(pages 92 and 93 of the 2017 Annual Report on Form 20-F)

Responsibility for preparing financial statements

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

UK company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors are required to prepare group financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union and Article 4 of the IAS Regulations and have elected to prepare the parent company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom accounting standards and applicable law) including FRS 101 “Reduced Disclosure Framework”. In preparing the consolidated group financial statements the Directors have also elected to comply with IFRSs as issued by the International Accounting Standards Board (IASB).

Under section 393 of the Companies Act 2006 (the Companies Act), the Directors must not approve the accounts unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing the Company financial statements, the Directors are required to:

- Select suitable accounting policies and apply them consistently
- Make judgements and accounting estimates that are reasonable and prudent
- Follow applicable UK Accounting Standards (except where any departures from this requirement are explained in the notes to the parent company financial statements)
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

In preparing the Group financial statements in accordance with IAS 1, “Presentation of Financial Statements”, the Directors are required to:

- Select suitable accounting policies and apply them consistently
- Present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information
- Provide additional disclosures when compliance with the specific requirements in IFRS are insufficient to enable users to understand the impact of particular transactions, other events and conditions on the entity’s financial performance
- Make an assessment of the Group’s ability to continue as a going concern

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company’s transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act. They are responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company’s website. Legislation, regulation and practice in the UK governing the preparation and dissemination of financial statements may differ from legislation, regulation and practice in other jurisdictions.

Responsibility statement

The Directors, whose names and functions are set out on pages 45 to 49, confirm that to the best of their knowledge:

- the management report includes a fair review of the development and performance of the business and the position of the Company and the undertakings included in the consolidation taken as a whole, together with a description of the principal risks and uncertainties they face; and
- the Annual Report and financial statements, taken as a whole are fair, balanced and understandable and provide the information necessary for shareholders to assess the Company’s position and performance, business model and strategy.
