

**Regulations governing the financial markets in the Bonaire, Sint Eustatius and Saba public bodies and the supervision of those markets ('Financial Markets (BES Islands) Act', *Wet financiële markten BES*)**

**LEGISLATIVE PROPOSAL**

We Beatrix, by the grace of God, Queen of the Netherlands, Princess of Oranje-Nassau, etc. etc. etc.

Greetings to all who shall see or hear these presents! Be it known:

of a transfer, the time at which the supervisory authority's bank account is credited with the amount.

4. The debtor bears the costs incurred in making the payment.

#### **Section 7:41 (default in the event of non-payment)**

1. The offender is in default when the forfeited penalty payment or administrative penalty is not paid within the period specified in sections 7:25 or 7:37, under e, respectively.

2. Default results in the obligation to pay statutory interest pursuant to sections 119, first and second paragraph, and 120 of Book 6 of the Civil Code (BES Islands) (*Burgerlijk Wetboek BES*).

3. The supervisory authority specifies the amount of statutory interest due in a decision.

#### *§ 7. Prescription period of penalty payments and administrative penalties*

#### **Section 7:42 (prescription period governing collection power)**

1. The power to collect a forfeited penalty payment lapses one year after the date on which the penalty payment was forfeited.

2. The legal claim to the payment of a sum of money arising from an administrative payment lapses five years after the expiry of the prescribed period for payment.

#### **Section 7:43 (interruption of the prescription period)**

1. The prescription period is interrupted by an act of judicial recourse pursuant to Section 316, first paragraph, of Book 3 of the Civil Code (BES Islands) (*Burgerlijk Wetboek BES*). Section 316, second paragraph, of Book 3 of the Civil Code (BES Islands) (*Burgerlijk Wetboek BES*) is applicable *mutatis mutandis*.

2. The supervisory authority can also interrupt the prescription period by issuing the debtor a written demand for payment.

#### **Section 7:44 (new prescription period after an interruption)**

1. The interruption of the prescription period results in the commencement of a new prescription period on the next day. The new period is equal to the length of the original period.

2. However, when the prescription period is interrupted by the institution of an action which is later allowed then Section 324 of Book 3 of the Civil Code (BES Islands) (*Burgerlijk Wetboek BES*) is applicable *mutatis mutandis*.

#### **Section 7:45 (extension of the prescription period)**

1. The prescription period for the supervisory authority's right to claim payment is extended by the time during which the debtor is granted a suspension of payment after the commencement of the period.

2. The first paragraph is applicable *mutatis mutandis* when:

- a. the debtor has been granted a moratorium;
- b. the debtor is declared bankrupt.

§ 8. Publication of offences

**Section 7:46 (public warning)**

The supervisory authority may, with a view to the interests that this Act is designed to protect, issue a public warning in the event of a violation of a prohibitory provision of this Act and on the imposition or violation of a prohibition as referred to in Section 7:20, as required accompanied by a statement of the considerations that resulted in the warning.

**Section 7:47 (the view of the person involved)**

1. When the supervisory authority is of the intention to issue a public warning then the authority issues the person involved written notification of the intended decision and offers the person involved an opportunity to state the person's view.
2. The supervisory authority may decide not to apply the provisions of the first paragraph when the requisite urgency dictates otherwise or when the address of the person involved is unknown and the address cannot be obtained with reasonable effort.

**Section 7:48 (decision to issue a public warning)**

The decision to issue a public warning is drawn up in writing and states at least the offence that was established, the content of the publication, the reasons on which the decision rests and the manner and period in which the public warning will be issued.

**Section 7:49 (issue of the public warning)**

1. A public warning is issued no earlier than five working days after the day on which the person involved was notified of the intended decision to issue a public warning pursuant to Section 7:47.
2. When a petition as referred to in Section 85, first paragraph, of the Administrative Decisions Appeals (BES Islands) Act (*Wet administratieve rechtspraak BES*) against the decision to issue a public warning is filed then the implementation of the decision is suspended until the Court has reached a decision on the application.
3. The first paragraph is not applicable when the address of the person involved is unknown and the address cannot be obtained with reasonable effort.
4. The supervisory authority may, in derogation from the provisions of the first and second paragraph, proceed to the immediate issue of the public warning when the protection of the interests that this Act is designed to protect does not allow a delay.

**Section 7:50 (publication of the imposition of an administrative penalty)**

1. The supervisory authority publishes a decision to impose an administrative penalty pursuant to the provisions of this Act following the notification of the decision when the penalty is imposed for the violation of:
  - a. a prohibitory provision of this Act or a prohibition as referred to in Section 7:20;
  - b. sections 4:3, 4:9, 5:3, 5:4, 5:5, 5:6, 5:7, 5:8 or 5:10;
  - c. regulations prescribed by or pursuant to a section specified in the annex as

referred to in Section 7:30, first paragraph, when the violation of that regulation has been penalised with a fine of the highest category pursuant to an Order in Council as referred to in Section 7:30.

2. The publication of a decision to impose an administrative penalty is issued no earlier than five working days after the day on which the person involved was notified of the intended decision to impose an administrative penalty. Sections 7:47, 7:48 and 7:49, second to fourth paragraph, are applicable *mutatis mutandis*.

3. The supervisory authority may decide not to publish the decision to impose an administrative penalty when publication of that decision is or could be contrary to the objective of the supervisory authority's supervision of compliance with this Act.

### **Section 7:51 (publication of the final and conclusive imposition of an administrative penalty)**

The supervisory authority, without prejudice to the provisions of Section 7:50, publishes a decision to impose an administrative penalty pursuant to this Act once the decision has become final and conclusive. Section 7:50, third paragraph, is applicable *mutatis mutandis*.

### **Section 7:52 (publication of the imposition of an order on pain of a penalty payment)**

The supervisory authority publishes a decision to impose an order on pain of a penalty payment pursuant to this Act once a penalty payment has been forfeited. Sections 7:47 to 7:49 and 7:50, third paragraph, are applicable *mutatis mutandis*.

### **Section 7:53 (hearing in camera)**

1. When a petition as referred to in Section 85, first paragraph, of the Administrative Decisions Appeals (BES Islands) Act (*Wet administratieve rechtspraak BES*) is filed against a decision to issue a public warning or against the publication of a decision as referred to in sections 7:50, first paragraph, 7:51 or 7:52 then the court's hearing is held in camera.

2. When the Court responds to a petition as referred to in Section 85, first paragraph, of the Administrative Decisions Appeals (BES Islands) Act (*Wet administratieve rechtspraak BES*) imposes a prohibition on the issue of a public warning or the publication of a decision as referred to in sections 7:50, first paragraph, 7:51 or 7:52 then:

- a. when a notice of appeal is lodged against the contested decision then court's hearing is held in camera;
- b. when an administrative reconsideration of the contested decision is conducted then the aggrieved party and the other parties are not heard in public.

## **CHAPTER 8. SPECIAL PRUDENTIAL MEASURES, EMERGENCY REGULATION AND DEPOSIT GUARANTEE SYSTEM**

### *§ 1. Special prudential measures for credit institutions*

#### **Section 8:1 (periodic evaluations of risks)**

1. De Nederlandsche Bank carries out periodic evaluations of current and potential future risks which entail an evaluation of the manner in which a credit institution fulfils its obligations to conduct controlled operations and of the qualifying capital of the institution.

2. De Nederlandsche Bank assesses the results from the evaluation referred to in the first paragraph to determine whether, taking account of the nature and scope of the relevant risks, the policy conducted by the credit institution, the manner in which it has organised its operations and the institution's qualifying capital provide assurances for the appropriate management and adequate cover of those current and potential future risks.

3. De Nederlandsche Bank adjusts the frequency and scope of the evaluation referred to in the first paragraph according to the nature, size and complexity of the relevant credit institution and to the importance of the institution's activities to the financial system.

#### **Section 8:2 (special measures)**

1. De Nederlandsche Bank may, in the event that a credit institution does not comply with the regulations governing controlled operations or the qualifying capital prescribed by or pursuant to sections 3:9, first and second paragraph, under b, and 3:17, impose the obligation on the institution to:

- a. maintain qualifying capital in excess of the amount prescribed pursuant to Section 3:17;
- b. provide for the solvency requirements by conducting a specific policy governing the provisions or treating the enterprise's assets in a specific manner;
- c. limit the risk to which the enterprise is exposed.

2. When De Nederlandsche Bank is of the opinion that the evaluation referred to in Section 8:1 reveals that the operations or qualifying capital of a credit institution provide insufficient assurances for the controlled and sustainable cover of its risks and that other measures cannot reasonably result in the controlled and sustainable cover of those risks within a reasonable period then De Nederlandsche Bank can impose an obligation on the relevant credit institution to maintain a larger amount of qualifying capital.

3. De Nederlandsche Bank lifts a measure as referred to in the first paragraph once the credit institution restores compliance with the regulations prescribed by or pursuant to sections 3:9, first and second paragraphs, under b, and 3:17. De Nederlandsche Bank lifts a measure as referred to in the second paragraph when the operations and the qualifying capital of the credit institution once again provide sufficient assurances for the controlled and sustainable cover of the risks to which the institution is exposed.

### *§ 2. Special prudential measures for insurers*

#### **Section 8:3 (recovery plan)**

1. When the rights of parties such as policyholders, insured parties or persons

entitled to benefits accruing from insurance contracts concluded with an insurer are put in jeopardy then De Nederlandsche Bank may require the insurer to draw up a recovery plan to be submitted to the Bank for its approval within eight weeks or within a shorter period to be determined by De Nederlandsche Bank, unless Section 8:5 is applicable.

2. Regulations governing the recovery plan referred to in the first paragraph may be prescribed by or pursuant to an Order in Council.

3. When De Nederlandsche Bank has required the insurer to prepare a recovery plan and the insurer's financial position subsequently deteriorates further then De Nederlandsche Bank may impose an obligation to maintain a larger minimum amount of solvency margin than prescribed pursuant to Section 3:17 to provide assurances that the insurer can continue to comply with the minimum amount of solvency margin requirement prescribed pursuant to that Section within the near future.

4. The higher minimum amount of the solvency margin is set on the basis of the recovery plan referred to in the first paragraph. A period may then also be specified for the attainment of this higher minimum amount.

#### **Section 8:4 (inadequate technical provisions)**

1. When an insurer with its registered offices in the public bodies does not comply with the regulations governing the technical provisions prescribed by or pursuant to Section 3:19 then De Nederlandsche Bank may restrict the insurer's disposal of the insurer's securities or prohibit the insurer from disposing of those securities without authorisation from De Nederlandsche Bank.

2. The insurer can invoke the invalidity of a legal act carried out contrary to the restriction or prohibition when the counterparty knew or could not have been unaware of that measure.

3. De Nederlandsche Bank lifts the restriction or prohibition once the insurer restores compliance with the regulations prescribed by or pursuant to Section 3:19.

#### **Section 8:5 (inadequate solvency margin)**

1. An insurer that no longer complies with the solvency margin required pursuant to Section 3:17 submits, unless the second paragraph is applicable, a restructuring plan to De Nederlandsche Bank for approval within eight weeks or within a shorter period to be determined by De Nederlandsche Bank.

2. When the solvency margin has declined or, in the opinion of De Nederlandsche Bank will decline, to below the amount of the guarantee fund prescribed by or pursuant to Section 3:17, fourth paragraph, then the insurer submits a financing plan to De Nederlandsche Bank for approval within eight weeks or within a shorter period to be determined by De Nederlandsche Bank.

3. Regulations governing the content of the restructuring plan and financing plan referred to in the first and second paragraph respectively are prescribed by or pursuant to an Order in Council.

4. De Nederlandsche Bank may permit amendments to an approved plan when so requested by the insurer. De Nederlandsche Bank may also require amendments to the plan or withdraw the approval of the plan in the event of changed circumstances.

#### **Section 8:6 (statement of securities covering the technical provisions)**

An insurer whose solvency margin does not comply with the regulations governing the solvency margin prescribed by or pursuant to Section 3:17 submits a statement of the securities referred to in Section 3:19 and any changes in those securities to De Nederlandsche Bank within a period to be specified by the Bank.

### **Section 8:7 (restriction of disposal of securities)**

1. De Nederlandsche Bank may, in the event that in the instance referred to in Section 8:5, first paragraph, exceptional circumstances arise on the basis of which it is expected that the insurer's financial position will deteriorate further, and in the event of the instance referred to in Section 8:5, second paragraph, restrict the insurer's disposal of the insurer's securities, irrespective of their location, or prohibit the insurer of disposing of the securities without authorisation from De Nederlandsche Bank.

2. Section 8:4, second paragraph, is applicable *mutatis mutandis*.

3. De Nederlandsche Bank lifts the restriction or prohibition once the insurer restores compliance with the regulations governing the solvency margin prescribed by or pursuant to this Act.

### *§ 3. Emergency regulation and bankruptcy*

### **Section 8:8 (no declaration of bankruptcy other than after the withdrawal of the licence)**

1. A claim or petition for the bankruptcy of a credit insurer or insurer, including a petition filed by the enterprise, is not heard while the relevant enterprise still possesses a licence to conduct business as a credit institution or insurer issued pursuant to this Act.

2. Once the licence of a credit institution or insurer has been withdrawn no decision is reached on the claim or petition until the Court has offered De Nederlandsche Bank an opportunity to state its view.

3. The statutory provisions governing moratoriums are not applicable to credit institutions and insurers.

### **Section 8:9 (declaration of emergency regulation)**

1. In the event that the solvency or liquidity of a credit institution that has been issued a licence to conduct the business of a credit institution pursuant to this Act exhibits indications of a threatening development and no or insufficient improvement in that development is foreseen then in the interests of the joint creditors De Nederlandsche Bank may request the Court to declare the emergency regulation applicable to the credit institution.

2. In the event that the interests of the joint creditors of an insurer that has been issued a licence to conduct the business of an insurer pursuant to this Act demands a special remedy for the liquidation of the operations of the insurer then De Nederlandsche Bank may request the Court to declare the emergency regulation applicable to the insurer.

3. In the event that the solvency or liquidity of a credit institution or insurer other than an enterprise that has been issued a licence to conduct the business of credit institution or insurer is such that it is, in reasonableness, to be expected that the credit institution or insurer will be unable to fulfil some or all of its obligations to its creditors then De Nederlandsche Bank may request the Court to declare the emergency regulation applicable to the credit institution or insurer in

the interests of the joint creditors.

#### **Section 8:10 (authorisation granted to De Nederlandsche Bank on the declaration of the emergency regulation)**

1. On declaring the emergency regulation to be applicable the Court authorises De Nederlandsche Bank for:

a. the transfer of all or part of the obligations of the credit institution that the credit institution assumed in conducting the business of a credit institution to obtain funds or all or part of the insurer's obligations pursuant to insurance contracts;

b. the full or partial liquidation of the operations of the credit institution or the portfolio of the insurer in the event that the licence has been withdrawn, or

c. both the transfer as referred to under a and the liquidation as referred to under b.

2. An authorisation as referred to under b and c granted in connection with an insurer also extends to the liquidation of the equity of the insurer's business as long as the insurer's equity is not negative.

3. De Nederlandsche Bank's petition pursuant to Section 8:9 may state which of the authorisations, in the Bank's opinion, is the most appropriate.

#### **Section 8:11 (hearing the petition for the declaration of the emergency regulation)**

1. The Court hears De Nederlandsche Bank's petition for the declaration of the applicability of the emergency regulation with all possible speed at a hearing in camera and in accordance with civil procedure to the extent that the provisions of this paragraph do not diverge from this procedure.

2. The Court is authorised to inspect or arrange for the inspection of the accounts and business documents of the credit institution or insurer. Sections 7:10, second and third paragraph, and 7:11 are applicable *mutatis mutandis*.

3. The Court does not issue an order until the credit institution or insurer and De Nederlandsche Bank have been offered an opportunity to be heard.

4. An appeal the credit institution or insurer lodges against the withdrawal of a licence does not suspend the hearing of De Nederlandsche Bank's petition to declare the applicability of the emergency regulation.

5. The Court's order is accompanied by reasons and, when De Nederlandsche Bank's petition is granted, delivered in open court. The bailiff arranges for the publication of the substance of the order in an announcement in the Netherlands Government Gazette and issues prompt notification of the order.

6. When the authorisation referred to in Section 8:10, first paragraph, extends to a transfer as referred to under a in that Section then the authorisation may be expanded to an authorisation as referred to under c of the aforementioned Section on the recommendation of the delegated judge or on the request of De Nederlandsche Bank.

7. No appeal whatsoever can be lodged against the order other than cassation in the interests of the law.

#### **Section 8:12 (consequences of the declaration of the emergency regulation)**

1. When a petition for the declaration of the emergency regulation is pending at the same time as a claim or petition for the declaration of bankruptcy then the

petition or claim for the declaration of bankruptcy is suspended until a decision has been reached on the petition for the declaration of the applicability of the emergency regulation. When the Court declares the applicability of the emergency regulation then the petition or claim for the declaration of bankruptcy lapses by operation of law.

2. The consequences of the declaration of the applicability of the emergency regulation include a limitation whereby the credit institution or insurer for which the emergency regulation has been declared applicable may be declared bankrupt solely pursuant to Section 8:22.

3. The Court may terminate the applicability of the emergency regulation on De Nederlandsche Bank's request. The bailiff arranges for the announcement of any such termination in the Netherlands Government Gazette.

4. When the emergency regulation is declared applicable to an insurer then from the day on which the emergency regulation is declared applicable the assets referred to in Section 3:19 may not be supplemented with any assets other than the premiums received from that date or the assets acquired with those premiums, to the extent these are required to cover the technical provisions.

5. When an insurer is declared bankrupt without the prior applicability of the emergency regulation or more than one month after the termination of the applicability of the emergency regulation then the prohibition referred to in the fourth paragraph comes into effect on the day of the bankruptcy order.

### **Section 8:13 (exercising the powers of the members of the executive board and supervisory board)**

1. Once the Court has declared the emergency regulation applicable then De Nederlandsche Bank exercises, exclusively, all the powers of the members of the executive board and supervisory board of the credit institution or insurer. De Nederlandsche Bank safeguards the interests of the joint creditors.

2. The members of the executive board and supervisory board of the credit institution or insurer are under the obligation to provide the assistance requested by De Nederlandsche Bank when De Nederlandsche Bank exercises the powers referred to in the first paragraph.

3. De Nederlandsche Bank is empowered to authorise the members of the executive board or supervisory board of the credit institution or insurer to carry out specific acts.

4. De Nederlandsche Bank is authorised to dismiss members of the executive board and supervisory board on behalf of the credit institution or insurer. Any such dismissal pays due regard to the agreed or statutory period of notice, subject to the understanding that a period of six weeks shall in any case be sufficient.

5. De Nederlandsche Bank may authorise persons to exercise some or all of the powers vested in the Bank pursuant to the first paragraph. De Nederlandsche Bank can request the Court to set the remuneration for the authorised persons. De Nederlandsche Bank announces the name and address of persons it authorises and the termination of any such authorisation in the Netherlands Government Gazette.

### **Section 8:14 (decisions of shareholders or members)**

1. Once the emergency regulation has been declared applicable to a credit institution or insurer with its registered offices in the public bodies then decisions reached by the shareholders or members do not come into effect unless De Nederlandsche Bank grants its approval.

2. When a decision by the shareholders or members required pursuant to the articles of association of a credit institution or insurer as referred to in the first paragraph required for an act is not reached or does not receive the approval required pursuant to the articles of association then De Nederlandsche Bank may make this decision.

### **Section 8:15 (payments on shares and retrospective levies)**

De Nederlandsche Bank is, irrespective of the relevant provisions of the articles of association of the credit institution or insurer, empowered under the authorisation granted pursuant to Section 8:10:

- a. to call and collect all payments yet to be made on the credit institution's issued share capital;
- a. to call and collect all payments yet to be made on the insurer's issued share capital or guarantee capital;
- c. to impose and collect retrospective levies to the maximum laid down in the articles of association when the insurer has the legal form of a mutual insurance society.

### **Section 8:16 (consequences for creditors)**

1. Following the declaration of the applicability of the emergency regulation the credit institution or insurer cannot be compelled to settle debts that arose before the declaration. Any executions that have been initiated are suspended and any attachments lapse. Section 32 of the Bankruptcy (BES Islands) Act (*Faillissementswet BES*) is applicable *mutatis mutandis* to the debts referred to in the first sentence.

2. De Nederlandsche Bank may make distributions to creditors towards the settlement of debts governed by the provisions of the first paragraph to the extent that any such distribution is justifiable in view of the liquidity position of the credit institution or insurer.

3. The first paragraph is not applicable to claims covered by a pledge or mortgage on the property of the insurer or to hire-purchase instalments.

4. However, the declaration is applicable to claims covered by a pledge or mortgage that cannot be recovered from the secured property.

5. The declaration of the applicability of the emergency regulation does not have a beneficial effect for the co-debtors or guarantors of the credit institution or insurer.

6. Section 231a of the Bankruptcy (BES Islands) Act (*Faillissementswet BES*) is applicable *mutatis mutandis*.

### **Section 8:17 (debt setoff and debt assumption)**

1. Sections 224 and 225 of the Bankruptcy (BES Islands) Act (*Faillissementswet BES*) are applicable *mutatis mutandis* to debt setoff and debt assumption, subject to the understanding that the debtor wishing to set off a debt against a debt payable to order or bearer is under the obligation to prove that the debtor was already the owner of the order or bearer paper in good faith at the time of the order granting the application for authorisation.

2. Sections 226, 226a, 227, 227a, 228 and 229 of the Bankruptcy (BES Islands) Act (*Faillissementswet BES*) are applicable *mutatis mutandis* to reciprocal contracts in general and to futures business, hire-purchase contracts, leases and contracts of employment, in particular, when a credit institution or insurer is a

party to the declaration of the applicability of the emergency regulation.

3. Section 230 of the Bankruptcy (BES Islands) Act (*Faillissementswet BES*) is applicable *mutatis mutandis* to the settlement of debts to the credit institution or insurer after the declaration of the applicability of the emergency regulation.

### **Section 8:18 (special authorisation of De Nederlandsche Bank)**

1. The Court may, at the same time it grants the authorisation referred to in Section 8:10, first paragraph, or subsequently and on the request of De Nederlandsche Bank, grant special authorisation for:

a. amendments, at the time of the transfer of the rights and obligations pursuant to contracts for the acquisition of funds or pursuant to insurance contracts, of those contracts subject to the understanding that clauses in contracts from which claims arise as referred to in Section 8:16, third and fourth paragraph, claims covered by a pledge or mortgage on the property of the credit institution and hire-purchase instalments cannot then be amended;

b. reductions of the term of contracts for the acquisition of funds or insurance contracts.

2. Amendments as referred to in the first paragraph, under a, relating to insurance contracts do not result in the imposition of additional obligations on the policyholders.

3. Section 8:11, first to fifth paragraphs inclusive and seventh paragraph, is applicable *mutatis mutandis* to the special authorisation.

4. Once the transfer of rights and obligations has taken place pursuant to the authorisation referred to in Section 8:10, first paragraph, De Nederlandsche Bank publishes an announcement of the transfer and any acts carried out pursuant to the special authorisation as referred to in the first paragraph in the Netherlands Government Gazette and in at least two daily newspapers designated by the Court. De Nederlandsche Bank may also, when the Bank is of the opinion that this is necessary in the interest of the creditors of the credit institution or the policyholders, insured persons or persons entitled to benefits, publish the announcement of the aforementioned transfer and acts by other means.

5. The transfer and amendment referred to in the first paragraph, under a, come into effect for all other interested parties in the relevant credit institution or insurer on the day after the publication in the Netherlands Government Gazette.

### **Section 8:19 (no prejudice arising from the transfer of rights)**

A transfer of rights and obligations pursuant to this Chapter may not prejudice the rights of the remaining creditors.

### **Section 8:20 (costs of the emergency regulation)**

1. The Court sets the costs incurred as a result of the emergency regulation. These costs are charged to the relevant credit institution or insurer.

2. The costs of the emergency regulation encompass the relevant costs incurred by De Nederlandsche Bank and the remuneration for work carried out by or on behalf of De Nederlandsche Bank.

### **Section 8:21 (equivalence of the emergency regulation to bankruptcy)**

The legal position of a credit institution or insurer is deemed to be equivalent to bankruptcy for the purposes of the application of sections 200, 355, 356 and 360

of the Criminal Code (BES Islands) (*Wetboek van Strafrecht BES*) during the time in which the emergency regulation is in force.

### **Section 8:22 (declaration of bankruptcy following a petition filed by De Nederlandsche Bank)**

1. De Nederlandsche Bank files a petition for the declaration of the bankruptcy of a credit institution or insurer when De Nederlandsche Bank has ascertained that the relevant enterprise has negative equity and the objective of the emergency regulation has not been or can no longer be achieved or – if the emergency regulation has not previously been declared applicable – that there are no longer reasonable prospects of the declaration of the applicability of the emergency regulation resulting in the achievement of the objective of the emergency regulation.

2. The assessment of the amount of the equity of an insurer with its registered offices abroad takes account solely of the assets and liabilities that, in De Nederlandsche Bank's opinion, accrue to the insurance business conducted from the establishments in the public bodies.

3. The credit institution or insurer is declared bankrupt irrespective of whether the enterprise had ceased payments. The first title of the Bankruptcy (BES Islands) Act (*Faillissementswet BES*) is also applicable.

### **Section 8:23 (termination of the emergency regulation on declaration of bankruptcy)**

The emergency regulation is terminated by operation of law one the credit institution or insurer is declared bankrupt. The following regulations are applicable at that time or when the credit institution or insurer is declared bankrupt within one month after the termination of the emergency regulation:

a. the time at which the period referred to in Section 39 of the Bankruptcy (BES Islands) Act (*Faillissementswet BES*) commences begins from the time at which the declaration of the applicability of the emergency regulation becomes enforceable;

b. a debt offset may, in derogation from the provisions of Section 49 of the Bankruptcy (BES Islands) Act (*Faillissementswet BES*), be invoked solely when the debt payable and debt due both arose before the time at which the declaration of the applicability of the emergency regulation became enforceable or arose from an act carried out with the bankrupt enterprise before that time;

c. acts carried out pursuant to sections 8:13, 8:14 and 8:15 by or on behalf of De Nederlandsche Bank during the period in which the emergency regulation was in force are deemed to be acts carried out by the official receiver whilst estate debts that arose during that period are also deemed to constitute estate debts in the bankruptcy;

d. the estate is not liable for commitments assumed by the credit institution or insurer contrary to Section 8:13, first and third paragraphs, during the time that the emergency regulation was in force other than commitments of benefit to the enterprise;

e. claims arising from life insurance contracts may, in derogation from Section 105, first paragraph, of the Bankruptcy (BES Islands) Act (*Faillissementswet BES*) be filed by the submission of the policy or a copy of the policy and without the need for a statement of the amount of the claim. The official receiver sets the amount of any claims recognised by the official receiver.

### **Section 8:24 (report to the Minister)**

De Nederlandsche Bank submits a report to Our Minister as soon as possible after the termination of the emergency regulation and, when so requested, during the term of the emergency regulation.

### **Section 8:25 (preferential claims)**

1. In the event of the applicability of the emergency regulation or bankruptcy of an insurer the insurer's estate debts are, in accordance with the Bankruptcy (BES Islands) Act (*Faillissementswet BES*) and depending on the nature of relevant estate debt, either apportioned between all the assets referred to in Section 3:19 or deducted from a specific estate asset.

2. Without prejudice to the provisions of the first paragraph, in the event of the applicability of the emergency regulation or bankruptcy the assets referred to in the first paragraph serve solely for the settlement of the claims on the insurer relating to the payments of benefits pursuant to insurance contracts concluded from the establishments in the public bodies other than payments of benefits due to another insurer pursuant to a reinsurance contract.

3. No other claims can be recovered from the assets referred to in the first paragraph other than claims that are covered by a pledge or mortgage on the assets unless it has been established that claims as referred to in the first paragraph can be settled and that similar claims will not arise in the future.

4. In the event that the claims referred to in the second paragraph cannot be settled in full with the assets referred to in the first paragraph then for the settlement of the remaining part of their claims the relevant creditors rank below the other creditors in the distribution of the proceeds from the insurer's other goods.

### *§ 4. Deposit guarantee scheme*

### **Section 8:26 (deposit guarantee scheme)**

1. The objective of the deposit guarantee scheme is to compensate deposit holders in the event that a credit institution is not in a position to comply with its obligations arising from deposit claims. The credit institutions bear the cost of the deposit guarantee scheme.

2. The deposit guarantee scheme referred to in the first paragraph may be part of a Caribbean deposit guarantee scheme in which other states in the Caribbean part of the Kingdom participate.

3. Regulations may be prescribed by or pursuant to an Order in Council governing:

- a. the categories of enterprises and persons who fall within the scope of or are excluded from the deposit guarantee scheme;
- b. the categories of claims that fall within the scope of the deposit guarantee scheme, the manner in which they are submitted and determined, the conditions attached to compensation for these claims and the amount of the compensation;
- c. the application of the deposit guarantee scheme and its implementation in relation to the emergency regulation;
- d. the financing and funding of and the distribution of the income from the deposit guarantee scheme.

### **Section 8:27 (fund management trust)**

1. The funds for the financing and fund of the deposit guarantee deposit may be placed in a fund management trust to be formed by De Nederlandsche Bank or, in the event of a Caribbean deposit guarantee scheme as referred to in Section 8:26, second paragraph, to be formed jointly by De Nederlandsche Bank.

2. Further regulations governing the provisions of the first paragraph and regulations governing the board of a trust as referred to in the first paragraph may be prescribed by or pursuant to an Order in Council.

#### **Section 8:28 (administration by De Nederlandsche Bank)**

1. De Nederlandsche Bank is entrusted with the administration of the deposit guarantee scheme in the public bodies.

2. On the application of the deposit guarantee scheme De Nederlandsche Bank provides for the payment of compensation for the claims from deposit holders coming into consideration for compensation pursuant to Section 8:26, third paragraph, under a and b.

3. De Nederlandsche Bank is authorised to outsource the administration of the deposit guarantee scheme and the performance of the duty referred to in the second paragraph either in whole or in part. Further regulations may be prescribed by an Order in Council.

#### **Section 8:29 (subrogation)**

1. De Nederlandsche Bank acquires the rights of a deposit holder arising from a claim against the financial enterprise that is unable to pay to the extent that the financial enterprise has paid compensation as referred to in Section 8:28, second paragraph.

2. When the funds for the financing and funding of the deposit guarantee scheme have been placed with a trust as referred to in Section 8:27, first paragraph, then in derogation from the provisions of the first paragraph the trust acquires the rights from the deposit holder referred to in the first paragraph.

#### **Section 8:30 (no joint and several liability of De Nederlandsche Bank)**
