

Delisting of 3W Power S.A. Shares on NYSE Euronext in Amsterdam

Luxembourg, 16 November 2011. The Board of Directors of 3W Power S.A. ("3W Power") has decided by resolution dated 15 November 2011 to request Euronext Amsterdam N.V. to terminate the listing of the Company's ordinary shares (ISIN n° GG00B39QCR01, ticker symbol 3WP) ("3W Power Shares") on NYSE Euronext in Amsterdam ("Euronext Amsterdam").

3W Power's request to delist in Amsterdam is based primarily on the intention of the company to concentrate its listing on the Prime Standard of the Deutsche Börse Frankfurt Exchange. This approach was introduced in press releases issued at the time of the listing on the Prime Standard of the Deutsche Börse on 16 December 2010.

The expected date for effective cancellation of the above mentioned listing is 19 December 2011, with the last trading date on Euronext Amsterdam being 16 December 2011. The warrants issued by 3W Power (ISIN n° GG00B39QCZ84) which are listed on Euronext Amsterdam will remain listed on Euronext Amsterdam and will, in case of exercise by warrant holders, be converted to 3W Power Shares listed on Deutsche Börse.

3W Power Shares will remain listed on the Prime Standard of the Deutsche Börse Frankfurt Exchange.

Holders of shares of 3W Power that trade their shares through Euronext Amsterdam can obtain details of the delisting from their bank or stockbroker.

-- End of Announcement --

About 3W Power/AEG Power Solutions:

3W Power S.A. (WKN A0Q5SX / ISIN GG00B39QCR01), based in Luxembourg, is the holding company of AEG Power Solutions Group. The Group is headquartered in Zwanenburg in the Netherlands. Shares and warrants of 3W Power are admitted to trading on NYSE Euronext, Amsterdam (ticker symbol: 3WP and 3WPW, respectively). Additionally, the shares are traded on the Frankfurt Stock Exchange (ticker symbol: 3W9).

AEG Power Solutions Group is a global provider of power electronic systems and solutions for all industrial power supplies and offers one of the most comprehensive product and service portfolios in the area of power conversion and power controlling. The two complementary operating

business units Renewable Energy Solutions (RES) and Energy Efficiency Solutions (EES) are serving customers worldwide. The RES product and service portfolio consists of systems and solutions for solar power plants like solar inverter, monitoring and control systems as well as power controller. The EES product and service portfolio includes high performance uninterruptable power supplies (USPs), industrial power controller and DC-converter. Thanks to its distinctive expertise, bridging both AC and DC power technologies and spanning the worlds of both conventional and renewable energy, the company creates innovative solutions for smart grids.

AEG PS' footprint is global including 17 subsidiaries and competence centers around the world, employing 1,650 employees.
