

## **argenx to Present at Cowen & Co 37th Annual Health Care conference**

**Breda, the Netherlands / Ghent, Belgium-** argenx (Euronext Brussels: ARGX), a clinical-stage biotechnology company developing a deep pipeline of differentiated antibody-based therapies for the treatment of severe autoimmune diseases and cancer, today announced that its Chief Executive Officer Tim Van Hauwermeiren Chief Executive Officer, will present a company overview at the Cowen & Co. 37<sup>th</sup> Annual Health Care Conference on Tuesday, March 7, 2017 at 8:00 a.m. ET at the Boston Marriott Copley Place.

### **About argenx**

argenx is a clinical-stage biotechnology company with a deep pipeline of differentiated antibody-based therapies intended for the treatment of severe autoimmune diseases and cancer. We are focused on developing product candidates that are either first-in-class against novel targets or best-in-class against known, but complex, targets to treat diseases with a significant unmet medical need. Our ability to execute on this focus is enabled by our suite of differentiated technologies. Our SIMPLE Antibody™ Platform, based on the powerful llama immune system, allows us to exploit novel and complex targets, and our three antibody engineering technologies enable us to expand the therapeutic index of our product candidates.
