Mr. Prince will be based in New York.

Mr. Prince joins from Silver Creek Capital Management LLC, a \$7 billion alternative investment firm, where he most recently served as Deputy Chief Investment Officer and Chair of the Investment Committee. Prior to joining Silver Creek in 2007, Mr. Prince helped found and was on the investment team of two long/short equity hedge funds. Paddy Dear, a Principal of TFM and the current Head of TFG Asset Management, said, "Stephen brings deep experience as an allocator, direct investor and business builder as well as an extensive global network that is particularly strong in the United States. We are pleased to have an executive of Stephen's caliber working with us as we grow TFG and TFG Asset Management and expand our relationships with investors in the region. We believe Stephen will be instrumental in helping us build on TFG's momentum as we continue to seek to grow the company's asset management platform organically and through acquisitions, attract investment talent and optimise risk-adjusted returns for TFG's capital."

Mr. Prince said, "I have known TFG and its team since 2007. TFG is a well-capitalized alternative asset investment and management business that deploys its balance sheet, including to managers on its TFG Asset Management platform, with the perspective of an investor. TFG Asset Management, leveraging its front and back office infrastructure, has a growing range of what I believe are top-tier investment offerings. I am excited to be joining the team and helping to lead the effort as TFG seeks to diversify and grow its asset management platform."
