Disclaimer

This presentation contains “forward-looking statements”, as the phrase is defined in Section 27A of the U.S. Securities Act of 1933, as amended, and Section 21E of the U.S. Securities Exchange Act of 1934, as amended. These forward-looking statements may be identified by words such as “may,” “might,” “will,” “could,” “would,” “should,” “expect,” “plan,” “anticipate,” “intend,” “seek,” “believe,” “estimate,” “predict,” “potential,” “continue,” “contemplate,” “possible” and other similar words. Forward-looking statements include statements relating to, among other things, VEON’s plans to implement its strategic priorities, including with respect to its performance transformation, among others; anticipated performance and guidance for 2017, including VEON’s ability to generate sufficient cash flow; future market developments and trends; expected synergies of the Italy Joint Venture, including expectations regarding capex and opex benefits; realization of the synergies of the Warid transaction; operational and network development and network investment, including expectations regarding the roll-out and benefits of 3G/4G/LTE networks, as applicable and VEON’s ability to realize its targets and strategic initiatives in its various countries of operation. The forward-looking statements included in this presentation are based on management’s best assessment of the Company’s strategic and financial position and of future market conditions, trends and other potential developments. These discussions involve risks and uncertainties. The actual outcome may differ materially from these statements as a result of demand for and market acceptance of VEON’s products and services; continued volatility in the economies in VEON’s markets; unforeseen developments from competition; governmental regulation of the telecommunications industries; general political uncertainties in VEON’s markets; government investigations or other regulatory actions and/or litigation with third parties; failure to realize the expected benefits of the Italy Joint Venture or the Warid transaction as expected or at all due to, among other things, the parties’ inability to successfully implement integration strategies or otherwise realize the anticipated synergies; risks associated with data protection or cyber security, other risks beyond the parties’ control or a failure to meet expectations regarding various strategic initiatives, including, but not limited to, the performance transformation program, the effect of foreign currency fluctuations, increased competition in the markets in which VEON operates and the effect of consumer taxes on the purchasing activities of consumers of VEON’s services. Certain other factors that could cause actual results to differ materially from those discussed in any forward-looking statements include the risk factors described in the Company’s Annual Report on Form 20-F for the year ended December 31, 2016 filed with the U.S. Securities and Exchange Commission (the “SEC”) and other public filings made by the Company with the SEC. Other unknown or unpredictable factors also could harm our future results. New risk factors and uncertainties emerge from time to time and it is not possible for our management to predict all risk factors and uncertainties, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Under no circumstances should the inclusion of such forward-looking statements in this presentation be regarded as a representation or warranty by us or any other person with respect to the achievement of results set out in such statements or that the underlying assumptions used will in fact be the case. Therefore, you are cautioned not to place undue reliance on these forward-looking statements. The forward-looking statements speak only as of the date hereof. We cannot assure you that any projected results or events will be achieved. Except to the extent required by law, we disclaim any obligation to update or revise any of these forward-looking statements, whether as a result of new information, future events or otherwise, after the date on which the statements are made, or to reflect the occurrence of unanticipated events. Non-IFRS measures are reconciled to comparable IFRS measures in the Company’s earnings release published on its website on the date hereof. Furthermore, elements of this presentation contain or may contain, “inside information” as defined under the Market Abuse Regulation (EU) No. 596/2014.

All non-IFRS measures disclosed further in this presentation (including, without limitation, EBITDA, EBITDA margin, underlying EBITDA, underlying EBITDA margin, EBIT, EBT, net debt, equity free cash flow, organic growth, capital expenditures excluding licenses and LTM (last twelve months) capex excluding licenses/revenue) are reconciled to comparable IFRS measures in the Company’s earnings release published on its website on the date hereof.
