ForFarmers N.V. (Lochem, the Netherlands) is an internationally operating company active in the field of conventional and organic feed solutions for the animal husbandry sector. ForFarmers is the European market leader, with annual volumes of around 9.1 million tons of livestock feed. In addition to animal feed for the ruminant, pig-farming, poultry and equine sectors, ForFarmers supplies trade goods for the arable and grassland farming sectors. ForFarmers also offers its clients additional expertise and advice in the fields of nutrition, livestock farming and business development.

Given its position in the food chain, ForFarmers is committed to be an industry leader in terms of sustainability. Through the efficient production and logistics of feed and by developing products and concepts that ensure a better nutritional efficiency and improved quality of life for animals, ForFarmers contributes to economically viable and sustainable food production. In order to do so, the company has its own innovation centre, which cooperates closely with leading research institutes and universities.

In 2015, ForFarmers recorded a revenue of € 2.2 billion. The company has a workforce of 2,370 employees and production facilities in the Netherlands, Belgium, Germany and the United Kingdom.

May 24, 2016, **Coöperatie FromFarmers** U.A. had a controlling interest of 58.0% in ForFarmers N.V.. FromFarmers is a cooperative with 6,248 members and is based in Lochem (the Netherlands). The cooperative's activities include the management of its participation in ForFarmers N.V.
