ForFarmers initiates announced share buy-back programme of its own shares

On 26 April 2017, the Annual General Meeting of Shareholders authorised ForFarmers N.V. ("ForFarmers") to initiate a programme to repurchase its own shares ('share buy-back programme'). In accordance herewith, ForFarmers today initiates its share buy-back programme.

In order to make the ForFarmers balance sheet more efficient, among other things, ForFarmers will repurchase its own shares for a period of 18 months for (a) an amount between € 40 million and € 60 million and (b) for the implementation of employee participation plans in 2017 (for comparison purposes: the 2016 employee participation plan involved 483,000 shares).

On the first trading day of each week, ForFarmers shall publish a press release stating the progress of the share buy-back programme's execution. This announcement can be found on www.forfarmersgroup.eu.

The repurchased shares will first be used for the implementation of the employee participation plans and subsequently own shares will be repurchased as previously indicated under a. As soon as the share buy-back for the employee participation plans is complete, this fact will be announced in the weekly press release.
