Business overview

Friesland Bank is a Dutch general bank engaged in both retail and wholesale banking. The bank's activities are focused on mortgages, savings, and services to small and medium sized enterprises primarily in the northern part of the Netherlands. The bank offers a full range of banking and insurance products and services to its clients. One of the key points of the bank is its focus on customer intimacy. Although Friesland Bank has its origins in the agricultural sector, its current business loan book is well diversified across a number of sectors. In terms of volume, mortgages form the major part of Friesland Bank's assets. The bank's strong presence in the northern part of the Netherlands and its unique history and independent status make it a credible alternative to larger competitors.

Essential characteristics of the Notes and the Programme

The Issuer may, subject to compliance with all relevant laws, regulations and directives, from time to time issue Notes under the Programme denominated in any currency (including euro) agreed between the Issuer and the relevant Dealer. The aggregate principal amount of the Notes outstanding will not at any time exceed € 5,000,000,000, subject to any duly authorised increase. The aggregate principal amount, any interest rate or interest calculation, the issue price and any other terms and conditions not contained herein with respect to each Series of Notes will be established at the time of issuance and set forth in the applicable Final Terms. The Notes may be offered for sale only outside the United States to non-U.S. persons in reliance on and in accordance with Regulation S and in accordance with all applicable laws and regulations.

Application may be made for the Notes issued under the Programme to be admitted to trading on Euronext Amsterdam by NYSE Euronext, the Luxembourg Stock Exchange and/or any other regulated market within the European Economic Area and/or any other stock exchange(s). However, Notes may also be issued under the Programme on an unlisted basis, as may be agreed between the Issuer and the relevant Dealer.

At each issue of Notes under the Programme the Issuer will deliver a global Note representing the Notes, which global Note will be exchangeable for either interests in a permanent global Note or Notes in definitive bearer form. The Notes under the Programme will constitute direct and unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and (other than when relating to Subordinated Notes as defined herein) unsubordinated obligations of the Issuer, save for those preferred by mandatory provisions of law, and will have the benefit of a negative pledge and the events of defaults set out in the "Terms and Conditions of the Notes". Notes may be redeemable at their principal amount or at such other redemption amount as may be specified in the applicable Final Terms. Early redemption will be permitted for taxation reasons as set out in the section "Terms and Conditions of the Notes" but will otherwise be permitted only to the extent set out in the applicable Final Terms.

Risk Factors

There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Notes and certain other risks related to the Notes issued under the Programme. These factors and risks are set out under "Risk Factors" starting on page 7 below and include risk factors relating to:

- the market in general, such as that there may not be an active trading market for the Notes and exchange and interest rate risks;
- the structure of particular Note issues, (including but not limited to Index Linked Notes, Dual Currency Interest Notes, Partly-paid Notes, Variable Rate Notes, Interest Floating Rate Notes, Fixed/Floating Rate Notes and Instalment Notes) such as that in certain cases Notes may be redeemed prior to maturity;
- the Notes in general, such as that the terms and conditions of the Notes may be modified following a meeting of holders of a Note (each a "**Noteholder**") and the fact that with regard to global Notes the Noteholder is to some extent dependent on the procedures of the relevant clearing institution; and
- the Issuer specifically, such as risks related to credit risks, counterparty risk, market risk, operational risks, insurance risks, interest rate risks, liquidity risks and treasury risks.

Supplemental information

So long as Notes are capable of being issued under the Programme, copies of the following documents will, when published, be available during normal office hours from the registered office of the Issuer and from the specified office of the Agent:

- (i) the articles of association (*statuten*) of the Issuer and an English translation thereof;
- (ii) the annual audited reports of the Issuer for the two most recent financial years and the most recently available published unaudited semi-annual financial statements of the Issuer;
- (iii) the Programme Agreement and the Agency Agreement (which contains the forms of the temporary and permanent global Notes, the Definitive Notes, the Receipts, the Coupons and the Talons);
- (iv) a copy of this Base Prospectus; and
- (v) the Final Terms for each Tranche of listed Notes and/or Notes offered to the public.

RISK FACTORS

Prospective investors should read the entire Base Prospectus. Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section. In this section, references to Conditions are references to the "Terms and Conditions of the Notes".

Investing in the Notes involves certain risks. Prospective investors should consider, among other things, the following:

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Notes, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

Although the Issuer believes that the risks and uncertainties described below are its material risks and uncertainties, they may not be the only ones it faces. Additional risks and uncertainties not presently known to the Issuer or that it currently deems immaterial may also have a material adverse effect on the Issuer's business, results of operations or financial condition and could negatively affect the price of the Notes.

RISK FACTORS REGARDING FRIESLAND BANK N.V.

Friesland Bank faces substantial competitive pressures which could adversely affect Friesland Bank's results of operations

There is substantial competition in the Netherlands for the types of banking, insurance and other products and services Friesland Bank provides. Friesland Bank faces competition from companies such as the ING Group, ABN AMRO Bank N.V., SNS Bank N.V. and the Rabobank Group. Friesland Bank may face additional competition from existing competitors and possibly from other financial institutions that may enter its markets. Friesland Bank's competitors may have greater financial, marketing, product development or other resources. In addition, competition in the financial services industry is increased by the high level of consolidation in the Netherlands in the markets where Friesland Bank operates. Consolidation may create additional or stronger competitors and may intensify competition.

If Friesland Bank is unable to offer competing attractive products and services that are profitable, Friesland Bank may lose market share or incur losses on some or all of its activities. Consumer demand, technological changes, regulatory actions and other factors also affect competition. Competitive pressures could result in increased pricing pressures, particularly as competitors seek to win market share, and may harm Friesland Bank's ability to maintain or increase profitability.

Market conditions can adversely affect the results of Friesland Bank

Friesland Bank's business segment is affected by market conditions, which can cause results to fluctuate from year to year as well as on a long-term basis. These market conditions include, without limitation, fluctuations in interest rates, share prices, monetary policy, consumer and business spending, employment levels and demographics. The recent financial and credit crisis has caused increased volatility and a more difficult funding environment for financial institutions. This may cause more volatility in Friesland Bank's results. The difficult funding environment may lead to liquidity problems for Friesland Bank which may result in an inability to timely repay deposits and/or loans.

Loans to small, medium and large corporations form a substantial part of Friesland Bank's loan portfolio. An economic recession, together with a drop in business income and property values will have a negative impact on the financial condition of these corporations and ultimately on their capacity to repay their debts to the bank.

Volatility in interest rates may negatively affect Friesland Bank's financial position or results of operations from its banking business

The level of interest rates and changes in prevailing interest rates (including changes in the difference between the levels of prevailing short- and long-term rates) could adversely affect the results of Friesland Bank. The results of the banking operations of Friesland Bank are affected by its management of interest rates sensitivity. The composition of Friesland Bank's assets and liabilities, and any gap position resulting from that composition, causes the banking operations net interest income to vary with changes in interest rates. There can be no assurance that Friesland Bank will be able to successfully manage interest rate spreads or the potential negative impact of risks associated with sustained low interest rate changes. A mismatch of interest-earning assets and interest-bearing liabilities in any given period may, in the event of changes in interest rates, have a material adverse effect on the financial position or result of operations of the banking business of Friesland Bank.

While Friesland Bank manages its operational risks, these risks remain an inherent part of all of Friesland Bank's businesses

The operational risks that Friesland Bank faces include the possibility of inadequate or failed internal or external processes or systems, human error, regulatory breaches, employee misconduct or external events such as fraud. These events may result in financial loss and may harm Friesland Bank's reputation. Additionally, the loss of key personnel could adversely affect Friesland Bank's operations and results.

Management of operational risks requires, among other things, policies and procedures to properly record and verify a large number of transactions and events. Friesland Bank attempts to

keep operational risks at appropriate levels by maintaining a well controlled environment in light of the characteristics of its business, the markets and the regulatory environments in which it operates. While the policies and procedures Friesland Bank has in place mitigate operational risks they may not be fully effective and cannot eliminate them completely.

Friesland Bank has counterparty risk exposure

Friesland Bank is subject to general credit risks, including credit risk of borrowers. Third parties that owe Friesland Bank money, securities or other assets may not pay or perform under their obligations. These parties include borrowers under loans granted, the issuers whose securities Friesland Bank holds, customers, trading counterparties, counterparties under swaps and credit and other derivative contracts, clearing agents, exchanges, clearing houses and other financial intermediaries. These parties may default on their obligations to Friesland Bank due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons.

A downgrade of any of Friesland Bank's credit ratings may impact its ability to attract funding and could have an adverse effect on its financial condition

In February 2009, Fitch Ratings downgraded the Long-term Issuer Default Rating ("IDR") of Friesland Bank from A to A- (A-minus). The Short-term IDR was downgraded from F1 to F2. In April 2010, Fitch Ratings further downgraded Friesland Bank's Long-term IDR to BBB+. Friesland Bank has a Moody's Senior Unsecured rating of A2 and a short term rating of Prime-1 (P-1).

A downgrade of any of Friesland Bank's credit ratings (for whatever reason) would result in higher funding and refinancing costs for Friesland Bank on the capital markets. In addition, a downgrade may limit Friesland Bank's opportunities to operate in certain business areas and may have a particularly adverse effect on its image as a participant on the capital markets, as well as in the eyes of its clients. These factors may adversely affect Friesland Bank's financial condition and result of operations.

The business of Friesland Bank is primarily concentrated in the Netherlands

Friesland Bank generates most of its income in the Netherlands. Friesland Bank is therefore particularly exposed to the economic conditions in the Netherlands and highly susceptible to changes in these conditions. The Dutch economy is for an important part based on export and import. Limitations on the free trade of goods and services might harm the Dutch economy. With Germany being the most important trading partner for the Netherlands, adverse changes in the economic conditions in Germany can have a negative effect on the Dutch economy. Any deterioration of the economic environment in the Netherlands could negatively affect the demand for products and services of Friesland Bank.

Friesland Bank's geographical concentration could impede its ability to generate revenues

Friesland Bank's operations are historically concentrated in the northern region of the Netherlands. Agriculture has a significant influence on this region's economic performance. Although Friesland Bank has branched out to other regions of the Netherlands and the bank's current business loan book is well diversified across a number of sectors, Friesland Bank cannot

assure that an economic downfall in that region or in the agricultural sector would not have adverse effects on the business and results of Friesland Bank.

A significant part of the result of Friesland Bank relates to mortgage loan products

Mortgage loans constitute over 50 per cent. of Friesland Bank's total loan portfolio. An economic downturn, stagnation or drop in property values, changes in or abolition of the tax deductability of interest payments on residential mortgage loans, increased interest rates or a combination of these factors, could lead to a decrease in the production of new mortgage loans and/or increased default rates on existing mortgage loans. On the other hand, a decrease in the general level of interest rates could negatively affect the business and results of Friesland Bank through, among other things, increased pre-payments on the loan and mortgage portfolio.

Friesland Bank is exposed to the risks of a decline in the securities markets or poor investment performance

The evolution of prices and indices of securities, both in terms of equity and fixed income, in which Friesland Bank invests, has an impact on the investment income. Also, Friesland Bank is exposed to default risks of the securities in the investment portfolio. Furthermore, a decline or disruption of the securities markets may cause the clients of Friesland Bank to withdraw funds in favour of investments they perceive as offering greater opportunity or lower risk, which could result in lower investment advisory fees.

Friesland Bank faces significant liquidity risk

Liquidity risk refers to the risk that funding and liquid assets will not be (sufficiently) available as a result of which Friesland Bank may not be able to meet short-term financial obligations. The volume of Friesland Bank's loan portfolio is higher than the amount of savings money attracted by Friesland Bank. This has resulted in an dependency on wholesale funding including the use of securitisation of parts of the loan portfolio. The gap between loans granted and savings and deposits entrusted is funded in the money and capital markets. Good access to these markets is necessary to finance the growth of the loan portfolio and to refinance all outstanding loans with a shorter maturity than the mortgages in which the money is invested. The access to the money and capital markets may be affected by concerns about the credit strength of Friesland Bank, but may also be influenced by concerns about the market segments in which Friesland Bank is active, or by a general market disruption. Access to the markets may be further affected by the credit rating of Friesland Bank.

The performance of Friesland Bank depends on its ability to accurately price its products and services

The result of operations and financial condition of Friesland Bank depends, among other things, on its ability to set rates and prices accurately. Rate adequacy is necessary to generate sufficient income to pay losses and expenses and to earn profits on income.

Friesland Bank's ability to price its products and services accurately is subject to a number of uncertainties. As a result, rates and prices of products and services may be determined on the basis of inadequate or inaccurate data or inappropriate analyses, assumptions or methodologies. If Friesland Bank fails to establish adequate rates and prices revenues could decline while expenses increase resulting in proportionately greater losses.

Friesland Bank's results of operations can be affected by significant adverse regulatory developments including changes in tax law

Friesland Bank conducts its businesses subject to ongoing regulatory and associated risks, including the effects of changes in law, regulations, and policies in the Netherlands. The timing and form of future changes in regulation are unpredictable and beyond control of Friesland Bank, and changes made could materially adversely affect Friesland Bank's business.

Friesland Bank is required to hold various licenses for its operations and is subject to regulation and supervision by authorities in the Netherlands (such as the Dutch Central Bank, the AFM and Euronext Amsterdam) and in all other jurisdictions in which it operates. Extensive regulations are already in place and new regulations and guidelines are introduced relatively frequently. Regulators and supervisory authorities seem to be taking an increasingly strict approach to regulation and the enforcement thereof which may not be to Friesland Bank's benefit. A breach of any regulations by Friesland Bank could lead to intervention by supervisory authorities and Friesland Bank could come under investigation and surveillance, and be involved in judicial or administrative proceedings. Friesland Bank may also become subject to new regulations and guidelines that may require additional investments in systems and people. Compliance with such regulations and guidelines may place additional burdens or restrictions on Friesland Bank.

Catastrophic events, terrorist attacks and similar events could have a negative impact on the business and results of Friesland Bank

Catastrophic events, terrorist attacks and similar events, as well as the responses thereto may create economic and political uncertainties, which could have a negative impact on economic conditions in the regions in which Friesland Bank operates and, more specifically, on the business and results of Friesland Bank in ways that cannot be predicted.

RISK FACTORS REGARDING THE NOTES

Notes may not be a suitable investment for all investors

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;

- (d) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common of such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Interest Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "**Relevant Factor**"). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Prospective investors should be aware that:

- (i) the market price of such Notes may be very volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;

- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Partly-Paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable Rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse floating rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse floating rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/floating rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the fixed/floating rate Notes may be less favourable than prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Issues of Subordinated Notes; limited rights to accelerate

The Issuer may issue Notes under the Programme which are subordinated to the extent described in Condition 3 of the Terms and Conditions. Any such Subordinated Notes will constitute unsecured subordinated obligations of the Issuer. Subordinated Notes of one Series will rank pari passu without any preference among themselves and with all other present and future unsecured and identically subordinated obligations of the Issuer, save for those preferred by mandatory provisions of law. In the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium (as defined in Condition 3 of the Terms and Conditions) with respect to the Issuer, the claims of the holders of the Subordinated Notes against the Issuer will be subordinated to (a) the claims of depositors, (b) unsubordinated claims with respect to the repayment of borrowed money and (c) other unsubordinated claims. By virtue of such subordination, payments to a Subordinated Holder will, in the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Subordinated Holder shall be excluded until, all obligations of the Issuer resulting from deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied. A Subordinated Holder may therefore recover less than the holders of deposit liabilities or the holders of other unsubordinated liabilities of the Issuer. Furthermore, the Conditions do not limit the amount of the liabilities ranking senior to any Subordinated Notes which may be incurred or assumed by the Issuer from time to time, whether before or after the issue date of the relevant Subordinated Notes.

In addition, the rights of Holders of Subordinated Notes are limited in certain respects. In particular, (i) redemption of Subordinated Notes pursuant to Conditions 7(b), (c) or (d) may only be effected after the Issuer has obtained the written consent of the Dutch Central Bank, and (ii) the Issuer must obtain the prior written consent of the Dutch Central Bank before effecting any repayment of Subordinated Notes following an event of default. See Conditions 7(e) and 10 for further details.

Under certain conditions, interest payments under Tier 3 Notes must be deferred

Interest on Tier 3 Notes will not be payable on any interest payment date if and to the extent that at the time of, or as a result of such payment the Issuer's actual Own Funds (as defined in Condition 5(e)) would amount to less than 100 per cent. of the Issuer's required minimum amount of Own Funds under the Solvency Guidelines (as defined in Condition 3). Any interest in respect of the Tier 3 Notes not paid on an interest payment date on which such interest would otherwise be payable will constitute arrears of interest ("**Arrears of Interest**") and will become payable and will be paid by the Issuer as soon as and to the extent that the Issuer will, after such payment has been made, meet the solvency test referred to in the previous sentence. Any Arrears of Interest will also become fully payable on the date of the dissolution of the Issuer, the date on which the Issuer is declared bankrupt or the date on which the application of special measures as referred to in Part 3.5.5 of the FMSA is declared in respect of the Issuer. Where any amount of interest or Arrears of Interest is not paid in full, each part payment shall be made pro rata to the Tier 3 Noteholders of the relevant Series and shall be in respect of the interest accrued furthest from the date of payment. Any Arrears of Interest shall not themselves bear interest.

Any deferral of interest payments will likely have an adverse effect on the market price of the Tier 3 Notes. In addition, as a result of the interest deferral provision of the Tier 3 Notes, the market price of the Tier 3 Notes may be more volatile than the market prices of other debt securities on which original issue discount or interest accrues that are not subject to such deferrals and may be more sensitive generally to adverse changes in the Issuer's financial condition.

Risks related to Notes generally

Set out below is a brief description of risks relating to the Notes generally:

Modification, waivers and substitution

The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions of the Notes also provide that the Agent may, without the consent of Noteholders, agree to (i) any modification (not being a modification requiring the approval of a meeting of Noteholders) of any of the provisions of Notes which is not materially prejudicial to the interests of the Noteholders or (ii) any modification of the Notes which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of law or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 17.

EU Savings Directive

If, under EU Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"), a payment were to be made or collected through a Member State of the European Union which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent under the Savings Directive, the Issuer will be required to maintain a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to the Directive.

Tax consequences of holding the Notes

Potential investors should consider the tax consequences of investing in the Notes and consult their tax adviser about their own tax situation. See also "Taxation".

Notes held in global form

The Notes will initially be held by a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg or by Euroclear Netherlands, in each case in the form of a global Note which will be exchangeable for definitive Notes in limited circumstances as more fully described in the section headed "Form of the Notes" below. For as long as any Notes are represented by a global Note held by a common depositary in the case of a CGN (as defined

below), or a common safekeeper in the case of a NGN (as defined below) on behalf of Euroclear and/or Clearstream, Luxembourg, payments of principal, interest (if any) and any other amounts on a global Note will be made through Euroclear and/or Clearstream, Luxembourg (as the case may be) against presentation or surrender (as the case may be) of the relevant global Note and, in the case of a temporary global Note, certification as to non-U.S. beneficial ownership. The bearer of the relevant global Note, being the common depositary for Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Notes represented by such global Note with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Notes.

Notes which are represented by a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands, as the case may be.

Nominee Arrangements

Where, in the case of an issue of Notes a nominee service provider is used by an investor to hold the relevant Notes or such investor holds interests in any Series of Notes through accounts with a clearing system (such as Euroclear, Clearstream, Luxembourg or Euroclear Netherlands), such investor will receive payments in respect of principal, interest, (if any) or any other amounts due, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or clearing system, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or clearing system to distribute all payments attributable to the relevant Notes which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or clearing system, as well as the Issuer.

For the purposes of (a) distributing any notices to Noteholders, and (b) recognising Noteholders for the purposes of attending and/or voting at any meetings of Noteholders, the Issuer will recognise as Noteholders only those persons who are at any time shown as accountholders in the records of Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands as persons holding a principal amount of the relevant Series of Notes. Accordingly, an investor must rely upon the nominee service provider which is the accountholder with the relevant clearing system through which the investor made arrangements to invest in the Notes (and, if applicable, the domestic clearing system through which the Notes are held), to forward notices received by it from Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands and to return the investor's voting instructions or voting certificate application to Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands. Accordingly, such an investor will be exposed to the risk that the relevant nominee service provider or clearing system may fail to pass on the relevant notice to, or fail to take relevant instructions from, the investor.

In addition, such a Noteholder will only be able to sell any Note held by it prior to its stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer, the Arranger, any Dealer to be appointed under the Programme or the Agent shall be responsible for the acts or omissions of any relevant nominee service provider or clearing system nor makes any representation or warranty, express or implied, as to the services provided by any relevant nominee service provider or clearing system.

Change of law and jurisdiction

The Conditions of the Notes are governed by Dutch law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to Dutch law or administrative practice after the date of this Base Prospectus.

Prospective investors should note that the courts of the Netherlands shall have jurisdiction in respect of any disputes involving any Series of Notes. Noteholders may take any suit, action or proceedings arising out of or in connection with the Notes against the Issuer in any court of competent jurisdiction. The laws of the Netherlands may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Notes.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination (as specified in the applicable Final Terms) plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and such may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified

Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings do not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Return on an investment in Notes will be affected by charges incurred by investors

An investor's total return on an investment in any Notes will be affected by the level of fees charged by the nominee service provider and/or clearing system used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Notes, custody services and on payments of interest, principal and other amounts. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Notes.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

General risks

The value of the Notes may be influenced by national and international political, economical, taxation, social and environmental circumstances and developments.

If the Investor is in any doubt about whether the Issuer has authorised the Offeror to make the offer to the Investor it should take legal advice.

An Investor intending to acquire or acquiring any Notes from an Offeror will do so, and offers and sales of the Notes to an Investor by an Offeror will be made, in accordance with any terms and other arrangements in place between such Offeror and such Investor including as to price, allocations and settlement arrangements. The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus and any Final Terms will not contain such information and an Investor must obtain such information from the Offeror.

The Issuer has confirmed to the Dealers named under "Subscription and Sale" below that this Base Prospectus (including for this purpose, each relevant Final Terms) contains all information which is (in the context of the Programme, the issue, offering and sale of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Base Prospectus does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue, offering and sale of the Notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition (financial or otherwise) of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "Subscription and Sale". In particular, Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed € 5,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into euros at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Programme Agreement)). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Programme Agreement as defined under "Subscription and Sale".

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the stabilising manager(s) (the "**Stabilising Manager(s)**") (or persons acting on behalf of any

Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake any such stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

Status and Characteristics relating to Subordinated Notes:	<p>The Subordinated Notes will constitute unsecured obligations of the Issuer and will, subject as set out in the following paragraphs, rank <i>pari passu</i> without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer, save for those preferred by mandatory provisions of law and those subordinated obligations expressed to be subordinated to the Subordinated Notes.</p> <p>Where Subordinated Notes constitute Tier 2 Notes or Tier 3 Notes (each as defined below), the applicable Final Terms will specify the particular provisions relating to subordination.</p>

The claims of the holders of the Subordinated Notes of each Series (the "**Subordinated Holders**") against the Issuer will: (i) in the event of the liquidation or bankruptcy of the Issuer; or (ii) in the event that a competent court has declared that the Issuer has been subjected to special measures (*bijzondere voorzieningen*) as referred to in Part 3.5.5 of the FMSA, and for so long as such situation is in force (such situation being hereinafter referred to as a "**Moratorium**"), be subordinated to (a) the claims of depositors, (b) unsubordinated claims with respect to the repayment of borrowed money and (c) other unsubordinated claims.

By virtue of such subordination, payments to a Subordinated Holder will, in the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Subordinated Holder shall be excluded until, all obligations of the Issuer resulting from deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied.

Ratings:

Rating definitions Fitch Ratings:

BBB: Good credit quality. 'BBB' ratings indicate that expectations of default risk are currently low. The capacity for payment of financial commitments is considered adequate but adverse business or economic conditions are more likely to impair this capacity.

The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the 'AAA' Long-Term IDR category, or to Long-Term IDR categories below 'B'.

F2: Good short-term credit quality. Good intrinsic capacity for timely payment of financial commitments.

Rating definitions Moody's:

A: Obligations rated A are considered upper-medium grade and are subject to low credit risk.

Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

Prime-1 (P-1): Issuers (or supporting institutions) rated Prime-1 have a superior ability to repay short-term debt obligations.

Selling Restrictions:

For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the European Economic Area, the United Kingdom and Japan see "Subscription and Sale" below.

FORMS OF THE NOTES

Each Tranche of Notes will be in bearer form and will be initially issued in the form of a temporary global Note (or, if so specified in the applicable Final Terms, a permanent global Note), which, in either case, will:

- (i) if the global Notes are intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear and Clearstream, Luxembourg; and
- (ii) if the global Notes are not intended to be issued in NGN form, (i) be delivered on or prior to the original issue date of the Tranche, to a common depositary (the "**Common Depositary**") for Euroclear and Clearstream, Luxembourg or any other agreed clearing system or (ii) be deposited with Euroclear Netherlands.

Whilst any Note is represented by a temporary global Note and subject to TEFRA D selling restrictions, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made against presentation of the temporary global Note only if the temporary global note is not intended to be issued in NGN form to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant clearing system(s) and the relevant clearing system(s) have given a like certification (based on the certifications they have received) to the Agent. Any reference in this section to the relevant clearing system(s) shall mean the clearance and/or settlement system(s) specified in the applicable Final Terms.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "**Eurosystem**"), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operation if the NGN form is used.

On and after the date (the "**Exchange Date**") which is not less than 40 days nor, in the case of Notes held through Euroclear Netherlands, more than 90 days after the date on which a temporary global Note is issued, interests in the temporary global Note will be exchangeable (free of charge), upon request as described therein, either for interests in a permanent global Note without receipts, interest coupons or talons or for definitive Notes (as indicated in the applicable Final Terms) in each case (if the Notes are subject to TEFRA D selling restrictions) against certification of beneficial ownership as described above unless such certification has already been given. The holder of a temporary global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date, unless, upon due certification, exchange of the temporary global Note for an interest in a permanent global Note as definitive Notes is improperly withheld or refused.

Pursuant to the Agency Agreement (as defined under 'Terms and Conditions of the Notes' below) the Agent shall arrange that, where a temporary global Note representing a Tranche of Notes is issued, the Notes of such Tranche shall be assigned an ISIN and a common code by Euroclear and Clearstream, Luxembourg and/or a Fondscore by Clearnet S.A. Amsterdam Branch Stock Clearing (the securities clearing corporation of Euronext Amsterdam) which are different from the ISIN, common code and Fondscore assigned to Notes of any other Tranche of the same Series.

Definitive Notes will be either in the standard euromarket form, in K-form (with Coupons) and/or in CF-form (with Coupon sheets). Definitive Notes and global Notes will be in bearer form. Notes in K-form may, if applicable, have Talons for further Coupons attached but will not be issued with Receipts attached. Notes in CF-form will have neither Talons nor Receipts attached on issue and will be governed by the rules of *Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V.* in Amsterdam.

Payments of principal and interest (if any) on a permanent global Note will be made through the relevant clearing system(s) against presentation or surrender (as the case may be) of the relevant permanent global Note (if the permanent global Note is not intended to be issued in NGN form) without any requirement for certification. A permanent global Note will be exchangeable (free of charge), in whole in accordance with the applicable Final Terms for security printed definitive Notes with, where applicable, receipts, interest coupons or coupon sheets and talons attached. Such exchange may be made, as specified in the applicable Final Terms, either (i) upon not less than 30 days' written notice being given to the Agent by Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system and/or Euroclear Netherlands (acting on the instructions of any of its participants) as described therein or (ii) only upon the occurrence of any Exchange Event. In case of Notes which have a denomination consisting of a minimum Specified Denomination plus a higher integral multiple of another smaller amount, the exchange upon notice under (i) above does not apply. An "**Exchange Event**" means (1) the Issuer has been notified that Euroclear or Clearstream, Luxembourg or, if applicable, Euroclear Netherlands or any other relevant clearing system has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no successor clearing system is available or (2) the Issuer has or will become obliged to pay additional amounts as provided for or referred to in Condition 8 which would not be required were the Notes represented by a global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 upon the occurrence of an Exchange Event. In the event of the occurrence of any Exchange Event as described in (1) above, Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands and/or any other relevant clearing system acting on the instructions of any holder of an interest in the global Note, may give notice to the Agent requesting exchange and in the event of the occurrence of an Exchange Event as described in (2) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur no later than 15 days after the date of receipt of the relevant notice by the Agent. Global Notes and definitive Notes will be issued pursuant to the Agency Agreement. At the date hereof, neither Euroclear nor Clearstream, Luxembourg regard Notes in global form as fungible with Notes in definitive form.

In case of Notes represented by a permanent global Note deposited with Euroclear Netherlands, a Noteholder shall have no right to request delivery (*uitlevering*) thereof under the Dutch

Securities Giro Transfer Act (*Wet giraal effectenverkeer*, the "**Securities Giro Transfer Act**") (as amended), other than in the event of an exchange as described above.

Notes which are represented by a global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg or any other relevant clearing system or Euroclear Netherlands, as the case may be. In case of Notes with a denomination consisting of a minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. So long as the Notes are represented by a temporary global Note or permanent global Note and the relevant clearing system(s) so permit, the Notes will be tradeable only in the minimum Specified Denomination increased with integral multiples of such a smaller amount notwithstanding that definitive notes will be issued up to (but excluding) twice the minimum Specified Denomination.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms, but shall not include Euroclear Netherlands.

The following legend will appear on all global Notes, definitive Notes, receipts and interest coupons (including talons) which are subject to TEFRA D selling restrictions:

'Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code of 1986.'

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, receipts or interest coupons.

Notes which are represented by a global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg or Euroclear Netherlands, as the case may be.

Pursuant to the Agency Agreement the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The following legend will appear on all global Notes held in Euroclear Netherlands:

*'Notice: This Note is issued for deposit with Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V. ("**Euroclear Netherlands**") at Amsterdam, the Netherlands. Any person*

being offered this Note for transfer or any other purpose should be aware that theft or fraud is almost certain to be involved.'

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 10 of the Notes. In such circumstances, where any Note is still represented by a global Note and a holder of such Note so represented and credited to his account with the relevant clearing system(s) (other than Euroclear Netherlands) gives notice that it wishes to accelerate such Note, unless within a period of 15 days from the giving of such notice payment has been made in full of the amount due in accordance with the terms of such global Note, holders of interests in such global Note credited to their accounts with the relevant clearing system(s) (other than Euroclear Netherlands) will become entitled to proceed directly against the Issuer on the basis of statements of account provided by the relevant clearing system(s) (other than Euroclear Netherlands) on and subject to the terms of the relevant global Note. In the case of a global Note deposited with Euroclear Netherlands, the rights of Noteholders will be exercised in accordance with the Securities Giro Transfer Act.

2. STATUS OF THE SENIOR NOTES AND NEGATIVE PLEDGE

The Senior Notes and the relative Receipts and Coupons constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law. So long as the Senior Notes or any relative Receipts or Coupons remain outstanding, the Issuer will not secure by lien, pledge or other charge upon the whole or part of its assets or revenues any present or future Relevant Indebtedness (as defined below) of the Issuer without at the same time securing the Senior Notes, Receipts or Coupons, as the case may be, equally and rateably with such Relevant Indebtedness or providing such other security as the Noteholders may approve by an Extraordinary Resolution (as defined in the Agency Agreement). "**Relevant Indebtedness**" means any loan, debt, guarantee or other obligation which is represented by notes, bonds, debentures, debenture stock, loan stock or other securities offered, issued or distributed, whether by way of public offer, private placement, acquisition consideration or otherwise, whether issued for cash or in whole or in part for a consideration other than cash and whether listed (or capable of being listed) on any stock exchange or over-the-counter or other similar securities market or not.

3. STATUS AND CHARACTERISTICS RELATING TO SUBORDINATED NOTES

Subject to the following paragraph, the Subordinated Notes and the relative Receipts and Coupons constitute unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and subordinated obligations of the Issuer, save for those preferred by mandatory provisions of law or those subordinated obligations expressed by their terms to be subordinated to the Subordinated Notes.

If this is a Subordinated Note that constitutes a Tier 2 Note or a Tier 3 Note (each as defined below), the applicable Final Terms will specify the particular provisions relating to subordination.

The claims of the holders of the Subordinated Notes of this Series and the relative Receipts and Coupons (the "**Subordinated Holders**") against the Issuer are:

- (i) in the event of the liquidation or bankruptcy of the Issuer; or
- (ii) in the event that a competent court has declared that the Issuer has been subjected to special measures (*bijzondere voorzieningen*) as referred to in Part 3.5.5 of the Dutch Financial Markets Supervision Act (*Wet op het financieel toezicht*, the "**FMSA**"), and for so long as such situation is in force (such situation being hereinafter referred to as a "**Moratorium**"), subordinated to (a) the claims of depositors, (b) unsubordinated claims with respect to the repayment of borrowed money and (c) other unsubordinated claims.

By virtue of such subordination, payments to a Subordinated Holder will, in the event of liquidation or bankruptcy of the Issuer or in the event of a Moratorium with respect to the Issuer, only be made after, and any set-off by a Subordinated Holder shall be excluded until, all

obligations of the Issuer resulting from deposits, unsubordinated claims with respect to the repayment of borrowed money and other unsubordinated claims have been satisfied.

For the purposes of the solvency guidelines (*Regeling solvabiliteitseisen voor het kredietrisico*, *Regeling solvabiliteitseisen voor het operationeel risico*, *Regeling solvabiliteitseisen voor het marktrisico*, the "**Solvency Guidelines**") of *De Nederlandsche Bank N.V.* (the "**Dutch Central Bank**") to which the Issuer is subject, the Subordinated Notes of this Series will qualify as either tier 2 capital ("**Tier 2 Notes**") or tier 3 capital ("**Tier 3 Notes**"), as referred to in the Solvency Guidelines, as specified in the applicable Final Terms.

4. **REDENOMINATION**

(a) *Redenomination*

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Agent, Euroclear, Clearstream, Luxembourg and, if applicable, Euroclear Netherlands and at least 30 days' prior notice to the Noteholders in accordance with Condition 14, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in Euro. Subject to any applicable regulations, the election will have effect as follows:

- (i) the Notes and the Receipts shall be deemed to be redenominated into Euro in the denomination of Euro 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Currency, converted into Euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Agent, that the then market practice in respect of the redenomination in Euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest Euro 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of Euro 1,000, Euro 10,000, Euro 100,000 (as determined by the Issuer in consultation with the Agent) and (but only to the extent of any remaining amounts less than Euro 1,000 or such smaller denominations as the Agent may approve) Euro 0.01 and such other denominations as the Agent shall determine and notify to the Noteholders;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement Euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become

void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New Euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Agent may specify in consultation with the Issuer where practicable and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;

(v) on or after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in Euro as though references in the Notes to the Specified Currency were to Euro. Payments will be made in Euro by credit or transfer to a Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or, at the option of the payee, by a Euro cheque;

(vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated:

(i) in the case of the Notes represented by a global Note, by applying the Rate of Interest to the aggregate outstanding nominal amount of the Notes; and

(ii) in the case of definitive Notes, by applying the Rate of Interest to the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding; and

(vii) if the Notes are Floating Rate Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest.

(b) Definitions

In these Conditions, the following expressions have the following meanings:

"Established Rate" means the rate for conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Community regulations) into Euro established by the Council of the European Union pursuant to Article 123 of the Treaty;

"Euro" means the currency introduced from the start of the third stage of European economic and monetary union pursuant to the Treaty;

"Redenomination Date" means (in the case of Interest Bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified

by the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and

"**Treaty**" means the treaty establishing the European Communities, as amended.

5. INTEREST

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year and on the Maturity Date (if that does not fall on an Interest Payment Date).

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

(A) in the case of Fixed Rate Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or

(B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest in accordance with this Condition 5(a):

(i) if 'Actual/Actual (ICMA)' is specified in the applicable Final Terms:

(A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "**Accrual Period**") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the

number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

(B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

- (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(ii) if "30/360" is so specified, the number of days in the Accrual Period divided by 360, calculated on a formula basis as follows

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Accrual Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Accrual Period falls;

"M2" is the calendar month, expressed as number, in which the day immediately following the last day included in the Accrual Period falls;

"D1" is the first calendar day, expressed as a number, of the Accrual Period, unless such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Accrual Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30".

In these Conditions:

"Determination Period" means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

"Fixed Interest Period" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date; and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to Euro, one cent.

(b) Interest on Floating Rate Notes and Index Linked Interest Notes

(i) Interest Payment Dates

Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an **"Interest Payment Date"**) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an **"Interest Payment Date"**) which falls the number of months, or other period specified as the Specified Period in the applicable Final Terms, after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would

thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions, "**Business Day**" means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
 - (B) either (1) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than any Additional Business Centre and which if the Specified Currency is Australian dollars shall be Sydney) or (2) in relation to any sum payable in Euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer System (TARGET or TARGET 2; the "**TARGET System**") is open.
- (ii) Rate of Interest

The Rate of Interest payable from time to time in respect of the Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

- (A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (A), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2000 ISDA Definitions or, if so specified in the applicable Final Terms, the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association Inc., and as amended and updated as at the Issue date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is the period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate ("**LIBOR**") or on the Euro-zone inter-bank offered rate ("**EURIBOR**"), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), 'Floating Rate', 'Calculation Agent', 'Floating Rate Option', 'Designated Maturity' and 'Reset Date' have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest pursuant to this subparagraph (B) in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(iii) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) Determination of Rate of Interest and Calculation of Interest Amounts

The Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Notes or Index Linked Interest Notes in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to:

(A) in the case of Floating Rate Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Notes represented by such global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or

(B) in the case of Floating Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest in accordance with this Condition 5(b):

- (i) if '**Actual/Actual**' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if '**Actual/365 (Fixed)**' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if '**Actual/365 (Sterling)**' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if '**Actual/360**' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;

- (v) if **"30/360"** is so specified, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as number, in which the day immediately following the last day included in the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30"; and

- (vi) if **"30E/360"** or **"Eurobond Basis"** is so specified, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30.

(v) Notification of Rate of Interest and Interest Amount

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day (as defined below) thereafter. In case the relevant Floating Rate Notes or Index Linked Notes are listed on the Luxembourg Stock Exchange the exchange will be notified of the Rate of Interest at latest on the first day of the Interest Period. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the Notes are for the time being listed and to the Noteholders in accordance with Condition 14. If the Calculation Amount is less than the minimum Specified Denomination the Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination. For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or Sunday) on which banks and foreign exchange markets are open for business in London.

(vi) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this paragraph (b), whether by the Agent or if applicable, the Calculation Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent, if applicable, the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Interest on Dual Currency Interest Notes

In the case of Dual Currency Interest Notes, if the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in the manner specified in the applicable Final Terms.

(d) Interest on Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) Accrual of Interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14 or individually.

(f) Deferral of Interest on Tier 3 Notes

Notwithstanding anything to the contrary contained elsewhere in this Condition 5, if this Note is a Tier 3 Note interest will not be payable on any Interest Payment Date if and to the extent that at the time of, or as a result of such payment the Issuer's actual Own Funds (as defined below) would amount to less than 100 per cent. of the Issuer's required minimum amount of Own Funds under the Solvency Guidelines. Any interest in respect of this Note not paid on an Interest Payment Date on which such interest would otherwise be payable will constitute arrears of interest ("**Arrears of Interest**") and will become payable and will be paid by the Issuer as soon as and to the extent that the Issuer will, after such payment has been made, meet the solvency test referred to in the previous sentence. Any Arrears of Interest will also become fully payable on the date of the dissolution of the Issuer, the date on which the Issuer is declared bankrupt or the date on which special measures as referred to in Part 3.5.5 of the FMSA is declared in respect of the Issuer. Where any amount of interest or Arrears of Interest is not paid in full, each part payment shall be made pro rata to the Tier 3 Noteholders of this Series and shall be in respect of the interest accrued furthest from the date of payment. Any Arrears of Interest shall not themselves bear interest.

"**Own Funds**" means the amount of shareholders' and other funds which qualify as actual own funds (*toetsingsvermogen*) under the Solvency Guidelines.

6. **PAYMENTS**

(a) Method of Payment

Subject as provided below:

- (i) payments in a Specified Currency other than Euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney); and
- (ii) payments in Euro will be made by credit or transfer to a Euro account (or to any other account to which Euro may be credited or transferred) specified by the payee, or, at the option of the payee, by a Euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8.

(b) Presentation of Notes, Receipts and Coupons

Other than in the case of definitive Notes in CF-Form, payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of principal in respect of any definitive Notes in CF-form will be made in the manner provided in paragraph (a) above only against surrender of definitive Notes together with the Coupon sheet attached. Payments of interest in respect of any definitive Notes in CF-form will be made in conformity with the agreement concluded between the Issuer and *Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V. in Amsterdam* (the "**Obligatiekantoor**"), under which agreement the Issuer has accepted the rules and regulations of the Obligatiekantoor.

Payments of instalments of principal (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above against surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes, Index Linked Notes and Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five years after the date on which such principal first became due (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due. Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons in respect of any such Talons will be issued.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Fixed Interest Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note against presentation or surrender, as the case may be, of such global Note at the specified office of any Paying Agent outside the United States. On each occasion on which a payment of principal or interest is made in respect of a Note which is issued in the form of a NGN, the payment is entered pro rata in the records of Euroclear and Clearstream, Luxembourg and in respect of a Note which is not issued in the form of a New Global Note (a "**Classic Global Note**" or "**CGN**"), the payment is noted in a schedule thereto.

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer in respect of any payments due on that global Note.

Notwithstanding the foregoing, U.S. dollar payments of principal and interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(c) Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day (subject to Condition 9 which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation; and
 - (B) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation and any Additional Financial Centre and which if the Specified Currency is Australian dollars shall be Sydney) or (2) in relation to any sum payable in Euro, a day on which the TARGET System is open.

(d) Interpretation of Principal and Interest

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Instalment Notes, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(e)); and
- (vii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

7. REDEMPTION AND PURCHASE

(a) At Maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) Redemption for Tax Reasons

Subject as provided in Condition 7(l) and unless otherwise specified in the applicable Final Terms, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes, Index Linked Interest Notes or Dual Currency Interest Notes) or on any Interest Payment Date (in the case of Floating Rate Notes, Index Linked Interest Notes or Dual Currency Interest Notes), on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable) if, on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8(b) as a result of any change in, or amendment to, the laws or regulations of the Netherlands or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes and such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent a certificate signed a duly authorised representative of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 7 will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) Redemption at the Option of the Issuer (Issuer Call)

If Issuer Call is specified in the applicable Final Terms, the Issuer may, subject as provided in Condition 7(l), subject to notification to the Luxembourg Stock Exchange and having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 14; and
 - (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent,
- (both of which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in,

the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s). Any such redemption must be of a nominal amount equal to the Minimum Redemption Amount or a Maximum Redemption Amount, both as indicated in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear, Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), and/or Euroclear Netherlands, in the case of Redeemed Notes represented by a global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this sub-paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least 5 days prior to the Selection Date.

(d) Redemption at the Option of the Noteholders (Investor Put)

Subject as provided in Condition 7(l), if Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note

must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary or any common safekeeper, as the case may be, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if this Note is represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Agent for notation accordingly. Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 10.

(e) Early Redemption Amounts

For the purpose of paragraph (b) above and Condition 10, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note and Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms at its nominal amount; or
- (iii) in the case of a Zero Coupon Note, at an amount (the "**Amortised Face Amount**") equal to the product of:
 - (A) the Reference Price; and
 - (B) the sum of the figure 1 and the Accrual Yield, raised to the power of x, where 'x' is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360, or on such other calculation basis as may be specified in the applicable Final Terms.

(f) Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(g) Partly Paid Notes

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

(h) Purchases

The Issuer, or any of its subsidiaries, may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held or, at the option of the purchaser, surrendered to any Paying Agent for cancellation.

(i) Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph (h) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be re-issued or resold.

(j) Late Payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders, in accordance with Condition 14.

(k) Deferral of Principal of Tier 3 Notes

If this Note is a Tier 3 Note, principal will not be repayable on the due date thereof if and to the extent that at the time or as a result of such payment the Issuer's actual Own Funds (as defined in Condition 5(f)) would amount to less than 100 per cent. of the Issuer's required minimum amount of Own Funds under the Regulation on Solvency Margin and Technical Provisions Insurers. Any principal not paid on the date on which such principal would otherwise be payable will be paid by the Issuer if and to the extent that the Issuer will meet the solvency test referred to in the previous sentence. Any arrears of principal will also become fully payable on the date of dissolution of the Issuer, the date on which the Issuer is declared bankrupt or the date on which special measures as referred to in Part 3.5.5 of the FMSA are declared in respect of the Issuer. Where any amount of principal is paid in part, each part payment shall be made pro rata to the Tier 3 Noteholders. Any arrears of principal shall continue to bear interest at the applicable rate.

(l) Redemption of Subordinated Notes

Subordinated Notes may only be redeemed early upon receipt of the written approval of such redemption by the Dutch Central Bank.

8. TAXATION

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Netherlands or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will, depending on which provision is specified in the applicable Final Terms, either (a) make the required withholding or deduction of such taxes, duties, assessments or governmental charges for the account of the holders of the Notes, Receipts or Coupons, as the case may be, and shall not pay any additional amounts to the holders of the Notes, Receipts or Coupons or (b) pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with the Netherlands other than the mere holding of such Note, Receipt or Coupon or the receipt of principal or interest in respect thereof; or
- (ii) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who would not be liable or subject to the withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
- (iii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day (assuming that day to have been a Payment Day as defined in Condition 6(c)); or
- (iv) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to the EU Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (v) presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14. If this Note is a Tier 3 Note, to the extent that any amount is not payable or repayable pursuant to Condition 5(f) or 7(k), the Relevant Date shall be the date on which any such amount becomes first payable or repayable.

9. **PRESCRIPTION**

Claims for payment in respect of the Notes, Receipts and Coupons will be prescribed (*verjaard*) unless made within a period of five years after the date on which such payment first becomes due. There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

10. **EVENTS OF DEFAULT**

If in the case of any Senior Notes one or more of the following events (or in the case of any Subordinated Notes, either or both of the events specified in (iv) and (v)) (each an "**Event of Default**") shall have occurred and be continuing:

- (i) default is made for more than 14 days in the payment of interest or more than seven days in the payment of principal in respect of the Notes; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Notes and such failure has continued for the period of 30 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (iii) the Issuer fails in the due repayment of borrowed money in excess of € 12,500,000 and such failure continues for a period of 14 days after notice of such failure has been received by the Issuer, provided that no event of default shall be deemed to have occurred if the Issuer shall contest its liability in good faith or shall have been ordered not to make such a payment by a competent court; or
- (iv) the Issuer is declared bankrupt, or special measures as referred to in Part 3.5.5 of the FMSA are declared in respect of the Issuer; or
- (v) an order is made or an effective resolution is passed for the winding up or liquidation of the Issuer unless this is done in connection with a merger, consolidation or other form of combination with another company and such company assumes all obligations contracted by the Issuer in connection with the Notes,

then any Noteholder may, by written notice to the Issuer at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare the Note held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at its Early Redemption Amount, together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind, provided that repayment of Subordinated Notes under this Condition 10 may only be effected after the Issuer has obtained the written consent of the Dutch Central Bank.

11. **REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS**

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. AGENT AND PAYING AGENTS

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (i) so long as the Notes are listed on any stock exchange, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange;
- (ii) there will at all times be a Paying Agent with a specified office in a city in continental Europe;
- (iii) there will at all times be an Agent;
- (iv) there will at all times be a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to the EU Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive;
- (v) a notice will be published in the case of any change in Paying Agents.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the final paragraph of Condition 6(b). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 14.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receiptholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

13. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

14. NOTICES

All notices regarding the Notes shall be published (i) in at least one daily newspaper of wide circulation in the Netherlands, (ii) if so specified in the applicable Final Terms in a leading English language daily newspaper of general circulation in London, (iii) if and for so long as the Notes are listed on Euronext Amsterdam by NYSE Euronext, in the Daily Official List (*Officiële Prijscourant*) of Euronext Amsterdam N.V. and (iv) if and for so long as the Notes are listed on the Luxembourg Stock Exchange, in a daily newspaper of general circulation in Luxembourg or on the Luxembourg Stock Exchange's website (www.bourse.lu). It is expected that such publication will be made in the *Financial Times* in London (in the case of (ii) above), in *Het Financieele Dagblad* (in the case of (i) above) and the Luxembourg Stock Exchange's website (in the case of (iv) above). Any such notice will be deemed to have been given on the date of the first publication in all the newspapers in which such publication is required to be made.

Until such time as any definitive Notes are issued, there may (provided that, in the case of any publication required by the rules of such stock exchange, the rules of the stock exchange so permit), so long as the global Note(s) is or are held in its or their entirety with a depositary or a common depositary on behalf of Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, be substituted for publication in some or all of the newspapers referred to above, the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system for communication by them to the holders of the Notes, provided that, if and for so long as such Notes are listed on the Luxembourg Stock Exchange, the relevant notice shall also be published in a daily newspaper of general circulation in Luxembourg. Any such notice shall be deemed to have been given to the holders of the Notes on the seventh day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system.

Where the identity of all the holders of the Notes is known to the Issuer, the Issuer may (after consultation with the relevant stock exchange (where relevant)) give notice individually to such holders in lieu of publication as provided above.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Agent via Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, as the case may be, may approve for this purpose.

15. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or certain provisions of the Agency Agreement. Such a meeting may be convened by the Issuer or Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or

representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, Receipts and the Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, Receipts or Coupons), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than two-thirds, or at any adjourned such meeting not less than one-third, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification (except as mentioned above) of the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law of the Netherlands.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

16. **FURTHER ISSUES**

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

17. **SUBSTITUTION OF THE ISSUER**

- (a) The Issuer may, with the consent of the Noteholders or Couponholders which will be deemed to have been given in respect of each issue of Notes on which no payment of principal or interest is in default and (in the case of Subordinated Notes) after written approval of the Dutch Central Bank, be replaced and substituted by any directly or indirectly wholly owned subsidiary of the Issuer (the "**Substituted Debtor**") as principal debtor in respect of the Notes and the relative Receipts and Coupons provided that:
 - (i) such documents shall be executed by the Substituted Debtor and the Issuer as may be necessary to give full effect to the substitution (the "**Documents**") and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Noteholder, Receiptholder and Couponholder to be bound by the Terms and Conditions of the Notes and the provisions of the Agency Agreement as fully as if the Substituted Debtor

had been named in the Notes, and the relative Receipts and Coupons and the Agency Agreement as the principal debtor in respect of the Notes and the relative Receipts and Coupons in place of the Issuer and pursuant to which the Issuer shall guarantee, in favour of each Noteholder and each holder of the relative Receipts and Coupons the payment of all sums (including any additional amounts payable pursuant to Condition 8) payable in respect of the Notes and the relative Receipts and Coupons;

- (ii) where the Substituted Debtor is incorporated, domiciled or resident for taxation purposes in a territory other than the Netherlands, the Documents shall contain a covenant and/or such other provisions as may be necessary to ensure that each Noteholder has the benefit of a covenant in terms corresponding to the provisions of Condition 8 with the substitution for the references to the Netherlands of references to the territory in which the Substituted Debtor is incorporated, domiciled and/or resident for taxation purposes. The Documents shall also contain a covenant by the Substituted Debtor and the Issuer to indemnify and hold harmless each Noteholder, Receiptholder and Couponholder against all liabilities, costs, charges and expenses, provided that insofar as the liabilities, costs, charges and expenses are taxes or duties, the same arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective, which may be incurred by or levied against such holder as a result of any substitution pursuant to this Condition and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Noteholder, Receiptholder or Couponholder by any political sub-division or taxing authority of any country in which such Noteholder, Receiptholder or Couponholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);
- (iii) the Documents shall contain a warranty and representation by the Substituted Debtor and the Issuer (a) that each of the Substituted Debtor and the Issuer has obtained all necessary governmental and regulatory approvals and consents for such substitution and the performance of its obligations under the Documents, and that all such approvals and consents are in full force and effect and (b) that the obligations assumed by each of the Substituted Debtor and the Issuer under the Documents are valid and binding in accordance with the respective terms and enforceable by each Noteholder, Receiptholders;
- (iv) each stock exchange which has Notes listed thereon shall have confirmed that following the proposed substitution of the Substituted Debtor such Notes will continue to be listed on such stock exchange;
- (v) the Substituted Debtor shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of local lawyers acting for the Substituted Debtor to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Debtor, such opinion to

be dated not more than 3 days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders, Receiptholders and Couponholders at the specified office of the Agent;

- (vi) the Issuer shall have delivered to the Agent or produced the delivery to the Agent of a legal opinion from a leading firm of Dutch lawyers acting for the Issuer to the effect that the Documents (including the new guarantee) constitute legal, valid and binding obligations of the Issuer, such opinion to be dated not more than 3 days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders, Receiptholders and Couponholders at the specified office of the Agent; and
 - (vii) the Issuer shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of Dutch lawyers (which may be the same lawyers referred to in (vi) above) to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Debtor under Dutch law, such opinion to be dated not more than 3 days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders, Receiptholders and Couponholders at the specified office of the Agent.
- (b) In connection with any substitution effected pursuant to this Condition, neither the Issuer, nor the Substituted Debtor need have any regard to the consequences of any such substitution for individual Noteholders, Receiptholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no Noteholder, Receiptholder or Couponholder, except as provided in Condition 17(a)(ii), shall be entitled to claim from the Issuer, or any Substituted Debtor, under the Notes and the relative Receipts and Coupons, any indemnification or payment in respect of any tax or other consequences arising from such substitution.
- (c) In respect of any substitution pursuant to this Condition in respect of the Subordinated Notes of any Series, the Documents shall provide for such further amendment of the Terms and Conditions of the Subordinated Notes as shall be necessary or desirable to ensure that the Subordinated Notes of such Series constitute subordinated obligations of the Substituted Debtor, subordinated to no greater extent than the Issuer's obligations prior to its substitution to make payments of principal in respect of the Subordinated Notes of such Series under Condition 3 of the Terms and Conditions.
- (d) With respect to Subordinated Notes, the Issuer shall be entitled, after written approval of the Dutch Central Bank and by notice to the Noteholders given in accordance with Condition 14 at any time either to effect a substitution which does not comply with paragraph (c) above provided that the terms of such substitution have been approved by an Extraordinary Resolution of the Noteholders or to waive all and any rights to effect a substitution of the principal debtor pursuant to this Condition. Any such notice of waiver shall be irrevocable.
- (e) Upon the execution of the Documents as referred to in paragraph (a) above, and subject to the notice referred to in paragraph (g) below having been given, the Substituted

Debtor shall be deemed to be named in the Notes and the relative Receipts and Coupons as the principal debtor in place of the Issuer and the Notes and the relative Receipts and Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall operate to release the Issuer as issuer from all of its obligations as principal debtor in respect of the Notes and relative Receipts and Coupons prior to release and shall ensure for the benefit of Noteholders, Receiptholders and Couponholders.

- (f) The Documents shall be deposited with and held by the Agent for so long as any Notes, Receipts or Coupons remain outstanding and for so long as any claim made against the Substituted Debtor by any Noteholder, Receiptholder or Couponholder in relation to the Notes or the relative Receipts and Coupons or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Issuer shall acknowledge in the Documents the right of every Noteholder, Receiptholder and Couponholder to the production of the Documents for the enforcement of any provision of the Notes or the relative Receipts and Coupons or the Documents.
- (g) Not later than 15 business days after the execution of the Documents, the Substituted Debtor shall give notice thereof to the Noteholders in accordance with Condition 14.

18. GOVERNING LAW AND SUBMISSION TO JURISDICTION

The Agency Agreement, the Notes, the Receipts and the Coupons are governed by, and shall be construed in accordance with, the laws of the Netherlands. The Issuer submits for the exclusive benefit of the Noteholders, the Receiptholders and the Couponholders to the jurisdiction of the courts of Amsterdam, the Netherlands, judging in first instance, and their appellate courts. Without prejudice to the foregoing, the Issuer further irrevocably agrees that any suit, action or proceedings arising out of or in connection with the Agency Agreement, the Notes, the Receipts and the Coupons may be brought in any other court of competent jurisdiction.

DESCRIPTION OF THE ISSUER

HISTORY AND STRUCTURE

Incorporation and legal structure

Friesland Bank is a public limited liability company (*naamloze vennootschap*) incorporated under the laws of the Netherlands, having its corporate seat in Leeuwarden. Friesland Bank is authorised by the Dutch Central Bank to pursue the business of a credit institution in the Netherlands in accordance with the FMSA. Friesland Bank has its registered office at Beursplein 1, 8911 BE Leeuwarden, the Netherlands and its phone number is +31 58 299 4499 and is registered with the Chamber of Commerce for Friesland under number 01002411.

Friesland Bank was incorporated on 10 July 1912 in Leeuwarden as Coöperatieve Zuivelbank by a number of Frisian co-operative dairy industries to regulate their cash positions and to provide them with short-term credits. Soon Friesland Bank extended its operations to all agrisector business in Friesland organised on a co-operative basis, and to local authorities and water boards. Friesland Bank undertook virtually no retail activities. In its first fifty years, Friesland Bank operated exclusively from its offices at Leeuwarden. From 1963 onwards, Friesland Bank's strategy was fundamentally changed: services were offered also to non-co-operative businesses in Friesland and a retail banking operation was set up. As a result, a network of 60 branches was established throughout Friesland. In 1970, Friesland Bank changed its name to Coöperatieve Vereniging Friesland Bank b.a. to reflect both its regional identity and its character as a general bank.

In 1995, the legal structure of Friesland Bank was changed from a co-operative to a public company with limited liability, with the share capital held by Vereniging Friesland Bank, a body which comprises the former members of the co-operative. The new structure enabled Friesland Bank to attract new capital. In 1997, the legal structure of Friesland Bank was further amended by the introduction of Friesland Bank Holding N.V.

Friesland Bank Holding N.V. currently holds all shares in the share capital of Friesland Bank. Vereniging Friesland Bank holds all shares in the share capital of Friesland Bank Holding N.V. (300,000 ordinary shares).

Branches and activities

In 1992, Friesland Bank decided, in view of the ongoing concentration in the Dutch banking industry, to expand its activities to the whole northern part of the Netherlands, to enter into alliances with other financial institutions and to modernise its legal structure. In 1993, a branch was opened in Groningen, followed by branches in Alkmaar (1995) and Assen (1997). In the course of 1999, a branch was opened in Zwolle. To improve efficiency, 20 smaller branches in the province of Friesland were closed in 1999 and in 2000/2001 three further branches were closed. In 2002, a branch was opened in Enschede.

Friesland Bank consolidated its position in its regional market at the end of 2004, when it formed a close strategic partnership with the Bercoop Groep in Oldeberkoop, in the south of the province of Friesland. The Bercoop Groep owned Bank Bercoop. Friesland Bank's acquisition of a 45 per cent. interest in Bercoop Groep formalised the relationship which had existed

between the two institutions for decades. In December 2006 the stake in Bercoop Group was increased to 100 per cent. The integration of the banking and insurance activities of Bank Bercoop took place in 2007.

In September 2006 Friesland Bank announced a further implementation of its strategy and the positioning of the bank. Over the last few years a number of branches in the province of Friesland were closed. This was partly due to a focus on more efficiency for the banking operations. The increasing use of internetbanking by Friesland Bank's clients and the establishment of a centralized service centre for basic banking also reduced the need for an extensive branch network. At the date of this Prospectus, the remaining number of branches in Friesland is 16. In other parts of the Netherlands new branches have been set up. In 2006 Friesland Bank opened an office in Amsterdam and in 2007 Friesland Bank opened an office in Utrecht. Friesland Bank now offers a wide range of financial services and products in banking and insurance, with a focus on business banking and personal/private banking.

Participations

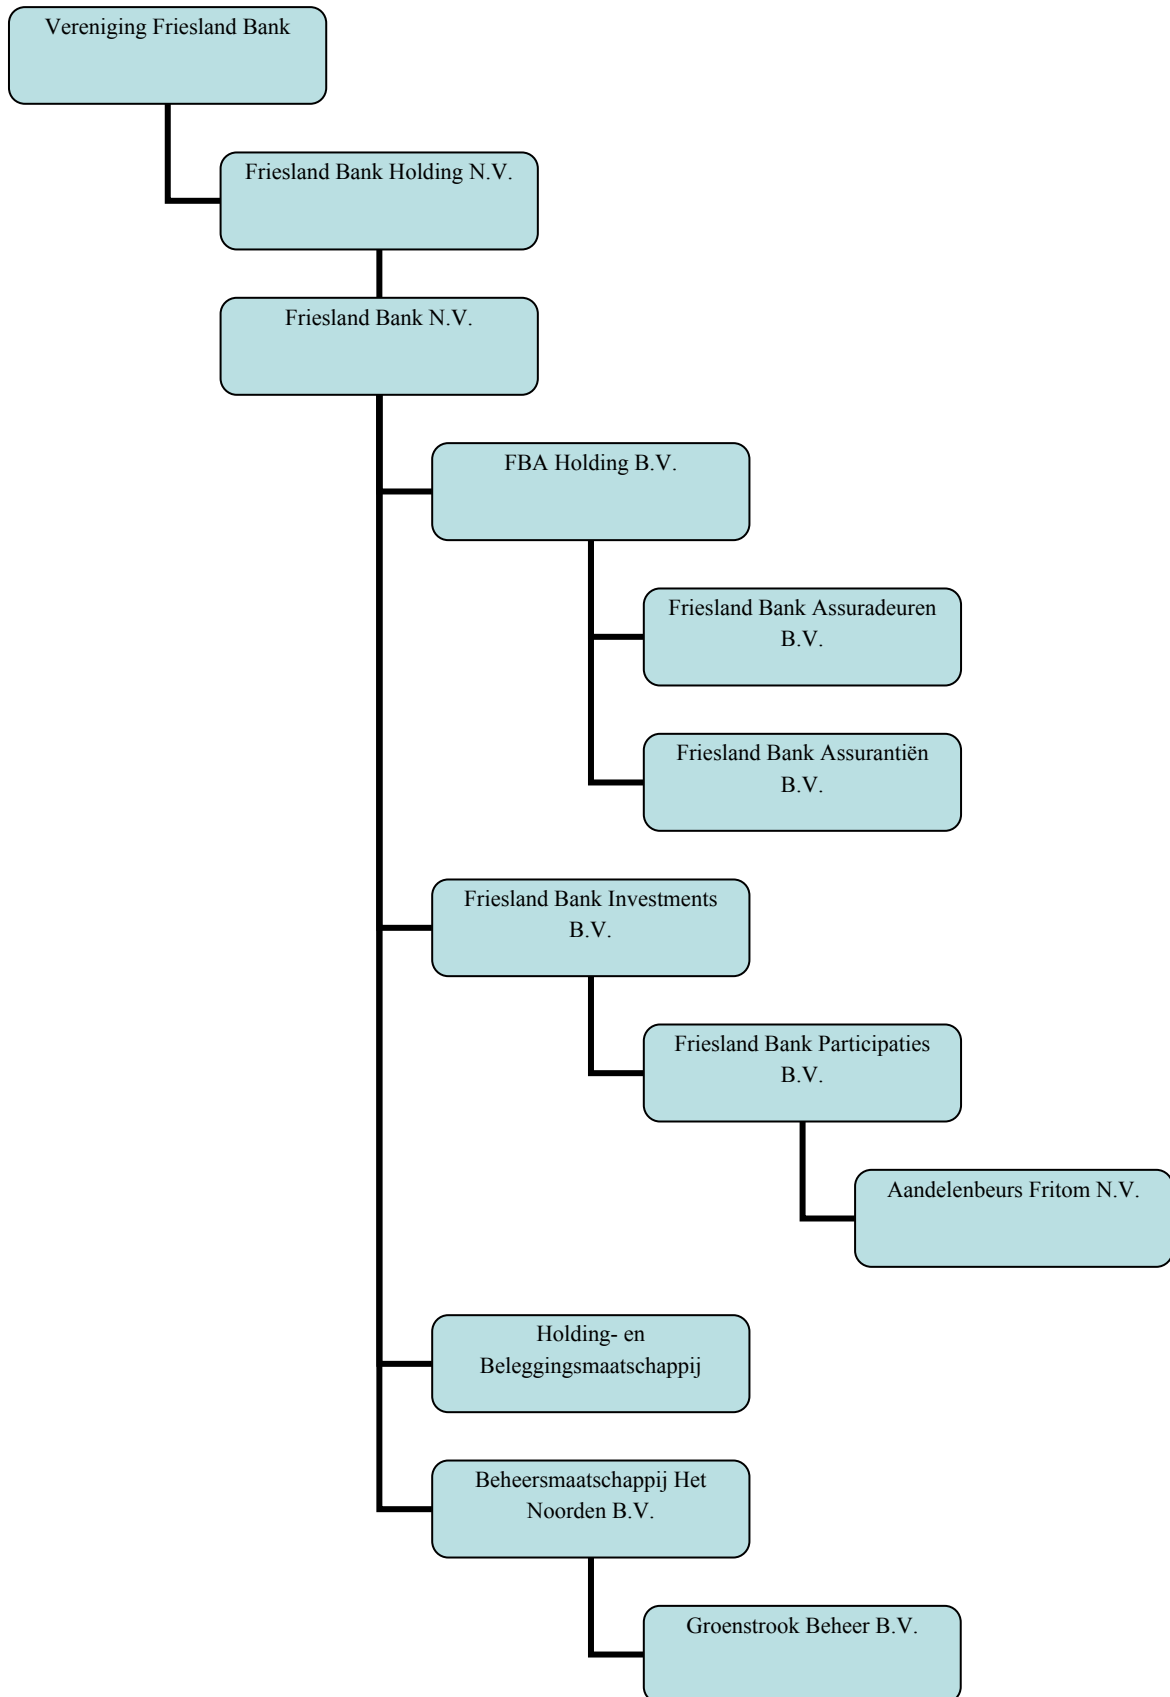

At the end of 1994, Friesland Bank acquired a 24.2 per cent. participation in F. van Lanschot Bankiers N.V. At the end of 2009, this stake amounted to 25 per cent. In 1996, Friesland Bank acquired a 7.5 per cent. participation in Triodos Bank N.V., a 'green' bank which finances environmentally-friendly projects and initiatives. At the end of 2009, this stake amounted to 5 per cent. In 2000, Spaar- en Voorschotbank N.V., already a 100 per cent. subsidiary for years, became a legal part of Friesland Bank following a legal merger.

On 10 January 2007, Friesland bank acquired a 10.06 per cent. participation in BinckBank N.V. In November 2007, Friesland Bank announced a Business Process Outsourcing agreement with BinckBank N.V. for brokerage and back-office services. In 2009 a substantial number of shares in BinckBank N.V. were sold and the remaining stake was below 5 per cent. at the end of 2009.

Friesland Bank obtained a 45 per cent. participation in Optimix Vermogensbeheer N.V. in 2008, with a view of expanding and improving its investment services and asset management activities.

In 2002, Friesland Bank started for funding reasons with the securitisation of residential mortgages through its Eleven Cities programme. Several of these Residential Mortgage-Backed Securities (RMBS) deals have been publicly issued and notes have been sold to investors.

Legal structure of the Friesland Bank Group as at 31 December 2009

All shareholdings in the above legal structure chart are 100 per cent. In addition, as per 31 December 2009 Friesland Bank held the following important participations:

Optimix Vermogensbeheer N.V. (45 per cent.)

Van Lanschot N.V. (25 per cent., ordinary shares)

Triodos Bank N.V. (5 per cent.)

About 50 per cent. of Friesland Bank's business is represented by retail banking, where Friesland Bank services individuals, small local businesses and institutions with short-term credits, mortgage loan products, savings- and investment products and insurance. For payment services, Friesland Bank offers all modern facilities like ATM's, internet banking, on site PIN-code payments, and a range of card facilities.

Wholesale banking

In this segment the greater part of Friesland Bank's clients are medium-sized, privately owned businesses in all types of industry, along with selected large companies, where Friesland Bank is often active as a second bank alongside the major Dutch banks. It offers all of the usual types of business financing such as short- and medium-term loans, working capital financing, operational and financial lease of equipment, a range of facilities for domestic and foreign payments, project financing and treasury services.

Investment banking

Friesland Bank has longstanding experience in investing in industry, partly through Friesland Bank Participaties B.V. and partly by taking direct shareholdings. Its services include acting as a consultant, arranging management buy-outs and buy-ins, take-over financing, and the formation of investment syndicates. In 2000, Friesland Bank reorganised the legal structure of its shareholding activities by establishing Friesland Bank Investments B.V. This is the holding company for Friesland Bank Participaties B.V.

Insurance

Friesland Bank Assurantiën B.V. ("**FBA**") is one of the top 25 insurance brokers in the Netherlands. FBA offers life and general insurance products for retail and corporate clients of Friesland Bank, and also to clients who have no relationship with Friesland Bank. FBA acts as an underwriter for eight large general insurance companies, and as an intermediary for all large domestic life insurance companies.

Brokerage

Friesland Bank is active as a securities broker out of the Leeuwarden headquarters, primarily targeted at its retail clients.

Lending

At the end of December 2009, the loan portfolio of Friesland Bank amounted to € 8.45 billion of which € 73 million in public lending and € 8.49 billion outstanding with the private sector. The provision for loan losses of Friesland Bank amounted to € 111 million.

Funding

Friesland Bank has several sources of funds. Due to its position in the local retail market relevant sources of funds are the deposits on savings accounts from Friesland Bank's retail customers. In addition, Friesland Bank holds surplus liquidity from local and regional institutions in short- and long-term deposits. Other long-term funds are provided by private placements, public debt and subordinated loans. Short-term money market related lending makes up the balance. In addition, Friesland Bank has launched five mortgage backed securities transactions.

RECENT DEVELOPMENTS AND KEY ISSUES

In 2009 Friesland Bank posted a positive net result of € 27 million, in spite of difficult economic conditions and the fact that the financial markets were still not functioning in the way they were functioning before the financial crisis. Friesland Bank was one of the few banks in the Netherlands that did not need financial support from the government or government guaranties. Another positive development was the strong cash position and the high capital ratios. Due to the slump in the housing markets the production of residential mortgages was very limited. There was a strong growth of new customers, particularly in the target segment of the market.

As an important measure to increase profitability in its core banking segment, the bank decided to cut down staff, mainly in back-office functions. Overall staff will be reduced by 250 FTE. This measure is to be implemented in the years 2009-2010. In 2009, 150 jobs were shed. Friesland Bank is currently still working on the further implementation of this measure. The purpose of the measures is to cut costs and at the same time improve operations by implementing smarter work methods. This will allow account managers to spend more time with current and prospective clients.

In February 2009, Fitch Ratings downgraded the Long-term IDR of Friesland Bank from A to A- (A-minus). The Short-term IDR was downgraded from F1 to F2. In April 2010, Fitch Ratings further downgraded Friesland Bank's Long-term IDR to BBB+. Friesland Bank has a Moody's Senior Unsecured rating of A2 and a short term rating of Prime-1 (P-1).

On 21 April 2010, Robbert Klaasman decided based on matters of a personal nature to resign as Chairman of the Board of Friesland Bank. Anne Vlaskamp, member of the Board of Management, will temporarily fulfil the role of Chairman of the Board of Management. On 23 June 2010, the Supervisory Board of Friesland Bank announced that Kees Beuving will be appointed as Chairman of the Board of Friesland Bank as of 15 July 2010.

TAXATION

TAXATION IN THE NETHERLANDS

The following is intended as general information only and it does not purport to present any comprehensive or complete description of all aspects of Dutch tax law which could be of relevance to a holder of Notes (a "Noteholder"). For Dutch tax purposes, a Noteholder may include an individual or entity who does not have the legal title of the Notes, but to whom nevertheless the Notes are attributed based either on such individual or entity owning a beneficial interest in the Notes or based on specific statutory provisions, including statutory provisions pursuant to which Notes are attributed to an individual who is, or who has directly or indirectly inherited from a person who was, the settlor, grantor or similar originator of a trust, foundation or similar entity that holds the Notes. Prospective Noteholders should therefore consult their tax adviser regarding the tax consequences of any purchase, ownership or disposal of Notes.

The following summary is based on the Dutch tax law as applied and interpreted by Dutch tax courts and as published and in effect on the date hereof, without prejudice to any amendments introduced at a later date and implemented with or without retroactive effect.

*For the purpose of this paragraph, "**Dutch Taxes**" shall mean taxes of whatever nature levied by or on behalf of the Netherlands or any of its subdivisions or taxing authorities.*

Withholding tax

A Noteholder is not subject to Dutch withholding tax with respect to payments made under the Note, except if the Note functions as equity for the Issuer, in which case any payment under the Note, other than a repayment of principal, will be subject to 15 per cent. Dutch dividend withholding tax. As determined by case law, a Note functions as equity if:

- (i) the Note is subordinated to senior debt of the Issuer;
- (ii) the Note does not have a final maturity date or has a term of more than 50 years; and
- (iii) any amount whatsoever to be paid under the Note is, either wholly or mainly dependent on the amount of profits realised or distributed by the Issuer.

Under circumstances, exemptions from, reductions in, or refunds of withholding tax may be available pursuant to Dutch domestic tax law or treaties for the avoidance of double taxation.

Individual and corporate income tax

A Noteholder will not be subject to any Dutch Taxes on any payment made to the Noteholder under the Notes or on any capital gain made by the Noteholder from the disposal, or deemed disposal, or redemption of, the Notes, except if:

- (i) the Noteholder is an individual and receives or has received any benefits from the Notes as employment income, deemed employment income or otherwise as compensation; or
- (ii) the Noteholder is, or is deemed to be, resident in the Netherlands for Dutch (corporate) income tax purposes; or

- (iii) the Noteholder is an individual and has opted to be taxed as if resident in the Netherlands for Dutch income tax purposes; or
- (iv) the Noteholder derives profits from an enterprise, whether as entrepreneur (*ondernemer*) or pursuant to a co-entitlement to the net worth of the enterprise, other than as an entrepreneur or a shareholder, which enterprise is, in whole or in part, carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) in the Netherlands to which the Notes are attributable; or
- (v) the Noteholder is an individual and has a substantial interest (*aanmerkelijk belang*) in the Issuer or derives benefits from miscellaneous activities (*overige werkzaamheden*) carried out in the Netherlands in respect of the Notes, including (without limitation) activities which are beyond the scope of active portfolio investment activities; or
- (vi) the Noteholder is not an individual and has a substantial interest, or a fictitious substantial interest (*fictief aanmerkelijk belang*), in the Issuer, which is not part of the assets of an enterprise; or
- (vii) the Noteholder is entitled other than by way of the holding of securities to a share in the profits of an enterprise effectively managed in the Netherlands to which the Notes are attributable.

Generally, a Noteholder has a substantial interest if such Noteholder, alone or together with his partner, directly or indirectly:

- (i) owns, or holds certain rights on, shares representing five percent or more of the total issued and outstanding capital of the Issuer, or of the issued and outstanding capital of any class of shares of the Issuer;
- (ii) holds rights to acquire shares, whether or not already issued, representing five percent or more of the total issued and outstanding capital of the Issuer, or of the issued and outstanding capital of any class of shares of the Issuer; or
- (iii) owns, or holds certain rights on, profit participating certificates that relate to five percent or more of the annual profit of the Issuer or to five percent or more of the liquidation proceeds of the Issuer.

A Noteholder who has the ownership of shares of the Issuer, will also have a substantial interest if his partner or one of certain relatives of the Noteholder or of his partner has a substantial interest.

For Dutch tax purposes, the ownership of the shares of the Issuer is attributed to the Noteholder based either on the Noteholder owning a beneficial interest in the shares or based on specific statutory provisions, including statutory provisions pursuant to which shares are attributed to an individual who is, or who has directly or indirectly inherited from a person who was, the settlor, grantor, or similar originator of a trust, foundation or similar entity that holds the shares, although the Noteholder does not have the legal title of the shares.

Generally, a Noteholder has a fictitious substantial interest if, without having an actual substantial interest in the Issuer:

- (i) an enterprise has been contributed to the Issuer in exchange for shares on an elective non-recognition basis;
- (ii) the shares have been obtained under inheritance law or matrimonial law, on a non-recognition basis, while the disposing shareholder had a substantial interest in the Issuer;
- (iii) the shares have been acquired pursuant to a share merger, legal merger or legal demerger, on an elective non-recognition basis, while the Noteholder prior to this transaction had a substantial interest in a party to that transaction; or
- (iv) the shares held by the Noteholder, prior to dilution, qualified as a substantial interest and, by election, no gain was recognised upon disqualification of these shares.

Gift tax or inheritance tax

No Dutch gift tax or inheritance tax is due in respect of any gift of the Notes by, or inheritance of the Notes on the death of, a Noteholder, except if:

- (i) at the time of the gift or death of the Noteholder, the Noteholder is resident, or is deemed to be resident, in the Netherlands; or
- (ii) the Noteholder passes away within 180 days after the date of the gift of the Notes and is not, or not deemed to be, at the time of the gift, but is, or deemed to be, at the time of his death, resident in the Netherlands; or
- (iii) the gift of the Notes is made under a condition precedent and the Noteholder is resident, or is deemed to be resident, in the Netherlands at the time the condition is fulfilled.

Other taxes

No other Dutch Taxes, including turnover tax and taxes of a documentary nature, such as capital tax, stamp or registration tax or duty, are payable by or on behalf of a Noteholder by reason only of the issue, acquisition or transfer of the Notes.

Residency

Subject to the exceptions above, a Noteholder will not become resident, or a deemed resident, in the Netherlands for tax purposes, or become subject to Dutch Taxes, by reason only of the Issuer's performance, or the Noteholder's acquisition (by way of issue or transfer to it), holding and/or disposal of the Notes.

EU Savings Directive

Under the Savings Directive, the Netherlands is required to provide to other EU Member States details of payments of interest and similar income paid from the Netherlands to individuals who are resident in other EU Member States.

TAXATION IN LUXEMBOURG

The following is intended as general information only and it does not purport to present any comprehensive or complete description of all aspects of Luxembourg tax law which could be of relevance to a holder of Notes. Prospective noteholders should therefore consult their tax adviser regarding the tax consequences of any purchase, ownership or disposal of Notes.

The following summary is based on Luxembourg tax law as applied and interpreted by Luxembourg tax courts and as published and in effect on the date hereof, without prejudice to any amendments introduced at a later date and implemented with or without retroactive effect.

Withholding tax

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to individual Noteholders, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest). There is also no Luxembourg withholding tax, with the possible exception of payments made to individual Noteholders, upon repayment of principal in the case of reimbursement, redemption or repurchase of the Notes.

Luxembourg non-resident individuals

Under the Luxembourg laws dated 21 June 2005 implementing the Savings Directive and several agreements concluded between Luxembourg and certain dependent or associated territories of the European Union, a Luxembourg-based paying agent (within the meaning of the Savings Directive) has been required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State or in certain EU dependent or associated territories, unless the beneficiary of the interest payments elects for an exchange of information or for the tax certificate procedure. The same regime applies to payments to individuals or "residual entities" (as defined under the Savings Directive) resident in certain EU dependent or associated territories. The withholding tax rate was initially 15 per cent. until 30 June 2008, increasing steadily to 20 per cent. as from 1 July 2008 and to 35 per cent as from 1 July 2011. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain third countries.

Luxembourg resident individuals

A 10 per cent. withholding tax has been introduced, as from 1 January 2006, on certain interest payments (*i.e.* with certain exemptions) made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to Luxembourg individual residents. Only interest accrued after 1 July 2005 falls within the scope of the withholding tax.

Pursuant to the Luxembourg law of 23 December 2005 as amended by the law of 17 July 2008, Luxembourg resident individuals, acting in the course of their private wealth, can opt to self-declare and pay a 10 per cent. tax on interest payments made after 31 December 2007 by paying agents (defined in the same way as in the Savings Directive) located in an EU Member State other than Luxembourg, a Member State of the European Economic Area other than an EU Member State or in a State or territory which has concluded an international agreement directly

related to the Savings Directive.

The 10 per cent. withholding tax or the 10 per cent. self-declared tax represents the final tax liability for the Luxembourg individual resident taxpayers, receiving the interest payment in the course of their private wealth.

The Dealers have in an amended and restated programme agreement dated 9 July 2010 (the "**Programme Agreement**") (as supplemented from time to time) agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. provided that no such offer of Notes referred to in (b) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression "**an offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

where TEFRA C is specified in the applicable Final Terms:

Each Dealer understands that under U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the "**C Rules**"), Notes in bearer form must be issued and delivered outside the United States and its possessions in connection with their original issuance. Each Dealer represents and agrees that it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, Notes in bearer form within the United States or its possessions in connection with their original issuance. Further, in connection with the original issuance of Notes in bearer form, the Dealer has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if either the Dealer or the prospective purchaser is within the United States or its possessions or otherwise involve a U.S. office of the Dealer in the offer or sale of Notes in bearer form. Terms used in this paragraph 1(2) have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder, including the C Rules.

- 3. Each issue of Indexed Notes or Dual Currency Notes shall be subject to any additional U.S. selling restrictions set out in the applicable Final Terms. Each relevant Dealer agrees that it shall offer, sell and deliver such Notes only in compliance with such additional U.S. selling restrictions.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No. 25 of 1948, as amended) and each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan except under circumstances which will result in compliance with all applicable laws, regulations and guidelines of Japan in effect at the relevant time.

The Netherlands/Global

In addition and without prejudice to the relevant restrictions set out under "*Public Offer Selling restriction under the Prospectus Directive*" above, Zero Coupon Notes (as defined below) in definitive form may only be transferred and accepted, directly or indirectly, within, from or into the Netherlands through the mediation of either the relevant Issuer or a member firm of Euronext Amsterdam N.V., admitted in a function on one or more markets or systems held or operated by Euronext Amsterdam N.V., in accordance with the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) of 21 May 1985 (as amended).

No such mediation is required: (a) in respect of the transfer and acceptance of rights representing an interest in a global Note; (b) in respect of the transfer and acceptance of Zero Coupon Notes in definitive form between individuals who do not act in the conduct of a business or profession; (c) to the initial issue of Zero Coupon Notes in definitive form to the first holders thereof; or (d) in respect of the transfer and acceptance of such Zero Coupon Notes within, from or into the Netherlands if all Zero Coupon Notes (either in definitive form or as rights representing an interest in a Zero Coupon Note in global form) of any particular Series/Tranche are issued outside the Netherlands and are not distributed into the Netherlands in the course of initial distribution or immediately thereafter.

In the event that the Savings Certificates Act applies, certain identification requirements in relation to the issue and transfer of, and payments on, Zero Coupon Notes have to be complied with.

As used herein "**Zero Coupon Notes**" are Notes that are in bearer form and that constitute a claim for a fixed sum against the relevant Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.

France

Each Dealer has represented and agreed that it has not offered or sold and will not offer or sell, directly or indirectly, Notes to the public in France, and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Base Prospectus, the applicable Final Terms or any other offering material to the Notes and such offers, sales and distributions have been and will be made in France only to (i) providers of investment services relating to portfolio management for the account of third parties and/or (ii) qualified investors (*investisseurs qualifiés*), other than individuals all as defined in, and in accordance with, articles L.411-1, L.411-2 and D.411-1 to D.411-3 of the French *Code monétaire et financier*.

Republic of Italy

The offering of the Notes has not been registered pursuant to Italian securities legislation and, accordingly, each Dealer represents, warrants and agrees that, save as set out below, it has not offered or sold, and will not offer or sell, any Notes in Italy in an offer to the public and that sales of the Notes in Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulation.

Accordingly, each of the Dealers has represented and agreed that it will not offer, sell or deliver any Notes or distribute copies of the Base Prospectus and any other document relating to the Notes in the Republic of Italy except:

- (i) to "**qualified investors**", as referred to in Article 100 of Legislative Decree No. 58 of 24 February 1998, as amended (the "**Decree No. 58**") and as defined under Article 2(i)(e) (i) to (iii) of the Prospectus Directive; or
- (ii) that it may offer, sell or deliver Notes or distribute copies of any prospectus relating to such Notes in an offer to the public in the period commencing on the date of publication of such prospectus, provided that such prospectus has been approved in another Relevant Member State and notified to CONSOB, all in accordance with the Prospectus Directive, as implemented in Italy under Decree 58 and CONSOB Regulation No. 11971 of 14 May 1999, as amended ("**Regulation No. 11971**"), and ending on the date which is 12 months after the date of publication of such prospectus; or
- (iii) in any other circumstances where an express exemption from compliance with the public offering restrictions applies, as provided under Decree No. 58 or Regulation No. 11971.

Any such offer, sale or delivery of the Notes or distribution of copies of the Base Prospectus or any other document relating to the Notes in Italy must be:

- (a) made by investment firms, banks or financial intermediaries permitted to conduct such activities in Italy in accordance with Legislative Decree No. 385 of 1 September 1993 as amended, Decree No. 58, Regulation 16190 of 29 October 2007, as amended and any other applicable laws and regulations; and
- (b) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or the Bank of Italy.

Provisions relating to the secondary market in Italy

Investors should also note that, in any subsequent distribution of the Notes in Italy, Article 100-bis of Decree No. 58 may require compliance with the law relating to public offers of securities. Furthermore, where the Notes are placed solely with qualified investors and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under Decree No. 58 applies.

General

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers or sells Notes or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers or deliveries and the Issuer shall not have any responsibility therefore. Neither

the Issuer nor any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale. With regard to each Tranche, the relevant Dealer will be required to comply with any other additional restrictions set out in the applicable Final Terms.
