

PRESS RELEASE

Share Buyback Transaction Details February 8 - 14, 2018

February 15, 2018 – Wolters Kluwer today reports that it has repurchased 179,830 of its own ordinary shares in the period from February 8, 2018 up to and including February 14, 2018 for €7.2 million and at an average share price of €39.76.

These share repurchases are part of the three-year share buyback program (2016-2018) originally announced on February 24, 2016. This buyback program includes repurchases made to offset performance share issuance. In 2016, we completed €200 million in share buybacks under this program. In 2017, we completed €300 million of repurchases, including an additional €100 million to mitigate the EPS dilution related to two divestments completed in 2017 ([Transport Services](#) and [certain UK assets](#)). Following completion of the divestments of [Corsearch](#) and certain [Swedish assets](#) in January 2018, we now intend to execute up to €400 million in buybacks in 2018, as we deploy the proceeds of these two most recent divestments with the aim of mitigating their dilutive effect on earnings per share.

The cumulative amounts repurchased under this three-year program is now as follows:

Share Buyback Program 2016-2018

Period	Cumulative shares repurchased in period	Total consideration (€ million)	Average share price (€)
2018 To Date	1,080,862	45.7	42.29
2017	7,768,288	300.0	38.62
2016	5,826,473	199.7	34.28
Total	14,675,623	545.4	37.17

Current repurchases are being executed under a third party mandate granted on September 26, 2017. Under this mandate, €50 million of share buybacks were completed in the period from November 2, 2017 up until December 31, 2017 and a further up to €50 million will be executed in the period from January 1, 2018 up to and including February 19, 2018.

Share repurchases are made within the limits of relevant laws and regulations, in particular Regulation (EU) 596/2014) and Wolters Kluwer's Articles of Association. Repurchased shares are added to and held as Treasury shares and will be used for capital reduction purposes or to meet obligations arising from share-based incentive plans.

Forward-looking Statements and Other Important Legal Information

This report contains forward-looking statements. These statements may be identified by words such as “expect”, “should”, “could”, “shall” and similar expressions. Wolters Kluwer cautions that such forward-looking statements are qualified by certain risks and uncertainties that could cause actual results and events to differ materially from what is contemplated by the forward-looking statements. Factors which could cause actual results to differ from these forward-looking statements may include, without limitation, general economic conditions; conditions in the markets in which Wolters Kluwer is engaged; behavior of customers, suppliers, and competitors; technological developments; the implementation and execution of new ICT systems or outsourcing; and legal, tax, and regulatory rules affecting Wolters Kluwer’s businesses, as well as risks related to mergers, acquisitions, and divestments. In addition, financial risks such as currency movements, interest rate fluctuations, liquidity, and credit risks could influence future results. The foregoing list of factors should not be construed as exhaustive. Wolters Kluwer disclaims any intention or obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

This press release contains information which is to be made publicly available under Regulation (EU) 596/2014.
