

NX Filtration extends executive team with Chief Financial Officer

Enschede, the Netherlands, 18 October 2021, 07:00 CET

NX Filtration, the global provider of breakthrough direct nanofiltration technology for pure and affordable water, proudly announces the appointment of Marc Lutikhuis (46 years) as Chief Financial Officer (CFO) of NX Filtration. Marc will join NX Filtration at the beginning of 2022 at NX Filtration’s headquarters in Enschede, the Netherlands. The Supervisory Board will nominate Marc for appointment as member of the Management Board at the regular general meeting of shareholders in 2022.

Marc Lutikhuis previously held CFO positions at Brink Group (Leading global manufacturer of towing systems in the automotive industry) and Heuver (leading European tyre wholesaler), with responsibility for finance, IT, HR and procurement functions. He has a broad financial background with a strong track record of performance improvements and will play a key role in achieving NX Filtration’s ambitions. Marc is a Dutch national and holds a degree in Business Economics, Management & Organization from the University of Groningen (the Netherlands).

Michiel Staatsen, CEO of NX Filtration, comments: “I am thrilled that Marc is joining the executive team of NX Filtration. He brings extensive international experience as a CFO in entrepreneurial and fast-growing settings. This experience will be of great support in the further expansion of our company, that includes further globalizing our commercial team, expanding the production capacity for our breakthrough direct nanofiltration membranes that address water challenges around the world and progressing on our ESG agenda.”

Carolina Wielinga, Chair of the Supervisory Board, comments: “We are very pleased to welcome Marc Lutikhuis to NX Filtration. Marc will complement the

Management Board with his extensive financial expertise. We are convinced that Marc will be of valuable contribution to the future success of NX Filtration.”

Marc Luttikhuis, new CFO of NX Filtration

This is a public announcement by NX Filtration N.V. pursuant to section 17 of the European Market Abuse Regulation (596/2014).

About NX Filtration

NX Filtration is a provider of direct nanofiltration membrane technology for producing pure and affordable water to improve quality of life. Its direct nanofiltration technology removes micropollutants (including pharmaceuticals, medicines, PFAS and insecticides), colour and selective salts, but also bacteria, viruses and nanoplastics, from water in one step whilst offering strong sustainability benefits.
