TIE protects its intellectual property rights

TIE Holding N.V. (“TIE”) investigates infringement on CSP software

TIE is currently investigating a potential infringement on the Content Syndication Platform, and after seizing the potential proof today, is expecting to initiate legal proceedings on a short term.

TIE suspects that a third party is using parts of its software and offers those as part of their product to the market without being authorized to do so.

Profile TIE

TIE (NYSE Euronext: TIE Holding) is a software company specializing in the supply chain integration. The company bridges the gap between traditional forms of trading and the Internet. With TIE Kinetix, the company provides a total electronic concept embracing three innovative platforms for Business Integration (including e-invoicing, XML/EDI data synchronization), Content Syndication and E-commerce. TIE uses these technologically advanced methods to connect companies to each other and achieve a balance between supply and demand. The state-of-the-art TIE Kinetix solutions contribute to greater productivity and higher sales. TIE has more than two decades of experience in developing and implementing global E-commerce standards. TIE is a listed company with offices in the United States, Australia, France and the Netherlands.
