Laurent Morel, Chairman of the Executive Board of Klépierre

“The transaction we propose today will create the leading pan-European pure player retail property company, with an unrivalled footprint in Continental Europe, a consistent portfolio of leading shopping centers and a team of seasoned professionals with deep knowledge of regional retail markets. Leveraging the retail focus, complementary footprint and shared strategic vision of both groups, we will be better positioned to further implement and accelerate the reshaping of our portfolios and seize new development opportunities. We believe this is a unique opportunity to drive change in the retail landscape for the benefit of our clients and our customers, our employees and our shareholders.”

Gerard Groener, Corio CEO

“We are excited to be creating the leading pan-European pure player retail property company. Both companies firmly believe that all of our stakeholders will benefit from the proposed transaction. Size is becoming an increasingly decisive factor in the retail property market in order to create attractive shareholder returns over the long term and being able to compete for larger high-performing retail properties. The combined group is geographically complementary and will benefit from significant scale advantages, synergies and a solid financial position. I am confident it will play a leading role in further consolidating the global real estate investment industry.”

Strategic rationale

Significant scale-up of operating portfolio

With the contemplated transaction, Klépierre and Corio will create the leading pan-European pure player retail property company. The combined group will operate 182 shopping destinations in 16 European countries, with a combined gross asset value of more than EUR21

billion. The combined portfolio will provide the ideal platform for further expansion of Klépierre's know-how and positioning to retailers and brands, which in turn will support the objective of being recognized as the most effective shopping center platform across Europe.

Through the contemplated transaction, Klépierre will develop strong bases in three new countries (the Netherlands, Germany and Turkey), and reinforce its positions in France, Italy and Iberia. Corio assets in these regions are mostly located in dynamic urban hubs with strong and sustainable demographic growth (Grenoble, Marseilles, Amsterdam, Istanbul), and above average purchasing power (Rome, Turin, Rotterdam, Utrecht, Madrid, Berlin).

Over the last few years, Corio has executed a strategy of refocusing on leading shopping centers in their catchment areas, such that most of the acquired assets benefit from the same dynamics and competitive advantages as those of Klépierre.

Ideal portfolio for implementing value creation know-how within the group

The 57 shopping destinations offer an ideal portfolio for fully capturing embedded growth and rental income potential of the assets. Klépierre will leverage the best available knowledge within the combined new group to implement its strategy.

With respect to the core shopping centers, the combined group will implement retail asset management expertise comprised of active re-tenanting actions and innovative marketing approaches by leveraging Klépierre's track record. In terms of re-tenanting, the combined group will apply a dynamic strategy that focuses on offering the best-performing retailers the most suitable retail format, promoting the cross-fertilization of best retailers in new territories and accelerating the re-tenanting of the less performing units. In terms of innovative marketing approaches, the combined group will identify the best operating practices and deploy them across the wider portfolio, accelerate digital connection with retailers and shoppers, and further roll out large-scale marketing events for leading brands across several shopping destinations. Further development of specialty leasing is also anticipated considering the high appeal of the new platform for the best brands.

Since 2012, Klépierre has demonstrated its acute capital management through the sale of EUR3.6 billion of non-core assets. Corio has also made substantial progress over the last 18 months with its divestment plan. Post closing, the combined group will continue asset recycling through periodic portfolio review. Specific disposal processes will be defined for non-core assets. Proceeds from these disposals will provide financial flexibility for investment in the shopping centers, standing or projected, which are core to the implementation of the strategy of the combined group.

The combined group will have a development pipeline of more than EUR3 billion. Specific attention will be paid to committed projects in order to secure or enhance expected returns through a shared approach to leasing and cost management. All controlled and identified projects will be streamlined in order to optimize conception and execution. Lastly, the development potential of each site will be evaluated. Shopping centers with demonstrated potential will be reviewed in order to develop new extension plans.

Identified synergies of c. EUR60 million in run-rate, to be reached in 3 to 5 years

The parties have identified synergies of c. EUR60 million in run-rate, to be reached in 3 to 5 years.

Half of the synergies will be driven by the incremental rental income expected from the implementation of leasing, re-tenanting, innovative marketing and specialty leasing efforts.

The other half will come not only from operational improvements and the sharing of best practices between Klépierre and Corio teams but also from the financial savings that will result from the gradual refinancing of Corio's debt, which will benefit from the stronger credit profile of the combination.

Transaction structure

Klépierre S.A. (Klépierre) and Corio N.V. (Corio) have reached conditional agreement to effect a strategic combination of their businesses by executing a merger protocol dated 29 July 2014 (the "Merger Protocol"). It is intended that this combination will be achieved by means of a recommended public exchange offer to be made by Klépierre for all issued and outstanding ordinary shares of Corio (the "Offer").

Under the terms of the Offer, each Corio shareholder will receive 1.14 Klépierre ordinary shares ("Klépierre share") for each Corio ordinary share ("Corio share") that it holds (the "Exchange Ratio"). The Exchange Ratio implies a price of EUR41.4 per Corio share based on the Klépierre closing price of EUR36.4 on 28 July 2014, the last trading day prior to this announcement. The Exchange Ratio represents a 15.6% premium based on the closing price of EUR35.8 per Corio share on 28 July 2014, the last trading day prior to this announcement. Corio and Klépierre have agreed not to pay or declare any (interim) dividend or to make any distribution in kind until completion of the Offer.

Assuming 100% of Corio shares are tendered, Simon Property Group, BNP Paribas and APG will respectively hold 18.5%, 13.7% and 13.6% of adjusted Klépierre shares after the Offer (on the basis of Corio and Klépierre outstanding number of shares excluding treasury shares).

Klépierre shares are intended to be listed on both Euronext Paris and Euronext Amsterdam as of completion of the Offer.

Klépierre and Corio may further integrate their businesses after completion of the Offer by means of a cross-border merger with Klépierre as the surviving entity and Corio as the disappearing entity (the "Merger" and together with the Offer, the "Transaction").

Unanimously recommended by Corio's Management & Supervisory Boards

After careful consideration, the Supervisory Board and Management Board of Corio believe the Transaction to be in the best interests of Corio and its stakeholders, including its shareholders, and unanimously recommend the Offer for acceptance and the Merger for approval to the Corio shareholders. In this respect, Deutsche Bank AG, London Branch and Goldman Sachs International have issued a fairness opinion to the Supervisory Board and Management Board

of Corio, each to the effect that the Exchange Ratio of 1.14 Klépierre shares for each Corio share is fair to the Corio shareholders from a financial point of view.

An extraordinary general meeting of shareholders of Corio, discussing the Offer and resolving on the implementation of the Merger and related governance matters (the "Corio Resolutions"), is expected to take place in Q4 2014. The Supervisory Board and the Management Board of Corio shall propose and recommend the Corio Resolutions to the Corio shareholders.

The Supervisory Board and the Management Board of Corio may revoke, modify, amend or qualify their recommendation in case of a Competing Offer (as defined below) or in case Klépierre's share price drops below EUR29.8 and a price that represents 20% underperformance compared to FTSE EPRA/NAREIT Developed Europe Index measured on closing of either the first trading day after the approval by the AFM of the offer memorandum or five trading days prior to the Corio EGM.

Unanimously recommended by Klépierre's Executive & Supervisory Boards

The Supervisory Board and the Executive Board of Klépierre unanimously support the Transaction. An extraordinary general meeting of shareholders of Klépierre, resolving on the issuance of new Klépierre shares to Corio shareholders, the implementation of the merger and governance matters related to the Transaction (the "Klépierre Resolutions"), is expected to take place in Q4 2014. The Supervisory Board and the Executive Board of Klépierre shall propose and recommend the Klépierre Resolutions to Klépierre's shareholders.

The Supervisory Board and the Executive Board of Klépierre may revoke, modify, amend or qualify their recommendation in case of a Competing Offer (as defined below).

Irrevocable undertakings

APG, Corio's largest shareholder with a 30.6% interest, has entered into an irrevocable undertaking with Klépierre to tender its Corio shares under the terms of the Offer, to vote in favour of the Corio Resolutions and to support the Transaction in accordance with the terms of the irrevocable undertaking.

Klépierre's largest shareholders, Simon Property Group, with a 29.4% interest in Klépierre, and BNP Paribas, with a 21.7% interest in Klépierre², have agreed to an irrevocable undertaking to support the Transaction and to vote in favour of the Klépierre Resolutions.

In accordance with the applicable Dutch public offer rules, any information shared with APG, Simon Property Group and BNP Paribas about the Offer shall be included in the offer memorandum and Klépierre prospectus (if and when issued).

Corporate governance

After successful completion of the Offer, the Klépierre Supervisory Board will consist of ten members of which five will be independent within the meaning of the French AFEP-MEDEF Code. One new independent member of the Klépierre Supervisory Board will be identified by Corio, subject to Klépierre's consent. The other five members of the Klépierre Supervisory

² Based on outstanding number of shares excluding treasury shares

Board shall be identified by Simon Property Group (which shall identify three members, including the Chairman of the Klépierre Supervisory Board), BNP Paribas (which shall identify one member) and APG (which shall identify one member). In addition, after successful completion of the Offer, the Klépierre Executive Board will consist of four members, one of whom will be identified by Corio, subject to Klépierre's consent.

After successful completion of the Offer, the Corio Supervisory Board will consist of five members including three new members to be identified by Klépierre initially and two current members of the Corio Supervisory Board qualifying as independent within the meaning of the Dutch Corporate Governance Code, who will be identified by Corio before launch of the Offer (the "Continuing Members").

Non-financial covenants

Klépierre and Corio have agreed to certain covenants in respect of the combined group's strategy, protection of minority shareholders, financing, corporate governance, employees and post-closing measures for a period of two years after completion of the Transaction.

Klépierre will respect the existing employment rights and benefits of the Corio employees, including under any existing covenants with the Corio Works Council, employment agreements and pension plans. Following settlement, all positions with overlap between Klépierre and Corio will be selected based on fair allocation principles or any other business oriented objective principles, irrespective of nationality or current employer. The combined company will foster a culture of excellence, where qualified employees are offered attractive training and national and international career progression based on available opportunities.

The companies envisage that the combined business of Corio and Klépierre remains properly financed to safeguard the continuity of the business and the execution of the strategy.

Klépierre and Corio have agreed that the Continuing Members will have certain veto rights to safeguard these non-financial covenants. If as a result of the Merger Corio N.V. would cease to exist, Corio Nederland B.V. will install a Supervisory Board and the Continuing Members will be appointed to such Supervisory Board.

FBI and SIIC status

Following the completion of the Transaction, Klépierre intends continuing the application of the Dutch fiscal investment institution regime (*fiscale beleggings instelling*) (FBI) in respect of Corio and intends to maintain the status as French Société d'Investissement Immobilier Cotée (SIIC).

Acquisition of 100%

Klépierre's willingness to pay the Exchange Ratio is predicated on the acquisition of 100% of Corio's ordinary shares. Klépierre and Corio anticipate that full integration of the Corio business will deliver substantial operational, commercial, organizational and financial benefits, which could not, or only partially, be achieved if Corio were to continue as a standalone entity with a minority shareholder base.

The full integration of Klépierre and Corio may be effected by means of the Merger, following settlement of the Offer. Klépierre and Corio may prepare for the Merger simultaneously with

the Offer (subject to completing appropriate information-consultation proceedings). If it is decided to prepare for the Merger, Klépierre and Corio will prepare a joint cross-border merger proposal which will be made publicly available. Klépierre and Corio will both hold a general meeting of their respective shareholders in order to obtain shareholder approval for the Klépierre Resolutions and the Corio Resolutions respectively.

Klöpierre may utilize all other available legal measures such as statutory squeeze-out proceedings or the sale of Corio's assets and liabilities in order to acquire full ownership of Corio's outstanding shares and/or its business.

Offer commencement conditions

The commencement of the Offer is subject to the satisfaction or waiver of customary commencement conditions for a transaction of this kind, including:
