About LeasePlan

LeasePlan is a global fleet and vehicle management company of Dutch origin. Our full service offering consists of financing and operational fleet management services to meet the needs of a diverse client base. Established 49 years ago, we have grown to become the world's leading fleet and vehicle leasing company with over 85% of our over 6,000 person workforce now operating outside of the Netherlands. Our global franchise manages over 1.3 million multi-brand vehicles and provides fleet and vehicle management services in 30 countries. We have a proven track record in enhancing our presence in traditional mature fleet markets, as well as expanding into new markets and growing our business to market leading positions. We are able to capitalise on our global presence and international network by providing innovative products, value for money and superior service to meet the needs of both national and multinational clients. We aim to do this by using our expertise to make running a fleet easier for our clients. This is reflected in our universal promise to all our clients: *'It's easier to leaseplan'*.
