Utrecht, 29 March 2017

Today, a.s.r. publishes its annual report 2016 and the SFCR 2016 (solvency and financial condition report). The annual report provides an integrated review of the company's performance, consisting of the management report and the financial report. Jos Baeten, Chief Executive Officer: 'a.s.r. is in a sound position. This is reflected in both the annual report as in the solvency and financial condition report. The SFCR somewhat overlaps with the annual report and provides more insight in our solvency position, based on the Solvency II regulations.'

Annual report and SFCR

The annual report consists of the management report and the financial report. The management report covers a.s.r.'s strategy, its financial and sustainability objectives and its achievements and shows how a.s.r. creates value for all its stakeholders. Integrated reporting

The annual report has been prepared in accordance with the Sustainability Reporting Standards, CORE option, of the Global Reporting Initiative (GRI). All relevant sustainability topics were selected based on a materiality survey among internal and external stakeholders using the GRI Standards Indicators in which the ranking is in line with the importance that stakeholders attach to them. The Sustainability Information is reviewed by an independent auditor and the review is performed in accordance with Dutch law, including Dutch Standard 3810N 'Assurance engagements relating to sustainability reports.'
