeds. A deemed substantial interest may arise if a substantial interest (or part thereof) in a company has been disposed of, or is deemed to have been disposed of, on a non-recognition basis;
- (ii) pension funds, investment institutions (*fiscale beleggingsinstellingen*), exempt investment institutions (*vrijgestelde beleggingsinstellingen*) (as defined in the Dutch Corporate Income Tax Act 1969; *Wet op de vennootschapsbelasting 1969*) and other entities that are, in whole or in part, not subject to or exempt from Dutch corporate income tax; and
- (iii) Covered Bondholders who are individuals for whom the Covered Bonds or any benefit derived from the Covered Bonds are a remuneration or deemed to be a remuneration for activities performed by such holders or certain individuals related to such holders (as defined in the Dutch Income Tax Act 2001).

Dutch Resident Entities

Generally speaking, if the Covered Bondholder is an entity that is a resident or deemed to be resident of the Netherlands for Dutch corporate income tax purposes (a "**Dutch Resident Entity**"), any payment under the Covered Bonds or any gain or loss realized on the disposal or deemed disposal of the Covered Bonds is subject to Dutch corporate income tax at a rate of 15% with respect to taxable profits up to €245,000 and 25% with respect to taxable profits in excess of that amount (tax rates and brackets as applicable for 2021).

Dutch Resident Individuals

If a Covered Bondholder is an individual, resident or deemed to be resident of the Netherlands for Dutch income tax purposes (a "**Dutch Resident Individual**"), any payment under the Covered Bonds or any gain or loss

realized on the disposal or deemed disposal of the Covered Bonds is taxable at the progressive income tax rates (with a maximum of 49.5% in 2021), if:

- (a) the Covered Bonds are attributable to an enterprise from which the Covered Bondholder derives a share of the profit, whether as an entrepreneur (*ondernemer*) or as a person who has a co-entitlement to the net worth (*medegerechtigd tot het vermogen*) of such enterprise without being a shareholder (as defined in the Dutch Income Tax Act 2001); or
- (b) the Covered Bondholder is considered to perform activities with respect to the Covered Bonds that go beyond ordinary asset management (*normaal, actief vermogensbeheer*) or derives benefits from the Covered Bonds that are taxable as benefits from other activities (*resultaat uit overige werkzaamheden*).

Income from savings and investments. If the above-mentioned conditions (a) and (b) do not apply to the individual Covered Bondholder, such holder will be taxed annually on a deemed return (with a maximum of 5.69% in 2021) on the individual's net investment assets (*rendementsgrondslag*) for the year, insofar the individual's net investment assets for the year exceed a statutory threshold. The deemed return on the individual's net investment assets for the year is taxed at a rate of 31%. Actual income, gains or losses in respect of the Covered Bonds are as such not subject to Dutch income tax.

The net investment assets for the year are the fair market value of the investment assets less the allowable liabilities on 1 January of the relevant calendar year. The Covered Bonds are included as investment assets. For the net investment assets on 1 January 2021, the deemed return ranges from 1.90% up to 5.69% (depending on the aggregate amount of the net investment assets on 1 January 2021). The deemed return will be adjusted annually on the basis of historic market yields.

Non-residents of the Netherlands

A Covered Bondholder that is neither a Dutch Resident Entity nor a Dutch Resident Individual will not be subject to Dutch taxes on income or capital gains in respect of any payment under the Covered Bonds or in respect of any gain or loss realized on the disposal or deemed disposal of the Covered Bonds, provided that:

- (a) such holder does not have an interest in an enterprise or deemed enterprise (as defined in the Dutch Income Tax Act 2001 and the Dutch Corporate Income Tax Act 1969) which, in whole or in part, is either effectively managed in the Netherlands or carried on through a permanent establishment, a deemed permanent establishment or a permanent representative in the Netherlands and to which enterprise or part of an enterprise the Covered Bonds are attributable; and
- (b) in the event the holder is an individual, such holder does not carry out any activities in the Netherlands with respect to the Covered Bonds that go beyond ordinary asset management and does not derive benefits from the Covered Bonds that are taxable as benefits from other activities in the Netherlands.

Gift and inheritance taxes

Residents of the Netherlands

Gift or inheritance taxes will arise in the Netherlands with respect to a transfer of the Covered Bonds by way of a gift by, or on the death of, a holder of such Covered Bonds who is resident or deemed resident of the Netherlands at the time of the gift or such holder's death.

Non-residents of the Netherlands

No Dutch gift or inheritance taxes will arise on the transfer of Covered Bonds by way of gift by, or on the death of, a Covered Bondholder who is neither resident nor deemed to be resident in the Netherlands, unless:

- (a) in the case of a gift of a Covered Bond by an individual who at the date of the gift was neither resident nor deemed to be resident in the Netherlands, such individual dies within 180 calendar days after the date of the gift, while being resident or deemed to be resident in the Netherlands; or
- (b) in case of a gift of a Covered Bond is made under a condition precedent, the holder of the Covered Bonds is resident or is deemed to be resident of the Netherlands at the time the condition is fulfilled; or

- (c) the transfer is otherwise construed as a gift or inheritance made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in the Netherlands.

For purposes of Dutch gift and inheritance taxes, amongst others, a person that holds the Dutch nationality will be deemed to be resident in the Netherlands if such person has been resident in the Netherlands at any time during the ten (10) years preceding the date of the gift or such person's death. Additionally, for purposes of Dutch gift tax, amongst others, a person not holding the Dutch nationality will be deemed to be resident in the Netherlands if such person has been resident in the Netherlands at any time during the twelve (12) months preceding the date of the gift. Applicable tax treaties may override deemed residency.

Value added tax (VAT)

No Dutch VAT will be payable by a holder of Covered Bonds on (i) any payment in consideration for the issue of the Covered Bonds or (ii) the payment of interest or principal by the Issuer under the Covered Bonds.

Other taxes and duties

No Dutch registration tax, stamp duty or any other similar documentary tax or duty will be payable by a holder of Covered Bonds in respect of (i) the issue of the Covered Bonds or (ii) the payment of interest or principal by the Issuer under the Covered Bonds.

SUBSCRIPTION AND SALE

The Dealer has, in a Programme Agreement, agreed and each further Dealer appointed under the Programme will agree, with the Issuer and the CBC a basis upon which such Dealers or any of them may from time to time agree to purchase Covered Bonds. Any such agreement will extend to those matters stated in the Terms and Conditions and under *Form of Covered Bonds*. In the Programme Agreement, the Issuer has agreed to reimburse each Dealer for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Covered Bonds under the Programme.

Prohibition of Sales to EEA Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression "retail investor" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of EU MiFID II; or
 - (ii) a customer within the meaning of IDD, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe for the Covered Bonds.

United Kingdom

Prohibition of sales to UK Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

- (a) the expression retail investor means a person who is one (or more) of the following:
 - (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**); or
 - (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA; and
- (b) the expression an offer includes the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe for the Covered Bonds.

Other selling restrictions

The Dealer has represented and agreed and each further Dealer appointed will be required to represent and agree that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Covered Bonds in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Covered Bonds in, from or otherwise involving the United Kingdom.

France

Each of the Dealers has represented and agreed that it has only offered or sold and will only offer or sell, directly or indirectly, Covered Bonds in France to (a) authorised providers of investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers*) and/or (b) qualified investors (*investisseurs qualifiés*) as defined in Article L.411-2 other than individuals or (c) a restricted circle of investors (*cercle restreint d'investisseurs*), in each case, acting for their own account, all as defined in, and in accordance with, Article L.411-1, L.411-2 and D.411-2 to D.411-4 of the French *Code monétaire et financier* and it has only distributed or caused to be distributed and will only distribute or cause to be distributed in France to such qualified investors the Base Prospectus, the relevant Final Terms or any other offering material relating to the Covered Bonds.

Italy

The offering of the Covered Bonds has not been registered with the *Commissione Nazionale per le Società e la Borsa* ("**CONSOB**") pursuant to Italian securities legislation and accordingly, the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that save as set out below, it has not offered or sold and will not offer or sell any Covered Bond in the Republic of Italy in an offer to the public and that sales of the Covered Bond in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulation.

Accordingly, the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver any Covered Bond or distribute copies of this Base Prospectus and any other document relating to the Covered Bonds in the Republic of Italy other than:

- (i) to "qualified investors", as defined in the Prospectus Regulation; or
- (ii) that it may offer, sell or deliver Covered Bonds or distribute copies of any prospectus relating to such Covered Bonds in an offer to the public in the period commencing on the date of publication of such prospectus, provided that such prospectus has been approved in another Relevant Member State and notified to CONSOB, all in accordance with the Prospectus Regulation, Legislative Decree No. 58 of 24 February 1998, as amended (the "**Decree No. 58**") and CONSOB Regulation No. 11971 of 14 May 1999, as amended ("**Regulation No. 11971**"), and ending on the date which is 12 months after the date of approval of such prospectus; or
- (iii) in any other circumstances where an express exemption from compliance with the offer restrictions applies, as provided under the Prospectus Regulation, Decree No. 58 or Regulation No. 11971.

Any such offer, sale or delivery of the Covered Bonds or distribution of copies of this Base Prospectus or any other document relating to the Covered Bonds in the Republic of Italy must be:

- (a) made by investment firms, banks or financial intermediaries permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 385 of 1 September 1993 as amended, Decree No. 58 CONSOB Regulation No. 20307 of 15 February 2018, as amended and any other applicable laws and regulations;
- (b) in compliance with Article 129 of Legislative Decree No. 385 of 1 September 1993, as amended (pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy) and the relevant implementing guidelines of the Bank of Italy issued on 25 August 2015 (as amended on 10 August 2016); and
- (c) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or the Bank of Italy.

Provisions relating to the secondary market in the Republic of Italy

Investors should also note that, in any subsequent distribution of the Covered Bonds in the Republic of Italy, the Prospectus Regulation and Decree No. 58 may require compliance with the law relating to public offers of securities. Furthermore, Article 100-bis of Decree No. 58 provides that where the Covered Bonds are placed solely with "qualified investors" and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Covered Bonds who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Covered Bonds were purchased, unless an exemption provided for under the Prospectus Regulation or Decree No. 58 applies.

United States

The Covered Bonds and the Guarantee have not been and will not be registered under the Securities Act, or the securities laws of any state of the U.S. or other jurisdiction of the U.S. The Covered Bonds may not be offered or sold within the U.S. or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Covered Bonds are being offered, sold or delivered only to non-U.S. persons (as defined in Regulation S) outside the U.S. in reliance on Regulation S.

The Covered Bonds that are in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to, or for the account or benefit of, a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the US IR Code and U.S. Treasury regulations promulgated thereunder.

The Dealer has represented and agreed, and each further Dealer appointed will be required to represent and agree, that it will offer, sell or deliver the Covered Bonds (i) as part of its distribution at any time and (ii) otherwise until forty (40) days after distribution of the Covered Bonds only in accordance with rule 903 of the Securities Act. The Dealer has also represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will have sent to each distributor, Dealer or person receiving a selling concession, fee or other remuneration to which it sells Covered Bonds during the distribution compliance period (as defined in Regulation S) a confirmation or other notice setting forth the restrictions on offers and sales of the Covered Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

Japan

The Covered Bonds have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the FIEA) and the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Covered Bonds in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)) or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Belgium

Other than in respect of Covered Bonds for which "Prohibition of Sales to Belgian Consumers" is specified as "Not Applicable" in the applicable Final Terms, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that an offering of Covered Bonds may not be advertised to any individual in Belgium qualifying as a consumer within the meaning of Article 1.1 of the Belgian Code of Economic Law, as amended from time to time (a Belgian Consumer) and that it has not offered, sold or resold, transferred or delivered, and will not offer, sell, resell, transfer or deliver, the Covered Bonds, and that it has not distributed, and will not distribute, any prospectus, memorandum, information circular, brochure or any similar documents in relation to the Covered Bonds, directly or indirectly, to any Belgian Consumer.

The Netherlands/All issues

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that as long as it does not have the benefit of a licence or exemption as an investment firm of the relevant type pursuant to the Wft, it shall not offer any Covered Bonds or distribute this Base Prospectus or any circulars, offer documents or information relating to the Issuer or the Covered Bonds in the Netherlands.

Zero Coupon Covered Bonds

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that Zero Coupon Covered Bonds (as defined below) in definitive form of the Issuer may only be transferred and accepted, directly or indirectly, within, from or into the Netherlands through the mediation of either the Issuer or a member firm of Euronext Amsterdam in full compliance with the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) of 21 May 1985 (as amended) and its implementing

regulations, provided that no such mediation is required: (a) in respect of the transfer and acceptance of rights representing an interest in a Zero Coupon Covered Bond in global form, or (b) in respect of the initial issue of Zero Coupon Covered Bonds in definitive form to the first holders thereof, or (c) in respect of the transfer and acceptance of Zero Coupon Covered Bonds in definitive form between individuals not acting in the conduct of a business or profession or (d) in respect of the transfer and acceptance of such Zero Coupon Covered Bonds within, from or into the Netherlands if all Zero Coupon Covered Bonds (either in definitive form or as rights representing an interest in a Zero Coupon Covered Bond in global form) of any particular Series are issued outside the Netherlands and are not distributed into the Netherlands in the course of initial distribution or immediately thereafter. As used herein "**Zero Coupon Covered Bonds**" are Bearer Covered Bonds that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.

General

The Dealer has agreed and each further Dealer appointed will be required to agree, that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers or sells Covered Bonds or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Covered Bonds under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any other Dealer shall have any responsibility therefor.

Neither the Issuer nor any Dealer shall represent, nor any further Dealer appointed will be required to represent, that Covered Bonds may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer will be required to comply with any additional restrictions set out in the applicable Final Terms.

CREDIT RATINGS

It is a condition precedent for the first issue of Covered Bonds under the Programme that the Covered Bonds on issue be assigned the highest rating by one or more rating agencies (currently S&P). Each further issue of a Series of Covered Bonds will have ratings equal to the then current rating assigned to the outstanding Series of Covered Bonds.

S&P Credit Rating Definitions

The following text is an extract from S&P Global Rating as published by S&P.

Long-Term Issue Credit Ratings

Long-Term Issue Credit Ratings*	
Category	Definition
AAA	An obligation rated 'AAA' has the highest rating assigned by S&P Global Ratings. The obligor's capacity to meet its financial commitments on the obligation is extremely strong.
AA	An obligation rated 'AA' differs from the highest-rated obligations only to a small degree. The obligor's capacity to meet its financial commitments on the obligation is very strong.
A	An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitments on the obligation is still strong.
BBB	An obligation rated 'BBB' exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation.
BB, B, CCC, CC, and C	Obligations rated 'BB', 'B', 'CCC', 'CC', and 'C' are regarded as having significant speculative characteristics. 'BB' indicates the least degree of speculation and 'C' the highest. While such obligations will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposure to adverse conditions.
BB	An obligation rated 'BB' is less vulnerable to nonpayment than other speculative issues. However, it faces major ongoing uncertainties or exposure to adverse business, financial, or economic conditions that could lead to the obligor's inadequate capacity to meet its financial commitments on the obligation.
B	An obligation rated 'B' is more vulnerable to nonpayment than obligations rated 'BB', but the obligor currently has the capacity to meet its financial commitments on the obligation. Adverse business, financial, or economic conditions will likely impair the obligor's capacity or willingness to meet its financial commitments on the obligation.
CCC	An obligation rated 'CCC' is currently vulnerable to nonpayment and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitments on the obligation. In the event of adverse business, financial, or economic conditions, the obligor is

	not likely to have the capacity to meet its financial commitments on the obligation.
CC	An obligation rated 'CC' is currently highly vulnerable to nonpayment. The 'CC' rating is used when a default has not yet occurred but S&P Global Ratings expects default to be a virtual certainty, regardless of the anticipated time to default.
C	An obligation rated 'C' is currently highly vulnerable to nonpayment, and the obligation is expected to have lower relative seniority or lower ultimate recovery compared with obligations that are rated higher.
D	An obligation rated 'D' is in default or in breach of an imputed promise. For non-hybrid capital instruments, the 'D' rating category is used when payments on an obligation are not made on the date due, unless S&P Global Ratings believes that such payments will be made within five business days in the absence of a stated grace period or within the earlier of the stated grace period or 30 calendar days. The 'D' rating also will be used upon the filing of a bankruptcy petition or the taking of similar action and where default on an obligation is a virtual certainty, for example due to automatic stay provisions. A rating on an obligation is lowered to 'D' if it is subject to a distressed exchange offer.
*Ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the rating categories.	

Short-Term Issue Credit Ratings

Short-Term Issue Credit Ratings	
Category	Definition
A-1	A short-term obligation rated 'A-1' is rated in the highest category by S&P Global Ratings. The obligor's capacity to meet its financial commitments on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitments on these obligations is extremely strong.
A-2	A short-term obligation rated 'A-2' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories. However, the obligor's capacity to meet its financial commitments on the obligation is satisfactory.
A-3	A short-term obligation rated 'A-3' exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken an obligor's capacity to meet its financial commitments on the obligation.
B	A short-term obligation rated 'B' is regarded as vulnerable and has significant speculative characteristics. The obligor currently has the capacity to meet its financial commitments; however, it faces major ongoing uncertainties that could lead to the obligor's inadequate capacity to meet its financial commitments.

C A short-term obligation rated 'C' is currently vulnerable to nonpayment and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitments on the obligation.

D A short-term obligation rated 'D' is in default or in breach of an imputed promise. For non-hybrid capital instruments, the 'D' rating category is used when payments on an obligation are not made on the date due, unless S&P Global Ratings believes that such payments will be made within any stated grace period. However, any stated grace period longer than five business days will be treated as five business days. The 'D' rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action and where default on an obligation is a virtual certainty, for example due to automatic stay provisions. A rating on an obligation is lowered to 'D' if it is subject to a distressed exchange offer.

Long-Term Issuer Credit Ratings

Long-Term Issuer Credit Ratings*	
Category	Definition
AAA	An obligor rated 'AAA' has extremely strong capacity to meet its financial commitments. 'AAA' is the highest issuer credit rating assigned by S&P Global Ratings.
AA	An obligor rated 'AA' has very strong capacity to meet its financial commitments. It differs from the highest-rated obligors only to a small degree.
A	An obligor rated 'A' has strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in higher-rated categories.
BBB	An obligor rated 'BBB' has adequate capacity to meet its financial commitments. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments.
BB, B, CCC, and CC	Obligor rated 'BB', 'B', 'CCC', and 'CC' are regarded as having significant speculative characteristics. 'BB' indicates the least degree of speculation and 'CC' the highest. While such obligors will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposure to adverse conditions.
BB	An obligor rated 'BB' is less vulnerable in the near term than other lower-rated obligors. However, it faces major ongoing uncertainties and exposure to adverse business, financial, or economic conditions that could lead to the obligor's inadequate capacity to meet its financial commitments.
B	An obligor rated 'B' is more vulnerable than the obligors rated 'BB', but the obligor currently has the capacity to meet its financial commitments. Adverse business, financial, or economic conditions will likely impair the obligor's capacity or willingness to meet its financial commitments.

CCC	An obligor rated 'CCC' is currently vulnerable and is dependent upon favorable business, financial, and economic conditions to meet its financial commitments.
CC	An obligor rated 'CC' is currently highly vulnerable. The 'CC' rating is used when a default has not yet occurred but S&P Global Ratings expects default to be a virtual certainty, regardless of the anticipated time to default.
SD and D	An obligor is rated 'SD' (selective default) or 'D' if S&P Global Ratings considers there to be a default on one or more of its financial obligations, whether long- or short-term, including rated and unrated obligations but excluding hybrid instruments classified as regulatory capital or in nonpayment according to terms. A 'D' rating is assigned when S&P Global Ratings believes that the default will be a general default and that the obligor will fail to pay all or substantially all of its obligations as they come due. An 'SD' rating is assigned when S&P Global Ratings believes that the obligor has selectively defaulted on a specific issue or class of obligations but it will continue to meet its payment obligations on other issues or classes of obligations in a timely manner. A rating on an obligor is lowered to 'D' or 'SD' if it is conducting a distressed exchange offer.
*Ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the rating categories.	

Short-Term Issuer Credit Ratings

Short-Term Issuer Credit Ratings	
Category	Definition
A-1	An obligor rated 'A-1' has strong capacity to meet its financial commitments. It is rated in the highest category by S&P Global Ratings. Within this category, certain obligors are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitments is extremely strong.
A-2	An obligor rated 'A-2' has satisfactory capacity to meet its financial commitments. However, it is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in the highest rating category.
A-3	An obligor rated 'A-3' has adequate capacity to meet its financial obligations. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments.
B	An obligor rated 'B' is regarded as vulnerable and has significant speculative characteristics. The obligor currently has the capacity to meet its financial commitments; however, it faces major ongoing uncertainties that could lead to the obligor's inadequate capacity to meet its financial commitments.
C	An obligor rated 'C' is currently vulnerable to nonpayment that would result in an 'SD' or 'D' issuer rating and is dependent upon favorable business, financial, and economic conditions to meet its financial commitments.

SD and D

An obligor is rated 'SD' (selective default) or 'D' if S&P Global Ratings considers there to be a default on one or more of its financial obligations, whether long- or short-term, including rated and unrated obligations but excluding hybrid instruments classified as regulatory capital or in nonpayment according to terms. A 'D' rating is assigned when S&P Global Ratings believes that the default will be a general default and that the obligor will fail to pay all or substantially all of its obligations as they come due. An 'SD' rating is assigned when S&P Global Ratings believes that the obligor has selectively defaulted on a specific issue or class of obligations but it will continue to meet its payment obligations on other issues or classes of obligations in a timely manner. A rating on an obligor is lowered to 'D' or 'SD' if it is conducting a distressed exchange offer.

CREDITWATCH, RATING OUTLOOKS, LOCAL CURRENCY AND FOREIGN CURRENCY RATINGS

The following section explains CreditWatch and rating outlooks and how they are used. Additionally, this section explains local currency and foreign currency ratings.

A. CreditWatch

CreditWatch highlights S&P's opinion regarding the potential direction of a short-term or long-term rating. It focuses on identifiable events and short-term trends that cause ratings to be placed under special surveillance by S&P Global Ratings' analytical staff. Ratings may be placed on CreditWatch under the following circumstances:

- When an event has occurred or, in S&P's view, a deviation from an expected trend has occurred or is expected and when additional information is necessary to evaluate the current rating. Events and short-term trends may include mergers, recapitalizations, voter referendums, regulatory actions, performance deterioration of securitized assets, or anticipated operating developments.
- When S&P believes there has been a material change in performance of an issue or issuer, but the magnitude of the rating impact has not been fully determined, and S&P believes that a rating change is likely in the short-term.
- A change in criteria has been adopted that necessitates a review of an entire sector or multiple transactions and S&P believes that a rating change is likely in the short-term.

A CreditWatch listing, however, does not mean a rating change is inevitable, and when appropriate, a range of potential alternative ratings will be shown. CreditWatch is not intended to include all ratings under review, and rating changes may occur without the ratings having first appeared on CreditWatch. The "positive" designation means that a rating may be raised; "negative" means a rating may be lowered; and "developing" means that a rating may be raised, lowered, or affirmed.

B. Rating Outlooks

An S&P Global Ratings outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years). In determining a rating outlook, consideration is given to any changes in economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future CreditWatch action.

- Positive means that a rating may be raised.
- Negative means that a rating may be lowered.
- Stable means that a rating is not likely to change.
- Developing means a rating may be raised, lowered, or affirmed.
- N.M. means not meaningful.

COVERED BOND LEGISLATION AND COMPLIANCE WITH UCITS AND/OR CAPITAL REQUIREMENTS DIRECTIVE

Description of the Dutch Covered Bond Regulations

In 2008 the Netherlands introduced a legal framework for regulated covered bonds which was replaced as of 1 January 2015 by a new framework. The CB Regulations aim to provide more safeguards to covered bondholders, while respecting other interests that are connected with the issuance of covered bonds, such as avoiding an undesirable degree of asset encumbrance.

The CB Regulations apply to the issuance of DNB-registered covered bonds, which are bonds included in the list made publicly available pursuant to Article 52(4) of the UCITS Directive or, where such registration has not yet occurred, a covered bond which is registered by DNB in accordance with the CB Regulations. Therefore, like any other issuance of debt instruments and legal transfers of assets made in accordance with Dutch law, the issuance of a DNB-registered covered bond and the legal transfer of cover assets are subject to the provisions of the Dutch Civil Code and the Dutch Bankruptcy Code.

The CB Regulations include rules on the level of parliamentary law and form a collection of rules forming part of three layers of legislation: the Wft, the Wft Prudential Rules Decree (*Besluit prudentiële regels Wft*) and the Wft Implementing Regulation (*Uitvoeringsregeling Wft*). The inclusion of rules on parliamentary law level enables a more extensive and proportional sanctions regime than under the old rules, such as fines. Under the CB Regulations the registration of covered bonds issued under a programme cannot be cancelled. However, DNB can eliminate the registration of the issuer and order an issuance stop, after which the issuing bank will not be allowed to issue more covered bonds.

The CB Regulations include various requirements relating to issuers, owners of the asset pool, eligible assets and the contractual arrangements made in respect of such assets. The CB Regulations also require a valid safeguarding or sufficient cover assets for holders of DNB-registered covered bonds. Furthermore, the issuer must be a licensed bank with its registered address in the Netherlands.

As a main principle the CB Regulations require that DNB-registered covered bonds will have to comply with the conditions for preferential treatment of article 52(4) UCITS Directive. In addition the CB Regulations also include mandatory compliance with article 129 CRR.

The CB Regulations require a minimum level of overcollateralisation of 5%. This means that the nominal value of the cover assets must be 105% of the nominal value of the outstanding covered bonds under the relevant programme. An additional collateralisation requirement, which is calculated separately, is that the nominal size of the cover assets taking into account the cut-off rules for collateralised assets of article 129 CRR is at least equal to the nominal value of the outstanding covered bonds. The Issuer as part of the programme undertakes as part of the Asset Cover Test that it will meet the requirements pursuant to the Wft in respect of the collateralisation of the Covered Bonds, including, that (i) (A) the Net Outstanding Principal Amount of Mortgage Receivables and (B) the Substitution Assets are at least equal to 105% of the Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding and (ii) (A) the lower of (a) the Net Outstanding Principal Amount of Mortgage Receivables and (b) 80% of all Indexed Valuations relating to such Mortgage Receivables and (B) the Substitution Assets are at least equal to 100% of the Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding. (see section 16 (*Asset Monitoring*)).

An issuer is required to ensure that the owner of the asset pool maintains a liquidity buffer that covers interest payments, principal payments and senior costs that will be due in the coming six (6) months. If an extension period of at least six (6) months is included, (as in this programme), no liquidity buffer needs to be held for principal payments. Liquid assets are public sector loans and exposures to institutions as defined in article 129 CRR. The Issuer will comply with this requirement by ensuring that the Mandatory Liquidity Required Amount will be deposited on the Reserve Account.

There are strict criteria as to which assets may be included in an asset pool for the purposes of a DNB-registered covered bond, and such assets are limited to the assets listed in article 129 CRR under (a), (b), (d) sub (i), (e), (f) sub (i) and (g), i.e. public sector loans, residential real estate loans, commercial real estate loans, and shipping loans, subject to certain limitations. The issuer must choose which asset class it primarily includes in the

programme. In addition, up to 20% of the outstanding covered bonds under a program may be covered by substitution assets. These are the liquid assets that are allowed under CRR: public sector exposures and exposures to institutions. Residential mortgage backed securities and commercial mortgage backed securities are excluded as cover assets. The Eligibility Criteria require that the Issuer only includes residential real estate loans as primary assets and the definition of Substitution Asset complies with the CB Regulations.

The CB Regulations include rules on valuation of cover assets. As a main rule, cover assets will be valued at their nominal value. Substitution assets will have to be valued at market value according to an internationally accepted accountancy standard. Several categories of assets will be awarded no value when applying the overcollateralisation and liquidity requirements are met:

- defaulted loans, as defined by article 178 CRR;
- assets which are the subject of a sub-participation or similar arrangement up to an amount to which a third party has an entitlement to (part of) such assets;
- assets that consist of exposures of the CBC on the issuer or entities of the same group.

Issuers will be required to appoint an external auditor as asset monitor which will have to perform an annual check of certain aspects of the administration and valuation process on the cover assets. More specifically, the external auditor has to:

- perform a check on the calculation of the legal overcollateralisation requirements; and
- perform a check on the calculation of the legal liquidity buffer requirement;

In addition the issuer must ensure that an external auditor performs a yearly check on a sample of the files related to the cover assets.

The issuer must maintain a healthy ratio between the outstanding covered bonds and the balance sheet of the issuer (the latter to protect other stakeholders). As a new element, the issuer will be required to perform an annual stress tests to assess whether the healthy ratio will be maintained in adverse scenarios. Risks to be taken into account include credit risk, interest rate risk, currency risk and liquidity risk.

The issuer will also need to have solid and effective strategies and procedures for verifying and procuring the sufficiency of the cover assets, taking into account the composition of the cover assets, the over-collateralisation and the applicable risks and stress tests.

Also, the CB Regulations continue to provide for ongoing administration and reporting obligations towards DNB and include new reporting obligations towards the covered bondholders.

Future amendment to the CB Regulations

In addition, on 27 November 2019 the Directive (EU) 2019/2162 of the European Parliament and of the Council on the issue of covered bonds and covered bond public supervision and amending Directives 2009/65/EC and 2014/59/EC (the "**Covered Bond Directive**") and Regulation (EU) 2019/2160 of the European Parliament and of the Council amending Regulation 575/213 as regards exposures in the form of covered bonds (the "**Covered Bond Regulation**"), have been adopted. The Covered Bond Directive and the Covered Bond Regulation aim to foster the development of covered bonds across the European Union. The Covered Bond Directive (i) provides a common definition of covered bonds, which will represent a consistent reference for prudential regulation purposes, (ii) defines the structural features of covered bonds and identify high quality assets that can be considered eligible in the pool backing the debt obligations, (iii) defines the tasks and responsibilities for the supervision of covered bonds and (iv) sets out the rules allowing the use of the 'European Covered Bonds' label. The Covered Bond Directive builds on the analysis and the advice of the European Banking Authority. The Covered Bond Directive should be implemented in each Member State by 8 July 2021 and should apply at the latest from 8 July 2022, however, the exact implementation of the Covered Bond Directive in the Netherlands and the amendments to the CB Regulations are not yet known at the date of this Base Prospectus.

Compliance with UCITS- and/or Capital Requirements Directive

The Issuer has obtained the Regulated Status at the date of this Base Prospectus. The Issuer will only issue Covered Bonds under this Base Prospectus that obtain the Regulated Status.

In the Trust Deed the Issuer has undertaken to utilise its best efforts to procure that the Covered Bonds that have obtained the Regulated Status, will keep the Regulated Status until their Maturity Date or any earlier date on which such Covered Bonds have been redeemed in full.

The criteria for Eligible Assets and the limitations as a result of the LTV Cut-Off Percentage in the Asset Cover Test procure that the Covered Bonds issued have the CRR Status, when these have the Regulated Status.

The "best efforts" undertakings set out in this section will no longer apply if, as a result of a change of law or regulations, Dutch residential mortgage receivables are insufficient for collateralisation of the Covered Bonds to keep the Regulated Status or are no longer eligible to collateralise covered bonds under the CRR.

8. ASSET BACKED GUARANTEE

GUARANTEE

Pursuant to the Guarantee, if (i) an Issuer Acceleration Notice and a Notice to Pay are served or (ii) a CBC Acceleration Notice is served, the CBC will be liable to pay Guaranteed Amounts when the same become Due for Payment. Following the service of an Issuer Acceleration Notice on the Issuer, the Security Trustee shall serve a Notice to Pay on the CBC.

All payments of Guaranteed Amounts by or on behalf of the CBC will be made free and clear of, and without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature, unless such withholding or deduction is required by law. In such event, the CBC will pay the Guaranteed Amounts net of such withholding or deduction and shall account to the appropriate tax authority for the amount required to be withheld or deducted. The CBC will not be obliged to pay any additional amount to the Security Trustee or any holder of Covered Bonds in respect of the amount of such withholding or deduction.

Payments in respect of the Covered Bonds might be subject to FATCA Withholding. Any FATCA Withholding will be treated as paid for all purposes under the Covered Bonds, and no additional amounts will be paid on the Covered Bonds with respect to any FATCA Withholding.

An Extended Due for Payment Date will apply to each Series of Covered Bonds to be issued under the Programme.

In respect of each Series, if the CBC is obliged under the Guarantee to pay a Guaranteed Final Redemption Amount, then:

- (a) the obligation of the CBC to pay the Guaranteed Final Redemption Amount shall be deferred to, and shall under the Guarantee be due on, the Extended Due for Payment Date, unless on the Extension Date or any subsequent Interest Payment Date which applies pursuant to paragraph (b) below and which falls prior to the Extended Due for Payment Date, any moneys are available to the CBC to be paid (or reserved for payment of principal on any Series of Covered Bonds), after the CBC shall under the relevant Priority of Payments have paid or provided for (1) all higher ranking amounts and (2) all Guaranteed Final Redemption Amounts pertaining to any Series with an Extended Due for Payment Date falling prior to the Extended Due for Payment Date for this Series, in which case the CBC shall (a) give notice thereof to the relevant holders of the Covered Bonds (in accordance with Condition 14 (*Notices*)), the Rating Agency, the Security Trustee, the Principal Paying Agent and the Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event on the Extension Date (whereby such notice shall be deemed to have been given on the first Business Day following the date on which such notice was given by the CBC to the relevant clearing system) or at least two (2) Business Days prior to such Interest Payment Date, respectively, and (b) apply such remaining available moneys in payment, in whole or in part, of the Guaranteed Final Redemption Amount pertaining to a Series of Covered Bonds with an Extended Due for Payment Date falling in the same CBC Payment Period in which the Extended Due for Payment Date for this Series falls, if applicable *pro rata* by reference to the Principal Amount Outstanding of such Covered Bonds (and to such extent the Guaranteed Final Redemption Amount shall for the purpose of the relevant Priority of Payments and all other purposes be due) on such Extension Date and/or such Interest Payment Date, respectively; and
- (b) the CBC shall under the Guarantee owe interest over the unpaid portion of the Guaranteed Final Redemption Amount, which shall accrue and be payable on the basis set out in the applicable Final Terms or, if not set out therein, Condition 5 (*Interest*), provided that for this purpose all references in Condition 5 to the Maturity Date are deemed to be references to the Extended Due for Payment Date, *mutatis mutandis*,

all without prejudice to the CBC's obligation to pay any other Guaranteed Amount (i.e. other than the Guaranteed Final Redemption Amount) when Due for Payment.

Failure by the CBC to pay Guaranteed Final Redemption Amounts or the balance thereof, as the case may be, on the Extended Due for Payment Date and/or pay the other Guaranteed Amounts on any Scheduled Payment Date or the Extended Due for Payment Date will (subject to any applicable grace period) be a CBC Event of Default.

Under Dutch law an independent guarantee like the Guarantee is normally regarded as an independent claim and not an accessory right (*afhankelijk recht*) and is unlikely to be an ancillary right (*nevenrecht*) that by operation of law follows the receivables it secures upon transfer thereof. The Issuer and the CBC have been advised that, in the case of Bearer Covered Bonds, such a transfer of the Guarantee can be accomplished by ensuring that the Guarantee forms an integral part of the Covered Bonds. For this reason the Guarantee and the Covered Bonds will provide that the rights under the Guarantee (a) form an integral part of the Covered Bonds, (b) are of interest to a Covered Bondholder only if, to the extent that, and for so long as, it holds Covered Bonds and (c) can only be transferred together with all other rights under the relevant Covered Bond. The Issuer and the CBC have been advised that as a result, in case of a transfer of a Covered Bond to a transferee by way of book-entry transfer (*girale overboeking*) or physical transfer of a Bearer Covered Bond, such transfer includes the corresponding rights under the Guarantee. For Registered Covered Bonds, the rights under the Guarantee are to be separately assigned, together with the corresponding rights under the relevant Registered Covered Bonds.

SECURITY

Parallel Debt

In the Parallel Debt Agreement the CBC has irrevocably and unconditionally undertaken to pay to the Security Trustee (the "**Parallel Debt**") an amount equal to the aggregate amount due (*verschuldigd*) by it (i) to the Covered Bondholders under the Covered Bonds, (ii) as fees or other remuneration to the Directors under the Management Agreements, (iii) as fees and expenses to the Servicer under the Servicing Agreement, (iv) as fees and expenses to the Administrator under the Administration Agreement, (v) as fees and expenses to the Paying Agents and the Registrar under the Agency Agreement, (vi) as fees and expenses to the Calculation Agent under the Calculation Agency Agreement, (vii) to the Swap Counterparties under the Swap Agreements (if any), (viii) as fees and expenses to the Asset Monitor under the Asset Monitor Appointment Agreement, (ix) to the CBC Account Bank under the CBC Account Agreement, (x) to the Transferor, (xi) to the Insurance Savings Participant under the Insurance Savings Participation Agreement, (xii) to the Bank Savings Participant under the Bank Savings Participation Agreement, (xiii) to the Custodian under the Custody Agreement and (xiv) to the Back-up Administrator under the Back-up Administration Agreement and (xv) to such other party designated by the Security Trustee to become a secured creditor. The Parallel Debt constitutes a separate and independent obligation of the CBC and constitutes the Security Trustee's own separate and independent claims (*eigen en zelfstandige vordering*) to receive payment of the Parallel Debt from the CBC. Upon receipt by the Security Trustee of any amount in payment of the Parallel Debt, the payment obligations of the CBC to the Secured Creditors shall be reduced by an amount equal to the amount so received.

Security Documents - distribution of proceeds

The Parallel Debt is secured by the first ranking security rights created under the Security Documents.

To the extent that the Security Trustee irrevocably and unconditionally receives any amount in payment of the Parallel Debt, the Security Trustee shall distribute such amount among the Secured Creditors in accordance with the Post CBC Acceleration Notice Priority of Payments, save for amounts due to the Insurance Savings Participant and the Bank Savings Participant in connection with, in respect of each Savings Mortgage Receivable and Savings Investment Mortgage Receivable, the Insurance Savings Participation and in respect of each Bank Savings Mortgage Receivable, the Bank Savings Participation. The amounts due to the Secured Creditors, other than the Insurance Savings Participant and the Bank Savings Participant, will, broadly, be equal to amounts recovered (*verhaald*) by the Security Trustee (i) on the Mortgage Receivables (other than the Savings Mortgage Receivables, the Savings Investment Mortgage Receivables and the Bank Savings Mortgage Receivables) and other assets pledged to the Security Trustee under any Security Trustee Receivables Pledge Agreement, any Security Trustee Rights Pledge Agreement and any other Pledge Agreements and (ii) (A) on each of the Savings Mortgage Receivables or on each of the Savings Investment Mortgage Receivables which are subject to an Insurance Savings Participation to the extent the amount recovered exceeds the Insurance Savings Participation in the relevant Savings Mortgage Receivable or Savings Investment Mortgage Receivable, respectively, and (B) on each of the Bank Savings Mortgage Receivables which is subject to a Bank Savings Participation to the extent the amount recovered exceeds the Bank Savings Participation in the relevant Bank Savings Mortgage Receivables.

The amounts due to the Insurance Savings Participant will be equal to the Insurance Savings Participation in each of the Savings Mortgage Receivables or Savings Investment Mortgage Receivables or, if the amount recovered is less than the Insurance Savings Participation in such Savings Mortgage Receivable or Savings Investment Mortgage Receivable, an amount equal to the amount actually recovered. The amounts due to the Bank Savings Participant will be equal to the Bank Savings Participation in each of the Bank Savings Mortgage Receivables or, if the amount recovered is less than the Bank Savings Participation in such Bank Savings Mortgage Receivable, an amount equal to the amount actually recovered.

Security in favour of the Security Trustee in respect of the Mortgage Receivables

Pursuant to the Security Trustee Receivables Pledge Agreement, the CBC has undertaken to vest a right of pledge in favour of the Security Trustee on the Mortgage Receivables and the Beneficiary Rights immediately following the transfer thereof to the CBC, which will secure the payment obligations of the CBC to the Security Trustee under the Parallel Debt Agreement and any other Transaction Documents. Prior to notification of the pledge to the Borrowers or an insurance company, the pledge will be an "undisclosed" right of pledge (*stil pandrecht*) within the meaning of section 3:239 of the Dutch Civil Code.

Upon the occurrence of a Security Trustee Pledge Notification Event and (i) provided that all proceeds of the Mortgage Receivables are to be paid to the Security Trustee and the Transferor and/or the relevant Originator, as applicable, are instructed to pay directly to the Security Trustee in accordance with the Security Trustee Receivables Pledge Agreement and (ii) subject to the occurrence of an Assignment Notification Event or, in relation to Mortgage Receivables originated by Aegon Leven or Aegon Hypotheken, both an Assignment Notification Event and an Originator Assignment Notification Event in respect of Aegon Leven or Aegon Hypotheken, respectively, unless the Security Trustee after having requested a Rating Agency Confirmation, instructs the CBC otherwise, the CBC or, at the Security Trustee's option, the Security Trustee shall notify or ensure that the relevant Borrowers and any other relevant parties are notified of assignments and the pledge of the relevant Mortgage Receivables in accordance with the Security Trustee Receivables Pledge Agreement.

Security in favour of the Security Trustee over other Transferred Assets

The CBC has also undertaken to vest a first ranking right of pledge or such other appropriate first ranking security interest in favour of the Security Trustee on any other Transferred Assets transferred to the CBC on the relevant Transfer Date.

Security in favour of the Security Trustee over Transaction Documents

In addition, under the Security Trustee Rights Pledge Agreement a right of pledge was vested by the CBC in favour of the Security Trustee on the Programme Date over all rights of the CBC under or in connection with the CBC Transaction Documents and in respect of the CBC Transaction Accounts. This right of pledge has been notified to the relevant obligors and will, therefore, be a disclosed right of pledge (*openbaar pandrecht*).

For the purpose hereof:

"Security Trustee Pledge Notification Events" means the earliest to occur of the following events:

- (a) a CBC Event of Default occurs; or
- (b) any amount due to the Security Trustee under or in connection with any of the Security Trustee Secured Liabilities is not paid when due; or
- (c) the CBC fails duly to perform or comply with any of its obligations under any Transaction Document to which it is a party and, if such failure is capable of being remedied, such failure is not remedied within 10 (ten) Business Days after notice thereof has been given by the Security Trustee to the CBC; or
- (d) any representation, warranty or statement made by the CBC in any Transaction Documents to which it is a party or in any notice or other document, certificate or statement delivered by it pursuant hereto or thereto proves to have been, and continues to be after the expiration of any applicable grace period provided for in any Transaction Document, untrue or incorrect in any material respect; or
- (e) the CBC takes any corporate action or other steps are taken or legal proceedings are started or threatened against it for its dissolution (*ontbinding*), liquidation (*vereffening*), legal merger (*fusie*) or legal demerger (*juridische splitsing*) or for its conversion (*conversie*) into a foreign legal entity; or
- (f) the CBC has taken any corporate action or any steps have been taken or legal proceedings have been instituted or threatened against it for its bankruptcy or for being granted a suspension of payments, or for becoming subject to any analogous insolvency proceedings under any applicable law or its assets are placed under administration (*onder bewind gesteld*) pursuant to such procedures; or
- (g) the CBC becomes involved in negotiations with any one or more of its creditors with a view to the general readjustment or rescheduling of its indebtedness or makes a general composition (*buitengerechtigd akkoord*) for the benefit of its creditors; or
- (h) at any time it becomes unlawful for the CBC to perform any or all of its obligations hereunder or under any other Transaction Document to which it is a party; or
- (i) a creditor of the CBC attaches, or takes possession of, all or any parts of the undertakings, assets, rights or revenues of the CBC and the same is not released or discharged within thirty (30) calendar days.

THE CBC

The CBC was incorporated with limited liability under the laws of the Netherlands on 9 March 2021 and it operates under the laws of the Netherlands. The statutory seat (*statutaire zetel*) of the CBC is in Amsterdam, the Netherlands. The registered office of the CBC is at Prins Bernhardplein 200, 1097 JB, Amsterdam, the Netherlands and its telephone number is +31 20 521 4777. The CBC is registered with the Business Register of the Chamber of Commerce under number 82140421. The legal entity identifier (LEI) of the CBC is 724500L0Q5358S10JB45. The website of the CBC is <https://cm.intertrustgroup.com>. Any information contained on or accessible via any website, including <https://cm.intertrustgroup.com> does not form part of this Base Prospectus, unless specifically stated otherwise in this Base Prospectus.

The CBC is a special purpose vehicle, which objects are, in the framework of a Covered Bond Programme of the Issuer, (a) to issue guarantees in favour of holders of Covered Bonds issued by the Issuer, (b) to acquire, purchase, conduct the management of, dispose of and to encumber assets including receivables under or in connection with loans granted by a third party or by third parties, and to exercise any rights connected to such assets, (c) to acquire moneys to finance the acquisition of the assets including the receivables mentioned under b., by way of issuing notes or other securities or by way of entering into loan agreements, (d) to on-lend and invest any funds held by the CBC, (e) to hedge interest rate and other financial risks, among others by entering into derivatives agreements, such as swaps, (f) in connection with the foregoing: (i) to borrow funds; and (ii) to grant security rights to third parties or to release security rights and (g) to do anything which, in the widest sense of the words, is connected with or may be conducive to the attainment of these objects.

The CBC has an authorised share capital of euro 1.00 of which euro 1.00 has been issued and is fully paid. All shares of the CBC are held by Stichting Holding.

Stichting Holding is a foundation (*stichting*) incorporated under the laws of the Netherlands on 8 March 2021. The objects of Stichting Holding Aegon SB Covered Bond Company are to incorporate, to acquire and to hold shares in the capital of the CBC, to conduct the management of and to administer shares in the CBC, to exercise any rights connected to shares in the CBC, to grant loans to the CBC and to alienate and to encumber shares in this company and furthermore, to perform any acts which are related or conducive to the above. The sole managing director of Stichting Holding is Intertrust Management B.V.

Statement by managing director of the CBC

Since its incorporation there has been no significant change in the financial performance or the financial position of the CBC or its group nor has there been a material adverse change in the prospects of the CBC up to the date of this Base Prospectus and the CBC has not (i) commenced operations, no profits and losses have been made or incurred and it has not declared or paid any dividends nor made any distributions, save for the activities related to its establishment and the transaction included in this Base Prospectus nor (ii) prepared any financial statements.

There are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the CBC is aware) in the twelve (12) months preceding the date of this Base Prospectus, which may have, or have had in the recent past significant effects on the CBC and/or the CBC group's financial position or profitability.

The CBC has the corporate power and capacity to issue the Guarantee, to acquire the Transferred Assets and to enter into and perform its obligations under the Transaction Documents (see further *Terms and Conditions of the Covered Bonds*).

The sole managing director of the CBC and Stichting Holding is Intertrust Management B.V. The managing directors of Intertrust Management B.V. are E.M. van Ankeren, D.H. Schornagel and T.T.B. Leenders. The managing director of the CBC have chosen domicile at the office address of Intertrust Management B.V., being Prins Bernhardplein 200, 1097 JB Amsterdam, the Netherlands. Intertrust Management B.V. belongs to the same group of companies as Intertrust Administrative Services B.V. (the Back-up Administrator). The principal activities of Intertrust Management B.V. outside the services for the CBC entail (a) to represent financial, economic and administrative interests domestically and abroad, (b) to act as trust office, (c) to participate in, to finance, to collaborate with, to conduct the management of companies and other enterprises, (d) to provide advice and other services, (e) to acquire, use and/or assign industrial and intellectual property rights, as well as real property, (f)

to provide security for the debts of legal entities or of other companies with which the company is affiliated, or for the debts of third parties, (g) to invest funds and (h) to undertake all actions that are deemed to be necessary to the foregoing, or in furtherance thereof, all in the widest sense of the words.

The sole managing director of the Stichting Holding and the CBC, being Intertrust Management B.V., has entered into a management agreement with each of the entities of which it has been appointed as managing director. In these management agreements each of the managing directors agrees and undertakes to, *inter alia*, (i) do all that an adequate managing director should do and refrain from what an adequate managing director should not do, and (ii) refrain from taking any action detrimental to the obligations under any of the Transaction Documents or the then current ratings assigned to the Covered Bonds outstanding. In addition each of the managing directors agrees in the relevant management agreement that it will not enter into any agreement in relation to the CBC other than the Transaction Documents to which it is a party, without the prior written consent of the Security Trustee and subject to Rating Agency Confirmation.

There are no potential conflicts of interest between any duties to the CBC of its managing director and private interests or other duties of the managing director.

The financial year of the CBC coincides with the calendar year and the first financial year will end on 31 December 2021. The CBC has not published any audited financial information or interim financial information and the CBC confirms that since the date of its incorporation there has been no significant change in the financial performance and financial position of the CBC.

9. THE SECURITY TRUSTEE

The Security Trustee is a foundation (*stichting*) incorporated under the laws of the Netherlands on 8 March 2021. It has its registered office in Amsterdam, the Netherlands.

The objects of the Security Trustee are (a) to act as security trustee for the benefit of the creditors of the CBC, including the holders of Covered Bonds to be issued by the CBC and the beneficiaries of guarantees issued by the CBC for Covered Bonds issued by the Issuer, (b) to acquire, hold and administer security rights in its own name, and if necessary to enforce such security rights, for the benefit of the creditors of the CBC, including the holders of Covered Bonds issued by the CBC and holders of Covered Bonds issued by the Issuer in whose favour the CBC has issued guarantees, and to perform acts and legal acts, including the acceptance of a parallel debt obligation from the CBC, which is conducive to the holding of the above mentioned security rights, (c) to borrow money, (d) to make donations and (e) to do anything which, in the widest sense of the words, is connected with and/or may be conducive to the attainment of the above. The Security Trustee does not have the intent to make profits.

The sole director of the Security Trustee is IQ EQ Structured Finance B.V., having its registered office at Hoogoorddreef 15, 1101 BA Amsterdam, the Netherlands.

The Security Trustee has agreed to act as security trustee for the holders of the Covered Bonds and to pay any amounts received from the Issuer or the CBC or amounts collected by the Security Trustee under the Security to the Covered Bondholders subject to and pursuant to the Parallel Debt Agreement and the Trust Deed subject to and in accordance with the Post CBC Acceleration Notice Priority of Payments.

In addition, the Security Trustee has agreed to act as security trustee *vis-à-vis* the other Secured Creditors and to pay to such Secured Creditors any amounts received from the Issuer or the CBC or amounts collected by the Security Trustee under the Security to which the relevant Secured Creditor is a party subject to and pursuant to the Parallel Debt Agreement and the Trust Deed subject to and in accordance with the Post CBC Acceleration Notice Priority of Payments.

The Security Trustee shall not be liable for any action taken or not taken by it or for any breach of its obligations under or in connection with the Trust Deed or any other Transaction Document to which it is a party, except in the event of its wilful misconduct (*opzet*) or gross negligence (*grove nalatigheid*), and it shall not be responsible for any act or negligence of persons or institutions selected by it in good faith and with due care.

Without prejudice to the right of indemnity by law given to it, the Security Trustee and every attorney, manager, agent, delegate or other person appointed by it under the Trust Deed shall be indemnified by the Issuer against and shall on first demand be reimbursed in respect of all liabilities and expenses properly incurred by it in the execution or purported execution of the powers of the Trust Deed or of any powers, authorities or discretions vested in it or him pursuant to the Trust Deed and against all actions, proceedings, costs, claims and demands in respect of any matter or thing done or omitted in any way relating to the Trust Deed or otherwise.

As set out in the Trust Deed, the relevant Management Agreement and the Security Trustee's articles of incorporation, the Security Trustee shall not retire or be removed from its duties under the Trust Deed until all amounts payable by the Issuer or the CBC to the Secured Creditors have been paid in full.

However, pursuant to the Trust Deed the Covered Bondholders can resolve to dismiss the Director of the Security Trustee as the director of the Security Trustee by a Programme Resolution. The Director of the Security Trustee shall only resign from its position as director of the Security Trustee as soon as a suitable person, trust or administration office, reasonably acceptable to the Issuer and the CBC, after having consulted the Secured Creditors, other than the Covered Bondholders, and subject to Rating Agency Confirmation, has been contracted to act as director of the Security Trustee.

10. GUARANTEE SUPPORT

TRANSFERS

As consideration for the CBC issuing the Guarantee, and so as to enable the CBC to meet its obligations under the Guarantee, the Issuer agreed in the Guarantee Support Agreement that it will use its best efforts to transfer or procure the transfer of sufficient Eligible Assets, either directly or indirectly. The transfers are effectuated as follows:

- (a) in the case of Eligible Receivables, by way of undisclosed assignment (*stille cessie*). This takes place through due execution by the Transferor and the CBC of a deed of assignment in the form attached to the Guarantee Support Agreement and offering the same for registration to the Dutch tax authorities (*Belastingdienst*) or by way of a notarial deed incorporating such deed of assignment. Notification (*mededeling*) of Assignment I (if applicable) and Assignment II to the relevant Borrowers will only take place if an Assignment Notification Event occurs or, in respect of Mortgage Receivables originated by Aegon Leven or Aegon Hypotheken, if both an Assignment Notification Event and an Originator Assignment Notification Event occur in respect of Aegon Leven or Aegon Hypotheken, as the case may be. Following receipt of notification of Assignment I (if applicable) and Assignment II by the relevant Borrowers, in principle, only payment to the CBC will be capable of discharging a Borrower's obligations under the relevant Mortgage Receivable; and/or
- (b) in the case of Eligible Collateral, by way of book-entry transfer (*girale overboeking*) and such further deed shall be executed as required and customary to effect the transfer of such Eligible Collateral.

On the first Transfer Date, the Transferor will transfer to the CBC the respective Eligible Assets. Thereafter:

- (i) the Issuer and the Transferor may at any time offer for transfer further Eligible Assets to the CBC;
- (ii) the Issuer will use its best efforts, upon request of the CBC, to offer to transfer or to procure the transfer of further Eligible Assets to the CBC. The CBC will only make such a request if it (or the Administrator on its behalf) determines that the Asset Cover Test has been breached (or would be breached when at that moment the Asset Cover Test would be performed) under the Asset Monitoring Agreement; and
- (iii) the CBC shall accept each such offer, subject to the relevant conditions precedent set out in the Guarantee Support Agreement, including in respect of the Mortgage Receivables to be transferred receipt of a confirmation that as at the relevant Transfer Date the Mortgage Receivables Warranties are true and correct in all material respects.

The Transferor may transfer to the CBC Mortgage Receivables resulting from Mortgage Loans originated by it or any of the other Originators. In case the Mortgage Loans are originated by an Originator other than Aegon Bank, legal title to the Mortgage Receivables (i) firstly will be transferred by way of an undisclosed assignment (*stille cessie*) or has been transferred by way of an undisclosed assignment (*stille cessie*) by the relevant Originator (other than Aegon Bank) to the Transferor ("**Assignment I**") and (ii) subsequently will be transferred by way of an undisclosed assignment (*stille cessie*) by the Transferor to the CBC on any Transfer Date through a deed of assignment and registration thereof with the appropriate tax authorities ("**Assignment II**"). If the Mortgage Loans are originated by Aegon Bank there will only be one assignment to the CBC, and such assignment is also referred to as Assignment II. At the date of this Base Prospectus, Aegon Bank does not originate mortgage loans.

If an Assignment Notification Event has occurred, unless the Security Trustee instructs it otherwise, the Transferor shall notify or ensure that the relevant Borrowers of Mortgage Loans originated by Aegon Bank and, solely in relation to the Beneficiary Rights, the insurance companies, and, solely in relation to the NHG Advance Rights, Stichting WEW, are forthwith notified of Assignment II. If both an Assignment Notification Event and an Originator Assignment Notification have occurred, unless the Security Trustee instructs it otherwise, the Transferor shall notify or ensure that the relevant Borrowers of Mortgage Loans originated by Aegon Leven or Aegon Hypotheken, as the case may be, and, solely in relation to the Beneficiary Rights, the insurance companies, and, solely in relation to the NHG Advance Rights, Stichting WEW, are forthwith notified of Assignment I and Assignment II.

Each of the CBC and the Security Trustee has the right to make these notifications itself.

The Transferor will undertake that it will use its best efforts (i) upon the occurrence of an Assignment Notification Event to terminate its appointment as beneficiary under the Insurance Policies relating to Mortgage Loans

originated by Aegon Bank and to appoint the CBC or the Security Trustee, as the case may be, as first beneficiary under the Insurance Policies and, (b) upon the occurrence of both an Assignment Notification Event and an Originator Assignment Notification Event to terminate the appointment of the relevant Originator as beneficiary under the Insurance Policies relating to Mortgage Loans originated by Aegon Leven or Aegon Hypotheken, as the case may be, and to appoint the CBC or the Security Trustee, as the case may be, as first beneficiary under the Insurance Policies.

For as long as no Assignment Notification Event has occurred and no Breach of Asset Cover Test Notice (which is not remedied), no Notice to Pay and no CBC Acceleration Notice has been served, pursuant to the Guarantee Support Agreement, the CBC is not entitled to receive or retain any proceeds from the Transferred Assets; such proceeds will all be received and retained by the Transferor for its own benefit. If an Assignment Notification Event occurs or a Breach of Asset Cover Test Notice (which is not remedied), a Notice to Pay or CBC Acceleration Notice is served on the CBC, pursuant to the Guarantee Support Agreement, the CBC shall, subject to the rights of the Security Trustee as pledgee, be entitled to receive for its own benefit all proceeds of the Transferred Assets to the extent relating to the period following such Assignment Notification Event (unless remedied) or service of such Notice to Pay or CBC Acceleration Notice.

In the Guarantee Support Agreement the CBC, the Transferor and the Originators have agreed that following an Assignment Notification Event, but prior to an Originator Assignment Notification Event, the relevant Originator shall pay to the CBC all amounts paid by the relevant Borrowers to it, or to a party to which the relevant Borrower is instructed to pay by the Originator, under the Mortgage Receivables originated by it and which are assigned by the Transferor to the CBC, to the extent such proceeds relate to the period following such Assignment Notification Event (unless remedied) and the relevant Originator will no longer transfer such proceeds to the Transferor.

Pursuant to the Guarantee Support Agreement, if an Originator Assignment Notification event occurs, the CBC, unless the Security Trustee instructs it otherwise, may instruct the relevant Originator and Transferor (i) to notify the relevant Borrowers or ensure that the relevant Borrowers are notified of Assignment I and (ii) to notify or ensure that the relevant insurance companies are notified of Assignment I and use their best efforts to obtain the co-operation from the relevant insurance companies and all other parties (a) to waive its rights as first beneficiary under the relevant Insurance Policies (to the extent such rights have not been waived) and (b) to appoint as first beneficiary under the relevant Insurance Policies (to the extent such appointment is not already effective) the Transferor.

In the Guarantee Support Agreement the Transferor covenants, among other things, that if (i) it or an Originator makes any Further Advance under any mortgage loan agreement, (ii) such Further Advance is secured by the same Mortgage and/or a sequentially lower ranking Mortgage that secures the Mortgage Receivables and (iii) (a) such Further Advance results in an Eligible Receivable, then it will, after such Further Advance has been assigned to it by the relevant Originator (if required), offer to transfer such further Eligible Receivable to the CBC as soon as reasonably practicable and, if possible, prior to the following Calculation Date, or (b) such Further Advance does not result in an Eligible Receivable, then it will request the retransfer of the relevant Mortgage Receivable in accordance with the Guarantee Support Agreement.

In the Guarantee Support Agreement the Transferor furthermore covenants, among other things, that each Originator and/or Transferor may amend the terms and conditions of the Mortgage Loans, provided that (i) after such amendment the Mortgage Loan or, as the case may be, the Mortgage Receivable meets the Eligibility Criteria and (ii) such amendment does not adversely affect the enforceability of the Mortgage Loan or, as the case may be, the Mortgage Receivable and the security rights granted in connection therewith. Therefore, if an Originator and/or Transferor wishes to amend the terms and conditions of the Mortgage Loans in such manner that such Mortgage Loan or, as the case may be, the Mortgage Receivable will no longer meet the Eligibility Criteria, such Mortgage Receivables should first be retransferred to the Transferor prior to such amendment.

Neither the CBC, nor the Security Trustee has made or has caused to be made on its behalf any enquiries, searches or investigations in respect of the Transferred Assets. Instead, each is relying entirely on the Transferor Warranties by the Transferor contained in the Guarantee Support Agreement. The parties to the Guarantee Support Agreement may, with the prior written consent of the Security Trustee and subject to Rating Agency Confirmation, amend the Transferor Warranties. The mortgage receivables warranties (the "**Mortgage**

Receivables Warranties") are as follows and are given on the relevant Transfer Date by the Transferor in respect of the Eligible Receivables to be transferred by it to the CBC:

- (i) each Mortgage Receivable is an Eligible Receivable; and
- (ii) the particulars of the Eligible Receivables set out in Annex 1 to the relevant deed of assignment and pledge, are true, complete and accurate in all material respects and the Outstanding Principal Amount in respect of each Eligible Receivable as at the relevant Transfer Date and the aggregate Outstanding Principal Amount of the Eligible Receivables is correctly stated in the relevant deed of assignment and pledge.

The Programme Agreement provides a mechanism for at the option of the Issuer, members of the Aegon group wishing to transfer Eligible Assets to the CBC, to accede to the Transaction Documents as a New Transferor, subject always to Rating Agency Confirmation. New Transferors will be required to provide the same covenants, representations and warranties described herein as the initial Transferor. However, New Transferors will, contrary to the Issuer, not have a best efforts undertaking to transfer Eligible Assets if requested by the CBC.

In the Trust Deed, the Security Trustee agrees to, upon receipt of each Asset Cover Report, verify whether such Asset Cover Report states that an Assignment Notification Event or a Breach of Asset Cover Test has occurred.

For the purpose hereof:

"Assignment Notification Event" means in respect of the Transferor the earliest to occur of the following events:

- (i) a default is made by the Transferor in the payment on the due date of any amount due and payable by it under any Transaction Document to which it is a party and such failure is not remedied within ten (10) Business Days after notice thereof has been given by the CBC or the Security Trustee to the Transferor;
- (ii) the Transferor fails to duly perform or comply with any of its obligations under any Transaction Document to which it is a party and if such failure is capable of being remedied, such failure is not remedied within ten (10) Business Days after notice thereof has been given by the CBC or the Security Trustee to the Transferor;
- (iii) the Transferor takes any corporate action or other steps are taken or legal proceedings are started or threatened against it (unless as a consequence of a merger) for its dissolution (*ontbinding*), liquidation (*vereffening*) or legal demerger (*juridische splitsing*) involving the Transferor or for its being converted in a foreign entity, or its assets are placed under administration (*onder bewind gesteld*);
- (iv) the Transferor takes any corporate action, or other steps are taken or legal proceedings are started or threatened against it, for (i) its suspension of payments (*surseance van betaling*), (ii) its bankruptcy (*faillissement*), (iii) any analogous insolvency proceedings under any applicable law or (iv) the appointment of a liquidator, administrator or a similar officer of it or of any or all of its assets;
- (v) a Notice to Pay is served on the CBC;
- (vi) an Issuer Acceleration Notice is served on the Issuer; or
- (vii) a CBC Event of Default has occurred.

"Originator Assignment Notification Event" means in respect of an Originator the earliest to occur of the following events:

- (i) a default is made by such Originator in the payment on the due date of any amount due and payable by it under any Transaction Document to which it is a party and such failure is not remedied within ten (10) Business Days after notice thereof has been given by the CBC or the Security Trustee to such Originator;
- (ii) such Originator fails to duly perform or comply with any of its obligations under any Transaction Document to which it is a party and if such failure is capable of being remedied, such failure is not remedied within ten (10) Business Days after notice thereof has been given by the CBC or the Security Trustee to such Originator;
- (iii) such Originator takes any corporate action or other steps are taken or legal proceedings are started or threatened against it (unless as a consequence of a merger) for its dissolution (*ontbinding*), liquidation (*vereffening*) or legal demerger (*juridische splitsing*) involving such Originator or for its being converted in a foreign entity, or its assets are placed under administration (*onder bewind gesteld*);
- (iv) such Originator takes any corporate action, or other steps are taken or legal proceedings are started or threatened against it, for (i) its suspension of payments (*surseance van betaling*), (ii) its bankruptcy

- (*faillissement*), (iii) any analogous insolvency proceedings under any applicable law or (iv) the appointment of a liquidator, administrator or a similar officer of it or of any or all of its assets; or
- (v) Selected Mortgage Receivables which are originated by such Originator are sold and assigned by the CBC to any third party not being part of the Aegon group, subject to and in accordance with the Guarantee Support Agreement and the Asset Monitoring Agreement.

RETRANSFERS

Pursuant to the Guarantee Support Agreement:

1. Prior to the occurrence of a CBC Event of Default or the service of a Notice to Pay, the Transferor may from time to time request a retransfer from the CBC to it of any Transferred Asset.
2. Prior to the occurrence of a CBC Event of Default, the Issuer shall request a retransfer of the relevant Mortgage Receivable from the CBC to the Transferor if (i) it has an Other Claim and/or (ii) the Originator makes a Further Advance which is secured by the same security rights that secure such Mortgage Receivable and such Further Advance does not result in an Eligible Receivable.

The CBC shall in each case comply with such request so long as the Asset Cover Test is not breached upon such retransfer.

If the CBC intends to sell Transferred Assets on terms permitted or required by the Asset Monitoring Agreement, it shall first offer such Transferred Assets for sale on the same terms to the Transferor and the Originators (or any party within the Aegon group appointed by the Transferor or any of the Originators) in accordance with the Guarantee Support Agreement.

A retransfer of a Mortgage Receivable will take place in accordance with the Guarantee Support Agreement. A retransfer by the CBC as abovementioned will be effectuated in substantially the same manner as the transfers to the CBC described above. If the retransfer concerns Mortgage Receivables which are transferred to the Transferor further to the Transferor's right of first refusal or the Transferor's right to match (*voorkeursrecht*), the underlying transfer will be concluded through execution and registration of a deed of assignment.

The Guarantee Support Agreement provides that an Originator may amend the terms and conditions of the Mortgage Loans, in respect of Mortgage Receivables, provided that (i) after such amendment the Mortgage Loan or, as the case may be, the Mortgage Receivable meets the Eligibility Criteria and (ii) such amendment does not adversely affect the enforceability of the Mortgage Loan or, as the case may be, the Mortgage Receivable and the security rights granted in connection therewith. Therefore, if an Originator wishes to amend the terms and conditions of the Mortgage Loans, in respect of Mortgage Receivables, in such manner that such Mortgage Loan or, as the case may be, the Mortgage Receivable will no longer meet the Eligibility Criteria, the relevant Mortgage Receivable must first be retransferred to the Transferor prior to such amendment.

ELIGIBLE ASSETS

The following assets are eligible to be transferred to the CBC by the Transferor pursuant to the Guarantee Support Agreement:

- Eligible Receivables; and
- Eligible Collateral.

ELIGIBILITY CRITERIA

For a Mortgage Receivable to be an Eligible Receivable it must meet the following eligibility criteria:

General

1. the Mortgage Loans are either:
 - (i) Interest-only Mortgage Loans (*aflossingsvrije hypotheeken*);
 - (ii) Linear Mortgage Loans (*lineaire hypotheeken*);
 - (iii) Annuity Mortgage Loans (*annuïteitenhypotheeken*);
 - (iv) Investment Mortgage Loans (*beleggingshypotheeken*);
 - (v) Savings Mortgage Loans (*spaarhypotheeken*);
 - (vi) Bank Savings Mortgage Loans (*bankspaarhypotheek*);
 - (vii) Life Mortgage Loans (*levenhypotheeken*);
 - (viii) Universal Life Mortgage Loans (*levensloophypotheek*); or
 - (ix) Mortgage Loans which combine any of the above mentioned types of Mortgage Loans (*combinatiehypotheeken*) and, for the avoidance of doubt, any of the above mentioned types of Mortgage Loans which qualify as starters Mortgage Loans (*startershypotheekleningen*);
2. the Mortgage Receivables and the Beneficiary Rights are duly and validly existing;
3. the Mortgage Loans are not subject to annulment or dissolution as a result of circumstances which have occurred prior to the relevant Transfer Date;
4. each Mortgage Receivable and each Mortgage and Borrower Pledge, if any, securing such Mortgage Receivable constitutes legal, valid, binding and enforceable obligations of the relevant Borrower in accordance with its terms and is not subject to annulment (*vernietiging*), subject, as to enforceability, to any applicable bankruptcy laws or similar laws affecting the rights of creditors generally;
5. the maximum Outstanding Principal Amount of each Mortgage Loan, or all Mortgage Loans secured on the same Mortgaged Asset, as the case may be, did not exceed the maximum amount as may be applicable under the relevant regulations at the time of origination and therefore in case of Mortgage Loans (a) originated in and after August 2011 but before January 2018 did not at origination exceed 104 per cent. and originated in and after January 2018 did not at origination exceed 100 per cent. or, if there are energy saving improvements, 106 per cent. of the original market value of the relevant mortgaged assets, which outstanding principal amount may, where applicable, be supplemented by the stamp duty payable under the Dutch Legal Transactions (taxation) Act upon its creation, and (b) originated before August 2011 the Outstanding Principal Amount of the Mortgage Loan from which it results does not exceed 130% of the foreclosure value of the related Mortgaged Asset at the time of origination, and in case of each of (a) and (b) subject to deviations in accordance with the relevant regulations at the time of origination;
6. each of the Mortgage Loans (i) has been granted in accordance with all applicable legal requirements, (ii) meets the Code of Conduct prevailing at the time of origination, (iii) meets the relevant Originator's underwriting policy and procedures prevailing at the time of origination including any manual overrules as permitted by and in accordance with internal policies and procedures in all material respects and (iv) is subject to terms and conditions acceptable at the time of origination to a reasonable lender of Dutch residential mortgage loans to borrowers in the Netherlands, which is acting as a reasonable creditor in protection of its own interests;
7. in respect of each NHG Mortgage Loan Receivable: (i) each NHG Mortgage Loan Receivable has the benefit of an NHG Guarantee which has been granted for the full Outstanding Principal Amount in respect of the NHG Mortgage Loan or Loan Part at origination and constitutes legal, valid and binding obligations of Stichting WEW enforceable in accordance with its terms, (ii) all the NHG Conditions were complied with and (iii) the Transferor is not aware of any reason why any claim under the NHG Guarantee granted by Stichting WEW in respect of any NHG Mortgage Loan Receivable should not be met in full and in a timely manner, provided that in respect of NHG Mortgage Loan Receivables or Further Advance Receivables originated after 1 January 2014, the relevant Originator (or its successor) is obliged to participate for 10% in any loss claims made under the NHG Guarantee;
8. the relevant Originator and each of the intermediaries for whose acts it is responsible pursuant to the Wft has complied in all material respects with its duty of care (*zorgplicht*) vis-à-vis the Borrowers applicable under Dutch law to, *inter alia*, offerors of mortgage loans, including but not limited to, *inter alia*, an investigation into the risk profile (*risicoprofiel*) of the customer and the appropriateness of the product offered in relation to such risk profile, the so-called appropriateness test (*geschiktheidstoets*), the provision of accurate, complete and non-misleading information about the Mortgage Loan and the Insurance Policy,

which is provided by the insurance company, linked thereto and the risks, including particularities of the product, involved as reflected for example in the financial information leaflet (*financiële bijsluiter*) or the European Standardised Information Sheet (ESIS);

9. all Mortgage Receivables secured by a Mortgage on a long lease (*erfpacht*) provide that the principal sum of the Mortgage Receivable, including interest, will become immediately due and payable if, *inter alia*, the long lease terminates, if the lease holder materially breaches or ceases to perform his payment obligation under the long lease (*canon*) or if the lease holder in any other manner breaches the conditions of the long lease;
10. there are no other receivables having the same details as the Mortgage Receivables, and (i) in the administration of the Transferor and the relevant Originator the Mortgage Receivables which are purported to be assigned and pledged, can be identified without uncertainty, and (ii) one can determine in the administration of the Transferor and the Originator without any uncertainty which Beneficiary Rights and ancillary rights belong to which Mortgage Receivables;
11. at origination, none of the Borrowers is an employee of Aegon group;
12. each Borrower is a private individual and a resident of the Netherlands;
13. the Mortgage Conditions applicable at the transfer date provide that all payments by the Borrower should be made without any deduction or set-off (for the avoidance of doubt, other than in respect of Construction Deposits);
14. each Mortgage Loan is governed by Dutch law and is denominated in euro;
15. to the best knowledge of the Transferor, the Borrowers are not in material breach of their Mortgage Loans;
16. none of the Mortgage Loans has a remaining maturity date beyond 30 years, except that the Long Term Mortgage Loans may have longer or no maturities;
17. the principal sum was in case of each Mortgage Loan fully disbursed to the relevant Borrower whether or not through the relevant civil law notary and no amounts are held in deposit with respect to premia and interest payments (*rente en premiedepots*) except for any Construction Deposits;
18. at least one (interest) payment has been made in respect of the Mortgage Loan by the relevant Borrower;
19. all Mortgage Loans have been originated by an Originator;
20. all Mortgage Loans secured by All Moneys Security Rights either (i) provide that in case of assignment or pledge of the Mortgage Receivable the assignee or pledgee will have the benefit of the Mortgage and/or a Borrower Pledge, or (ii) do not contain any reference nor indication nor wording to the effect that in case of assignment or pledge of the receivable the mortgage or pledge will not follow the receivable if assigned or pledged;
21. none of the Mortgage Loans originated by Aegon Hypotheken are secured by All Moneys Security Rights;
22. the Mortgage Conditions applicable to the Mortgage Loans do not stipulate that the mortgage right(s) and rights of pledge securing such Mortgage Receivable(s) are created as personal rights (*persoonlijke rechten*);

Transfer

23. the Transferor has full right and title to the Mortgage Receivables and the Beneficiary Rights and ancillary rights relating thereto, and no restrictions on the assignment of the Mortgage Receivables and the Beneficiary Rights are in effect and the Mortgage Receivables and the Beneficiary Rights are capable of being transferred;
24. the Transferor has power (*is beschikkingsbevoegd*) to assign and transfer the Mortgage Receivables, the Beneficiary Rights and the NHG Advance Rights;
25. the Mortgage Receivables, the Beneficiary Rights and for the NHG mortgage loans only the NHG Advance Rights are free and clear of any rights of pledge or other similar rights (*beperkte rechten*), other encumbrances and attachments (*beslagen*) and no option rights have been granted in favour of any third party with regard to the Mortgage Receivables, other than pursuant to the relevant Transaction Documents;
26. the Transferor has not been notified and is not aware of anything affecting its title to the Mortgage Receivables;
27. neither the Mortgage Loan nor the Mortgage or Borrower Pledges contain any reference or indication or wording to the effect that in case of assignment or pledge of the receivable the mortgage or pledge will not follow the receivable if assigned or pledged;
28. each receivable under a Mortgage Loan (*hypothecaire lening*) which is secured by the same Mortgage is assigned to the CBC pursuant to the Guarantee Support Agreement;

29. each Mortgage Loan constitutes the entire Mortgage Loan granted to the relevant Borrower and not merely one or more loan parts (*leningdelen*);

Security

30. each Mortgage Receivable is secured by a Mortgage governed by Dutch law on Mortgaged Assets which is located in the Netherlands and is predominantly used for a residential purpose in the Netherlands;
31. all Mortgages and rights of pledge granted to secure the Mortgage Receivables (i) constitute valid Mortgages (*hypotheekrechten*) and rights of pledge (*pandrechten*), respectively, on the assets which are the subject of such Mortgages and rights of pledge and, to the extent relating to such Mortgages, have been entered into the appropriate public register, (ii) have first priority or are first and sequentially lower ranking Mortgages (together with the Mortgage Receivables of the CBC at such time secured on the same property) and rights of pledge, (iii) were vested for a principal sum which is at least equal to the principal sum of the Mortgage Loan when originated, increased with an amount customary for a prudent lender of Dutch mortgage loans from time to time in respect of interest, penalties and costs and (iv) are vested on real estate (*onroerende zaak*), an apartment right (*appartementsrecht*), or a long lease (*erfpacht*) situated in the Netherlands and (ii) governed by Dutch law;
32. each Mortgaged Asset (other than in case of construction Mortgage Loans) is occupied by the Borrower at the moment of (or shortly after) origination;
33. each Mortgaged Asset concerned was valued according to the then prevailing guidelines of the relevant Originator, which guidelines are in a form as may reasonably be expected from a prudent mortgage lender of residential mortgage loans in the Netherlands. No revaluation of the Mortgaged Assets has been made for the purpose of this Programme;

Insurance

34. when a Mortgage Loan has the benefit of a life insurance policy or risk insurance policy then either (i) the relevant Originator has been validly appointed as beneficiary under such policy or (ii) the insurance company or the relevant Originator is irrevocably authorised to apply the insurance proceeds in satisfaction of the relevant Mortgage Receivables;
35. the Mortgage Conditions provide that each of the properties on which a Mortgage has been vested to secure the Mortgage Receivable should at the time of origination of the Mortgage Loan, have the benefit of buildings insurance (*opstalverzekering*) satisfactory to the relevant Originator;
36. each Savings Mortgage Receivable has the benefit of a Savings Insurance Policy, each Life Mortgage Receivable has the benefit of a Life Insurance Policy, each Universal Life Mortgage Receivable has the benefit of a Savings Investment Insurance Policy;

Savings Mortgage Loans

37. with respect to Savings Mortgage Loans the relevant Originator has the benefit of a valid right of pledge on the rights under the Savings Insurance Policies and either (i) the relevant Originator has been validly appointed as beneficiary under such policy or (ii) the Insurance Company is irrevocable authorised to apply the insurance proceeds in satisfaction of the relevant Mortgage Receivables;

Bank Savings Mortgage Loans

38. all Bank Savings Accounts are held with the Bank Savings Participant;
39. with respect to each of the Bank Savings Mortgage Receivables, the Transferor has the benefit of the Borrower Bank Savings Deposit Pledge and such right of pledge has been notified to the Bank Savings Participant;

Investment Mortgage Loans

40. with respect to each of the Mortgage Receivables resulting from an Investment Mortgage Loan, a valid right of pledge has been granted to the relevant Originator by the relevant Borrower with respect to the relevant Borrower Investment Accounts and such right of pledge has been notified to Aegon Bank N.V.; and

41. with respect to Investment Mortgage Loans, the relevant investments held in the name of the relevant Borrower have been validly pledged to the relevant Originator and the securities are purchased for investment purposes on behalf of the relevant Borrower by an investment firm (*beleggingsonderneming*) in the meaning ascribed thereto in the Wft, such as a securities broker or a portfolio manager, or by a bank, each of which is by law obliged to make adequate arrangements to safeguard the clients' rights to such securities.

11. OVERVIEW OF THE DUTCH RESIDENTIAL MORTGAGE MARKET

This section 11 (*Overview of the Dutch Residential Mortgage Market*) is derived from the overview which is available at the website of the Dutch Securitisation Association (<https://www.dutchsecuritisation.nl>) regarding the Dutch residential mortgage market over the period until March 2021. The Issuer confirms that this information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from information published by the Dutch Securitisation Association, no facts have been omitted which would render the information in this section 11 (*Overview of the Dutch Residential Mortgage Market*) inaccurate or misleading.

Dutch residential mortgage market

The Dutch residential mortgage debt stock is relatively sizeable, especially when compared to other European countries. Since the 1990s, the mortgage debt stock of Dutch households has grown considerably, mainly on the back of mortgage lending on the basis of two incomes in a household, the introduction of tax-efficient product structures such as mortgage loans with deferred principal repayment vehicles and interest-only mortgage loans, financial deregulation and increased competition among originators. Moreover, Loan-to-Value (LTV) ratios have been relatively high, as the Dutch tax system implicitly discouraged amortisation, due to the tax deductibility of mortgage interest payments. After a brief decline between 2012 and 2015, mortgage debt reached a new peak of EUR 748 billion in Q4 2020³. This represents a rise of EUR 13.4 billion compared to Q4 2019.

Tax system

The Dutch tax system plays an important role in the Dutch mortgage market, as it allows for almost full deductibility of mortgage interest payments from taxable income. This tax system has been around for a very long time, but financial innovation has resulted in a greater leverage of this tax benefit. From the 1990s onwards until 2001, this tax deductibility was unconditional. In 2001 and 2004, several conditions have been introduced to limit the usage of tax deductibility, including a restriction of tax deductibility to (mortgage interest payments for) the borrower's primary residence and a limited duration of the deductibility of 30 years.

A further reform of the tax system was enforced on 1 January 2013. Since this date, all new mortgage loans have to be repaid in full in 30 years, at least on an annuity basis, in order to be eligible for tax relief (linear mortgage loans are also eligible). The tax benefits on mortgage loans, of which the underlying property was bought before 1 January 2013, have remained unchanged and are grandfathered, even in case of refinancing and relocation. As such, new mortgage originations still include older loan products, including interest-only. However, any additional loan on top of the borrower's grandfathered product structure, has to meet the mandatory full redemption standards to allow for tax deductibility.

Another reform imposed in 2013 to reduce the tax deductibility is to lower the maximum deduction percentage. This used to be equal to the highest marginal tax bracket (52%), but since 2014 the maximum deduction has been gradually reduced (during the 2014 – 2019 period) by 0.5 %-point per annum. As from 1 January 2020, the maximum deduction percentage is decreased by 3.0 %-point per annum until it will ultimately be equal to 37.05% in 2023. For 2021, the highest tax rate against which the mortgage interest may be deducted is 43%.

There are several housing-related taxes which are linked to the fiscal appraisal value ("WOZ") of the house, both imposed on national and local level. Moreover, a transfer tax of 2% is due when a house changes hands. From 2021, house buyers younger than 35 years will no longer pay any transfer tax (from 1 April, this exemption will only apply to houses sold for 400,000 euros or less). The exemption can only be applied once and the policy is initially in place for a period of 5 years. A transfer tax of 8% is due upon transfer of houses which are not owner-occupied.

Although these taxes partially unwind the benefits of tax deductibility of interest payments, and several restrictions to this tax deductibility have been applied, tax relief on mortgage loans is still substantial.

Loan products

The Dutch residential mortgage market is characterised by a wide range of mortgage loan products. In general, three types of mortgage loans can be distinguished.

³ Statistics Netherlands, household data.

Firstly, the “classical” Dutch mortgage product is an annuity loan. Annuity mortgage loans used to be the norm until the beginning of the 1990s, but they have returned as the most popular mortgage product in recent years. Reason for this return of annuity mortgage loans is the tax system. Since 2013, tax deductibility of interest payments on new loans is conditional on full amortisation of the loan within 30 years, for which only (full) annuity and linear mortgage loans qualify.

Secondly, there is a relatively big presence of interest-only mortgage loans in the Dutch market. Full interest-only mortgage loans were popular in the late nineties and in the early years of this century. Mortgage loans including an interest-only loan part were the norm until 2013, and even today, grandfathering of older tax benefits still results in a considerable amount of interest-only loan origination.

Thirdly, there is still a big stock of mortgage products including deferred principal repayment vehicles. In such products, capital is accumulated over time (in a tax-friendly manner) in a linked account in order to take care of a bullet principal repayment at maturity of the loan. The principal repayment vehicle is either an insurance product or a bank savings account. The latter structure has been allowed from 2008 and was very popular until 2013. Mortgage loan products with insurance-linked principal repayment vehicles used to be the norm prior to 2008 and there is a wide range of products present in this segment of the market. Most structures combine a life-insurance product with capital accumulation and can be relatively complex. In general, however, the capital accumulation either occurs through a savings-like product (with guaranteed returns), or an investment-based product (with non-guaranteed returns).

A typical Dutch mortgage loan consists of multiple loan parts, e.g. a bank savings loan part that is combined with an interest-only loan part. Newer mortgage loans, in particular those for first-time buyers after 2013, are full annuity and often consists of only one loan part. Nonetheless, tax grandfathering of older mortgage loan product structures still results in the origination of mortgage loans including multiple loan parts.

Most interest rates on Dutch mortgage loans are not fixed for the full duration of the loan, but they are typically fixed for a period between 5 and 15 years. Rate term fixings differ by vintage, however. More recently, there has been a bias to longer term fixings (10-20 years). Most borrowers remain subject to interest rate risk, but compared to countries in which floating rates are the norm, Dutch mortgage borrowers are relatively well-insulated against interest rate fluctuations.

Underwriting criteria

Most of the Dutch underwriting standards follow from special underwriting legislation (“Tijdelijke regeling hypothecair krediet”). This law has been present since 2013 and strictly regulates maximum LTV and Loan-to-Income (LTI) ratios. The current maximum LTV is 100% (including all costs such as stamp duties). The new government coalition has indicated not to lower the maximum LTV further. LTI limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. This table is updated annually by the consumer budget advisory organisation “NIBUD” and ensures that income after (gross) mortgage servicing costs is still sufficient to cover normal costs of living.

Prior to the underwriting legislation, the underwriting criteria followed from the Code of Conduct for Mortgage Lending, which is the industry standard. This code, which limits the risk of over crediting, has been tightened several times in the past decade. The 2007 version of the code included a major overhaul and resulted in tighter lending standards, but deviation in this version was still possible under the “explain” clause⁴. In 2011, another revised and stricter version of the Code of Conduct was introduced. Moreover, adherence to the “comply” option was increasingly mandated by the Financial Markets Authority (AFM). Although the Code of Conduct is currently largely overruled by the underwriting legislation, it is still in force. The major restriction it currently regulates, in addition to the criteria in the underwriting legislation, is the cap of interest-only loan parts to 50% of the market value of the residence. This cap was introduced in 2011 and is in principle applicable to all new mortgage contracts. A mortgage lender may however diverge from the cap limitation if certain conditions have been met.

⁴ Under the “explain” clause it is in exceptional cases possible to deviate from the loan-to-income and loan-to-value rules set forth in the Code of Conduct.

Recent developments in the Dutch housing market

The Dutch housing market has shown clear signs of recovery since the second half of 2013. Important factors are among others the economic recovery, high consumer confidence and low mortgage rates. Due to the Corona pandemic consumer confidence has deteriorated significantly since last March, though has rebounded somewhat since and has been stable lately.

Existing house prices (PBK-index) in Q4 2020 rose by 2.0% compared to Q3 2020. Compared to Q4 2019 this increase was 8.3%. A new peak was reached this quarter. The average house price level was 20.8% above the previous peak of 2008. In addition, the number of homes for sale has been falling for several years, bringing with it less choice for potential buyers. This was reflected in the fall in sales during the first half of 2019. We saw a rebound in the second half of 2019, which is still continuing.

The coronacrisis does not impact the Dutch housing market so far due to a number of factors such as the government support, the persistent housing shortage, lower mortgage rates compared to 2019, the home equity held by subsequent homebuyers moving house, and high rents. These factors combined explain why the housing market continues to surge ahead. In December 2020, the number of existing home sales even increased by 16.1% year-on-year, with a total of 26,208 transactions.

Forced sales

Compared to other jurisdictions, performance statistics of Dutch mortgage loans show relatively low arrears and loss rate.⁵ The most important reason for default is relationship termination, although the increase in unemployment following the economic downturn in recent years is increasingly also a reason for payment problems. The ultimate attempt to loss recovery to a defaulted mortgage borrower is the forced sale of the underlying property.

For a long time, mortgage servicers opted to perform this forced sale by an auction process. The advantage of this auction process is the high speed of execution, but the drawback is a discount on the selling price. The Land Registry recorded 198 forced sales by auction in Q4 2020 (0.29% of total number of sales).

12. NHG GUARANTEE PROGRAMME

NHG Guarantee

In 1960, the Dutch government introduced the 'municipal government participation scheme', an open ended scheme in which both the Dutch State and the municipalities guaranteed, according to a set of defined criteria, residential mortgage loans made by authorised lenders to eligible borrowers to purchase a primary family residence. The municipalities and the Dutch State shared the risk on a 50/50 basis. If a municipality was unable to meet its obligations under the municipality guarantee, the Dutch State would make an interest free loan to the municipality to cover its obligations. The aim was to promote home ownership among the lower income groups.

Since 1 January 1995 Stichting WEW (a central privatised entity) is responsible for the administration and granting of the NHG Guarantee under a set of uniform rules. The NHG Guarantee covers the outstanding principal, accrued unpaid interest and disposal costs. Irrespective of scheduled repayments or prepayments made on the mortgage loans, the NHG Guarantee is reduced on a monthly basis by an amount which is equal to the principal repayment part of the monthly instalment as if the mortgage loan were to be repaid on a thirty year annuity basis. In respect of each mortgage loan, the NHG Guarantee decreases further to take account of scheduled repayments and prepayments under such mortgage loan. Also, amounts paid as savings or investment premium under savings insurance policies or life insurance policies, respectively, are deducted from the amount outstanding on such mortgage loans for purposes of the calculation of the amount guaranteed under the NHG Guarantee (see section 3 (*Risk Factors*)).

Financing of Stichting WEW

Stichting WEW finances itself, *inter alia*, by a one-off charge to the borrower by a current charge of 0.90 per cent. (as of 1 January 2021) of the principal amount of the mortgage loan at origination. Besides this, the scheme provides for liquidity support to Stichting WEW from the Dutch State and the participating municipalities. Should Stichting WEW not be able to meet its obligations under guarantees issued, (i) in respect of all loans issued before 1 January 2011, the Dutch State will provide subordinated interest free loans to Stichting WEW of up to 50 per cent. of the difference between Stichting WEW's own funds and a pre-determined average loss level and municipalities participating in the NHG Guarantee scheme will provide subordinated interest free loans to Stichting WEW of the other 50 per cent. of the difference and (ii) in respect of all loans issued on or after 1 January 2011, the Dutch State will provide subordinated interest free loans to Stichting WEW of up to 100 per cent. of the difference between Stichting WEW's own funds and a pre-determined average loss level. Both the keep well agreement between the Dutch State and Stichting WEW and the keep well agreements between the municipalities and Stichting WEW contain general 'keep well' undertakings of the Dutch State and the municipalities to enable Stichting WEW at all times (including in the event of bankruptcy (*faillissement*), suspension of payments (*surseance van betaling*) or liquidation (*ontbinding*) of Stichting WEW) to meet its obligations under guarantees issued.

Terms and conditions of the NHG Guarantee

Under the NHG scheme, the lender is responsible for ensuring that the guarantee application and the binding offer (*bindend aanbod*) meet the NHG terms and conditions. If the application qualifies, various reports are produced that are used in the processing of the application, including the form that will eventually be signed by the relevant lender and forwarded to the NHG to register the mortgage and establish the guarantee. Stichting WEW has, however, no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the terms and conditions of the NHG Guarantee, which were applicable at the date of origination of the mortgage loan, unless such non-payment is unreasonable towards the lender.

The specific terms and conditions for the granting of NHG Guarantees, such as eligible income, purchasing or building costs etc., are set forth in published documents by Stichting WEW that will be subject to change from time to time (these documents are available on: www.nhg.nl).

The NHG has specific rules for the level of credit risk that will be accepted. The credit worthiness of the applicant must be verified with the BKR, a central credit agency used by all financial institutions in the Netherlands. All financial commitments are registered and are kept in the register up until 5 years after full repayment. Arrears, also on mortgage loans, are also registered. In addition, as of 1 January 2008 the applicant itself must be verified with the Foundation for Fraud Prevention of Mortgages (*Stichting Fraudepreventie Hypotheken*, "SFH"). If the applicant has been recorded in the SFH system, no NHG Guarantee will be granted.

To qualify for an NHG Guarantee various conditions relating to valuation of property must be met. In addition, *inter alia*, the mortgage loan must be secured by a first ranking mortgage right (or a sequential lower ranking mortgage right in case of a further advance). Furthermore, the borrower is required to take out insurance in respect of the mortgaged property against risk of fire, flood and other accidental damage for the full reinstatement value thereof. The borrower is also required to create a right of pledge in favour of the lender on the rights of the relevant borrower against the insurance company under the relevant life insurance policy or the bank savings account connected to the mortgage loan or to create a right of pledge in favour of the lender on the proceeds of the investment funds or bank accounts (if applicable).

The mortgage conditions applicable to each mortgage loan should include certain provisions, among which the provision that any proceeds of foreclosure on the mortgage right and the right of pledge on the relevant life (savings) insurance policy or the investment funds or the balance standing to the credit of the bank savings account shall be applied firstly towards repayment of the mortgage loan guaranteed under the NHG scheme.

Claiming under the NHG Guarantees

When a borrower is in arrears with payments under the mortgage loan for a period of three (3) months, a lender informs Stichting WEW that the borrower is in default. When the borrower is in arrears Stichting WEW may approach the lender and/or the borrower to attempt to solve the problem and make the borrower aware of the consequences. If an agreement cannot be reached, Stichting WEW reviews the situation with the lender to endeavour to generate the highest possible proceeds from the property. The situation is reviewed to see whether a private sale of the property, rather than a public auction, would generate proceeds sufficient to cover the outstanding mortgage loan. In case of a private sale permission of Stichting WEW is required, unless the property is sold for an amount higher than 95 per cent. of the market value. In case of a forced private sale and an execution sale permission of Stichting WEW is in any case required.

Within one month of the receipt of the proceeds of the private or forced sale of the mortgaged property, the lender must make a formal request to Stichting WEW for payment, using standard forms, which request must include all of the necessary documents relating to the original mortgage loan and the NHG Guarantee. After receipt of the claim and all the supporting details, Stichting WEW must make payment within two months. If the payment is late, provided the request is valid, Stichting WEW must pay interest for the late payment period.

In the event that a borrower fails to meet its obligation to repay the mortgage loan and no or no full payment is made to the lender under the NHG Guarantee by Stichting WEW because of the lender's culpable negligence, the lender must act vis-à-vis the borrower as if Stichting WEW were still guaranteeing the repayment of the mortgage loan during the remainder of the term of the mortgage loan. In addition, the lender is not entitled to recover any amounts due under the mortgage loan from the borrower in such case. This is only different if the borrower did not act in good faith with respect to his inability to repay the mortgage loan and has failed to render his full cooperation in trying to have the mortgage loan repaid to the lender.

For mortgage loans originated after 1 January 2014, the mortgage lender will participate for 10 per cent. in any loss claims made under the NHG Guarantee. The lender is not entitled to recover this amount from the borrower.

Additional loans

Furthermore, on 1 July 2005 provisions were added to the NHG Conditions pursuant to which a borrower who is or threatens to be in arrears with payments under the existing mortgage loan may have the right to request Stichting WEW for a second guarantee to be granted in respect of an additional mortgage loan to be granted by the relevant lender. This additional loan is called a '*woonlastenfaciliteit*'. The aim of the additional loan is to avoid a forced sale by providing a bridging facility (*overbruggingsfaciliteit*). The moneys drawn down under the additional loan have to be placed on deposit with the relevant lender and may, up to a maximum period of two years, be used for, *inter alia*, payment of the amounts which are due and payable under the existing mortgage loan, interest due and payable under the additional mortgage loan and the costs made with respect to the granting of the additional mortgage loan. The relevant borrower needs to meet certain conditions, including, *inter alia*, the fact that the financial difficulties are caused by a divorce, unemployment, disability or death of the partner.

Main NHG underwriting criteria (Normen) as of 1 January 2021 (Normen 2021-1)

With respect to a borrower, the underwriting criteria include, but are not limited to, the following:

- The lender has to perform a BKR check. Only under certain circumstances are registrations allowed.
- As a valid source of income the following qualifies: indefinite contract of employment, temporary contract of employment if the employer states that the employee will be provided an indefinite contract of employment in case of equal performance of the employee and equal business circumstances (employer statement). For workers with flexible working arrangements or during a probational period (*proeftijd*) a three year history of income statements or an employer statement is acceptable as well as a Perspectiefverklaring or *Arbeidsmarktscan*. Self-employed workers need to provide an income statement (*Inkomensverklaring Ondernemer*) which is approved by Stichting WEW. This income statement may not be older than six months on the date of the binding offer of a mortgage loan.
- The maximum loan based on the income of the borrowers is based on the '*financieringslast acceptatiecriteria*' tables as determined by the National budgeting institute (Nibud) and an annuity style redemption (even if the actual loan is (partially) interest only). The mortgage lender shall calculate the borrowing capacity of a borrower of a mortgage loan with a fixed interest term of less than ten (10) years on the basis of a percentage determined and published by the AFM, or, in case of a mortgage loan with a fixed interest term of ten (10) years or longer or if the mortgage loan is redeemed within the fixed interest term of less than ten (10) years, on the basis of the binding offer.

With respect to the mortgage loan, the underwriting criteria include, but are not limited to, the following:

- As of 1 January 2013, for new loans and further advances the redemption types are limited to Annuity Mortgage Loans and Linear Mortgage Loans with a maximal term of thirty (30) years.
- As of 1 January 2021, the maximum amount of the mortgage loan is dependent on the average house price level in the Netherlands (based on the information available from the Land Registry (*Kadaster*)) multiplied with the statutory loan to value, which is 100 per cent. if there are no energy saving improvements and 106 per cent. if there are energy saving improvements. As a consequence, there are two maximum loan amounts:
 - (i) EUR 325,000 for loans without energy saving improvements (as of 1 January 2021); and
 - (ii) EUR 344,500 for loans with energy saving improvements (as of 1 January 2021).

The loan amount is also limited by the amount of income and the market value of the property. With respect to the latter:

- For the purchase of existing properties, the loan amount is broadly based on the sum of (i) the lower of the purchase price and the market value based on a valuation report, (ii) the costs of improvements and (iii) an amount up to 6 per cent. of the amount under (i) plus (ii). In case an existing property can be bought without paying transfer taxes (*vrij op naam*), the purchase amount under (i) is multiplied by 97 per cent.
- For the purchase of new-build properties, the maximum loan amount is broadly based on the sum of (i) the purchase price and/or construction costs, increased with a number of costs such as interest and loss of interest during the construction period (to the extent not already included in the purchase price or construction costs) and (ii) an amount up to 6 per cent. of the amount under (i) in case of energy saving improvements.

Changes to the NHG underwriting criteria (Normen) as of 1 June 2020 (Normen 2020-2)

On 31 March 2020, new NHG underwriting criteria were published, which entered into force on 1 June 2020. In these new NHG underwriting criteria changes have been made in order for the NHG Guarantee to meet the requirements for a guarantee to qualify as eligible credit protection for banks under the CRR. In particular the ability to receive an advance payment of the expected loss is introduced. Lenders can make use of this option immediately after publication, both for existing and new loans with an NHG Guarantee.

Under the new underwriting criteria, as stated above, Stichting WEW will offer lenders the opportunity to receive an advance payment of expected loss, subject to certain conditions being met, including foreclosure procedures not having been completed 21 months after default of the NHG mortgage loan (the "**NHG Advance Right**").

The NHG Advance Right is a separate right and it is not part of the surety by NHG. Unlike the surety, this NHG Advance Right therefore does not automatically transfer. If a mortgage receivable has been transferred to a third party (including in the context of special purpose vehicle transactions), the NHG Advance Right may be transferred simultaneously or at a later moment in time, for example when the transferee wishes to exercise the NHG Advance Right. This transfer is necessary if the transferee of the mortgage receivable wants to make use of this NHG Advance Right. However, if the transferee does not wish to exercise the NHG Advance Right, no transfer is necessary. After a transfer of the Mortgage Receivable, the transferor can no longer exercise the NHG Advance Right, regardless of whether the NHG Advance Right is transferred to the transferee. This prevents the NHG Advance Right payment being made to a party other than the transferee of the mortgage receivable. However, at the request of the transferee the transferor can on its behalf exercise the right to an NHG Advance Right on behalf of the transferee.

The new underwriting criteria include a repayment obligation by the person that exercises the NHG Advance Right in case the payment exceeded the amount payable by Stichting WEW under the surety as actual loss eligible for compensation. This would for example be the case if the proceeds of the enforcement are higher than estimated, but also if the borrower in arrears resumes payment under the Mortgage Loan. The Transferor will transfer the NHG Advance Rights to the CBC. In case the CBC, or the Servicer on its behalf, exercises its NHG Advance Right, it may be liable to repay any amount when the payment under the NHG Advance Right exceeded the amount payable by Stichting WEW under the surety. In such case, Stichting WEW will be repaid from the enforcement proceeds, or if these are insufficient, in accordance with the relevant Priority of Payments.

13. ORIGATION & SERVICING OF THE MORTGAGE LOANS

This section describes the generic origination and servicing procedures applied by Aegon. Where the Mortgage Loans and Loan Parts have the benefit of an NHG Guarantee, the origination procedures prescribed by Stichting WEW are adhered to by Aegon. For further information about such origination procedures, see section NHG Guarantee above.

Approval Process and Underwriting

Aegon's mortgage loan underwriting and approval process is performed by the approval and underwriting department which is part of Aegon Hypotheken. All mortgage loans originated by Aegon are originated in the Netherlands. In 2020, the underwriting department received approximately 52,000 applications for mortgage loans, approximately 98% of the applications are received through digitalized channel Skydoo, approximately 70% of which are processed within 24 hours. Approximately 75% of the applications were approved by Fast Hypotheken Systeem (FHS) and checked by a junior or senior underwriter, approximately 5% were checked by the FHS and then by a senior underwriter of the loan committee (*maatwerk*), approximately 7% were not granted an offer, approximately 3% of the offers were not returned by the client and the remaining 10% of the loan applications were rejected.

All mortgage loans are sold through intermediaries. Aegon uses a wide range of intermediaries (self-owned as well as other independent financial advisors). Furthermore, only professional regional and national parties who adhere to Aegon's standards and requirements can act as intermediary for Aegon. Intermediaries only collect data from the client which they then analyse and advise upon, but are not involved in the underwriting and approval process.

In the underwriting process, three key aspects are reviewed: i) applicant (credit history, employment, etc), ii) borrower income, and iii) property. Aegon's underwriting criteria are consistent with the Code of Conduct which Aegon endorsed, the Wft, the 'Temporary regulation on mortgage credit' (*Tijdelijke regeling hypothecair krediet*, "TRHK") and since 14 July 2016 the Mortgage Credit Directive. "Explain mortgage loans" (*maatwerk*) are an integral part of the TRHK. On the basis of the TRHK Aegon is allowed to deviate on an individual basis from the maximum borrowing capacity. These mortgage loans contain extensive documentation.

If a borrower requests a further advance, the borrower must meet Aegon's underwriting criteria for further advances. These criteria are consistent with the *Tijdelijke Regeling Hypothecair Krediet*, which states that a mortgage lender may not enter into an agreement involving excess lending.

The underwriting and approval process is documented in the underwriting manual and described in the ISAE report of Aegon Hypotheken. Furthermore there are work instructions that describe the process in detail. All documents received during the underwriting and approval process are stored digitally.

Applicant

The credit history of all applicants is checked with the BKR and the Fraud Register (*fraude register*, *Stichting Fraudebestrijding Hypotheken* (SFH) and *Externe Verwijzings Applicatie* (EVA)). Applicants are required to provide proof of employment and salary information. Self-employed applicants are required to provide a copy of an income statement (*Inkomensverklaring Ondernemer*) which is prepared by an expert agent and approved by Stichting WEW (published on www.nhg.nl). This income statement may not be older than six months on the date of the binding offer of a mortgage loan.

BKR

For the different types of credit BKR uses the following arrears coding:

- A - Delay notification, after a delay of 3 months.
- H - Recovery notification, as soon as arrears have been made up.
- 1 - Arrears for which a payment arrangement has been made.
- 2 - The outstanding part of the loan has been declared fully due and payable (*opeisbaar*).
- 3 - € 250, - or more was waived.
- 4 - The borrower is unreachable.
- 5 - A preventive payment arrangement has been made. This is temporary in nature.
- SR - Debt settlement, for example, debt mediation and rehabilitation credit

(*schuldbemiddeling en saneringskrediet*).

Aegon will not accept a borrower when there:

- is a code A or 1 registration on a current loan without a recovery notification (H) or end date;
- is a code 2 to 5 registration;
- is an outstanding debt settlement (SR) or one that was terminated less than 5 years ago;
- are or have been arrears on a mortgage loan with the exception of a NHG mortgage whereby the client has the confirmation from NHG that the loss was acquitted under the terms of NHG;
- is a succession of increasing credit needs;
- are seven or more entries (regardless of whether repaid/not repaid, NHG/non-NHG); or
- are credits of more than 50% joint income.

Loan to value

Aegon has historically not granted a loan to an applicant with an LTV that exceeds 130%. All properties must have a recent valuation report (within 6 months of the binding offer date). Dependent on the LTV, a recent valuation report can either be a valuation report of a qualified appraiser or a model based valuation report. In case of a newly built house Aegon will have a building and purchase agreement instead of a valuation report. All property must be covered by insurance and proof of ownership is required. When recommended in the valuation report, an architect's certificate which confirms the structural integrity of the building is mandatory.

Loan to income

Under the Temporary regulations on mortgage credit (*Tijdelijke regeling hypothecair krediet*) loan to income (LTI) limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. Aegon's origination policy is in compliance with this LTI framework. In accordance with the "explain" clause of the framework, it is in exceptional cases possible to deviate from the LTI rules set forth in the Temporary regulation on mortgage credit, which flexibility Aegon has made use of for a limited percentage of Mortgage Loans.

Property

Three types of valuation reports (each a **Valuation Report**) are acceptable in the underwriting process of Aegon to determine the value of a property:

1. A valuation by a qualified Dutch appraiser or a qualified model based valuation (**Appraisal Report**);
2. A valuation by the Dutch tax authorities in the context of the Valuation of Immovable Property Act (**WOZ Value Statement**); and
3. A building and purchase agreement (**Building and Purchase Agreement**) in the context of newly built properties.

The types of Valuation Reports described above are generally acceptable as part of the standard market practice by financial institutions originating mortgage loans in the Netherlands, are described in the Code of Conduct and since 1 January 2013 are also permitted under the Wft. Please note that, after 1 July 2021, the valuation process will change as a consequence of the EBA Guidelines discussed below.

Appraisal Report

The provision of an Appraisal Report is mandatory for all mortgage loans unless the circumstances described below allow the borrower to instead submit a WOZ Value Statement or a Building and Purchase Agreement. In these circumstances, whilst an Appraisal Report is not mandatory, an Appraisal Report is still acceptable for underwriting purposes if provided. Furthermore, whilst the circumstances described below apply in general, any mortgage loan underwriter can decide on a case-by-case basis that an Appraisal Report is required.

Appraisal Reports must be carried out by a qualified appraiser (**Appraiser**) who satisfies all of the following mandatory requirements:

- (a) They must be a member of either:
 - (i) "Nederlandse Vereniging van Makelaars en vastgoeddeskundigen" (Dutch Association of Real Estate Brokers and Immovable Property Experts, NVM);
 - (ii) "Vereniging Bemiddeling Onroerend Goed" (Association of Real Estate Agents and Appraisers,

- VBO); or
- (iii) "Vastgoed PRO" (Property Pro);
- (b) In order to verify their membership of the above, they must be registered with either:
 - (i) "Stichting VastgoedCert, kamer Wonen" (Foundation VastgoedCert, section Housing); or
 - (ii) "Stichting Certificering VBO-Makelaars (SCVM)" (Foundation for Accreditation of VBO Affiliated Real Estate Agents);
- (c) In order to ensure they have adequate knowledge of the local area, their office must be within the same prescribed working area as the surveyed property;
- (d) They must be independent and may therefore not take part in or have any financial or other interest in the purchase or sale of the relevant property;
- (e) They must take out and maintain adequate insurance against liability for damages resulting from a culpable failure (*toerekenbare tekortkoming*) and/or wrongful act; and
- (f) Their remuneration may not depend on the approval or disapproval of the relevant mortgage loan by Aegon.

Appraisers use reporting forms prepared by the professional associations of appraisers (NVM, VBO, Vastgoed Pro) and the "Contactorgaan Hypothecair Financiers" (Code of Conduct Working Group). The Appraisal Report contains a market valuation (*marktwaarde*) and as additional information at least one model-based valuation. Aegon only accepts Appraisal Reports which have been validated by certified valuation institutes like NWWI (*Nederlands Woning Waarde Instituut*/Dutch institute for property valuations). Stichting Nederlands Register Vastgoed Taxateurs (NRVT) supervises valuation institutes like NWWI and all validated valuation institutes can be found on www.nrvt.nl. These institutes validate Appraisal Reports with their own trained and experienced staff of surveyors. Whilst the use of NWWI or similar organisations approved by Stichting WEW is mandatory for NHG mortgage loans, Aegon chooses to submit the Appraisal Reports for non-NHG mortgage loans for verification by such validated valuation institute as well.

In the following circumstances, it is acceptable for a borrower to submit a model based valuation or a WOZ Value Statement (for non-newly built properties):

1. The property is a 'regular' property. The property must be for residential use only (no commercial use i.e. office space etc.);
2. The mortgage loan has an LTV according to the then prevailing underwriting criteria; and
3. The mortgage loan underwriter does not deem it necessary for an Appraisal Report to be required.

WOZ Value Statements are independent desktop valuations arranged by the municipalities which serve as a basis to calculate property tax.

The building and purchase agreements are legal agreements between borrowers and property developers which have consideration over the sale of new build properties.

A Valuation Report is acceptable in the underwriting process if it is dated within 6 months of the binding offer date. In relation to WOZ Value Statements only the most recent WOZ Value Statement is acceptable.

The review of Valuation Reports is performed by a mortgage loan underwriter of Aegon not related to the intermediary or sales organisation of Aegon. As part of this review process, a mortgage loan underwriter compares the market valuation of the property, as shown on the applicable Valuation Report, with the purchase price of the property to confirm that the amount to be paid for the property is reasonable. In case of significant differences, where the amount to be paid for the property appears to be unreasonably high or unreasonably low, the mortgage loan underwriter will investigate the reasons for the differential with a particular focus on potential fraud and the appraiser will be asked to explain the significant difference. During the review process, the mortgage loan underwriter also confirms proof of ownership.

Changes to the Code of Conduct in August 2011 shifted the focus away from the foreclosure valuation to the market valuation of properties. The maximum outstanding principal amount under a mortgage loan originated from 1 January 2018 onwards is limited to 100% of the market value of the property (and 106% in case of energy savings measures in respect of the property).

Impact of EBA Guidelines on loan origination and monitoring which come into force after 30 June 2021

In respect of certain aspects of the Originators' origination and servicing procedures described above, the guidelines published by the EBA on 29 May 2020 on loan origination and monitoring may be relevant. The EBA Guidelines will come into force on 30 June 2021. The AFM and DNB have announced they will apply the EBA Guidelines to Dutch mortgage lenders although it is not yet entirely clear whether this applies to all provisions of the EBA Guidelines and to what extent. Aegon intends to comply with the EBA Guidelines as appropriate as possible and in any event as legally required. As a result, its policies and procedures in respect of the origination and servicing of mortgage loans originated may undergo certain changes. At the date of this prospectus, Aegon, *inter alia*, expects the removal of model-based valuations (like WOZ Value Statements) in the underwriting process, as a consequence of compliance with the EBA Guidelines.

Regular servicing

Aegon Hypotheken is responsible for the regular servicing of Aegon's residential mortgage loan portfolio which is owned by several Aegon units and several external parties. As of 31 December 2020, the residential mortgage loan portfolio that Aegon serviced amounted to more than EUR 50 billion. The underwriting of mortgage loans and regular servicing of the portfolio is done by approximately 180 full-time internal employees and approximately 60 external employees. Aegon Hypotheken B.V. is using a highly automated and robust underwriting system (FHS) that allows it to make lending decisions on a timely basis and mortgage administration system (HAS). Aegon has more than 20 years' experience as a servicer in the Dutch mortgage market with an ISAE 3402 Type 2 report as of 2015.

Collection and Foreclosures

The Financial Services department (**Financial Services**) of Aegon is responsible for collections and foreclosures (**C&F**). Financial Services manages the payments from both performing and non-performing loans. The arrears and foreclosure activities are divided over three different divisions: 'Debiteuren Beheer Hypotheken' ("**DBH**"), 'Bijzonder Beheer Hypotheken' ("**BBH**") and 'Restschulden Beheer' ("**RSB**"). DBH is responsible for the arrears procedures, BBH is responsible for the foreclosure procedures and RSB takes care of the post-foreclosure procedures.

The C&F employees have approximately ten years of relevant working experience (on average) and utilise the standard operating procedures for loan management. Resources available to the C&F employees include (non-exhaustive): FHS, HAS, Land Registry, Chamber of Commerce, information desk Ultimoo, BAAB-claimcare B.V., Service op Maat (SOM) division and the internal legal department.

A transfer of the loan file to the SOM division can also be considered. SOM is a division within Aegon Hypotheken B.V. SOM is responsible for preventing foreclosures in case of (foreseeable) arrears due to "life-events" (e.g. unemployment, inability to work, divorce, death of one of the borrowers). The goal hereof is a sustainable solution, based on affordability/net disposable income (*netto besteedbaar inkomen*) of the borrower. C&F employees determine if a borrower is handed over to SOM within a period of three missed payments. In case of foreseeable arrears, borrowers can also contact SOM. In case of the latter the SOM procedure is part of the regular servicing.

SOM employees have different remedies available to prevent foreclosure procedures (non-exhaustive):

- debt restructuring;
- interest parking;
- payment holidays; and
- other asset performance remedies like budget and job coaching or budget management.

Arrears Procedures

Payments are scheduled to be collected on the first day of each month, practically all by direct debit. If the collection is done by direct debit and remains unpaid for fifteen (15) days after the due date, HAS automatically generates a reminder notice that is sent to the borrower. After 20 days, a second reminder is sent to the borrower. After thirty (30) days the borrower is contacted by telephone to discuss the payment arrears and the loan file will be transferred to DBH. After forty-five (45) days a formal warning is sent to the borrower. As long as the borrower remains more than 30 days in arrears on its payment, the borrower will be regularly contacted through phone and/or mail.

If the risk of non-payment of the arrears is perceived to be high, the loan file is immediately transferred to BBH. After two missed payments, the client receives a warning that a registration will be made in the BKR and subsequently such an application is made after missing three payments (90 days) with the code A (in arrears). When all the arrears are solved, the customer is registered with a code H (recover) which will remain visible for five (5) years (after the arrear is solved) and can have serious consequences for the borrower. In case of an NHG mortgage loan, notice is also given to the Stichting WEW.

The preceding steps of the process are necessary to be able to eventually start enforcement of the mortgage rights. Consequently the loan file is transferred to BBH, which is responsible for the final phase of the arrears process and foreclosure.

The entire mortgage loan (including accrued but unpaid interest) will be declared immediately due and payable. If no payment is received, an additional letter is sent to the borrower, announcing that the notary will be requested to start the foreclosure procedures.

Foreclosure Procedures

The foreclosure procedure is managed by BBH and will differ depending on the likelihood of realising a loss on the mortgage loan. If there is a limited risk of loss, the debt collection department will manage the enforcement. If there is a substantial risk of loss, BBH will proceed with a private sale (in approximately 80% of cases) or begin an auction process (in approximately 20% of cases).

BBH has the right to select its preferred enforcement method. In the case of a private sale the borrower must sign an irrevocable sales authorisation at the notary, a real estate agent will be contacted by BBH who will manage the sale. In case of an auction, BBH will first consult the Credit Committee (*Krediet Commissie*), which committee will check if all procedures leading up to the auction were performed according to policy. If that is the case, BBH will normally attend the auction to ensure a minimum price is achieved at the auction. In rare occasions, BBH will actually purchase the property at the auction and sell the property in the market.

Post-foreclosure Procedures

To the extent there is a loss at the end of the foreclosure process, the process for post-foreclosure procedures differs depending on whether it concerns an NHG or a non-NHG mortgage loan. In the case of non-NHG mortgage loans the process is outsourced to BAAB-claimcare B.V., which will attempt to negotiate a repayment agreement or start sequestration procedures. Any proposals for full discharge of any remaining payment obligations will need to be approved by the Aegon Credit Committee. BAAB-claimcare B.V. also ensures that the running period of a claim will be interrupted (*gestuit*).

For NHG mortgage loans Aegon will claim any loss with the Stichting WEW. This is done by filing a standard 'loss declaration form', a payment overview and a full loan file based on the information requested by NHG. In those cases where the claim is rejected or partially rejected by the Stichting WEW and the client is not acquitted by Stichting WEW, Aegon will engage BAAB-claimcare B.V. to attempt to retrieve any remaining outstanding debt. In case both BBH and RSB consider a debt-forgiveness, this has to be approved by (senior) management of C&F. If the borrower is acquitted, the CBC has to write off the claim.

Aegon may request for a payment under the NHG Advance Rights in respect of NHG mortgage loans. In such case, subject to and in accordance with the NHG Conditions, Stichting WEW will, by means of an independent obligation (i.e. not a part of the NHG Guarantee) make a payment of an amount based on the expected losses to be incurred by the CBC upon completion of the foreclosure procedure. In case the amount received upon exercise of the NHG Advance Right exceeds the amount to which the CBC is entitled under the NHG Guarantee, the CBC is obligated to pay the difference to Stichting WEW.

14. SERVICING AND ADMINISTRATION

Servicing

In the Servicing Agreement Aegon Hypotheken agrees to act as the Servicer in respect of the Mortgage Receivables. The Servicer will agree (i) to provide management services to the CBC on a day-to-day basis in relation to the relevant Mortgage Loans and the relevant Mortgage Receivables, including, without limitation, the collection and recording of payments of principal, interest and other amounts in respect of the relevant Mortgage Receivables and the implementation of arrears procedures including the enforcement of relevant Mortgages; (ii) to communicate with the Borrowers and (iii) to investigate payment delinquencies. An entity which services (*beheert*) and administers (*uitvoert*) loans granted to consumers, such as the CBC, must have a license under the Wft. An exemption from the license requirement is available if such entity outsources the servicing of the loans and the administration thereof to an entity holding a license under the Wft. Pursuant to the Servicing Agreement the CBC has outsourced the servicing and administration of the Mortgage Loans to Aegon Hypotheken in its capacity as Servicer. The Servicer is licensed to act as intermediary (*bemiddelaar*) and offeror of credit (*aanbieder van krediet*) under the Wft and the CBC thus benefits from the exemption.

The Servicer will be obliged to service the Mortgage Loans and the Mortgage Receivables with the same level of skill, care and diligence as mortgage loans in its own portfolio.

Administration

In the Administration Agreement the Administrator will agree to provide certain administration, calculation and cash management services to the CBC, including (i) all calculations to be made in respect of the Covered Bonds and the Transaction Documents and (ii) to prepare monthly asset cover reports for the CBC including the relevant calculations in respect of the Asset Cover Test.

Back-up Administration

In the Back-up Administration Agreement, the Back-up Administrator is appointed as substitute administrator to perform certain administration, calculation and cash management services for the CBC on a day-to-day basis, in accordance with and subject to the provisions of the Administration Agreement and the provisions of the Back-up Administration Agreement, under the condition precedent (*opschortende voorwaarde*) that the appointment of Aegon Bank as Administrator under the Administration Agreement has been terminated.

Termination

The Servicing Agreement and the Administration Agreement may be terminated by the Security Trustee or the CBC (with the consent of the Security Trustee) in certain circumstances (in respect of the relevant party only), including (a) a default by the Servicer and/or the Administrator in the payment on the due date of any payment due and payable by it under the Servicing Agreement or, as the case may be, Administration Agreement, (b) a default is made by the Servicer and/or the Administrator in the performance or observance of any of its other covenants and obligations under the Servicing Agreement or, as the case may be, Administration Agreement, (c) the Servicer and/or the Administrator has taken any corporate action or any steps have been taken or legal proceedings have been instituted or threatened against it for its suspension of payments or for any analogous insolvency proceedings under any applicable law or for bankruptcy or for the appointment of a receiver or a similar officer of its or any or all of its assets or (d) the Servicer is no longer licensed to act as intermediary (*bemiddelaar*) or offeror (*aanbieder*) under the Wft.

Upon termination of the Servicing Agreement or, as the case may be, the Administration Agreement in respect of the Administrator or the Servicer, the Security Trustee and the CBC undertake to appoint a substitute servicer and/or substitute administrator, as the case may be, and such substitute servicer and/or substitute administrator, as the case may be, shall enter into an agreement with the CBC and the Security Trustee substantially on the terms of the Servicing Agreement or, as the case may be, Administration Agreement, provided that such substitute servicer and/or substitute administrator shall have the benefit of a servicing fee and an administration fee at a level to be then determined. Any such substitute servicer must (i) have experience of administering mortgage loans and mortgages of residential property in the Netherlands and (ii) hold a licence under the Wft. The CBC shall, promptly following the execution of such agreement, pledge its interest in such agreement in favour of the Security Trustee on the terms of the Security Trustee Rights Pledge Agreement, *mutatis mutandis*, to the satisfaction of the Security Trustee.

The Servicing Agreement and the Administration Agreement may be terminated by the CBC or the Servicer or, as the case may be, the Administrator upon the expiry of not less than twelve (12) months' notice of termination given by the Servicer or, as the case may be, the Administrator to each of the CBC and the Security Trustee or by the CBC to the Servicer or Administrator and the Security Trustee provided that – *inter alia* – (a) the Security Trustee consents in writing to such termination and (b) a substitute servicer or administrator, as the case may be, shall be appointed, such appointment to be effective not later than the date of termination of the Servicing Agreement or, as the case may be, the Administration Agreement and the Servicer or Administrator shall not be released from its obligations under the relevant Servicing Agreement or, as the case may be, the Administration Agreement until such substitute servicer or administrator has entered into such new agreement.

15. PARTICIPATION AGREEMENTS

A. Insurance Savings Participation

Under the Insurance Savings Participation Agreement entered into between the CBC, the Insurance Savings Participant and the Security Trustee, the CBC grants the Insurance Savings Participant a sub-participation in the Savings Mortgage Receivables and the Savings Investment Mortgage Receivables, originated by the relevant Originator.

Participations

In an Insurance Savings Participation Agreement the Insurance Savings Participant has undertaken to pay to the CBC:

- (i) (a) in respect of Savings Mortgage Receivables and Savings Investment Mortgage Receivables on the Transfer Date on which a Savings Mortgage Receivable or a Savings Investment Mortgage Receivable is transferred to the CBC or (b) in respect of a switch from any type of Universal Life Mortgage Loan with the Investment Alternative into a Savings Investment Mortgage Loan, on the CBC Payment Date succeeding such switch, an amount equal to the sum of (i) the Savings Premiums or (ii) the Savings Investment Premiums received by the Insurance Savings Participant in relation to such Savings Mortgage Loan or Savings Investment Mortgage Loan with accrued interest up to the first day of the month in which such Transfer Date or CBC Payment Date, as applicable, falls (the "**Initial Insurance Savings Participation**") in relation to each of the Savings Mortgage Receivables and each of the Savings Investment Mortgage Receivables;
- (ii) on each CBC Payment Date thereafter an amount equal to the amount received by the Insurance Savings Participant as Savings Premium and Savings Investment Premium during the previous month in respect of the relevant Savings Insurance Policies and the Savings Investment Insurance Policy, respectively,

provided that in respect of the relevant Savings Mortgage Receivable and the relevant Savings Investment Mortgage Receivable which is subject to an Insurance Savings Participation, no amounts will be paid to the extent that, as a result thereof, the Insurance Savings Participation in the relevant Savings Mortgage Receivable and the relevant Savings Investment Mortgage Receivable would exceed the Outstanding Principal Amount of the relevant Savings Mortgage Receivable or the relevant Savings Investment Mortgage Receivable, respectively.

If and when such payment has been made, as a consequence of such payments the Insurance Savings Participant will acquire the Initial Insurance Savings Participation in each of the relevant Savings Mortgage Receivables or each of the relevant Savings Investment Mortgage Receivable, which is equal to the Initial Insurance Savings Participation in respect of the relevant Savings Mortgage Receivables or Savings Investment Mortgage Receivable increased during each month on the basis of the following formula (the "**Insurance Savings Participation Increase**"):

$(P/H \times R) + S$, whereby:

- P = the Insurance Savings Participation on the first day of the relevant month in the relevant Savings Mortgage Receivable or the relevant Savings Investment Mortgage Receivable;
- S = the amount received by the CBC from or on behalf of the Insurance Savings Participant in such month in respect of the relevant Savings Mortgage Receivable or the relevant Savings Investment Mortgage Receivable pursuant to the Insurance Savings Participation Agreement;
- H = the Outstanding Principal Amount of the relevant Savings Mortgage Receivable or the relevant Savings Investment Mortgage Receivable on the first day of the relevant month;
- R = the amount of interest, due by the Borrower on the relevant Savings Mortgage Receivable or the relevant Savings Investment Mortgage Receivable and actually received by the CBC in such month.

In consideration for the undertakings of the Insurance Savings Participant described above, the CBC has undertaken to pay to the Insurance Savings Participant on each CBC Payment Date, in respect of each Savings Mortgage Receivable and each Savings Investment Mortgage Receivable, which is subject to an Insurance Savings Participation for an amount equal to the amounts received during the relevant month or, in the case of a

transfer during a month, which falls in the period which commences on the Transfer Date or the date the Universal Life Mortgage Loans are switched from the Investment Alternative to investments in LHR and ends on the last day of such month up to the amount received (i) by means of repayment and prepayment under the relevant Savings Mortgage Receivable or the relevant Savings Investment Mortgage Receivable which is subject to an Insurance Savings Participation but excluding any prepayment penalties and interest penalties, if any, and, furthermore, excluding amounts paid as partial prepayments on the relevant Savings Mortgage Receivable or the relevant savings Investment Mortgage Receivable which is subject to an Insurance Savings Participation, (ii) in connection with the retransfer of a Savings Mortgage Receivable or a Savings Investment Mortgage Receivable which is subject to an Insurance Savings Participation pursuant to the Guarantee Support Agreement to the extent such amounts relate to principal, (iii) in connection with the transfer of a Savings Mortgage Receivable or a Savings Investment Mortgage Receivable which is subject to an Insurance Savings Participation to the extent such amounts relate to principal and (iv) as Net Proceeds on any Savings Mortgage Receivable or any Savings Investment Mortgage Receivable which is subject to an Insurance Savings Participation to the extent such amounts relate to principal, in each case with a maximum of the Insurance Savings Participation (the "**Insurance Savings Participation Redemption Available Amount**").

Reduction of Insurance Savings Participation

If a Borrower invokes a defence, including but not limited to a right of set-off or counterclaim against any person, in respect of a Savings Mortgage Receivable or a Savings Investment Mortgage Receivable, which is subject to an Insurance Savings Participation or if, for whatever reason, the Insurance Savings Participant does not pay the insurance proceeds when due and payable, whether in full or in part, under the relevant Savings Insurance Policy or the relevant Savings Investment Insurance Policy, and, as a consequence thereof, the CBC will not have received any amount outstanding prior to such event in respect of such Savings Mortgage Receivable or such Savings Investment Mortgage Receivable, the Insurance Savings Participation of the Insurance Savings Participant in respect of such Savings Mortgage Receivable or Savings Investment Mortgage Receivable will be reduced by an amount equal to the amount which the CBC has failed to so receive. The calculation of the Insurance Savings Participation Redemption Available Amount shall be adjusted accordingly.

Enforcement

If a CBC Acceleration Notice is served by the Security Trustee to the CBC, then and at any time thereafter the Security Trustee on behalf of the Insurance Savings Participant may, and if so directed by the Insurance Savings Participant shall, by notice to the CBC:

- (i) declare that the obligations of the Insurance Savings Participant under the Insurance Savings Participation Agreement are terminated;
- (ii) declare the Insurance Savings Participation to be immediately due and payable, whereupon it shall become so due and payable, but such payment obligations shall be limited to the Insurance Savings Participation Redemption Available Amount received or collected by the CBC or, in case of enforcement, the Security Trustee under the Savings Mortgage Receivables and the Savings Investment Mortgage Receivables, which are subject to an Insurance Savings Participation.

Termination

If one or more of the Savings Mortgage Receivables or the Savings Investment Mortgage Receivables which are subject to an Insurance Savings Participation are sold by the CBC to a third party or the Transferor pursuant to the Asset Monitoring Agreement or are retransferred to the Transferor, the Insurance Savings Participation in such Savings Mortgage Receivables or such Savings Investment Mortgage Receivables will terminate and the Insurance Savings Participation Redemption Available Amount in respect of such Savings Mortgage Receivables or such Savings Investment Mortgage Receivables will be paid by the CBC to the Insurance Savings Participant. If so requested by the Insurance Savings Participant, the CBC will use its best efforts to ensure that the acquirer of the Savings Mortgage Receivables and/or the Savings Investment Mortgage Receivables which are subject to an Insurance Savings Participation will enter into an insurance savings participation agreement with the Insurance Savings Participant in a form similar to the Insurance Savings Participation Agreement. Furthermore, the Insurance Savings Participation envisaged in the Insurance Savings Participation Agreement shall terminate if at the close of business of any CBC Payment Date the Insurance Savings Participant has received the Insurance Savings Participation in respect of the relevant Savings Mortgage Receivable and/or the relevant Savings Investment Mortgage Receivable.

If, in case of a Savings Investment Mortgage Loan, all or part of the premia accumulated in the relevant Savings Investment Insurance Policy are switched to the Investment Alternative, the sub-participation envisaged in the Insurance Savings Participation Agreement shall terminate, in whole or in part, and the Insurance Savings Participation Redemption Available Amount (or part thereof, if applicable) in respect of such Savings Mortgage Receivable or such Savings Investment Mortgage Receivable will be paid by the CBC to the Insurance Savings Participant, but only if and to the extent that on the relevant CBC Payment Date or any later CBC Payment Date the amounts received by the CBC under the Insurance Savings Participation Agreement are sufficient for this purpose on such date.

B. Bank Savings Participation

Under the Bank Savings Participation Agreement the CBC will grant to each Bank Savings Participant a Bank Savings Participation in the relevant Bank Savings Mortgage Receivables.

Bank Savings Accounts

The conditions applicable to the Bank Savings Mortgage Loans stipulate that amounts paid by the Borrowers will be deposited by the Bank Savings Participant on the relevant Bank Savings Account held with Aegon Bank.

Bank Savings Participation

In the Bank Savings Participation Agreement the Bank Savings Participant has undertaken to pay to the CBC:

- (i) on the Transfer Date on which a Bank Savings Mortgage Receivable is transferred to the CBC, an amount equal to the sum of the Bank Savings Deposits received by the Bank Savings Participant in relation to such Bank Savings Mortgage Receivable with accrued interest up to the first day of the month in which such Transfer Date falls (the "**Initial Bank Savings Participation**");
- (ii) on each CBC Payment Date thereafter an amount equal to the amount received by the Bank Savings Participant on the relevant Bank Savings Account in relation to the relevant Bank Savings Mortgage Receivables during the Calculation Period immediately preceding such CBC Payment Date,

provided that no amounts will be paid to the extent that, as a result thereof, the Bank Savings Participation in the relevant Bank Savings Mortgage Receivable would exceed the Outstanding Principal Amount of the relevant Bank Savings Mortgage Receivable.

If and when such payment has been made, as a consequence of such payments the Bank Savings Participant will acquire the Bank Savings Participation in each of the relevant Bank Savings Mortgage Receivables, which is equal to the Initial Bank Savings Participation in respect of the relevant Bank Savings Mortgage Receivables increased during each month on the basis of the following formula (the "**Bank Savings Participation Increase**"):

$(P/H \times R) + S$, whereby:

P = Bank Savings Participation on the first day of the relevant month;

S = the amount received by the CBC pursuant to the Bank Savings Participation Agreement on the CBC Payment Date immediately succeeding the relevant Calculation Date in respect of the relevant Bank Savings Mortgage Receivable from the Bank Savings Participant;

H = the Outstanding Principal Amount of the relevant Bank Savings Mortgage Receivable on the first day of the relevant month;

R = the amount of interest due by the Borrower on the relevant Bank Savings Mortgage Receivable and actually received by the CBC in respect of such Calculation Period;

In consideration for the undertakings of the Bank Savings Participant described above, the CBC has undertaken to pay to the Bank Savings Participant on each CBC Payment Date in respect of the Bank Savings Mortgage Receivables which are subject to a Bank Savings Participation an amount equal to the amounts received during the relevant month or, in the case of a transfer during a month, which falls in the period which commences on the date on which the condition precedent is fulfilled or if later, the Transfer Date and ends on the last day of such

month (i) by means of repayment and prepayment under the relevant Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation but excluding any prepayment penalties and interest penalties, if any, and, furthermore, excluding amounts paid as partial prepayments on the relevant Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation (ii) in connection with the retransfer of a Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation pursuant to the Guarantee Support Agreement to the extent such amounts relate to principal, (iii) in connection with the transfer of a Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation to the extent such amounts relate to principal and (iv) as Net Proceeds on any Bank Savings Mortgage Receivable which is subject to a Bank Savings Participation to the extent such amounts relate to principal, in each case with a maximum of the relevant Bank Savings Participation (the "**Bank Savings Participation Redemption Available Amount**").

Reduction of Bank Savings Participation

If a Bank Savings Deposit is automatically set-off with the relevant Bank Savings Mortgage to which it is connected, or a Borrower invokes a defence, including but not limited to a right of set-off or counterclaim against any person in respect of a relevant Bank Savings Mortgage Receivable and if, for whatever reason, the Bank Savings Participant does not pay the amounts due under the relevant Bank Savings Mortgage Receivable, whether in full or in part, and, as a consequence thereof, the CBC will not have received any amount outstanding prior to such event in respect of such relevant Bank Savings Mortgage Receivable, the Bank Savings Participation of the Bank Savings Participant in respect of such relevant Bank Savings Mortgage Receivable, will be reduced by an amount equal to the amount which the CBC has failed to so receive and the calculation of the Bank Savings Participation Redemption Available Amount shall be adjusted accordingly.

Enforcement Notice

If a CBC Acceleration Notice is served by the Security Trustee to the CBC, then and at any time thereafter the Security Trustee on behalf of any Bank Savings Participant may, and if so directed by the Bank Savings Participant shall, by notice to the CBC:

- (i) declare that the obligations of the Bank Savings Participant under the Bank Savings Participation Agreement are terminated;
- (ii) declare the Bank Savings Participation in relation to the relevant Bank Savings Mortgage Receivables to be immediately due and payable, whereupon it shall become so due and payable, but such payment obligations shall be limited to the Bank Savings Participation Redemption Available Amount received or collected by the CBC or, in case of enforcement, the Security Trustee under the relevant Bank Savings Mortgage Receivables.

Termination

If one or more of the relevant Bank Savings Mortgage Receivables are sold by the CBC to a third party or the Transferor pursuant to the Asset Monitoring Agreement or are retransferred to the Transferor, the Bank Savings Participation in such relevant Bank Savings Mortgage Receivables will terminate and the Bank Savings Participation Redemption Available Amount in respect of the relevant Bank Savings Mortgage Receivables will be paid by the CBC to the Bank Savings Participant. If so requested by the Bank Savings Participant, the CBC will use its best efforts to ensure that the acquirer of the relevant Bank Savings Mortgage Receivables will enter into a bank savings participation agreement with the Bank Savings Participant in a form similar to the Bank Savings Participation Agreement. Furthermore, the Bank Savings Participation envisaged in the Bank Savings Participation Agreement shall terminate if at the close of business of any CBC Payment Date the Bank Savings Participant has received the Bank Savings Participation in respect of the relevant Bank Savings Mortgage Receivables.

16. ASSET MONITORING

ASSET COVER TEST

Under the Asset Monitoring Agreement and the Guarantee Support Agreement, the CBC and the Issuer, have undertaken on a reasonable efforts or best efforts basis, respectively, that as at the end of each calendar month *until* the service of a Notice to Pay or CBC Acceleration Notice, that:

- (i) the Adjusted Aggregate Asset Amount will be an amount at least equal to the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item B as defined below, up to the date specified in item (B)), all as calculated on the immediately succeeding Calculation Date;
- (ii) the First Regulatory Current Balance Amount will be at least equal to 105%, or such other percentage as may be required from time to time under the CB Regulations, of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item B as defined below, up to the date specified in item (B)) all as calculated on the immediately succeeding Calculation Date; and
- (iii) the Second Regulatory Current Balance Amount will be at least equal to 100%, or such other percentage as may be required from time to time under the CB Regulations, of the aggregate Principal Amount Outstanding of the Covered Bonds at the end of such calendar month (or with respect to item B as defined below, up to the date specified in item (B)) all as calculated on the immediately succeeding Calculation Date, (item (i) up to and including item (iii), the "**Asset Cover Test**").

Pursuant to the Administration Agreement the Administrator will calculate the Asset Cover Test on each Calculation Date. If at the end of a calendar month (or with respect to item (B) as defined below, up to the date specified in item B) the Asset Cover Test has not been met, then the Administrator will notify the CBC thereof under the Asset Monitoring Agreement, and the CBC will notify the Issuer thereof under the Guarantee Support Agreement, and the Issuer will undertake its best efforts to transfer or procure the transfer of sufficient further Eligible Assets to the CBC in accordance with the Guarantee Support Agreement to ensure that the Asset Cover Test is met at the end of the next succeeding calendar month.

Such a breach of the Asset Cover Test will not constitute an Issuer Event of Default. However, it will prevent the Issuer from issuing any further Series after such Calculation Date, until remedied and, if it is not remedied on the next Calculation Date (such failure to remedy the Asset Cover Test as calculated on the next succeeding Calculation Date being a "**Breach of Asset Cover Test**") the Security Trustee will be entitled to serve a Breach of Asset Cover Test Notice on the Issuer and the CBC. Upon receipt of such a Breach of Asset Cover Test Notice, the Issuer will (continue to) use its best efforts to transfer or procure the transfer of sufficient Eligible Assets to the CBC, either directly or indirectly by it. A Breach of Asset Cover Test may be remedied and after being remedied the Issuer may issue new Series subject to other conditions being met. After the service of a Breach of Asset Cover Test Notice and provided that the Breach of Asset Cover Test has not been remedied, the CBC shall be allowed to retain the proceeds received on the Transferred Assets until the Breach of Asset Cover Test is remedied.

Save where otherwise agreed with any Rating Agency, the Asset Percentage will be adjusted in accordance with the various methodologies prescribed by any Rating Agency or will otherwise be in compliance with the relevant methodologies agreed with any Rating Agency from time to time with a view to maintain the rating of the highest rated Series of Covered Bonds. Any adjustment of the Asset Percentage will appear from the relevant Investor Report as the new Asset Percentage as determined in accordance with the Asset Monitoring Agreement. If more than one Rating Agency assigns ratings to the Covered Bonds under the Programme, then in the event the Asset Percentages (as computed in response to the relevant Rating Agency calculations) prior to any Calculation Date differ, the CBC (or the Administrator on its behalf) shall on such Calculation Date apply the lowest Asset Percentage. Prior to the date on which a relevant Rating Agency has provided the CBC (or the Administrator on its behalf) with a new Asset Percentage, the CBC (or the Administrator on its behalf) will be entitled to rely on the previously provided Asset Percentage.

The Asset Percentage will be included in the Investor Report.

In the Administration Agreement, the Administrator agrees to prepare the Asset Cover Reports and to provide certain administration, calculation and cash management services for the CBC on a day-to-day basis, including without limitation, all calculations to be made pursuant to the Conditions in connection with the Covered Bonds, subject to and in accordance with the Administration Agreement. Each Asset Cover Report will be included in the Investor Report. In the Trust Deed, the Security Trustee agrees to, upon receipt of each Asset Cover Report, verify whether such Asset Cover Report states that the Asset Cover Test has been passed or failed and, if failed, whether the following Asset Cover Report states that the Asset Cover Test has been failed for the second time, meaning that a Breach of Asset Cover Test shall have occurred.

For the purposes hereof:

"Adjusted Aggregate Asset Amount" means $A + B + C + D - Z$.

"A" means the lower of:

- (a) the sum of all Adjusted Current Balances of all Mortgage Receivables. The "Adjusted Current Balance" of a Mortgage Receivable is the lower of:
 - (i) the Current Balance of such Mortgage Receivable minus α ; and
 - (ii) the LTV Cut-Off Percentage of the Indexed Valuation relating to such Mortgage Receivable, minus β ; and
- (b) the Asset Percentage of the sum of the Current Balance minus α of all Mortgage Receivables.

" α " means for each Mortgage Receivable the lower of its Current Balance and the sum of the following elements, to the extent applicable to it:

- (i) if it is a Savings Mortgage Receivable, a Savings Investment Mortgage Receivable or a Bank Savings Mortgage Receivable an amount calculated on the basis of a method proposed to the Rating Agency, related to the built-up of savings in connection with such Savings Mortgage Receivable, Savings Investment Mortgage Receivable or Bank Savings Mortgage Receivable, provided that no amount will be deducted for as long as the Insurance Savings Participation Agreement or the Bank Savings Participation Agreement, respectively, is in place in relation to the Savings Mortgage Receivable, the Savings Investment Mortgage Receivable or Bank Savings Mortgage Receivable, respectively;
- (ii) if it is a Non-Eligible Receivable: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero;
- (iii) if it is three (3) months or more in arrears or it is a Defaulted Receivable: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero;
- (iv) if the Long-Term Issuer Credit Rating from S&P falls below 'BBB', an additional amount in connection with the possible set-off risk pertaining to deposits maintained by Borrowers with the Issuer for mortgage loans issued by the Issuer being equal to (i) the amount deposited with the Issuer by the relevant Borrower minus any amounts which are guaranteed under the Deposit Guarantee Scheme (*depositgarantiestelsel*) from time to time or (ii) such lower amount as long as this will not adversely affect the rating of any Series;
- (v) if it corresponds to a Construction Deposit: the amount of the Construction Deposit;
- (vi) if it is a Long Term Mortgage Loan: an amount equal to the outcome of (i) the Current Balance of such Long Term Mortgage Loan multiplied by (ii) the Excess Long Term Mortgage Loans Ratio, provided that the outcome shall not be lower than zero.

"Excess Long Term Mortgage Loans Ratio" means a ratio equal to (i) the aggregate Current Balance of the Long Term Mortgage Loans that exceeds fifteen per cent. of the aggregate Current Balance of the Mortgage Loans, divided by (ii) the aggregate Current Balance of the Long Term Mortgage Loans.

" β " means for each Mortgage Receivable the lower of (i) the LTV Cut-Off Percentage of its Indexed Valuation and (ii) α minus L.

"L" means for each Mortgage Receivable its Current Balance minus the LTV Cut-Off Percentage of its Indexed Valuation provided that if the result is negative, L shall be zero and if the result exceeds α , L shall equal α .

"Asset Percentage" means 96.7% or such other percentage figure as is determined from time to time in accordance with the Asset Monitoring Agreement as described above.

"LTV Cut-Off Percentage" means 80% for all Mortgage Receivables or such other percentage as may be notified to the Rating Agency from time to time in respect of the relevant Mortgage Receivables, or such lower percentage as is (a) required from time to time for Covered Bonds to qualify as 'covered bonds' as defined in Article 129 of the CRR or (b) otherwise determined from time to time in accordance with the Asset Monitoring Agreement.

"B" means the aggregate amount of all Principal Receipts on the Mortgage Receivables up to the end of the immediately preceding calendar month which have not been applied in accordance with the Trust Deed.

"C" means the aggregate amount of (i) all Transferred Collateral in cash which has not been applied in accordance with the Trust Deed and (ii) the amounts standing to the credit of the Reserve Account.

"D" means the aggregate outstanding principal balance of all Transferred Collateral in Substitution Assets and accrued interest thereon which has not been applied in accordance with the Trust Deed. Substitution Assets will be valued on a monthly basis and be taken into account for their mark-to-market value at a discount, based on a methodology proposed to the Rating Agency.

"Z" means an amount equal to the Interest Cover Required Amount.

"Interest Cover Required Amount" means on the date with respect to which the Asset Cover Test is calculated, the higher of zero and (i) U minus W on such date; or (ii) such lower amount as notified by the Issuer to the CBC as long as this will not adversely affect the rating of any Series; whereas

"U" means the sum of the aggregate amount of interest payable in respect of all Series of Covered Bonds from the relevant date up to and including the relevant Maturity Date minus any amount of interest to be received under a Portfolio Swap Agreement in connection with a Series of Covered Bonds and in the event floating rate interest has to be calculated, it is assumed that such rates remain at the same level as at the relevant Calculation Date preceding the relevant CBC Payment Date.

"W" means the Estimated Portfolio Interest Income.

"Estimated Portfolio Interest Income" means on the date with respect to which the Asset Cover Test is determined (i.e. the end of each calendar month), the aggregate amount, as determined by the CBC (or the Administrator on its behalf) (and such estimation, absent manifest error, being final and binding), of future interest receipts on the Mortgage Receivables and future interest income derived from Substitution Assets on such date, and such estimation to be calculated as the sum of:

- (i) all Fixed Interest Loan Payment Amounts;
- (ii) all Variable Interest Loan Payment Amounts; and
- (iii) all Substitution Assets Payment Amounts.

"Fixed Interest Loan Payment Amount" means (as determined by the CBC (or the Administrator on its behalf) and such determination, absent manifest error, being final and binding), with respect to each outstanding Mortgage Receivable with a fixed interest rate, the product of (x) the expected weighted average life (expressed in years) of all Mortgage Receivables with a fixed interest rate; and (y) the weighted average interest rate (expressed as a percentage) of all Mortgage Receivables (where upon the interest reset date of such Mortgage Receivable the interest rate is assumed to be reset at the Assumed Mortgage Interest Rate); and (z) the aggregate Outstanding Principal Amount of such Mortgage Receivable.

"Variable Interest Loan Payment Amount" means (as determined by the CBC (or the Administrator on its behalf) and such determination, absent manifest error, being final and binding), with respect to each outstanding Mortgage Receivable with a variable interest rate, the product of (x) the expected weighted average life (expressed in years) of all Mortgage Loans with a variable interest rate, (y) the Assumed Mortgage Interest Rate; and (z) the aggregate Outstanding Principal Amount of such outstanding Mortgage Receivable.

"Substitution Assets Payment Amount" means (as determined by the CBC (or the Administrator on its behalf) and such determination, absent manifest error, being final and binding), with respect to each Substitution Asset the sum of the aggregate interest expected to be received up to and including the maturity date of the respective Substitution Asset.

"Assumed Mortgage Interest Rate" means the expected mortgage interest rate to be offered by the Servicer (acting on behalf of the CBC) in relation to Mortgage Loans which have an interest rate reset, which interest rate will be notified by the Servicer to the CBC and the Rating Agency upon request.

"Indexed Valuation" in relation to any Mortgaged Asset at any date means:

- (a) where the Original Market Value of that Mortgaged Asset is equal to or greater than the Price Indexed Valuation as at that date, the Price Indexed Valuation; or
- (b) where the Original Market Value of that Mortgaged Asset is less than the Price Indexed Valuation as at that date, the Original Market Value plus 90% (or, if a different percentage is required or sufficient from time to time for the Covered Bonds to qualify as "covered bonds" as defined in the CRR and the Issuer wishes to apply such different percentage, then such different percentage) of the difference between the Price Indexed Valuation and the Original Market Value.

"Price Indexed Valuation" in relation to any property at any date means the Original Market Value of that property increased or decreased as appropriate by the increase or decrease in the Index since the date of the Original Market Value.

"Index" means the index of increases or decreases, as the case may be, of house prices issued by the Dutch land registry (*kadaster*) in relation to residential properties in the Netherlands.

"Selected Mortgage Receivables" means Mortgage Receivables to be sold or refinanced by the CBC pursuant to the terms of the Asset Monitoring Agreement.

"First Regulatory Current Balance Amount" means an amount equal to sum of (i) the aggregate amount of the Current Balance of the Mortgage Receivables, excluding any Defaulted Receivables, and (ii) the Substitution Assets Amount, or in each case such other amount as must be calculated in accordance with the CB Regulations.

"Substitution Assets Amount" means an amount equal to the sum of (i) C (as defined above), and (ii) D (as defined above), less any cash standing to the credit of the CBC Transaction Accounts held with an entity within the Aegon group, which amount will be limited to a maximum of 20%, or such other percentage as required under the Wft, of the aggregate Principal Amount Outstanding of the Covered Bonds.

"Second Regulatory Current Balance Amount" means an amount equal to the sum of (A) the aggregate balance of all Mortgage Receivables, excluding any Defaulted Receivables, whereby the balance is determined for each such Mortgage Receivable as the lower of (i) the Current Balance of the Mortgage Receivable and (ii) the Regulatory Cut-Off Percentage of the Indexed Valuation relating to such Mortgage Receivable and (B) the Substitution Assets Amount, or in each case such other amount as must be calculated in accordance with the CB Regulations.

"Regulatory Cut-Off Percentage" means 80% for all Mortgage Receivables, or such other percentage as may be required from time to time under the CB Regulations.

AMORTISATION TEST

Under the Asset Monitoring Agreement and the Guarantee Support Agreement, the CBC must ensure that as at the end of each calendar month *following* service of a Notice to Pay (but prior to service of a CBC Acceleration Notice), the Amortisation Test Aggregate Asset Amount will be an amount at least equal to the aggregate Principal Amount Outstanding of the Covered Bonds as at the end of such calendar month (or with respect to item B as defined below, up to the date specified in item B), all as calculated on the immediately succeeding Calculation Date (the "**Amortisation Test**").

If on any Calculation Date following the service of a Notice to Pay the Amortisation Test is not met per the end of the previous calendar month, then that shall constitute a breach of the Amortisation Test and the CBC (or the Administrator on its behalf) shall immediately notify the Security Trustee thereof in writing, and the Security Trustee shall be entitled to serve a CBC Acceleration Notice under the Terms and Conditions.

For this purpose:

"Amortisation Test Aggregate Asset Amount" means $A + B + C - Z$.

"A" means the sum of all Amortisation Test Current Balances of all Mortgage Receivables. The **"Amortisation Test Current Balance"** of a Mortgage Receivable is the Current Balance of such Mortgage Receivable minus α .

" α " means for each Mortgage Receivable the lower of its Current Balance and the sum of the following elements, to the extent applicable to it:

- (i) if it is a Savings Mortgage Receivable, Savings Investment Mortgage Receivable or a Bank Savings Mortgage Receivable an amount calculated on the basis of a method proposed to the Rating Agency, related to the built-up of savings in connection with such Savings Mortgage Receivable, Savings Investment Mortgage Receivable or Bank Savings Mortgage Receivable, provided that no amount will be deducted for as long as the Insurance Savings Participation Agreement or the Bank Savings Participation Agreement, respectively, is in place in relation to the Savings Mortgage Receivable, Savings Investment Mortgage Receivable or Bank Savings Mortgage Receivable, respectively;
- (ii) if it is a Non-Eligible Receivable: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero; and
- (iii) if it is 3 months or more in arrears or it is a Defaulted Receivable: such amount as is necessary to reduce its Adjusted Current Balance or Current Balance, as the case may be, to zero.

"B" means the amount of any cash standing to the credit of the CBC Account up to the end of the immediately preceding Calculation Period which have not been applied in accordance with the Trust Deed.

"C" means the outstanding principal balance of any Substitution Assets plus the amount deposited in the Reserve Account.

"Z" means an amount equal to the Interest Cover Required Amount.

"Interest Cover Required Amount" means on the date with respect to which the Amortisation Test is calculated, the higher of zero and (i) U minus W on such date; or (ii) such lower amount as notified by the Issuer to the CBC as long as this will not adversely affect the rating of any Series; whereas

"U" means the sum of the aggregate amount of interest payable in respect of all Series of Covered Bonds from the relevant date up to and including the relevant Maturity Date minus any amount of interest to be received under a Portfolio Swap Agreement in connection with a Series of Covered Bonds and in the event floating rate interest has to be calculated, it is assumed that such rates remain at the same level as at the relevant Calculation Date preceding the relevant CBC Payment Date.

"W" means the Estimated Portfolio Interest Income.

"Estimated Portfolio Interest Income" means on the date with respect to which the Amortisation Test is determined (i.e. the end of each calendar month), the aggregate amount, as determined by the CBC (or the

Administrator on its behalf) (and such estimation, absent manifest error, being final and binding), of future interest receipts on the Mortgage Receivables and future interest income derived from Substitution Assets on such date, and such estimation to be calculated as the sum of:

- (i) all Fixed Interest Loan Payment Amounts;
- (ii) all Variable Interest Loan Payment Amounts; and
- (iii) all Substitution Assets Payment Amounts.

"Fixed Interest Loan Payment Amount" means (as determined by the CBC (or the Administrator on its behalf) and such determination, absent manifest error, being final and binding), with respect to each outstanding Mortgage Receivable with a fixed interest rate, the product of (x) the expected weighted average life (expressed in years) of all Mortgage Receivables with a fixed interest rate; and (y) the weighted average interest rate (expressed as a percentage) of all Mortgage Receivables (where upon the interest reset date of such Mortgage Receivable the interest rate is assumed to be reset at the Assumed Mortgage Interest Rate); and (z) the aggregate Outstanding Principal Amount of such Mortgage Receivable.

"Variable Interest Loan Payment Amount" means (as determined by the CBC (or the Administrator on its behalf) and such determination, absent manifest error, being final and binding), with respect to each outstanding Mortgage Receivable with a variable interest rate, the product of (x) the expected weighted average life (expressed in years) of all Mortgage Loans with a variable interest rate, (y) the Assumed Mortgage Interest Rate; and (z) the aggregate Outstanding Principal Amount of such outstanding Mortgage Receivable.

"Assumed Mortgage Interest Rate" means the expected mortgage interest rate to be offered by the Servicer (acting on behalf of the CBC) in relation to Mortgage Loans which have an interest rate reset, which interest rate will be notified by the Servicer to the CBC and the Rating Agency upon request.

"Substitution Assets Payment Amount" means (as determined by the CBC (or the Administrator on its behalf) and such determination, absent manifest error, being final and binding), with respect to each Substitution Asset the sum of the aggregate interest expected to be received up to and including the maturity date of the respective Substitution Asset.

SALE OR REFINANCING OF SELECTED ASSETS

The Asset Monitoring Agreement provides that the CBC shall sell or refinance Selected Transferred Assets following the service of a Notice to Pay on the CBC and an Issuer Acceleration Notice on the Issuer, but prior to the service of a CBC Acceleration Notice, if on any date the relevant Series that has the earliest Maturity Date as specified in the applicable Final Terms (ignoring any acceleration of amounts due under the Covered Bonds prior to the occurrence of a CBC Event of Default) (the "**Earliest Maturing Covered Bonds**") have an Extended Due for Payment Date which falls within twelve (12) months, or such other date as the Security Trustee may approve, of such date.

The proceeds from any such sale or refinancing will, in the case of each Mortgage Receivable, and in respect of a Savings Mortgage Receivable or a Savings Investment Mortgage Receivable to which an Insurance Savings Participation applies or a Bank Savings Mortgage Receivable to which a Bank Savings Participation applies, after deduction of an amount equal to such Insurance Savings Participation or Bank Savings Participation, respectively, form part of the Available Principal Funds.

If the CBC is required to sell or refinance Selected Mortgage Receivables as abovementioned, the Asset Monitoring Agreement provides that the CBC shall ensure that the Selected Mortgage Receivables will be selected on a random basis as described in the Asset Monitoring Agreement, provided that no more Selected Mortgage Receivables will be selected than are necessary for the estimated sale or refinancing proceeds to equal the Adjusted Required Redemption Amount as reduced by or increased with, as the case may be, any swap termination payment due by the CBC to the relevant Swap Counterparty, or by the relevant Swap Counterparty to the CBC, in connection with the termination of the Swap Agreement related to the relevant Series or a relevant part thereof (if any) (and increased with an Insurance Savings Participation and/or a Bank Savings Participation), and provided that the Amortisation Test is not breached following the proposed sale or refinancing,

where:

"Adjusted Required Redemption Amount" means an amount equal to the Required Redemption Amount of the Earliest Maturing Covered Bonds less amounts standing to the credit of the CBC Account and the principal amount of any Substitution Assets (excluding all amounts to be applied on the following CBC Payment Date to repay higher ranking amounts in the CBC Priority of Payments and excluding those amounts that are required to repay any Series which mature prior to or on the same date as the relevant Series).

"Required Redemption Amount" means in respect of a Series, the amount calculated as follows: the aggregate Principal Amount Outstanding of such Series $\times (1 + (0.005 \times (\text{days to the Extended Due for Payment Date of such Series} : 365)))$.

The CBC shall first offer all the Selected Transferred Assets for sale to the Transferor and the Originators or any third party within the Aegon group appointed by the Transferor or an Originator after the occurrence of an Issuer Event of Default. If, for whatever reason, the Transferor or the Originators informs the CBC, within a period of twenty (20) Business Days after the CBC has made such offer, that it (or any third party within the Aegon group appointed by the Transferor or any Originator) will not repurchase the Selected Transferred Assets, or if the Transferor or any of the Originators fails to inform the CBC, within a period of twenty (20) Business Days after the CBC has made such offer, that it (or any third party within the Aegon group appointed by the Transferor or any Originator) wishes to repurchase the Selected Transferred Assets, then the Selected Transferred Assets shall be offered for sale by the CBC to a third party or third parties.

If the CBC receives, after each of the Transferor and the Originators or any third party within the Aegon group appointed by the Transferor or an Originator has refused the offer for sale of all Selected Transferred Assets, an offer from a third party to purchase the Selected Transferred Assets, the CBC will notify the Transferor and the Originators of such offer and, within five (5) Business Days after such notice, the Transferor, the Originators or any third party within the Aegon group appointed by the Transferor or any Originator has the right to match the offer to purchase the Selected Transferred Assets on the same terms and conditions as the offer of such third party and, if the Transferor, an Originator or any third party within the Aegon group appointed by the Transferor or any Originator offers to purchase the Selected Transferred Assets on the same terms and conditions as the offer of such third party, the CBC shall accept such offer of such the Transferor, the Originator or such third party within the Aegon group appointed by the Transferor or any Originator.

If the CBC is required or permitted to sell or refinance Selected Mortgage Receivables, the CBC will offer the Selected Mortgage Receivables for sale to purchasers for the best terms reasonably available but in any event for an amount not less than the Adjusted Required Redemption Amount as reduced by or increased with, as the case may be, any swap termination payment due by the CBC to the relevant Swap Counterparty, or by the relevant Swap Counterparty to the CBC, in connection with the termination of the Swap Agreement related to the relevant Series or a relevant part thereof (if any), plus, in the case of Savings Mortgage Receivables, Savings Investment Mortgage Receivables and Bank Savings Mortgage Receivables which are subject to an Insurance Savings Participation or a Bank Savings Participation, respectively, an amount equal to the aggregate Insurance Savings Participations and the Bank Savings Participations.

If, on the date falling six (6) months before the first Extended Due for Payment Date of any Series outstanding, the Selected Mortgage Receivables have not been sold or refinanced (in whole or in part) for an amount equal to the Adjusted Required Redemption Amount (as reduced by or increased with, as the case may be, any swap termination payment due by the CBC to the relevant Swap Counterparty, or by the relevant Swap Counterparty to the CBC, in connection with the termination of the Swap Agreement related to the relevant Series or a relevant part thereof (if any)), plus, in the case of Savings Mortgage Receivables, Savings Investment Mortgage Receivables and Bank Savings Mortgage Receivables which are subject to an Insurance Savings Participation or a Bank Savings Participation, respectively, an amount equal to the aggregate Insurance Savings Participations and the Bank Savings Participations, then each month up to and including such Extended Due for Payment Date the CBC will (i) offer the Selected Mortgage Receivables for sale for the best terms reasonably available, including but not limited to the best price reasonably available, or (ii) seek to refinance the Selected Mortgage Receivables on the best terms reasonably available, both (i) and (ii) subject to the consent of the Security Trustee, notwithstanding that such amount may be less than the Adjusted Required Redemption Amount (plus, in the case of (a) each Savings Mortgage Receivable or Savings Investment Mortgage Receivable to which an Insurance Savings Participation applies, an amount equal to the relevant Insurance Savings Participation and (b) each Bank Savings Mortgage Receivable to which a Bank Savings Participation applies, an amount equal to the relevant Bank Savings Participation).

If the CBC intends to sell Selected Mortgage Receivables to a third party, it may appoint a Portfolio Manager. The CBC shall pay to the Portfolio Manager a success fee, which may consist of a percentage of the portfolio as agreed between the CBC and the Portfolio Manager and which shall only be payable upon sale of such portfolio and which may be deducted from the proceeds of the sale of the Selected Mortgage Receivables.

In respect of the sale or refinancing of Selected Mortgage Receivables following service of a Notice to Pay on the CBC, in addition to offering Selected Mortgage Receivables for sale to purchasers in respect of the Earliest Maturing Covered Bonds, the CBC (subject to the rights of pre-emption enjoyed by the Originator pursuant to the Guarantee Support Agreement) is under the Asset Monitoring Agreement permitted to sell a portfolio of Selected Mortgage Receivables, in accordance with the provisions summarised above, in respect of other Series and the CBC shall be required to do so if the Extended Due for Payment Date falls within twelve (12) months (or such other later date as the Security Trustee may approve) of such date.

In respect of any sale or refinancing of Selected Mortgage Receivables following the service of an Issuer Acceleration Notice, but prior to the service of a CBC Acceleration Notice, the CBC will instruct the Portfolio Manager to use all best efforts to procure that Selected Mortgage Receivables are sold as quickly as reasonably practicable (in accordance with the recommendations of the Portfolio Manager) taking into account the market conditions at that time and the scheduled repayment dates of the Covered Bonds and the terms of the Guarantee Support Agreement and the Asset Monitoring Agreement.

General Sales Requirements

The CBC shall ensure that the purchaser to which it sells the Selected Mortgage Receivables shall on or before the date of such purchase represent that it has not been granted a suspension of payments (*surseance van betaling verleend*), been declared bankrupt (*failliet verklaard*) or become subject to analogous insolvency proceedings under applicable law or otherwise be limited in its rights to dispose of its assets.

The terms of any sale and purchase agreement with respect to the sale of Selected Mortgage Receivables or the terms of any refinancing will be subject to the prior written approval of the Security Trustee.

If purchasers accept the offer or offers from the CBC, the CBC will, subject to the foregoing paragraph, enter into a sale and purchase agreement with the relevant purchasers which will require, among other things, a cash payment from the relevant purchasers.

Any such sale or any refinancing will not include any representations or warranties from the CBC in respect of the Selected Mortgage Receivables unless expressly agreed by the Security Trustee.

After a CBC Acceleration Notice has been served on the CBC, the Security Trustee may institute such proceedings or take such action as it thinks fit against the Issuer and the CBC to enforce its rights under the Trust Deed and the Security in accordance with the terms of the Trust Deed.

Sale of Substitution Assets

The Asset Monitoring Agreement provides that the CBC (or the Administrator on its behalf) shall sell all Substitution Assets as quickly as reasonably practicable, subject to the pre-emption rights enjoyed by the Transferor pursuant to the Guarantee Support Agreement, following service of an Issuer Acceleration Notice and a Notice to Pay.

ASSET MONITOR

Under the terms of the Asset Monitor Appointment Agreement, the Asset Monitor has been appointed as an independent accountant to perform the role as Asset Monitor. The Asset Monitor has agreed, subject to due receipt of the information to be provided by the Administrator to the Asset Monitor, to report on the findings resulting from the agreed upon procedures on certain calculations performed by the Administrator in respect of the Asset Cover Test, the Amortisation Test and the Mandatory Liquidity Required Amount as required by and in accordance with the Wft.

The Asset Monitor will carry out procedures in respect of such tests (i) in respect of one (1) Asset Cover Test conducted by the Administrator on or before the Calculation Date immediately preceding each anniversary of the Programme Date; (ii) as of the date on which an Amortisation Test will be performed, in respect of the Amortisation Test conducted by the Administrator on or before each Calculation Date; and (iii) in respect of one (1) calculation of the Mandatory Liquidity Required Amount as calculated by the Administrator on or before the Calculation Date immediately preceding each anniversary of the Programme Date.

Following a determination by the Asset Monitor of any material errors in the arithmetic accuracy of the calculations performed by the Administrator such that (a) the Asset Cover Test has been failed on the applicable Calculation Date (in respect of the previous month's end) (where the Administrator had recorded it as being satisfied) or (b) the Adjusted Aggregate Asset Amount or the Amortisation Test Aggregate Asset Amount is misstated by an amount exceeding 1% of the Adjusted Aggregate Asset Amount or the Amortisation Test Aggregate Asset Amount, as applicable, the Asset Monitor will be required to conduct such agreed upon procedures for each of the four consecutive Calculation Dates thereafter. If the agreed upon procedure in relation to the Mandatory Liquidity Required Amount reveals errors in the relevant calculations and consequently, such agreed upon procedure has failed, then the Asset Monitor shall promptly notify the CBC, the Administrator, the Security Trustee and the Issuer thereof.

The Asset Monitor is entitled, in the absence of manifest error, to assume that all information provided to it by the Administrator for the purpose of carrying out procedures in relation to such agreed upon procedures is true and correct and is complete and not misleading, and is not required to carry out procedures in relation to an agreed upon procedure or otherwise take steps to verify the accuracy of any such information. The Asset Monitor Report will be delivered by the Asset Monitor to the Administrator, the CBC, the Issuer and the Security Trustee and upon request of the Rating Agency, to the Rating Agency in accordance with the Asset Monitor Appointment Agreement. If the calculations performed by the Administrator have not been performed correctly, the Asset Monitor Report shall set out the correct calculation of the Asset Cover Test, the Amortisation Test or the Mandatory Liquidity Required Amount, as applicable.

Under the terms of the Asset Monitor Appointment Agreement the CBC will pay to the Asset Monitor a fee per test for the tests in relation to which the Asset Monitor will carry out procedures.

The CBC may, at any time, but subject to the prior written consent of the Security Trustee, terminate the appointment of the Asset Monitor by providing at least 30 days' prior written notice to the Asset Monitor, provided that such termination may not be effected unless and until a replacement asset monitor has been found by the CBC (such replacement to be approved by the Security Trustee, such approval not to be unreasonably withheld) which agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Appointment Agreement.

The Asset Monitor may, at any time, resign from its appointment under the Asset Monitor Appointment Agreement upon providing the CBC and the Security Trustee (copied to the Rating Agency) with 60 days' prior written notice. If a replacement asset monitor has not been found by the CBC within 60 days of notice of resignation by the Asset Monitor, the Asset Monitor shall immediately undertake to seek a replacement (such replacement to be approved by the Security Trustee, such approval not to be unreasonably withheld) which agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Appointment Agreement.

If a replacement asset monitor has not been found by the CBC within 30 days of the giving of notice of termination by the CBC, the Asset Monitor may identify a replacement (such replacement to be approved by the Security Trustee, such approval not to be unreasonably withheld) which agrees to perform the duties of the Asset Monitor set out in the Asset Monitor Appointment Agreement.

In the Trust Deed the Security Trustee agrees to, upon receipt of each Asset Cover Report, verify whether it states that the Asset Cover Test or Amortisation Test, as the case may be, has been passed or failed.

Pool Audit

Under the terms of the Trust Deed and pursuant to the Wft, the Issuer shall undertake to request, at least once a year, an independent auditor to perform an agreed upon procedure on a sample of randomly selected mortgage files.

17. SWAPS

General

The CBC is only permitted to enter into swap agreements with (a) Aegon Bank (with appropriate collateralisation requirements if at such time Aegon Bank is no longer an Eligible Swap Counterparty) or (b) third party Eligible Swap Counterparties, as the case may be. The Security Trustee shall be a party to such Swap Agreements only for the purposes of taking certain benefits and assuming certain obligations with respect to making determinations on behalf of the CBC. An Issuer Event of Default will not constitute an event of default or a termination event under any Swap Agreement.

Rating downgrade language acceptable to the Rating Agency will be included in the Swap Agreements in relation to the Swap Counterparties.

Upon the termination of a Swap Agreement, the CBC or any Swap Counterparty may be liable to make a termination payment to the other party in accordance with the provisions of the relevant Swap Agreement. The amount of this early termination payment will be calculated and made in euro or such other currency as may be agreed. In the event that such a termination payment is payable by the CBC following the service of an Issuer Acceleration Notice, such amount will in most cases (see the applicable priority of payments below) rank ahead of any principal amounts in respect of Swap Agreements due on the Covered Bonds except where default by, or downgrade of, the relevant Swap Counterparty has caused the relevant Swap Agreement to terminate.

Portfolio Swap Agreements

There may be differences between the amounts of interest (i) received in respect of the Mortgage Receivables (the rates applicable to which may, for instance, include variable rates of interest, discounted rates of interest, fixed rates of interest or rates of interest which track a base rate), the other Transferred Assets and the CBC Transaction Accounts and (ii) payable in respect of the outstanding Covered Bonds. The CBC may at the instruction of the Issuer elect to enter into Portfolio Swap Agreements in order to hedge certain mismatches in respect of one or more Series or all Series of Covered Bonds, whereby the revenue scheduled to be received on all Transferred Assets multiplied by the Portfolio Swap Fraction is exchanged for a fixed or floating rate of interest on the relevant Series of Covered Bonds.

Interest Rate Swap Agreements

There may be differences between the amounts of interest (i) received in respect of the Mortgage Receivables (the rates applicable to which may, for instance, include variable rates of interest, discounted rates of interest, fixed rates of interest or rates of interest which track a base rate), the other Transferred Assets and the CBC Transaction Accounts and (ii) payable in respect of the outstanding Covered Bonds. The CBC may at the instruction of the Issuer elect to enter into Interest Rate Swap agreements in order to hedge certain mismatches in respect of one or more Series.

18. CASH FLOWS

- A. For as long as no Assignment Notification Event has occurred or a Breach of Asset Cover Test Notice is served (which is not remedied) and no Notice to Pay or CBC Acceleration Notice has been served, pursuant to the Guarantee Support Agreement, the CBC is not entitled to receive or retain any proceeds from the Transferred Assets; such proceeds will all be received and retained by the Transferor for its own benefit. Pursuant to the Trust Deed, the following will then apply:
- (i) all costs and expenses of the CBC, including but not limited to any costs and expenses of the Security Trustee and the Stichting Holding and other amounts due listed under item (a) up to and including (d) of the CBC Priority of Payments and any NHG Advance Right Repayment Amount to be repaid to Stichting WEW, but excluding any negative interest amounts and expenses already paid in accordance with the CBC Account Agreement, will be paid on behalf of the CBC by the Issuer for its own account as consideration for the CBC issuing the Guarantee;
 - (ii) all amounts to be paid and received, respectively by the CBC under the Insurance Savings Participation Agreement, the Bank Savings Participation Agreement and/or any Swap Agreement will be paid and received, respectively on behalf of the CBC by the Issuer for its own account, except that any Swap Collateral Amounts will be delivered directly by the relevant Swap Counterparty to the CBC irrespective of whether any Assignment Notification Event has occurred or any Breach of Asset Cover Test Notice is served (which is not remedied) or Notice to Pay or CBC Acceleration Notice has been served at such time and, accordingly, any payments or deliveries to be made in respect of the Collateral Return Payments shall be made directly by the CBC to the relevant Swap Counterparty;
 - (iii) on each CBC Payment Date the CBC (or the Administrator on its behalf) will distribute all amounts (if any) then standing to the credit of the CBC Transaction Accounts (except for any collateral provided by a Swap Counterparty and the balance standing to the credit of the Reserve Account) to the Issuer to the extent such will not result in a breach of the Asset Cover Test.
- B. If an Assignment Notification Event occurs or a Breach of Asset Cover Test Notice (which is not remedied) or a Notice to Pay or CBC Acceleration Notice is served on the CBC, pursuant to the Guarantee Support Agreement, the CBC shall, subject to the rights of the Security Trustee as pledgee, be entitled to receive for its own benefit all proceeds of the Transferred Assets to the extent relating to the period following such Assignment Notification Event or service of a Breach of Asset Cover Test Notice (which is not remedied) or a Notice to Pay or a CBC Acceleration Notice. Pursuant to the Trust Deed, the following will apply:
- (i) if an Assignment Notification Event has occurred or a Breach of Asset Cover Test Notice has been served (which is not remedied) (but no Notice to Pay or Issuer Acceleration Notice or CBC Acceleration Notice has been served), all costs and expenses and all amounts to be paid and received under the Swap Agreements, the Insurance Savings Participation Agreements and/or the Bank Savings Participation Agreement will continue to be settled on behalf of the CBC by the Issuer (except that (i) the Collateral Return Payments shall be made directly to the relevant Swap Counterparty and (ii) after an Assignment Notification Event only, the NHG Advance Right Repayment Amount (as deducted from the enforcement proceeds) shall be repaid by the CBC directly to Stichting WEW) and all amounts standing to the credit of the CBC Transaction Accounts (except for Swap Collateral Amounts and the Reserve Account) will after payment of costs be distributed as set out abovementioned, provided that after a Breach of Asset Cover Test Notice is served no amounts will be distributed until such breach is remedied;
 - (ii) if an Issuer Acceleration Notice and a Notice to Pay have, but no CBC Acceleration Notice has, been served, the CBC (or the Administrator on its behalf) will apply the Available Revenue Funds and the Available Principal Funds in accordance with the CBC Priority of Payments and pay the Insurance Savings Participation Redemption Available Amounts to the Insurance Savings Participant and the Bank Savings Participation Redemption Available Amount to the Bank Savings Participant; and
 - (iii) if a CBC Acceleration Notice has been served, all moneys received or recovered by the Security Trustee or any other Secured Creditor and all moneys held by or on behalf of the CBC will be applied in accordance with the Post CBC Acceleration Notice Priority of Payments except for any Insurance Savings Participation Redemption Available Amounts which will be paid to the Savings Participant and except for any Bank Savings Participation Available Amount which will be paid to the Bank Savings Participant and except for any collateral to be provided by a Swap Counterparty

following its downgrade which shall first be subject to the provisions set out in the relevant Swap Agreement.

Reserve Account Required Amount and Mandatory Liquidity Required Amount

Pursuant to the Trust Deed, on the Programme Date and on each date thereafter the Issuer will be required to credit to the Reserve Account an amount equal the Reserve Account Required Amount (see further section 18 (*Cash Flows - CBC Transaction Accounts, Swap Replacement Ledger and Custody*) below).

Payments with respect to Covered Bonds and Swap Agreements during a CBC Payment Period (other than on the CBC Payment Date on which the CBC Payment Period commences)

Following the service of an Issuer Acceleration Notice and a Notice to Pay, pursuant to the Trust Deed, the Available Revenue Funds and the Available Principal Funds (less any amounts payable to third parties incurred by the CBC in its ordinary course of its business, which may be paid on each day by the CBC) will be applied in accordance with the CBC Priority of Payments on each CBC Payment Date, which dates will occur monthly. Payments in respect of interest and principal on a Series of Covered Bonds and, in respect of Swap Agreements, may however become due and payable on other days than on the relevant CBC Payment Date during a CBC Payment Period. Such amounts will be payable by the CBC on the date on which such payments become due and payable as follows:

- (i) in respect of a Series of Covered Bonds to the extent that the CBC has entered into a Swap Agreement with respect to such Series of Covered Bonds, from the amounts received under the relevant Swap Agreement connected to such Series after the CBC Payment Date on which the relevant CBC Payment Period commenced;
- (ii) from the amounts reserved for such Series of Covered Bonds or such Swap Agreement pursuant to item (e) or (f) of the CBC Priority of Payments (as applicable) on the CBC Payment Date on which the relevant CBC Payment Period commenced; and
- (iii) in respect of a Series of Covered Bonds to the extent not so paid in full following application of the funds available in accordance with (i) and (ii) above, from the amounts as were credited to the CBC Transaction Accounts in accordance with item (i) of the CBC Priority of Payments on the CBC Payment Date on which the relevant CBC Payment Period commenced.

Cash Collection Arrangements

Payments by the Borrowers under the Mortgage Loans are due on the first day of each calendar month, interest being payable in arrear. Prior to the notification of an Assignment Notification Event or, in case of Mortgage Receivables originated by Aegon Leven or Aegon Hypotheken, prior to notification of both an Assignment Notification Event and an Originator Assignment Notification Event in respect of Aegon Leven or Aegon Hypotheken, respectively, all payments made by Borrowers will be paid into the collection account held by Aegon Nederland N.V. with the Aegon Collection Account Bank. The balance on this account is not pledged to any party, other than to the Aegon Collection Account Bank pursuant to the applicable general terms and conditions. Such collection account will also be used for the collection of moneys paid in respect of mortgage loans other than Mortgage Loans and in respect of other moneys belonging to entities of the Aegon group.

In the Guarantee Support Agreement the CBC, the Transferor and the Originators have agreed that following an Assignment Notification Event, but prior to an Originator Assignment Notification Event, the relevant Originator shall pay to the CBC all amounts paid by the relevant Borrowers to it, or to a party to which the relevant Borrower is instructed to pay by the Originator, under the Mortgage Receivables originated by it and which are assigned by the Transferor to the CBC on a monthly basis to the extent such proceeds relate to the period following such Assignment Notification Event (unless remedied) and the relevant Originator will no longer transfer such proceeds to the Transferor.

For the purposes hereof:

"Available Principal Funds" means on a Calculation Date an amount equal to the aggregate of (without double counting):

- (i) the amount of Principal Receipts received during the previous calendar month;

- (ii) any amounts of principal received from any Substitution Asset (not forming part of the Available Revenue Funds);
- (iii) the principal amount of any Transferred Collateral in the form of cash (other than pursuant to a Swap Agreement) received during the previous calendar month;
- (iv) any amount required to be transferred to the CBC Account in accordance with item (i) of the CBC Priority of Payments (for the purpose of determining such amount this item (iv) will not be included in the Available Principal Funds for determining the amount available for application to such item (i));
- (v) all amounts in respect of principal (if any) received or to be received by the CBC under the Transaction Documents (other than the Savings Participation Agreements and other than any Swap Collateral Amounts posted under the Swap Agreements) on the relevant CBC Payment Date (or in the CBC Payment Period immediately preceding the relevant CBC Payment Date but excluding the preceding CBC Payment Date);
- (vi) any amounts received in the preceding calendar month as Excess Proceeds to the extent such proceeds do not relate to interest; and
- (vii) any amounts reserved on the immediately preceding CBC Payment Date to the extent not applied towards payment of the relevant Series of Covered Bonds or the relevant Swap Agreement or a higher ranking item than payment of the relevant Series of Covered Bonds or the relevant Swap Agreement in the CBC Priority of Payments prior to the relevant CBC Payment Date to the extent relating to principal.

"Available Revenue Funds" means on a Calculation Date an amount equal to the aggregate of (without double counting):

- (i) the amount of Interest Receipts received during the previous calendar month;
- (ii) other net income of the CBC including all amounts of interest received on the CBC Transaction Accounts (excluding the Swap Cash Collateral Account) and the Substitution Assets in the preceding calendar month;
- (iii) all amounts in respect of interest received or to be received by the CBC under the Swap Agreements on the relevant CBC Payment Date (or in the CBC Payment Period immediately preceding the relevant CBC Payment Date but excluding the preceding CBC Payment Date) except for any payments in respect of interest received under the Swap Agreements (other than the Portfolio Swap Agreements) that have been applied towards payment of a Series of Covered Bonds (and, for the avoidance of doubt, excluding Swap Collateral Amounts);
- (iv) any amounts on the Reserve Account released in accordance with the Trust Deed;
- (v) any amounts received as Excess Proceeds in the CBC Payment Period immediately preceding the relevant CBC Payment Date to the extent such proceeds do not relate to principal;
- (vi) any amounts to the extent not relating to principal, reserved on the immediately preceding CBC Payment Date to the extent not applied towards payment of the relevant Series of Covered Bonds or the relevant Swap Agreement or a higher ranking item than payment of the relevant Series of Covered Bonds or the relevant Swap Agreement in the CBC Priority of Payments prior to the relevant CBC Payment Date;
- (vii) any Excess Swap Replacement Amounts as shall be standing to the credit of the Swap Replacement Ledger on the relevant CBC Payment Date; and
- (viii) any other amounts standing to the credit of the CBC Account, to the extent not relating to principal, not excluded by virtue of (i) to (vii) above;

less

- (ix) on the first CBC Payment Date of each year, an amount equal to 10 per cent. of the annual fixed operational expenses of the CBC, with a minimum of euro 2,500.

"Mandatory Liquidity Required Amount" on any date, such amount as required to be reserved pursuant to the CB Regulations as liquid assets (*liquide activa*) (set out in article 20e(1) of the Implementing Regulation of the Wft (*Uitvoeringsregeling Wft*)) for registered covered bonds to meet the interest payment obligations under the Covered Bonds for the following six (6) months or such other amount as the CB Regulations may require from time to time, being at the date hereof an amount equal to the total of:

- (i) the aggregate amount of interest payable under all Covered Bonds for the following six (6) months; plus

- (ii) an amount equal to the amounts payable to third parties under the items ranking senior to the interest payments under item (i) above in the relevant Priority of Payments within the period of the immediately following six (6) months; less
- (iii) an amount equal to the expected cash flows received by the CBC on the Transferred Assets within the period of the immediately following six (6) months and the other amounts available on the Transaction Accounts (including the Reserve Account).

"Reserve Account Required Amount" means:

- a) until the occurrence of a Reserve Account Trigger Event: an amount equal to the Mandatory Liquidity Required Amount; and
- b) following the occurrence of a Reserve Account Trigger Event: an amount equal to the higher of:
 - (i) the Mandatory Liquidity Required Amount; and
 - (ii) the Reserve Trigger Required Amount;

"Reserve Account Trigger Event" means if any of the Long-Term Issuer Credit Ratings falls below the minimum ratings as determined to be applicable or agreed by a relevant Rating Agency from time to time, being as at the Programme Date a Long-term Issuer Credit Rating of 'A' by S&P.

"Reserve Trigger Required Amount" means an amount equal to:

- (a) the aggregate for all Series of:
 - (i) to the extent that no Swap has been entered into in relation to a Series, the aggregate Scheduled Interest for each such Series due in the three following CBC Payment Periods; and
 - (ii) to the extent that a Swap has been entered into in relation to a Series:
 - A. if Aegon Bank is the Swap Counterparty for such Swaps in relation to the relevant Series, the higher of:
 - 1. the aggregate Scheduled Interest due; and
 - 2. the aggregate interest component due by the CBC under such Swap for such Series in the three following CBC Payment Periods, all as calculated on each relevant Calculation Date; or
 - B. if a party other than Aegon Bank is the relevant Swap Counterparty for such Swaps entered into in respect of the relevant Series, the aggregate interest component due by the CBC under the relevant Swap Agreements in the three following CBC Payment Periods; or
 - C. if a party other than Aegon Bank is the relevant Swap Counterparty in respect of the Swaps entered into in respect of that Series and Aegon Bank is the Swap Counterparty in respect of the other Swap(s) entered into in respect of that Series, the higher of: (1) the aggregate Scheduled Interest due; and (2) the aggregate interest component due by the CBC under such Swaps for such Series in the three following CBC Payment Periods, all as calculated on each relevant Calculation Date,

plus

- (b) to the extent not covered in the relevant Swap, the sum of 0.045 per cent. of the Principal Amount Outstanding of the Covered Bonds on such Calculation Date (or, as applicable, such last issue date) and EUR 30,000.

CBC PRIORITY OF PAYMENTS

On each CBC Payment Date following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice and a Notice to Pay, but prior to the service of a CBC Acceleration Notice, the Available Revenue Funds and the Available Principal Funds (less any amounts payable to third parties incurred by the CBC in the ordinary course of its business, which may be paid on each day by the CBC) will pursuant to the Trust Deed be applied or reserved (in respect of the immediately following CBC Payment Period (which, for the avoidance of doubt, in this priority of payments commences on such CBC Payment Date)), as the case may be, in the following order of priority (the "**CBC Priority of Payments**"), in each case only if and to the extent that payments or provisions of a higher priority have been made in full:

- (a) *first*, in or towards satisfaction of (i) all amounts due and payable or to become due and payable to the Security Trustee in the immediately following CBC Payment Period under the provisions of the Trust Deed and (ii) any (remaining) NHG Advance Right Repayment Amount required to be repaid to Stichting WEW which could not be repaid from the amounts deducted from the enforcement proceeds of the relevant Mortgage Loan;
- (b) *second*, in or towards satisfaction of taxes owing by the CBC to any tax authority accrued and unpaid (to the extent such amounts cannot be paid out of item (ix) of the Available Revenue Funds);
- (c) *third*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts owing *thereto* of any remuneration and any costs, charges, liabilities and expenses then due and payable to the Paying Agents or the Registrar under or pursuant to the Agency Agreement and to any Calculation Agent under any Calculation Agency Agreement or Agency Agreement;
- (d) *fourth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts owing *thereto* of:
 - (i) any remuneration then due and payable to the Servicer and any costs, charges, liabilities and expenses then due or to become due and payable to the Servicer in the immediately following CBC Payment Period under the provisions of the Servicing Agreement;
 - (ii) any remuneration then due and payable to the Administrator and any costs, charges, liabilities and expenses then due or to become due and payable to the Administrator in the immediately following CBC Payment Period under the provisions of the Administration Agreement;
 - (iii) any remuneration then due and payable to the Back-up Administrator and any costs, charges, liabilities and expenses then due or to become due and payable to the Back-up Administrator in the immediately following CBC Payment Period under the provisions of the Back-up Administration Agreement;
 - (iv) any amounts (if any) due and payable to the CBC Account Bank (including any costs and negative interest) pursuant to the terms of the CBC Account Agreement;
 - (v) any amounts (including costs and expenses) due and payable to the Directors; and
 - (vi) any amounts due and payable to the Asset Monitor (other than the amounts referred to in paragraph (k) below) pursuant to the terms of the Asset Monitor Appointment Agreement;
- (e) *fifth*, to each Portfolio Swap Counterparty in or towards satisfaction or to be reserved for payment *pro rata* and *pari passu* in accordance with the respective amounts owing *thereto* of all amounts (including any termination payment due and payable by the CBC under the relevant Portfolio Swap Agreement to the extent *not* paid from any Swap Replacement Amounts, but excluding any Excluded Portfolio Swap Termination Amount) then due to it or as will become due and payable to it in the immediately following CBC Payment Period under the relevant Portfolio Swap Agreement;
- (f) *sixth*, in or towards satisfaction or to be reserved for payment *pro rata* and *pari passu* in accordance with the respective amounts owing *thereto* of:
 - (i) all amounts (including any termination payment due and payable by the CBC under the relevant Swap Agreement to the extent not paid from any Swap Replacement Amounts but excluding any Excluded Swap Termination Amount) then due to each Swap Counterparty (other than to a Portfolio Swap Counterparty, which is paid under item (e) above) or as will become due and payable to it in the immediately following CBC Payment Period under the relevant Interest Swap Agreement; and
 - (ii) all Scheduled Interest that is Due for Payment or will become Due for Payment in the immediately succeeding CBC Payment Period under the Guarantee in respect of any Series of Covered Bonds to the extent that such amounts (i) are not scheduled to be paid in the relevant CBC Payment Period from amounts received (or to be received) under any Swap Agreement connected to such Series or (ii) are scheduled to be paid in the immediately succeeding CBC Payment Period from amounts received (or to be received) under any Swap Agreement connected to such Series but

the Administrator determines in its sole discretion may not be available as scheduled due to the potential non-performance by a Swap Counterparty of its obligations pursuant to the relevant Swap Agreement;

- (g) *seventh*, in or towards satisfaction of any sums required to replenish the Reserve Account up to the amount of the Reserve Account Required Amount;
- (h) *eighth*, in or towards satisfaction or to be reserved for payment, *pro rata* and *pari passu* according to the respective amounts owing thereto, of all Scheduled Principal that is Due for Payment or will become Due for Payment in the immediately succeeding CBC Payment Period under the Guarantee in respect of any Series of Covered Bonds;
- (i) *ninth*, to deposit the remaining moneys in the CBC Account for application on the next following CBC Payment Date in accordance with this priority of payments of items (a) to (h) (inclusive), until the Covered Bonds have been fully repaid or provided for (such that the Required Redemption Amount has been accumulated in respect of each outstanding Series);
- (j) *tenth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts owing thereto of any Excluded Swap Termination Amount due and payable by the CBC to the relevant Swap Counterparty under the relevant Swap Agreement;
- (k) *eleventh*, in or towards satisfaction of any indemnity amount due to the Transferor pursuant to the Guarantee Support Agreement and certain costs, expenses and indemnity amounts due by the CBC to the Asset Monitor pursuant to the Asset Monitor Appointment Agreement; and
- (l) *twelfth*, thereafter any remaining moneys will be paid to the Issuer.

POST CBC ACCELERATION NOTICE PRIORITY OF PAYMENTS

Under the terms of the Trust Deed, each of the Secured Creditors agrees that all moneys received or recovered by the Security Trustee or any other Secured Creditor (and paid to the Security Trustee in accordance with the Parallel Debt Agreement, whether in the administration, liquidation of the CBC or otherwise) following the occurrence of a CBC Event of Default and service of a CBC Acceleration Notice, the Security shall become enforceable, less an amount to which the Insurance Savings Participant and the Bank Savings Participant shall be entitled (which shall be equal to (A) the Insurance Savings Participation in each of the Savings Mortgage Receivables and each of the Savings Investment Mortgage Receivables to which the Insurance Savings Participation Agreement apply or, if the amount recovered in respect of such Savings Mortgage Receivable or Savings Investment Mortgage Receivable is less than the Insurance Savings Participation, an amount equal to the amount actually recovered, or (B) the Bank Savings Participation in each of the Bank Savings Mortgage Receivables to which the Bank Savings Participation Agreements apply or, if the amount recovered in respect of such Bank Savings Mortgage Receivable is less than the Bank Savings Participation, an amount equal to the amount actually recovered) and except for Swap Collateral Amounts (which shall first be subject to the provisions set out in the relevant Swap Agreement) will be applied following the enforcement of the security rights in the following order of priority (the "**Post CBC Acceleration Notice Priority of Payments**"), in each case only if and to the extent that payments or provisions of a higher priority have been made in full:

- (a) *first*, in or towards satisfaction of (i) all amounts due and payable or to become due and payable to the Security Trustee under the provisions of the Trust Deed and (ii) any (remaining) NHG Advance Right Repayment Amount required to be repaid to Stichting WEW which could not be repaid from the amounts deducted from the enforcement proceeds of the relevant Mortgage Loan;
- (b) *second*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts owing thereto, of any remuneration and any costs, charges, liabilities and expenses then due and payable to the Paying Agents or the Registrar under or pursuant to the Agency Agreement and to any Calculation Agent under any Calculation Agency Agreement or Agency Agreement;
- (c) *third*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts owing thereto, of:
 - (i) any remuneration then due and payable to the Servicer and any costs, charges, liabilities and expenses then due or to become due and payable to the Servicer under the provisions of the Servicing Agreement;
 - (ii) any remuneration then due and payable to the Administrator and any costs, charges, liabilities and expenses then due or to become due and payable to the Administrator under the provisions of the Administration Agreement;
 - (iii) any remuneration then due and payable to the Back-up Administrator and any costs, charges, liabilities and expenses then due or to become due and payable to the Back-up Administrator under the provisions of the Back-up Administration Agreement;
 - (iv) any amounts (if any) due and payable to the CBC Account Bank (including any costs and negative interest) pursuant to the terms of the CBC Account Agreement;
 - (v) amounts (including costs and expenses) due to the Directors;
- (d) *fourth*, to each Portfolio Swap Counterparty in or towards satisfaction, *pro rata* and *pari passu* in accordance with the respective amounts owing thereto, of any amounts due under the relevant Portfolio Swap Agreement (including any termination payment due and payable by the CBC under the relevant Portfolio Swap Agreement to the extent not paid from any Swap Replacement Amounts but excluding any Excluded Portfolio Swap Termination Amount);
- (e) *fifth*, in or towards satisfaction, *pro rata* and *pari passu* according to the respective amounts owing thereto, of any amounts due and payable:
 - (i) to the Swap Counterparties under the relevant Swap Agreements (other than under a Portfolio Swap Agreement, which is paid under item (d) above) (including, but not limited to, any termination payment due and payable by the CBC under the relevant Interest Swap Agreement to the extent not paid from any Swap Replacement Amounts but excluding any Excluded Swap Termination Amounts); and
 - (ii) to the Covered Bondholders *pro rata* and *pari passu* in respect of interest due and payable on each Series in accordance with the Guarantee;
- (f) *sixth*, in or towards satisfaction, *pro rata* and *pari passu* according to the respective amounts thereof, of any amounts due and payable to the Covered Bondholders *pro rata* and *pari passu* in respect of principal due and payable on each Series in accordance with the Guarantee;

- (g) *seventh*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts owing thereto, of any Excluded Swap Termination Amounts due and payable by the CBC to the relevant Swap Counterparty under the relevant Swap Agreement;
- (h) *eighth*, in or towards satisfaction of any indemnity amount due to the Transferor pursuant to the Guarantee Support Agreement and certain costs, expenses and indemnity amounts due by the CBC to the Asset Monitor pursuant to the Asset Monitor Appointment Agreement; and
- (i) *ninth*, thereafter any remaining moneys will be paid to the Issuer.

The Security Trustee shall give notice to the Covered Bondholders in accordance with Condition 14 (*Notices*) of the date fixed for any payment under the Priorities of Payments. Any payment to be made in respect of the Covered Bonds or Coupons of any Series by the Issuer, the CBC or the Security Trustee may be made in the manner provided in the Conditions, the Agency Agreement and the Trust Deed and any payment so made shall discharge (*kwijten*) the Security Trustee to the extent made.

CBC TRANSACTION ACCOUNTS, SWAP REPLACEMENT LEDGER AND CUSTODY

CBC Account

Pursuant to the terms of the CBC Account Agreement entered into on the Programme Date between the CBC, BNG Bank N.V. as CBC Account Bank and the Security Trustee, the CBC will maintain, with the CBC Account Bank, the CBC Account:

- into which are paid all amounts received by the CBC in respect of Transferred Assets; and
- moneys standing to the credit of which will on each CBC Payment Date be applied by the Administrator in accordance with the relevant Priority of Payments as described above in more detail.

CBC Account Bank Rating

If the unsecured, unsubordinated and unguaranteed debt obligations of the CBC Account Bank cease to be rated the relevant ratings (as required at the date of this Base Prospectus being at least the Requisite Credit Rating) then within the Relevant Remedy Period of such occurrence either (unless no financial institution is available that has the Requisite Credit Rating):

- the CBC Account will be closed and new accounts opened under the terms of a new CBC Account Agreement substantially on the same terms as the CBC Account Agreement with a financial institution whose short term, unsecured, unsubordinated and unguaranteed debt obligations are rated at least the Requisite Credit Rating; or
- the CBC Account Bank will obtain a guarantee of its obligations under the CBC Account Agreement on terms acceptable to the Security Trustee, acting reasonably, from a financial institution whose short term, unsecured, unsubordinated and unguaranteed debt obligations are rated at least the Requisite Credit Rating in accordance with the guarantee criteria of S&P prevailing at such time.

Interest Rate

Pursuant to the CBC Account Agreement, the CBC Account Bank has agreed to pay interest on the CBC Transaction Accounts Funds at the rate determined in accordance with the CBC Account Agreement. In the event that the interest rate in respect of any of the CBC Transaction Accounts is less than zero, such amount will be payable by the CBC or the Issuer on behalf of the CBC to the CBC Account Bank.

Additional Accounts

The CBC and the CBC Account Bank may from time to time agree to create additional accounts for the purpose of making deposits with a different interest rate in the name of the CBC with the CBC Account Bank (provided that the Security Trustee has consented in writing). Any such additional accounts will be kept separate from the CBC Account to which it is connected. The CBC may only transfer amounts from such additional accounts to the relevant CBC Account to which it is connected and any amount to be transferred to such additional accounts may only be transferred from the relevant CBC Account.

In the event the CBC is obliged to open any other accounts than the CBC Account, the CBC Account Bank will, on the instructions of the CBC, open such new accounts under the terms of this CBC Account Agreement in the name of the CBC.

Reserve Account

Pursuant to the Trust Deed, the CBC has opened the Reserve Account which will be credited by the Issuer with an amount equal to the Reserve Account Required Amount.

After the earlier of (i) the date falling three (3) months after the occurrence of an Assignment Notification Event pursuant to which the relevant Borrowers have been notified and have been instructed to direct any payments under such Mortgage Receivables to the CBC or (ii) the date on which the CBC demonstrates that the relevant Borrowers pay the required amounts under the Mortgage Receivables to the CBC, the Reserve Trigger Required Amount will be reduced to zero. Any amounts which may be released from the Reserve Account will be added to certain other income of the CBC in calculating the Available Revenue Funds and applied in accordance with the relevant Priority of Payments.

In case the Available Revenue Funds and the Available Principal Funds are, on a CBC Payment Date, insufficient to meet items (a) to (f) inclusive of the CBC Priority of Payments, all amounts credited to the Reserve Account will be available on such CBC Payment Date to meet items (a) to (f) inclusive of the CBC Priority of Payments and will be released accordingly and form part of the Available Revenue Funds.

In the Interim Period all amounts credited to the Reserve Account will be available to meet any amount of interest due on any Series of Covered Bonds in such Interim Period and will be released accordingly to pay directly, outside any Priority of Payments, any amount of Scheduled Interest due on the Covered Bonds. If the amount credited to the Reserve Account exceeds the Reserve Account Required Amount, such excess will be released and will form part of the Available Revenue Funds.

Swap Replacement Ledger

The CBC has opened a Swap Cash Collateral Account. The CBC shall maintain the Swap Replacement Ledger to which it shall credit the Swap Replacement Amounts. Pursuant to the Administration Agreement, the CBC has agreed that it shall only debit to the Swap Replacement Ledger the following amounts:

- (i) those amounts payable to the replacement Swap Counterparty by the CBC in consideration of the entry into between the CBC and such replacement Swap Counterparty of a swap transaction to replace any Swap Agreement, to the extent that Swap Replacement Amounts have been received by the CBC in respect to such swap transaction as is being so replaced; and
- (ii) those amounts payable by the CBC to a Swap Counterparty in respect of the termination of any Swap Agreement, to the extent that Swap Replacement Amounts have been received by the CBC in respect to such swap transaction as is being so terminated,

provided that any Excess Swap Replacement Amounts debited to the Swap Replacement Ledger under paragraphs (i) or (ii) above shall be debited from the Swap Replacement Ledger and shall form part of the Available Revenue Funds on the immediately succeeding CBC Payment Date and shall be distributed on such CBC Payment Date accordingly.

Custody

The CBC has appointed the Custodian to provide custody services in relation to certain securities which qualify as Substitution Assets or other collateral transferred to the CBC if such securities are transferred to the CBC or other collateral transferred to the CBC. Such securities and any other collateral will be serviced in accordance with the Custody Agreement.
