1. This Supplement dated 8 November 2012 (this **Supplement**) constitutes the ninth supplement to the base prospectus dated 25 May 2012 in relation to the Issuer's LaunchPAD Programme for the issuance of Open End Certificates approved by the Netherlands Authority for the Financial Markets (*Stichting Autoriteit Financiële Markten*, the **AFM**) on 25 May 2012 (the **Base Prospectus**).

3. This Supplement is supplemental to, and should be read in conjunction with, the Base Prospectus and any other supplements thereto issued by the Issuer. Terms defined in the Base Prospectus have the same meaning when used in this Supplement.
4. In accordance with Article 5:23(6) of the Financial Supervision Act (*Wet op het financieel toezicht*), investors who have agreed to purchase or subscribe for securities issued under the Base Prospectus before this Supplement is published have the right, exercisable before the end of the period of two working days beginning with the working day after the date on which this Supplement was published, to withdraw their acceptances.

6. The Issuer proposes to issue Open End Certificates with Currency Adjustment under the Base Prospectus. Accordingly, by virtue of this Supplement, the following amendments are made to the Base Prospectus:

- (a) The "**Summary**" section beginning on page, shall be amended as follows:

The following paragraph shall be inserted into the section of the Summary titled "**Description of the Securities**":

Open End Certificates with Currency Adjustment: Open end certificates with currency adjustment are similar to open end certificates in that, when exercised or terminated in accordance with their Conditions, they pay an amount determined by reference to the value of the Underlying, but the amounts payable are subject to foreign exchange and currency forward rate fluctuations. The Securities aim to minimise an investor's exposure to the exchange rate risk between the settlement currency and the currency of the Underlying using one-month foreign exchange forwards.

If this feature is not adequate to mitigate the currency risk, the performance of the Security may differ from the performance of the Underlying. This could result in the Security having a lower return than would be achieved through a direct investment in the Underlying.

- (b) The "**Risk Factors**" section of the Base Prospectus shall be amended by adding the following paragraph under the sub-heading entitled "*The Securities are certificates which entail particular risks*", which is under the heading "**Factors which are material for the purpose of assessing the market risks associated with Securities issued**":

The Securities aim to minimise an investor's exposure to the exchange rate risk between the settlement currency and the currency of the Underlying one-month foreign exchange forwards.

- (c) The "**General Information**" section of the Base Prospectus shall be amended by adding the following paragraph after Paragraph (k) entitled "**Description of the Securities**" under the Heading "**Information on the Offering of the Securities**":

The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the “**Register**”) and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression “**Holder**” and related expressions shall be construed accordingly).

Any reference to the “Operator” (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator “shall do”, or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final

Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

(a) Exercise. Provided, if applicable, no Early Termination Event has occurred and notwithstanding notice of an Issuer Call, the Securities are exercisable by delivery of a Notice prior to the Exercise Time on the Exercise Date.

(b) Issuer Call. The Issuer may terminate the Securities, in whole but not in part on any Business Day, by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.

(c) Early Termination Event: If Early Termination Event is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4. An Early Termination Event will override an Issuer Call and/or due Exercise if the Early Termination Event occurs prior to an Issuer Call Date or Valuation Date as the case may be.

(d) Cash Settlement. Each Security upon due Exercise, termination pursuant to an Issuer Call or the occurrence of an Early Termination Event (if applicable), and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership entitles its Holder to receive from the Issuer on the Settlement Date the applicable Cash Amount.

(e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.

(f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent and any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.

(g) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be credited with any Cash Amount for such Securities;
- (v) where the Securities are cleared through CREST, specify the account of the Holder and any such other details as may be required to enable receipt or delivery of any settlement in respect of any Securities other than in cash;
- (vi) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means

(A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

(vii) authorise the production of such Notice in any applicable administrative or legal proceedings.

(h) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.

(i) Settlement. The Issuer shall pay or cause to be paid any Cash Amount for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.

(j) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

(k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or, where the Securities are cleared through CREST, the Registrar, as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.

(l) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

(m) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

(n) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

4. ADJUSTMENTS

(a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In respect of an Index which is not a Commodity Index, “**Market Disruption Event**” means (i) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

(i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index (as determined by the Calculation Agent) if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

(ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

In respect of a Commodity Index, “**Market Disruption Event**” means, in relation to the Commodity Index or its components:

(i) **Price Source Disruption.** The failure by the Exchange to announce or publish the price of the Commodity Index or any of its components (or the information necessary for determining such price(s)) or the temporary or permanent discontinuance or unavailability of such price(s) by the Exchange; or

(ii) **Trading Suspension.** The material suspension of trading on the Exchange; or

(iii) **Disappearance of Price.** The permanent discontinuation of trading in the Commodity Index or any of its components on the Exchange, disappearance of, or of trading in, the Commodity Index or any of its components or the disappearance or permanent discontinuance or unavailability of a reference price,

notwithstanding the availability of the related price source or the status of trading in the Commodity Index or any of its components;

(iv) **Material Change in Formula.** The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of, calculating the price of a component of the Commodity Index; or

(v) **Material Change in Content.** The occurrence, since the Issue Date, of a material change in the content or composition of a Commodity Index or any component of the Commodity Index; or

(vi) **De Minimis Trading.** The number of contracts traded on the Exchange with respect to a Commodity Index or any of its components is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity Index or any of its components has been impaired due to a lack of, or a material reduction in, trading in the Commodity Index or any of its components on the Exchange; or

(vii) **Tax Disruption.** The imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, a Commodity Index or any of its components (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity Index or any of its components on the Valuation Date, Issuer Call Date or the Early Termination Date, if applicable, as the case may be, and/or on each of the three Trading Days following the Valuation Date, Issuer Call Date or the Early Termination Date, if applicable, as the case may be, from what it would have been without that imposition, change or removal; or

(viii) **Trading Limitation.** The material limitation imposed on trading in a Commodity Index or any of its components on any exchange or principal trading market; or

(ix) **Moratorium.** A general moratorium is declared in respect of banking activities in the country in which the Exchange is located; or

(x) **Other Events.** Any other event similar to any of the above which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

(b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

(1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then

(in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

(2) If (A) on or prior to the Valuation Date, the Early Termination Date (if applicable) or the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities or components, as the case may be, and other routine events); or (B) on or prior to the Valuation Date, the Early Termination Date (if applicable) or the Issuer Call Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, Early Termination Date (if applicable) or the Issuer Call Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those (a) in respect of an Index which is not a Commodity Index, securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed); or (b) in respect of a Commodity Index, commodity components that comprised the Index immediately prior to the change or failure (other than those components that have since ceased to be traded on the Exchange or any other exchange) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall (if so required by the Issuer), by giving notice in accordance with General Condition 4, terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount equal to the fair market value of the Security immediately prior to such material modification of the Index less the cost to the Issuer of unwinding any related hedging arrangements (as determined by the Issuer).

(3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index (which term excludes, for these purposes of this paragraph (3), any Commodity Index) in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order so to account for: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders of the Shares by way of bonus, capitalisation or similar issue; (C) an extraordinary

dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer of the Shares, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date, Early Termination Date (if applicable) or the Issuer Call Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

(4) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such further issue, adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. Effect of Final Terms

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
