TIE signs an agreement with ADEC with a value of 1 million Euro

TIE Holding N.V. ("TIE") reports that the French division of TIE has signed a three year contract with ADEC, a French bailiffs association. TIE has been providing Business integration products and services to ADEC for over 10 years now and will continue to do so for at least the next three years.

Christian Kremmer, Director of ADEC: *"Our organization assists the bailiffs in France with IT concepts and implementations, enabling the bailiffs to class, separate and distribute sensitive data in a secure way. The bailiffs in France are bound by strict rules and procedures. That's why our organization requires high quality and reliable software solutions.*

TIE has provided us with quality service and software, whilst maintaining a high level of flexibility. We were eager to extend our relationship, thus making sure that we'll receive the same quality in software and services in the future."

Roy Lücke, Director of TIE France says: *"We are pleased that ADEC has shown their confidence in our software by signing a long term agreement. This confirms that our products are meeting the extremely high standards required in the bailiff environment."*

Profile TIE

TIE (NYSE Euronext: TIE Holding) delivers innovative web centric, software based solutions that enable all trading partners in the supply chain to work seamlessly together on the major E-commerce processes of marketing, sales and fulfillment.
