

Leidschendam, The Netherlands, 15 June 2012

FUGRO AWARDED FIVE YEAR CONTRACT BY MURPHY OIL LTD.

Fugro-TSM Asia Pacific, has been awarded a five year Life of Field support contract in Malaysia from Murphy Oil Ltd., with a value in excess of USD 140 million. The work on the project started in May 2012.

Fugro-TSM will be responsible for the project management, engineering of a variety of work-scopes and field work activities including installation of subsea infrastructure, ROV inspection and general field support. Project management and engineering will take place in Fugro-TSM's Malaysian and Singapore offices. The offshore component will take place on Fugro-TSM's multi-purpose construction support vessel, the Havila Harmony.

Cautionary Statement regarding Forward-Looking Statements

This announcement may contain forward-looking statements. Forward-looking statements are statements that are not historical facts, including (but not limited to) statements expressing or implying Fugro N.V.'s beliefs, expectations, intentions, forecasts, estimates or predictions (and the assumptions underlying them).

Forward-looking statements necessarily involve risks and uncertainties. The actual future results and situations may therefore differ materially from those expressed or implied in any forward-looking statements. Such differences may be caused by various factors (including, but not limited to, developments in the oil and gas industry and related markets, currency risks and unexpected operational setbacks).

Any forward-looking statements contained in this announcement are based on information currently available to Fugro N.V.'s management. Fugro N.V. assumes no obligation to in each case make a public announcement if there are changes in that information or if there are otherwise changes or developments in respect of the forward-looking statements in this announcement.

Fugro collects, processes and interprets data related to the earth's surface and soil composition and provides advice based on the results. As an extension to these activities, Fugro provides services such as precise positioning, construction materials testing, reservoir engineering and data management. Fugro's operations have been organised into three divisions: Geotechnical, Survey and Geoscience. Fugro is listed on Euronext Amsterdam and is included in the AEX-Index. Fugro has approximately 14,000 employees in more than sixty countries
