### **BALLAST NEDAM WINS CONTRACT FOR DSM RESEARCH CAMPUS IN SITTARD-GELEEN**

The project in Sittard-Geleen relates to the establishment of a new site for innovative chemical companies, both within DSM and from outside.

LAUDY Bouw & Ontwikkeling, which is part of Ballast Nedam, will be responsible for the construction and installation work, including the renovation, upgrading and extension of 14 existing office and laboratory buildings and a new office building for Sabic, together with a new building on Research Campus Geleen. The total contract price is approximately EUR 40 million and the entire project will take five years.
