Corbion announces details of share buyback program

Corbion will execute a share buyback program of € 25 million in 2017. The share buyback program will be executed as from today, 18 April 2017, and will run to 31 December 2017 at the latest. On 12 May 2016 the Annual General Shareholders' Meeting (AGM) granted the Corbion Board of Management the authority to repurchase shares up to a maximum of 10% of the issued share capital for a period of 18 months and a renewal will be requested at the AGM of 15 May 2017.

Corbion will update the markets on the progress of the share buyback program weekly on Monday. This information can be found on the Corbion website (<http://www.corbion.com/investor-relations/shareholder-information/share-buyback-program>).

The first progress report will be published on Monday 24 April 2017.

As part of its “Disciplined Value Creation” strategy, Corbion periodically reviews its debt position. The 2017 share buyback program is in line with this commitment.
