Issuer:

ABN AMRO Bank N.V.

History and Development:

The Issuer is a subsidiary of ABN AMRO Holding N.V. (“**Holding**”). Holding’s is a public limited liability company incorporated under Dutch law on 30 May 1990 with registered offices in Amsterdam, The Netherlands. The main address is Gustav Mahlerlaan 10, 1082 PP Amsterdam, with a mailing address in The Netherlands at Post Office Box 283, 1000 EA Amsterdam.

On 17 October 2007 RFS Holdings B.V., a company whose shares are held by The Royal Bank of Scotland Group plc (“**RBS**”), Banco Santander S.A. (“**Santander**”), Fortis N.V. and Fortis SA/N.V. (“**Fortis**”) acquired 85.6% of ABN AMRO Holding N.V. Through subsequent purchases RFS Holdings B.V. increased its stake in ABN AMRO Holding N.V. and its consolidated subsidiaries (“**ABN AMRO**”) to 99.3% as at 31 December 2007. RFS Holdings B.V. is controlled by RBS, which is incorporated in the U.K. and registered at 36 St. Andrew Square, Edinburgh, Scotland. As from 17 October 2007 The Royal Bank of Scotland Group plc is the ultimate parent company of ABN AMRO Holding N.V.

Holding’s unaudited interim financial report for the six months ended 30 June 2008 states that Holding had total assets of €912,744 million and includes condensed unaudited financial information with respect to ABN AMRO Bank N.V.. For more information, please refer to Holding’s complete interim financial report for the six months ended 30 June 2008 as filed with the AFM and referenced in the Registration Document and to any subsequent reports furnished or filed by the Issuer with the AFM.

On 19 January 2009, Holding issued a press release in reference to information regarding Holding which is set out in a Trading Update issued by RBS on that date. In Holding's press release, it announced (on an estimated and unaudited basis) inter alia that:

(a) it has made a profit after tax of approximately EUR 3.5 billion for the full year of 2008 comprising a loss after tax in the region of EUR 13 billion from continuing operations offset by a gain after tax of EUR 16.5 billion from discontinued operations;

(b) the ongoing transition of existing business activities from Holding to RBS have resulted in material realised losses for Holding; and

(c) Holding continues to be well-capitalised and well-funded. The estimated tier one and the total BIS capital ratio at the end of 2008 are approximately 10.5% and 14% respectively

Plans and proposals

In 2007 RBS, Fortis and Santander (the “**Consortium Banks**”) agreed the businesses be acquired and a plan for the transfer of the businesses. During 2008, many shared assets and liabilities have either been sold or economically allocated to one of the Consortium Banks following further agreements between them. Debt securities continue to be issued by ABN AMRO with no change in terms and conditions. Any activities that form part of Group Functions continue to be reported in Group Functions.

The process of separating the ABN AMRO businesses and transferring them to their ultimate owners is proceeding in line with the transition plan.

Transfers and sales of businesses to the Consortium Banks

The process of transferring business and client activity from ABN AMRO to RBS started in the first half of 2008 and is set to gather pace through the second half of 2008.

Asset Management was sold to Fortis during the first half year. Further transfers to Fortis are suspended following the announcement by Fortis of its intention to sell its interest in RFS Holdings B.V.

On 3 October 2008, Holding announced jointly with the Dutch Minister of Finance (the Minister) inter alia that on that date the Minister acquired all shares of Fortis Bank Nederland (Holding) NV (Fortis Holding), Fortis Insurances Netherlands NV and Fortis Corporate Insurance NV from Fortis. The Dutch state has thus become the owner of the Fortis share in Holding as well. Accordingly, Fortis Holding and the Fortis share in

Holding have now been disconnected from Fortis's banking activities in Belgium and Luxembourg and the Dutch-based banking and insurance activities of Fortis and the Fortis share in ABN AMRO are now in the hands of the State of the Netherlands. A copy of that announcement has been filed with the AFM and, that announcement is incorporated in, and forms part of, this Base Prospectus.

On 21 November 2008, the Minister announced its plan for companies that were to be acquired by the Dutch state, being inter alia, the Fortis-owned parts of the former ABN AMRO and Fortis Bank Nederland.

According to the Minister's plan as set out in the announcement, ABN AMRO Bank Nederland and Fortis Bank Nederland will be merged into one bank. ABN AMRO will be the new bank's leading brand. The Dutch state will hold a stake in the new bank for at least a number of years and no sale will take place before 2011 at the earliest. A copy of that announcement has been filed with the AFM and, that announcement is incorporated in, and forms part of, this Base Prospectus.

The sale of Banco Real and other businesses allocated to Santander was concluded in July 2008.

Transfers and sales of businesses outside the Consortium Banks

On 30 May 2008 Banca Antonveneta was sold by ABN AMRO to Banca Monte dei Paschi di Siena. On 2 July 2008, ABN AMRO and Deutsche Bank signed an agreement by which Deutsche Bank will acquire from ABN AMRO parts of its commercial banking activities in the Netherlands, the so-called EC Remedy businesses. The transaction was executed to comply with European Commission requirements to divest part of ABN AMRO's activities before integrating Fortis with ABN AMRO in the Netherlands. The transaction's closing is planned for November 2008, however the transaction is subject to approval by the Dutch Central Bank, the European Commission and other regulatory bodies. These approvals have not yet been granted.

This transition plan forms the basis for continued consultation with employee representative bodies and regulators. The plan for separating and transferring the ABN AMRO businesses to the Consortium Banks was submitted to the Dutch Central Bank and Central Works Council for review in mid December and was neutrally advised by the Central Works Council on 14 February 2008 and approved by the Dutch Central Bank on 10 March 2008. Now that the approvals have been received,

the implementation of the plan can begin.

Different parts of ABN AMRO will separate and integrate at different times. The precise timing of the separation of the businesses will depend on a range of factors, including the complexity of the separation task. For more complex separation processes, where the businesses are closely interlinked with the ABN AMRO Group systems and platforms, (such as within the BU Netherlands), separation and integration is expected to take some time; in contrast other less complicated separations will move relatively quickly. In each case the pace of the separation process will aim to accommodate the need for clarity among employees while also maintaining the appropriate level of service to ABN AMRO's clients.

The Consortium Banks are in the process of agreeing on the ownership of the debt issued and/or guaranteed by ABN AMRO. Upon the finalisation of this agreement, the impact, if any, on the debt issuances will be communicated.

Our Business:

The following organisational structure was adopted in January 2006. This structure was used by the Consortium Banks to divide the activities amongst each other:

Holding's Group structure comprises:

- seven client BUs
- three global product BUs
- two cross-BU segments
- Group Functions
- Services

The seven client BUs consist of five regional BUs (The Netherlands, Europe, North America, Latin America and Asia) and two global client BUs, Private Clients and Global Clients. BU Global Clients overlaps the regional BUs in the segment reporting adopted in 2007.

The three global product BUs (Global Markets, Transaction Banking and Asset Management) support the client BUs by developing and delivering products for all of ABN AMRO's clients globally.

The Commercial Client Segment encompasses all of ABN AMRO's commercial clients. The Commercial Client Segment coordinates activities across the Client and Product BUs, sharing best practice and the overall strategic framework supporting this essential component of the Bank's portfolio.

Group Functions delivers support across the Group in areas ranging from Risk to Finance and from Human

Resources to Sustainability.

Services focuses on increasing its operational efficiency through Group-wide consolidation and standardisation.

As from 2008, ABN AMRO will be organised into three units each containing the businesses that will ultimately be transferred to the respective Consortium Banks. A fourth unit will include central functions including the Head Office functions and businesses which are regarded as non-strategic.

ABN AMRO Holding N.V. ("**Holding**") pursuant to its declaration under Article 2:403 of the Netherlands Civil Code.

Application will be made to the Luxembourg Stock Exchange for the Securities to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Luxembourg Stock Exchange.

Description of the Securities:

Equity Certificates are certificates where the underlying is a share. Equity Certificates are not open end certificates. Equity Certificates may be cash settled or physically settled. Cash settled certificates pay, upon exercise, a cash amount determined by reference to the value of the underlying share or shares. Physically settled certificates entitle the holder, upon exercise, to delivery of a defined amount of the underlying and a cash payment in respect of any fractional entitlement.

The underlying shares (the “**Shares**”) are the ordinary shares of Bank of India (ISIN: INE084A01016), (each a “**Share**”).

The Securities are cash settled investment instruments which, upon exercise on the Exercise Date, pay a Cash Amount determined by reference to the value of the Share on the relevant Valuation Date, subject to the terms of the Securities.

The Cash Amount shall be determined by the Calculation Agent in accordance with the following formula:

Participation x Final Reference Price x Entitlement

provided the Cash Amount shall not be less than zero.

Subject to the terms of the Securities, the Final Reference Price is an amount equal to the weighted average price per Share of the sale of such number of Shares (the “**Sale**”), equal to the number of Securities outstanding on the Valuation Date (the “**Parcel**”). The Sale is therefore necessary and relevant in determining the Final Reference Price.

The Parcel is sold on the Exchange and at such times on the Valuation Date as the Hedge Holder (on behalf of the Issuer) in its sole and absolute judgement determines. The Parcel shall be converted into the Settlement Currency at the Deliverable Forward Rate on the Valuation Date.

The Hedge Holder shall hedge the entire Parcel at its own discretion using either the Shares or an equivalent instrument or instruments referencing the Shares. There is a direct connection between the Parcel and the number of Shares referenced by such hedge.

Subject to the terms of the Securities, the Holder is also entitled to receive the Dividend Amount in respect of the Share from time to time, as determined by the Calculation Agent.

Aggregate Nominal Amount: USD 3,102,450

Number of Certificates represented by the Securities: 1,300,000

Issue Date: 9 June 2005

Issue Price: USD 2.3865

Exercise Date:	30 June 2011. The Issuer may, in its sole and absolute discretion, by giving notice to the Holders in accordance with General Condition 4, extend the Exercise Date to a date specified in such notice, and such notice will be deemed to be the Exercise Date.

In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.
<i>Hedging Disruption:</i>	If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.
<i>Substitution:</i>	The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company, being any subsidiary or affiliate of the Issuer, subject to certain conditions including the obligations of the substitute issuer under the Securities being guaranteed by Holding (unless Holding is the Substitute).

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Securities. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with the Securities are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Securities, but the inability of the Issuer to pay principal or other amounts on or in connection with the Securities may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding the Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to the Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Prospectus shall have the same meaning in this section.

Prospective purchasers of the 1,300,000 Equity Certificates linked to Bank of India (the "Securities") should ensure that they understand fully the nature of the Securities and the extent of their exposure to the risks associated with the Securities. The market price and / or value of the Securities may be volatile and holders of the Securities may sustain a total loss in the value of their investment. Prospective purchasers need to consider the suitability of an investment in the Securities in light of their own financial, fiscal, regulatory and other circumstances. Please refer, in particular, to the section "Risk Factors" in this Prospectus for a more complete explanation of the risks associated with an investment in the Securities.

Prospective purchasers of the Securities should refer to selling restrictions relating to India set out within the Selling Restrictions section of this Prospectus.

Factors that may affect the Issuer's ability to fulfil its obligations under the Securities

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document (as defined below) incorporated by reference in this Prospectus for a description of those factors which may affect the Issuer's ability to fulfil its obligations under the Securities issued.

Factors which are material for the purpose of assessing the market risks associated with the Securities

The Securities are securities linked to the value of an underlying share which entail particular risks

The Securities are investment instruments which, upon exercise, pay a Cash Amount determined by reference to the value of the Underlying on the relevant Valuation Date, subject to the terms of the Securities. As such, the Securities entail a similar level of risk as a direct investment in the Underlying. Investors should be aware that their entire investment may be lost in the event that the Underlying is valued at zero. Since the Securities are of limited maturity due to automatic exercise on the Exercise Date, unlike direct investments, investors are not able to hold them beyond the Exercise Date in the expectation of a recovery in the price of the Underlying.

Equity certificates are certificates where the underlying is a share. Equity certificates are not open end certificates. Equity certificates may be cash settled or physically settled. Cash settled certificates pay, upon exercise, a cash amount determined by reference to the value of the underlying. Physically settled certificates entitle the holder, upon exercise, to delivery of a defined amount of the underlying and a cash payment in respect of any fractional entitlement.

The price at which a Holder will be able to sell the Securities prior to the Exercise Date may be at a potentially substantial discount to the market value of the Securities at the Issue Date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the Issue Date.

Investors should also be aware that the Issuer is entitled to extend the Exercise Date in its sole discretion, subject to the terms of the Securities.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Prospectus;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including where the currency for payments under the terms of the Securities is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of financial markets; and

- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Securities unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between the date of purchase of the Securities and the Exercise Date. Holders of Securities (the “**Holders**”) may sustain a total loss of their investment. Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which the Securities are linked. It is impossible to predict how the level of the Underlying will vary over time. Factors which may have an affect on the level of the Underlying include the rate of return of the Underlying and the financial position and prospects of the relevant issuer of the shares forming part of the Underlying. In addition, the value of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for the Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event and/or no Potential Adjustment Events which apply.
- (b) *Volatility.* The term “volatility” refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to the Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of the Underlying will move up and down over time (sometimes more sharply than others).

- (c) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future or governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the Issue Date will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter.
- (d) *Disruption.* In accordance with the Conditions, the Calculation Agent may determine that a Market Disruption Event has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in the respect of the Securities.

Prospective purchasers should review the Conditions to ascertain how such provisions apply to the Securities.

- (e) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of Holding (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank *pari passu* among themselves.
- (f) *Emerging Markets.* Investing in emerging markets involves certain risks and special considerations not typically associated with investing in other more established economies or securities markets. Such risks may include (i) the risk of nationalisation or expropriation of assets or confiscatory taxation; (ii) social, economic and political uncertainty; (iii) dependence on exports and the corresponding importance of international trade and commodities prices; (iv) less liquidity of securities markets; (v) currency exchange rate fluctuations; (vi) potentially higher rates of inflation (including hyper-inflation); (vii) controls on investment and limitations on repatriation of invested capital; (viii) a higher degree of governmental involvement in and control over the economies; (ix) government decisions to discontinue support for economic reform programs and imposition of centrally planned economies; (x) differences in auditing and financial reporting standards which may result in the unavailability of material information about economics and issuers; (xi) less extensive regulatory oversight of securities markets; (xii) longer settlement periods for securities transactions; (xiii) less stringent laws regarding the fiduciary duties of officers and directors and protection of investors; and (xiv) certain consequences regarding the maintenance of portfolio securities and cash with sub-custodians and securities depositories in emerging market countries.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. Even though the Securities are intended to be listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if the Securities were not so listed or quoted. However, if the Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. Further, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

Final Reference Price and Sale of the Parcel

The Cash Amount is determined by the Calculation Agent based on the Final Reference Price of the Shares in the Parcel on the Valuation Date. The Final Reference Price is determined based on the amount equal to the weighted average price per Share of the sale of such number of Shares, equal to the number of Securities outstanding on the Valuation Date. The Sale is therefore necessary and relevant in determining the Final Reference Price.

The Parcel is sold on the Exchange and at such times on the Valuation Date as the Hedge Holder (on behalf of the Issuer) in its sole and absolute judgement determines. The Parcel shall be converted into the Settlement Currency at the Deliverable Forward Rate on the Valuation Date.

The Hedge Holder shall hedge the entire Parcel at its own discretion using either the Shares or an equivalent instrument or instruments referencing the Shares. There is a direct connection between the Parcel and the number of Shares referenced by such hedge.

As such, Holders should be aware that due to the selling of the Parcel, there may be a movement in the price of the Shares as a result of such sale which may differ from normal market trading.

Holders have no ownership interest in the Underlying

The Securities convey no ownership interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in the Underlying or any derivatives contracts linked to the Underlying.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer shall initially act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In

making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

Actions taken by the Hedge Holder Agent may affect the Underlying

The Final Reference Price is determined by sale of the Parcel, which is sold on the Exchange and at such times on the Valuation Date as the Hedge Holder (on behalf of the Issuer) in its sole and absolute judgement determines. The Hedge Holder shall hedge the entire Parcel at its own discretion using either the Shares or an equivalent instrument or instruments referencing the Shares. There is a direct connection between the Parcel and the number of Shares referenced by such hedge.

The Hedge Holder, as determined by the Issuer in its sole and absolute discretion, may be the Issuer or any affiliate of the Issuer which is the holder of record of the Shares at any relevant time. The Hedge Holder is the agent of the Issuer and not the agent of the Holders or any of them. ***There may be delays in effecting settlement***

If the Securities are subject to provisions relating to exercise, then upon their exercise, there will be a time lag between the time a holder of the Securities gives instructions to exercise and the time the applicable Cash Amount (if the Securities are Cash Settled Securities) relating to such exercise is determined. If the Securities are Physical Delivery Securities there will be a time lag following exercise of the Securities until the Share Amount is delivered to the relevant Holder's account. Any such delay between the time of exercise and the determination of the Cash Amount or delivery of the Share Amount will be specified in the Conditions. However, such delay could be significantly longer, particularly in the case of a delay in exercise of such Securities arising from, as described above, any daily maximum exercise limitation or, as described above, any delay consequent upon the determination by the Calculation Agent that a Market Disruption Event (which includes Emerging Market Disruption Events) or a Settlement Disruption Event occurred at any relevant time. The applicable Cash Amount or Share Amount could decrease or increase from what it would have been but for such delay.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

If the Securities are subject to provisions concerning delivery of a Notice and such notice is received by either the relevant Clearing Agent, with a copy to the Principal Agent after the latest time specified in the Conditions, it will be deemed to be duly delivered on the next following Business Day. Such deemed delay may in the case of Cash Settled Securities increase or decrease the Cash Amount from what it would have been but for such deemed delivery. In the case of Securities which are exercisable on one day only or only during an exercise period any Notice, if not delivered by the latest time specified in the Conditions, shall be void.

If the Securities require a Notice to be delivered before close of business in the place of receipt on the Cut-off Date (as defined in the Product Conditions), then delivery after the Cut-off Date may result in a delay in delivery of the applicable Share Amount (as defined in the Product Conditions).

The failure to deliver any certifications required by the Conditions could result in the loss or inability to receive amounts or deliveries otherwise due under the Securities.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

Securities not exercised in accordance with the Conditions will (where exercise is required) expire worthless.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 8 and payment of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

The Securities may be terminated prior to the Exercise Date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

The Exercise Date can be extended at the sole discretion of the Issuer

In accordance with the terms of the Securities, the Issuer can extend the Exercise Date applicable to the Securities in its sole discretion and is not under any obligation to disclose reasons for doing so. The Exercise Date has been extended by the Issuer on two occasions to date.

Risks associated with Securities held in global form

The Securities will initially be held by or on behalf of the clearing systems specified in the Product Conditions (each a “**Relevant Clearing System**”), in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems. For as long as the Securities are represented by a global Security held by or on behalf of a Relevant Clearing System, payments of principal and any other amounts on a global Security will be made through the Relevant Clearing System against presentation or surrender (as the case may be) of the global Security. The registered holder of the global Security, typically a depositary or a nominee for a depositary for the Relevant Clearing System, shall be treated by the Issuer and any Paying Agent as the sole holder of the Securities represented by such global Security with respect to the payment of principal and any other amounts payable in respect of the Securities.

The Securities will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold the Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal or any other amounts due solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments attributable to the Securities which are received

from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to the Exercise Date with the assistance of the relevant nominee service provider.

None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

The return on an investment in Securities will be affected by charges incurred by investors

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

There may be a change of law which may affect the value of the Securities

The Conditions are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Prospectus.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

The return on an investment in the Securities will be affected by charges incurred by investors

An investor's total return on an investment in the Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of securities, custody services and on payments of principal and other amounts. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the Securities.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) the Securities are legal investments for it, (ii) the Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of the Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Securities under any applicable risk-based capital or similar rules.

Risks generally applicable where the Underlying is a share in a company listed in India

Investing in Securities where the Underlying is a share in a company listed in India and other emerging markets involves substantial risks in addition to those risks normally associated with making investments in other countries and other investment products. Accordingly, investment in the Equity Certificates is only suitable for sophisticated professional investors who are aware of the risks of investing in India and other emerging markets jurisdictions and who have the knowledge and experience in financial matters necessary to enable them to evaluate the risks and merits of an investment in the Equity Certificates

Potential investors should note that the securities markets in India and other emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. No assurance can be given that such volatility or illiquidity will not occur in the future. The Securities market in India and many such securities markets also have clearance and settlement procedures that are less developed, less reliable and less efficient than those in more developed countries. There may also be generally less governmental supervision and regulation of the securities exchanges and securities professionals in emerging markets than exists in more developed countries.

Disclosure and regulatory standards in India and emerging markets are in many respects less stringent than standards in more developed countries and there may be less publicly available information about companies in India and such markets than is regularly published by or about companies in more developed countries. Companies in India and emerging markets may be subject to accounting standards and requirements that may differ in significant respects from those applicable to companies in more developed countries. The assets and liabilities and profits and losses appearing in the financial statements of such companies may not reflect their financial position or results of operations in the way they would be reflected had such financial statements been prepared in accordance with generally accepted international accounting principles in more developed countries. The valuation of assets, depreciation, exchange differences, deferred taxation, contingent liabilities and consolidation may also be treated differently than under generally accepted international accounting standards, all of which may affect the valuation of the Underlying.

Risks relating to foreign exchange controls

Potential investors should note that payment by the Issuer of the Cash Amount in respect of the Securities is subject to the ability of the Issuer to sell the Underlying and to there being no foreign exchange control restrictions, including restrictions which prevent the conversion of the Underlying Currency into the Settlement Currency and the transfer of the Settlement Currency to accounts outside the jurisdiction of the Underlying. If any such event occurs at the Valuation Date, it could result in a delay in the determination of the Final Reference Price and the Settlement Date, which delay could be lengthy.

Market Disruption Event and/or a FX Market Disruption Event

In the event of the occurrence of Market Disruption Event and/or a FX Market Disruption Event on a Valuation Date, Payment Day or the Settlement Date, the obligations of the Issuer which are due on such date may be delayed, which delay could be lengthy. A Market Disruption Event includes any suspension or limitation of trading on the Exchange or any Related Exchange, the declaration of a general moratorium in respect of banking activities in the country where the Exchange or any Related Exchange is located and the inability of the Issuer (or its affiliate) to unwind its hedge or related trading position relating to the Underlying due to illiquidity. A FX Market Disruption Event includes the failure by the Reserve Bank of India (the “**RBI**”) or other Indian governmental authority to exchange or to approve or to permit the exchange of the Underlying Currency for the Settlement Currency or the transfer of the Settlement Currency from accounts inside India to outside India or the general unavailability of the Settlement Currency at a spot rate of exchange for the Underlying Currency in any legal exchange market in India that is officially recognised as such by the RBI in accordance with normal commercial practice.

Force Majeure

The Issuer reserves the right to delay payments and other obligations to the holder of Certificates where events occur outside the reasonable control of the Issuer or any of its affiliates and result in the Issuer being unable to fulfill its obligations when such obligations are due including (without limitation) failure of telecommunication or computer facilities, industrial disputes, civil unrest or acts of governmental, regulatory or supranational bodies.

Risks relating to Substitution

In the event that the Issuer is to be substituted as principal obligor under the Securities by one of the Consortium Banks or by an entity belonging to the group of one of the Consortium Banks, any such substitution must comply with the requirements of the substitution clause in the General Conditions of the Securities, including the requirement that the substitute issuer qualifies as subsidiary or affiliate of the Issuer. Please refer to *General Condition 8 – Substitution*. It is currently expected that as a result of the separation and transfer of the ABN AMRO business, one of the Consortium Banks and certain entities belonging to the group of the relevant Consortium Banks will qualify as an affiliate of the Issuer within the meaning of the substitution clause. This would enable the substitution of the Issuer by the relevant Consortium Bank or by an entity belonging to the group of the relevant Consortium Bank provided the other requirements of the substitution clause are met. Holders should be aware that as a result of a substitution (if any) the Securities will be subject to different risks in relation to the Substitute (as defined in the General Conditions) assuming the obligations of ABN AMRO Bank N.V. under the Securities. Such risks may include the credit risks of the Substitute, certain modifications being made to the terms and conditions of the Securities and other risks specific to the Substitute. Investors should note that following a substitution, Holders will no longer have any claim or recourse against ABN AMRO Bank N.V. In addition, Holders should be aware that the consent of the Holders will not be required if the Issuer elects to exercise its substitution right in accordance with General Condition 8 (*Substitution*). However, no assurance is given that any substitution will occur in respect of the Securities.

Purchasers of the Securities may be required to pay stamp taxes and other charges in accordance with the laws of practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership or transfer of the Securities.

2. THE NETHERLANDS

The following paragraph, which is intended as a general guide only, is based on current law and practice in The Netherlands. It summarises certain aspects of taxation in The Netherlands only which may be applicable to the Securities but do not purport to be a comprehensive description of all tax considerations which may be of relevance.

All payments by the Issuer in respect of the Securities will be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless such withholding is, in the future, required by law.

3. UNITED KINGDOM

The following applies only to persons who are beneficial owners of the Securities and is a summary of the Issuer's understanding of current law and practice in the United Kingdom

relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of persons (such as dealers) to whom special rules apply. Prospective Holders of the Securities who are in any doubt as to their own tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should consult their professional advisers.

Withholding Tax

Securities issued otherwise than through the Issuer's London branch

Payments on these Securities may be made without withholding on account of United Kingdom income tax.

Securities issued by the Issuer's London branch

Payments on these Securities may be made without deduction of or withholding on account of United Kingdom income tax provided that these Securities are derivatives for the purposes of FRS25 (or International Accounting Standard 32).

Stamp Taxes

Subject to what follows, no stamp duty, capital duty, stamp duty reserve tax or other similar tax is payable in the United Kingdom on the issue of Securities, the transfer of Securities in bearer form by delivery or the transfer of Securities in registered form.

Any instrument transferring Securities in registered form on the sale of the Securities which is executed in the United Kingdom or which (if not executed in the United Kingdom) relates to any matter or thing done or to be done in the United Kingdom will be stampable at 0.5% of the consideration.

In relation to Securities in bearer form which are denominated in sterling, a charge to stamp duty at 1.5 per cent. of the value of such Securities will arise if issued in the United Kingdom. No stamp duty liability will arise on the issue of such Securities if issued outside the United Kingdom. However, in relation to Securities of that kind originally issued outside the United Kingdom, on the first transfer by delivery in the United Kingdom of any such Security a stamp duty liability at 1.5 per cent. of the value of such Security will arise.

Stamp duty and stamp duty reserve tax may also be payable on the transfer of an asset on physical settlement of the Securities.

SELLING RESTRICTIONS

The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and to receive payments on the Securities. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.

1. GENERAL

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. EUROPEAN ECONOMIC AREA

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of the Securities to the public in that Relevant Member State:

- (a) in (or in Germany, where the offer starts within) the period beginning on the date of publication of a prospectus in relation to the Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive and ending on the date which is 12 months after the date of such publication;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts; or
- (d) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe for the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus

Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

3. THE NETHERLANDS

The Securities qualify as savings certificates as defined in the Savings Certificates Act (“*Wet inzake spaarbewijzen*”) and may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act and its implementing regulations (including registration requirements), provided that no mediation is required in respect of:

- (a) the initial issue of the Securities to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade; and
- (c) the issue and trading of the Securities, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

4. UNITED STATES OF AMERICA

The Securities have not been and will not be registered under the Securities Act of 1933 (as amended) (the “**Securities Act**”) and trading in the Securities has not been and will not be approved by the United States Commodity Futures Trading Commission under the United States Commodity Exchange Act of 1922. The Securities may not at any time be offered, sold, delivered, traded or exercised, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person and a U.S. person may not, at any time, directly or indirectly, maintain a position in the Securities. Offers, sales, trading or deliveries of the Securities in the United States or to, or for the account or benefit of, U.S. persons may constitute a violation of the United States law governing commodities trading. Exercise of the Securities will be conditional upon certification as to non-U.S. beneficial ownership. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Issuer will not offer, sell or deliver the Securities at any time within the United States or to, or for the account or benefit of, any U.S. person, and it will require all those dealers participating in the distribution of the Securities not to offer, sell, deliver or trade, at any time, directly or indirectly, any Securities in the United States or to, for the account or benefit of, any U.S. person. In addition, the Issuer will send to each dealer to which it sells Securities at any time a confirmation or other notice setting forth the restrictions on offers, sales and deliveries of the Securities in the United States or to, or for the account or benefit of, U.S. persons. As used in this and the above paragraph “**United States**” means the United States of America, its territories or possessions, any state of the United States, the District of Columbia or any other enclave of the United States government, its agencies or instrumentalities, and “**U.S. person**” means:

- (a) any person who is a U.S. person as defined in Regulation S under the Securities Act;
- (b) any person or entity other than one of the following:

- (4) an entity organised principally for passive investment such as a pool, investment company or other similar entity, provided that units of participation in the entity held by U.S. persons represent in the aggregate less than 10 per cent. of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by U.S. persons; or
- (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States.

5. UNITED KINGDOM

The Issuer represents, warrants and agrees that it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the “**FSMA**”)) received by it in connection with the issue or sale of the Securities in circumstances in which section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer and it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Securities in, from or otherwise involving the United Kingdom.

6. INDIA

Any purchase of Securities relating or linked to securities listed on a stock exchange in India or indices that reference such securities should be made on the understanding that the purchaser shall be deemed to acknowledge, represent, warrant and undertake to the Issuer and its subsidiaries and affiliates (“**ABN AMRO**”) that:

- (b) it agrees to promptly provide to ABN AMRO, or directly to the relevant Indian governmental or regulatory authority (and confirm to ABN AMRO when it has done so), such additional information that ABN AMRO deems necessary or appropriate in order for ABNAMRO to comply with any such regulations and/or requests;
- (c) the Securities are not being purchased for the account of or pursuant to or in connection with any back-to-back transaction with: (i) a Person Resident in India as the term is used in the Foreign Exchange Management Act, 1999; or (ii) a “Non-Resident Indian”, a “Person of Indian Origin” or an “Overseas Corporate Body”, as such terms are used in the Foreign Exchange Management (Deposit) Regulations 2000 as notified by the Reserve Bank of India; or (iii) any entity or person that is not regulated (as such term is used in the Securities and Exchange Board of India (Foreign Institutional Investors Amendment) Regulations, 2004) (each, a “Restricted Entity”) or a nominee of a Restricted Entity;
- (d) it is not a Restricted Entity or a nominee of a Restricted Entity;

(e) it will not, directly or indirectly, sell, transfer, assign, novate or otherwise dispose of the Securities to or for the account of any Restricted Entity or to any nominee of any Restricted Entity; and

(f) any sale, transfer, assignment, novation or other disposal of the Securities by it, whether direct or indirect, will be subject to the acquiring entity giving substantially the same representations and warranties to it as set out in sub-paragraphs (c) to (f) (inclusive).

Prospective purchasers are hereby notified that sellers of the Securities may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.

Effective from the date of commencement of discussions concerning a Relevant Series, each Holder and its respective employees, representatives or other agents may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of the Relevant Series and all materials of any kind, including opinions or other tax analyses, if any, that have been provided to such Holder relating to such tax treatment and tax structure. Institutional Accredited Investors who purchase IAI Definitive Securities offered and sold in the United States in reliance upon an exemption from registration under the Securities Act are required to execute and deliver to any Transfer Agent an Investor Representation Letter. Upon execution and delivery of an Investor Representation Letter by an Institutional Accredited Investor IAI Definitive Securities will be issued. The Investor Representation Letter will state, among other things, the following:

- (i) that the Institutional Accredited Investor has received a copy of this Base Prospectus and such other information as it deems necessary in order to make its investment decision;
- (ii) that the Institutional Accredited Investor understands that any subsequent transfer of the Securities is subject to certain restrictions and conditions set forth in this Base Prospectus and the Securities (including those set out above) and that it agrees to be bound by, and not to resell, pledge or otherwise transfer the Securities except in compliance with, such restrictions and conditions and the Securities Act;
- (iii) that, in the normal course of its business, the investor invests in or purchases securities similar to the Securities;
- (iv) that the purchaser is an Institutional Accredited Investor within the meaning of Rule 501(a)(1), (2), (3), (7) or (8) (but with respect to sub-clause (a) (8), only a “fund of funds” entity) of Regulation D under the Securities Act and has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of its investment in the Securities, and it and any accounts for which it is acting are each able to bear the economic risk of its or any such accounts’ investment for an indefinite period of time;
- (v) that the Institutional Accredited Investor is acquiring the Securities purchased by it for its own account or for one or more accounts (each of which is an Institutional Accredited Investor) as to each of which it exercises sole investment discretion and not with a view to any distribution of the Securities, subject, nevertheless, to the understanding that the disposition of its property shall at all times be and remain within its control; and
- (vi) that the Institutional Accredited Investor acknowledges that (a) it did not rely on any investigation that the Issuer, any of its affiliates or any person acting on their behalf may have conducted with respect to any Underlying Issuer or Underlying, and none of such persons has made any representation to it, express or implied, with respect to any such Underlying Issuer or the Underlying; (b) it conducted and relied on its own investigation with respect to the Underlying; (c) it had an opportunity to ask executive officers of any such Underlying Issuer such questions as it considers necessary or appropriate with respect to such Underlying Issuer

or the Underlying; and (d) it received all information that it believes is necessary or appropriate in connection with any such Underlying; and

(vii) any additional representations that the Issuer may from time to time require.

No sale of interests in a Rule 144A Global Security to any one purchaser, will be for less than U.S.\$100,000 (or its foreign currency equivalent) nominal amount. No interest in a Rule 144A Global Security will be issued in connection with a sale in a smaller applicable nominal amount. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least U.S.\$100,000 (or its foreign currency equivalent) nominal amount of Securities.

United States Federal Income Taxation

Any U.S. federal income tax discussion in this Base Prospectus was not written and is not intended to be used and cannot be used by any taxpayer for purposes of avoiding United States federal income tax penalties that may be imposed on the taxpayer. Any such tax discussion was written to support the promotion or marketing of the Securities to be issued pursuant to this Base Prospectus. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

The following summary is a general discussion of the principal potential U.S. federal income tax consequences to U.S. Holders (as defined below) who purchase Securities that are equity certificates ("**Equity Securities**") on original issuance for the stated principal amount and hold the Equity Securities as capital assets within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986 (the "**Code**"). The following discussion is limited to the U.S. federal income tax treatment of Securities that are Equity Securities.

This summary is based on the Code, administrative pronouncements, judicial decisions and currently effective and proposed Treasury regulations, changes to any of which subsequent to the date of this Base Prospectus may affect the tax consequences described in this discussion. This summary does not address all aspects of U.S. federal income taxation that may be relevant to a potential purchaser in light of its individual circumstances or if a potential purchaser is subject to special treatment under U.S. federal income tax law (such as certain financial institutions, tax-exempt organisations, dealers in options or securities, partnerships or other entities classified as partnerships for U.S. federal income tax purposes, or persons who hold Equity Securities through such entities or as part of a hedging transaction, straddle, conversion or other integrated transaction, persons that have elected to mark their securities to market as traders for U.S. federal income tax purposes, or persons that have a "functional currency" other than the U.S. dollar). Further, this summary does not address alternative minimum tax consequences or the indirect effects on the holders of equity interests in a holder of Equity Securities.

Any of the foregoing circumstances might substantially alter the U.S. federal income tax consequences described below, and, in some instances, may require specific identification of positions in the relevant Equity Security before the close of the day on which they are acquired. For example, if the straddle rules were to apply, a U.S. Holder of an Equity Security might be required to (i) recognise all or a portion of any gain on such Equity Security that would otherwise be long-term or short-term capital gain, as ordinary income or, if applicable, short-term capital gain, (ii) defer all, or a portion, of any loss realised upon the sale, exchange, lapse, or Exercise of such Equity Security and (iii) capitalise any interest or carrying charges incurred by such U.S. Holder with respect to such Equity Security.

As the law applicable to the U.S. federal income taxation of instruments such as the Equity Securities is technical and complex, the discussion below necessarily represents only a general summary. Moreover, the effect of any applicable state, local or foreign tax laws is not discussed.

As used herein, a potential purchaser is a “**U.S. Holder**” if it is a beneficial owner of Equity Securities and is for U.S. federal income tax purposes:

- a citizen or resident of the United States;
- a corporation organised under the laws of the United States or any political subdivision thereof;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if (x) a court within the United States is able to exercise primary supervision over its administration and (y) one or more U.S. persons have the authority to control all of the substantial decisions of such trust.

Treatment of Equity Securities

No statutory, administrative or judicial authority directly addresses the treatment of the Equity Securities or instruments similar to the Equity Securities for U.S. federal income tax purposes. As a result, the U.S. federal income tax consequences of an investment in the Equity Securities is uncertain. Although there is no directly governing authority, the Issuer intends to treat the Equity Securities as prepaid cash-settled forward contracts for U.S. federal income tax purposes. In the absence of an administrative determination or judicial ruling to the contrary, U.S. Holders should report for U.S. federal income tax purposes consistent with this treatment. This characterisation of the Equity Securities, however, is not binding on the U.S. Internal Revenue Service (the “**IRS**”) or the courts, and no assurance can be given that the IRS will agree with the tax characterisations and the tax consequences described herein. Further, no rulings have been sought or are expected to be sought from the IRS with respect to any of the U.S. federal income tax consequences discussed below, and no assurance can be given that the IRS will not take contrary positions. Unless otherwise stated, the following discussion is based on the characterisation described above.

U.S. Holders should consult their own tax advisors with respect to the U.S. federal income tax consequences to them of the purchase, ownership, sale, exchange, lapse and Exercise of the Equity Securities in light of their own particular circumstances (including possible alternative characterisations of the Equity Securities) and with respect to the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

The Issuer will not investigate and will not have access to information that would permit it to ascertain whether any Underlying Issuer is a passive foreign investment company (a “**PFIC**”) for U.S. federal income tax purposes and the discussion below is based on the assumption that neither the Issuer nor any Underlying Issuer is a PFIC. A U.S. Holder may suffer adverse U.S. federal income tax consequences if either the Company or an Underlying Issuer is a PFIC. **U.S. Holders should consult their own advisors concerning the U.S. tax consequences to them of investing in Equity Securities if either the Issuer or an Underlying Issuer is a PFIC**

Holding Equity Securities Prior to Settlement

A U.S. Holder should not recognise any income, gain, loss or deduction prior to the Settlement Date or Maturity Date as applicable of the Equity Securities.

Sale, Exchange, Lapse or Exercise of Equity Securities

A U.S. Holder will recognise gain or loss on the sale, exchange, or lapse of Equity Securities (and, in the case of Equity Securities that are cash-settled, on the Exercise, including any automatic Exercise,

of Equity Securities) equal to the difference between the amount realised, if any, on the sale, exchange, lapse or Exercise and the U.S. Holder's tax basis in the Equity Securities. A U.S. Holder's initial tax basis in an Equity Security purchased with foreign currency will be the U.S. dollar value of the foreign currency cost of the Security.

If a U.S. Holder Exercises a Physical Delivery Security and receives delivery of the Share Amount, then the U.S. Holder's basis in the Share Amount will be the U.S. Holder's basis in the Equity Securities. The U.S. Holder will recognise gain or loss on the exchange or sale of the Share Amount equal to the difference between the amount realised, if any, on the Exercise and the U.S. Holder's tax basis in the Equity Securities.

Any gain or loss should be capital gain or loss and should be long-term capital gain or loss if the U.S. Holder held the Equity Securities or the Share Amount as applicable for more than one year. Such gain or loss generally will be gain or loss from U.S. sources for U.S. foreign tax credit purposes.

A U.S. Holder will generally have a tax basis in any foreign currency received on the sale, exchange or Exercise of an Equity Security equal to the U.S. dollar value of such foreign currency. Any gain or loss realised by a U.S. Holder on a sale or other disposition of the foreign currency, including their exchange for U.S. dollars, will be ordinary income or loss.

Prospective investors should consult their own tax advisors with respect to the treatment of long-term capital gains (which may be taxed at lower rates than ordinary income for certain taxpayers) and capital losses (the deductibility of which is subject to limitations).

Alternative Characterisations

The IRS or a court could attempt to characterise an Equity Security as something other than a prepaid cash-settled forward contract as described above, including a deep-in-the-money option or ownership of an equity interest in the Issuer or an ownership interest in the Underlying prior to the Exercise of an Equity Security. In such case, the payment of a Dividend Amount and/or, in the case of Physical Delivery Securities, any dividend by the Issuer on the Equity Securities, could be viewed as taxable income to a U.S. Holder upon receipt of the Dividend Amount or dividend. Alternatively, the payment of the Dividend Amount or dividend by the Issuer could be treated (either in whole or in part) as a non-taxable return of the Issue Price, requiring a consequent reduction of the U.S. Holder's basis in the Equity Securities.

U.S. Holders should consult with their own tax advisors as to the U.S. federal income tax consequences of investing in an Equity Security, including the proper tax treatment of the payment of any Dividend Amount or dividend.

Backup Withholding and Information Reporting

In general, amounts paid with respect to the sale, exchange or Exercise of Equity Securities and/or Share Amounts payable to a U.S. Holder in the United States, or by a U.S. paying agent or other U.S.-related intermediary, may be reported to the IRS and to the U.S. Holder as may be required under applicable U.S. Treasury regulations. Backup withholding may apply to these payments if the U.S. Holder fails to provide an accurate taxpayer identification number or certification of exempt status or otherwise to comply with the applicable U.S. Treasury regulations. Certain U.S. Holders (including, among others, corporations) are not subject to backup withholding. U.S. Holders should consult their tax advisors as to their qualification for an exemption from backup withholding and the procedure for obtaining an exemption.

ERISA

The Issuer and certain affiliates of the Issuer may each be considered a “party in interest” within the meaning of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) or a “disqualified person” within the meaning of the Internal Revenue Code of 1986, as amended, (the “Code”) with respect to certain employee benefit plans and individual retirement accounts, Keoghs and other plans subject to Section 4975 of the Code. Prohibited transactions within the meaning of ERISA or the Code may arise, for example, if the Securities are acquired by or with the assets of a pension or other employee benefit plan or account with respect to which the Issuer or any of its affiliates is a service provider, unless the Securities are acquired pursuant to an exemption from the prohibited transaction rules. Similar rules may also apply to certain governmental plans (as defined in Section 3(32) of ERISA) church or non U.S. plans, to the extent such plans are subject to provisions similar to the prohibited transaction rules.

The assets of a pension or other employee benefit plan may include assets held in the general account of an insurance company that are deemed to be “plan assets” under ERISA.

The acquisition of the Securities may be eligible for one of the exemptions noted below if such acquisition:

- (a) (i) is made solely with the assets of a bank collective investment fund and (ii) satisfies the requirements and conditions of Prohibited Transaction Class Exemption (“**PTCE**”) 91-38 issued by the Department of Labor (“**DOL**”);
- (b) (i) is made solely with assets of an insurance company pooled separate account and (ii) satisfies the requirements and conditions of PTCE 90-1 issued by the DOL;
- (c) (i) is made solely with assets managed by a qualified professional asset manager and (ii) satisfies the requirements and conditions of PTCE 84-14 issued by the DOL;
- (d) (i) is made solely with assets of a governmental plan, and (ii) is not subject to any federal, state or local law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code;
- (e) (i) is made solely with assets of an insurance company general account and (ii) satisfies the requirements and conditions of PTCE 95-60 issued by the DOL;
- (f) (i) is made solely with assets managed by an in-house asset manager and (ii) satisfies the requirements and conditions of PTCE 96-23 issued by the DOL; or
- (g) is made in accordance with Section 408(b)(17) to a non-fiduciary service provider for adequate consideration.

By its purchase of any Security and by each subsequent transferee’s purchase of any Security, each Holder and each subsequent transferee will be deemed to have represented and warranted on each day from the date on which it acquires the Security through and including the date on which it disposes of its interest in the Security, either that (A) it is not a plan subject to the fiduciary responsibility provisions of ERISA or Section 4975 of the Code or a governmental church or non-U.S. plan which is subject to any federal state or local law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code or, (B)(i) its purchase, holding and disposition of the Security will not result in a prohibited transaction under Section 406 of ERISA or Section 4975 or the Code (or, in the case of a governmental, church or non-U.S. plan, a violation of any substantially similar federal, state, local or non-U.S. law) or any other violation of an applicable requirement of ERISA of the Code (including, without limitation, Section 404(b) of ERISA and DOL regulation section 2550.404b-1) for which an exemption is not available, and (ii) neither the Issuer nor any of its

affiliates is a “fiduciary” (within the meaning of Section 3(21) of ERISA) with respect to it by reason of its investment in the Securities and no advice that has been provided to it by the Issuer or any of its affiliates has formed a primary basis for any investment decision by it made in connection with the Securities. By its purchase of any Security, each Holder hereby indemnifies the Issuer, its subsidiaries and affiliates, and its officers, directors, advisors and other representatives and any of their subsidiaries or affiliates, against any direct or indirect liability that arises from any breach (whether or not intentional) of the foregoing representations.

Each purchaser of Securities will, by its purchase of such Securities, be deemed to acknowledge that the purchase of the Security may not satisfy the indicia of ownership requirements under ERISA (Section 404(b)) and the Issuer makes no representations in connection therewith. Accordingly, benefit plan investors that are subject to ERISA should consult with their own counsel to determine whether the purchase of Securities will satisfy the indicia of ownership requirements of ERISA applicable to such purchase.

Any insurance company or pension or employee benefit plan proposing to invest in the Securities should consult with its legal counsel. Purchasers of the Securities have exclusive responsibility for ensuring that their purchase and holding of the Securities does not violate the fiduciary and prohibited transaction rules of ERISA, the Code or any similar laws or rules.

The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

Interest material to the Issue

So far as the Issuer is aware, no person (other than the Issuer in its separate capacities as Issuer and Calculation Agent, see below *Actions taken by the Calculation Agent may affect the Underlying*”) that was involved in the issue of the Securities had an interest material to the issue of the Securities.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer shall initially act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

Extension of Exercise Date

In accordance with the terms of the Securities the Issuer can extend the Exercise Date in its sole discretion and is not under any obligation to disclose reasons for doing so.

Description of the Securities

Equity Certificates are certificates where the underlying is a share. Equity Certificates are not open end certificates. Equity Certificates may be cash settled or physically settled. Cash settled certificates pay, upon exercise, a cash amount determined by reference to the value of the underlying share or shares. Physically settled certificates entitle the holder, upon exercise, to delivery of a defined amount of the underlying and a cash payment in respect of any fractional entitlement.

The underlying shares (the “**Shares**”) are the ordinary shares of Bank of India (ISIN: INE084A01016), (each a “**Share**”).

The Securities are cash settled investment instruments which, upon exercise on the Exercise Date, pay a Cash Amount determined by reference to the value of the Share on the relevant Valuation Date, subject to the terms of the Securities.

The Cash Amount shall be determined by the Calculation Agent in accordance with the following formula:

$$\text{Participation} \times \text{Final Reference Price} \times \text{Entitlement}$$

provided the Cash Amount shall not be less than zero.

Subject to the terms of the Securities, the Final Reference Price is an amount equal to the weighted average price per Share of the sale of such number of Shares (the “**Sale**”), equal to the number of Securities outstanding on the Valuation Date (the “**Parcel**”). The Sale is therefore necessary and relevant in determining the Final Reference Price.

The Parcel is sold on the Exchange and at such times on the Valuation Date as the Hedge Holder (on behalf of the Issuer) in its sole and absolute judgement determines. The Parcel shall be converted into the Settlement Currency at the Deliverable Forward Rate on the Valuation Date.

The Hedge Holder shall hedge the entire Parcel at its own discretion using either the Shares or an equivalent instrument or instruments referencing the Shares. There is a direct connection between the Parcel and the number of Shares referenced by such hedge.

Subject to the terms of the Securities, the Holder is also entitled to receive the Dividend Amount in respect of the Share from time to time, as determined by the Calculation Agent.

CONDITIONS: GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions (whether or not attached to this document). The Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on the Definitive Securities or attached to the Global Security representing the Securities.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that for reasons beyond its control its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

- (a) Validity. Unless otherwise specified in an Offering Supplement, announcements to Holders will be valid if delivered to the Clearing Agent(s).
- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the date first delivered to a Clearing Agent) or, if published as specified in the relevant Offering Supplement on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition

4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).

- (b) Hedging Disruption Event. A “Hedging Disruption Event” shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a “Relevant Hedging Transaction”) it deems necessary or desirable to hedge the Issuer's obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
- (i) any material illiquidity in the market for the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
 - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
 - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
 - (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.
- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
- (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
 - (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);

- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay, any tax, duty or charge in connection with, the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay, and if a FX Market Disruption Event occurs on or around any day on which any amount is due to be paid hereunder, then no payment shall be made until as soon as practicable thereafter, provided that if a FX Market Disruption Event is subsisting for a period of twelve continuous months from and including the day on which the Final Reference Price is determined and it has remained throughout such time impracticable for the Issuer to make the payment due, then all obligations of the Issuer in respect of the Securities shall be discharged and the Issuer shall have no further obligations in respect thereof.
- (e) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount or Dividend Amount.

- (i) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is

incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence at any time on any Trading Day on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) the Shares on the Exchange or any other exchange on which the Shares are listed; or (B) any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material;
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located; or
- (3) the inability of the Hedge Holder to unwind its hedge or related trading position relating to the Securities due to illiquidity, if, in the determination of the Calculation Agent, that illiquidity, as the case may be, is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

“FX Market Disruption Event” means any of the following: (A) the failure by the Reserve Bank of India (the “**RBI**”) or other Indian governmental authority to exchange or to approve or to permit the exchange of the Underlying Currency for the Settlement Currency or the transfer of the Settlement Currency from accounts inside to outside India; or (B) the general unavailability of the Settlement Currency at a spot

rate of exchange for the Underlying Currency in any legal exchange market in India that is officially recognised as such by the RBI in accordance with normal commercial practice. Any determination by the Calculation Agent that at any time a FX Market Disruption Event has occurred shall be final and binding on the Issuer and the Holder.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a call by the Share Company in respect of relevant Shares that are not fully paid; (E) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (F) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
 - (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“Merger Event” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer the

Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) Force Majeure Event. If a Force Majeure Event occurs on any day resulting in the Issuer being unable to fulfill its obligations when such obligations are due, then such obligations shall be postponed until the first immediately succeeding Business Day on which the Force Majeure Event is no longer subsisting provided that if a Force Majeure Event is subsisting for a period of twelve continuous months (i) from and including the day by which the sale of all Shares comprising the Parcel has been completed and (ii) in the event that the sale of all Shares comprising the Parcel has not been completed by the last day of a twenty four continuous month period commencing from and including the Valuation Date, from and excluding the last day of such twenty four continuous month period, then all the obligations of the Issuer in respect of the Securities shall be discharged and the Issuer shall have no further obligations in respect thereof.
- (e) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

5. GOVERNING LAW

The Conditions pertaining to the Securities shall be governed by and shall be construed in accordance with English law.
