### Aegon Bank N.V. as Seller

*(incorporated as a public company with limited liability (naamloze vennootschap) under Dutch law)*

This document constitutes a prospectus (the **Prospectus**) within the meaning of Articles 3(3) of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 (the **Prospectus Regulation**). This Prospectus has been approved by the Dutch Authority for the Financial Markets (*Stichting Autoriteit Financiële Markten*) (the **AFM**), as competent authority under the Prospectus Regulation. The AFM only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer and the quality of the securities that are the subject of this Prospectus and investors should make their own assessment as to the suitability of investing in the Notes. **This Prospectus is valid for use only by the Issuer or others who have obtained the Issuer's consent for a period of up to 12 months after its approval by the AFM and shall expire on 26 May 2021, at the latest.** It is noted that the obligation to supplement the Prospectus in the event of significant new factors, material mistakes or material inaccuracies does not apply when the Prospectus is no longer valid. For this purpose, "valid" means valid for making offers to the public or admissions to trading on a regulated market by or with the consent of the Issuer and the obligation to supplement the Prospectus is only required within its period of validity between the time when the Prospectus is approved and the closing of the offer period for the Notes or the time when trading on a regulated market begins, whichever occurs later.

*Capitalised terms used in this Prospectus have the meanings ascribed thereto in section Glossary of Defined Terms and the principles of interpretation as set out therein shall apply to this Prospectus. Unless indicated otherwise, the capitalised terms conform to the RMBS Standard.*

Underlying Assets	The Issuer will make payments on the Notes from, <i>inter alia</i> , payments of principal and interest received from a portfolio solely comprising mortgage loans originated by the Originator and secured over residential properties located in The Netherlands. The Originator has assigned legal title of the Mortgage Receivables

	resulting from Mortgage Loans originated by it to the Seller prior to the Closing Date. Legal title of all Mortgage Receivables will be assigned by the Seller to the Issuer on the Closing Date and, subject to certain conditions being met, on any Reconciliation Date thereafter up to and including the Reconciliation Date immediately preceding the First Optional Redemption Date for as long as no Enforcement Notice is served. See Description of Mortgage Loans in section <i>Portfolio Information</i> for more details.
<b>Security for the Notes</b>	The Noteholders will, together with the other Secured Creditors, benefit from security rights created in favour of the Security Trustee over, <i>inter alia</i> , the Mortgage Receivables, the Issuer Rights and the Issuer's claims in respect of the Issuer Accounts (see <i>Security</i> in section <i>The Notes</i> ).
<b>Denomination</b>	The Notes will have a minimum denomination of EUR 100,000 and integral multiples of EUR 1,000 in excess thereof up to and including EUR 199,000.
<b>Form</b>	The Notes will be in registered form and evidenced by Note Certificates, without coupons attached.
<b>Interest</b>	The Class A Notes will carry a fixed rate of interest as set out above, payable quarterly in arrear on each Notes Payment Date. The Class B Notes will not carry any interest. See further Condition 4 ( <i>Interest</i> ).
<b>Redemption Provisions</b>	Payments of principal on the Notes will be made quarterly in arrear on each Notes Payment Date in the circumstances set out in, and subject to and in accordance with, the Conditions. The Notes will mature on the Final Maturity Date. On the First Optional Redemption Date and each succeeding Optional Redemption Date and in certain other circumstances, the Issuer will have the option to redeem all (but not only part) of the Notes. See further Condition 6 ( <i>Redemption</i> ).
<b>Subscription and Sale</b>	The Notes Purchaser has agreed to purchase at the Closing Date, subject to certain conditions precedent being satisfied, the Notes.
<b>Credit Rating Agencies</b>	Each of Fitch and S&P is established in the European Union and is registered under the CRA Regulation. As such each of the Credit Rating Agencies is included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation at <a href="http://www.esma.europa.eu/page/list-registered-and-certified-CRAs">www.esma.europa.eu/page/list-registered-and-certified-CRAs</a> .
<b>Ratings</b>	<p>Ratings will be assigned to the Class A Notes as set out above. The ratings assigned by Fitch and S&amp;P address the likelihood of (a) timely payment of interest due to the Noteholders and (b) full payment of principal by a date that is not later than the Final Maturity Date. The Class B Notes will not be rated.</p> <p><b>The assignment of ratings to the Class A Notes is not a recommendation to invest in the Class A Notes. Any credit rating assigned to the Class A Notes may be reviewed, revised, suspended or withdrawn at any time. Any such review, revision, suspension or withdrawal could adversely affect the market value of the Class A Notes.</b></p>
<b>Listing</b>	Application has been made to list the Class A Notes on the official list and trading on the regulated market of Euronext Amsterdam. The Class B Notes will not be listed. This Prospectus has been approved by the AFM and constitutes a prospectus for the purposes of the Prospectus Regulation.
<b>Eurosystem eligibility</b>	The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Class A Notes will be issued under the new safekeeping structure (NSS) and are intended upon issue to be deposited with Euroclear or Clearstream, Luxembourg as common safekeeper. It does not necessarily mean that the Class A Notes will be recognised as Eurosystem Eligible Collateral either upon issue or at any or all times during their life. Such recognition will depend, <i>inter alia</i> , upon satisfaction of the Eurosystem eligibility criteria, as amended from time to time. The Class B Notes are not intended to be held in a manner which allows Eurosystem eligibility.

<b>Limited recourse obligations</b>	The Notes will be limited recourse obligations of the Issuer alone and will not be the obligations of, or guaranteed by, or be the responsibility of, any other entity. The Issuer will have limited sources of funds available. See section 1 ( <i>Risk Factors</i> ).
<b>Subordination</b>	The right of payment of principal on the Class B Notes is subordinated to the Class A Notes. See section 5 ( <i>Credit Structure</i> ).
<b>Securitisation Retention Requirements</b>	<p>The Seller, in its capacity as the ‘originator’ within the meaning of article 2(3)(b) of Regulation (EU) 2017/2402 (the <b>STS Regulation</b>), has undertaken in the Mortgage Receivables Purchase Agreement to each of the Issuer and the Security Trustee, that for as long as the Notes are outstanding, it will on an ongoing basis retain a material net economic interest in the securitisation transaction, which shall in any event not be less than five (5) per cent., in accordance with article 6 of the STS Regulation.</p> <p>As at the Closing Date, such material net economic interest will be held in accordance with paragraph 3 item d of article 6 of the STS Regulation by holding the entire interest in the first loss tranche of the securitisation transaction described in this Prospectus (held through the Class B Notes).</p> <p>The Seller has also undertaken to make available materially relevant information to investors in accordance with article 7 of the STS Regulation so that investors are able to verify compliance with article 6 of the STS Regulation. Each prospective Noteholder should ensure that it complies with the STS Regulation to the extent applicable to it. The Issuer Administrator, on behalf of the Issuer and / or the Reporting Entity, will prepare quarterly investor reports wherein relevant information with regard to the Mortgage Loans and Mortgage Receivables will be disclosed publicly together with information on the retention of the material net economic interest by the Seller.</p> <p>Each prospective investor is required to independently assess and determine the sufficiency of the information described above for the purposes of complying with article 5 of the STS Regulation, in each case to the extent applicable to such investor, and none of the Issuer, the Seller, the Servicer, the Issuer Administrator nor the Arranger makes any representation that the information described above is sufficient in all circumstances for such purposes. See the section <i>Regulatory &amp; Industry Compliance</i> in section <i>The Notes</i> for more detail. For further information on the requirements referred to above and the corresponding risks (including the risks arising from the current absence of any corresponding final technical standards to assist with the interpretation of the requirements), see the risk factor entitled “<i>Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes</i>”.</p>
<b>U.S. Risk Retention Requirements</b>	The Seller intends to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions that meet certain requirements. Consequently, the Notes may not be purchased by any person except for persons that are not “U.S. persons” as defined in the U.S. Risk Retention Rules ( <b>Risk Retention U.S. Persons</b> ). Prospective investors should note that the definition of “U.S. person” in the U.S. Risk Retention Rules is different from the definition of “U.S. person” in Regulation S.
<b>Volcker Rule</b>	The Issuer is not, and solely after giving effect to any offering and sale of the Notes and the application of the proceeds thereof will not be, a “covered fund” for the purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the Volcker Rule). In reaching this conclusion, although other statutory or regulatory exclusions and/or exemptions under the Investment Company Act of 1940, as amended (the <b>Investment Company Act</b> ) and under the Volcker Rule and its related regulations may be available, the Issuer has relied on the determinations that (i) the Issuer would satisfy all of the elements of the exemption from registration under the Investment Company Act provided by Section 3(c)(5)(C) thereunder, and, accordingly, (ii) the Issuer may rely on the exemption from the definition of a “covered fund” under the Volcker Rule made available to entities that do not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for their exclusion and/or exemption from registration under the Investment Company Act.

<p><b>Simple, Transparent and Standardised Securitisation</b></p>	<p>The securitisation Transaction described in this Prospectus is intended to qualify as an STS-securitisation within the meaning of article 18 of the STS Regulation. The Seller, in its capacity as originator within the meaning of Article 2(3)(b) of the STS Regulation, will procure a notification to be submitted to the European Securities and Markets Association (<b>ESMA</b>), in accordance with Article 27 of the STS Regulation, that the requirements of Articles 19 to 22 of the STS Regulation have been satisfied with respect to the Notes. The Seller, in its capacity as originator within the meaning of Article 2(3)(b) of the STS Regulation, and the Issuer have used the service of Prime Collateralised Securities (PCS) EU sas (<b>PCS</b>), a third party authorised pursuant to article 28 of the STS Regulation, to verify whether the securitisation transaction described in this Prospectus complies with articles 18, 19, 20, 21 and 22 of the STS Regulation ultimately on the Closing Date (the <b>STS Verification</b>). It is expected that the STS Verification prepared by PCS will be available on the PCS website (<a href="https://www.pcsmarket.org/sts-verification-transactions/">https://www.pcsmarket.org/sts-verification-transactions/</a>) together with detailed explanations of its scope at <a href="https://www.pcsmarket.org/disclaimer">https://www.pcsmarket.org/disclaimer</a>. For the avoidance of doubt, this PCS website and the contents thereof do not form part of this Prospectus. No assurance can be provided that the securitisation transaction described in this Prospectus does or continues to qualify as an STS-securitisation under the STS Regulation at any point in time in the future.</p> <p>None of the Issuer, Issuer Administrator, Reporting Entity, Arranger, Security Trustee, Servicer, Seller or any of the other transaction parties makes any representation or accepts any liability for the securitisation transaction described in this Prospectus to qualify as an STS-securitisation under the STS Regulation at any point in time in the future. In relation to such notification, the Seller has been designated as the first contact point for investors and competent authorities.</p>

Neither the Arranger and the Security Trustee nor any of their respective affiliates have separately verified the information contained in this Prospectus. To the fullest extent permitted by law, none of the Arranger and the Security Trustee nor any of their respective affiliates makes any representation, express or implied, or accepts any responsibility for the contents of this Prospectus as to the accuracy, completeness or sufficiency of the information set-out herein or for any statement or information contained in or consistent with this Prospectus or for any other statement, whether or not made or purported to be made by the Arranger and the Security Trustee or any of their respective affiliates or on its behalf, in connection with the Issuer, the Seller or the offering of the Notes. The Arranger and the Security Trustee and their respective affiliates accordingly disclaim all and any liability whether arising in tort or contract or otherwise which it might have in respect of this Prospectus or any such statement or information.

### Important information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the offering of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Seller or the Arranger (nor any of their respective affiliates). The distribution of this document and the offering of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus (or any part thereof) comes are required to inform themselves about, and to observe, any such restrictions. A further description of the restrictions on offers, sales and deliveries of the Notes and on the distribution of this Prospectus is set out in Section 4.3 (*Subscription and Sale*) below. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and its own independent investigation of the Mortgage Receivables. Neither this Prospectus nor any other information supplied in connection with the issue of the Notes constitutes an offer or invitation by or on behalf of the Issuer or the Arranger (nor any of their respective affiliates) to any person to subscribe for or to purchase any Notes. Neither the delivery of this Prospectus at any time nor any sale made in connection with the offering of the Notes shall imply that the information contained herein is correct at any time subsequent to the date of this Prospectus. Neither the Issuer nor the Seller shall be obliged to update this Prospectus after the date on which the Notes are issued or admitted to trading. If at any time the Issuer shall be required to prepare a supplemental prospectus pursuant to the Prospectus Regulation, the Issuer will prepare and make available an appropriate amendment or supplement

to this Prospectus which shall constitute a supplemental prospectus as required by the AFM under the Prospectus Regulation.

ABN AMRO Bank N.V. (**ABN AMRO**) as Arranger makes expressly clear that it does not undertake to review the financial conditions or affairs of the Issuer during the life of the Notes. Investors should review, among other things, the most recent financial statements of the Issuer when deciding whether or not to purchase, hold or sell any Notes during the life of the Notes. The Notes have not been and will not be registered under the Securities Act. The Notes may not be offered, sold or delivered within the United States or to U.S. persons as defined in Regulation S, except in certain transactions permitted by U.S. tax regulations and the Securities Act (see Section 4.3 (*Subscription and Sale*) below).

**PRIIPs Regulation / Prohibition of sales to EEA and UK retail investors** – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA) or in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive 2016/97/EU (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation 2017/1129 (the **Prospectus Regulation**). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the United Kingdom has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the United Kingdom may be unlawful under the PRIIPs Regulation.

**MIFID II product governance / Professional investors and ECPS only target market** – solely for the product approval process of ABN AMRO and Aegon Bank (each a **Manufacturer**), the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the notes (a **distributor**) should take into consideration each Manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the relevant Manufacturer's target market assessment) and determining appropriate distribution channels.

**THE OBLIGATIONS UNDER THE NOTES WILL BE SOLELY THE OBLIGATIONS OF THE ISSUER. THE NOTES WILL NOT CREATE OBLIGATIONS FOR, BE THE RESPONSIBILITY OF, OR BE GUARANTEED BY, ANY OTHER ENTITY OR PERSON, IN WHATEVER CAPACITY ACTING, INCLUDING, WITHOUT LIMITATION, THE SELLER, THE ORIGINATOR, THE SERVICER, THE ISSUER ADMINISTRATOR, THE ARRANGER, THE BANK SAVINGS PARTICIPANT, THE INSURANCE SAVINGS PARTICIPANT, THE CONVERSION PARTICIPANT, THE ISSUER ACCOUNT BANK, THE CASH ADVANCE FACILITY PROVIDER, THE PAYING AGENTS, THE TRANSFER AGENT, THE REGISTRAR, THE LISTING AGENT, THE SECURITY TRUSTEE AND THE DIRECTORS, IN WHATEVER CAPACITY ACTING. FURTHERMORE, NONE OF THE SELLER, THE ORIGINATOR, THE SERVICER, THE ISSUER ADMINISTRATOR, THE ARRANGER, THE BANK SAVINGS PARTICIPANT, THE INSURANCE SAVINGS PARTICIPANT, THE CONVERSION PARTICIPANT, THE ISSUER ACCOUNT BANK, THE CASH ADVANCE FACILITY PROVIDER, THE PAYING AGENTS, THE TRANSFER AGENT, THE REGISTRAR, THE LISTING AGENT, THE SECURITY TRUSTEE AND THE DIRECTORS, NOR ANY OTHER PERSON IN WHATEVER CAPACITY ACTING, WILL ACCEPT ANY LIABILITY WHATSOEVER TO NOTEHOLDERS IN RESPECT OF ANY FAILURE BY THE ISSUER TO PAY ANY AMOUNTS DUE UNDER THE NOTES.**

## 1. RISK FACTORS

*The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. In addition, factors which are material for the purpose of assessing the market risk associated with the Notes are also described below as at the date of this Prospectus. The Issuer believes that the factors described below represent the material risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, to the extent applicable, principal or other amounts on or in connection with the Notes may occur for other reasons not known to the Issuer or not deemed to be material enough. The Issuer and the Arranger make no representation that the statements below regarding the risks of investing in any Notes are exhaustive. Prospective investors should also read the information contained herein in conjunction with the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision. Before making an investment decision with respect to any Notes, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's own circumstances and financial condition. By sub-category the most material risk factors are mentioned first as referred to in Article 16 (1) of the Prospectus Regulation.*

*The Notes are complex financial products. Investors in the Notes must be able to make an informed assessment of the Notes, based upon full knowledge and understanding of the facts and risks. Investors must determine the suitability of that investment in light of their own circumstances. The following factors might affect an investor's ability to appreciate the risk factors outlined in this Section 1 (Risk Factors), placing such investor at a greater risk of receiving a lesser return on its investment:*

- (i) if such an investor does not have sufficient knowledge and experience to make a meaningful evaluation of the Notes and the merits of investing in the Notes in light of the risk factors outlined in this Section 1 (Risk Factors);*
- (ii) if such an investor does not have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, the significance of these risk factors and the impact the Notes will have on its overall investment portfolio;*
- (iii) if such an investor does not have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the investor's currency;*
- (iv) if such an investor does not understand thoroughly the terms of the Notes and is not familiar with the behaviour of any relevant indices in the financial markets (including the risks associated therewith) as such investor is more vulnerable to any fluctuations in the financial markets generally; and*
- (v) if such an investor is not able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect his investment and his ability to bear the applicable risks.*

*The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Notes are legal investments for such potential investor, (2) the Notes can be used as collateral for various types of borrowing and (3) other restrictions apply*

*to such potential investor's purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk based capital or similar rules. A failure to consult may lead to damages being incurred or a breach of applicable law by the investor.*

## **1.1 Risks relating to the availability of funds to pay the Notes**

### ***The Issuer has limited sources of funds to meet its obligations***

The ability of the Issuer to meet its obligations to repay in full all principal or to pay all interest on the Class A Notes will be dependent solely on (i) the receipt by it of funds under the Mortgage Receivables and the Beneficiary Rights, (ii) the proceeds of the sale of any Mortgage Receivables, (iii) payments under the Participation Agreements, (iv) interest in respect of the balances standing to the credit of the Issuer Accounts and (v) the amounts to be drawn under the Cash Advance Facility. The Issuer does not have any other resources or liquidity support features available to it to meet its obligations under the Notes. See Section 5 (*Credit Structure*) below.

Consequently, the Issuer may be unable to recover fully (and/or in a timely manner) the funds necessary to fulfil its payment obligations under the Notes. If such funds are insufficient, any such insufficiency will be borne by the Noteholders and the other Secured Creditors, subject to the applicable Priority of Payments.

### ***The obligations of the Issuer under the Notes are limited recourse***

The Noteholders shall only have recourse in respect of any claim against the Issuer in accordance with, and subject to, the relevant Priority of Payments. If at any time the Security created in respect of the Notes has been enforced and the foreclosure proceeds are, after payment of all claims ranking in priority in accordance with the Post-Enforcement Priority of Payments, insufficient to pay in full all amounts due and payable on a particular Class of Notes, then the unpaid amount shall cease to be due and payable by the Issuer and the relevant Noteholders of such Class shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts (see Condition 9).

## **1.2 Risks relating to the Underlying Assets**

### ***Payments on the Mortgage Receivables are subject to credit, liquidity and interest rate risks***

Payments on the Mortgage Receivables are subject to credit, liquidity and interest rate risks. This may be due to, among other things, market interest rates, general economic conditions, the financial standing of Borrowers and similar factors. Other factors such as loss of earnings or liquidity, illness, divorce and other similar factors may lead to an increase in delinquencies and bankruptcy filings by Borrowers and could ultimately have an adverse impact on the ability of Borrowers to repay their Mortgage Loans.

The ultimate effect of the credit, liquidity and interest risks described in this risk factor could lead to delayed and/or reduced amounts received by the Issuer which as a result could lead to delayed and/or reduced payments on the Notes and/or the increase or decrease of the rate of repayment of the Notes. This could lead to losses and/or liquidity constraints for Noteholders and/or maturity mismatches with obligations of a Noteholder.

### ***Loan to Foreclosure Value Ratio***

The appraisal foreclosure value (*executiewaarde*) of the Mortgaged Assets on which a mortgage right is vested is normally lower than the market value (*vrije verkoopwaarde*) of the relevant Mortgaged Assets. There can be no assurance that, on enforcement, all amounts owed by a Borrower under a Mortgage Receivable can be recovered from the proceeds of the foreclosure on the relevant Mortgaged Asset or that the proceeds upon foreclosure will be at least equal to the estimated foreclosure value of such Mortgaged Asset. If there is a failure to recover such amounts, this would result in a Realised Loss which may lead to losses under the Notes.

### ***Set-off by Borrowers may affect the proceeds under the Mortgage Receivables***

Subject to certain legal requirements being met (for additional details see section 5.9 (*Legal framework as to the assignment of the Mortgage Receivables*)), each Borrower will be entitled to set off amounts due by the Originator to it (if any) with amounts it owes in respect of the Mortgage Receivable originated by the Originator prior to notification of the relevant assignment of the Mortgage Receivable originated by it. As a result of the set-off of amounts due and payable by the Originator to the Borrower with amounts the Borrower owes in respect of the Mortgage Receivable originated by the Originator, the Mortgage Receivable will, partially or fully, be extinguished (*gaat teniet*). The Mortgage Receivables Purchase Agreement provides that if a Borrower sets off amounts due to it by the Originator against the Mortgage Receivable and, as a consequence thereof, the Issuer does not receive the amount which it would otherwise have been entitled to receive in respect of such Mortgage Receivable, the Seller will pay to the Issuer an amount equal to the difference between (i) the amount which the Issuer would have received in respect of the Mortgage Receivable if no set-off had taken place and (ii) the amount actually received by the Issuer in respect of such Mortgage Receivable. Receipt of such amount by the Issuer from the Seller is subject to the ability of the Seller to actually make such payments. There is a risk that the Seller cannot make such payments and this could lead to losses under the Notes. Set-off by Borrowers could thus lead to losses under the Notes.

For the specific set-off analysis relating to Life Mortgage Loans, Universal Life Mortgage Loans, Savings Mortgage Loans, Savings Investment Mortgage Loans and Bank Savings Mortgage Loans, reference is made to section 5.9 (*Legal framework as to the assignment of the Mortgage Receivables*).

### ***Risk related to Mortgages vested on long leases***

The Mortgages securing the Mortgage Loans may be vested on a long lease (*erfpacht*), as further described under section 6.2 (*Description of Mortgage Loans*) in section Portfolio Information.

A long lease will, inter alia, end as a result of expiration of the long lease term (in the case of a fixed period), or termination of the long lease by the leaseholder or the landowner. In such event the mortgage right will, by operation of law, cease to exist. The landowner can terminate the long lease in the event the leaseholder has not paid the remuneration due for a period exceeding two (2) consecutive years or commits a serious breach of other obligations under the long lease. If the long lease ends, the landowner will have the obligation to compensate the leaseholder. The amount of the compensation will, inter alia, be determined by the conditions of the long lease and may be less than the Market Value of the long lease reduced with unpaid leasehold instalments. In such event there is a risk that the Issuer will upon enforcement receive less than the market value of the long lease, which could lead to losses under the Notes.

#### ***Risk related to interest rate averaging***

In case of interest rate averaging (*rentemiddeling*) a Borrower is offered a new fixed interest rate whereby the (agreed-upon) fixed interest will be reduced taking into account the current interest rate offered by such offeror for the relevant period, the risk profile and the break costs for the fixed interest. Interest rate averaging may be favourable for a Borrower in case the agreed-upon fixed interest rate in force at that time is (substantially) higher than the current market interest rate. Since 1 July 2019, the offeror of mortgage loans may only charge costs to a borrower for making use of interest rate averaging which do not exceed the actual loss of the offeror. At this time, the Originator does not offer interest rate averaging to Borrowers. However, this may change and the Originator may allow Borrowers to apply for interest rate averaging in the future. It should be noted that interest rate averaging (*rentemiddeling*) may have a downward effect on the interest received on the relevant Mortgage Loans, which could lead to losses under the Notes.

#### ***Risk that claims under an NHG Guarantee (if applicable) may be set aside or be insufficient to fully recover losses under the related NHG Mortgage Loan Receivable***

The NHG Mortgage Loan Receivables have the benefit of an NHG Guarantee. As per the Cut-Off Date 100% (rounded to one decimal point, one loan does not fully benefit from the NHG Guarantee) of the Loan Parts have the benefit of an NHG Guarantee, see Description of Mortgage Loans in section *Portfolio Information*. However, pursuant to the terms and conditions (*voorwaarden en normen*) of the NHG Guarantee, the guarantor, Stichting Waarborgfonds Eigen Woningen (**Stichting WEW**), has no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the terms and conditions of the NHG Guarantee. There is a risk that in respect of one or more NHG Mortgage Loan Receivables, the Seller has not complied with the terms and conditions of the NHG Guarantee in which case the NHG Guarantee will not serve as additional credit support for such NHG Mortgage Loan Receivable(s).

In respect of mortgage loans offered as of 1 January 2014, the NHG Conditions stipulate that in determining the loss incurred by a lender after a private or a forced sale of the mortgaged property, an amount of 10 per cent. will be deducted from such loss and thus from the payment to be made by Stichting WEW to the lender. As pursuant to the NHG Conditions such lender in principle is not entitled to recover the remaining amount under the relevant mortgage loan in such case (see section 6.5 (*NHG Guarantee Programme*)), this may consequently lead to the Issuer not having sufficient funds to fully repay the Notes.

Finally, the NHG Conditions stipulate that the amount guaranteed by Stichting WEW under an NHG Guarantee (irrespective of the type of redemption of the mortgage loan) is reduced on a monthly basis by an amount which is equal to the amount of the principal portion of the monthly instalment calculated as if the mortgage loan were to be repaid on a 30 year annuity basis. The actual redemption structure of a Mortgage Loan can be different (see section 6.2 (*Description of Mortgage Loans*)), although it is noted that from 1 January 2013 the NHG Conditions stipulate that for new borrowers the redemption types are limited to Annuity Mortgage Loans and Linear Mortgage Loans with a maximum term of 30 years. This may result in the Issuer not being able to fully recover any loss incurred under the Mortgage Loan with Stichting WEW under an NHG Guarantee and may consequently lead to the Issuer having less income available to fulfil its obligations under the Notes and this may lead to losses under the Notes.

***Underwriting criteria and procedures may not identify or appropriately assess repayment risks***

The Seller has represented that the Mortgage Loans have been originated in accordance with the underwriting criteria and procedures the Originator has established. The underwriting criteria and procedures may not have identified or appropriately assessed the risk whether the interest and principal payments due on a Mortgage Loan will be repaid when due, or at all, or whether the value of the Mortgaged Asset will be sufficient to otherwise provide for recovery of such amounts. To the extent exceptions were made to the Originator's underwriting criteria and procedures in originating a Mortgage Loan, although the Mortgage Loan must meet the eligibility criteria, those exceptions may increase the risk that principal and interest amounts may not be received or recovered and compensating factors, if any, which may have been the premise for making an exception to the underwriting criteria and procedures may not in fact compensate for any additional risk.

***The Issuer may not have the benefit from the proceeds of Insurance Policies and may not recover the full amount under the Mortgage Receivables if the Insurance Savings Participant defaults in the performance of its obligations under the related Insurance Policies***

The Mortgage Loans which in whole or in part consist of a Life Mortgage Loan, Universal Life Mortgage Loan (including Savings Investment Mortgage Loans) or Savings Mortgage Loan have the benefit of a Life Insurance Policy, Savings Investment Insurance Policy or Savings Insurance Policy, respectively. All other Mortgage Loans may have the benefit of a Risk Insurance Policy. In the following three paragraphs (*The pledge over the Insurance Policies may not be effective, Borrower Bank Savings Deposit Pledge may be ineffective and Risk that the Issuer may not have the benefit of the Beneficiary Rights*) certain legal issues relating to the effects of the assignment of the Mortgage Receivables on the Insurance Policies are set out. Investors should be aware that it is possible that (i) the Issuer will not benefit from the Insurance Policies and/or (ii) the Issuer may not be able to recover any amounts from the relevant Borrower if the Insurance Savings Participant defaults on its obligations as further described in the three paragraphs below. As a consequence thereof the Issuer may not have a claim for such amounts on the Borrower and may, therefore, not have the benefit of the Mortgage securing such claim. The issues raised with respect to the Savings Mortgage Loans apply *mutatis mutandis* to the Savings Investment Mortgage Loans.

***The pledge over the Insurance Policies may not be effective***

Many of the Mortgage Loans have the benefit of an Insurance Policy. All rights of a Borrower under the Insurance Policies have been pledged to the Originator. Under Dutch law there is no general rule to determine whether a claim arising from an insurance policy is an existing claim or a future claim. A distinction can be made between capital insurances (*kapitaalverzekeringen*) and risk insurances

(*schadeverzekeringen*). In respect of risk insurances it is noted that the Issuer has been advised that it is probable that the right to receive payment under the Insurance Policies (other than those relating to capital premiums already paid under a capital insurance), including the commutation payment (*afkoopsom*) before the insured event occurs, will be regarded by a Dutch court as a future right (*toekomstig recht*). Under Dutch law the pledge of a future right is not effective if the pledgor, i.e. the Borrower/policyholder, is declared bankrupt or is granted a moratorium of payments of the relevant Borrower/policyholder. Consequently, it is uncertain whether and to what extent the pledges of receivables under said Risk Insurance Policies by the Borrowers are effective. In respect of capital insurances it is likely that the beneficiary's claims against the insurer corresponding with premiums which have already been paid to the insurer are existing claims, while claims relating to periods for which no premiums have yet been paid may very well be future claims. The Issuer has been advised that the Borrower Pledges will follow the Mortgage Receivables upon their assignment to the Issuer and/or upon their pledge by the Issuer to the Security Trustee.

#### ***Borrower Bank Savings Deposit Pledge may be ineffective***

A right of pledge over a future right is, under Dutch law, not effective if the pledgor is declared bankrupt or granted a suspension of payments or has become subject to debt restructuring, prior to the moment such right comes into existence.

The Issuer has been advised that the increases in rights of the Borrower in connection with the Bank Savings Accounts which have been pledged in favour of the Seller are future rights and any increases of the balance after bankruptcy of the Borrower will not be covered by the Borrower Bank Savings Deposit Pledge (see The pledge over the Insurance Policies may not be effective above), which may result in losses under the Notes.

#### ***Risk that the Issuer may not have the benefit of the Beneficiary Rights***

The Originator has been appointed as beneficiary (*begunstigde*) under the Insurance Policies up to the amount owed by the Borrower under the mortgage deed and/or under any further advances granted to the Borrower, except for cases where another beneficiary has been appointed who will rank ahead of the Originator. In such cases there must be a Borrower Insurance Proceeds Instruction pursuant to which the Insurance Savings Participant is irrevocably authorised by such beneficiary to apply the insurance proceeds in satisfaction of the Mortgage Receivable.

There is a risk that the Issuer or the Security Trustee, as the case may be, will not have the benefit of the Beneficiary Rights and that any proceeds under the Insurance Policies will be payable to the Originator or to another beneficiary, instead of the Issuer or the Security Trustee, as the case may be. If the proceeds are paid to the Originator, it will be obliged to pay the amount involved to the Issuer or the Security Trustee, as the case may be. There is a risk that the Originator is not able to make such payment which would affect the ability of the Issuer to perform its payment obligations under the Notes. If the proceeds are paid to the Originator and the Originator does not pay the amount involved to the Issuer or the Security Trustee, as the case may be, e.g. in the case of bankruptcy or suspension of payments of the Originator or if the proceeds are paid to another beneficiary instead of the Issuer or the Security Trustee, as the case may be, this may result in the amount paid under the Insurance Policies not being applied in reduction of the Mortgage Receivable. This may lead to the Borrower invoking defences against the Issuer or the Security Trustee, as the case may be, for the amounts so received by the Originator. As a result thereof, such amounts are not available to make payments under the Notes, which may result in losses under the Notes. For additional details, reference is made to section 5.9 (*Legal framework as to the assignment of the Mortgage Receivables*).

### 1.3 Risks relating to the structure

#### ***Class B Notes rank subordinate to Class A Notes***

The obligations of the Issuer in respect of the Notes will be subordinated to the obligations of the Issuer in respect of certain items set forth in the applicable Priority of Payments (see section *Credit Structure*). The right to payment of principal on the Class B Notes will be subordinated to, *inter alia* payments of principal amounts and, following delivery of an Enforcement Notice, interest amounts in respect of the Class A Notes and in each case may be limited as more fully described herein under section *Credit Structure* and *Terms and Conditions* in section *The Notes*. All Notes rank subordinate to certain other creditors. See *Priority of Payments* in section *Credit Structure*.

Depending on the losses under the Mortgage Loans, the Issuer may not receive sufficient amounts to fully redeem the Notes. Losses will be allocated on each Notes Payment Date, to the Notes in reverse alphabetical order, as more fully described in *Credit Structure*.

#### ***Risk of redemption of Class B Notes with a Principal Shortfall***

In accordance with Condition 9(a), a Class B Note may be redeemed in part, subject to a Class B Principal Shortfall. As a consequence, a holder of a Class B Note may not receive the full Principal Amount Outstanding of such Note upon redemption in accordance with and subject to Condition 6. This applies not only to redemption of the Class B Notes on the Final Maturity Date, but also to redemption in accordance with Condition 6(b) (*Mandatory Redemption of the Notes*), Condition 6(d) (*Optional Redemption*) and Condition 6(f) (*Redemption for tax reasons*).

#### ***The Notes are fixed rate securities and are vulnerable to fluctuations in market interest rates***

The Notes will carry fixed interest. A holder of a security with a fixed interest rate is exposed to the risk that the price of such security falls as a result of changes in the current interest rate on the capital markets (the **Market Interest Rate**). While the nominal interest rate of a security with a fixed interest rate is fixed during the life of such security or during a certain period of time, the Market Interest Rate typically changes on a daily basis. As the Market Interest Rate changes, the price of such security moves in the opposite direction. If the Market Interest Rate increases, the price of such security typically falls whereas, if the Market Interest Rate falls, its price typically increases, in each case until the yield of such security is approximately equal to the Market Interest Rate. Investors should be aware that movements of the Market Interest Rate could adversely affect the market price of the Notes.

#### **1.4 Risks related to changes to the structure and Transaction Documents**

##### ***Conflict of interests between holders of Class A Notes and Class B Notes may result in the interest of holders of Class B Notes being disregarded***

Circumstances may arise when the interests of the holders of Class A Notes and Class B Notes could conflict as to actions by the Security Trustee in its capacity as security trustee which may lead to reduced and/or delayed payments being available to pay out to the Noteholders. If, in the Security Trustee's opinion, there is a conflict between the interests of the Class A Notes on one hand and the Class B Notes on the other hand, the Security Trustee shall have regard only to the interests of the holders of the most senior ranking Class A Notes. In addition, Noteholders should be aware that in case of a conflict of interest between the different Secured Creditors the Priority of Payments upon enforcement set forth in the Trust Deed and as set out in section *Credit Structure*, determines which interest of which Secured Creditor prevails.

##### ***A resolution adopted at a meeting of the Class A Noteholders is binding on all Noteholders and a resolution adopted at a meeting of the Class B Noteholders is binding on all Class B Noteholders***

An Extraordinary Resolution passed at any meeting of the Class A Noteholders shall be binding on the Class B Notes, irrespective of its effect upon them, except in case of an Extraordinary Resolution to sanction a Basic Terms Change, which shall not take effect unless it shall have been sanctioned by (i) an Extraordinary Resolution of the holders of the Class B Notes or (ii) the Security Trustee if the Security Trustee is of the opinion that it will not be materially prejudicial to the interests of the holders of Class B Notes.

An Extraordinary Resolution passed at any meeting of the Class B Notes shall not be effective, unless it shall have been sanctioned by (i) an Extraordinary Resolution of the Class A Noteholders or (ii) the Security Trustee if the Security Trustee is of the opinion that it will not be materially prejudicial to the interests of the Class A Noteholders.

Any Extraordinary Resolution duly passed shall be binding on all Noteholders of the relevant Class (whether or not they were present at the meeting at which such resolution was passed).

The Seller will purchase and initially hold the Notes, subject to certain conditions precedent being satisfied, and on terms set out in the Notes Purchase Agreement. The Seller is entitled to exercise the voting rights in respect of any Notes it holds which may be prejudicial to other Noteholders if the Seller were to sell Notes to investors in the secondary market.

##### ***The Security Trustee may or, in certain circumstances, shall agree to modifications, waivers or authorisations without the Noteholders' prior consent***

Pursuant to the terms of the Trust Deed and in accordance with Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors*), the Security Trustee may agree, without the consent of the Noteholders to (i) any modification of any of the provisions of the Trust Deed, the Notes or any other Transaction Document which is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification, and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed, the Notes or any other Transaction Document which is in the opinion of the Security Trustee not materially prejudicial to the interests of the Noteholders and would not result in the transaction described in this Prospectus not complying with the requirements set out in the Securitisation Regulations, in the event the transaction

described in this Prospectus is designated as a STS-securitisation, provided that a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such modification, authorisation or waiver and (iii) subject to certain requirements being satisfied, any modification that enables the Issuer to comply with the CRA3 Requirements, including any requirements imposed by the Securitisation Regulations or any other obligation which applies to it under the CRA3 Requirements, the Securitisation Regulations and/or any new regulatory requirements, subject to receipt by the Security Trustee of a certificate of the Issuer certifying to the Security Trustee that the amendments requested by the Issuer are to be made solely for the purpose of enabling the Issuer to satisfy its requirements under the CRA3 Requirements the Securitisation Regulations and/or any new regulatory requirements. The full requirements in relation to any modification, waiver or authorisation without the Noteholders' prior consent, have been set out in Condition 14.

Noteholders are therefore exposed to the risk that changes are made to the Transaction Documents without their knowledge or consent which may be against the interest of such Noteholder and this may have an adverse effect on the (value of the) Notes. Moreover, Noteholders should be aware that if they intend to sell any of the Notes, the fact that changes may be made to the Transaction Documents without their knowledge or consent, could have an adverse effect on the value of such Notes.

## 1.5 Counterparty Risks

### *The Issuer has counterparty risk exposure*

In order to perform its obligations under the Notes, the Issuer is to a large extent dependent on its counterparties performing their obligations under the Transaction Documents. The counterparties of the Issuer may not perform their obligations under the Transaction Documents, which may result in the Issuer not being able to meet its obligations under the Notes, including any payments on the Notes. In particular, the Issuer is dependent on the Cash Advance Facility Provider, the Servicer and the Seller to properly perform any payment obligations they owe or may owe to the Issuer under the Transaction Documents.

***Bankruptcy of the Servicer may adversely affect (i) collections on the mortgage loans and (ii) the indemnification in case of breach of the Mortgage Loan Criteria and certain representations and warranties relating to the Mortgage Receivables, which may ultimately lead to delays or reductions in distributions on, or other losses with respect to, the Notes***

If the Servicer were to go into bankruptcy or a suspension of payments is declared, it may lose its licenses and/or stop performing its functions as servicer and it may be difficult to find a third party to act as successor servicer. Alternatively, the Servicer may take the position that unless the amount of its compensation is increased or the terms of its obligations are otherwise altered, it will stop performing its functions as Servicer. If a termination event occurs pursuant to the terms of the Servicing Agreement, then the Issuer and/or the Security Trustee will be entitled to terminate the appointment of the Servicer and appoint new servicer(s) in its place. There can be no assurance that a substitute servicer with sufficient experience of administering mortgage loans of residential properties would be found who is willing and able to service the Mortgage Receivables on the terms of the Servicing Agreement.

The occurrence of any of these events could result (i) in delays or reductions in distributions on the Notes or (ii) other losses with respect to the Notes. Regardless of any specific adverse determinations in a bankruptcy or suspension of payments of the Servicer, the fact that such a proceeding has been commenced could have an adverse effect on the value of the Mortgage Receivables and the liquidity and value of the Notes. The Servicer does not have any obligation itself to advance payments that Borrowers fail to make in a timely fashion. Noteholders will have no right to consent to or approve of any actions taken by the Servicer under the Servicing Agreement.

### ***Risk that the ratings of the counterparties change***

The Issuer Account Bank and the Originator Collection Account Bank are required to have a certain minimum rating pursuant to the Transaction Documents and if the rating of the (i) Issuer Account Bank falls below the Requisite Credit Ratings or (ii) Originator Collection Account Bank falls below the Originator Collection Account Provider Requisite Credit Rating, remedial actions are required to be taken, in particular the replacement of such counterparty. If a replacement counterparty must be appointed or another remedial action must be taken, it cannot be certain that a replacement counterparty will be found which complies with the criteria or is willing to perform such role, or that such remedial action will be available. In addition, such replacement or action when taken, may lead to higher costs and expenses, as a result of which the Issuer may have insufficient funds to pay its liabilities in full. Moreover, a deterioration of the credit quality of any of the Issuer's counterparties, a downgrade of any

of their credit ratings and/or a failure to take remedial actions could have an adverse effect on the credit rating assigned to, and/or the value of, the Notes.

## 1.6 Seller and Servicer Risks

*The representations and warranties of the Seller and Servicer are subject to limited independent investigation and may not be accurate*

None of the Issuer, the Arranger or the Security Trustee has or will make any investigations or searches or other actions to (i) verify the legal characteristics and details of any of the purchased Mortgage Receivables, the Mortgage Loans, the NHG Mortgage Loan Receivables, the Beneficiary Rights (or the Seller's rights and interest with respect thereto), the Borrowers or the solvency of any of the Borrowers as each of the Issuer, the Arranger and the Security Trustee, have and will rely solely on the accuracy of the representations made, and on the warranties given, by the Seller and the Servicer regarding, among other things, the purchased Mortgage Receivables, the Mortgage Loans, the NHG Mortgage Loan Receivables, the Beneficiary Rights (or the Seller's rights and interest with respect thereto) and the Borrowers or (ii) establish the creditworthiness of any borrower or any other party to the Transaction Documents. The Arranger, the Security Trustee and the Issuer will only be supplied with general aggregated information in relation to the borrowers and the underlying agreements relating to the Mortgage Receivables none of which the Arranger or the Issuer has taken or will take steps to verify. Further, the Security Trustee will not have any right to inspect the internal records of the Seller.

No remedy for breach of Mortgage Loan representations or warranties are available, except that the Seller is obliged under certain limited circumstances to repurchase Mortgage Receivables from the Mortgage Loans that are in breach of the warranties made by the Seller in the Mortgage Receivables Purchase Agreement. If the Seller is unable to repurchase loans or perform its ongoing obligations under the transactions described in this Prospectus, the performance of the Notes may be adversely affected. (see further Section 7.1 (*Purchase, Repurchase and Sale*)).

## 1.7 Macro-Economic and Market Risks

*The performance of the Notes may be adversely affected by the recent conditions in the global financial markets (including but not limited to the UK's withdrawal from the EU (Brexit)) and these conditions may not improve in the near future*

Global markets and economic conditions have been negatively impacted in recent years by the banking and sovereign debt crisis in the EU and globally. In particular, concerns have been raised with respect to continuing economic, monetary and political conditions in the region comprised of the Member States of the EU that have adopted the single currency in accordance with the Treaty establishing the European Community (signed in Rome on 25 March 1957) as amended (the **Eurozone**).

The market's anticipation of these (potential) impacts could have a material adverse effect on the business, financial condition and liquidity of the Seller, the Servicer, the Cash Advance Facility Provider and the Issuer Account Bank.

Further, there is considerable uncertainty surrounding Brexit. The uncertainty surrounding the implementation and effect of Brexit and the legal and regulatory framework that would apply to the UK and its relationship with the remaining members of the EU (including, in relation to trade) during and after Brexit is being effected, has caused and is likely to cause increased economic volatility and adverse market uncertainty. In particular, the resulting adverse economic conditions could affect Borrowers' willingness or ability to meet their obligations, resulting in increased defaults in the securitised portfolio and ultimately the ability of the Issuer to pay interest and repay principal to Noteholders.

In the event of continued or increasing market disruptions and volatility (including as may be demonstrated by any default or restructuring of indebtedness by one or more Member States or institutions within those Member States and/or any changes to, including any break up of, the Eurozone or exit from the European Union), the Seller, the Originator, the Servicer, the Cash Advance Facility Provider and the Issuer Account Bank may experience reductions in business activity, increased funding costs, decreased liquidity, decreased asset values, additional credit impairment losses and lower profitability and revenues, which may affect their ability to perform their respective obligations under the relevant Transaction Documents. Failure to perform obligations under the relevant Transaction Documents may adversely affect the performance of the Notes. These factors could result in the Issuer having insufficient funds to fulfil its obligations under the Notes in full and as a result could adversely affect the performance of the Notes and lead to losses under the Notes.

### ***Risk related to the Coronavirus***

The outbreak and escalating diffusion of the coronavirus, COVID-19 (the **Coronavirus**), may have a severe impact on the Dutch, European and global economic prospects. Various countries across the world, including the Netherlands, have introduced measures aimed at preventing the further spread of the Coronavirus, such as a ban on public events with over a certain number of attendees, temporary closure of places where larger groups of people gather, such as schools, sports facilities and bars and restaurants, lockdowns, border controls and travel and other restrictions. Such measures have disrupted the normal flow of business operations in those countries and regions, including the Netherlands, have affected supply chains and resulted in uncertainty across the global economy and financial markets.

The Dutch government has announced economic measures aimed at protecting jobs, households' wages and companies, such as tax payment holidays, guarantee schemes and a compensation scheme for heavily affected sectors in the economy. Dutch banks have granted payment holidays to companies

under loans taken out with such banks. The Servicer may be faced with requests for payment holidays from Borrowers who are in distress due to the Coronavirus. The Originator will assess any such request on a case-by-case basis. If granted, the relevant Borrower is entitled to postpone payment of interest and/or principal under the Mortgage Loan. Depending on how many Borrowers will request and be eligible for a payment holiday, arrears and (potentially) subsequent losses under the Mortgage Loans may increase. This could affect the Issuer's ability to timely and fully meet its payment obligations under the Notes. It is noted that there can be no assurance whether, upon expiry of the envisaged payment holiday, the relevant Borrower will be able to meet its payment obligations and whether the payment holidays might be extended. This may result in payment disruptions and possibly higher losses under the Mortgage Receivables.

Governments, regulators and central banks, including the ECB, have also announced that they are taking or consider taking measures in order to safeguard the stability of the financial sector, to prevent lending to the business sector from being severely impaired and to ensure the payment system continues to function properly. The exact ramifications of the Coronavirus outbreak are highly uncertain. It is not possible to predict the further spread or duration of the pandemic and the economic effects thereof, including in the Netherlands. Likewise it is not possible to predict how adverse the effect will be on the economy (including that of the Netherlands) of current and any future measures aimed at preventing further spread of the Coronavirus and at limiting damage to the real economy and financial markets, whether direct or indirect, such as by increasing sovereign debt. Both the uncertainty as to the effects and the effects themselves may result in increased volatility and widening credit spreads. In an attempt to mitigate the economic fallout caused by the Coronavirus pandemic, various fiscal initiatives as well as an expanded purchase programme of the ECB have been implemented. These measures are designed to improve confidence in Eurozone equities and encourage private bank lending however there remains considerable uncertainty as to whether such measures, will be sufficient to ensure economic recovery or avert the threat of sovereign default. The Noteholders should be aware that they may suffer loss as a result of payment defaults under the Mortgage Receivables if no such economic recovery will take place.

### ***Risk related to the ECB Purchase Programme***

In September 2014, the ECB initiated an asset purchase programme whereby it envisages to bring inflation back to levels in line with the ECB's objective to maintain the price stability in the euro area and, also, to help enterprises across Europe to enjoy better access to credit, boost investments, create jobs and thus support the overall economic growth. The expanded asset purchase programme commenced in March 2015 and encompasses the earlier announced asset-backed securities purchase programme and the covered bond purchase programme. On 12 September 2019, the Governing Council of the ECB announced that net purchases under asset purchase programme will be restarted at a monthly pace of EUR 20 billion as from 1 November 2019. Furthermore, the Governing Council announced on 12 September 2019 that reinvestments of the principal payments from maturing securities purchased under the asset purchase programme will continue in full for an extended period of time past the date when the Governing Council starts raising the key ECB interest rates, and in any case for as long as necessary to maintain favourable liquidity conditions and an ample degree of monetary accommodation. On 18 March 2020, the Governing Council of the ECB decided to launch a new temporary asset purchase programme of private and public sector securities to counter the serious risks to the monetary policy transmission mechanism and the outlook for the euro area posed by the outbreak and escalating diffusion of the Coronavirus. This new Pandemic Emergency Purchase Programme will have an overall envelope of EUR 750 billion. Purchases will be conducted until at least the end of 2020 and will include all the asset categories eligible under the existing asset purchase programme. It remains uncertain which effect this restart of the asset purchase programme and the new Pandemic Emergency Purchase

Programme will have on the volatility in the financial markets and the overall economy in the Eurozone and the wider European Union. In addition, the restart and/or a termination of the asset purchase programme and the new Pandemic Emergency Purchase Programme could have an adverse effect on the secondary market value of the Notes and the liquidity in the secondary market for the Notes. The Noteholders should be aware that they may suffer loss if they intend to sell any of the Notes on the secondary market for such Notes as a result of the impact the restart of the asset purchase programme and/or a potential termination of the asset purchase programme may have on the secondary market value of the Notes and the liquidity in the secondary market for the Notes.

***Risks related to the limited liquidity of the Notes***

The secondary market for the mortgage-backed securities may experience limited liquidity. Limited liquidity in the secondary market for mortgage-backed securities has had a severe adverse effect on the market value of mortgage-backed securities. Limited liquidity in the secondary market may continue to have a severe adverse effect on the market value of mortgage-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. Consequently, an investor in the Notes may not be able to sell its Notes readily. The market values of the Notes are likely to fluctuate, which fluctuations may occur for various reasons and may be difficult to determine. Any of these fluctuations may be significant and could result in significant losses to such investor. Thus, Noteholders bear the risk of limited liquidity of the secondary market for mortgage-backed securities and the effect thereof on the value of the Notes.

## 1.8 Legal, Regulatory and Taxation Risks

### ***Risk related to payments received by the Seller prior to notification of the assignment to the Issuer***

The legal title of the Mortgage Receivables resulting from the Mortgage Loans (i) has been assigned by the Originator to the Seller prior to the Closing Date by means of one or more private deeds of assignment which have been registered with the Dutch tax authorities, without notification of the assignment to the Borrowers (*stille cessie*) (**Assignment I**) and (ii) will be assigned on the Closing Date by the Seller to the Issuer without notification of the assignment to the Borrowers (*stille cessie*) (**Assignment II**) by means of a notarial deed of assignment or a private deed of assignment which will be registered with the Dutch tax authorities on the Closing Date, without notification of the assignment to the Borrowers (*stille cessie*). The Mortgage Receivables Purchase Agreement will provide that such assignment will not be notified by the Seller or, as the case may be, the Issuer to the Borrowers except that notification of the assignment of the Mortgage Receivables may be made upon the occurrence of any of the Assignment Notification Events. For a description of these notification events reference is made to section 7.1 (*Purchase, repurchase and sale*). Under Dutch law, until notification of the before mentioned assignment to the Borrowers, the Borrowers can only validly pay to the Seller in order to fully discharge their payment obligations (*bevrijdend betalen*).

The Seller has undertaken in the Mortgage Receivables Purchase Agreement to transfer or procure transfer of any (estimated) amounts received during the immediately preceding Mortgage Calculation Period in respect of the Mortgage Receivables to the Issuer Transaction Account and the Originator has undertaken to the Seller and the Issuer to enable the Seller to do so in respect of collections under the Mortgage Loans.

However, receipt of such amounts by the Issuer is subject to such payments actually being made. If the Originator is declared bankrupt, granted preliminary suspension of payments or subjected to any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the recovery and resolution insurers act (*Wet herstel en afwikkeling van verzekeraars*, **Whav**) and the SRM-Regulation prior to making such payments and prior to the notification of the relevant assignment, the relevant collections form part of the bankruptcy estate of the Originator. In respect of these payments, the Issuer will be a creditor of the estate (*boedelschuldeiser*) of the Originator where the collections are trapped, and will receive payment prior to (*unsecured*) creditors with ordinary claims, but after preferred creditors of the estate and after deduction of the general bankruptcy costs (*algemene faillissementskosten*), which may be material.

In case of a bankruptcy of the Seller, the Issuer will notify the Borrowers under the Mortgage Loans of Assignment I and II. Upon receipt of such notification, the Borrowers will be obliged to pay interest and principal due under the Mortgage Loans to the Issuer. As a result thereof, the Issuer may have insufficient funds available to it to fulfil its payments obligations under the Notes and this may result in losses under the Notes. For additional details see section 5.9 (*Legal framework as to the assignment of the Mortgage Receivables*).

### ***Risk that the Issuer breaches the Wft if the Servicer ceases to be properly licensed***

Under the Wft, a special purpose vehicle which services (*beheert*) and administers (*uitvoert*) loans granted to consumers, such as the Issuer, must have a license under that act. However, an exemption from the license requirement is available if the special purpose vehicle outsources the servicing of the mortgage loans and the administration thereof to an entity holding a license to service and administer

loans to consumers. The Issuer has outsourced the servicing and administration of the Mortgage Loans to the Servicer. The Servicer holds the relevant license under the Wft and the Issuer will thus benefit from the exemption. However, if the appointment of the Servicer under the Servicing Agreement is terminated, the Issuer will need to outsource the servicing and administration of the Mortgage Loans to another licensed entity or it needs to apply for and hold a license itself. In the latter case, the Issuer will have to comply with the applicable requirements under the Wft. If such appointment under the Servicing Agreement is terminated and the Issuer has not outsourced the servicing and administration of the Mortgage Loans to a licensed entity and, in such case, it will not hold a license itself, the Issuer will have to terminate its activities and settle (*afwikkelen*) its existing agreements itself. If the Issuer cannot find an authorised servicer, it may be forced to sell the Mortgage Receivables which could result, among others, in early redemption of the Notes and repayment of principal in accordance with the Pre-Enforcement Principal Priority of Payments or the occurrence of an Event of Default and repayment of principal in accordance with the Post-Enforcement Priority of Payments and is in either case likely to result in proceeds being insufficient to pay Noteholders.

### ***Change of law may adversely impact the position of Noteholders***

The structure of the issue of the Notes is based on Dutch law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change in Dutch law or any laws of other jurisdictions or administrative practice in the Netherlands or any other jurisdictions after the date of this Prospectus on the structure and thus on the ratings which will have been assigned to the Notes.

### ***Risks related to the creation of pledges on the basis of the Parallel Debt***

Under Dutch law it is uncertain whether a security right can be validly created in favour of a party which is not the creditor of the claim which the security right purports to secure. Consequently, in order to secure the valid creation of the rights of pledge under the Pledge Agreements in favour of the Security Trustee, the Issuer has, in the Parallel Debt Agreement, as a separate and independent obligation, by way of parallel debt, undertaken to pay to the Security Trustee amounts equal to the amounts due by it to the Secured Creditors.

There is no statutory law or case law available on the concept of parallel debts such as the Parallel Debt, or on the question of whether a parallel debt constitutes a valid basis for the creation of security rights, such as rights of pledge (see also Section 4.7 (*Security*)).

Any payments in respect of the Parallel Debt and any proceeds received by the Security Trustee shall, in the case of an insolvency of the Security Trustee, not be separated from the Security Trustee's estate. The Secured Creditors therefore incur a credit risk on the Security Trustee, which could lead to losses under the Notes.

### ***Effectiveness of the rights of pledge to the Security Trustee in case of insolvency of the Issuer***

Under and pursuant to the Pledge Agreements, various rights of pledge will be granted by the Issuer to the Security Trustee. Any bankruptcy or suspension of payments involving the Issuer would adversely affect the position of the Security Trustee as pledgee with respect to the Mortgage Receivables in some respects, the most important of which are: (i) payments made by the Borrowers to the Seller or, after notification of the assignment, to the Issuer, prior to notification of the right of pledge over the Mortgage Receivables but after the Seller being declared bankrupt, granted suspension of payments or subjected to any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and

the SRM-Regulation, as applicable, or the Issuer being declared bankrupt or granted suspension of payments, as the case may be, will form part of the bankruptcy estate of the Seller or the Issuer, although the pledgee has the right to receive such amounts as a preferential creditor after deduction of certain bankruptcy-related costs, (ii) a mandatory freezing-period of up to four (4) months may apply in the case of bankruptcy, suspension of payments or any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation, which, if applicable, would delay the exercise of certain rights associated with the right of pledge on the Mortgage Receivables and (iii) the pledgee (such as the Security Trustee) may be obliged to enforce its right of pledge within a reasonable period as determined by the judge-commissioner (*rechter-commissaris*) appointed by the court in the case of bankruptcy of the Seller or the Issuer, as the case may be.

To the extent that the receivables pledged by the Issuer to the Security Trustee are future receivables, the right of pledge on such future receivable cannot be invoked against the estate of the Issuer if such future receivable comes into existence after the Issuer has been declared bankrupt or has been granted a suspension of payments. The Issuer has been advised that the assets pledged to the Security Trustee under the Issuer Rights Pledge Agreement and Issuer Accounts Pledge Agreement and the NHG Advance Rights may be regarded as future receivables. This would for example apply to amounts paid to the relevant Issuer Accounts following the Issuer's bankruptcy or suspension of payments. Such amounts will not be available for distribution by the Security Trustee to the Secured Creditors (including the Noteholders). This may result in losses under the Notes.

***Risk that the Issuer does not have the authority to reset interest rates and that cooperation of the Originator will be required***

The interest rate of the fixed rate Mortgage Loans resets from time to time. The Issuer has been advised that a good argument can be made that the right to reset the interest rate on the Mortgage Loans after the termination of the fixed interest period should be considered as an ancillary right and follows the Mortgage Receivables upon their assignment by the Originator to the Seller and subsequently from the Seller to the Issuer and the pledge to the Security Trustee, but that in the absence of case law or legal literature this is not certain. To the extent the interest rate reset right passes upon the assignment of the Mortgage Receivables to the Issuer or upon the pledge of the Mortgage Receivables to the Security Trustee, such assignee or pledgee will be bound by the contractual provisions and principles of reasonableness and fairness relating to the reset of interest rates. If the interest reset right remains with the Originator, the co-operation of the bankruptcy trustee (in bankruptcy) or administrator (in suspension of payments) would be required to reset the interest rates. It is uncertain whether or when such co-operation will be forthcoming. If such cooperation is not forthcoming, it is legally unclear what the legal impact on the relationship between the Issuer and the relevant Borrowers would be. Borrowers may seek to postpone or reduce interest payments. This may affect the ability of the Issuer to meet its obligations under the Notes.

***Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes***

In Europe, the United States and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory position for certain investors in securitisation exposures and/or on the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, Arranger or the Seller makes any representation to any prospective investor or purchaser of the Notes

regarding the regulatory treatment of their investment on the Closing Date or at any time in the future.

***Prudential regulation reforms under Basel or other frameworks may have an adverse impact on the regulatory capital treatment of the Notes***

Investors should note in particular that the Basel Committee on Banking Supervision (BCBS) has approved a series of significant changes to the Basel framework for prudential regulation (such changes being referred to by the BCBS as Basel III, and referred to, colloquially, as Basel III in respect of reforms finalised prior to 7 December 2017 and Basel IV in respect of reforms finalised on or following that date). The Basel III/IV reforms, which include revisions to the credit risk framework in general and the securitisation framework in particular, may result in increased regulatory capital and/or other prudential requirements in respect of securitisation positions. The BCBS continues to work on new policy initiatives. National implementation of the Basel III/IV reforms may vary those reforms and/or their timing. It should also be noted that changes to prudential requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe. Investors in the Notes are responsible for analysing their own regulatory position and prudential regulation treatment applicable to the Notes and should consult their own advisers in this respect.

***STS Regulation regime applies to the Notes, and non-compliance with this regime may have an adverse impact on the regulatory treatment of Notes and/or decrease liquidity of the Notes***

The STS Regulation applies in general (subject to certain grandfathering) from 1 January 2019, although some legislative measures necessary for the full implementation of the new regime have not yet been finalised and compliance with certain requirements is subject to the application of transitional provisions. The STS Regulation establishes certain common rules for all securitisations that fall within its scope (including recast of pre-1 January 2019 risk retention and investor due diligence regimes). The STS Regulation has direct effect in member states of the EU and is to be implemented in due course in other countries in the EEA.

The STS Regulation requirements apply to the Notes. As such, certain European-regulated institutional investors, including credit institutions, investment firms, authorised alternative investment fund managers, insurance and reinsurance undertakings, certain undertakings for the collective investment of transferable securities (UCITs) and certain regulated pension funds (institutions for occupational retirement provision), are required to comply under Article 5 with certain due diligence requirements prior to holding a securitisation position and on an ongoing basis while holding the position. Among other things, prior to holding a securitisation position, such institutional investors are required to verify certain matters with respect to compliance of the relevant transaction parties with credit granting standards, risk retention and transparency requirements and, on transactions notified as STS, compliance of that transaction with the STS Requirements. If the relevant European-regulated institutional investor elects to acquire or holds the Notes having failed to comply with one or more of these requirements, this may result in the imposition of a penal capital charge on the Notes for institutional investors subject to regulatory capital requirements or a requirement to take a corrective action, in the case of a certain type of regulated fund investors. Aspects of the requirements of the STS Regulation and what is or will be required to demonstrate compliance to national regulators remain unclear. Prospective investors should therefore make themselves aware of requirements applicable to them and are required to independently assess and determine the sufficiency of the information described in this Prospectus generally for the purposes of complying with such due diligence requirements under the STS Regulation and any corresponding national measures which may be relevant.

Various parties to the securitisation transaction described in this Prospectus are also subject to the requirements of the STS Regulation. However, there is at present some uncertainty in relation to some of these requirements and what is or will be required to demonstrate compliance to national regulators, including in particular with regard to the transparency obligations imposed under Article 7 of the STS Regulation, the application of the transitional provisions in connection with such Article and the final position on the new disclosure templates to be applied under the new technical standards. Please note that the European Commission adopted texts of Article 7 technical standards were published in October 2019, representing the near final position on the applicable reporting templates, but these are yet to be approved by the European Parliament and the Council of the European Union and it is expected that these technical standards will be finalised and enter into force in Q2 2020. Prospective investors are referred to section 4.4 (*Regulatory & Industry Compliance*) for further details and should note that there can be no assurance that the information in this Prospectus or to be made available to investors in accordance with Article 7 of the STS Regulation will be adequate for any prospective institutional investors to comply with their due diligence obligations under the STS Regulation.

Prospective investors in the Notes are responsible for analysing their own regulatory position, and should consult their own advisers in this respect.

### ***STS designation impacts on regulatory treatment of the Notes***

The STS Regulation (and the associated Regulation (EU) 2017/2401 (**CRR Amendment Regulation**)) also includes provisions intended to implement the revised securitisation framework developed by BCBS (with adjustments) and provides, among other things, for harmonised foundation criteria and procedures applicable to securitisations seeking designation as STS securitisation.

The STS securitisation designation impacts on the potential ability of the Notes to achieve better or more flexible regulatory treatment under various EU regimes that were amended (or will be amended in due course) to take into account the STS framework (such as Type 1 securitisation under Solvency II, as amended); regulatory capital treatment under the securitisation framework of the CRR, as amended by the CRR Amendment Regulation; Type 2B securitisation under the LCR Regulation, as amended.

It is intended that an STS notification will be submitted to ESMA and the DNB by Aegon Bank N.V. as the Reporting Entity. The STS notification, once notified to ESMA, will be available for download on the ESMA STS Register website.

The Seller and the Issuer have used the services of the STS Verification Agent to carry out the STS Verification (and to provide additional assessments with regard to the status of the Notes for the purposes of Article 243 and Article 270 of the Capital Requirements Regulation and Articles 7 and 13 of the LCR Regulation (the **STS Additional Assessments**)). It is expected that the STS Verification and the STS Additional Assessments prepared by the STS Verification Agent will be available on its website at (<https://www.pcsmarket.org/sts-verification-transactions/>). For the avoidance of doubt, the website of the STS Verification Agent and the contents of that website do not form part of this Prospectus.

It is important to note that the involvement of an STS Verification Agent is not mandatory and the responsibility for compliance with the STS Regulation remains with the relevant institutional investors, originators, sponsors and issuers, as applicable in each case. An STS Verification (and/or STS Additional Assessments) will not absolve such entities from making their own assessments with respect to the STS Regulation and other relevant regulatory provisions, and an STS Verification (and/or STS

Additional Assessments) cannot be relied on to determine compliance with the foregoing regulations in the absence of such assessments by the relevant entities.

The STS status of the Notes is not static and investors should verify the current status on the ESMA STS Register website, which will be updated where the Notes are no longer considered to be STS following a decision of competent authorities or a notification by or on behalf of the originator.

The STS securitisation designation is not an opinion on the creditworthiness of the relevant Notes nor on the level of risk associated with an investment in the relevant Notes. It is not an indication of the suitability of the relevant notes for any investor and/or a recommendation to buy, sell or hold notes. Institutional investors that are subject to the due diligence requirements of the STS Regulation need to make their own independent assessment and may not solely rely on any STS Verification, the STS notification, any STS Additional Assessments or other disclosed information.

No assurances can be provided that the securitisation transaction described in this Prospectus does or continues to qualify as an STS securitisation under the STS Regulation. The relevant European-regulated institutional investors are required to make their own assessment with regard to compliance of the securitisation with the STS Requirements and such investors should be aware that non-compliance with the STS Requirements and the change in the STS status of the Notes may result in the loss of better regulatory treatment of the Notes under the applicable regime(s), including in the case of prudential regulation, higher capital charges being applied to the Notes and may have a negative effect on the price and liquidity of the Notes in the secondary market. In addition, non-compliance may result in various sanctions and/or remedial measures being imposed on the relevant transaction parties, which may have an impact on the availability of funds to pay the Notes.

#### ***Changes to tax treatment of interest may impose various risks***

The Dutch tax system allows borrowers to deduct, subject to certain limitations, mortgage interest payments for owner-occupied residences from their taxable income. The period allowed for deductibility is restricted to a term of 30 years. Since 2004, the Dutch income tax deductibility of mortgage interest payments has been restricted under the so-called additional borrowing regulation (*bijleenregeling*). On the basis of this regulation, if a home owner acquires a new home and realises a surplus value on the sale of his old home in respect of which Interest payments were deducted from taxable income, the interest deductibility is limited to the interest that relates to an amount equal to the purchase price of the new home less the net surplus value realized on the sale of the old home. Special rules apply to moving home owners that do not (immediately) sell their previous home.

The mortgage interest is no longer deductible against the highest income tax rate (49.5 per cent. in 2020). In 2020, the maximum rate at which mortgage interest is deductible is 46 per cent. The income tax rate against which mortgage interest may be deducted is reduced at a rate of 3 per cent. per year, until the rate is equal to the base income tax rate of 37.10 per cent. in 2023.

These changes and any other or further changes in the tax treatment of mortgage loan interest payment deductibility could ultimately have an adverse impact on the ability of Borrowers to pay interest and principal on their Mortgage Loans. In addition, changes in tax treatment may lead to different prepayment behaviour by Borrowers on their Mortgage Loans resulting in higher or lower prepayment rates of such Mortgage Loans.

#### ***Dutch Withholding Tax Act 2021***

Currently, the Netherlands does not levy any withholding tax on interest payments. However, on 27 December 2019, the Withholding Tax Act 2021 (*Wet bronbelasting 2021*) was published in the Dutch Official Gazette (Staatsblad 2019, 513). This legislation will enter into force (*in werking treden*) on 1 January 2021. As at the date of this Prospectus, the Dutch conditional withholding tax may apply on certain (deemed) payments of interest made to an affiliated (*gelieerde*) entity of the Issuer if such entity (i) is considered to be resident of a jurisdiction that is listed in the yearly updated Dutch Regulation on low-taxing states and non-cooperative jurisdictions for tax purposes (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*), or (ii) has a permanent establishment located in such jurisdiction to which the interest is attributable, or (iii) is entitled to the interest payable for the main purpose or one of the main purposes to avoid taxation of another person, or (iv) is a hybrid entity, or (v) is not resident in any jurisdiction, all within the meaning of the Dutch Withholding Tax Act 2021. The conditional withholding tax rate will be 21.7% in 2021. However, this rate might be increased.

If interest payments under the Notes were to be affected and, as such, withholding on interest payments to Noteholders were to arise, the Issuer does not have to pay additional amounts under Condition 7(a) of the Notes.

***Litigation and regulatory investigations and actions may adversely affect Aegon Hypotheken B.V.'s business, results of operations and financial condition***

Aegon Hypotheken B.V. faces risks of litigation and regulatory investigations and actions in connection with its activities as a mortgage lender and taxpayer. At the date of this prospectus, no such litigation, investigations and actions are threatening.

Mortgage lenders are from time to time the subject of litigation, investigation and regulatory activity by various governmental and enforcement authorities, individual claimants or third parties, in particular concerning duty of care (*zorgplicht*) and pricing of mortgage loans.

Aegon Hypotheken B.V. cannot predict at this time which effect such litigation, regulatory investigations and actions will have on the mortgage lending industry or Aegon Hypotheken B.V.'s business, results of operations and financial condition.

## **1.9 Risks Relating to the Characteristics of the Notes**

### ***Risk that the Class A Notes will not be eligible as Eurosystem Eligible Collateral***

The Class A Notes are intended to be held in a manner which allows Eurosystem eligibility. The Class A Notes will upon issue be deposited with Euroclear or Clearstream, Luxembourg which are ICSDs, but this does not necessarily mean that the Class A Notes will be recognised as Eurosystem Eligible Collateral either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria as amended from time to time. Neither the Issuer nor the Arranger gives a representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will, either upon issue, or at any or all times during their life, satisfy all or any requirements for Eurosystem eligibility from time to time and be recognised as Eurosystem Eligible Collateral. Any potential investors in the Class A Notes should make their own determinations and seek their own advice with respect to whether or not such Notes constitute Eurosystem Eligible Collateral. The Class B Notes are not intended to be recognised as Eurosystem Eligible Collateral.

### ***Noteholders may not receive and may not be able to trade Definitive Registered Note Certificates***

It is possible that the Notes may be traded in amounts that are not integral multiples of €100,000. In such a case, a holder who, as a result of trading such amounts, holds an amount which is less than €100,000 in its account with the relevant clearing system in case Definitive Registered Note Certificates are issued may not receive a Definitive Registered Note Certificate in respect of such holding (should Definitive Registered Note Certificates be issued) and may need to purchase a principal amount of Notes such that its holding amounts to at least €100,000. If Definitive Registered Note Certificates are issued, holders should be aware that Definitive Registered Note Certificates which have a denomination that is not an integral multiple of €100,000 may be illiquid and difficult to trade.

### ***Holders of beneficial interests in respect of the Notes evidenced by Global Registered Note Certificates are subject to certain limitations***

As long as the Notes are evidenced by Global Registered Note Certificates, the Common Safekeeper and Common Depository will be the registered legal owners of the Notes. Holders of beneficial interests in the Notes through securities accounts held with (participants of) Euroclear or Clearstream, Luxembourg will not be regarded as Noteholders. After payment to the Principal Paying Agent, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts to Euroclear or Clearstream, Luxembourg or to holders of beneficial interests in the Notes (See *Form* in section *The Notes*).

Unlike Noteholders, holders of the beneficial interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders. Instead, a holder of beneficial interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg (as the case may be) and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of beneficial interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default, holders of beneficial interests will be restricted to acting through Euroclear and Clearstream, Luxembourg unless and until Note Certificates are issued in accordance with the relevant provisions described herein under Terms and Conditions of the Notes. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Payment of interest on the Class A Notes will only be made if and to the extent the Issuer or the Security Trustee, as the case may be, has sufficient funds available to it to satisfy such payment obligation in accordance with the relevant Priority of Payments.

**Final Maturity Date:** Unless previously redeemed as provided below, the Issuer will, subject to and in accordance with the Conditions, redeem any remaining Notes outstanding on the Final Maturity Date at their respective Principal Amount Outstanding together with accrued interest, on such date, subject to and in accordance with the Conditions.

**Amortisation of the Notes:** Prior to the delivery of an Enforcement Notice, the Issuer shall on each Notes Payment Date apply the Available Principal Funds, prior to the First Optional Redemption Date after satisfaction of the purchase price of any Further Advance Receivables and/or Ported Mortgage Receivables, towards redemption, at their respective Principal Amount Outstanding, of (i) *first*, the Class A Notes until fully redeemed, and (ii) *second*, subject to Condition 9(a), the Class B Notes, until fully redeemed.

Following delivery of an Enforcement Notice any amounts to be distributed by the Security Trustee under the Trust Deed to the Secured Creditors (with certain exceptions) will be applied in accordance with the Post-Enforcement Priority of Payments (see section *Credit Structure*).

**Mandatory Redemption:** Subject to the Conditions, the Issuer will be obliged to apply the Available Principal Funds to redeem, whether in full or in part, at their respective Principal Amount Outstanding, the Notes on each Notes Payment Date on a *pro rata* basis within a Class. The Notes will be redeemed in the following order:

(i) first, the Class A Notes, until fully redeemed, and thereafter

(ii) second, subject to Condition 9(a), the Class B Notes, until fully redeemed.

**Optional Redemption of the Notes:** The Issuer may, at its option, on giving not more than sixty (60) nor less than thirty (30) days written notice to the Security Trustee and the Noteholders in accordance with Condition 13, on the First Optional Redemption Date and on each Optional Redemption Date thereafter redeem, subject to Condition 9(a), all (but not only part of) the Notes at their Principal Amount Outstanding plus accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes.

**Redemption following regulatory call:** On each Notes Payment Date, the Seller has the option but not the obligation to repurchase all (but not only part of) the Mortgage Receivables upon the occurrence of a Regulatory Change. The Issuer must use the proceeds to redeem the Notes at their Principal Amount Outstanding plus accrued but unpaid interest (if any) thereon, after payment of the amounts

to be paid in priority to redemption of the Notes and subject to Condition 9(a).

**Redemption following clean-up call:**

The Seller has the option (but is not obliged) to repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables on any Notes Payment Date on which the principal amount due on the Mortgage Receivables then outstanding is less than 10% of the aggregate Outstanding Principal Amount of the Mortgage Receivables on the Cut-Off Date. On the Notes Payment Date following the date on which all Mortgage Receivables have been sold and assigned, the Issuer shall redeem, subject to Condition 9(a), all (but not only part) of the Notes at their Principal Amount Outstanding plus accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes.

**Redemption for tax reasons:**

On each Notes Payment Date the Issuer may (but is not obliged to) redeem all (but not only part of) the Notes at their Principal Amount Outstanding plus accrued but unpaid interest thereon up to and including the date of redemption after payment of the amounts to be paid in priority to redemption of the Notes, subject to and in accordance with the Conditions, if (a) the Issuer or the Paying Agents has become or would become obligated to make any withholding or deduction from payments in respect of any of the Notes (although the Issuer will not have any obligation to pay additional amounts in respect of any such withholding or deduction) and/or (b) the Issuer has become or would become subject to any limitation of the deductibility of interest on any of the Notes, as a result of (i) a change in any laws, rules or regulations or in the interpretation or administration thereof, or (ii) any act taken by any taxing authority on or after the issue of the Notes. No redemption pursuant to item (ii) may be made unless the Issuer receives an opinion of independent counsel that there is a probability that the act taken by the taxing authority leads to one of the events mentioned at (a) or (b).

**Method of Payment:**

For as long as the Notes are evidenced by Global Registered Note Certificates, payments of principal and interest will be made in euro, to the Common Safekeeper or Common Depositary, as applicable, for the credit of the respective accounts of the Noteholders (see further *Form* in section *The Notes*).

**Withholding tax:**

All payments of, or in respect of, principal and, if applicable, interest on the Notes will be made without withholding of, or deduction for any present or future taxes, duties, assessments or charges of whatsoever nature imposed or levied by or on behalf of the Netherlands or any authority therein or thereof having power to tax unless the withholding or deduction of such taxes, duties, assessments or charges are required by law. In that event, the Issuer will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Noteholders, as the case may be, and shall not be obliged to pay any additional amounts to such Noteholders.

**FATCA  
Withholding:**

If an amount in respect of FATCA Withholding were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the Conditions, be required to pay additional amounts as a result of the deduction or withholding. If FATCA Withholding is required, the provisions of Condition 6(f) (*Redemption for tax reasons*) may apply and the Issuer may redeem the Notes.

**Use of proceeds:**

The Issuer will apply the net proceeds from the issue of the Notes (i) towards payment of part of the Initial Purchase Price for the Mortgage Receivables to be transferred to the Issuer on the Closing Date and (ii) to make a deposit in an amount of € 5,075,219.17 for Construction Deposits as at the Cut-Off Date into the Construction Deposit Account, pursuant to the provisions of the Mortgage Receivables Purchase Agreement to be entered into on the Signing Date and made between the Seller, the Originator, the Issuer and the Security Trustee. See *Purchase, Repurchase and Sale* in section *Portfolio Documentation*.

**Security for the  
Notes:**

The Noteholders together with the other Secured Creditors have the indirect benefit of the security created by the Issuer in favour of the Security Trustee pursuant to Trust Deed.

The Noteholders together with the other Secured Creditors have the indirect benefit of (i) a first ranking undisclosed right of pledge granted by the Issuer to the Security Trustee in connection with the Parallel Debt over the Mortgage Receivables, including all rights ancillary thereto in respect of the Mortgage Loans and the Beneficiary Rights relating thereto, (ii) a first ranking disclosed right of pledge granted by the Issuer to the Security Trustee over the Issuer Rights and (iii) a first ranking disclosed right of pledge by the Issuer to the Security Trustee over the Issuer's claims in respect of the Issuer Accounts.

After delivery of an Enforcement Notice, the amounts payable to the Noteholders and the other Secured Creditors will be limited to the amounts available for such purpose to the Security Trustee which, *inter alia*, will consist of amounts recovered by the Security Trustee in respect of such rights of pledge and amounts received by the Security Trustee as creditor under the Parallel Debt. Payments by the Security Trustee to the Secured Creditors will be made in accordance with the Post-Enforcement Priority of Payments.

**Parallel Debt:**

Under the Trust Deed the Issuer will undertake to pay to the Security Trustee, under the same terms and conditions, an amount equal to the aggregate of all its undertakings, liabilities and obligations to the Secured Creditors pursuant to the relevant Transaction Documents, provided that every payment in respect of such relevant Transaction Documents for the account of or made to the Secured Creditors directly shall operate in satisfaction *pro tanto* of the corresponding payment covenant in favour of

the Security Trustee (such a payment undertaking and the obligations and liabilities resulting from it being referred to as the Parallel Debt).

**Secured Creditors Agreement:**

Under the Secured Creditors Agreement, each Secured Creditor agrees and confirms that the security provided pursuant to the provisions of the Security Documents shall, indirectly, through the Security Trustee, be for the exclusive benefit of the Secured Creditors (including for the avoidance of doubt, the Noteholders). Under the Secured Creditors Agreement, each Secured Creditor moreover agrees to be bound by the relevant terms and provisions of the Trust Deed including, but not limited to, the limited recourse and non-petition provisions contained therein.

**Listing:**

Application has been made to list the Class A Notes on Euronext Amsterdam. Listing is expected to take place on or before the Closing Date.

**Rating:**

It is a condition precedent to issuance that, upon issue, the Class A Notes be assigned an ‘AAAsf’ rating by Fitch and an ‘AAA (sf)’ rating by S&P. The Class B Notes will not, upon issue, be assigned a rating by Fitch and S&P.

The identifier “sf” stands for “structured finance”. The addition of the identifier “sf” (by Fitch) or “(sf)” (by S&P) indicates only that the instrument is deemed to meet the regulatory definition of “structured finance” as referred to in the CRA Regulation. In no way does it modify the meaning of the rating itself.

Each Rating Agency is established in the European Union and registered under the CRA Regulation.

**Governing Law:**

The Transaction Documents (which also include the Notes) and any non-contractual obligations arising out of or in relation to the Transaction Documents will be governed by and construed in accordance with the laws of the Netherlands.

**Selling Restrictions:**

There are selling restrictions in relation to the European Economic Area, Italy, the United Kingdom and the United States and there may also be other restrictions as required in connection with the offering and sale of the Notes. See 4.3 (*Subscription and Sale*). Persons into whose possession this Prospectus comes are required by the Issuer and the Arranger to inform themselves about and to observe any such restriction.

#### Mortgage Loans:

The Mortgage Receivables to be sold by the Seller pursuant to the Mortgage Receivables Purchase Agreement will result from Mortgage Loans which are secured by a first-ranking mortgage right or, in case of mortgage loans (including any Further Advance, as the case may be) secured on the same mortgaged property, first and sequentially lower ranking mortgage rights over (a) real estate (*onroerende zaak*), (b) an apartment right (*appartementsrecht*), or (c) a long lease (*recht van erfpacht*) over property situated in the Netherlands and entered into by the Originator and a Borrower which meet the criteria for such Mortgage Loans set forth in the Mortgage Receivables Purchase Agreement and which will be

selected prior to or on the Closing Date. Prior to the Closing Date, the Originator has sold and transferred the legal title to the Mortgage Receivables resulting from Mortgage Loans originated by it to the Seller, by means of private deeds of assignment which are registered prior to the Closing Date with the Dutch tax authorities, without notification of the assignments to the Borrowers (*stille cessie*) (**Assignment I**). In addition, prior to the Closing Date the Originator has assigned the NHG Advance Rights relating to the Mortgage Receivables to the Seller by means of a private deed of assignment which is registered prior to the Closing Date with the Dutch tax authorities. On the Closing Date, the Seller will transfer the legal title to all Mortgage Receivables and the NHG Advance Rights relating thereto, to the Issuer, by means of a notarial deed of assignment or a private deed of assignment which is registered on the Closing Date with the Dutch tax authorities, without notification of the assignment to the Borrowers (*stille cessie*) (**Assignment II**).

The Portfolio will consist of linear mortgage loans (*lineaire hypotheek*), interest-only mortgage loans (*aflossingsvrije hypotheek*), annuity mortgage loans (*annuïteitenhypotheek*), life mortgage loans (*levenhypotheek*), universal life mortgage loans (*levensloophypotheek*), savings mortgage loans

(*spaarhypotheek*) and bank savings mortgage loans (*bankspaarhypotheek*) or combinations of these types of loans.

See further Description of Mortgage Loans in section *Portfolio Information*.

**Beneficiary Rights:**

The Originator has the benefit of Beneficiary Rights which entitles the Originator to receive final payment (*einduitkering*) under the relevant Insurance Policies, which payment is to be applied towards redemption of the Mortgage Receivables. The Originator has, to the extent legally possible, assigned its Beneficiary Rights to the Seller. Under the Mortgage Receivables Purchase Agreement, the Seller will to the extent possible assign all Beneficiary Rights to the Issuer and the Issuer will accept such assignment. See *The Issuer may not have the benefit of the Beneficiary Rights* in section *Risk Factors*.

**Further Advances:**

The Mortgage Receivables Purchase Agreement provides that the Seller will up to but excluding the last calendar month of the Notes Payment Date immediately preceding the First Optional Redemption Date offer any Further Advance Receivable for sale to the Issuer on the first Reconciliation Date falling after the Mortgage Calculation Period in which the Further Advance is granted (as described under *Purchase, Repurchase and Sale* in section *Portfolio Documentation*).

The Issuer will, subject to and in accordance with the Conditions, and subject to sufficient principal funds being available on the Issuer Transaction Account, purchase the Further Advance Receivables and the Beneficiary Rights relating thereto (as described in *Purchase, Repurchase and Sale* in section *Portfolio Documentation*).

When a Further Advance is granted to the relevant Borrower and the Issuer purchases and accepts assignment of the relevant Further Advance Receivable and the Beneficiary Rights relating thereto, the Issuer will at the same time create a first right of pledge on such Further Advance Receivable and to the extent possible the Beneficiary Rights relating thereto in favour of the Security Trustee.

If (i) a Further Advance Receivable does not meet the Additional Purchase Conditions or (ii) the Further Advance is granted in or after the last calendar month before the Notes Payment Date immediately preceding the First Optional Redemption Date, the Seller shall repurchase and accept the re-assignment of the Mortgage Receivables resulting from the Mortgage Loan in respect of which a Further Advance is granted and the Beneficiary Rights relating thereto at a price which is at least equal to the aggregate principal outstanding amounts of such Mortgage Receivables

together with accrued but unpaid interest.

**Ported Mortgage Loans:**

The Mortgage Receivables Purchase Agreement provides that in respect of portable Mortgage Loans (*meeneemhypotheken*) the following applies. If a Borrower redeems his or her Mortgage Loan in respect of which the Mortgage Receivables are owned by the Issuer whilst using the portability feature applicable pursuant to the Mortgage Conditions, and such request is honoured by the Originator in accordance with its underwriting criteria and procedures prevailing at that time and subject to compliance with the Additional Purchase Conditions, the mortgage receivables arising from the new mortgage loans (including, if applicable a further advance) subsequently granted (each a **Ported Mortgage Loan** and the resulting receivable therefrom a **Ported Mortgage Receivable**), the Seller will up to but excluding the last calendar month of the Notes Payment Date immediately preceding the First Optional Redemption Date offer any Ported Mortgage Receivable for sale to the Issuer on the first Reconciliation Date falling after the Mortgage Calculation Period in which the Ported Mortgage Loan is granted (as described under *Purchase, Repurchase and Sale* in section *Portfolio Documentation*).

The Issuer will, subject to and in accordance with the Conditions, and subject to sufficient principal funds being available

on the Issuer Transaction Account and provided the Additional Purchase Conditions are met, purchase the offered Ported Mortgage Receivables and the Beneficiary Rights relating thereto (as described in *Purchase, Repurchase and Sale* in section *Portfolio Documentation*).

When the Issuer purchases and accepts assignment of the relevant Ported Mortgage Receivable and the Beneficiary Rights relating thereto, the Issuer will at the same time create a first right of pledge on such Ported Mortgage Receivable and to the extent possible the Beneficiary Rights relating thereto in favour of the Security Trustee.

If (i) a Ported Mortgage Receivable does not meet all of the Additional Purchase Conditions on the proposed date for completing the sale and purchase thereof or (ii) the Ported Mortgage Loan is granted in or after the last calendar month before the Notes Payment Date immediately preceding the First Optional Redemption Date, the Issuer shall in no event be obliged to purchase such Ported Mortgage Receivables.

**NHG Guarantee:**

As per the Cut-Off Date 100% (rounded to one decimal point, one loan does not fully benefit from the NHG Guarantee) of the Loan Parts have the benefit of an NHG Guarantee. See further Description of Mortgage Loans in section *Portfolio Information* and *NHG*

*Guarantee Programme* in  
section *Portfolio Information*.

## 2.7 Portfolio Documentation

### **Mortgage Receivables:**

In accordance with the terms of the Mortgage Receivables Purchase Agreement, the Issuer will purchase and accept the assignment of the Mortgage Receivables (including any Further Advance Receivables and/or Ported Mortgage Receivables (for the avoidance of doubt, including any parts thereof corresponding with amounts credited to the Construction Deposits)) of the Seller under or in connection with certain selected mortgage loans (which may consist of one or more Loan Parts secured by a right of Mortgage).

### **Repurchase of Mortgage Receivables:**

In the Mortgage Receivables Purchase Agreement the Seller has undertaken to repurchase and accept re-assignment of a Mortgage Receivable sold by it to the Issuer:

- (a) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which any of the representations and warranties given by the Seller in respect of the Mortgage Loan and/or the Mortgage Receivable, including the representation and warranty that the Mortgage Loan or, as the case may be, the Mortgage Receivables meet(s) the Mortgage Loan Criteria, proves to have been untrue or incorrect (subject to a remedy period if the breach is capable of being remedied);
- (b) on the Notes Payment Date immediately following the date on which the Originator agrees with a Borrower to grant a Further Advance under the Mortgage Loan (i) if and to the extent that the Further Advance Receivable does not meet all of the Additional Purchase Conditions or (ii) if such Further Advance is granted in or after the last calendar month before the Notes Payment Date immediately preceding the First Optional Redemption Date;
- (c) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which an amendment of the terms of the Mortgage Loan becomes effective as a result of which such Mortgage Loan no longer meets certain criteria set forth in the Mortgage Receivables Purchase Agreement and/or the Servicing Agreement (including the Mortgage Loan Criteria), unless such amendment is made as part of the enforcement procedures to be complied with upon a default by the Borrower under the Mortgage Loan or is otherwise made as part of a restructuring or renegotiation of the Mortgage Loan due to a deterioration of the credit quality of the Borrower of such Mortgage Loan;
- (d) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which the Seller notifies the Issuer that the Originator has consented to a request by a Borrower for the residential letting of the relevant Mortgaged Asset, such

consent not to become effective prior to the repurchase and re-assignment of the Mortgage Receivable;

- (e) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which (a) on or prior to foreclosure of the relevant NHG Mortgage Loan, the relevant NHG Mortgage Loan no longer has the benefit of an NHG Guarantee or (b) following foreclosure of the relevant NHG Mortgage Loan, the amount actually reimbursed under the NHG Guarantee is lower than the amount claimable under the terms of the NHG Guarantee, each time as a result of action taken or omitted to be taken by the Originator or the Servicer;
- (f) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which an amendment of the terms of the relevant NHG Mortgage Loan becomes effective and as a result of such amendment the NHG Guarantee in respect of such NHG Mortgage Loan no longer applies; and
- (g) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which it appears that the duty of care in respect of a Mortgage Loan has not been complied with by an intermediary for which the Seller or the Originator is responsible pursuant to the Wft.

In addition, the Seller may (without the obligation to do so) repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables upon the exercise of the Clean-up Call Option or the Regulatory Call Option or in the case of redemption of the Notes on any Optional Redemption Date or for tax reasons in accordance with Condition 6(f).

See for a description of the calculation of the repurchase price in each of the above situations *Purchase, Repurchase and Sale* in section *Portfolio Documentation*.

**Sale of Mortgage  
Receivables /  
Alternative Funding:**

On any Optional Redemption Date, the Issuer has the right to sell and assign (all but not only part of) the Mortgage Receivables to a third party, provided, however, that the Issuer shall before selling the Mortgage Receivables to a third party, first invite the Seller and/or any of its group companies to purchase the Mortgage Receivables. In addition, the Issuer may on any Optional Redemption Date obtain alternative funding to redeem the Notes. The Issuer shall be required to apply the proceeds of such sale or alternative funding, to the extent relating to principal, towards redemption of the Notes in accordance with Condition 6.

The (re)purchase price of each Mortgage Receivable shall be at least equal to the Outstanding Principal Amount of such Mortgage Receivable on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan, except that, with respect to Mortgage Receivables which on the relevant date of sale are in arrears for

a period exceeding ninety (90) days or in respect of which an instruction has been given to the civil law notary to start foreclosure proceedings, the purchase price shall be equal to (a) the Outstanding Principal Amount on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan on the relevant date of sale, or (b) if less, an amount equal to (i) the foreclosure value of the Mortgaged Asset or, (ii) if no valuation report less than twelve (12) months old is available, the Indexed Foreclosure Value and reasonable costs (including any costs incurred by the Issuer in effecting and completing such purchase and assignment), and provided that in each case, the aggregate purchase price (to be) received by the Issuer in respect of the Mortgage Receivables shall be sufficient to redeem, subject to Condition 9(a), the Notes at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to the Notes.

Following the giving of an Enforcement Notice, the Security Trustee shall, without in any event affecting its right to notify the Borrowers of its right of pledge, make an offer (on behalf of the Issuer) to the Seller to purchase the Mortgage Receivables before the Security Trustee enforces its right of pledge by selling the Mortgage Receivables to a third party. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

In all instances, before the Issuer or the Security Trustee enters into any binding purchase agreement with a third party with respect to the Mortgage Receivables, it will first grant the possibility to the Seller and/or its group companies to purchase the Mortgage Receivables against payment of the same purchase price such third party would be willing to pay. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

The purchase price of the Mortgage Receivable shall in the event of a sale and assignment after the giving of an Enforcement Notice be at least equal to the Outstanding Principal Amount of each Mortgage Receivable on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan, except that, with respect to Mortgage Receivables which on the relevant date of sale are in arrears for a period exceeding ninety (90) days or in respect of which an instruction has been given to the civil law notary to start foreclosure proceedings, the purchase price shall be equal to (a) the Outstanding Principal Amount on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan on the relevant date of sale, or (b) if less, an amount equal to (i) the foreclosure value of the Mortgaged Asset or, (ii) if no valuation report less than twelve (12) months old is available, the Indexed Foreclosure Value and reasonable costs (including any costs incurred by the Issuer in effecting and completing such purchase and assignment), and provided that the aggregate purchase

price (to be) received by the Issuer in respect of the Mortgage Receivables shall be sufficient to redeem, subject to Condition 9(a), the Notes at their Principal Amount Outstanding plus, for the Class A Notes only, accrued interest due and costs.

In the event of a sale and assignment after the giving of an Enforcement Notice, the Issuer, the Security Trustee and the Seller (or the third party purchasing the Mortgage Receivables) shall agree that the Seller (or the third party purchasing the Mortgage Receivables) shall pay the purchase price into the account designated for such purpose. The Security Trustee shall apply such amount in accordance with the Post-Enforcement Priority of Payments.

See for a further description of the calculation of the repurchase price *Purchase, Repurchase and Sale* in section *Portfolio Documentation*.

#### **Participation Agreements:**

On the Closing Date, the Issuer will enter into the Insurance Savings Participation Agreement with the Insurance Savings Participant. Furthermore, on the Closing Date, the Issuer will enter into the Bank Savings Participation Agreement with the Bank Savings Participant.

The main purpose of the Participation Agreements is to ensure the Issuer will receive on an ongoing basis the amounts paid by Borrowers as Savings Premium (under Savings Mortgage Loans), or Savings Investment Premium (under Savings Investment Mortgage Loans) or the deposits made on the Bank Savings Accounts (under Bank Savings Mortgage Loans). In each case such amounts economically serve as principal repayments and form part of the Available Principal Funds.

Under a Participation Agreement the relevant Participant will acquire an economic interest in the form of a contractual participation right against the Issuer in each of the relevant Savings Mortgage Receivables, Savings Investment Mortgage Receivables or Bank Savings Mortgage Receivables (as applicable).

The Insurance Savings Participant will undertake to pay to the Issuer on each Mortgage Collection Payment Date (i) all amounts received as Savings Premium on the Savings Insurance Policies or as Savings Investment Premium on the Savings Investment Insurance Policies, as well as (ii) the Switched Insurance Savings Participation plus (iii) the *pro rata* part, corresponding to the participation in the relevant Savings Mortgage Receivable or the relevant Savings Investment Mortgage Receivable, of the interest paid by the Borrower in respect of such Savings Mortgage Receivable or Savings Investment Mortgage Receivable in respect of the previous month. The amounts referred to in (i), (ii) and (iii) above will form part of the Available Principal Funds. The Issuer will in principle only be exposed to credit risk in respect of the then Outstanding Principal Amount of the Savings Mortgage Receivable or Savings Investment Mortgage Receivable, minus the relevant Savings Participation on such date in such Mortgage Receivable. In return, the Insurance Savings

Participant is entitled to receive the Insurance Savings Participation Redemption Available Amount from the Issuer.

Under the Bank Savings Participation Agreement, the Bank Savings Participant will undertake to pay to the Issuer on each Mortgage Collection Payment Date (i) all amounts received as Monthly Bank Savings Deposit Instalments as well as (ii) the *pro rata* part, corresponding to the participation in the relevant Bank Savings Mortgage Receivable of the interest paid by the Borrower in respect of such Bank Savings Mortgage Receivable in respect of the previous month. The Bank Savings Participation increases by the same amount. The amounts referred to in (i) and (ii) above will form part of the Available Principal Funds. The Issuer will in principle only be exposed to credit risk in respect of the then Outstanding Principal Amount of the Bank Savings Mortgage Receivable minus the Bank Savings Participation on such date in such Mortgage Receivable. In return, the Bank Savings Participant is entitled to receive the Bank Savings Participation Redemption Available Amount from the Issuer.

**Initial Participations  
on the Cut-Off Date:**

The initial participations in the Bank Savings Mortgage Receivables on the Cut-Off Date amount to € 33,285,393.98.

The initial participations in the Insurance Savings Mortgage Receivables on the Cut-Off Date amount to € 6,500,454.95.

See further *Sub-Participation* in section *Portfolio Documentation*, including for a discussion of the Conversion Participations.

**Construction  
Deposits:**

Pursuant to the Mortgage Conditions, in respect of certain Mortgage Loans, the Borrower has the right to request that part of the Mortgage Loan will be applied towards construction of, or improvements to, the relevant Mortgaged Asset. In that case the Borrower has placed part of the monies drawn down under the Mortgage Loan on deposit with the Originator, and the Originator has committed to pay out such deposits to or on behalf of the relevant Borrowers in order to enable them to pay for construction of, or improvements to, the relevant Mortgaged Asset, provided certain conditions are met (such mortgages are called construction mortgages (*bouwhypotheeken*)). The aggregate of the Construction Deposits as at the Cut-Off Date is € 5,075,219.17.

On the Closing Date the Construction Deposit Account will be credited with an amount equal to the aggregate amount of Construction Deposits as at the Cut-Off Date. Thereafter, the Issuer will, in case of purchase of Further Advance Receivables and/or Ported Mortgage Receivables having a Construction Deposit attached to it, on the relevant Reconciliation Date credit the Construction Deposit Account with an amount equal to the aggregate of such Construction Deposits. On each Mortgage Calculation Date, the Servicer will notify the Issuer of all payments made out of the Construction Deposits to or on behalf of the Borrowers during the immediately preceding Mortgage Calculation Period, and the Issuer shall

pay on the immediately succeeding Reconciliation Date an equal amount from the Construction Deposit Account to the Seller in consideration of the assignment and transfer of the Mortgage Receivable to the extent the money drawn under the Mortgage Loan had been credited to the Construction Deposit.

Pursuant to the Mortgage Conditions a Construction Deposit must be paid out within twenty-four (24) months from the start date of the Mortgage Loan, provided, however, that the Originator and the Borrower may agree to another (longer) period. After such period, the remaining Construction Deposit will be set-off against the Mortgage Receivable up to the amount of the Construction Deposit in which case the Issuer will have no further obligation towards the Seller to pay the remaining part of the Initial Purchase Price and consequently any balance standing to the credit of the Construction Deposit Account will be used for redemption of the Notes in accordance with Condition 6.

Interest accrued (if any) on the Construction Deposit Account will form part of the Available Revenue Funds.

The Issuer was established for the limited purposes of the issuing of the Notes, the acquisition of the Mortgage Receivables and certain related transactions described elsewhere in this Prospectus. The Issuer operates under Dutch law, provided that it may enter into contracts which are governed by the laws of another jurisdiction than the Netherlands.

The Issuer has an issued share capital of €1.00 which is fully paid-up. All shares of the Issuer are held by the Shareholder.

#### **Statement by managing director of the Issuer**

Since its incorporation there has been no material adverse change in the financial position or prospects of the Issuer and the Issuer has not (i) commenced operations, no profits and losses have been made or incurred and it has not declared or paid any dividends nor made any distributions, save for the activities related to its establishment and the securitisation transaction described in this Prospectus nor (ii) prepared any financial statements. There are no legal, arbitration or governmental proceedings which may have, or have had, significant effects on the Issuer's financial position or profitability nor, so far as the Issuer is aware, are any such proceedings pending or threatened against the Issuer.

The Issuer has the corporate power and capacity to issue the Notes, to acquire the Mortgage Receivables and to enter into and perform its obligations under the Transaction Documents.

The sole managing director of each of the Issuer and the Shareholder is Intertrust Management B.V. The managing directors of Intertrust Management B.V. are E.M. van Ankeren, D.H. Schornagel and T.T.B. Leenders. The managing directors of Intertrust Management B.V. have chosen domicile at the office address of Prins Bernhardplein 200, 1097 JB Amsterdam, telephone number +31 20 521 47 77.

The objectives of Intertrust Management B.V. are (a) advising of and mediation with respect to financial and related transactions, (b) finance company, and (c) management of legal entities. Intertrust Management B.V. is also the Shareholder Director.

The Issuer Director has entered into the Issuer Management Agreement with the Issuer and the Security Trustee. In the Issuer Management Agreement the Issuer Director agrees and undertakes, among other things, that it shall (i) manage the affairs of the Issuer in accordance with proper and prudent Dutch business practice and in accordance with the requirements of Dutch law and Dutch accounting practice with the same care that it exercises or would exercise in connection with the administration of similar matters held for its own account or for the account of third parties and (ii) refrain from any action detrimental to any of the Issuer's rights and obligations under the Transaction Documents.

The Issuer Management Agreement may be terminated by the Issuer (with the consent of the Security Trustee) or the Security Trustee upon the occurrence of certain termination events, including, but not limited to, a default by the Issuer Director (unless remedied within the applicable grace period), dissolution and liquidation of the Issuer Director or the Issuer Director being declared bankrupt or granted a suspension of payments, provided that the Credit Rating Agencies are notified of such default and after consultation with the Secured Creditors, other than the Noteholders. Furthermore, the Issuer Management Agreement can be terminated by the Issuer Director or the Security Trustee on behalf of the Issuer upon ninety (90) days prior written notice. The Issuer Director shall resign upon termination of the Issuer Management Agreement, provided that such resignation shall only be effective as from the moment (a) a new director reasonably acceptable to the Security Trustee has been appointed and (b) a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such appointment.

There are no potential conflicts of interest between any duties of the Issuer Director to the Issuer and private interests or other duties of the Issuer Director or its managing directors except that Intertrust Management B.V., the sole managing director of both the Issuer and the Shareholder, belongs to the same group of companies as Intertrust Administrative Services B.V., the Issuer Administrator. Therefore a conflict of interests may in theory arise if the interests of the Issuer Administrator and the Issuer were to deviate, for example as to the assessment of the performance by the Issuer Administrator of its contractual obligations. In this respect it is of note that in the relevant Management Agreement entered into by each of the Directors with the entity of which it has been appointed managing director (*statutair directeur*), each of the Directors agrees and undertakes to, among other things, (i) do all that an adequate managing director (*statutair directeur*) should do and (ii) refrain from taking any action detrimental to the obligations under any of the Transaction Documents. The financial year of the Issuer coincides with the calendar year. The first financial year shall end on 31 December 2021.

## **Wft**

The Issuer is not subject to any banking licence requirement under Section 2:11 of the Wft as amended, due to the fact that the Notes will be offered solely to Non-Public Lenders.

The Issuer is not subject to any licence requirement under Section 2:60 of the Wft, as and for as long as the Issuer has outsourced the servicing and administration of the Mortgage Loans to the Servicer and for as long as the Servicer holds a license referred to in the next sentence. As at the date of this Prospectus, the Servicer holds a license under the Wft and the Issuer will thus benefit from the relevant exemption.

## 1.2 Title and Register

### (a) *Title*

The person registered in the Register as the holder of any Note will, to the fullest extent permitted by law, be deemed and treated by all persons and for all purposes as the absolute owner of such Note (whether or not payment under such Note shall be overdue and notwithstanding any notice of ownership or writing on, or any notice of previous loss or theft of the related Note Certificate), including for the making of payments, and no person shall be liable for so treating such person.

### (b) *Register*

The Issuer shall cause to be kept at the specified offices of the Registrar, a register on which the names and addresses of the holders of the Notes and the particulars of the Notes and of all transfers and redemptions of the Notes shall be entered.

The Issuer will procure that, as long as any of the Notes remains outstanding, there will at all times be a Registrar.

## 1.3 Transfers

- (a) No transfer shall be valid unless and until entered in the Register.
- (b) Title to a Note may pass by (i) due execution and completion of a written instrument (a **Transfer Certificate**) in the form attached to the Note Certificate, (ii) delivery of the Transfer Certificate together with the relevant Note Certificate to the Registrar and the Issuer (which delivery shall constitute notification to the Issuer), together with such evidence as the Registrar may reasonably require and (iii) registration of the transfer in the Register. In case of a transfer of part only of a Note evidenced by a Note Certificate, a new Note Certificate shall be issued to the transferee in respect of the part transferred and a further new Note Certificate in respect of the balance of the holding not transferred shall be issued to the transferor.
- (c) A Note may only be transferred in the minimum denominations specified in Condition 1.1 (*Form and denomination*).
- (d) A new Definitive Registered Note Certificate, to be issued upon transfer of a Note evidenced by a Definitive Registered Note Certificate will, within five (5) Business Days of such surrender of the old Note Certificate, be available for delivery at the specified office of the Registrar as stipulated in the request for transfer. The Registrar will register the transfer in question and

deliver a new Note Certificate evidencing the transferred (part of the) Note to the relevant holder at its specified office.

- (e) The transfer of a Note will be effected without charge by the Registrar, but subject to payment of (or the giving of such indemnity as the Registrar may require for) any tax or other governmental charges which may be imposed in relation to it.
- (f) Noteholders may not require transfers of Notes to be registered during the period of fifteen (15) days ending on the due date for any payment of principal or interest in respect of the Notes.
- (g) All transfers of Notes and entries on the Register are subject to the detailed regulations concerning the transfer of Notes scheduled to the Paying Agency Agreement. The regulations may be changed by the Issuer with the prior written approval of the Security Trustee and the Registrar. A copy of the current regulations will be mailed (free of charge) by the Registrar to any Noteholder who requests in writing a copy of such regulations.

## **2. Status, Relationship between the Notes and Security**

### **(a) Status**

The Notes of each Class are direct and unconditional obligations of the Issuer and rank *pari passu* and rateably without any preference or priority among Notes of the same Class. In accordance with the provisions of Conditions 4, 6 and 9 and the Trust Deed the right to payment of principal on the Class B Notes will be subordinated to, *inter alia* payments of principal amounts and following delivery of an Enforcement Notice interest amounts in respect of the Class A Notes.

### **(b) Security**

The Secured Creditors, including, *inter alia*, the Noteholders, indirectly benefit from the Security for obligations of the Issuer towards the Security Trustee, which will be created pursuant to, and on the terms set out in, the Trust Deed and the Pledge Agreements, which will create, *inter alia*, the following security rights:

- (i) a first ranking undisclosed right of pledge by the Issuer to the Security Trustee over the Mortgage Receivables and the Beneficiary Rights;
- (ii) a first ranking disclosed right of pledge by the Issuer to the Security Trustee over the Issuer Rights; and
- (iii) a first ranking disclosed right of pledge by the Issuer to the Security Trustee over the Issuer's claims in respect of the Issuer Accounts.

The Trust Deed contains provisions requiring the Security Trustee to have regard to the interests of each of the Class A Noteholders and the Class B Noteholders each as a Class as regards all powers, trust, authorities, duties and discretions of the Security Trustee (except where expressly provided otherwise) and the Security Trustee need not have regard to the consequences of such exercise for individual Noteholders but is required in any such case to have regard only to the interests of the Class A Noteholders if, in the Security Trustee's opinion, there is a conflict between the interests of the Class A Noteholders on the one hand and the Class B Noteholders

on the other hand and, if no Class A Notes are outstanding, to have regard only to the interests of the Class B Noteholders. In addition, the Security Trustee shall have regard to the interests of the other Secured Creditors, provided that, in the case of a conflict of interest between the Secured Creditors, the relevant Priority of Payments set forth in the Trust Deed determines which interest of which Secured Creditor prevails.

### **3. Covenants of the Issuer**

As long as any of the Notes remain outstanding, the Issuer shall carry out its business in accordance with proper and prudent Netherlands business practice and in accordance with the requirements of Dutch law and accounting practice, and shall not, except (i) to the extent permitted by the relevant Transaction Documents or (ii) with the prior written consent of the Security Trustee:

- (a) carry out any business other than as described in the Prospectus and as contemplated in the relevant Transaction Documents;
- (b) incur any indebtedness in respect of borrowed money whatsoever or give any guarantee or indemnity in respect of any indebtedness, except as contemplated in the relevant Transaction Documents;
- (c) create or promise to create any mortgage, charge, pledge, lien or other security interest whatsoever over any of its assets, or use, invest, sell, transfer or otherwise dispose of or grant any options or rights to any part of its assets except as contemplated by the relevant Transaction Documents;
- (d) consolidate or merge with any other person or convey or transfer its properties or assets substantially or as an entirety to any persons;
- (e) permit the validity or effectiveness of the relevant Transaction Documents, or the priority of the security created thereby or pursuant thereto to be amended, terminated, waived, postponed or discharged, or permit any person whose obligations form part of such security rights to be released from such obligations or consent to any waiver except as contemplated in the relevant Transaction Documents;
- (f) have any employees or premises or have any subsidiary or subsidiary undertaking;
- (g) have an interest in any bank account other than the Issuer Accounts;
- (h) take any action which will cause its 'centre of main interest' within the meaning of the insolvency regulation to be located outside the Netherlands;
- (i) amend, supplement or otherwise modify or waive any terms of its articles of association or other constitutive documents or the Transaction Documents;
- (j) pay any dividend or make any other distribution to its shareholder(s), other than in accordance with the applicable Priority of Payments or issue any further shares; or

- (k) engage in any activity whatsoever which is not incidental to or necessary in connection with, any of the activities which the relevant Transaction Documents provide or envisage that the Issuer will engage in.

#### **4. Interest**

##### **(a) *Period of Accrual***

- (i) The Class A Notes shall bear interest on their Principal Amount Outstanding from and including the Closing Date. Each such Class A Note (or, in the case of the redemption of only part of a Class A Note, that part only of such Class A Note) shall cease to bear interest from its due date for redemption unless, upon due presentation, payment of the relevant amount of principal or any part thereof is improperly withheld or refused. In such event, interest will continue to accrue thereon (before and after any judgment) at the rate applicable to such Class A Note up to but excluding the date on which, on presentation of such Class A Note, payment in full of the relevant amount of principal is made or (if earlier) the seventh day after notice is duly given by the Paying Agents to the holder thereof (in accordance with Condition 13) that upon presentation thereof, such payments will be made, provided that upon such presentation payment is in fact made. Whenever it is necessary to compute an amount of interest in respect of any Note for any period, such interest shall be calculated on the basis of the number of days elapsed in an Interest Period (such number of days being calculated on the basis of 12 30-day months) divided by 360.

- (ii) The Class B Notes will not bear interest.

##### **(b) *Interest Periods and Notes Payment Dates***

Interest on the Class A Notes shall be payable in euro by reference to each successive Interest Period and will be payable in arrear in respect of the Principal Amount Outstanding of such Class A Notes, respectively, on each Notes Payment Date, subject to Condition 9(a).

##### **(c) *Interest on the Class A Notes up to but excluding the First Optional Redemption Date***

Interest on the Class A Notes for each Interest Period from the Closing Date up to and excluding the First Optional Redemption Date will accrue at a fixed rate of 0.5 per cent. per annum.

##### **(d) *Interest on the Class A Notes from and including the First Optional Redemption Date***

Interest on the Class A Notes from and including the First Optional Redemption Date will accrue at a fixed rate of 0.75 per cent. per annum.

#### **5. Payment**

- (a) Payment of principal and, if applicable, interest in respect of Note Certificates will be made by transfer to a euro account maintained by the payee with a bank in the Netherlands, as the holder of a Note may specify. All such payments will be subject in all cases to any applicable fiscal or other laws and regulations.

- (b) If the relevant Notes Payment Date is not a Local Business Day, the holder of a Note thereof shall not be entitled to payment until the next following Local Business Day, or to any interest or other payment in respect of such delay, provided that in the case of payment by transfer to a euro account as referred to above, the Paying Agents shall not be obliged to credit such account until the Local Business Day immediately following the day on which banks are open for business in the Netherlands. The name of each of the Paying Agents and details of its office are set out below.
- (c) The Issuer reserves the right at any time to vary or terminate the appointment of the Paying Agent and to appoint additional or other paying agents provided that no paying agents located in the United States of America will be appointed and that the Issuer will at all times maintain a paying agent having a specified office in a jurisdiction within Europe provided that, in respect of any such additional paying agent, the Issuer will not be required to withhold or deduct any tax pursuant to any applicable law. Notice of any termination or appointment of a Paying Agent will be given to the Noteholders in accordance with Condition 13.

## 6. Redemption

### (a) *Final Redemption*

Unless previously redeemed as provided below, the Issuer will, subject to Condition 9(a), redeem any remaining Notes at their respective Principal Amount Outstanding on the Final Maturity Date.

### (b) *Mandatory Redemption prior to delivery of an Enforcement Notice*

Subject to Condition 9(a) and provided that no Enforcement Notice has been served in accordance with Condition 10, the Issuer shall on each Notes Payment Date apply the Available Principal Funds in accordance with the Pre-Enforcement Principal Priority of Payments.

The Redemption Amount so redeemable in respect of each Note (each a **Principal Redemption Amount**), on the relevant Notes Payment Date, shall be the Available Principal Funds on the Notes Calculation Date relating to that Notes Payment Date available to redeem such Class of Notes in accordance with the Pre-Enforcement Principal Priority of Payments, divided by the number of Notes of the relevant Class subject to such redemption (rounded down to the nearest euro), provided always that the Principal Redemption Amount may never exceed the Principal Amount Outstanding of the relevant Note. Following application of the Principal Redemption Amount to redeem a Note, the Principal Amount Outstanding of such Note shall be reduced accordingly.

### (c) *Determination of Principal Redemption Amount and Principal Amount Outstanding:*

- (i) On each Notes Calculation Date, the Issuer shall determine (or cause the Issuer Administrator to determine) (a) the Principal Redemption Amount and (b) the Principal Amount Outstanding of the relevant Note on the first day following the relevant Notes Payment Date. Each determination by or on behalf of the Issuer of any Principal Redemption Amount or the Principal Amount Outstanding of a Note shall in each case (in the absence of manifest error) be final and binding on all persons.

- (ii) On each Notes Calculation Date, the Issuer will cause each determination of the Redemption Amount due in respect of each Class, the Available Principal Funds and Principal Amount Outstanding of Notes to be notified forthwith to the Security Trustee, the Paying Agents, Euronext Amsterdam and to the holders of Notes and, as long as the Notes are evidenced by a Global Registered Note Certificate, Euroclear and Clearstream, Luxembourg and notice thereof shall be published in accordance with Condition 13. If no Principal Redemption Amount is due to be made on the Notes on any applicable Notes Payment Date a notice to this effect will be given to the Noteholders in accordance with Condition 13.
- (iii) If the Issuer does not at any time for any reason determine (or cause the Issuer Administrator to determine) the Redemption Amount or the Principal Amount Outstanding of a Note, such Redemption Amount or such Principal Amount Outstanding shall be determined by the Security Trustee in accordance with this Condition 6(c) and Condition 6(b) above (but based upon the information in its possession as to the Available Principal Funds) and each such determination or calculation shall be deemed to have been made by the Issuer and (in the absence of manifest error) be final and binding on all persons.

(d) *Optional redemption*

The Issuer may, at its option, on giving not more than sixty (60) nor less than thirty (30) days' written notice to the Security Trustee and the Noteholders in accordance with Condition 13, on the First Optional Redemption Date, and on each Optional Redemption Date thereafter redeem, subject to Condition 9(a) all (but not only part of) the Class A Notes and the Class B Notes at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes provided that in each case, the Issuer has sufficient funds to redeem, subject to Condition 9(a), the Notes at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon.

(e) *Redemption following clean-up call*

The Seller has the option to repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables on any Notes Payment Date on which the principal amount due on the Mortgage Receivables then outstanding is less than 10% of the aggregate Outstanding Principal Amount of the Mortgage Receivables on the Cut-Off Date (the **Clean-up Call Option**), provided that in each case, the Issuer has sufficient funds to redeem, subject to Condition 9(a), the Notes at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon after payment of the amounts to be paid in priority to redemption of the Notes. On the Notes Payment Date following the exercise by the Seller of the Clean-up Call Option, the Issuer shall redeem, subject to Condition 9(a), all (but not only part of) the Notes at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes.

(f) *Redemption for tax reasons*

The Issuer may (but is not obliged to) on giving not less than thirty (30) nor more than sixty (60) days prior notice to the Noteholders and the Security Trustee, redeem all (but not only part of) the Notes, at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon up to and including the date of redemption, subject to and in accordance with

the Conditions including, without limitation, Condition 9(a), if (a) the Issuer or the Paying Agents has become or would become obligated to make any withholding or deduction from payments in respect of any of the Notes (although the Issuer will not have any obligation to pay additional amounts in respect of any such withholding or deduction) and/or (b) the Issuer has become or would become subject to any limitation of the deductibility of interest on any of the Notes, as a result of (i) a change in any laws, rules or regulations or in the interpretation or administration thereof, or (ii) any act taken by any taxing authority on or after the Closing Date. No redemption pursuant to sub-clause (ii) may be made unless the Issuer receives an opinion of independent counsel that there is a probability that the act taken by the taxing authority leads to one of the events mentioned at (a) or (b), provided that in each case, the Issuer has sufficient funds to redeem, subject to Condition 9(a), the Notes at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon after payment of the amounts to be paid in priority to redemption of the Notes.

(g) *Redemption for regulatory reasons*

The Seller has the option to repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables on a Notes Payment Date upon the occurrence of a Regulatory Change provided that in each case, the Issuer has sufficient funds to redeem, subject to Condition 9(a), the Notes at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon after payment of the amounts to be paid in priority to redemption of the Notes. On the Notes Payment Date following the exercise by the Seller of the Regulatory Call Option, the Issuer shall redeem, subject to Condition 9(a), all (but not only part of) the Notes at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes.

**7. Taxation**

(a) *General*

All payments of, or in respect of, principal and (in respect of the Class A Notes) interest on the Notes will be made without withholding of, or deduction for, or on account of any present or future taxes, duties, assessments or charges of whatsoever nature imposed or levied by or on behalf of the Netherlands or any other jurisdiction, any authority therein or thereof having power to tax unless the withholding or deduction of such taxes, duties, assessments or charges are required by law. In that event, the Issuer will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Noteholders, as the case may be, and shall not pay any additional amounts to such Noteholders.

(b) *FATCA Withholding*

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 impose a certain reporting regime and due diligence requirements on foreign financial institutions and, potentially, a 30 per cent. withholding tax with respect to (i) certain payments from sources within the United States, (ii) “foreign passthru payments” made to certain non-U.S. financial institutions that do not comply with this new reporting regime, and (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-U.S. financial institution.

If an amount in respect of FATCA Withholding were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding.

## **8. Prescription**

Claims against the Issuer for payment in respect of the Notes shall become prescribed and become void unless made within five (5) years from the date on which such payment first becomes due.

## **9. Subordination**

### **(a) *Principal***

Prior to service of an Enforcement Notice, until the date on which the Principal Amount Outstanding of all Class A Notes is reduced to zero, the holders of the Class B Notes will not be entitled to any repayment of principal in respect of the Class B Notes. As from that date the Principal Amount Outstanding of the Class B Notes will be redeemed in accordance with the provisions of Condition 6, provided that if, on any Notes Payment Date, there is a balance on the Class B Principal Deficiency Ledger, then notwithstanding any other provisions of these Conditions, the principal amount payable on redemption of each Class B Note on such Notes Payment Date shall not exceed its Principal Amount Outstanding less the relevant Principal Shortfall on such date. The Class B Noteholders shall have no further claim against the Issuer for the Principal Amount Outstanding on the Class B Notes after the earlier of (i) the Final Maturity Date and (ii) the date on which the Issuer no longer holds any Mortgage Receivables and there are no balances standing to the credit of the Issuer Accounts and the Issuer has no further rights under or in connection with any of the Transaction Documents.

### **(b) *Interest***

In the event that on any Notes Payment Date the Issuer has insufficient funds available to it to satisfy its obligations in respect of amounts of interest due on the Class A Notes on such Notes Payment Date and such interest is not paid within fifteen (15) calendar days from the relevant Notes Payment Date, this will constitute an Event of Default in accordance with Condition 10(a).

### **(c) *General***

If the Security in respect of the Notes has been fully enforced and the proceeds of such enforcement, after payment of all other claims ranking under the Trust Deed in priority to a Class are insufficient to pay in full all principal and interest and other amounts whatsoever due in respect of such Class, the Noteholders of such Class shall have no further claim against the Issuer (or, for the avoidance of doubt, the Security Trustee) in respect of any such unpaid amounts.

## 10. Events of Default

The Security Trustee at its discretion may or, if so directed by an Extraordinary Resolution of the Most Senior Class (subject, in each case, to being indemnified to its satisfaction) (in each case, the **Relevant Class**) shall (but in the case of the occurrence of any of the events mentioned in subparagraph (b), only if the Security Trustee shall have certified in writing to the Issuer that such an event is, in its opinion, materially prejudicial to the Noteholders of the Relevant Class) give an Enforcement Notice to the Issuer that the Notes are, and each Note shall become, immediately due and payable at their or its Principal Amount Outstanding, together with, if applicable, accrued interest, if any of the following (each an **Event of Default**) shall occur:

- (a) the Issuer is in default for a period of fifteen (15) calendar days or more in the payment on the due date of any amount due in respect of the Notes of the Relevant Class; or
- (b) the Issuer fails to perform any of its other obligations binding on it under the Notes of the Relevant Class, the Trust Deed, the Paying Agency Agreement or the Pledge Agreements and, except where such failure, in the reasonable opinion of the Security Trustee, is incapable of remedy, such default continues for a period of thirty (30) calendar days after written notice by the Security Trustee to the Issuer requiring the same to be remedied; or
- (c) if a conservatory attachment (*conservatoir beslag*) or an executory attachment (*executoriaal beslag*) on any major part of the Issuer's assets is made and not discharged or released within a period of thirty (30) calendar days of its first being made; or
- (d) if any order shall be made by any competent court or other authority or a resolution passed for the dissolution or winding-up of the Issuer or for the appointment of a liquidator or receiver of the Issuer in respect of all or substantially all of its assets; or
- (e) it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes, the Trust Deed or the Security; or
- (f) the Issuer has taken any winding-up resolution, has been declared bankrupt (*failliet*), or has applied for general settlement or composition with creditors (*akkoord*), or suspension of payments (*surseance van betaling*) or reprieve from payment,

provided that, if more than one Class of Notes is outstanding, no Enforcement Notice may or shall be given by the Security Trustee to the Issuer in respect of any Class ranking junior to the Most Senior Class irrespective of whether an Extraordinary Resolution is passed by the holders of such Class or Classes ranking junior to the Most Senior Class, unless an Enforcement Notice in respect of the Most Senior Class has been given by the Security Trustee. In exercising its discretion as to whether or not to give an Enforcement Notice to the Issuer in respect of the Most Senior Class, the Security Trustee shall not be required to have regard to the interests of the holders of any Class of Notes ranking junior to the Most Senior Class.

The issuance of an Enforcement Notice will be reported to the Noteholders without undue delay in accordance with Condition 13.

## **11. Enforcement**

### **(a) *Enforcement***

Without prejudice to Condition 11(d), at any time after the obligations under the Notes of any Class become due and payable, the Security Trustee may, at its discretion and without further notice, take such steps and/or institute such proceedings as it may think fit to enforce the Security pursuant to the terms of the Trust Deed, the Secured Creditors Agreement and the Pledge Agreements, including the making of a demand for payment thereunder, but it need not take any such proceedings unless (i) it shall have been directed by an Extraordinary Resolution of the Most Senior Class and (ii) it shall have been indemnified to its satisfaction. The Security Trustee will enforce the security created by the Issuer in favour of the Security Trustee pursuant to the terms of the Trust Deed and the Pledge Agreements for the benefit of all Secured Creditors, including, but not limited to, the Noteholders, and will apply the net proceeds received or recovered towards satisfaction of the Parallel Debt. The Security Trustee shall distribute such net proceeds in accordance with the Post-Enforcement Priority of Payments set forth in the Trust Deed.

### **(b) *No direct action against Issuer by Noteholders***

No Noteholder may proceed directly against the Issuer unless the Security Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

### **(c) *Undertaking by Noteholders and Security Trustee***

The Noteholders and the Security Trustee may not institute against, or join any person in instituting against, the Issuer any bankruptcy, winding-up, reorganisation, arrangement, insolvency or liquidation proceeding until the expiry of a period of at least one (1) year after the last maturing Note is paid in full.

### **(d) *Offer to sell***

Following the giving of an Enforcement Notice, the Security Trustee shall, without in any event affecting its right to notify the Borrowers of its right of pledge, make an offer (on behalf of the Issuer) to the Seller and its group companies to purchase the Mortgage Receivables before the Security Trustee enforces its right of pledge by selling the Mortgage Receivables to a third party. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

In all instances, before the Issuer or the Security Trustee enters into any binding purchase agreement with a third party with respect to the Mortgage Receivables, it will first grant the possibility to the Seller and/or its group companies to purchase the Mortgage Receivables against payment of the same purchase price such third party has indicated to be willing to pay. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

### **(e) *Limitation of Recourse***

The Noteholders accept and agree that the only remedy of the Security Trustee against the Issuer after any of the Notes have become due and payable pursuant to Condition 10 above is to enforce the Security. The proceeds will be applied in accordance with the Post-Enforcement Priority of Payments. If the foreclosure proceeds are insufficient, after payment of all other claims ranking in priority to a Class of Notes, to fully pay the amounts due and payable in respect of such Class, the unpaid amount shall cease to be due and payable by the Issuer and the relevant Noteholders shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts.

## **12. Indemnification of the Security Trustee**

The Trust Deed contains provisions for the indemnification of the Security Trustee and for its relief from responsibility.

## **13. Notices**

Notices to the Noteholders will, if Notes are in definitive form, be deemed to be validly given if published in at least one widely circulated newspaper in London, the United Kingdom and in the Netherlands and on the DSA website, being at the time [www.dutchsecuritisation.nl](http://www.dutchsecuritisation.nl), or, if such website shall cease to exist or timely publication thereon shall not be practicable, in such manner as the Security Trustee shall approve. Any such notice shall be deemed to have been given on the first date of such publication. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given at such date, as the Security Trustee shall approve.

So long as the Notes are admitted to the official list and trading on the regulated market of Euronext Amsterdam all notices to the Noteholders will be valid if published in a manner which complies with the rules and regulations of Euronext Amsterdam (which includes delivering a copy of such notice to Euronext Amsterdam) and any such notice shall be deemed to have been given on the first date of such publication.

## **14. Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors**

The Trust Deed contains provisions for convening meetings of Noteholders of any Class or one or more Classes jointly to consider matters affecting the interests, including the sanctioning by Extraordinary Resolution, of such Noteholders of the relevant Class of a change of any of these Conditions or any provisions of the relevant Transaction Documents.

The Noteholders of any Class may adopt a resolution without the formalities for convening a meeting set out in the Trust Deed being observed, including an Extraordinary Resolution and/or an Extraordinary Resolution relating to a Basic Terms Change, provided that such resolution is unanimously adopted in writing – including by email, facsimile or electronic transmission, or in the form of a message transmitted by any accepted means of communication and received or capable of being produced in writing – by all Noteholders of the relevant Class having the right to cast votes.

### **(a) *Meeting of Noteholders***

The Trust Deed contains provisions for convening meetings of the Class A Noteholders and the Class B Noteholders to consider matters affecting the interests, including the sanctioning by Extraordinary Resolution, of such Noteholders of the relevant Class of a change of any of these Conditions or any provisions of the relevant Transaction Documents, provided that no change of certain terms by the Noteholders of any Class including the date of maturity of the Notes of the relevant Class, or a change which would have the effect of postponing any day for payment of interest in respect of such Notes, reducing or cancelling the amount of principal or rate of interest payable in respect of such Notes unless such reduction or cancellation results from altering the majority required to pass an Extraordinary Resolution or any alteration of the date or priority of redemption of such Notes (any such change in respect of any such class of Notes referred to below as a **Basic Terms Change**) shall be effective except that, (A) if the Security Trustee is of the opinion that such a Basic Terms Change is being proposed by the Issuer as a result of, or in order to avoid, an Event of Default, such Basic Terms Change may be sanctioned by an Extraordinary Resolution of the Noteholders of the relevant Class as described below or (B) a Basic Terms Change may be sanctioned by a resolution unanimously adopted in writing by all Noteholders of the relevant Class having the right to cast votes without a meeting having been convened, provided that in each case the Issuer has agreed thereto.

A meeting as referred to above may be convened by the Issuer, the Seller or by Noteholders of any Class holding at least 10% of the Principal Amount Outstanding of the Notes of such Class. The quorum for any meeting convened to consider an Extraordinary Resolution for any Class of Notes will be 66.67% of the Principal Amount Outstanding of the Notes of the relevant Class, as the case may be, and at such a meeting an Extraordinary Resolution shall be adopted with not less than a two-third majority of the validly cast votes, except that the quorum required for an Extraordinary Resolution including the sanctioning of a Basic Terms Change shall be at least 75% of the Principal Amount Outstanding of the Notes of the relevant Class and the majority required shall be at least 75% of the validly cast votes in respect of that Extraordinary Resolution. If at such meeting the aforesaid quorum is not represented, a second meeting of Noteholders will be held within one month, with due observance of the same formalities for convening the meeting which governed the convening of the first meeting; at such second meeting an Extraordinary Resolution can be adopted with not less than a two-thirds majority of the validly cast votes, except that for an Extraordinary Resolution including a sanctioning of a Basic Terms Change the majority required shall be 75% of the validly cast votes, regardless of the Principal Amount Outstanding of the Notes of the relevant Class then represented.

An Extraordinary Resolution passed at any meeting of the Class A Noteholders shall be binding on all Class B Notes, irrespective of its effect upon them, except in case of an Extraordinary Resolution to sanction a Basic Terms Change, which shall not take effect unless it shall have been sanctioned by (i) an Extraordinary Resolution of the Class B Notes or (ii) a resolution thereto by the Security Trustee if the Security Trustee is of the opinion that the relevant Basic Terms Change will not be materially prejudicial to the interests of the Class B Notes.

An Extraordinary Resolution passed at any meeting of the Class B Notes shall not be effective, unless it shall have been sanctioned by (i) an Extraordinary Resolution of the Class A Noteholders or (ii) a resolution thereto by the Security Trustee if the Security

Trustee is of the opinion that it will not be materially prejudicial to the interests of the Class A Notes.

Any Extraordinary Resolution duly passed shall be binding on all Noteholders of the relevant Class (whether or not they were present at the meeting at which such resolution was passed).

(b) *Voting*

Every Voter (as defined in the Trust Deed) shall have one vote in respect of (i) each €1.00 or (ii) such other amount as the Security Trustee may in its absolute discretion stipulate in Principal Amount Outstanding of the Notes represented or held by such Voter. The Issuer and its affiliates may not vote on any Notes held by them directly or indirectly. Such Notes will not be taken into account in calculating the aggregate outstanding amount of the Notes. The Seller is entitled to vote in respect of the Notes held by it.

*Modification, authorisation and waiver without consent of Noteholders*

- (A) The Security Trustee may agree with the other parties to any Transaction Document, without the consent of the Noteholders, to (i) any modification of any of the provisions of the Transaction Documents which is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification, and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Transaction Documents, which is in the opinion of the Security Trustee not materially prejudicial to the interests of the Noteholders and not in breach of the Securitisation Regulations, provided that a Credit Rating Agency Confirmation with respect to each Credit Rating Agency is available in connection with such modification, authorisation or waiver. Any such modification, authorisation, or waiver shall be binding on the Noteholders and, if the Security Trustee so requires, such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter. In addition, the Security Trustee may agree, without the consent of the Noteholders, to any modification of any Transaction Document which is required or necessary in connection therewith.
- (B) The Security Trustee shall agree with the other parties to any Transaction Document, without the consent of the Noteholders, to any modification of the relevant Transaction Documents in order to enable the Issuer to comply with any obligation which applies to it under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies and Commission Delegated Regulation (EU) 2015/3 (including, without limitation, any associated regulatory technical standards and advice, guidance or recommendations from relevant supervisory regulators) (the **CRA3 Requirements**), including any requirements imposed by the Securitisation Regulations or any other obligation which applies to it under the CRA3 Requirements, the Securitisation Regulations and/or any new regulatory requirements, subject to receipt by the Security Trustee of a certificate of the Issuer certifying to the Security Trustee that the amendments requested by the Issuer are to be made solely for the purpose of enabling the Issuer to satisfy its

requirements under the CRA3 Requirements, the Securitisation Regulations and/or any new regulatory requirements provided that the Security Trustee shall not be obliged to agree to any modification which, in the reasonable opinion of the Security Trustee, would have the effect of (i) exposing the Security Trustee to any additional liability or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Security Trustee in respect of the Notes, the relevant Transaction Documents and/or the Conditions or (iii) the transaction described in this Prospectus not complying with the requirements set out in the Securitisation Regulations, in the event the transaction described in this Prospectus is designated as a “STS” securitisation. Each other party to any relevant Transaction Document shall cooperate to the extent reasonably practicable with the Issuer in amending such Transaction Documents to enable the Issuer to comply with the CRA3 Requirements and/or the Securitisation Regulations and/or new regulatory requirements.

- (C) The Security Trustee shall agree with the other parties to any Transaction Document, without the consent of the Noteholders, to any modification of the relevant Transaction Documents for the purpose of (i) complying with any changes in the requirements of article 6 of the STS Regulation or Section 15G of the Securities Exchange Act of 1934 (as amended), as added by section 941 of the Dodd-Frank Act, after the Closing Date, including as a result of the adoption of regulatory technical standards in relation to the STS Regulation or any other risk retention legislation or regulations or official guidance in relation thereto or (ii) complying with any risk retention requirements which may replace any of the requirements of article 6 of the STS Regulation or Section 15G of the Securities Exchange Act of 1934 (as amended), as added by section 941 of the Dodd-Frank Act, provided that the party proposing the modification to a Transaction Document, supported by the Issuer (provided that the Issuer believes such proposal is not prejudicial to its interest and would not result in the transaction described in this Prospectus no longer satisfying the requirements set out in the Securitisation Regulations, in the event the transaction described in this Prospectus is designated as a “STS” securitisation) if requested by the party proposing the modification, certifies to the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect.

#### *Additional Right of Modification*

Notwithstanding the other provisions of this Condition 14(b) (*Voting*), the Security Trustee shall be obliged, without any consent or sanction of the Noteholders, or, any of the other Secured Creditors, to concur with the Issuer in making any modification (other than in respect of a Basic Terms Change) to these Conditions or the provisions of any other Transaction Document to which it is a party or in relation to which it holds security that the Issuer considers necessary for the purpose of complying with, or implementing or reflecting, any change in the criteria of one or more of the Credit Rating Agencies which may be applicable from time to time, provided that:

- (i) the Issuer certifies in writing to the Security Trustee (and to the parties to the relevant Transaction Documents in respect of modifications in respect of Transaction Documents), that such modification is necessary to comply with

such criteria or, as the case may be, is solely to implement and reflect such criteria;

- (ii) such modification would not result in the Transaction described in the Prospectus not complying with the requirements set out in the Securitisation Regulations, in the event the Transaction described in the Prospectus is designated as a “STS” securitisation; and
- (iii) in the case of any modification to a Transaction Document proposed by any of the Issuer Account Bank or the Cash Advance Facility Provider in order (x) to remain eligible to perform its role in such capacity in conformity with such criteria and/or (y) to avoid taking action which it would otherwise be required to take to enable it to continue performing such role (including, without limitation, posting collateral or advancing funds): (A) the Issuer Account Bank or the Cash Advance Facility Provider, as the case may be, certifies in writing to the Issuer or the Security Trustee that such modification is necessary for the purposes described in this paragraph under (x) and/or (y) above (and in the case of a certification provided to the Issuer, the Issuer shall certify to the Security Trustee that it has received the same from the Issuer Account Bank, or the Cash Advance Facility Provider, as the case may be); and (B) the Issuer or, unless agreed otherwise, the Issuer Account Bank or the Cash Advance Facility Provider, as the case may be, obtains from each of the Credit Rating Agencies a Credit Rating Agency Confirmation and, if relevant, delivers a copy of each such Credit Rating Agency Confirmation to the Issuer; and (C) the Issuer pays all costs and expenses (including legal fees) incurred by the Issuer and the Security Trustee in connection with such modification, unless otherwise provided for in the relevant Transaction Document,

(the certificate to be provided by the Issuer, the Issuer Account Bank or the Cash Advance Facility Provider, as the case may be, pursuant to paragraphs (i) or (ii) above being a **Modification Certificate**), provided that:

- (A) at least 30 calendar days’ prior written notice of any such proposed modification has been given to the Security Trustee;
- (B) the Modification Certificate in relation to such modification shall be provided to the Security Trustee both at the time the Security Trustee is notified of the proposed modification and on the date that such modification takes effect; and
- (C) the consent of each Secured Creditor which is party to the relevant Transaction Document or which has a right to consent to such modification pursuant to the provisions of these Conditions has been obtained by either the Issuer or the Security Trustee; and
- (D) the Issuer certifies in writing to the Security Trustee (which certification may be in the Modification Certificate) that the Issuer has provided at least 30 calendar days’ notice to the Noteholders of each class of the proposed modification in accordance with Condition 13 (*Notices*) and by publication on Bloomberg on the “Company News” screen relating to the Notes, and Noteholders representing at least 10 per cent. of the aggregate Principal

Amount Outstanding of the Most Senior Class have not contacted the Issuer or Paying Agent in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer or Paying Agent that such Noteholders do not consent to the modification.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class have notified the Paying Agent or the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Most Senior Class is passed in favour of such modification in accordance with Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors*).

Objections made in writing other than through the applicable clearing system must be accompanied by evidence to the Issuer's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

Other than where specifically provided in this paragraph (*Additional Right of Modification*) of Condition 14(b) or any Transaction Document:

- (a) when implementing any modification pursuant to this paragraph (*Additional Right of Modification*) of Condition 14(b) (save to the extent the Security Trustee considers that the proposed modification would constitute a Basic Terms Modification), the Security Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely and without further investigation on any certificate or evidence provided to it by the Issuer or the relevant Transaction Party, as the case may be, pursuant to this paragraph (*Additional Right of Modification*) of Condition 14(b) and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and
- (b) the Security Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Security Trustee would have the effect of (i) exposing the Security Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protection, of the Security Trustee in the Transaction Documents and/or these Conditions.

Any such modification shall be binding on all Noteholders and shall be notified by the Issuer as soon as reasonably practicable to:

- (i) so long as any of the Notes rated by the Rating Agencies remains outstanding, each Credit Rating Agency;
- (ii) the Secured Creditors; and
- (iii) the Noteholders in accordance with Condition 13 (*Notices*).

(c) *Indemnification for individual Noteholders*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Security Trustee shall have regard to the interests of the Class A Noteholders and the Class B Noteholders each as a Class and shall not have regard to the consequences of such exercise for individual Noteholders and the Security Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.

(d) *Removal of managing director of Security Trustee*

The Most Senior Class may by Extraordinary Resolution of a meeting of such Class remove any or all of the managing directors of the Security Trustee, provided that the other Secured Creditors have been consulted. Any managing director so removed will not be responsible for any costs or expenses arising from any such removal. Before any managing directors of the Security Trustee are so removed, the Issuer will procure that successor managing directors are appointed in accordance with the Security Trustee's articles of association as soon as reasonably practicable. The removal of a managing director of the Security Trustee will not become effective until a successor managing director is appointed.

**15. Replacements of Note Certificates**

Should any Note Certificate be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Note Certificates must be surrendered before replacements will be issued.

**16. Governing Law**

The Notes, and any non-contractual obligations arising out of or in relation to the Notes, are governed by, and will be construed in accordance with, the laws of the Netherlands. In relation to any legal action or proceedings arising out of or in connection with the Notes the Issuer irrevocably submits to the jurisdiction of the Court of first instance (*rechtbank*) in Amsterdam, the Netherlands. This submission is made for the exclusive benefit of the holders of the Notes and the Security Trustee and shall not affect their right to take such action or bring such proceedings in any other courts of competent jurisdiction.

## 4.2 Form

### Global Registered Note Certificates

The Notes constitute registered claims (*vorderingen op naam*). As such, as a matter of Dutch law, the Notes are not embodied in the Note Certificates. A Note Certificate serves as documentary evidence of the holding of the Note(s) of the Class to which it relates, but the persons registered in the Register are deemed to be the holders of the Notes.

The Notes of each Class are sold to non-U.S. persons in an offshore transaction in reliance on Regulation S and will be evidenced on issue by a Global Registered Note Certificate relating to each such Class. Beneficial interests in Notes evidenced by Global Registered Note Certificates may only be held through Euroclear or Clearstream, Luxembourg or their participants at any time.

### Deposit of Global Registered Note Certificates

#### *Common Safekeeper for Euroclear and Clearstream, Luxembourg – the Class A Notes*

The Global Registered Note Certificates evidencing the Class A Notes will be deposited with the Common Safekeeper for Euroclear and Clearstream, Luxembourg on the Closing Date and registered in the name of a nominee of the Common Safekeeper. Reference to Euroclear or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Security Trustee.

#### *Common Depositary for Euroclear and Clearstream, Luxembourg – the Class B Notes*

The Global Registered Note Certificates evidencing the Class B Notes will be deposited on behalf of the Class B Noteholders with a Common Depositary on the Closing Date and registered in the name of a nominee of the Common Depositary. Reference to Euroclear or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Security Trustee.

### Beneficial interests in respect of the Notes evidenced by Global Registered Note Certificates

Upon confirmation by the Common Depositary that it has custody of the Global Registered Note Certificates (other than the Global Registered Note Certificates in respect of the Class A Notes), Euroclear or Clearstream, Luxembourg, as the case may be, will record the beneficial interests in the Notes of the relevant Classes attributable thereto.

Upon confirmation by the Common Safekeeper that it has custody of the Class A Global Registered Note Certificates, Euroclear or Clearstream, Luxembourg, as the case may be, will record the beneficial interests in the Class A Notes attributable thereto.

Ownership of beneficial interests will be limited to persons that have accounts with Euroclear, Clearstream, Luxembourg (**participants**) or persons that hold interests in respect of the Notes evidenced by the Global Registered Note Certificates through participants (**indirect participants**), including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Indirect participants shall also include persons that hold beneficial interests through such indirect participants. Euroclear and Clearstream, Luxembourg, as applicable, will credit the participants' accounts with the

respective amount of Notes in respect of which such participants own a beneficial interest on each of their respective book-entry registration and transfer systems. The accounts to be initially credited in respect of the Notes shall be designated by the Notes Purchaser. Beneficial interests will be shown on, and transfers of book-entry interests or the interest therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their participants) and on the records of participants or indirect participants (with respect to the interests of their indirect participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge book-entry interests.

So long as a nominee of the Common Safekeeper or Common Depositary (as applicable) is the registered holder of the Notes evidenced by such Global Registered Note Certificates to which the beneficial interests relate, the nominee of the Common Safekeeper or Common Depositary (as applicable) will be considered the sole Noteholder of the Notes evidenced by such Global Registered Note Certificates for all purposes under the Trust Deed.

Except as set forth under “*Issue of Definitive Registered Note Certificates*” in this sub-section *Form* in section *The Notes*, participants and indirect participants will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of Note Certificates in definitive registered form and will not be considered the holders of the Notes evidenced thereby under the Trust Deed. Accordingly, each person holding a beneficial interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and indirect participants must rely on the procedures of the participants or indirect participants through which such person owns its interest in the relevant beneficial interests, to exercise any rights and obligations of a holder of Notes under the Trust Deed.

The Trust Deed will provide a mechanism for relevant account holders with Euroclear or Clearstream, Luxembourg to whose securities account(s) with such clearing system(s) the beneficial interests in the Notes evidenced by such Global Registered Note Certificate are credited to be able to enforce rights directly against the Issuer in certain limited circumstances as set out in the Trust Deed.

An election under the provisions of Annex 3 to Schedule 3 of the Trust Deed may however not be made on or before an exchange date in connection with the occurrence of an Exchange Event (an **Exchange Date**) fixed in accordance with a Global Registered Note Certificate with respect to the Notes to which that Exchange Date relates.

Unlike legal owners or registered holders of the Notes, holders of the beneficial interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from Noteholders. Instead, a holder of beneficial interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of beneficial interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Notes, holders of beneficial interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Definitive Registered Note Certificates are issued in accordance with the Conditions. There can be no assurance that the procedures to be implemented by Euroclear or Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

## **Payments in respect of the Notes evidenced by Global Registered Note Certificates**

Principal and interest on the Notes evidenced by a Global Registered Note Certificate will be made in euro. Payments will be made on behalf of the Issuer in each case payable to the registered holder thereof appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a Business Day) before the relevant due date (the **Record Date**) at his address shown in the Register on the Record Date and at his risk and such registered holder will be the only person entitled to receive payments in respect of such Global Registered Note Certificate and the Issuer will be discharged by payment to, or to the order of the registered holder of such Global Registered Note Certificates in respect of each amount so paid. No person other than the registered holder of the Notes evidenced by a Global Registered Note Certificate shall have any claim against the Issuer in respect of any payment due on such Global Registered Note Certificate.

All amounts of principal and interest in respect of the Notes evidenced by Global Registered Note Certificates shall be paid by the Principal Paying Agent on behalf of the Issuer to the Common Depositary or Common Safekeeper (as applicable) (or their nominees) as the registered holders of the other Notes. Each holder of a beneficial interest must look solely to the Common Depositary or the Common Safekeeper or their nominees (as applicable) in respect of payments relating to those beneficial interests.

The Issuer expects that, in accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Principal Paying Agent to the order of the Common Safekeeper or Common Depositary (as applicable) in respect of a Global Registered Note Certificate held by the Common Depositary or Common Safekeeper (as applicable) for Euroclear and Clearstream, Luxembourg, the respective systems will promptly credit their participants' accounts with payments in amounts proportionate to their respective beneficial interests in the Notes evidenced by such Global Registered Note Certificate as shown in the records of Euroclear or of Clearstream, Luxembourg.

The Issuer expects that payments by participants to owners of beneficial interests in respect of the Notes held through such participants or indirect participants will be governed by standing customer instructions and customary practices. Any payments by the participants or indirect participants will be the responsibility of such participants or indirect participants. None of the Issuer, the Security Trustee or any of their respective agents will have any responsibility or liability for any aspect of the records relating to or payments made on account of a participant's ownership of beneficial interests in such Notes or for maintaining, supervising or reviewing any records relating to a participant's ownership of beneficial interests in such Notes.

## **Transfers**

Title to Notes evidenced by Global Registered Note Certificates will pass by transfer and registration. The Common Depositary, the Common Safekeeper or their nominees, as applicable, may only transfer the Notes evidenced by the Global Registered Note Certificates and in respect of which they are the registered holder, to their successor.

For so long as Notes are evidenced by a Global Registered Note Certificate held through Euroclear or Clearstream, Luxembourg, as appropriate, the beneficial interests in respect of such Notes will be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream,

Luxembourg, as appropriate. Beneficial owners will not receive definitive registered note certificates evidencing their holding unless an Exchange Event occurs.

#### *Eurosystem eligibility*

The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Class A Notes are issued under the NSS and are intended upon issue to be deposited with one of the ICSDs and/or CSDs that fulfils the minimum standard established by the European Central Bank as Common Safekeeper. It does not necessarily mean that the Class A Notes will be recognised as Eurosystem Eligible Collateral either upon issue or at any or all times during their life. Such recognition will depend, *inter alia*, upon satisfaction of the Eurosystem eligibility criteria, as amended from time to time, which criteria will include the requirement that loan-by-loan information be made available to investors in accordance with the template which is available on the website of the European Central Bank or, following a three month transitional period after the final implementation of the technical standards pursuant to Article 7(4) of the STS Regulation becoming applicable and a repository having been designated pursuant to Article 10 of the STS Regulation, in accordance with the final disclosure templates as adopted in such final regulatory technical standards and final implementation of the technical standards. The Class B Notes are not intended to be recognised as Eurosystem Eligible Collateral.

The Issuer has been advised in respect of Euroclear and Clearstream, Luxembourg as follows:

Both Euroclear and Clearstream, Luxembourg act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

The Issuer understands that under existing industry practices, if either the Issuer or the Security Trustee requests any action of owners of beneficial interests in Global Registered Note Certificates or if an owner of a beneficial interest in Notes evidenced by a Global Registered Note Certificate desires to give

instructions or take any action that a holder is entitled to give or take under the Trust Deed, Euroclear or Clearstream, Luxembourg, as the case may be, would authorise the participants owning the relevant beneficial interest in the Notes evidenced by the Global Registered Note Certificate to give instructions or take such action, and such participants would authorise indirect participants to give or take such action or would otherwise act upon the instructions of such indirect participants.

### **Issue of Definitive Registered Note Certificates**

The Issuer will within thirty (30) days of the occurrence of an Exchange Event, issue serially numbered Definitive Registered Note Certificates and as applicable, in fully registered form in exchange for the whole outstanding interest in the Notes evidenced by the relevant Global Registered Note Certificates.

Any Note issued evidenced by a Definitive Registered Note Certificate in exchange for a beneficial interest in a Global Registered Note Certificate will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg, as the case may be. It is expected that such instructions will be based on directions received from the participants of Euroclear or Clearstream, Luxembourg, as applicable, in respect of the relevant beneficial interests.

### **Notices**

For so long as all of the Notes are represented by the Global Registered Note Certificates and such Global Registered Note Certificates are held on behalf of Euroclear and/or Clearstream, Luxembourg, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication to the relevant accountholders rather than by publication as required by Condition 13 (provided that, in the case any publication is required by a stock exchange, the Issuer shall ensure that the stock exchange agrees or, as the case may be, that any other publication requirement of such stock exchange will be met). Any such notice delivered on or prior to 4.00 p.m. (local time) on a Business Day in the city in which it was delivered shall be deemed to have been given to the holder of the Global Notes on such Business Day. A notice delivered after 4.00 p.m. (local time) on a Business Day in the city in which it was delivered will be deemed to have been given to the holders of the Global Notes on the next following Business Day in such city.

### 4.3 Subscription and Sale

The Notes Purchaser has, pursuant to the Notes Purchase Agreement, agreed with the Issuer, subject to certain conditions, to purchase the Notes at their respective issue prices. The Issuer has agreed to indemnify and reimburse the Notes Purchaser against certain liabilities and expenses in connection with the issue of the Notes.

#### Prohibition of Sales to EEA and UK Retail Investors

  - (ii) a customer within the meaning of Directive 2016/97/EU (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
  - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

#### United Kingdom

The Notes Purchaser has represented and agreed that

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (FSMA)) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

#### Italy

No application has been or will be made by any person to obtain an authorization from Commissione Nazionale per le Società e la Borsa (**CONSOB**) for the public offering (*offerta al pubblico*) of the Notes in the Republic of Italy. Accordingly, no Notes may be offered, sold or delivered, nor may copies of

this Prospectus or of any other document relating to the Notes be distributed in the Republic of Italy, except in circumstances falling within Article 1(4) of the Prospectus Regulation.

## United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act and as defined under the U.S. Risk Retention Rules) except in certain transactions exempt from or not just subject to the registration requirements of the Securities Act and/or permitted under the “foreign safe harbor” exemption under the U.S. Risk Retention Rules. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

The Notes Purchaser has agreed that it will not offer, sell or deliver the Notes (i) as part of its distribution at any time or (ii) otherwise until forty (40) days after the completion of the distribution as determined and certified by the Notes Purchaser within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act and subject to compliance with the U.S. Risk Retention Rules and it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Notes during the distribution compliance period (as defined in Regulation S) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

In addition, until forty (40) days after the commencement of the offering of the Notes, an offer or sale of the Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with available exemptions from registration under the Securities Act.

In order to comply with the safe harbor for certain foreign-related transactions set forth in the U.S. Risk Retention Rules, the Notes may not be sold or transferred to Risk Retention U.S. Persons.

the Notes, or possession or distribution of this Prospectus or other offering material relating to the Notes, in any country or jurisdiction where action for that purpose is required. This Prospectus or any part thereof does not constitute an offer, or an invitation to sell or a solicitation of an offer to buy the Notes in any jurisdiction to any person to whom it is unlawful to make such an offer or solicitation in such jurisdiction.

The Notes Purchaser has undertaken not to offer or sell directly or indirectly any Notes, or to distribute or publish this Prospectus or any other material relating to the Notes in or from any country or jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations.

## 4.4 Regulatory & Industry Compliance

### *Securitisation Risk Retention Requirements*

The Seller, in its capacity as the ‘originator’ within the meaning of article 2(3)(b) of the STS Regulation, has (i) undertaken to the Issuer, the Security Trustee and the Arranger to retain, on an ongoing basis, an interest that qualifies as a material net economic interest of not less than 5 per cent. in the securitisation transaction and, (ii) represented and agreed *inter alia*, that (a) it is and, for so long as it is required to hold a material net economic interest in the securitisation transaction, it, shall continue to be an “originator” within the meaning of article 2(3)(b) of the STS Regulation and will continue to retain a material net economic interest in the securitisation transaction in such capacity, (b) it will only transfer its material net economic interest in the securitisation transaction if and to the extent such transfer would not cause the transaction described in this Prospectus to cease to be compliant with the Securitisation Retention Requirements and (c) that the material net economic interest in the securitisation transaction will not be subjected to any credit risk mitigation, short positions, other hedge or sale whereby the Seller is hedged against the credit risk of the randomly selected exposures in breach of the Securitisation Retention Requirements.

As at the Closing Date, such material net economic interest will be held in accordance with paragraph 3 item (d) of article 6 of the STS Regulation by holding the entire interest in the first loss tranche of the securitisation transaction described in this Prospectus (held through the Class B Notes).

The Seller has undertaken to the Issuer and the Security Trustee in the Notes Purchase Agreement that it will comply with the requirements set forth in article 6 and 9 of the STS Regulation. In addition to the information set out herein and forming part of this Prospectus, the Seller has undertaken to make materially relevant information available to investors with a view to such investor complying with article 5 of the STS Regulation.

### *U.S. risk retention requirements*

Section 941 of the Dodd-Frank Act amended the Exchange Act to generally require the “securitiser” of a “securitisation transaction” to retain at least 5 per cent. of the “credit risk” of “securitised assets”, as such terms are defined for purposes of that act, and generally prohibit a securitiser from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitiser is required to retain. The U.S. Risk Retention Rules came into effect on 24 December 2015 for residential-mortgage backed securities and 24 December 2016 with respect to all other classes of asset-backed securities. The U.S. Risk Retention Rules provide that the securitiser of an asset backed securitisation is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Seller does not intend to retain at least 5 per cent. of the credit risk of the Issuer for the purposes of the U.S. Risk Retention Rules, but rather intends to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as Risk Retention U.S. Persons); (3) neither the sponsor nor the issuer is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per

cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Seller has advised the Issuer that it has not acquired, and it does not intend to acquire more than 25 per cent. of the assets from an affiliate or branch of the Seller or the Issuer that is organised or located in the United States.

Prospective investors should note that the definition of “U.S. person” in the U.S. Risk Retention Rules is different from the definition of “U.S. person” under Regulation S. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, “U.S. person” (and “Risk Retention U.S. Person” as used in this Prospectus) means any of the following:

- (a) any natural person resident in the United States;
- (b) any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State or of the United States;<sup>2</sup>
- (c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) any agency or branch of a foreign entity located in the United States;
- (f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) any partnership, corporation, limited liability company, or other organisation or entity if:
  - (A) organised or incorporated under the laws of any foreign jurisdiction; and
  - (B) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act.<sup>3</sup>

---

<sup>2</sup> The comparable provision from Regulation S is “(ii) any partnership or corporation organised or incorporated under the laws of the United States.”

<sup>3</sup> The comparable provision from Regulation S “(vii)(B) formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in 17 CFR 230.501(a)) who are not natural persons, estates or trust

Consequently, the Notes may not be purchased by any person except for persons that are not Risk Retention U.S. Persons. Each holder of a Note or a beneficial interest acquired in the initial distribution of the Notes, by its acquisition of a Note or a beneficial interest in a Note, will be deemed to represent to the Issuer, the Seller and the Arranger that it (1) is not a Risk Retention U.S. Person, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

The Seller, the Issuer and the Arranger are relying on the deemed representations made by purchasers of the Notes and may not be able to determine the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in Section 20 of the U.S. Risk Retention Rules, and neither the Arranger nor any person who controls it or any director, officer, employee, agent or affiliate of the Arranger accepts any liability or responsibility whatsoever for any such determination or characterisation.

There can be no assurance that the exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. Failure on the part of the Seller to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action against the Seller which may adversely affect the Notes and the ability of the Seller to perform its obligations under the Transaction Documents. Furthermore, a failure by the Seller to comply with the U.S. Risk Retention Rules could negatively affect the value and secondary market liquidity of the Notes.

### ***Reporting and disclosure under the STS Regulation***

For the purposes of article 7(2) of the STS Regulation, the Seller as ‘originator’ within the meaning of article 2(3)(b) of the STS Regulation has been designated as the Reporting Entity for compliance with the requirements of Article 7 and will either fulfil such requirements itself or shall procure that such requirements are complied with on its behalf.

The Reporting Entity (or any agent on its behalf) will:

  - (iii) make available, by publication by Bloomberg or Intex, on an ongoing basis, the liability cash flow model as referred to in article 22(3) of the STS Regulation to Noteholders and, upon request, to potential investors in accordance with article 22(3) of the STS Regulation and if there are any significant changes to the cash flows, will update such liability cash flow model accordingly,
- (c) publish any information required to be reported pursuant to Articles 7(1)(f) or 7(1)(g) (as applicable) of the STS Regulation without delay; and

The Reporting Entity (or any agent on its behalf) will publish or make otherwise available the reports and information referred to in paragraphs (a) to (e) (inclusive) above as required under article 7 and article 22 of the STS Regulation by means of:

- (a) once there is a SR Repository registered under article 10 of the STS Regulation and appointed by the Reporting Entity for the securitisation transaction described in this Prospectus, the SR Repository; or
- (b) while no SR Repository has been registered and appointed by the Reporting Entity, the external website of <https://edwin.eurodw.eu/edweb/>, being an external website that conforms to the requirements set out in the fourth paragraph of article 7(2) of the STS Regulation.

The Reporting Entity will make the information referred to above available to the holders of any of the Notes, relevant competent authorities and, upon request, to potential investors in the Notes.

In addition and without prejudice to information to be made available by the Reporting Entity in accordance with article 7 of the STS Regulation, the Issuer Administrator, on behalf of the Issuer, will prepare quarterly investor reports wherein relevant information with regard to the Mortgage Loans and Mortgage Receivables will be disclosed publicly together with information on the retention of the material net economic interest by the Seller. The Issuer and the Seller may agree at any time in the

future that the Issuer Administrator, on behalf of the Issuer, will no longer have to publish investor reports based on the templates published by the DSA.

The quarterly investor reports can also be obtained at <http://cm.intertrustgroup.com> and/or [www.loanbyloan.eu](http://www.loanbyloan.eu) and/or the website of the DSA: [www.dutchsecuritisation.nl](http://www.dutchsecuritisation.nl).

#### *Investors to assess compliance*

Each investor should consult with its own legal, accounting, regulatory and other advisors and/or its regulator before committing to acquire any Notes to determine whether, and to what extent, the information set out in this Prospectus and in any investor report provided in relation to the transaction is sufficient for the purpose of satisfying such requirements. Investors are required to independently assess and determine the sufficiency of such information for the purposes of complying with Article 5 of the STS Regulation. None of the Issuer, the Seller, the Issuer Administrator, the Arranger or the Security Trustee, their respective affiliates or any other person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose or that the structure of the Notes and the transactions described herein are compliant with the Securitisation Retention Requirements and the related due diligence requirements or any other applicable legal, regulatory or other requirements and no such person shall have any liability to any prospective investor or any other person with respect to any deficiency in such information or any failure of the transactions contemplated thereby to comply with or otherwise satisfy such requirements.

Each prospective investor is required to independently assess and determine the sufficiency of the information described above for the purposes of complying with article 5 of the STS Regulation and none of the Issuer, the Seller, the Servicer, the Issuer Administrator nor the Arranger makes any representation that the information described above is sufficient in all circumstances for such purposes.

#### *STS-securitisation*

Pursuant to article 18 of the STS Regulation a number of requirements must be met if the originator and the SSPE's wish to use the designation 'STS' or 'simple, transparent and standardised' for securitisation transactions initiated by them. The Seller has submitted an STS notification to ESMA in accordance with article 27 of the STS Regulation, pursuant to which compliance with the requirements of articles 19 to 22 of the STS Regulation has been notified with the intention that the securitisation transaction described in this Prospectus is to be included in the list administered by ESMA within the meaning of article 27 of the STS Regulation on the website of ESMA (<https://www.esma.europa.eu/policy-activities/securitisation/simple-transparent-and-standardised-sts-securitisation>). However, none of the Issuer, Aegon Bank N.V. (in its capacity as the Seller and the Reporting Entity), the Issuer Administrator, the Arranger and the Originator give any explicit or implied representation or warranty as to (i) inclusion in the list administered by ESMA within the meaning of article 27 of the STS Regulation, (ii) that the securitisation transaction described in this Prospectus does or continues to comply with the STS Regulation and (iii) that this securitisation transaction does or continues to be recognised or designated as 'STS' or 'simple, transparent and standardised' within the meaning of article 18 of the STS Regulation after the date of this Prospectus.

Without prejudice to the above the Seller and the Issuer confirm the following to the extent relating to it, which confirmations are made on the basis of the information available with respect to the Securitisation Regulations and related regulations and interpretations (including, without limitation, the EBA STS Guidelines Non-ABCP Securitisations and the RTS Homogeneity), and are subject to any changes made therein after the date of this Prospectus:

- (a) For the purpose of compliance with article 20(1) of the STS Regulation, the Seller and the Issuer confirm that pursuant to the Mortgage Receivables Purchase Agreement the Issuer will purchase and accept from the Seller the assignment of the Mortgage Receivables and the Beneficiary Rights relating thereto by means of a registered Deed of Assignment and Pledge as a result of which legal title to the Mortgage Receivables and the Beneficiary Rights relating thereto is transferred to the Issuer and such purchase and assignment will be enforceable against the Seller and third parties of the Seller, subject to any applicable bankruptcy laws or similar laws affecting the rights of creditors and as a result thereof the requirement stemming from article 20(5) of the STS Regulation is not applicable (see also section 7.1 (*Purchase, repurchase and sale*)).
- (b) For the purpose of compliance with article 20(2) of the STS Regulation, the Seller and the Issuer confirm that the Dutch Bankruptcy Act (*Faillissementswet*) does not contain severe clawback provisions as referred to in article 20(2) of the STS Regulation and the Seller will represent on the relevant purchase date to the Issuer in the Mortgage Receivables Purchase Agreement that (a) it has its seat in the Netherlands and (b) it is not subject to any intervention, resolution or recovery measures described in Regulation (EU) No 806/2014 of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and Chapter 3a.2 of the Wft and Chapter 6 of the Wft respectively and has not been dissolved (*ontbonden*) or declared bankrupt (*failliet verklaard*) (see also section 3.4 (*Seller and Originator*)).
- (c) The Seller and the Issuer confirm that with respect to Assignment I the requirements as set out under article 20(1), 20(2) and 20(3) of the STS Regulation are satisfied as well (see also section 7.1 (*Purchase, repurchase and sale*)).
- (d) For the purpose of compliance with the relevant requirements, among other provisions, stemming from articles 20(6), 20(7), 20(8), 20(10), 20(11) and 20(12) of the STS Regulation, the Seller and the Issuer confirm that only Mortgage Receivables resulting from Mortgage Loans which satisfy the Mortgage Loan Criteria and, if applicable, the Additional Purchase Conditions and the representations and warranties made by the Seller in the Mortgage Receivables Purchase Agreement and as set out in section 7.2 (*Representations and warranties*) will be purchased by the Issuer (see also section 7.1 (*Purchase, repurchase and sale*), section 7.2 (*Representations and warranties*) and section 7.3 (*Mortgage Loan Criteria*)).
- (e) For the purpose of compliance with the requirements stemming from article 20(6) of the STS Regulation, reference is made to the representation and warranty set forth in section 7.2 (*Representations and warranties*), subparagraph (d).
- (f) For the purpose of compliance with the requirements stemming from article 20(7) of the STS Regulation, the Issuer and the Seller are of the view that the Transaction Documents do not allow for active portfolio management of the Mortgage Loan Receivables on a discretionary basis (see also section 7.1 (*Purchase, repurchase and sale*)).
- (g) For the purpose of compliance with the requirements stemming from article 20(8) of the STS Regulation, the Mortgage Receivables are homogeneous in terms of asset type, taking into account the cash flows, credit risk and prepayment characteristics of the Mortgage Receivables

within the meaning of article 20(8) of the STS Regulation and the Mortgage Loans satisfy the homogeneity conditions of Article 1(a), (b), (c) and (d) of the RTS Homogeneity (see also section 6.1 (*Stratification tables*)). In addition, for the purpose of compliance with the relevant requirements stemming from article 20(8) of the STS Regulation, reference is made to the representations and warranties set forth in section 7.2 (*Representations and warranties*), subparagraphs (i) and (qq) (see also Mortgage Loan Criteria set forth in section 7.3 (*Mortgage Loan Criteria*)), subparagraphs (a) and (i) (see also section 6.2 (*Description of Mortgage Loans*)). Furthermore, for the purpose of compliance with the relevant requirement stemming from article 20(8) of the STS Regulation, a transferable security, as defined in Article 4(1), point 44 of Directive 2014/65/EU of the European Parliament and of the Council will not meet the Mortgage Loan Criteria and as a result thereof the underlying exposures to be sold and assigned to the Issuer shall not include such transferable securities (see also section 7.3 (*Mortgage Loan Criteria*)).

- (h) For the purpose of compliance with article 20(9) of the STS Regulation, a securitisation position as defined in the STS Regulation will not meet the Mortgage Loan Criteria and as a result thereof the underlying exposures to be sold and assigned to the Issuer shall not include such securitisation positions (see also section 7.3 (*Mortgage Loan Criteria*)).
- (i) For the purpose of compliance with the requirements stemming from article 20(10) of the STS Regulation, the Mortgage Loans have been originated in accordance with the ordinary course of the Originator's origination business pursuant to underwriting standards that are no less stringent than those that the Originator applied at the time of origination to similar mortgage receivables that are not securitised by means of the securitisation transaction described in this Prospectus (see also section 7.2 (*Representations and warranties*), subparagraph (j)). In addition, for the purpose of compliance with the relevant requirements stemming from article 20(10) of the STS Regulation, (i) the Mortgage Receivables have been selected by the Seller from a larger pool of mortgage loans that meet the Mortgage Loan Criteria applying a random selection method (see also section 6.1 (*Stratification tables*)), (ii) a summary of the underwriting standards is disclosed in this Prospectus and the Seller has undertaken in the Mortgage Receivables Purchase Agreement to fully disclose to the Issuer any material change to such underwriting standards pursuant to which the Mortgage Loans are originated without undue delay and the Issuer has undertaken in the Trust Deed to fully disclose such information to potential investors without undue delay upon having received such information from the Seller (see also Section 6.3 (*Origination and servicing*)), (iii) pursuant to the Mortgage Loan Criteria none of the Mortgage Loans may qualify as a Self-Certified Mortgage Loan (see section 7.2 (*Representations and warranties*), subparagraph (jj)), (iv) the Seller will represent on the relevant purchase date in the Mortgage Receivables Purchase Agreement that in respect of each Mortgage Loan, the assessment of the Borrower's creditworthiness was done in accordance with the Seller's underwriting criteria and meets the requirements set out in paragraphs 1 to 4, point (a) of paragraph 5, and paragraph 6 of Article 18 of Directive 2014/17/EU or of Article 8 of Directive 2008/48/EC (see also section 7.2 (*Representations and warranties*), subparagraph (rr)) and (v) the Seller is of the opinion that the Originator has the required expertise in originating mortgage loans which are of a similar nature as the Mortgage Loans within the meaning of article 20(10) of the STS Regulation, as the Originator has a license in accordance with the Wft and a minimum of 5 years' experience in originating mortgage loans (see also sections 3.4 (*Seller and Originator*) and 6.3 (*Origination and servicing*)).
- (j) For the purpose of compliance with the relevant requirements stemming from article 20(11) of the STS Regulation, reference is made to the representations and warranties set forth in section

7.2 (*Representations and warranties*), subparagraphs (bb), (ss), (tt) and (uu) and the Mortgage Loan Criteria set forth in section 7.3 (*Mortgage Loan Criteria*), subparagraphs (j) and (s). The Mortgage Receivables forming part of the pool purported to be sold and assigned on the Closing Date do not include any exposures to Restructured Borrowers. To the extent any exposures to Restructured Borrowers are sold and assigned on a purchase date after the Closing Date, the Seller undertakes in the Mortgage Receivables Purchase Agreement that it shall comply with the disclosure requirement set forth in article 20(11)(a)(ii) of the STS Regulation in respect of such exposures. In addition, for the purpose of compliance with the relevant requirements stemming from article 20(11) of the STS Regulation, (i) the Mortgage Receivables forming part of the pool have been selected on the Cut-Off Date and shall be assigned by the Seller to the Issuer no later than on the Closing Date and (ii) any Further Advance Receivables and Ported Mortgage Receivables that will be assigned to the Issuer after the Closing Date on any Reconciliation Date will result from Further Advances and Ported Mortgage Loans that have been granted during the immediately preceding Mortgage Calculation Period and each such assignment therefore occurs in the Seller's view without undue delay (see also section 6.1 (*Stratification tables*) and section 7.1 (*Purchase, repurchase and sale*)).

- (k) For the purpose of compliance with the requirements stemming from article 20(12) of the STS Regulation, reference is made to the Mortgage Loan Criterion set forth in section 7.3 (*Mortgage Loan Criteria*), subparagraph (d).
- (l) For the purpose of compliance with the requirements stemming from article 20(13) of the STS Regulation, the repayments to be made to the Noteholders have not been structured to depend predominantly on the sale of the Mortgaged Assets securing the Mortgage Loans (see also section 6.2 (*Description of Mortgage Loans*)).
- (m) For the purpose of compliance with the requirements stemming from article 21(1) of the STS Regulation, the Mortgage Receivables Purchase Agreement includes a representation and warranty and undertaking of the Seller (as originator under the STS Regulation) as to its compliance with the requirements set forth in article 6 of the STS Regulation (see also the paragraph entitled *Securitisation Risk Retention Requirements* under this section 4.4).
- (n) For the purpose of compliance with the requirements stemming from article 21(2) of the STS Regulation, it is confirmed that the interest-rate or currency risk arising from the Transaction is appropriately mitigated given that the Portfolio comprises for 99.4% of fixed rate Mortgage Loans and that on the Cut-Off Date the weighted average remaining fixed rate period of the Mortgage Loans is more than 19 years after the Cut-Off Date (see section 6.1 (*Stratification tables*)). In addition, for the purpose of compliance with the relevant requirements stemming from article 21(2) of the STS Regulation, no derivative contracts are entered into by the Issuer and the underlying exposures to be sold and assigned to the Issuer shall not include derivatives (see also 5.4 (*Hedging*) and section 7.3 (*Mortgage Loan Criteria*)). Furthermore, there is no currency risk as the Notes will be denominated in euro, the interest on the Notes will be payable quarterly in arrear in euro and the Mortgage Loans are denominated in euro (see also Condition 1 (*Form, Denomination Register, Title and Transfer*)), Condition 4(b) (*Interest Periods and Notes Payment Dates*)).
- (o) For the purpose of compliance with the requirements stemming from article 21(3) of the STS Regulation, although the Portfolio comprises for 99.4% of fixed rate Mortgage Loans (see section 6.1 (*Stratification tables*)), it is confirmed that any referenced interest payments under

the Mortgage Loans are based on generally used market interest rates, or generally used sectoral rates reflective of the cost of funds, and do not reference complex formulae or derivatives.

- (p) For the purpose of compliance with the requirements stemming from article 21(4) of the STS Regulation, the Seller and the Issuer confirm that upon the issuance of an Enforcement Notice, (i) no amount of cash shall be trapped in the Issuer Accounts and (ii) no automatic liquidation for market value of the Mortgage Receivables is required under the Transaction Documents (see also Conditions 6 (*Redemption*), 10 (*Events of Default*) and 11 (*Enforcement*) and section 5.2 (*Priorities of Payment*)). In addition, for the purpose of compliance with article 21(4) and article 21(9) of the STS Regulation, the issuance of an Enforcement Notice, delivery of which by the Security Trustee will trigger a change in the priorities of payments upon Enforcement, will be reported to the Noteholders without undue delay (see also Condition 10 (*Events of Default*) and section 5.2 (*Priority of Payment*)).
- (q) Prior to the delivery of an Enforcement Notice by the Security Trustee, the Available Principal Funds will be applied by the Issuer in accordance with the Pre-Enforcement Revenue Priority of Payments and as a result thereof, the requirements stemming from article 21(5) of the STS Regulation are not applicable (see also section 5.1 (*Available Funds*) and section 5.2 (*Priority of Payment*)).
- (r) For the purpose of compliance with the requirements stemming from article 21(7) of the STS Regulation, the contractual obligations, duties and responsibilities of the Servicer are set forth in the Servicing Agreement (including the processes and responsibilities to ensure that a substitute servicer shall be appointed upon the occurrence of a termination event under the Servicing Agreement), a summary of which is included in section 7.5 (*Servicing Agreement*), the contractual obligations, duties and responsibilities of the Issuer Administrator are set forth in the Administration Agreement, a summary of which is included in section 3.6 (*Administrator*) and 5.7 (*Administration Agreement*), the contractual obligations, duties and responsibilities of the Security Trustee are set forth in the Trust Deed, a summary of which is included in section 3.3 (*Security Trustee*) and section 4.1 (*Terms and Conditions*), the provisions that ensure the replacement of the Cash Advance Facility Provider are set forth in the Cash Advance Facility Agreement (see also section 5.5 (*Liquidity support*)), the provisions that ensure the replacement of the Issuer Account Bank are set forth in the Issuer Account Agreement (see also section 5.6 (*Issuer Accounts*)) and the relevant rating triggers for potential replacements are set forth in the definition of Requisite Credit Rating.
- (s) The Servicer is of the opinion that it has the required expertise in servicing mortgage loans which are of a similar nature as the Mortgage Loans within the meaning of article 21(8) of the STS Regulation, as it has a license in accordance with the Wft and a minimum of 5 years' experience in servicing mortgage loans. The Servicer is of the opinion that it has well documented and adequate policies, procedures and risk management controls relating to the servicing of mortgage receivables since the Servicer is part of a group that is subject to capital and prudential regulation (see also section 6.3 (*Origination and servicing*)).
- (t) For the purpose of compliance with the requirements stemming from article 21(9) of the STS Regulation, remedies and actions relating to delinquency and default of debtors, debt restructuring, debt forgiveness, forbearance, losses, charge offs, recoveries and other asset performance remedies are set out in section 6.3 (*Origination and servicing*).

- (u) For the purpose of compliance with the requirements stemming from article 21(10) of the STS Regulation, the Trust Deed and Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors*) contain provisions for convening meetings of Noteholders, the maximum timeframe for setting up a meeting or conference call, voting rights of the Noteholders, the procedures in the event of a conflict between Classes and the responsibilities of the Security Trustee in this respect (see also Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors*)).
- (v) The Seller has provided to potential investors (i) the information regarding the Mortgage Receivables pursuant to article 22(1) of the STS Regulation over the past 5 years as set out in section 6.3 (*Origination and servicing*), a draft of which was made available to such potential investors prior to the pricing of the Notes and (ii) the liability cash flow model as referred to in article 22(3) of the STS Regulation published by Bloomberg and Intex prior to the pricing of the Notes and will, after the date of this Prospectus, on an ongoing basis make the liability cash flow model published by Bloomberg and Intex available to Noteholders and, upon request, to potential investors in accordance with article 22(3) of the STS Regulation.
- (w) For the purpose of compliance with the requirements stemming from article 22(2) of the STS Regulation, a sample of Mortgage Receivables has been externally verified by an appropriate and independent party prior to the date of this Prospectus (see also section 6.1 (*Stratification tables*)). The Seller confirms no significant adverse findings have been found. Furthermore, a sample of the Mortgage Loan Criteria against the entire loan-by-loan data tape has been verified by an appropriate and independent party and the Seller confirms that no adverse findings have been found.
- (x) For the purpose of compliance with the requirements stemming from article 22(4) of the STS Regulation, the Seller confirms that the CRA3 Data Tape used in the absence of the Transparency Data Tape does not allow for reporting on the environmental performance of the Mortgage Receivables and as a result the Seller is, until the Transparency Template Effective Date, unable to report on such environmental performance. However, the Seller is currently using its best efforts to prepare itself so that it is technically able to source such information on the environmental performance of the Mortgage Receivables as soon as possible from the Transparency Template Effective Date in accordance with article 22(4) of the STS Regulation.
- (y) Each of the Seller and the Issuer undertake to make the relevant information pursuant to article 7 of the STS Regulation, to the extent applicable, available to the Noteholders, the competent authorities referred to in article 29 of the STS Regulation and, upon request, potential investors. Copies of the final Transaction Documents and the Prospectus shall be published on <https://edwin.eurowdw.eu/edweb/> ultimately no later than 15 days after the Closing Date. For the purpose of compliance with article 7(2) of the STS Regulation, the Seller (as originator under the STS Regulation), Aegon Hypotheken B.V. (as original lender under the STS Regulation) and the Issuer (as SSPE) have, in accordance with article 7(2) of the STS Regulation, designated amongst themselves the Seller as the Reporting Entity to take responsibility for compliance with Article 7 of the STS Regulation and to fulfil the information requirements pursuant to points (a), (b), (d), (f) and (g) of article 7(1) of the STS Regulation (see also section 5.8 (*Transparency Reporting Agreement*)). As to the pre-pricing information, each of the Seller and the Issuer confirm that they have made available to potential investors before pricing the information under point (a) of article 7, paragraph 1, of the STS Regulation upon request and the information under points (b) and (d) of article 7, paragraph 1, of the STS Regulation in draft form. As to the post-closing information, the Seller as Reporting Entity will (or will procure

that any agent will on its behalf) for the purposes of article 7 of the STS Regulation (i) from the Signing Date and prior to the Transparency Template Effective Date, publish on a simultaneous basis by no later than one month after the Notes Payment Date (a) a quarterly investor report in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(e) of the STS Regulation, which shall be provided substantially in the form of the CRA3 Investor Report by no later than one month after the Notes Payment Date and (b) certain loan-by-loan information in relation to the Mortgage Receivables in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(a) of the STS Regulation, which shall be provided substantially in the form of the CRA3 Data Tape and (ii) following the Transparency Template Effective Date, publish on a simultaneous basis by no later than one month after the Notes Payment Date (a) a quarterly investor report in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(e) of the STS Regulation, which shall be provided in the form of the Transparency Investor Report and (b) certain loan-by-loan information in relation to the Mortgage Receivables in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(a) of the STS Regulation, which shall be provided in the form of the Transparency Data Tape. In addition, the Reporting Entity (or any agent on its behalf) will publish or make otherwise available the reports and information referred to above as required under article 7 and article 22 of the STS Regulation by means of, once there is a SR Repository registered under article 10 of the STS Regulation and appointed by the Reporting Entity for the securitisation transaction described in this Prospectus, the SR Repository or while no SR Repository has been registered and appointed by the Reporting Entity, <https://edwin.euroweb.eu/edweb/>, being an external website that conforms to the requirements set out in the fourth paragraph of article 7(2) of the STS Regulation.

- (z) The Reporting Entity shall make the information described in subparagraphs (f) and (g) of article 7(1) of the STS Regulation available without delay.

The designation of the securitisation transaction described in this Prospectus as an STS-securitisation is not a recommendation to buy, sell or hold securities. It is not investment advice whether generally or as defined under MiFID II and it is not a credit rating whether generally or as defined under the CRA Regulation or Section 3(a) of the United States Securities Exchange Act of 1934 (as amended).

By designating the securitisation transaction described in this Prospectus as an STS-securitisation, no views are expressed about the creditworthiness of the Notes or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for the Notes. No assurance can be provided that the securitisation position described in this Prospectus does or continues to qualify as an STS-securitisation under the STS Regulation.

### *RMBS Standard*

This Prospectus follows the template table of contents and the template glossary of defined terms (save as otherwise indicated in this Prospectus), and the Investor Reports to be published by the Issuer Administrator (on behalf of the Issuer) in addition and without prejudice to the information to be made available by the Reporting Entity in accordance with article 7 of the STS Regulation, will (i) contain a glossary of the defined terms used in such investor report and (ii) follow the applicable template Investor Report (save as otherwise indicated in the relevant Investor Report), each as published by the DSA on its website [www.dutchsecuritisation.nl](http://www.dutchsecuritisation.nl) as at the date of this Prospectus. As a result, the Notes comply with the standard created for residential mortgage-backed securities by the DSA (the **RMBS Standard**). This has also been recognised by Prime Collateralised Securities (PCS) EU as the Domestic Market Guideline for the Netherlands in respect of this asset class.

The Issuer Administrator on behalf of the Issuer will disclose (i) in the first Notes and Cash Report (a) the amount of the Class A Notes privately-placed and/or publicly-placed with investors which are not in the same group as the Seller, (b) retained by a member of the group of the Seller and (c) publicly-placed with investors which are not in the group of the Seller and (ii) to the extent permissible, in the Notes and Cash Report following placement of any Notes initially retained by a member of the same group as the Seller, but subsequently placed with investors which are not in the same group as the Seller, the amount of Notes placed with such investors. The Seller shall disclose to the Issuer each such sale of any Notes initially retained by a member of the same group as the Seller. In addition, until the Class A Notes are redeemed in full, a cash flow model shall be made available (directly or indirectly) to investors, potential investors and firms that generally provide services to investors.

#### *CRR Assessment, LCR Assessment and STS Verification*

Application has been made to PCS to assess compliance of the Notes with the criteria set forth in the CRR regarding STS-securitisations (i.e. the CRR Assessment and the LCR Assessment). There can be no assurance that the Notes will receive the CRR Assessment and/or the LCR Assessment (either before issuance or at any time thereafter) and that the criteria set forth in the CRR regarding STS-securitisations (i.e. the CRR Assessment and/or the LCR Assessment) is complied with. In addition, an application has been made to PCS for the securitisation transaction described in this Prospectus to receive a report from PCS verifying compliance with the criteria stemming from article 18, 19, 20, 21 and 22 of the STS Regulation (the **STS Verification**). There can be no assurance that the securitisation transaction described in this Prospectus will receive the STS Verification (either before issuance or at any time thereafter) and if the securitisation transaction described in this Prospectus does receive the STS Verification, this shall not, under any circumstances, affect the liability of the originator and SSPE in respect of their legal obligations under the STS Regulation, nor shall it affect the obligations imposed on institutional investors as set out in article 5 of the STS Regulation.

#### **Volcker Rule**

The Issuer is not, and solely after giving effect to any offering and sale of the Notes and the application of the proceeds thereof will not be, a “covered fund” for purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the Volcker Rule). In reaching this conclusion, although other statutory or regulatory exclusions and/or exemptions under the Investment Company Act of 1940, as amended (the **Investment Company Act**) and under the Volcker Rule and its related regulations may be available, the Issuer has relied on the determinations that (i) the Issuer would satisfy all of the elements of the exemption from registration under the Investment Company Act provided by Section 3(c)(5)(C) thereunder, and, accordingly, (ii) the Issuer may rely on the exemption from the definition of a “covered fund” under the Volcker Rule made available to entities that do not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for their exclusion and/or exemption from registration under the Investment Company Act.

#### **CRA Regulation**

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances while the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation

(and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

Credit ratings included or referred to in this Prospectus have been or, as applicable, may be issued by Fitch and/or S&P each of which as at the date of this Prospectus is a credit rating agency established in the European Community and registered under the CRA Regulation. On the Signing Date, there remains uncertainty as to the potential consequences for the Issuer, related third parties and investors that would result from any potential non-compliance by the Issuer with the CRA Regulation.

#### **4.5 Use of Proceeds**

The aggregate proceeds of the Notes to be issued on the Closing Date amount to € 1,621,100,000.

The net proceeds from the issue of the Notes will be applied on the Closing Date:

- (i) to pay part of the Initial Purchase Price for the Mortgage Receivables purchased by the Issuer pursuant to the Mortgage Receivables Purchase Agreement on the Closing Date; and
- (ii) to deposit an amount equal to € 5,075,219.17 for Construction Deposits as at the Cut-Off Date into the Construction Deposit Account.

Furthermore, the Issuer will receive an amount of € 6,500,454.95 as consideration for the Initial Savings Participation as at the Cut-Off Date granted to the Insurance Savings Participant in the Savings Mortgage Receivables and Savings Investment Mortgage Receivables, and € 33,285,393.98 as at the Cut-Off Date as consideration for the Initial Bank Savings Participation granted to the Bank Savings Participant in the Bank Savings Mortgage Receivables.

## 4.6 Taxation in the Netherlands

### General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes, but does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant. For purposes of Netherlands tax law, a holder of Notes may include an individual or entity who does not have the legal title of these Notes, but to whom nevertheless the Notes or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Notes or the income thereof. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands corporate and individual income tax consequences for:

- (i) investment institutions (*fiscale beleggingsinstellingen*);
- (ii) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are not subject to or, in whole or in part, exempt from Netherlands corporate income tax;
- (iii) holders of Notes holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and holders of Notes of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutorily defined term), directly or indirectly, holds, or is deemed to hold, (i) an interest of 5% or more of the total issued capital of the Issuer or of 5% or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- (iv) persons to whom the Notes and the income from the Notes are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*);
- (v) individuals to whom the Notes or the income therefrom are attributable to employment activities which are taxed as employment income in the Netherlands; and
- (vi) entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba and the Notes are attributable to such permanent establishment or permanent representative.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

## **Withholding Tax**

All payments made by the Issuer under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

However, as of 1 January 2021 Dutch withholding tax may apply on certain (deemed) payments of interest made to an affiliated (*gelieerde*) entity of the Issuer if such entity (i) is considered to be resident of a jurisdiction that is listed in the yearly updated Dutch Regulation on low-taxing states and non-cooperative jurisdictions for tax purposes (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*), or (ii) has a permanent establishment located in such jurisdiction to which the interest is attributable, or (iii) is entitled to the interest payable for the main purpose or one of the main purposes to avoid taxation of another person, or (iv) is a hybrid entity, or (v) is not resident in any jurisdiction, all within the meaning of the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*).

## **Corporate and Individual Income Tax**

### **Residents of the Netherlands**

#### *Corporate entities*

If a holder of Notes is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Notes are attributable, income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are generally taxable in the Netherlands (in 2020 at a rate of 16.50 per cent. for taxable profits up to and including EUR 200,000 and at a rate of 25 per cent. for the remainder).

#### *Individuals*

If an individual is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes, income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are taxable at the progressive rates (at up to a maximum rate of 49.50 per cent. in 2020), if:

- (i) the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Notes are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Notes are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which includes activities with respect to the Notes that exceed regular, active portfolio management (*meer dan normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) above applies, an individual that holds the Notes, must determine taxable income with regard to the Notes on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments is fixed at a percentage of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold (*heffingvrij vermogen*).

The individual's yield basis is determined as the fair market value of certain qualifying assets held by the individual less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Notes will be included as an asset in the individual's yield basis. The deemed return percentage to be applied to the yield basis increases progressively depending on the amount of the yield basis. The deemed return on savings and investments is taxed at a rate of 30 per cent.

### **Non-residents of the Netherlands**

If a person is neither a resident of the Netherlands nor is deemed to be a resident of the Netherlands for Netherlands corporate or individual income tax purposes, such person is not liable to Netherlands income tax in respect of income derived from the Notes and gains realised upon the settlement, redemption or disposal of the Notes, unless:

#### *Corporate entities*

- (i) the person is not an individual and such person (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Notes are attributable, or (2) is (other than by way of securities) entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Notes are attributable.

This income is subject to Netherlands corporate income tax at a rate of 16.50 per cent. for taxable profits up to and including EUR 200,000 and 25 per cent. for the remainder (in 2020).

#### *Individuals*

- (ii) the person is an individual and such individual (1) has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Notes are attributable, or (2) realises income or gains with respect to the Notes that qualify as income from miscellaneous activities in the Netherlands which includes activities with respect to the Notes that exceed regular, active portfolio management (*meer dan normaal, actief vermogensbeheer*), or (3) is other than by way of securities entitled to a share in the profits of an enterprise which is effectively managed in the Netherlands and to which enterprise the Notes are attributable.

Income derived from the Notes as specified under (1) and (2) is subject to individual income tax at progressive rates up to a maximum rate of 49.50 per cent. Income derived from a share in the profits of an enterprise as specified under (3) that is not already included under (1) or (2) will be taxed on the basis of a deemed return on income from savings and investments (as described above under "Residents of the Netherlands"). The fair market value of the share in the profits of the enterprise (which includes the Notes) will be part of the individual's Netherlands yield basis.

## **Gift and Inheritance Tax**

Netherlands gift or inheritance taxes will not be levied on the occasion of the transfer of a Note by way of gift by, or on the death of, a holder of a Note, unless:

- (i) the holder of a Note is, or is deemed to be, resident in the Netherlands for the purpose of the relevant provisions; or
- (ii) in the case of a gift of Notes by an individual who at the date of the gift was neither resident nor deemed to be resident in the Netherlands, such individual dies within 180 days after the date of the gift, while being resident or deemed to be resident in the Netherlands.

## **Value Added Tax**

In general, no value added tax will arise in respect of payments in consideration for the issue of the Notes or in respect of a cash payment made under the Notes, or in respect of a transfer of Notes.

## **Other Taxes and Duties**

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Notes.

## **Residence**

A Holder of Notes will not be and will not be deemed to be resident in the Netherlands for Dutch tax purposes and, subject to the exceptions set out above, will not otherwise become subject to Dutch taxation, by reason only of acquiring, holding or disposing of Notes, or the execution, performance, delivery and/or enforcement of Notes.

## **Foreign Account Tax Compliance Act**

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a foreign financial institution (as defined by FATCA) may be required to withhold on certain payments it makes (foreign passthru payments) to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the Netherlands) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (IGAs), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of the IGA between the Netherlands and the United States of America (the **US-Netherlands IGA**) as currently in effect, a foreign financial institution subject to the US-Netherlands IGA would generally not be required to withhold under FATCA or the US-Netherlands IGA from payments that it makes.

If an amount in respect of FATCA Withholding were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding.

**FATCA is particularly complex and prospective investors should consult their own tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.**

## 4.7 Security

The Noteholders and the other Secured Creditors have the indirect benefit of security granted to the Security Trustee, acting as security trustee for the Secured Creditors. The Issuer will agree in the Trust Deed to pay to the Security Trustee any amounts equal to the aggregate of all its liabilities to all the Secured Creditors from time to time due in accordance with the terms and conditions of the relevant Transaction Documents, including, without limitation, the Notes (the **Principal Obligations**), which payment undertaking and the obligations and liabilities resulting therefrom is herein referred to as the **Parallel Debt**.

The Parallel Debt represents an independent claim of the Security Trustee to receive payment thereof from the Issuer, provided that (i) the aggregate amount that may become due under the Parallel Debt will never exceed the aggregate amount that may become due under all of the Principal Obligations and (ii) every payment in respect of such Principal Obligations for the account of or made to the Secured Creditors directly in respect of such undertaking shall operate in satisfaction *pro tanto* of the Parallel Debt.

There is no statutory law or case law available on the concept of parallel debts such as the Parallel Debt, or on the question of whether a parallel debt constitutes a valid basis for the creation of security rights, such as rights of pledge. However, the Issuer has been advised that a parallel debt, such as the Parallel Debt, creates thereunder a claim in favour of the Security Trustee which can be validly secured by rights of pledge such as the rights of pledge created by the Pledge Agreements and the Deed of Assignment and Pledge.

The Parallel Debt of the Issuer to the Security Trustee will be secured by (i) a first ranking pledge by the Issuer to the Security Trustee over the Mortgage Receivables (including any parts thereof which are balanced by Construction Deposits) pursuant to the Issuer Mortgage Receivables Pledge Agreement and the Beneficiary Rights relating thereto, (ii) a first ranking pledge by the Issuer to the Security Trustee over the Issuer Rights and (iii) a first ranking pledge by the Issuer to the Security Trustee over the Issuer's claims in respect of the Issuer Accounts.

The Issuer and the Security Trustee will enter into the Issuer Mortgage Receivables Pledge Agreement pursuant to which a first ranking undisclosed right of pledge (*stil pandrecht eerste in rang*) will be granted by the Issuer to the Security Trustee over the Mortgage Receivables and a first ranking disclosed right of pledge (*openbaar pandrecht eerste in rang*) will be granted by the Issuer to the Security Trustee over the Beneficiary Rights relating thereto in order to create security for all liabilities of the Issuer to the Security Trustee in connection with the Trust Deed, including the Parallel Debt and any of the other relevant Transaction Documents. Pursuant to the Issuer Mortgage Receivables Pledge Agreement, the Issuer further undertakes, in respect of any Further Advance Receivables and Ported Mortgage Receivables, to grant to the Security Trustee a first ranking right of pledge on the relevant Further Advance Receivables and Ported Mortgage Receivables (unless, only in respect of Further Advance Receivables, the Mortgage Receivables resulting from a Mortgage Loan in respect of which a Further Advance is granted are being repurchased and re-assigned by the Seller) and any associated Beneficiary Rights on the relevant purchase date.

The pledge over the Mortgage Receivables provided in the Issuer Mortgage Receivables Pledge Agreement will not be notified to the Borrowers except in the case of certain Pledge Notification Events. Prior to notification of the pledge to the Borrowers, the pledge will be an undisclosed right of pledge (*stil pandrecht*) within the meaning of Section 3:239 of the Dutch Civil Code. The pledge of the Beneficiary Rights will be disclosed to the Insurance Savings Participant and will, therefore, be a

disclosed right of pledge (*openbaar pandrecht*) within the meaning of Section 3:236(2) in conjunction with Section 3:94(1) of the Dutch Civil Code.

In addition, pursuant to the Issuer Rights Pledge Agreement, the Issuer will vest a right of pledge over the Issuer Rights in favour of the Security Trustee. This right of pledge secures all liabilities of the Issuer to the Security Trustee in connection with the Trust Deed, including the Parallel Debt and any of the other relevant Transaction Documents. Furthermore, on the Closing Date, pursuant to the Issuer Accounts Pledge Agreement, the Issuer will vest, in favour of the Security Trustee, a right of pledge in respect of any and all current and future monetary claims of the Issuer vis-à-vis the Issuer Account Bank in respect of the Issuer Account Agreement and the Issuer Accounts. The pledge pursuant to each of the Issuer Rights Pledge Agreement and the Issuer Accounts Pledge Agreement will be notified to the relevant obligors and will, therefore be a disclosed right of pledge (*openbaar pandrecht*) within the meaning of Section 3:236(2) in conjunction with Section 3:94(1) of the Dutch Civil Code.

Upon enforcement of the rights of pledge created pursuant to the Security Documents (which is after delivery of an Enforcement Notice), the Security Trustee shall apply the net proceeds received or recovered towards satisfaction of all liabilities of the Issuer to the Security Trustee in connection with the Trust Deed, including the Parallel Debt and any of the other relevant Transaction Documents. The Security Trustee shall subsequently distribute such net proceeds (after deduction of the amounts due and payable to the Bank Savings Participant, the Insurance Savings Participant and the Conversion Participant under the Participation Agreements which amounts will be paid in priority to all other amounts due and payable by the Issuer at that time under any of the other relevant Transaction Documents) to the Secured Creditors (other than the Bank Savings Participant, the Insurance Savings Participant and the Conversion Participant). All amounts to be so distributed by the Security Trustee to such Secured Creditors will be paid in accordance with the Post-Enforcement Priority of Payments (as set forth in *Credit Structure*).

The Security provided pursuant to the provisions of the Security Documents shall indirectly, through the Security Trustee, serve as security for the benefit of the Secured Creditors, including, without limitation, each of the Class A Noteholders and the Class B Noteholders, but amounts owing to the Class B Noteholders will rank junior to Class A Noteholders (see *Credit Structure*).

The amounts payable to the Noteholders and other Secured Creditors under the Trust Deed will be limited to the amounts available for such purpose to the Security Trustee and the amounts will be paid in accordance with the Post-Enforcement Priority of Payments as set forth in the Trust Deed, except in respect of certain payments to the Participants which are made outside the relevant Priority of Payments.

The Security Trustee has not undertaken and will not undertake any investigations, searches or other actions in respect of the Mortgage Receivables and any other assets pledged pursuant to the Security Documents and will rely instead on, *inter alia*, the warranties given in relation thereto in the relevant Security Documents.

## 4.8 Other

### Weighted Average Lives of the Notes

The WALs of the Notes will be influenced by, among other things, the actual rates of repayment and prepayment of the Mortgage Loans. The WALs of the Notes cannot be stated, as the actual rates of repayment and prepayment of the Mortgage Loans and a number of other relevant factors are unknown. However, calculations of the possible WALs of the Notes can be made based on certain assumptions.

The model used for the Mortgage Loans represents an assumed CPR each month relative to the then current principal balance of a pool of mortgage loans. CPR does not purport to be either a historical description of the prepayment experience of any pool of loans or a prediction of the expected rate of prepayment of any loans, including the Mortgage Loans to be included in the Portfolio. The pricing CPR assumed for the transaction described in this Prospectus is 6 per cent.

The following tables were prepared based on the characteristics of the Mortgage Loans included in the Portfolio and the following additional assumptions:

- (a) the Issuer exercises its option to redeem the Notes on the First Optional Redemption Date, in the first scenario, or the Issuer does not exercise its option to redeem the Notes on or after the First Optional Redemption Date, in the second scenario;
- (b) there is no exercise of the Regulatory Call Option and no redemption of the Notes for tax reasons;
- (c) the Clean-up Call Option is exercised in the second scenario and not in the first scenario;
- (d) the net principal balance of the Mortgage Loans (i.e. net of Participations) continue to be fully performing and there are no arrears or enforcements, i.e. no losses;
- (e) no Mortgage Receivable is sold by the Issuer;
- (f) there is no debit balance on the Principal Deficiency Ledger on any Notes Payment Date;
- (g) the Seller is not in breach of the terms of the Mortgage Receivables Purchase Agreement;
- (h) no Mortgage Loan is required to be repurchased by the Seller;
- (i) no Further Advance Receivables and/or Ported Mortgage Receivables are purchased in respect of the Portfolio;
- (j) at the Closing Date, the Class A Notes represent approximately 95% of the capital structure;
- (k) at the Closing Date, the Class B Notes represent approximately 5% of the capital structure;
- (l) the Notes are issued on 28 May 2020 and all payments on the Notes are received on the 28th day of every January/April/July/October, commencing from 28 July 2020;
- (m) the Final Maturity Date of the Notes is 28 January 2092;
- (n) the WALs have been calculated on a 30/360 basis;

- (o) the WALs have been modelled on the net principal balance of the Mortgage Loans;
- (p) all Construction Deposits are paid out by the Seller to or on behalf of the Borrowers on the Closing Date;
- (q) the Savings Mortgage Loans and Bank Savings Mortgage Loans will be assumed to be Annuity Mortgage Loans due to the Participation Agreements;
- (r) the day in the month of the origination date of the Mortgage Loan will be the same day in the month as the maturity date of the Mortgage Loan;
- (s) the Notes will be redeemed in accordance with the Conditions;
- (t) no Security has been enforced;
- (u) the assets of the Issuer are not sold by the Security Trustee except as may be necessary to enable the Issuer to realise sufficient funds to exercise its option to redeem the Notes;
- (v) no Enforcement Notice has been served on the Issuer and no Event of Default has occurred; and
- (w) the Portfolio as of the Cut-Off Date will be purchased on the Closing Date.

The actual characteristics and performance of the Mortgage Loans are likely to differ from the assumptions. The following tables are hypothetical in nature and are provided only to give a general sense of how the principal cash flows might behave under varying prepayment scenarios. For example, it is not expected that the Mortgage Loans will prepay at a constant rate until maturity, that all of the Mortgage Loans will prepay at the same rate or that there will be no defaults or delinquencies on the Mortgage Loans. Moreover, the diverse remaining terms to maturity and mortgage rates of the Mortgage Loans could produce slower or faster principal distributions than indicated in the tables at the various percentages of CPR specified. Any difference between such assumptions and the actual characteristics and performance of the Mortgage Loans, or actual prepayment or loss experience, will affect the percentage of the initial amount outstanding of the Notes which are outstanding over time and cause the WALs of the Notes to differ (which difference could be material) from the corresponding information in the tables for each indicated percentage CPR.

The first scenario of assumption (a) above reflects the current intention of the Issuer and the Seller, but no assurance can be given that such assumption will occur as described. The WALs of the Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and estimates above will prove in any way to be realistic. They must therefore be viewed with considerable caution.

## 4.9 Credit Ratings

It is a condition precedent to issuance that, the Class A Notes, on issue, be assigned an AAAsf credit rating by Fitch and an AAA(sf) credit rating by S&P. The Class B Notes will not be assigned a credit rating by any of the Credit Rating Agencies. Each of the Credit Rating Agencies is established in the European Union and is registered under the CRA Regulation.

The ratings assigned by Fitch and S&P address the likelihood of (a) timely payment of interest due to the Noteholders on each Notes Payment Date and (b) full payment of principal by a date that is not later than the Final Maturity Date. The Class B Notes will not be rated. Any decline in the credit ratings of the Notes or changes in credit rating methodologies may affect the market value of the Notes. Furthermore, the credit ratings may not reflect the potential impact of all rights related to the structure, market, additional factors discussed above or below and other factors that may affect the value of the Notes.

A rating is not a recommendation to buy, sell or hold securities and may be subject to review, revision, suspension or withdrawal at any time and reflects only the views of the Credit Rating Agencies. There is no assurance that any rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any of the Credit Rating Agencies as a result of changes in or unavailability of information or if, in any of the Credit Rating Agencies' judgment, circumstances so warrant. Future events which could have an adverse effect on the ratings of the Notes include events affecting the Issuer Account Bank or the Cash Advance Facility Provider and/or circumstances relating to the Mortgage Receivables and/or the Dutch residential mortgage loan market.

Other credit rating agencies that have not been engaged to rate the Notes by the Issuer may issue unsolicited credit ratings on the Notes at any time. Any unsolicited credit ratings in respect of the Notes may differ from the credit ratings expected to be assigned by Fitch and/or S&P and may not be reflected in this Prospectus. Issuance of an unsolicited credit rating which is lower than the credit ratings assigned by Fitch or S&P in respect of the Notes may adversely affect the market value and/or the liquidity of the Notes.

The relevant Transaction Documents provide that, upon the occurrence of certain events or matters the Security Trustee needs to obtain a Credit Rating Agency Confirmation before it is allowed to take any action or consent to an amendment of the relevant Transaction Documents.

The Security Trustee may, for the purposes of exercising any power, authority, duty or discretion under or in relation to the Conditions or any of the relevant Transaction Documents take the provision of a Credit Rating Agency Confirmation into account in determining whether such exercise will be materially prejudicial to the interest of any Class of Notes and the other Secured Creditors. By the Issuer or the Security Trustee obtaining a Credit Rating Agency Confirmation each of the Security Trustee, the Noteholders and the other Secured Creditors will be deemed to have agreed and/or acknowledged that (i) a credit rating is an assessment of credit only and does not address other matters that may be of relevance to the Noteholders or the other Secured Creditors, (ii) neither the Security Trustee nor the Noteholders nor the other Secured Creditors have any right of recourse to or against the relevant Credit Rating Agency in respect of the relevant Credit Rating Agency Confirmation which is relied upon by the Security Trustee and (iii) reliance by the Security Trustee on a Credit Rating Agency Confirmation does not create, impose on or extend to the relevant Credit Rating Agency any actual or contingent liability to any person (including, without limitation, the Security Trustee and/or the Noteholders and/or the other Secured Creditors) or create any legal relations between the relevant Credit Rating Agency

and the Security Trustee, the Noteholders, the other Secured Creditors or any other person whether by way of contract or otherwise.

In addition, Noteholders should be aware that the definition of Credit Rating Agency Confirmation also covers, among other things, the circumstances where no positive or negative confirmation or indication is forthcoming from any Credit Rating Agency provided that 30 days have passed since such Credit Rating Agency was notified of the relevant matter and that reasonable efforts were made to obtain a confirmation or an indication from such Credit Rating Agency. In such circumstance a Credit Rating Agency Confirmation will, for the purpose of the relevant Condition or Transaction Document, be deemed to have been obtained. Credit Rating Agencies are not bound to the Conditions or the Transaction Documents and may take any action in relation to the credit ratings assigned to the Notes, also in circumstances where for the purposes of the Conditions or the Transaction Document a Credit Rating Agency Confirmation is (deemed to have been) obtained.

### **Cash Collection Arrangements**

Payments by the Borrowers under the Mortgage Loans are due on the first day of each calendar month, interest being payable in arrear. All payments made by Borrowers will be paid into the Originator Collection Account. The balance on these accounts is not pledged to any party, other than to the bank at which the account is established pursuant to the applicable general terms and conditions. The Originator Collection Account will also be used for the collection of monies paid in respect of mortgage loans other than Mortgage Loans and in respect of other monies belonging to the Originator.

If at any time the Originator Collection Account Bank does not have the Originator Collection Account Provider Requisite Credit Ratings, Aegon Nederland N.V. will, as soon as reasonably possible, but at least within a period of thirty (30) days after the occurrence of such event, to maintain the then current rating assigned to the Class A Notes either: (i) ensure that payments to be made in respect of amounts received on the Originator Collection Account relating to the Mortgage Receivables will be guaranteed by a party having at least the Originator Collection Account Provider Requisite Credit Ratings; or (ii) (a) open an account with a party having at least the Originator Collection Account Provider Requisite Credit Ratings, and (b) transfer to such account an amount equal to the highest single amount of principal and interest (including, for the avoidance of doubt, interest penalties) received in respect of the Mortgage Receivables since the Closing Date on the Issuer Transaction Account during one Mortgage Calculation Period; or (iii) find another solution which is suitable in order to maintain the then current ratings assigned to the Notes.

On each Mortgage Collection Payment Date, the Seller shall transfer to the Issuer Transaction Account (i) all amounts of principal and interest (including, for the avoidance of doubt, interest penalties (*boeterente*)) scheduled to be received by the Seller under the Mortgage Loans with respect to the Mortgage Calculation Period in which such Mortgage Collection Payment Date falls and (ii) 120% of all amounts of prepayments of principal received by the Seller in respect of the Mortgage Loans during the Mortgage Calculation Period immediately preceding the relevant Mortgage Collection Payment Date. On each Reconciliation Date the Seller shall transfer to the Issuer Transaction Account an amount equal to the result of, if positive, (a) the sum of all amounts actually received or recovered by the Seller in respect of the Mortgage Loans during the immediately preceding Mortgage Calculation Period *minus* (b) the amounts deposited into the Issuer Transaction Account on the immediately preceding Mortgage Collection Payment Date by the Seller on account of principal and interest scheduled to be received in the relevant Mortgage Calculation Period. If such result is negative, the Issuer shall on the relevant Reconciliation Date repay to the Seller an amount equal to the absolute value of such negative difference.

Following an Assignment Notification Event as described under *Purchase, Repurchase and Sale* in section *Portfolio Documentation*, the Borrowers will be required to pay all amounts due by them under the Mortgage Loans directly to the Issuer Transaction Account (or such other bank account as may be designated by the Issuer or the Security Trustee).

## 5.2 Priority of Payments

### Priority of Payments in respect of interest (prior to Enforcement Notice)

Provided that no Enforcement Notice has been served, the Available Revenue Funds will, pursuant to the terms of the Trust Deed (and less any amounts which have been applied towards payment of amounts in the relevant Notes Calculation Period in accordance with the Trust Deed outside of any Priority of Payment), be applied by the Issuer on the immediately succeeding Notes Payment Date as follows (in each case only if and to the extent that payments of a higher order of priority have been or can be made in full) (the **Pre-Enforcement Revenue Priority of Payments**):

- (a) *First*, in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of (i) the fees and expenses due and payable to the Issuer Administrator under the Administration Agreement and (ii) the fees and expenses due and payable to the Servicer under the Servicing Agreement;
- (b) *Second*, in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of (i) the fees or other remuneration due and payable to the Directors in connection with the Management Agreements and (ii) the fees or other remuneration and indemnity payments (if any) due and payable to the Security Trustee and any costs, charges, liabilities and expenses incurred by the Security Trustee under or in connection with the relevant Transaction Documents (including the fees and expenses payable to any legal advisors, accountants and auditors appointed by the Security Trustee);
- (c) *Third*, in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of (i) the amounts due and payable (but not yet paid prior to the relevant Notes Payment Date) to third parties under obligations incurred in the Issuer's business (other than under the relevant Transaction Documents), including, without limitation, in or towards satisfaction of amounts or provisions for any payment of the Issuer's liability in respect of tax, if any, (ii) the fees and expenses due and payable to the Paying Agents, the Registrar, the Transfer Agent, the Cash Advance Facility Provider, the Common Safekeeper, the Common Depositary and any other agent designated under any of the relevant Transaction Documents, (iii) any amounts due and payable to the Issuer Account Bank, (including negative interest on the Issuer Accounts); (iv) the amounts due and payable to the Credit Rating Agencies and (v) the fees and expenses due and payable to any legal advisors, accountants and auditors appointed by the Issuer;
- (d) *Fourth*, (i) in or towards satisfaction of any amounts due and payable to the Cash Advance Facility Provider under the Cash Advance Facility Agreement other than fees and expenses payable under (c) above and (ii) during a Cash Advance Facility Stand-by Drawing Period, in or towards satisfaction of sums to be credited to the Cash Advance Facility Stand-by Ledger, but (in both cases) excluding any gross up amounts or additional amounts due under the Cash Advance Facility and payable under item (h) below;
- (e) *Fifth*, in or towards satisfaction, *pro rata* and *pari passu*, of interest due or interest accrued but unpaid on the Class A Notes;
- (f) *Sixth*, in or towards making good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero;

- (g) *Seventh*, in or towards making good any shortfall reflected in the Class B Principal Deficiency Ledger until the debit balance, if any, on the Class B Principal Deficiency Ledger is reduced to zero;
- (h) *Eighth*, in or towards satisfaction of any gross-up amounts or additional amounts, if any, due under the Cash Advance Facility Agreement; and
- (i) *Ninth*, on or towards satisfaction of the Deferred Purchase Price to the Seller pursuant to the Mortgage Receivables Purchase Agreement.

#### **Priority of Payments in respect of principal (prior to Enforcement Notice)**

Provided that no Enforcement Notice has been served, the Available Principal Funds (minus amounts which have been applied towards payment of amounts in the relevant Notes Calculation Period in accordance with the Trust Deed, including towards the purchase of Further Advance Receivables and Ported Mortgage Receivables) will, on each Notes Payment Date, be applied in accordance with the Pre-Enforcement Principal Priority of Payments as follows (and in each case only if and to the extent that payments or provisions of a higher priority have been or can be made in full) (the **Pre-Enforcement Principal Priority of Payments**):

- (a) *First*, up to (but excluding) the First Optional Redemption Date in or towards satisfaction of the purchase price of any Further Advance Receivables and Ported Mortgage Receivables, subject to the Additional Purchase Conditions being met;
- (b) *Second*, in or towards satisfaction of principal amounts due on the Class A Notes, until fully redeemed in accordance with the Conditions;
- (c) *Third*, in or towards satisfaction of principal amounts due on the Class B Notes, until fully redeemed in accordance with the Conditions.

#### **Payments outside Priority of Payments**

Prior to the delivery of an Enforcement Notice by the Security Trustee, any amount due and payable to third parties (other than pursuant to any of the Transaction Documents) under obligations incurred in the Issuer's business at a date which is not a Notes Payment Date and any amount due and payable to the Insurance Savings Participant, the Conversion Participant or the Bank Savings Participant under the Participation Agreements or to Stichting WEW of any NHG Return Amount, may be made by the Issuer on the relevant due date from the Issuer Transaction Account to the extent that the funds available on the Issuer Transaction Account are sufficient to make such payments. In respect of amounts paid out by the Seller to the Borrowers from the Construction Deposits in a Mortgage Calculation Period the Issuer shall pay on the immediately succeeding Mortgage Collection Payment Date an equal amount from the Construction Deposit Account to the Seller in consideration of the assignment and transfer of the Mortgage Receivable to the extent the money drawn under the Mortgage Loan had been credited to a Construction Deposit and provided that the relevant part of the Mortgage Loan had been assigned to the Issuer.

The Mortgage Receivables Purchase Agreement provides that the Seller will up to but excluding the last calendar month of the Notes Payment Date immediately preceding the First Optional Redemption Date offer any Further Advance Receivable and/or Ported Mortgage Receivables for sale to the Issuer on the first Reconciliation Date falling after the Mortgage Calculation Period in which the Further Advance and/or Ported Mortgage Loan is granted, provided that the Additional Purchase Conditions are met. On such Reconciliation Date Available Principal Funds may be used to satisfy the purchase price of such Further Advance Receivables and/or Ported Mortgage Receivables.

### **Post-Enforcement Priority of Payments**

Following delivery of an Enforcement Notice any amounts to be distributed by the Security Trustee under the Trust Deed to the Secured Creditors (including the Noteholders, but excluding the Bank Savings Participant, the Insurance Savings Participant and the Conversion Participant, which shall be entitled outside, and with priority over, this Priority of Payments upon enforcement to receive an amount equal to the relevant Participation in each of the Participation-Linked Mortgage Receivables or, if the amount recovered is less than the relevant Participation, then an amount equal to the amount actually recovered) will be applied in the following order of priority (and in each case only if and to the extent payments of a higher priority have been made in full) (the **Post-Enforcement Priority of Payments**):

- (a) *First*, in or towards repayment of any Cash Advance Facility Stand-by Drawing due and payable but unpaid under the Cash Advance Facility Agreement;
- (b) *Second*, in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of the fees and expenses due and payable to the Issuer Administrator and the Servicer under the Administration Agreement and Servicing Agreement, respectively;
- (c) *Third*, in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of (i) the fees or other remuneration due and payable to the Directors in connection with the Management Agreements, (ii) the fees or other remuneration and indemnity payments (if any) due and payable to the Security Trustee and any costs, charges, liabilities and expenses incurred by the Security Trustee under and in connection with the relevant Transaction Documents, (iii) amounts due and payable to the Credit Rating Agencies, (iv) the fees and expenses due and payable to the Paying Agents, the Registrar and the Transfer Agent under the provisions of the Paying Agency Agreement and (v) the costs and expenses due and payable to the Issuer Account Bank (including negative interest on the Issuer Accounts) under the provisions of the Issuer Account Agreement;
- (d) *Fourth*, in or towards satisfaction of any amounts due and payable to the Cash Advance Facility Provider under the Cash Advance Facility (other than the amount as referred to under item (a) above);
- (e) *Fifth*, in or towards satisfaction, *pro rata* and *pari passu*, of interest due or interest accrued but unpaid on the Class A Notes;
- (f) *Sixth*, in or towards satisfaction, *pro rata* and *pari passu*, of all amounts of principal due but unpaid in respect of the Class A Notes;
- (g) *Seventh*, in or towards satisfaction, *pro rata* and *pari passu*, of all amounts of principal due but unpaid in respect of the Class B Notes; and

- (h) *Eighth*, in or towards satisfaction of the Deferred Purchase Price to the Seller pursuant to the Mortgage Receivables Purchase Agreement.

No amount of cash shall be trapped in the Issuer Accounts beyond what is necessary to ensure the operational functioning of the Issuer or the orderly repayment of Noteholders in accordance with the Post-Enforcement Priority of Payments, unless exceptional circumstances (as to be determined by the Security Trustee) require that an amount is trapped in order to be used, in the best interests of Noteholders, for expenses in order to avoid the deterioration in the credit quality of the Mortgage Loans.

Any change in the priorities of payment which will materially adversely affect the repayment of the Notes shall be disclosed without undue delay to the extent required under Article 21(9) of the STS Regulation.

### 5.3 Loss Allocation

The Principal Deficiency Ledger, comprising two sub-ledgers known as the Class A Principal Deficiency Ledger and the Class B Principal Deficiency Ledger, will be established by or on behalf of the Issuer in order to record on an ongoing basis any Realised Losses and, after redemption in full of the Class A Notes.

The Realised Loss will, on the relevant Notes Calculation Date, be debited to the Class B Principal Deficiency Ledger (such debit items being credited at item (g) of the Pre-Enforcement Revenue Priority of Payments) as long as and to the extent that the debit balance on such sub-ledger is not greater than the Principal Amount Outstanding of the Class B Notes and thereafter, further Realised Losses shall be debited to the Class A Principal Deficiency Ledger (such debit item being credited at item (f) of the Pre-Enforcement Revenue Priority of Payments).

**Realised Losses** means, on any Notes Calculation Date, the sum of (a) the aggregate Outstanding Principal Amount of all Mortgage Receivables (less the aggregate amount of any Participations therein) in respect of which the Seller, the Servicer on behalf of the Seller, the Issuer, or the Security Trustee has foreclosed and has received the proceeds in the Notes Calculation Period immediately preceding such Notes Calculation Date *minus* the Net Foreclosure Proceeds in respect of such Mortgage Receivables applied to reduce the Outstanding Principal Amount of such Mortgage Receivables, (b) with respect to Mortgage Receivables sold by the Issuer pursuant to the Mortgage Receivables Purchase Agreement or the Trust Deed in the Notes Calculation Period immediately preceding such Notes Calculation Date, the amount of the aggregate Outstanding Principal Amount of all such Mortgage Receivables (less the aggregate amount of any Participations therein) *minus* the purchase price received, or to be received on the immediately succeeding Notes Payment Date, in respect of such Mortgage Receivables to the extent relating to principal and (c) with respect to Mortgage Receivables which have been extinguished (*teniet gegaan*), in part or in full, in the Notes Calculation Period immediately preceding such Notes Calculation Date as a result of a set-off right having been invoked by the relevant Borrower or the Seller, as the case may be, the positive difference, if any, between the amount by which the Mortgage Receivables have been extinguished (*teniet gegaan*) and the amount paid by the Seller pursuant to the Mortgage Receivables Purchase Agreement in connection with such set-off and (d) amounts in respect of the Mortgage Loans relating to principal which are received by the relevant Originator on the Originator Collection Account during the immediately preceding Notes Calculation Period, but which are not transferred to the Issuer Transaction Account of the Issuer (either as part of the payment which the Seller is required to make on the relevant Mortgage Collection Payment Date or otherwise) on or prior to the third Mortgage Collection Payment Date following receipt thereof.

#### **5.4 Hedging**

The Issuer shall not enter into any derivative contracts.

## 5.5 Liquidity Support

On the Closing Date, the Issuer will enter into the Cash Advance Facility Agreement with the Cash Advance Facility Provider and the Security Trustee. On any Notes Payment Date (other than a Notes Payment Date on which the Class A Notes are or will be redeemed in full) the Issuer will be entitled to make drawings under the Cash Advance Facility up to the Cash Advance Facility Maximum Amount, subject to certain conditions. The term of the Cash Advance Facility Agreement is up to the Cash Advance Facility Commitment Termination Date. Payments to the Cash Advance Facility Provider (other than in respect of gross-up and additional amounts under the Pre-Enforcement Revenue Priority of Payments) will rank higher in priority than payments under the Notes. The commitment of the Cash Advance Facility Provider is extendable at its discretion.

Any Cash Advance Facility Drawing by the Issuer shall only be made on a Notes Payment Date if and to the extent that, after the application of any Available Revenue Funds but before any Cash Advance Facility Drawing, there is a shortfall in the Available Revenue Funds to meet items (a) up to and including (e) of the Pre-Enforcement Revenue Priority of Payments in full on that Notes Payment Date.

If (A) (i) a Cash Advance Facility Relevant Event of the type described in (a) or (b) of the definition of such term occurs in relation to the Cash Advance Facility Provider and (ii) within fourteen (14) days of the occurrence of such Cash Advance Facility Relevant Event the Cash Advance Facility Provider is not replaced with a suitable alternative cash advance facility provider, as a result of which the current ratings of the Notes will be maintained or, (B) a Cash Advance Facility Relevant Event of the type described in (c) of the definition of such term occurs, a third party having the Requisite Credit Ratings has not guaranteed the obligations of the Cash Advance Facility Provider or, only in case of a downgrade or loss of the rating given by S&P, another suitable solution in order to maintain the then current ratings of the Notes is not found, then the Issuer will be required forthwith to draw down the entire undrawn portion of the Cash Advance Facility (a **Cash Advance Facility Stand-by Drawing**) and deposit such amount into the Issuer Transaction Account with a corresponding credit to a ledger to be known as the Cash Advance Facility Stand-by Ledger. Amounts so deposited into the Issuer Transaction Account may be utilised by the Issuer in the same manner as if it would make a Cash Advance Facility Drawing. The Issuer shall repay a Cash Advance Facility Stand-by Drawing in accordance with the relevant Priority of Payments, as applicable, upon the earlier of the date on which the transfer of the Cash Advance Facility to an alternative cash advance facility provider having the Requisite Credit Ratings becomes effective, the Cash Advance Facility Provider has again been assigned the Requisite Credit Ratings, any Optional Redemption Date if and to the extent that on such date the Notes will, subject to and in accordance with the Conditions, be redeemed or the Final Maturity Date subject to and in accordance with the Pre-Enforcement Revenue Priority of Payments. On the Notes Payment Date on which all amounts of principal due in respect of the Class A Notes, have been or will be paid in accordance with the Conditions and the Transaction Documents, an amount equal to the amount standing to the credit of the Cash Advance Facility Stand-by Ledger at such time, will be repaid by the Issuer to the Issuer Account Bank outside the Priority of Payments.

## **5.6 Issuer Accounts**

### *Issuer Transaction Account*

The Issuer will maintain with the Issuer Account Bank the Issuer Transaction Account to which, *inter alia*, all amounts received (i) in respect of the Mortgage Loans and (ii) from the Bank Savings Participant, the Insurance Savings Participant and Conversion Participant under the Participation Agreements and (iii) from the other parties to the Transaction (unless otherwise agreed in the relevant Transaction Documents) will be paid. The Issuer Administrator will identify all amounts paid into the Issuer Transaction Account. Payments received by the Issuer in respect of the Mortgage Loans will be identified as principal, interest or other revenue receipts.

Certain payments may be made from the Issuer Transaction Account outside the applicable Priority of Payments on any date to satisfy, amongst others, certain payments to the Participants as further set out in the Trust Deed.

### *Construction Deposit Account*

The Issuer will maintain with the Issuer Account Bank the Construction Deposit Account into which an amount equal to the aggregate Construction Deposits will be credited on the Closing Date or, thereafter, in case of purchase of Further Advance Receivables and/or Ported Mortgage Receivables having a Construction Deposit attached to it, on the relevant Reconciliation Date. The Issuer will on each Mortgage Collection Payment Date prior to an Assignment Notification Event pay from the Construction Deposit Account to the Seller amounts equal to the amounts paid out by the Originator to the Borrowers in relation to the Construction Deposits in the preceding Mortgage Calculation Period if legal title to the Mortgage Receivables corresponding to the Construction Deposits or part thereof has been acquired by the Issuer. After the occurrence of an Assignment Notification Event, the Issuer shall only be obliged to draw from the Construction Deposit Account an amount equal to the Construction Deposits or part thereof which has been paid out to the relevant Borrowers pursuant to the Mortgage Conditions, and pay such amount to the Seller as part of the Initial Purchase Price, if legal title to the Mortgage Receivables corresponding to the Construction Deposits or part thereof has been acquired by the Issuer. If, on the third Mortgage Calculation Date after the occurrence of an Assignment Notification Event legal title to any Mortgage Receivables corresponding to the Construction Deposits has not been acquired by the Issuer, the Issuer shall on the immediately succeeding Notes Payment Date draw the corresponding part of the balance standing to the credit of the Construction Deposit Account to form part of the Available Principal Funds on that Notes Payment Date.

### **Rating of the Issuer Account Bank**

If at any time the Issuer Account Bank is assigned a rating of less than the Requisite Credit Ratings, or if any such rating is withdrawn, the Issuer Account Bank shall as soon as reasonably possible, but at least within a period of sixty (60) days or, in the case of a downgrade or loss only of the rating given by S&P, within a period of sixty (60) days which may be extended for another thirty (30) days (subject to confirmation from S&P that the then current ratings on the Notes be maintained) after the occurrence of such event, in order to maintain the then current ratings of the Notes, at its own cost either (x) find an alternative bank having at least the Requisite Credit Ratings as a replacement, as a result of which the Issuer and/or the Issuer Administrator on its behalf will be required to transfer the balance on all such relevant Issuer Accounts to such alternative bank, or (y) procure that a third party, having at least the Requisite Credit Ratings, guarantees the obligations of the Issuer Account Bank or (z), only in case

of a downgrade or loss of the rating given by S&P, find another solution which is suitable in order to maintain the then current ratings assigned to the Notes.

If at the time when the Issuer Account Bank should be replaced, there is no other bank which has the Requisite Credit Ratings and if the Security Trustee so agrees and provided that each Credit Rating Agency has provided a Credit Rating Agency Confirmation, the relevant Issuer Accounts will not need to be transferred until such time as there is a bank of international repute which has the Requisite Credit Ratings and is willing to accept deposits, whereupon, subject to the prior written consent of the Security Trustee, such transfer will be made to the bank meeting such criteria within one (1) month of identification of such bank or such longer period as the Security Trustee may determine.

## 5.7 Administration Agreement

### *General*

The Issuer Administrator will in the Administration Agreement agree to provide certain administration, calculation and cash management services to the Issuer and the Reporting Entity in accordance with the relevant Transaction Documents, including, *inter alia*, (a) the application of amounts received by the Issuer to the Issuer Accounts and the production of quarterly reports in relation thereto, (b) procuring that all payments to be made by the Issuer under the Transaction Documents are made, (c) procuring that all payments to be made by the Issuer under the Notes are made in accordance with the Paying Agency Agreement and the Conditions, (d) the maintaining of all required ledgers in connection with the above, (e) all administrative actions in relation thereto, and (f) procuring that all calculations to be made pursuant to the Conditions under the Notes are made.

The Administration Agreement may be terminated by the Issuer and the Security Trustee, acting jointly, upon the occurrence of certain termination events, including but not limited to, a failure by the Issuer Administrator to comply with its obligations (unless remedied within the applicable grace period), dissolution or liquidation of the Issuer Administrator or the Issuer Administrator being declared bankrupt or granted a suspension of payments. In addition the Administration Agreement may be terminated by the Issuer Administrator upon the expiry of not less than six (6) months' notice, subject to (i) written approval by the Issuer and the Security Trustee, which approval may not be unreasonably withheld and (ii) each Credit Rating Agency having provided a Credit Rating Agency Confirmation in respect of the termination. A termination of the Administration Agreement by either the Issuer and the Security Trustee or the Issuer Administrator will only become effective if a substitute issuer administrator is appointed.

Upon the occurrence of a termination event as set forth above the Security Trustee and the Issuer shall use their best efforts to promptly appoint a substitute issuer administrator and such substitute issuer administrator will enter into an agreement with the Issuer and the Security Trustee substantially on the terms of the Administration Agreement, provided that such substitute issuer administrator shall have the benefit of an administration fee at a level to be then determined. The Issuer shall, promptly following the execution of such agreement, pledge its interest in such agreement in favour of the Security Trustee on the terms of the Issuer Rights Pledge Agreement, *mutatis mutandis*, to the satisfaction of the Security Trustee.

### *Disruptions in reporting*

If a Disruption has occurred, the Issuer Administrator will use all reasonable endeavours to make all determinations, necessary in order for the Issuer Administrator to continue to perform its services under the Administration Agreement. In accordance with the Administration Agreement, the Issuer Administrator will use the three most recent mortgage reports available to it to calculate the aggregate of any collections (whether relating to principal, interest or other) received in respect of the Mortgage Receivables for the three relevant Mortgage Calculation Periods.

Any Disruption Overpaid Amount to the extent it would have formed part of the Available Revenue Funds will be deducted from the Available Revenue Funds and will be withheld from the payments to be made on the next following Notes Payment Date on which the Disruption is no longer occurring. Any Disruption Underpaid Amount to the extent it would have formed part of the Available Revenue Funds will be added to the Available Revenue Funds and will be paid on the next following Notes Payment Date on which the Disruption is no longer occurring. Any Disruption Overpaid Amount to the

extent it would have formed part of the Available Principal Funds will be deducted from the Available Principal Funds and will be withheld from the payments to be made on the next following Notes Payment Date. Any Disruption Underpaid Amount to the extent it would have formed part of the Available Principal Funds will be added to the Available Principal Funds and will be paid on the next following Notes Payment Date.

## **5.8 Transparency Reporting Agreement**

Pursuant to article 7 of the STS Regulation, the Issuer (as SSPE under the STS Regulation), the Seller (as originator under the STS Regulation) and the Originator (as originator under the STS Regulation) are obliged to make information available to the Noteholders, competent authorities referred to in article 29 of the STS Regulation and potential investors and to designate amongst themselves one entity to fulfil the information requirements pursuant to points (a), (b), (d), (e), (f) and (g) of the first subparagraph of article 7(1) of the STS Regulation in relation to the securitisation transaction described in this Prospectus. Under the Transparency Reporting Agreement, the Issuer and the Originator shall, in accordance with article 7(2) of the STS Regulation, designate and appoint the Reporting Entity to fulfil the aforementioned information requirements. See also section 4.4 (*Regulatory & Industry Compliance - Reporting under the STS Regulation*).

## 5.9 Legal framework as to the assignment of the Mortgage Receivables

### (a) Assignment of the Mortgage Receivables

Under Dutch law, assignment of the legal title of claims, such as the Mortgage Receivables, can be effectuated by means of a notarial deed of assignment or a private deed of assignment and registration thereof with the appropriate tax authorities, without notification of the assignment to the debtors being required (*stille cessie*). The legal title of the Mortgage Receivables resulting from the Mortgage Loans (i) has been assigned by the Originator to the Seller prior to the Closing Date by means of one or more private deeds of assignment which have been registered with the Dutch tax authorities, without notification of the assignment to the Borrowers (*stille cessie*) (**Assignment I**) and (ii) will be assigned on the Closing Date by the Seller to the Issuer without notification of the assignment to the Borrowers (*stille cessie*) (**Assignment II**) by means of a notarial deed of assignment or private deed of assignment which will be registered with the Dutch tax authorities on the Closing Date. Furthermore, prior to the Closing Date the Originator assigned to the Seller the NHG Advance Rights by means of a private deed of assignment which will be registered with the Dutch tax authorities prior to the Closing Date and on the Closing Date the Seller will assign the NHG Advance Rights to the Issuer by means of a notarial deed of assignment or private deed of assignment which will be registered with the Dutch tax authorities on the Closing Date.

The Mortgage Receivables Purchase Agreement provides that Assignment I and Assignment II will not be notified to the Borrowers by the Originator, the Seller, or as the case may be, the Issuer, except that notification of Assignment I and Assignment II will be made to all Borrowers upon the occurrence of any Assignment Notification Event.

Until notification of each of Assignment I and II, Borrowers under the Mortgage Loans can only validly pay to the Originator in order to fully discharge their payment obligations (*bevrijdend betalen*) in respect thereof. Upon notification of Assignment I and Assignment II, the Borrowers under Mortgage Loans can only validly pay to the Issuer.

The Seller has undertaken in the Mortgage Receivables Purchase Agreement to transfer or procure the transfer of any (estimated) amounts received during the immediately preceding Mortgage Calculation Period in respect of the Mortgage Receivables to the Issuer Transaction Account and Aegon Hypotheken B.V. has undertaken to the Seller and the Issuer to enable the Seller to do so in respect of collections under the Mortgage Loans.

However, receipt of such amounts by the Issuer is subject to such payments actually being made. If the Originator is declared bankrupt, subjected to any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the recovery and resolution insurers act (*Wet herstel en afwikkeling van verzekeraars*, **Whav**) and the SRM-Regulation or subject to preliminary suspension of payments prior to making such payments and prior to the notification of the relevant assignment, the relevant collections form part of the bankruptcy estate of the Originator. In respect of these payments, the Issuer will be a creditor of the estate (*boedelschuldeiser*) of the Originator where the collections are trapped, and will receive payment prior to (*unsecured*) creditors with ordinary claims, but after preferred creditors of the estate and after deduction of the general bankruptcy costs (*algemene faillissementskosten*), which may be material.

In case of a bankruptcy of the Seller, the Issuer will notify the Borrowers under the Mortgage Loans of Assignment I and II. Upon receipt of such notification, the Borrowers will be obliged to pay interest and principal due under the Mortgage Loans to the Issuer.

The same analysis applies *mutatis mutandis* in respect of the Security Trustee as pledgee after the occurrence of a Pledge Notification Event. In such case the Security Trustee may notify all Borrowers of Assignment I and Assignment II.

**(b) Set-off by Borrowers**

Under Dutch law a debtor has a right of set-off if it has a claim that corresponds to its debt owed to the same counterparty and it is entitled to pay its debt as well as to enforce its claim. Subject to these requirements being met, each Borrower will be entitled to set off amounts due by the Originator to it (if any) with amounts it owes in respect of the Mortgage Receivable originated by the Originator prior to notification of the relevant assignment of the Mortgage Receivable originated by it. As a result of the set-off of amounts due and payable by the Originator to the Borrower with amounts the Borrower owes in respect of the Mortgage Receivable originated by the Originator, the Mortgage Receivable will, partially or fully, be extinguished (*gaat teniet*). Set-off by Borrowers could thus lead to losses under the Notes.

The Seller has represented in the Mortgage Receivables Purchase Agreement that the Mortgage Conditions provide that payments by the Borrower should be made without any deduction or set-off. However, under Dutch law a provision in general conditions is voidable (*vernietigbaar*) if the provision, taking into account the nature and the further contents of the agreement, the way in which the general conditions have been agreed upon, the mutually apparent interests of the parties and the other circumstances of the matter, is unreasonably onerous for the party against whom the general conditions are used. A clause containing a waiver of set-off rights is, subject to proof to the contrary, assumed to be unreasonably onerous, irrespective of the circumstances referred to in the preceding sentence, if the party against which the general conditions are used, does not act in the conduct of its profession or trade. Should, in view of the above, the set-off rights of the Borrowers not have been effectively waived, a Borrower will, provided the statutory requirements for set-off have been met, be entitled to set off any amounts due by the Originator to the Borrower with the Mortgage Receivables prior to and in limited circumstances also following notification of the assignment or pledge. As a result of the set-off of amounts due by the Originator to the Borrower with amounts owed by the Borrower to the Originator under the Mortgage Loan, the Mortgage Receivable will extinguish (*tenietgaan*) up to the amount so set off.

Should notification of Assignment I be made without notification of Assignment II being made simultaneously, the following applies. After notification of Assignment I, but prior to notification of Assignment II to a Borrower, such Borrower will have the right to set-off a counterclaim against Aegon Hypotheken B.V. *vis-à-vis* the Seller, provided that the legal requirements for set-off are met (see above) and further provided that (i) the counterclaim of the Borrower results from the same legal relationship as the relevant Mortgage Receivable or (ii) the counterclaim of the Borrower has originated (*opgekomen*) and became due and payable (*opeisbaar*) prior to Assignment I and notification thereof to the relevant Borrower.

In addition, if notification of Assignment I would occur prior to notification of Assignment II, to a Borrower, the Seller would become authorised to collect (*inningsbevoegd*). In such case a Borrower under a Mortgage Loan would have the right to set-off a counterclaim against Aegon Hypotheken B.V. *vis-à-vis* the Seller, subject to the requirements for set-off prior to notification of an assignment (see the

first paragraph) having been met. Furthermore, the Borrower would be entitled to set off any due and payable counterclaim against the Seller. In view thereof, it has been stipulated in the Mortgage Receivables Purchase Agreement that notification of Assignment I to the Borrowers may only occur if Assignment II is also notified to the Borrowers. Upon notification of Assignment II (which thus always will coincide with notification of Assignment I), the Borrowers have the right to set-off a counterclaim against Aegon Hypotheken B.V. against the Issuer, subject to the requirements for set-off prior to notification of an assignment (see the first paragraph) having been met, but they would not have the right to set-off a counterclaim against Aegon Bank against the Issuer's rights under the Mortgage Receivables (other than in its capacity as Bank Savings Participant).

If notification of Assignment I and Assignment II is made after the bankruptcy, any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation or suspension of payments involving Aegon Hypotheken B.V. or the Seller having become effective, it is defended in legal literature that the Borrower will, irrespective of the notification of the assignment, continue to have the broader set-off rights afforded to it in the Dutch Bankruptcy Act (*Faillissementswet*). Under the Dutch Bankruptcy Act (*Faillissementswet*) a person which is both debtor and creditor of the bankrupt entity can set off its debt with its claims, if each claim (i) came into existence prior to the moment at which the bankruptcy becomes effective or (ii) resulted from transactions with the bankrupt entity concluded prior to the bankruptcy becoming effective. A similar provision applies in case of suspension of payments or any intervention, recovery and resolution measures that may be taken pursuant to the BRRD of Solvency II.

Claims of a Borrower against the Originator could, *inter alia*, result from (i) Construction Deposits of such Borrower or (ii) rights of a Borrower under the Insurance Policies with Aegon Levensverzekering N.V.

The Mortgage Receivables Purchase Agreement provides that if a Borrower sets off amounts due to it by the Originator against its obligations under the Mortgage Receivable and, as a consequence thereof, the Issuer does not receive the amount which it would otherwise have been entitled to receive in respect of such Mortgage Receivable, the Seller will pay to the Issuer an amount equal to the difference between (i) the amount which the Issuer would have received in respect of the Mortgage Receivable if no set-off had taken place and (ii) the amount actually received by the Issuer in respect of such Mortgage Receivable. Receipt of such amount by the Issuer from the Seller is subject to the ability of the Seller to actually make such payments. There is a risk that the Seller cannot make such payments and this could lead to losses under the Notes.

The analysis set out in this paragraph applies *mutatis mutandis* to the set-off rights of Borrowers as against the Security Trustee after notification to such Borrowers of its right of pledge over the Mortgage Receivables.

**(c) Beneficiary Rights**

The Originator has been appointed as beneficiary (*begunstigde*) under the Insurance Policies up to the amount owed by the Borrower under the mortgage deed and/or under any further advances granted to the Borrower, except for cases where another beneficiary has been appointed who will rank ahead of the Originator. In such cases there must be a Borrower Insurance Proceeds Instruction pursuant to which the Insurance Savings Participant is irrevocably authorised by such beneficiary to apply the insurance proceeds in satisfaction of the Mortgage Receivable.

It is unlikely that the Beneficiary Rights will follow the Mortgage Receivables upon assignment or pledge thereof to the Seller, Issuer or the Security Trustee, respectively. The Beneficiary Rights owned by the Originator have to the extent legally possible, been assigned by the Originator to the Seller and all Beneficiary Rights will, to the extent legally possible, be assigned by the Seller to the Issuer and will be pledged by the Issuer to the Security Trustee (see under *Security* in section *The Notes*), but it is uncertain whether this assignment and pledge will be effective. In addition, the assignment and pledge of the Beneficiary Rights will only be completed upon notification to the relevant insurance company, which is not expected to occur prior to the occurrence of an Assignment Notification Event.

Because of the uncertainty as to whether the Issuer becomes beneficiary of the Insurance Policies and whether the assignment and pledge of the Beneficiary Rights is effective and for the situation that no irrevocable payment authorisation exists, the Issuer will at the Signing Date enter into the Beneficiary Waiver Agreement with the Originator, the Seller, the Insurance Savings Participant and the Security Trustee, under which the Originator, subject to the condition precedent of the occurrence of an Assignment Notification Event, appoints in its place as first beneficiary:

- (i) the Issuer subject to the dissolving condition of the occurrence of a Pledge Notification Event as referred to in Clause 7 of the Issuer Mortgage Receivables Pledge Agreement relating to the Issuer; and
- (ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event as referred to in Clause 7 of the Issuer Mortgage Receivables Pledge Agreement relating to the Issuer,

and, to the extent such appointment is ineffective, waives its rights as beneficiary under the Insurance Policies.

It is, however, uncertain whether such waiver and appointment will be effective, mainly because it is unclear whether or not the right to change the appointment is included in the rights of the Originator as pledgee or as beneficiary under the Insurance Policies. In view hereof the Originator and the Insurance Savings Participant will in the Beneficiary Waiver Agreement undertake following an Assignment Notification Event to use their best efforts to obtain the co-operation from all relevant parties to appoint the Issuer or the Security Trustee, as the case may be, as first beneficiary under the Insurance Policies. It is uncertain whether such co-operation will be forthcoming.

If a Borrower Insurance Proceeds Instruction has been given, the Issuer has been advised that it is uncertain whether the payment instruction authorises the Insurance Savings Participant to pay to the Issuer rather than the Originator upon assignment of the Mortgage Receivable. In as far as the Insurance Savings Participant is not authorised to pay the proceeds to the Issuer, the Originator and the Insurance Savings Participant will in the Beneficiary Waiver Agreement undertake, following an Assignment Notification Event, to use their best efforts, to change the payment instruction in favour of (i) the Issuer subject to the dissolving condition of the occurrence of a Pledge Notification Event relating to the Issuer and (ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event relating to the Issuer. Such change would require the cooperation of the relevant Borrower and it is uncertain whether such cooperation will be forthcoming.

If the Issuer or the Security Trustee, as the case may be, has not become beneficiary of the Insurance Policies or recipient of the final payment pursuant to the (amended) Borrower Insurance Proceeds Instruction and the pledge and the waiver of the Beneficiary Rights are not effective, any proceeds under the Insurance Policies will be payable to the Originator, or to another beneficiary, instead of to the

Issuer or the Security Trustee, as the case may be. If the proceeds are paid to Aegon Hypotheken B.V. as Originator, Aegon Hypotheken B.V., will pay such amount to the Seller and the Seller will be obliged to pay the amount involved to the Issuer or the Security Trustee, as the case may be. If Aegon Hypotheken B.V. as Originator does not pay the amount involved to the Seller and/or the Seller does not pay the amount involved to the Issuer or the Security Trustee, as the case may be (e.g. in the case of bankruptcy of the Seller or Aegon Hypotheken B.V.) or if the proceeds are paid to another beneficiary instead of the Issuer or the Security Trustee, as the case may be, this may result in the amount paid under the Insurance Policies not being applied in reduction of the Mortgage Receivable. This may lead to the Borrower invoking defences against the Issuer or the Security Trustee, as the case may be, for the amounts so received by the Seller or Aegon Hypotheken B.V. as further discussed below under *Set-off or defences*.

(d) **Set-off or defences**

*General*

The intention of the Insurance Policies and Bank Savings Deposits is that at maturity of the related Mortgage Loan, the proceeds of the savings or investments can be used to repay the Mortgage Loan, whether in full or in part. If the amounts payable under the Insurance Policies do not serve as a reduction of the Mortgage Receivable in case the Issuer does not receive the proceeds because it does not have the Beneficiary Rights (see above under paragraph (c)) or in case the Insurance Savings Participant is no longer able to meet its obligations under the Insurance Policies, the Borrower may try to invoke a right of set-off of the amount due under the Mortgage Receivable with amounts payable under or in connection with the relevant Insurance Policy. Similarly, if the balance standing to the Bank Savings Account is not applied towards redemption of the Bank Savings Mortgage Loan, the Borrower may try to invoke a right of set-off of the amount due under the Mortgage Receivable with amounts payable under the Bank Savings Deposit. Borrowers may also try to invoke defences should set-off not be successful.

The Mortgage Conditions provide that the payments by the Borrowers should be made without set-off. However, it is uncertain whether such waiver is effective. If the waiver is not effective, the Borrowers will in order to invoke a right of set-off, need to comply with the applicable legal requirements.

*Risk of set-off or defences under Life Mortgage Loans, Savings Mortgage Loans and Savings Investment Mortgage Loans*

One of the Dutch statutory requirements for set-off is that the Borrower should have a claim, which corresponds to his debt to the same counterparty. The Insurance Policies are contracts between the Insurance Savings Participant and a Borrower on the one hand and the Mortgage Loans are contracts between the Originator and the Borrower on the other hand.

In respect of Life Mortgage Loans, Universal Life Mortgage Loans, Savings Investment Mortgage Loans and Savings Mortgage Loans, in view of the factual circumstances involved, in particular that the Originator is a group company of the Insurance Savings Participant and that the Mortgage Loans are typically offered with the Insurance Policies as one package, the risk cannot be excluded (*risico kan niet worden uitgesloten*) that the courts will honour set-off or other defences by a Borrower, as described above, if in case of bankruptcy or intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation in respect of the Insurance Savings Participant, the Borrowers which are insured were unable to (fully) recover their claims under their Insurance Policies.

A successful set-off or defence may lead to the Issuer not having sufficient funds available to make payments in respect of the Notes.

Furthermore, the Borrowers should have a counterclaim resulting from the same legal relationship as the Mortgage Receivable. If the Insurance Savings Participant is declared bankrupt or subjected to any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation, the Borrower will have the right to unilaterally terminate the Insurance Policy and to receive a commutation payment (*afkoopsom*). These rights are subject to a right of pledge over the Insurance Policies (such right of pledge is a **Borrower Pledge**). However, despite this Borrower Pledge it may be argued that the relevant Borrower will be entitled to invoke a right of set-off for the commutation payment. Apart from the right to terminate the Insurance Policies, the Borrowers are also likely to have the right to rescind the Insurance Policies and to claim restitution of premiums paid and/or supplementary damages. It is uncertain whether such claim is subject to the Borrower Pledge. If not, the Borrower Pledge would not obstruct a right of set-off with such claim by the Borrowers.

Even if the Borrowers cannot invoke a right of set-off, they may invoke other defences vis-à-vis the Originator, the Seller, the Issuer and/or the Security Trustee. The Borrowers could, *inter alia*, argue that it was the intention of the parties involved – at least that they could rightfully interpret the mortgage documentation and the promotional materials in such manner – that the Mortgage Loan and the relevant Insurance Policy are to be regarded as one interrelated legal relationship and could on this basis claim a right of annulment or rescission of the Mortgage Loan or that the Mortgage Receivable would be (fully or partially) repaid by means of the proceeds of the relevant Insurance Policy and that, failing such proceeds, the Borrower is not obliged to repay the (corresponding part of) the Mortgage Receivable. On the basis of similar reasoning, Borrowers could also argue that the Mortgage Loans and the Insurance Policies were entered into as a result of ‘error’ (*dwalig*) or that it would be contrary to principles of reasonableness and fairness (*redelijkheid en billijkheid*) for a Borrower to be obliged to repay the Mortgage Receivable to the extent that he has failed to receive the proceeds of the Insurance Policy. If this defence were to be successful, this could lead to a reduction of the relevant Borrower’s payments under the Mortgage Receivables equal to the damages incurred by the relevant Borrowers.

In respect of the Savings Investment Mortgage Loans and Savings Mortgage Loans, the Insurance Savings Participation Agreement will provide that in case of set-off or other defences by a Borrower, including but not limited to a right of set-off or defence based upon a default in the performance by the Insurance Savings Participant of its obligations under the relevant Savings Investment Insurance Policy or Savings Insurance Policy, as a consequence whereof the Issuer will not have received the full amount due and outstanding, the relevant Insurance Savings Participation will be reduced by an amount equal to the amount which the Issuer has failed to receive as a result of such set-off or defence. The amount of the Insurance Savings Participation is equal to the amount of all Savings Premiums received by the Issuer, plus the accrued yield on such amount (see under *Sub-Participation* in section *Portfolio Documentation*) and the claim of the Borrower under the Savings Insurance Policy will in principle not exceed the amount of the Insurance Savings Participation, normally the Issuer would not suffer any loss if the Borrower was to invoke any such right of set-off or defence, if and to the extent that the amount for which the Borrower was to invoke set-off or defences did not exceed the amount of the relevant Insurance Savings Participation. Unlike the amount of the Insurance Savings Participation, the amount of the Conversion Participation may not be equal to the value of the underlying investments in investment funds as the value of such underlying investments may fluctuate. As a result the claim of the Borrower under the Savings Investment Insurance Policy may exceed the amount of the Conversion Participation. There can be no assurance that the amount for which the Borrower can invoke set-off or defences cannot exceed the amount of the relevant Insurance Savings Participation.

### *Risk of set-off or defences regarding Bank Savings Mortgage Loans*

Each Bank Savings Mortgage Loan has the benefit of the balance standing to the credit of the relevant Bank Savings Account which is held with Aegon Bank N.V. in its capacity as the Bank Savings Participant. It is the intention that at the maturity of the relevant Bank Savings Mortgage Loan, the balance of the Bank Savings Account will be used to repay the relevant Bank Savings Mortgage Loan, whether in full or in part. If the Bank Savings Participant is no longer able to meet its obligations in respect of the relevant Bank Savings Account, for example as a result of bankruptcy, this could result in the balance standing to the credit of the relevant Bank Savings Account either not, or only partly, being available for application in reduction of the Mortgage Receivable resulting from the relevant Bank Savings Mortgage Loan. This may lead to the Borrower trying to invoke set-off rights and defences against the Seller, the Issuer or the Security Trustee, as the case may be, which may result in the Mortgage Receivables being, fully or partially, extinguished (*tenietgaan*) or not being recovered for other reasons, which could lead to losses under the Notes.

The analysis for such set-off or defences by Borrowers is similar to the risk described in the paragraph *Risk of set-off or defences under Life Mortgage Loans, Savings Mortgage Loans and Savings Investment Mortgage Loans* above.

In respect of Bank Savings Mortgage Loans, it is noted that amounts standing to a bank savings account will if certain conditions are met, by operation of law be set off against the related Bank Savings Mortgage Loan, irrespective of whether the Bank Savings Mortgage Loan is owed to the Bank Savings Participant or a third party such as the Originator or the Issuer if (i) the deposit guarantee scheme is activated in respect of the Bank Savings Participant by DNB, or (ii) the Bank Savings Participant is declared bankrupt (*failliet*), or subjected to any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation. In these two limited circumstances set-off between the Bank Savings Mortgage Loan and the Bank Savings Deposit will by operation of law occur irrespective of whether the mutuality requirement for set-off is complied with or not. In other circumstances, the Issuer has been advised that, given the strong link between the two products, there is a considerable risk (*een aanmerkelijk risico*) that, even if set-off were to be unsuccessful based on the absence of mutuality, a defence would be successful. In view of such risk, on the Closing Date, the Bank Savings Participation Agreement will be entered into, which will be materially in the same form as the Insurance Savings Participation Agreement (see also *Sub-Participation* in section *Portfolio Documentation*). Given that the amount of the claim of a Borrower in respect of the Bank Savings Deposit will in principle not exceed an amount equal to the Bank Savings Participation in the Bank Savings Mortgage Loan, normally the Issuer would not suffer any damages if the Borrower would invoke any such right of set-off or defences, if and to the extent that the amount for which the Borrower would invoke set-off or defence does not exceed the amount of the relevant Bank Savings Participation. There can be no assurance that the amount for which the Borrower can invoke set-off or defences cannot exceed the amount of the relevant Bank Savings Participation.

## 6. PORTFOLIO INFORMATION

### 6.1 Stratification Tables

#### The Portfolio as of the Cut-Off Date

The key characteristics of the portfolio of Mortgage Loans selected as of the Cut-Off Date (the **Portfolio**) are set out below. The Portfolio includes the Mortgage Loans which will be sold on the Closing Date. Each Mortgage Loan can consist of one or more mortgage loan parts, e.g. an interest only loan part and a savings mortgage loan part or parts with different interest reset dates and/or different final maturities. The Portfolio has been selected in accordance with the criteria set forth in the Mortgage Receivables Purchase Agreement. The accuracy of the data included in the stratification tables in respect of the Portfolio as selected on the Cut-Off Date has been verified by an appropriate and independent party.

The Portfolio satisfies the homogeneous conditions of Article 1(a), (b), (c) and (d) of the RTS Homogeneity as all Mortgage Loans (i) have been underwritten according to similar approaches to the assessment of credit risk associated with the Mortgage Loans and without prejudice to Article 9(1) of the STS Regulation, (ii) are serviced according to similar servicing procedures with respect to monitoring, collection and administration of Mortgage Receivables from the Mortgage Loans, (iii) fall within the same asset category of residential loans secured with one or several mortgages on residential immovable property and (iv) in accordance with the homogeneity factors set forth in Articles 3(2)(a), (b) and (c) of the RTS Homogeneity (a) are secured by a first-ranking Mortgage (*eerste recht van hypotheek*) or, in the case of Mortgage Loans (including any Further Advance, as the case may be) secured on the same Mortgaged Asset, first and sequentially lower ranking Mortgages over real estate (*onroerende zaak*), an apartment right (*appartementsrecht*), or a long lease (*erfpacht*) situated in the Netherlands and governed by Dutch law and (b) (i) pursuant to the applicable Mortgage Loan Conditions, (x) the Mortgaged Asset may not be the subject of residential letting at the time of origination, (y) the Mortgaged Asset is for residential use and has to be occupied by the relevant Borrower at and after the time of origination and (ii) no consent for residential letting of the Mortgaged Asset has been given by the Seller. The criteria set out in (i) up to and including (iv) are derived from Article 20(8) of the STS Regulation and the RTS Homogeneity.

There can be no assurance that any Ported Mortgage Receivables or Further Advance Receivables acquired by the Issuer after the Closing Date will have the exact same characteristics as exhibited by the Portfolio.

All Mortgage Loans are secured by a Fixed Security Right.

The Seller has engaged an appropriate and independent party to undertake an agreed-upon procedures review on the Mortgage Loans comprising the Portfolio in accordance with article 22(2) of the STS Regulation. More than 95% of the loans in the final pool were part of the audit pool. The agreed-upon procedure review includes the review of 24 loan characteristics which include, but are not limited to Mortgage and loan part number, Current mortgage interest rate, Interest reset date, Current gross loan balance, Months in Arrears, Payment frequency, One payment made, Product type of each loan part, Origination date, Valuation date, Market value, Legal maturity date, Type of property, Property Address, Income Verification for total income, Proof of Income, Signed offer and signed mortgage deed, Employment type, NHG classification, Original principal advanced, Borrower owns property?, Mortgage rights, Interest type and Loan Originator. For the review of the Mortgage Loans a confidence level of 99.00% is applied. In addition, a sample of the Mortgage Loan Criteria against the entire loan-

by-loan data tape is verified by an appropriate and independent party and the Seller confirms that no adverse findings have been found. The Further Advance Receivables and Ported Mortgage Receivables sold by the Seller to the Issuer after the Closing Date will not be subject to an agreed-upon procedures review.

The actual portfolio of Mortgage Loans sold on the Closing Date will be selected from the Portfolio in accordance with the criteria set forth in the Mortgage Receivables Purchase Agreement, may differ from the Portfolio as a result of repayment, prepayment, and further advances and will be sold and assigned to the Issuer without undue delay. For a description of the representations and warranties given by the Seller reference is made to *Origination and Servicing* in section *Portfolio Information*.

### **Key characteristics of the Portfolio**

In Table 1 the key characteristics of the Portfolio as of the Cut-Off Date have been provided. These characteristics demonstrate the capacity to, subject to the risk factors referred to under *Risk Factors*, produce funds to pay interest and principal on the Notes, provided that each such payment shall be subject to the relevant Priority of Payments as further described under *Credit Structure*. All amounts below are expressed in euro.

## 6.2 Description of Mortgage Loans

The Originator has sold and transferred the legal title to the Mortgage Receivables resulting from Mortgage Loans originated by it to the Seller pursuant to Assignment I. On the Closing Date, the Seller will transfer the legal title to all Mortgage Receivables to the Issuer pursuant to Assignment II.

### Products

The Mortgage Loans (or any Loan Parts thereof) comprising the Mortgage Receivables sold to and purchased by the Issuer pursuant to the Mortgage Receivables Purchase Agreement may consist of any of the following types of redemption:

- Linear mortgage loans (*lineaire hypotheek*)
- Interest-only mortgage loans (*aflossingsvrije hypotheek*)
- Annuity mortgage loans (*annuïteitenhypotheek*)
- Life mortgage loans (*levenhypotheek*)
- Universal life mortgage loans (*levensloophypotheek*)
- Savings mortgage loans (*spaarhypotheek*)
- Bank savings mortgage loans (*bankspaarhypotheek*)

Mortgage Loans may combine any of the abovementioned types of Mortgage Loans (*combinatiehypotheek*).

Borrowers may convert from one type of Mortgage Loan into another Mortgage Loan at any time for a fee.

The Mortgage Loans have characteristics that demonstrate the capacity to produce funds to service any payments due and payable under the Mortgage-Backed Notes and the interest payments and principal prepayments to the Noteholders are not predominantly dependent on the sale of the Mortgaged Assets securing the Mortgage Loans.

Mortgage Type:	Description
<b>Linear Mortgage Loans:</b>	<p>A portion of the Mortgage Loans (or Loan Parts thereof) may be Linear Mortgage Loans. Under a Linear Mortgage Loan the Borrower pays a fixed amount of principal each month towards redemption of the Mortgage Loan (or relevant part thereof) until maturity. Interest is payable monthly and is calculated on the outstanding balance of the Mortgage Loan (or relevant part thereof).</p> <p>The aggregate monthly payments by borrowers, consequently, are higher in the beginning but decrease as the remaining term decreases. This type</p>

<b>Mortgage Type:</b>	<p><b>Description</b></p> <p>of mortgage loan also typically has a decreasing LTV, assuming no change in value of the relevant Mortgaged Asset over the life of the mortgage loan.</p>
<b>Interest-only Mortgage Loans:</b>	<p>A portion of the Mortgage Loans (or Loan Parts thereof) may be Interest-only Mortgage Loans. Under an Interest-only Mortgage Loan, the Borrower is not obliged to pay principal towards redemption of the Mortgage Loan (or relevant part thereof) until maturity. Interest is payable monthly and is calculated on the outstanding balance of the Mortgage Loan (or relevant part thereof).</p> <p>An Interest-only Mortgage Loan is usually redeemed either by selling the property or by taking a new mortgage loan.</p> <p>As no redemption is required under the current tax regime for Mortgage Loans originated prior to 1 January 2013, the maximum amount of interest is deductible from income tax during the entire life of the mortgage (for a maximum period of thirty (30) years). The maximum legal maturity of an Interest-only Mortgage Loan originated prior to 14 July 2012 is one hundred (100) years minus the age of the youngest Borrower of such Interest-only Mortgage Loan at the time of origination. As the Interest-only Mortgage Loan (i.e. without Loan Parts which amortise) has no principal payments other than at maturity and assuming there is no change in value of the relevant Mortgaged Asset, the LTV does not decrease during the life of the mortgage loan.</p>
<b>Annuity Mortgage Loans:</b>	<p>A portion of the Mortgage Loans (or Loan Parts thereof) may be Annuity Mortgage Loans. Under an Annuity Mortgage Loan, the Borrower pays a fixed monthly instalment, comprised of an initially high and thereafter decreasing interest portion and an initially low and thereafter increasing principal portion.</p> <p>The Borrower pays the same cash amount on a monthly basis as long as the interest rate is not reset. At an interest reset date, the monthly payments will change to reflect the new finance cost of the mortgage. Annuity Mortgage Loans run for a fixed term, usually 30 years. By the time the maturity of the mortgage loan is reached, principal will have been fully repaid. Hence, the LTV of the Annuity Mortgage Loans decreases as maturity approaches over time, assuming no change in value of the relevant Mortgaged Asset over the life of the mortgage loan.</p>
<b>Life Mortgage Loans:</b>	<p>A portion of the Mortgage Loans (or Loan Parts thereof) may be Life Mortgage Loans. The Borrowers have taken out the related Life Insurance Policies with the Insurance Savings Participant. Under a Life Mortgage Loan, no principal is paid until maturity but instead the Borrower pays a premium to the Insurance Savings Participant on a monthly basis. The premiums paid by such Borrower are invested by the Insurance Savings Participant in certain investment funds.</p>

**Mortgage Type:****Description**

It is the intention that the Life Mortgage Loans will be fully or partially repaid by means of the proceeds of the Life Insurance Policies. The insurance proceeds may not be sufficient to meet repayment of the loan in full, depending on the performance of the investment funds. The Borrower must make whole any shortfall.

As the Life Mortgage Loans have no principal payments other than at maturity, and assuming there is no change in value of the relevant Mortgaged Asset, the LTV does not decrease during the life of the Life Mortgage Loan.

The relevant Life Insurance Policies have been originally pledged to the Originator.

See section 5.9 (*Legal framework as to the assignment of the Mortgage Receivables*) for certain specific set-off risks associated with Life Mortgage Loans.

**Universal Life Mortgage Loans:**

A portion of the Mortgage Loans (or Loan Parts thereof) may be Universal Life Mortgage Loans.

Under a Universal Life Mortgage Loan the Borrower does not pay principal prior to maturity of the Mortgage Loan, but instead takes out a Savings Investment Insurance Policy, which is a combined risk and capital insurance policy with the Insurance Savings Participant whereby part of the premiums paid is invested in certain investment funds and/or a certain fund under the name of LHR. The Borrowers may at any time switch (*omzetten*) their investments among the investment funds to and from the LHR. Universal Life Mortgage Loans whereby the premiums (or part thereof) are invested in the LHR are referred to as Savings Investment Mortgage Loans.

Premiums invested in LHR will be on-paid to the Issuer by the Insurance Savings Participant pursuant to the relevant Participation Agreement (see *Sub-Participation* in section *Portfolio Documentation*). Although the LTV of Savings Investment Mortgage Loans does not decrease because no redemption payments are made prior to maturity of the Savings Investment Mortgage Loan, assuming there is no change in value of the relevant Mortgaged Asset, *de facto* the net exposure decreases to the extent Savings Investment Premiums are paid under the LHR. This decrease is reflected in a decreasing net LTV in the stratification tables. The Issuer applies the accrued Savings Investment Premiums as part of the Available Principal Funds.

It is the intention that the Universal Life Mortgage Loans will be fully or partially repaid by means of the proceeds of the Savings Investment Insurance Policies. The insurance proceeds may not be sufficient to meet

**Mortgage Type:****Description**

repayment of the loan in full, depending on the performance of the fund, unless the premiums have always been fully invested in LHR, in which case the return on maturity is equal to the principal amount of the mortgage loan. The Borrower must make whole any shortfall.

The relevant Savings Investment Insurance Policies are pledged to the Seller.

See section 1 (*Risk Factors*) for a discussion of certain set-off risks associated with Universal Life Mortgage Loans.

At the date of this Prospectus, the majority of the investments under Universal Life Mortgage Loans goes to either (i) Aegon Mix fund (approximately 55% fixed income (bonds, mortgages, etc.) and 45% equity (real estate, commodities, equity, etc.)) with a guaranteed return if used for a minimum of ten years or (ii) LHR.

**Savings Mortgage Loans:**

A portion of the Mortgage Loans (or Loan Parts thereof) may be Savings Mortgage Loans, which consist of Mortgage Loans entered into by the Seller and the relevant Borrowers combined with a Savings Insurance Policy. Savings Premiums received by the Insurance Savings Participant, will be on-paid by the Insurance Savings Participant pursuant to the Insurance Savings Participation Agreement to the Issuer (see *Sub-Participation* in section *Portfolio Documentation*) and economically serve as principal repayments. The Issuer will accordingly apply the Savings Investment Premiums as part of the Available Principal Funds.

Although the LTV of Savings Mortgage Loans does not decrease because no redemption payments are made prior to maturity of the Savings Mortgage Loan, assuming there is no change in the value of the Mortgaged Asset, *de facto* the net exposure decreases taking into account the receipt by the Issuer of the accrued Savings Premiums. This decrease is reflected in a decreasing net LTV in the stratification tables. It is the intention that the Savings Mortgage Loans will be fully repaid by means of the proceeds of the Savings Insurance Policies.

The relevant Savings Insurance Policies have been originally pledged to the Originator.

See section 5.9 (*Legal framework as to the assignment of the Mortgage Receivables*) for certain specific set-off risks associated with Savings Mortgage Loans.

**Bank Savings Mortgage Loans:**

A portion of the Mortgage Loans (or Loan Parts thereof) may be Bank Savings Mortgage Loans, which consist of Mortgage Loans combined with a Bank Savings Account held with the Bank Savings Participant. Under a Bank Savings Mortgage Loan, the Borrower is only required to pay interest until maturity and is not required to pay principal until maturity. The

**Mortgage Type:****Description**

Borrower undertakes to pay a Monthly Bank Savings Deposit Instalment. The Monthly Bank Savings Deposit Instalment is calculated in such a manner that, on an annuity basis, the Bank Savings Deposit is equal to the amount due by the Borrower upon maturity of the Bank Savings Mortgage Loan, thus similar to the way a traditional Savings Mortgage Loan works.

The Monthly Bank Savings Deposit Instalments will be paid to the Issuer by the Bank Savings Participant pursuant to the Bank Savings Participation Agreement (see *Sub-Participation* in section *Portfolio Documentation*). The Issuer will accordingly apply the Bank Savings Deposit Instalments as part of the Available Principal Funds.

Although the LTV of Bank Savings Mortgage Loans does not decrease because no redemption payments are made prior to maturity of the Bank Savings Mortgage Loan, assuming there is no change in the value of the Mortgaged Asset, *de facto* the net exposure decreases taking into account the receipt by the Issuer of the Bank Savings Deposit. The stratification tables in respect of Bank Savings Mortgage Loans therefore take into consideration the building up of the Bank Savings Deposits.

The Bank Savings Deposit has been originally pledged to the Originator.

See *Risk of set-off or defences regarding Bank Savings Mortgage Loans* in section 1 (*Risk Factors*).

**Risk Policies:****Insurance**

In certain circumstances a Mortgage Loan has the benefit of a risk insurance policy (i.e. an insurance policy which pays out upon the death of the insured) taken out by the Borrower with the Insurance Savings Participant. In the case of Mortgage Loans consisting of more than one loan part including a Life Mortgage Loan, Universal Life Mortgage Loan or Savings Mortgage Loan such Risk Insurance Policy will be included in the relevant Life Insurance Policy, Savings Investment Insurance Policy or, as the case may be, Savings Insurance Policy.

The relevant Risk Insurance Policies have been originally pledged to the Originator.

For a description of the NHG Mortgage Loans see *NHG Guarantee Programme* in section *Portfolio Information*.

**Long leases (erfpacht)**

The Mortgages securing the Mortgage Loans may be vested on a long lease (*erfpacht*).

A long lease will, *inter alia*, end as a result of expiration of the long lease term (in the case of a fixed period), or termination of the long lease by the leaseholder or the landowner. In such event the mortgage right will, by operation of law, cease to exist. The landowner can terminate the long lease in the event the leaseholder has not paid the remuneration due for a period exceeding two (2) consecutive years or

commits a serious breach of other obligations under the long lease. If the long lease ends, the landowner will have the obligation to compensate the leaseholder. The amount of the compensation will, *inter alia*, be determined by the conditions of the long lease and may be less than the Market Value of the long lease reduced with unpaid leasehold instalments. In such event the mortgage right will, by operation of law, be replaced by a right of pledge on the claim of the (former) leaseholder against the landowner for such compensation. For the avoidance of doubt, the claim pledged in favour of the mortgagee may be less than the Market Value of the long lease, since the landowner may set-off this claim with the unpaid leasehold instalments which have become due over the last two consecutive years.

The Seller has represented in the Mortgage Receivables Purchase Agreement that when underwriting a Mortgage Loan to be secured by a mortgage right on a long lease, the Originator has taken into consideration certain conditions, such as the term of the long lease and that, on the basis of the Mortgage Conditions, the Mortgage Loan becomes immediately due and payable if, *inter alia*, the leaseholder has not paid the remuneration in relation to the long lease, the leaseholder breaches any obligation under the long lease, or the long lease is dissolved or terminated.

### **Mortgage Loan Interest Rates**

The Mortgage Loans pay interest on a fixed rate or floating rate basis, subject to a reset from time to time. On the Cut-Off Date the weighted average interest rate of the Mortgage Loans amounted to 3.11% per annum. Interest rates vary among individual Mortgage Loans. The range of interest rates is described further in *Stratification Tables* in section *Portfolio Information*.

### 6.3 Origination and Servicing

This section describes the generic origination and servicing procedures applied by the Originator for mortgage loans originated by it. Where the Mortgage Loans and Loan Parts have the benefit of an NHG Guarantee, the origination procedures prescribed by Stichting WEW are adhered to by the Originator. For further information about such origination procedures, see *NHG Guarantee Programme* below.

#### Approval Process and Underwriting

Aegon's mortgage loan underwriting and approval process is performed by the approval and underwriting department which is part of Aegon Hypotheken B.V. All mortgage loans originated by Aegon are originated in the Netherlands. In 2019, the underwriting department received approximately 40,000 applications for mortgage loans. 98% of the applications are received through digitalized channel Skydoo, 70% of which are processed within 24 hours. Approximately 75% of the applications were approved by Fast Hypotheken Systeem (FHS) and checked by a junior or senior underwriter, approximately 5% were checked by the FHS and then by a senior underwriter of the loan committee (maatwerk), approximately 7% were not granted an offer, approximately 3% of the offers were not returned by the client and the remaining 10% of the loan applications were rejected.

All mortgage loans are sold through intermediaries. Aegon uses a wide range of intermediaries (self-owned as well as other independent financial advisors). Only professional regional and national parties who adhere to Aegon's standards and requirements can act as intermediary for Aegon. Intermediaries only collect data from the client which they then analyse and advise upon, but are not involved in the underwriting and approval process.

In the underwriting process, three key aspects are reviewed: (i) applicant (credit history, employment, etc), (ii) borrower income, and (iii) property. Aegon's underwriting criteria are consistent with the Code of Conduct which Aegon endorsed, the Wft, the 'Temporary regulation on mortgage credit' (*Tijdelijke regeling hypotheek krediet*) and since 14 July 2016 the Mortgage Credit Directive. On the basis of the Code of Conduct, Aegon is allowed to deviate from the Code of Conduct on an individual basis in respect to maximum borrowing capacity. These mortgage loans contain extensive documentation and are to be flagged as "explain mortgage loans" (*maatwerk*).

When a borrower requests a further advance, the borrower must meet Aegon's underwriting criteria for further advances. These criteria are consistent with *the Tijdelijke regeling hypotheek krediet*, which states that a mortgage lender may not enter into an agreement involving excess lending.

A Borrower can, pursuant to the Mortgage Conditions and in accordance with the underwriting criteria and procedures prevailing at that time, retain the contractual interest rate for the remainder of the fixed interest rate period, when moving to a new property. The Mortgage Loan on the old property will be redeemed and the Originator will offer a new mortgage loan on the new property (Ported Mortgage Loan). To make use of a Ported Mortgage Loan, the offer letter for the new mortgage loan must be signed by the Borrower within six months after the redemption of the mortgage loan on the old property.

The retained contractual interest rate only applies to the loan parts which were outstanding. For any new loan parts (Further Advances) the then current interest rates apply. If the Ported Mortgage Loan has no NHG Guarantee, the NHG discount no longer applies on the retained contractual interest rate.

The underwriting and approval process is documented in the underwriting manual and described in the ISAE report of Aegon Hypotheken B.V. Furthermore, there are work instructions that describe the

process in detail. All documents received during the underwriting and approval process are stored digitally.

Any material changes from the Originator's prior underwriting policies and lending criteria shall be disclosed without undue delay to the extent required under Article 20(10) of the STS Regulation.

### ***Applicant***

The credit history of all applicants is checked with the Stichting Bureau Krediet Registratie (a public credit registry of persons with adverse credit history, **BKR**) and the Fraud Register (fraude register, Stichting Fraudebestrijding Hypotheken (SFH) and Externe Verwijzings Applicatie (EVA)). Applicants are required to provide proof of employment and salary information. Self-employed applicants are nowadays required to provide an income statement (*Inkomensverklaring Ondernemer*) which is prepared by an expert agent and approved by Stichting WEW. This income statement may not be older than six months on the date of the binding offer of a mortgage loan.

### ***BKR***

For the different types of credit BKR uses the following arrears coding:

- A - Delay notification, after a delay of 3 months.
- H - Recovery notification, as soon as arrears have been made up.
- 1 - Arrears for which a payment arrangement has been made.
- 2 - The outstanding part of the loan has been declared fully due and payable (*opeisbaar*).
- 3 - € 250, - or more was waived.
- 4 - The borrower is unreachable.
- 5 - A preventive payment arrangement has been made. This is temporary in nature.
- SR - Debt settlement, for example, debt mediation and rehabilitation credit (*schuldbemiddeling en saneringskrediet*).

Aegon will not accept a borrower when there:

- is a code A or 1 registration on a current loan without a recovery notification or end date (H);
- is a code 2 to 5 registration;
- is an outstanding debt settlement (SR) or one that was terminated less than 5 years ago;
- are or have been arrears on a mortgage loan with the exception of a NHG mortgage whereby the client has the confirmation from NHG that the loss was acquitted under the terms of NHG;
- is a succession of increasing credit needs;
- are seven or more entries (regardless of whether repaid/not repaid, NHG/non-NHG); or
- are credits of more than 50% joint income.

### ***Loan to value***

Aegon has historically not granted a loan to an applicant with an LTFV that exceeds 130%. A recent, within six months of the binding offer date, valuation report is mandatory which can be a valuation report of a qualified appraiser or (dependent on LTV) a model-based valuation report. In case of a newly built house Aegon will have a building and purchase agreement instead of a valuation report. All property must be covered by insurance and proof of ownership is required. When recommended in the valuation report, an architect's certificate which confirms the structural integrity of the building is mandatory.

### ***Loan to income***

Under the Temporary regulation on mortgage credit (*Tijdelijke regeling hypothecair krediet*) loan to income (LTI) limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. Aegon's origination policy is in compliance with this LTI framework. In accordance with the "explain" clause of the framework, it is in exceptional cases possible to deviate from the LTI rules set forth in the Temporary regulation on mortgage credit, which flexibility Aegon has made use of for a limited percentage of Mortgage Loans.

### ***Property***

Three types of valuation reports (each a Valuation Report) are acceptable in the underwriting process of Aegon to determine the value of a property:

1. A valuation by a qualified Dutch appraiser (Appraisal Report);
2. A model-based valuation e.g. a valuation by the Dutch tax authorities in the context of the Valuation of Immovable Property Act (WOZ Value Statement); and
3. A building and purchase agreement (Building and Purchase Agreement) in the context of newly built properties.

The types of Valuation Reports described above are generally acceptable as part of the standard market practice by financial institutions originating mortgage loans in the Netherlands, are described in the Code of Conduct and since 1 January 2013 are also permitted under the Wft.

### ***Appraisal Report***

The provision of an Appraisal Report is mandatory for all mortgage loans unless the circumstances described below allow the borrower to instead submit a model-based valuation, a WOZ Value Statement or a Building and Purchase Agreement. In these circumstances, whilst an Appraisal Report is not mandatory, an Appraisal Report is still acceptable for underwriting purposes if provided. Furthermore, whilst the circumstances described below apply in general, any mortgage loan underwriter can decide on a case-by-case basis that an Appraisal Report is required.

Appraisal Reports must be carried out by a qualified appraiser (Appraiser) who satisfies all of the following mandatory requirements:

- 1) They must be a member of either:
  - a) "Nederlandse Vereniging van Makelaars en vastgoeddeskundigen" (Dutch Association of Real Estate Brokers and Immovable Property Experts, NVM);
  - b) "Vereniging Bemiddeling Onroerend Goed" (Association of Real Estate Agents and Appraisers, VBO); or
  - c) "Vastgoed PRO" (Property Pro);
- 2) In order to verify their membership of the above, they must be registered with either:
  - a) "Stichting VastgoedCert, kamer Wonen" (Foundation VastgoedCert, section Housing); or
  - b) "Stichting Certificering VBO-Makelaars (SCVM)" (Foundation for Accreditation of VBO Affiliated Real Estate Agents);
- 3) In order to ensure they have adequate knowledge of the local area, their office must be within the same prescribed working area as the surveyed property;

- 4) They must be independent and may therefore not take part in or have any financial or other interest in the purchase or sale of the relevant property;
- 5) They must take out and maintain adequate insurance against liability for damages resulting from a culpable failure (*toerekenbare tekortkoming*) and/or wrongful act; and
- 6) Their remuneration may not depend on the approval or disapproval of the relevant mortgage loan by Aegon.

Appraisers use reporting forms prepared by the professional associations of appraisers (NVM, VBO, Vastgoed Pro) and the “Contactorgaan Hypothecair Financiers” (Code of Conduct Working Group). The Appraisal Report contains a market valuation (marktwaaarde) and as additional information at least one model-based valuation. Aegon only accepts Appraisal Reports which have been validated by certified valuation institutes like NWWI (*Nederlands Woning Waarde Instituut*/Dutch institute for property valuations). All validated valuation institutes can be found on [www.stenv.nl](http://www.stenv.nl). These institutes validate Appraisal Reports with their own trained and experienced staff of surveyors. Whilst the use of NWWI or similar organisations approved by Stichting WEW is mandatory for NHG mortgage loans, Aegon chooses to submit the Appraisal Reports for non-NHG mortgage loans for verification by such validated valuation institute as well.

In the following circumstances, it is acceptable for a borrower to submit a model-based valuation or a WOZ Value Statement (for non-newly built properties):

- 1) The property is a ‘regular’ property. The property must be for residential use only (no commercial use i.e. office space etc.);
- 2) The mortgage loan has an LTV according to the then prevailing underwriting criteria; and
- 3) The mortgage loan underwriter does not deem it necessary for an Appraisal Report to be required.

WOZ Value Statements are independent desktop valuations arranged by the municipalities which serve as a basis to calculate immovable property tax.

The building and purchase agreements are legal agreements between borrowers and property developers which have consideration over the sale of new build properties.

A Valuation Report is acceptable in the underwriting process if it is dated within 6 months of the binding offer date. In relation to WOZ Value Statements only the most recent WOZ Value Statement is acceptable.

The review of Valuation Reports is performed by a mortgage loan underwriter of Aegon not related to the intermediary or sales organisation of Aegon. As part of this review process, a mortgage loan underwriter compares the market valuation of the property, as shown on the applicable Valuation Report, with the purchase price of the property to confirm that the amount to be paid for the property is reasonable. In case of significant differences, where the amount to be paid for the property appears to be unreasonably high or unreasonably low, the mortgage loan underwriter will investigate the reasons for the differential with a particular focus on potential fraud and the appraiser will be asked to explain the significant difference. During the review process, the mortgage loan underwriter also confirms proof of ownership.

Prior to August 2011, it was standard market practice by financial institutions originating mortgage loans in the Netherlands to base underwriting decisions on the foreclosure valuation of a property. Until 1 January 2013, Valuation Reports explicitly showed the foreclosure valuation of the property but in the case of a WOZ Value Statement or a building and purchase agreement, where a foreclosure valuation

was not available, the market valuation was multiplied by a factor (typically no greater than 1) in order to derive a foreclosure value.

In respect of WOZ Value Statements, the foreclosure valuation was approximately 85-90% of the market valuation of the property.

In respect of building and purchase agreements, the foreclosure valuation was approximately 90% of the market valuation of the property.

Changes to the Code of Conduct in August 2011 shifted the focus away from the foreclosure valuation to the market valuation of properties. The maximum outstanding principal amount under a mortgage loan originated from 1 January 2018 onwards is limited to 100% of the market value of the property (and 106% in case of energy saving measures in respect of the property).

### **Regular servicing**

Aegon Hypotheken B.V. is responsible for the regular servicing of Aegon's residential mortgage loan portfolio which is owned by several Aegon units and several external parties. Aegon Hypotheken B.V. holds a license under the Wft to act as offeror (*aanbieder*) and servicer (*bemiddelaar*) with respect to the servicing and administration of the Mortgage Loans and Mortgage Receivables. Aegon Hypotheken B.V. has wide expertise in servicing exposures of the Seller of a similar nature to those securitised and has well documented and adequate policies, procedures and risk management controls relating to the servicing of exposures. As of 31 December 2019, Aegon's residential mortgage loan portfolio amounted to approximately EUR 49.8 billion. The underwriting of mortgage loans and regular servicing of the portfolio is done by approximately 180 full-time internal employees and approximately 60 external employees. Aegon Hypotheken B.V. is using a highly automated and robust underwriting system (FHS) and mortgage administration system (HAS) that allows it to make lending decisions on a timely basis. Aegon has more than 20 years' experience as a servicer in the Dutch mortgage market and has an ISAE 3402 report as of 2015.

### **Agreed-upon procedures review**

Aegon engages an appropriate and independent party to undertake an agreed-upon procedures review on a regular basis on mortgage loans on the balance sheets of Aegon entities which at that moment may potentially be used for securitisation, capital markets or other funding transactions, such as the securitisation transaction described in this Prospectus.

### **Collection and Foreclosures**

The Financial Services department (Financial Services) of Aegon is responsible for collections and foreclosures (C&F). Financial Services manages the payments from both performing and non-performing loans. The arrears and foreclosure activities are divided over two different divisions: 'Debiteuren Beheer Hypotheken' (DBH) and 'Bijzonder Beheer Hypotheken' (BBH). DBH is responsible for the arrears procedures and BBH is responsible for the foreclosure procedures.

The C&F employees have approximately ten years of relevant working experience (on average) and utilise the standard operating procedures for loan management. Resources available to the C&F employees include (non-exhaustive): FHS, HAS, Land Registry, Chamber of Commerce, information desk Nobel, BAAB-claimcare B.V., Service op Maat (SOM) division and the internal legal department.

## Arrears Procedures

Payments are scheduled to be collected on the first day of each month, practically all by direct debit. If the collection is done by direct debit and remains unpaid for fifteen (15) days after the due date, HAS automatically generates a reminder notice that is sent to the borrower. After 20 days a second reminder is sent to the borrower. After thirty (30) days the borrower is contacted by telephone to discuss the payment arrears and the loan file will be transferred to DBH. After forty-five (45) days a formal warning is sent to the borrower. As long as the borrower remains more than 30 days behind on its payment, the borrower will be regularly contacted through phone and/or mail. During this period attachment of earnings (*loonbeslag*) can also be considered.

A transfer of the loan file to the SOM division can also be considered. SOM is a division within Aegon Hypotheken B.V. SOM is responsible for preventing foreclosures in case of (foreseeable) arrears due to “life-events” (unemployment, inability to work, divorce, death of one of the borrowers etc.). Goal is a sustainable solution, based on affordability/net disposable income (*netto besteedbaar inkomen*) of the borrower. C&F employees determine if a borrower is handed over to SOM within a period of three missed payments. In case of foreseeable arrears, borrowers can also contact SOM. In case of the latter the SOM procedure is part of the regular servicing.

SOM employees have different remedies available to prevent foreclosure procedures (non-exhaustive):

- debt restructuring;
- interest parking;
- payment holidays; and
- other asset performance remedies like budget and job coaching or budget management.

If the risk of non-payment of the arrears is perceived to be high, the loan file is immediately transferred to BBH. After two missed payments, the client receives a warning that a registration will be made in the BKR and subsequently such an application is made after missing three payments (90 days) with the code A (in arrears). When all the arrears are solved, the customer is registered with a code H (recover) which will remain visible for five (5) years (after the arrear is solved) and can have serious consequences for the borrower. In case of an NHG mortgage loan, notice is also given to the Stichting WEW.

The preceding steps of the process are necessary to be able to eventually start enforcement of the mortgage rights. Consequently, the loan file is transferred to BBH, which is responsible for the final phase of the arrears process and foreclosure.

The entire mortgage loan (including accrued but unpaid interest) will be declared immediately due and payable. If no payment is received, an additional letter is sent to the borrower, announcing that the notary will be requested to start the foreclosure procedures.

## Foreclosure Procedures

The foreclosure procedure is managed by BBH and will differ depending on the likelihood of realising a loss on the mortgage loan. If there is a limited risk of loss, the debt collection department will manage the enforcement. If there is a substantial risk of loss, BBH will proceed with a private sale (in approximately 80% of cases) or begin an auction process (in approximately 20% of cases).

BBH has the right to select its preferred enforcement method. In the case of a private sale, a real estate agent will be contacted by BBH who will manage the sale on behalf of Aegon. In case of an auction, BBH will first consult the Credit Committee (*Krediet Commissie*), which committee will check if all procedures leading up to the auction were performed according to policy. If that is the case, BBH will normally attend the auction to ensure a minimum price is achieved at the auction. In rare occasions, BBH will actually purchase the property at the auction and sell the property in the market at a later time.

### **Post-foreclosure Procedures**

To the extent there is a loss at the end of the foreclosure process, the process for post-foreclosure procedures differs depending on whether it concerns an NHG or a non-NHG mortgage loan. In the case of non-NHG mortgage loans the process is outsourced to BAAB-claimcare B.V., which will attempt to negotiate a repayment agreement or start sequestration procedures. Any proposals for full discharge of any remaining payment obligations will need to be approved by Aegon. BAAB-claimcare B.V. also ensures that the running period of a claim will be interrupted (*gestuit*).

For NHG mortgage loans Aegon will claim any loss with the Stichting WEW. This is done by filing a standard 'loss declaration form', a payment overview and a full loan file based on the information requested by NHG. In those cases where the claim is rejected or partially rejected by the Stichting WEW and the client is not acquitted by Stichting WEW, Aegon will engage BAAB-claimcare B.V. to attempt to retrieve any remaining outstanding debt. In case BBH considers a debt-forgiveness, this has to be approved by (senior) management of C&F. If the borrower is acquitted, Aegon has to write off the claim. Aegon may, but is not obliged to, request for a payment under the NHG Advance Rights in respect of NHG mortgage loans. In such case, subject to and in accordance with the NHG Conditions, Stichting WEW will, by means of an independent obligation (i.e. not a part of the NHG Guarantee) make a payment of an amount based on the expected losses to be incurred by Aegon upon completion of the foreclosure procedure. In case the amount received upon exercise of the NHG Advance Right exceeds the amount to which the Issuer is entitled under the NHG Guarantee, the Issuer is obligated to pay the difference to Stichting WEW.

### **Data on static and dynamic historical default and loss performance**

The tables set forth below provide data on static and dynamic historical default and loss performance for a period of at least five years for substantially similar mortgage receivables to those being securitised by means of the securitisation transaction described in this Prospectus. The information included in the tables below has been subject to agreed upon procedures by an appropriate and independent party and the Seller confirms that no adverse findings have been found. The source of the data are the historical investor reports of the SAECURE program (which is sourced from the mortgage loan administration system HAS) of Aegon.

## 6.4 Dutch Residential Mortgage Market

The Dutch residential mortgage debt stock is relatively sizeable, especially when compared to other European countries. Since the 1990s, the mortgage debt stock of Dutch households has grown considerably, mainly on the back of mortgage lending on the basis of two incomes in a household, the introduction of tax-efficient product structures such as mortgage loans with deferred principal repayment vehicles and interest-only mortgage loans, financial deregulation and increased competition among originators. Moreover, Loan-to-Value (LTV) ratios have been relatively high, as the Dutch tax system implicitly discouraged amortisation, due to the tax deductibility of mortgage interest payments. After a brief decline between 2012 and 2015, mortgage debt reached a new peak of EUR 723 billion in Q3 2019<sup>4</sup>. This represents a rise of EUR 10.4 billion compared to Q3 2018.

### *Tax system*

The Dutch tax system plays an important role in the Dutch mortgage market, as it allows for almost full deductibility of mortgage interest payments from taxable income. This tax system has been around for a very long time, but financial innovation has resulted in a greater leverage of this tax benefit. From the 1990s onwards until 2001, this tax deductibility was unconditional. In 2001 and 2004, several conditions have been introduced to limit the usage of tax deductibility, including a restriction of tax deductibility to (mortgage interest payments for) the borrower's primary residence and a limited duration of the deductibility of 30 years.

A further reform of the tax system was enforced on 1 January 2013. Since this date, all new mortgage loans have to be repaid in full in 30 years, at least on an annuity basis, in order to be eligible for tax relief (linear mortgage loans are also eligible). The tax benefits on mortgage loans, of which the underlying property was bought before 1 January 2013, have remained unchanged and are grandfathered, even in case of refinancing and relocation. As such, new mortgage originations still include older loan products, including interest-only. However, any additional loan on top of the borrower's grandfathered product structure, has to meet the mandatory full redemption standards to allow for tax deductibility.

Another reform imposed in 2013 to reduce the tax deductibility is to lower the maximum deduction percentage. This used to be equal to the highest marginal tax bracket (52%), but since 2013 the maximum deduction is lowered by 0.5% per annum (2020: 46%). In the coming years, the new government coalition will reduce the maximum deduction percentage by 3.0% per annum. In 2023, the maximum deduction percentage will be 37.10%, which will then be equal to the second highest marginal income tax rate. There are several housing-related taxes which are linked to the fiscal appraisal value ("WOZ") of the house, both imposed on national and local level. Moreover, a transfer tax (stamp duty) of 2% is applied when a house changes hands. Although these taxes partially unwind the benefits of tax deductibility of interest payments, and several restrictions to this tax deductibility have been applied, tax relief on mortgage loans is still substantial.

### *Loan products*

The Dutch residential mortgage market is characterised by a wide range of mortgage loan products. In general, three types of mortgage loans can be distinguished.

---

<sup>4</sup> Statistics Netherlands, household data.

Firstly, the “classical” Dutch mortgage product is an annuity loan. Annuity mortgage loans used to be the norm until the beginning of the 1990s, but they have returned as the most popular mortgage product in recent years. Reason for this return of annuity mortgage loans is the tax system. Since 2013, tax deductibility of interest payments on new loans is conditional on full amortisation of the loan within 30 years, for which only (full) annuity and linear mortgage loans qualify.

Secondly, there is a relatively big presence of interest-only mortgage loans in the Dutch market. Full interest-only mortgage loans were popular in the late nineties and in the early years of this century. Mortgage loans including an interest-only loan part were the norm until 2013, and even today, grandfathering of older tax benefits still results in a considerable amount of interest-only loan origination.

Thirdly, there is still a big stock of mortgage products including deferred principal repayment vehicles. In such products, capital is accumulated over time (in a tax-friendly manner) in a linked account in order to take care of a bullet principal repayment at maturity of the loan. The principal repayment vehicle is either an insurance product or a bank savings account. The latter structure has been allowed from 2008 and was very popular until 2013. Mortgage loan products with insurance-linked principal repayment vehicles used to be the norm prior to 2008 and there is a wide range of products present in this segment of the market. Most structures combine a life-insurance product with capital accumulation and can be relatively complex. In general, however, the capital accumulation either occurs through a savings-like product (with guaranteed returns), or an investment-based product (with non-guaranteed returns).

A typical Dutch mortgage loan consists of multiple loan parts, e.g. a bank savings loan part that is combined with an interest-only loan part. Newer mortgage loans, in particular those for first-time buyers after 2013, are full annuity and often consists of only one loan part. Nonetheless, tax grandfathering of older mortgage loan product structures still results in the origination of mortgage loans including multiple loan parts.

Most interest rates on Dutch mortgage loans are not fixed for the full duration of the loan, but they are typically fixed for a period between 5 and 15 years. Rate term fixings differ by vintage, however. More recently, there has been a bias to longer term fixings (10-20 years). Most borrowers remain subject to interest rate risk, but compared to countries in which floating rates are the norm, Dutch mortgage borrowers are relatively well-insulated against interest rate fluctuations.

#### *Underwriting criteria*

Most of the Dutch underwriting standards follow from special underwriting legislation (“Tijdelijke regeling hypothecair krediet”). This law has been present since 2013 and strictly regulates maximum LTV and Loan-to-Income (LTI) ratios. The current maximum LTV is 100% (including all costs such as stamp duties). The new government coalition has indicated not to lower the maximum LTV further beyond 2018. LTI limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. This table is updated annually by the consumer budget advisory organisation “NIBUD” and ensures that income after (gross) mortgage servicing costs is still sufficient to cover normal costs of living.

Prior to the underwriting legislation, the underwriting criteria followed from the Code of Conduct for Mortgage Lending, which is the industry standard. This code, which limits the risk of over crediting, has been tightened several times in the past decade. The 2007 version of the code included a major overhaul and resulted in tighter lending standards, but deviation in this version was still possible under

the “explain” clause<sup>5</sup>. In 2011, another revised and stricter version of the Code of Conduct was introduced. Moreover, adherence to the “comply” option was increasingly mandated by the Financial Markets Authority (*AFM*). Although the Code of Conduct is currently largely overruled by the underwriting legislation, it is still in force. The major restriction it currently regulates, in addition to the criteria in the underwriting legislation, is the cap of interest-only loan parts to 50% of the market value of the residence. This cap was introduced in 2011 and is in principle applicable to all new mortgage contracts. A mortgage lender may however diverge from the cap limitation if certain conditions have been met.

### **Recent developments in the Dutch housing market**

The Dutch housing market has shown clear signs of recovery since the second half of 2013. Important factors are among others the economic recovery, high consumer confidence and low mortgage rates.

Existing house prices (PBK-index) in Q4 2019 rose by 1.4% compared to Q3 2019. Compared to Q4 2018 this increase was 6.5%. A new peak was reached this quarter. The average house average price level was 11.5% above the previous peak of 2008. One reason for the further rise in prices is the fall in mortgage interest rates in 2019. In addition, the number of homes for sale has been falling for several years, bringing with it less choice for potential buyers. This was reflected in the fall in sales during the first half of 2019. We saw a rebound in the second half of 2019. In Q4 2019, the number of existing home sales even increased by 5.6 percent year-on-year, with a total of almost 60,000 transactions. A total of 218,595 existing owner-occupied homes were sold last year, virtually the same number as in 2018.

### **Forced sales**

Compared to other jurisdictions, performance statistics of Dutch mortgage loans show relatively low arrears and loss rates<sup>6</sup>. The most important reason for default is relationship termination, although the increase in unemployment following the economic downturn in recent years is increasingly also a reason for payment problems. The ultimate attempt to loss recovery to a defaulted mortgage borrower is the forced sale of the underlying property.

For a long time, mortgage servicers opted to perform this forced sale by an auction process. The advantage of this auction process is the high speed of execution, but the drawback is a discount on the selling price. The Land Registry recorded 165 forced sales by auction in Q4 2019 (0.21% of total number of sales).

## 6.5 NHG Guarantee Programme

*As per the Cut-Off Date 100% (rounded to one decimal point, one loan does not fully benefit from the NHG Guarantee) of the Mortgage Loans and Loan Parts have the benefit of an NHG Guarantee. This section discusses certain matters regarding the NHG Guarantee Programme.*

### NHG Guarantee

Since 1 January 1995 the Stichting WEW, a central, privatised entity, has been responsible for the administration and granting of the NHG Guarantee, under a set of uniform rules which must be approved by the Minister of Finance. The NHG Guarantee covers the outstanding principal, accrued unpaid interest and disposal costs. Irrespective of scheduled repayments or prepayments made on a mortgage loan, the NHG Guarantee is reduced on a monthly basis by an amount which is equal to the principal repayment part of the monthly instalment as if such mortgage loan were to be repaid on a thirty year annuity basis. In respect of each mortgage loan, the NHG Guarantee decreases further to take account of scheduled repayments and prepayments under such mortgage loan. Also, amounts paid as savings or investment premium under savings insurance policies or life insurance policies, respectively, are deducted from the amount outstanding on such mortgage loan for purposes of the calculation of the amount guaranteed under the NHG Guarantee.

### Transition from municipality to NHG Guarantee

The Dutch State has effectively transferred its reimbursement obligations with respect to amounts guaranteed by a municipality to the Stichting WEW. All municipalities have transferred their obligations under guarantees issued pursuant to the previous State terms and conditions to the Stichting WEW.

The transfer of obligations by the Dutch State and the municipalities to the Stichting WEW is set forth, respectively, in a ‘buy-off’ agreement (*afkoopovereenkomst*) dated 8 December 1994 between the Dutch State and the Stichting WEW and in standard buy-off agreements entered into between each participating municipality and the Stichting WEW. The buy-off agreements basically provide for Stichting WEW to assume all payment obligations of the Dutch State and the municipalities under guarantees issued (but not enforced) prior to 1 January 1995 against payment by the Dutch State and the participating municipalities of an up-front lump sum (and, if necessary, additional payments) to the Stichting WEW.

### Financing of the Stichting WEW

The Stichting WEW finances itself, *inter alia*, by an annually reviewed one-off charge to the borrower at origination of 0.70 per cent. (as of 1 January 2020) of the principal amount of the mortgage loan. If the Stichting WEW is not able to meet its obligations under guarantees issued relating to mortgage loans originated after 1 January 2011, the Dutch State will provide subordinated interest free loans to the Stichting WEW for up to 100 per cent. of the difference between the Stichting WEW’s own funds and the pre-determined average loss level. Both the ‘keep well’ agreement entered into between the Dutch State and the Stichting WEW and the ‘keep well’ agreements entered into between the municipalities and the Stichting WEW contain general undertakings of the Dutch State and the municipalities to enable the Stichting WEW at all times (including in the event of bankruptcy (*faillissement*), suspension of payments (*surseance van betaling*) or liquidation (*ontbinding*) of the Stichting WEW) to meet its obligations under guarantees issued.

## Terms and Conditions of the NHG Guarantees

Under the NHG scheme, the lender is responsible for ensuring that the guarantee application meets the NHG terms and conditions. If the application meets these terms and conditions, various reports are produced that are used in the processing of the application, including the form that will eventually be signed by the relevant lender and forwarded to the NHG to register the mortgage and establish the guarantee. The Stichting WEW has, however, no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the relevant mortgaged property if such lender has not complied with the terms and conditions of the NHG Guarantee which were applicable at the date of origination of the mortgage loan, unless such non-payment is unreasonable towards the lender.

In respect of mortgage loans offered as of 1 January 2014, the NHG Conditions stipulate that in determining the loss incurred by a lender after a private or a forced sale of the mortgaged property, an amount of 10% will be deducted from the payment to be made by Stichting WEW to the lender. The lender will subsequently not be entitled to recover the remaining amount due under the mortgage loan from the borrower, unless the borrower did not act in good faith with respect to his inability to repay the mortgage loan and has failed to render his full cooperation in trying to have the mortgage loan repaid to the lender to the extent possible.

The specific terms and conditions for the granting of NHG Guarantees, such as eligible income, purchasing or building costs etc., are set forth in published documents by the Stichting WEW.

The NHG has specific rules for the level of credit risk that will be accepted. The creditworthiness of the applicant must be verified with the BKR, a central credit agency used by all financial institutions in The Netherlands. All financial commitments over the past five years that prospective borrowers have entered into with financial institutions are recorded in this register. In addition, as of 1 January 2008, the applicant itself must be verified with the Foundation for Fraud Prevention of Mortgages (*Stichting Fraudepreventie Hypotheken*, SFH). If the applicant has been recorded in the SFH system, no NHG Guarantee will be granted.

To qualify for an NHG Guarantee various conditions relating to valuation of the property must be met. In addition, the mortgage loan must be secured by a first ranking mortgage right (or a sequential ranking mortgage right in case of a further advance). Furthermore, the borrower is required to take out insurance in respect of the mortgaged property against risk of fire, flood and other accidental damage for the full restitution value thereof. The borrower is also required to create a right of pledge in favour of the lender on the rights of the relevant borrower against the insurance company under the relevant life insurance policy connected to the mortgage loan or to create a right of pledge in favour of the lender on the proceeds of the investment funds.

The mortgage conditions applicable to each mortgage loan should include certain provisions such as the provision that any proceeds of foreclosure on the mortgage right and the right of pledge on the life insurance policy or the investment funds shall be applied firstly towards repayment of the mortgage loan guaranteed under the NHG scheme.

The maximum amount of the NHG Guarantee was reduced to EUR 245,000 (two hundred forty-five thousand euros) as of 1 July 2015. As from 1 January 2017, the maximum amount is adjusted each year to match the average house price in The Netherlands (source is Statistics Netherlands (CBS)). The maximum amount of the NHG Guarantee as from 1 January 2020 is EUR 310,000.

On 31 October 2013, the Dutch government announced various changes to the NHG Guarantee which have become effective as of 1 January 2014. One of the changes is the introduction of a loss-sharing mechanism for new originations under which lenders take 10% of losses if a mortgage defaults. According to the Dutch government, historically lenders in respect of NHG guaranteed loans bore some risk due to the amortizing nature of the NHG Guarantee given that mortgages were predominantly of an interest-only nature creating a gap between the guaranteed amount and the outstanding loan amount of the life of the mortgage. As a result of fiscal regulatory changes, mortgage loans taken out for houses purchased after 1 January 2013 are predominantly repaid on annuity basis and this risk has therefore disappeared.

One of the other changes announced by the Dutch government in respect of the NHG Guarantee is that homeowners can, after they entered into a binding purchase agreement with respect to their house which contains an ultimate non-extendable transfer date and as such the residual debt can be determined with a reasonable degree of certainty, finance an outstanding residual debt into a new mortgage subject to the NHG Guarantee, provided the residual debt arises from the sale of a property that is financed with an NHG Guarantee. One of the conditions is that the costs of the new property and the residual debt remain below the overall limit as mentioned above. Any exceeding outstanding debt must be financed alternatively.

### **Claiming under the NHG Guarantees**

When a borrower is in payment arrears under a mortgage loan for a period of three months, a lender informs the Stichting WEW, that the borrower is in default. When the borrower is in arrears the Stichting WEW may approach the lender and/or the borrower to attempt to solve the problem and make the borrower aware of the consequences. If an agreement cannot be reached, the Stichting WEW reviews the situation with the lender to endeavour to generate the highest possible proceeds from the property. The situation is reviewed to see whether a private sale of the property, rather than a public auction, would generate proceeds sufficient to cover the outstanding mortgage loan. Permission of the Stichting WEW is required in case of a private sale, unless the property is sold for an amount higher than 95 per cent. of the market value, as well as in case of a forced sale and execution sale.

Within one month after receipt of the proceeds of the private or forced sale of the property, the lender must make a formal request to the Stichting WEW for payment, using standard forms, which request must include all of the necessary documents relating to the original mortgage loan and the NHG Guarantee. After receipt of the claim and all the supporting details, the Stichting WEW must make payment within two months. If the payment is late, provided the request is valid, the Stichting WEW must pay interest for the late payment period.

In the event that a borrower fails to meet its obligation to repay the mortgage loan and no or no full payment is made to the lender under the NHG Guarantee by the Stichting WEW because of the lender's culpable negligence (*verwiltbaar handelen of nalaten*), the lender must act *vis-à-vis* the borrower as if the Stichting WEW were still guaranteeing the repayment of the mortgage loan during the remainder of the term of the mortgage loan. In addition, the lender is not entitled to recover any amounts due under the mortgage loan from the borrower in such case. This is only different if the borrower did not act in good faith with respect to his inability to repay the mortgage loan and has failed to render his full cooperation in trying to have the mortgage loan repaid to the lender to the extent possible. For mortgage loans originated after 1 January 2014, the mortgage lender will participate for 10 per cent. in any loss claims made under the NHG Guarantee.

### ***Additional loans***

Furthermore, on 1 July 2005 provisions were added to the NHG terms and conditions pursuant to which a borrower who is or threatens to be in arrears with payments under the existing mortgage loan may request that the Stichting WEW grants a second guarantee in respect of an additional mortgage loan to be granted by the relevant lender (*woonlastenfaciliteit*). The aim of the so-called woonlastenfaciliteit is to avoid a forced sale of the property. The monies drawn down under the additional loan have to be placed on deposit with the relevant lender and may, up to a maximum period of two years, be used for, among other things, payment of the amounts which are due and payable under the existing mortgage loan, interest due and payable under the additional mortgage loan and the costs made with respect to the granting of the additional mortgage loan. The granting of such an additional loan is subject to certain conditions, including, among other things, the fact that the financial difficulties are caused by a divorce, unemployment, disability or death of the partner of the borrower. In practice, borrowers with (foreseeable) arrears due to the aforementioned “life events” are usually dealt with by SOM (the division of Aegon Hypotheken B.V. referred to under section 6.3 (*Origination and Servicing*)).

### ***Main NHG underwriting criteria (Voorwaarden en Normen) as of January 2020***

With respect to a borrower, the underwriting criteria include but are not limited to:

- (a) The lender must perform a BKR check.
- (b) As a valid source of income the following qualifies: indefinite contract of employment, temporary contract of employment if the employer states that the employee will be provided an indefinite contract of employment in case of equal performance of the employee and equal business circumstances (employer statement) for workers with flexible working arrangements or during a probational period (*proeftijd*). Self-employed workers need to provide an income statement (*Inkomensverklaring Ondernemer*) which is approved by Stichting WEW. This income statement may not be older than six months on the date of the binding offer of a mortgage loan.
- (c) The maximum loan based on the income of the borrowers is based on the “*financieringslast acceptatiecriteria*” tables as determined by the National budgeting institute (Nibud) and an annuity style redemption (even if the actual loan is (partially) interest only). The mortgage lender shall calculate the borrowing capacity of a borrower of a mortgage loan with a fixed interest term of less than 10 years on the basis of a percentage determined and published by the AFM, which is based on a weighted average (according to market share) of the mortgage interest rate of at least five of the six large mortgage originators. According to law, the applicable interest rate is a minimum of five per cent.
- (d) The mortgage lender may also apply a higher notional interest rate when calculating the borrowing capacity of the borrower. The mortgage lender shall calculate the borrowing capacity for a mortgage loan with a fixed interest term of 10 years or more on the basis of the interest rate actually charged by the mortgage lender during that fixed interest term.

With respect to the mortgage loan, the underwriting criteria include but are not limited to:

- (a) As of 1 January 2013, for new loans and further advances the redemption types are limited to annuity mortgage loans and linear mortgage loans with a maximum term of 30 years.

- (b) As of 1 January 2019 the maximum amount of the mortgage loan is dependent on the average house price level in The Netherlands (based on the information available from the Land Registry) multiplied with the statutory loan to value, if there are no energy saving improvements and 106 per cent. if there are energy saving improvements. As a consequence, there will be two maximum loan amounts:

- €310,000 for loans without energy saving improvements (as of 1 January 2020); and
- €328,600 for loans with energy saving improvements (as of 1 January 2020).

The loan amount is also limited by the amount of income and the market value of the property. With respect to the latter:

- (a) For the purchase of existing properties, the maximum loan amount is broadly based on the sum of (i) the lower of the purchase price and the market value based on a valuation report, (ii) the costs of improvements and (iii) an amount up to 6 per cent. of the amount under (i) in case of energy saving measures plus (ii). In case an existing property can be bought without paying transfer taxes (*vrij op naam*), the purchase amount under (i) is multiplied by 97 per cent.
- (b) For the purchase of newly built properties, the maximum loan amount is broadly based on the sum of (i) the purchase and/or construction costs increased with a number of costs such as the cost of construction interest, value added tax and architects (to the extent not already included in the purchase or construction cost) and (ii) an amount up to 6 per cent. of the amount under (i) in case of energy saving improvements.

The one-off charge to the borrower of 0.90 per cent. (as of 1 January 2019) of the principal amount of the mortgage loan at origination has been reduced to 0.70 per cent. as of 1 January 2020.

### ***Separate right to request a provisional payment based on expected losses***

On 31 March 2020, the new NHG underwriting criteria were published, which will enter into force as of 1 June 2020. In these new NHG underwriting criteria changes have been made in order for the NHG Guarantee to meet the requirements for a guarantee to qualify as eligible credit protection for banks under the CRR. In particular the ability to receive an advance payment of the expected loss is introduced. Although the *Normen 2020-2* will enter into force as of 1 June 2020, the ability to receive advance payment of the expected loss is available as of 31 March 2020. As of such date, lenders can make use of this option, both in respect of existing and new loans with an NHG Guarantee.

Under the new underwriting criteria, as stated above lenders have the right to request from Stichting WEW an advance payment of expected loss, subject to certain conditions being met, including foreclosure procedures not having been completed 21 months after default of the NHG mortgage loan (such right, the **NHG Advance Right**).

The NHG Advance Right is a separate right and it is not part of the surety (*borg*), i.e. the NHG Guarantee itself. Unlike the NHG Guarantee, this NHG Advance Right does not automatically transfer along with the mortgage receivable upon assignment thereof. If a mortgage receivable has been transferred to a third party (including in the context of special purpose vehicle transactions), the NHG Advance Right may be transferred simultaneously or at a later moment in time, for example when the transferee wishes to exercise the NHG Advance Right. It is noted that there is no obligation to make use of the NHG Advance Right. If such right is not exercised, the Stichting WEW will pay out under

the NHG Guarantee upon completion of the foreclosure proceeds, subject to and in accordance with the NHG Conditions. Upon transfer of the mortgage receivable, the transferor can no longer exercise the NHG Advance Right for its own account, regardless of whether the NHG Advance Right is transferred to the transferee. This prevents the NHG Advance Right payment being made to a party other than the transferee of the mortgage receivable. However, the transferor can exercise the right to an NHG Advance Right on behalf of the transferee.

The new underwriting criteria include a repayment obligation by the person that exercises the NHG Advance Right in case the payment exceeded the amount subsequently payable by Stichting WEW under the NHG Guarantee in respect of the actual loss. This would for example be the case if the proceeds of the enforcement are higher than estimated, and/or if the borrower in arrears resumes payment under the Mortgage Loan. In case the Servicer (on behalf of the Issuer) exercises its NHG Advance Right, it may subsequently be legally obliged to repay an amount to Stichting WEW if, and to the extent, the amount received under the NHG Advance Right exceeds the amount payable at such time by Stichting WEW under the NHG Guarantee.

## 7. PORTFOLIO DOCUMENTATION

### 7.1 Purchase, Repurchase and Sale

Prior to the Closing Date, any Mortgage Receivables to be assigned on the Closing Date to the Issuer resulting from Mortgage Loans, NHG Advance Rights and to the extent legally possible, the Beneficiary Rights relating thereto were sold and assigned by the Originator to the Seller. This Assignment I is and will be enforceable against the Originator and complies with the requirements as set out under article 20(1), 20(2) and 20(3) of the STS Regulation. Under the Mortgage Receivables Purchase Agreement the Issuer will purchase and accept from the Seller the assignment of all Mortgage Receivables and (to the extent legally possible) the Beneficiary Rights relating thereto as well as the NHG Advance Rights relating thereto, by means of a notarial deed of assignment or private deed of assignment which will be registered with the Dutch tax authorities on the Closing Date. Upon execution of the notarial deed of assignment or the registration of the private deed, as the case may be, legal title to the Mortgage Receivables, NHG Advance Rights and (to the extent legally possible) the Beneficiary Rights relating thereto is transferred to the Issuer. The assignment of the Mortgage Receivables, NHG Advance Rights and (to the extent legally possible) the Beneficiary Rights relating thereto from the Seller to the Issuer will be enforceable against the Seller. The assignment of the relevant Mortgage Receivables and the Beneficiary Rights relating thereto from the Originator to the Seller and from the Seller to the Issuer will not be notified to the Borrowers and the relevant insurance companies, except that notification of Assignment I and/or Assignment II will be made to Borrowers under Mortgage Loans upon the occurrence of any of the Assignment Notification Events (see paragraph *Assignment Notification Events* below). Until such notification the relevant Borrowers will only be entitled to validly pay (*bevrijdend betalen*) to the Originator. The Issuer will be entitled to all proceeds in respect of the Mortgage Receivables following the Closing Date and to all amounts of principal in respect of the Mortgage Loans which were received by the Originator between the Cut-Off Date and the Closing Date.

#### Purchase Price

The purchase price for the Mortgage Receivables will consist of the Initial Purchase Price, which in respect of the Mortgage Receivables purchased on the Closing Date will be equal to € 1,660,881,056.59, which shall be payable on the Closing Date or, in respect of the Further Advance Receivables and/or Ported Mortgage Receivables, on the applicable Reconciliation Date. The Initial Purchase Price for the Mortgage Receivables purchased on the Closing Date will be paid by the Issuer by applying (i) the net proceeds received from the issue of the Notes and (ii) the amount payable to the Issuer as consideration for each Participation granted by it to the Insurance Savings Participant and the Bank Savings Participant. A portion of the Initial Purchase Price equal to the aggregate Construction Deposits will be withheld by the Issuer and will be deposited into the Construction Deposit Account.

The Deferred Purchase Price for the Mortgage Receivables purchased by the Issuer pursuant to the Mortgage Receivables Purchase Agreement will be equal to the sum of all Deferred Purchase Price Instalments and each such Deferred Purchase Price Instalment on any Notes Payment Date will be equal to (i) prior to an Enforcement Notice any amount remaining after all payments as set forth in the Pre-Enforcement Revenue Priority of Payments under items (a) up to and including (g) and (ii) after an Enforcement Notice, the amount remaining after payments as set forth in the Post-Enforcement Priority of Payments under items (a) up to and including (g) have been made on such date (see *Priority of Payments* in section *Credit Structure*).

The proceeds of the Notes will be applied by the Issuer, *inter alia*, to pay part of the Initial Purchase Price (see under *Use of Proceeds* in section *The Notes*). The sale and purchase of the Mortgage

Receivables is conditional upon, *inter alia*, the issue of the Notes. Hence, the Seller can be deemed to have an interest in the issue of the Notes.

### **Construction Deposits**

Pursuant to the Mortgage Conditions, in respect of certain Mortgage Loans, the Borrower has the right to request that part of the Mortgage Loan will be applied towards construction of, or improvements to, the Mortgaged Asset. In that case the Borrower has placed part of the monies drawn down under the Mortgage Loan on deposit into a blocked account with the Originator, and the Originator has committed to pay out such deposits to or on behalf of the Borrower in order to enable the Borrower to pay for such construction of, or improvements to, the relevant Mortgaged Asset, provided certain conditions are met (such deposits are called construction deposits (*bouwdepots*)). Under the Mortgage Receivables Purchase Agreement, the Seller will sell to the Issuer the full amount of the Mortgage Receivables, which therefore includes the amounts represented by the Construction Deposits. A Borrower will be entitled to set-off the amounts represented by any Construction Deposits due to it against the amounts due by it to the Originator under the Mortgage Loan. At the end of the construction period the remaining Construction Deposit will be set-off against the Mortgage Receivable, in which case the Issuer shall have no further obligation towards the Seller to pay the remaining part of the Initial Purchase Price of the Mortgage Receivable and any balance standing to the credit of the Construction Deposit Account will form part of the Available Principal Funds on the next succeeding Notes Payment Date.

### **Mandatory Repurchase**

In the Mortgage Receivables Purchase Agreement the Seller has undertaken to repurchase any Mortgage Receivable sold by it to the Issuer in the events set out below.

(e) *Breach of representations and warranties*

If at any time after the Closing Date any of the representations and warranties relating to the Mortgage Loans and/or the Mortgage Receivables resulting therefrom proves to have been untrue or incorrect, the Seller shall, at the Seller's expense, within fourteen (14) calendar days after receipt of written notice thereof from the Issuer or after becoming aware thereof, remedy the matter giving rise thereto and if such matter is not capable of remedy or is not remedied within the said period of fourteen (14) calendar days, the Seller shall, at its own expense, on the first Reconciliation Date falling in the calendar month immediately succeeding either such date, repurchase and accept re-assignment of all Mortgage Receivables resulting from the Mortgage Loan for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

(f) *Further Advances*

If the Originator agrees with a Borrower to make a Further Advance prior to the occurrence of an Assignment Notification Event, the Seller shall repurchase and accept re-assignment of a Mortgage Receivable resulting from the Mortgage Loan in respect of which a Further Advance has been granted if either (i) the Additional Purchase Conditions are not met or (ii) the relevant Further Advance is granted in or after the last calendar month before the Notes Payment Date immediately preceding the First Optional Redemption Date, such re-assignment to take place on the first Reconciliation Date falling in the calendar month immediately succeeding the date

on which such Further Advance is granted. After an Assignment Notification Event or a Pledge Notification Event, the Seller shall repurchase and accept re-assignment of a Mortgage Receivable in respect of which a Further Advance has been granted for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

(g) *Amendments of terms and conditions of Mortgage Loans*

The Seller shall repurchase and accept re-assignment of a Mortgage Receivable on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which an amendment of the terms and conditions of the Mortgage Loan becomes effective, in the event that such amendment is not in accordance with the conditions set out in the Mortgage Receivables Purchase Agreement and/or the Servicing Agreement, which include the condition that such amendment does not materially adversely affect the position of the Issuer or the Security Trustee and that after such amendment the Mortgage Loan continues to meet each of the Mortgage Loan Criteria (as set out below) and the representations and warranties contained in the Mortgage Receivables Purchase Agreement (as set out below). However, the Seller shall not be required to repurchase such Mortgage Receivable if the relevant amendment is made as part of the enforcement procedures to be complied with upon a default by the Borrower under the Mortgage Loan or is otherwise made as part of a restructuring or renegotiation of the Mortgage Loan due to a deterioration of the credit quality of the Borrower of such Mortgage Loan. Any such repurchase and re-assignment shall take place for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

(h) *Residential letting*

If the Originator consents to a request by a Borrower for the residential letting of the relevant Mortgaged Asset, such consent not to become effective prior to the repurchase and re-assignment of the Mortgage Receivable, the Seller shall repurchase and accept re-assignment of such Mortgage Receivable on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which the Seller notifies the Issuer that it has consented to such a request by a Borrower for residential letting for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

(i) *NHG Guarantee*

If (a) on or prior to foreclosure of the relevant NHG Mortgage Loan or Loan Part, the relevant NHG Mortgage Loan Receivable no longer has the benefit of an NHG Guarantee or (b) following foreclosure of the relevant NHG Mortgage Loan or Loan Part, the amount actually reimbursed under the NHG Guarantee is lower than the amount claimable under the terms of the NHG Guarantee, each time as a result of action taken or omitted to be taken by the Originator, the Seller or the Servicer, the Seller shall repurchase and accept re-assignment of

such relevant NHG Mortgage Loan Receivable on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which the Seller or the Servicer has become aware or has been notified thereof, at a purchase price which is, in case of (a) above at least equal to the aggregate Outstanding Principal Amount of such relevant NHG Mortgage Loan Receivable together with accrued but unpaid interest up to but excluding the date of repurchase and re-assignment of the relevant NHG Mortgage Loan Receivable or, in case of (b) above, at least equal to the amount that was not reimbursed under the NHG Guarantee.

(j) *Amendments of terms and conditions of NHG Mortgage Loans*

The Seller shall also undertake to repurchase and accept re-assignment of the relevant NHG Mortgage Loan Receivable on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which an amendment of the terms and conditions of the relevant NHG Mortgage Loan becomes effective and as a result of such amendment the NHG Guarantee in respect of such NHG Mortgage Loan no longer applies for a price at least equal to the aggregate Outstanding Principal Amount of such relevant NHG Mortgage Loan Receivable together with accrued but unpaid interest up to but excluding the date of repurchase and re-assignment of the relevant NHG Mortgage Loan Receivable.

(k) *Duty of care*

The Seller shall also undertake to repurchase and accept re-assignment of a Mortgage Receivable on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which it appears that the duty of care in respect of a Mortgage Loan has not been complied with by an intermediary for which the Originator is responsible pursuant to the Wft for a price at least equal to the aggregate Outstanding Principal Amount of such relevant Mortgage Receivable together with accrued but unpaid interest up to but excluding the date of repurchase and re-assignment of the relevant Mortgage Receivable.

(l) *Amendments due to mandatory law*

In addition to paragraph (d) above, the Seller has the right, but not the obligation to repurchase Mortgage Receivables relating to Mortgage Loans the terms and conditions of which have been or will be amended due to mandatory rules of law including duty of care such as amendments to implement (automatic) risk category adjustments as a consequence of which Borrowers are (automatically) eligible for a lower interest rate, but only if and to the extent such repurchase would avoid a negative impact on the expected future interest income on the Mortgage Receivables. The Seller shall repurchase such Mortgage Receivables that will have the most negative impact on the expected future interest income on the Mortgage Receivables as determined by the Seller and verified by an independent third party. Any such repurchase and re-assignment shall take place for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

**Acceptance of invitation to (re)purchase on Optional Redemption Date**

The Seller shall repurchase and accept re-assignment of all, but not part, of the Mortgage Receivables, if it has accepted the invitation made by the Issuer pursuant to the Trust Deed on any Optional

Redemption Date to purchase and accept re-assignment of all, but not part, of the Mortgage Receivables then outstanding, provided that the purchase price is at least sufficient to pay all amounts due and payable to the Noteholders and any amounts to be paid in priority to the Notes in accordance with and subject to the Conditions.

### **Clean-up Call Option**

On each Notes Payment Date, the Seller may, but is not obliged to, repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables if on the Notes Calculation Date immediately preceding such Notes Payment Date the aggregate principal amount due on the Mortgage Receivables then outstanding is less than 10% of the aggregate Outstanding Principal Amount outstanding of the Mortgage Loans on the Cut-Off Date, provided that the purchase price is at least sufficient to pay all amounts due and payable to the Noteholders and any amounts to be paid in priority to the Notes in accordance with and subject to the Conditions.

### **Regulatory Call Option**

On each Notes Payment Date, the Seller may, but is not obliged to, repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables if a Regulatory Change occurs, such repurchase to take place on the immediately succeeding Notes Payment Date, provided that the purchase price is at least sufficient to pay all amounts due and payable to the Noteholders and any amounts to be paid in priority to the Notes in accordance with and subject to the Conditions.

### **Assignment Notification Events**

The Mortgage Receivables Purchase Agreement provides that if:

- (a) a default is made by the Originator or Seller in the payment on the due date of any amount due and payable by the Originator or Seller under the Mortgage Receivables Purchase Agreement or under any of the other relevant Transaction Documents to which it is a party and such failure, if capable of being remedied, is not remedied within ten (10) Business Days after notice thereof; or
- (b) the Originator or Seller fails duly to perform or comply with any of its obligations under the Mortgage Receivables Purchase Agreement or under any other Transaction Document to which it is a party and such failure, if capable of being remedied, is not remedied within 20 Business Days after notice thereof has been given by the Issuer or the Security Trustee to the Seller; or
- (c) any representation, warranty or statement made or deemed to be made by the Seller in the Mortgage Receivables Purchase Agreement, other than the representations and warranties made in relation to the Mortgage Loans and the Mortgage Receivables, or under any of the relevant Transaction Documents to which the Seller is a party or in any notice or other document, certificate or statement delivered by it pursuant thereto proves to have been, and continues to be after the expiration of any applicable grace period, untrue or incorrect in any material respect; or
- (d) the Originator or Seller has taken any corporate action or any steps have been taken or legal proceedings have been instituted against it for its dissolution (*ontbinding*), liquidation (*vereffening*), bankruptcy (*faillissement*), or any steps have been taken for the appointment of a receiver or a similar officer of it or of any or all of its assets; or

- (e) at any time it becomes unlawful for the Originator or Seller to perform all or a material part of its obligations under the relevant Transaction Documents in such a manner that this would have a material adverse effect on its ability to perform such obligations; or
- (f) the occurrence of a Pledge Notification Event; or
- (g) an event occurs which entitles the Seller to notify the Borrowers of Assignment I;

then,

(A) the Seller, shall forthwith notify the Issuer and the Security Trustee thereof, and

(B) unless

- (i) in the event of the occurrence of an Assignment Notification Event referred to under (a), such failure, if capable of being remedied is so remedied to the satisfaction of the Issuer and the Security Trustee within a period of ten (10) Business Days after notice thereof, or
- (ii) in the event of the occurrence of an Assignment Notification Event referred to under (b) or (e), the Security Trustee instructs otherwise and each Credit Rating Agency has provided a Credit Rating Agency Confirmation in respect of such instruction,

the Seller shall

(X) forthwith notify all Borrowers of Assignment I and Assignment II, in which case, the insurance companies relating to the relevant Mortgage Loans and any other relevant party indicated by the Issuer and/or the Security Trustee of the assignment of the relevant Mortgage Receivables and the Beneficiary Rights relating thereto, all substantially in accordance with the form of notification letter attached to the Mortgage Receivables Purchase Agreement and undertake such action in respect of the Beneficiary Rights as set out in the Beneficiary Waiver Agreement;

and

(Y) The Issuer or the Security Trustee, on behalf of the Issuer, shall be entitled to effect such notification.

In addition, pursuant to the Beneficiary Waiver Agreement, the Originator, subject to the condition precedent of the occurrence of an Assignment Notification Event, appoints in its place as first beneficiary (i) the Issuer subject to the dissolving condition of the occurrence of a Pledge Notification Event relating to the Issuer and (ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event relating to the Issuer and to the extent such appointment is not effective, waives its rights as beneficiary, if any, under the relevant Insurance Policies.

Further, pursuant to the Beneficiary Waiver Agreement, upon the occurrence of an Assignment Notification Event and to the extent that the appointment and waiver referred to above are not effective in respect of the Insurance Policies the Seller and the Insurance Savings Participant shall (a) use their best efforts to appoint in the Seller's place as first beneficiary under the Insurance Policies (i) the Issuer subject to the dissolving condition of the occurrence of a Pledge Notification Event relating to the Issuer

and (ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event relating to the Issuer and, to the extent such appointment is not effective, to terminate the appointment of the Originator as beneficiary under the Insurance Policies and (b) with respect to Insurance Policies where a Borrower Insurance Proceeds Instruction has been given by the Borrower, use their best efforts to substitute the Seller in such instruction for (i) the Issuer under the dissolving condition of the occurrence of a Pledge Notification Event relating to the Issuer and (ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event relating to the Issuer and, to the extent such appointment is not effective, to withdraw such Borrower Insurance Proceeds Instruction in favour of the Originator.

### **Sale of Mortgage Receivables**

Under the terms of the Trust Deed, the Issuer will have the right to sell and assign all (but not only part) of the Mortgage Receivables on each Optional Redemption Date to a third party, provided, however, that the Issuer shall timely in advance, before selling the Mortgage Receivables to a third party, first invite the Seller and/or any of its group companies to purchase such Mortgage Receivables, provided that the Issuer shall apply the proceeds of such sale to redeem the Notes (see Condition 6(d)).

The purchase price of a Mortgage Receivable shall be at least equal to the Outstanding Principal Amount of such Mortgage Receivable on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan, except that, with respect to Mortgage Receivables which on the relevant date of sale are in arrears for a period exceeding ninety (90) days or in respect of which an instruction has been given to the civil law notary to start foreclosure proceedings, the purchase price shall be equal to (a) the Outstanding Principal Amount on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan on the relevant date of sale, or (b) if less, an amount equal to (i) the Foreclosure Value of the Mortgaged Asset or, (ii) if no valuation report less than twelve (12) months old is available, the Indexed Foreclosure Value and reasonable costs (including any costs incurred by the Issuer in effecting and completing such purchase and assignment), and provided that in each case the aggregate purchase price (to be) received by the Issuer in respect of the Mortgage Receivables shall be sufficient to redeem, subject to Condition 9(a), the Notes at their Principal Amount Outstanding after payment of the amounts to be paid in priority to the Notes.

Following the giving of an Enforcement Notice, the Security Trustee shall, without in any event affecting its right to notify the Borrowers of its right of pledge, make an offer (on behalf of the Issuer) to the Seller to purchase the Mortgage Receivables before the Security Trustee enforces its right of pledge by selling the Mortgage Receivables for purchase and assignment to a third party. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

In all instances, before the Issuer or the Security Trustee enters into any binding purchase agreement with a third party with respect to the Mortgage Receivables, it will first grant the possibility to the Seller and/or its group companies to purchase the Mortgage Receivables against payment of the same purchase price such third party would be willing to pay. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

The purchase price of a Mortgage Receivable shall in the event of a sale and assignment following the giving of an Enforcement Notice be at least equal to the Outstanding Principal Amount of such Mortgage Receivable on the relevant date of sale, together with accrued interest due but unpaid and any

The Servicer will be obliged to manage the Mortgage Loans and the Mortgage Receivables with the same level of skill, care and diligence as the mortgage loans in its own portfolio or, as the case may be, the portfolio of the Originator. The Servicer holds a license under the Wft. The Servicer does not have any liability whatsoever to the Noteholders in respect of any failure by the Issuer to pay any amounts due under the Notes. - (A) In the Insurance Savings Participation Agreement, the Insurance Savings Participant undertakes to pay to the Issuer for each Savings Mortgage Receivable and Savings Investment Mortgage Receivable (as applicable):
- (a) (i) on the Closing Date an amount equal to the sum of the amounts received as Savings Premium or Savings Investment Premium (as applicable) and accrued interest in respect of the relevant Savings Mortgage Loan or Savings Investment Mortgage Loan, up to and excluding 1 May 2020 and (ii) in the case of the purchase and assignment on a Notes Payment Date of a Further Advance Receivable and Ported Mortgage Receivable to which a Savings Insurance Policy or Savings Investment Insurance Policy is connected, as the case may be, on the relevant Notes Payment Date or the Reconciliation Date, the sum of the amounts received as Savings Premium or Savings Investment Premium and accrued interest thereon up to the first day of the calendar month in which such Notes Payment Date falls (each an **Initial Insurance Savings Participation Amount**);
  - (b) on the first Mortgage Collection Payment Date an amount equal to the sum of (i) the amounts switched under the relevant Savings Investment Insurance Policy from investments in certain investment funds to the LHR from and including 1 May 2020 to and including 31 May 2020 and on each Mortgage Collection Payment Date as from the first Mortgage Collection Payment Date an amount equal to the amounts so switched during the Mortgage Calculation Period immediately preceding such Mortgage Collection Payment Date (each a **Switched Insurance Savings Participation Amount**);
  - (c) on the first Mortgage Collection Payment Date the amounts scheduled to be received by the Insurance Savings Participant from and including 1 May 2020 to and including 31 May 2020 as Savings Premium or Savings Investment Premiums in respect of the Savings Investment Insurance Policy; and on each Mortgage Collection Payment Date following the first Mortgage Collection Payment Date an amount equal to the amount scheduled to be received by the Insurance Savings Participant during the Mortgage Calculation Period immediately preceding such Mortgage Collection Payment Date, as Savings Premium or Savings Investment Premium in respect of the relevant Savings Insurance Policy or Savings Investment Insurance Policy, respectively; and
  - (d) on each subsequent Mortgage Collection Payment Date an amount equal to the *pro rata* part of the interest on the Participation-Linked Mortgage Loan to which it is entitled

pursuant to its Insurance Savings Participation in respect of the Mortgage Calculation Period immediately preceding such Mortgage Collection Payment Date (the amounts under (c) and (d), the **Further Insurance Savings Participation Amounts**).

- (B) In the Bank Savings Participation Agreement, the Bank Savings Participant undertakes to pay to the Issuer in respect of each Bank Savings Mortgage Receivable:
- (a) (i) on the Closing Date or (ii) in the case of a switch from a different type of Mortgage Loan into a Bank Savings Mortgage Loan or in respect of a purchase of Further Advance Receivables or Ported Mortgage Receivable, on the relevant Mortgage Collection Payment Date, respectively, an amount equal to the sum of the Monthly Bank Savings Deposit Instalments received by the Bank Savings Participant with accrued interest up to the first day of the month of the Closing Date or the relevant Mortgage Collection Payment Date, as the case may be (an **Initial Bank Savings Participation Amount**);
  - (b) on each Mortgage Collection Payment Date an amount equal to the amounts received by the Bank Savings Participant as Monthly Bank Savings Deposit Instalments during the relevant Mortgage Calculation Period; and

In respect of each Participation-Linked Mortgage Receivable no amounts will be paid to the extent that as a result thereof the relevant Participation in such Participation-Linked Mortgage Receivable would exceed the Outstanding Principal Amount of such Mortgage Receivable at such time (the **Maximum Participation Amount**).

#### **Application of Initial Participation Amounts**

The Initial Participation Amounts will be applied by the Issuer towards payment of the Initial Purchase Price. The obligation of the relevant Participant to pay the Initial Participation Amounts in respect of a Participation-Linked Mortgage Receivable, will be discharged following netting of (i) the obligation of the Issuer to pay an amount equal to the Initial Participation Amount as part of the Initial Purchase Price, (ii) if applicable, the obligation of the Seller to pay to the Participant a final termination payment in respect of the terminating participation which the Participant had with the Seller, equal to the Initial Participation Amounts and (iii) the obligation of the Participant to pay the Initial Participation Amount in order to acquire the relevant Participation in respect of such Participation-Linked Mortgage Receivable.

#### **Application of Further Participation Amounts**

The Further Participation Amounts received by the Issuer will be applied by the Issuer towards redemption of the Notes and, up to the Notes Payment Date immediately preceding First Optional Redemption Date, the purchase of Further Advance Receivables and Ported Mortgage Receivables. See *Priority of Payments in respect of principal (prior to Enforcement Notice)* under Priority of Payments in section *Credit Structure*.

## Conversion Participation in respect of the Savings Investment Mortgage Loans

Pursuant to the conditions applicable to the Savings Investment Insurance Policies taken out by the Borrower with the Insurance Savings Participant in relation to a Universal Life Mortgage Loan, a Borrower may convert (*switchen*), in whole or in part amounts invested in the LHR into investments in certain other investment funds. Pursuant to the Insurance Savings Participation Agreement, upon such conversion, the corresponding part of the relevant Insurance Savings Participation will be converted into a conversion participation (each a **Conversion Participation**) with Aegon Levensverzekering N.V. as Conversion Participant. The Conversion Participation will, unlike an Insurance Savings Participation, not increase on a monthly basis. The Conversion Participant is entitled to receive the Conversion Participation Redemption Available Amount. Conversion Participations may be reconverted into Insurance Savings Participations.

## Participations and Participation Increases

As a consequence of and in consideration for the payments by the Participants above, each Participant will acquire from the Issuer contractual participation rights in respect of each Participation-Linked Mortgage Receivable (each a **Participation**) representing beneficial interests in respect of each of the relevant Participation-Linked Mortgage Receivables.

In respect of each Participation-Linked Mortgage Receivable, such Participation is initially equal to the relevant Initial Participation Amount or, as the case may be, the Switched Insurance Savings Participation Amount (the **Initial Participation**). Except for the Conversion Participation, a Participation increases on a monthly basis during each Mortgage Calculation Period, with the amount calculated on the basis of the following formula (the **Participation Increase**):

$$\frac{P}{H} \times R + S, \text{ whereby}$$

- |   |   |   |
|---|---|---|
| P | = | the relevant Participation on the first day of the relevant Mortgage Calculation Period in the Participation-Linked Mortgage Receivable;  |
| H | = | the principal sum outstanding on the Participation-Linked Mortgage Receivable on the first day of the relevant Mortgage Calculation Period;   |
| R | = | the amount (i) of interest due, but not overdue, on the Participation-Linked Mortgage Receivable and received from the relevant Borrower in the relevant Mortgage Calculation Period and/or (ii) of interest due, but unpaid, by the Borrower, but received from the Insurance Savings Participant or Bank Savings Participant, as the case may be, under the relevant Participation Agreement; and |
| S | = | the amount of the Savings Investment Premium or Savings Premium or, as the case may be, Monthly Bank Savings Deposit Instalments received in the relevant Mortgage Calculation Period in respect of the relevant Participation-Linked Mortgage Receivable, and paid to the Issuer by the Insurance Savings Participant or Bank Savings Participant, respectively.                                   |

The Participations in respect of the Savings Mortgage Receivables or Savings Investment Mortgage Receivables are collectively referred to as the **Insurance Savings Participations**, those in respect of

the Bank Savings Mortgage Receivables the **Bank Savings Participations** and a participation remaining upon conversion is referred to as a **Conversion Participation** (and together with the Insurance Savings Participations and the Bank Savings Participations, the **Participations**).

In consideration for the undertakings above, the Issuer will undertake to pay to the relevant Participant on each Mortgage Collection Payment Date an amount *up to* the relevant Participation in those of the Participation-Linked Mortgage Receivables from the following amounts to the extent received during the immediately preceding Mortgage Calculation Period or, in the case of the first Mortgage Collection Payment Date, during the period which commences on the Closing Date and ends on the last day of the Mortgage Calculation Period immediately preceding such first Mortgage Collection Payment Date:

- (i) by means of repayment or prepayment in full and, to the extent exceeding the Net Outstanding Principal Amount, repayment or prepayment in part under the relevant Participation-Linked Mortgage Receivables from any person, whether by set-off or otherwise (but, for the avoidance of doubt, excluding Prepayment Penalties, if any);
- (ii) in connection with a repurchase of such Participation-Linked Mortgage Receivables pursuant to the Mortgage Receivables Purchase Agreement and any other amounts received pursuant to the Mortgage Receivables Purchase Agreement to the extent such amounts relate to principal;
- (iii) in connection with a sale by the Issuer of such Participation-Linked Mortgage Receivables pursuant to the Mortgage Receivables Purchase Agreement or the Trust Deed to the extent such amounts relate to principal;
- (iv) as Net Foreclosure Proceeds other than in respect of the relevant Insurance Policy or Bank Savings Account by way of enforcement of the relevant Borrower Pledge or otherwise on such Participation-Linked Mortgage Receivables to the extent such amounts relate to principal and to the extent such amounts received exceed the Net Outstanding Principal Amount of each Participation-Linked Mortgage Receivable; and
- (v) collections received by the Issuer under the Insurance Policy or Bank Savings Account by way of enforcement of the relevant Borrower Pledge or otherwise to the extent relating to principal.

The amount so payable by the Issuer is referred to as the **Insurance Savings Participation Redemption Available Amount** in respect of the Savings Mortgage Loans and Savings Investment Mortgage Loans and the **Bank Savings Participation Redemption Available Amount** in respect of the Bank Savings Mortgage Loans, respectively, and collectively the **Participation Redemption Available Amount**.

### **Reduction of a Participation**

If:

- (a) a Borrower invokes a right of set-off or a defence in respect of a Participation-Linked Mortgage Receivable, including, but not limited to a right of set-off or defence based upon a default in the performance, whether in whole or in part and for any reason, by the relevant Participant, of its payment obligations under the relevant Savings Insurance Policy, Savings Investment Insurance Policy or Bank Savings Account relationship, as the case may be, or set-off is applied pursuant to mandatory provisions of law; or

- (b) the relevant Participant fails to pay any amount due by it to the Seller or the Issuer, as the case may be, under or in connection with any of the Savings Insurance Policies or Savings Investment Insurance Policies or the relevant Bank Savings Account, and/or the Seller fails to pay an amount equal to any such amount due by it to the Issuer in accordance with the Mortgage Receivables Purchase Agreement,

and, as a consequence thereof, the Issuer will not have received any amount which it would have received if such defence or failure to pay would not have been made in respect of such Participation-Linked Mortgage Receivable, the relevant Participation of relevant Participant in respect of such Participation-Linked Mortgage Receivable, will be reduced by an amount equal to the amount which the Issuer has failed to so receive.

### **Enforcement Notice**

If an Enforcement Notice is given by the Security Trustee to the Issuer, then and at any time thereafter the Security Trustee on behalf of a Participant may, and if so directed by a Participant, shall in respect of such Participant, by notice to the Issuer:

- (a) declare that the obligations of the relevant Participant under the applicable Participation Agreement(s) are terminated; and
- (b) declare the respective Participations in Participation-Linked Mortgage Receivables to be immediately due and payable, whereupon they shall become so due and payable, provided that the resulting payment obligations shall in no event exceed the relevant Participation Redemption Available Amount received or collected by the Issuer or, in case of enforcement, the Security Trustee under the relevant Participation-Linked Mortgage Receivables and without prejudice to the rights of the Issuer and the Security Trustee under the Borrower Pledges.

### **Termination of Participations**

If one or more of the Participation-Linked Mortgage Receivables are (i) repurchased by the Seller from the Issuer pursuant to the Mortgage Receivables Purchase Agreement or (ii) sold by the Issuer to a third party pursuant to the Mortgage Receivables Purchase Agreement or the Trust Deed, the relevant Participation in such Participation-Linked Mortgage Receivable will terminate and the relevant Participation Redemption Available Amount in respect of such Participation-Linked Mortgage Receivable will be paid by the Issuer to the relevant Participant. If so requested by the relevant Participant, the Issuer will use its best efforts to ensure that the acquirer of the Participation-Linked Mortgage Receivables will enter into a participation agreement with the relevant Participant in a form similar to the relevant Participation Agreement. Furthermore, each Participation shall terminate if at the close of business of any Mortgage Calculation Date, the Participant has received an amount equal to its full Participation in respect of the relevant Participation-Linked Mortgage Receivable.
