Portfolio Valuation

The value of NBPE's private equity portfolio as at 31 March 2017 was based on the following information^[2]:

- 92% of the private equity fair value was valued as of 31 March 2017
- 79% in private direct investments and fund investments
- 11% in public securities
- 2% in credit-related fund investments
- 8% of the private equity fair value was valued as of 31 December 2016

Outlook

NBPE continues to benefit from the full resources of the Manager's integrated private equity platform for superior deal flow, due diligence and execution capabilities. The Manager believes that while many segments of the market remain competitive, there are a number of near-term opportunities that may be attractive investments for the portfolio and that the current investment pipeline remains strong.

1 Assumes reinvestment of dividends on the ex-dividend date and reflects cumulative returns over time period shown.

2 Please refer to the valuation methodology section of the Quarterly Report for a description of the Manager's valuation policy. While some valuation data is as of 31 December 2016, the Manager's analysis and historical experience lead the Manager to believe that this approximates fair value at 31 March 2017.
