### **ICT Group acquires remaining 49% in ICT Mobile**

#### ***ICT consolidates software propositions in new entity OrangeNXT***

**ICT Group N.V. (ICT) announces that it has acquired the remaining 49% of the shares of ICT Mobile B.V. (ICT Mobile) from management. The software solutions of ICT Mobile together with software solutions of other business units within ICT Netherlands will be consolidated into a new entity, OrangeNXT ([www.orangenxt.com](http://www.orangenxt.com)), to distinct software offerings from the traditional time hire and project activities within ICT.**

OrangeNXT focuses on ready to use software solutions, offered as Software as a Service. The plug-and-play cloud platform that connects people, devices and data consists of three solutions. ConNXT provides asset management and predictive maintenance solutions. MobileNXT delivers real-time tracking and tracing support for field service engineers, logistics staff, parcel delivery services and auditors. DigitalNXT helps companies to accelerate their digital transformation. The solutions of OrangeNXT are aimed at the smarter cities and smarter industries segments and cover many industries, from water management to logistics and transportation.

ICT Mobile was established as a start-up in 2016 together with the current management, Huub van der Linden and Jeroen Donkers. Both have a long track record in the Enterprise Mobility market, and will stay on board to lead OrangeNXT, together with director Alliances John Koot. The purchase consideration will be paid in cash. Further financial details will not be disclosed.

**ICT Group N.V.** is a leading industrial technology solutions and services provider. Our specific industry knowledge of various markets, enables us to realise innovative solutions.
