AkzoNobel share buyback program (week 24 of 2008)

AkzoNobel (Euronext Amsterdam: AKZ) has announced that, in line with the launch of its €1 billion share buyback program on March 17, 2008, the company has repurchased 1,603,140 ordinary shares in the period June 9 until June 13, 2008. Shares were repurchased at an average price of €49.63.

The €1 billion program is the first tranche of a €3 billion share buyback program.

The total number of shares repurchased under this program to date is 11,040,373 ordinary shares for a total consideration of €581.6 million.

For detailed information on the daily repurchased shares, see the AkzoNobel website at

Safe Harbor Statement

This press release contains statements which address such key issues as AkzoNobel's growth strategy, future financial results, market positions, product development, products in the pipeline, and product approvals. Such statements should be carefully considered, and it should be understood that many factors could cause forecasted and actual results to differ from these statements. These factors include, but are not limited to, price fluctuations, currency fluctuations, developments in raw material and personnel costs, pensions, physical and environmental risks, legal issues, and legislative, fiscal, and other regulatory measures. Stated competitive positions are based on management estimates supported by information provided by specialized external agencies. For a more comprehensive discussion of the risk factors affecting our business please see our latest Annual Report, a copy of which can be found on the company's corporate website www.akzonobel.com.
