Aegon releases 2013 Annual Report and publishes integrated 2013 Review

Aegon N.V. today released its 2013 Annual Report and filed its Annual Report on Form 20-F with the United States Securities and Exchange Commission (SEC).

As in recent years, Aegon's Annual Report is accompanied by a separate publication, the integrated 2013 Review. This more accessible document provides a concise overview of Aegon's strategic objectives, business model, risk factors, governance, operating environment, and financial and non-financial performance. Included are the company's value chain and its response to expected life insurance and pension industry trends, such as the wide-ranging effects of changing customer demographics and behaviors and digital distribution.

Digital copies of Aegon's 2013 Annual Report, 2013 Annual Report on Form 20-F, and 2013 Review are available on aegon.com, where printed copies may also be requested. Other documents related to Aegon's Annual General Meeting of Shareholders (AGM), including the agenda for the AGM, will be available as of April 9, 2014.
